

U. CEO Daddy 231

Chapter 231

In the quiet carriage, there were only two people breathing slightly. In the dark, Tang Siyu only felt his head was dizzy. He couldn't think at all, and his face was very hot.

"You It's time for you to go back. " Tang Siyu feels that if she stays in such a state of embarrassment, her IQ will be low.

Because her brain has been starved of oxygen.

Xing liehan was reluctant to part with her. He said to her, "get out of the car and walk with me. I remember a park near here."

Tang Siyu grew up here. Of course, she nodded, "OK! You can drive there! "

Xing Lihan drives her to the nearby park. It's nine o'clock in the evening. There are few people. Tang Siyu gets off the bus and walks into a quiet path. Xing Lihan's hand comes naturally.

Tang Siyu also did not struggle, let her lead, two people did not talk, so walk.

Just walking, Tang Siyu felt that he had come to the wrong place. On the dark stone chairs beside them, there were men and women having trysts everywhere under the tree sprout. Some of them were still kissing me and me, making some warm and ignorant moves.

This makes Tang Siyu come all the way, her nerves are taut, she dare not look around, but her ears can hear those women's voices whining and laughing, and the voice of men flirting. Tang Siyu feels that the men around him also seem to emit a strong hormone breath.

This made one of her heart more disordered.

Xing lie smiled at the corner of his mouth and looked at her embarrassed expression with bright eyes. However, he enjoyed the warmth. If he was not afraid of the woman's anger, he would like to pull her to the next tree and kiss her again.

Tang Siyu and Xing liehan turn out from another road. It's more than ten o'clock. Xing liehan plans to send her back.

At her door, Tang Siyu said to the man in the car, "slow down."

She hurried to her door.

Xing liehan watched her go in all the time, and he drove away.

Qiu Lin is sitting in the sofa hall in a lady's robe. She is tasting a glass of wine. She looks at the beautiful girl coming in. Her eyes flash a dark sneer.

"Oh! What are you doing out at night! " Qiu Lin said mockingly.

"Something." Tang Siyu should go upstairs.

Now Tang Xiong and Qiu Lin sleep in separate rooms. Tang Siyu thinks that her father is sleeping now, and she goes back to the room.

Qiu Lin's eyes in the hall downstairs sparkled with resentment. The attention she saw today made her sleep and food uneasy.

My husband has drawn up a legacy of attention. He will contact his lawyer soon to make this legacy effective. If so, she and her daughter have lived here for a lifetime, which is more than that of Tang Siyu.

She was unwilling to see her company split by Tang Siyu.

She must think of a way to make this legacy invalid, but what is the way?

Qiu Lin's eyes are interwoven with a deep color of ingenuity.

The city of fashion.

Su Xi's trip is also at the end. Since she shared a room with Wen lichen that night, she contacted Annie in the morning to pick her up and took her bag back from the hotel. Her cell phone is useless.

After that morning, she didn't see Wen lichen for the next few days. Her cell phone was useless, and the card could be found. So, in these days abroad, she couldn't contact him.

On the plane back home, Su Xi's mind was full of Wen lichen's account number of 300000. That morning, she said she would give it back to him. Wen lichen just said, "no need."

However, Sushi's heart, but firmly thought that she must return it to him.

Three billion yuan, her heart tightened when she thought about it. She went abroad this time, originally to increase the red carpet. Now, she has made a lot of money. She has also got into the production group of love month. After another week's rest, she should start shooting in the production group.

Susie wanted to take the opportunity to relax.

Today, Tang Xiong's complexion is also restored. Tang Siyu tells him about his child's overseas life. Tang Xiong asks her to go back and accompany Xing liehan to go abroad to accompany Xiao Xi.

Tang Siyu looks at her father's spirit, and she is relieved. She contacts Xing liehan and will go abroad with him tomorrow.

Xing liehan has been waiting for her. He made the plane schedule for the early hours of tonight. Anyway, he can take the opportunity to sleep on the plane. He wants to see the little guy very much.

Of course, don Siyu has no problem. When he came out from home and prepared to go home to pack up his things, he received Sushi's call.

Two good sisters have an appointment to have afternoon tea and have a good talk.

Tang Siyu listened to Suxi talking about what happened with Wen lichen in foreign countries. He was shocked.

"Three billion?" It's beyond Tang Siyu's acceptance, she said in a low voice and shocked.

"Yes, no less! It's all in my card. " Susie and her two heads came close and whispered."What are you going to do now?" Tang Siyu worried for her.

"I'm going to look for an opportunity to return the card to him!"

"I have to give you some gifts, but the money is too large!"

"Even if I was sold, I would not be worth so much money! What's more, I won't sell myself. " Susie sucked milk tea hard.

Tang Siyu chuckled, "who says you're not worth it! Maybe in the eyes of Wen lichen, you are worth more money! "

"You dare to make fun of me. Tell me about your Xing liehan! What's the point between you? " Asked sushi.

"That's it!" Tang Siyu has long hair, but his eyes are full of shame.

Su Xi saw through her at a glance and gave her a nudge. "Tell me the truth, do you really like Xing liehan?"

"A little." Tang Siyu thought about it seriously and replied.

"As long as you have a good feeling, it's a good start. Moreover, you can't tell if you feel this kind of thing. Maybe he does something that touches you, and you fall in love with him!" Sushi's expression of love expert's faithfulness.

Tang Siyu said to her teasingly, "isn't it? Did wenlichen do anything that moved you and made you fall in love with him? "

"How can I fall in love with him if I think too much?" Susie immediately bit at the straw. It was impossible.

"Why?"

"Because I don't like a man who is too domineering, he is too domineering. I like a warm man who is gentle and dotes on me, embraces me and loves me." In Su Xi's tone, it is obvious that Wen lichen's evaluation is not very high.

When Tang Siyu talks about bullying, Xing liehan doesn't let it go!

Chapter 232

The two sisters talked until about 5 p.m. and found a cafeteria together. They had a big meal. At 8 o'clock, Tang Siyu and Xing liehan packed their things in the villa. Xing liehan was waiting for her on the sofa.

His gift box is next to him. It's a very simple gray suitcase. Tang Siyu hurriedly goes back to the room to clean her up.

She moves very fast. In less than 20 minutes, she steps out of the next elevator and pulls out her suitcase, a fashionable and medium-sized plum red suitcase.

Tang Siyu's mood is still very high. After a while, she hasn't seen the little guy for more than ten days. She begins to miss him in her mind.

"Let's go to the airport and wait!" Xing liehan said to her.

"Well! Good! " Tang Siyu has no opinion.

Xing liehan's bodyguards drove the two of them to the airport, an hour before the plane took off. They found a senior coffee shop to sit and kill time.

Tang Siyu had a cup of coffee, and the mood of travel was very relaxed. She couldn't help playing with her self portrait. After taking a picture of herself, she aimed the camera of her mobile phone at the man watching the iPad opposite.

The man framed in the camera, in the dark and stylish background, is elegant and handsome, just like the charming male model in the magazine blockbuster, and everything is perfect.

Tang Siyu pressed two, just want to enjoy, the opposite man raised eyebrows, "want to shoot me, just shoot."

Tang Siyu was embarrassed for a few seconds. Unexpectedly, he found out.

Xing lie's legs are folded lazily, his long fingers are light against his sexy chin, his eyes are enchanting and staring at her. He doesn't look at the iPad, just staring at her so deeply and intriguingly.

Tang Siyu in his line of sight, the expression is not comfortable, this man is only with the eyes, can easily let the woman disordered heartbeat.

"Don't look at it." Tang Siyu is good at blocking his face.

"What? You're allowed to take pictures of me. I'm not allowed to see you?" Xing liehan chuckles.

Tang Siyu was speechless, so he had to pick up the coffee to drink. At this time, Xing liehan looked at his wristwatch. "It's almost time, let's board the plane!"

Tang Siyu accompanies him to enter the VIP passage, arrives at his private plane stop and gets on the plane. Tang Siyu once again sees the man's wealth. The whole plane is a mobile luxury presidential suite.

Tang Siyu sat on the soft sofa. She thought Xing liehan would sit on the other side. Unexpectedly, his slender body leaned against her and sat down.

Tang Siyu's breath was slightly tight, and he moved the distance slightly, and Xing lie's arm came to her and cancelled the distance she planned to separate.

"Sleep in my arms when you are sleepy." Xing liehan said to her.

Tang Siyu's schedule is good. At this moment, she is really sleepy. She blinks, "I'll sleep later."

At the time of take-off, Tang Siyu sat in such an empty plane for the first time. Her heart strings were tight. Her hand tightly held Xing liehan's arm. She didn't release until the plane was stable.

The stewardess brought the blanket and milk, and the night snack.

Although Tang Siyu was sleepy, she didn't want to sleep at the moment. She started to eat. She was the first time to take a private plane. At a height of 39000 feet, she enjoyed the night snack!

This feeling is very comfortable.

Xing liehan's hands brought several business magazines. He was reading the magazines. Tang Siyu was eating them. The stuffy male voice behind him said, "give me a bite."

Tang Siyu was about to take a bite of cake into his mouth, but instead, Xing liehan took it with satisfaction.

"Yes." Xing liehan is in love with what she feeds.

"Don't you like sweets?" Tang Siyu asked him.

"It depends on who sent it. You sent it. I love it." Xing liehan's voice line, in the quiet space, is extremely low in magnetism.

In Tang Siyu's mind, it is still useful. How many women can stand a handsome man's love talk?

Tang Siyu shares the cake with him, and he starts to grab her milk again. Tang Siyu feels that this man is like a child in his heart, and she is speechless.

Tang house.

After Tang Siyu left, Qiu Lin was relieved. Now she is in charge of the company. She goes out early and returns late in the day. She can also find time to date her old lover. But what she left behind is always in her mind.

She asked the servant to strictly monitor the guests at home. If a lawyer came to the house, she asked the servant to secretly take a picture of the lawyer's appearance. She had to make a good investigation.

On the plane.

Tang Siyu stayed up to 3 a.m. and she couldn't bear it at last. She was sleeping on Xing liehan's shoulder, and she was still sleeping heavily. Xing liehan's spirit was good. He was reading an electronic magazine.

When he took out his hand to get water to drink, the plane suddenly bumped, and Tang Siyu, who was leaning on his shoulder, fell asleep on his lap directly from his arms.

As soon as Xing liehan's body is tight, this woman will lie on the ground! Even a small face directly buried in his most sensitive position. He could feel the heat of her breathing.

Xing lie's eyes flashed a bit of evil. If he didn't help her, let her sleep like this!

Tang Siyu is sleeping, where can he feel where he is sleeping? She is playing chess with Duke Zhou now!

Xing liehan couldn't stand it for a while. He took her back to his chest and let her little head rest on his chest. He watched her red face, pink and pink, with a trace of fragrance.

Xing liehan reaches for her long hair and leans down. Her thin lips touch her red lips lightly, but she dare not kiss deeply for fear of waking her up.

Xing liehan began to look forward to the trip with his family. He could stay abroad for at least one month.

The time with his family is the happiest for him.

What's more, he has a son and a woman who affects his heart all the time.

Tang Siyu slept for five hours. When she opened her eyes, it was blue sky outside the window. She gathered her long hair and lost her eyes. She found that she was sleeping on Xing liehan's chest, and he was also sleeping.

Open your eyes, you can see such a strong face, it's really a little strange.

Tang Siyu wanted to wash his face, but she didn't want to wake him up. However, she just pulled out, and saw the thick curly long eyelashes of the man lift, and a pair of bright and charming eyes open.

Xing liehan frowned at her and said, "good morning!"

This smile, as if the sun out of the window are not comparable.

Tang Siyu only thought it was dazzling. He even stared at him for a moment!

Chapter 233

When the plane landed, it was already 2:30 p.m. in this country. The driver had already picked it up at the gate of the airport. Tang Siyu and Xing liehan sat in. Tang Siyu opened the window and a touch of exotic flavor came to his face.

This made her feel relaxed. She took a little deep breath. The next time, she began to look forward to it.

Xing liehan looked at the slight smile on the corner of her mouth. He seemed to be infected. He also gently raised the corner of his mouth. He held her hand on his knees and placed it in the middle of the two people.

Tang Siyu did not look back, but looked out of the window at the brow up, she is now very used to this man's bullying behavior.

The car drove all the way to the villa direction of Xing family, which is a seaside villa, facing the sea, with elegant environment, which is absolutely aristocratic enjoyment.

The airport is about an hour away from the villa, driving along the unimpeded seaside Avenue, you can enjoy the magnificent sea view along the way, the sea breeze is light, blowing the long hair beside Tang Siyu's ear, the long silk, flying in Xing liehan's cheek, like a feather touch.

It made his heart lake throb and his eyes more warm.

Soon to see his son, Tang Siyu's heart is more urgent. In his mind, there are smiles of the little guy. He thinks of his coquettish appearance, tender voice and innocent smile.

The car drove into a beautiful passage and went straight to the No. 6 private luxury sea view villa by the sea.

In the villa, the little guy who has received the information for a long time is holding Xing Yinuo and waiting. When the car comes in, the little guy is excited and jumping in place, "Daddy, Mommy Mommy... "

When the door opened, as soon as Tang Siyu stepped out of the car, she saw the little guy rushing in. Her eyes were filled with joy and excitement. She tightly held the little guy in her arms. She crouched down and held the little guy's smiling face. "Do you want to miss Mommy?"

"Yes!" The little guy nodded hard.

"Sister Siyu." Xing Yinuo came to call her.

"Little Nuo." Tang Siyu is also very happy to see her.

Xing liehan came around from the other end, reached out to pet his sister's head, and then came to the little guy. He leaned down to look at him, "is there any good one?"

"Well! I'm good! " The little guy looks up at daddy quickly. He has two similar faces, one big and one small. He really has a father and son atmosphere.

Xing liehan also missed him so much that he quickly reached out and picked up the little guy, kissed him twice on his little face, "daddy wants you too!"

The little guy sat in daddy's strong arms and raised his head like a handsome little prince. Xing liehan touched his little head for a while, and then adjusted his little clothes. His father's love came out.

Behind her, Tang Siyu watched this scene. She suddenly felt that it was too extreme to stop the little guy from looking for his father. Maybe in the child's heart, fatherly love also plays an important role, but she ignored it before.

I thought I could give him all my love. Now it seems that it is not enough.

Xing Zhengting and Jiang LAN welcome out, standing beside Xing Yifan, Xing liehan calls out, "Pa, Ma, Xiao Fan."

"Here we are. Come in! I've got refreshments ready. You must be hungry on the plane. " After Jiang Gang finished, he smiled at Tang Siyu behind him. "Come in!"

"Uncle, aunt." Tang Siyu said hello politely.

Sitting in the hall and preparing a table of snacks, Tang Siyu is a little hungry. At this moment, she is not polite. She feeds each other with the little guy and enjoys the joy of mother and son.

Tang Siyu's room is on the fourth floor. It's a floor to floor window type room facing the sea. It's bright and spacious. The most important thing is to enjoy the sea view here, and the layout is as comfortable as being in a five-star hotel.

Xing liehan's room is next door. It's a master bedroom. There are only two of them in the four story room. Tang Siyu's mind is not small. After a little thought, she inevitably has some shyness.

There are only two of them in the room on the whole floor, which feels a little subtle.

Tang Siyu is leaning on the balustrade of the balcony and looking at the sea. He is in a high mood. On the balcony next to him, Xing lie comes out wearing only a pair of beach pants and his strong upper body is piercing.

Tang Siyu immediately slightly gaped at his eyes, looked at it more, and his heart rate accelerated.

"I'll take my sister-in-law and Xiao Xi to play on the beach later. Will you go?" Xing lie's slender body was leaning over the railing, asking her.

Tang Siyu also wants to liberate her feet. She nods and says, "OK! I will go. "

"Change your clothes! You'd better put on your swimsuit. The water here is very clean, and you can swim. " Xing liehan suggested.

"I didn't bring it!" Where can Tang Siyu take this? She didn't know that their holiday was by the sea!

"Go to the closet and find it. I believe my mother is ready for you!" Xing liehan's beach pants are all ready. I'm sure her mother won't miss her.

Tang Siyu blinked. She hurried to the wardrobe and opened it. Sure enough, there were four swimsuits in the next small vertical row besides a whole row of fashionable clothes. Some were more revealing and some were more conservative! Tang Siyu chooses a conservative one, but she seldom wears one. She still feels a little awkward and uncomfortable. Two thin legs are exposed to the bottom of her thighs, and a cool breath comes.

When Tang Siyu went out, she still took a thin blouse and put it on her body. She was embarrassed to go out like this.

Tang Siyu pushes the door open, just in time, Xing liehan also pushes the door out, the man is more casual, dragging a pair of slippers, around the neck is a gray towel, where there is the atmosphere of a bully president, completely a pair of randomness and laziness of children.

Xing liehan's lazy eyes flash at the sight of a woman going out of the house. She is not surprised to be attracted by her white and slender legs.

Tang Siyu immediately gathered up his thin shirt and stared at him, "what are you looking at?"

"Nothing!" With a smile on his lips, Xing lie was the first to go downstairs.

Downstairs, the little guy also changed into swimsuits and swimsuits. Xing Yinuo and Xing Yifan are the same, but Xing Yifan is also wearing beach pants.

After a group of people gathered, Xing Lihan drove out a beach car and drove on the bright view road of the coconut grove, which was a happy thing.

Tang Siyu looks at the moon like beach below. It's not like the beach in the travel area. It's full of people. There are only a few tourists playing in the white beach here.

The car stops at a parking place. Xing liehan gets off the car and holds the little guy. They put their shoes in the storage place. The thin and soft sand beach is on their feet. It's about 4:00 in the afternoon. The sun is not strong and they just play with water.

Chapter 234

The little guy has played several times. He looks back at mom and dad from time to time. This time, he looks more happy.

Tang Siyu's eyes are also doting on his son. Every experience of the little guy, as a parent, will be very happy.

"Daddy, Mommy, hurry up!" The little guy can't wait to play in the sea.

Tang Siyu is not a dry duck either. She has some talent in swimming. Looking at the light blue water with clear visible bottom, Tang Siyu didn't go into the water immediately. She led the little guy running after the water. Beside, Xing Yinuo also swam around in the waist water bravely.

Xing Yifan followed his eldest brother to the deeper part of the sea. The two brothers were competing. After a while, they were far away.

Tang Siyu looks at Xing liehan's swimming skill, and she secretly begets an envy. She can't swim that far. She can only play in shallow water.

Ten minutes later, Xing liehan and Xing Yifan came back. Xing Yifan went to xingyinuo and taught her how to swim.

And Xing Lihan goes to Tang Siyu and the little guy. Tang Siyu looks at the setting sun. Xing Lihan is like the king of the sea. His slender body drips with water, his hair is light, and his eyes seem more and more profound.

"Wow! Daddy is so handsome. " Little guy wow, I feel daddy is so handsome!

Tang Siyu's eyes flickered slightly, but he couldn't help but be attracted by the man who came.

Xing liehan goes to Tang Siyu and the little guy. He bends down and picks up the little guy. "Daddy takes you to swim."

"Well!"

"Be careful." Tang Siyu is still nervous. His son is so young.

"Then come along." Xing liehan turns his head and blinks his eyes like a teaser.

Tang Siyu's heart was slightly smothering, but she still took off her blouse and put it on the next chair. She followed Xing liehan into the water. At this moment, even the sea water became a little hot, but she didn't feel cold.

She heard the giggle of the little guy. She saw the little guy standing at the chest level, and Xing liehan was guarding his side, holding his little body and teaching him how to swim.

Tang Siyu looks at Xing liehan. She wants to take the chance to play for a while. She pulls the glasses off her forehead and puts them on. She gets under the water lightly. The water here is so clear that you can see the color of the beach below. You can also see the fish swimming. Under the water, there is another colorful world.

Unconsciously, Tang Siyu and the little guy have been playing for half an hour. At this time, Xing Yinuo and Xing Yifan come here and want to take the little guy to play Sandburg under the next reclining chair. The little guy stops playing when he hears about it. He goes to play with the little aunt and uncle.

Tang Siyu doesn't have enough fun at this time. After the little guy is led away, Xing Lihan doesn't have the right image to teach him. His eyes turn and fall on Tang Siyu.

I saw her long hair turned into a ball on the top of her head. A small face with a palm was more beautiful and pure. It was a beautiful butterfly bone. The lines on the back of her shoulder were fine and perfect. Xing liehan felt that her swimming trunks were a little hard to support.

"Do you want to go deeper?"

"I dare not!"

"I'll take you."

"But the children..." Tang Siyu is also worried about their danger on the beach.

"Nuo My parents are here. " Xing liehan looks at the direction of parking, and Xing Zhengting and Jiang LAN come for a walk.

Tang Siyu is also tired of swimming. Now she won't go into the water. She really wants to go to a deeper place to play. She says to Xing lie, "will you come with me?"

"Of course!" Xing liehan doesn't trust her to go alone.

"Good! Let's go then! I can't swim fast! You have to wait for me. " Tang Siyu says.

Xing liehan chuckles, "don't worry, I won't be too far away from you."

Tang Siyu felt full of security inexplicably. She put her hands together and drilled forward. The light figure like a mermaid went into the sea. Xing Lihan immediately followed behind.

Tang Siyu also tried hard to prove her strength. Within ten minutes, the two of them swam to about 200 meters away from the beach. The beach here was very calm without rising tide. Tang Siyu rowed on the water and stayed on the clear bottom water. She felt very happy.

"How beautiful!" Tang Siyu gave a exclamation.

Xing liehan's eyes fell on her face. In his eyes, the most beautiful scenery was her.

"Er I have some cramps in my leg. It must be that I just tried too hard... " Tang Siyu's face suddenly changed. She rowed nervously. Her feet could not tread the water. She would fall into the sea at any time.

At this time, a strong arm encircles her waist and lifts her up. Xing liehan says, "don't move your legs. Take a rest and put your arms around my neck."

Tang Siyu had to hold his neck tightly, "can you take me back?"

"Kiss me and I'll take you back."

"You..." Tang Siyu is a little annoyed. This man has conditions. "Kiss or not?" Xing liehan laughed a little bit, showing his teeth as neat as ice.

Where dare Tang Siyu not kiss? She kissed him on the side of his face. Xing liehan was not satisfied immediately. "Kiss."

Tang Siyu's feet still can't stretch, so she has to stare at his sexy lips, close her eyes and kiss the past actively.

Xing liehan suddenly clasps the back of her head, and the two fall directly into the sea water. Tang Siyu's eyes are wide open with fear, but the man is not in a hurry. In the water, Tang Siyu's kiss becomes intense and warm, because she is trying to breathe oxygen, and the breath of the man makes her hug his neck and kiss him deeply as if she is about to drown.

Xing lie's eyes flashed a smile, and he immediately took her to the surface of the water. Tang Siyu kissed his lips and was breathless. When she came to the surface, she quickly released his sexy lips and made a big red face.

This man is too hateful.

"If you don't take me, I'll swim back." Tang Siyu is angry and wants to break away from him.

At this time, Xing liehan easily took her to swim back. In the sea water, Tang Siyu was hugged by him, tightly touching his body, making both of them have a current strike.

When she got to the shallow water, Tang Siyu stopped pumping her legs. Instead, she swam by herself. Behind her, Xing liehan continued to follow her protectively.

Tang Siyu just swam to the ground for a while. When her feet touched the ground, she looked back at Xing liehan and saw that he was standing in the water and didn't follow him. "What's the matter with you?"

"You go up first! I'll stay a little longer. "

"Why?" Tang Siyu asked.

Xing lie's cold eyes flashed a warm smile. "You make me react. I'm sorry to let my parents see you."

This time, Tang Siyu's face is reddened.

Chapter 235

Tang Siyu watched Xing liehan swim in the sea for two more times before he went ashore. He was only wearing a dark swimsuit. When he stepped over, Tang Siyu glanced at some place curiously. In a moment, when he turned his head, he felt hot.

Back in the villa, Jiang LAN cooked the first meal in person and made a very Chinese feast. Tang Siyu was very hungry. She didn't seem to have much consideration and restraint in the family at the moment.

There is a lively atmosphere between the little guy and Xing Yinuo. There is no lack of laughingstock in the whole dining room. Xing Yifan looks like a mature adult, dressed in clothes, and still retains the handsome and easygoing nature of the youth. However, he is very polite to Tang Siyu, and has a kind of respect for his elders.

He took extra care of the little guy. At the dinner table, he peeled the shrimp and the shrimp line for him personally. Tang Siyu was moved. Xing Yinuo also joined in to ask him to peel. Xing Yifan was not upset.

In the eyes of Xing Zhengting and his wife, the three people on the table, whether Xing liehan, 27, or a pair of 15-year-old sons and daughters of dragon and Phoenix, are children in their eyes.

But now, Tang Siyu also let them treat them as their own children and take good care of them in all aspects, which made Tang Siyu lose the warmth of his mother's love and family for a long time, especially moved, even his eyes were wet.

During the meal, her eyes also touched Xing liehan for a few times, which made her turn away her eyes a little embarrassed and didn't want him to see the mist of tears under her eyes.

However, Xing liehan saw it, and he also felt it. His mother's enthusiasm and warmth, like a ray of light, not only made their three children feel warm, he believed, but also moved Tang Siyu.

After dinner, Tang Siyu is ready to help clean up the table, and is stopped by Xing Zhengting and Jiang LAN. On the table, Xing Zhengting cleans up for his wife and takes the three children to have a rest. Both of them sing along with their husband. It seems like a kind of fun to clean up.

Looking at the couple, Tang Siyu finally believes that there is still love in the world.

She was really tired, jet lagged, and after playing at the beach for a while, Xing liehan went up to her and said, "I'll take care of my son. Go upstairs and have a rest first!"

"Well then! I'll go upstairs first. " Tang Siyu nodded, went to the little guy and kissed him. "Mommy is a little tired. Go to the room first and have a rest. Who do you sleep with at night?"

"I sleep with my little uncle." The little guy laughed and didn't want to sleep with her.

When Tang Siyu heard this, his son also chose to sleep with him. Now the whole family is surrounded by him. He can sleep with anyone he wants.

"I'll go up with you." Xing liehan sees that the little guy and his sister are working on a puzzle. He stands here and has nothing to do.

Tang Siyu blushed for a while, but did not refuse. She took the lead step by step up the stairs. Behind her, Xing liehan followed her.

Up to the door of her room on the fourth floor, the soft yellow crystal light spilled in every corner. Those warm decorations cast a beautiful shadow. The sound insulation effect of the room is super good. On the fourth floor, it is very quiet, and even the voice of the first floor kids can't be heard.

As if it had become a private world, Tang Siyu opened the door and wanted to say good night to the man behind her. How could he know that a strong body was pasted on her back? Next second, she was pushed to the door and the door was closed.

In the room with her back to the door and the lights on, the man breathed low breath, sexy and charming.

Tang Siyu's brain is buzzing for a while. What she wants to say, Weizhang's mouth, is blocked by men's bullying.

Tang Siyu's brain is blank in a moment. What does this man do? It's here! The children downstairs may run up at any time

However, under such intense and exciting senses, the man's kiss made her tremble, and she could not help reaching out to push him away.

However, the man pushed her to his chest hand, directly leading her to interweave on his neck, which became the situation of her holding his neck.

Tang Siyu's thoughts were very disordered. However, she didn't push him any more. Instead, she hugged his neck tightly for some reason.

In the dark, the kiss became extremely warm and passionate

Downstairs, the little guy and Xing Yinuo finished a very complicated puzzle, and they all clapped their hands excitedly. The little guy had such achievements. The first thing he wanted to tell was daddy and mummy. He picked up a pair of puzzles and said, "I'm going to see daddy and mummy."

"Good! Go! " Xing Yinuo immediately agreed.

While Xing Yifan's handsome face flashed a flash of urgency, he hurriedly pulled the little guy, "forget it, your mommy is tired, let her see tomorrow!"

"Did she sleep?"

"May be asleep!"

"Not so fast!" Xing Yinuo on one side was too stupid to interrupt.

Xing Yifan immediately insisted, "sleep, don't disturb your mommy, isn't there another pair? Hurry up to make another picture and show it to her tomorrow. "

The little guy was led, and immediately he was very confident and said, "Well! Auntie, let's have another pair! ""Good! Come on! I like puzzles best tonight! " Xing Yinuo is also interested.

Xing Yifan is relieved to see that the little guy is attracted. Although he doesn't know what elder brother and Tang Siyu are doing upstairs, he has a hunch that it's better not to disturb them.

Xing Yifan's decision is very wise and creates a private space for his eldest brother.

In the room, everything became a little hot and dangerous. Tang Siyu allowed the man to kiss himself, but she refused to move further.

Xing liehan did not dare to do anything to her except kiss, for fear that it would arouse her shadow to that night five years ago. He gently sucked her little mouth at the end and held it against her forehead and said, "good night."

Then he took her to one side. He opened the door and went out. When he left, his breath was still heavy.

Tang Siyu's breath was not steady, and her face was red in the dark room. When the door was closed, she stayed in the dark and didn't turn on the light for a long time.

On the contrary, in my mind, it's all the breath of the man just now. In my mind, I savor the kiss just now, and my heart beats faster again.

A few minutes later, she turned on the light, holding a small face, she came to the bathroom mirror and looked at herself in the mirror. Her face was pink, her eyes were blurred, her red lips were swollen and more purples.

Tang Siyu sighed softly. She had to admit that she had no resistance to Xing Lihan. His figure was strong and domineering, occupying her heart. His every move deeply affected her.

Chapter 236

Before, she had been thinking about how to forget mufei, but now, after she met this man back home, mufei's figure disappeared from her heart unconsciously, but it was all Xing liehan's figure, from the first hate for him to the rejection of him in the middle, slowly to now, the charm that this man showed in front of her was gradually captured In her heart.

Tang Siyu rings his arm, and there is a trace of weakness in his eyes. It's because it seems that everything is going in the direction she didn't set before.

Moreover, he was so unstoppable and unable to control.

Tang Siyu's brain was dizzy for a while, and she wanted to sleep more. She took a bath quickly, climbed to the bed, stained with the soft quilt, and closed her eyes comfortably and fell asleep.

She was so tired that she didn't enjoy the beautiful night view outside the window.

Xing liehan takes a cold bath and goes downstairs. Tonight, he wants to coax the little guy to sleep with him, because he hasn't slept with the little guy for a long time. I miss him.

Domestic.

Just after a break, Suxi received an invitation from the training group of adyue to start shooting in three days. Suxi also got all the numbers on her mobile phone. Of course, wenlichen's was there.

She had a day off and didn't want to move, so she asked Xiaomi to buy her a bunch of her favorite snacks. She sat on the sofa and ate while brushing large pieces.

Xiaomi accompanies her and looks at the speed of her eating. She is really envious.

She said to sushi, who was gnawing at the duck's neck, "sister Sishi, your figure is really amazing. How can you eat without being fat? How do you let those people who drink water grow by three Jin live? "

Susie glanced at her with a little complacency. "It's hereditary. It's not fat by nature."

"Is your sister in good shape?"

"Good! She is taller than me, thinner than me, whiter and more beautiful. " Sushi is not stingy about her sister's praise.

"Then your sister can join the entertainment circle! Then your sisters must have taken all the resources. " Xiaomi said jokingly.

"She won't come," said Susie, shaking her head! She's much more senior than I am now. "

"But you must be richer than her!"

"She has no idea about money. She doesn't need money! She has national hair for everything, and her work clothes are all made to order! "

"Wow! Your sisters are very happy. " Xiaomi said holding her chin.

Sushi is full. She drinks half a glass of ice and says to Xiaomi, "go back first! It's too late. It's not safe for you. "

"Well! Well, I'll go first. Call me if you need anything! " Xiaomi also asked her friends to play. It's eight o'clock in the evening. She has to start.

"Go! Help me to throw away the garbage! " Susie doesn't want to go downstairs.

"Well! You go to bed earlier, too! Three days later, you will be in the group, and you must be beautiful! "

Suzy chuckled. "It will be!"

Xiaomi is gone, sushi is bored, and the blockbuster is finished. She really has nothing to do. She looks through her sister's news and finds that she is accompanying senior political officials to visit abroad. Her photos are all taken together in a rigorous manner, in a gray suit, which makes her look noble and generous.

Su Xi went over Tang Siyu's again and found that she didn't have any movement. She used to bask in her son's sun. Now, she's really lazy. She doesn't even bask in her son's sun.

It's boring. Susie turned over, picked up her cell phone and turned the number. It's cold. It's wenlichen's. she bit her lip. Thinking of the money in the card, she separated it today. She transferred her money to another card! And the rest of the card is his money.

"It must be returned to him." Susie was very firm to say, and then, she plucked out the number of Wen lichen courage.

Press the hands-free button, listen to the sound of connecting one by one. In the quiet room, each sound rips Susie's nerves.

I'm afraid he'll take it, and I'm afraid he won't.

"Hello!" Deep, sexy male voice, like the sound of cello reverberates in the quiet hall.

Sushi breathed a little bit and grabbed her cell phone. "I'm sushi, are you in China?"

"In!" The man replied in a low voice.

"Do you have time tomorrow?"

"In the afternoon!"

"Can I see you tomorrow afternoon?"

"If I pay that money back, I won't see you!"

"No, please eat! Didn't I owe you the meal? " Suxi, ha, ha, ha, ha, he said no, no, No? She'll push him hard tomorrow.

"Good! See you tomorrow. "

"Well! See you tomorrow. " Suzy said, but she didn't hang up. However, she thought that end would soon hang up. Unexpectedly, that end didn't hang up either.

All of a sudden, there was an awkward atmosphere.

"That Is there anything else? " Asked sushi with a dry smile.

That end is very neat to return a sentence, "no!" Hang up.

Sushi's mouth raised a sly smile, and he was waiting for the card to be returned to him tomorrow. Did the man have enough money left? It's such a joke, so much for her! No, she can't be greedy for his money.

Sushi took a bath and went to bed. However, the disadvantage of eating more snacks still exists, that is, having a tummy upset. In the middle of the night, Sushi's stomach hurt so much that she sweated coldly. She thought it was OK to bear it. However, it can't be!

It's killing her. She wants to go to the hospital!

She quickly picked up her cell phone and hoped Xiaomi would come and help her. Her hands were sliding and sliding! Slide to the recent call, see Xiaomi, she felt a tummy, her hand a finger, think press is Xiaomi, but don't know, she press is Xiaomi that number, Wen lichen.

Sushi waited for Xiaomi to answer, and soon, it was connected.

Before waiting for that end to speak, she has groaned with pain. "Xiaomi, I have a stomachache. Can you come to my home? I may go to the hospital Come on, it's killing me. "

"Well!" Suddenly, a low male voice answered her.

Suxi's eyes opened with fear. She picked up her mobile phone and saw that it was not Xiaomi's but Wenlichen's. What she wanted to say was that the mobile phone was hung.

Su Xi can't care about the pain. She has a blue and white face. Wen lichen just said that he would come?

In her panic, sushi hesitated to call millet again. At last, she gave up and didn't disturb the assistant. If Wen lichen would come, she would.

Susie came out and poured a glass of boiling water to drink, curled up on the sofa, waiting for someone to save her. This is the disadvantage of being single. If there is anything, you have to find someone to help you.

On the spacious and deserted road, a black Bentley car ran by. After a few seconds, the tail light could not be seen.

Obviously, the speed of the men in the car is a little scary.

Chapter 237

Susie was lying on the bed now. Her forehead was already cold and sweaty. She felt a twinge in her stomach. She knew that she must have eaten too much spicy duck neck at night. But now, she can't even regret it.

At this moment, she really hoped that Wen lichen would arrive soon, because she could not bear the pain.

Susie, who was lying on the bed, covered her neck and endured the pain again and again. Suddenly, her room bell rang.

Su Xi's face was so blue and white that she got out of bed quickly. She was in pain and ran to open the door.

When the door opened, who was Wen lichen? He seemed to be in a hurry to wear a suit of clothes, unlike his usual rigorous, showing a bit of leisure, ink hair messy in the forehead, breath slightly panting.

It seems to have come all the way from the parking lot.

Wen lichen saw the woman behind the door, his eyes narrowed slightly and locked her tightly.

Susie forgot that she was still wearing a Burgundy suspender Pajama because of her stomachache. She didn't feel it until she saw Wen lichen staring at her with her dizzy eyes.

She hurriedly put her hands around her chest, a little annoyed, "don't look."

"You're going to the hospital dressed like this?"

"I'll change!" Finish saying, Su Xi just walked a few steps, feel the stomach colic is severe, she covered the stomach and squatted down.

When Wen lichen saw her like this, he took a sharp twist of his sword brow and strode past her to the direction of her cloakroom.

He casually found loose slacks and white T-shirt, put them on the sofa and said to her, "put them on, I'll take you to the hospital."

"It hurts..." Susie is biting her lips. Only squatting can relieve the pain.

When Wen lichen saw her in such a delicate way, he hummed, "do you want me to change it for you?"

"Er?" At once, Susie stood up from the ground in fright, and in spite of the pain, picked up her clothes and went back to the room.

When Susie came out again, Wen lichen was waiting for her at the door. She picked up her mobile phone and bag and went to him.

Wenlichen took the lead to step out of the door, and sushi followed her with the wall behind her. When she got to the elevator, she wanted to squat down again. Wenlichen clasped her wrist with his arm. Around the area, sushi fell into his arms. The next second, the man bent over and held her up.

Sushi immediately put her arms around his neck to prevent herself from falling down. Her clear eyes were slightly staring at the handsome face of the man, and Wen lichen knew that she was looking at him, but his expression became colder and more unpredictable.

Wenlichen is carried by wenlichen straight from the elevator to the passenger seat of his car. Wenlichen immediately steps on the accelerator, searches for the address of the nearby hospital, and goes straight.

In the car, Suzy's pain didn't stop. It seemed that she was afraid of enteritis.

Su Xi is helped to the doctor on duty by Wen lichen. During the doctor's examination, he asks Su Xi again, "Miss, did you eat anything spicy in the evening?"

Suzy was not recognized by the middle-aged doctor because of her plain face and hair.

Susie's pretty face was a little red, and she glanced at the man sitting next to her. She replied modestly, "I ate some spicy duck necks."

"You young people! I like this kind of food anyway. It's not good for health. You should eat less. "

"Well, I see. I can't eat any more." Susie answered like a good boy.

She felt a sharp and complicated look beside her, which made her have no courage to touch.

"Give me a little bit! Take the medicine for a few more days, it should be all right. " Finish saying, the doctor made a sheet, write medical record while, also did not look up a way, "let your boyfriend go to pay a fee first."

Suzy blushed, biting her lips and explaining, "he He's not my boyfriend. "

"Not your boyfriend? There are not many good men like you who are sent to the hospital in the evening. " The doctor could not help saying a word.

Suzy had not said anything. Wen lichen got up and came over. He picked up the card on the table and paid for it.

But, from the way he took the card, for some reason, sushi felt that he was not happy.

Eh! Did she say anything wrong?

In fact, sushi was also very moved. She had dialed Xiaomi's phone, but she didn't think it was wenlichen's, and he didn't refuse, so she came to the hospital directly.

After the payment was successful, sushi moved to the infusion room nearby, and two young nurses recognized her at the tip of their eyes.

"My God! It's sushi. " One of them said excitedly.

"Really! I didn't expect her to be so beautiful. "

Sushi raised her hand slightly, trying to cover her face. When the little nurse came to give her a needle, she was fond of her again. Sushi had an idol halo, and the two little nurses took care of her.

When sushi finished the injection and sat down to rest, Wen lichen's slender body stepped in, and he sat beside her. And the little nurse who was chatting next to saw it immediately.

"My God! That man is so handsome. Is he Susie's boyfriend

"It's boyfriend at first sight, maybe it's out of the circle! It's like being rich and handsome. "

The little nurse thought that such a chat could not be heard by sushi and Wen lichen, but it was three o'clock in the middle of the night. When it was quiet, even the needles could be heard clearly. Their whispers were clearly conveyed to every corner.

At the same time, it also spread to sushi and Wen lichen.

Sushi's face was hot again unconsciously. She looked down and let her long hair cover her self remembering face. She had no face to see others.

And the little nurse continued to chat excitedly at that end, and could not praise Wen lichen more than ten times.

"How handsome! You can see that his facial features are the standard match for the hero of the novel! "

"The most important thing is the figure, the height and the proportion. It's perfect."

"Sushi is so happy! Have such a tall and handsome boyfriend

Susie was too embarrassed to listen any more. She really wanted to tell the two nurses that the man around was not her boyfriend!

Although she doesn't care, the man around her is a charming prince. What if he doesn't listen well?

Fortunately, two nurses came to an emergency. When they were going out, they stopped to have a peek at Wen lichen and sushi and went out to work.

Finally, the infusion room is quiet, and the whole infusion room, only two of them.

But the atmosphere was still awkward.

"That Thank you tonight. I didn't know it was you. I wanted to call my assistant. Please. " Susie turned to explain.

"People say I'm your boyfriend, do you have to explain it so clearly?" Wen lichen's deep eyes stared at her.

Chapter 238

Susie blinked. "What?"

"You don't think I deserve you, do you?" Wen lichen continued.

"Eh? I don't think so! " Susie quickly shook her head and retorted.

"I think you have it." Wen lichen snorted coldly. Just now, the doctor asked her what she said. She was explaining so seriously, but he was listening.

What's more, just now when the two little nurses were saying that they were a couple, she kept her head down and her face buried, as if it was very humiliating.

Now sushi really felt wronged. She continued to shake her head and explain, "I really don't have one!"

"If I were your boyfriend, would you or wouldn't you?" Wen lichen suddenly made a sound and looked her with deep eyes.

Susie's brain exploded, blank. She looked at him stupidly. "What do you mean by that?"

Is this man confessing to her? How could she wring her eyebrows?

However, her expression, in the eyes of men, is clearly the meaning of her dislike.

"It's not interesting! In terms of identity and appearance, I'm more than enough for you. " Wen lichen said coldly and got up to leave.

Throw sushi alone in the empty infusion room, alone, not depressed.

Suxi breathed a breath. After the infusion, her stomach really didn't hurt. But now, her head hurt and her mood is very disordered. Where did she offend this man?

What does he deserve her?

This sentence sounds a bit hurtful!

Sushi takes out her mobile phone. She has an idea that she wants Xiaomi to come and accompany her and let Wen lichen leave.

It must be that they are not familiar with each other. He must be tired of disturbing him so late!

Su Xi was about to unplug Xiaomi's cell phone when he saw Wen lichen coming in with a glass of water and medicine in his hand.

Sushi's heart was slightly shocked. Did he just go out to get her some medicine?

Wen lichen put the medicine on the small table beside him, and Su Xi said politely, "thank you."

Wen lichen frowned and opened the medicine in front of her. "Take the medicine!"

Sushi took the medicine and swallowed it. After drinking the water, she said, "well, I can call my assistant. If you have any problems, you can go back first."

"What do you think will happen to me in the middle of the night?" Wen lichen raised his eyes and stared at her with complicated eyes.

Susie choked for a while. It's sleep at midnight!

"Would that bother you?" Sushi asked him.

"Even if it's already in trouble, what else can I say?" Wen lichen finished, and sat lazily beside her with his arms on his back.

When sushton was silent, the man was sometimes very venomous, and often he could block her up with a word.

Susie had been in pain for more than an hour. At this moment, she hit haha, only to find her sleepiness was strong. She blinked her sleepy eyes. Her head was leaning against her back, staring at the drips of water on her head, staring for a while, as if she had been hypnotized. As soon as her eyes were closed, she fell asleep.

Wen lichen narrowed his eyes slightly. He felt that the woman around him was still. He turned his head and looked at the girl who was sleeping against the arm of the wall.

His face slightly Zheng, looking at her head back, a small mouth like a child, he did not have a good mood to arouse a smile, really no image.

When hearing the footsteps of a nurse coming to this side, Wen lichen's arm gently poked, grabbed the sleeping girl and supported her little head on his shoulder.

Half an hour later, Susie's Potion was finished. When the nurse pulled out the needle for her, she didn't wake up.

A long head of hair covered half of her face, and the white and tender skin revealed spontaneously was enviable.

The nurse was just wondering if this man was Susie's boyfriend, and when he left, she picked up the sleeping Susie and left with the medicine in her hand, they immediately determined.

This must be Susie's boyfriend.

So much love!

Susie was put in the back seat by Wen lichen and let her just lie back.

Suzie sleeps to death. Add the calming ingredients in the medicine! It makes her sleepier.

Wen lichen was going to take her home, but he didn't know if the woman had taken the key.

Instead of guessing about it, he might as well go straight back to his house. Wen lichen's accelerator didn't hesitate a bit, so he took Suzie to his villa.

The car was parked in the courtyard of the villa. Wen Li Chen carried the woman who died in the back seat back to his room and sent her to the soft bed. The woman lying on the bed, with a satisfied red lip, slept more comfortably on one side.

Wen lichen sat on the edge of the bed and looked at the sleeping girl with deep eyes. Even if she was sick, she had a morbid beauty. Even if she was just asleep, she had a magic power that could not be moved. Wen lichen watched for a while, but the brow of the sword was tighter and tighter.

Finally, he seemed to get up with a sense of annoyance. After leaving a dark light, he closed the door and left.

Wenlichen went back to the room, instead of going to bed directly, he took a cold bath and went to bed.

He didn't expect that, just looking at the woman for a while, his body seemed to be on fire, giving an amazing reaction.

Abroad, it was about 11:00 at noon. Tang Siyu had a lazy sleep. She lost sleep last night, which caused her to get up late.

Come downstairs, Jiang LAN has no opinion, laughing and calling her, "Siyu, get up, hungry? I left you dessert. "

"Thank you, aunt. I'm really hungry, but I got up too late." Don Siyu said it was not very interesting.

"It's OK. You're still jet lag!" Jiang Gang understood her very well.

After Tang Siyu had dessert, she heard that Xing liehan was riding a bicycle with his sister-in-law and Xiao Xi in a park beside the villa.

Tang Siyu thought that his son was so big that he didn't even touch a serious bicycle! Can he ride?

I was still wondering. I heard the young voice in the park, "Auntie, wait for me!"! I'm here. "

As soon as Tang Siyu came to a spacious riding road, he saw that the little guy was riding a small bike, following Xing Yinuo. He was riding in a very smooth posture, and he had no auxiliary small wheels, that is, a small children's bike.

"Mommy..." The little guy was so excited to show his achievement to Mommy.

Tang Siyu waved at him and smiled proudly. His son's ability is really good!

The little guy is also very fast. Just after shouting Mommy, the man went away. Tang Siyu looked at this large riding ground, and it seems that it's enough for the little guy to play for a day.

Chapter 239

Tang Siyu saw Xing liehan standing there in a handsome leisure suit, and beside him was a mountain bike. Xing Yifan was not there, so he obviously rode far away.

Tang Siyu walked towards him and looked at the handsome figure of this man in the sun. She couldn't help thinking of the flirtatious kiss she had with him last night. Her face was slightly warm.

Xing liehan looked at her coming, and his eyes had already lifted a smile, "get up?"

"Do you ride your son's bike?" Tang Siyu asked, touching his shining eyes in the sun. She turned to look at her son shamefully.

"The little guy inherited my good genes. Cycling is just a small idea." Xing liehan said proudly.

Tang Siyu immediately couldn't help refuting, "isn't my gene excellent?"

Xing liehan chuckled and said, "are you excellent? I didn't see it. "

"You..." Tang Siyu was so angry that he planned to beat him.

Xing liehan stood still. If she wanted to beat him, he would be next to him.

But Tang Siyu was still angry. He put his hand on his arm and thumped it to show that she was angry.

But her expression and behavior like this, in the eyes of men, is totally the coquetry of her daughter, but more attractive.

Xing liehan suddenly clasps her hand and says, "I'll take you to pursue your son."

Looking at his mountain bike, Tang Siyu didn't set a seat for people to sit in the back, only the main bar in the middle. She picked up her eyebrow and said, "where do I sit?"

"Just sit here!" Xing liehan points to the main bar, where people can sit.

Tang Siyu's pretty face is a little red. She has seen a girl sitting there, but that's the way that little lovers like to sit when they are in love.

To be intimate.

Before Tang Siyu thought about whether to sit or not, Xing liehan stretched out his hand to pull her, and his slender body had straddled on the mountain bike, which was cool and awe inspiring. Tang Siyu sat on it as soon as he bit his teeth. She reached out and gently grasped the bar in front of her. She was originally slim, sitting here, which did not affect Xing liehan's trampling.

"Are you seated? We're gone. " Xing lie asked with a deep smile.

As long as he leaned down slightly, his handsome face almost pasted on her cheek, and the heat was sprinkled on Tang Siyu's ear root, which was itchy. She made a sound.

Xing liehan steps on the bicycle forcefully and chases the little guy with Tang Siyu. Tang Siyu's heartstrings surge with a different feeling, as if there is a light sweet leap in his heart.

Xing liehan's heart strings are plucked. Now he feels that he and Tang Siyu are as close as lovers.

It's also a romantic plot in many movies and TV dramas to take a bike ride with a beloved girl. At this moment, the breeze is gentle, and Tang Siyu's delicate back is light against the man's strong chest. This feeling is warm and subtle.

There is also a passion.

When the little guy and Xing YINUO found that the big brother came with Tang Siyu, they were also very happy. There was a special forest riding road beside them. Under the shade of the tree, the environment was beautiful, and there was no one else, so they were only for their family to ride.

Tang Siyu felt that one of the flowers on the left was very beautiful. She could not help twisting her face to chase after it.

The next second, on her cheek, a man stole a kiss.

Tang Siyu immediately heartstrings a smothering, hurriedly looked back at the front, at the same time ashamed warning way, "do not mess."

Xing lie laughed. "How about messing around?"

Tang Siyu is sitting in front of him now. I really don't know how to take him.

Three people around a circle back to the original place, the time is almost lunch time, a line of people back to the villa.

It's lunch. After lunch, Jiang LAN plans to go shopping in the afternoon, while Xing liehan wants to go diving. He plans to take Tang Siyu to play with him.

As Xing Yinuo is under 18 years old, minors are not allowed to enter the water, so she can only regret that she can't go.

Tang Siyu also wants to go snorkeling. The sea here is so clear. I think the world in the sea must be very beautiful.

After lunch, Xing liehan drove off with Tang Siyu in an off-road car. The open top car drove on the spacious seaside Avenue, and there were not many cars passing along. Listening to the relaxed music, it felt really good.

Arrive at the diving place, get ready for the equipment, and arrive at a safe sea area. Tang Siyu and Xing liehan are excited to go to the sea together.

In the sea, there is another beautiful world. Xing Lihan follows her and protects her. When Tang Siyu sees those strange fish, he interacts with Xing Lihan. Xing Lihan follows her and looks at her swimming posture. It's really like a mermaid in the sea.

Diving is a very wonderful experience, and it also makes Tang Siyu have a profound influence. On the road from the seaside back to the villa, it's almost dusk, and it's another different scenery.

Tang Siyu is a little tired. Diving is also a very physical thing. When Tang Siyu comes back, he falls asleep leaning against the window in the middle. Xing liehan closes the car cover and slows down. He likes the feeling of staying with her like this.

It seems that all the atmosphere is relaxed.

When she came back to the villa, Tang Siyu woke up. After dinner, she went back to her room to sleep. The little guy didn't stick to her or quarrel with her.

Xing liehan is still full of physical strength. At night, he turns to the little guy to sleep with him. Looking at the little guy sleeping on his side, there is still a large bed beside him. He looks forward to Tang Siyu sleeping on the bed on the other side after returning home.

Domestic.

When Susie woke up, she found that it wasn't in her own home. She got out of bed and opened the curtains. She had a broad vision. Except that she had seen a man in his home, there was no other one.

My God! How did she get back to Wen lichen's house?

Susie pushed the door out quickly. She checked it. She still wore the suit last night. It seems that she went to sleep safely last night.

Susie found the owner of the villa on the sofa in the hall.

Wen lichen's house is always clean and comfortable, without any confusion, and everything is in order.

This makes Susie suspect that wenlichen is a Virgo, because he is too clean.

Last night, her last memory was that she fell asleep at the time of dribbling. It seems that she died of sleep. Wen lichen took her home.

When he heard the footsteps downstairs, Wen lichen looked up. He was tasting coffee and holding an iPad in his hand. The man exuded a noble and delicate temperament from head to toe, just like the top male model of fashion magazine.

The temperament is cold and complex.

"Good morning!" Sushi greeted him with a dry smile.

Chapter 240

"Good morning." Wen lichen didn't even raise his head, as if he knew she was going downstairs.

"How could I be at your house!" Sue asked, pretending to be confused.

"Last night, I didn't know if you had the key to go out, so I went straight back to my house." Wen lichen finished, his long narrow eyes lifted and stared at her, "do you have any opinion?"

Sushi immediately smiled brightly and shook his hands. "No! I just think it's too much trouble for you. "

"You've got a lot of trouble for me!" Wen lichen did not forget to remind her.

This time, the smile on Suzy's face immediately turned into an embarrassed smile. She bit her lip, went downstairs carefully and asked him, "is there anything you can eat in your family! I'm a little hungry. "

"There's porridge in the kitchen. You can make it yourself."

At this time, sushi just wanted to drink porridge. She could not help but thank the man on the sofa and went straight to the kitchen. She felt that this man specially cooked porridge for her!

There was a sense of inexplicable sweetness in her heart. She took a delicate bowl, scooped out a bowl of porridge and sat on the table with a spoon to drink.

The porridge at the entrance is very sweet, which surprises Suxi. What kind of rice does Wen lichen use at home?

After a bowl of porridge, sushi scooped out another bowl. After two bowls of porridge, she washed the bowl and put it back in the cupboard.

On the sofa, Wen continues to look at something with her iPad. Sushi comes to him curiously and glances at the complicated digital trading chart, like the stock one.

She couldn't understand anything. She didn't know what to do. She thought it was time to leave?

"Well, are you going out at noon? I'll treat you to lunch! " Sushi thought that he was owed so many meals that he could be invited to one meal. In this way, the debt of human relations would gradually be paid off.

At the same time, she suddenly thought of a super important thing, that is, the card in her bag. She had to find a more hidden and safe place to put it. After she left, she would tell him the location.

"Good!" Wen lichen agreed.

"Then I'll go back to my room and find my cell phone. I'll book a restaurant first." With that, Susie hurriedly went upstairs. She went back to the room and took out the card from her bag. She stepped out like a cat, while listening to the movements downstairs.

Wen lichen didn't seem to find out her plan. She thought that this room, the safest place, must be the master bedroom of this man, because if he has guests in the room, it's not safe at all.

Sushi immediately pushed open the door like the master bedroom. In the air, there was a strong and fresh air that belonged to this man alone. She only took a few more breaths, and she felt a little dizzy. At the same time, her mind was a little rippling.

She clenched her lips, looked at the clean, cool gray master bedroom, and looked at the big, clean bed. Her face was a little hot.

Sushi continued to look for a place to put the cards. At last, she found a bedside table beside him with several books in it. She sandwiched the cards into the books! Then she looked at it carefully. She pushed the cabinet in.

Just turned to prepare to come out, cold not Ding, the door opened.

She had a direct eye contact with the man coming in.

Suzy 's face immediately turned red, and she hurriedly explained, "that Let me have a look. "

"Visit my bedroom? What's your hobby! " At the same time, he stepped in and charged his iPad.

Susie's face was so hot that she continued in embarrassment, "I didn't think this is your bedroom. Don't worry, I didn't turn over anything about you."

Wen lichen turned his head and looked at her deeply. "If you like my bedroom, I allow you to stay here for the night."

Suzy's heart was smothering with fear. She shook her little head. "I I I don't like it. "

Wen lichen's eyes were cold. "Don't you like it? Are you disgusted? "

"No, no, no, I mean, I don't like grey rooms. I like pink ones." Susie quickly changed her tune.

She knew that it was unwise to offend the man.

So, when she can not offend him, she tries not to offend him.

Wen lichen immediately glanced at his high-grade gray room and began to imagine what it would look like to turn the whole room pink.

"I'll go back to my room first. I'll see you downstairs later," sushi said

With that, sushi pushes the door and escapes.

And behind him, Wen lichen snorted, and then realized that the pink room was just this woman looking for an excuse to escape.

Wenlichen went downstairs, sushi was waiting for him at the door, and asked Xiaomi to reserve a place for her in a good restaurant.

Wenlichen picked up the key and came out. Sushi was waiting for his car to come out. Wenlichen was more interested in the car. A black Bentley drove out. Susila drove up and said the address to him. Arrive at the restaurant.

Suxi often comes here to eat. The density is better here. Many stars like to eat in this protective restaurant.

"Here you are, Miss Su. Your place is here." The waiter greeted her and walked to a row of windows.

Wen lichen slightly twisted her eyebrows. Why didn't this woman book a box?

This is what sushi ordered Xiaomi. She didn't want to eat in the box alone with this man at all.

In that case, she will certainly suffocate. On the contrary, there is more atmosphere in the busy hall.

Just sat down, sushi ordered. She ordered two dishes that were lighter this time, and then handed them to Wen lichen. He only ordered two dishes. Sushi was a little surprised. Didn't he want to be poor all the time?

At the end of the order, Sushi's big eyes looked around. Suddenly, she was surprised and said to Wen lichen on the opposite side, "I guess who I saw?"

Wen lichen looked at her with such a fussy expression and said, "who?"

"The boss of our company!" Suzy said excitedly.

Wen lichen's face immediately tensed. Did the woman see through his identity?

However, Su Xi looked behind him. Wen lichen could not help turning around. He saw Wu Tao, the current president of Tianmu group. Wu Tao was eating with his wife and daughter. He suddenly saw Wen lichen sitting by the window.

He immediately stood up in shock and wanted to come and say hello.

Wen lichen's eyes immediately gave him a warning sign not to come.

Su Xi saw Wu Tao's eyes coming. She just touched her. She was too busy to be rude.

She said to Wen lichen, "I'll go and say hello to our big boss."

Wen lichen immediately twisted his brow and said, "no need!"
