

U. CEO Daddy 1481

Chapter 1481

Looking at Gu Chengxiao, Xu an can't help pretending to be aggrieved, "Chengxiao, why do you bring her to my house to annoy me?"

Li Jingya also softened her voice, "Chengxiao, Xiaomu is An'an's child. How can you be with her! How sad ANN is

Xu Xinyue looked at the man beside her, "do you want to talk about it or do I want to talk about it?"

"Do you want to say it?"

Gu Chengxiao looks at her gently.

Xu Xinyue nodded. She looked at her mother and daughter and said, "there's something I want to tell you."

"What's the matter?"

It's not a good thing to say it out of your mouth. "

Li Jingya snorted coldly.

Xu Xinyue said with a smile, "indeed, it's not a good thing for you, but for me, it's a big happy event."

Xu an an was stunned. She expected that Gu Chengxiao and her visit would not be good. She said coldly, "if you have anything to say, please tell me. You are not welcome in our family."

Xu Xinyue took out the report in her bag and brightened up in front of Xu An'an, "this is a DNA identification report."

"What?"

Xu Xinyue, what do you mean?

You're saying that Ann and Xiaomu are not biological, are you?

And they cheat, don't they? "

Li Jingya immediately thinks that this report belongs to Xu An'an and Xiaomu. It's Xu Xinyue who wants to make a fake report to break away from the relationship between her daughter and Xiaomu.

"This is not the appraisal report of your daughter and Xiaomu. This is the appraisal report of Xinyue and Xiaomu."

Gu Chengxiao explained to one side.

Xu An'an immediately got up from the sofa, grabbed the report and read it. When she saw the result below, her face suddenly turned white, staring at Xu Xinyue, and said with an angry smile, "yes, you can! Xu Xinyue, do you want to own Xiaomu now?"

You're so shameless. Even my son wants to take it away? "

After hearing this, Li Jingya got excited. "Xu Xinyue, you dare to rob my grandson, Chengxiao. Don't be cheated by her. This report is fake. It must be fake."

Gu Chengxiao has been watching the battle calmly. Looking at the expression of the mother and daughter, he said coldly, "who said it's fake?"

"It's not fake. Can it be true?"

At that time, I offered four eggs to the hospital. They used my eggs. Xu Xinyue just borrowed her stomach. Chengxiao, don't be fooled by her. I'm Xiaomu's mother. "

Xu an an is a little impatient and crazy. He reaches for Gu Chengxiao's arm.

Gu Chengxiao disgusted to avoid her hand, "don't touch me."

Xu An'an was so scared that he could not touch him.

Xu Xinyue calmly looked at their mother and daughter and said, "it was you who provided the eggs, but in fact the doctors used them for me. Therefore, Xiaomu's biological mother was me. This appraisal report was identified by the authority. Chengxiao and I went with Xiaomu. No matter whether you accept it or not, Xiaomu has nothing to do with you now. She is my child, It's not yours. "

"You nonsense, you nonsense, Xu Xinyue, you shut up, Xiaomu is my son, it's mine..." Xu an was mad, she wanted to throw Xu Xinyue a slap in the face, but was a big palm powerful clasp her hand, to the back of a throw.

Xu'an choked two steps and said with pale face, "Chengxiao, don't believe her words. She lied to you. Xiaomu is my son and mine..." "this is what I saw with my own eyes. I will find those doctors in those years and clarify the truth. From now on, Xiaomu has nothing to do with you. Don't disturb our life again."

Gu Chengxiao finished, took Xu Xinyue and said, "let's go!"

"Chengxiao, it's impossible. It must be Xu Xinyue. She wants to rob Xiaomu."

Li Jingya is going mad.

Gu Chengxiao looked back, sharp as a knife like eyes shot at her, "pay attention to your words, she will be my wife, is my son's mother, you dare to scold her a try."

Li Jingya was so scared that she could only bear the resentment in her stomach.

"Chengxiao, Chengxiao..." Xu An'an was anxious to catch up.

Xu Xinyue looked back at Xu An'an, "if you don't believe it, go to the doctors, they will tell you the truth, who is Xiaomu's biological mother."

"Xu Xinyue, you faked the report. You lied to us. Xiaomu is my son."

Xu an an a face anger way, completely don't accept this fact.

But let them go crazy again, Gu Chengxiao's car has left.

"Mom, no, Xiaomu is my son and mine. She has nothing to do with Xu Xinyue."

Xu an an tries hard to prove this.

"Yes, it's yours. Xiaomu is our family. It must be."

Li Jingya firmly believes that.

"Doctor, then doctor, mom, do you have any contact information?"

"I know that he is the vice president of the affiliated hospital. Let's go now and ask him to take care of his family to explain the situation. We can't let Xu Xinyue rob Xiaomu."

Two mother and daughter quickly went out, straight to the direction of the Affiliated Hospital, arrived, Li Jingya mother and daughter on the president's office building, vice president's office is also here.

Li Ming, vice president in his early fifties, was sitting in his seat and chatting with several guests. When he saw Li Jingya and Xu An'an, he was stunned for a moment. Then he saw them off and welcomed them in.

"Mrs. Xu, what's the matter with Miss Xu?"

"Vice President Li, I ask you, when you made a test tube baby for your family, was it my daughter's egg?"

The child in charge of the family is my daughter's! It must be my daughter's, right

"What's the matter?"

What's the matter? "

Li Ming asked more carefully.

"The young master of Gu family came to my house today and said that his son's mother was the girl on the operating table in those years, and that was my niece, but it was my daughter who really provided eggs, right?"

Li Jingya asked.

"It must be mine. It can't be wrong."

Li Ming sighed in his heart. It seems that after hiding the truth for so many years, he was finally discovered by Gu's family. He held his glasses and said calmly, "Mrs. Xu, Miss Xu, I'm sorry about this. There were some problems in the operation that year. I couldn't use miss Xu's eggs to make IVF. Finally, I succeeded by using your niece's eggs, so, The child's biological mother is your niece, not Miss Xu

This sentence made the two mothers and daughters look at each other face to face, almost to the ground. Xu an was so angry that he swept the documents on his desk, "why, why did you use her, why didn't you use mine, you are irresponsible, you lied to me..." "Miss Xu, I'm sorry, I can only explain this to Gu's family, but for you, I'm not responsible.

"Li Ming said calmly.

Li Jingya did not dare to accept the news, the child is not her daughter's?

Is it Xu Xinyue's?

In other words, in the future, Xu Xinyue will marry Gu Chengxiao and form a family of three with that child, and the billions of property of Gu's group will also belong to Xu Xinyue?

Finally, the two mad mothers and daughters were invited to the gate by the security guard. Regardless of the star image, Xu an followed her mother back to the car.

"Now, Gu's family has nothing to do with us. I thought that child was my grandson. Hum! Now I really regret that I gave him so many gifts and gave him a big red envelope of ten thousand yuan. I'm really at a loss. "

Xu An'an is about to faint, her heart has never been despair, all her expectations have become empty, and Xu Xinyue has become a big winner.

“

Chapter 1482

In the coffee shop in the evening, Xu Xinyue finally made an appointment with her good sister Li Yan to get together. After Li Yan entered the magazine, she applied to be transferred out of the city and became editor in chief of another branch. Last time she left in a hurry, she passed without even calling. Now, she has completed the assignment there and finally returned to work in the city.

When she came back, she heard such a big happy event, but she was very happy. Unexpectedly, Xu Xinyue was Xiaomu's biological mother.

"When are you going to get married?

I can't wait to have your wedding wine

Li Yan props his chin and is happy for his sister.

"Well, this matter is still under discussion, and the parents on both sides have not formally met yet."

Xu Xinyue is not in a hurry to get married. Anyway, she and Gu Chengxiao have already broken the taboo. Except for the certificate, they are already as close as husband and wife.

"Well, please let me know as soon as you have any news. I'll be your bridesmaid."

Xu Xinyue bent her lips and said with a smile, "my Bridesmaid must be you. Let's talk about you! What's your performance over there? "

"Of course, I have nothing to say about my ability. My performance is good. Otherwise, I can't apply to transfer back to the city."

Li Yan said confidently.

"Do you have any connection with Mo Zeyang?"

Have you ever met? "

"I haven't seen him since last time. Besides, he's the eldest young master of GuDi. I'm too close to him. I'm afraid that others will gossip and say that I don't depend on myself, but on men. Then I'll faint."

Li Yan propped his chin, disapproving.

However, she heard that Mo Zeyang was filming abroad.

"He should be on the set."

Li Yan said.

Xu Xinyue thought that her good sister had a play with Mo Zeyang. Depending on the situation, she didn't call Mo Zeyang at all " Why don't I ask Gu Chengxiao to introduce you to a handsome guy another day?

There should be a lot of good men around him. "

"No, I just want to be single now. How free and unrestrained I am."

Li Yan said, the phone rang, she picked up is a busy work, after the phone more than ten minutes.

"Ah! His subordinates are not good at handling affairs, and they offend a second-line artist. The artist has made an appointment to come to interview him. I can't get down. "

Li Yan stood up and said, "I have to ask her to come again."

Xu Xinyue didn't know why. She sympathized with her job. She didn't do it. She had to do it. It was really hard for her.

At this time, Xu Xinyue's mobile phone rang, she picked up a look, is a strange number, she can not help but pick up, "Hello, who?"

"Xu Xinyue, Xiaomu is my son. You can't rob him."

That end is a sharp crazy female voice, Xu Xinyue immediately heard Xu An'an's voice.

"Xiaomu is my child. She has nothing to do with your Xu family. Please recognize the truth."

Xu Xinyue said in a cold voice.

"You robbed my child. In the hospital, how did you bribe those doctors to use your eggs? Xu Xinyue, you bitch, robbed Gu Chengxiao and my child. I won't let you go."

Xu an an became completely crazy and yelled.

Xu Xinyue calmly listened to her crazy, "are you crazy enough?"

From now on, Xu an, listen to me. I will never allow you to be close to my son again. "

"Xu Xinyue, I hate you, I hate you."

"Whatever you want."

Xu Xinyue finished, hung up the phone, Xu An'an simply unreasonable.

"Is it Xu an?"

What happened to her? "

"She can't accept the fact. She's going crazy!"

Xu Xinyue took a sip of coffee.

"I think she is reluctant to care for her family."

Li Yan snorted, "they all stare at Gu's money."

Xu Xinyue can see clearly. Soon, her phone rings again. It's Gu Chengxiao.

"Hello

Xu Xinyue can't hide his sweet color.

"In the evening, I invited your family to dinner and discuss our marriage."

"So fast?"

Xu Xinyue was unprepared.

"What?

Is it too soon to marry me

The man opposite is speechless. He can't wait to marry her home“ Well, I'll go home early. "

Xu Xinyue hung up with a smile. In fact, apart from missing a certificate, they are already like a couple?

In a fancy hotel.

In the box, the elder of the Pei family and Mrs. Gu have already talked about each other. The Pei family never expected that Xiaomu was their grandson. They were so happy and crazy. They used to think that this little guy looked good. Now, they love him.

"Xiao Mu, it's called grandma and grandfather."

Mrs. Gu said to the little guy beside her.

"Grandfather, grandmother."

The little guy called sweetly.

"Ah! My little grandson, come on, grandma

Mrs. Pei is already crying with joy. She reaches over and hugs the little guy. This is the blood of their Pei family! The little guy is also happy to hold her, blood is powerful, but also magical, so that the little guy is inexplicably close to the Pei family.

After a while, Pei Minghao also came, he can't wait to see his nephew, "come, Xiaomu, I'm your uncle."

"Uncle."

The little guy came to him again and raised a beautiful little face.

"It's like a happy heart."

Pei Minghao reached out and picked him up. His sister's son loved him as much as he did.

The late hero and heroine also appear. Gu Chengxiao leads Xu Xinyue in. The elders of the two families look back at their matching figure and are very satisfied. The Pei family is also relieved to give their daughter to Gu Chengxiao, and Mrs. Gu especially likes her daughter-in-law.

"Chengxiao, my mother-in-law and I mean to choose a good day for the wedding as soon as possible, don't you think?"

Pei asked Gu Chengxiao.

"All listen to my uncle and aunt, I also hope to get married as soon as possible."

Gu Chengxiao didn't want to wait long ago.

"What about you?"

"I... I listen to my parents, too."

Xu Xinyue is ashamed of Hao's way.

"Let's choose a good day in the near future."

Mrs. Gu nodded.

The final day of discussion is the eighth day of next month. There are still 28 days left. All preparations are in time. Only the money is in place, can we still handle a grand wedding.

Early the next morning, Xu Xinyue came to her grandmother's and aunt's home and told them the good news. They had met the lovely child. They once felt sorry for her childbearing experience. Now, the child is her own.

It's just God's will.

Xu house.

When Xu an came back from outside, he heard his parents arguing about something.

"Why didn't you kill Xu Xinyue, a little bitch, at that time? Look how miserable she has done to us now. Ann's son is already her."

"Don't I regret it, too?"

I thought she was a little girl who didn't know anything and left her alive. Unexpectedly, she turned out to be a disaster. "

Xu Taoyang is also extremely upset.

Xu An'an gaped out of the window. It turned out that her uncle and aunt died because they were related to her father?

Chapter 1483

Resentment flashed through Xu an an's eyes, right! Why did father keep Xu Xinyue alive?

She should go to the yellow spring with her adoptive parents, and the story between her and Gu Chengxiao is true. She is the best woman Mrs. Gu chose at the beginning, instead of letting Xu Xinyue cheat and become his son's biological mother.

Xu an an breathed a breath. In her life, can she only watch Xu Xinyue become Mrs. Gu and be proud in front of her?

Three days later, it was a very sad day. Xu Xinyue had people prepare flowers and things for sacrifice early in the morning, because today is the day when her adoptive parents died. They have been gone for so many years, and she has not been able to be filial to them.

Today Gu Chengxiao also pushed all the work, accompanied her to the grave to pay homage to the couple who raised her.

Xu Xinyue and Gu Chengxiao are only walking in front of the cemetery. Because of the strong wind today, the vegetation around them makes a whirring sound, and their steps are very light. Maybe they haven't come here for a long time. Tall grass grows beside the tombstone. Xu Xinyue is just about to pass when she hears the cry of a man behind the grass, Gu Chengxiao immediately alert to hold her arm, block in front of her.

And Xu Xinyue is also surprised, who will cry in front of her adoptive parents' tombstone?

Does anyone choose to come here today to pay homage to them?

At this time, she heard a man's voice pleading, "don't hurt me. I didn't mean to hurt you. I was instructed by others. Now my wife and son have left me and I have failed in my business. Please don't hurt me. I beg you. I apologize to you. I should die. I shouldn't hit you. I deserve it."

Xu Xinyue's beautiful eyes open, what?

Isn't the traffic accident of the adoptive parents an accident?

It's human?

Is the man crying at their grave the murderer?

When Xu Xinyue wants to make a sound, Gu Chengxiao hisses. He takes out his mobile phone and pats the man talking to himself, recording his next words.

"I've lost all my stocks. I've never killed anyone in my life. I only killed you. I didn't believe in life before, but now I do. I know I'm guilty. I deserve to die. I shouldn't hurt you..." after that, the man broke down and cried, "let me go! As long as you let me go, I will burn incense for you every year and come to see you. Please

Gu Chengxiao put away the recording, Xu Xinyue had already been unbearable, indignant voice quality asked, "who are you?"

Why do you want to harm my parents? "

The man who is crying immediately raises his head and looks at them in panic. With that, he takes the road to escape. Gu Chengxiao quickly stops him and says in a cold voice, "do you want to go if you don't speak clearly?"

"Who are you?"

I don't know what you're talking about. I'm not harming people. "

The man died immediately and refused to admit it.

"You just said in front of my parents that you killed him, don't you admit it?"

Why did you do that?

Who directed you. "

Xu Xinyue asked angrily, trembling with anger. The truth has been hidden for so many years.

"Are you their daughter?"

The man turned pale with fright and wanted to leave quickly. He just came to burn incense secretly, because his recent luck is too bad. He has rotten gambling habit and lost all his family. He went to fortune telling to say that he owed someone a debt, so he came here to pay his respects.

But unexpectedly, he met the daughter of the deceased. He didn't want to go to prison. He turned around and wanted to escape. Gu Chengxiao immediately clasped his arm and hit him with his fist, knocking him to the ground. At the same time, he took out his mobile phone and dialed the assistant's number, asking them to send someone to come here immediately.

Gu Chengxiao directly pressed him on the ground and said to Xu Xinyue, "Xinyue, go to my trunk. There's a rope for me."

Xu Xinyue quickly passed by. After a while, she came over with a bundle of rope. Gu Chengxiao tied the man to the ground and couldn't move.

"You let me go... Let me go."

The man screamed angrily. He was in a panic. Sure enough, he was not lucky enough to meet the daughter of the dead.

Xu Xinyue's tears swirled in her eyes, and the breath of grief enveloped her whole body. She remembered the appearance of her adoptive parents before they died. Although she was still young, she was protected by her aunt, but she still remembered the shocking scene.

Unexpectedly, they didn't leave by accident, but by human. What kind of benefits did this man take?

To do such a cruel thing to them?

She must make it clear that the person behind must pay the price.

After a while, the assistant came with his hands and took the man down, waiting to be sent to the police station.

Xu Xinyue kneels in front of the tablet of her adoptive parents, tears like rain. She hates that she didn't find out the truth in those years, so that she doesn't know the truth until today.

"Dad, mom, I will try my best to find out this matter and give you justice."

Xu Xinyue is biting her teeth.

It's the only thing she can comfort them.

Gu Chengxiao looked at her weak figure in the wind, and he reached out to help her. "We'll report to the police station when we go back, and thoroughly investigate this matter."

Xu Xinyue nodded, this is the most important thing.

police station.

The man who was seized did not admit what he had done. He just said that he was in the wrong place. There was no such thing at all.

Soon Gu Chengxiao came over. He gave the evidence recorded on his mobile phone to the police, and Xu Xinyue immediately filed a case. The police also attached great importance to this matter, which must be a matter of two lives.

The identity of this man also came out. He was the driver who killed Xu Xinyue's adoptive parents in a car accident many years ago. In those years, he escaped in other ways and disappeared after losing money.

Soon, the police forced him to confess, and the man bit him to death. There was no such thing.

When Xu Xinyue came home, she also told her parents about it, which shocked them. They were also very angry. They must seek justice for them and find out the truth.

The man's willpower is not strong. After three days of continuous questioning by the police, the man finally can't stand it. He opened his tired eyes and said, "I'm only instructed by others. It's not me who really wants them to die..." "who is it?"

"It's his brother Xu Taoyang."

The man said it all at once.

The police immediately asked, "how did he let you do things?"

"He gave me five million to get rid of them and say they were in his way, so I took the job when I was short of money."

The police also informed Xu Xinyue at the first time and asked her to go to the police station in the afternoon to take notes.

Chapter 1484

Sitting in the captain's office, Xu Xinyue heard a news that made her sad and angry. It turned out that the person who wanted to raise the lives of her parents was her father's brother Xu Taoyang. Why can all hands and feet be so cruel?

Xu Xinyue collapsed directly, and a strong arm behind her grabbed her. At the moment, Gu Chengxiao didn't know how to comfort her, because it was so irritating.

Fratricidal, to kill his brother and sister-in-law for the sake of only a few interests, this kind of behavior is simply arrogant.

"Are you sure it's him?"

Are you sure he killed it? "

"It was your uncle Huo who hired Yang Zhi to commit murder. He was the biggest mastermind and planner. Yang Zhi just acted according to orders."

Xu Xinyue's tears rolled down in her eyes. Such a great injustice had been hidden for more than ten years, and she had lost them for more than ten years. At the moment, she was angry and wanted to kill Xu Taoyang himself. How could he do it?@@novelbin@@

"Miss Xu, although you are adopted, legally you are also their daughter. Now, it's up to you to sue. We will help you find out the truth."

Of course, Xu Xinyue wants to give them justice and truth. She wants to see the murderer pay the price with her own eyes.

Xu family.

Xu Taoyang suddenly came back from the company. He suddenly got restless today and didn't know how to do things, but he did too many bad things. When he thought of these things, he would feel that he was at the edge of a deep pit and would die at any time.

"Husband, what's the matter with you?"

Xu Jingya was enjoying the fruit and looked at her husband sitting on the sofa in silence. She glanced over.

"Bother!"

Xu Taoyang hummed.

"Why bother!"

Xu Jingya asked with concern.

"I've always been uneasy about my eldest brother. It's not my conscience. It's just that Xu Xinyue has returned to Pei's house now. The power behind her is too strong. I'm afraid she will suddenly trouble me."

"Yes! Even Gu Chengxiao has become her man. Now she is really powerful. "

Xu Jingya suddenly felt that the fruit in her hand was not fragrant. When she remembered, she was full of Qi.

Just then, a servant's voice came from outside the door, "who are you looking for?

Our master is not at home. "

But even if the servant stopped, the footsteps outside came quickly. It was not a person, but a group of people in uniform, who Xu Taoyang was most afraid to see.

"You... What do you have?"

Xu Taoyang asked boldly.

"Mr. Xu Taoyang, you are suspected of buying murders together. Please come with us."

The leading man said.

Xu Taoyang's body was unstable and her face flashed panic. Xu Jingya immediately shouted like a shrew, "why did you wrong my husband? What evidence do you have? My husband is a legitimate businessman and didn't do anything illegal."

"We have evidence that you killed your brother and sister-in-law. Now, please go back with us for investigation."

Now, Xu Jingya's face was also pale and colorless. Sure enough, whatever she was afraid of, how could it be?

How did it get discovered?

"I didn't kill people. I'm doing well and sitting upright. What am I afraid of?"

Xu Taoyang smiled deliberately, but just then, he suddenly grabbed the car key on the table and wanted to escape.

The policeman on one side had long been staring at his action. At the moment he took the car key, Xu Taoyang was pressed on the ground by the two people who rushed up. Xu Jingya screamed, stretched out her hand and patted the policeman, "let go of my husband, let go!"

"If you dare to do it again, you will be accused of attacking the police.

"The policeman nearby gave a warning.

Xu Jingya watched her husband being taken away. She was trembling. She quickly picked up her mobile phone and dialed her daughter's number.

"Hey, mom! What's the matter? "

Xu An'an at that end is also very upset.

"Ann, your father... Your father was caught by the police and said he killed someone."

Xu Jingya cried.

"What?

My father was taken?

Who did he kill? "

Xu an asked in surprise.

Of course, Xu Jingya knew what her husband had done, but she would not admit it. She shouted angrily, "the police must have caught the wrong person. Now come back and let's go to the police station together."

But Xu An'an heard it last time. At the moment, of course, she was worried about the exposure of her father's killing Xu Xinyue.

police station.

Xu Xinyue is finishing all the notes, which makes her think of the adoptive parents, so fresh in her mind, even if they have been away for a long time.

At this time, I got good news that Fang Taoyang was caught.

More than ten minutes later, outside the police station, a couple of mother and son walked into the police station. They just collided with Xu Xinyue who had just come out.

When Xu Jingya saw Xu Xinyue, she immediately understood that Xu Xinyue must be making trouble. She scolded angrily, "you little bitch, where did you get my husband?

Hand it in. "

Xu An'an also saw her and Gu Chengxiao at a glance. The love for Gu Chengxiao in her eyes is still very strong. She hopes Gu Chengxiao can stand up and help them at this time.

"Chengxiao, my father was caught. Please help us."

Gu Chengxiao stared coldly at the mother and daughter, "your father should die."

Xu An'an's face changed and stared at Xu Xinyue. "Xu Xinyue, don't think you have the power to treat my family. My father didn't kill anyone."

Even if her father really killed someone, for so many years, she believed that the police could not find any evidence, so Xu An'an said this sentence so arrogantly.

Xu Xinyue reddened her eyes and looked at their mother and daughter coldly, "you'd better prepare for the future! I won't stop until I tell Xu Taoyang about his broken door. "

This sentence made Xu Jingya's heart tremble, and Xu An'an was even more angry.

"Xu Xinyue, what else do you want to do?"

"You'll know later."

Xu Xinyue sweeps Xu An'an. She will give back everything they have done.

As long as she is within the boundary of not breaking the law, she can let Xu An'an's mother and daughter have nothing, and let Xu Taoyang take away the good days she bought with her parents' blood one by one. It's not too much for her to let them live her previous life.

I don't know why. Hearing Xu Xinyue's words, Xu Jingya's mother and daughter were cool and felt that the future would not be easy.

"Xinyue, let's go."

Gu Chengxiao took Xu Xinyue away and didn't want to stay with the mother and daughter for a long time.

"Xu Xinyue, stop."

Xu Jingya stretched out her hand and wanted to pull her, but at this time, she was patted away by one hand. Gu Chengxiao turned his head and warned, "don't touch her."

Xu Jingya almost fell down by this shot. Xu An'an reached out to hold her mother and said angrily, "Gu Chengxiao, for the sake of the past, you can't do this to us."

Gu Chengxiao's cold eyes were swept away. "I won't let you go about pleasing your parents."

Xu An'an's heart fell into the ice cellar. She saw with her own eyes that Gu Chengxiao loved Xu Xinyue to the bone.

Chapter 1485

After coming out of the police station, Xu Xinyue has been in grief and covered up the truth for so many years. She has been very unfair to her dead adoptive parents. She is also glad that she has to rely on. Otherwise, even if she finds out about it, I'm afraid she won't be happy

Unable to fight the Xu family.

"Don't worry, this matter will be thoroughly investigated. I won't let your parents suffer injustice. I'll let Xu Taoyang pay off his debts over the years." Gu Chengxiao patted her on the shoulder and took her into his arms to comfort her.

Xu Xinyue closed her eyes and tears couldn't stop falling from her eyes. At the police station, Xu Taoyang sat calmly. Although he was arrested, he knew that the matter had been handled very cleanly. He could push it off. Even if he would take responsibility, it was only his careless slip of tongue that led to the division

The machine wants money, but deliberately kills people and gets money from him. Xu Taoyang insisted that he didn't want to kill people, and he also played a bitter play, saying how good his relationship with his eldest brother and sister-in-law was and how sad he was these years. Although the police knew he was acting, it was obvious to ask him questions

It's very difficult.

Similarly, the driver has been shirking his responsibility. He always said that Xu Taoyang ordered him to do it, but he didn't come up with more evidence.

After a few days of stalemate, the trial and training had no results. Xu Xinyue knew that an old fox like Xu Taoyang would not give in so easily. However, Xu Taoyang is most proud of the company

and clinker in his hands. At the moment, a group of negotiation experts are beginning to capture the shareholders in his hands. Those shareholders are Xu Taoyang's closest people. They hold many of Xu Taoyang's secrets. That's right

Some secrets are also very amazing, and under the solicitation of huge wealth and mysterious forces, these shareholders also know that Xu's group is going to be destroyed.

Xu Taoyang is in prison and the company is difficult to maintain. They all want to leave before the disaster. The relationship originally established under interests is broken at one blow.

Lin Jingya and Xu An'an's mother and daughter usually don't care about her husband's company. They are in a hurry for a moment. It is said that all shareholders want to withdraw money to escape. Lin Jingya also asked several familiar shareholders, who ignored her. "Mom, Dad's company is coming to an end. All these shareholders have hired lawyers to get away, leaving a pile of bad debts and bad debts in his father's hands. The company is already in debt." Xu An'an asked a senior manager to check his father's company reluctantly

o

Unexpectedly, the result was desperate. "What can we do? Do we have to carry a huge debt for the rest of our life?" Lin Jingya's face turned white with fear. She enjoyed the life of a rich wife for half her life. Without money, she would be like falling from the sky to the ground

Lost its viability at all.

She has only learned one skill in her life, that is, to call others. If she is called by others, she might as well die. "Mom, let's meet Dad this afternoon and see if he can do anything." Xu An'an is also helpless. She has no reputation now, and she can't get along in the entertainment industry. She also wants to save her image by her father's company. Now, what

Nothing.

Just as Lin Jingya rushed to the company, she received a call from the bank. A loan of nearly 100 million was due, with an interest of up to 8 million. Please pay it off by the end of this month. After answering the phone, Lin Jingya rolled her eyes and almost fainted. Eight million. Where did she get eight million? In the company's accounts, all shareholders pay in advance. Without a husband, the company's accounts are like uncontrolled. That's right

Some shareholders are all unkind and share the money almost.

police station.

Xu Taoyang came out with his hands and feet tortured. He seemed to have foreseen the situation of the company. His eyes were red and exhausted.

"Husband, the company is coming to an end. I don't know what's going on. All those shareholders have left. They don't care about your company at all."

"It's Gu Chengxiao who made a ghost behind his back. He bought all my shareholders' money. His goal is to get my company. With Gu's Pei's family, my company can't be guaranteed at all." Xu Taoyang gritted his teeth.

"What can I do? I just received a call from the bank urging interest, eight million! Where can I get it out!"

"Ignore it. The worst thing for the company is bankruptcy liquidation. You should transfer your property quickly and take as much as you can." Xu Taoyang whispered. Lin Jingya looks at her husband and realizes that her husband can't get out in this life. Gu Chengxiao and the Pei family will never give up. Even if her husband is not prosecuted for murder, the bad debts of the company will entangle him. Her tears roll out immediately, "old man

Public... "

At this time, two police officers behind Lin Jingya came up, "Lin Jingya, you are arrested. We have reason to suspect that you conspired with your husband to hide the murder. Now you are officially arrested."

Lin Jingya's face turned white and she was going to be arrested, too?

"What are you doing grabbing people for? I'm not guilty. You can't catch me like this."

"Let go of my mother." Xu An'an also came to help, but was pressed by a policeman and fell to the ground nearby. "Don't hinder our work."

Xu Taoyang watched his wife being arrested and his daughter being held down. He knew that his family was over and Gu Chengxiao would not let go of his wife and daughter.

"Ann, go quickly and leave us alone." Xu Taoyang said to his daughter.

Lin Jingya looked at her husband in horror. She even became a man in prison.

"Dad, mom." Xu An'an finally understood what despair was. Looking at her parents being filed for investigation at the same time, she was powerless.

Xu An'an could only watch her mother's hands being handcuffed. Lin Jingya was very frightened. She said to her daughter, "An'an, go and hire a good lawyer for her mother. My mother didn't want to go to jail." Xu An'an left quickly, but she found that she didn't have the money to hire a lawyer at all. She thought of the safe at home and hurried to drive home, but when she got home, I saw a lot of police cars coming to her house, from the bank

Cars and insurance cars were parked at the door of her house, and next to her house, two people were sticking seals.

"What are you... What are you doing? Why do you seal my house?" Xu an rushed to open them.

"Don't get in our way, miss."

"This is my home. You have no right to do so." Xu an's eyes flushed with anger.

"Miss, your father owes high interest to the bank. We have the right to do so, and all deposits in your parents' name will be frozen." "what?" Xu An'an stepped back. She was still a step late. She had not transferred for a minute, so she had no chance.

Chapter 1486

Xu An'an tried to rush into her house several times, but she was stopped. Now her villa has been sealed up by the bank. She has no right to move anything in it.

Of course, Xu An'an is not reconciled. She knows that her mother still has several sets of jewelry worth millions in her hand! She wants it back.

"You let me in, let me in, I want to get my passport." Xu An'an deliberately lied. A manager nearby saw that she only wanted to get her passport, but she let her in and sent someone to follow her. Xu an came to her room all the way and pretended to look for it. After some time, she hurriedly said, "in my mother's room

The two staff members also stared at her closely. Xu An'an ran all the way to her mother's room. She had never been so embarrassed. When she used to be a star, she was served by several assistants, but now her reputation is gone

The kiss went in, and she had nothing.

When she stood next to her mother's jewelry box and secretly wanted to take away a diamond ring, the staff immediately found it with sharp eyes, "Miss Xu, please put it down. It doesn't belong to you anymore."

"This is my mother's, why doesn't it belong to me? You can have whatever you want in the house. These are my mother's." Xu an immediately picked up her mother's jewelry box and planned to go out.

The staff followed her all the way and immediately reported the matter to the manager. The manager immediately sent two law enforcement officers to stop Xu An'an's way.

"Miss Xu, please put down the box in your hand. You have no right to use any items now."

"You are all robbers. Don't think I don't know you want to take my parents' personal belongings secretly. I'll sue you." Xu An'an immediately pressed the charge.

"We will never do such a thing. These are the things your father will pay off his debts. Please put them down."

"I don't want..." Xu An'an said and wanted to escape. Finally, he was pressed on the ground by two police officers. At the same time, several media reporters next to him were interviewing and shooting. When he saw Xu An'an, he immediately turned the camera around and photographed the looting of Xu An'an's hair

She has no image at all.

Finally, Xu An'an didn't steal anything. Instead, she showed her face in front of the media and portrayed the image of her dead skinned old mangy daughter.

Xu An'an also yelled at reporters. Finally, when she was ready to go back to her car, she found that there was a seal on her car.

"Hey, this is my car. What are you doing?" Xu an shouted.

"Miss Xu, I'm sorry. This car is under your father's name. It doesn't belong to you now. We want to take it back."

Xu An'an's face changed. This is a million Mercedes Benz. She now has only one car. When she bought it, her father's company bought it on behalf of her. She went to her father's name. Unexpectedly, the car has been recycled now.

Xu An'an's eyes are full of hate and anger. Xu Xinyue caused all this. Xu Xinyue made her look like this.

Let her have a home, can't go back, go to jail with her parents, and she has nothing.

Just then, her cell phone rang. She picked it up and saw that it was her former agent. She couldn't help but want to catch her, walked aside and kissed her and shouted, "sister Mei, are you looking for me?"

"Ann! Did you watch the news? Was that really you? Your father's company went bankrupt and your parents went to jail?"

"What? Where did you learn that? There's no such thing!" Xu an quickly denied.

"Oh, it's not reported on the news!"

"Sister Mei, do you still have a role suitable for me? I can play anything now. I can play whatever you want me to play. Please give me a chance!" Xu An'an begged eagerly.

"An'an, now we are blocking inferior artists all over the network. Your parents' case is not easy to deal with. Maybe you can't get along with this meal in the future. You'd better find another way out!" after that, the end hung up.

"Sister Mei, sister Mei..." Xu an shouted a few times, and there was a beep at the end. Xu An'an immediately turned on the Internet. She went on the hot search list. She has been longing for being on the list. Now, she stays on the list, but the title is an ironic sentence, "artist Xu An'an makes a fuss about the bank sealing scene, which is suspected to be nervous

It's not normal. The relevant departments are contacting the psychiatric hospital. "And several of them are hers. Sister Mei, who just talked to her on the phone, also used her heat to rub up a new artist in her hand and trample on her previous achievements, so as to set off the beauty and talent of the new artist

o

Xu An'an was going crazy. She felt her head burst.

Her life was over. She was like a madman. At this time, several paparazzi rushed to the scene and wanted to continue to follow up the matter.

Xu An'an, who was staying next to the car, came over with the microphone. "Xu An'an, are your parents murderers? Who did they kill?"

"Xu An'an, do you have a history of mental illness?"

"Do you take drugs?"

"Get away, get away... You all get away." Xu An'an drove people crazy. He also reached out to pick up a reporter's microphone and fell to the ground, just like a mad dog biting.

The reporters want her to be in this state and shoot more vigorously.

At the moment, Xu Xinyue, who is in front of the computer, certainly saw the real-time heat on the news, saw Xu An'an in front of the camera, and looked at the current situation of her family. Xu Xinyue was not soft hearted.

She hired the best lawyer to run for justice for her adoptive parents. She will certainly make Xu Taoyang pay a heavy price.

At this time, Gu Chengxiao's call came in. She reached out and picked it up, "Hello!"

"I'll come back early in the evening. I asked Xiaomu to go to my mother's house. I'll accompany you tonight."

Xu Xinyue also knew that she was in a bad mood and was afraid that she would infect her son. She nodded and said, "good."

Xu An'an's live news continues to be tracked and reported, and many media reporters will not let her go.

At about six o'clock, Gu Chengxiao came back and looked at the girl sitting on the sofa holding her knee. He suddenly felt a pain in his heart. He immediately sat down and took her in his arms, "why don't you turn on the light?"

Xu Xinyue blinked and found that the room was very dark. She leaned in his arms and closed her eyes, "the Xu family has been sealed up."

"Well, Xu's group no longer exists."

"Did you do it?"

"I did it for you." Gu Chengxiao lowered his head and kissed her on the forehead. "They deserve it."

"Thank you!" "we don't need to say this between us." Gu Chengxiao said and pulled her up. "I'll take you out to eat and relax."

In the restaurant, Gu Chengxiao looked at Xu Xinyue, who had lost weight in a few days. His heart was filled with heartache. For her adoptive parents, they were the feelings of their biological parents. Therefore, she was sad because of their death in that short time

, reasonable.

"Eat more, this is what you like." Gu Chengchao took the food in her bowl. Xu Xinyue didn't want to worry him, but she really didn't have any appetite. She took a bite and looked at the light outside the window. She thought that her adoptive parents had taken her to an amusement park. Although it wasn't a big place, it was very difficult

It was the happiest memory in her memory. She suddenly wanted to go there.

"Can you accompany me to a place later?"

"Where are you going?"

"My parents once took me to an amusement park. Now I suddenly want to go and see if it's still there. There are my happiest memories."

"OK! I'll take you after dinner." Gu Chengxiao nodded. After dinner, Gu Chengxiao navigated to the place and took her off. In the dark, the amusement park has been closed for a long time. Only a few dim street lights are on inside, and Xu Xinyue's heart also gave birth to some desolate feelings,

She reached out and pushed the shabby door, which was locked.

"Want to go in and have a look?" Gu Chengxiao asked her.

Of course, Xu Xinyue wanted to go in and have a look, because the memory was too strong. She wanted to see the place where her parents led her to play when she was a child. She looked back at him, "can you go in?" "of course, come with me." Gu Chengxiao stretched out his hand and took her along the barrier wall. Sure enough, she saw a place with some gaps, Many children should have slipped in to play, so the management here is very loose

of

"You wait for me here a little. I'll go up first and then pull you up." Gu Chengxiao said to her.

Xu Xinyue was just looking for her childhood memory, but unexpectedly it turned into an adventure. Moreover, in order to meet her idea, the man was ready to climb the wall regardless of face.

"Chengxiao, be careful." Xu Xinyue whispered nearby.

"Don't worry! This wall is not as hard as me." the man said, his strong arm jumped, and the whole man stood on the wall very sensitively. Facing the wall of about 1.5 meters, the man went up easily.

"Give me your hand." Gu Chengxiao stretched out his hand to her. Xu Xinyue held his hand. Then she stepped on the wall with one leg. She felt a strong force. As soon as she pulled it, she came up.

Gu Chengxiao jumped down first. After landing steadily, he turned and stretched out his hand to her. Xu Xinyue was held by him like a child. He hugged his neck and wrapped his legs around his waist.

"Don't come down yet. I'll take you to a place with light." Gu Chengxiao was very considerate, so he took her under the street lamp in this posture.

Xu Xinyue's heart seemed to jump back to her childhood. She jumped down from the man and looked up at the mottled facilities in the light. It seemed that she was old and full of an old atmosphere. "This amusement park must have closed down for a long time. Moreover, the ground here is relatively biased. No one has come here to develop, so it is still preserved." Xu Xinyue sighed, but fortunately, at least she can find her childhood memories, she said

Seeing the Trojan horse there, it was as if she had returned to that time. Her parents were laughing next to her, and she was happy to turn around on the Trojan horse, waving her little hand and shouting excitedly to her parents.

At that time, she was really happy. Although she was adopted by them, they always treated her as their own child and gave her a very happy and carefree childhood.

"This is a good place." Gu Chengxiao is a businessman. When he came all the way, he found that it is not too far from the main urban area, and has great development potential.

Xu Xinyue couldn't help laughing, "you won't like the land here again!"

"Well, if you want, I can reopen this amusement park, for nothing else, just to let you experience the happiness of childhood again." Gu Chengchao said to her affectionately.

Xu Xinyue quickly shook her head. "No, you've done enough for me. I don't want you to do more." "you're my wife. It's worth doing anything for you." Gu Chengxiao took her hand and kissed her on her thin lips. "For me, I'm far from doing enough. You gave birth to Xiaomu for me. Just let me do it

I owe you kindness all my life. "

Xu Xinyue was also a little dreamy. In those years, she gave birth to his son, and it was the child of their two genes.

Fate has been playing hide and seek, but the result is perfect.

Xu Xinyue walked around the playground and remembered the happiness of her childhood. Although there was silence and some horror here, she was not afraid of anything with this man around her.

It was almost nine o'clock, and the two left. Xu Xinyue was also a lot happier. What Gu Chengxiao did for her tonight moved her very much.

When the man first met him, he was high above the world and didn't eat fireworks. Now, it seems that he has been biased by her. The man is beginning to become full of fireworks. Xu An'an returned to her house. Having lost her parents, she has become a homeless person. Now she has nothing, and all her previous deposits have been compensated for advertising liquidated damages. Now the company has withheld a lot of money from her

Give it to her, because the advertiser she contracted before also needs to lose money in many places. Xu An'an has long been poor and may be in debt.

At this time, Xu An'an saw himself on the news. He was drinking muggy wine and looked at his end laughably. Xu Xinyue, who had been trampled under her feet, became a winner in life.

She not only got Gu Chengxiao, but also changed a new identity, Princess of Pei group and future Mrs. Gu.

Even the child she once thought was her suddenly became Xu Xinyue's, which was the most ridiculous joke that fate played on her.

Xu An'an knows that there is no place for her in this city or even in this country. She will only be laughed at wherever she goes.

Xu An'an packed her bags and decided to go abroad to hide for a while. What she needs most now is a low-key life. In the airport, Xu An'an walked by with a mask and hat. At this time, she saw a actress far less famous than her being pursued by a group of people, which made her think of her glorious time, but that time was gone forever.

Chapter 1488

When Xu an passed the security check, he was suddenly stopped, "Miss Xu, I'm sorry, you are now restricted from leaving the country. Please go back."

"Why, I haven't done anything wrong." Xu an's face turned red with anger.

"We just received this notice. Please go back!"

Xu An'an angrily picked up the suitcase. She wondered if it was because of her parents that restricted her?

It seems that her parents had an accident and she didn't even have the qualification to leave. She couldn't help hating Xu Xinyue. She really killed her family.

She sat down in the cafe next to her and planned to read the headlines. Suddenly, a news came into her eyes and the wedding date of the eldest young master of the family was announced. There are several pieces of information about Miss Pei's family below. Xu an can't help but stretch out his hand and open it. Isn't it Xu Xinyue? Xu Xinyue in the photo appears in high-level occasions like a princess. Every photo of her doesn't need to be refined because of herself

Have such temperament and beauty.

This made Xu An'an's heart jealous and crazy. When she was most depressed, it was Xu Xinyue's happiest time. She not only had a son, but also married Gu Chengxiao, and had an enviable identity as a eldest lady.

Why did she take all these benefits? Xu An'an scolded God for injustice.

"Eh! Isn't that Xu An'an? Why is she so old? She looks like us! It's not beautiful!" several netizens nearby are discussing her.

"Yes! I didn't think she was beautiful and old-fashioned."

Xu An'an is really angry. She used to be a goddess, but now she has been demoted here by several net red women.

"You shut up, it's not your turn to talk about me." Xu An'an thought he was a young lady, and the exit was a gesture I couldn't afford to offend.

"Who do you think you are? Let's shut up. Where's your face!"

"Yes! Xu An'an, have you gone out to take medicine? Or do you want me to contact the psychiatric hospital!" another girl said sharply, which made several other girls laugh.

"You... I'll sue you."

"We have to spend money to sue! Xu An'an, do you have money? It's said that your advertising contracts are going to spend all your money now. You'd better leave some money for yourself!"

Xu An'an really has no way to take these girls, but has been losing face.

Xu An'an had to pick up her bag and suitcase and leave. Listening to the laughter, she clenched her fist, but there was nothing she could do.

Gu Zhai.

A huge wedding has been planned to the end, and finally announced the date, which has been publicized by the media.

Pei family hasn't had a happy event for a long time. It's their happiest thing to marry their daughter this time. Although their son hasn't married yet, he married his daughter, but the other party's conditions are rare in a hundred years!

And they suddenly have a big grandson. It's really fun.

Now Gu Yimu children are also happy. They live here for a few days and there for a few days. He is the most popular wherever he is.

But he wants daddy and mommy to get married quickly, and then give him a sister as a companion!

Pei Zhai.

Xu Xinyue is also waiting for her wedding. She can't help but go downstairs to chat with her parents. She hears her mother talking.

"This time I asked the daughters of the Li family and the Wang family to come to the wedding. Then let's Chenhao see if we can see who we like. His sister will get married. It's time for him to find a wife when he's thirty."

Xu Xinyue couldn't help laughing. It seems that the next big brother is the focus of attention at home. Think about the serious appearance of big brother. If it is known that there is his blind date at her wedding, he doesn't know what expression.

Xu Xinyue asked Li Yan out to go shopping in the afternoon. Li Yan envied her and was about to get married. Moreover, as a bridesmaid, she naturally wanted to try an evening dress.

"Is the best man your brother?" Li Yan asked curiously.

"No, it's Mo Zeyang."

"Oh! God, why him!" Li Yan had a bitter melon face. She really didn't want to be with him.

"What? Why? He's Chengxiao's good brother. It must be him! Yanyan, you're afraid of him!"

"Who says I'm afraid of him? I just have an old enemy with him. I'm afraid I don't agree with him." Li Yan shouted. But she can't do it. She hasn't seen him for some time since we met at his mother's magazine company last time.

Chapter 1489

After trying out the bridesmaid's evening dress, Li Yan chose a smoky gray gauze skirt, which is immortal and elegant. Xu Xinyue's wedding dress is customized and worth tens of millions. Every diamond on it is real. Under the light, it is graceful, luxurious and charming.

Just then, Xu Xinyue's cell phone rang. She reached out and picked it up, "Hey, Chengxiao."

"In the evening, I ordered a restaurant. You came with Li Yan. It happened that I was with Ze Yang."

As soon as Xu Xinyue heard it, she couldn't help feeling that there was excitement to see. She said, "OK! We must arrive."

After hanging up, Xu Xinyue said to Li, "have dinner together in the evening."

"With whom!"

"Keep it a secret, but you're not afraid of who you eat with," Xu Xinyue teased her.

Li Yan couldn't help but smile. "It's true that as long as I have a big meal, I can eat with anyone."

At 5:30 p.m., Xu Xinyue and Li Yan came out of the wedding dress shop and went to an air restaurant in the city center.

All the way up to the top floor, the elevator suddenly formed a stunning view of the sky, and the night sky seemed to be overhead. The feeling of emptiness was refreshing.

Li Yan took Xu Xinyue's arm and walked into a box. When she guessed who the other party was, she directly ran into a pair of deep and proud eyes. Who is not Mo Zeyang?

Mo Zeyang has been filming abroad recently. In addition, he was originally on the international line and held the global endorsement of several top brands. He was very busy.

After the two sides sat down, Gu Chengxiao couldn't help introducing, "Moze, Li Yan, Xinyue's good sisters, you've met."

"I've seen more than that. Our two families are still friends." Mo Zeyang said, staring at her with charming eyes, "Miss Li Yan, long time no see."

"Long time no see, big star." Li Yan said hello very naturally.

Think about it. They haven't seen each other for half a year since the last meal of the car crash. He was filming abroad, and she went to the mountain village to do a column to support and teach for half a year. Therefore, she didn't even have a chance to meet.

"Miss Li Yan, I heard you went to work as a teacher." Mo Zeyang looked at her healthy little face, which was more beautiful than when she first met.

Li Yan micro picked his eyebrow and said, "for work, this is nothing."

"Yanyan's work is very good." Xu Xinyue praised.

"My mother is also praising her, saying that she succeeded in the whole program alone." after Mo Zeyang returned home, he didn't hear his mother mention her, saying how brave she was. Even her parents couldn't stop her after staying for half a year in such a bad environment.

But once this column came out, it attracted the attention of the whole society, which is very representative.

Li Yan's mind flashed over the sunny little faces in the mountain villages. She smiled, "I wish I had the opportunity to walk in those small mountain villages. They are very beautiful." then Li Yan looked at Gu Chengxiao, "our magazine has contacted your company's charity company. They are very willing to support this one. Thank you, President Gu."

"I will try my best to help what I can do." Gu Chengxiao is willing to support her career.

Mo Zeyang didn't speak much, but his eyes were slightly absorbed in Li Yan's bright eyes.

It seems that this girl is even different after the last meeting. Last time we met, she still had some charming young ladies who were ill, willful and difficult to get along with, but today she showed a light all over and attracted him very much.

"Mo Shao, please be our best man and bridesmaid with Yanyan this time. Cheers." Xu Xinyue raised his glass.

The four people touched their glasses. Xu Xinyue looked at the good sisters around her, and then looked at Mo Zeyang opposite. Her heart was filled with expectations. If the four of them could become two families and often get together in this time, it would also be a very happy thing.

And Li Yan's age should be suitable for marriage.

"Zeyang, I don't intend to go out this time!"

"My parents didn't like me to show my face again. I decided to go home and inherit the family business and quit the circle." Mo Zeyang was tired of those places in Vanity Fair. He had made great achievements at a young age. He was just rated as the 100th most beautiful male face in the world last month, and his financial value easily won the sixth place in the artist circle, This is a level that many people can't reach.

Li Yan looked at him in surprise. "You decided to quit the circle! It's a pity that you quit when you're so young."

Mo Zeyang curled his lips and smiled, "what a pity."

"You should get a few more movie awards!" Li Yan thought it was too early for him to quit the circle at the age of 29.

Mo Zeyang disagreed. "I want a different life, Miss Li Yan. From now on, I will be your immediate boss."

Li Yan couldn't help choking a mouthful of tea and looked at him with some refusal, "master Mo, you'd better act!"

She doesn't want such a difficult boss. She'd rather be a fucking boss.

"Sorry, I've taken over. I'll work in the company from tomorrow," announced Mo Zeyang.

Li Yan couldn't help but put on a face and sighed, "please show mercy to master mo."

"Happy cooperation." Mo Zeyang stretched out his hand. Li Yan was stunned and shook his hand.

Gu Chengxiao and Xu Xinyue looked at each other and smiled. They seemed to smell something!

After a meal, Gu Chengxiao and Xu Xinyue left together. Mo Zeyang didn't drive and had to be sent by Li Yan.

Chapter 1490

Li Yan watched Gu Chengxiao and Xu Xinyue leave. She turned to Mo Zeyang and said, "sorry, I'm not on my way. You'd better take a taxi!"

Mo Zeyang looked at her in amazement, but insisted in a tone, "it's a little trouble to detour."

"I'm tired today. I don't want to drive too far. How about I pay master Mo's fare?" Li Yan still doesn't want to send him. Immediately, this man is her boss. She doesn't want him to think she's good at everything.

Otherwise, she will have to do errands in the future.

"Miss Li Yan, in order that we can cooperate happily in the future, I'd better remind you to give me a ride, otherwise it's not a wise move to offend the boss." Mo Zeyang slightly raised his eyebrows, and his handsome face was full of pride.

Li Yan is not a vegetarian. "It's hard for a good employee to ask. If an employee like me who takes a bonus every month changes jobs, no one will want it."

Mo Zeyang's pride disappeared in a few seconds. He can't force his mother's favorite employee away as soon as he took office.

Li Yan has waved to stop a taxi, opened the door and made an invitation gesture to a man, "Mr. Mo, let's go."

Mo Zeyang sat in reluctantly, fell down the window and stared at her, telling in his eyes that I remember your sense of oppression.

Li Yan smiled as sweet as a flower and waved, "goodbye."

The next morning, Li Yan was late in a traffic jam. When she came to the office, she saw a man already sitting on the chair of her independent office. Who was it not Mo Zeyang?

"Miss Li Yan, you're late." the man stared at me with a pair of star eyes.

"There's nothing I can do in the traffic jam. President Mo was really responsible for being late for work on the first day." Li Yan said and put his coat on the back of his chair. "President Mo, please let me go."

"In the company, don't mention the personal relationship between our two families. It's best to keep a distance." Mo Zeyang suddenly said.

Li Yanchi was amused. "Mr. Mo, you think too much. I never go through the back door and don't find a relationship. I rely on my strength."

Mo Zeyang had to stand up. At this time, several female staff outside Li Yan peeped and exclaimed, "Oh, my God! How handsome!"

"But why did he enter Sister Li Yan's office when he came?"

"What's their relationship?"

Li Yan coughed softly and said to the female clerk peeping at the door, "I have nothing to do with Moze. Don't gossip."

Among them was her assistant Li Tiantian. Li Yan called her in, "Tian Tian, come in."

"Sister Li Yan." Li Tiantian came in with a smile, especially sweet and beautiful.

"Prepare a meeting material for me."

Li Tiantian's eyes fell shyly on Mo Zeyang nearby, and she didn't hear Li Yan's words clearly.

Li Yan couldn't help following the assistant's eyes and looking at the man on the sofa who was like a perfect sculpture. She coughed again, "sweetie, have you seen enough? I asked you to prepare information, not to let you come in to see the boss."

"Oh, OK, OK." Li Tiantian blushed and hurried out.

Mo Zeyang seems to be used to such behavior of women. He must be born as a star and has extremely superior conditions.

After a while, Li Yan took the information and said to the man on the sofa, "President Mo, it's time for a meeting."

On his first day at work, Mo Zeyang really didn't know what to do. He got up and walked with her to the conference room. The senior and key personnel of the whole GuDi magazine arrived. GuDi magazine is the first well-known magazine in China. It is at the forefront of fashion and has high popularity.

Li Yan is sitting at the end now, because she is a realist who created a documentary page in Gutu. Therefore, in a large magazine like Gutu, her column has no status.

The most profitable is fashion.

Mo Zeyang sat in the first place and listened to his subordinates report on the sales performance of last month and the new magazine to be launched. However, Mo Zeyang was not very happy. His eyes looked at Li Yan in the back seat. What was Li Yan writing.

"Well, next, please tell Miss Li Yan what you think!" Mo Zeyang called the roll directly.

Li Yan couldn't help raising her head and looking at the editors of fashion magazines in front of her, she coughed, "I have nothing to say here."

"Mr. Mo, you may not know that the section in charge of Li Yan is only the most insignificant column of our magazine." a young female editor in chief disagreed.

Li Yan also knows that she is the best editor in chief Lin Baoru and a very arrogant person in Gutu.

"Editor Lin, although my column is very humble, would you please respect it?" Li Yan directly met her.

"Li Yan, we are discussing whether to ban this section of you. Unexpectedly, our GuDi is synonymous with fashion and is not suitable for you to do real news. Why don't you leave our company and go to a special magazine!" Lin Baoru said carelessly while playing with his newly made manicure.

Li Yan immediately stood up in surprise, "no, in addition to promoting fashion, our magazine also needs positive energy. I think this does not conflict with the founding concept of our magazine."

"Mr. Mo, what do you say?" Li Yan suddenly looked at Mo Zeyang and hoped he would say a word for her.

Mo Zeyang looked at her deeply for several seconds and suddenly looked at Lin Baoru. "I agree with editor in chief Lin, Li Yan, you can give up the documentary section and join the fashion section. How about it?"

"Mo Zeyang, you..." Li Yan almost wanted to greet him. Fortunately, he stopped in time.

Other people were surprised to see that Li Yan dared to call president Mo's name on the spot? She has a mine at home!

Li Yan takes a deep breath. Now the editors of the whole fashion section are rejecting her, because Li Yan not only founded successfully, but also has a very good influence in the society. Therefore, it is common for them to be jealous.

She sat down and stopped talking. Other fashion editors looked at each other and had a feeling of joining hands.

Mo Zeyang sees all this in his eyes, and then look at other editors. All of them have refined makeup and luxurious clothes, while Li Yan looks out of place with a white shirt and jeans.

Li Yan waited for the meeting to end and watched Mo Zeyang return to the office. She followed him into his office for the first time.

As soon as Mo Zeyang turned around, he saw the girl with bright eyes looking at him, "what's up?"

"Don't cancel my column." Li Yan's eyes implored.

"Give me a reason."

"You don't know how much the children in the mountain village need our help. They need this platform." Li Yan said eagerly.

"But I run a company, not a charity foundation." Mo Zeyang's eyes were slightly heavy.

Li Yan choked. Is this man so ruthless?

"Mo Zeyang, how can you not cancel this column?" Li Yan really wanted to beg him.
