

U. CEO Daddy 261

Chapter 261

Tang Siyu calmed down for a while, but her eyes were still filled with hate. Xing liehan twisted his eyebrows and said, "check this Li De for you, see if there is any relationship between him and Qiu Lin, or if there is any property transaction between them."

"Can you find it?" Don Siyu looks up at him.

Xing liehan nodded firmly, "I can find out."

"Well, thank you!" Tang Siyu looks up at him, the gratitude in his eyes is self-evident.

Xing liehan gently stroked the back of her head. "Don't be polite to me. Your father is also my son's grandfather. You have to do something, it's my thing."

Tang Siyu thought that he had been ostracized and treated this man coldly before. At this moment, he felt a little guilty. Even if it happened five years ago, now, all he has done has been made up.

Now, she has no hatred for this man, only gratitude. She thinks that maybe she will be with him after this event.

"I'll send you back first. After we find out the relationship between Li De and Qiu Lin, we'll decide the next search direction. In fact, if we don't find out, the death of Qiu Lin and your father can't be separated from each other. Your previous prediction is accurate." Xing liehan comforts.

Tang Siyu only hates that he didn't find out before. Otherwise, he may transfer his father to another hospital, and his father will be saved. What Li De holds in his hand is not a scalpel at all, but a homicide knife.

Think of the father fainting on the operating table, by this man to do the operation, she was cold and cold, feel the despair.

Tang Siyu didn't want to go back alone. She contacted Suxi. She stayed at her home this afternoon. Xing liehan also agreed. She must be in a weak mood. It's better for someone to watch her.

Su Xi hears that she is coming. She comes downstairs to meet her. She takes Tang Siyu home. Xing liehan leaves.

Sitting at Suxi's house, Suxi was shocked by Tang Siyu's words. "What a snake and a scorpion! Qiu Lin is terrible! Besides, you must take back the share that belongs to you. It belongs to you. "

"I think Qiu Lin must be well prepared. Otherwise, she can't be so calm." Tang Siyu thinks that there is little hope for this matter. In a lawsuit, Chen Feng is the top lawyer. He will drill into legal loopholes. If he wants to fight with them, it must be a long-lasting war, and he may not win.

But now, Tang Siyu is not frustrated. She is waiting for the news of Xing liehan. Tonight, Suxi asked her to sleep here.

Tang Siyu agrees. Xing liehan is still waiting for news. She can't do anything but wait. She has a video chat with her son.

She deliberately dimmed the light to make her pale face dim. The little guy had been talking with her about the recent things. Two 15-year-old aunts and uncles took him to play. His daily life was full of fun.

Looking at the young face of her son in the video, the four-and-a-half-year-old child, she couldn't bear to tell her father about his death. She held back several times. When the tears were almost unbearable, sushi took over and continued to chat with the little guy.

After the video, Tang Siyu curled up on the sofa and felt sorry for his son's failure to see his grandparents for the last time.

Half past nine in the evening.

Xing liehan receives a call from assistant Han Yang, "Xing Shao, some of Li De's information has been investigated. Do you want to read it first?"

"OK, send it to my mailbox." Xing liehan responds with a low voice.

When Xing opened the email, Han Yang's information had been sent. This time, Xing asked for the most auspicious and detailed information, starting from the year of Li De's birth.

Xing liehan also has a copy of Qiu Lin's information in his hand. Previously, because Tang Siyu was a member of the Tang family, he sent someone to investigate the information of the Tang family, including Qiu Lin's.

After Xing Lihan opened Li De's materials, he began to scan carefully. When he saw Li De's high school, he immediately narrowed his eyes. Li De's high school and Qiu Lin's high school were the same, and they were the same class.

Such a coincidence, Xing liehan is not surprised. It seems that Qiu Lin and Li De are high school students. After he continues to look through, he doesn't find anything. He thinks about it, dials up Han Yang's phone, "check all the hotels in the city for me, and I want to know if Qiu Lin and Li De have any room opening records."

"OK! I will immediately proceed with this investigation. "

After the affixing of phone, Xing liehan's eyes flashed a cold light. If Qiu Lin and Li De had an affair, Tang Xiong might be stimulated by the time when he ran into Li De and Qiu Lin.

It coincides with the time Tang Siyu investigated in the afternoon. Qiu Lin was also in Li De's room at that time, and Tang Xiong was greatly stimulated by his wife's adultery with another man!

Now, we only need to find the evidence of Li De's and Qiu Lin's adultery, which is the best evidence for this matter.

Tang Siyu is staying at Suxi's tonight. He has nothing to worry about. He continues to deal with his work for a while and returns to the master bedroom for a rest.

Tang house.

Qiu Lin's heart was a little uneasy. She felt that Tang Siyu would certainly bite Tang Xiong to find out the truth of his death.If she can find out about her affair with Li De, it will be troublesome.

Fortunately, she and Li De had been together before. After work, she went to Li De's house and left no trace outside. Otherwise, Xing liehan's strength will definitely find out something.

Now she just needs to wait five days before it's released.

Early morning.

Xing liehan just got up when Han Yang called in. He was very sorry to tell him at that end that he didn't find Qiu Lin's and Li De's room opening records.

"However, Xing Shao, if Qiu Lin and Li De want to do something, they can go to Li De's house. Because Li De lives alone, his wife has passed away for nearly three years."

Xing liehan breathed a little. If he couldn't find their adultery, everything was just speculation. Though, he felt that he was close to the truth. If he didn't beat the truth, Tang Siyu would surely lose the battle.

At nine o'clock, Tang Siyu was sent back by Suxi. Xing liehan was still at home. Suxi didn't enter the door, so she left.

Tang Siyu comes in and Xing liehan is waiting for her to come. He tells her what he investigated last night. Tang Siyu is not surprised. She is angry that the cause of stimulating her father's heart attack is such a dirty thing. It seems that Qiu Lin and Li De have already been living together secretly.

"That's why your father finally pointed at Qiu Lin and was full of resentment."

Tang Siyu now knows the truth, her heart is more uncomfortable, how angry her father should be, how angry he will faint in anger.

Chapter 262

In the next few days, Xing liehan is also trying to find the evidence of Li De and Qiu Lin. but before they were together with Tang Xiong on their backs, the natural confidentiality measures were fully implemented. Therefore, Xing liehan spent several days and did not find out. Instead, he was only one day away from publishing the Tang family's attention.

Now Qiu Lin is still in charge of the company. Now, she has become the first executor of Tang Group. She has many years of management experience in Tang family. For a while, she is calm.

Tang Yiyi has more confidence and face. Her mother has become the boss of Tang Group, and this company will be her in the future, which makes her so proud and proud.

Qiu Lin's heart was also stable. Tang Siyu didn't even come to her. Obviously, she didn't find anything. Tomorrow, she left her eyes open. She won all the shares of Tang's group, while Tang Siyu only got several sets of property shares.

In this evening, Tang Siyu couldn't sleep and couldn't sleep. Xing liehan accompanied her to sleep. Before, Xing liehan slept beside her, but he thought a lot. Now, her experience made him restrain everything, although his love for this woman didn't decrease at all.

At five o'clock in the morning, Xing liehan holds Tang Siyu and coaxes her to sleep. At half past seven in the morning, Tang Siyu wakes up again. She has a nightmare. Qiu Lin and Tang Yiyi demonstrate to her with Tang Group's equity.

She woke up in anger.

It also woke up the man who had just fallen asleep. At the first time, his arm tightly held her in his arms. Tang Siyu's slightly sweaty face was directly attached to his chest, which also made her inner fear become reassuring.

Xing liehan reached out to comb her long hair and said, "what's the matter? Have you had a nightmare? "

Tang Siyu raised her head and looked up at the alarm clock. She quickly sat up. "It's time for me to get up. I have to get to the law office at eight."

"Good! I'll go with you. " Finish saying, although Xing lie Han Junyan is a little tired, but the eyes have become clear and sharp.

Xing liehan and Tang Siyu change their clothes and come out. Xing liehan takes her directly to Chen Feng's law firm.

When she just entered the hall, Qiu Lin and Tang Yiyi just arrived. Qiu Lin was dressed in expensive clothes, and Tang Yiyi was also wearing a custom fashion dress. She saw Tang Siyu coming, and her mouth lit up a happy smile.

From this smile alone, Tang Siyu found out. Today's attention is definitely not good for her.

Xing liehan calmly takes her hand and comforts her. Tang Siyu is in his presence. He is really in a good mood! No matter what the result is, she has to face it.

Chen Feng has asked the assistant to prepare a contract in triplicate and wait for them in a conference room.

Chen Feng has been a very experienced lawyer. Today, although he and Qiu Lin fake this attention, he is calm in his heart. Looking at the people who come in front and behind, he immediately goes to the following Xing liehan Road, "Mr. Xing, I'm sorry, this is the property division of the Tang family. You are an outsider, I'm afraid..."

"I'm not an outsider, I'm Siyu's husband! We have obtained the license legally abroad. Do you need me to show it? " There was a strong warning in Xing liehan's eyes.

Chen Feng's heart is still scared. Xing liehan is such a big business man that he can't stir up.

"That must be shown! As long as we see your marriage certificate, we will allow you here. " Qiu Lin said immediately.

Tang Siyu reached for Xing liehan's arm and said to Chen Feng, "he is my lawful husband. I ask him to stay."

"What about the evidence?" Tang Yiyi asked immediately.

"He's the father of my child. Is there any stronger evidence?" Tang Siyu responds coldly to Tang Yiyi.

Chen Feng was immediately shocked. Unexpectedly, Xing liehan and Tang Siyu had children. He immediately waved, "OK, that is to say, Mr. Xing is the legitimate husband of Miss Tang. Naturally, he has the right to stay."

Xing liehan's mouth is slightly indisputable. At this moment, his heart is filled with satisfaction and comfort. The woman admits that she is his wife, and only needs to go through formalities.

Qiu Lin and Tang Yiyi can't refute directly. However, they really don't welcome Xing liehan. Because this man is so powerful, they don't want things to change.

"Well, that is to say, Madame Tang, Miss Tang and Miss Tang Er have all arrived. Then, I will immediately disclose Mr. Tang's attention left in his life! I hope you're prepared. "

Tang Siyu's heart strings are tight. She can't help sweeping Qiu Lin and Tang Yiyi. They look very calm. Qiu Lin also smiles, "Lawyer Chen hurry up! We can't wait to know what my husband's attention is about. "

"OK! Then I'll open up and read what I left behind, and then I'll distribute it to you in triplicate. "

After that, Chen Feng looked very careful to open his eyes. The eyes in the tightly sewn contract seemed to show that Chen Feng really had been sealed for some time.

Tang Siyu listened to the rustle of his blade cutting paper, and her heart hung up little by little. Qiu Lin was also a little nervous. Although she knew what was left in her eyes, Xing liehan's existence gave her a great sense of oppression.

Tang Yiyi also secretly clenched his fist under the table. What was written in his left eye? Although her mother gave her confidence, she didn't see it in person, and her heart was still hanging.

Xing liehan stares at Chen Feng quietly. His eyes are full of deterrence. Chen Feng obviously feels it, which makes his normal natural gestures become a little stiff.

"Siyu, what do you think your father will leave for you?" Qiu Lin turned around and pretended to care.

"Tang Siyu's eyes light with a firm color way," Tang Group shares, 30% of my mother's dowry, this legacy my father will definitely leave me! "

"Oh! Are you so confident? " Qiu Lin sneers, "the company is your father's life, he can't just take a share to your daughter who doesn't know anything."

"Yes!" Tang Yiyi on one side is attached.

"Why was Mrs. Tang so confident before she left her eyes open? Do you know what is written in the left eye? " Xing lie's cold voice line came in.

Qiu Lin's face immediately changed. "Master Xing is joking. How can I know? I'm only guessing based on my husband's character. "

"Yes! How could my dad give the company to someone who doesn't know how to run it? " Tang Yiyi echoed.

"Well, madam, don't argue with me, miss. I'll read it now." Chen Feng waved to them.

Qiu Lin immediately chuckled, "yes, what I left behind is my husband's property distribution plan. It's useless for us to fight here. Lawyer Chen, read it!"

Chapter 263

Chen Feng picked up the left behind attention. He first looked over it, then cleared his voice, and began to read out the message of the left behind attention. It was Tang Xiong's message that heard Chen Feng read out his father's identity in a calm voice.

Tang Siyu's nose is sour. She is holding back and listening to Chen Feng's next words.

"In order to prevent the occurrence of property disputes and disputes in my family behind me, when I am clear-minded, clear-minded and have full capacity for behavior, according to the inheritance law and property law of our country, I hereby make the following remarks:"

when I read here, Chen Feng's eyes once again looked at the emotions of the three Tang family members, and then he continued, "I have a public name Sitang group, located in the center of the construction road 208 floors of the Tang mansion. " Then, Chen Feng carefully read the company's specific business number and property license number, and then, the following sentence, "the company should belong to me in accordance with the law. Behind me, it will be completely handed over to my wife Qiu Lin for inheritance, all of which, no one else has the right to interfere, occupy and dispose."

Tang Siyu's heart was held tightly by the iron net in an instant. She angrily drank, "it's impossible. The company is owned by my father and my mother. Some of them are owned by my mother. My father can never give them all to this woman. "

Tang Siyu was so angry that she pointed to Qiu Lin.

Qiu Lin immediately sneered, "Tang Siyu, when your mother passed away, you were only 13 years old. Before your mother passed away, you didn't pay any attention. Therefore, your mother's equity should be owned by your father. You are not qualified to inherit. Now, your father can't bear to destroy the company's division, so he will give all the equity to me. You are not qualified to refute."

"You impossible! When my father was alive, he told me that he would give me 50% of the company's equity. At least, he would give back my mother's share! " Tang Siyu's sense is about to lose.

Chen Feng immediately chimed in, "Miss Tang, what evidence do you have for what you said?"

Tang Siyu immediately looked at Chen Feng and shook her head. "This is what my father told me verbally! But you read it now. It's not written by my father! It's against the law! "

"Tang Siyu, if you say that, you will bear legal responsibility!" Qiu Lin immediately retorted loudly.

Chen Feng immediately waved, "don't quarrel, can you listen to me and talk about it after reading?"

Xing liehan gently claps his hand on Tang Siyu's shoulder and signals her to calm down first. His pacification also makes Tang Siyu take a deep breath and say to Chen Feng, "Lawyer Chen, keep reading!"

Next, Tang Siyu and Tang Yiyi share the real estate of Tang Xiong. Qiu Lin only gets one set of Tang's main house. However, all the real estate in Tang Siyu's hands add up to less than 100 million assets. Now, Tang's group has an estimated market value of about 10 billion. What's the difference?

After Chen Feng finished reading his words, he spread out his hand and said, "this is what Mr. Tang set up before his death. I have finished his confession. I hope he will feel at ease under the spring."

Tang Siyu stared at Chen Feng closely. "Lawyer Chen, do you dare to swear to me that this attention in your hand is really my father's life?"

Chen Feng's face changed a little. "Miss Tang, what do you mean by that?"

"You have been working in my father's company for so long, and my father's most trusted person is you. Do you really think my father will be at ease under the spring?" Tang Siyu's voice is aggressive. She is dominated by anger. She really wants to see through all this.

Chen Feng's face became more ugly. He put away his remaining attention and looked at Tang Siyu cautiously. "Miss Tang, if you have any opinion on me, please come up with it. I will live up to Mr. Tang's trust in me, which is indeed what Mr. Tang set up before his death."

"Where did it stand?" Tang Siyu asked again.

Chen Feng had been ready for a long time, so he answered very skillfully, "in the study of Tang house!"

"Was there a third person present?" Xing liehan squints his eyes to answer Tang Siyu's question.

"No! It's Mr. Tang who secretly asked me over! "

"On what day and what time?" Don Siyu doesn't believe it. The lawyer must be flustered.

Qiu Lin was angry at one side. "Tang Siyu, if you go on like this, I will sue you. This is your father's attention. Can you respect it?"

"Tell me! OK, just as I have doubts about this legacy, I want to sue the authenticity of this legacy! See you in court! " Tang Siyu is not afraid of them at all.

Xing liehan looks at Tang Siyu's strong side. He is secretly relieved. At least, she is not a bully.

Qiu Lin's face immediately changed, and she said, "don't regret Tang Siyu! But do you have a daughter like this? Even your father's attention needs to be doubted. "

"I believe everything my father said before his death. Even though my father won't give me 20% equity, he will definitely give me my mother's share back! That's because he loves me and my mother. " Tang Siyu said firmly.

"Miss Tang, if you have any distrust of this legacy, you can, if you want to sign something else, we will cooperate!" Chen Feng also spoke on one side. He and Qiu Lin had the courage to take out this attention. Naturally, they made all preparations. They are not afraid of investigation.

Because there are Tang Xiong's fingerprints and his signature in this legacy. Of course, this signature is fake, but Qiu Lin has used ten years of hard work to imitate Tang Xiong. The handwriting signed is the same as Tang Xiong himself.

"I will not sign this note." Tang Siyu gnaws his teeth.

"It's ok if you don't sign. Anyway, we will sign. You just can't get your share! Oh, by the way, Lawyer Chen, isn't there a supplementary clause? Read again. "

"One of Mr. Tang's Supplementary Clauses says that if the heir does not sign for ten days, he shall give up the right of inheritance."

Tang Siyu is almost faint with anger. At the moment, she is more aware that this attention is false. Dad will never make such a supplementary clause.

"Lawyer Chen, give us a copy of what we left behind. We'll go back and think about it before we decide to sign!" Xing lie's cold request.

The assistant next to him immediately took out the copy and handed it to him, "this is the copy!"

Xing liehan leads Tang Siyu and says, "Siyu, let's go back first!"

Tang Siyu is really about to explode. She takes a deep breath and follows Xing liehan out. Xing liehan holds her hand and turns to look at her. "Don't worry, let's study this remarkable content first."

Tang Siyu nodded. Now, it's the only way.

Qiu Lin looks at Chen Feng. Chen Feng nods to her secretly, indicating that there is no problem! Qiu Lin left with her daughter.

Chapter 264

Sitting in Xing liehan's car, Tang Siyu still doesn't fight to cry. She is biting her lips to death, and her heart is occupied by anger and indignation.

Xing liehan reaches over and wipes the tears for her. He says in a low voice, "Siyu, stop crying. Even if Tang Group is really occupied by Qiu Lin, don't worry, I will take the whole Tang Group back and give it back to you sooner or later!"

Xing liehan's voice is solid and powerful, as if it were a promise.

Tang Siyu's tearful eyes slightly gaped at him, but he did not know how to speak.

"You only need to do one thing now, that is, stay with me and let me pet you, protect you and take care of you in the future!" Xing liehan's voice line is a little careful.

He can't guarantee that Tang Siyu will want to rely on him.

Tang Siyu was really speechless. She was moved by what he said just now. She never thought of being with him in order to get back what belongs to her.

"I'll give you time to think about it, but I want to know that even if you're not with me, I'll take Tang Group back for you." Xing liehan leans sideways, his lips are right beside her ears, the voice line is still firm as ice.

As soon as Tang Siyu's tears stopped, she turned around and threw herself into his arms without hesitation. She tightly hugged his waist and buried her face on his chest. The voice was a little hoarse and replied, "I'd like to be with you."

Xing liehan's chest immediately gushed out a touch of ecstasy, she would like to?

It's definitely something to be excited about.

Xing lie hugged the slender girl in his arms tightly. His thin lips fell on her hair. His great joy could only be suppressed in the bottom of his heart under such circumstances.

Tang Siyu's mood just now is still angry and helpless, but at this moment, he is in the arms of this man. Such negative energy mood, like running water, retreats. Xing liehan's body has a kind of power that she is not afraid of all.

"Now let's go back. I'll find my lawyer to study your legacy and see if there are any flaws."

Tang Siyu gently released his arms, pale face, with a few silk of normal pink, she nodded, "Well! Good! "

After Xing liehan's car drove away, Qiu Lin and Tang Yiyi had successfully signed it. Tang Yiyi looked at his mother proudly, "Mom, so the whole Tang Group is ours! That's great. We are in the tens of billions! "

Qiu Lin looks at her daughter and satisfies her vanity. "Yes, it's all ours. After that, you won't be short of money!"

"Mom, I love you!" Tang Yiyi immediately reached for Qiu Lin and walked to their car.

Qiu Lin's smile is still a little worried. Xing liehan took the contract just now and will definitely find his lawyer to check the loopholes. The lawyers of Xing's group are all the top teams at home and abroad. She hopes that nothing left will happen again.

Moreover, she is not so optimistic about the future of Tang's group. Xing Lihan is like a giant beast that will bite at any time behind Tang Siyu. In case he stares at Tang's group, the company is still very dangerous.

Like Xing liehan, Xing group buys and annex other companies every year. As long as he catches the opportunity, he will not let go of it.

Therefore, Qiu Lin is up. She still needs to grasp the future of Tang Group and will not be robbed by Xing liehan.

Qiu Lin was thinking, her assistant called in, she picked up, "hello."

"Mr. Qiu, there is a jewelry exchange meeting tonight. Do you have time to participate?"

"Of course there is. Please arrange for me! I will be here tonight. " Qiu Lin replied that she had been in the jewelry industry for several years and would not be absent from such occasions.

"Mom! I want to go too! " One side of Tang Yiyi just came to hear her. She tooted her red lips and pulled Qiu Lin's hand away.

"What are you going to do? They are all leaders in the jewelry industry. They are all old people. You certainly don't like them! " Qiu Lin doesn't want her daughter to participate.

"Can I go to the club tonight? I promise I won't play too long. "

"All right! You go play! Take two bodyguards. You can't do anything now. " Qiu Lin doesn't worry about her, but now they are orphans and widows. There are many people staring at them!

After Xing liehan returned home, his team of lawyers arrived. There were six people in his party, six of whom were excellent lawyers in the field of lawyers. Tang Siyu looked at the six lawyers who were carrying boxes and wearing suits. She could not help but hope.

Tang Siyu is sitting on the sofa, on the conference table beside him. Six lawyers are discussing this remarkable content together. Xing liehan's tall body is propping up the table to participate in their discussion.

Tang Siyu only knows the basic law. At the moment, she can do nothing but listen to their discussion attentively!

Only when the lawyer asked, she replied calmly. Several lawyers' faces were dignified. At last, one of the representatives began to make a conclusion.

"In theory, this attention is perfect. There is no loophole to be drilled. In addition, Chen Feng's reputation in the legal world and his friendship with Tang Xiong for more than ten years, even if he has made a fake, he is also in the ascendant in the court! Miss Tang said that you and your father had a conflict five years ago. They haven't returned home for five years and have no communication for five years. This matter will definitely make the other party make a big fuss in court. Therefore, it

seems more reasonable to pay attention to the distribution of your property. As long as Chen Feng holds this point and adds some witness testimony, you can hardly win again. "

Tang Siyu's face paled. In front of the law, the family relationship has been calculated by weighing the weight. She has only regret and guilt at the moment.

"Is there no other way?" Xing liehan asked the lawyer with his sword brow twisted.

"We've found Tang Xiong's autograph, and we've made sure that the handwriting on it is 90% of his handwriting. We've made sure that he is correct. Even if it's signed by someone else, it's hard to overturn it in terms of evidence."

"No, it's not signed by my father. He was killed." Tang Siyu's eyes are red.

"There is doubt about your father's death. This will be another case. If you have evidence to prove that Qiu Lin did harm to your father, you can only show evidence. The law will not admit it."

"So the possibility that this legacy has not been overturned?" Xing liehan asked again.

Chapter 265

"Mr. Xing, I'm sorry. This is indeed a legacy that is hard to overthrow. Miss Tang can only take this loss."

Xing Lihan sent the lawyer away and then came back. He saw Tang Siyu disappeared from the conference hall. His heart was shocked. He hurriedly looked for her on the second floor. He didn't find her. He ran up to the third floor and didn't see her. Finally, he went directly to the top floor.

He saw Tang Siyu standing in front of the railing, with a delicate figure, as if to be blown away by the wind. At the same time, he thought of her inner despair, and a layer of fear surged up.

He gasped a little, almost rushed to her behind, he immediately stretched out his arm, tightly pressed her body into his arms, breathing low panting warning, "think of rain, don't do stupid things."

Tang Siyu didn't want to have a light life either. She just felt that the room was too stuffy. She wanted to come up and blow the wind. At the moment, she felt her hand tightly around her. She

couldn't help turning around in his arms. She raised a little pale and transparent face. "How can I do something stupid?"

Xing liehan saw her clear eyes clearly, and then he settled down. Her eyes were full of hope and longing, so she would never live lightly.

Xing liehan is still a little annoyed. The way she stood in front of the railing just now really scared him. His big palm gently lifted her delicate chin, and his thin lips fell on her forehead, just like the eyebrows and eyelashes of butterfly feather and the tip of nose.

Finally, he could not suppress his desire. He pasted her two soft red lips directly and gently.

Tang Siyu's lashes trembled and accepted his kiss.

Xing liehan didn't dare to be domineering and tough at the moment. He only had patience and gentleness, as if with pacification. He touched her lips gently, but he didn't kiss fast. Instead, Tang Siyu suddenly had some courage or something.

She picked up her toes and hugged the man's neck tightly. Her fingers fell into his dark hair.

Xing liehan's heartstrings were strained. However, she invited her warmly. Can he not respond?

If he doesn't respond, he's not a man.

A fierce kiss is on the balcony. Tang Siyu seems to be venting something or yearning for something. She has no sense

Xing liehan has become the right image to be kissed by her.

Kiss kiss.

Suddenly, Tang Siyu put his hands on his chest and buried his face in his chest. He didn't talk, but he was panting all the time.

Xing liehan's eyes are Yunnan black, and the contents are obvious. But he knows that there is something wrong with Tang Siyu today.

"I'm sorry..." Tang Siyu apologizes for being stuffy all of a sudden.

"Why apologize?" Xing lie asked between her hair with cold chin.

"I" Tang Siyu's voice came, but he couldn't say why he apologized.

Xing liehan reached out and combed her long hair and smiled, "OK! I accept your apology! let's go! Go down! "

After getting off the balcony, Xing Lihan went into the bathroom to take a cold bath to put out the fire. He understood that Tang Siyu had only died when his father died. How could she be in a mood?

Just, that kiss just now, enough to satisfy him.

Because from knowing her to now, if it wasn't for him to force her, she hadn't kissed him actively! Just now, he felt that she needed him and longed for him. No matter what the reason, he was happy.

Tang Siyu's heart is totally confused. The lawyer's recognition of this legacy is down. She can't get her mother's shares back through the legacy except to accept the signature. Can she see that her shares belong to Qiu Lin? No, she absolutely does not want to, if so, the father of the underground is uneasy, even the mother must also be reluctant to hate!

Tang Siyu sat on the bed, his hands bent up and his chin propped up. Now there is a way in front of her. That is to marry Xing liehan. In the future, he will take Tang Group back by way of acquisition.

But is it unfair to him? She is with him with purpose, and in the future, she will force him to deal with Qiu Lin, who is not a simple woman.

She is cunning and treacherous, and I don't know what she will do.

Tang Siyu sighed. She was in a dilemma. She felt guilty to her parents and resented Qiu Lin. at the same time, she also felt guilty and sorry for Xing liehan.

Is she worth it?

Xing liehan changes into a casual suit and knocks on the door. Looking at the girl sitting on the bed with a worried face, he can't help but sit over and say, "what are you thinking?"

Tang Siyu sighed a little and looked up at him. "Xing liehan, I promised to be with you, but I didn't want you to retake Tang Group for me. You don't have to deal with Qiu Lin for me."

Xing liehan's eyes locked her deeply, and he saw through her mind. While he was pleased, he was also angry. "I never treated you as an outsider, but you always treated me as an outsider, right? Tang Siyu, am I proposing to you on one knee with a flower in my hand and a diamond ring box? Do you think it's formal? "

Tang Siyu blinked. His eyes were sour. In his heart, all kinds of complicated emotions were turning.

This man!Do you really like her that much?

But where is she worth his liking? Thinking about it, my heart is astringent, my eyes are sour, and my tears come up again.

Xing liehan's eyebrows were frowning. He didn't get angry and wiped away the first tears for her. He murmured, "don't cry any more, Tang Siyu. You have cried enough recently. Now, I want you to dry your tears and stand beside me. We will deal with those who bully you severely!"

Tang Siyu's tears were shocked by him. She looked at him like this. She wanted to cry but didn't dare to cry. Her eyes filled with tears reflected the man's handsome and resolute face.

At this moment, her heart, there is a kind of unspeakable, but has moved to the limit of emotion.

"Good!" Tang Siyu answered him with all his strength.

Xing liehan wiped her stubborn tears with a smile, "I know for the first time that you are so fond of crying."

Tang Siyu looks up at his eyes and asks, "Xing liehan, I want to know, where am I worth your liking?"

"Yes! Where are you worth my liking? You tell me that I should give up crying woman like you! How can we become more and more addicted? " Xing liehan asked her back with a smile.

Tang Siyu froze for a few seconds, then was teased by him to show eyebrows wring, staring at him, "then you quit! You have a chance to quit me while I'm still hanging on to you! "

"Well, I'm so devoted. I don't think I can quit you in my life." Finish saying, Xing liehan directly smile to show a row of ice like teeth, not dazzling.

"I don't want to quit. Who says you are my son's mother?"

"What if I'm not?"

"You are already!" Xing liehan smiles charming.

Chapter 266

"I'll sign tomorrow." Tang Siyu also can't give up those properties, otherwise, ten days later, it will be shown as giving up, she won't be cheap Qiu Lin's mother and daughter.

"Good! I'll go with you. "

"No, I can do it myself. I've been bothering you these days."

"It's better to bother me. I'm in a hurry if I don't bother." Xing liehan said, holding her shoulder, "I would like to be troubled by you most."

Tang Siyu seldom sees a smiling face these days. At the moment, she is really amused by this man. Although she laughs a little ugly, she finally laughs.

That night.

A jewelry appreciation meeting was held in a hotel in the center of the city. Qiu Lin naturally dressed up to attend. At the same time, her company also launched several new products to show the strength of the company today.

Qiu Lin's dress is quite gorgeous. In addition, she has put a lot of emphasis on maintenance. She usually does some micro finishing, which makes her look very feminine.

Qiu Lin just came in, and some of her wives kindly went to comfort her. Unexpectedly, Qiu Lin's smile on her face made people know something about her. Although it's family affairs, Qiu Lin is now the executor of the whole Tang Group, and they only have the right to make up for it.

Where dare you talk about her family?

Qiu Lin made several representations with several employees of her company, and then introduced her company's new products in person. At this time, Qiu Lin looked up and saw Xingyan, a big shareholder in the jewelry industry. He owned many diamond mines, while in the domestic jewelry market, he had monopolized half of the market.

Qiu Lin's eyes suddenly brightened. Xing Yan also has a very special background, that is, he is Xing liehan's uncle, the third son of his brother, and the second character of Xing family who calls the wind and rain in the market besides Xing liehan.

Qiu Lin used to have more contacts with him. However, Tang Xiong was still alive at that time, and she dare not be too close to the opposite sex. Now the situation is different.

Qiu Lin is afraid of Xing liehan in her heart. Tang Siyu has a strong backing. However, Qiu Lin is still alone. Qiu Linyuan is a woman with deep mind, who is good at seizing opportunities and foresight.

At the moment, seeing Xing Yan talking with several rich businessmen, Qiu Lin has a plan in mind. She has known Xing Yan's background before. After his divorce ten years ago, he has been single. Although he is in his early fifties, he is also a charming and successful man.

Xingyan is also an ambitious man. He only stays in the jewelry circle. He is not willing to do so. The enterprise under his name has involved many businesses in finance and economics. Qiu Lin is staring at Xingyan and thinking about her future at the bottom of her heart.

Xing Lihan will help Tang Siyu to rob Tang's group sooner or later. Instead of being robbed by Xing Lihan at last, it's better for her to choose the people she can attach to. At least she still depends on them in the future. Anyway, her life is only 20 years, and she can't live alone forever.

She is a woman. She needs a man. A general doctor like Li De is not her food at all. She is just an old lover who can comfort her body. What she really wants in Qiu Lin's heart is those men who are full of success momentum and Tang Xiong. These years, apart from money satisfaction, her body is empty.

Xing Yan was in his early fifties, but he was tall and straight, which directly attracted Qiu Lin's heart.

With a charming smile, she held up her glass and walked towards Xing Yan.

Xing Yan naturally noticed the widow who had just lost her husband and supported a large enterprise by herself. Just now, when he was chatting with several partners, he found that Qiu Lin's eyes had been staring at him.

As a sensitive man, Xing Yan saw something in her eyes.

"Mr. Xing, long time no see." Qiu Lin shows her most charming smile.

Xing Yan looked at her and first expressed his sympathy. "Mrs. Tang, I heard about Mr. GUI. I'm very sorry that I didn't see him off."

"Life, old age and death are common. We can only sigh that things are changing. Tonight, I suddenly feel lonely. Can I have a drink?" Qiu Lin asked Xing Yan with a smile.

Xing Yan immediately brought two glasses of champagne from the side, "of course, it's my pleasure to invite Mrs. Tang to have a drink."

Qiu Lin and Xing Yan have been talking about jewelry. Qiu Lin constantly implies that she is empty and lonely. Xing Yan seizes the opportunity and naturally wants to take advantage of it. It's easy for him to want a woman. But Xing Yan, who holds tens of billions of companies like Qiu Lin, hasn't met her.

Looking at Qiu Lin, he seemed to see his own brilliant future. He had to use Qiu Lin's Tang Group as a pedal to help him successfully reach the top of the business world.

The two men and women, with their own thoughts and plans, naturally fell in love. They didn't leave the hotel, just left the banquet, and made deeper exchanges in the top room.

At the moment, Qiu Lin is enjoying herself. At the same time, she has not found her own future.

"Xiaolin, you are so beautiful! Anyone who sees it wants to marry home! Tang Xiong is really out of luck. " Xing Yan hugged her and said. Qiu Lin immediately followed his words, looked up and asked with a smile, "would you like to marry me home?"

Xingyan didn't expect her to be so direct, but he smiled, "my wife Xing's position has been vacant for a long time. It's time for a woman to do it. Does Mrs. Tang want to become Mrs. Xing?"

Qiu Lin was also greatly satisfied just now. Now she doesn't want to refuse Xingyan at all. She believes that she will marry Xingyan with Tang Group. As long as she manages well, she will not be sad in the future.

"Mrs. Xing is very nice, as long as Mr. Xing has no problem! I'd like to fill your position as Mrs. Xing. " Qiu Lin laughed.

The next morning, Tang Siyu went to Chen Feng's place, signed the autograph, and took the real estate in her hand. Chen Feng was relieved. After Tang Siyu left, he immediately called Qiu Lin and told Tang Siyu about signing the autograph.

After Qiu Lin answers the phone, she sits on the boss chair made by Tang Xiong, with a sneer on the corner of her mouth. Xing liehan and Tang Siyu should give up this remarkable argument.

But what Xing liehan has to do next is to take Tang Group back from her hands!

Qiu Lin sneers. Before Xing liehan takes her company, he should call her aunt Tang first.

At that time, it was not the war between Xing and Tang, but the civil war in the Xing family! Two cousins are fighting each other. She tries to see.

Now, Qiu Lin just wants to wait for her husband's three-month mourning period, and then she can announce her position to the outside world.

Chapter 267

Qiu Lin proudly picks up the phone on her desk and dials up Tang Siyu's mobile phone.

Tang Siyu and Su Xi are about to sit in the tea restaurant for the latest thing. When they see the number on their mobile phone, they immediately feel sad. It's the number in their father's office.

But she soon got cold. Her father was no longer there. Qiu Lin was sitting in this position.

"Hello!" She picked it up coldly.

"Tang Siyu, when will you go back to the Tang house and get your things away? You should know that tangzhai is no longer your home. You are limited to come and clean it up within three days. Otherwise, I will immediately ask the servant to throw out all your things. "

"Don't be too proud, Qiu Lin." Tang Siyu said with a gnash of teeth.

"I'm proud. What's the matter? What can you do with me? Now you don't have any status as a big miss of the Tang family. What are you capable of

Don Siyu can't help but bite her teeth and bear it. She said to her, "I'll go pack today."

"Well, you'd better come earlier." Qiu Lin finished and hung up.

Seeing her expression, sushi knew it was Qiu Lin who called. She immediately said angrily, "what happened to the old woman?"

"She said that she would let me go back to Tang's house to clean up. I want to go and clean up now. There are some relics and photos of my mother in my father's room."

"Well, I'll go with you." Sue said.

Tang Siyu did not refuse, she nodded, "OK! Let's go! "

Two good sisters went out of the tea restaurant together and went straight to Tang house.

When she rang the doorbell, the servant's attitude towards her was not very good. "Big lady, you are back."

"I'm here to pack up." Tang Siyu's face was slightly calm. She knew that Qiu Lin had trained the servants in the whole house.

"OK! Please come in! " The servant did not dare to offend Tang Siyu.

Tang Siyu and Su Xi go back to Tang Xiong's room to collect things. She remembers that there is a drawer where her father specially stores her mother's relics. She pulls it open and finds that a diamond necklace belonging to her mother is missing. Her face changes a little and even the box is missing.

"What's the matter?" Susie saw her looking at the drawer.

"Here is a necklace of my mother, which has been kept by my father, but now it's gone." Tang Siyu was a little angry. She thought it must be these servants who took it.

She doesn't care what they can take, but it's her mother's relic. She can't just let it go.

Tang Siyu stepped out of the door, and she came to the hall, just in time for the three servants of the Tang family.

"Aunts, if anyone takes the necklace in my father's drawer, I ask you to hand it in now. Otherwise, I will call the police." Tang Siyu's voice is full of deterrence.

Several aunts looked at each other, but their faces were very calm.

"Big lady, which eye of yours saw us take your mother's things! After the master's death, we all avoided entering even his door! "

"You say panic, my mother's necklace is clearly in my father's drawer. It's gone now. It's not yours. Who else will it be?" Tang Siyu is determined to be them.

Sushi also said in a voice, "you are stealing. Please hand it in before we call the police."

"Oh! You really think you are Miss Tang! Now this family doesn't belong to you. Who can you scare? " One of the most beloved servants of Qiu Lin snorted coldly.

"Yes! We got Mrs. Tang's salary and didn't take yours. Why should we listen to you? "

Tang Siyu narrowed his eyes. "Don't you give in? OK, I'll call the police now! " Finish saying, Tang Siyu takes out mobile phone, want to dial number.

"Don Siyu, you can't talk about things without evidence." It was the most favored servant, whose face flashed a flurry.

"Hand it in! Otherwise, I won't let you go even if we pursue it to the end. "

"Hum! Do you know Xing liehan? Siyu is Xing's girlfriend. The lawyer beside him can sue you to the bottom of the prison. " Susie is threatening.

Sure enough, the servant's face was flustered and upgraded. How could he have never heard of Xing liehan when he was serving the rich family? In addition, Xing liehan also came to the Tang house to stay!

The servant went to a cabinet, took out a wrapped cloth and handed it to Tang Siyu as if he had no face I just think you don't want it. "

Tang Siyu reached out and took it. She opened it and saw that her mother's necklace was intact. She felt at ease. She grinned her teeth and stared at the maid who stole the necklace. She got up and went upstairs with sushi to pack up.

Suxi and she soon came downstairs with two suitcases in their arms. After putting them in the car, Tang Siyu took a look at the gate of Tang's house. Finally, she would never come back here.

Tang Siyu and Susi went back to the house before her, and put things in place. Tang Siyu sat in front of the piano and played a very sad song. Susi held a pillow and looked at her sad figure, but also dyed with sadness. At five o'clock in the evening, Xing liehan calls to ask where she is! She said she was with Suxi, Xing liehan said she would have dinner together, and Tang Siyu said to Suxi, "come together!"

"Good! It's just that I haven't got dinner yet! " Susie nodded and smiled.

But she didn't know that after Xing liehan contacted Tang Siyu, the second phone call was Wen lichen, who promised to come.

The restaurant is set by Xing liehan. He sends the address to let them go.

Tang Siyu and Suxi hurried by first, and sat in a restaurant in the sky garden. The night wind was cool, but they had a different feeling.

When Susie sat down, she chin up and said, "I shouldn't have come! How can I make your light bulb in such an environment? "

Tang Siyu chuckled, "it's OK!"

"But I feel embarrassed! Or I'll have dinner with Annie! " With that, Susie picked up her cell phone to look for Annie.

Tang Siyu stopped her immediately. "No, eat together."

Sushi picked up her mobile phone and put it aside. Then she turned to look at the door. She felt that there were two very tall figures there. She lifted her eyes lazily.

In an instant, her eyes were wide open.

My God! Why is Xing liehan following a man? When the light came down, Wen lichen's charming face came directly into her eyes.

Tang Siyu also turned to look, and then, she looked at sushi opposite, "now, you don't need to make a light bulb, and your romantic man is coming."

"Stop it, stop it, I have no romance with him." With that, Susie picked up the plate and blocked it in her face, as if she had no face to see anyone.

Since that day and Wen lichen quarreled, she didn't take the initiative to call him, how to know, just met him?

Chapter 268

Xing liehan and Wen lichen naturally walk to the table. Xing liehan looks at Tang Siyu's face and calms down a lot. He pulls up the chair beside her and sits down.

Xing liehan notices Suxi opposite. She holds the menu high and buries her whole face in the menu, as if looking at it. However, it can be seen at a glance that she is hiding someone.

There was no one else but Wen lichen.

Wen lichen snorted, "what's the matter? Don't you have the face to see people? "

With that, he pulled out the chair and sat next to her, his long fingers pulling the menu away from her.

"Hello Can you stop being so rude. " Susie immediately glanced at him with angry eyes.

Tang Siyu and Xing liehan on the opposite side meet in a dark look. It seems that this couple has become enemies tonight.

Wen lichen's deep eyes fell on her angry face, and he shook his head, as if he felt helpless for her small nature.

Susie immediately took the cup beside her and stopped drinking water.

"Good! Let's order! Heathy, which dishes did you just say you wanted? " Tang Siyu immediately coaxes Suxi and wants to make the atmosphere more lively.

Sushi also took a deep breath. She didn't want to quarrel with Wen lichen here. Her voice immediately became sweet. "I want to fry fish chops."

The waiter recognized her and immediately smiled, "OK! I'll order it for you. "

Next, Tang Siyu and Xing lie are cold. Wen lichen has no order and enough food. Although they have money, they have no habit of extravagance and waste.

During the dinner, the atmosphere was quiet. Tang Siyu and Su Xi talked about the beauty of the night scene, while Wen lichen and Xing liehan enjoyed wine and sat in company.

At eight o'clock in the evening, all four of them had eaten almost. Xing liehan settled the bill and the four walked into the elevator.

"Li Chen, I'll go for a walk with Siyu later, or Miss Su will take you back?" Xing liehan Dynasty Wen lichen said, because he received Wen lichen, so Wen lichen did not have a car.

Don Siyu is also in Suxi's car. Suxi has a car.

Tang Siyu understood Xing liehan's meaning, and immediately responded, "Well! I'm going to buy something, heathy. Please give it to Mr. Wen! "

Of course, Susie could hear that they were trying to get her and Wen lichen together, but they all started. Can she say no?

"As long as Mr. Wen doesn't dislike my car, I have no problem." Susie said, turning her mouth.

"No problem." Wen lichen answered in a low, clear voice.

Tang Siyu and Xing liehan look at each other with a smile. It seems that the match is successful.

Out of the restaurant door, just two people's car parked in the opposite place, Xing liehan holding Tang Siyu's hand, said to Suxi wenlichen, "let's go first."

Susie was standing in the dim yellow light at the door of the restaurant, with wenlichen's trouser bag in one hand, waiting for her to lead him to her car.

"This way." Sushi's voice is a little reluctant, carrying a delicate LV bag and stepping on a pair of thin high-rooted shoes, just like the model of T-stage shows elegant style.

Wen lichen squinted and followed.

At the other end, Tang Siyu has got into Xing liehan's car. Xing liehan looks tired as she leans against the back of the car. He says in a low voice, "do we need to go? Or go back? "

"Go back! I'm a little tired. " Tang Siyu chuckles.

"Good! Let's go for a tour first, and let Suxi send Li Chen first, so as not to encounter embarrassment on the way. " Xing liehan still considers this.

"Well!" Tang Siyu thinks it's necessary.

At the other end, Suzy drives an SUV in her early 400000's. although she is a girl, she likes to drive an SUV with a good view.

Her car, of course, can't be compared with wenlichen's thousands of luxury cars. She went to the back seat and changed a pair of flat shoes before she sat in the driver's seat. Wenlichen sat in her car for the first time. When she sat in it, she saw the princess like interior decoration. Even the chairs were covered with pink lace cushions. It can be seen that in Susie's heart, there was such a little girl's side.

Wen Li Chen's mouth corners are not from a hook, which means that he has a smile.

Just as Susie turned around and saw it, she could not help wringing her eyebrows and saying, "what are you laughing at?"

"Nothing!" Although Wen lichen said so, the smile on the corner of his mouth did not disappear.

"It's nothing to say. Are you kidding me? If you don't think my car is worthy of your noble status, you can get off. " Suzy knew that her car decoration had gone too far, but she could just like it. This man even dared to laugh.

Wen Li Chen a pair of bright eyes looking at the front, some rogues said, "no, send me back."

Sushi bit her lip and couldn't help it. She had to start the car. Then she pressed the music, and the DJ sound with strong and rhythmic sense sounded. A very sexy and charming voice sang together. Just listening to the voice can make the human brain fill in rich pictures.

Su Xi drives out. Wen lichen's slender body sits beside him. His deep eyes stare at the front. The music in his mind reminds him that Su Xi has an advertisement. In the advertisement, she danced a Latin dance seductively. He thought to himself, I don't know whether it was because she didn't open the window or because she had just drunk a little wine. He felt a little stuffy at the neck.

He stretched out his hand and pulled his tie. He turned to look at the girl driving beside him. In the light and shadow, a delicate side face was under the dark blue central control lamp, with a hint of mystery.

"Still angry with me?" Wen lichen suddenly wanted to make up with her.

Susie pretended not to understand. "What am I angry with you?"

Wen lichen knew that she was knowingly asking, "as long as you are not angry with me, I can do something to compensate you."

"I don't need it!" Susie snorted, thinking she was easy to coax?

"Don't you artists need resources? I can give you the best movie resources. " Wen lichen seduced her.

Sushi really needs to turn around and take a look at him. Of course, she believes that he can. He can postpone the whole production for a month. Of course, he can get the best resources in the entertainment industry.

"Who are you? What do you do in the entertainment industry? " Susie was suddenly curious, because she didn't know him at all, which made her upset.

Wen lichen chuckled, "if you want to know! There will be opportunities in the future! "

"What do you mean, I will have a chance in the future. I need to know now. Tell me quickly! Otherwise I will not see you in the future. " Sue warned.

"Did I say that we can meet every day in the future?" Wen lichen asked, catching her malaise.

Susie immediately choked, then raised her eyebrows. "It's beautiful."

Wen lichen didn't want to say that if he did, maybe she would not really want to see him. Moreover, she had a sense of distance between boss and subordinates.

Chapter 269

Wen Li Chen bit his thin lips and said, "that's all. I won't say that for the time being."

"Hum! I don't need to know. " Susie's face was also set.

When Wen lichen saw that she was playing with such a small temperament, he couldn't help but smile, "I just said something, and I can give you what kind of film and television resources I want immediately."

Of course Susie wants to! However, she is not the kind of person who climbs the top by any means. She just likes acting. If the script is written, she only accepts the script that suits her. So, she can actually get better in the entertainment circle and earn more money. But she always cherishes her feathers and doesn't accept the script that doesn't suit her.

Susie didn't want to owe him, "no, I'm going to have a rest now. I'm not going to take the show."

Wen lichen thought that last night she said there was someone she liked, and his eyes immediately narrowed. He looked serious. "You said last night that you have someone you like, can you tell me who I am?"

"Why tell you?" Sushi didn't want to say that she was just adoring, not really liking.

"Because I want to know who my future competitors are." Wen lichen's deep and magnetic voice is particularly charming in the empty carriage.

Just smell "Zizi..." Twice, Suzy's car leans forward hard because she stepped on the brake with one foot. She looks at the man beside her. "What do you say?"

Wen lichen's face was immediately startled. He said quickly, "drive to the side first and then talk. You are very dangerous."

Sushi also knew that it was dangerous, but she was really shocked by his words just now. She hurriedly turned the steering wheel aside and opened the twinkles. She held the steering wheel in an angry hand and stared at the man in the passenger seat with the back of her chair. "What did you just say?"

"You heard me! Do I have to say it again? " Wen lichen raised a smile at the corner of his mouth.

Susie was chagrined. She bit her teeth and said, "OK, I hear you, but I tell you, if you want to chase me, I can't promise you."

"Why?" Wen lichen's smile, where did she come from for sure?

"Because Because I like people in my heart. "

"I like competition." Wen lichen's face was a little gloomy.

"He is much better than you."

"I'm not bad either."

"But..." Sushi looked at him with poor words, but there was a sentence in his mind, Wen lichen wanted to pursue himself?

"If you can't think of the reason to refuse me, then you should be well prepared. I'm ready to compete with the man you like to pursue you." Wen said, pushing the door open.

Sushi immediately looked at him in astonishment. Is he going to leave? Doesn't he need her to send it.

She was wondering, when she saw him around the front of the car toward her driver's seat, he knocked on the window, Susie knocked down, he reached in and opened the door, opened it, and gave her an order, "get out of the car, I'll open it."

Susie gaped a little, who said she was going to get off.

Wen lichen's palm clasped her arm, and she got down from the driver's seat. Wen lichen adjusted his position, and he sat in.

Suzy quickly got around the front of the car and pulled out the copilot's seat to sit up. Some of the air passages were raw. "This is my car! I can drive. "

"In the future, if you don't drive, you won't drive. If you are a road killer like you, you will harm others as well as yourself." Wen Li Chen gave a rude lesson.

"You scared me just now." Susie was very unconvinced.

Wenlichen ignored her, started the car and drove into the avenue, drove on, sat in the front passenger seat, Suxi breathed a sigh, and did not speak.

It's just that in her mind, I'm going to compete with the man you like to pursue you

But she didn't have a man she really liked.

When the car arrived at wenlichen's yard, sushi saw him drive it in. She could not help murmuring, "anyway, I'm leaving. What are you doing driving in?"

"You're not in the mood to drive today. You're staying at my house tonight." Wen lichen's overbearing orders.

Susie bit her lips at once. How could that be true? Moreover, she is a girl who lives in his home. He is not worried about her, but she is also worried about her.

"Don't worry, I won't touch you!" Wenlichen assured her, and got off and headed for his villa hall.

The sound control lamp of the whole villa lights up step by step with his steps. At last, the quiet blue landscape lamp of the whole villa flashes, and his tall body walks in the luxury gate, like a king.

Behind her, sushi blinked. Just then, her cell phone rang. She thought to herself, did Siyu call?

She hurriedly reached out and took a look. Her heart strings tightened. It was her mother who called!

She hurried to the quiet garden and answered, "Hello! Mom! "

"Heathy, where is it? At home? "

"Well! I'm at home! "

"Oh! I'm downstairs in your house, and I made some snacks in your aunt's house today. I'll come up and give them to you. "Susie's face flushed, my God! It's over. Mom's downstairs?

"Er Mom I'm not home yet! I just left for my friend's house! " Sushi had to explain, "you can put the property first, and I will pick it up when I go back."

"How can you still hang out with your friends so late?" The tone of Mrs. Su's voice immediately reproached.

"Mom, just have a meal."

"I didn't allow you to eat this bowl of rice at the beginning, but you didn't listen. You are a girl's family. The most important thing is your reputation. How do you behave like this?"

"Mom..." Suzy could not explain.

At this time, the mobile phone was robbed by someone. Soon, the voice of Su Fu came from the other end of the phone. "Xiaoxi, it's dad. I'll put the property for you. I'll go home early tomorrow morning."

"OK! I'll be back in the morning. " Susie was a little afraid of her father, and his voice was obviously alive.

That end hung up the phone, Susie's heartstrings or trembled, she breathed a breath, the whole person Yan down.

It's a tragedy. She will go back tomorrow and get a good education from her parents. Moreover, she is scared to think of what her father said last time, and let her find a decent political child to marry. She feels like her head is big.

"What did your parents say about you?" Behind him, a deep male voice sounded coldly.

Susie quickly turned to look at him. "I have to go home tonight!"

"Why?"

"Because my parents gave me something in the property, I'm going to get it."

"I'll take you back." Wenlichen didn't think about it.

Susie's eyes immediately widened? No, I'll go back myself. "

"I'm not sure." With Wen lichen finished, he walked to her car, started it, and Susie quickly sat in it.

On that night, Wen lichen sent Su Xi back, and the other two went back after swimming in the car river. Tang Siyu was so tired that she fell asleep on the back of the car. When she returned to the villa, Xing Lihan took her upstairs. Tang Siyu slept the next day, and Xing Lihan didn't disturb him any more.

Now, even if Tang Siyu really agrees to be with him, he will take this relationship more seriously, and he can bear the loneliness of the night, because he knows that this woman will become his person sooner or later.

He's not in a hurry.

Unlike before, he is eager to prove that she must be him only when he thinks that she does not belong to himself.

Qiu Lin is the one of Tang Group's members. However, Qiu Lin is still worried about one thing, that is, the person who murdered Tang Xiong with her this time. Her old lover, Li De, is now on good terms with Xing Yan. Of course, she can't see such a small doctor as Li De.

However, Qiu Lin didn't think about Li De, but Li De always thought about Qiu Lin! Now he is very itchy about Qiu Lin, who is still charming. This morning, he saw Qiu Lin's picture hanging in the newspaper. As the successor and executor of Tang Group, the financial newspaper also gave Qiu Lin a very large page as congratulations.

Li De looked at the newspaper and saw Qiu Lin as a strong woman. He thought of those passionate things with Qiu Lin. he wished he could go to see her immediately to review them.

Li De thought, she can sit on the position of president of Tang Group, he is a great hero! In the future, it will be very easy for him to get some benefits from Qiu Lin. this is a company with a market value of nearly 30 billion, but he is very jealous!

With her own company, Qiu Lin is very active at work. She came here early in the morning to deal with the work. At about 10 noon, Qiu Lin's internal line rang. She reached out to pick up, "what's the matter?"

"Mr. Qiu, a guest named Li De met in the hall. He said he was your good friend."

Qiu Lin's face changed a little. Li De came here unexpectedly. Recently, she forgot the man because she left her eyes and dealt with Tang Siyu.

"You let him wait downstairs. I'll come down to see her." Qiu Lin doesn't want Li De in her office. She doesn't want strange men to come in and out of her office just after her husband died.

Li De is waiting for Qiu Lin in the hall. When Qiu Lin comes out, he immediately looks at her in astonishment. "Xiao Lin, I didn't expect you to be a female boss. It's really beautiful!"

Li De's tone was flirtatious. Now he was envious and jealous. She was so good as a woman that he felt inferior in front of her.

As soon as Qiu Lin saw Li De's virtue, she couldn't see it from the bottom of her heart. She saw Li De's self distrust in front of her at a glance. However, she would never offend Li De now.

"Aduh, why do you have time to come here now? Aren't you busy in the hospital?"

"I'm a little busy, but if I'm busy, I'll come to see my little Lin! You are different now. " Aduh got close to her and smiled a little bit.

Qiu Lin 's heart immediately tightened and she said to him, "this is not a place for conversation. Let's go to the coffee shop next door!"

After that, she took the lead in walking forward. Li De hurriedly followed. Not far behind, Xu came down to get the documents. He saw them walk out of the company side by side. He was surprised. Isn't this man Dr. Li in the hospital?

Why did he see Qiu Lin alone? Xu is a little surprised.

In a box in the coffee shop next to her, Qiu Lin is still patient and pleasant to Li de. Li De stands up from his position and walks behind Qiu Lin. he holds her shoulder in his hand and kisses her. "Xiao Lin, I'm not tired! Do you want me to massage you professionally? "

Qiu Lin is not bothered when she hears the medicine taste on him. Her husband was in the world before. She was lonely and wanted to ask for comfort. Now, she is like a liberated person. A great future is placed in front of her, so she won't let a man like Li De touch her again.

Thinking of Xingyan of the same age last time, Li De's temperament is incomparable.

"No, let's talk about it first. What can I do for you?" Qiu Lin stood up and asked.

Li De is very sensitive to find out Qiu Lin's restlessness. He can't help laughing at himself, "Xiao Lin! You are a female boss now. Can't you see my little doctor

"Why?" Qiu Lin immediately sat down and looked at him with a smile.

Li De also smiles, "however, you can't cross the bridge and forget who helped you murder your husband."

Qiu Lin's face changed immediately. She reached out to cover his mouth. "Please don't talk! How can I forget this? This is our common secret. "

When Li De saw her look of panic and fear, he was very satisfied. "Yes, this is our common secret. However, you are now the female boss, and the whole Tang group belongs to you. I read in the newspaper today that your company's market value can be worth more than 30 billion yuan! Xiao Lin, should you help my old classmate Qiu Lin's heart also guessed that Li De must take the opportunity to ask for money. She was not surprised to look at him. "All the money in the company is liquid capital, which can really be turned around. It's not much!"

"There must be at least one billion! Or tens of millions! Anyway, I don't want to be a doctor now. I want to make some money and enjoy my life. " Li De showed his greedy face.

Qiu Lin's face changed. Unexpectedly, Li De said tens of millions or hundreds of millions of money. Even if she had, she would not be willing to give it to him.

"Aduh, I don't have so much! I just took over the company, and there are many places to use money for turnover. Can I give you five million yuan first, and then I will give you money later? " Qiu Lin pleaded.

"Five million is too little, how to say ten million! And I'll be with you this week! " Li De asked.

"I'll try to give you ten million yuan, but I'm too busy these days. I really don't have time. Why don't I talk about it later?" Qiu Lin doesn't want to accompany him anymore. She has a noble status now. Li De is like a beggar in her eyes.

Li De's face sank. "No, starting tonight, you must accompany me every night! Also, 10 million calls to my card this afternoon! Otherwise, I can't guarantee that your husband's affairs will be disclosed to anyone. "

Qiu Lin secretly clenched her teeth and warned, "even then, aren't you an accomplice? What's good for you? "
