

U. CEO Daddy 221

Chapter 221

Under the cold water, Sushi's inner fear covered her. She tried to paddle her hands, but she was helpless. She was sinking to the bottom of the water. She was almost lying at the bottom of the two meter deep pool.

She opened her eyes in the water, all of them were astringent and painful. She opened her mouth to call for help, and even drank a few big mouthfuls of pool water.

As soon as she was half lying at the bottom, she saw a figure of a man coming straight from the water and swimming towards her. Sushi was very happy and saved a few seconds before she fainted. However, when she saw the face that was close to her clearly.

She was stunned for a moment, my God! How to save her is Wen lichen?

Before she could think more, her slender waist was held by a strong arm. She felt that a strong force pulled her up and directly brought her to the water surface. She instinctively put out her hand tightly around the neck of the Savior, and lay on his chest with a soft voice. She could not break her mouth and coughed.

"Cough Cough... "

The security guards at the side of the swimming pool immediately pulled sushi up first. Sushi sat on the floor wet and wet. She gasped and watched the man step by step from the railing. Who was wenlichen?

At the moment, his hair is all combed behind his head, revealing a sharp, sexy and charming face. The dark shirt is tightly fitted on his chest, revealing his perfect chest muscle, and playing the temptation of wet body.

One side of the female stars are all in the bottom of my heart, wow, I wish the woman who just fell into the water is themselves, can get this man's help, what kind of fate is this?

Susie is wearing a white light evening dress tonight. Now, after passing the water, it is completely transparent. The pink Bai on her upper body can be seen faintly. Moreover, the dress is close to her waist. Her waist and long legs are all under the light, especially eyewinking.

Wen lichen's eyebrows were twisted, but he could not care about his embarrassment. He went to the security guard and the waiter, picked up a bath towel from one of the waiter's body and wrapped it around Sushi's body. He leaned down, and then he picked her up. As he walked, he said to the waiter, "give me a room."

The waiter walked up to him at once.

This is the banquet site. At the same time, there are senior hotel suites. The waiter knows his VIP identity and immediately meets him to the top presidential suite.

Suxi stayed in Wen lichen's strong arms. She was ashamed and grateful for him. Just now, she felt that she had been struggling underwater for a long time, and no one came to save her, and it was him who finally came to save her.

Isn't he not around her? Didn't he go out with his new girlfriend?

Suzy couldn't figure out the man's mind, but at the moment, she felt half the cold and the skin on wenlichen's chest was hot.

The waiter opened a door and said to him, "Sir, if you need any service, you can ring the service bell at any time."

"No need." Now, he only needs a room for them to take off their wet clothes.

The whole party was air-conditioned. Although it was summer, it was easy to catch cold when wearing wet clothes in the air-conditioner.

When the door was closed, wenlichen put down the woman in her arms. Sushi stood up and felt cool. She looked down and covered her chest in fear. She forgot that she was wearing a White Tulle evening dress. When the white dress met the water, it was transparent.

Now, she felt as if she was standing in front of the man in a three-point style, which was extremely embarrassing.

Wen lichen looked at her and stood foolishly. His slender fingers neatly opened the buttons and said to her, "I'm waiting for you to wash before I take a bath."

Susie suddenly reacted and hurriedly dragged her wet clothes to the bathroom. She closed the door and opened the hot water. She also took off the evening dress and put it aside. She took off all the decorations. She just stood in the hot water and took a shower.

The warm water made her sigh comfortably. She washed her hair and hurriedly took a bath. When she looked at the bathroom, there were only bath towels and towels. She wrapped her hair with a towel and could only wrap her body with a bath towel again.

She wanted to let out the bathroom to bathe the man, but he must be soaked.

Sushi pushed open the bathroom door. She stepped out of the hall and took a cold breath. At the balcony, the man was wearing a bathrobe. He tied it lazily, showing large and symmetrical muscles. His long and powerful legs were missing. Obviously, the man took off only one pair of underpants.

At the moment, Susie was only wrapped in a bath towel, and she immediately encircled her arms, a little confused.

"You Go and have a bath! " Susie turned sideways, said the man on the Chaoyang platform.

Wen lichen, with thin lips and light hooks, looked at her long hair wrapped in it, showing a small face as white as jade. Maybe she washed all the light makeup on her face. Her face was so clean that it could be broken by blowing.

Wen lichen felt a strong impulse in his body. He knew what it was like. It was his longing for this woman. The restraint he felt proud of seemed to collapse when he met this woman.

Because of the desire of his body, his eyes became very deep and complicated.

Sushi felt that he was staring at her. She could not help turning her head and bumping into his eyes. The things in his eyes were obvious to her.

She immediately turned her back red and red, "hurry to take a bath! Or you'll catch cold. "

Wen lichen's body is not so weak, but it's true that he has a habit of cleanliness. He has to take a bath. Just then, the door rings.

Susie was startled, and wenlichen went to open the door. It was his assistant who brought him clean clothes and pants from the car. After he took them, he blocked his assistant's curious eyes out of the door.

Susie turned to look at him carrying a bag of clothes, and then watched him pick out a pair of black underpants directly from inside and walk to the bathroom.

Susie quickly moved her eyes and pretended not to see.

When Wen lichen went to take a bath, sushi curiously took a look in his pocket. There was only one set of his clothes. She opened the wardrobe and thought there would be changed women's clothes here, but there was nothing but a row of nightgowns!

She can't help being upset, and quickly put on a nightgown outside the wrapped bath towel, double-layer insurance.

Ten minutes later, Wen lichen also came out in a bathrobe. He watched the girl standing on the balcony, drying her long hair with the night wind. He stopped slightly.

Chapter 222

Under the background of the bright lights, she is like a ghost, with long hair flying in the wind, pulling down a thin shadow.

When sushi heard him coming out, she couldn't help turning around and found him standing at the door next to the balcony, arm around, leaning against her.

Sushi just went through a fall and her bag was gone. Fortunately, there was only one mobile phone and one lipstick in her bag, nothing important.

"Thank you just now!" Suzy said with a straight face.

"How can I thank you?" Wen lichen squints her eyes, eyes deep locked her.

Su Xi's clear water eyes are slightly gaping. Isn't it enough for her to say thank you? Thank you with action? But who told him to save her?

Thank you as he says!

"How would you like me to thank you?" Susie would only listen to his advice.

Her tone makes the handsome face of a man flash a warm and ambiguous breath. His thin lips are slightly hooked. "Is it just how I say thank you, how do you thank?"

Susie immediately recognized the danger in his tone, and she quickly changed her tongue. "Or I'll treat you to dinner tomorrow?"

"You still miss me ten meals."

"Then add another meal." Susie was in a bit of a rush.

Wen lichen's eyes flashed a light of complicated calculation, his eyes showed a trace of firmness, "stay with me tonight to show thanks."

Sushi was so scared that she held on to the railing. She looked at him angrily. "Mr. Wen, I think you misunderstood me. Even if you saved me, my way of return is not what you think."

"Then what do you think I want you to do?" Wen lichen asked with a pondering smile.

The refusal on Suzy's face was even more obvious. "Even if you are kind to me, I will not betray my body to thank you."

"Do you want too much? I mean accompany. It's spiritual, not physical!" Wen lichen retorted at once with a cold air.

This time, Sushi's pretty face turned red. He He had misled her just now, thinking that was what he meant. At this time, he even denied it again?

Is this man playing with her on purpose?

"You mean spiritually?" Sue did ask, stuttering.

"If you mean bed, you don't have the honor." Wen Li Chen directly opened and said, turning around, but his deep bottom of the eyes but across a strong unhappy.

Suzy breathed a sigh of relief, but at the same time he was a little annoyed. Did the man think he was noble? She won't go to bed with him!

This is a two bedroom presidential suite with master bedroom and guest bedroom. The scenery is also very good. However, sushi still wants to find her mobile phone. She asked the man on the sofa, "can I have someone send me a dress? I want to go down to the party to find my bag."

"I'll send for it." Wen lichen answered with a faint voice and took out his mobile phone.

"Thank you." Susie had to bow to him.

Wen lichen glanced at her. "Do you sleep in the guest room or the master bedroom?"

"I sleep in the guest room. " Susie didn't dare to occupy the master bedroom, but she was a little nervous about staying in the same room with him tonight.

Wen lichen dials up the phone and asks his people to find the bag. Then he presses the dining service again. They didn't go to the cafeteria to eat tonight. It's only half past eight. They are hungry.

Susie went back to her room and called Annie. She had to tell them that she was staying here tonight and would not go back.

"What? Heathy, are you not coming back? " Anne was very worried at that end.

"Don't worry, I'll stay alone in the hotel." Suzy consoled her.

"Heathy, you have to be clean! Even if Wen lichen looks handsome and has a good figure, we must keep the nature of a lady. Don't paste it upside down. " Anne taught her to be reserved, otherwise, it was too cheap.

Susie immediately choked. Annie, what kind of person does she think she is? Is she the kind of woman who pours at a man?

"Annie, where do you want to go? How can I take the initiative to him?" Susie rolled a white eye.

"Don't be a man, I dare not say, but Wen lichen is too evil. I'm moved when I see it. I believe women can't control it when they see it. I'm worried about you too!" Anne laughed at that end.

Sue shook her head immediately. "I'll introduce him to you some other day."

"He can't see me! However, you can be sure that when your parents urge you to get married, you can take him home and make sure you have face. "

"You think more! How could it be? " Susie retorted immediately, "I'll go."

After hanging up the phone, Susie heard a knock on the door. The voice of Wen lichen outside the door came, "come out to eat."

Susie was really hungry. She pushed the door open and smelled the smell of food. She swallowed her saliva. She went to the dining table in front of the French window and looked at the delicious food. She sat down.

Dinner has steak, half lobster, water salad, desserts, red wine, delicate plate, very appetizing. Su Xi and Wen lichen didn't talk any more. They all had quiet meals. They only touched each other's eyes when they raised their eyes occasionally.

Susie suddenly thought of his beautiful half blood girlfriend tonight. She offered, "or I'll go back! It's a pity to let your beautiful companion come up to accompany you tonight. It's such a good time, if you waste it. "

Her words are all for his sake.

Wen lichen cut the steak with his hand. He raised his eyes and gave her a bad look. "Eat your food. Don't talk nonsense."

Susie frowned at once. What happened to the man? She is good for him!

"That girl is very beautiful, that figure, don't say the man looked unbearable, I this woman looked, all sighed inferior, you want to let go of tonight's beautiful scenery, I am sorry for you." Susie is still counting on leaving tonight.

How can Wen lichen not hear it?

"I'm not a person to choose, as long as I'm a woman, but in your eyes tonight is a beautiful day, or we sleep together?" Wen Li Chen holds the red wine glass gracefully and looks at her.

Suzy's face changed a little at once, so she had to smile dryly. "I don't mind. You can't see my posture. The party hasn't ended, and your partner hasn't left yet."

Wen lichen's long upper body leaned slightly towards her, and the warm and low voice line opened, "never mind, I have to go to the mouth."

Su Xi's face immediately burst into red, as if he could squeeze juice out of his face. What does this man mean? How can you describe her as food?

She hurriedly cut the steak and said, "well, let's separate the beds tonight."

Wen lichen's face was a little gloomy? Do you think I don't deserve you? "

Suxili raised her eyes. "I don't think so!"

"But in your words, you are hating me." Wen lichen holds on.

Sushi shook her head and said, "it's none of your business. My family is strict. My parents will never allow me to come here."

"You can make a mess if you don't be strict, can you?" Wen lichen asked.

Susie immediately stopped the subject. "I'm full. Good night. I'm back in my room."

Chapter 223

This evening, sushi and wenlichen went back to their rooms to have a rest. Sushi had not forgotten to leave the secret lock, because she was not sure that she was in the same room with a man.

Domestic.

Tang Siyu washes it out, pushes open the door and goes downstairs. She sees Xing liehan standing in the garden and making a phone call. She thinks she's talking to her son.

When she came near, she heard his cold voice line saying, "don't let one go, just leave a message for them."

Tang Siyu's heart string suddenly tightened. What is this man doing? Who is he going to teach?

She turned to think that it must be those people last night! Tang Siyu stops. Last night, it was obvious that the group wanted his life. Therefore, Xing liehan's counter attack means were so ruthless that she would not interfere. She only hoped that this man could handle all the consequences well.

Xing liehan sensed someone behind him. He quickly collected his mobile phone. His face looked sinister and sinister, like a wild animal, suddenly became gentle.

He turned his head, and a charming smile came up from the corner of his mouth

Tang Siyu looked at her and asked curiously, "how is your injury?"

"It's all right." Xing liehan said, suddenly approached her, with the advantage of height, came down to her and looked at her face.

"What's the matter?" Tang Siyu was a little hairy in his heart. Didn't she wash her face in the morning.

"You have beautiful eyes." Xing liehan suddenly praised.

Tang Siyu was a little surprised, but he didn't respond. He continued to smile, "do you know why?"

Don Siyu blinked. "Why?"

Xing liehan leaned down slightly, a handsome and extraordinary face clearly reflected in her eyes, "because you have me in your eyes."

Tang Siyu's pretty face turned red instantly. Did this man eat honey in the morning?

"Well, I'll go to work again today. Maybe I'll finish the work in the afternoon. Have you dealt with it?" Tang Siyu asked him. She missed her son and wanted to go with him.

"I can match your time at any time." After Xing liehan finished, he walked into the hall cleanly, "pack your things and let's go out for breakfast."

Tang Siyu went back to his room and packed his bags. He saw the man standing at the door in a dark shirt. He was tall and had long legs, which was very eye-catching.

After breakfast with Xing liehan, he was sent to the recording studio. Today is her last day of recording. She had a working lunch at noon, and the drinks and meals arrived on time in the afternoon. Tang Siyu also held a drink, ate sweets, and a sense of happiness surged up.

Tang's company.

Tang Xiong, as always, came out of the conference room. Maybe he was old enough to deal with the company's affairs. He was not as relaxed as before. As soon as he came to the office, he felt very stuffy in the chest. Just now, in the conference room, when he heard the loss of a project, he felt the position of his heart. Suddenly, he couldn't breathe. He didn't take it back Things.

But at the moment, he felt his heart hurt so much that he could not breathe. He reached for the medicine beside him. Before the medicine was taken, the man suddenly fell to the ground in front of his eyes.

Xiao Liu, the assistant who sent in the information behind him, saw it and shouted out, "director."

Qiu Lin is also in the company. She heard that her husband fainted. She hurried to the floor of the general office. Xiao Liu had already called an ambulance. She arrived in 15 minutes.

Tang Xiong was pale and convulsed from time to time. Fifteen minutes later, the ambulance attached to the hospital came and took him from the office to the hospital.

Tang Xiong was directly sent to the emergency room for rescue. Qiu Lin sat in the corridor. She didn't inform anyone at this time. She was just thinking about something with a deep face.

Half an hour later, Tang Xiong was pushed out with the fluid, but his face was very ugly, as if there was no blood. Qiu Lin followed him to the hospital bed. She looked at the bed as if her husband had lost his popularity for a moment, and her mouth picked up a sneer. There was no worry at all.

When Qiu Lin turned to look for the attending doctor, she saw a familiar face in the corridor. A man in his early fifties dressed in white gossip, both of them were shocked.

"Are you Xiaolin?"

"Aduh."

Two people's eyes tightly look at each other, the surprise is hard to hide in the eyes, at the same time, there are some complex warmth in the eyes.

They once had a relationship, but because of various reasons separated, has never contacted, did not expect, will bump into in the hospital.

Qiu Lin and this high school classmate immediately found a quiet place to chat, and then they knew each other's situation. Li De, the doctor, had been promoted to the director of the hospital. Li De heard that she was the vice president of Tang's company, and the old relationship was immediately rekindled.

Qiu Lin, regardless of her husband still lying on the hospital bed, entered his private lounge with her old lover and had a good chat. Li De happened to be the director of cardiology department. At this moment, Tang Xiong's medical record was in his hands. "Your husband's illness is dangerous, but as long as he maintains a stable mood, it won't be a big problem, but once stimulated, the problem will be serious."

Qiu Lin immediately thought that at her husband's meeting today, there were several loss making projects of the company, which must have been stimulated.

"He has been ill for several years. Now, the older he is, the easier he will make it." Qiu Lin disagreed.

"When he is old, his heart function and endurance are reduced. He is easy to suffer from myocardial infarction, especially when he is not young." Li De said while looking at Qiu Lin, who was well maintained and looked like only 389. It's a pity that she married such a man as her teenage.

"Look at his life!" Qiu Lin chuckled, unconcerned.

Li De immediately finds out that Qiu Lin's husband and wife are not in a good relationship. He says to her, "Xiao Lin, I've been looking for you all these years and I miss you very much."

Qiu Lin also saw that Li De kept a good figure. At first sight, she had a satin exercise. She had lost her passion when she was with Tang Xiong these years. At this moment, she was able to meet her first love, and there was a strong feeling in her heart.

As soon as she looked up, the smile in her eyes showed her idea. Li Deyi took her hand boldly. "Xiaolin, I've been divorced and never married. I'm so happy to see you again."

"Let's get in touch in the future!" Qiu Lin shook his hand and looked charming.

Qiu Lin didn't want to take care of Tang Xiong now. When she returned to the ward, she dialed Tang Siyu.

Chapter 224

Tang Siyu is finishing his work in the studio. Tomorrow we can finish the recording. Her cell phone rings suddenly. She picks it up and looks at it. It's dad's.

"Hello, Dad." Tang Siyu picks it up.

"It's me! Your father is in the hospital! " From Qiu Lin's voice.

Tang Siyu was surprised. "What happened to my father? How is he in the hospital? "

"Your father has a heart attack and is lying in the hospital! Come here quickly! It's in the second hospital downtown. "

"OK I'll be right here. " Tang Siyu hurriedly picked up the bag and stopped a taxi to go straight to the second hospital.

When Tang Siyu arrived at the hospital, he saw his father lying there, pale and blue, while Qiu Lin was sitting next to him with her mobile phone.

"How did my dad suddenly become like this? What's the matter? " Don Siyu asked her.

"Your father has a heart attack. Don't you, a daughter, know that? He had a heart attack today because of the company. " Qiu Lin said, and said to her, "there are still things in the company. I have to go to preside over the overall situation first. Take care of your father here!"

"What did the doctor say?" Don Siyu asked her.

"The doctor said that we need to stay for two or three days to see what's going on. We've already had an injection, finished the medicine and went to sleep." When Qiu Lin finished, she opened the door.

Then, suddenly, something occurred to her. She reached for Murphy's phone.

"Hello!" Murphy's voice was colder.

"Mufei! There's something I want to ask you. My old Tang suffered from a heart attack. In the hospital, I rushed back to the company. Now, Siyu is watching alone in the hospital. I'm afraid that she can't take care of me. Do you have time to come? "

That end Mu Fei immediately voice line tiny urgent, "is she alone in the hospital?"

"Yes! My Yiyi has gone on a trip abroad again. At this moment, she is alone. "

"Which hospital, I'll be right here." Mufei is very interested in Tang Siyu's affairs.

"In the second hospital! Room 8016, come right here! I have to go back to the company to deal with it. "

"Well, I'll go now." Murphy's voice did not hesitate.

After hanging up the phone, Qiu Lin's lips raised a sneer. Now, as long as mufei is pulled back to Tang Siyu, her relationship with Xing liehan will be broken sooner or later! She can't watch Tang Siyu sit in Mrs. Xing's position.

In the ward, Tang Siyu stayed in front of her father's bed for more than ten minutes, and her mobile phone rang. She picked up and picked it up, "hello."

"Where is it?" The voice of Xing liehan asked.

"I'm in the hospital."

"What's the matter with you?" Xing liehan's voice line was obviously tense.

"It's not me. It's my father. He was sent to the hospital for heart attack this afternoon. I'm here to take care of him."

"Which hospital, I'll come here."

"You You'd better not come. I'll take care of it myself. " Don Siyu didn't want to trouble him.

"Which hospital." Xing liehan insists on asking again.

"The second hospital." Tang Siyu had to say.

Xing liehan immediately cut off the phone at that end, apparently catching up.

Tang Siyu was supporting his chin, watching his father's transfusion and sleeping in the hospital bed, as if his face had grown old for a few years, her heart hurt uncontrollably. In the past five years, she did not take good care of him, and did not know that he had committed a heart disease.

It's her unfiliality as a daughter. At the moment, she feels more and more guilty and remorse.

Ten minutes later, the door suddenly rang, and Tang Siyu was shocked. He didn't expect Xing liehan to arrive so soon. However, the door of the ward opened, and it wasn't Xing liehan who came in. It was mufei.

Tang Siyu immediately stood up in amazement, looking at the sudden emergence of mufei, she was surprised, "how are you here?"

Mufei saw that she was really alone here. He sighed slightly. "Aunt Qiu called and told me that her uncle was in hospital. You are alone here. I'm afraid you're coming."

Tang Siyu didn't know what to say for a while, but she felt Qiu Lin's intention. She seemed to call mufei on purpose.

"I'm fine. I'll take care of it alone. If you are busy, you can..." Tang Siyu is not good at chasing him, but he came with a good intention.

"I'm not busy! It's a big deal for my uncle to be in hospital. I'll stay with him. " After Murphy finished, he went straight to the bed and looked at Tang Xiong's face. He sighed, "my uncle is old, and he will be very hard to manage such a large company alone."

Tang Siyu thinks that he is right. The company has too many things to deal with every day, and the company is so important to his father. He must be eager to take care of the company, but he has a heart attack.

Tang Siyu thought that Xing liehan would come in a moment. She couldn't help tensing her heart. Li De, a doctor outside the door, came to check the condition. He saw that Qiu Lin wasn't there and Tang Siyu again. He thought that it must be Tang Xiong's eldest daughter.

"Doctor, how is my father?" Tang Siyu asked Li Dexian. "Your father's condition is not stable. It's better to stay in a hospital for three to five days. Let's check again. These days, try not to let him be stimulated or do some mental labor activities, so that he can take care of himself."

"OK!" Tang Siyu nodded.

Li De is also said by Qiu Lin, because now Tang Xiong is not in the company, Qiu Lin is the person who orders the whole company.

After Li De left, mufei looked at Tang Siyu and comforted him, "don't worry, uncle is still strong and will be OK."

Tang Siyu also hopes that his father will get better soon. Qiu Lin has to take care of the company's affairs first.

At this time, the door opened again, and Xing liehan's figure stood at the door. When his eyes looked at the ward except Tang Siyu and mufei, his handsome face changed slightly, but he still walked in peacefully.

Tang Siyu looked up at him, and Murphy was also slightly shocked. In the ward, two men seemed to compete silently.

"How is uncle?" Xing liehan goes to Tang Siyu and asks.

"Need a rest." Tang Siyu responded. At the moment, she was obsessed with her father. She didn't notice that both men were staring at her.

"Mr. mu, I'll take care of it. You can leave." In the cold Dynasty of Xing lie, mufei directly opened his mouth.

Mufei raised his eyebrows and said, "Mr. Xing misunderstood that I was entrusted to take care of my uncle and would not leave."

Tang Siyu got up and said, "otherwise, you should all leave first! I can take care of my father myself. "

"I'll stay." Xing liehan is determined.

"I'll stay, too." Murphy didn't try to let it go. He wanted to stay.

Tang Siyu suddenly has a headache. At this time, why does mufei want to mix it?

Xing liehan's face immediately darkened, but he did not attack, just sat down beside Tang Siyu.

Chapter 225

The atmosphere in the ward was a little dull. We only heard each other's breathing. Xing liehan's eyes fell on Tang Siyu's face. At the moment, Tang Siyu's eyes looked at his father quietly, showing his love and self blame as a daughter.

Xing liehan's hand reached out to her silently and covered it. Tang Siyu was slightly shocked, but when she wanted to move, she was clenched by the man.

Looking at this scene, Murphy on the opposite side, his heart still couldn't help stabbing and aching for a while. He knew that now, in front of Xing liehan's and Tang Siyu's feelings, he was a little overwhelmed.

However, his heart is so reluctant, Tang Siyu is the girl he loved from childhood to the big, his heart, in addition to her, can no longer accommodate other women.

If we say, let him complete Xing liehan and Tang Siyu together, not because he doesn't love, but because of love, it will let him compromise and withdraw from this feeling, and don't let Tang Siyu worry about it.

Murphy sighed at last. He got up and said, "I'm going first."

After that, mufei looked at Tang Siyu and said, "if you need anything from me, please contact me."

Xing liehan raised his eyebrows slightly, and his eyes flashed a little provocation. "I'm here, I don't need you."

This sentence is very repugnant.

Murphy glanced at him. "I asked Siyu. I hope to hear his answer."

Xing liehan holds Tang Siyu's hand tightly and Xianbu takes possession of it. "She is my woman. I can decide everything about her."

Murphy's face was finally a little gloomy. He clenched his teeth and looked at Tang Siyu.

Tang Siyu is silent all the time.

And her expression, in the eyes of two men, is her acquiescence to the words that Xing liehan just said.

Murphy finally stopped waiting for Tang Siyu to speak. He turned and pushed the door away.

Xing liehan's eyes flashed a hint of secret joy, but in such a serious time, he did not show it.

Murphy left. The ward was still quiet. He didn't look at Tang Xiong who was resting.

Time goes quietly. In Tang Siyu's mind, he remembers many times when he was with his father. His love, his tolerance and encouragement, the greatness of his love. At this moment, compared with her filial piety, she is too meager.

Xing liehan patiently accompanies her, watching the time go. At seven o'clock in a flash, he can't help whispering, "hungry or not? I'll have dinner delivered. "

Tang Siyu shook her head. Now she has no appetite for food. "I'm not hungry."

Then she turned to him and said, "if you're hungry, go and eat first!"

Xing liehan immediately narrowed his eyes and replied, "I'm not hungry either. I'll wait for your uncle to wake up with you."

After a while, Tang Kai opened his eyes and woke up. He was surprised to see his daughter and Xing liehan.

"How are you, dad?" Tang Siyu approached him worried.

"Siyu, why are you here? Where's Xiaolin? " Tang Xiong asked directly.

"Aunt Qiu has gone to work on the company." Tang Siyu answers to reassure him about the company.

Tang Xiong holds up his arms and wants to sit up. Tang Siyu just wants to help his father. Xing liehan has already taken the lead in helping him. He is tall and powerful, and supports Tang Xiong to sit up.

Tang Xiong was flattered. "Thank you, young master Xing."

"Uncle, don't call me that. Just call me fierce cold." Xing liehan smiles.

Tang Xiong is relieved now. It seems that the relationship between his daughter and Xing liehan has been stable.

"Well, well, then I'll call you cold." Tang Xiong also wants to get close to Xing liehan.

"Dad, are you hungry? What do you want to eat? " Don Siyu asked him.

"I want a glass of water." Tang Xiong feels thirsty.

Tang Siyu poured a cup of lukewarm boiled water to him with a cup nearby. After drinking it, Tang Xiong sighed, "people are old, and their bodies are useless."

"Dad, what's going on? How can you faint with good manners? " Asked Tang Siyu in surprise.

"I don't know. When I was in the meeting today, suddenly my chest hurt. I used to take medicine with me, but when I put it in the office, I thought I would take it after the meeting. How could I know? When I got to the office, my chest hurt so much that I didn't know what happened. I saw you when I woke up." Tang Xiong finished, exclaimed that he was no longer young.

"Dad, don't worry too much about the company." Tang Siyu advised.

"What can I do without worrying? Xiaoling is not sure to give it to her completely. " Tang Xiong has no son, and Tang Yiyi doesn't know the management company at all. Tang Siyu is not the material either. He can only support it like this.

At this point, Tang Siyu also knows that at the moment, she really does not know how to help her father and share the burden on his shoulder.

Xing liehan has a way. He has a suitable person to recommend to Tang Xiong. But thinking of his company and Qiu Lin, Qiu Lin will never allow the person he recommends to support the company, so he won't mention it at all."Dad, don't think about anything these days, just take a good rest in the hospital." Tang Siyu exhorted.

"OK, Dad, I'll take a rest here." Tang Xiong seldom enjoys the filial piety of his eldest daughter. He is really happy.

Later, Tang Xiong was also a little hungry. Xing Lihan asked his assistant to pack up in a high-end restaurant and come to the hospital. Three people ate in the hospital. Tang Siyu watched her father's spirit get better, and she found that she was hungry.

Although she had a meal in the hospital, she also felt in a good mood. Her smiling eyes inadvertently touched the man on the opposite side, only to see that his eyes also had a smile, which made Tang Siyu's heart beat slightly disordered. Today, Xing liehan accompanied her here, and she really appreciated him from the bottom of her heart.

After dinner, Tang Xiong and Xing Lihan talked about the business of economic and financial circles. Tang Siyu couldn't understand it, but she was very happy to see her father and Xing Lihan talking about speculation.

Qiu Lin came at 10 p.m. with two servants. She pretended to be haggard. When she came in and saw only Xing liehan, but Murphy was not there, she was a little frightened.

However, she thought, Xing liehan and mufei must have met.

"Xiaoling, when you come, Siyu and liehan will go back to have a rest!" Said Tang Xiong.

Qiu Lin immediately fake fishy smile, "OK."

"Dad, I'll stay with you." Don Siyu refused to leave.

"Dad is OK, you go back to have a rest earlier, come to see me tomorrow!" Tang Xiong saw it was late and didn't want his daughter to stay up late.

Tang Siyu sees that there are still servants around, and she doesn't want to get tired of Qiu Lin, but makes her father feel embarrassed. She has to say, "OK, Dad, I'll come to see you tomorrow and bring you breakfast."

Chapter 226

"Good! Go! Strong cold, take good care of Siyu for me. " Xing liehan of the Tang Dynasty asked for one.

Xing liehan nodded seriously. "Please rest assured, uncle, I will take good care of Siyu."

Qiu Lin was flustered by this sentence. It seems that mufei didn't damage their feelings.

It seems that Xing liehan's love for Tang Siyu will be stronger because of that child.

This made Qiu Lin a little afraid in the future. Her husband's body is not as good as it is. When he closes his eyes, Tang Siyu will come to the branch immediately. At that time, she will take 30% of her mother's equity. Can the company continue?

The more Qiu Lin thought about it, the more uneasy she became.

Tang Siyu leaves the door of the ward, Xing liehan's hand naturally takes her, Tang Siyu raises his eyes and says gratefully, "thank you tonight."

"Between you and me, do you need to say thank you?" Xing liehan looks down at her tired face.

Tang Siyu purses his lips, but his lips turn up a smile.

Out of the hospital, Tang Siyu sits in Xing liehan's sports car and heads back to his villa.

Tang Siyu is very tired today. She leans on the chair and wants to sleep.

"If you want to sleep, you can sleep!" Xing liehan said to her.

Tang Siyu makes a light sound. She leans against the window. The wind in summer night brings a little coolness, which makes her sleepiness come quickly. In a short time, she falls asleep.

Xing liehan is not in a hurry to go home. He drives slowly at a low speed on the road, and she falls asleep safely.

By the time we got to the villa, it was eleven o'clock in the evening.

Xing liehan looks at the sleeping girl in the front passenger seat. Under the soft yellow landscape light, her small face is half covered in black hair, revealing the other half's face, clean and beautiful.

Xing liehan's eyes are slightly dazed. His long hands are lazily supporting the side of the brain. Deep eyes stare at her for a long time without moving away.

Tang Siyu suddenly fell asleep, and his eyes were opened quickly.

This scared the man who peeped next to her. He stared at her quickly and asked in a low voice, "what's the matter?"

Tang Siyu looks at him, his face is flustered, then she covers her abdomen with her hands, and she pushes the door to get out of the car.

Xing Lihan looks at her with a slight shock, and then sees Tang Siyu bending down, pressing on the lights and staring at Xing Lihan's passenger seat. Because it's a black leather sofa, it can't be seen, but Tang Siyu takes a piece of paper and prints it on it.

Stained with red blood.

"I'm sorry, I've soiled your car." Tang Siyu's face turned red immediately. It was just a heat flow from her body that woke her up.

But she didn't expect that even if she got off so fast, she still got her car dirty.

"It's OK. I'll just have it removed and washed." Xing liehan chuckles and doesn't care.

Tang Siyu immediately thought of an urgent matter. When she came here, she didn't buy sanitary sponge.

"That I remember there is a 24-hour shop at the entrance. Can you buy me that... " Tang Siyu didn't say that.

But Xing liehan had understood her meaning, and he replied very readily, "yes! But what brand should I buy? "

"Just buy the cotton ones, and then add a box of night ones to the daily ones." Tang Siyu doesn't choose at this time.

Xing liehan still didn't understand, but he decided to buy more.

"Well, you go home and wait for me." After Xing liehan finished, the sports car turned around and drove out of the yard.

Tang Siyu is a little annoyed. She forgot the time when she came to do good things. However, this time it was postponed for a few days, so she was very tired.

Tang Siyu went back to her room to bathe and change clothes. When she came out wearing a bathrobe, she saw a large bag of sanitary sponge on the cabinet beside the bed, which was more than 30 bags. Tang Siyu's eyes widened, and Xing liehan bought so much for her?

After Tang Siyu pasted it, she wanted to say thank you to Xing liehan. She knocked on the door of the main bedroom and saw that Xing liehan had taken off his shirt and stood in front of the floor window naked. Tang Siyu had a hot face.

"Why do you buy so much?" Tang Siyu thinks it's a waste of money. She can only use a few boxes at most.

Xing liehan chuckles, "I don't know how much you women want to use! That's a lot to buy. Is it enough? "

Tang Siyu was asked by him to whet a smile, "enough, I may not use it for months!"

Xing liehan saw that she was smiling. His eyes were bright and his teeth were bright, which made his mind ripple.

Tang Siyu saw his deep eyes, and her smile became a little shy. She turned around and wanted to go.

Suddenly, the man came after her in two steps, reached out and clasped her wrist quickly.

"Don't go."

Tang Siyu is stunned and looks back at him. "What's the matter?"

"Even if you come here, don't worry about what I'll do to you at night. Sleep in my room tonight." Xing liehan said directly. Don Siyu's heart strings tighten, sleeping in his room?

"Aren't you afraid I'll get your sheets dirty?" Tang Siyu thought that last time he had washed her, her pretty face was in the light, and she could not help blushing.

"If it's dirty, I'll wash it again." Xing liehan's eyes were fixed on her.

Tang Siyu did not dare to look him in the eye. She felt that his hand was tightly held and her heart was rippling.

She bit her lips and said in a light voice, "OK!"

Xing lie's eyes filled with joy, but she did not refuse.

"I'll come back to my room." Tang Siyu wants to make some and come back. She doesn't want him to wash the sheets again.

"Well, I'll take a bath first." Xing liehan let her go and watched her go out of the door before he went to take a bath in the bathroom.

Tang Siyu found out a kind of trouser type sanitary stickers to put on, she put on Pajama pajamas and came out.

When she pushed to the door of Xing liehan's house, her heart lake seemed to throw a stone suddenly, which made a splash.

God, how did she get into his room to sleep and become so natural?

This shouldn't be!

What about her shame? She and this man have not yet determined the relationship between male and female friends!

Tang Siyu ridiculed himself, but when the man just pulled her and asked her to sleep with him, she could not refuse the man.

Is it really because she came here and knew that he could not touch her, so he entered his room with such ease?

That must be it! Tang Siyu found a convincing reason for herself, and she gently pushed the door into Xing liehan's room.

Hearing the sound of bathing in the bathroom, she lay on the side of his bed without much thought, pulling the thin quilt over her waist.

Chapter 227

Tang Siyu had a sleep in the car. At this moment, although she was lying on the bed, she did not feel sleepy. On the contrary, her ears were particularly erect.

After waiting for a while, Tang Siyu immediately tightened his tight quilt when he heard the door push in the bathroom. He felt a sense of tension.

She also closed her eyes and pretended to sleep.

Xing liehan's waist is only surrounded by a bath towel. His strong waist is full of stabs and covered with a layer of moisture. His ink hair is blown dry. It's pasted on his full forehead, which makes his whole powerful momentum converge.

It's like a docile beast, which is harmless to human beings and animals.

Xing liehan looks at the girl with her back to him. The corner of her mouth is light. He knows that she is not asleep.

Xing liehan goes into his wardrobe, turns out a pair of pajamas and puts them on. He goes to the bed and sits down.

The bed bounced because of his weight. Xing Lihan watched the girl lying on one side tremble slightly. In his eyes, it was very lovely.

Xing lie was lying on her side with his arms on his back. He wanted to see when she could sleep, but after a while, he didn't see the woman turn over to see him.

Xing liehan bit her thin lip, stretched out his arm and pulled her thin shoulder, turning her over in person.

Tang Siyu didn't expect this man to turn her over, but she pretended to sleep successfully and continued to do so naturally.

So, she just pretended not to be bothered, twisted her eyebrows and went on pretending to sleep.

Tang Siyu felt a pair of sharp eyes staring at her eyelids, making her pretend to be very miserable.

Xing liehan looks at her sleeping face with a smile, and looks at her delicate face under the light. It's a little crystal white, and it seems to send out a faint fragrance.

He could not help raising his hand, starting from the mischievous hair on her forehead, opening her hair, slowly touching her eyebrows, eyes, cheeks, tip of nose, to the corner of lips

Finally, his fingers lingered on her full red lips, and the touch of the man's warm finger abdomen seemed to Tang Siyu that a string of electric current suddenly ran through her limbs.

As soon as she breathed, she could not help opening her eyes.

But she didn't expect the man's face to be so close to her.

She opened her eyes, so touched his eyes with some bad smiles. He was only half a palm away from her. Tang Siyu's breath was smothering again. Some of them couldn't stand it. Her heart beat fast in her chest, and she felt dizzy.

Her eyes were on the man's lips.

His lips, lip line edges and corners are full of sexy breath, thick and thin, suitable, it's just like kissing.

Tang Siyu's clear voice of swallowing was heard.

Xing liehan's mouth was immediately hooked. Tang Siyu was about to die of shame. God! Did he read what she was thinking?

"Sleep!" Tang Siyu pretends to be serious.

"Are you sure you can sleep?" Xing lie asked with a deep smile, did this woman feel for him just now?

"Yes." Tang Siyu finished talking as like as two peas, but then she had just passed away. But next minute, she had just separated the man's body, and immediately he was surrounded by his big palm, and then he put it to his body. Her back was clung to his chest, and even his curled feet were alike.

So the two of them are very similar.

Tang Siyu's nerves tensed a little and he felt his temperature rising.

"Xing liehan, you..." Tang Siyu is going crazy. Why is this man so close?

Xing liehan knows what she's upset about. He can't help laughing, "it's normal. Just ignore it."

Is it possible?

Tang Siyu is speechless. How can she sleep if he says so? She has to get up early tomorrow morning to deliver breakfast to her father.

But the man had to be so close, his arms around her waist, she can only pretend to ignore.

But does this man really have to sleep?

Xing liehan suddenly sensed something sensitively. He asked curiously, "what are you wearing?"

Tang Siyu immediately blushed and didn't speak.

But Xing liehan guessed, "you're wearing adult diapers?"

Tang Siyu's face is more red. She really can't explain to him. She can only retort, "this is reassuring pants."

"Oh!" Men behind the sound line, obviously hiding a smile.

"What's so funny?" Tang Siyu gave him an angry nudge.

In an instant, the man behind him snorted and warned, "don't move."

Tang Siyu froze at once. Now she knows that this man can't touch.

Xing liehan still hasn't stopped. He just hugs her like this, then smiles and asks, "I wonder what you look like, is it like a baby?" Tang Siyu really wants to drill a hole. This man is curious about what can't do! Don't be curious about this.

"No, can you stop thinking about these things and sleep well?" Tang Siyu's tone was coquettish.

Xing liehan chuckled, "OK, don't ask, go to sleep!"

Tang Siyu thought that she was not sleepy, but unexpectedly, her sleepiness was like a mountain again. She gently hit haha and fell asleep on the man's arm.

Xing liehan thinks it's good to sleep with this woman, but obviously he can't sleep well tonight. He smells her hair and listens to her even breathing sound. His body is still warm. He really has no choice.

Being close to this woman is a matter of suffering, but he still likes to do it.

But after two hours of fighting with himself, Xing liehan still felt sleepy. Anyway, he knew that this woman could not be touched tonight, so his willpower prevailed, and he fell asleep holding Tang Siyu.

In the hospital.

Qiu Lin asked the servant to take care of Tang Xiong, while she slipped into Li De's office and did the sex affairs with Li De on his bed.

When she finished, she slept in Li De's bed. She didn't come to see Tang Xiong until 7 o'clock the next morning.

The old relationship between Li De and her revived.

This makes Li De look at Tang Xiong, who is also very unhappy. He is also very careless about Tang Xiong's examination and writes the report at will.

Anyway, he is also the director, and no one has asked and examined him.

Early morning.

After Tang Siyu wakes up, Xing liehan wakes up with him. Tang Siyu wants to send his father breakfast.

Xing Lihan drove her to the nearby breakfast shop and packed a breakfast to the hospital.

Chapter 228

Qiu Lin is gone. Two servants are taking good care of Tang Xiong. When Tang Siyu arrives, they leave.

Looking at his daughter who brought breakfast so early, Tang Xiong was very pleased and had a good appetite.

Tang Xiong's illness, as long as he takes medicine every day, without stimulation, he has nothing, but he just can't be stimulated and nervous.

Tang Siyu took care of his father in the hospital one day. In the evening Qiu Lin asked the servant to take over the shift, but she didn't come.

From his father's mouth, Tang Siyu knew that Tang Yiyi had gone on a trip abroad. Tang Siyu didn't like her appearance either. Now she is comfortable talking with her father and her children.

Seeing that Tang Xiong's complexion recovered and his illness was no longer committed, Tang Siyu's heart was relieved.

Tang Xiong doesn't want to be hospitalized in the hospital. He wants to go home to recuperate. Tang Siyu happens to have his son away. She decides to move home for a few days and take care of her father by the way.

Xing liehan didn't force her, but he went back to his home very considerate and collected some clothes for Tang Siyu.

When Tang Siyu took over his packed clothes, she could not hide her gratitude. Xing liehan looked at her with a smile. "If you want to thank me, there will be more opportunities in the future."

Tang Siyu didn't dare to look at his ambiguous eyes, but she knew that between herself and this man, it seemed that he could not delimit clearly. His injury to her had been paid back. Instead, now, she began to owe him a lot of human feelings.

Xing liehan leaves. Tang Siyu lives at home. Qiu Lin leaves early and returns late. She seems to be very busy.

But she's been out there these two days and she's meeting old lovers! Tang Xiong didn't know yet.

At this time, Qiu Lin also called back his daughter who was traveling abroad. Tang Siyu can't be allowed to occupy Tang Xiong's heart alone. Otherwise, Tang Xiong will definitely prefer Tang Siyu in terms of future heritage.

In the afternoon of the next day, Tang Yiyi came back with her suitcase. Naturally, she staged a show of concern in front of Tang Xiong, and even her tears forced out several drops.

Tang Xiong didn't know if he saw her fake tears, but Tang Siyu stood by and saw them clearly.

"Well, don't cry, just come back, dad didn't blame you." Tang Xiong reaches out to help Tang Yiyi up.

"Dad, it's my fault that I didn't accompany you at this time."

"With your sister."

Tang Yiyi's tearful eyes glanced at Tang Siyu, with complicated and unidentified meanings in her eyes. Of course, she knew that Tang Siyu was trying to please her father these two days.

"Dad, don't worry. I'm not going anywhere. I'll be with you and take care of you." Tang Yiyi continued to be a filial son.

"Good! You just have the heart. " Tang Xiong said, and said to their two sisters, "I'll go to the study to work for a while, and you all have a good rest!"

"Dad, don't be too stressed. The doctor told you to have a good rest." Tang Siyu urged.

"I know. Just look at the email and reply." Tang Xiong agreed with a smile.

Tang Siyu nodded and watched her father enter the study. She was going for a walk in the garden.

Behind her, Tang Yiyi's voice immediately stopped her. "Tang Siyu, you can take advantage of the danger of others! When I'm not here, you're trying to please your father. You really have a plan. "

Tang Siyu turned to look at her. "I don't need to be popular. I'm not as fake as you."

"As long as dad likes it." Tang Yiyi sneers and doesn't deny that he has a good set of fake fishiness.

Tang Siyu looks at her in disgust and doesn't want to take care of her.

Tang Yiyi is bored. In her eyes, Tang Siyu is pretentious. Every time she wants to quarrel with her, she doesn't cooperate. She can't quarrel even if she wants to.

Tang Siyu made a phone call to her son in the garden. Listening to the young and happy voice of her son, she was also very pleased. She originally wanted to accompany her son as soon as possible, but now it seems that this matter needs to be postponed a little.

Fortunately, as soon as the little guy on the phone heard that Grandpa's health is not very good, his mother needs to accompany him and can't go to see him at once, he said it's OK, and let her not worry, he will take good care of himself, and he also said that he wants to come back to see Grandpa as soon as possible.

Tang Siyu doesn't want his son to come back to this complex family, but she hopes that his son will have a good time with Xing family when he is abroad!

In the general office of Xingshi group.

Today, there is a guest here. He is Xing Yan, the cousin of Xing liehan. He is a very capable man in his early fifties.

There are many powerful merchants in the Xing family. In addition to the company inherited by the Xing liehan family, there are also some people who make their fortune by other industries.

Xing liehan's cousin started his family with diamonds, and he is also a man of extraordinary wealth. However, there is a strong competition in the business world, even among his family members, it is inevitable.

Since this uncle began to dabble in the financial circle, he had a fight with Xing liehan for the company's project. In this case, Xing liehan would give way to the project under the balance, but not always. In recent years, Xing Yan's ambition has gradually emerged. His company has been growing, and there are many unscrupulous things in secret. Xing liehan seldom contacts with him, but today, his arrival has surprised Xing liehan.

However, he has already guessed that it is for a shipping line, which Xing liehan is also interested in, and is under negotiation. However, this line is connected with a cooperative ore country in Xing Yan, and he is also very interested in this line.

But the annual profit of this route is very considerable, Xing liehan decided not to give in.

"Uncle, what brings you here?" Xing liehan sat in his position, his hands folded gracefully on his chest, and his face was unpredictable.

Xing Yan laughs, "my nephew has been missing for a long time. I heard that you have a child. As an uncle, I haven't had time to congratulate you!"

Xing lie's smile did not change, but his eyes flashed a flash of surprise. Only the Wen family and the Tang family knew the news, but the Wen family would not talk about it, and the Tang family and he had no communication.

It seems that there is only one possibility, that is, the things around him are monitored by Xing Yan, which makes Xing liehan's eyes flash over a strong displeasure. He hooks his lips and smiles, "it seems that nothing can be concealed from your uncle's ears."

"Xing Yan ha ha a smile," just happen to hear it, it seems that Xing family has

"Is my uncle here to congratulate me?" Xing liehan didn't want to go around in circles, let alone be trapped.

Chapter 229

Xingyan smiled a little and closed his suit and sat upright. "Nephew, I'll tell you what I want directly. You should be clear that my diamond export every year is a big problem. Now I'm thinking of taking a shipping route to operate. I know you're talking about one. Don't you know if nephew can complete my uncle?"

Xing liehan chuckles, "uncle, we are a family. Isn't it my business that you export diamonds in the future? You are my uncle. I will not charge you for the expenses after that. "

Xingyan's face was a little serious. "Liehan, you have such a large economic and financial circle to develop investment. How did you get involved in shipping? This is not the field you are good at! "

"Uncle, you don't know what I am. I like to face difficulties and challenge impossible things. So I'm very interested in shipping." In Xing liehan's words, he didn't give a hint of concession.

After hearing his attitude, Xing Yan laughed, "even if my nephew has an idea, my uncle will not have the cheek to rob it. OK, I'll find you about my diamond export. Don't worry about me at that time!"

"Uncle joked." The smile in Xing liehan's eyes didn't reach the bottom of his eyes.

"I'd like to ask your parents out for dinner some day. Oh, my little nephew and grandson will bring them out for me to see. I haven't sealed him a big red envelope yet!"

"Not at home now, another day!"

"Good! Call me then. I'll be busy first. "

Xing Yan smiled again, and then turned around. When he was carrying Xing liehan on his back, his smile turned into a deep expression.

Xing liehan has been watching him push the door to leave, and his eyes gradually turn complex. This uncle must be a problem within ten years.

Because he is old, but his ambition is not small, so he will fight for his children before the arrival of old age.

It seems that he should be careful about this cousin in the future.

When Xing Yan sat in his car, his deputy asked, "President Xing, how are you talking? Will Xing liehan give up to us? "

"Hum! How could he let it go? "

"But didn't he give us some projects before? Shipping is not his familiar field. He doesn't have to get involved! "

"Hum! Before that, all the projects he thought were unprofitable and unprofitable. Do you think my nephew is a fool? I can't even see through the calculation in his mind. "

"Xing's family has a large base business. Xing liehan is so young that he can still do double performance every year. It seems that he has great ability."

"He won't let me do anything this time. I can't talk to him about anything else. He said today that he was talking about shipping. In fact, he gave me a warning. Don't bother him in the future." Xingyan's face was directly gloomy to the end.

"Xing liehan is so merciless. You are his cousin."

"In his eyes, I'm a competitor. Where is my uncle? However, if he thinks so, then he guesses right, I will be his strong competitor indeed! "

With that, Xingyan looked at the landmark skyscraper, and he said, "even his Xingshi group, I'm staring at it!"

Tang house.

After her father had a rest, Tang Yiyi had nothing to do. In this family, she had no mind to do anything.

She didn't want to face Tang Yiyi, so she couldn't come out with the door closed. In her room, her father carefully collected her mother and her photo. She looked at the gentle and virtuous mother in the photo. When she was young, she was also very beautiful. She just couldn't figure out why her father wanted to apologize to her mother at that time.

It's no wonder that after her mother gave birth to her, she has always been weak and sick. Maybe the father is eager for a son, but the mother can't regenerate, so the father will look outside.

There is another possibility, that is, Tang Siyu, a pair of dead grandparents, their thoughts are more conservative, and they have always disliked the mother whose parents died. In addition, their mother married in with her own family property and became a shareholder in the company in those years, which made them have a threat, and what is the purpose of their mother.

After a year, my father cheated on Qiu Lin and gave birth to another daughter.

The family's old grudges, Tang Siyu all want to forget, the mother also entered the land for peace, she should live her own life, look forward.

Tang Siyu cleared up his sad mood, got up and wanted to see if her father woke up. When she came out, she saw Tang Yiyi go out.

She looks fashionable and sexy. When she sees her, she raises her eyebrows and says, "I'm going out for dinner. Maybe I'll come back late at night. Take care of Dad first!"

Tang Siyu didn't answer either. Tang Yiyi told her how to behave. She just wanted her father to know what kind of person she was.

"Hello, Tang Siyu, I warn you, don't speak ill of me in front of my father." Tang Yiyi is also worried that Tang Siyu will fall into trouble and ruin her image in his father's heart.

Tang Siyu snorted coldly, "there are some things, needless to say, in my father's mind." Tang Yiyi's mouth was turned away in anger, but tonight she wanted to go to the nightclub again, so she had to stare at Tang Siyu and stride downstairs.

Tang Siyu gently pushed open his father's door, only to see his father standing in front of the window, looking at the direction of the yard, where Tang Yiyi's car just drove away.

"Dad." Tang Siyu stood behind him, feeling her father's illness, giving her a sense of aging.

Tang Xiong also has a spirit that is not as good as before. After sleeping, he still has a heavy head and not clear mind.

He turned to Tang Siyu and smiled, "Siyu, you are here."

"Dad, are you ok?"

"OK, come here. Dad will tell you something." With that, Tang Xiong sat on the sofa in his room.

Tang Siyu seldom looks at her father so seriously. She sits opposite him in surprise.

Tang Xiong looked at his beautiful eldest daughter. He felt a little relieved. Although he had no son, now he has a grandson.

"Siyu, my father wants to pay attention to it. I will write all the 30% shares your mother took in that year in your name. I will give you another 20% of the shares. After that, you will be the largest shareholder of the company."

Tang Siyu's heart was slightly shocked. She didn't feel happy when her father said this. On the contrary, she was a little uneasy. She shook her head and said, "Dad, you are so young, you don't need to pay attention so quickly."

Tang Xiong can see her worry. He laughs, "don't worry, I'm ok. I'm just in case!"

Chapter 230

In Tang Siyu's heart, he was really worried. His father had the meaning of paying close attention. Was there any secret in his body that he didn't tell her?

"I just want to talk to you first. This company has half of you. How do you want to deal with your equity in the future? You make your own plans. Anyway, the future of the company is you and your dependence."

Tang Siyu nodded softly, "OK."

Coming out of her father's room, Tang Siyu has no practical plan for the future. In her world, her son has always been the most important, and she has no interest in power and money.

Later, at dinner, Qiu Lin came back. As soon as she entered the door, she saw her husband and Tang Siyu talking about something while eating. When they talked to funny places, Tang Xiong also laughed.

This makes Qiu Lin's eyes flash over a touch of resentment. Tang Siyu said that he was with her father, in fact, to find a sense of existence in front of her husband!

"Xiaolin, have you come back for dinner?"

"Not yet! I'll take a bath before I eat. You can eat first! " With Qiu Lin finished, she changed her shoes and went upstairs.

As soon as Qiu Lin entered the room, her face became very ugly. She called Tang Yiyi, and when she heard the noise, she said angrily, "Yiyi, what else are you going out to play at this time?"

"Mom, I'll come out and play. I'll be back soon." The voice of Tang Yiyi's grievance came.

"Don't you know how happy Tang Siyu coaxes your father? Come back quickly. " When Qiu Lin finished calling, she was very upset. She pushed the two books on the table and fell to the ground.

Qiu Lin was angry. She kicked the book away and a piece of paper came out of the interlayer.

Qiu Lin's eyes were slightly shocked. She leaned down to pick up the paper on the ground. She thought it was a piece of waste paper. When she had a look at Dingqing, the whole person was dazzled. It was the left eye of a draft. It was her husband's handwriting.

Qiu Lin immediately covered her mouth, ran to the door carefully, and quickly left the door locked. Then, she sat on the sofa and read the draft carefully.

After watching, Qiu Lin's eyes shot out resentment and unwillingness. What? Tang Xiong gives Tang Siyu's mother's shares back to her, plus another 20% of her shares. In this way, doesn't Tang Siyu own half of the company's equity?

In addition, he also gave her some properties that he owned all over the country. Qiu Lin really wanted to tear up the attention immediately, because she was really angry.

Husband means that Tang Siyu has half of the family property. She and her daughter are not as many as her?

She's all hooked up with men like Xing liehan. Now, she has to split the company into half of them. Isn't that to make their mother and daughter's future worse than her?

Qiu Lin took a picture of the paper and put it in a private mailbox. After folding the paper, she tucked it back into the book and pretended not to have seen it.

But Qiu Lin's heart has been unable to calm down. Why did her husband suddenly write about her? Qiu Lin has been mixing with Li De these two days. Li De also means that Tang Xiong's myocardial infarction is a little serious. If he gets a little more stimulation, he may fall down again.

It seems that my husband also has a little foresight. He knows how to make a good impression. Qiu Lin's eyes flash with a hint of ingenuity.

Hum! Tang Siyu also wants to occupy half of the company's equity. She doesn't want to think about it. She won't get anything in the future.

After dinner, Tang Siyu receives Xing liehan's call. He just came out of the company and wants to come here to see her and go home.

"Don't come here. It's so late. You're tired after a day in the company. Go back to have a rest earlier!" Tang Siyu thinks it's inconvenient for him to make such a detour.

"Yes, I'm really tired, but the fastest way to get rid of my tiredness is not to rest, but to see you." From the deep magnetic voice of the man.

Tang Siyu's breath is tight. Across the screen of his mobile phone, he feels a little red.

"If you want to come, then come!" Tang Siyu didn't stop him.

"I've got about twenty minutes left. I don't want to go in. You come out and I'll meet you in the car." Xing liehan speaks.

"All right! Call me when you arrive. I'll come out. " Tang Siyu answered.

That end hung up the phone, Tang Siyu looked up at the starry sky, waiting for Xing liehan to arrive.

Waiting, she even began to look at the time, her heart, or some look forward to his coming.

Because in this family, except for her father, she felt very bored and strange.

Twenty minutes on time, her cell phone screen rang, she quickly picked up, "Hello!"

"What? Are you waiting for me, too? " There was a man's deep laugh.

Is there a mistake in picking it up quickly? Tang Siyu thought about it.

"Are you here?" Asked Tang Siyu.

"Here you are, come out!" From that man's magnetic voice.

Tang Siyu went out with his mobile phone in his hand. When he got out of the yard, he saw a black sports car parked under the tree sprout, with dark lights on. Tang Siyu went to the front passenger seat of the sports car, opened the door and sat in.

In the dark blue light, the man's slender body sat there, imposing.

Tang Siyu looks at him sideways, and complains gently, "he said don't come."

"It's all here. Do you want to reward me?"

"Er?" Tang Siyu blinked, but he didn't react. The long arm of the man came to hold her shoulder.

Tang Siyu's body was forced to lean in front of him. She just raised her eyes, and the man clasped her back head with his other hand. She raised her eyes, and the man leaned over his upper body.

Four eyes are opposite.

Although the light was dark, she could see clearly what the man's eyes were forbearing and restrained.

She couldn't help swallowing and biting her lower lip.

And her action, so that the eyes of men suddenly deeper, dangerous overflowing.

"I want rewards." The man gasped, and the next second his hot lips sealed her.

Ask for a reward.

Tang Siyu's eyes are light and slightly gaping. When did she agree to have the award?

However, on the lips, it is the breath of men's clean and domineering, which makes Tang Siyu's head blank directly.

It's nothing to do with this man, but he's got a lot of advantages.

Tang Siyu is very aggrieved, but also very upset to accept his so-called reward, the car is too quiet, this kiss, but become unspeakable warm up.

Surrounded by darkness, it's defensive and makes men crazy.

This kiss, as if there is no end.

Tang Siyu's eyelashes trembled and his whole body was kissed soft. However, he kissed her and the man suddenly let her go with a low gasp.

Xing lie lies on the steering wheel with an uncomfortable hand and continues to hold her half. His eyes are the desire of the stars. He just feels like kissing again, and his blood vessels are about to burst.
