Chapter 281

"Then I'll urge my parents to send my little brother and little sister to play." The kid has a second pair of candidates to ask right away.

This time, Tang Siyu and Xing liehan have the feeling of snickering at each other. OK! Let his son urge sushi and wenlichen to give birth!

All the way to Xing's house, Tang Siyu comes in with his son. The little guy is a person who can't sit. He runs upstairs to play in the toy hall. Xing Yifan leaves him a lot of toys, enough for him to play for a while.

Xing Yinuo hides in the room and takes the opportunity to pick up his mobile phone to read novels and comics. Tang Siyu accompanies the little guy to play.

Xing liehan and his father Xing Zhengting are talking about things in the company in their study. Jiang LAN is cleaning up the house with his servant. They haven't come back to live for a while, and some places are dusty.

In the study.

Xing liehan mentioned to his father that Xing Yan had come to him last time, and Xing Zhengting's face was immediately angry. "He really doesn't treat himself as an outsider. If you let him do it once, he wants to make progress again, and his ambition will not be reduced."

"Last time I was not very interested in that project, I would like to see it given to Xing for the sake of his family. But this time, he came to me and asked for it. Of course, I would not agree to it again." Xing liehan's calm expression, sharp eyes flashed cold and ferocious.

Xing Zhengting sighed, "Xing Yan is a wolf who can't feed. Don't get used to him. When it's time to be tough, you must be tough. If you are in the same business, you will become competitors sooner or later."

"I know." Xing lie nodded.

"But try not to be too ugly. His father and your grandfather are brothers and relatives."

"Well! I'll take the measure. " Xing liehan answers.

After talking about the business, Xing Zhengting's face also eased a little. He asked seriously, "have you and Siyu reached the point of marriage? When are you going to do it? "

Xing liehan sighed, "I didn't tell you one thing. Siyu's father died half a month ago."

Xing Zhengting was shocked, "what? Tang Xiong died? What's the matter? "

"He died of a heart attack." Xing liehan doesn't want to mention the details. Tang Xiong and Tang Siyu know the complicated cause of death.

"That little Xi doesn't know yet?"

"Well, Siyu and I will find a suitable time to tell him and take him to see his grandfather."

Xing Zhengting can't help but sigh, "if you and Siyu are together in the future, he and I are family, but we haven't even met formally, which is a pity."

Xing liehan also feels very sorry. Some regret that he didn't have a good communication with Tang Xiong before.

After a while, Xing Zhengting found Jiang LAN to tell Tang Xiong's story. Jiang Lan was also in great pain. Unexpectedly, when they were abroad, they two young people experienced such a sad thing.

"No wonder they left in such a hurry that they didn't even say hello."

"Now I am most worried about Xiaoxi. He doesn't know how sad he will be when he knows it." Jiang LAN worries.

"Xiaoxi must be a child. He should not understand the pain of life and death. It's just that he lost his grandfather when he was so young."

Tang Siyu and Xing liehan are playing with Tang Yixi. The happy smile of the little guy makes them both proud and satisfied to be parents.

In the Pink Princess Room, Xing Yinuo is contacting her classmates. Because of the new semester, their math teacher will change. So, in the group, many people are guessing what kind of teacher they will change.

At the moment, the conversation is very intense, a group of female students there strongly demand that we must change into a young and handsome male teacher, while a group of male students want to change into a sexy and beautiful female teacher.

Xing Yinuo is also following the wind and calling for a handsome male teacher. She is talking. Suddenly, her screen is occupied by the incoming phone.

Xing Yinuo looks at the name above. She can't help but feel nervous. The phone call from Wen Liangyao, for her, is like a call for debt, which makes her very stressed.

Xing Yinuo immediately whispered, "Hello!"

"Home?" The voice line of warm and cool Yao came from that end.

"Well! Come back! "

"Have you finished all your homework in summer vacation?"

"Er One more thing, I'll finish it. "

"When can I see your homework? I'll check it for you."

"No more!" Xing Yinuo naturally has a bottom in her heart. She can't do some things. She does it casually.

"Yes." The voice of Wen Liangyao sounds clear and moist, but it shows an irresistible severity.

Xing YINUO immediately puffed his cheeks and frowned, "no!"

"YINUO, don't you want to go to a better university? Or do you want to graduate from high school? "

"I I want to go to art school. " Xing YINUO said loudly.

"YINUO, I advise you not to enter the entertainment circle, which is not suitable for you." Wen Liangyao advised. "No, I'm still talking to my classmates about our math teacher in the new term!"

Wen Liangyao asked curiously, "what's this for?"

"Of course, it's about my math score next semester. If I'm a handsome male teacher, I'll work harder. If I'm a boring teacher in math class, I want to sleep again." Xing YINUO has nothing to consider in front of Wen Liangyao.

That Duan Wen Liangyao directly gas smile, "if you dare to knock to sleep, you will be punished to stand."

Xing YINUO immediately snorted, "you are not my math teacher, what are you punishing me for?"

"Can't I be your math teacher?" The voice of Wen Liangyao was a little annoyed.

Xing YINUO immediately called out, "of course you can't! You don't have a teacher certificate... "

"If not, it doesn't affect me to be your math teacher in your school."

After hearing this, Xing YINUO immediately stared, "ah You can't be serious! Are you the substitute math teacher in our class

"See you at school." With that, I hung up.

Xing YINUO is going mad immediately. She throws her cell phone and holds her long hair together. The whole person is going to faint. My God! Is Wen Liangyao their substitute math teacher?

How is it possible?

No!

However, she had a hunch that it might be true.

However, Wen Liangyao is a good teacher. Why do you want to be their substitute teacher? Thinking of Wen Liangyao's sending her textbooks into the classroom last time, the group of female students who were frantically around her to inquire about his identity, she had a bad premonition that if Wen Liangyao had become their math teacher.

That must have fascinated the whole class.

Inexplicably, Xing YINUO's chest is stuffy. Wen Liangyao used to guide her well. Now, he has become the teacher of the whole class!

Chapter 282

After having dinner at Xing's house, Tang Siyu and Xing liehan took the little guy back to the villa. The little guy was still excited when he got on the bus because of his jet lag! However, in less than ten minutes, I blinked in the child seat, with an expression of falling asleep at any time.

Tang Siyu looked at him and asked softly, "does Xiaoxi want to sleep?"

"Well!" Little guy nodded.

"Then go to sleep! When you get home, I'll take you back to your room. " Tang Siyu said to his son, reaching out to give his little head a comfortable position, and he fell asleep.

Xing liehan, who was driving in front of him, also took a look in the rearview mirror, slowed down his speed and drove steadily on the road.

In order not to disturb the little guy's sleep, neither of them spoke or chatted. Only occasionally under the street light, Xing lie's deep eyes made eye contact with her from the back looking mirror.

When it's quiet, the man's eyes are particularly charming, as if they contain a complex and hard to understand emotion. His eyes can make her heart beat faster.

All the way to the villa, fortunately, when the little guy was at Xing's house, he took a bath. Xing liehan went upstairs with the little guy in his arms. When he was going to take the little guy back to his master bedroom, Tang Siyu immediately whispered, "take him to my room!"

Xing liehan knew that she would say that. He turned his head and narrowed his eyes. "Who said that when our son came back, we would sleep in separate beds?"

"Three people don't sleep well." Tang Siyu immediately complained.

"I don't think so." Then he firmly carried the little guy into his room.

Tang Siyu looks at him helplessly, thinking secretly, it's not good! This man likes to sleep with her in his arms. Although he can't move around, he can't let his son watch them sleep together every day.

It seems that we should have a good communication with him tomorrow.

Tang Siyu carries her son in by Xing liehan, and she goes back to her room to take a bath. It's still early. It's not until nine o'clock. However, because her son is asleep, she just wants to lie beside him and accompany him.

She came here wearing a set of conservative Pajama pajamas, and saw Xing liehan sitting on the bed in the bath. He was wearing a T-shirt and pajamas.

He said to Tang Siyu, "you should sleep with your son for a while. I have to go to my study to deal with some work. It may take 11 o'clock to come up."

"Well, you go!" Tang Siyu would like to sleep with his son first.

Xing liehan stood up, his tall body was inexplicably oppressed. It seemed that the whole room was dark. Tang Siyu felt that he had come to his side. She couldn't help looking up at him. "What's the matter?"

Xing liehan holds her shoulders, locks her eyes and asks, "give me a good night kiss in advance!"

Tang Siyu looks at his son with some shame. Xing Lihan stoops down and sends his handsome side face to her. "Hurry up."

Tang Siyu had to pucker up his lips and actively send them to his cheek. However, the man quickly twisted his face. What she put on her lips was his sexy and smiling lips.

Tang Siyu hurriedly stepped back and looked at him with some chagrin. He even played rogue.

Xing liehan bites his thin lips with satisfaction, and then pushes the door out. Tang Siyu's lips also make a smile. Anyway, she hasn't played with him in this respect.

She was lying on the side of her son's body, watching his little face sleeping very sweet, and the back of her head was sweating. She picked up a tissue and tried to wipe it for him. At the same time, some people couldn't help kissing him on his pink side face. There was nothing more reassuring with her son around.

Tang Siyu thought of his father, a sour nose, how can she tell her son that his grandfather is not alive?

Tang Siyu secretly wipes tears in front of her son and looks at his face, which makes her heart more and more firm. No matter what happens to her in the future, she must attach importance to her son.

After a while, when Tang Siyu was hugging her son, she fell asleep with the sleepiness of the little guy.

It's about ten o'clock.

In another luxury villa on the hillside, Sushi's life is very comfortable. Now, she has no drama, no advertisement, no business trip, no notice, and finally she has achieved a good life.

What's more, she's glad that she didn't let her family know about her last car accident because of the timely deletion of the ban on the Internet. Otherwise, to let her father know, it's certain to put an end to her wandering in the entertainment circle!

Sushi just wants to live the life she wants. After dinner, Wen Lichen enters his study. It seems that she is busy with her work. Sushi is also happy and at ease. When she brushes her teeth in her room, she has a hobby, that is, eating snacks.

However, in Wen Lichen's house, she couldn't find half of her snacks, only those expensive fruits for her to eat.

Susie had a sleep in the afternoon, but now she is not sleepy at all, which makes her worried. Is it another night to stay up until midnight?

Although it's cool, as an artist, Annie used to strictly control her work and rest time, and often talked about the disadvantages of staying up late in her ear, such as injuries, irregular menstruation, acne, dark skin and so on. Therefore, Sushi was a regular person before. Now, she is completely free from her own state, which makes her a little worried.

She will still take part in the shooting of Love Month training, which is a great opportunity for her to grow fans and enthusiasm. This variety show is a circle of fans. Any star who goes out from here has risen to a high level of popularity.

So, it's also a show that many stars want to enter. Suzy doesn't want to waste it, so she naturally wants to keep the best skin condition on the show.

What to do? She doesn't want to stay up late. Now it's ten o'clock, but her mental state is not good. It's not a good thing.

What else can help you sleep? Susie thought, if she is exercising, it's too late. She doesn't want to move. Plus, she took another fragrant bath.

So what else could make her sleep? Susie immediately thought of a way to drink some red wine. She wanted to sleep as soon as she drank.

She knows that there are many rare red wines in the wine cabinet in the hall of Wenlichen's house. Now she wants to open a bottle secretly to drink. Then, after getting drunk, she can have a good sleep until dawn.

Yes, Wen lichen doesn't know what he's doing at the moment. It seems that he won't show up for a while.

It's a good time.

Chapter 283

Susie sneaks down the stairs. On the second floor, she glances at the innermost room. Wenlichen's study door is still closed.

Susie came to the hall, she went to the wine cabinet, she still had some research on red wine, she picked a bottle and opened it, poured it into a glass cup, she shook it, smelled the mellow red wine, she only asked for two glasses to sleep well.

Sushi felt that if she wanted to have a good sleep, she had to drink more, so she poured a large glass and went upstairs.

In the study, Wen lichen is looking at the latest production script in his hand. He has a pair of gold glasses on the bridge of his nose, which makes him more elegant. His eyes are not short-sighted. He just enjoys the soft luster of these glasses, which makes him more relaxed when watching the drama.

Because he had to check recently, he sent five scripts in his hand, which made his life busy. He likes to read scripts in the deep night. At this moment, he just finished reading a script, which is a historical production. He thinks the heroine is very suitable for sushi.

Zhong Zhen is smart and charming. Even her appearance is clearly reflected in Wen lichen's mind. Wen lichen flicks a tick, and the role decides her.

Thinking of this woman, Wen lichen immediately put down the script. Since the script was sent yesterday, he had no time to accompany her in the evening and did not know what she was doing.

What is Susie doing? At the same time, he steals his red wine while painting the play. In addition, sushi feels that his red wine is so sweet and delicious that he drinks it as a drink. In a short time, a large glass of red wine is the bottom.

Sushi made a drink. She laughed herself. It's so good to drink. I wonder if Wen lichen would be angry if she drank his red wine!

Just then, Susie heard a knock at the door, and she was shocked. Did he find it? To question her?

Susie hid her glass in the cupboard in some panic, then went to the door to open it after finishing her clothes. Wenlichen's lazy body was leaning on her door.

"Are you finished?" Sushi asked with a smile. He drank too fast and was not drunk.

Wenlichen's eyes light up for a while. The red wine smell in the air shows that this woman has just drunk wine, which seems to be his red wine.

"What are you doing?"

"No Nothing, just watching movies! Learn the acting of others. " Susie's face was a little flustered.

Wenlichen opened her half closed door immediately, and his tall body came into her room. Susie stared at her immediately. What was he doing in her room? Don't you know that men and women can't give and receive?

"Why don't you call me if you want to drink?" Asked Wen lichen suddenly.

This made Susie's face hot, her head began to faint, she smiled a little embarrassed, "or you found it! Yes, I just opened a bottle of your red wine and drank a little. "

Wen lichen looked at her two pretty red faces, but did not dare to agree that she only drank a little. It seems that she drank a lot.

"Why drink? What are you worried about or worried about? " Wen lichen still has to be concerned about the purpose of her drinking.

"I have nothing on my mind," said Susie, shaking her head! There is no trouble. I just can't sleep. I want to drink some wine to help me sleep. "

"Why insomnia?" Wen lichen's eyes narrowed, and there was a trace of warmth.

Sushi found out and understood. She quickly waved her hands and said, "my insomnia has nothing to do with you. I just took a nap in the afternoon. I've slept too long, so I don't feel sleepy now."

Wen lichen's face was ugly at once. Didn't she pay attention to him at all?

"Insomnia is more than just drinking. If you want to sleep well, I have a better suggestion."

"What advice?" Susie immediately wanted to know.

"Sport!" Wen Li makes a noise with his lips hooked.

Sushi quickly shook his head and said, "I don't want to. I just fell asleep. I don't want to sweat or move."

Wen lichen's smile was deep. "You don't need to move in this sport, you just need to lie down and enjoy it!"

This time, Suzy suddenly realized what movement he was referring to. Her face immediately turned red. She stared at him, "I don't want it!"

"Can you live without it? You are twenty-four years old. It's time to enjoy it. " Wen lichen can't help but remind her.

Suzy turned her back at once, not daring to look at his burning eyes. She continued to shake her head firmly. "I don't want it."

Wen lichen looked at her helplessly. At this time, sushi suddenly felt dizzy. She helped her forehead, and she was drunk.

During her shaking, Wen lichen had found out that she was wrong. He immediately went up to her shoulder and held her back. He had some breathing passages. "How much did you drink?"

"Just one cup!" With that, Susie shook her head. "How come you have such a high alcohol level?" Wen lichen has a lot of research on red wine. At the moment, just smelling the smell of the wine in the air, he knows that this woman has opened a bottle of the sweetest red wine, and that bottle has a degree of 18 degrees. If she drinks a large glass, then she will have a lot of stamina.

"Well, I'm responsible for my greedy drinking?" Wen lichen didn't have a nice chuckle.

Susie immediately pushed him away. "I'm a little dizzy. I'm going to bed."

Finish saying, she rushed toward the direction of the bed, and directly sprawled on the bed.

Behind him, Wen lichen was really annoyed. The drunk woman was a problem. Of course, he couldn't let her sleep in her room alone. In case she wanted to get up, it was inevitable to bump.

Wen lichen also took a bath. These two days, he respected her and didn't overdo it. Tonight, it was obvious that the woman was calling him to sleep with her.

Wen lichen moved Susie to the other side. Susie felt the edge of the bed behind her sink. She turned around and stared at him with drunk eyes. "What are you doing in my bed?"

"Is this your bed or mine?" Wen lichen asked.

Susie grumbled, "this is your bed But You can't sleep with me No..... " Then push him.

Wen lichen immediately grabbed his arms and pressed his body. "You say no, you don't? This is my home. I have the final say.

When Susie was scared, she woke up a bit. She looked at the dark eyes as dangerous as midnight on her head. Her heart was flustered. Did this man want to take advantage of others' danger?

"You are not allowed to come here..." Susie made a quick warning.

"What is chaos?" After that, Wen lichen lowered his head and kissed her lips. He wanted to tell her what the real trouble was.

Chapter 284

On the soft bed, Susie was pressed to death by some man. She couldn't push it away. In the breathing room, it was all the fresh hormone breath of this man. She was going to faint.

Wen wanted to punish her for stealing his wine, but he didn't expect that the girl's breath was so sweet that he didn't want to let it go with a kiss.

So, the punishment got kissed and became out of control, even endless.

"Well..." Sushi's brain was in a state of confusion. With the stimulation of alcohol, she was shocked all over. She found that her push was weaker and weaker, and the man's kiss was more and more attractive

She couldn't help but reach around his neck and respond.

How can Wen lichen let go of such sushi? He suddenly liked her drinking, because she was so charming that he went crazy.

It's as if everything is happening irresistibly. What sushi breathes and feels belongs to this man.

All of a sudden, her cell phone rings loudly. Susie's head wakes up in the middle of dizziness. The ring sounds like a magic spell, urging her to pick it up.

She also paused from the enthusiastic response, and then a low gasp of bullying sounded, "no answer."

No matter who is calling at the moment, he is very angry. Who will cut the time to call?

"Wen lichen, you let me go I have to answer the phone! " Susie was busy finding the reason to push him away. Now her head was clear, and she found that she had just kissed him absurdly.

What a shame.

In this way, does the man think she is a casual girl?

"No!" Wen lichen seemed to be fighting with the phone, and he couldn't get up under her pressure.

"You..." Suzy stared at him angrily. "Don't you know whether men and women are getting married?"

"No, I only know that men love women!" The man replied hoarsely.

Both of them are thin pajamas. At this moment, everything can be clearly felt.

Suzy's face was red. She looked at Wen lichen, a little afraid and a little pleading.

Wen lichen's eyes stared at her blatantly. The dark and dangerous luster in his eyes seemed to hide a beast that would eat people at any time.

"What's the matter? Do you feel strange? " Wen lichen teased her.

Susie's face, pink cheeks and transparent red ears are all telling. She is very ashamed of the man's reaction.

"Can you get up?"

"No, you can't sleep tonight. I can't sleep either. We need to treat insomnia together." Wen lichen didn't want to let her go. From knowing her to now, he really had the idea of wanting to get rid of her tonight.

Susie is going to die. At this time, the phone calls in again. Susie's nerves are tense. Is it from her parents? My God? One of the strings in her heart was about to break.

"Let go of me. I'll answer the phone. If my parents call and I don't, I'll die." Susie pushed him at once in a hurry.

Wen lichen saw her eagerness, so she had to let go of her. Sushi clanged awkwardly. She went to the sofa and looked at the name of her sister. She took a breath of relief, straightened the line and picked up, "Hello! Sister! "

"Xiaoxi, why don't you answer the phone?" The voice of Suqin asked curiously.

"Oh! The cell phone is in the room. I didn't hear it, sister. What's the matter? "

"Xiaoxi, did you have a car accident?" That end of Suqin concern.

"Sister Not at all! What's the matter? "

"One of my classmates told me that there was a news about your car accident on the Internet. I searched it and didn't find it, but my classmate said that he saw your car hit. Are you ok?" Then Suqin asked.

Su Xi immediately laughed, "elder sister, how can I get into a traffic accident when I jump in a rage? I'm fine! Besides, you can't tell your parents! I really have to be OK. "

"I didn't say that. I heard from my mother that I had a blind date with you. How about that man?" Suqin asked sympathetically at that end.

"Don't mention it. I'm not satisfied anyway, sister. How are you doing abroad? When will you be back? "

"In a few days, the schedule is a little tight."

"Well, you have to take care of yourself!" Suzy laughed.

"Well, I will. Let's not talk about it. I have to write a report. I'll see you back home."

After that, Suqin simply hung up the phone. Suxi breathed a sigh. Fortunately, the accident was covered up. Otherwise, she would be forced out of the entertainment circle by her family.

Sushi raised her eyes and saw a man lying on her bed with a single arm on his long, tall leg. It seemed that he would not leave.

Susie holds her forehead. She feels hot. Some of them have just been lifted by this man, some of them have been stimulated by alcohol, and some of them want to go to the toilet.

"Go back to your room and sleep! I feel dizzy and sleepy. " Sue pleaded.

"You sleep in your bed, I lie in mine, not in the way of each other." Wen lichen incarnates the image of a rascal. He is usually noble as a prince in front of anyone, but I don't know why. In front of this woman, he just wants to be what he wants most. Susie had to ignore him. She pushed the door into the bathroom.

Only when she closed the door, her mobile phone on the desktop sounded the message sound, and in a short time, several messages were reached. Wen did not peek into other people's privacy hobbies, but this series of information attracted his curiosity.

Who would send her so many in a row? It's usually the secret lover or the pursuer who sends such a message. Wen lichen doesn't care about his identity. He goes to the sofa and picks up her mobile phone, only to see that the message still floating on the screen doesn't disappear.

It's from a cell phone that hasn't saved the number.

"Suxi, this is Liu Fei. I like you. When shall we meet again?"

"Since I saw you that day, I don't think about tea or rice, I want to see you."

"You are really my goddess and my idol. I will love you all my life."

"Your parents also say that we are suitable. Otherwise, shall we try to get along?"

"What are you doing now? May I come to you? "

Looking at the information, Wen lichen guessed that it was Sushi's parents' introduction of the blind date. Even though sushi was not interested in the man, he was annoyed by so many confessions he sent.

Wen lichen holds Su Xi's cell phone and locks it with a password. He just squints his eyes and cracks it. This woman is really lazy and uses her birthday as the password.

Wen lichen called back the numbers directly.

The end quickly picked up, and an excited male voice came excitedly, "Hello, sushi? Susie, is that you? You called me. That's great. "

Chapter 285

Wen lichen narrowed his eyes and warned coldly, "I'm Sushi's boyfriend. Please don't disturb her later."

"What? Are you Susie's boyfriend? "

"Not bad! She's my woman. She's not interested in you. Stay away from her in the future. " With that, Wen lichen hung up and didn't want to hear the man's voice again.

At the same time, he deleted all the information of Liu Fei and the call records.

Su Xi came out of the bathroom and saw the figure of Wen lichen sitting on the sofa. She twisted her eyebrows. She was tired and sleepy. She couldn't help but say to him, "if you want to go, bring me the door. I really need to sleep."

Then she curled up at one end of the bed and fell asleep. Wen lichen looked at the other half of the bed she left on the sofa, as if she had intended to leave it to him.

He couldn't help but chuckle, get up and come to her side, and lie down on his arm.

Suzy knew he was lying down, but she had no energy to catch up with him now. Besides, the whole villa was his, and her guest had no reason to catch up with him.

Wen lichen turned his head to look at her slender back. He turned sideways, and his long arm naturally fell on her waist.

Sushi immediately struggled in protest. After her death, she quickly pasted the man's whole chest, and a reassuring sentence fell in her ear, "rest assured, just hold you and sleep, don't touch you."

When sushi heard this, she couldn't open her eyes because she was drunk and sleepy. At the same time, she believed what he said in her heart.

Under the influence of alcohol, she fell asleep in a short time, but tonight's insomnia is about to be replaced by Wen lichen.

In Xing liehan's study, the lights are still on. He is in front of the computer, checking the emails sent to his mailbox one after another. Suddenly, among the many work emails, one email is particularly eye-catching. Instead of the company's last name, it's Ni Yan.

Xing liehan took a look at the time, which was sent in this morning. His eyes flashed a complex light, and he clicked.

"Liehan, let's meet today!"

There is only one sentence. Xing liehan looks at it calmly, points to close it and doesn't respond.

Ni Yan, a name buried in the bottom of my heart for six years, reappeared in front of me. It was as calm as water, not moved.

Every man's growth is inseparable from a girl's entry, and every man's maturity is inseparable from a girl's hard hurt credit. From a young boy to a mature man, once hurt, the heart will be hard once.

And Ni Yan is Xing liehan's first injury, which can be said to be his first love.

The rich lady of another country's family, the heiress of a family business that also has a reputation in the business world, they had contacts six years ago, but her family prevented their feelings. In that young love, she chose the family and gave up their love.

That day, Xing liehan was 21 years old. He devoted himself to a relationship with his beloved girl and was ready to express his true feelings to her. He was ready to give her a future. But on the stage that he had carefully arranged, the girl told him heartily, "we are not suitable. Let's break up!"

Xing liehan's proud self-esteem was directly smashed, just like the bunch of flowers that Ni Yan threw on the ground, throwing on the ground, like his heart, cold, without a trace of temperature.

At this moment, the name appeared in front of him again, and Xing liehan's eyes only stayed a little bit cold, and then he turned it off.

Xing liehan turned off the computer, got up, looked at the time, at half past eleven, he thought of the mother and son who were sleeping upstairs, and the coolness of his eyes immediately sparkled a smile.

He opened the door and stepped out of the study.

In the master bedroom, Xing liehan gently pushes the door open, only to see his big gray bed. The mother and son embrace each other and fall asleep. Under the warm yellow light, this picture seems to inject a warm current into Xing liehan's heart. He sits on the edge of the bed.

Gaze at this pair of mother and son quietly, chest overflowing with satisfaction and stability.

Tang Siyu cuddles the little guy, but there is a place left behind. It seems that Xing liehan has left it for him. Xing liehan naturally lies down on his side and brings the sleeping mother and son into his arms. Tang Siyu has a light sleep. She turns her body slightly and looks at the man who goes to bed behind.

"Are you finished?" She asked softly.

Xing liehan made a kiss on her side face! I'm done. Go to sleep! "

Tang Siyu is confused and doesn't forget to kiss on the little guy's head. Then, the little guy sleeps under her hand, while she sleeps under the man's arm. Xing liehan picks up the remote control and turns the light in the room to a dark level suitable for sleep.

The room, full of starlight, became extraordinarily quiet.

At six o'clock in the morning, a private plane landed in the International Airport. From the plane, a young woman stepped down. She was twenty-five or six years old. She was wearing a high-grade light gauze dress, a white gauze hat, and a wave of long hair scattered behind her head. Step by

step, she stepped down the stairs of the plane. Looking at the bustling metropolis shrouded in the morning fog, even though the dense fog makes the city fall into a kind of deep sleep, everyone knows that the city ranks in the top five cities in the world with high economic development. As the largest financial city in the East, it is full of opportunities.

For investors, this is the Eden that attracts them.

"Here you are, miss. This way, please."

"Is everything in order?"

"As scheduled, your meeting will be held at 3:00 this afternoon in the meeting room of Xingshi group."

A smile flashed across the woman's face, and a smile on her lips! I'll go back to the hotel and have a rest! "

Outside the airport, a line of three cars drove to a five-star hotel in the center of the city. In the hotel, the girl gently insisted on a glass of red wine, but did not feel sleepy. Her eyes looked through the high place of the hotel to the building, which is located in the center of the city. She smiled gently.

If I come back to you in a way you don't know, will you refuse me? Hot cold?

If you know the reason why I broke up, will you fall in love with me again? Ni Yan's eyes flashed with tears and confusion. However, after six years, she still couldn't forget him. So, after she held the power of the family, the first thing was to come to him to mend old ways.

The sun is shining golden over the city, pulling out the fog, revealing the true face of the financial metropolis and attracting Ni Yan's eyes.

From now on, she will set up the family here, and she will use all the time to apologize to a man.

Chapter 286

The morning light slowly climbed to a corner of the bed from the windowsill. It was full of life on the green plants.

The little guy sleeps the earliest, so he wakes up the earliest. He turns over and looks at mommy and daddy sleeping beside him. He immediately loves to put his little arm around mommy's neck, throw her cheek and try to be close to Mommy.

Tang Siyu is awakened by the action he loves this morning. When she opens her eyes, she can see that the little guy's lovely pink face is shaking in the eyes, with big clean eyes, shining like stars.

Tang Siyu immediately hugged his face and kissed, "Xiaoxi, wake up?"

At that time, Tang Siyu felt that there was a warm arm around her waist. She immediately brushed away the palm of the man's hand when her son didn't find it. At that time, she felt that there was a gentle pat on her hip, and she immediately froze for several seconds.

Xing liehan woke up when the little guy woke up, but he didn't expect that the woman would dare to secretly take his hand away, so he naturally wanted to punish her.

Tang Siyu's pretty face was slightly red, and she couldn't help saying to her son, "Xiao Xi, we're up."

The little guy immediately turns over Tang Siyu's side, immediately presses on Xing liehan's body, rides on his strong waist, "daddy got up!"

Tang Siyu immediately sat up and went to see the man behind him. He beat her just now. Now he pretended to sleep with his eyes closed, but he could really pretend!

Xing liehan's closed eyes, clear and handsome eyebrows, narrow and long eyelids, and light corners of his mouth all have a fascinating charm even when he sleeps.

"Mommy, kiss Daddy! Like in a fairy tale, how about a princess kissing a prince? " The little guy immediately suggested that he stayed with Xing Yinuo for too long. He had been listening to the fairy tales for half a month, so he was deeply influenced by them.

Tang Siyu looked at her son's serious appearance and was really embarrassed to refuse him. She had to say, "OK! I'll give him a kiss. "

With that, Tang Siyu leaned down and kissed Xing lie on his handsome side. She leaned close to his ear and said, "get up!"

Xing liehan's eyelids didn't move, but his lips were smiling.

"Mommy, daddy isn't up yet." The little guy tooted his mouth. He leaned down and kissed Xing liehan in the face.

Xing lie's long and thick eyelashes open, and his eyes are bright and charming. He immediately rolls around with him and makes a mess with him, and his mouth giggles.

Tang Siyu looks at the two father and son who are making trouble together. She gets out of bed from the side. Behind her comes the little guy's cry, "Mommy, help! Help

Originally, the little guy was pressed by Xing liehan on the bed and couldn't move, so he had to ask mommy for help. The master of Tang Siyu turned to look at him and said, "I've found a way. Mommy got up."

Tang Siyu washes it out and sees Xing liehan and the little guy come out dressed neatly. Xing liehan has a handsome dark shirt, and his hair style is obviously taken care of, which is refreshing.

"Mommy, daddy said we'd go out for breakfast." The little guy is the same as his father. The hair on his head is blown out with a hairstyle. The handsome little five officials are just a copy of Xing liehan.

Tang Siyu looks at her son's handsome appearance, and her heart is satisfied.

After breakfast, Tang Siyu and Xing liehan took the little guy to the supermarket, bought some daily necessities, and bought a new robot toy for the little guy. They were very happy.

In the middle of the day, we eat in a Chinese restaurant in the center of the city. There are three people in the restaurant. They are happy. Tang Siyu and Xing liehan are also like a formal couple. In the eyes of others, they are the real three.

Around two o'clock, Han Yang, Xing liehan's assistant, called in.

Xing liehan picks up, "hello."

"Mr. Xing, do you need to postpone the meeting with the head of Connelly at 3 p.m.?"

Xing liehan thought for a moment, "no, I'll go to the meeting room at three."

"OK!" Han Yang Hung up at that end.

When Tang Siyu heard his phone call, she looked up and said, "go to work! I'll take Xiaoxi to play."
"

"I'll take you where you want to go and then to the company."

"No, there is a large playground nearby. I want to take him to play." Tang Siyu said to him that as a mother, at the age when children should play, they should let him play well.

"Well, I only need one hour to have a meeting. I'll come to you after the meeting." Xing liehan also wants to spend time with them.

Tang Siyu nodded, "OK! We'll wait for you in the playground. "

Xing Lihan went to the parking lot and drove back to the company. Tang Siyu took Tang Yixi to the playground with him. Tang Yixi was only a four and a half year old child. At this moment, he also had a strong heart for playing like all the children. As soon as he entered the playground, he began to find his favorite items to play.

Tang Siyu is on the side, looking at him all the time. At the moment, her heart is full of her mother's deep love for her children. At 2:30 of Xingshi group, a black luxury car stopped at the door of Xingshi group. The bodyguard got off the car and opened the door. A pair of high-heeled shoes stepped on the ground gracefully. As a tall girl in Khaki Skirt stepped down, her eyes were wearing sunglasses, her long wavy hair was scattered behind her head and wrapped her beautiful face. She looked at Xingshi group. Several people came out of the hall, her eyes full of expectation and desire.

However, among the welcome people, there was no man she wanted to meet. She also knew that the company she cooperated with Xing group was not important enough to let Xing liehan, the president, meet him in person.

"Miss Shirley, you are here. Welcome. On behalf of our president, I warmly welcome you." Han Yang led several senior managers to meet her.

Han Yang looked at the woman with charming temperament. He couldn't believe that the head of the Connery group would be a young woman in her twenties and sixes, and, obviously, she was very beautiful.

"Hello! Will president Xing arrive at the meeting today? " Ni Yan asked with a natural smile, but under her sunglasses, her eyes were full of longing.

"Yes, Mr. Xing is still on his way to the company. He will be there soon." Han Yang finished and made a gesture of "please".

Ni Yan's lips raised a light smile and calmly followed Han Yang into the elevator.

She appeared in Shirley's English name, just because she didn't want Xing liehan to recognize her from her name, because she was afraid that she would be refused to meet him, but this time she came to his country to find him, she was also prepared.

Chapter 287

Moreover, she firmly believes that she has a place in this man's heart, because the old love in the past makes her have this confidence.

In a man's most longing for love, the woman who falls in love at the warmest age, often becomes the one he will never forget. Ni Yan's self-confidence comes from that she is the first woman Xing liehan fell in love with. Although the love between them in that year was pure as water and only delivered a piece of sincerity to each other, shouldn't such feelings be most memorable?

There is a good saying! What you can't get is what you want most. She is the woman Xing liehan didn't get.

She is not the simple girl who is 20 years old. Now she is the successor of Ni family. She is mature, confident and charming. She is more worthy of being loved.

All the way to the elevator, Ni Yan's mouth gently raised, the bottom of his heart gently called, strong cold, I came to see you.

When Xing liehan's sports car arrived at the garage, it was already 2:52. As he entered the elevator, he dialed Han Yang's phone and said, "get my information ready. I'll enter the meeting room right away."

"Xing Shao, the materials are all ready. Come to the conference room directly! Miss Shirley is already waiting. "

Xing Lihan slightly twisted his eyebrows. Did he know that the head of Donnelly would be a woman? However, this company has reached a more important meeting with him, and the contract has been officially signed. This time, the heads of the two companies met and talked with each other.

Xing liehan's long and handsome body steps in the air corridor, walking leisurely as if walking around his kingdom, calm and confident.

Xing liehan heads for a meeting room. In the middle, an assistant walks past him and respectfully greets him. Xing liehan lightly nods.

Finally, arriving at the gate of the conference room, Han Yang, who had been waiting for him, immediately opened the door for him, "Xing Shao, here comes."

In the conference room.

Ni Yan hears the sound outside the door, her breath suddenly shortens a few minutes, even her chest is slightly undulating, showing her intense mood at the moment.

He has come. For six years, Ni Yan has been paying attention to Xing liehan's every move, and he has also changed. He is no longer the fanatical young man of that year. He has become mature, handsome, steady and agile. When he steps into the business world, he will be invincible. He has become a legend in the business world.

Ni Yan has been quietly listening to him. Only in this year, because she has been trapped in the family struggle, she has little attention. But when she first competed for the right to inherit the family, she can't wait to buy a company secretly, and Xing group has achieved cooperation.

At the same time, there is today's meeting.

When Xing liehan stepped into the conference hall, he saw a figure of a woman sitting on the main side seat with her back to him. She looked like a young woman.

When Xing liehan watched the figure, suddenly, the girl who was sitting slowly turned her head back, and a strange and familiar woman's face suddenly caught Xing liehan's eye.

His pupil slightly shrank, he thought of the email last night, and also thought of Ni Yan's words, the original meaning of her words is this, they will meet today.

"I haven't seen you for a long time." Ni Yan stood up, her mouth curved smile, step by step to Xing liehan in front, take off sunglasses, with a pair of beautiful eyes staring at him.

Han Yang and several managers were stunned. It turned out that the beautiful director of Connelly and Xing always knew each other.

Moreover, depending on the situation, it's not familiar.

Han Yang also came in when Xing liehan started his company. At this moment, he did not know the relationship between this young lady and Xing liehan.

Xing liehan's eyes looked at Ni Yan coldly, his jaw slightly, "Miss Ni, I haven't seen you for a long time."

"Liehan, I come to beg your forgiveness." Ni Yan immediately expressed her thoughts, her eyes filled with regret and guilt, and her deep feelings towards him.

Seeing this situation, Han Yang asked in a low voice, "Xing Shao, do we need to go out for a while?"

Xing liehan looks at Han Yang and says, "it's meeting time now. What are you doing out?"

Ni Yan's eyes flashed a fluster. She saw Xing lie's cold eyes. There was no more warmth and calmness. It seemed that she could not find even a trace of old love. How could it be?

But only six years, don't they wear away so intense a relationship between them?

"Would you please give us some private time?" At the same time, Ni Yan took a look at several managers nearby.

Han Yang immediately looks at Xing liehan and wants to see his opinion. Xing liehan's eyes are light. "That is to say, Miss Ni is not going to have a meeting, so don't waste our time with each other. I have something else to do. This meeting is cancelled."

With that, Xing Lihan turns around to leave. Suddenly, Ni Yan quickly opens her arms around his waist, sticks her face on his back sadly, and affectionately calls him, "lie Han, don't go..."

Now, Hanyang and several managers know that it's time to leave. They quickly leave from the side and close the door. Xing liehan stretches out his hand to pull away her tight hand, turns around and stares at her coldly. "Miss Ni, please respect yourself."

"Don't call me miss Ni, call me Xiaoyan. You used to call me that, didn't you? I also want to hear you call me Xiaoyan. "

"Did miss Ni forget? The relationship between us has already been figured out. If Miss Ni doesn't want to talk about cooperation, we will talk about canceling the project. " Xing liehan's voice was calm. There was no wave of old love in his voice.

Ni Yan can't believe to see him so ruthless, she bit her lips, sad way, "you know? Six years ago, I didn't really have to break up. I was forced. My parents asked me to fight for the inheritance right of my family. I didn't have a choice. I was in pain I really don't want to lose you, liehan..."

Finish saying, Ni Yan's tears gush down, pear blossom brings rain, not to provoke people.

Xing liehan looks at her. At the moment, he clearly hears his inner voice. For the woman he once loved, his heart is still and there is no mood fluctuation.

He thinks that the love in his youth is not the love he really wants, but now what he really wants is only one woman.

"Ni Yan, go back! It's over between us. " Xing liehan doesn't want to tangle up with that matter six years ago. He did suffer and hate that year, but now, those emotions have become meaningless.

"No, I'm here to find our past love again besides asking for your forgiveness." Ni Yan answers firmly with tears.

Chapter 288

In the quiet meeting room, two opposite men and women face to face, the sadness of the girl and the calm of the man, which made the meeting six years apart, the atmosphere became extremely stiff and dead.

Ni Yan's eyes are constantly exploring and searching in Xing liehan's deep eyes, trying to see a trace, even if it's just a trace of love and miss for her.

But is it her bad eyes? Or is this man's heart really as hard as iron? She didn't even see a trace of it, but he was as dark as the cold light of midnight.

"Liehan, I know that my sudden appearance in front of your eyes makes you unprepared and hard to accept. It doesn't matter. We have a cooperation in our hands, so let's slowly start to get to know each other again!" Ni Yan knows that the break-up that year caused irreparable damage to Xing liehan. At that time, he was a proud lion with strong self-esteem. Her injury must have caused him extreme pain.

So, meet again, his rejection and cold, she is prepared to bear, she believes that she will use the next time, slowly soften his heart, find the traces of their love, let him gradually put down the past, repair the old.

"I don't think it's necessary." Xing liehan squints his eyes, his tone is absolute.

Ni Yan can't help a sad smile. "Fierce cold, do you really hate me so much?"

Xing Lihan looks at Ni Yan at the moment. She is really different from her then. She is such a successful, confident and successful woman. The pride revealed from her heart is not fresh in the

business world. Such a woman, even if he really loved her before, is the girl who was innocent and utilitarian, not the one in front of her, A mature woman steeped in fame and wealth.

"I've long forgotten the past. I hope you don't mention it again. We live our own lives and don't interfere with each other." Xing lie's voice was cold and cold, and he drew a clear line.

Ni Yan is slightly shocked. As a woman's sensitivity, she feels that Xing liehan does not want her to appear even more than she thinks. It seems that her appearance has caused him any trouble.

Her heart ached, and she guessed, "is there another woman around you? Are you afraid of my presence and hurting her? "

Xing liehan didn't speak. She turned around and stepped out of the meeting room. Behind her, Ni Yan guessed it. She took a breath immediately and even shivered a little. There was a strong jealousy and curiosity in her heart.

Who is the woman accompanying Xing liehan now? What qualification does she have for Xing liehan to fall in love with? Or, after Xing liehan loved her so passionately, could he still hold another woman in his heart?

It's impossible. Ni Yan squints her eyes. Over the years, she has more or less inquired about and explored his life or personal feelings. In addition to seeing his usual figure in the financial circle, there is no other woman beside him.

But in less than a year, did he have another woman around him? Ni Yan thought, even if there is, it must be a woman who just walked into Xing liehan's side. Then, their feelings must not be deep. She still has a chance.

So comforting oneself, Ni Yancai gently breathed a sigh, as if relaxed a lot!

At present, the meeting seems impossible. Ni Yan follows quickly. She sees Xing liehan walking towards his office. She immediately follows him. Han Yang stops her when she is ready to catch up. "Miss Shirley, I'm sorry, we, President Xing, can't see you now."

Ni Yan smiled and shook her head. "My name is not Shirley. My name is Ni Yan. I'm liehan's ex girlfriend. I'm not a client of your company. I'm his VIP."

Han Yang is shocked for a few seconds. It turns out that this woman is Xing Shao's ex girlfriend. Now, he is in trouble. At the same time, he thinks of Tang Siyu, who Xing Lihan is pursuing. He can't help worrying about Xing Lihan.

This is not a good thing!

"Excuse me." Ni Yan takes advantage of Han Yang's daze, she crosses from the side and goes straight to Xing liehan's office.

Han Yang wants to stop behind him, but he finds that he really doesn't know whether to stop him or not!

Xing liehan just sat in the office. He told Han Yang that no one was allowed to come in, but now it was Ni Yan who pushed the door in. She walked in a bit lost and looked at him. "Liehan, do you have time to talk? Even if we talk about your one. "

Xing lie's slender body is sitting on the office chair. He has an extraordinary posture and is very handsome. He exudes the strong momentum of a mature man. Such a man makes Ni Yan's heart beat faster and a strong love surge from the bottom of his heart.

He's more charming and more masculine.

"Miss Ni, I don't want to see any guests today. If you come for business, I'll arrange for the vice president of our company to meet you tomorrow. Please go out." Xing liehan's ten fingers crossed his chest, a tone of business negotiation.

Ni Yan's heart shook fiercely. She looked at him. In addition to missing him, she was disappointed. She was biting her lips and was about to cry.

"Fierce cold Don't be so cruel to me, will you? Do you forget what we used to be? Do you forget the happy past of our years? That year, we So in love, we said we'd love each other for life and stay with the old. "Xing liehan did not open his face, his deep eyes looked out of the window, his eyes were full of boredom, and he interrupted her coldly, "even if you say that it is the past, I am not nostalgic, I have forgotten everything before."

"No How can you forget? Those are our most precious memories. " Ni Yan can't help the tears of sadness.

Xing lie's face was pitiful to her. In his mind, it was another beautiful and gentle face. Compared with Tang Siyu's position in his heart, Ni Yan was just a past style, and the past that would interest him forever.

Even when Ni Yan talked about everything six years ago, he found that those things had become so unimportant and even forgotten in his mind.

"Don't waste your time. It's impossible between us." Finish saying, Xing lie cold press inside line, Korea Han Yang orders, "come in to see off a guest."

Soon, Han Yang's figure knocked on the door and came in, saying to Ni Yan, who was wearing tears, "Miss Ni, please!"

Ni Yan looks up at Xing liehan with a beautiful tear, trying to impress the man with such a sad self. However, Xing liehan is looking through the document, even without looking at her.

Now, Ni Yan's heart really has a deep sense of despair.

Chapter 289

It turns out that everything is not as she imagined. She expects Xing liehan to be attracted to her again, to show surprise expectation for her now, or to yearn for her.

Is she wrong?

Ni Yan bit her lips and finally looked at Xing lie's handsome figure. She turned around and walked out of the office. Just after she came out, she wiped her tears with her fingers. Then she looked up at Han Yang, the young assistant. "Assistant Han, can I ask you something?"

Han Yang immediately nervous, but still not good refused to smile, "Miss Ni want to know what?"

"Does Xing always have a girlfriend?" Ni Yan asked directly, looking at him expectantly.

"This I'm not sure. " Han Yang naturally dare not reveal anything.

"I think so." Ni Yan read out the truth from the twinkling eyes of Han Yang.

"OK, please tell liehan. Let's schedule the meeting again! I'll come back. " Ni Yan finished, looked back at Xing liehan's office door, and she walked away.

Xing Lihan is standing in front of the floor to ceiling window of the company. Ni Yan's sudden appearance really surprised him. Moreover, his company and her have another signed cooperation about to start.

If it's just a simple cooperation, Xing Lihan will not have any opinions, but Ni Yan's purpose is to revive his old love, and he has no idea about it at all.

Xing liehan picks up his mobile phone, finds Tang Siyu's phone number and dials it up.

"Hello!" That end, is Tang Siyu's sweet and smiling voice, "so soon after the meeting?"

"Is it still in the playground? I came to see you. " Xing liehan asks gently.

"Yes! Come here! "

"Well!" Xing Lihan chuckles and starts to think about whether to tell her what happened with Ni Yan six years ago, because if Ni Yan doesn't give up, she will find Tang Siyu sooner or later.

Instead of letting this woman know nothing about blind misunderstanding and random worry, he would rather tell her what happened six years ago and let her know that there would be no one else in his heart except her.

Tang Siyu is in the playground. At this time, there are many moms nearby. However, those moms throw their children aside to play, and they chat happily with their mobile phones. Only Tang Siyu follows Tang Yixi all the time. Her eyes never leave her son.

Looking at Tang Yixi coming down the rotating slide, her mouth was full of joy, and the corner of her mouth was raised with her son.

"Mommy, do you think I can climb it?" The little guy went to challenge the children's climbing project again. A staff member buckled his seat belt and let him climb.

Tang Siyu immediately encouraged, "Well! Mommy believes you, come on! "

"Well! I can definitely climb it. " Tang Yixi immediately began to step by step, and climbed steadily up. His small arm was full of strength, and he stepped steadily on each foot. However, he almost slipped for a while, which made Tang Siyu's heart jump.

The little guy climbed to the top, then climbed down again. When Tang Siyu came down, he gave him a hug, kissed his sweating face, took a sweat towel and put it on his back. The little guy began to find another place to play.

Tang Siyu is playing with the little guy in this huge indoor children's paradise. In front of the railings not far behind him, a tall and beautiful figure stands there silently. Xing liehan doesn't come in. He looks at the happy mother and son, and his eyes and heart are occupied by them.

"Daddy..." The little guy saw him at the tip of his eye. Tang Siyu also turned around and walked over with a sweet smile.

"Let him play a little longer and we'll go." The cold road of xinglie in the Siyu Dynasty of Tang Dynasty.

"Well! Come back to my parents' house for dinner in the evening! They called me. "

"Good!" Tang Siyu nodded. Instead of eating out, she preferred the warmth of home.

With Xing family, she can feel the atmosphere of home.

I was tired of playing. On the way back to Xing's house, I snuggled up in Tang Siyu's arms and fell asleep. The atmosphere in the car was a little quiet for a while. Tang Siyu could not help but also find that Xing liehan was a little different from usual.

"What's the matter with you? What can I do for you? " Tang Siyu asked.

Xing liehan looks at her in the rearview mirror. He comforts and smiles, "nothing! I wonder when I will tell Xiao Xi about your father. "

"I'm going to tell him tomorrow and take him to see my father."

"Since the death of your father, the stock market of Tang's group has been in a downward state. It seems that Qiu Lin is not good either."

Tang Siyu loves his father's company. It's the battle field of his father's struggle. Qiu Lin wants to keep the company. I'm afraid she lacks experience. Even if she owns the company, she won't be too proud.

"Fierce cold..." Tang Siyu looks up and calls his name.

Xing liehan's eyes immediately sparked with surprise. She even called his name, which was really a wonderful and surprising thing. "Well! What's the matter? " Xing liehan looks at her from the rearview mirror.

"My father's company, it's up to you to make a decision. If you want it, you can buy it back at the right time. If the time is not right, you must not force Qiu Lin to lose. You are more important to win back the company and you." Tang Siyu said what she wanted to say to him.

Xing liehan's heart is sweet. Finally, she has been chasing her for so long. All kinds of ways have been used and no reply has been received from her. Now, their relationship has finally been kept open to the moon.

Xing liehan smiles and agrees, "OK! I know what to do. "

With that, his eyes flashed a deep smile and stared at her.

Tang Siyu's heart was so hot that he said, "don't look at me, look at the road."

Xing liehan gave a deep smile, and the laughter came out of his chest happily. "You finally let me know my position in your heart. I want to dance happily."

Tang Siyu couldn't help but smile and look at him. "Then you can show me!"

"Want to see me dance? Close the door at night and I'll show you by myself. " Xing liehan smiled and showed a row of ice white teeth.

Tang Siyu's face suddenly turned red, and the dance she was shown by herself must not be serious, so she said with a smile, "forget it, don't want to see it."

Xing liehan's eyes also flashed a warm smile. The woman even began to think of some color. However, it's true that he didn't plan to show her in clothes.

On the way back to Xing's house, the atmosphere was just right. The glow outside the window also dyed a piece of red light, making this late summer evening, the scenery amazing

Chapter 290

When we arrived at xingzhai, dinner was just ready. Tang Siyu washed his son's hand and then took him out. Xingyinuo smiled and led him. "Xiaoxi, aunt will give you a present later."

"Really?" The little guy was immediately happy.

"Of course, Auntie's word counts." Xing Yinuo likes to surprise people most. This is what she specially selected for him when she went out to play this afternoon.

This is probably the reason why the girl is careful! Even if it's shopping, I don't forget to buy gifts for the people I remember in my heart. Now, Xing Yinuo is only a child of Tang Yixi.

Of course, she was also forced out by her mother, because her mother said that Wen Liangyao had taught her for so long, so she had to send him a gift as a thank-you, and she had to choose the gift herself.

So, she also chose a gift for the little guy directly.

At the dinner table, Jiang LAN takes good care of Tang Siyu's taste. All her favorite dishes are put in front of her, which makes Tang Siyu warm in heart. This silent love moves her.

If there is a little guy eating at the table, the atmosphere will not be good. The little guy will eat this and that later, but he is busy.

The little guy is also a non picky eater, so he is raised white, tender and tender, but he is born with good genes, so his small body is not too long meat. At a young age, the proportion is very good, much higher than his peers.

After dinner, don't worry about going back. The little guy and Xing Yinuo go upstairs to see the gift in her room. Tang Siyu is eating fruit.

Xing liehan's mind is heavy tonight. However, he is well hidden and has not been discovered. At this moment, he looks at Tang Siyu and eats some fruits. He says, "Siyu, are you full? How about going for a walk around with me? "

Tang Siyu can see that his walk is only one reason. He should have something to tell her.

She said with a smile, "OK!"

After that, she got up to go out with Xing liehan. The garden outside was very quiet. The landscape lights in the garden lit up a mysterious little world. At night, it seemed that there was a fragrance of flowers.

Xing liehan and her relaxed walk together in which Tang Siyu is counting the square tiles that the ground has stepped on, also have some fun.

"Siyu, I want to confess something to you." Xing liehan turns around and looks at her deeply.

Tang Siyu looked up at him, but he said, "you can tell me! What is it? "

"It happened six years ago."

"Six years ago? We didn't know each other then! " Tang Siyu said that he knew each other, which was naturally the exchange that night.

Xing liehan was slightly embarrassed and nodded, "yes, it's more important than that."

Tang Siyu blinked, but he was more curious, "well, say it! I'm listening! "

"I've had a girlfriend before, but I promise she and I just like each other. There's absolutely no physical contact. No, there's kissing, but there's no deeper contact." After Xing liehan finished, he looked at Tang Siyu's eyes with some worry, as if he was afraid that there would be an angry flame.

Tang Siyu's brain did explode a little. She was so stunned that she didn't know how to accept it. Of course, in fact, she quickly reflected that it was discovered six years ago. At that time, they didn't know each other at all. Therefore, anything happened to him had nothing to do with her.

However, when she heard that he had ever been with a girl, she still had a lot of bad feelings in her heart.

"Really?" Tang Siyu did mind.

As soon as Xing liehan heard this, he knew that she was asking about his body and Ni Yan's body. He immediately raised his hand without hesitation to promise, "really! I swear, she and I are still innocent, there is no deviant behavior

However, Xing liehan did not dare to tell her that in those days, he was almost as successful as Ni Yan's proposal and almost wanted to be engaged to her.

Because when he was young, he was still not rational or mature enough. Of course, he would not expect what would happen later, nor would he expect a woman to give birth to his son and appear in front of him, and attract him more.

Tang Siyu chuckled, took his foot and pulled his palm down. "OK, I believe you are. Then? Are you just trying to tell me that? "

"Her name is Ni Yan. She appeared in front of me today as the person in charge of a partner. I didn't know this company was her before, so we signed a cooperation agreement."

Hearing this, Tang Siyu, as a sensitive woman, of course, knows very well that Ni Yan is back to compound with him and wants to repair the old one!

"How did you break up? Don't you like her? " Tang Siyu was more curious about their love.

This is exactly where Xing Lihan didn't want to tell her. He reached out to hold her hand, and Tang Siyu's heart was slightly smothering. His action made her feel that he must have loved Ni Yan.

"I liked her. When I was 21, I thought she was the woman I wanted, so I planned to propose to her. During the proposal, she broke up with me and returned to her country and her family. Since then, we have never met again. "Tang Siyu's heart is still stuffy and aching. It seems that there is only an invisible big palm that pinches her severely. It turns out that he once loved other women so much, although she was not qualified to eat a woman vinegar of the past.

But instinctively, I still feel bad.

Xing liehan saw that her face was not very good-looking. He quickly reached for her and pressed her on his chest. "Isn't it bad in his heart?"

"No!" Tang Siyu's reply is dull.

Xing lie smiled bitterly, stroked her long hair and said, "I know that this matter will hurt you when it is said, but I don't want you to misunderstand me again in the future, so I would rather tell you this matter by myself than Ni Yan to find it in the future and tell you another version."

"Why did she come to me?" Don Siyu looks up at him.

"Because she wants to get back together with me, but I have no feelings for her for a long time, because my heart, now and in the future, will only be occupied by one woman, that is you." Xing liehan finished, thin lips do not forget to love in her lips branded.

Feeling her tender lips, he wanted to take a step further, but he didn't dare.

Because if he kisses her, it means he has guilt in his heart. Guilt will make her misunderstand him and others.

Just a light kiss.
