Chapter 211

Susie stared at the chips for a long time, and didn't know what to do! At last, she didn't care about the chips he won. She picked up her bag and hurried out, because she didn't want to stay here anymore.

When Su Xi catches up with Wen lichen, he is not surprised that she comes up with him. He has one hand in his pocket and a figure with long height and legs. Even when walking beside several tall Western men, he is not crushed at all. On the contrary, the space where his figure is isolated appears to be particularly powerful.

Suxi swallowed her saliva. Because of the VIP treatment, she had the priority to get off the ship. At the other end of the hall, a large group of gamblers were stopped. Suxi took the lead in walking out of the cruise ship with Wen lichen. Outside, the neon light flashed, and everything became dazzling and modern.

It is quite different from the tranquility and emptiness of the sea.

Su Xi looks at Wen lichen in front of her. She suddenly doesn't know where she's angry. She looks up and sees a row of parked taxis not far away. She thinks that if she accompanies him more than 10 o'clock, she's still talking. Now, the time after 10 o'clock is her free time.

Su Xi looks at Wen lichen's figure, turns around and heads for the taxi aisle. She wants to go back to the hotel.

Wen lichen seems to have been feeling her breath behind him. Suddenly, he can't feel the following steps behind him. His heart is shocked. He turns his head abruptly and sees that there is no Suxi behind him. His cold and sharp eyes sweep around, and he sees that the slender figure has stepped towards the direction of the taxi, which is more than ten meters away from him.

Wen lichen's sword eyebrows are tightened unhappily. Does this woman want to die? At this time, dare to take a taxi alone?

Wen lichen's long legs took a quick step and chased her.

Suzy didn't look at Wen lichen any more. Now she thinks more and more angrily. Why does this man have a calm face behind him? Does she owe him anything? She is obedient tonight! He gets angry by what he says.

Well, she's not waiting either. Did she just give her some tickets? She has paid him for tonight. What else does he want?

Suzy went to the nearest taxi, reached out to open the door and sat in. Just then, behind him, a low, displeased male voice shouted, "no sitting."

Susie was startled. She turned her head to look at the man who was coming. She did the right thing with him, so she opened the door and decided to sit in.

At this time, Wen lichen is only about half a meter away from her. His arm strongly clasps her and pulls her over. He closes the taxi door.

"You What are you doing? " Sue angrily broke away from his arm.

"Who allows you to take a taxi at this time?" Wen lichen's tone was full of strong tone, which was only when he was used to giving orders.

But in Sushi's heart, she wanted to fight against him even more. She bit her lips and said, "are you my person? What right do you have to order me here, order me there? What I want to do has nothing to do with you. "

This sentence stunned Wen lichen's handsome face for a few seconds. Yes, she was right.

Who is she? He is not qualified to take care of her.

If you say his identity, then he is the biggest boss of her company, but Wen doesn't want to tell her about this relationship.

"Even if you were brought by me, it is necessary for me to send you back safely and follow me." Wen lichen finished, led her to the direction of his car.

Suzy's eyes were a little red with anger. She wanted to break his hand, but he held it too tightly. She could not break it, but she was led away by him.

She took a deep breath. "Let go of me, I'll go myself."

Wen lichen turned his head and stared at her for a few seconds, but he let her go. His steps were not fast, as if he was afraid that she would not keep up.

After Su Xi calmed down, she also worried that it would not be safe to take a taxi. So many wonderful things in her life have not happened yet, so she did not come up with any accidents!

Sitting in wenlichen's car, Suzy looked to one side with her head twisted. She didn't want to look at the man again.

Suxi said the specific address of the hotel to the driver in front and asked him to send it back. The driver immediately replied respectfully to her.

Wen lichen sat at the other end of the carriage, the chill from his whole body oppressed the whole carriage.

The car drove all the way to Sushi's hotel. It arrived around 11 o'clock. The car stopped in front of the hotel hall. Sushi said to the driver, "thank you!" With that, she finally glanced at the man in the back seat, closed the door and strode away.

Wen Li Chen's eyes were deep, and she was in an unpredictable mood. He said to the driver ahead, "go back!"

Susie knocked on the door of the suite. Annie and Xiaomi inside immediately opened the door. They were very happy to see her come back safely.

"Sister Xi, you are so anxious about sister Anne and me." Xiaomi is the first to speak.

"I'm ok! Don't worry. I'm tired and want to take a bath and go to bed. "

Annie carefully looked at her expression, which was obviously unhappy. She asked curiously, "nothing happened!"

"No! I'll go back to my room and have a bath, and you can go to sleep too! " Suzy finished, went back to her room and closed the door. Suzy breathed heavily. Today, she was really angry. At this time, there was a message coming from her mobile phone. Susie couldn't help but find it and take a lazy look at it. However, the information on it directly made her eyes big and unbelievable.

Just now, her bank account suddenly increased by 2.5 billion

Sushidan is counting the zeros in the back, which is frightening

Finally, she was sure, it was so much money, my God! The bank has the wrong number!

But soon, sushi immediately thought of Wen lichen's gamble tonight, didn't he Is this the money he won? Did you really hit her card?

Susie was stupefied, looking at the zero on her mobile phone that made her dizzy, and her head exploded into a huge blank.

Just now, she thought that she would never want to see this man again, but what is this money?

Sushi can't help breathing. She picks up her cell phone and finds Wen lichen's number. She pulls it out without hesitation.

All right.

But, a few seconds later by that end press break!

"Damn it, dare not answer my phone!" Susie was going to faint, so she had to continue to fight. After the third press, the man at that end shut down the machine directly.

Susie is going to faint. Is this man too rich? Why give her so much money? It seems that we can't get through to him tonight. We can only find him tomorrow.

Where can Susie sleep? As long as she thought about the money on the card, her head felt big.

Chapter 212

Domestic!

Tang Siyu still took part in Ye you's recording. At 3pm in the studio, the dessert and drinks were sent in on time. They were sent from Xing lie's cold spot, which made Ye you's staff shout "happy!"!

It seems that as long as Tang Siyu is in one day, they can enjoy these desserts and drinks every day, and the desserts in this family are too expensive for ordinary people to eat every day. Now, they can enlarge their stomach to eat.

During the rest period, ye you can't help teasing Tang Siyu, "Siyu, it seems that Mr. Xing is very good to you! Don't forget to invite me to your wedding! Let me join the party. "

Tang Siyu's heart is funny. She and Xing liehan haven't come that far! She was holding a cup of coffee. "Sister ye, I haven't done anything about the eight characters yet!"

"Isn't it sooner or later? Now it seems that few women can resist Mr. Xing's ardent pursuit. I believe you feel very sweet too! " Ye you knows the charm of Xing liehan very well.

Tang Siyu sipped his coffee lightly. Is today's coffee sweetened? Why does it become fragrant, mellow and sweet? Tang Siyu chuckled and didn't know how to answer.

This morning, Xing liehan personally sent her here, because she sprained her foot last night. Although it was not serious, he was considerate and let her see it.

Around five o'clock, Tang Siyu received Xing liehan's call. He booked the restaurant tonight and asked her to accompany him for dinner. Tang Siyu agreed.

Under a shady street in front of Xingshi group's building, there are three covered cars. In one of the business cars, there is a middle-aged man with a gruesome face. He has a small head and a black T-shirt. His arms are covered with tattoos. He looks at Xingshi group coldly. There is one There was a flash of resentment.

At this time, his phone rang. He picked it up and answered, "Hey, uncle, don't worry, I'll take care of it for you."

"Ah Liang, let me see!" That's a voice of persuasion.

"No, uncle, your business is all blocked by him. If it is not for him, what is the room for development of our family's business?" When the man finished, there was a flash of violence in his eyes.

"He has power and power. Our family's business can't compete with him. It's also fate. Forget it! Bring your people back. "

"I don't want to. Tonight, even if I don't teach him a lesson, I want him to know the strength of our family. What if I have money? I will take his life. " A Liang clenched his teeth, as if he had grasped Xing liehan's neck, and could kill him at any time.

"You..." The man at that end couldn't stop him, so he sighed, "then be careful! Xing liehan is not a vegetarian either. Just teach him a lesson. "

"Uncle, wait for the good news! I will never make him feel better. " A Liang sneers, takes the phone, stares at Xing group, picks up the walkie talkie, and talks to the brothers around him, "look at his car at the garage door, and inform me immediately when he comes out.

And just then, one of the walkie talkies said, "boss, his sports car is coming out."

"Keep close to him. Does he have a bodyguard?"

"No!"

"Hum! God help me, Xing liehan. I'll see what you can do this time. " After a Liang finished speaking, he stared out of the window and saw a sharp black sports car passing by in the car group. Behind him, he followed his brother's car, and his business car immediately followed.

Xing liehan's car goes straight to the recording studio to meet Tang Siyu. Tang Siyu is ready to wait for him in advance. She carries her bag and calculates the time to wait on the street.

Ten minutes later, Xing liehan's sports car stopped beside her. Tang Siyu opened the front passenger's door and sat in it. She turned her head and looked at the man on her side. It was probably that the sun was more dazzling in the evening. Therefore, he wore a pair of sunglasses and black lenses, which made his facial features more handsome and showed a mysterious ascetic charm, which could not be detected.

In particular, Xing liehan looks at her through sunglasses. The smile on the corner of his mouth makes Tang Siyu's heart pounding. The evil spirit is fascinating. This man is really a natural woman killer.

"Where to eat?" Tang Siyu's pretty face flashed a trace of shame.

Xing liehan's sports car immediately slammed on the brake and rushed out 100 meters in a second in the open street, which made several black cars behind him really hard to catch up with.

That's really enough to catch up.

Xing liehan and Tang Siyu arrive at the door of a high-level air restaurant. Two people enter. A group of gangsters follow behind. They dare not move when they look at the expensive restaurant.

A Liang can only order his men to stop and wait for Xing liehan to go home tonight. Tonight, anyway, he will give Xing liehan some blood to warn him that he can't stop his family's business in the future.

In the dining room.

The romantic candlelight dinner was served. In the quiet box, Tang Siyu stood in front of the floor to floor window and looked at the beautiful scenery at the beginning of the bright lights outside the window. For a while, she gave birth to many exclamations. Even in her mind, she had some piano movements. She had tried common music. It seems that she could remember such inspiration at the moment and prepare for common music in the future. Suddenly, two arms propped up behind her, trapped her in front of the floor to floor window, her breath was slightly smothering, she bit her lips, through the glass window, emerged the man's elegant face, he was on her side of the brain, staring at her with a pair of deep starlit eyes.

Tang Siyu's breath is slightly hurried. She stares at the man reflected in the mirror, while the man looks at her. He doesn't find her looking at him through the glass window. He gently squints his eyes and sniffs her hair. He smiles at the corners of his mouth, which is charming.

Tang Siyu looks at her stupidly. She doesn't know what's wrong with her nerve. She turns her head, and the man's face is close to her ear.

Her soft red lips kissed his side face directly, Tang Siyu was shocked. Just about to turn around, the man held her face directly, and the fiery thin lips sucked her petal like lips, forbidding her to run away again.

"Well" Tang Siyu is going to faint. This man is really confused.

This is a restaurant. I just ordered a meal. The waiter will come in anytime.

He doesn't want face, she wants it!

She reached out to push him, Xing liehan took advantage of this moment, quickly sucked her lips to compensate, then released her, hooked her lips and smiled, "what are you afraid of?"

"Can you stop messing about?"

"No!"

"Why?"

"I blame you for being so attractive."

Hearing this, Tang Siyu was confused and turned his back on him.

Chapter 213

A delicious candlelight dinner, coupled with the provocative eyes of the man opposite from time to time, Tang Siyu's heart beat faster. Tonight's Moonlight did not hide in the clouds, illuminating the whole city, all shrouded in a light silver light. Such a night, it seems that people do not want to sleep.

"How about going for a ride after dinner?" Xing lie asked Tang Siyu in the opposite direction.

Tang Siyu looked out of the window at the beautiful moonlight. She nodded, "OK! Where can I go for a ride? "

"I know a good place to go. It's the best place to see the moonlight." Xing liehan tasted the wine gracefully.

"How do you know? Have you ever taken another woman? " Tang Siyu looked at him, inexplicably, there is so little stuffy in his heart.

Xing lie's eyes flashed with a smile. He hooked his lips and smiled, "yes, I took a woman to see it. She likes it very much. I believe you will like that place!"

Tang Siyu suddenly lost interest in the ride for a while. She thought for a moment and said, "forget it, I won't go. I have a job tomorrow. I'm going back to recite the music score tonight. That is to say, if you take that woman, you can continue to take her!"

In the tone, a trace of acid.

Xing liehan clearly listened to him, and he suddenly chuckled, "you don't ask who that woman is, so you are jealous. Is that right?"

Tang Siyu could still laugh at him, but her face was a little ugly. "You have so many women, I don't know any of them. What can I know?"

"Jealous?" Xing liehan stared at her and continued to laugh.

"No!" Tang Siyu said, picked up the bag next to him and decided to get up. At this time, the man saw that she was really angry. He hurriedly stood up and grabbed her hand in a domineering way. "Don't be angry, that woman is not someone else, it's my sister's promise."

Tang Siyu's expression was frozen for a few seconds.

Xing liehan explained to himself, "last year, there was a dog eating moon. She told me the best place to watch it. So that night, I took a pair of younger brothers and sisters with me."

Tang Siyu's face was embarrassed, and she coughed softly. "Why did you say that just now?"

"I'm just trying to see if you're jealous." Xing lie's smile at the corner of his mouth was abhorrent.

"I'll ignore you if you make such a joke later." Tang Siyu complained that the man had made such a joke for her.

"Good! No, let's go! Anyway, if the son is not at home, it's OK to go to bed later. " Xing liehan finished, took her hand and went out.

Tang Siyu was led out by him. Her pretty face was still a little red. She knew the most about whether she was jealous just now.

Xing liehan leads her out, arrives at the parking lot, sits in his sports car, and starts the ride tonight.

At the same time, Tang Siyu also needs to relax. Tonight is the tenth five-year plan. The moon is especially bright and bright. Tang Siyu has not enjoyed such a night scene for a long time.

Xing liehan '.

However, due to the night, Xing liehan didn't find the suspicious car behind him, and his mood tonight was very relaxed. Maybe there was a woman on the car that made him yearn. He looked at the lazy and charming girl around him more often.

When the car drove out of a high-speed intersection, Tang Siyu's heart began to tighten. He turned to look at him, "how long is it going to last?"

"About twenty minutes more!" Xing liehan took her to the top of the mountain outside the city, where there was usually no one.

Tang Siyu looks at the man sitting next to him and his resolute face. His eyes are bright and introverted, and his whole body exudes a sense of stability. It seems that as long as he stays by his side, he has the courage to be bold and fearless.

If Tang Siyu is allowed to drive out of the city in the evening, she certainly dare not. But at this moment, sitting beside him, she suddenly has a sense of excitement, and her heart beats slowly.

When the car drives into a two lane forest road, there are no street lights, no vehicles, only two distant lights, and the vast unknown ahead, the mountain road around, Tang Siyu's heart is a little tighter.

"Is this the right way?" Tang Siyu asked curiously.

"You can reach the top of the mountain." Xing liehan chuckled, "don't worry, I'm here. Don't be afraid of anything."

Come to have come, Tang Siyu feel afraid is also redundant, it is better to risk with him.

Suddenly, Xing lie looks in his rearview mirror at the lights following him. His eyebrows are slightly twisted. At this time, does anyone want to go to the top of the mountain?

Tang Siyu also found out. She turned around and looked at the following cars behind her. "Who are these people?"

Xing liehan also recalled these cars behind him on the way. He thought they were just people along the same road. Unexpectedly, these cars even followed into the forest. A kind of dangerous information came to his chest. Xing lie's cold eyes flashed a cold light. Suddenly, he accelerated, and Tang Siyu around him was shocked.

"Hold on, trust me." Xing lie's deep voice sounded in the dark carriage.

Tang Siyu hurriedly grasped the car guard on the top of his head. Xing liehan drove out of the car on the unpredictable mountain road, which really scared Tang Siyu out of his mind.

Xing liehan's car power behind him is insufficient, but he can't give up. Through their acceleration, Xing liehan immediately realizes the intention of these people!

And Tang Siyu also saw it, she gasped and asked, "are those people bad people? Why are they following us? "

"It should have come at me!" After Xing liehan finished, he knew that there was no stopping place in the middle of the road. Only when he rushed to the top of the mountain all the time could he have a huge parking lot.

Tang Siyu's heart mentioned in her throat. She didn't expect that she happened to meet a gangster. What do these people want to do with Xing liehan?

"What to do? They have three cars. They must be a lot of people. " Tang Siyu worried about the question, the pupil emerged a touch of fear.

Xing liehan's sculpted and handsome face on the driver's seat was cold. It seemed darker than the night in the forest. He sneered, "don't worry, I can handle them."

"You?" Tang Siyu's fright escalated again, so she shook her head in the next second and said, "no, it's best to get rid of them. Don't touch them hard!"

Chapter 214

"There are only two ways up and down this road. I can only lead them to the top of the mountain. Otherwise, I can't get away." Xing liehan knows that the cliff is just beside the mountain road. Of course, he can't make fun of Tang Siyu's life danger.

He would rather face this group of lawbreakers than let them have a chance to crash into his car. Xing Lihan dials up the phone of the captain of the bodyguard, succinctly and forcefully states his address, so that they can catch up at the first time.

Before his bodyguards arrived, Xing Lihan had to face the situation alone.

Tang Siyu's heart is really going to stop. She has a real fear of performing a life and Death movie. She is biting her lips. At this time, the only thing she hopes for is Xing liehan's bodyguard to hurry up.

Xing liehan's car soon reached the top. There was a huge flat ground on the top. His sports car immediately occupied the most powerful dead corner. His car was a handsome tail flicking and stopped at the foot of a mountain peak.

Two huge stones stopped him, so that the three cars running up couldn't stop him. They had to park ten meters away from them. The head of the car stopped him dead.

If Xing liehan is only on the car alone, he wants to run into these cars and go straight down the mountain, which is also a simple thing, but now there is a woman in the car, he dare not take any risks.

He was willing to face the gang alone.

Xing liehan sat in the car, motionless, with cold eyes, waiting for the opposite crowd to get off.

In the opposite vehicle, the door opened almost at the same time. Xing liehan's lamp reflected their appearance. A man with an iron bar stood in front of the lamp and waited fiercely for the man on the sports car.

Tang Siyu counted eight men. Her breath was immediately held. She looked at the men around her. However, to her amazement, was she wrong?

The man who cuts thin corners of his mouth around him even raises a disdainful sneer, as if he doesn't pay attention to these people.

At this time, Xing lie's cold side told her in a low voice, "stay in the car, don't get down."

"Xing liehan, what are you going to do?" Tang Siyu was so scared that he immediately reached for his cuff.

Xing liehan thought it was some powerful mercenary role that found the door, but at the moment, looking at those gangsters, he was not afraid at all.

"Don't Don't go down, I beg you, Xing liehan, don't go down. " Tang Siyu's voice is full of worry, and the voice line is light.

Xing liehan comforted her and smiled, "don't worry, I will be OK."

With that, he took her hand, pulled away her pull, pushed open the driver's door and stepped down.

Sitting in the car, Tang Siyu was so nervous that she was sweating all over. She tightly clenched her fist and was afraid to imagine what happened next.

Xing liehan is unarmed, and the eight men opposite are all holding iron bars. Obviously, a fierce fight is in front of him.

"Xing liehan..." Don Siyu called out his name in silence.

It seems that the moonlight in the sky is deliberately dodged, and the whole mountain forest becomes more and more dark. Only four cars have their lights on each other. Xing liehan stands three meters away from his sports car in a tall and straight figure. His black shirt clings to his strong body, and his whole body radiates a sense of self-respect.

Even if he has only one person, and there are eight people opposite, it seems that the momentum is also weak.

A Liang, with a group of his subordinates, looked at the young man in front of the sports car. The idea that he had just despised the enemy suddenly disappeared. Instead, he nervously shook the iron bar in his handshake.

Under the light, Xing liehan's eyes are black and bloodthirsty. It's cold and frightening. At this moment, in the quiet space, only the sound of bones is heard. It's Xing liehan who is preparing for the war.

A Liang bit his teeth. His purpose today is to teach Xing liehan a lesson, so that he will not be allowed to block the family business in the future. However, it is clear that uncle is right. Xing liehan is not an ordinary person. He thinks he can handle it calmly with eight brothers, but obviously he underestimates the real strength of this man.

Just as there is no intersection, the man seems to have the upper hand just by his momentum.

"Don't stand silly, give it to me, don't kill him, just leave him breathing." A Liang called his brothers together to prepare for the war. "If anyone has made a contribution, I will never treat him badly."

Xing liehan sneers, "who sent you?"

"I'll tell you when I've finished teaching you." A Liang snorted angrily, and pushed his two subordinates to Xing liehan, "give it to me."

In order to make contributions, the two men immediately hit Xing liehan with iron bars.

Tang Siyu, who was sitting in the driver's seat, covered his lips with fear and took a breath of cold air, thinking that the two iron bars were going to hit Xing liehan.

However, just as the iron bar was about to arrive at Xing liehan, he turned away and grabbed one of the hunchmen's iron bars with a big hand. His action was so fast that he could not see clearly, so he heard a clear bone dislocation sound.

Soon, a mob howled like a pig, and the next second, the iron bar in Xing liehan's hand hit the other mob's side face, directly hit him on the ground, as if he had fainted. All of a Liang's men were shocked and frightened. In the light of the light, Xing liehan's eyes were dark and cold. The body under his tight shirt seemed to hide a strong explosive force, which was frightening.

A Liang said angrily, "give it to me. I will reward anyone who can beat him down."

The gangsters around know that only by working together can the man be knocked down. A Liang stops at the same place to check Xing liehan's skill and find a chance to kill him.

On the bus, watching the other five gangsters rush up to deal with Xing liehan, Tang Siyu's heart hangs to her heart again. She cried out in silence, "Xing liehan, be careful."

Xing liehan has a calm face. Although it's just a group of mobs, it's a lot of people. It's not a small force. Xing liehan has to deal with it calmly. He tries to avoid the attack on himself and clean up the mobs one by one.

Tang Siyu really knew for the first time that this man not only had money, but also had such good hands. But at the moment, she really hoped that this man could escape successfully.

A Liang's eyes moved away from Xing liehan's fierce body and moved to the woman in the passenger seat of the sports car. A sinister smile flashed across his eyes. This woman must be of great significance to Xing liehan. Therefore, the most effective way to deal with such a tough opponent is to grasp his weak points.

But Tang Siyu felt that she had a pair of gloomy eyes staring at her. She immediately found that ah Liang was looking at him. She had a click in her heart and didn't know what he was going to do.

Chapter 215

A fierce battle is going on on at the top of the mountain. On the side of Xing liehan's body, five gangsters attack from various angles. Xing liehan evades calmly and prevents himself from being attacked. At the same time, when he attacks, it is often a move to make the opponent fall down.

Xing liehan's eyes also notice that a Liang's eyes are fixed on his sports car. At this time, a Liang is not appreciating his top-grade sports car, but is calculating against the woman in the front passenger seat of the sports car.

Xing liehan's heart tightened for a moment. However, the gangsters around him all attacked him fiercely, which left him with no time for a while, but he always paid attention to a Liang's actions.

Tang Siyu also looked at the leader who was staring at himself. She didn't know what he was going to do, but she had to do something. At this moment, Tang Siyu suddenly calmed down.

It seems that Xing liehan is not a problem with one enemy and five enemies, but she can't be dragged by others when he retreats. Therefore, Tang Siyu calms down and suddenly comes up with a way. Her slim figure immediately gets into the driver's seat from the copilot's seat, and she quickly adjusts her position.

She wanted to take the initiative to attack, and Tang Siyu would not give the leader a chance to catch her. Tang Siyu suddenly stepped on the accelerator, but did not release the handbrake, so that the sports car made a wild animal like roar, which filled the whole valley with a frightening atmosphere.

As soon as a Liang's face changed, he didn't think that the woman sitting in the front passenger's seat was not a shrimp with soft feet. The ferocious sound of the sports car made him want to catch her just now and disappeared immediately.

Xing liehan hears the sound of a sports car, and his heart swells with relaxation. Unexpectedly, Tang Siyu has the courage to scare the man.

A Liang suddenly wants to enter his car and prepare to deal with Tang Siyu in the car. Tang Siyu has already analyzed several possibilities in his mind. At the moment, looking at this leader, she also wants to get on the car. She suddenly releases the handbrake. The next second, the sports car rushes out like an arrow and directly bumps into a Liang's car.

A Liang was shocked. Before he even got in, he saw his car was directly knocked away. Next second, Tang Siyu suddenly thought of a good way, that is to play with the bumper car. Now, she only hopes that Xing liehan's sports car body is hard enough, and that she will let these gangsters' cars crash.

Then, Xing liehan went down the mountain.

A Liang just retreated to the body of another car. When he looked up, he was scared to death. Tang Siyu ran into him again. He had never seen such a bold woman. He rolled to the ground and rolled away. Soon, another car was hit by Tang Siyu, and the front car cover was smashed.

Xing liehan also slightly stares at her eyes. Tang Siyu dare to bump into her!

Xing liehan's sports car is tailor-made, bullet proof and crash resistant. He naturally doesn't care about the car, but admires this woman's courage at the moment.

A Liang just got out of the way and stood up. He saw that Tang Siyu had hit the third car. All the three cars gave out an alarm sound. He didn't know whether they were damaged or not. However, the sports car that Tang Siyu was driving was intact, with only a few holes in the surface.

Tang Siyu looks at a Liang. She is angry. She clenches her teeth and suddenly turns the car head to him. It seems that the driver intends to crash him.

A Liang's legs were a little weak immediately. In the face of an irrational woman, he was really worried that his life would be over. He hurriedly hid under the boulder. Where did Tang Siyu want to hit him? She slowly drove to xingliehan's side and stopped.

Because of Tang Siyu's arrogance of hitting three cars in a row, and the driving situation she just hit a Liang, when her car came, five gangsters around Xing liehan immediately instinctively backed up.

Xing liehan throws the iron bar in his hand and snorts to a Liang, who is hiding behind the big stone, "it's your most wrong decision to provoke me. Wait for the consequences!"

Xing Lihan pulled out the front passenger seat and sat in it. Soon, the sports car disappeared like a ghost on the way, and a group of hoodlums on the ground were all stupid.

A Liang was so angry that he was about to smoke. At a good chance, he was disturbed by a woman. Who is that woman?

But now they are not looking for Tang Siyu's time to settle accounts at all. Instead, they are all chilling for Xing lie's words when he was leaving.

"Brother Liang, what can I do? Xing liehan didn't teach a lesson, but he recognized us. Next, will he find us to settle accounts? "

A Liang's eyes flashed a little annoyance. "I'll hide in line with you. I look down on him too much."

On the way to the bottom of the mountain, Xing liehan's eyes have been staring at the women around him. With that, he chuckled, "Tang Siyu, I know you again."

Don Siyu gave him a white look. "You can still laugh!"

"You did well just now. I didn't expect that you were so brave."

"Don't look down on women, especially women who are mothers. Don't you know that it's better to be a mother?" As long as Tang Siyu thinks of his son, he is fearless.

The smile of Xing lie's lips was deep. "Were you just trying to save me?"Of course, Tang Siyu's purpose was to save him. She turned her head and said, "of course! Are you hurt? "

Xing liehan was beaten several times on his back. However, within his tolerance range, however, when his thoughts turned, he suddenly hissed and made a light sound. His handsome face showed a painful color.

Tang Siyu's voice was really worried, "are you hurt? Where is the injury? "

"Back up! I've been beaten by iron bars all over my arm. " Xing liehan only wants to show the misery that he has already suffered, so that he can make this woman's heart ache.

Sometimes, in front of the beloved woman, when it's time to be strong, when it's time to show weakness, don't let go of the opportunity.

Because only when she is weak can she get her affection.

"I'll take you to the hospital." As expected, Tang Siyu's breath gasped slightly, as if he could not help it.

"Drive well, I can bear it. If you don't go to the hospital, go home and give me some medicine!" Xing liehan doesn't want to go to the hospital because he's just a skin injury.

Tang Siyu's car drove out of the mountain path and immediately ran straight to a high speed. The street lights on the high speed extended to the bustling downtown. Xing lie was languidly leaning on the position. A pair of eyes often looked at the woman driving beside her. Unexpectedly, her driving posture was so elegant, with a trace of stability in the slim.

This woman is really getting more and more attractive to him.

Tang Siyu rushed back to his villa at the fastest speed. Although she was scared and tired this time, she took out the medicine box at the first time and prepared to give him medicine.

Chapter 216

Under the bright crystal light, only on the sofa, Xing liehan takes off his shirt, revealing his body with perfect and sexy lines, strong waist, distinct chest and abdominal muscles, good body to make people breathe blood. Only at the back and arms, the red and swollen mark is clearly visible.

Tang Siyu came down with the medicine box, and a faint blush appeared on her white face. The man showed his strong side tonight, but now he is in front of her, showing his weakness.

Tang Siyu came to his side, she looked at the three obvious strokes on his back, and her eyes showed a touch of heartache.

"Let me wipe your medicine!"

"I'll take a bath before I wipe it!" After Xing liehan finished, seeing the obvious worry in her eyes, he gently raised a hint of secret joy at the corner of his mouth.

Tang Siyu sat on the sofa waiting for the man to take a bath. After a while, Xing liehan came down wearing a pair of pajamas. The man who had taken a bath seemed more wild.

Tang Siyu stood up and Xing liehan sat down on her side. He took out a bottle of medicine wine from the medicine box, "put this on me!"

Tang Siyu discards the distracting thoughts. She falls on her hands. After her hands are warmed, she wipes them on his red seal.

Xing liehan feels that her strength is too light. He says in a hoarse voice, "use a little force."

Tang Siyu had to use a little power to wipe the wine on his back. She went to his face and began to wipe his arm.

Today, she is wearing a white dress and waist binding design, which makes her delicate and exquisite figure outline. At this moment, her collar and mouth are slightly drooping, when she is bending to polish his medicine.

In the direction of the man's vision, I can see the charming scenery at her neckline. The flash of things makes the man's throat tighten instantly, and even his eyes become taboo. The black desire in it is obvious.

Tang Siyu just wanted to see if he had rubbed his eyes. He didn't know how long he had looked at the front of her face when he raised his eyes.

She immediately straightened up and covered her skirt. She said with shame and indignation, "what are you looking at?"

Xing liehan smiled with interest. "It's very beautiful!"

Tang Siyu's pretty face immediately blushed, "hooligan."

Xing liehan was scolded, but he didn't sulk. Instead, he had a hook on his lips and a more charming smile

Tang Siyu really doesn't know how to refute his face. This man doesn't look like a hooligan. If a hooligan looks like him, he may be taken advantage of, and women will be willing to do so!

There are beauty and body, and a pair of attractive eyes that can absorb the soul.

Tang Siyu's heart suddenly jumped a little disorderly. She saw that it was almost wiped. She bent down to tidy up the medicine box and went upstairs when she picked it up. She was in a cold sweat on the car and was very uncomfortable. She had to take a bath quickly.

Tang Siyu took a bath and sat on the bed. She changed into a grey cartoon pajama. It's conservative. She's with her son now. She's always conservative when she buys clothes.

She took a look at the time and calculated the time difference. It was four or five o'clock in the morning in foreign countries. She wanted to make a phone call to her son, but now she can't make a noise with him.

Now, she really has nothing to do, but she feels some dry mouth in her throat. She wants to drink a glass of water and then go to sleep. She thinks Xing liehan is tired today! He must have gone back to his room.

Thinking about it, Tang Siyu naturally pushed the door open. When she saw that there was only one wall lamp downstairs, and she didn't hear a sound, she went downstairs to find water and drink.

But she didn't find out that Xing liehan also went out after him. His slender body was dressed in a black silk pajama. He was a long noble prince with a figure comparable to that of a vampire. His steps were very light.

When he found that Tang Siyu's door was open, he knew that she must be downstairs. Step by step, he came down silently. He was really like a vampire.

Tang Siyu wants to drink some ice now, so she opens the refrigerator and bends down to the lower floor to get the open spring water. Suddenly, she feels a sound behind her.

She was startled and looked back suddenly. A few meters behind her, a black figure with light on its back stood there.

"Ah..." Tang Siyu was so scared that he leaned against the refrigerator.

But at this time, the man is walking, and his face gradually appears in the light of the refrigerator. Who is Xing liehan?

"Scared you?" Xing lie's eyes flashed with remorse.

Tang Siyu's chest fluctuated and stared at him. "Why don't you make a sound? Do you want to frighten me to death?"

"It's no good scaring you to death." Xing lie replied with a smile around his arm.

"Who says it's no good? You want to scare me to death so that you can take my son." Tang Siyu retorted angrily.

This time Xing liehan really laughed without any image. The clear laughter, especially charming in the dark hall, at the end, there were several deep chuckles.

"Laugh to death." Tang Siyu said, picked up the ice water and wanted to leave. Xing lie reaches for her hand, clasps her wrist, pulls her, and Tang Siyu directly bumps into his arms. She slightly stares at her eyes, and Xing lie's breathless breath sprays on her face. "Tang Siyu, how about being my woman?"

This sudden confession made Tang Siyu's heart beat faster. She looked up at the handsome man hiding in the dim light. His face was hidden in the interlaced light and shadow. A pair of ink eyes were extremely bright and threatening.

If change before, Tang Siyu can refuse, but now, she swallowed pharyngeal canal, "later say."

Xing liehan grabbed her waist with one hand, stroked her face with the other, and forced her, "but I think now."

He rubbed his warm fingers and abdomen on her cheek. Tang Siyu felt a current rush into her body suddenly, which made her panic and don't open her face. "No!"

"Why not?" There was hoarse restraint and doubt in Xing liehan's voice line.

Tang Siyu frowned, "no way!"

"I will be very gentle."

Tang Siyu closed his eyes, thinking of the night five years ago, she was struggling under him, but he was so ruthless, regardless of her fear and bullying.

She will never forget that feeling, which has become her indelible shadow, and now, she is afraid of men, more afraid of intimacy with men.

Tang Siyu pushed him away and stepped up the stairs from his side.

Behind him, Xing liehan stretched out his hand and gave her a virtual pull, but he did not hold it. He could only watch her hurriedly running up the stairs, as always, without stopping.

He sighed a little, at this time, he really did not have the right to ask her to forgive, five years ago that night, how wrong he did, he was the most clear.

Chapter 217

It's 12 o'clock at noon in the fashion capital. Susie still hasn't woken up in bed. If Annie doesn't open the door to see her, she can still go to sleep, because she really couldn't sleep until 5 o'clock in the morning last night.

Suddenly there was so much money in the account, and Wen lichen couldn't get through the phone. Her heart was almost hanging to her throat. In this case, it was strange that she could sleep.

"Heathy! How can you sleep! What time is it now! You are irregular in your work and rest. It's easy to get pimples on your forehead. I have told you several times. You must go to bed on time, OK? " Anne's mother's voice was buzzing in Susie's ear.

Susie covered her ears, turned over and went on sleeping. At the same time, she begged in a dreamy way, "Annie, let me sleep for a while, and I will sleep for another hour."

"Did you rob the bank or sleepwalk last night? What's the matter with you? " Annie also said a word, she still let her go to have a rest, but when she was going out, she thought of one thing and turned to her and said, "don't forget, you and Mr. Wen lichen are going to dinner tonight! Get up early and dress up. "

Susie's brain is clear for a few seconds. With a laugh in her dream, Wen lichen doesn't even answer her phone now. What chance does she have to go to the dinner party?

She doesn't care!

No matter, sleeping is the big thing.

Susie continued to sleep until 2 p.m. she was so hungry that she had to open her eyes. She sat up with her stomach muffled and cooed. After a look at the time, she had to get out of bed and take a bath and come out wearing a casual T-shirt.

Looking at Xiaomi on the sofa, he said, "Xiaomi, call me a meal. I'm so hungry!"

"Well! All right! " Xiaomi immediately picked up his mobile phone and dialed the front desk of the hotel to order meals.

Susie looked at it curiously and asked, "what about Anne?"

"Sister Anne has gone to tell you! I heard that the director of the edyue training group came here. Annie went to see him specially. I hope you can join their variety show. "

Of course, sushi knows this popular variety show, that is, a pair of artists are recruited to record a month long program according to the script. At the end of the program, they are asked to tell each

other stories in front of the program through their true feelings or false intentions to form a pair of on-screen lovers and earn eyeballs.

This variety show has become the program with the highest ratings. It's very popular. It doesn't matter how many stars join in through various ways. If it can be won, it's better to participate in the variety show. It's easier than making a play, and the income is also considerable.

"Sister Xi, I think you can go in this time. Your popularity has increased a lot this time! A lot of fans are calling for you to join the show, let them see, what is your love standard! " After Xiaomi finished, she couldn't help looking at her and said, "sister Xi, can you tell me what your requirements for the future partner are! I promise to keep it secret! "

Sushi chuckled, went to the fridge, unscrewed a bottle of water, handed it to her mouth, and replied lazily, "come back to me in ten years!"

"No! There must be a standard in your mind! " Xiaomi asked curiously, then she gave an example and said, "for example, I give an example! Do you like a man like Mr. Wen lichen or Ji Yuhao? "

Sushi's drinking water came out with a puff and splashed on the ground, and she choked for a while.

Xiaomi gapes at her eyes. What did she say? It's so exciting that Susie even spits?

After Su Xi gasped for breath, she suddenly got a little upset and said, "can you give me some examples?"

After that, her mind directly came up with Wen lichen's cold face, and she became more and more upset. "Can Wen lichen compare with Ji Yuhao? They are not the same kind of people at all! "

Xiaomi now understood. She smiled warmly. "It turns out that sister Xi likes Ji Yuhao! I see. I have good news for you! Just now the cultivator of love month announced the new candidate! Ji Yuhao is in it! "

"What? Is he there? " Susie's eyes were immediately pleasantly surprised.

Ji Yuhao is a handsome actor in the entertainment circle. He has a good figure, zero gossip and first-class acting skills. He has become a leading actor since his debut. He not only has a considerable

development in the domestic film industry, but also plays an important role in international movie blockbusters every year.

He is one of the most eager male stars in the entertainment industry.

Of course, sushi can't be free from vulgarity. Ji Yuhao is her idol. Although he is a few years older than her, he is her idol.

Xiaomi is absolutely sure, "yes, Ji Yuhao is here. This is his first show of variety show! I don't know what kind of actress the cast will do for him this time. Sister Xi, I hope it's you. "

"I hope it's me, too," Susie said

"Don't worry! Sister Anne is leading you! "

Suxi went back to the room and looked at her cell phone. It was very quiet. There was no information and no phone. She was more and more certain. She and Wen lichen finished the calculation.

But, this money, she must return to him, she absolutely will not want his money. Sushi decided to go back home and separate the money into a card. Whenever she could, she would go straight to his home and return the money to him.

"Xiaomi, let's go shopping in the afternoon!"

"Good! I'm suffocating, too. "

Sushi had lunch in the hotel and took Xiaomi to the streets nearby. Xiaomi was very active, but sushi was always a little worried.

In the bustling crowd, there was some light in her bag. It was her mobile phone ringing, but beside it was the pop music on the street. She didn't hear her mobile phone at all, and it rang three times.

AI Deyue's training director is in a leisure room. Annie and director Liu An are strongly recommending Susi. At this time, the door is open, and a long and handsome figure steps in. Annie looks at it and stays for a while, Ji Yuhao.

Why is he here?

"Miss Anne, I'll think about Susie, but we have to look at it again. It's not something I can decide by myself." Liu An is very tactful in pushing this matter.

Annie immediately said, "director, Susie is definitely famous. She has a lot of fans. She is definitely qualified to join the cast."

Ji Yuhao just sat down, and his lips were slightly raised? I've heard of this girl, and I've seen several of her advertisements. She's a potential actress

"What? Do you like it? " Liu An looks at him.

Ji Yuhao thought for a few seconds and said, "let her and I make a couple!"

"Yuhao, you say it's true or not." Liu An happens to be Ji Yuhao's senior brother. This time, Liu An came to dig Ji Yuhao. He just grudgingly agreed to join the group because of the friendship in the same school.

Chapter 218

"Even if you ask me to join the group, I always have a choice!" Ji Yuhao is determined to play Suxi.

Liu An turned to look at Annie, "OK, go back to tell your artists! It's her. "

Annie was really overjoyed. Unexpectedly, Ji Yuhao chose sushi, which means that once the variety show was broadcast, how many times did Sushi's fame increase? How many times that!

"Thank you, Mr. Ji. Thank you so much for loving sushi. She won't let you down."

"Good! You tell her, I'll see you on the crew! " Ji Yuhao smiles for the first time.

As soon as Annie came out, she couldn't wait to call Susie and make her happy.

And just as sushi went to a quiet coffee shop, she let Xiaomi in to sit. She heard the phone call. She picked up her cell phone and saw that it was Anne who called. She picked up, "Hello! Sister Anne!"

"Susie, guess what I just got for you?"

"Do you really let me into love month practice?" Susie squinted and asked, Annie's skill is good!

"Xiaomi told you, didn't he! Yes, you're in. Do you know who your partner is this time? " Annie is going to have a bad time there, as if she is her own partner with Ji Yuhao.

Suzi was not in the mood to guess, so she asked, "tell me who it is!"

"It's Ji Yuhao, your idol." Anne told the truth.

Susie cried out in a straight, low voice, "ah! It's him? Really? "

"It's true, and he recommended you to Director Liu An! He said he wanted to play with you! "

Susie immediately felt a little hot on her face. "Is that right?"

"Really, my eldest lady, you're going to be famous. You're going to fly when you play with Ji Yuhao." Anne could not conceal her excitement.

She nodded and said, "Well! Good. "

At this time, another phone call came in. Sushi was shocked. She took her cell phone and took a look. It was Wen lichen. She said to Annie, "no, I'll take a call."

Then she pressed Wen's cell phone and said, "hello."

"Why don't you answer my phone?" The man at that end directly threw a drink and asked.

Suzu immediately felt nervous and asked, "when am I not answering your phone?"

"I just called three times in a row, didn't you see?" The voice at that end is a question.

Susie blinked, OK! Even if he did, would she have to take it? She cleared her throat and said, "Mr. Wen, you mean to say I am OK. Then I called you last night. Did you answer?"

"I was in a bad mood last night and didn't want to answer any phone calls." At that end, men have good reasons.

Susie said directly, "I was in a bad mood just now!"

"I'll ask the driver to pick you up at the hotel at 4:30. You go straight to the dress shop, and arrive at the banquet hall at 6:00 on time. I'll wait for you there." Wen lichen's voice was commanding.

Susie frowned. "Even if you don't like me so much, why do you want me to accompany you to the party? Go straight to the woman you like! I'm not free. "

There was silence for a few seconds.

With the low, cold voice of the man came, "this is what we have said for a long time! If you dare not come, then you will be removed from the entertainment circle. "

"You..."

"I do what I say."

Finish saying, that end put the phone first.

Susie opened a pair of clear eyes, and her face was white with rage. This man even threatened her!

"Sister Xi, what's the matter with you? Who pissed you off? " Xiaomi asked curiously.

Susie bit her lip. "It's OK." With that, he looked down at his cell phone and said, "it's four o'clock." She said to Xiaomi, "let's go back to the hotel!"

"Is sister Anne back?"

"I'll have something else later." Suxi really didn't want to see Wen lichen, especially in his last breath.

At the moment, in a luxurious villa, Wen lichen looks out of the window with cold face and one hand in his pocket. His mood is unpredictable.

The mobile phone in his hand suddenly rings again. He suddenly takes it up and thinks it's from Suxi. It's not that, but it shows a name, Ji Yuhao.

Wen lichen eased his expression and then said, "Yuhao!"

"Brother! You'll go to the party tonight, too! " There is a clear male voice.

"Well! Yes. "

"I haven't seen you for some time, so I have to have a good drink tonight!"

"Good! What have you been up to lately? Didn't your mother ask me not to give you the play? You didn't go back with her? "

"I just came back from a tour of six countries with my mother. I came here to attend a friend's wedding. I was invited by this party again. I think you will definitely come, so I'll stay to see you!"

"Well! See you at dinner. "

"Good! I'll go with my friends first and wait for you. " Ji Yuhao's voice dropped and hung up. Ji Yuhao, Wen lichen's cousin, is an international superstar created by him. At the age of 20, Ji Yuhao

finished college and found that he didn't like to inherit the family company, so he ran to another company to develop and become an artist. Because he was the son of his aunt, he naturally supervised and built it.

Now, he has become popular in the film and television industry. A year ago, he found a reliable agent for him, and he has no time to reminisce with his cousin.

Suxi went back to the hotel, waited for a while, and received a call from the driver. Although she didn't want to do anything, she had no choice but to go downstairs, and Xiaomi excitedly told her that her official Xuan had made it immediately, because the shooting time of this period was relatively tight, so one day she decided that official Xuan would come out.

Suxi sits in the car and looks at the name announced by the official. She is in the column, and there is a picture of her under it. A large number of fans immediately leave a message and want to see her emotional play, expressing their great expectation.

Susie's mood was much better at the moment. Whenever her mood was low, her fans were very awesome, always giving her full energy and power, making her unhappy again, and working hard for her fans' expectations.

When Susie arrived at the dress shop, everything was ready for her. Now she just had to dress up to go to the party.

Half an hour later, sushi stepped downstairs in a light and elegant white evening dress. Her long hair was like a princess spreading behind her head. Two strands of braided hair were full of fresh and natural breath. The diamond hair buttons at the back of her head were of great value.

Susie had been less expecting the party than before. Even if she dressed so beautifully, she was not happy because she was in a bad mood.

Suzy got into the car, the sunset outside the window was brilliant, and the setting sun was slowly disappearing at the horizon.

Susie looked at the scene, a little dazed.

Chapter 219

The car condition along the road to the banquet site was very good, and there was no congestion. When the car drove into a sealed road and the bodyguard checked her invitation card, it was released. Sushi watched the bright starry night, her heart still beat.

It must not be an ordinary dinner party, but a grand ceremony that the whole world is watching. It's a great honor to attend this dinner party tonight.

Should she be happy? Susie's car stopped for a while in the parking lot in front of the hall. The driver told her that Wen lichen was in the parking lot. He asked her to go in and look for him or call him.

Sushi nodded and agreed, but she thought in her heart that she could play for a while and stroll for a while before she didn't want to see him immediately!

Sushi walked into the dinner party with exquisite Sequin bags. In the huge and luxurious hall, there were beautiful beauties and stars. A lot of beautiful men and women and the favorite children of the fashion industry came. Therefore, this is also a visual feast. It makes people feel happy when they are in it.

However, sushi thinks she's just a shrimp, so she doesn't worry about talking to anyone for a while. She just enjoys her time, takes a glass of champagne from the handsome waiter's hand, looks at it and walks alone.

Of course, she paid attention to Wen lichen's figure deliberately. If she really saw him, the first thing she did was to hide from him, so she didn't want to meet him!

Suxi exudes the beauty of Oriental women, and also makes the fashion celebrities naturally notice her, especially the high-end customized evening dress, the masterpiece of the absolute top designer, the hair ornaments she wears, and the new products just released this year, each of which is of great value.

Susie's dress and accessories are more famous than her!

Su Xi walked along, and suddenly she saw two familiar faces. Of course, not her friends, but her enemies, ye Lala and Huang Xiangyao, were standing in the crowd three meters away from her at the same time. They were both dressed up, and they were surrounded by an old foreign man. Obviously, both of them were female companions brought by this man When sushi understood their

style, she was a little disdainful, because they were both people who could do things without a bottom line in order to be famous.

Therefore, their reputation in the industry circle is very poor. They are accompanied to sleep and so on. But because they are good-looking and hard-working, they are all squeezed out of the front line.

"Oh! Who is this! Why didn't I know she was eligible for such a party? " Ye Lala immediately looked at her mockingly and asked Huang Xiangyao.

Huang Xiangyao sneered, "maybe it's the invitation by using some inferior means!"

Although these two women are mocking Susie, their eyes are not idle. They are carefully looking at her tonight's dress, as well as the ornaments on her hands. The envy in their eyes flashed wildly.

How could this woman dress so beautifully? Even for them, the clothes and hand ornaments on their bodies are shabby.

"Are you talking about yourself?" Suzy asked innocently.

In an instant, ye Lala and Huang Xiangyao's faces changed, because they were really guilty. Huang Xiangyao snorted, "Su Xi, don't be complacent. If you dare to offend us, we won't let you look good."

"What can you do to me?" Susie is not afraid of them.

"Still pretentious, pure and pure, I see if your fans know to sleep with you, they don't know to lose their appetite!" Ye Lala deliberately stigmatizes her.

Sushi has been invincible. It's because of their two satin practices that she despises such ridicule.

"What kind of person am I? My fans know the best. If you smear me, you will only insult yourself. There is a saying in the world that you are not afraid of shadows." Suzy said, turning away from fighting with them.

At this time, ye Lala looked at her evening dress tonight, and also slightly dragged the ground. The glare of her eyes flashed, and she thought that the plan was put on her. She took Huang Xiangyao and looked at her. Huang Xiangyao also saw it.

She cooperated with Ye Lala very much. They held hands and pretended to greet and smile with the people beside them. At the same time, they caught up with sushi behind them. They wanted to step on Sushi's evening dress with high-rooted shoes to make her look ugly at the party.

Sushi didn't realize the danger. When the skirt was stepped on, she instinctively leaned forward. Yelala didn't step on it, and the skirt slipped out of her foot. She was unstable, and directly ran into a man, who showed the identity of a flower protector, and held her firmly.

When Su Xi turned around, ye Lala and Huang Xiangyao saw that the plan had not been successful, and left in a hurry.

And Susie also had a chance to look up at the man who saved her. She looked up, and the man looked down, two eyes collided.

Ji Yuhao!

Su Xi slightly gapes, she unexpectedly bumps directly on Ji Yuhao's body, my God! She took a step back to separate the distance.

Ji Yuhao was also stunned. He chuckled, "are you sushi?"

Sushi thought of Annie's words today. Ji Yuhao recommended her to the production group of love moon. She couldn't help smiling and nodding, "yes, I'm sushi. I'm sorry just now." Ji Yuhao shook his head and smiled, "it's OK, you're OK."

"I'm fine." Sushi also chuckled, and then her heart beat faster. She must have run into her idol at a close distance.

"Did your agent tell you about our joining the group?" Ji Yuhao looks at her make-up today. It's beautiful and out of fashion. It's not surprising that she's called the ice goddess in the entertainment circle!

"Yes, thank you for recommending me." Susie nodded with gratitude in her eyes.

Ji accepted her gratitude. He blinked and said, "I hope to have a girl I appreciate to complete the shooting together with me."

Susie immediately felt flattered. Was she a girl he admired? This makes her not from some shameful droop eyes, "thank you."

Su Xi and Ji Yuhao are close in the crowd as if they were lovers. Ye Lala and Huang Xiangyao beside them are about to regret dying. They were in a hurry to leave just now. They didn't see Ji Yuhao who Su Xi ran into. Now, they are chatting happily with each other while holding glasses.

They are really going to die of envy. How could sushi get such good luck and bump into Ji Yuhao?

It's said that they also joined the group to practice love moon. Would they be a pair? In this way, Suzy's fame will definitely explode.

Chapter 220

Next to a Roman column on the second floor, there is a long and dignified figure standing quietly. When Wen lichen came in, he stood here and looked at her. He didn't go down to find her because he was expecting the woman to contact her.

However, she did not take the initiative to call him, at the same time, he saw his cousin and she collided. At this moment, two people stood in the crowd, talking and laughing, which made his eyes more complex and dark.

But because that man is his cousin, Wen lichen naturally didn't go on stirring. He was just disappointed. Even though she didn't want to see him, tonight, he didn't need her.

Wen lichen's body side, a mixed race actress turned to come, "Mr. Wen, how alone?"? Do you need my company? "

Wen lichen swept her delicate face. He nodded, "of course."

The mixed race actress was immediately surprised, but she summoned up her courage to approach him. Unexpectedly, she succeeded in accosting him. Although Wen lichen's identity is still mysterious, he is rich and powerful. His fame echoed in the entertainment circle has spread.

So, tonight, he is the opposite image that many female stars want to get close to, and attach to him. Maybe in the entertainment circle, you need to get wind and rain, and any good movie can go on.

"My name is Peina. I'm a female artist from eg film company." The actress introduced herself.

When Peina, a mixed race actress, put her arm around Wen lichen, Wen lichen was stunned, but he didn't refuse, "go down with me to meet some people."

"Good!"

Suxi and Ji Yuhao just finished talking. Ji Yuhao left in a hurry and was also taken by her for some time.

"I'll see the cast." Ji Yuhao waved to her, and was reluctant to leave with her! But his plane is in a hurry, so he has to go first.

Ji Yuhao leaves, and Su Xi stares at Ye Lala and Huang Xiangyao, who are not far away, and warns them not to provoke her, otherwise, she is not polite.

Ye Lala and Huang Xiangyao naturally resented her more and more. They both looked at her defiantly.

Sushi remembered that she came tonight as Wen lichen's companion. Although she didn't want to see him, she still had to do her duty.

When she was about to pick up her mobile phone, she felt as if she had swept a straight and familiar figure in her vision. She quickly looked up to the left, sure enough, it was Wen lichen, but beside him was a beautiful mixed race female star. He was talking with a male guest at the gambling table last time.

Susie's brain suddenly hummed, a little angry, this man clearly has a female partner, why not let her come here?

Looking at the mixed race female star with angel face and devil figure, she felt that she really had no hair ratio. She was Oriental, slim, and there was no surging picture on her chest, of course, there was no attraction for the mixed race female star.

Su Xi is staring at Wen lichen. His cold eyes are shining and touching her.

He lowered his head and said something to the female star on his side. Peina smiled and took her hand and followed him to Suzy.

Susie bit her lip and waited for him to come and see what he was going to say.

Wen lichen looked at Susie tonight. The white evening dress made her pure and clean. Her face was not painted like other women's. she had a beautiful face without any chemical smell. It seemed that she was quietly sending out the fragrance. It made people want to kiss her and try elasticity.

She is undoubtedly more attractive to him than Peina.

"Coming?" There was a chill in Wen lichen's voice.

"Even if you have a partner, why should I come?" Susie asked angrily.

"Don't you feel honored to be here?"

"Yes! I'm very honored. Can I move freely in the next time? " Sushi asked him.

Wen lichen squinted his eyes, and there was a flash of displeasure at the bottom of his eyes. "That is to say, I have a partner. Next time, you can arrange yourself!"

Suzy answered with a clear answer and a smile on the bottom of her eyes! Thank you, Mr. Wen, for giving me the chance to attend the party. I will have a good time. "

Finish saying, she turned around, left a haughty posture to walk toward the bright and dazzling light.

Wenlichen's heart seemed to be empty for a moment, and Peina around her could feel his disappointment immediately. She could not help but hold him tight. Looking at the oriental girl, she thought to herself, Mr. Wen must like her!

But anyway, she has a chance tonight!

"Pena, I want to be alone." Wen Li Chen said to her.

Peina was slightly shocked, but she let go of her hand and smiled at him, "OK! If Mr. Wen needs me, I'll be here any time. "

Wenlichen's eyes still kept up with sushi. She saw sushi walking around the party very calmly. She could look at her favorite idols. She was Coke.

She also saw a familiar face of a male star. She had a chat before her. Then, she went to a huge water pool party outside. Tonight's party was really colorful. Only in the huge pool, there was a water ballet performance. Next to it, guests cheered and applauded. Su Xi's figure is always noticed by Ye Lala and Huang Xiangyao. They decided to make Su Xi look ugly tonight.

Watching her walk to the swimming pool, Huang Xiangyao and ye Lala look at each other. Now, they finally find a chance. It's said that Suxi can't swim and is afraid of the water. If anyone can push her into the water later, she looks ugly in the water. See how beautiful she is tonight.

At the end of the water ballet, the slender performers left, only to see the pool clean and clear, emitting a light blue light, just like the blue sea.

Suxi was attracted by the light below. The light crisscrossing under the water was beautiful, but she didn't find it. Behind her, Huang Xiangyao's figure was close. This time, Huang Xiangyao appeared. She looked at Suxi's figure standing beside the swimming pool. She immediately thought of an excellent way.

Suddenly, she came to her side and slipped, as if not intentionally, but pushed Susie down.

"Ah..." When Susie tossed the glass in her hand, she fell into the water.

Huang Xiangyao pretends to be scared. She says to Su Xi in the pool, "I'm sorry, I'm sorry..."

But as the crowd gathered, she slipped away.

Everyone thought sushi could swim and soon get out of the water. However, under the water, sushi was waving her hands. She couldn't swim!

Just before everyone realized her danger, Wen lichen quickly took off his coat. His wild body was like a Jiaolong. He knew her information. It said that she was afraid of the water. So when he heard someone falling into the water, his heart was tense.

But when he came to the pool and found that it was the stupid woman who fell into the water, where would he hesitate?
