

U. CEO Daddy 161

Chapter 161

Tang Siyu was stunned and looked at the emotional eyes of mufei. She was cold in the blink of an eye.

"How could you be his girlfriend?" Murphy's voice can't hide her jealousy, and she's dressed so beautifully.

Tang Siyu twisted his eyebrows, but before he could make a sound, a strong arm came from the side and pulled her directly to someone's side. As soon as Tang Siyu looked up, who was Xing liehan?

Xing liehan's eyes were full of provocation, and he asked with a cold smile, "what's the matter? Mr. Mu has an opinion? "

Mufei's eyes directly stare at Xing liehan coldly, "of course I have an opinion!"

In an instant, it seems that there are invisible swords, unfolding between the two men's eyes.

Tang Siyu also felt the oppression. She gave Xing liehan a gentle push. "Let's go!" At the same time, looking back at xiangmufei, "it's my own choice to be with someone."

Not far away, Tang Yiyi is almost mad. Two noble and charming men stand together as if they are fighting for Tang Siyu. What makes her more angry?

Xing lie's arm is possessive, and his arm is close to Tang Siyu's waist, leading her to the other side of their seat.

Tang Siyu felt a strong arm around her waist. She slightly twisted her eyebrows. She was not used to it.

Everything is golden, a row of golden lights on the head, surrounded by yellow light, and a beam of light from the dining table, it seems that the whole Party exudes a high breath.

The table's exquisite tableware, fragrant flowers, and beautiful decorations, spacious location, also make each guest relatively separated by some space.

Because Tang Siyu is Xing liehan's female companion, she is lucky to sit at the head of one of the tables, and opposite her is mufei.

Tang Xiong's three people are at the other table. When Tang Siyu looks at her, he sees Tang Yi's jealous eyes and stares at her side.

Tang Yiyi's everything tonight is in vain. She tried her best to dress herself up to get Xing liehan's attention. But now, she has no chance at all! In addition to Tang Siyu, Xing liehan did not look at any woman here.

Tang Siyu's eyes were all monopolized.

She is so hateful, angry and resentful. Even if Murphy is present, Tang Yiyi has no such interest, because Murphy has not come to her on his own initiative.

However, Tang Yiyi found out that she liked mufei so much before, because mufei was Tang Siyu's favorite. She wanted to occupy and snatch it. But now, Tang Siyu stood beside Xing liehan, and she had a strong idea.

She wants to steal everything from Tang Siyu. She wants to steal the man she likes.

Murphy also lost her appeal.

There was a kind of resentment, jealousy and robbing of Tang Siyu in her heart since childhood, which had become a habit she could not change.

The dinner was held in a relaxed and pleasant atmosphere. The melodious and light music of saxophone style in the air flowed in every corner. The male waiter in tuxedo, with a plate in his hand, set the table one by one. The delicious Western food, with Chinese desserts, was very appetizing.

And the waiters walk back and forth, and they can take different food from the plates in their hands, absolutely satisfying the appetite of the guests present.

Tang Siyu has a strong feeling that Mu Fei's eyes are staring at her. She has looked at her several times. Mu Fei's eyes are deeply hurt. He doesn't care about other people's eyes. He looks at her so melancholy.

Mu Fei's gaze made Xing liehan especially unhappy, even disgusted and annoyed. Did the man try to rob a woman from his side in vain?

Tonight, Tang Siyu is his woman, no one wants to take it away.

Tang Siyu is calm. She tries her best to put her mind on the beautiful plate. She sees a thin and juicy roast steak with flower petals and small tomatoes next to it, which makes her want to enjoy it.

Tang Siyu picked up the knife and fork gracefully and opened them.

Xing liehan has cut a small piece. Seeing that Tang Siyu has not yet cut it, he immediately uses his fork to fork a piece and directly delivers it to Tang Siyu's mouth. He smiles softly and says, "open your mouth."

Tang Siyu's pretty face is slightly red, her eyes are full of rejection, but Xing liehan's eyes are full of coercion, "be good!"

Tang Siyu felt that when she saw a couple smiling, she had to open her mouth and eat a piece of steak from Xing liehan.

In the eyes of others, this is the rhythm of showing love!

However, the most abusive person is not the guest sitting next to him, but mufei on the opposite side and Tang Yiyi on the other table.

They all saw how Xing liehan could feed Tang Siyu like a close lover.

Mufei's eyes sank. He held the knife and fork tightly, as if he wanted to give Xing liehan a fork.

Xing lie's lips are full of smiles. He knows mufei is watching! And all he did was to let this man know that this woman and he had married the same way of life. Even the steaks that were cut off again were more fragrant when they were put into his mouth, because it was the fork that Tang Siyu had contained.

Tang Siyu is embarrassed and embarrassed by Xing liehan. She didn't want to be so warm to him in front of these guests.

She cut herself to eat, and at the same time, she did not forget to fork up a dessert ball and prepare to send it to her mouth. Next second, the man's hand reached out from her shoulder, clasped her arm, and let the ball she was going to send to her mouth directly into the mouth of the man beside her.

Tang Siyu is slightly gaping. This man clearly has it. Why steal it?

There are only two on everyone's plate. She has only one left now. It's disgusting.

Xing liehan ate contentedly while staring at her with a smile under his eyes, as if reading her mind. He reached out, moved his delicate white plate to her, and gave her his.

Tang Siyu looks at the two balls he sent. The light resentment in the bottom of his eyes disappears. This man has his vision.

The opposite mufei looks at this scene sadly. He sees the flirting eyes of Tang Siyu and Xing liehan. He is really envious and jealous.

And Tang Yiyi on the opposite side didn't fall any rival drama of Xing Lihan and Tang Siyu. She felt that Tang Siyu was deliberately showing her relationship with Xing Lihan in front of her. She was making a play to show her!

After eating the steak, Tang Siyu immediately changed into sushi, and half of the lobster. The smell is attractive. Tang Siyu thinks it's right. Tonight's dinner is delicious.

Xing liehan is eating while appreciating the women around him. This woman is very pleasant tonight.

Tang Siyu picks up the cup beside her and drinks. She just finished drinking and puts it down. Xing liehan naturally picks up and drinks the rest of the water. Then, he puts his cup in the middle.

Tang Siyu looks at him and stares at him. This man is really naive.

Xing liehan is willing to do this. Next, after taking away the dinner plate, she changed the ingredients. Tang Siyu was drinking the soup. She felt a little full. She couldn't eat too much dinner.

At last, she finished a fruit and vegetable salad, and then, finally, there was a dessert. Tang Siyu was fascinated by the cream on it, and unconsciously ate it at the corner of his mouth. Xing Lihan saw it. He took a piece of paper, gently pinched Tang Siyu's delicate chin, and gently wiped it for her.

Tang Siyu looks at him, the gentle action of the corners of her mouth makes her heart beat fast, and some flustered to avoid the gentle eyes of this man.

Is she delusional? Will Xing liehan have a gentle time?

Xing liehan wipes the corners of his mouth, uses the paper towel to cover it, and his fingers and abdomen warm and vaguely rubs and presses on her lips. Tang Siyu feels his bad, and the blur in his eyes immediately becomes a warning.

Xing liehan is still smiling softly, as if he didn't pay attention to her warning.

Finally, the dinner was over, and the guests went to the banquet hall one by one, and began to chat and exchange next. Xing liehan also noticed the guests he wanted to make tonight. Oakes and his wife were talking with the president.

"Accompany me to see a guest," said Tang Siyu, who was beside Xing lie in the cold Dynasty

Tang Siyu naturally has no problem. She looks at Xing liehan and the couple in their early forties. She holds his arm and follows him.

Xing liehan never showed his English. When he went to Oakes, the standard fluent English made Tang Siyu look at him. The man said that English was so magnetic and charming, like the voice line of the hero in the movie.

Oakes also wanted to make friends with him. As soon as the two shook hands, they began to talk enthusiastically. The beautiful lady beside and Tang Siyu smiled at each other. She immediately praised Tang Siyu's beauty and carefully found her jewelry. Moreover, with her knowledge, she even had a lot of research on jewelry.

Tang Siyu is also good at English, so he began to communicate with her. Like a little fan sister who studies hard, she was amazed at this lady. The sincere admiration in her eyes also made her feel very useful.

So, men talk about men, while women talk about women. Two pairs of people go to the side of the sofa and sit down to talk.

Xing liehan's eyes looked at Tang Siyu from time to time, and found that she was not bad at communication, which made the lady appreciate her very much.

The business between Xing liehan and Oakes became a success as soon as they talked, because Xing liehan's wealth value in China made him young, but he had a king's manner, which was not to be underestimated.

Tang Siyu and his wife talked about the piano from jewelry. Unexpectedly, this lady is also a piano lover. They have a common topic and have a very pleasant conversation.

Tang Yiyi is watching from a distance. She has two sisters who are usually close to each other tonight. At the moment, she is chatting with them, thinking about how to make Tang Siyu look ugly.

But, tonight Tang Siyu stands beside Xing liehan, who has the courage to provoke her? We can only find her weakness by all means, and then we have to make fun of her life and death, so that we can feel better.

On one side, Xing liehan sees Tang Siyu and Mrs. Oakes talking about the piano. He is very interested in joining in. At the same time, he suddenly says, "Siyu, how about we play a piece together on stage?"

Tang Siyu's heart slightly jumps. What can this man do for nothing?

At this time, after listening to them, the Oakes and their wife immediately expressed their great desire to play their ensemble, because there is a piano in one corner of the stage, and a girl is playing it live.

Tang Siyu wanted to turn it back, but she couldn't let the man down. She chuckled, "OK!"

Xing liehan was raised as a rich young master, so he also made some achievements in piano. Last time at her home, he had a master level, so she was not worried about Xing liehan pulling her hind legs.

Xing liehan gets up and greets the on-site manager on the side. The manager can't help it. In this way, the whole atmosphere will be more enthusiastic.

At this time, Oakes and his wife are going to meet another pair of guests, so they say hello to them. Excuse me, but they don't forget to look forward to saying, "I'd like to hear your performance for a while."

Tang Siyu watched them leave with a smile. Then, she bit her lips, or looked at the men around her with some complaints. "Why do you want to raise this opinion?"

Xing liehan chuckles, "what? Only you and Qi Liang can play together, can't I join you? "

Tang Siyu is slightly stunned, thinking of the picture she played with Qi Liang last time, which appears on the Internet for two hours, and he even remembers it.

"What kind of music would you like to choose! You're the best. " Tang Siyu had to agree. Xing Lihan chuckles and says a world-famous song in her ear. Tang Siyu nods, and the waiter comes and brings them champagne. Tang Siyu takes a glass in his hand. Xing Lihan reminds her, "it's too much. Drink less and drink more juice."

Tang Siyu is slightly embarrassed. Thinking of what happened in his family when she was drunk last time, she can't forget that she woke up from his bed naked and fruitless.

She gently shallow fill champagne, also dare not drink more.

Xing liehan is kind enough to remind her, but he regrets it in a few seconds. Why should he remind her? She's drunk. Isn't it just herself who picks up the cheap things?

Xing liehan is a little speechless.

With the encouragement of her mother, Tang Yiyi, on the other side, holds Qiu Lin in her arms, and plans to come over and say hello to Xing liehan. To find a sense of existence, she must be very confident about her dress tonight.

In order to create opportunities for her daughter, Qiu Lin also cheekily came over with a glass of red wine.

Tang Siyu looks at the mother and daughter coming here. She is a little annoyed and doesn't open her face. Xing liehan also takes a formal look at the mother and daughter, which is also inexplicably annoying.

Qiu Lin smiles and Mimi says, "it's a great honor to meet you here, master Xing!"

Xing liehan looks at her lightly, but doesn't speak.

Qiu Lin immediately smiled, "you probably don't know! I'm the stepmother of the girl beside you. My name is Qiu Lin and I'm the vice president of Tang Group. " After that, she did not forget to introduce her baby daughter, "this is my daughter Tang Yiyi."

Chapter 163

Tang Yiyi immediately showed the sweetest and charming smile, and said to Xing liehan, "Hello, young master Xing, my name is Tang Yiyi."

Tang Siyu looks at Qiu Lin's mother and daughter's thoughts. They really don't dislike her. They want to chat with Xing liehan through her relationship. But she thinks that Xing liehan was tired of Tang Yiyi because she announced her son's story last time.

Tang Siyu saw that the mother and daughter had a thick face and wanted to attract Xing liehan's attention. She thought that climbing on Xing liehan would be good for her future position in the Tang family. She reached out her hand and held Xing liehan's arm naturally, and introduced to Qiu Lin's mother and daughter, "aunt Qiu, I'd like to formally introduce my new boyfriend. I believe you all know him!"

Qiu Lin and Tang Yiyi stare at Tang Siyu, who naturally holds Xing liehan's arm and claims to be his girlfriend, which makes them feel a sense of fear.

After seeing through Tang Siyu's mind, Xing Lihan smiled softly and called her, "honey, I'm not only your boyfriend! We are going to get married soon. "

Tang Siyu's smile is stiff, this man's posture of climbing along the pole, do you want to be so skilled?

"What? Are you getting married? " Qiu Lin asked in surprise.

One side of Tang Yiyi suddenly thought of something. She said to Xing lie, "young master Xing, you probably don't know her yet! She's not only single, she has a child she gave birth to a few years ago with another man. "

If Xing liehan wants to marry Tang Siyu, he must be very concerned about her innocence and current situation! And Tang Yiyi thinks that Tang Siyu deliberately conceals the fact that she has a child and deceives Xing liehan.

After she said this, she was very proud, thinking of seeing Tang Siyu's panic expression.

Even Qiu Lin thought that her daughter was really witty at this time. She directly exposed Tang Siyu's illegitimate child. How could a noble man like Xing liehan marry a woman with illegitimate child?

However, they were disappointed. Tang Siyu smiled, "Oh! I've always forgotten to tell you that my son's father is no one else, it's him. "

Then she looked up at Xing liehan with a sweet smile.

The expression of Qiu Lin's mother and daughter is almost described by ghosts. They stare at each other and can't believe to hear the news. What? Did Tang Siyu give birth to the child of Xing liehan?

The man who was with Tang Siyu five years ago is Xing liehan?

How is this possible?

Tang Yiyi's pride directly turned into jealousy, a strong and strong jealousy.

No wonder Tang Siyu's son looks like Xing liehan. It turns out that he is his son, which can also explain why Xing liehan lives on that floor.

Xing liehan's satisfied clenched lips, held her shoulder tightly, and next second his eyes fell on Tang Yiyi's face, but it was cold and full of warning, "in the future, if you dare to destroy Siyu and my son on the Internet at will, I will investigate your legal responsibility and let you pay the price."

With that, he took Tang Siyu's shoulder and walked away.

Left a mother and daughter facing each other.

"Mom, how could it be? How could this happen? Is the child born by Tang Siyu Xing liehan? They're getting married? "

Qiu Lin didn't know what to do for a while. The news was so shocking. She felt that she could not fight against Tang Siyu because she was backed by such a powerful man.

"Mom, it's impossible. Tang Siyu must be flustered." Tang Yiyi chose not to accept the fact.

Qiu Lin looked at her and said, "Yi Yi, you should be calm. Whether it's true or not, we can't mess around. Otherwise, it will only make Tang Siyu more proud."

Tang Yiyi's fists are tight and the whole person is holding back. She looks at the matching figure of Tang Siyu and Xing liehan Deng. She is going mad with envy.

Damn it, Tang Siyu even knew Xing liehan five years ago, and she gave birth to his son. Tang Yiyi turned to look not far away. She looked at mufei with a bit of falling admiration. She couldn't help walking towards him. Murphy watched her approach and twisted his eyebrows. There was no expression on his face.

"Mufei, do you know who Tang Siyu was with five years ago? Do you know who her son was born to? " Tang Yiyi feels that this can stimulate mufei.

Because she also hates mufei, she wants mufei to compensate for the feeling of being betrayed and abandoned by the beloved.

However, Murphy looked up and took a sip of liquor, and said softly, "of course I know."

Now, Tang Yiyi was surprised. "You know?"

Murphy's expression was explaining everything. Tang Yiyi immediately said angrily, "you know she cheated before Xing liehan, do you still love her? She's so shameless. What's worth your love? "

"Are you more worthy of my love, like a shrew?" Murphy sneered and said, "I don't allow you to scold Siyu behind like this. She's definitely not the kind of person you can say!"

"Then she gave birth to Xing liehan's son. How about that? That's what happened before I slept with you! "

"Shut up." Murphy gave a deep drink and turned away. Tang Yiyi gasped for breath behind her. She was so mad that Tang Siyu didn't deserve his love at all.

At this time, the host on the stage said in a very excited voice, "next, we are lucky to invite Mr. Xing liehan and Ms. Tang Siyu to play a piano music together. Next, please enjoy it."

Tang Siyu and Xing liehan are sitting in front of the piano. The ensemble needs not only excellent skills, but also emotional integration. Music is not as obvious as novels or people's expressions, while intangible emotions are expressed by voice.

At this moment, in the quiet banquet hall, there was a beautiful melody, as if it suddenly purified the soul and washed the world.

We can also see the other side of Xing liehan, the king of business. It turns out that he is not only a legend of business, but also a great achievement in other fields.

Tang Siyu and Xing liehan are getting better and better. The guests under the stage don't make a sound, but they are very lucky to enjoy this piano music.

Tang Siyu looks at Xing lie's long and slender fingers and knocks out the sound quality that shocked her. Her heart seems to vibrate like these strings. She is so skilled that she can handle it without looking at Qin Jian.

She raised her head slightly and looked at the man beside her. A crystal lamp fell on him. It was as quiet as a God. Her face was perfect with a silent attraction.

And the silence around her makes her have a kind of world just with him.

This man!

At the moment she was attracted.

Chapter 164

The sound of the zither is wrapped with brocade. It's touching. It gently plucks everyone's heartstrings. Tang Siyu's mouth is naturally curved with a smile. It's gentle as the morning sun.

Xing lie's cold eyes fell on her and looked at the smile on the corner of her mouth. He was in a happy mood. It seems that with the piano, he could enter her heart more.

Murphy, not far away, looked at the figure of the ensemble, and his heart ached for a while, which made him recall the days when he taught her to play the piano, practiced with her, laughed with her and grew up together, which was the best time of his life.

But now, it's not him who can play with her, but another man.

When the last strings of zither fell and the perfect performance ended, and applause came to mind in the banquet hall, Tang Siyu was led by Xing liehan. She made a light thank-you, but the man around her naturally accepted the praise from the crowd, and led her off the stage. The oaks couple praised Tang Siyu. This lady really liked Tang Siyu more and more.

Tang Yiyi and her two sisters stood there, only to watch Tang Siyu make a show tonight.

But they are ordinary and gloomy, and they have no chance to attract others, which has formed a common hatred for them.

"It's disgusting to rob us of the limelight."

"Not really? I'm really angry. "

The most angry person is Tang Yiyi, but she can't do anything now. She can only watch Tang Siyu become the focus of the public and the most important existence in Xing liehan's eyes.

Now, Tang Yiyi has no chance to be liked by Xing liehan. She also realizes that the last Internet scandal of Tang Siyu, why it was deleted so quickly, must be Xing liehan's success.

And she also blew out their children. Now, Xing liehan only hates her and can't like her at all.

Before, Tang Yiyi always thought that she had won Tang Siyu and robbed her favorite man. But now, she found that God was unfair and arranged her more perfect life in silence.

Let her give birth to Xing liehan's child, moreover, still can get his like.

In any case, that child has become the most powerful support for her future.

"I really want to pour a glass of red wine on her dress." The sister beside her breathed.

However, she can only think so. How dare she act?

Tang Yiyi can only bite her teeth, and this party has become very dazzling and annoying to her.

Tang Xiong was very happy. He felt that his eldest daughter had a play with Xing liehan. Although he didn't cling to his heart, it was his father's favorite that his daughter could marry a good man.

At this time, the time of the dance began. Tonight's guests were in pairs. Tang Yiyi was going to meet Xing liehan. At this time, she didn't have a partner. She wanted to see Murphy, as if he didn't

have a partner. But when she turned around, she found that Murphy's place was empty, while others had left.

She secretly cuts her feet. What can she do now?

Tang Siyu drank a glass of juice and watched the lights turn dark and yellow, and the rhythm of the dance steps sounded. She thought to herself, I don't want to dance with this man!

As soon as she looked up, Xing liehan's eyes grabbed her. The smile in her eyes was not the invitation to her?

Don Siyu pretended to find an excuse. "I can't dance."

Xing lie's cold eyes narrowed, and some of them said, "are you sure?"

"Well! I can't jump. " Don Siyu blinked.

"Nothing! I don't need to. Just hold me. " Xing liehan finished, buttoned up her arm and entered the dance floor.

Tang Siyu was stunned for a few seconds. People were already on the dance floor. Her arm was held by a man and landed on his shoulder. Soon, a big palm came to her waist, and her other hand was clasped tightly by him.

"You..." Tang Siyu is really embarrassed. Her father is here tonight. It's not appropriate for her to dance with him so closely.

Xing liehan's pace pressed her, but she said she couldn't, but her feet naturally followed his steps and jumped up. Xing liehan's eyes were full of pride, and he knew that this woman could jump.

He was close to her ear, whispering, "dare to lie to me."

At this time, Tang Siyu was a little speechless. She looked up and said, "we should go and pick up Xiaoxi!"

"It's still early!" Xing liehan is not in a hurry. He spends a lot of time with his son, but he doesn't spend much time with this woman. He must take good care of it.

Tang Siyu was speechless. At this time, the palm of the man pressed slightly. The distance she kept between her and him was even close to him. She looked up at him angrily. "I won't jump like this again."

Xing liehan had to stop pressing her again, but the feeling of her clinging up just now made his trousers tight. This woman is delicious and delicious tonight. He was thinking about when he could turn her around, and then let him eat, dry and wipe, and enjoy all of her.

The dance music is still going on. The guests are having a good time. It's still early. It's only around 8:30.

After a dance, the music immediately went on. Tang Siyu's hand, which he was going to pull away, was fastened by the man, and his waist was also held down by him. The man asked in her ear, "dance with me again."

Tang Siyu really doesn't want to jump, because wearing high root shoes makes her feel her knees are sore, and she wants to sit down and have a rest.

She had to bite her teeth and insist again. Xing liehan's eyes fell on her sweet face like the sea, watching her slightly moving red lips. He swallowed his saliva and really wanted to kiss Fangze.

It's a pity that he knows how to kiss him. This woman may slap him. From her heart, she is still a conservative girl, and her father is still there. She will not allow herself to do anything excessive or unusual.

So, he can only endure, he thought, tonight to find a time to kiss again!

At the moment, a middle-aged man and a waiter looked at each other. The waiter nodded to him secretly, as if they were making some kind of trade.

There are three glasses of juice in the waiter's hand. He is walking towards the middle-aged man. There is a relatively cool female model beside the middle-aged man. The middle-aged man looks at her charming figure and shows some bad ideas in his eyes.

It cost a lot of money for him to invite her to the party tonight. However, this woman is arrogant and only accompanies the party, not sleep.

Chapter 165

And this man naturally has a way to let her give in, so he secretly bought a pain waiter to make some hands and feet for him, and added some things in her favorite juice, and after a while, she will naturally go with him.

He can do whatever he wants tonight.

The waiter was carrying it. Suddenly, a female guest almost hit him. His tray tilted slightly. The original cup was on the left. Now, it moved slightly to the side, and another cup without medicine was changed to that position.

The waiter responded and looked at the juice on the tray. He moved it for a while and didn't find that the glass on the tray was misplaced.

He walked up to the middle-aged man and gave the female model the cup of juice he mistakenly recognized, which was her favorite nectarine juice.

Next to the dance floor, finally finished the last song, Tang Siyu said to him, "my feet hurt, have a rest!"

Xing liehan doesn't pull her to jump. He helps her to go to the sofa to rest. Xing liehan turns his head and sees the waiter passing by. He takes a cup of honey melon juice for her. Tang Siyu takes it and drinks it quickly. She is really thirsty. She drinks the whole cup.

And this cup is just the one with something.

At such a time, who would know that there would be hands and feet at such a high-level banquet?

After Tang Siyu finished drinking, she was worried that it would be too late to pick up her son. She asked Xing lie for a moment, "let's go and pick up our son! Don't let him wait alone. "

Xing liehan thought of his son's poor appearance, but he couldn't bear it, so he nodded, "OK! Let's go! "

"I'll go and say hello to my dad." When Tang Siyu finished speaking, he got up and walked in the direction of Tang Xiong.

Tang Xiong and several elderly men are chatting. Tang Siyu comes up and says hello to him. Several rich businessmen beside Tang Xiong immediately say, "brother Tang, this is your daughter! It's so beautiful. "

"Yes! I didn't expect you to be so lucky and have such a beautiful daughter. "

After hearing this, Tang Xiong was naturally very useful. Qiu Lin, who was beside him, was very angry. Tang Siyu disappeared for five years. When he came back, he was in the limelight and let everyone around him remember her.

She's really good at it.

When Tang Siyu finished greeting, he went to Xing liehan. When he went to the gate, Tang Siyu made a slight sweep around, and Murphy was gone. It seems that he has gone.

In fact, she has no old love for Murphy, but she is not a ruthless person. Once they were good teachers and helpful friends, and he taught her a lot. She sincerely hopes that he can get out of their former feelings and find a feeling that belongs to him.

Instead of expecting her all the time, she thought, after tonight, will mufei see more?

No matter what, Tang Siyu hopes mufei to be happy.

As soon as Tang Siyu and Xing liehan enter the elevator, she suddenly feels very stuffy and hot in the elevator. She can't help but wipe her forehead and ask Xing liehan, "do you feel very hot? Is the air conditioner on here?"

Xing liehan squints her eyes and looks at her originally snow like skin, which is covered with a light red halo. It looks like red in white, but it's a different style.

"Do you feel hot?"

"Well! It's so hot... " Tang Siyu nodded and turned his hand into a fan to fan his cheek.

Xing liehan feels fine. The air conditioner in the hotel is fully turned on. The elevator jingles. Xing liehan reaches out to clasp Tang Siyu's hand and steps out.

As Tang Siyu followed him, her breath changed, and she panted slightly. "Don't you really feel hot? Why do I feel so hot... "

Although Xing liehan is a little hot, it's just because of her reason. At the moment, he feels Tang Siyu's little face is more and more red than just in the elevator, as if there was a sudden high fever.

He twisted the brow of the sword, reached out and stroked her forehead immediately. The temperature of her forehead was a little hot, but it was not that hot. If he covered it for a while, her temperature was normal.

Tang Siyu blinked a little red eyes at him, "what's the matter? Do I have a fever? "

Xing liehan reached out and touched her face, just patted it gently, and Tang Siyu suddenly couldn't help but make a light chant, which was warm and uninhibited.

Tang Siyu immediately covered his mouth and looked at Xing liehan in panic. My God! How could she sing like that?

Xing lie's eyes narrowed, and there was a violent color on the bottom of her eyes. This woman is clearly not sick, but The way you drink the wrong thing.

He couldn't help thinking about the juice that was finally sent to her mouth. Is there anything in the juice?

Xing liehan can't tell her the truth yet. He suddenly puts Tang Siyu on the sofa beside the hall. He gets up and says, "I'll make a phone call."

After that, Xing liehan takes out his mobile phone and unplugs Xing YINUO's mobile phone.

"Hello! eldest brother! Are you here? " Xing YINUO's voice came. "I have something to do here. You and Wen's side have a word. Let Xiao Xi sleep with you tonight. I'll pick him up tomorrow morning."

"Elder brother, Xiaoxi just fell asleep in brother Liangyao's bed. Just in time, let him sleep in brother Liangyao's bed!"

"Is it? Is he tired? "

"Yes! In the afternoon, he played football with brother Liangyao. He was tired! Brother Liang Yao bathed him and he fell asleep. "

Xing liehan suddenly felt that this was the chance God created for him, so that he could spend the best night with this woman tonight. Xing liehan ended his phone and walked over with his mobile phone.

Tang Siyu found that all her strength seemed to be losing. She could only lean on the sofa and felt a strange feeling surging up and bumping in her body. She didn't know what to do!

What happened to her?

How could she suddenly become like this?

Is there something strange about her?

She turned to look at Xing liehan coming. She immediately thought it was important for her life. She gasped and pleaded, "would you please send me to the hospital? I don't feel well all over. I feel bad. "

"Wait a minute," said Xing After that, he went to the counter. It was originally a five-star hotel. Xing Lihan immediately opened a room, which was originally intended to open a presidential suite. But tonight, there are many guests, all of them are full, only double king room and standard room.

At that time, Xing liehan didn't choose, so he asked for a big bed room.

When he came over, Tang Siyu was weak and weak. She reached for Xing liehan's arm. Suddenly, she felt his strong and hard arm muscles. She even felt that the discomfort in her body had subsided and turned into joy.

Chapter 166

"Xing liehan, please take me to the hospital!" Tang Siyu hugged his arm and begged weakly.

Xing liehan looks at her survival with a smile. It's really cute. He reaches out and hugs her. Tang Siyu instinctively hugs his neck. Then he sees him holding her and walking towards the elevator.

Her confused eyes were full of puzzlement. "Xing liehan, where are you taking me? I want you to take me to the hospital Do you hear me! "

"Don't worry, you'll be all right in a moment." Xing liehan thinks that the opportunity is right. It's a good chance for him to break through the most intimate relationship with her. He can't miss it.

Moreover, when she arrived in the room, the woman should have begged him.

He would be happy to be her antidote.

The elevator flies all the way to the 48th floor. The elevator is very fast. In a few seconds, it starts to jingle. Xing Lihan walks to his room tonight with Tang Siyu in his arms, swipes the card, closes the door, and walks to the large double bed with her in his arms.

Tang Siyu faintly watches Xing liehan take her to the hotel, and there is still a bed here. Although his consciousness is not clear, the danger is still enveloped.

"Xing liehan," she cried suddenly, a little angry What are you bringing me to the room for? "

Xing liehan gets out of the way of her suit and gets close to her. She looks at her eyes confused and breathes heavily, but looks at him like a kitten. Xing liehan longs for her red lips all night. He brings her into his arms.

Tang Siyu snuggled in without any resistance. Next second, her chin was raised, the masculine breath fell, and the man's lips grabbed her red lips directly.

Kiss Strong.

Tang Siyu's eyes are slightly gaping. What does this man do?

Wait

Why does she feel useful?

When she responded, her hand actually took the initiative to hug his neck and cater to him for a long time.

No, how could she not be so narcissistic?

However, her body was replaced by a strange feeling, which made her desire to be touched more by this man for the first time

In Tang Siyu's mind, he suddenly began to realize that she was not sick, but had drunk something wrong?

This reminds her of the last glass of juice that Xing Lihan brought to her. Since she drank that glass of juice, she has felt something wrong.

Damn it, did this man give her medicine?

This idea made Tang Siyu's brain explode. Unexpectedly, he was such a hateful bastard and used such despicable behavior.

She was very angry, reached out to push him immediately, soft and weak, but she still pushed her hard, beat him, let the man stop, not to do so to her.

Xing liehan felt her strong protest, so he had to leave her mouth and squint at her. "What? Isn't it hard? "

Tang Siyu immediately stepped back to the other end of the bed and stared at him angrily, "Xing liehan What did you give me to drink? What's your peace of mind... "

Xing liehan's brain hummed. The woman probably thought of the reason, but she thought it was his medicine. This time, he was really wronged.

"Tang Siyu, you've drunk something wrong, but it's not my way, but you've drunk someone else's medicine. Now, I can help you." Xing liehan makes a low voice to clear his suspicion.

Tang Siyu gasped for breath. The medicine was more effective. She felt that her body was about to explode with heat. She grabbed the evening dress and was suffering to death.

"I don't want you touching me! You are not allowed to touch me... " Tang Siyu is suffering all over, but she sticks to the bottom line.

Xing liehan saw that she was already suffering. If she didn't take any more measures, the woman would suffer from the drug resistance.

Xing liehan suddenly wanted to be tough, so regardless of her wishes, he gave her and also gave her the medicine.

However, five years ago, she still hated him. If he did it again tonight, he would be worried that this woman would never pay attention to him in her life.

Xing liehan knew that there was a quick way to relieve the drug. Now it's too late to send her to the hospital. It's better to use that way!

Xing liehan goes to the girl with a small red face.

Tang Siyu watched him approach, and she immediately hurriedly retreated around her arm. At this moment, Xing liehan seemed to be a beast that would eat people at any time.

She didn't want him to touch it.

"Go away You go away Stay away from me. " At this moment, Tang Siyu, like a weak little beast, how to retreat, also can not open the man's encirclement.

Xing liehan's sword eyebrows are frowning. This woman's defense against him is really strong. He bit his teeth and said, "don't worry, I won't touch you! I just want to help you. "

With that, he immediately reached out his hand and quickly hugged her. Tang Siyu didn't believe him. In his arms, he struggled weakly, but this man's arms were solid and powerful, which was useless except for a fire. Xing liehan suddenly put out his hand and patted her angrily, "if you try again, I'll be rude. I don't believe you to try."

Tang Siyu's eyes are red with pain. Does this man need such violence?

Xing liehan takes her into the bathtub, and then directly presses the cold water to inject it. Tang Siyu is touched by the cold water, and suddenly shivers with cold water. She is pitifully lying in the desire tank, looking at the man squatting beside her. Her eyes are thick as night, staring at her, just like the hunter is staring at the prey, with a trace of resentment.

She had a shiver. Xing liehan looked at her in the cold bath with a sneer. He hooked his lips and said, "is it good?"

Tang Siyu felt cold to dispel the hot temperature in her head. At the moment, although she was shivering with cold, she was willing to accept this way.

Her pretty face was still red, and she looked up at him, "really not you?"

Xing liehan knocks her head hard. "What kind of person do you think I am? I want a woman, and I need to rely on this means? Women are just a matter of fingers to me. "

Hearing this, Tang Siyu suddenly felt resentment surging up. She was biting her lips. This man did not lack a woman. He did not need to show off his charm of chasing girls in front of her.

Xing liehan suddenly realized that he had said something wrong. He snorted, "but I don't want ordinary women."

Don Siyu doesn't care about him. Does he like it or not? How many women does he want to have relationship with her? As long as he doesn't get sick, don't show his women to his son.

Chapter 167

Xing liehan saw that she didn't speak. He reached out his hand to lift her chin. "As long as you open your mouth, you don't need to soak in cold water, I can make you very comfortable."

Tang Siyu breathed and clapped open his palm, not the airway, "no! Thank you. "

She likes to take a cold bath.

"You were definitely enthusiastic just now." Xing liehan chuckles.

Tang Siyu's cold water reached her waist, and she felt cold, but the heat subsided. However, the cold was not good. She felt that her pores were shrinking.

Although it was the weather at the end of June, but she seldom got cold water, she still felt cold. She was around her arms to resist the cold.

Xing liehan squatted next to her, and then watched her frozen face from red to white, red lips from pink to colorless. Finally, he kindly began to inject hot water from the side, neutralizing the temperature.

Tang Siyu looked at his action, and her chagrin turned into a little surprise.

"How do you feel? Is there any medicine left? "

"How do I feel?" How does Tang Siyu feel when he first drinks this kind of thing?

With a smile on his lips, Xing liehan opens the shirt with his long fingers. Tang Siyu stares, "what are you going to do?"

Xing lie coldly and wildly pulled open his shirt to reveal his strong and strong upper body. He approached her a little warmer. "Look at my figure, what do you feel?"

Tang Siyu avoids his figure. She just swallows her saliva subconsciously. Damn it, this man must be explosive.

"You're swallowing." A smile from the man's lips shows some pride.

Don Siyu began, "you put on your clothes, I have no idea about you."

Xing lie's smile on the corner of his cold mouth froze, and then there was some gloomy expression, "your woman just likes duplicity."

"I didn't! You put it on quickly. " Tang Siyu can't face his figure.

Did the man mean it? She was all drugged and he was still luring her.

Xing liehan just buckled two, laughing and teasing her, "do you want to swim by the way?"

Don Siyu gave him a look. "You like falling into a hole, don't you? Who on earth gave me that drink? "

"I think it's someone else's fault, and then it falls to you." Xing liehan guessed that it was the time of the dance, and the light was very dark. Maybe someone gave the medicine, but it was wrong.

Tang Siyu immediately twisted his eyebrows. Unexpectedly, someone else did this. However, she was the one who suffered.

Why is she so unlucky.

Tang Siyu feels clear at the bottom of her head. It's a pity that she has this beautiful evening dress on her. Now, it's wet.

"You go out and I'll take a shower." Tang Siyu goes to xinglie cold road, and then she sneezes a few times.

"Ha cho..."

Xing liehan is wringing his eyebrows. I don't think this woman has a cold!

Xing liehan goes out. Tang Siyu takes off her evening dress, and she goes to the shower. She has a comfortable hot bath, which makes her whole life come true.

Ten minutes later, Tang Siyu found that in the bathroom, except for the bath towel, there is no bathrobe, which is usually in the wardrobe.

She took a towel and wrapped her long wet hair. Then she took a towel and wrapped it tightly around her body. She pushed the door out.

Xing liehan is blowing on the balcony. When she hears the door behind her, she sees a woman just wrapped in a bath towel.

The place that bath towel can cover is limited, she cuts thin beautiful shoulder, clavicle, still have the plump that chest cannot cover, two slender and straight thin legs, all are appreciated by him.

When the balcony was opened, Tang Siyu looked at Xing liehan, who was in the light of stars, leaning back against the railing, but his eyes were staring at her directly. She immediately opened the wardrobe, took out the bathrobe from the wardrobe and put it on in the bathroom. Then she found out.

She was dressed in nothing but a bathrobe.

She dried a long hair in the bathroom. She looked at it at ten o'clock. She couldn't help thinking that this man must have arranged his son.

"Does Xiao Xi sleep in Wen's house?" She asked the man who came in.

"Well! When I called, he was so tired that he fell asleep. " Xing liehan replied that he would not hide anything from her about her son's safety.

"That Can we go home now? " Tang Siyu asked him.

Xing liehan saw that she was wearing a bathrobe, and also saw her embarrassment. She should not wear anything more than a bathrobe!

He thought of helping her today, but he was not flattered. He could not help complaining.

He snorted, "I'm tired. I'll live here tonight and leave tomorrow."

"No way! I want to go home. " Don Siyu doesn't agree. She doesn't want to be in the same room with him, especially when she has nothing to wear but a bath bubble.

This is a very dangerous thing."Then go back by taxi! I'm not going anywhere tonight anyway. " Xing liehan raises his eyebrows and makes a sound.

Don Siyu can't help shouting disgusting. Of course, she can't wear a bathrobe and take a taxi in the middle of the night. That's more dangerous. Then she thought of sushi, who will definitely come to pick her up. However, in the afternoon, she flipped through her news. She seemed to fly to another city to talk about an advertising contract, and didn't know whether she was in this city or not.

But she will try.

She dialed Susie.

"Hello! What's the matter, Miss Tang? Call me when it's so late. "

"Are you in the city?" Tang Siyu asked from the balcony.

"No! I'm talking about the advertisement contract in B city. I may not go back until tomorrow afternoon. What's the matter? What can I do for you? "

"And your agent and assistant?"

"With me! What's up? What's the matter with you? "

"Er! It's OK. Just ask. I'll get back to you tomorrow afternoon. " Tang Siyu smiles and pretends to be OK.

"Well! I am going to sleep! See you tomorrow. " Then Susie hung up first.

Tang Siyu breathed a sigh. Can't she leave this hotel tonight? Did she have to live with Xing liehan?

Tang Siyu heard the voice of a man taking a bath in the bath towel at this time. She couldn't help being impatient. She wanted to turn it over and ask for help.

However, she has been missing for five years. Her former friends are all strange and pale. Ye you can help her, but it's too late to disturb her.

Tang Siyu hesitated, ten minutes later, the door of the bathroom opened with a stab, and Xing liehan came out surrounded by a bath towel.

This man's stabbing appearance made Tang Siyu immediately tighten his chest. Under the light, the mermaid line was very clear, tight and cocky hips, which was almost sexy and suffocating. When he shook the water drops on his ink hair, it showed the wildness and charm of men.

Tang Siyu has an inexplicable sense of danger. She really shouldn't live in the same room with him.

Chapter 168

This man should not get his clothes wet, and then do not plan to wear it again at night!

Xing liehan looks at the woman on the balcony who is watching him. He makes a smile and makes a mockery of her? Don't you want to go? "

He knows her good friend is in this city. Seeing her holding her cell phone, he must have asked for help. What's wrong? Her friend is not in the city?

Tang Siyu bit his lip and said to him, "OK, let's sleep here tonight! But can you ask your assistant to buy a suit tomorrow? "

"Is this begging me?" Xing liehan's voice is in a quiet room. There is a kind of unspeakable warmth, and it's even more abhorrent.

Tang Siyu really begged him at the moment, but when she thought about it, she stared at him and said, "you owe me a favor to accompany you to the party tonight. Now I ask you to repay the favor, let your assistant prepare a suit of clothes for me, and lend me his car."

Xing liehan snorted and laughed directly. He grinned and squinted at her at the same time. "No, it's a deal between you and me. How does it involve my assistant? I won't say yes. "

Tang Siyu immediately choked, "you Good! Then lend me your car! I want to go home now. "

"Are you sure you want to go home in your bathrobe? So late, you're not afraid to meet bad people?"

"If not, you will accompany me back." Tang Siyu thought that he was not afraid of it!

"I'm going home around the bath towel. You're kidding. If I get hit, my reputation will be ruined." Xing liehan has many reasons not to accompany her.

"Good! You sleep on the sofa tonight! I sleep. " Tang Siyu orders.

"So, this is the chance to use the blank check, right?" Xing liehan thinks the deal is still worthwhile.

Of course, Tang Siyu doesn't want to waste it like this! But, no way, who told her to fall into such a situation that she had to beg him?

"Yes!" Tang Siyu said, she climbed to the bed, pulled up the quilt and covered her body.

Xing liehan chuckles, "OK!"

After that, Xing liehan gathered around a bath towel, arranged the sofa, and he went in. His slender body was not enough for him to lie on. Therefore, Xing liehan was obviously not sleeping well.

Tang Siyu didn't pay attention to him either. She thought of the way she kissed him and hugged him just now. Her pretty face was a little red. However, if the medicine wasn't given by him, he helped her.

Tang Siyu heard the sound of him turning over and over on the sofa. She raised her head gently and looked at Xing liehan's body on his side. However, he had big long legs on the sofa about one meter five and was very embarrassed to curl up.

Tang Siyu was stunned immediately. In fact, she only occupied a small part of the two meter long bed, and there was a large part of the bed wasted nearby.

Tang Siyu thought that although he was hateful tonight, he saved her. If he didn't save her, she didn't know what to do! Maybe it's going to burst blood vessels or have a bigger accident. Maybe it's going to be disgraceful!

She thought about it and made a decision. She sat up and said to the man on the sofa, "why don't you go to bed?"

Xing liehan immediately turned over and sat up. A happy smile came up from the corner of his mouth, but at the same time, he said to himself, "are you sure you won't take me out of bed?"

Tang Siyu was almost amused, but she still pretended to be calm and replied, "as long as you don't mess around, if you mess around, I'll bet."

"It's not certain who's messing around." Xing liehan doesn't believe her either. He doesn't sleep honestly. He always likes to put his feet on him. He has learned it several times.

"Don Siyu embarrassed face, very firm way," you rest assured, I sleep very honest. "

Xing liehan believed that she was strange. However, he hoped that she would be dishonest in sleeping, so that she would approach him initiatively, and he would not refuse her initiative.

Xing liehan lies beside Tang Siyu with his arms on his back. Tang Siyu suddenly realizes that he is only around a bath towel. She frowns and says, "you don't have underwear!"

"No wear." Xing liehan's answer is a little complacent.

"Why don't you wear it? You clearly don't need to get wet. " Tang Siyu is inexplicably angry.

"But I have a habit of cleanliness." The man's answer is just right.

Tang Siyu turned his back to him and was speechless. This man really didn't think about other people's feelings.

Tang Siyu lost a lot of strength after a drug resistance toss. At this time, she only felt dizzy and tired. She needed a rest urgently.

Xing liehan squints his eyes, and listens to the woman's breath on the side of his body, which suddenly becomes gentle and even. He can't help but stand up his elbow and look at her. As expected, he falls asleep.

Once again proved that he in this woman's heart, really no sense of existence!

If a woman sleeps on his side, I don't know how to seduce him with all my heart!

Xing liehan raised his elbow and looked at her sleeping face. Her skin was firm, tender and fragrant, which made him want to kiss her. Is this woman too bold? Dare to sleep so unprepared beside him? Did he dare not touch her?

If he didn't think about the fact that his son would hate him later, he really didn't want to aggrieve himself. He was as good as an honest man in front of her again and again. In fact, he only wanted to earn the wild animals that broke the cage. He could be locked in his body again and again, but he didn't know when to wait, so he couldn't.

Tang Siyu fell asleep, but the men around him were hard to sleep.

His eyes looked at her under the quilt like a thief. The thin and exquisite body felt a fire burning in his body just by imagination. But what could he do?

Xing liehan stands up and looks at her delicate red lips. Want to kiss, but he will lips fall in her hair, finally, or can't help kissing her red lips.

The soft touch made him want to be unrestrained. At this time, Tang Siyu twisted his eyebrows and turned around like he was disturbed to sleep.

Xing liehan immediately lies back quietly. Just then, Tang Siyu, who turned over, actively pasted him. Xing liehan can't help but feel her touch with surprise.

Some of them burn people's body temperature, which makes him enjoy it very much.

However, he felt that her body temperature was getting hotter and hotter. He could not help tightening his eyebrows. When he realized something, he immediately reached for her forehead.

The hot temperature on her forehead immediately shocked him. Damn it, her fever.

She must have been immersed in cold water just now, which made her feel cold. Xing liehan was still shocked.

Chapter 169

"Well Cold..." Tang Siyu's dream is balderdash. He tightens the quilt. People who are hot don't feel hot, but they feel cold.

Xing liehan immediately reached out and hugged her, tightly tucked her quilt in and wrapped her up. Then, he turned out of bed, took the phone on the head counter, and dialed the service number of the front desk.

Hello, may I help you From the sweet voice of the waiter.

"Send me a suit of men's clothes, ladies' clothes to room 4036, men's one meter eighty-seven, women's one meter sixty-five, please hurry up." Xing liehan finished very neatly. Hearing the answer from the waiter at that end, he hung up the phone and immediately called Han Yang, an assistant, to ask him to stand by at the door of the hotel immediately.

He looked at the girl beside him, his heart was taut, his eyes were covered with worry, he sat on the edge of the bed, and reached for the temperature of Tang Siyu.

The fever seemed to come very quickly. The temperature on her forehead was already hot.

"Damn it!" A low curse, Xing Lihan entered the bathroom, took a towel dipped in warm water to apply on Tang Siyu's forehead.

Tang Siyu was sleeping. She felt cold all the time. She shivered a few times. Xing liehan went to bed immediately, got into the quilt, tightly grasped her body, put it into her arms, and let her body cling to him.

Tang Siyu is really popular. Her small face has been burned very red. It's about the same as when she was treated with Chinese medicine. Her skin is tender and red, even the thin blood can be seen.

Xing liehan's heart is also constantly tightening. At this time, even though Tang Siyu's bathrobe is half open on his chest, he doesn't have any thoughts or thoughts.

If he still thinks about those things at this time, he is not a human being.

Ten minutes later, the doorbell rang, Xing Lihan pulled open, and a waitress pushed two sets of clothes up. It was still a new transparent paper bag, and a new underwear for men and women.

This is a special service of the hotel, which is available for the guests when they are in urgent need.

Xing liehan picks up two sets of clothes and closes the door. First, he changes his clothes quickly. At this time, Han Yang's mobile phone calls in. He is already at the door of the hotel.

Xing Lihan is not polite either. Open Tang Siyu's quilt, untie the strap of her bathrobe, put on her underwear and underwear directly, and then put on the white shirt and women's trousers provided by the hotel for her. Tang Siyu woke up a little bit. She narrowed her eyes and asked with a weak quality, "Xing liehan What are you doing? "

"You have a fever. I'll take you to the hospital..."

Tang Siyu felt that her bathrobe had been changed into clothes, and she also felt that she had even put on her underwear. Her burning eyes immediately widened a little, and she was ashamed, "you..."

"Don Siyu, do you think I'm still in the mood to appreciate your figure at this time? My son will hate me if he burns his stupid brain. " Xing liehan didn't say that angrily. He reached out and picked her up and went out.

Tang Siyu's brain was dizzy, and her fever was really painful. Besides, her brain was as thick as paste. She knew that he had scolded her just now, but she didn't even have the strength to scold people.

It is to hear from oneself breath one by one hurried rise, the head is a little dizzy.

Xing liehan carries her downstairs. Han Yang's car stops there. Han Yang opens the door of the back seat. Xing liehan sits in with Tang Siyu in his arms and says, "go to the nearby hospital. Hurry up."

Of course, Han Yang did not dare to delay for a moment. He stepped on the accelerator immediately and went straight to the nearby hospital.

It's ten minutes' drive. Tang Siyu nestles in Xing liehan's arms. Xing liehan hugs her. Tang Siyu is very cold, so he doesn't push him away.

When he arrived at the hospital, Han Yang went to register. Xing liehan took Tang Siyu into the emergency room, took his temperature and scared him.

Thirty nine eight.

It's nearly forty degrees. He's worried about the woman's brain.

Tang Siyu also realized that she had a high fever. She was lying on the bed in a daze. At this time, the doctor opened a bottle of antipyretic liquid and asked the nurse to give her an injection. Tang Siyu's brow was twisted with pain. Xing liehan immediately pacified her and stroked her forehead.

The male doctor is also going to wipe her body with alcohol to help reduce fever. When the male doctor is going to untie her clothes to wipe her body with alcohol, Xing liehan frowns, "I'll do this."

The doctor felt that the young and handsome man was familiar, but could not remember at a glance. However, Xing liehan's tone was beyond doubt, so the doctor nodded, "please wipe this young lady's forehead, neck, armpit and back of her abdomen."

"I know." Xing liehan certainly knows that.

The doctor naturally did not dare to stay in the room. When he left the room, he thought carefully, and then suddenly thought that this man is not Xing liehan, the president of Xing group, who is often the richest man in recent years?

I didn't expect that he would appear in this second class hospital.

In the room, Tang Siyu's face was red with high fever, but there was still reason. She bit her lips and said to Xing lie, "I Can we not wipe ourselves?" Xing liehan said coldly, "Tang Siyu, what are you still shy about at this time? Is your shame more important than your life?"

Tang Siyu was scolded. He felt that this man was not cute at all. Is he just cold to the sick man?

Tang Siyu bit his red lips and said, "wipe it!"

Xing liehan reaches out to unbutton her white shirt and begins to wipe it for her with a towel stained with alcohol. Tang Siyu looks red and doesn't dare to look into his eyes.

She felt that the place he had wiped was very cool and comfortable. At the same time, she felt that the man seemed to wipe her whole body.

She has a strong sense of shame.

Tang Siyu simply closed his eyes. However, the more closed his eyes, the more sensitive his body was. Xing liehan did not rub her gently, but with a little strength, her skin turned red.

"Well..." Tang Siyu bit his lips and sang softly.

Xing lie can't help but hook her lips and tease her, "is it comfortable?"

Tang Siyu didn't want to open his eyes any more, so he had to tightly clench his lips and teeth, and didn't want to make any more noise.

After Xing liehan finished, Tang Siyu felt that the whole body of the acupoints had been opened generally, and the heat began to fade slowly. Covering the quilt, the warmth surged up, which made her feel comfortable and want to sleep.

At this moment, there is also a trace of calming effect in the drip. She doesn't want to sleep, and can't help feeling sleepy. She fell asleep again in a flash.

Xing liehan took her temperature again from the side and it dropped to 39 degrees. He did not dare to relax and sat by her bed.

At this time, even if he is sleepy, he has to hold back, because he can't let this woman do anything.

Chapter 170

Looking at her sleeping face, Xing liehan suddenly felt a sense of mission that he had never had before. It seemed that in his life, there was more than one son, there was also a woman in his life.

He swore in his heart, Tang Siyu, I must make you my woman.

And sleeping woman, but do not know where to sleepwalk, do not know her side, there is a man in the heart of her guard.

Tang house.

Qiu Lin's mother and daughter are going to die of anger. Qiu Lin is so angry that Tang Siyu climbs a tree like Xing liehan. Is she ready to rob the property of Tang family?

But Tang Yiyi is envious and jealous, and strong unwilling mood covers her. Tang Siyu met Xing liehan five years ago. How could she be so lucky?

And clearly know that she betrayed the previous mufei five years ago, still infatuated with her guard.

Now, the two excellent men in her eyes are all around Tang Siyu. How can she not be angry?

Where is Tang Siyu good? She is just a little bit more beautiful, and there are many more beautiful women than her. Why does Xing liehan like her?

Tang Yiyi lies on the bed, sleepless until midnight, she will have a nightmare when she closes her eyes, dreaming that Tang Siyu stands in front of her with high toes and high Qi, laughing at her, ridiculing her, and stepping her under her feet.

Tang Siyu is the nightmare of Tang Yiyi.

And if she wants to be happy, she vows to eradicate the devil.

Tang Siyu was sleepy and dry. She couldn't help but wake up from thirst. She opened her heavy eyelids, dark lights, and saw her. The decoration of the hospital made her turn around immediately.

The slight noise she made woke up the man on the chair beside her. Xing Lihan immediately looked up and saw the woman with her eyes open. He asked softly, "is there anything uncomfortable?"

Tang Siyu said hoarsely, "I want to drink water."

Xing liehan hurriedly gets up, goes to the nearby water fountain, takes the disposable water cup and pours the water for her to drink.

Tang Siyu sits up hard, and a big palm immediately supports her weak back. When Tang Siyu is ready to take over the water cup, Xing Lihan sends it to his mouth again. He tries the temperature, and then hands it to her.

Tang Siyu's dizzy head suddenly flashed a touch of emotion. She took the water glass and drank it. After drinking it, she leaned on the bed. She didn't want to sleep anymore. If she slept again, her brain would be more dizzy.

"What time is it now?" Tang Siyu asked.

"Four o'clock in the morning." Xing liehan replied, reaching for her forehead and touching it, "the fever has subsided, but the doctor said that you have a high fever suddenly, so he suggested staying in the hospital for a day to check."

Tang Siyu also did not expect that one night, she will experience so many things, at this moment, she really has no energy.

"I should be all right. Let's leave tomorrow morning!" Tang Siyu doesn't want to stay in the hospital either. Maybe that's what every patient thinks.

Xing liehan had to answer, "OK, if you don't get hot again at eight in the morning, we'll go home."

Although the light is not bright, but Tang Siyu looks at his eyes a little congested, although still bright, but tired.

Tang Siyu's heart ached for a while, and she said with some guilt, "otherwise, go back to rest! I can wait until tomorrow morning, and I'll let my father come. "

Xing liehan snorted, "do you think I can sleep when I go back?"

"Why can't you sleep?" Tang Siyu asked with a wink.

Xing liehan's chest was slightly blocked, and he bit his thin lips. "You want to do it yourself!"

It's for her, of course. This woman's brain is burning!

Tang Siyu pondered for more than ten seconds, and then realized later. She really didn't adapt to his good side to her. She blinked her long eyelashes. Then, she suddenly moved to the other side of the bed.

"Or go to bed!"

Although the bed is a single bed, but a squeeze, or can sleep on two people.

Xing liehan stands up and is not polite. He takes off his shoes and lies beside her. Tang Siyu tries to move aside. But as soon as this man lies down, the space is still very crowded. He is squeezed to his chest on her shoulder. She can feel his strong heartbeat.

Xing liehan's healthy arm suddenly hugged her waist, and he asked, "lie down and sleep with me."

Tang Siyu had to lie down, one lying, one side, close together.

Xing liehan is buried in her hair. Her straight nose is against her neck. The hot air sprays on her skin, which makes her feel a little itchy.

Xing liehan is really asleep. He is tired.

Tang Siyu is sleeping with her. Her big eyes are open in the light, and they are bright. They are like spirits at night. They are very flexible.

She did nothing, and listened to the man's even breath, one by one, with her breath, in the quiet ward, rhythmically fluctuating. After about half an hour, Tang Siyu's eyes blinked a little tired. She closed her eyes, and suddenly the man around moved. Before she opened her eyes, she felt a big palm on her forehead and stroked her temperature.

Don Siyu just pretend to sleep! Then, some messy quilts on her body were arranged by the man, covering her shoulder, and Tang Siyu felt the considerate care of the man motionless.

Suddenly, she felt the red lips were quickly branded by the warm lips.

Her brain is slightly fried. Xing liehan even kisses her.

But the man just kissed, and continued to nest his posture, buried in her neck and fell asleep.

Almost immediately, Tang Siyu felt his breath was even, and she opened her eyes gently, there was still consternation in her eyes.

She took the corner of her eye to glance at the man, but she did not dare to move about, for fear of disturbing him.

Tang Siyu waited until about half past five. She was also sleepy and fell asleep unconsciously.

Xing liehan woke up at seven in the morning. He took the thermometer beside him and read her temperature, which was stable at 37 °C 2. There was no sign of high fever.

After a while, Tang Siyu also woke up. When she saw the man sitting beside her, her face was quietly hot for a while. Last night, he kissed, she could remember!

The doctor came to check the room. After confirming that Tang Siyu had no more high fever, he issued a discharge certificate. At half past eight, Xing Lei left with Tang Siyu.

Xing liehan wants to take her to breakfast. Tang Siyu has no appetite. She wants to cook some porridge at home. Xing liehan has to take her home.

When Tang Siyu got off the bus, Xing liehan called her aunt and asked her assistant to pick up the evening dress from the hotel. It must be a precious evening dress that can't be lost.
