

U. CEO Daddy 271

Chapter 271

"How can I be an accomplice? I normally operate on him. My assistant doctor can prove that I didn't play tricks. It's you. I can let people know casually that you killed your husband. "

"You..." Qiu Lin stared at him.

"Well, see you tonight! Just wear your clothes. I like it. " "I'll go back first, and the hospital will have a meeting."

Qiu Lin angrily watched Li De leave. She thumped the table severely. She immediately walked around the coffee shop with her arms around her.

She doesn't like trouble. She wants to get rid of any trouble that dares to get in her way.

In particular, people like Li De, over and over again, demanded and threatened her. If Xing Yan knew that she had an affair with Li De, it would affect her marriage to him in the future. She must not let this change now.

Qiu Lin's eyes flashed a sense of obliteration, as if she wanted to immediately remove Li De from the world.

Since Tang Xiong died, her heart has become more and more cruel. For her future, she must not let anyone destroy her.

Qiu Lin sits in this position. Naturally, there are some people who can help her out, and there are many people who make bloody money in the world.

Qiu Lin thought of the man who used to eat with him as a gangster and gave her a business card. As long as the price was reasonable, everything could be done.

Qiu Lin sneers. What Li De wants is 10 million yuan, which can be his talisman. This 10 million yuan, she would rather bribe a killer.

Qiu Lin quickly returned to her office. She took out the card from the bottom of the bag. She dialed the number on it.

"Hello!" There was a cold, rough male voice.

"Hello, I heard that as long as you have money, you can get rid of any trouble for others, right?" Qiu Lin's voice was calm, and she didn't want her age to be recognized.

"Not bad! You just need to tell me the goal, pay 10% of the deposit first, and when it's done, pay all the money. It's all right. It's clean and clean. There's absolutely no worry about it. " The man at that end replied very professionally.

"Need to meet?"

"No! You tell me the photos, names and work places of the people you want to remove, and there will be a reply within three days. "

"Three days? Can't it be faster? "

"No, we need time to prepare before we start."

Qiu Lin clenched her teeth. If so, she will accompany such a waste as Li De again. She clenched her teeth and said, "OK! How much is it to get rid of a person! "

"Who do you think you are?"

"He's just a doctor in a hospital, ordinary people."

"Twenty million ordinary people."

Qiu Lin's heart still dripped a little blood, but she bit her teeth and said, "OK, give me the account number, I will pay immediately, I want you to start immediately, and never let him have the chance to speak again."

"OK, make sure you finish the task." That end is also very refreshing.

Put down the phone, Qiu Lin finally breathed a sigh of relief, solved Li De, then Tang Xiongzhi's death, there will never be a day of falling out of water.

Su family.

Sushi came back early in the morning. Her father went out and her mother was at home. She immediately said that the snacks last night were delicious. Mrs. Su said twice to her.

"You're a girl. You don't want to show up outside. You don't lack money." Mrs. Su complained.

"Mom, I love acting. Don't worry. I must be very self interested." Susie explained after her mother.

"If you want to see your sister, she will have a decent job."

"Having a sister at home is enough to give us face. I just want to do something I like." Susie turned her mouth away. In front of her sister, she always felt sorry for herself.

"You!"

"And dad?"

"Your father is out for a meeting. He will be back before lunch."

That's just saying. It's eleven o'clock. Then a black business car comes back. It's Su Fu's car. Behind it is a black SUV. Su Fu gets off the bus. The SUV behind him comes down a pair of father and son like men.

Sushi stood at the window, looking at the guests her father had brought home. Mrs. sushi said with surprise, "Sishi, have you seen the boy? That's the grandson of the Liu family. His grandfather is a great man! "

Sushi took a look. There was one meter eight, but she weighed at least 180 Jin. As expected, she had a good family background and ate well!

"Come out with me to meet you." Mrs. Sue took Susie's hand and came out of the hall.

"Mom I'm not going. " Sushi refused, but her mother Li Qian pulled her out.

Su Boyan, the master of Su's family, was talking and laughing with the guests. At the door, he saw his wife and daughter. He immediately looked at Su Xi. Su Xi would dress conservatively when he went home.

"This is my second daughter sushi. Xiaofei will meet her."

Liu Fei, who was standing by, saw Suxi and immediately opened his eyes, "are you Suxi? Are you a female star, Susie? "Su Boyan and his wife on one side all feel that they have no face. They will not admit that Su Xi is famous outside.

Today, Su Xi's face is so beautiful that Liu Fei is stunned. He is very excited and excited. Unexpectedly, the girl who came to meet him is the star Su Xi. The real person is very beautiful.

"Hello!" Suxi said hello to Liu Fei.

"Very good, very beautiful!" Liu's father smiled, but in his eyes, he still cared about Sushi's status as an artist.

Liu Fei was so excited that he felt inferior in front of sushi because she was too beautiful to look at directly.

"Lao Liu, come home and have a good talk with the two young people." Li Qian said that although she had some opinions on Liu Fei's appearance, she could not resist the strong background of Liu's family, which would help her husband and eldest daughter's career in the future.

So, she and her husband hope Suxi can have a good chat with Liu Fei, and then have feelings together.

Today is to let Susie come back for a blind date.

In the garden, Liu Fei scratched his head and looked at sushi at a loss. "I heard my uncle say your name is sushi, but I didn't think you were a movie star!"

At the moment, sushi laughs at herself. Maybe in the younger generation, she will feel that she is an artist and that she is very tall. However, in the eyes of the older generation, her work is not worth the job of a civil servant.

Suxi smiled and didn't know what to talk with this strange man. Although she was quite old, she was obviously speechless.

"Oh! I heard that your latest TV series will be on air soon. I'm looking forward to it. I really like any movie or TV series you play. Your acting skills are excellent. " Liu Fei said flattery, he really has a feeling of a treasure falling from the sky. He thought, if he and sushi get married, then he will have the capital to show off later. Who doesn't envy such a beautiful wife?

Chapter 272

"Thank you!" Susie chuckled.

This smile fascinated Liu Fei's soul.

"You are more beautiful than you are on TV." Liu Fei is too poor to find other words to describe her.

Susie smiled again. "Is that right?"

In the hall, Liu Fei's father, Lao Liu, said to Su Bo, "Lao Su, what do you think of fei'er?"

"I think it's OK. As long as they like each other and get married later, it's a great joy!"

"Well, if your daughter doesn't have any problem, then what my father's side means is to settle down early and get engaged. Then, get married immediately and pass on the lineage to our Liu family. Because my father is old and is anxious to look at his great grandson!"

"Yes! I don't want my daughter to stay in the entertainment circle, and I want her to return to her family and be a husband and a child. " Su Bo nodded.

In the garden, Su Xi goes forward. Behind her, Liu Fei follows her and asks her, "Su Xi, if you shoot ancient costume dramas, will diaowia suffer a lot?"

"Well! It's very sad! " Susie nodded.

"Can you use a double?"

"Sometimes."

"I've seen your advertisement, and it's very good." Liu Fei tried to find a topic.

"Thank you." Susie turned back politely and smiled.

"Nothing! Oh, last time I heard that you also participated in the practice of love month, you can't be a fake show! I heard it was just following the script, right? " Liu Fei asked with some concern.

Susie nodded. "Yes!"

"Then I'll rest assured." Liu Fei laughed, a face in the sun, appears more greasy and slippery.

"Why are you relieved?" Susie turned to him.

"Don't you know? I'm here today to have a blind date with you... " With that, Liu Fei looked at her shamefully.

Susie's eyes widened slightly. "What? A blind date? "

"Didn't your father tell you? They like me very much. " Liu Fei asked at her.

Susie's face tightened a little. She bit her lips. That's why her father called her back? A blind date?

And Liu Fei?

"I'm sorry, you may have misunderstood. My father didn't ask me to come back for a blind date." With that, Susie turned to the hall.

"We're really dating, Susie. I like you very much. Let's try to get along!" Behind him, Liu Fei was catching up breathlessly.

Suxi walked very fast. When she got to the hall, she saw her father talking and laughing with Master Liu. Suxi immediately looked at his father and planned to go to the second floor from the side.

"Heathy, what are you doing? Didn't you say hello to Liu Fei? "

"Dad, I'm not going to get married yet. You don't want to date me in line." Susie stood on the stairs and strode up the stairs.

After Liu Fei ran in, he saw Suxi was not in the hall, he immediately lost some.

Lao Liu looked at his son. His face changed. He said to Su Bo, "Lao Su! What's the matter with your daughter? Don't you like my Xiaofei? "

"Why?" Su Boyan smiled.

"Xiaofei, did you have a good chat?"

"Dad, I want to marry sushi, uncle sushi. Marry sushi to me!" Liu Fei said boldly to Su Bo.

"Well, I'll advise my daughter!" Su Boyan sighed.

Susie didn't even go downstairs for this meal. She was really aggrieved. How could her father marry her casually? Don't ask if she likes it or not.

Liu left unhappily, and Liu Fei asked for Susi's phone number from Li Qian. He plans to make good contact in the future.

Sue came down the stairs at three in the afternoon. She was going out with her bag on her back.

Su Boyan sat on the sofa and drank her immediately. "Heathy, stop. What happened to you just now? You didn't even come down to eat?"

"Dad, I don't want to marry, and you don't want to date me in line."

"What? Do you dislike Xiaofei? Although Xiaofei is a little fat, he is not a bad kid. You can't judge people by their looks. " Su Boyan said.

Susie turned and looked at her father. She said with a clench of her teeth, "Dad, I have a boyfriend."

"What? boy friend? Is that the butterscotch that you're talking about? That kind of man, you don't take home, I won't agree. "

"He is not! He's not in the entertainment business. He's a businessman. "

"How many business people are normal now? Either eating or drinking or whoring, huh! " Su Boyan said with great opinions.

Suxi turned and decided to go. After that, he said, "think about Xiaofei. If it's OK, make a marriage as soon as possible."

"Dad, I won't think about it." With a low cry, Susie strode into the yard.

When Susie got back in the car, she drove away, with a strong sense of grievance in her heart. Behind him, Su Boyan and his wife were also very angry.

Suxi drives out, she feels very stuffy in her chest, and her mind unexpectedly surges up with Wen lichen's face. Don't her parents like her to lead such a man home?

She felt powerless at the thought of her father's stubbornness.

Sushi's spirit was always tense because her father forced her to meet each other. When she was going to pass a traffic light, suddenly a car in front of her stopped. She was shocked and quickly turned the steering wheel to avoid it. However, she did not know why she stepped on the car and rushed out. There was a wall next to her, and Sushi's car directly hit the wall, The whole car went through the wall.

Susie in the driver's seat was pushed forward by a strong force. Her forehead hit the steering wheel heavily, and she nearly fainted because of the pain.

This sudden traffic accident left many people beside staring at it, and Sushi's car was just like this in the wall.

Sushi is not dizzy. She only feels the liquid on her forehead. She reaches for the blood

She gasped for breath. She felt the bag in the front passenger seat. She pressed to open the phone in the middle of dizziness

Then she saw Wen's name on the phone, which he called downstairs last night when he sent her home.

I don't know why. At the moment, Susie just wants to call him.

She pulled it through

"Hello!" The low voice of Wen lichen sounded.

Sushi gasped heavily and said to the man on the other end of the phone, "I'm sorry I'm going to trouble you again I had an accident. "

After that, she laughed at herself.

The breath at that end was suddenly tight and asked, "is it hurt? Is the injury serious? "

"My car is stuck in a wall, and I have bleeding on my head..."

"Where are you?"

"I am In the car. "

"I asked you where the scene of the accident was!" The man on that end is going to die of anger.

"Oh! I'll send you the location! " Su Xi finished, she sent a positioning to him. Now, her door is blocked by the wall, and the window hasn't been opened. So, she even has trouble going out, so she can only wait for someone to help.

At the top of Tianmu entertainment company, Wen lichen's voice rushed out, elegant as he had never been.

Chapter 273

After Su Xi made a phone call to Wen lichen, she made another call to Annie. Annie was so scared that she didn't come out in the car. She immediately came with three assistants.

At the moment, sushi was trapped in the car and couldn't come out of it. She reached for the paper in the bag, opened the mirror on the car, and looked at the cut blood on her forehead. A line of thin blood beads were emerging. She took the tissue to block it and cleaned the blood on her cheek. Besides the wound on her head, she felt a buzz in her head, as if she had been hit by a concussion Yes.

Sushi panted and looked out of the window at the onlookers. Sushi suddenly panicked.

The crowd of people in a nearby shopping mall seemed to be bustling, and they all rushed to this side. Suxiton's chest was in a panic.

She is an artist. Even if she didn't hit anyone in the car accident, but if you let people know that it was her car, you don't know what sharp strokes media reporters will use to describe yourself, or those who hate her, and manipulate her secretly, her fame must be severely damaged.

She really hoped to wait for Wen lichen to come in the car, so that she could be rescued directly and sit in his car without being photographed. However, only two police officers came from the side, they stopped the onlookers directly, and then they began to call the nearby firefighters to rescue people.

After a while, the fire truck came. They naturally focused on saving people. After they were sure that Susie was safe in the car, they took the hook and dragged her car out from the other end of the wall.

Susie's door could be opened immediately. Two young firefighters pried her door open. Susie was dizzy and stepped out of the car. As soon as she got out of the car, even if she was a plain girl, she had a very discerning face. Although she blocked it with a bag, she was looking at several young girls. The girls immediately cried out, "my God ! It's sushi, sushi! "

All of a sudden, the crowd seemed to explode. There were a group of young people who wanted to come and have close contact with idols. Suddenly, a dozen young people came to see idols at close range.

Suxi covered the wound with one hand and the bag with the other. Her face was still pale. Her head was buzzing and shaking all the time. Two police officers found that she was a female artist. They wanted to give her space, but unexpectedly, the power of fans was so strong that a dozen young people surrounded her.

"Susie, how are you?"

"Susie, you're hurt!"

"Sushi, I like you so much. You are my goddess. Sushi, you are so beautiful!"

Suxi is forced to smile at her fans' enthusiasm, but the air around her is getting more and more stuffy, which makes her headache. It was not the hot weather in August originally. She was directly exposed to the sun at noon. Her breath is chaotic, sweat, dust, and all the fans took photos of her face from various angles with their mobile phones, which makes her heartstrings constantly tight and makes her Want to leave the fans.

In addition, she didn't eat at home at noon. At the moment, her physical condition is really poor. She can only raise her hand to the fans and say, "sorry, please excuse me Let me have a little time, will you? "

Sushi ' Make a space.

Sushi's dizzy head slightly tilted, and saw the perfect outline of the line on the top of his head, as well as a pair of deep and anxious cold eyes.

Wen lichen is here, dusty.

The next second, Sushi's body was light, and she was held up by a strong arm. Sushton rested in his arms, closed his eyes, and the fans beside him watched the man who took sushi away. They were stunned, my God! What a handsome and stylish man.

When Wen lichen's car drove to the nearby area, he saw this group of people watching together. He didn't need to think much about knowing that this was the scene of the accident. He stopped the car at the side of the road and stepped over quickly. He saw the woman surrounded by fans, who was pale and had no eyes. At the moment, she was weak and embarrassed, which made his heart tighten and hurt.

At the moment, holding her in his arms, the string in his heart finally relaxed, but now she urgently needs to go to the hospital.

Sushi gets into his car, and at this time, there are a group of fans who don't give up with their cell phones to catch up and shoot them.

It wasn't until wenlichen's car rushed out wildly that fans lost their face and thought they could spend more time with their idols!

In the car, Susie finally breathed a sigh of relief. However, when she was going to say a thank you to the man beside her, she suddenly found a man staring at her with angry eyes.

The string of Susie's heart tightened again.

"What's the matter?" Susie blinked at him.

"How on earth did you drive? You should be glad you didn't hit anyone. " Wen lichen's voice was stern and full of strong resentment. Susie's heart suddenly filled with a trace of grievance. She bit her lips. "I know I'm wrong. I'm sorry. I should drive seriously."

Wen lichen had a look at the wall that the car hit just now. It's gone through half of it. This woman is OK. She can only be regarded as lucky. But there are still many consequences. In case her car breaks the fuel tank, there are pipes around, and her car catches fire In case he can't come in time

In case the police and firemen come late, in case

Wen lichen thought of ten thousand kinds of in case. At the moment, only when the women around him are sitting on his copilot's seat, can he suppress all these in case. Otherwise, he's going to be mad.

Never thought that one day he would lose her, but just now, when he saw that group of people around there, and he did not find her in the crowd, he had a fear of losing her.

If there is no such woman in the world, then he will have a sense of despair.

Sushi received a cell phone call from Annie. Sushi told her that she had left in wenlichen's car.

Annie asked her to go to the hospital to have a look at the wound and head, and she would deal with her car, and asked her not to appear in public for at least a week, because her car accident has been tweeted by many netizens, with an amazing amount of reprints, and comments are also various guesses, even the reasons for her drug use and alcohol driving have come out.

Chapter 274

Because for an ordinary person, it may only be a matter of compensation, but for an artist, the consequences of this matter are more serious.

Suxi picked up her mobile phone and opened the Internet. Her news lasted for just ten minutes, and she had been searching for the fourth place. Moreover, the title of the news was that the New Goddess suspected that wine driving had an accident, which hindered the traffic.

Susie looked several times in a row. The more she looked, the more angry she was. Her face was wrinkled with anger.

Wen lichen saw her look at her cell phone and said with a wrung brow, "what do you say on the Internet?"

"I'm talking about drunk driving and poison driving on the Internet." Suxi's face was full of love.

Wen lichen's eyebrows were also wrinkled, only to see his car suddenly turned into the side of the pavement.

Sushi looked at him in surprise. "What are you doing?"

Wen picked up the mobile phone on the frame and dialed through a series of numbers. Just after that end answered, he had already told coldly, "block all network attack accounts against sushi, and warn the national media that no one is allowed to publish the accident of sushi."

His voice is not a demand, but an order, absolutely imperative.

Susie's eyes were slightly gaping. She saw the man driving his rights. Who was he commanding? Why did his words give her an irrefutable power?

Moreover, he is helping her clean up all the negative comments.

Wen lichen orders to finish, turning his head to look at the woman with the mouth like a wooden chicken, "what are you looking at?"

"You Who are you! Why can you control the entertainment industry? " Susie felt that it was no exaggeration for her to say so, because she had seen his ability.

"Even if you know my strength, should you give up the man in your heart and choose to love me?" Wen lichen leaned close to her with a hoarse voice.

At the moment, Susie's hair is still covered with some dried blood stains, and there are blood marks on her face that can't be wiped clean. She said that she was embarrassed to lift her image at the moment.

But it was this face, in Wen's eyes, that only made him more distressed.

Suzy did not dare to look directly at his burning eyes. She immediately pretended to hiss, stroked her forehead and said, "can you take me back to wash my face and bandage it? A headache! "

Wen lichen didn't have a good temper to hum at once, "let you love me, you have a headache?"

Finish saying, the accelerator at his feet is still directly stepped on, turned out from the other end, straight to his villa.

Her wound is not deep. Wen lichen doesn't plan to send her to the hospital. She's on the cusp of the storm now and can't be seen again.

On the way, sushi received a call from Annie again. She was paying close attention to Sushi's news on the Internet at any time. At the moment, she told her that her news had disappeared on the Internet, and a network storm was killed by perfect success.

Annie guessed that it was the top management of Tianmu group.

Sushi listened to Annie's overjoyed voice. She could not help turning her head to look at the man driving on her side. She really wanted to tell Annie that the man who succeeded in turning the tide was sitting beside her.

After hanging up Annie's phone, sushi became more and more curious about the mysterious identity of the man around her. Who is he?

Arriving at wenlichen's villa, wenlichen put forward the medicine box to clean the wound and bandage her at the first time.

Sushi is a clean person. She was surrounded by fans just now. With tension, she was sweating all over. At this moment, she felt uncomfortable, and her head. She wanted to wash her hair.

"I'll wash a hair." Suzy said as she walked upstairs to his room.

Wen lichen had just put the medicine box in place. Hearing her words, he immediately twisted his eyebrows and said, "your wound has just been treated with medicine. You can't touch water."

Susie immediately pulled her hair. "But my hair is really dirty and itchy. I have to wash one."

After that, she insisted on washing her hair, but she was born to love beauty.

Wen lichen once again found that women are a real trouble.

"I'll wash it for you." Wen lichen sighed helplessly.

Susie immediately looked at him in flattery. "Really?"

Wen lichen let out a sound. It was his master bedroom that brought her in. Su Xi immediately felt a thump. How could he enter his room?

Susie had to lie on her back if she wanted to wash her hair, so wenlichen's large and comfortable bathtub could let her lie down, while wenlichen sat by and brought a basin of water to wash her long hair.

Sushi is enjoying the gentle rubbing of Wenda handsome man's fingers and abdomen. She can't help but smile from the corner of her mouth and wash her clean face. At the moment, it's white and beautiful, which makes people want to have a kiss.

Wen lichen looked at her and closed her eyes. Her long lashes were like fans, while her red lips were playing back. He immediately bent down and his two faces overlapped

Susie felt only the shadow, and the next second her red lips were sealed by two warm lips.

"Well..." Susie opened her eyes suddenly, but what she saw was the perfect line of the man's chin, and the charming Adam's apple

On the lips, it was his gentle touch, no deeper kiss, just feeling each other's breath, Wen lichen pulled away, continued to scratch in her soft hair, sushi wanted to complain, but also could only press down. After Su Xi's long hair was washed, Wen lichen dried her hair, which was silky and soft. He could not help holding it between his fingers and playing with it for a while.

Susie washed her hair. The whole body was fresh, but she was hungry.

"Do you have any food in your family? I didn't eat at noon. I was so hungry. " Suzy asked him.

Wen lichen couldn't help but look at her. Su Xi immediately puffed up her cheeks and said, "it's OK to make noodles."

"You really think of my home as your home!" Wen lichen said, as he walked downstairs, he said, "wait downstairs."

"Will you make me something delicious? You said you'd cook. You're great. " Sushi praised that she didn't flatter and didn't eat any food at the moment!

"What about the man you like?" Wen lichen didn't answer.

Wen lichen has checked all the gossip photos of Susie. They are all for publicity. After the event, they didn't communicate with each other, and they didn't know who still lives in the woman's heart!

Sushi can't help but spit out his tongue behind him, and then hum, "it's a little bit worse."

A man downstairs immediately turned his head and stared at her. "What's the difference?"

Susie immediately turned away from his aggressive eyes and was speechless for a moment.

Wen lichen looked at her expression, and he immediately sneered, "is the person you like in ruli? When you have an accident, you always think of me first. Why is that? "

Suzu was immediately silenced by questioning. She stammered, "that's because Because... "

"Because of what?" Wen lichen will force her to say the reason.

Chapter 275

Susie immediately made a witty expression, hands spread out a very innocent expression, "because I don't like people ah!"

With that, she smiled smugly.

After hearing this, the man standing at the bottom of the stairs suddenly looked gloomy. As he came up the stairs with long legs, she was shocked by Susie, who was standing on the way. She had a feeling that the man wanted to hit her.

Like a child, she gave birth to the idea of escape. However, just as she turned around, she was directly put on the white railing by the man. Her chin was pinched with some force. Next second, the strong and domineering kiss, with a strong sense of punishment, pressed down.

One side is the railing, the other side is the man's strong chest. Sushi is trapped in the middle. She is shivering and leaning against the railing, afraid of jumping down. Her red lips are strongly sealed by the man, and she kisses very hot.

Susie's going crazy.

However, I can't help it. I can only bear the consequences of this man's anger.

Finally, a man let go of her, put his breath on her forehead and warned, "dare to cheat me again later."

Susie was breathless, too. She was afraid at the moment.

Wenlichen left her on the stairs, and he stepped down gracefully, only when he turned around, where sushi didn't see him, the sexy corner of the man's mouth raised a happy smile.

Susie's legs went downstairs and he found them soft.

I was scared. The man's momentum just now really made her tremble.

She sat on the sofa, a little upset why she wanted to tell him the answer!

There is no harm in continuing to deceive him!

Didn't he say he was going after her? Now! He can go straight! Suzy's pretty face immediately turned red, but she was not ready to fall in love at all!

Although she also played a lot of on-screen lovers, but, that is acting, probably more acting, but in reality, she is a love idiot, emotional intelligence is poor.

Therefore, love and other things often make her feel nervous, because she has cried and laughed in the play, broke up and abandoned in the heavy rain, and has been the most humble person for love. When she plays it out, she really feels the same kind of feeling that she suffered from for love. Therefore, she is afraid of love.

Because once you have it, you will worry a lot.

After a while, a bowl of spaghetti was placed in front of her, and Suzy's eyes brightened immediately, and she sat down and ate like a little slander cat.

Wen lichen stood beside him, his brows twisted. "Eat slowly, no one will rob you."

"You don't know, I'm really hungry today!"

"Are you too poor to eat?"

"Of course not. It's because I'm not in the mood to eat. My parents told me to go home for a blind date. I was so depressed that I didn't even go downstairs for lunch." Susie was eating and telling the truth.

Wen lichen heard the word "blind date", and his face was slightly taut. "Why do you want to blind date?"

"My parents are old-fashioned and traditional people. They don't like me to be an artist all the time. They also hope that I can marry someone with political background. So today, without my consent, I asked a man to come over and have a blind date with me. Of course, I didn't agree. I protested that I didn't eat." Sushi said, and began to eat again.

Wen lichen really wants to laugh at the moment, but he still bears a smile. I'm afraid that this woman is the most self free type in front of him, regardless of the image.

"Then tell your parents that you have someone you like."

"I said! Just when I left home, I told them I had someone I liked and asked them not to date me again. " Suzy said smugly, as if she thought she was smart.

"So who are you going to take your boyfriend home if your parents want you to?" Wen lichen's hands were on the table, and a handsome face looked down at her.

Susie's noodles froze for a few seconds. She looked up at him. "Can you?"

Wen lichen looked at the sauce on the corner of her mouth, put his finger to the corner of her mouth, and wiped it off. "I'm afraid I can't agree."

Susie immediately bent her eyebrows and smiled, "OK, then you can not regret, and do not flinch! I'll take you home. "

"There's nothing I'm afraid of in this world." Wen lichen gave a low smile. However, just a few hours ago, he was afraid of losing the woman.

"How about I lend you a few days? Because my family must be full of reporters downstairs. You are the safest here. "

"I won't stop if I want to live forever." Wen lichen's eyes were bright and locked her.

"No! Just a few days! " Su xihehe smiled, then finished the soup in the bowl, and drank a glass of water contentedly. "So, I can enjoy your cooking in the day when I live here!"

Wen Yan Li today's mood, also with her, together a fall, at this moment, finally calm down.

"Good!" With that, he took her plate and went to the kitchen. On the hillside of the other half of the villa, Tang Siyu received a good news that the Xing family's two old people planned to take their daughter and Xiao Xi back home the day after tomorrow. She really missed her own treasure.

Tang Siyu didn't want to give up the investigation of the cause of his father's death, but there was no way to start. The adultery between Qiu Lin and Li De was well hidden. Even if some clues were found, they would not be enough to prove the reason for their murder of Tang Xiong.

In addition to their classmate relationship, even Qiu Lin's several trips to Lide's office have more appropriate reasons.

This time, Li De's men were all involved in the treatment of his father, and Li De personally operated the knife. On the operating table, even if he missed some operations or the subtle changes in the dosage, there is no evidence for the cremation of his father's body.

Therefore, for the death of his father, Tang Siyu can only accept the fight for Tang's group, and can only take it back step by step in the future.

One thing she absolutely believed was that Qiu Lin had something to do with her father's death.

So, in this life, if she has a chance, she will not let Qiu Lin be better, she will let her pay the price.

In the evening, Tang Siyu receives Sushi's phone call. Because she hasn't touched the Internet for the past two days, she doesn't know about sushi. At the moment, listening to her, she worries.

Fortunately, sushi told her there that her affairs had been settled now, and that she would stay at wenlichen's house for a week and have time to come out together for relaxation.

Tang Siyu is really happy for sushi. Wen lichen is a good man. If sushi can be with him, he will be happy.

Now, his son's prediction has come true, and his father and mother are finally together.

Chapter 276

A city, midnight, a rainstorm brewed from afternoon to night finally poured down, washing the city which has not been moistened by rain for a long time.

Li De thought he could have a romantic night with Qiu Lin tonight, but suddenly the dean's mother came in hospital and needed him to operate. Although Li De was cruel in the bone, he had been immersed in medicine for more than 20 years and had rich experience.

If he wants to retire in the future, he has to have a good relationship with the Dean, so he can't put off the operation.

So, she can only Miss Qiu Lin for another day, he thought, after tonight's operation, he will have a day off tomorrow, and then call Qiu Lin to accompany him. Li De has no mind to work now, anyway, he will soon have a huge sum of money, and he will enjoy life.

Qiu Lin is the ATM of his life. As long as he needs money, he can ask for it from her.

After his operation, it was early in the morning. Looking at the heavy rain in the sky, Li De was tired and angry. After he had finished his work, he went downstairs to the underground garage to pick up his car.

However, Li De didn't know that he had already ambushed a group of people asking for his life. He was already tired, and how could he expect Qiu Lin to be cruel to him?

Li De's car came out. In the dense rain, two black cross-country vehicles followed him, one after the other.

On his way home, Li De needs to pass a bridge connecting another area. Li De has no money to be a doctor, so his residence is far away. He needs to drive an hour's car to the hospital to go to work every day.

At the moment, there are still some vehicles driving in the rain on the bridge deck, which are relatively slow. Suddenly, a car passed in front of Li De, and Li De was shocked and scolded.

Because of an operation, he was tired of vision. With the help of rain, the SUV that had just overtaken Li De suddenly stopped in front of him. When Li De found out, it was about to hit him.

At such a golden moment, people's instinct naturally wants to dodge. At this time, a black cross-country vehicle next to Li De leaves, and Li De is startled. He rushes in the direction, but he forgets that the river is nearby. His head suddenly loses control and changes a direction. But Li De's accelerating accelerator doesn't release. He immediately lets his car rush out of the bridge and break the stone fence , rushed to the river.

In the car, Li De watched in horror as his car fell into the river. He was sitting in the car, not submerged immediately. He immediately clapped the window to escape.

However, at the place where the crash happened, the water flowed directly up, and soon reached his chest.

And he also felt that escape was hopeless!

At the time of Li De's drowning, he realized one thing. It must be Qiu Lin's skill.

Qiu Lin is crossing the river and demolishing the bridge. However, when he understands it, he can only watch himself die in her hands.

The expression of Li De's last breath was still a ferocious dead face.

Tonight, Qiu Lin has been walking back and forth in her room. At eight o'clock, she got an answer from the other party. She can start tonight. When the lightning outside the window is thundering, Qiu Lin is really scared.

For fear that today's things will change, she has been waiting for ah, finally, she waited for the phone.

That end very affirmative answer her a sentence, "the person has solved, tomorrow afternoon before 3 o'clock make money to come in."

"Really? Are you sure he's dead? " Qiu Lin's voice was fierce.

"Our people are in the water. The goal is to die in his car. The whole thing is clean and tidy. There is no worry about it."

Qiu Lin finally breathed a sigh of relief. "OK, I will call you tomorrow for the money. Thank you for your cooperation."

"If you have something to do in the future, you can come to us directly."

"OK!" After Qiu Lin hung up the phone, she clapped her chest immediately. Li De died. Then the whole thing was buried with his death.

Qiu Lin poured herself a glass of red wine to celebrate. At the same time, she looked forward to a good day to be Mrs. Xing in the future.

Just now, she talked with Xing Yan on the phone for half an hour. Xing Yan recently went to the diamond mine to check and sent her a 24 carat super rare diamond in the message. This is the diamond ring that Xing Yan proposed to her.

Of course, Qiu Lin likes it. She would like to marry Xing Yan immediately.

In the morning, the police found a car accident according to the broken stone railing and began to salvage it in the river. At 10 o'clock in the morning, Li De's car was fished up, and Li De's body was also fished up in the car.

Then, the police began to investigate. It was found that due to the heavy rain, the cause of Li De's accident could not be seen in the monitoring, but his car was intact, unlike that caused by others. After an interview and investigation, the police knew that Li De operated until the early morning last night, which belonged to fatigue driving, and determined that this was an accident.

The incident was also published online and in newspapers to warn brainworkers not to drive under fatigue, which could easily lead to accidents.

On the Internet, it was put up in the afternoon. Qiu Lin looked at Li De's car and stretcher covered with white cloth on the website, and her mouth raised a proud smile. In a cafe opened in the villa area, Tang Siyu and Suxi meet here for a get-together. At this moment, two girls sit together in a sunny corner, which is a beautiful scenery.

Sushi heard that Xiaoxi was coming back tomorrow, and she missed him so much that she wanted to knead his fleshy little face again!

"And when are you going to tell him about your father?" Su Xirou asks Tang Siyu.

"I can't hide it. If Xiaoxi asks, I don't know how to say it. So I plan to tell him when he comes back. At the same time, take him to the cemetery to see my father."

"Well, the child's world is more pure. Maybe he can't feel the adults' grief." Susie felt the same way.

"What happened to your car accident?"

"Wen lichen didn't know what method to use. He suppressed all of them. I really admire his ability. I don't know how many media want to use it to attract attention! But now it's really covered by the bottom. "

"Wen lichen is really good." Tang Siyu also praised.

Susie bit her lip and approached her. "You think he's very strong, too! But what does he do? I don't know yet! Can you ask Xing liehan what he is doing? "

Tang Siyu nodded, "OK! I'll go back tonight and ask for you. "

"Well!" Susie looked forward.

Chapter 277

Sushi drinks coffee, and also habitually takes a look at her mobile phone. She originally wanted to see if there was any news of her own. However, she was attracted by a title. The famous doctor director drove into the river with fatigue and died miserably.

Sushi can't help but be curious and see the news above that a doctor named Li De died last night when his car crashed into the river.

Sushi can't help feeling that the name is familiar. She seems to have heard it. When she responds, she slightly stares at Tang Siyu on the opposite side and says, "Siyu, is the doctor who operated on your father that day Li De?"

Tang Siyu nodded. "It's him. What's the matter?"

"He's dead! I died last night. Have a look. " With that, Suzy quickly handed her cell phone to her.

Tang Siyu immediately received the mobile phone in shock. When she read all the news about Li De, she really didn't believe that Li De's death was fatigue driving. Instead, she had a strong premonition that Li De was killed by Qiu Lin.

In Li De's office that day, only Li De and Qiu Lin knew how his father fainted. Xing liehan's lawyer also said that even if Qiu Lin was in the room at that time, he could not prove that her father's death was related to her, because Li De was his father's chief medical student. In addition, his father had fainted before. As a doctor, Li De must be able to show ten percent There is enough evidence to prove his innocence and Qiu Lin's innocence.

All this can only be said that the father's condition is too serious, and they have nothing to do with the two.

Now, only Tang Siyu knows Qiu Lin's ambition and Li De's ruthlessness. They must have done something in the office, causing their father to faint and have a heart attack, which is too serious to rescue.

Father's last finger, coupled with his expression of sorrow and hate, was enough to condemn Qiu Lin.

At this moment, after reading the tragic death of Li De, Tang Siyu's heart is happy, and there is a bad result. Li De must not have thought that Qiu Lin would be so cruel that he would die.

"If Li De is dead, Qiu Lin will be more fearless. Siyu, you should be careful."

"I'm not afraid of her." Tang Siyu's eyes were filled with resentment.

"I know. She must know that you will rob Tang's group. In case she starts with you first! However, I believe Xing liehan will protect you, but you should also pay attention to guard against her. "

Tang Siyu nodded quietly, "I will!"

"Let's go to wenlichen's house for dinner in the evening! It's called Xing liehan. It's more lively for the four of us to eat together. "

"In that case, won't it bother Wen lichen?"

"It's OK! Xing liehan is his good brother and you are my good sister. Please trouble him! Big deal, I'll help him. " Susie said with a smile.

"It seems that you and he are making good progress. Where is it?" Tang Siyu praised.

Suzy immediately blushed, "how can you think so deeply! I just think he's a good man, so I can try to get along with him! "

"Even if it's good, we have to take good care of it. A man like him is very popular."

"I'm also a hit! He's not the only one to win. " Suxi said with a smile, "you and Xing liehan should have made some progress."

Tang Siyu sighed, "actually, I treat him There is a sense of guilt, although I promised to be with him, but increased the conditions. "

"Why don't you think the other way around, Xing liehan is willing to take Tang Group back for you, which proves that he loves you even more!"

"In fact, I didn't want him to take it back. If there is no adverse situation for him, I have no opinion. Anyway, even if I take back my shares, I may invest in his company and let him deal with it. I believe that Qiu Lin, such a woman, will not be let go." Tang Siyu said.

"Of course, Xing liehan will weigh it before he makes a move. We believe that his ability is good!" With that, Su Xi picked up her mobile phone and said, "I'll call Wen lichen first, and you can also inform Xing liehan! In a moment, let's go back for a walk. "

"Well! Good! " Tang Siyu has no comments.

Su Xiba has connected Wen lichen's mobile phone. At the moment, Wen lichen is standing at the headquarters of Tianmu group. He is furious with several films that failed to invest this year, while several senior executives sitting under him are all hanging their heads and bearing his anger.

"President Wen, this year's film and television market is really not good. In addition, there is no good script. We can only choose a relatively good script to invest in shooting. Who knows that the box office is not as expected, but we will work hard."

"In the future, I'll have a look at all the scripts with an investment cost of more than one billion."
Wen lichen's gloomy order.

At this time, his black mobile phone on the table rang, and several high-level executives immediately felt a sense of awe, thinking that the big boss was in such a bad mood, who dared to call? Isn't it a volcanic eruption once in a hundred years?

However, several senior managers thought that he would directly press or throw away his cell phone after reading it. How could they know that the man sitting on the phone had a gloomy face all afternoon. When they saw the name of the person on the phone, it was like the sun melting the ice and snow, and even the corners of the mouth were joyfully rising. It shocked them all. Who called him? Can you immediately in a second, the angry Beast hair so good?

When Wen picked up his cell phone and wanted to answer it, he found that several people standing in front of him were staring at him, and he immediately narrowed his eyes, "haven't you left yet?"

Several high-level officials immediately stepped out of the conference room door as quickly as they were granted amnesty. When the door was closed, Wen lichen was satisfied with his lip, and gently picked up, "what's the matter?"

"In the evening, I asked Xing liehan and Siyu to have dinner at home! Do you have any dishes at home? If not, I'll go to the nearby supermarket and buy some to take back. " The voice of sushi came.

"Did you drive?"

"No! It's a walk. "

"Then I'll buy it! You just walk back! I'll be right back. "

"Good!" Susie smiled in response.

Wen lichen listened to her sweet laughter, and also gave a silent smile at this end, "is there anything else to order?"

"No, I'll go first." Then Susie finished and left.

Wen lichen collected his eyebrows. The woman didn't want to have a good chat with him?

When sushi finished calling, he saw that Tang Siyu was still on the other end of the line.

Xing liehan just returned to the office at the moment and heard the phone on the desk ring. He quickly came over and saw the name he called. He stepped gracefully to the floor window and picked up, "Hello!"

"Susie said to go to your good brother's house for dinner at night!"

"Good! Are you at lichen's now? "

"Having afternoon tea with Susie, it'll be over in a minute."

"Well! I'll be right back. My parents and son will be back tomorrow. " Xing liehan also misses the little guy.

When it comes to this, Tang Siyu looks forward to it as much as he does. He says with a smile, "Well! We'll pick it up tomorrow. "

Chapter 278

In the evening, Wen lichen showed his cooking skill, which was not inferior to that of the chef at all. Tang Siyu was also surprised. She felt that her good sister Suxi could be entrusted to this man.

Suxi is a person who doesn't touch Yang Chunshui. She will be very happy if there is such a man waiting for her.

After dinner, it's more than eight o'clock. Xing lie is still early to see him. He doesn't even want to drive his car. So he and Tang Siyu go back to his home for a walk of about 20 minutes. Besides, the scenery around him is also very good. The street lamps are quiet, quiet and with a touch of summer. Walking in them, he has a romantic enjoyment.

Tang Siyu also gradually came out of the sadness of her father's death, and her mood calmed down. She knew that she could not forget her father's death. She also wanted to step by step for Qiu Lin's negative report. In particular, Xing liehan decided to retake Tang Group for her in the future.

She was even more afraid of carelessness, and she learned to hide her hatred for Qiu Lin in her heart and never show it again, because if she showed her hatred for Qiu Lin, Xing Lihan would be more eager to regain Tang Group.

She didn't want him to make some decisions in order to please her. She just wanted to believe that he would help her one day. Even if she waited for a few years, she would not blame him.

Tang Siyu came out side by side with him, Xing liehan's big palm naturally grasped it, holding her in the palm, walking step by step in the light of the tree shadow.

Today's moon is very round, and the Mid Autumn Festival is coming soon. Tang Siyu is afraid to face this festival.

Moonlight sprinkled on the ground, as if sprinkled with silver. The silhouettes of Tang Siyu and Xing liehan hand in hand reflect on the ground. The sky and moon are bright, and the people on the ground are in pairs. Her heart suddenly softens. She leans gently, and her face actively pastes on Xing liehan's arm.

Xing lie's heart moved, his eyes fell into the shadow of his arms, and he smiled at the corner of his mouth. Finally, he felt the woman's enthusiasm and initiative.

He gently pulled out his arm. When Tang Siyu was a little shocked, he grabbed her shoulder again. This time, he pressed it tightly, and Tang Siyu's face was close to his chest, just at the position of his heart.

Everything around is quiet, and the man's heart is strong and powerful, which makes Tang Siyu feel an unspeakable peace of mind. Her forehead is scorched by a warm kiss. Tang Siyu raises his long eyelashes, raises his small face. Under the street lamp, the man's face carries a side of light and shadow, and only sees the half face as perfect as a line sculpture. Her feelings surge. She holds her toes and kisses back on his beautiful side face once.

Xing liehan gave a deep smile and didn't leave. The big palm directly raised her chin, bent down and covered her pink lips.

Tang Siyu's body trembled slightly. It must not be at home or in the room, but in a public place. Even though she knew that there would be no other people coming in the road, her heart string was still tight. With this kiss, her heart beat faster and tensed.

Xing liehan is holding her waist in one hand, and Tang Siyu is standing on flat shoes. He is too tall. She has to work together to kiss. Xing liehan doesn't want her to be too tired.

When he held his hands together, Tang Siyu was held up by him. Tang Siyu wrapped a pair of fiber waists around his waist, making the kiss more suitable.

Tang Siyu's face became hot. She never knew that she had the courage to kiss this man in such a place.

Finally, Tang Siyu breathes heavily and is carried back by Xing liehan. Tang Siyu doesn't want to tire him. After holding for a while, she struggles down. Xing liehan's breath is also slightly panting. He looks at his little woman and feels sweet.

Love is mutual, he loves her, so, will want to hold her back, and she also loves him, will understand his happiness and suffering.

Although Xing liehan and Tang Siyu slept together in the bed these days, he always restrained himself from disorderly coming. However, Xing liehan was full of expectation for tonight.

He had a hunch that something would happen between them tonight.

On the way back from Tang Siyu and wenlichen's house, wenlichen had just packed the dishes and entered the kitchen, but his phone rang. He looked at the company's phone. He took the phone directly out of the garden and answered it. Su Xi saw it.

She can't help but give birth to the idea of helping him to wash the dishes. She will eat and live in his house. If she doesn't do anything, it seems that it's too much to say!

So, sushi immediately went to the kitchen and looked at the complete set of exquisite dishes and bowls. She stood in front of the washing basin and thought about how her mother washed the dishes. She began to pay attention to it. She found the detergent, poured it into the plate, and then picked up the dishcloth and began to wash.

She did not put water here to brush. After brushing, she put it aside. She continued to pour in the second detergent, the third and the fourth. After she washed them all with detergent, she planned to wash them with water.

Her hands are full of bubbles, plus some greasy. When she was just about to bring all the dishes and bowls to the pool, her fingers suddenly slipped

Sushi had a premonition that all the dishes and bowls in her hand would fall down. Her scream had not been heard, but the sound of the dishes and bowls breaking on the ground sounded first. "Ah..." Susie stared at the broken dishes and bowls, and she was silly.

She immediately bent down to pick up a large piece of debris. As soon as she reached out, her delicate skin and flesh were cut directly by the sharp broken porcelain, and the blood beads came straight to the ground.

Wen lichen, who was making a phone call in the yard, heard the sound and rushed back to the kitchen immediately. However, the picture in front of him was a woman squatting on the ground, bleeding in her hands and breaking a broken porcelain bowl on the ground.

"I'm sorry..." Sushi looked at him with a look of apology and guilt. She didn't know that washing a bowl would turn into a disaster scene.

Wen didn't care about the broken bowl on the ground at all, but stared at her bleeding fingers that had not yet been dealt with.

"Leave the bowl alone." Wenlichen strides over, grabs her bleeding hand and washes it in cold water. There are bubbles on her hand. Like helping children wash their hands, wenlichen cleans the bubbles on her hand, and then leads her through the broken tiles and into the hall.

"Sit here and wait for me. I'll get the medicine chest." Wen lichen said, and hurried upstairs to get the medicine chest.

Sushi sat on the sofa and took the paper to suck away the blood beads. At the moment, she felt no pain but full of guilt.

The dishes in his family are really beautiful. Now, they are all broken by her. What a pity!

Chapter 279

Wenlichen quickly stepped down with the medicine box, and walked to Sushi's side. He quickly took out the hemostatic cotton ball to stop the blood for her. At the same time, he took out the gauze and wrapped it around her fingers for two times.

"If you break something, it will be broken. What do you pick it up for? Just wait for me to deal with it. " There was a smell of reproach in Wen lichen's tone.

Sushi looked at him apologetically. "I'm sorry, I was trying to help you with the dishes But I'm all thumbs. "

Wen lichen looked up at her and chuckled, "I will be satisfied if you have this intention. Next time, I will do this kind of thing."

"But I can't do nothing! It makes me look useless. " Said sushi, somewhat ironically.

Wen lichen put his hand around the tip of her nose. "Don't think about it. I won't let you live without food."

Susie blinked at once, and a feeling of being spoiled came up. She bit her lip and said, "then I'll sweep away those pieces."

"Just sit down. I'll deal with it next."

"You must be very expensive! How much is it? I'll compensate you. "

Wen lichen immediately twisted his eyebrows and gasped, "what are you doing so clearly with me? It's just a set of chopsticks. How much is it worth? "

Sushi looked at his back, she breathed, picked up her cell phone to see if there was such a plate order on the Internet. She really wanted to buy a replacement set.

She heard the sound of scraping in the kitchen. She sighed and looked down at her hands. She didn't wash the bowl and hurt herself. How stupid!

After sweeping the dishes and chopsticks, Wen lichen came out and looked at the woman who was sitting on the sofa complaining about herself. He came to her and locked her gently. "Don't blame yourself. I don't blame you or abandon you."

Susie nodded softly. "Don't worry, I won't disturb you for a long time. I'll leave in a week at most."

Wen lichen's handsome face immediately looked ugly for a few minutes, and some were unhappy. "Who said you could go after a week?"

Susie was immediately stunned. "How long do I have to live?"

"You can live as long as you want! If you can, stay with me all the time. " Wen lichen's last words, his arms on the sofa at both ends of her body, close to her, "let's cultivate our feelings."

Su Xi immediately stunned and swallowed his saliva nervously, "Pei What feelings are cultivated? "

"What do you say about feelings?" Wen lichen's deep eyes locked her in seclusion.

Sushi's mind was a little blank, and he said deliberately, "the feeling of a friend?"

Wen lichen snorted, "I won't be friends with people like you!"

"Er! Am I not qualified to be your friend? " Susie frowned gloomily.

"I will only have one feeling with you, that is the feeling of men and women." Wen lichen finished, and his body was gently pressed down.

Suzy blushed immediately, reached out and pushed him, "Hey, you're not allowed to mess around."

Wen lichen's body immediately stood up neatly, looking at the girl with red face. He was not in a hurry, nor wanted to scare her away.

"In the future, you can't enter the kitchen except I can. You can't touch anything dangerous in the future. You can only stay obediently."

"Then I have become a lazy man." Susie didn't like it.

Wen lichen chuckled, "I'll be very happy if you don't make trouble for me."

"You..." Sushton was a little angry. "I'm not so useless!"

"Your only use in my family is to make me happy. If you can be a qualified girlfriend, it's the best! I would like to do what my girlfriend has to do. "

Susie said goodbye with a good face after listening. "I won't!"

"It doesn't matter. We still have a lot of time. I can teach you." Wen lichen's last voice line is very long and warm.

This made Susie immediately pretend to be sleepy and hit a haha, "I'm so tired, I'm back to my room to rest."

With that, she hurriedly walked by his side and quickly slipped upstairs. Behind her, Wen lichen sighed softly. He didn't know why. He had a feeling that it was not easy to catch up with this woman.

Of course, he had another way to tell his identity and let her cling to him tightly, and let her, a little artist, hold his thick thigh, but he didn't want to do so.

When sushi returned to the room, her heart beat a little bit disorderly. To be honest, she was really not able to deal with the relationship between men and women. She was at a loss because of her gentle and direct manner.

At the other end of the villa.

Tang Siyu and Xing liehan have also returned to the villa. Xing liehan's mood is particularly good. His eyes are directly staring at Tang Siyu. Tang Siyu also feels his eyes are unusually hot. However, she is in a good mood today, because she can pick up her baby tomorrow.

Tang Siyu picked up a pajama to take a bath in the bathroom. She had to go to bed early today. She picked up her son in the morning tomorrow, so that she could play with him. She had to take a 4-year-old with her. The Xing family must be tired. Even if he had a good meal and slept well, they would be tired. She wanted to take her son back to her side, so that the two old people could not bear the daily tension To make time for a rest. Tang Siyu looked at the man sitting on the sofa, lazily sitting in front of him. She told him, "go to bed early tonight! I have to pick up my son at eight tomorrow. "

"Good! Go to bed early. " Xing lie's eyes were smiling. Then he stood up and said to the woman who was going to enter the bathroom, "how about washing them together?"

Tang Siyu was immediately shocked and shook his head. "No!" he said

Xing lie looked at her sadly and sighed, "sooner or later you have to accept me."

Tang Siyu bit his lip, turned his back to him and said, "I know, but Give me some time. "

"Five years ago that night, did it really leave you that deep shadow?"

Tang Siyu grabs the pajama's hand and suddenly tightens it. She nods! I had nightmares that year Because I didn't know it was you In my dream, I will always become a villain with a vicious appearance... "

Xing liehan was stunned for a few seconds. Indeed, five years ago in the dark, how could his actions make people think that he is a good man? He was under the control of medicine that time. He may not remember all the rude things he did.

Maybe he thinks it's just what a man normally does, but for a girl who doesn't know, it's undoubtedly a nightmare.

"I'm sorry..." Xing liehan wants to say these three words inexplicably.

Tang Siyu didn't want him to apologize again, because she forgives him in the bottom of her heart, but she can't do it in a positive way.

"Don't apologize, I forgive you." With Tang Siyu finished, she pushed the door into the bathroom.

On the sofa behind him, Xing liehan breathed softly. If time could go back, he would not let himself become such a jerk five years ago.

Chapter 280

Early morning, International Airport.

Tang Siyu and Xing liehan have been waiting at the exit of a specific channel. Tang Siyu can't stop looking at the time with his mobile phone, staring at the channel, looking forward to the figure of Xing family coming out.

Although Xing liehan is also looking forward to his parents' coming back, he is only in the bottom of his heart. He is not looking forward to Tang Siyu so much. He reaches out his hand and gently covers her side face, "don't worry, he will come out soon."

Don Siyu hurriedly took his hand seriously from his face. "Don't do that. Your family can't see it!"

Xing liehan immediately chuckled, "what's wrong?"

"It doesn't matter to you, but it doesn't affect me well, so that your family won't think I'm a girl who is easy to pick."

"Oh! So concerned about my family's influence on you? " In Xing liehan's smile, there are more warm and ambiguous.

Tang Siyu's pretty face is slightly hot. This man is not good at that. He likes to make some warm words to tease her.

Can't you be serious?

Two people are flirting and swearing, suddenly at the entrance, a small figure ran out, who is not the child of Tang Yixi?

"Xiaoxi!" Tang Siyu cried excitedly.

"Mommy! Daddy... " Young shout, little guy immediately SA Yazhi run towards them, little face is all excited color.

Tang Siyu walked quickly to meet him, and directly held him in his arms, breathing the child's breath on him. She felt that the whole heart was warm and caressed his soft little hair, and she couldn't help kissing him.

"Mommy I miss you so much! " The little guy raised his head and immediately kissed Tang Siyu's face. Then, two small arms hugged her and buried a small face in her shoulder.

At the exit, Xing Yinuo, who had just chased out, saw the little guy and the big brother together. She immediately smiled at Mimi and said, "big brother, sister Siyu, you are here."

After that, Xing Yinuo immediately ran to the elder brother, like a little princess asking for credit. "Elder brother, I take good care of your son!"

Xing liehan reached out his hand and stroked her little head. "Yes, the little girl has grown up. She will not only cause trouble, but also take care of others."

"Of course." Xing Yinuo immediately proudly raised his delicate face, very proud.

Xing Yifan didn't come back. After a while, Xing Zhengting and his wife Jiang Lan also came out. Behind them were their servants and drivers pushing the gift box.

"Dad, mom! It's back. " Xing liehan shouted with a smile.

Tang Siyu also picked up his son and said, "uncle, aunt."

Jiang Lan said to her with a smile, "Hey, let's go home together!"

"Mommy, I'm not here. Is daddy nice to you? Did he bully you? " The little guy held Tang Siyu's neck and asked loudly.

Tang Siyu blushes, but a group of people beside him laughs. Xing liehan immediately slaps the little guy on the shoulder angrily, "little guy, don't talk. Be careful I hit your ass."

The little guy immediately got into Tang Siyu's arms and said, "Daddy, you dare to hit me. Be careful that mommy doesn't care about you."

Xing liehan is really afraid of people who have never been threatened by anyone. At this moment, Xing liehan, who was threatened by his son, immediately grabbed the little guy from Tang Siyu's arms and said, "OK, Daddy won't beat you. Daddy will buy you toys."

"Really?" The little guy blinked his big eyes and looked forward.

"Of course." Xing lie's smile at the bottom of his eyes, where is he still angry? He has changed it into a pet. It's just such a child. How can he give up fighting?

Sitting in the car, Tang Siyu and Xing liehan sit, with a little guy in the middle. They haven't seen each other for some time. The little guy really sticks to Tang Siyu. His short hand has been holding Tang Siyu's hand, while his sweet arm is missing her arm, while he stands up again and kisses him with Tang Siyu's face. "Mommy, I miss you so much!"

Tang Siyu holds the little guy's head and kisses him on the forehead! Mommy wants you too. "

This makes a man look a little angry and jealous. As soon as his son comes back, he has no status. Don Siyu doesn't even give him a look. In his heart, he is all his son.

"Mommy, I want to sleep with you tonight. I haven't slept with you for a long time!" Little guy and Tang Siyu have been together for the longest time, so his little heart is full of guilt, so he wants to be close to Mommy!

Tang Siyu looks at her son's fleshy little face, which is becoming more and more lovely. The innocent appearance is the best medicine to cure everything. She strokes his head, "OK."

Xing liehan looks at his son with some resentment in his eyes. He wants to occupy Tang Siyu, so how can he upgrade his relationship with her? Originally, Tang Siyu had a sense of rejection for him. Now, when the little guy comes back, his chances will be less and less.

"Xiaoxi, mommy has a good news for you."

"What good news!" The little guy immediately asked curiously.

Tang Siyu laughed. "Your Godfather and your godmother are together." "Really? That's great. In the future, my parents will get married, and they will have younger brothers and sisters to play with me." "It's amazing."

Tang Siyu chuckled. Her son's innocence and loveliness often made her laugh.

At this time, Xing Lihan took his son to his arms. He approached her and asked, "your father and mother are still in love. Maybe they haven't given birth so soon. If you want younger brothers and sisters, your mother and I can give birth to you."

The little guy immediately blinked his big black eyes, "Daddy, Mommy, when will you give birth to my brother and sister?"

Xing liehan's eyes immediately smiled and stared at Tang Siyu sitting next to him. "They asked your mommy."

"Why?"

"Because Daddy is willing to give birth and she is not willing to, please ask her to give birth to one for you."

Tang Siyu wants to laugh. What does this man have in mind?

"Mommy, you promise daddy to give me a little sister to play with!" Tang Yixi nestles into Tang Siyu's arms and pleads.

In the world of children, it's very simple to have a younger brother or sister.

However, in the world of opening up adults, this is not a simple, even embarrassing thing.

Tang Siyu's face was dark and warm. She stared at the man sitting next to her and warned him not to mention it again, because giving birth to a child is not something to talk about.

Xing liehan smiled innocently and enjoyed her blushing face. He retorted, "is it wrong that my son wants my sister?"

Tang Siyu had to say to his son, "Xiaoxi, Mommy doesn't want to have a baby. When you grow up, I'll think about it."
