

U. CEO Daddy 201

Chapter 201

On the first day, the studio atmosphere was relaxed and full of laughter. Ye you was also a playful person, so she didn't ask everyone to be serious on the first day, instead, she joked.

Tang Siyu seldom has this kind of teamwork, and also likes to integrate into such a relaxed atmosphere. You ye you decided to invite everyone to dinner at night. She booked a box and planned to take her team there at more than five o'clock.

Most of the group are young girls, but they also have a good time.

When Tang Siyu heard Ye you say that she had dinner at night, Xing liehan appeared in her mind for the first time. She wondered where he would go for dinner at night.

Last night, she was relieved. She didn't blame him any more. She felt that her reaction last night was a little excessive, which scared Xing liehan. In the morning, seeing him sleeping on the sofa, she still felt his guilt for his behavior last night.

Just now, he packed so many desserts and drinks, which is naturally considered to be the benefit of her. Last night, that matter had been overturned in her heart, but she asked her to call him, and she was a little uncomfortable.

She can only think that Xing liehan is definitely not short of dinner, so she will not contact him at night.

At 5:30 p.m., a group of people drove to a high-end restaurant nearby. From time to time, Xing liehan appeared in Tang Siyu's heart. She could not ignore him.

She took a deep breath, picked up her mobile phone and went to a quiet balcony next to the restaurant. She found Xing liehan's phone. She plucked up her courage and unplugged it.

When he pasted his cell phone to his ear, Tang Siyu heard his heart beating a little bit.

"Hello!" The voice of Xing lie's cold and deep magnetism came.

"I eat out at night. Do you have a place to eat?" Don Siyu asked him.

"Don't worry about me. Have a good meal with your friends!" Xing liehan chuckled at that end.

Tang Siyu bit his lips. "Thank you for the dessert this afternoon."

"Do you like it?" Xing liehan is also in a quiet place together, so the sound from the microphone is particularly charming.

"Well!" Tang Siyu feels a little hot in his ear.

"Leave me alone, you can enjoy your work dinner!" Xing liehan smiled and hung up.

Tang Siyu is slightly shocked. Then, she thinks of the sentence behind Xing liehan, what's the work and dinner party?

How does he know she's with the staff? However, when Tang Siyu thought about it, he also knew that she had no friends here, so he naturally thought that she had dinner with the staff.

It's no surprise.

This time, Tang Siyu has no worries. She sits in her seat and looks at a group of young girls around her, who are chattering about a lot of interesting things. She is only a quiet audience, with a quiet smile on her lips and eyebrows.

In the other box of the restaurant, Xing liehan stands in front of the floor to floor window, holding a glass of red wine. His figure is covered by warm yellow light, dignified and tall.

There is no flaw in his beautiful facial features. Such a man, placed in the pile of women, is definitely the most popular one. However, in such a warm and passionate night, he chose to be clean and take care of himself.

When his meal arrived, the manager of the restaurant came to greet him in person, "Mr. Xing, the table you designated has already been ordered, and we will check it out in advance for them according to your order."

"Well!" Xing lie's reply was cold, and the manager retired immediately, without disturbing him to enjoy dinner.

In the big box, there are lots of people in the lively atmosphere. At this time, everyone just enjoys the delicious food regardless of their weight. Tang Siyu also thinks that the food here is too delicious, but it's spicy, which makes her want to eat at the same time, and her face turns red.

In order to protect her voice, ye you eats only a few light ones. The assistants also drink a little wine. Tang Siyu wants to drive. She doesn't touch it.

Moreover, drinking would be bad for her, so she would never be greedy if she didn't have to.

Finally, from six o'clock to eight thirty, everyone is full. Ye you takes a card and asks her assistant to check out. The assistant picks up the card and goes.

After a while, she surprised to push the door in and said to Ye you, "elder sister ye, the counter said that our bill has been settled."

All the people on the table were shocked, especially Ye you. "What? Was checked out? "

"Yes! Elder sister ye, do you have friends here! So, I bought the order in advance. " Someone asked.

Ye you shook his head and said, "no way! I haven't received any information from any of my friends! "

"Does the restaurant know ye you? I'm free of charge?" Some speculate.

Assistant Xiao Wang immediately shook his head and said, "I asked, not for free, but for being paid in advance."

"Call the manager and I'll ask him." Ye you is not a person who likes to take advantage. She has to find out who benefits her. The manager was soon called over, and ye you asked him directly, "manager, who will buy me this table?"

"This..." The manager thought about whether to say it or not.

"Manager, if you don't say it, I'll buy the bill again, and you will return the money to the person who pays for me." Ye you said stiffly.

The manager immediately smiled, "don't be angry, Miss Ye. The guest who pays for you is in the other box of our store."

"Oh! Who is it? " Ye you immediately thought that it must be her friend.

"It's Mr. Xing liehan." The manager thought she knew Xing liehan, so he was very honored.

All the people on the table looked at Tang Siyu in the same way. Tang Siyu was shocked at the moment. She stared at the manager slightly and said, "do you think Xing liehan is eating here?"

"Yes! Mr. Xing is in our box 408. "

"He and his friends?" Tang Siyu thought, this is too coincident! He was here.

"No, it's Mr. Xing liehan alone."

Tang Siyu's heart pricked at once. Is he alone? At this time, ye you understood. She said to Tang Siyu, "Siyu, don't hurry to go to dinner with Mr. Xing!"

Tang Siyu quickly picked up the bag, and ye you laughed again. "Thank you for Mr. Xing's treat."

Tang Siyu nodded with a smile. Xing liehan ate here and paid for the table in advance. It seems that it's no coincidence.

Tang Siyu pushes the door out. Under the guidance of the manager, she goes to box 408. The manager says to her, "Miss, Mr. Xing is in there. Then you can go in!"

Tang Siyu nodded and smiled. She took a deep breath, knocked on the door and pushed in.

The door opened, not like the laughter of the box where she was. It was very quiet here.

Chapter 202

In front of the golden table, Xing liehan is cutting the steak alone, some eating dinner alone.

Xing liehan didn't expect Tang Siyu to come in either. He thought it was just a waiter.

He raised his head and looked at the girl standing outside the door. His chewing action was stiff, his expression was confused for a few seconds, and he was confident and calm.

"How do you know I'm here?" Xing liehan put down his fork and asked calmly.

Tang Siyu didn't know why. Suddenly, his nose was sour. Looking at the figure of the man sitting alone at the table, he suddenly had a poor idea.

Tang Siyu stepped in and sat opposite him. His voice was soft. "Why are you eating here alone?"

"There's no social intercourse tonight, family members are not around, and you have work dinner. Of course, I'll eat alone!" Xing liehan chuckles, and he is full. He drinks a mouthful of water. "Have you finished your table?"

"Why did you pay us in advance?" Tang Siyu looks at him with a complex emotion in his eyes.

Xing liehan said in a flurried way, "just now I heard that ye you are eating here, so I think you should also be here, so I bought the order for your table."

However, Tang Siyu thought this excuse was too far fetched. She twisted her eyebrows and didn't believe it. "Really? Don't lie to me. "

Xing liehan looked at her clear eyes, but he couldn't tell a lie. He had to be honest and say, "OK! I lied to you. In the afternoon, I asked my bodyguards to wait at the door of Ye you studio until they knew you were coming to this restaurant. Then I came, and I came. Of course, I invited you to have dinner. "

Xing liehan said, gazing at her with deep and complicated eyes, "I'm sorry about last night."

He is making up for what he can do for her.

Tang Siyu also felt it. She breathed slightly. "Don't mention last night."

"Then do you blame me?" Xing liehan's eyes locked her tightly and wanted to know her attitude.

Tang Siyu was biting her lips. All kinds of emotions were turning. At last, she shook her head. "No wonder! But don't do that in the future. "

Her voice was calm and free of complaint.

Xing liehan's heart is naturally happy, but at the same time, he is a little lost, because he has a clear feeling with her bottom line.

He did not know how long it would take before he could step into the bottom line of her heart and reach the deepest part of her heart.

"Well, I'll respect you in the future. If you don't do it voluntarily, I will never force you." Xing liehan makes an arduous promise, but at the same time, he adds, "we've been together for a long time, and I won't give up. One day, I'll break your heart and let you fully accept me."

Xing liehan's eyes stared at her, which made Tang Siyu tremble. She dared not look at his eyes. Instead, she heard her heart beating like a drum.

Xing liehan got up and asked her, "are you full? There is a lively park nearby. Please go for a walk with me. "

Tang Siyu blinked and didn't refuse. She picked up the bag and walked in front of her. Xing liehan's figure kept up with her. When going out, his big hand naturally held her hand and led her out.

Tang Siyu's heart immediately tightened, and the man's big palm domineering wrapped her thin palm. A hot temperature came, making her heart more disordered.

When coming out of the hall, I'm glad I didn't meet Ye you. Otherwise, Tang Siyu will go to the studio tomorrow and be asked questions by those girls.

Xing liehan leads Tang Siyu and doesn't drive. It's about a kilometer from the park. Xing liehan leads her and walks in the crowd. When there are many people, he naturally holds her shoulder.

Avoid passers-by hitting her.

Tang Siyu's heart is speeding up. When she avoids pedestrians, she follows him and looks at his straight back. For a while, all kinds of feelings come up in her heart.

When passing the traffic light, Tang Siyu naturally stands on her left, which is the direction of the car.

Next second, Xing Lihan pulls her to his right. Tang Siyu is stunned. Then, she immediately realizes.

On the left is the direction of the car. If there is a car running through a red light, it will be the person standing on the left.

He left the danger to him and safety to her.

After the traffic light, in the direction of going to the park, there are more people. Walking in the pedestrian corridor, people are almost crowded. At this moment, led by this man, she has a kind of safety and steadiness that can not be said.

Finally, the park is in front of us. There is a special route for people to take a walk. It's almost nine o'clock now. The pedestrians are all scattered. The pedestrian flow in this walk is much smaller.

Xing liehan led her in, and a row of street lamps extended to the distance, which was romantic.

Tang Siyu accompanied Xing liehan for a walk. She was very tired when she was half way there. However, she didn't have a sound of pit. She didn't sleep well last night. After working all day, Tang Siyu helped her waist secretly, thinking that the man didn't find out. How to know Xing liehan walked two steps forward. He squatted down and said to her, "come on, I'll carry you!"

Tang Siyu was shocked. She shook her head. "No, I can still go. I'm not tired."

"I know you didn't sleep well last night!" Xing liehan said, eyes lock her, "up."

"I really don't have to I Ah... " Tang Siyu was busy refusing him, but he didn't see that she stepped on a banana skin and slipped on her left foot. She fell to the ground.

Because it happened so suddenly that Xing liehan wanted to take care of her, she had already fallen to the ground.

Tang Siyu felt the bare position of her right foot, and there was a deep pain. She bit her lip, reached out and stroked it. It hurt a little.

That's good. She's askew.

Xing liehan twisted his eyebrows to her side, reached through her arms and knees, and took her to a stone chair beside her and sat down.

"Let me see. Is it sprained?" Xing liehan squats down to check her feet.

Under the light, Tang Siyu's eyes were clear with a trace of painful tears. She bit her lips and nodded. Xing liehan couldn't help laughing. "It seems that I'm doomed to carry you back."

After a serious night, Tang Siyu was finally amused by him at this time. She laughed and scolded him, "you still laugh. Look at my injury, are you very happy?"

"Yes! Only in this way can you be really loved by me. " Xing liehan finished, reaching for her pretty nose.

Chapter 203

Tang Siyu's feet can't walk for a while, and he can only carry Xing liehan to the side of the car. On the way, he walked with her on his back, causing many passers-by's glances. She was so ashamed that she could only bury her shoulder and avoid the passers-by's visit.

Xing liehan asked her to give the car key to the bodyguard, who would drive her car back, while she would go back in his copilot's seat.

Tang Siyu looks at his poor man having dinner today and comes back with her on his back. She obediently listens to him. She just got on the bus. Xing liehan plans to take her to the nearby hospital, but Tang Siyu refuses.

She didn't think it was serious. She went home and put some medicine and wine on it. Xing didn't insist either, but he decided to take her back to his villa because he was more used to living there.

He asked Tang Siyu a question. Tang Siyu had no opinion. The night wind came in from the window and gently brushed her cheek, which made her feel dizzy and sleepy.

Last night, she fell asleep at 3 a.m. and got a call from ye you in the morning. So she only slept for a few hours and worked for another day. Now, her sleepiness is very strong.

Tang Siyu's eyelids became heavier and heavier. At last, he simply slept with his head askew.

Xing liehan turns to watch her fall asleep, and his speed slows down. He turns off the music and rushes home.

In such a mid summer night full of sentiment and romance, he drove lazily, while sitting in the car with his beloved girl. This feeling can be attributed to satisfaction.

The car all the way to the villa downstairs, Xing liehan stopped and then came to the copilot's seat. Tang Siyu was still sleeping heavily. Xing liehan bent down to take her out of the car.

Tang Siyu woke up. She opened her misty eyes and gave him a push. "No, I can go."

Xing liehan thought that her foot was crooked and hurt. He twisted his eyebrows and took a step back to see how she could be brave.

But Tang Siyu slept, but forgot her sprained foot, so she stepped out of the car with one foot, and just touched the ground with the other foot, she jumped forward, actively jumped into the man's arms, and tightly held his waist.

Xing liehan naturally hugged her. "Do you want to go by yourself?"

Tang Siyu made a big red face, she stood on one foot, embarrassed for a few seconds, the body was light, the man once again easily beat her up.

Tang Siyu quickly put his hand around his neck. Now, she has nothing to say.

Xing liehan carried her to the hall and found the potion to be used. She swallowed her saliva nervously.

Xing liehan holds the medicine sponge slightly.

"Ah Pain... " Tang Siyu can't help complaining. However, in such a quiet environment, her voice sounds too warm to speak.

She clenched her lips at once and did not dare to scream again.

Xing lie cold hook lips a smile, "call into such, be to prepare to seduce who?"

Tang Siyu knew that he was intentional. She frowned slightly and didn't speak. However, when the man gently grasped her feet and took the cotton swab and gently applied medicine to her, her heart lake was still full of uncontrollable ripples.

Under the bright light, Xing liehan wipes it carefully. Tang Siyu looks at him from top to bottom. Under the two flying swords, his handsome features are like carvings, especially charming.

Coupled with his gentle and delicate movements, Tang Siyu was stunned unconsciously. When she realized it, she found that she had watched him for a long time.

"Well, I'll take you to work tomorrow and walk less recently." After Xing liehan finished, he received the medicine chest.

Tang Siyu is still sleepy. Now she wants to go back to her room to sleep, but her legs are still inconvenient. It hurts when she gently steps on them.

She could only hop twice, reached the stairs and began to climb them slowly.

Xing liehan comes to her side, and her tall body is slightly bent down. She comes directly to a princess to hold her. Tang Siyu immediately holds his neck again. The two faces are very close in an instant.

Light and shadow interweave, the man's eyes look more and more profound and dark, with a visible ruffian smile in the eyes, the male charm emanating from the inside out, it's hard to ignore.

Tang Siyu's eyes drooped, a flustered, at a loss.

In the past five years, she thought that she would never feel for a man again. However, as soon as the man approached, she could feel like a young girl who was just in love, and her heart beat constantly.

It can only be said that this man has too much male charm.

Xing liehan did not look at her, steady and firm pace, step by step holding her upstairs.

Tang Siyu is so carried into the room by her. Xing liehan looks at the girl sitting on the edge of the bed, and suddenly his arms are propped up on both sides of her shoulders.

Tang Siyu looks at his handsome face and suddenly enlarges it in her eyes. She immediately gasps and swallows, "you What are you going to do? "

The man is so close to her that his breath falls on her face. Tang Siyu's eyes reflect the deep and strong facial outline of the man and the smile of his deep eyes. "Do you want me to bathe you?" Xing lie asked with a smile.

Tang Siyu shook his head in a daze. "No, I won't wash tonight."

"No washing?" "It's so hot. It's uncomfortable not to take a bath."

Tang Siyu knew that he was flirting with herself. She bit her lips, but her face was red with embarrassment because of his words. "I'm dirty, it's my business. Don't get close to me."

Xing liehan clasps the back of her head. A hot kiss is burned on her forehead. When Tang Siyu's angry eyes stare, he smiles, "don't worry, I won't think you are dirty."

Then he got up and left her a look of astonishment. He shut the door.

Tang Siyu is blank for a few seconds. It can only be said that this man's Kung Fu is very good to tease girls.

This evening, Tang Siyu took a hard bath and went to sleep. She didn't want to be dirty.

It's morning in the domestic night and in the foreign fashion capital. Suxi enjoys the admission ticket given by Wen lichen. She has never missed every show. She always meets domestic stars on the set. They are very surprised that she can be invited in every show, because they hold the generation in their hands The high-grade brand of Yan, but Suxi's fame in the circle and the spokesperson in his hand, they all know.

How could she be lucky enough to be on every show?

At this point, no one but the people around Susie will know her luck!

However, the luckiest thing is not that she can participate in these shows, at the same time, she can also participate in the last beautiful and romantic finale dinner, which is the embodiment of heavyweight identity.

Chapter 204

Suxi's fans are very lucky to see her figure in the show. Suxi's dress is commented by the domestic media. She has been on the hot search list for several days in a row. In addition, there are several video clips in which she is beautiful and generous and talks about fashion topics.

Beautiful and upgraded.

Tomorrow night is the time for the dinner party. Susie finished the last show in the afternoon. She was tired, so she chose a tea restaurant to sit down and rest. Annie and Xiaomi were talking about the evening dress for the dinner party tomorrow night!

There is no big brand sponsorship, so you have to pay for it yourself. The high-end evening dress shop here rents a skirt and jewelry, which costs millions!

Sushi saw Annie and millet talking for a long time, but she was still uncertain. She smiled and propped up her delicate chin. "Don't worry, I'll pick out a tuxedo to attend tomorrow."

"But don't you say Mr. Wen wants you to look better tomorrow?" Anne didn't want her to offend the young man.

"Don't I look good? I'm good-looking. " Susie smiled with confidence.

Annie shook her head and said, "Susie, don't look down on such a party. You know that those who attend the party are fashionable people. They know everything about every evening dress. You should wear one casually. What if they look down on it?"

"Yes! This was originally a fashion feast. If you mix in a miscellaneous brand, it will be too cheap. "

Sushi is sucking the coconuts in the milk tea. Annie immediately takes her cup aside. "Sushi, do you know the heat of a milk tea? Are you not afraid of being fat? "

"I've only had a drink for so many days," said Susie, with a slightly raised cheek

"Say it to your fat! Do you know how sensitive those skirts are to your waist? " Anne gave her a look.

Susie held up her cheek and looked out of the window. She really wanted to walk alone, play and avoid Annie's eyes. Otherwise, she had no fun on this trip.

"Annie, I'm going to meet a friend in a moment. I told you about my classmate last time. She's near here." Susie immediately lied to her.

"Which?"

"I told you that last time! Said you may not know, I contacted her, the next two hours, you and millet back to the hotel to rest, I find people myself. "

"No, it's dangerous." Anne is not at ease.

"I'm just a little star in China. No one knows me when walking on the street. What's the danger? That's the deal. I'll go back to the hotel at six in the evening. " With that, sushi grabs her bag, before Annie and Xiaomi react.

She walked out of the tea restaurant quickly, and then she strode.

Annie and Xiaomi pay the bill and chase them out. Where is sushi?

"This Susie is a mess." Anne chopped her feet in anger.

However, Susie is enjoying the afternoon sunshine and walking on the clean and lazy street. She is free now. She can enter some shopping malls at will, buy her favorite small things, and ask for a cup of coffee while walking and drinking.

Sushi had just come out of an antique shop with two handbags in her hand. She continued to look around. On the back seat of a black car passing by, Wen lichen's deep eyes fell on one of the windows, as if immersed in his thoughts.

He subconsciously raised his eyes, and unconsciously saw the idle figure on the street, which made his heart strain with familiarity. He said to the driver in front, "pull over."

"Young master, do you want to get off here?" Asked the driver.

"Well! You go back first! " Wen lichen said as he pushed the door out of the car.

Tall and straight body, with a simple and classic white shirt and black trousers, is just an out of print wristwatch on the wrist, which shows his dignity.

Suxi, who was walking in front of her, didn't know that she was following a person. She was still free to look here. There, a little cat on the street, who was quietly basking in the sun, could make her squat down, smile and enjoy it for a while. Then, she took her mobile phone and took a self portrait of herself from time to time.

Sushi looked at an old man begging on the street. She put in a hundred dollars without hesitation. She went on walking. Behind her, Wen lichen didn't disturb her. Her deep eyes were like a video camera, recording her naturally naughty and lovely scenes.

Suzy went to a statue. As soon as she turned around, she was going to take a picture with the statue. She was putting her face in order to take another selfie.

Cold not Ding, her eyes saw a place three meters away from her, a man with a trouser pocket looked at her.

There was a clatter in her heart.

Take a look at Dingqing.

Meow!

How is Wen lichen? Her face went to hell at once.

I saw this man standing on the street, tall and straight, with deep and delicate features, and cool temperament, as if a bottle of God can't be with the world. Susie's heart was beating fast out of her chest.

She hurriedly turned her back one by one and tried to move away from her side with gentle steps.

"Where do you want to go?" Behind her, a sullen voice stopped her.

Su Xi immediately bent his mouth, and then turned to look at him with a smile, "Mr. Wen, what a coincidence! Why are you here! "

Wen lichen snorted coldly, "you've got so many tickets for shows, that's how you repay me? See me and go? "

Susie choked and had to smile pleasantly. "Then I'll treat you to coffee?"

Wen lichen stared at her so coldly and did not speak.

Susie's hands were a little strained. "Then Then I'll treat you to dinner? "

Wenlichen walked towards her step by step, and Sushi's heart beat like a war drum immediately. At this time, a man who was in a hurry behind him hit her hard without eyes. Sushi's body leaned forward and threw herself directly into her arms. She looked at wenlichen as if she had rushed to him.

"Ah..." Instinctively, Susie opened her hands and hugged his waist as she collided.

Wen lichen also put out his arm, for fear that she would bump in and bounce out, so his hand naturally grabbed her waist.

In the stream of people, a man and a woman are hugging each other.

Suzi blushed and took a step back. "I'm sorry I didn't mean to. "

Wen lichen squints at the flush on her face. Today, she is a little black dress, pure and sexy. It's lovely!

"The way to repay me is that you will belong to me from now until 10 p.m." Wen lichen began to talk about her terms.

"Eh? Till 10 p.m.? " Susie panicked immediately.

Wen lichen read her mind from her eyes. He gently lifted his lips. "What you think will not happen."

"Oh!" Susie blinked, then blushed with embarrassment. What did the man say? What did she think again? She didn't think of anything!

Chapter 205

One person's afternoon stroll became two people's.

What kind of mood is this? In a word, sushi can no longer feel relaxed and free. A bottle of ice God like man around her makes her feel oppressed.

Beside saw a super cute kitten, she also can't go up to tease, saw a nearby beautiful hand ornament shop, Suzy also dare not go in at will to visit.

I'm afraid the man around me won't like it. Finally, at noon, because Annie limited her food, she passed a sweet dessert shop, and her feet couldn't move.

She was standing in the window, looking at the sweet and delicious dessert placed in the cabinet, which was also very pink and beautiful. She swallowed her saliva and really wanted to eat it!

Wen lichen squinted and looked at her like a slander cat. He raised his eyebrows and said, "go in and eat!"

"Really? Is that ok? " Susie, like a servant, asked his master's permission.

Wen lichen was very happy and enjoyed her little servant like eyes. He took the lead to lead her in.

Sushi immediately felt happy. He followed him in and stood on the counter. Sushi took the tray and began to pick it up at will.

Wenlichen sat down by the window. He didn't seem interested in the things here. Sushi carefully selected the taste she liked. She liked the taste of Matcha and black bean. She looked at several chocolate tastes with beautiful shapes, hesitated for a moment, and hurriedly sent them to the plate as if she had made money.

At the time of ordering, there were already five desserts of different sizes in her tray. Sushi laughed and looked at the drinks. She ordered a Matcha milk cover for herself and a coffee for wenlichen. After paying, sushi sat opposite to wenlichen.

After sitting down, sushi pushed the tray toward him. "No, what do you like to eat?"

Wen lichen glanced and shook his head. "I don't like it."

"It's delicious." Susie regretted for him. He didn't like such delicious dessert. So, it was all hers.

She picked up the spoon, began to gently scoop a spoon of the entrance, and then, the corners of the mouth and brows are showing a sweet smile.

Light sunlight came in, sprinkled on Susie's face that was more delicate and moving than pink cake. Wen lichen's Adam's apple rolled slightly. Compared with the cake on this plate, the woman made him feel hungry.

When the coffee was delivered, Wen lichen didn't refuse. He took a sip of it and it was OK.

Susie felt a little stuffy. As she was eating pastry, she complained to herself, "my agent is usually very strict with me. Every time I am with her, she controls my food and doesn't let me have enough."

Wen lichen looked at her and complained like a child. He frowned and said, "aren't you artists who need to keep fit?"

"That's right! But I'm not a fat type. " Susie proudly raised her eyebrows, then smiled at him. "Tell you a secret. Do you know what I do at home alone every time? Every time I'm at home, I eat like crazy. My agent doesn't know it at all. "

With that, she smiled twice more proudly.

Wen lichen cleaned her room. Sure enough, she saw a lot of packing bags of snacks in the garbage can that day. She was secretly hiding from the agent!

"If the mirror is not beautiful, you will have to cry. Or, because your body is not up to standard and there is no product for your endorsement, you won't make money. You should eat less snacks." Wen lichen sneered. He didn't want her to steal snacks every day.

Suzy gave him a quick look. "You're not my boss. What do you care about me so much?"

Wen lichen slightly choked. He was really her boss, but in her capacity, he was not qualified to know his existence.

"If you want to eat, you can learn to make healthy and green food by yourself." Wen lichen continued to speak.

"I have no time to do it! I am 365 days a year, I have 300 days in the crew, the rest of the time, I also go home to sleep, it is hard to relax, it should be! " Susie had a good reason.

Wenlichen also thought that she was very pitiful. He thought about it. He held up the coffee gracefully and opened his mouth without looking up. "If you want to eat it, I can make it for you!"

Sushi looked at him in dismay, "huh? Can you cook? "

"Yes!" Wen lichen replied confidently.

Sushi blinked. He couldn't really see that this man can cook. However, he is so good at cleaning up the house and can cook. It seems reasonable.

Thinking of her clean house that day, sushi looked at him with embarrassment. "That night, I was drunk and worried you. I'm really sorry. Besides, please don't worry about what I said wrong that day."

Wen lichen snorted softly, "you called me that night and said that you wanted to cheat on the ten meals and didn't want to invite me to eat them."

Suzy's face was a little red. "That's my drunken talk. Don't take it seriously. I'll still invite you." And that night, what she said, not only that, but also that he deleted the scandal without permission, which means that he hated her. In fact, when he did this, he didn't take her feelings into consideration at all.

"This is delicious. You'll pay for it." Sushi took a sip of the little cake with the smell of Matcha. She thought it was really good. She couldn't wait to share it with him.

So, directly with her spoon scooped a spoon to his mouth, and when she realized that he would dislike, she was ready to take back the spoon.

Wenlichen's languid and dignified figure moves a little, and her sexy thin lips approach her spoon.

Susie, if you don't, you'll have to send it again. Wen lichen took her spoon and ate it.

Sushi's brain was blank for a few seconds. He didn't dislike her saliva and ate it

Now, Susie feels upset. Why doesn't this man dislike her? Between them, so strange, why would he still eat what she fed?

"It's delicious!" Wen lichen even praised it.

Sushi ignored the question, smiled and handed him another unused spoon. "If you want to eat, you can do it."

However, Wen lichen never moved again, which made sushi a little depressed. Didn't he say that it was delicious?

Does she feed him delicious? No, he won't do it?

"Have you chosen the evening dress for tomorrow evening?" Wen lichen looked up at her and asked.

Suzy's long eyelashes flickered, she shook her head. "Not yet! I'm not familiar with this place. I might rent one! "

Chapter 206

She can't buy it. She can't spend millions on an evening dress. She has money and won't spend it here.

Wen knew that she would not buy it, but even if she was present as his partner, she could not dress badly.

"After a while, I will accompany you to choose." Wen lichen is very idle now. His company operates in an orderly way both at home and abroad. He doesn't even need management except for major company decisions, because every artist has a set of very standard operating procedures to earn multiple profits for his company.

Susie thought about it. It would be better if she had his company. She had no opinion, "OK!"

After the dessert, sushi made a fight. She was stunned for a second. Then she peeped at the face of the man opposite, and saw clearly the unknown smile on the corner of his mouth.

Not ridicule, but simply think she is ridiculous.

Sushi immediately clapped her chest to try to eliminate the fight. However, because she was in a hurry and too fast for a while, the fight would not last for a while.

So, wenlichen walked in front of him, sushi walked behind him, from time to time covered his mouth and hit him. Wenlichen stopped, and sushi immediately ran into him. She quickly backed up two steps and apologized, "I'm sorry."

Wen lichen bought a bottle of open spring water from the shop next to her and handed it to her, "have a drink."

"Thank you!" Sushi picked up the water and drank it. Half of it was drunk. She couldn't drink it. She screwed up the lid and wanted to hold it. Unexpectedly, the man immediately reached out and took it. She unscrewed the lid and drank the rest of the water and threw it into the garbage can beside her.

Sushi finished drinking water, but it was miraculously gone. Just now, they drank a bottle of water together, which made her feel a little rippling.

Wenlichen's driver left. At the moment, they didn't drive, so they had to take a taxi. Fortunately, a taxi soon stopped in front of them. Sushi and wenlichen sat in the back seat together.

Sushi didn't know enough about this country, so she didn't dare to go too far alone. At this moment, but now, sitting in the car with this man, she has a sense of security that she's not afraid of.

Wen lichen said a place and the driver drove them straight to it.

When the taxi arrived at the destination, sushi stared at a splendid boutique with golden walls. She thought, the clothes in it must be valuable!

What does this man do? Why do you know everything here so well? She couldn't find a place like this.

Su Xi sees Wen lichen stepping in, and she can't care about Hua Chi, so she catches up quickly. Just after entering, she sees two foreign waitresses, who are very busy greeting him, and accurately calling him Mr. Wen. Su Xi is even more shocked.

This man is obviously a regular!

Wenlichen said to the waiter, "look for a dinner dress for this lady. It suits her."

"OK!"

Wenlichen said to sushi, "if you want to choose your own, you can try on whichever you like."

Sushi looked at the luxurious six story building, and she thought to herself, are all the evening dresses here? This must be a woman's favorite paradise.

There are six floors here, including women's clothing area, men's clothing area and jewelry area. There are nearly 10000 sets of fashion here, each piece is unique.

Sushi followed the two waiters upstairs, and her eyes were immediately dazzled. Standing in front of a row of evening dress cabinets, sushi had a long experience. But when she inadvertently saw the price on the top, she immediately took back her hand like hot water. A nearly five million dollar evening dress was only placed in the ordinary place, so those evening gifts placed in the window cabinet How much is that?

Susie began to think about a question. If she was interested in the evening dress, would she rent it? Or buy it?

If it's just for a party, it's not worth it.

Susie's heart is complex.

She had to choose first and not express her opinion. If it's too expensive, she won't choose!

After half an hour's selection, sushi also tried several pieces, each of which was perfect, but it seemed that there was always a more perfect waiting for her, so, like a princess, she was attentively served by two waiters.

However, Sushi's temperament is pure and sweet. Although she wears a deep evening dress and looks good, she doesn't want to look too old. She finally chooses a white light yarn evening dress. This evening dress, with a drawstring, is as elegant as a princess.

Light, luxurious, classic, and the diamond embellishment on the evening dress is the real diamonds, the price is about five million.

When sushi saw the price, she thought it was cheap. She tried on her evening dress and said to the waiter, "I'll go down and show Mr. Wen."

"OK!" The waiter has no opinion. The girl brought by Wen lichen, even though she doesn't know her identity, has been treated at the VIP level.

Suzy stepped down the steps step by step, the ivory steps, against her figure, seemed to float in the clouds as light. "Hum..." Susie let the man on the sofa in the hall on the first floor notice her with a soft voice.

Wen lichen's eyes lifted from the magazine and looked at the girl who had stepped down slowly. The white evening dress set off her temperament very much. Sure enough, the woman had vision and chose a suitable one for her.

"Pretty?" Sushi asked him because he was already looking.

Wen lichen squinted and looked at it carefully. He nodded, "look, this is it!"

Sue could not help biting her lips and asking, "do you know this evening dress will be rented?"

Because she was embarrassed to ask the waiter, she had to ask him.

"Rent?" Wen lichen twisted his eyebrows. "Why rent?"

"But if you buy it, it's too expensive! It's cheaper to rent. " Sushi retorted to him.

"No evening dress here is for rent."

"Er! In that case, I won't do it. " Suzy said, turning to change.

Behind him, a male voice slightly displeased, "why not?"

"It's too expensive! I can't afford it. " Susie didn't want to waste money buying it.

Wen lichen was angry. "Who said you bought it?"

"Then You buy it? " Susie looked back at him in amazement.

Wen lichen took a look at his watch. "Half an hour to go and pick out the jewelry and shoes you're wearing tonight. We'll leave at 5:30 for the party."

Susie froze again. The dress was too expensive for her to bear. Would she have to pick out her hand ornaments and shoes?

Chapter 207

Susie could only choose jewelry and shoes obediently, but she thought, tomorrow is the party! Did Wen Li Chen remember wrong?

Susie changed her clothes and came down to see the man who was sitting on the sofa reading newspaper. She squinted and said, "isn't the party tomorrow?"

Wen lichen thought a little and chuckled, "I have a small private party tonight. Please come with me!"

"Then do I need to change into a tuxedo?"

"No! It's just a private party between friends. Just come and have dinner with me. " Wen lichen saw that she was wearing fresh clothes with a little sexy, which was very good.

Susie thought of it. He said today that her time tonight belongs to him. He had arranged it for a long time, but she really didn't want to go to a private party like him.

At half past five, sushi received a call from Annie. She asked when she would return to the hotel. Sushi had to simply tell her that she would return to the hotel before ten o'clock. Annie at that end immediately warned her carefully that she should be careful not to drink. If there was anything, she could call her immediately and report it Police.

After hearing Annie's warning, Susie's nerves were also tense. But after thinking about it, it seems unnecessary. How can a man like Wen lichen look at a girl like her? Last time she had an affair with him, he deleted it, which showed that he didn't like her.

But Suzy couldn't understand why the man would let her go to his private party.

Wenlichen's driver was already waiting at the door. Sushi got into his car and asked curiously, "who are your friends?"

"You'll know when you go." There was a trace of mystery in Wen lichen's tone.

This made Susie even more curious, but now she can't even figure out his identity, how can she figure out who his friends are?

However, if he can be a brother with a man like Xing liehan, his financial resources must not be low.

Sushi looked out the window at the backward scenery, the dusk scenery in the evening, which was very beautiful. The pedestrians on the street were lazy, lively and full of passion.

Suxi can't help surreptitiously looking at the men around him, only to see the slender figure of Wen lichen leaning on the leather seat, with a slightly sideways face, perfect contour lines, and an air full of the upper class.

Susie's heart was beating slightly. She thought that this man should be one of those men who do not lack women! Why did he make her his girlfriend?

Wen lichen takes Suxi to a restaurant first, and orders a box for dinner in advance. Suxi follows him into the box, but no one is there.

She asked in surprise, "what about your friend?"

"I'm talking about a party, not a dinner party. I'll play with them after we've had dinner."

"Play?" Suzy's head was buzzing at once, and the rich people's play seemed to scare her.

"Playing cards." Wen added, sitting in a chair with long legs folded gracefully.

Susie's heart beat immediately and asked in a low voice, "do you gamble?"

Wen lichen looked at her frightened expression, his thin lips slightly hooked, "don't worry, just pure entertainment, leave around 10 o'clock."

Susie sighed, "Oh! That's fine! "

"What are you nervous about?" Wen lichen looked at her curiously.

Sushi immediately bit his lip and said, "because I don't like gambling very much. Besides, if it's framed, it's often dangerous to my life. So you'd better not indulge in gambling too much."

Wen lichen flashed a bright smile at the bottom of his eyes and hummed softly, "are you worried about me?"

Suzy's heart was beating slightly at once. She turned her head and didn't dare to look at his eyes, but she said solemnly, "I'm just a friend of yours, a piece of advice for you."

When Wen lichen saw her expression, Junyan slightly mocked, "who says we are friends?"

Suzy's pretty face immediately blushed with embarrassment. She had a feeling of being despised. She couldn't help but stare at him angrily and say, "even if it doesn't count as a friend, then What are we then? "

Wen lichen looked at her with complicated eyes. "What do you want us to do?"

When Susie heard this, she had a sense of teasing her. She couldn't help but have a good way of saying, "it's better not to have anything to do with it."

Wen lichen saw that her pettiness came up, and he didn't tease her. The waiter pushed in the door to order. Susie asked for a western meal, and she didn't want to order it, because she had dessert in the afternoon and was full at the moment.

Wenlichen also chose a set meal. As soon as the waiter left, sushi came to play with her mobile phone to see her popularity in China and the fans' comments on her.

The delicate Candlestick lights six candlelight in the middle. The soft yellow and shaking candlelight makes her face delicate and picturesque. Her long hair is spread out behind her head, like a lady in ancient times, giving off a clean breath, which is rarely seen by Wen lichen in the artists."Have you ever had a boyfriend?" Wen lichen plays with the cup on the table, like asking at will.

Susie's eyes lifted from her cell phone. She blinked and said, "you mean a real boyfriend?"

"Do you have a fake boyfriend?" Wen lichen hummed slightly.

"I have some gossip boyfriends." Susie's eyebrows were a little smug.

Hearing this, Wen lichen's eyes narrowed slightly. "Are you doing it in a fake way?"

When Susie heard this, she immediately blushed, "it's gossip. What else can I do? Just let the media tie together and hype it! "

"If you have sex scenes or kissing scenes, do you use a double or go to battle yourself?" Wen lichen continued to ask curiously.

Susie's face was a little hot. The man wondered what she was doing? She thought for a moment and said, "sometimes with a double, sometimes in person!"

When Wen lichen's face changed, he said with some inexplicable annoyance, "I think you prefer to fight in person!"

Sushi looked at him speechlessly. "Yes! If I meet a male star I like, I'd like to play in person. "

This time, the face of the man across the street suddenly darkened, "which male star do you like?"

"Don't tell you!" Susie looked down at her cell phone.

Wen lichen suddenly reached for her cell phone and called, "stay with me, don't look at it."

"Why?"

"It's disrespect for me." Wen lichen said with serious eyes.

Susie twisted her eyebrows and was with him. There were so many rules. She was deprived of her right to watch her cell phone.

Chapter 208

"All right! If you don't look, you can give me your cell phone back! " Sushi reached out to him and said, cell phone belongs to personal goods, and she still has privacy in her cell phone! For example, if she takes ugly pictures, she doesn't want to be appreciated.

"After dinner." Wen lichen put her cell phone on the side of the corner of the table, not to give it.

Sushi looked at him again, speechless and choking. There was no cell phone to watch. Now, she really didn't know what to talk with him. She had to look at the candlelight and enjoy the beauty of the burning candlelight. She suddenly went to blow it curiously and watched the candlelight shaking. She smiled at the corner of her mouth.

Wen lichen's eyes looked at her deeply, looking at her little girl like heart, which was funny.

Suzy blew hard, and a candle went out. She was shocked at once. All the candles were fixed. She didn't know what to do for a few seconds!

"Do you have a lighter?" Susie had to ask him.

"I don't smoke." Wen lichen replied to her.

Sushi had to stop playing with candlelight. When the waiter was eating, she saw that one of them was out. She immediately took out the lighter from her pocket and lit it. Sushi smiled like a child.

And her smiling eyes, like stars, just collided with the man in the opposite direction. Wen lichen's eyes reflected the candlelight, also reflected her delicate and charming little face.

Susie hurriedly lowered her eyes in shame and began to enjoy the steak in front of her. For a while, the table was very quiet. The soft saxophone music in the box made the atmosphere full of emotion without dullness.

After dinner and checking out, it was only seven o'clock. After Wen lichen answered the phone, they got in his car and began to move to the next place, which was what Wen lichen called a private party.

It's a huge private cruise ship about to go to sea. Tonight, the cruise ship is a private gathering place, and there's a public gambling activity here tonight, so all the people who can invite the cruise ship tonight are legal gamblers.

Sushi looked at this huge cruise ship and slightly stared. Tonight's party was on the cruise ship. Sushi was really dizzy about the ship, so when she stepped into the connecting deck of the cruise ship, she hesitated for a few seconds before she dared to step on it.

When she felt the bow of the boat shaking, the man in front of her stepped back two steps, reached out and held her small hand with a little clenched fist, and led her forward.

Sushi was stunned for a few seconds immediately. He followed the man automatically. The palm wrapped in his palm felt his warmth. Sushi's face was red.

Wen lichen has been leading her into the cabin. As soon as she enters the door, a greeting manager comes up. "Mr. Wen, your room tonight is on the fifth floor of the president's suite. Your guests have arrived."

Wen lichen held his head slightly. He led sushi to the elevator. Sushi's heart was still a little restless. It was the gamble invited by this man. She was really surprised.

"Do you get seasick?" In the elevator, Wen lichen looked down at her.

Susie nodded. "It's a little dizzy, but I may not be dizzy on such a big boat." At the same time, she asked curiously, "will the cruise ship leave later?"

"It's going to go around the whole harbor, and it's going to be back in about three hours."

Susie blinked. "Oh!" At least she can make it back to the hotel at ten o'clock, lest Anne worry.

Su Xi follows Wen lichen to his room. There is an Asian and three foreign men sitting in his room. They are all in their 30s and 40s, and each of them is surrounded by a sexy and beautiful lady. Undoubtedly, Wen lichen is the youngest one. Su Xi immediately feels uncomfortable.

"Wen, here you are." A blonde man stood up respectfully to meet him.

And the other several also stood up to greet, Suzy immediately felt the absolute nobility of Wen lichen's position among them.

Wen lichen smiled and said, "sit down! Have a good time tonight. "

"Wen, your partner tonight is so beautiful." There was a man's eyes immediately staring at Sushi's face wantonly. Sushi hurriedly lowered his head, and the inner uneasiness became more intense.

She doesn't like such an occasion.

At this time, Wen lichen's arm suddenly poked, hugged Sushi's waist, and introduced to the group, "she is my girlfriend."

Immediately, the man who had just had a wild look, with an air of awe, quickly covered up the greedy look in his eyes, and dared not have any disrespectful non share thoughts to Susi any more.

Susie blushed with shame. Who was his girlfriend? Don't talk about it.

"If you get seasick, go to the rest room next to you, and I'll play with my friends." Wen lichen spoke softly to her.

Susie shook her head. "I don't want to lie down. It's more dizzy."

"Then sit next to me and stay with me." After Wen lichen finished speaking, he took her to his seat, while other girls immediately noticed that Wen lichen was superior to others. Moreover, he was young, handsome and outstanding, which was definitely the leader of this group of men.

So, some restless girls, the eyes will be dark, look at the eyes on Wen lichen's face, it is particularly flirtatious and charming, of course, they hide very carefully, do not let the man around find. After Su Xi sat down, Wen lichen did not introduce his friends either. At this time, the male Dutch officials came in respectfully wearing golden vest uniforms, and several bodyguards also appeared at the door.

Sushi's heart tightened immediately. Although she didn't gamble, the gambling itself could stimulate people's excitement. Sushi was really worried about Wen lichen. Well, why gamble?

The Dutch officials took the tray and put their respective bets beside them. Sushi stared curiously, then asked Wen lichen in a low voice, "how much are these chips?"

"One billion!" Wen lichen gave a faint reply.

Suzy took a breath and stared at him with the eyes open. "You bet so much?"

Wen lichen turned his head and asked, "is that big?"

Now, sushi felt like a child in front of him. She bit her lips and wrinkled her nose. "I don't understand your rich world."

Wen lichen suddenly reached out his hand and stroked her head like an elder. "Then look at it well. It's yours to win tonight and mine to lose, OK?"

Susie breathed. "Ah?"

Wen lichen chuckled. "I'm telling you the truth."

Sushi also raised her eyebrows. "Really? Well, I'll cheer you on! "

In fact, she just wanted him to win, but it didn't matter whether she gave it or not.

Chapter 209

The four men on the table did not seem to have a competitive gambling heart. They were all rational and calm thinking about not following the cards, as if they were secretly calculating each other's cards, turning this gambling into a way of eliminating punishment and mischief.

As if in their eyes, tens of millions of them have become a dime, which makes the women sitting beside them nervous.

Su Xi sat beside Wen lichen, and his heart did not relax. However, this man's memorial tablet and his posture were definitely the most handsome and calm she had ever seen. His hands with cards, long and white, were so beautiful that they could be used as a model. Su Xi was so beautiful that he could not even sigh for himself.

Also dark rub the head to see their own hands, although onion thin good-looking, but not as beautiful as this man's hands.

In a twinkling of an eye, she spent an hour playing cards, and sushi didn't sit at the table all the time. Occasionally, she would steal a free time, walk to the balcony next to her, browse the beautiful night scene on the coastline, and look at the huge full moon as if floating on the sea. This calm and leisurely mood.

It's definitely the most relaxing time for her. The sea breeze blows and the whole cruise ship is beautiful, like a bright pearl on the sea, which makes her feel like a fairyland.

The scenery is beautiful.

When sushi saw the scenery and came back, she saw the girl who had been with another man. She had been sitting in her position and watched Wen lichen take the card seriously. Her heart was slightly smothering and a trace of natural and surging jealousy exploded in her chest. That was her position. Why did the girl come here?

What's more, the girl's upper body was half exposed. Why should she rely on Wen lichen so much? It seems that he will touch his charming suit at any time.

Damn it!

Sushi bit her lips in secret, turned her head in a bit of chagrin, and went back to the balcony.

Wen lichen has a pair of deep and complicated eyes. The eyes light is flowing slightly. Just now, the woman sat down suddenly. He didn't let her leave. He wanted to see the little woman's reaction and see if she would be jealous. However, the answer is obvious.

When she just turned around, the expression of resentment didn't escape his eyes, but the woman didn't come to fight, but she couldn't come to fight.

Wenlichen's mouth was slightly hooked up, and a mixed race beauty sitting next to him was immediately confused by his smile. The handsome man made her betray the Lord Huo this time, and made her willing to take the risk of making him angry, but came here just to get closer to him.

His cards are also very good. Wen lichen wins the most on the table. He looks at his self-respect. Good cards and bad cards are all held by his perfect control. This is handsome and admirable.

Sushi looked at the beautiful night sky in the distance and suddenly lost interest. Her mind was full of the girl's half body was about to rely on Wen lichen. However, it was obvious that the man enjoyed it very much!

Damn it, even if he likes such a woman, why should he let her come? He simply spends money to find a woman who is willing to take off and watch cards with him!

Susie took a breath and felt that her chest was a little uncomfortable. She bit her lip and suddenly wanted to go back to have a look.

She stepped out of the curtain and saw that the woman was still there. Sushi took a deep breath and stepped gracefully.

When the girl saw her coming, she immediately got up awkwardly from wenlichen's side and sat back beside her lord Huo. However, her lord Huo didn't get angry, because flattering wenlichen didn't do him any harm.

Su Xi sits next to Wen lichen again. Wen lichen's complicated eyes come to him. Su Ximing knows that he looks at her. She deliberately ignores him and pretends not to see him look at her.

She was a little angry.

However, Wen lichen was not sullen or angry. Instead, he had a bright smile on his eyes. He put the card on the table elegantly, "rest for half an hour!"

"Good! It happens to be a nice moon tonight. You can go for a walk on the top deck. " Another man has been losing, so he would like to have a rest.

Others have no opinion.

Sushi also wanted to go to the deck to have a look. When she stood up, the girl's eyes immediately looked at Wen lichen. She was trying to get Wen lichen's love. As long as Wen lichen was interested in her, she believed that there were still many opportunities in the future.

However, Wen lichen's eyes fell on Suzy and said to her, "go with me."

"Just as it happens, I'm bored." Sushi raised her eyebrows and answered. Then she went straight out of the gate to the elevator. She could not wait to escape from the boring gambling table.

Wen lichen followed her behind. When she got to the elevator, there was no one. Maybe now everyone was gambling. There was no time to see the scenery!

Only gamblers like them have leisure to take a chance to see the scenery. Other gamblers only go on this cruise ship to win money. Where else are they in the mood to see the scenery?

The elevator runs all the way to the top floor, which is big enough to make Susie crack his tongue slightly, and the neon light is flashing. There are also many bar tables, which provide drinks for the guests free of charge. Under the crystal light beside the deck, there are lazy reclining chairs and sofas, which exude a relaxed atmosphere everywhere. There are not many people here, but it has become very emotional.

Susie's heart strings slightly loosened. She went to a bar and asked the handsome waiter for a drink. Wen lichen stood beside her and asked for a glass of red wine.

After a while, the two men walked to the end of the deck with drinks. There were several couples hugging on the sofa. Of course, it was not an excessive act, just a friendly manner.

Sushi immediately looked pretty and went to the edge of the table. Here, you can see the huge waves of water in the cruise ship, but you don't feel noisy. Listening to the music in the air quietly, it's very leisurely.

Su Xi just sat down. Wen lichen also sat down. He asked her, "do you like it here?"

"Like it!" Suzy replied with a smile.

With that, sushi put down her glass and wanted to see the water flow. She stood at the railing, bent down and looked down. The wind was blowing on her face. She could not help opening her hand gently, like the heroine in the movie lens, feeling the feeling of floating in the clouds.

Suddenly, there was a clear masculine smell wrapped behind her. The man's tall body stood behind her, his hands were like steel on the railing, protecting her body in his arms, for fear that the wind would blow her away.

Sushi wanted to laugh, but she didn't refuse the man's protective behavior. Instead, she gently shook her body, and suddenly, a moist and warm kiss came from her thin white neck.

Chapter 210

She was startled. She quickly pulled over her body. However, she was even more embarrassed to find that she and the man were facing each other. She slightly raised her head, while the man leaned over, and the tips of their noses almost touched each other.

Susie's breath almost didn't dare to breathe loudly. The slight smell of wine on the man's body spilled down, making her seem to have a blank head, so they looked at each other.

His eyes are as deep as the sea, unfathomable, and her eyes reflect the stars, little by little, blurred and pure, which makes the man's mind turbulent. Without hesitation, he bent down directly, and the sexy thin lips covered her slightly moving red lips.

Susie's eyes are slightly gaping. Is this man kissing her?

On his lips was his gentle sucking, as if he was tasting the first-class red wine, not eager to enter, but a little bit of light exploration.

Susie's breath smothers. When she was filming, she had kisses, but they were only limited to the touch of the lips, but they didn't allow men to kiss deeper. However, why, at this moment, she didn't have any precautions and dislikes, so the deeper the man kisses the deeper?

Susie was going to faint, with her back against the railing, and the man's exuberant body was pressing her like the next second was going to press her into the abyss.

Finally, the man seemed to be more and more fascinated by her sweetness, and the kiss became fierce, which made Susie unable to resist. She pushed his chest, but the more she pushed, the more he could not control.

A kiss, it seems to kiss to the end of time.

In such a wonderful night, this kiss seems to be particularly flirtatious.

Susie felt less and less breathing. She felt that the whole person was going to faint. She finally pushed the man away with her greatest strength.

Wen lichen's breath was also unsteady. His eyes were darker than midnight. He stared at the girl in his arms. He couldn't believe that the woman would let him out of control.

He was even passionate just now, just because of a kiss.

Susie bit her lips and ran away from him, but after a few steps, when she was breathing, she took a breath.

What happened to the kiss just now? What does it stand for?

Isn't she not even qualified to be his friend? Why does he kiss her like this?

Wen lichen's breath was stable. He didn't look back. His hands were on the railing. His slender body was like Satan at night. It exuded a kind of criminal atmosphere, but at the same time, it was like an angel. At any time, a pair of white wings would spread out behind him. The halo was dazzling.

Sushi stood a few meters away from him. Her feelings for the man became complicated for a moment. She didn't know what to do! She even struggled inside!

She was struggling not to like him, not to love him, which was the only one that made her have such a contradictory mind.

It seems that he is a huge magnet, and she is a small broken magnet in the sand on the ground. When he gets close, she can't help being absorbed by him and attracted by him.

And she is trying to break away from this attraction in her own way. She is afraid that once she has occupied and attached herself, she will never be able to get away from this man again.

Sushi felt thirsty. She needed a glass of ice water urgently. So she ran to the bar, sat there, asked for a glass of ice water, sat there inexplicably, and drank two glasses of ice water in one breath.

When Wen lichen came back to find her, she was chatting with the waiter. Maybe the waiter could see through her depressed mood! If he wanted to make her laugh, he was showing her his cool mixing wine. Sure enough, he made Susie laugh.

Wen lichen stood a few meters away. The dark light made his face blend with the night. He couldn't see clearly. However, the waiter felt a violent attack, which made his gesture stop immediately. He turned around awkwardly to clean up his wine cabinet.

Susie also seemed to feel the cold, with a pair of eyes staring at her behind her, which made her a little hairy.

The smile on the corner of her mouth was immediately smoothed. She turned her head and saw Wen lichen a few meters away. She became bored again.

Wen lichen watched her change of expression, and his heart suddenly became mad again. Any stranger could make her laugh. But in front of him, she was only depressed and unhappy. What's the matter with this woman?

Would she rather like a stranger than him?

"Let's go! Go down with me. " Wen's tone suddenly cooled, with a hint of command.

This made Susie's heart beat, and her share of unhappiness was upgraded. She bit her lip and said hello to the waiter, and she followed him silently to the direction of the elevator.

All the way to the door of the elevator, Wen lichen suddenly reached out and pulled her forcibly into the elevator. Sushi's body was not stable, so he hit him. His body leaned against the wall and suddenly became Sushi's strong attack on him.

Su Xili is about to raise his hands like surrender. Wen lichen's coldness is more obvious. He reaches out and straightens his disordered chest. A pair of icy eyes stare at her. Susie was a little annoyed. He pulled too hard just now. She would rush over and hit him. Is there anything else he could be angry about? She should be angry, OK?

So back on the table, the men obviously felt that Wen lichen's face was not very good when he sat back. So, next, they all made plans to lose money!

Because wenlichen's game and calculation are several grades higher than them, so it is inevitable to lose.

Sure enough, an hour later, turning back, it's only half an hour from the wharf, and on the table, several other men lost almost as well! They all laughed bitterly, but pretended to be willing to lose.

Su Xi also saw Wen lichen's playing skills. She secretly marveled that this man can make a fortune by gambling! I don't think he won all his money at the table!

My God! Is he the God of gamblers?

So guess, finally the card on the table is over. In front of Wen lichen, there are hills of chips, which add up to at least 3 billion.

The others didn't lose all their chips. They all felt that Wen lichen was merciful.

Sushi secretly had a good time for wenlichen. At that moment, wenlichen turned to look at her. "I'll tell you what I say. These are yours." Then he got up and left her a pile of chips.

Sushi's eyes widened, and other girls seemed to understand Chinese, and they were so jealous of sushi that they couldn't describe it.

But who knows how complicated Susie's heart is now?
