Chapter 171

Tang Siyu's feet are weak. She never felt so weak. She stepped on the ground step by step, just like stepping on the clouds, without strength.

When Xing liehan saw her enter the door, he helped her down the door frame. He found that she was unable to walk. He suddenly stepped forward. Before Tang Siyu could react, he grabbed her and walked to the elevator.

"Er..." Tang Siyu was shocked. The man even hugged her.

Tang Siyu presses the elevator and is hugged by Xing liehan. She blushes with embarrassment.

She has been carried into her sofa by Xing liehan.

When Tang Siyu thought of cooking porridge, he saw the man enter the kitchen. She was slightly surprised. Was he doing it?

After a while, Xing liehan came out and said to her, "it will take half an hour to get well. Are you sure you are not hungry?"

"I can't eat at the moment. If you are hungry, you can cook something to eat!"

"I'll have porridge with you. I'll take a bath now. You're here. Don't run around." Xing liehan told her as if he had ordered her.

Tang Siyu couldn't help but smile, "I don't have the strength to run around now."

"I'm afraid that if you don't have the strength to run around, I'll take care of you if you hurt yourself." Xing liehan complained and pushed the door into his room.

After death, Tang Siyu had to recognize this sentence, because it is he who has been taking care of her!

On the highway.

Sushi was still curled up in the wide back seat, squinting. Suddenly, the assistant in the car exclaimed, "my God! Sister Xi has another scandal. "

"Let me see." Annie immediately took the assistant's cell phone and looked at it.

Sure enough, I saw a new girl outside the circle with the title of flow queen. It was a picture of sushi going out from home to eating with a man. In the picture, the man came out one by one, and the next picture was sushi and the man came out with their arms around their waist.

Annie looks at the man in the picture. She is handsome and slender. She is not an ordinary man, but she doesn't know each other. Does Suxi carry her back and socialize with men outside the circle? As her agent, she was really a bit upset.

Anne looked at Susie, who was still sleeping soundly. She immediately reached out and patted her white face.

"Heathy, wake up."

"Eh? Did you get there? Can I have breakfast? " Sushi immediately opened her blurred eyes and thought about eating. Because she was on her way at six in the morning and could go back to city a in three hours, everyone rushed back to breakfast hungry.

"Tell me first, who is the man you eat with." Annie's some not good gas asked, at the same time, the mobile phone to her.

Sushi squinted her eyes and took a look. Her head, which had not been sober before, woke up immediately after seeing the man in the picture.

She opened her eyes wide, my God! Did the paparazzi follow her dinner with Wen lichen?

"Who is he! Is it really a boyfriend outside your circle? " Anne asked curiously.

Suzy shook his head quickly. "No, he was the man who picked up the gem last time. I'm going to invite him to dinner this time to thank him!"

"It's him! It's very handsome! " Annie was relieved.

The assistant Xiaomi said immediately, "sister Annie, it's not only pretty! It's so handsome. It's a pity that this man doesn't become a star. "

"He doesn't want to be a star, and he doesn't want money." Susie replied, and then she wondered if he would see the scandal.

"Well, it's a good time for you to earn more exposure when your new movie is released in summer vacation!" Anne has no problem.

Sushi was silent, and her mind was Wen lichen's bad face.

"Sister Anne, I'll go home for dinner at night."

"What did your parents say about you?"

"Not really. I just want to go home to accompany them. Besides, my sister seems to come back and get together with the family."

"You know that your family likes to compare you with your sister. Do you have to go back at this time?" Anne asked.

"My sister is excellent, I admit." Susie smiled bitterly. It's enough to have a child at home to make parents proud.

Annie also sighed. Susie's position in the entertainment industry has been stable. However, her position in the family has always been the last.

Wen lichen's villa, at this moment, the man who just finished the satin training, took a bath and stepped out, just around a bath towel at the waist, the whole arc beautiful back, the line feeling is particularly smooth, giving people a hidden strong explosive impact.

He is going back to the room on the second floor. His cell phone rings on the desk. He steps over and takes a look at it. Then he picks it up. "Hello!"

"Hello, Wenshao, there is a rumor about your relationship with sushi, the group's female artist, on the Internet. Do you need to delete it immediately?" That's the voice of his assistant, Li Wei.

Wen lichen's good-looking sword brow twisted. Was the last meal secretly photographed?

"I'll take a look and make a decision." Wen lichen answered with a low voice, hung up the phone, searched for sushi directly, and then jumped out of her latest scandal. He clicked to see the picture above. Wasn't it the last dinner? Seeing the title, his good-looking brow frowned again, and he was even crowned by the media as her boyfriend outside the circle.

Wen lichen took a look at the following descriptions, which were not excessive. He simply described the process of Sushi's going out for dinner. At the same time, a line appeared and was hugged by the mysterious and handsome man of the same trade.

Wen Li Chen's mouth was hooked. He called back his assistant's phone. Li Wei's voice immediately came, "Wen Shao, do you need to deal with it?"

"Forget it, no need." Wen lichen said softly, "you only need to track the follow-up. If anyone intends to find out my identity, immediately delete it."

"OK!" Li Wei answers.

Wen lichen picked up his mobile phone, sat on the sofa, and looked at the news carefully. In the photo, he and sushi saw that there was a real love between them.

But only they know that this is just a picture captured. In fact, on that day, when they left, her mood was still very unhappy.

However, there are still ten meals between him and her!

At this point, Wen seems to be in a better mood.

Tang Siyu waits on the sofa for a while. Xing Lihan changes a very homely and leisure clothes. He looks at the sofa with a pillow in his arms. His hair is long and loose. His face is pale. He is pitiful like a kitten crying to be fed. He pulls up his mouth, looks like a responsible owner, walks up to her and reaches out to touch her head.

Tang Siyu did not resist, because her feelings for this man have become more complicated. After last night, she has made some changes to him.

Chapter 172

Xing liehan pours a cup of lukewarm boiled water and hands it to her. Tang Siyu takes a look at him and asks, "when will you pick up your son?"

"Pick it up in the afternoon!" Xing liehan had thought about today's plan for a long time. She had a high fever all of a sudden and had to have a good morning's inspection.

"My son will have an opinion." Tang Siyu twisted his eyebrows. Since his son was born, she and he are inseparable.

Xing liehan's sword eyebrows are slightly selected, and his lips are hooked up with a smile. "As long as I say that I am in love with you, he guarantees that he has no opinion."

Tang Siyu drank the water and was choked for a while Cough... "

Xing lie's cold eyes flashed a little displeasure, at the same time, he naturally drew paper from the side and handed it to her, without good airway. "What do you mean? Do you still feel wronged when you fall in love with me? "

Tang Siyu breathed a sigh of relief, took a paper towel to wipe the water stains on the corners of his mouth, whitened his eyes, "do I still need to feel honored?"

Xing liehan holds his hands from her side and stares at her seriously. "Tang Siyu, how about we try?"

Tang Siyu immediately turned his head back, big eyes dribbling, instinctively avoiding his burning eyes.

"Try What do you want to try? " Tang Siyu pretends to be stupid.

Xing liehan doesn't give her the chance to act silly. He pinches her chin gently with his big palm, forcing her to stare at him. His sexy thin lips say word by word, "try to fall in love with me!"

Tang Siyu's pretty face is red. This man is really direct.

"Then Do I have the right to refuse to say no? " Tang Siyu was pinching his chin, and he didn't speak very well.

The handsome face of the man immediately became gloomy and said, "Tang Siyu, I will not go around with you. I want to give Xiaoxi a complete home, so I will try to cultivate feelings with you. You have no right to refuse to say no."

Tang Siyu's brain was originally in a mess. At this moment, she was even more blank. She blinked, instinctively retorted, "how could you be so domineering..."

"I give you two choices. First, you can be my girlfriend directly. Second, you can try to be my girlfriend. You can choose one." Xing lie's cold and deep eyes lock her tightly, showing the color of hegemony.

The most difficult thing in life is the multiple choice question. What's more, there are two multiple choice questions with the same meaning.

Tang Siyu can't help hanging his face down, burying it in his chest like a ostrich, and said stiffly, "I don't choose, I don't choose either."

Xing liehan gave her a bad knock on the head. "Give you a day. If you don't choose, I'll be your first choice by default and be my girlfriend directly."

Finish saying, he stepped toward the direction of the kitchen, behind him, Tang Siyu stared at his back, full of resentment, can this man not be so domineering?

When did she say she would be his girlfriend?

Xing liehan watched the porridge enter the heat preservation. He reached out and opened it. He took out the olives and pickles she had bought before from the cabinet, and filled them with a delicate butterfly. He put the porridge into the water and brought it out cold.

Tang Siyu gets up from the sofa and goes to the table. Xing liehan fills her with a bowl of porridge and takes all the spoons and chopsticks.

Tang Siyu's chest was slightly shocked. From last night to now, she had a new understanding of this man. Although he was domineering and vicious and often bullied her, he was a responsible person when she was ill.

Xing liehan sat opposite her and began to eat his breakfast gracefully. He could have gone to the high-end early restaurant and eaten all the nutritious meals he liked. But now, he accompanied her to drink the insipid white porridge and eat breakfast with two butterfly dishes.

Tang Siyu eats silently, with a trace of gratitude flowing in his heart.

Tang house.

Last night, Qiu Lin and Tang Yiyi didn't tell Tang Xiong that Xing liehan was the father of the child, so at this time, Tang Xiong didn't know the relationship between his grandson and Xing liehan.

At seven o'clock in the morning, Tang Xiong went out to deal with official business in the company. Qiu Lin's mother and daughter were the only ones in the Tang house.

On the breakfast table, the breakfast prepared by the servant was abandoned by Tang Yiyi. She was holding her cheeks and her eyes were full of resentment, as if someone owed her several hundred million yuan in the morning.

"Yiyi, I know you're very congested now, but it matters how much you eat." Qiu Lin advised.

Tang Yiyi's eyes are bloodshot. She still has nightmares when she is sleepless. There is no way for her life to calm down.

"Mom, do you think the relationship between Tang Siyu and Xing liehan is true?" Tang Yiyi always suspects that Tang Siyu is making a show.

"No matter whether it's true or not, they have a common son, which can't be fake. I think about that child carefully, it's quite like Xing liehan." Qiu Lin's chest is also full of resentment.

"Then what? What if she relies on Xing liehan's relationship to fight for our family property? Then we won't be able to compete at that time. " Tang Yiyi is afraid to become a man with nothing.

Qiu Lin sneered, "no way! Now as long as your father is still the director of the company, Tang Siyu dare not come here. Moreover, she also knows that the company is your father's own child, and she will not let Xing liehan step in. ""Mom, in case Is Dad out of the world? "

"There's another thing in the world called Yixian. As long as your father's Yixian says that our property is ours, that's ours! Tang Siyu can't get away with Xing liehan. " Qiu Lin is calculating.

Tang Yiyi looked at his mother and begged, "Mom, you must not let Tang Siyu be proud again."

"Let's watch how long Tang Siyu can be proud of her first, and then find a chance to make Xing liehan hate her and just hate her."

"Well! We must find a way to break the relationship between her and Xing liehan. " Tang Yiyi can't wait to do so.

"Slowly, this life is still long! She can't play us. " Qiu Lin's eyes flashed a fierce sense of killing.

At noon, Tang Siyu took a hot bath, and then she was very happy. She came out of the bathroom wearing a long sleeved Pajama, and saw Xing liehan's slender body sitting on her sofa, with a laptop in front of the table. He worked at her home.

The bright sunshine outside the window makes people feel lazy. Tang Siyu sits beside him with a cup of hot water and appreciates the way the man works.

It's true that men are the most handsome when they are serious.

Xing liehan's black hair is thirty-seven points. At the moment, he doesn't have any stereotype or care. He covers his forehead in a bit of disorder. His temples are manicured cleanly, and he exudes a kind of masculine charm without any reason.

Chapter 173

The eyebrow is as sharp as a knife, the eyes are narrow and introverted, the nose is very arrogant and charming, the lips are perfect, with the most charming lemon chin of men, the arc is elegant and very sexy.

Tang Siyu has to admit that the man is handsome and has some fouls.

She thought he was staring at the computer, tapping on the email. Unexpectedly, his eyes were so charming that he asked her, "do I look good?"

Tang Siyu choked at once, and his pretty face was slightly red. He knew she was looking at him.

"Just That's it! " Tang Siyu stammered and replied that she was not good at flurry.

Xing liehan chuckles, "I'm all your future men, so it's not bad to say that I look good to you."

Tang Siyu is forced to bear a chagrin. This man is now saying that he is her man! When will she agree with him?

"Last night, you took the initiative to rely on me, just to let the mother and daughter know that you are my woman? You have to do a whole set of acting. If it's broken down, you will be ugly. " Xing liehan continues.

Tang Siyu was embarrassed. The man was really looking into everything, and even analyzed her heart so clearly.

Indeed, Qiu Lin's mother and daughter should be mad at this time! What they are most worried about is that they once got the upper hand over them. Now, Xing liehan's identity undoubtedly poses a threat to them.

"I will allow you to be outside in the future, as a woman of mine." After Xing liehan finished, she gracefully closed the computer and sat next to her with a little pressure.

Tang Siyu swallowed his saliva immediately and looked at him nervously.

Xing liehan looked at her and said with a smile, "the doctor said that in your current situation, you need to have a good sweat and fever. I have a good way."

Today, Tang Siyu's brain seems to be filled with paste. The reaction is always half slow. She blinked and asked seriously, "what's the way?"

"A sport." Xing liehan smiles warmly.

"Do you think I have the strength to exercise now?" said Tang Siyu, twisting his eyebrows

"There's a movement where you don't have to work, just lie down! I can sweat for you, come or not!" Xing liehan hinted more clearly.

Tang Siyu's brain is slightly bombarded. What does this man think! She immediately reached out to push him away and refused, "no!"

Xing liehan's face turned red when he saw that she was frightened. He had a funny laugh. "OK! I'll take you for a walk in the afternoon and make you sweat. "

Ten minutes later, Xing Lihan and Tang Siyu go out for lunch together. The elevator stops at the 25th floor. Tang Siyu is in a trance, but Xing Lihan finds out.

Jingle, elevator open, coincidentally, Murphy stood inside.

Tang Siyu was surprised, but he didn't react. The man around him naturally took her hand and stepped in.

Mufei's eyes flashed over the color of injury. Tang Siyu and Xing liehan stood in front.

"Honey, what would you like for lunch?" Xing liehan holds Tang Siyu's shoulder, and her thin lips fall into her hair, touching and kissing.

Tang Siyu's body is stiff. Can this man stop like this?

Xing lie's cold eyes flashed a bad smile, reached out and arranged the hair in her ear, and smiled, "look, you are sweating, did you just get too tired?"

Tang Siyu is buzzing. What story does this man make up?

Xing liehan reached out his hand and stroked her long hair. He comforted her and said, "well, next time I'll pay attention to the time, it won't make you tired!"

It was as if he and she had had a heated bed scene before they went out.

Behind him, Murphy's fist was clenched just now. At this moment, he almost clenched his hand tightly. He watched the woman he loved most, was with other men, and was forced to listen to their private conversation.

Tang Siyu was so stiff that she didn't want to look back at Murphy's expression. She was a little upset that Xing liehan was too bad. Did she have to say these words to make Murphy misunderstand?

"Ding..." The elevator stops on the first floor.

Xing liehan leads Tang Siyu out. Mufei suddenly follows him. He takes a deep breath and reaches out to stop them.

Xing liehan's eyes immediately became gloomy and cold. "What are you going to do?"

Murphy's mood was obviously extremely agitated. He looked at Tang Siyu with a pretty face. Because she took the medicine, her forehead was indeed covered with a thin layer of sweat. Moreover, her cheeks were also flushed, which was really like the appearance after a passion.

He took a deep breath and said to Tang Siyu, "Siyu, I bless you!"

At the same time, his eyes fell on Xing liehan's Yingting face again, and he bit his teeth and said, "Xing liehan, you'd better treat her well. If you dare to hurt her and betray her, I'll tighten Tang Siyu's heart. She knows that Murphy's fight against Xing liehan is not because of her, but because they are rivals originally.

Xing lie smiled coldly. "Then put your horse here. I'm not afraid of you." Mufei finally takes a look at Tang Siyu. "Siyu, I won't disturb your life. You need to be happy."

With that, Murphy took the lead in leaving.

After his death, Xing lie watched him coldly, and Tang Siyu was relieved. Mufei was able to break away from the shackles of his past feelings and come out again. She was happy for him.

However, the hostile atmosphere between him and Xing liehan worried her.

Tang Siyu is stunned. Xing liehan holds her small hand and squints to ask, "are you worried about me or him?"

Don Siyu raised his head, but didn't hide his real idea. "I'm worried about you."

Xing liehan listened to it, and the corner of his mouth was directly in a good mood. "Don't worry, I will never worry you."

Tang Siyu has been refuting his words, but this sentence, she hopes it is true, she hopes Xing liehan really has the ability to stand up in the mall and become the king forever.

She was not only the father of her son, but also another feeling that she could not say.

In short, in the struggle between mufei and Xing liehan, she will stand firmly beside him.

Murphy, has become her eternal past, and this man, will be her future?

Chapter 174

Wenzhai.

Xing Yinuo usually likes to pay attention to things in the entertainment circle, because her dream is also to become a star, especially when she saw Suxi real person last time, she really likes to love her! So, I usually search her eight new articles when I'm free.

Then when she saw someone black her, she would brush sushi one by one. She was a real little fan.

After she finished her homework today, while Xing Yixi and Wen Liangyao were playing with remote control aircraft in the garden, she lay in bed and began to refresh the latest news and news of sushi.

Soon, she wrote a piece of news floating in front of her. It was said that Suzy had made a boyfriend. Her heart immediately jumped, and she quickly went in to see what the idol's boyfriend looked like.

A little in, she didn't read any words, just looked at the photos, this one, her big clear eyes directly gaped.

My God! Sister Sushi's boyfriend is brother Wen. WOW! Great, great, Xing Yinuo said, and immediately picked up his cell phone and came out of the door.

As he went downstairs, he called out to the hall, "Auntie, Auntie Wen..."

Mrs. Wen walked out of the kitchen at once, listening to Xing Yinuo's worried voice, what did she think she had done!

"What's the matter, Xiao Nuo? What's the matter? " Mrs. Wen hurriedly came nervously, but looked at Xing Yinuo with her mobile phone and a small face excitedly, "aunt Wen, good news, brother Wen has made a girlfriend! And it's still a beautiful goddess! "

Mrs. Wen said, "what? Li Chen? "

"Look, it's brother Wen! It's all there. " After that, Xing Yinuo quickly took the mobile phone to Mrs. Wen's face. Mrs. Wen immediately took it over and looked at it. She was surprised. Looking at the picture, isn't it her eldest son?

"This is sister sushi. She is Xiaoxi's godmother! And big brother Wen is Xiaoxi's godfather. Do you think they are very worthy? " Xing Yinuo could not wait to see the success of this good deed.

After carefully reading the following description, Mrs. Wen knew that sushi was a girl in the entertainment circle. Besides, she should be a female artist under her son's group. Mrs. Wen carefully looked at the girl in the photo, which was delicate and charming, and a recent photo was pure and beautiful.

"This girl is very good-looking. She looks very beautiful!" Mrs. Wen nodded in recognition.

"Great, sister sushi is going to marry brother Wen." Xing Yinuo picks up the mobile phone and says happily.

Mrs. Wen's heart beat a few times at once. Isn't it possible that her son's good deeds are approaching, and she doesn't even mention their parenthood?

Although she hopes her eldest son will get married soon, because they are really lonely and need the company of her grandson. Now, looking at the lovely little guy who is dancing outside the window, she and her husband don't know how envious they are!

Mrs. Wen would like to know what kind of person Suxi is. She must be in such a mess in the entertainment circle, or she should be a little concerned. The company in her family runs this business. Her husband used to surround a lot of yingyingyanyan. If it wasn't for their husband and wife's strong feelings, I don't know if she could stabilize this family!

Therefore, she still has some shadow in her heart for the girls in the entertainment circle. Instead, she hopes her son can find a rich lady who is in the right place, and at least doesn't need to show up outside, because the female star must be an artist, which will inevitably appear in various occasions.

Mrs. Wen thought, picked up her mobile phone, walked to the direction of the back garden, and dialed the number of her eldest son.

The highest level of Tianmu entertainment group belongs to the mysterious area. Only the top managers of the company can come up here. At this moment, there is a meeting being held here.

Wen lichen sat in the top position, full of awe inspiring aura. He was listening to the report. Suddenly, his mobile phone on the desktop suddenly started to ring. His eyes took a look. His eyes were slightly soft. He got up and picked up at the same time.

"Hello! Mom! What's the matter? "

"Li Chen! Why do you have an affair with your company's artists? Didn't you promise me that you won't find the artists below the company as your girlfriend? " Asked Mrs. Wen curiously.

Wen lichen smiled. "Mom, she's just a friend of mine."

"I heard she was Xiaoxi's godmother, wasn't she? Do you know her? " There is no right meaning in Mrs. Wen's tone, but as a mother, she is naturally curious about the girl her son gets along with.

"Her name is sushi. She's a female artist with a clean background and a decent private life. But she and I don't have that kind of relationship on the Internet."

"What's your relationship then? Can't you deal with this sort of thing? " Mrs. Wen is the one who gave birth to him. Some of his subtle thoughts can't be concealed from her.

Wen lichen chuckled. "Mom, don't think about it. I'll deal with it soon."

At the other end, Mrs. Wen sighed, "I don't interfere with your association with artists, but the girl must be clean in body and mind. I don't want anything to happen at home." Wen grew up with his parents. How could he not know what his mother had suffered before? The father is the big boss of Tianmu group, and there are countless women sticking up naturally. Even if the father's love for his mother is firm, it is inevitable that something will happen. When his mother was young, he suffered a lot. Therefore, he made a promise to his mother before. In the future, he would never find a company artist to be his girlfriend.

Even now, he still doesn't want his mother to worry, "Mom, don't worry! I'll get rid of this scandal soon, and it won't worry you. "

"Do it yourself! I will not interfere with you. " "Will you come back for dinner in the evening?" said Mrs. Wen

"Depending on the situation, if I will go back, I will inform you in advance. Is Xiaoxi still there?" Asked Wen lichen.

"Still there! This kid sticks on Liang Yao, especially likes him, is really lovely! Your dad and I are both dead in the dark. " Mrs. Wen said, laughing.

Wen lichen also laughed, "then I'll give you one as soon as possible."

"Good! Then I'll wait to hold my grandson. " With that, Mrs. Wen hung up laughing.

On the grass outside the window, Wen Liangyao is flying low, while the little guy is chasing after him, giggling constantly.

Xing Yinuo stood in front of the window and watched the scene, especially Wen Liangyao, who was pestered by the little guy these two days and didn't ask her to do exercises seriously all the time. That's a good thing!

She was also worried and nervous from the beginning, and now she is used to getting along with the tutor.

Chapter 175

Susie is resting in the studio. She thinks of the scandal today. She can't help but search for it. However, she searches her name. It appears in the promotional film of her new play the other day. The scandal between her and Wen lichen is deleted.

Sushi stayed for a few seconds. After blinking, she thought that it must have been deleted by Wen lichen. Of course, he didn't like to have an affair with an artist like himself. At first sight, he was the big brother of the hidden family.

"Sister Hickey, you just deleted the scandal in the morning! I don't know who deleted it. " Her assistant Xiaomi came in very conscientiously to inform her.

Su Xi red lips rise up, "client, besides me, who else can have?"

"You mean, it was the super handsome guy who deleted it!" Xiaomi is a little distressed for her. Why does the handsome man delete this message?

This answer is only known in Sushi's heart. She knows that even though she is famous, in the eyes of rich people, she is just a performer. Where can she get on the stage?

Sushi laughed at herself, and thought bitterly. The man wanted to invite him to another ten meals. He didn't even think about it. She would not invite him.

Even if he looks down on her, she is not rare to be looked up to by him.

When Susie's resentment passed, she suddenly began to wonder. What's her anger here?

He likes to delete it!

She took it easy.

In the afternoon, Wenzhai, Xing liehan and Tang Siyu stepped in.

"Daddy, Mommy..." A childish call, Tang Yixi withdraw Ya son to run toward them.

Xing liehan immediately squatted down and held his son high in his arms? Did you get in trouble? "

The little guy immediately shook his head seriously, "no, I've been playing with Uncle Liang Yao on the plane!"

Tang Siyu looks at his son tenderly, obviously he has a good time here!

In the hall, Mrs. Wen entertained them. Mr. Wen went abroad to meet friends in the morning.

"Big brother, Siyu sister." Xing Yinuo's sweet figure ran down from the second floor excitedly.

Xing liehan's eyes immediately glanced at her slightly reproachfully, "without any appearance of a lady."

Xing Yinuo immediately tooted his red lips. Brother asked too much of her. However, he always had a knife mouth and a heart full of tofu. He always hurt her more.

"Big brother, did your parents tell you that during the summer vacation, let you take me and Xiaoxi to find the second brother to play with!" Xing Yinuo is already in line for her holiday.

Of course, Xing liehan received it. He chuckled and stroked her hair. "Do you want to go then?"

"I want to go."

"Daddy, I want to go too." The little guy raised his hand.

Xing liehan immediately decided happily, "OK! That father takes you and the little aunt together to find the little uncle to play! "

"Sister Siyu, go with you!" Xing Yinuo invited, she thought, Tang Siyu has gone, and big brother has a chance!

Tang Siyu thought for a moment and said, "look at the time. I still have work."

"I'll arrange the time. I can't. I'll send them to meet you first." Xing liehan naturally also hopes that she can participate in the family fun time.

"Mommy, you go! It must be fun! " The little guy wants mommy to go, too.

It's hard to say that Tang Siyu promised to record her new album with Ye you. She might be busy for at least half a month. She smiled and said, "I'll go as much as I can!"

Xing Yinuo suddenly has a smart mind. "Xiao Xi, let's go and play first! Let big brother and your mommy come later! "

The little guy blinked his eyes. Xing Yinuo immediately came to his ear and whispered. The little guy agreed with him, "OK! Daddy, you can take my aunt and me first! Then, you and Mommy can come back. "

Tang Siyu probably guessed what Xing Yinuo said to her son. Her pretty face was slightly hot. She could see that Xing Yinuo seemed to want to match her and Xing liehan.

"Well, Xiaoxi, we should go now. After your last week's class, you'll have a holiday. Let's play with your aunt again."

"Well! Goodbye, aunt. "

Xing liehan said to the little guy, "go and say goodbye to grandma Wen."

The little guy ran to the backyard and said goodbye to Mrs. Wen, who was talking to the servant. After he came out, Xing liehan and Tang Siyu took his little hand and walked towards their car.

Xing Yinuo watched her little nephew leave. She couldn't help sighing. Just then, a clear male voice sounded behind her. "Enough playing, too. Should you go back to your room to do exercises?"

Xing Yinuo looks back. Wen Liangyao has just taken a bath and stepped down. His hair is fresh and clean. He is wet. He is wearing a casual and handsome Beige white sweater, which makes him look like a young sunshine.

Xing Yinuo blinked his eyes and said, "if you study in our school, my second brother will not be rated as the school grass throne, ah! He's been proud of it for years! "Wen Liangyao immediately chuckled, "what are your little heads thinking all day?"

"I'm just telling the truth! Brother Liang Yao, you are very handsome! " Xing Yinuo finished, holding his chin, staring at him like a fool.

Wen Liangyao was immediately stared at by a pair of fairy like big eyes. His handsome face flashed a little bit hot, but his eyes became cold. "OK, stop playing, go upstairs to do exercises, and I'll check later."

"Oh!" Xing Yinuo went upstairs with his cheeks bulging.

Wen Liangyao watched her figure go up, his clear eyes flashed a complex color, he quickly tightened his eyebrows, as if in self reproach of his mind, he stepped towards the direction of the garden.

Xing Lihan drives the car and takes Tang Siyu's mother and son back to the apartment. Xing Lihan says to her, "I've decided to change the school for Xiao Xi next semester. I don't live here anymore."

"And where do we live?" Tang Siyu looks at him.

"Of course, it's my private villa. There's a first noble kindergarten over there. The teaching equipment is no worse than here."

"Is it necessary to change it?" Tang Siyu's brow was slightly twisted.

"It is necessary to let people know that Xiaoxi is my son, which means that it brings a danger to him." Xing liehan's voice was very firm.

Tang Siyu's heart tightened immediately. Looking back at his son in the back seat, he found that the little guy was sitting in the safety seat with his head askew and fell asleep.

Looking at his little face, Tang Siyu could not imagine that he was in danger. She bit her lips and agreed, "OK! Listen to you. "

Xing liehan also saw that his son was asleep. He turned to look at her and said, "that is to say, if we don't go back to our apartment tonight, we will move tomorrow!"

"And the house here?" Tang Siyu must not be rich, so his ideas are more common.

"Leave it empty! Deal with it later. " Xing liehan squints his eyes.

"Isn't that a waste? You can rent it out! "

"I've lived in a place where I don't like to be moved in again. It's not that bad."

Don Siyu choked, forgetting that the man was too rich to be reckoned with.

Chapter 176

Don Siyu realized that if she lived in his house, wouldn't she really live with him?

Then she went back and thought, is there any difference with him now?

In her family, he is natural if he enters his own home.

So, for the sake of her son's safety, she only needs to have a place to settle down, but where is the man's villa? She's curious.

When it comes to Xing liehan's villa, it's the villa with Wen lichen on the back, occupying half of the hillside. The distance between the two villas is about a turn by car, while walking takes about ten minutes.

This piece was bought by these two super rich men, equipped with top-level protection system, absolutely safe.

After Tang Siyu stopped in Xing liehan's car, she looked at the huge luxury villa built in the middle of the sky. She couldn't help but stare at it, and wow. This man is so rich.

Xing liehan looks at her expression at the bottom of his eyes. He hooks his lips and smiles, "do you like my family? From now on, you can be the hostess here. "

Tang Siyu immediately turned around and pretended not to hear her. She pushed the door to get out of the car and stood here. The scenery was unique.

It's a good location that money can't even buy!

"Oh! On the other side is Li Chen's house. In the future, call your good sister, and you can visit his house. " Xing liehan made a remark.

Tang Siyu is shocked for a few seconds. Is Wen lichen's house on the other side? These two men are really brothers. They even bought the villa together!

However, Tang Siyu can't agree now, because Su Xi and Wen lichen seem to be enemies.

Xing liehan took the little guy down from the back seat, and he woke up. He wiped his eyes and looked at the strange place. He immediately hugged daddy. "Daddy, where is this!"

"Don't be afraid, this is daddy's home. From now on, we all live here!" Xing liehan points to his villa.

The little guy blinked at this beautiful villa, and his eyes began to rejoice, "really? Is this daddy's home? "

Xing liehan put him down and asked him to start running around. Xing liehan approached Tang Siyu and chuckled, "look, our son likes it very much."

He stressed that our son.

This made Tang Siyu immediately surge a little bit of current. She couldn't help thinking about how the child came.

In the past, she would certainly be angry, but at this moment, her resentment dissipated, and there was an indescribable feeling.

"Go up and have a look! Choose one of your favorite rooms. "

"Favorite? Is it up to me? " Tang Siyu immediately grasped the meaning of his words.

"Yes! You can also choose the master bedroom. " Xing liehan laughed. The woman began to be rude to him. He liked the feeling.

"Good! Then I'll have the master bedroom. " Tang Siyu raises eyebrows.

"OK, it's a big bed. It's no problem sleeping with us at night." Xing liehan smiles happily.

Tang Siyu immediately turned his head and stared at him. "Didn't you move out of the master bedroom?"

"I sleep in the master bedroom. If you like it, I welcome you to sleep with me." Xing lie's lips were tickled with cold laughter.

Tang Siyu is bored. This man just plays with her.

Forget it, she doesn't really want to rob his master bedroom. She can choose any guest room. It's better to have children's room partition.

Entering the hall, Tang Siyu stood in front of the floor to ceiling window, only to find that looking at the distant city scenery from here, it is very beautiful, and the land here must be expensive.

Xing liehan took her hand. "Go upstairs and have a look. The scenery is better."

Tang Siyu is so led upstairs by him. She looks at the hand he is holding. She wants to struggle, but she is too lazy to earn.

On the second floor, in Xing liehan's master bedroom, facing the bustling scenery of the whole city center, the huge floor to floor windows, arc design, Tang Siyu thought that the night view must be beautiful.

Tang Siyu went to see the children's room immediately. Sure enough, there was a well-designed guest room beside the children's room. She decided to live here. Anyway, she stayed here with her son.

Tang Siyu has a look at the bed sheets. They are all temporary new. Moreover, there is a trace of not staying in. Tang Siyu can't help thinking of one thing. It seems that the villa has been built for several years. Has this man ever brought back a woman?

In fact, Xing Lihan said that he had no women in these five years, she really did not believe it, because he always showed a look of desire and dissatisfaction in front of her. Did he solve it by himself in these five years?

Tang Siyu is thinking about this problem. A man's voice behind him says, "these sheets are all cleaned and cleaned regularly. You can sleep in peace and never get dirty."

Tang Siyu's face is hot and cold. She looks back at Xing liehan's two hands. They are clean and slender. They are more beautiful than women.

She couldn't help being cold. How could she think of such a thing?

"Oh! I'll live here! " Tang Siyu calmly replied and went back to the children's room to have a look. Xing liehan followed him in. "Tomorrow, I will buy more toys and other decorations for my son to make him feel more warm." "In that case, my son won't go to school in the last three days. I'll transfer her to another school." Tang Siyu thought that if he could not live there, his son would not go to school.

Anyway, there are no formal courses for kindergarten children.

Xing liehan twisted his eyebrows and said, "I'll do it."

"And my piano, can you send it to me?" Tang Siyu asked him, because it was too heavy, she had more trouble finding people.

Xing liehan looks at her thoughtfully, "OK! I'll bring it to you. "

"Thank you." Tang Siyu looks at him gratefully.

Xing liehan suddenly approached her, with a thin lip, and said, "let's have something practical!"

"Er?" Before Tang Siyu could react, he was beaten on the wall by the man's thin lips. Tang Siyu watched him kiss. It wasn't a regular dragonfly that ordered water, but

French

Tang Siyu's mind was blank for a few seconds. As she thought that this was her son's children's room, she quickly reached out and pushed him. How could Xing liehan let her go so easily?

Put her two little hands on the top of her head, and the kiss will be extended infinitely. The woman is so sweet that he doesn't want to let go.

Finally, I heard downstairs shouting, "Daddy, Mommy Where are you! "

Tang Siyu immediately shamefully pushes away the man, and Xing liehan also lets go of her. Xing liehan goes out and says, "let's go up on the second floor! Look at your room. "

"Daddy, you are so big here! Can I keep small animals? " The little guy asked as he came up.

Chapter 177

Xing liehan immediately helped his forehead, "er What do you keep? "

"A dog or a cat!" Little guy likes animals.

Xing liehan doesn't like pets very much, because he is not a good patient owner, and he has no spare time.

"Not for the time being, but later." Xing liehan refuses his son.

"Oh!" Little guy is obviously lost. Xing liehan can only let him lose, because he really doesn't want to raise him.

The little guy took a look at the room, and he was very satisfied. Then he went to visit daddy's master bedroom, and went to the third floor, which is the movie hall, gym, billiards, tea room, top floor, with an air swimming pool. In short, everything is high-end configuration.

Tang Siyu is also very satisfied. It's a pleasure to live in such a mansion and grow up with his son.

Just, she began to think about how to build a harmonious way with this man.

Just like before, he can't do it easily. What he does to her can't be a daily thing.

Because, she only accepts to live with him, but does not accept his body, which must have left a very bad shadow for her five years ago, especially the tearing feeling, plus she gave birth to a child, which made her never want to touch a man or a man in her life.

She didn't expect that she would live with the man who bullied her in those years. It's incredible to think about it.

"Let's cook at night! After a while, we will go shopping. It takes 20 minutes to walk from here to the shopping mall and only a few minutes to drive. " Xing liehan said to her.

"You take your son to buy it! Lend you a car. I'll go back and tidy up my son and me. I'll come back for dinner. " Tang Siyu thought that the wardrobes here are all empty. She can't stop bathing tonight!

Xing liehan thought for a moment and said, "OK! Go to the garage and choose what you like. "

"Daddy, do you have many cars?"

"Not many, just over twenty." Xing liehan looks at his son with a smile.

Just? Tang Siyu on one side felt that this man was trying to teach his son how to behave invisibly.

"Wow! Much better. " The little guy was still shocked.

Xing liehan takes them to an elevator next to the stairs. He presses the number of the first floor, and the elevator arrives almost in seconds.

"Ding" sound, the whole garage immediately lit up, under the bright light, row by row of luxury cars, in the light of streamer, full of pride.

"Do you have a special interest in sports cars? Buy so much. " Don Siyu can't help complaining.

"Well! You can say that! I like collecting sports cars. "

This kind of hobby can only be owned by men like him. How dare others have such a hobby?

"Mommy, this is a good-looking one. This one suits you!" The little guy pointed to a white car.

Tang Siyu frowns. It seems that she has to drive her car back. Otherwise, it's too ostentatious to drive this man's car on the road.

"All right! Then I'll drive this car back. Next time I'll drive my car back. "

Xing liehan finds the car key from the nearby cabinet and hands it to her. Tang Siyu unlocks the car lock. When she walks towards the sports car, Xing liehan finds that the woman is really charming with the sports car.

Tang Siyu sits in the car, Xing liehan points to the direction of the exit, Tang Siyu drives slowly past, an automatic door quickly closes from both sides, and a little slope leads to the wide road of the lawn, and Tang Siyu drives straight out.

After a while, Xing liehan took his son to the mall to buy dinner tonight.

At the gate of tangzhai, a red sports car drove out. Tang Yihan in the car was unwilling to meet Tang Siyu directly. She wanted to break through the false relationship between Tang Siyu and Xing Lihan. She didn't believe that Xing Lihan would like her.

If she doesn't find out about it, she will just keep thinking and driving her crazy.

Tang Siyu's car drove back to the parking lot downstairs of the apartment. She quickly went home to pick up her clothes and her son's, put them in a bag first, and put her on some important cards and hand decorations at home. She didn't want to be stolen.

Tang Siyu came downstairs after packing. She had just opened the door of the access card downstairs. Coldly, she saw a red sports car parked in the direction of the parking lot. Tang Siyu recognized that the sports car was Tang Yiyi's.

She screwed her eyebrows, but did not expect that she would come to the door.

Tang Yiyi stepped out of the car and came to Tang Siyu in a fierce way. "Tang Siyu, let's talk."

"Don't you see I'm busy?" Tang Siyu replied coldly, carrying several bags of clothes and ignoring her.

With that, she walked to the white sports car next to her, pushed it, and put her clothes in the trunk.

Tang Yiyi stared at the white sports car she was driving. She took a breath and asked jealously, "is this your new driver? Who bought it? "

Tang Siyu looked at her coldly. "What are you looking for me for?" "Are you and Xing liehan really together?" Tang Yiyi asked the answer he wanted to know most.

Tang Siyu sneered, "really!"

"I don't believe me. Why do you make him like you? How did you know him five years ago? " Asked Tang Yiyi with an aggressive force.

Tang Siyu also warned coldly, "I won't tell you a word about him and me. You just need to know that I'm with Xing liehan. Besides, don't try to rob me in vain. There are always things you can't rob around me."

"You..." Tang Yiyi was frightened by her momentum and stepped back.

"You and your mother had better stay away from me." Tang Siyu leaves the words, she opens the door and sits in, starts the car and slowly drives out in Tang Yiyi's mad expression.

Tang Yiyi doesn't need to ask any more. She has an answer in her heart. Tang Siyu and Xing Lihan are really together. Because Tang Siyu drove his sports car before, and now she has another one. How does Xing Lihan like her? Will always send her a sports car?

Moreover, at the party, she saw Xing liehan and her intimacy, but she didn't believe it all the time. Now, she had to believe it.

For her material girl, Tang Siyu's new sports car proves Xing liehan's love for her.

Tang Yiyi goes back to her sports car, but she sees Tang Siyu's sports car, which is several grades higher than her car. Sure enough, Tang Siyu begins to show off in front of her now. When she becomes Mrs. Xing one day, she doesn't know what she will show off in front of her!

Tang Yiyi's heart was crushed by a big stone, which made her breathless, as if her life was immediately lower.

When Tang Siyu returned to Xingliehan villa, it was already seven o'clock in the evening. Looking at the villa from the night, it was more mysterious. The dark blue landscape light, wall light, warm yellow home light and street light filled the whole villa with a fascinating breath.

Tang Siyu's car entered the yard automatically. She stopped in the yard and walked up the broad steps with her clothes. She walked into the hall and saw that the little guy was seriously working on a section of the train track on the ground. Seeing her come in, she said with a smile, "Mommy, daddy bought it for me."

Tang Siyu sighed at once. She didn't like the way that this man dotes on his son. She used to teach him how to be thrifty. But now, this man has a completely different way of education. It seems that she has to communicate with him well.

"And your father?"

"Cooking in the kitchen!"

Tang Siyu also heard a sound coming from the direction of the kitchen. She put down her clothes and stepped into the kitchen. Behind the sliding door, she saw a spacious and luxurious kitchen with a cool gray color. There was a big table in the kitchen. In the cabinet beside the warm lamp, there was a set of exquisite dishes and butterflies. There were four big refrigerators, ovens and disinfection cabinets. This man had everything. People are washing dishes beside the stage, tall and straight figure, and this kitchen match with no sense of disobedience.

"You feel like a big house." Tang Siyu immediately visited his kitchen.

And the man who is washing vegetables, turns his head to look at her, hooks his lips and smiles, "I am big in everything."

Don Siyu didn't know why she understood immediately. She glared at him and didn't want to talk to him. This man's three sentences are inseparable from his nature.

"Is there anything else to wash?" Tang Siyu plans to help.

"There are Flammulina mushrooms over there. Wash them! It's for soup." Xing liehan gives her an order.

When Tang Siyu thought of his disgusting arrogance, she couldn't help laughing, "Oh! Is Flammulina velutipes? I see. "

Now, it's a man's turn. Is this woman mocking him?

Tang Siyu smiled and took it to wash it. Xing liehan began to cut vegetables on the side. He started cutting with his hands. He was very sharp in his sword skill, which was admired by Tang Siyu on the side.

Because she still can't learn the sharp knife skill, she cuts vegetables slowly every time.

"Go out and wait for me with my son." Xing Lihan drives her out because he is afraid that the smell of lampblack will choke her.

Tang Siyu didn't want her son to play alone outside. She immediately pushed out the door, sat on the carpet, and gave her son a train track. She also gave her son a lesson to be frugal. The little guy listened carefully and nodded his head. Besides, he didn't ask for the toy. He bought it on his own initiative.

At 7:30, Xing liehan's four dishes and one soup are on the table. The man cooks the rice and holds the knife properly. Moreover, he just learns to cook on the Internet. It seems that every man has the potential of a chef!

Tang Siyu and his son wash their hands and put them on the table. The little guy looks at the sweet and sour ribs, and he's hungry. Tang Siyu helps to bring out the rice. He sees Xing liehan cleaning the kitchen table with a rag. His hands are very neat and clean. Tang Siyu's heart suddenly softens a few points.

This man is really different from those rich young men she has met. He seems to have the temperament of warm man and cook husband in his bones.

Xing liehan washes his hands and comes out. Seeing that a couple of mothers and children on the table have not yet started, he sits down with a smile and says, "what can I do? Eat first!"

"No, I'll wait for daddy." The little guy said firmly, this is the result of daddy's work! He can't enjoy it before he is hungry.

Xing liehan immediately smiled and stroked his little head, "OK, eat it!"

Tang Siyu also picked up chopsticks and put a sweet and sour spareribs in his son's bowl. Then, when she picked them up again, she hesitated and put them in Xing liehan's bowl.

Xing lie's cold and deep eyes immediately looked over. Tang Siyu did not dare to touch his eyes. His pretty face was slightly red.

Xing lie's lips curled with a smile. He felt that he was in a different position in this woman's heart. This is a good thing!

Su family's house, a low-key family with three floors, is full of a low-key sense of simplicity of political family. In the hall of Su family, the light is bright.

A table of rice has been cooked at home, but everyone hasn't started yet, because a person is waiting.

Su Qin, the eldest daughter of the Su family.

It's almost eight o'clock, and finally there's a car noise outside the door. The driver stops at the door of the hall, pushes the door of the back seat open, a tall figure wearing a gray suit steps down, a long chestnut hair is pulled behind her head, revealing a delicate and beautiful face. Under the light, her eyes are shining, as charming as stars.

There are two daughters in the Su family, all of whom fall into the city. This is a fact known to those who have met the two daughters.

Susie is on the sofa. At home, she dare not play with her mobile phone. She is reading a book. She is hungry.

At this time, in the light outside the door, she stepped into Suqin's figure. She smiled and went to the sofa. "Xiaoxi, when did you come back?" "I came back in the afternoon, sister. Did you have a good time all the way?"

"I'm very lucky and bitter. This time I went abroad with the government officials. I've been in four countries for a month, and I'm exhausted." After Su Qin finished, he put his bag on the sofa and sat down tired.

Mrs. Su hurriedly brought her a glass of water. "Come on, have a drink of water. Why have you been so long this time?"

Suqin looked at her mother with a smile. "I'm just a special assistant, and I don't know."

One side of Sushi smiled, "sister, you are already very good."

"Oh! I see your new play. When will it be released? I'll support it." Suqin looked at her seriously and asked.

"During the summer vacation." Susie smiled. At home, only her sister didn't look at her very much.

Su Fu's majestic figure stepped down from the second floor. "Xiaoqin is back."

"Dad!" Suqin called him.

"OK, let's eat at the table!" Su Fu said.

The family sat on the table. Sushi was very hungry. He was very satisfied with his father's asking about his sister's work this month. But he didn't say a word about her career. Sushi also hoped that her parents could ignore her.

Suqin looks at her several times, with comfort in her eyes, but Sushi smiles heartlessly.

"Xiaoxi, I saw you have sex with some male stars two days ago. Try to avoid this kind of thing in the future. Otherwise, when we go out and meet some acquaintances, we need to inquire." At the same time, there were some complicated guesses in her eyes.

Chapter 179

Is it true that the little girl's private life outside is so messy?

"Mom! What kind of person is sister? Don't you know? A lot of things in the entertainment circle are shadow catchers, not facts. " Suqin explained for her.

"Hum! You shouldn't work in the film and television circle, which is not good for your reputation! You know the atmosphere in this industry is getting worse. " Su Fu's eyes immediately showed displeasure.

Susie's heart slightly jumps. Outside, she is a popular actress. At home, she is just a little transparent.

"Mom and Dad, I'll pay attention!" Susie's answer was good.

Mrs. Su looked at her little daughter and said, "heathy, your father and I mean to make a marriage for you earlier, so you can get married peacefully and don't show up again."

When Sushi's dinner froze, she looked up in alarm and said, "Er! Dad, mom, I have no plans to get married. "

"In a word, your mother and I will provide you with some good young people. You can meet and get to know each other. Now it's not up to you to pick someone else."

"Dad I don't want to get married. I'm fine now. " Susie put the chopsticks on. "I'm full. I'll go first."

Suxi quickly steps out with the bag. Behind him, Suqin chases him out. "Xiaoxi, wait a minute."

Suxi stood in the light, but she was already sobbing. Suqin patted her gently on the shoulder. "Don't blame your parents. They think it's for you, but I support your work. Don't worry! I will advise my parents. "

"Elder sister, you are their pride, I am not, I am just a person who will lose their face." Sushi hugged her sister. She was really aggrieved. She just went after her dream and went against her family.

Suqin reached out and patted her. "Well, no one will think you are disgraced. I believe you. I will go to see all the scenes you shoot. Maybe their thoughts are too conservative."

"Well!" Susie nodded, and she stepped up to her car.

Behind her, Suqin looked at her and sighed a little.

Susie's car ran straight into the night, but her tears still blurred her eyes. Finally, she stopped on the side of the road and cried on the steering wheel. After crying, she went back home!

She asked assistant Xiaomi to give her a fast-food home. Even if she was wronged, she could only stay at home most of the time. As a public figure, she and freedom were limited.

If she went out without bodyguards and assistants, she would be easily surrounded.

Sushi finished the fast food Xiaomi called. She asked Xiaomi to go back first. She wanted to be quiet, but she was so depressed that she wanted to drink something. She opened the refrigerator and found that there were several bottles of beer she bought last time, which had not been started.

Now, she wants to drink.

Susi is also used to practice drinking capacity, because she is also entertaining, she does not want to drink their own not.

Sushi took out the whole can of four bottles and put them on the table. She opened them as if they were choked with air. Then, she drank them one by one like a drink. Thinking of her father's sternness and mother's incomprehension, she felt really aggrieved.

In a flash, sushi had drunk three bottles. She was full and felt anxious. She got up and went to the toilet. Unexpectedly, she stumbled on the sofa. She got up and found the bathroom.

After going to the toilet, she was lying on the sofa again. Her mind was drunk. She had a drink and picked up her cell phone. She was going to ask Xiaomi to take care of her.

She squinted at the number. Suddenly, she seemed to turn over a person's name. She turned back and saw Wen's name.

She couldn't help thinking about the fact that he deleted the scandal. She was angry at first. Now she was drunk, how could she have any sense?

With a snort, she dialed Wen lichen's phone, intending to question him, and at the same time, to cancel the ten meals.

Wen lichen is now on his way home from the company. In the quiet Rolls Royce car, there is light music flowing in the quiet. His long and languid body is sitting in the driver's seat, enjoying the relaxation of going home at night.

Suddenly, his cell phone rings.

Wen took a look at it. The name on it made him slightly frown. Then he pressed the Bluetooth headset beside his ear.

"Hello!" His voice line in the quiet car, it is particularly low magnetic.

At the end of the phone, a drunken female voice called his name, "Wen lichen, even if you don't like to be with a woman like me, why do you want me to treat you to ten meals I'll tell you! I don't invite I'll never invite you to dinner again. "

Of course, Wen lichen could hear the drunkenness in her tone. He tightened his eyebrows again. "Did you drink?"

"You mind me, I'll tell you that I won't invite you to dinner." Suzy called down at the end.

"Where are you?" Wen lichen is asking.

"I'm at home! What's wrong? You ask me where I'm doing! I have nothing to do with you again. Why did you delete that news? Do you think it's a shame to gossip with me? Even if you are noble and cool, then you Ah Then don't bother me again. I don't care I'm done Goodbye. "Finish saying, that end seems to even forget to press the phone, then, from that end of the phone came a sound of falling things.

Wen lichen listened to the voice, and there was a flash of worry. The woman was alone at home? Still drunk?

Drunk people, the risk is still very high!

Wenlichen immediately cut off the phone and called Li Wei, his assistant. "Check the address of artist sushi for me. Now."

Li Wei at that end was obviously shocked for a few seconds, but still responded very quickly, "OK!"

After a while, a message from Li Wei was sent to Wen lichen's mobile phone. He took a look at it, and immediately told the navigator to go straight to Suzy's home.

In fact, sushi didn't fall down, but when she reached for her mobile phone, she bumped into the wine jar on the table. The sound of the wine jar falling on the ground.

After Susie made the phone call, she suddenly woke up again. She thought of shouting at Wen lichen on the phone just now. She immediately covered her face with both hands. God! What kind of spirit does she have? Why call him?

It's a shame. With that, Susie is eager to sober up again. She doesn't want to become an alcoholic, because her father's disappointment makes her eager to be a good girl.

Suxi had just left. She was not stable. She knelt on the ground. Her mind was in a flash. She suddenly hit the corner of the table.

"Ah..." She made a low cry, the corner of the table was sharp, so, on her forehead, she hit a small blood port, which hurt her to death.

Why is she so unlucky!

Chapter 180

Wen lichen is glad to find that he is not far away from the woman's home. The car is about ten minutes away. The accelerator under his feet immediately steps to the end. The black car is powerful in the car group.

Sushi knelt on the ground in pain. For a moment, she was so dizzy that she didn't know what to do. But when she looked at the gray carpet and saw a drop of blood, she immediately panicked and reached out to touch the wound. She screamed with pain.

Bleeding, what to do? Where is the medicine chest? It's like In the cabinet on the left of the TV, Suzy said, now, she really dare not stand up, because she will feel dizzy when she stands up, so she just like a wounded person, kneeling and climbing over.

Drunk people, what to do, all seem stupid, Susie and for a while, she forgot what to do, until lowered her head to see a drop of blood on the floor, she suddenly remembered to take the medicine box.

"Where the hell is it? Mingming is here Left..... " After that, she felt something wrong again, and immediately stretched out her hands like a child.

"This is left, this is right It was a mistake. " She turned a white eye and immediately climbed to the real left side of the cabinet. She reached out and pulled it open with great strength. It was clear that she used a lot of strength. Why is it so hard to open the cabinet?

My God! Will she bleed to death!

At last, she had to climb to the side, pick up the tissue and fold it quickly to cover the bleeding wound, and she was exhausted.

Some even want to sleep.

"Tu Du... " Suddenly there was a strong knock outside the door, and Sushi's blurred eyes blinked. Was it an illusion? Someone knocked at her door at this time.

It must be Xiaomi, it must be her!

Xiaomi, help

When sushi finished, she really got up and ran to open the door. When she was at the door, she hit the door again. She covered her forehead and stretched out her hand to pull the gate.

The gate was opened by her, and she thought Xiaomi It's not Xiaomi

It's a man. Susie's eyes are wide. He looks up his long, slender legs. Finally She could see who the man was standing at the door.

Illusion? It must be an illusion. How could it be Wen lichen

She said to the man outside the door drunk, "sir You knocked on the wrong door I don't know you. "

With that, she turned to close the door. At this time, a big palm stopped the door, and the man outside stepped in. Wen lichen looked at the woman with paper towel on her forehead, blood color, and alcohol gas. He was shocked for a few seconds.

Is this woman just a voice of the rate pour?

"Hello You are not allowed to enter my house... " Susie immediately reached out and pushed him out like a kitten without much power.

Wen lichen immediately clasped her wrist in a dark face, and said in a cold voice, "see who I am."

"Pain You are Wen lichen. " Susie was in pain to tell the truth, and her sense returned.

Wen lichen looked at the chaotic hall, saw the blood on the carpet, and the messy tins on the table. What did the woman experience?

Wenlichen didn't want to worry about a drunk woman. He reached for her shoulder and took her to the sofa. "You're hurt. Sit down and I'll have a look."

Sushi was pressed by him to sit on the sofa. She raised a pair of blurred water eyes and looked at him, "you How did you find my house! You follow me Why are you following me Are you interested in me? Do you like me? "

Wen lichen reached out and took off the tissue on her forehead at any time. He saw that although the wound was small, it was deep, so there were blood beads pouring out.

"Where is your medicine box?" Wen lichen asked her with a frown.

"Drawer on the left of TV cabinet..." Su Xi finished, and continued to chase him and asked, "Wen lichen, why did you come to my house before you told me! I don't remember telling you where I live! "

Wenlichen didn't answer her. He went to the cabinet on the left of the TV cabinet and pulled it open. He took the medicine box out of it. He put it on the table and swept the empty wine bottle by the way. What's the stimulation on this woman?

Wen lichen went to her bathroom, took a towel, soaked it in warm water, wring it out to wipe the blood around the wound for her. However, she found that Suxi was lying on the sofa, sleeping.

Wen lichen's handsome face flashed a deep annoyance, but she still held her back head spoon with one hand, took a towel and wiped the wound around carefully. After the medication stopped the blood, she took a bandage and bound it up.

"Well..." Susie murmured comfortably.

Wen lichen saw that she was asleep. He reached out to pick her up and went to her master bedroom. He put her on the bed. Susie turned over and fell asleep.

When Wen lichen came out of the hall and looked at the chaos, he felt a nervous tension in his head. Because of his strong sense of cleanliness, he breathed a sigh. He can't leave tonight.

In order to make himself comfortable, he had to clean up her mess by himself. Wen lichen pulled up the sleeves of the dark shirt and began to clean up. In the bed, Suxi had already played chess with Duke Zhou comfortably, but did not know that the biggest boss of Tianmu group was cleaning up her house.

Wen lichen has a strong ability of hands-on. Half an hour later, Suxi's hall becomes clean and neat. In addition to the blood on the blanket, he can't get it off for a while. The sofa, table top, floor, and some small decorations beside her are all tidied up by him.

After finishing cleaning up, Wen took a cup on the table and poured a glass of cold water into the water dispenser. He breathed, and then went back to the room to see the drunk woman.

Susie is sleeping in an awkward position. She used to wear an elegant skirt. At this moment, the skirt pushed to her waist and showed the pink inside

"Well Heat It's so hot... " Susie felt a fire burning on her body, and her skirt was a very conservative neckline. This is a conservative skirt she specially chose when she went home today. In the weather of nearly July, she was really hot.

Sushi instinctively reached out and zipped back, but her hand couldn't catch the zipper. At this time, she took the initiative to help her to the place she could.

Susie had no doubt about it. She pulled it directly. Although she was drunk, she was very skilled in the instinctive action of undressing.

Wenlichen took two steps back and sat on a small sofa in her room. He squinted his eyes and admired the woman who was automatically undressing in bed. When the perfect body appeared in his eyes as expected, his deep eyes were as thick as the night outside the window.
