

U. CEO Daddy 291

Chapter 291

Tang Siyu may have doubted what he said before, but now, she believes what he said, because everything the man has done to her is proving that he loves her in his heart, for nothing else, he has a common son for both of them.

However, Xing liehan loves his son. For this reason alone, she should believe him.

"Believe me?" Xing liehan is beating a drum in his heart, because Tang Siyu has refused him for too long, and he is not confident in refusing.

It can be said that all of Xing liehan's self-confidence has been suppressed by Tang Siyu, which makes him often doubt whether his male charm has disappeared.

Tang Siyu stared at his eyes and nodded, "believe it."

Xing lie's tight string at the bottom of his cold heart loosened directly. He did ask, "do you really believe me?"

"We didn't know each other six years ago. Besides, Murphy and I used to have a relationship, so it's fair!" Tang Siyu laughed.

Now Xing liehan's face was not very good-looking. He gave her a short sniff. "Then tell me, what's the progress between you and him?"

He used to bully her. Now, he wants her to tell him that, seriously, he really cares about it.

Tang Siyu thought about it, and then said, "kiss your mouth."

Now, a man's face is darker than that of the night. "How close is it? Did he stick out his tongue? "

In the dark, Tang Siyu's pretty face turned red. She couldn't help but stare at him, and only this man would do it. At that time, mufei was still a gentleman. Although the end was like that, mufei was not bad to her before. Now when I think of it, I feel that he was a gentleman.

When Xing liehan saw that she was speechless, he thought she had acquiesced. He immediately pinched her chin angrily and punished her severely with a kiss. This time, the man seemed to want to clear the breath of other men from her mouth.

Kiss in a different way.

This left Tang Siyu's mind blank for a while. She thought about Murphy just now. At this moment, she couldn't think of anyone except this man, because he was too strong.

A kiss ends in Tang Siyu's breath.

Originally good chat, was ended in an instant, let siyuyu pretty face red snuggle in his arms, Xing liehan immediately bowed his head and asked, "did he kiss you like I did?"

Don Siyu raised his head in a wordless red face. "No, he just kissed my lip, and it's not like you."

Hearing this sentence, a man's face just looked good. Suddenly it turned cloudy and clear. He kissed her on the forehead gently to appease his rude behavior just now.

"Well, it's not your fault." Xing liehan said with a light smile.

This time Tang Siyu couldn't help looking up at him. "Then tell me, you and Ni Yan have kissed like this!"

She asked.

Xing liehan is a man. Six years ago, he was just a mature man. So, this problem, Xing liehan, for a while, was speechless.

Tang Siyu also thinks that he is bored. Why ask this question? Is this man's good kissing skill self-taught? There must be practice!

In a moment, the atmosphere around was a little frozen.

Tang Siyu coughs, "well, I won't ask, but you are sure that you and Ni Yan won't have another bastard!"

Xing liehan's face immediately changed slightly, "absolutely impossible! From the beginning to the end, you are the only woman I want to live. I still know that. "

Tang Siyu has a big red face because of his words. What does he want to pass? However, if he can say that, she has nothing to care about.

As long as there is no intimacy between him and Ni Yan, she can not pursue his past, otherwise, she really does not know whether she will be jealous.

"All right! Now, you and Ni Yan will continue to cooperate, right? " Tang Siyu asked, biting his lips.

Xing liehan sighed slightly, "if I can cancel this cooperation, I will cancel it. It can't be cancelled. I will send someone to meet her, and I won't meet her in person."

Tang Siyu nodded, "OK!"

Xing liehan took her hand and said with a sigh of relief, "OK, I just need you to believe me. I will deal with the next thing."

Tang Siyu also clenched his hand, "well, no matter what happens, I believe you are."

Who is Ni Yan? She doesn't care. She just needs to know that this man is her son's father, and she does feel a kind of fear.

She would never let any woman be her son's stepmother, because that would cause great harm to her son.

In the presidential suite of a five-star hotel in the center of the city, Ni Yan was defeated in Xing liehan today, her mood was also very bad, and all her beautiful dreams here were broken.

And at this time, behind her, one hand gently rubbed her neck, Ni Yan closed her eyes like enjoying, she looked up, "Kai Yuan, do you think he really doesn't love me?" "If he doesn't love you, go back!" The man's low voice rang in her ear.

"No, he must have forgotten our love for a long time. Qi Yuan, I will not leave. I must find our love again. You know, I love him." Ni Yan's tone seemed firm.

"For six years, he has been surrounded by other women. Do you still love him?"

"I owe him, so I forgive him for having a woman around him, because I am the first to apologize to him. Even if he is sorry to me, I can easily forgive him. I got this family because I can finally choose independently without being bound by anyone."

"Well, what do you want me to do for you?"

"Find out for me who the women around him are! I want detailed information. I want to know what kind of woman can enter his eyes and let him turn a blind eye to me. " Ni Yan finishes saying, in the eyes surges a painful color, she tightly closes the eyes.

The man behind is also very tall. His face is a little tough, but not handsome. Compared with Xing liehan's outstanding facial features, he can only be regarded as ordinary.

The man's eyes looked at her painful expression, and his eyes flashed a color of heartache. The love that could not be hidden was just revealed. He loved Ni Yan, so he felt pain when looking at her pain.

"Well, I'll check for you."

"Just check it out. Don't do anything. I don't want to get angry. I believe I will get his heart again." At this point, Ni Yan is confident, because her status and identity are different now. She is more excellent than she was six years ago.

In wenlichen's villa, Susie had been living for a week unconsciously. The incident of her last car accident was so firmly pressed that no one turned it over again.

Susie lives here. When Wen lichen goes out in the daytime, she stays in his house. But there is no snack here, but she is slandered to death. For a foodie, she is a good eater.

She can endure two days a day, three days and four days, but after a week, how can she endure it?

So, she put on sunglasses, a low-key T-shirt, a small bag on her back, and long hair, just like a college student out of the school. She was going out to go shopping nearby for some food.

Sushi also took advantage of wenlichen's absence to buy snacks. Sushi took a key to his car and drove a car out of his garage. Naturally, this man's car is not bad.

Sushi drove out very carefully, all the way to the entrance of the villa, a large supermarket.

After Su Xi parked her car, she went into the shopping mall to purchase. She pushed the cart and chose snacks in the shopping mall. It's really not too cool. What Su Xi usually likes to eat, chips, spicy chips, drinks, packaged snacks, beef granules, candy.

Susie stopped in a children's food area at the moment. After hesitating for a moment, she took several packages of seaweed biscuits and put them in the cart.

Sushi went to the lollipop again and picked out some of her favorite dishes. Unconsciously, her cart was about to be filled with her snacks.

When she pushed to check out, she was shocked at a glance. Then, she pushed the car aside and planned to take some of it off. However, she was reluctant to take this one off and that one off. Finally, she pushed all of them to check out.

Carrying two big bags of snacks, sushi thought again. Anyway, tomorrow she will bring her dry son Xiaoxi to her home to play. She must have prepared snacks at that time!

So, it's right to buy snacks!

Sushi happily put two bags of snacks in the back seat and drove back.

Su Xi thought that Wen lichen would go out in recent days, as if he was busy, although she didn't know what he was busy with.

Up to now, I haven't figured out what he does.

Suxi Zizi walked to the hall with snacks, thinking about what play to watch for a while. Just entering the hall, she saw a long and charming figure sitting on the sofa.

Susie was shocked. Why did Wen lichen come back?

On the sofa, the man with elegant long legs and a document in his hand is not Wen lichen?

So sushi made a funny and lovely move. She hid two bags of snacks behind her and asked with a smile, "Why are you back! Didn't you go out? "

"Where have you been?" Wen lichen raised his eyes and asked.

"No No way! I'll go back to my room first if I buy something in the nearby shopping mall. "

With that, sushi hurried upstairs with two bags of snacks.

"Stop." There was a stern voice behind her.

Susie quickly hid the snacks behind her, pretending to be surprised and asking, "what's the matter with you?"

"What did you buy?" Wen lichen asked, looking at her sharply.

"It is Some things for girls! " Sushi averted his threatening eyes with a certain modesty.

I wonder how she can live such a miserable life now! Do you have to sneak around even to eat some snacks?

"Let me have a look." Wen lichen put the folders together and stood up to her.

"What are you good-looking about girls?" Suxi panicked. Wen lichen couldn't find any snacks at home. It can be seen that this man has a prejudice on snacks.

Wen lichen saw through her deficiency of heart. He could almost expect what the woman was carrying. It must be her snack. Last time, she had acute enteritis because she had a bad stomach. In the middle of the night, she called him to send him to the hospital, so he was very opposed to her eating these things.

Wenlichen's long body stepped up the stairs step by step. Sushi, who was standing in the middle of the stairs, instinctively stepped back, as if wenlichen could eat people.

"I know what you bought. Take it out." Wen lichen looked at her seriously.

"I don't want it! Who says I can't have a snack? " Susie straightened up at once.

"In my house, no eating." Wen would not allow her to eat as long as he thought of the way she looked white with pain when she was lying in the hospital last time.

"Just a little! I'm not going to eat it all, I'm going to eat a little every day. " Susie pleaded with a finger.

"Here." Wen lichen reached for her.

Susie bit her lip, so she had to hand over one bag to him, and the other one was hidden tightly, "leave me a bag! I promise I won't eat more. "

Wen lichen gave a light hum and continued to reach for his hand"Can you not go too far! I haven't eaten in a week. Let me get rid of the slander! "

"You choose one, the other, and let me throw it away." Wen lichen opened his mouth.

"Just keep it! Throw them all away? What a waste! " Susie's face was bitter.

"Did you forget that you called me in the middle of the night to send you to the hospital? Or do you want to do it again? " Wen lichen gave a warning.

Sure enough, his warning worked. Susie opened her bag and took a bag of chips out of it. Then, she reluctantly took a strawberry flavored lollipop and handed it to him. "No, can you not throw it away? These snacks will be kept by you. I will eat some later when I slander."

"No way! No more later. " Wen lichen picked up and turned downstairs.

"Hum! I don't want to talk to you. " Susie finished, and went upstairs with the two kinds of miso she had left.

Wen lichen looked at her figure, his eyebrows slightly twisted. When he was going to throw these two bags of snacks into the garbage can, an idea came up.

Would he be a little too harsh?

In fact, it's not too serious to control her snacks and adjust her appetite occasionally. Wen lichen opened a cupboard and put two big bags of snacks in it.

After putting it away, Wen lichen took a look upstairs. He took Sushi's glass of water from the side, poured out a glass of warm boiled water and went upstairs.

Susie is sitting in his private theater with a romantic love movie, reading the actors carefully and putting chips in her mouth.

Behind him, there was a sound of pushing the door. The door closed and the dim light of the cinema was restored.

Susie knew that wenlichen had come in, and she didn't want to look back.

Chapter 293

Wenlichen sat down beside her. He knew that he had made her angry by his stern behavior just now.

At least, he's been blamed.

"Here's the water." Wen lichen handed the water glass to her.

Sushi was also thirsty. She looked at the water glass, or took a few drinks and put them on the small table beside her. She turned to look at him. "Aren't you busy with your work?"

"I'll accompany you." Wen lichen is really busy with her work these days. Please don't accompany her.

"I'm not a kid. I don't need your company." Susie retorted.

"Still angry with me?" There is a trace of helplessness in Wen lichen's voice.

Sushi put the chips aside, took apart her lollipop and put it in her mouth, vaguely replied, "no!"

Wen lichen looked at her like a child. He could not help chuckling. Maybe the light was dim. Maybe the music in the film was too flirtatious. In a word, Wen lichen wanted to do something bad to her.

Sushi is holding a lollipop. She feels that the man around her suddenly calms down. She doesn't feel right.

As soon as she turned her head, she came into contact with a pair of deep and dangerous eyes. Before she could react, she was swept around by the man's arm, lying in her arms.

Susie raised her head and said, "what are you doing?"

Wenlichen raised her chin and looked at the sugar still in her mouth. He took it away, and sushi immediately bit it tightly and didn't let him take it away.

"Don't throw my sugar." Susie complained stiffly that he was going to throw it.

Wen lichen chuckled, "don't throw, let go."

Sushi was stunned by his smile and released, while the sugar was taken away by the man and placed in the water glass aside, and the next second, his thin lips were covered.

Instead of the sugar in her mouth, fill her red lips.

Now, sushi was shocked, and she accepted his kiss in a hurry.

The protagonist in the disaster scene also happens to be in a moment of passion. Under this circumstance, the same thing is staged in front of and behind the scenes.

Su Xi fainted and felt that Wen lichen had some dishonest hands. She immediately struggled slightly.

Wen lichen's breath was also panting. The girl who was originally sweet ate sugar again. The sweetness was about to surround him and melt him.

Finally, the long kiss was over. Even though Wen lichen wanted to take the woman as his own at the end of each time, he was able to bear it.

Because he didn't want to force her to do what she didn't want, he was willing to wait until Susie opened her heart to accept him for a day.

Forced feelings will not last.

And he had an idea that he wanted to be with her for a long time.

Susie eats the sugar again, and the film is over. She looks at the man around her with some complaints, "I didn't see the end."

"At the end, the man slept with the woman. If you want to know the details, I will tell you." Wen lichen laughed a little hatefully.

This is a side he seldom has in front of others, but in front of sushi, he does not hide himself at all. He shows her the most real side of himself.

Suzy's pretty face turned red. "No way." With that, she got up and left.

Just returned to the room, found a phone call in, it's Anne's, she picked up, "Hello, Anne."

"Heathy! Why didn't you answer my phone just now! Do you know what a good thing it is to come to the door? "

"What a good thing!" Suzy asked calmly.

"Do you know that Emperor Hanwu's palace plays are selecting people?"

Sushi knows that it is a historical drama that the company plans to shoot with huge investment. It is said that the script is excellent, and it is also a major production.

"Yes! What's the matter? "

"The heroine is determined. Guess who?"

"It's not me!" As soon as Susie heard Anne's words, she knew it was her.

"That's right, you! You are the only heroine they want. " Annie seems to be dancing on the other side.

"What? Is it really me? " Sushi's voice also can not hide the ecstasy, she has always wanted to challenge such a serious drama.

"It's not you! You're the only one who's determined to be a heroine. No one can make a director look good except you. " Said Anne happily.

It makes Susie blush. Is she so good? Why doesn't she know?

When she called, she didn't find a long figure on the half open door frame outside.

Wen Li Chen's mouth was gently hooked, and he was satisfied to see her so surprised.

In the room, Susie was still listening to Annie. How did the director call her over and praise her.

Susie only felt that the surprise was too sudden. To say, there is no lack of good actors, and her level is medium! I didn't expect that the director would be chosen at a glance.

It was a real encouragement and surprise to her. Sushi answers Annie's phone and finds that the schedule is also very good. She is in a good mood.

She hummed a light song down, and saw Wen lichen on the sofa. She couldn't help smiling a little smugly.

"Guess what good news I just got?" Suzy asked him.

"What's the good news?"

"I got the heroine of a historical drama." Susie said with a smile.

"Oh! Congratulations, I'm sure you can do well. " Wen lichen looked at her with a light smile.

Susie immediately raised a beautiful face, "of course! I have confidence. "

Wen lichen looked at her confident look at her work, which was charming indeed. He thought of the way he had just pressed her in his arms in the cinema and asked for a kiss. He was a little tight.

This time, he personally operated the script. Of course, he knew that there were some intimate contacts with the actor.

"If there is a close play, you can choose a double." Wen lichen said.

As soon as sushi heard this, he shook his head and said, "I don't want it! No matter what the play is, I will do it myself. "

Wen's face changed a little. As far as he knew, there was a play in which she was almost forced. When she was shooting, she had to be close to the actor.

"No, you have to use a double for all the scenes that come into contact with the actor, or you won't do it."

Sue immediately glared at him angrily. "I'm an actor. I was born for acting. No matter what it is, I'll challenge it."

"Good! No double, let the actor use a double. I'll go. " Wen lichen looked at her seriously.

Now, sushi looks at him stupidly, her pretty face is a little red, "you You on? Would you like to play a double? "

"What? Can't you? " Wen lichen asked.

Susie's heart was shocked, of course not! The identity of this man is noble and awe inspiring, and he acts as a double?

"In order to prevent other men from touching you, I can play anything." Wen lichen made a firm voice.

Now, Susie is stupid.

Does this man really like her?

Chapter 294

Sushi thought he was joking, but the seriousness in his eyes made her doubt the firmness of his words.

Her heart was seized by something in a moment, some flustered, some sweet.

In the evening, Tang Siyu calls to invite her and Wen lichen to her home for dinner. As the godfather and godmother of Tang Yixi's children, they will not refuse. At the same time, they haven't seen the little guy for a while, so they have to give him a gift.

At about five o'clock, the two set off to pick up gifts at a nearby shopping mall.

Standing in a toy store, Sushi's eyes looked at the lovely Barbie doll, and her girlish heart immediately overflowed. She reached for it, and her eyes were bright, so she wanted to buy it home.

Wen lichen saw through her mind. His big body bent down and his thin lips fell on her ear. "Like this, you can give it to her when we have a daughter."

Susie's hand with the doll froze, her brain hummed, and she quickly put Barbie back. She doesn't even plan to get married now. How can she have a baby with him?

Wen lichen picked up a new type of robot. When checking out, he looked at the Barbie doll that sushi loved just now. His eyes narrowed slightly, he stepped over, reached for it, and checked out together.

Sushi, standing behind him, saw that she immediately looked at him in a daze, and by this time, he had already paid.

Wen lichen handed the doll to her arms and said, "here you are."

Sushi quickly loved to hold her. She really liked it. She wanted to buy it back and put it on the dresser. She would be in a good mood to look at such a beautiful doll every day.

"Thank you." Susie did not forget to thank him.

Wenlichen took the lead in going out with the box of the robot, and sushi followed him with the doll, just like a doll he loved.

In Xing liehan's villa, Tang Siyu is preparing dishes in the kitchen. Xing liehan still has work in his study. The little guy is alone on the sofa in the hall, playing with a pair of puzzles. The small head melon seeds run very fast, and a complex puzzle has made him complete half of it.

Tang Siyu came out from time to time, and saw that he was pursing his mouth. He looked serious and attentive, which was a little bit like Xing liehan.

Tang Siyu is also fond of cooking. Xing liehan asked her to cut the vegetables first and make the ingredients. He would come to cook.

At about six o'clock, the little guy heard the sound of cars coming from the outside of the door, and he immediately laughed, "Mommy, here comes mummy and mummy."

"Good! You go to meet them. " Tang Siyu responds in the kitchen.

The little guy immediately ran out of the hall to meet him. In the driveway at the gate of the yard, Wen lichen and Suxi were getting off the bus.

"Godfather, godmother, here you are." The little guy cried sweetly.

"Xiaoxi." Suzy immediately came over and squatted down to pick him up. "Wow, it's heavier! It's getting taller. "

Wen lichen looked at the little guy. His heart was filled with envy. It was hard to stop him. Seriously, he wished he had such a big son.

In a flash, Wen lichen's eyes fell on the woman holding the little guy. He thought to himself, why didn't he meet her five years ago?

Five years ago, sushi just started his career, and he started to control the Tianmu entertainment group behind the scenes. At that time, he was so busy that he didn't have the time to pay attention to the artists. So, at this time, he really had some regrets.

"Xiaoxi, I bought you a gift. Do you like it?" Wen lichen reached out and touched his little head, smiling softly.

Tang Yixi's eyes immediately surprised, looking at his favorite robot toys, he reached out to lift, while struggling to lift, while raising his head, some worry, but also full of expectation loudly said.

"Thank you for your gift. You should have a baby soon! In this way, I can play with you! "

Su Xi's smile solidified directly on the corner of her mouth. Then she felt a pair of deep and sharp eyes staring at her, with a low magnetic voice, "OK, we'll be born earlier."

"Really? That's great. I really want a younger brother and sister! How about having a younger brother and a younger sister to play with me! " The little guy raised his head and asked seriously.

"I have to ask your godmother when she wants to have a baby." Wen lichen threw the question at Susie.

The little guy looked at sushi eagerly. "Mummy, when will you give birth to my brother and sister?"

Sushi has a big head, but she is patient. She smiles and covers his little face. "Mummy doesn't have time now. Can we talk about it when she has time?"

"Oh!" The little guy looked at her with a face that he didn't understand, and asked again like a curious baby, "mummy, how can we have younger brothers and sisters?"

Susie's face reddened a little, and she stopped for a moment, "er You're still young enough to know that. "

"It's up to me and your mummy to give birth." Wen lichen said with a smile.

The little guy doesn't continue to inquire anymore. He blinks his big eyes and says, "Godfather and godmother, then you must make great efforts to give birth to babies! I'll play with toys first! "With that, the little guy came into the hall with his toys in his hands.

Behind her, sushi breathed a sigh of relief. She felt speechless when asked by a four-year-old. It really strained her heart.

"When do you want to be born?" Cold not Ding, behind a magnetic charming voice asked.

Susie turned around, a little shy and said, "who said I was going to have a baby with you?"

It's as if they will be born. Suxi doesn't want to discuss this issue. She wants to find Tang Siyu.

"If you don't want to live with me, who do you want to live with?" Wen lichen suddenly clasped her wrist, and her face was a little ugly.

"I don't want to have a baby," said Susie, turning her head and blinking! Besides, I have Xiaoxi, a dry son. I have a son! "

With that, Susie earned his arm and went into the hall.

Behind him, Wen lichen sighed a little bitterly. However, he didn't blame sushi at all. She didn't have the idea of having a baby. That's because as an artist, she played too many joys and sorrows in her life.

Although it didn't happen to them, during the acting, the feelings must come from the heart. Therefore, the artists' attitude towards love is generally weak and cautious.

This is one of the reasons why Wen lichen understood sushi.

As soon as Su Xi entered the hall, he ran into the kitchen and chatted with Tang Siyu. The two girls had many topics when they met.

"I'm so hungry. I didn't have enough at noon." Susie looked at the cut dishes in the kitchen. She was hungry.

Chapter 295

"Why don't you have enough? Don't you have any food at wenlichen's house yet? " Susie gave her a curious look.

"It's not true that his assistant would pack the meals of the grand hotel for me at noon every day, but I don't like to eat recently. I want to eat some snacks. However, I'm forbidden to eat snacks at his home. He threw all the snacks I bought today into the trash can."

Tang Siyu looks at her depressed appearance, but he doesn't like her and wants to laugh. She really laughs, "then have a good meal! He's doing it for you. "

"I know! So, I kind of want to move out of his house. " Susie whispered to her ear.

Seriously, she didn't dare to let Wen lichen hear that.

And he was in the hall with the little guy on the robot, ready to hear her.

"I live well. Why do I have to move! Did he bully you? " Tang Siyu immediately worried about looking at his friend, he must be a girl! It's not convenient for girls to live together.

Sushi's face was a little hot, and she said with a guilty heart, "I don't think so. I just feel that my family is free. How about you? You are going to live in Xing liehan's house for a lifetime! "

Tang Siyu bent his eyebrows and smiled, "it should be."

"Oh! You're in a formal relationship! " Suu HSI chuckled her arm and smiled.

Tang Siyu's sweet smile, which could not be covered by his lips, nodded, "HMM."

"When are you going to be engaged! Or get married directly? "

"This It has not been discussed. " Tang Siyu is not in a hurry.

Sushi immediately thought that her father had just been away for more than a month, and this kind of thing really can't be urgent. She shifted the topic and said, "how about me! Soon I'll be busy again. I'll take on a big play. I'll be No. 1 girl and challenge my acting skills. "

Tang Siyu said happily for her, "that's great, your fame is growing."

"I'd like to keep a low profile! I'm afraid that my parents will one day force me out of the entertainment circle and put out the shadows! "

"Your parents are a little old-fashioned. It's really unfair to you." Don Siyu worries.

It's the only thing Susie has to worry about. She sighs, "one step at a time."

"Is the food ready? I'm starting to cook. " Behind him, the voice of Xing liehan came from lengbuding.

He was dressed in a white shirt, black trousers and a neat hairstyle, as if he had just come out of a large conference room.

"All right! The ingredients are all in order. " Tang Siyu said, she picked up the apron beside herself, "put on this!"

Finish saying, she personally heft foot to Xing lie cold wear.

Xing liehan's eyes flashed a touch of tenderness and joy. The two people looked at each other's pulse and sweet and interactive eyes, which made Suxi leave quickly with a smile.

Xing Lihan is tall, and Tang Siyu is the height of wearing flat shoes at home. Only at his shoulder, Xing Lihan leans down slightly. When Tang Siyu carefully arranges his chest, he takes the opportunity to kiss her on her tender side face.

This can flustered Tang Siyu, hurriedly handed him a warning eyes, let him not to mess.

Her son is outside, and Wen lichen and Suzy are outside. She doesn't want them to see her.

Tang Siyu helps Xing liehan in the kitchen, while in the hall, Su Xi and Wen lichen play with the little guy with new toys. After the little guy's toys are finished by Wen lichen, I see a robot that can jump and transform itself walking on the floor. It's not good.

The little guy was controlling by the side, and soon he went to play in the corridor next to him. As soon as sushi's eyes came back, he saw a man around him, with eyes that were unfathomable.

Susie had to look at him with her eyes open, bigger than anyone else's.

Wen lichen snorted, amused by her stubbornness, and Su Xi could not conceal the smile.

"Laugh what!" Su Xi said, Wen lichen took out a sugar from his hand, "would you like to eat it?"

"Isn't that what I bought? You stole mine. " Susie protested with her cheeks bulging.

Wen lichen chuckled. "I don't like sugar. It's specially brought to you. It's very hot. Eat less."

After that, she peeled off the sugar paper and handed it to her. Sushi took over the sweetness in her heart. Inexplicably, she didn't eat the sugar yet!

The bottom of my heart is already full of sweet taste.

In the five-star hotel, Ni Yanhuan looks at the city gradually falling into the night with her arms. The lights of thousands of families are on for the second time. Gradually, they become dazzling and full of mystery.

Ni Yan at the moment, just feel a sense of loneliness around her, she tightly around the arm, as if feeling a cold.

How she hoped that at the moment, a pair of arms would embrace her and let her have a warm and generous chest to rely on.

The man she longed for most was in this city, but there were already other women around him.

One day, her subordinates haven't given her any news, which makes her full of anxiety. She has been thinking about what kind of women have appeared beside Xing liehan?She turned around and poured a glass of red wine. As soon as she was ready to drink, her mobile phone rang. She saw that it was her subordinate, ye Qiyuan.

She reached for it. "Hello! Did you find out? "

"I found out. In addition to finding out who the woman beside Xing liehan is, I also found a message. You should be prepared in mind." Ye Qiyuan at that end spoke out.

Ni Yan's heart was filled with tension, and she said, "you can say it directly!"

"I found that the girl next to Xing liehan is Tang Siyu, a pianist. She is twenty-four years old and has a good family background, but her father just died. She lives with Xing liehan at present."

Listening to the news, Ni Yan's heart surged with pain and lived together, which means the intimate degree of the girl and Xing liehan.

"Any other news?"

"Xing liehan has a child with this girl, who is four and a half years old." The voice of Ye Qiyuan is very calm.

But at this end, Ni Yan's mobile phone almost fell down because of the shock. Her voice line trembled slightly. "What do you say? They have children? "

"According to the age of the child, they should have been together five years ago. That is to say, half a year after he broke up with you, he was with another woman. Do you want to recover this relationship?"

Ni Yan's chest was hit heavily, which made her breathless. "No impossible! No How could they have children? "

"However, it's strange that Xing liehan met this child only half a year ago, and this woman also had no contact with him before. A person who lives abroad and at home seems to have no contact." Ye Qiyuan said everything he found.

Ni Yan immediately sensed the middle question sensitively, "is this child Xing liehan just recognized back? He and this woman are not really tied together because of feelings, but because of children's hard binding? " At last, she murmured and guessed ecstatically, "it must be like this, it must be."

Chapter 296

Tangzhai, 10 p.m.

Qiu Lin is still sitting in the study to deal with the work of Tang Group. In the past, although she was sitting in the position of vice president of Tang Group, most of her work was still done by Tang Xiong. Therefore, Qiu Lin is not sure about the direction of some big decisions.

She got Tang's group, but she didn't take it easy. Tang's group is facing the coming financial crisis.

The phone rang next to her, and she reached for it a little impatiently. "Hello."

"Xiaolin, haven't you slept?" Good end a mellow male voice asked.

Qiu Lin's restlessness disappeared immediately. She changed her tone of voice into a gentle one, and her expression was also dependent on her. "Ah Yan, it's you!"

"Xiaolin, I've been paying close attention to your company's stock recently. It's been very unstable!"

Qiu Lin listened to Xing Yan's voice, as if there was a grievance coming out. She sighed, "yes, I can't help it."

"Xiaolin, don't worry, I will help you. Later, I will stand behind you and support you." Xingyan's theory of emotional pulse.

Sure enough, Qiu Lin likes to listen to this kind of love talk most at this time. She has been married to Tang Xiong, and she has gone for the material. Tang Xiong has always had the position of ex-wife in his heart, which is not bad for her life. However, mentally and physically, she is extremely empty.

At the moment, Xing Yan is mature and charming, with strong strength, which immediately makes her find the second spring, as if she is in the general mood of love as a young person nowadays, which makes her lose her mind and fall in love directly.

"Well! I know. " Qiu Lin misses him on the other side of the phone. Xing Yan has been abroad since she was passionate in the hotel last time, which makes Qiu Lin miss him incomparably.

It's said that women are like wolves at thirty and tigers at forty. Qiu Lin has a high vision. She can find other men to comfort her. However, she can't see any more. Only men like Xing Yan are worthy of her.

"A Yan, when will you come back?"

"I'll be back tomorrow. When I come back, we'll meet. I'll take you to my house directly!"

This sentence, full of implications, makes Qiu Lin's mind ripple, unable to help but look forward to it.

"OK, I'll wait for you."

"Well, I'll hang up first. There are still some things to deal with." Xing Yan makes a sound.

"Good!" Qiu Lin answered. Hearing the voice of hanging up the phone, she looked very lost.

She would like to call Xing Yan all night to hear his voice.

In a high-level villa in country T, Xing Yan just received the phone call, and his mouth picked up a fishy expression. He is also an experienced lover. A lonely and empty middle-aged woman like Qiu Lin, who just died her husband, needs one person's comfort most.

Xing Yan hasn't remarried since his ex-wife died, because he can play with women at will. He's not a amorous man. He's a kind of merciful man.

But this time, Qiu Lin is in charge of the whole Tang Group. He has to work hard to get her company into his hands.

He believed that Qiu Lin was already in his hands and could not escape.

This evening, Tang Siyu fell asleep holding his son. In his study, Xing liehan didn't fall asleep. He made a cup of coffee and was staring at the complicated stock trend on the computer screen. It was the recent stock market of Tang family that he studied.

His sharp eyes, with a hint of blood, are now two o'clock in the morning. He is choosing a chance to start with Tang Group.

Tang's group is now a sick tiger. We must seize his weakest place to start, so as not to be bitten back.

After analyzing the trend chart, Xing Lihan's eyes showed a steady light. He reached for the mobile phone beside him and dialed one of his team's phones. Because he had been staring at the stocks of Tang Group, Xing Lihan arranged more than ten stock market elites to follow him. At the moment, his staff accompanied him to work overtime.

"Hello, Mr. Xing." The subordinate of that spirit answers the phone.

"Tomorrow, Tang's group will sell most of its shares at a low price. Let's take the opportunity to split and buy. Don't let Tang's group find out."

"Yes, we'll keep an eye on it tomorrow."

"Good!" Xing Lihan hung up the phone, but did not close the computer. Instead, he continued to study the past stock trend chart of Tang Group.

In the eyes of outsiders, he has the ability to cover hands for clouds and rain. Behind all this, we need to redouble our efforts. Only for people like Xing liehan, the data absorbed in an hour will be the results of ordinary people's efforts in a few days, which also depends on his talent in business.

Tang Siyu is in a daze. She turns over and thinks she can meet Xing liehan when she turns around, because he usually sleeps behind her.

However, what her hand touched was an empty sheet, which made her wake up immediately.

She opened her eyes. In the dim yellow light, her side was empty. What about Xing liehan?

Why hasn't he slept yet?

Tang Siyu looks at the little guy and sleeps very well. She gets off the bed gently and takes a look at the time with her mobile phone. It's three o'clock in the morning. She wants to see what Xing liehan is doing.

She gently pushed the door open, but it didn't close, because she was afraid that her son would wake up suddenly.

Step by step, she went down the stairs and found that there was a light in the study on the second floor. Her heart was filled with a touch of heartache. Is he still working so late?

Tang Siyu walked gently to the door of the study, and she knocked.

Xing lie's cold eyes in front of the desk and chair lifted. He instinctively closed the laptop in front of him. He knew that Tang Siyu was outside the door, but he didn't want her to know that he was staying up late to read the information of Tang Group.

When Tang Siyu pushed the door in, Xing liehan stood up and looked at each other.

"Why haven't you slept?" Tang Siyu's voice is more concerned.

"There is a video conference of a foreign branch company! I just finished my work and went to sleep. " Xing liehan answers easily, leaving at the table and walking to her side, "how are you getting up? And the son? "

"He's sleeping! You're sleeping, too! " Tang Siyu looks up and looks at his slightly tired face. The pain in her eyes flows out naturally.

Xing liehan looks at the girl who just slept. A long black skin is slightly disordered behind her shoulder, and a few strands of black hair are slightly scratched on her forehead. They decorate her white goose face, and a touch of style that makes men upset is so inadvertently released.

Maybe Tang Siyu just woke up bleary look in the eyes of men, but it has become a unique style.

Chapter 297

Tang Siyu was really a little flustered by him, because the girl's heart, the initiative that just woke up from their own, must be ugly can not see the image.

"Sleep!" Tang Siyu said, turning around to see his son.

Just then, a strong arm grabbed her wrist and pulled her. Tang Siyu's body, which had just turned around, immediately fell into the man's arms.

She looked up in amazement, and saw the deeper eyes on her head than midnight, which were filled with the familiar luster, her heartbeat was disordered, and her breath could not help panting.

"It's late. You should go to sleep..." Tang Siyu whispered and pushed him subconsciously. She knew what the man wanted to do.

Xing lie's eyes were burning with two groups of fire. At the moment, he was very stubborn and refused to put it out. He lowered his head and tightly locked her a small face full of collagen.

"My son must have fallen asleep!" Xing liehan asked in a low voice.

This sentence is full of all kinds of information. Tang Siyu's face is red and hot. "It's sleeping, but not sinking I don't know. "

Finish saying, she still pushed him very stubbornly, "hurry to go back to the room to sleep!" Then she turned and tried to turn from his arms.

The man hooked his lips and smiled. He put his arms around her waist and pressed her against the wall.

Tang Siyu felt the strength and domineering of this man. She couldn't help but look up a little annoyed, but she did. The hot kiss of the man sealed her.

"Well..." Tang Siyu only had time to whisper, and the man blocked all her words strongly.

At this time, he only needs her to cooperate with him quietly, to light the midnight, and to sprinkle the air with sparks.

Xing liehan's breath immediately panted, like a person who can't be satisfied all year round, eager to want all at the first time.

Tang Siyu was also enveloped and surrounded by the heat on his body, which made her mind confused and forgot everything.

Only by this man to create a piece of confusing world, she allows him to ignite everywhere in her body

Originally wearing a silk Pajama, however, what is a thin layer?

Xing liehan is still in a formal dress. The shirt is sexy to the third button, tucked under the belt, full of hormone breath.

Tang Siyu's hands didn't know where to put them. At last, when she found out, she tightly grabbed his skirt and pulled off his charming clavicle. Under the light, she blushed and heartbeats.

"Help me..." Xing liehan's orders are low and hoarse.

"What?" Tang Siyu is an idiot in this respect.

"Unbutton."

Tang Siyu suddenly hummed. What does this man mean? Does he think tonight can

But she's not ready!

Who says yes?

When Xing liehan saw this woman being kissed by him, he could still think of things with his eyes open, which was very angry.

He immediately bit her on the lip, and then he reached out and picked her up, intending to go to the room next to the master bedroom.

Tang Siyu, a light body, immediately instinctively put his hand firmly around his neck, and at this moment, the two people's breath is panting, as if there is a layer of breath tightly wrapped around them.

Just when Xing liehan holds Tang Siyu to the second floor and the middle half of the third floor.

Cold not Ding's a tender voice came, "Daddy, Mommy, what are you doing?"

Tang Siyu and Xing liehan immediately looked up and saw the little guy in his pajamas, standing in the porch of the stairs, with a pair of watery black eyes looking at them curiously.

Tang Siyu was shocked immediately. She clapped Xing liehan on the shoulder and said in a low voice, "let me down."

Xing liehan was calmer. He immediately smiled and explained, "your mommy just sprained her foot downstairs. I'll hold her upstairs."

Tang Siyu didn't dare to look directly at his son's innocent eyes, but he helped in the performance. "Yes, Mommy's foot is hurt, it hurts, so your father just held me upstairs."

"Mommy, is it serious?" The little guy immediately wanted to come downstairs and care for her.

Xing liehan said to him, "don't come down, go back to the room." Finish saying, he so natural embrace Tang Siyu to go upstairs.

After waiting for them, the little guy followed them into the master bedroom.

Tang Siyu was forced to bear a smile, so Xing liehan put it on the edge of the bed, sat down, and the little guy immediately squatted down to check her feet.

"Mommy, where are you hurt?"

"Nothing Just now I twisted it carelessly. It hurt a little. Now it's OK. " Tang Siyu is about to laugh, but for the sake of her son's serious concern, she can't tell him that mom and dad are lying to him.

Xing liehan's tall body stood beside his son, with his waist in it. His handsome face was full of frustration and helplessness. He stared at the little spot squatting on the ground. He had an impulse to kick him out of the house. When doesn't the little guy wake up? It's time to wake up.

"Go and have a bath! I went to bed with my son. " Tang Siyu glanced at the man with a smile in his eyes, and then pulled up his son, "Xiao Xi, let's sleep!"

"Well!" The little guy immediately held mommy in his arms.

Behind him, Xing liehan sits here. Where the little guy can't see, he still hasn't forgotten his addiction, so he is willing to take a bath. Only in the middle of the night can he take a cold bath.

Tang Siyu holds the little guy and buries it in his hair. Her mouth is raised and she smiles silently. Just now she and Xing liehan are serious. They are almost laughing to death.

It's embarrassing.

"Xiaoxi, how are you getting up?" Tang Siyu asked curiously.

"Because I peed and found my parents were not there, so I went downstairs to find you!"

Tang Siyu suddenly rejoiced that her son didn't go downstairs to enter the study directly. Otherwise, she really didn't know how to explain to her son.

"Mommy, I can't sleep! Can you tell me a story? I want to hear it. "

At the same time, Tang Siyu couldn't sleep. She smiled and stroked his cerebellum pocket and said, "OK, Mommy will tell you a story."

Xing liehan took a bath and found that his mother and son had not slept in the bed. Xing liehan still wanted his son to sleep again. He gave him a second chance, but obviously he thought more.

Little guy's spirit is better than anything at the moment.

"Daddy, go to bed quickly!" Little guy looks at daddy on his stomach.

Xing liehan sat down beside Tang Siyu's body. At this moment, the little guy immediately pestered him, "Daddy, tell me a story!"

Tang Siyu also looked at him with a smile. "Tell your son one!"

Chapter 298

Last night, when Xing liehan hugged the little guy to tell him a story, Tang Siyu fell asleep first because of the man's deep magnetic voice.

She opened her eyes in the morning. She was sleeping with her son in her arms. Behind her, an arm was firmly placed on her waist, with some ferocious hoops.

Tang Siyu turns around gently. Behind him, Xing liehan sleeps heavily. It's obvious that last night he was tossed by the little guy to sleep late, and the little guy in her arms also sleeps in the same rhythm.

By a big one small two father and son crowded in the middle of Tang Siyu, but has no sleepiness, she gently sat up, carefully out of bed.

Xing liehan knew that she had got up. He narrowed his narrow eyes slightly, moved his body immediately, and went to sleep next to his son.

Tang Siyu washes it out. It's still early. It's half past seven. It seems that she can go upstairs to get fit first, then get breakfast, and then eat it when they wake up.

Tang Siyu went downstairs to exercise and passed Xing liehan's study. Her pretty face was slightly hot. Last night, she was forced to kiss on the wall by him, which made her blush.

And last night, I cheated my son with him. Now I think she can't help but smile.

It seems that when her son is at home, she still has to avoid suspicion. She doesn't want her son to know something about men and women when he is too young, which will complicate his pure mind.

Tang Siyu is cooking porridge and drinking. Anyway, it takes time. He simply reads and hears new reports on the sofa.

The first piece of information floating in business weekly was an exclusive interview with Qiu Lin. Tang Siyu opened it and saw Qiu Lin packaging the image of a powerful woman, a wise boss, and even the identity of the most powerful businesswoman. Tang Siyu watched it and just wanted to laugh.

However, Qiu Lin's surface Kung Fu is well done, and she is very concerned about her image. If there is a chance, Tang Siyu really wants to tear off the mask of this shameless woman to the outside world, so that people can see what kind of person she is.

What she has today is not what she tried to do, but what she seized by any means. Although the death of her father is not justified, it cannot be denied that she killed her father by means.

Looking at Qiu Lin's treated face, her fist was clenched. She wanted to tear her across the screen.

Tang Siyu hears the sound of closing the door upstairs. She immediately puts down the iPad and gets up. Looking up, she sees Xing liehan step down the stairs with his casual clothes. He gets up.

"Why don't you sleep more? What about Xiaoxi? "

"He's still sleeping, not noisy." Xing liehan went downstairs and saw that she only wore a long T-shirt, revealing two long white legs. What Xing liehan didn't get last night's satisfaction, immediately came up.

Tang Siyu is coming downstairs to meet him. Xing Lihan comes to her, opens his arms and lifts her up. He holds her in his arms and lets her two legs tie his waist. His handsome face is full of an evil smile.

Tang Siyu's nerves immediately tightened. She looked nervously towards the third floor for fear that her son would suddenly go downstairs. In this case, they were not seen by him?

No, she doesn't want her son to learn when he grows up.

"Don't do that. Let me down." Tang Siyu gave a low cry and struggled to get down.

Xing liehan saw through her mind, lowered her forehead and said, "scared you last night?"

"And you said, my son is so young!" Tang Siyu glared at him.

Xing liehan chuckles, "as long as I tell him that if I want my sister, he should be very happy to see me holding you every day."

"You must not tell him." Tang Siyu gave a warning. She's still worried!

Xing liehan still put her down, but, holding her pretty white face, she asked for a good morning kiss on her petal like lips. Tang Siyu went to the kitchen to cook porridge.

Xing liehan went to the study to listen to his subordinates' latest information about the stock situation of Tang Group. If there is no accident, he can secretly buy some shares sold by Tang Group ' Internal acquisition of the group.

As long as Tang's shares continue to decline, his chances will be great. If there is no problem, he can take 10% of Tang's shares next week and become a shareholder of Tang's group.

Qiu Lin is also worried about the current crisis of Tang's group. In this case, if Tang's group can have a chance to revive, it's the best. The right image Qiu Lin wants to rely on is Xing Yan.

Xing Yan has also been waiting for an opportunity for Qiu Lin to rely on him. In this way, he and Qiu Lin's company can reach several cooperation, so that the outside world can see the merger of the two companies and rescue the depressed stock market of Tang Group.

This matter has been kept secret from the outside world. Xing Yan and Qiu Lin haven't appeared together in public recently, so the outside world doesn't know that they have secretly planned to combine.

In the afternoon, Qiu Lin came out of the company in a hurry. She asked the driver to drive her car to a villa in Xingyan. As soon as they met, they were like young people, after a passion. Qiu Lin nestles in Xing Yan's arms and asks him to support her company. Xing Yan is waiting for her to open up. Naturally, she also tells her what he thinks. He wants to take a chance to enter the financial market, and Tang Group is his best entrance.

As long as the two companies merge, the stock market will surely go all the way, which is good for both sides.

Qiu Lin is fascinated by Xing Yan at the moment. She also wants to catch this man and live with him for the rest of her life. She must be a woman. She needs a support. She wants to seize Tang Group to make her seize a better future.

"Good! I'm willing to merge Tang's group and your company, so that we can move towards a better future together. Yan, don't let me down. I'm sincere to you. " Qiu Lin holds Xingyan road.

Xingyan hugged her and smiled contentedly. "Don't worry, Xiaolin. I'm serious about you. The next life belongs to you and me. We will have a happy life. I hope to sign this contract as soon as possible and release the news of our company's cooperation to save your company's stock market."

"Good! Naturally, I have no problem. Let's sign the contract one day! "

"Tomorrow! The sooner the better. "

"Well!" Qiu Lin has no opinion.

Xing liehan didn't go to the company today. He played the ball with his son all afternoon. The family of three enjoyed themselves very much.

Chapter 299

However, some people are not so happy. Ni Yan has been waiting for the chance to be summoned by Xing liehan, but she hasn't waited until now. However, she has found out Tang Siyu's information clearly.

At the moment, she is sitting in the tea restaurant of the hotel, watching Tang Siyu's information carefully, and humming, "I didn't expect that she was not small. She grew up in a wealthy environment. Unfortunately, her mother died first, and her stepmother came to the door with her daughter. Now, her father also died, and her stepmother took her father's company, and she clings to Xing lie like a poor insect Don't let the cold go. "

With that, Ni Yan opened another page and saw a picture, which ye Qiyuan had worked hard to find out. The picture was the old picture of Tang Siyu and mufei. Ni Yan squinted slightly, "this man is familiar with his eyes. Have I seen him anywhere?"

"He is the son of Murphy group and the current president Murphy. He is Tang Siyu's former boyfriend." Ye Qiyuan opens the road.

Ni Yan's eyes flashed a flash of consternation. Tang Siyu had some charm, which fascinated Xing liehan. His former boyfriend was a man like mufei.

"Does he love her?"

"As far as I know, mufei loves Tang Siyu very much, but Tang Siyu chose Xing liehan, so he gave up."

"If I have a chance, I really want to meet Tang Siyu and see for myself her amazing ability." Finish saying, Ni Yan eye ground flashed a touch of self-confidence, she will meet Tang Siyu.

Now, when she comes to this country, she must hold on to all the information that is good for her, so that when she does, she can defeat the enemy and win.

Put Xing liehan's heart on her again. In a word, if she is able to get the inheritance right of the family, she must be able to take this man back.

"It seems that I have time to meet this Murphy to see if I can cooperate with him. At the same time, I also have a good chat with his ex girlfriend." Ni Yan is also interested in mufei.

Although Murphy is rarely seen as a good-looking man, Ni Yan only has Xing liehan in her eyes, and she can't see any more men.

In the evening, xingzhai.

When a guest comes to the door, they bring their second son, Wen Liangyao, to the door for dinner.

Jiang LAN called down Xing Yinuo, who was nestled upstairs. After Xing Yinuo politely called the two elders of Wen's family, she saw Wen Liangyao standing in the shadow of the light of the hall's mystery. He was dressed casually with the smell of a big boy.

When Xing YINUO saw him, he turned around and wanted to go upstairs.

"A promise, long time no see." Wen LIANGYAO smiles and says hello.

Xing YINUO looks at him quickly with his cheeks bulging. He wants to go upstairs. At this moment, Jiang LAN sees it and immediately blames him, "YINUO, what are you running for! Liang Yao says hello to you! You don't greet people. "

Xing YINUO was mumbled by his mother, and immediately stood at the stairway in embarrassment.

"Aunt, no wonder. She should be afraid of life."

"Liang Yao! YINUO's summer homework, can you please check it? She has some questions that she can't, you teach her. " When Jiang LAN saw Wen LIANGYAO, he had a feeling of seeing the Savior.

The son is not around, the daughter's homework is in a mess, she and her husband can't teach, the eldest son doesn't live at home, so Wen LIANGYAO is their lucky star.

"Good! I'll check for her later. " Wen LIANGYAO is quite straightforward.

"It's still early for dinner, or you can check it for her first. I'll call you when you eat." Jiang LAN is really worried about her daughter's homework.

"OK!" Wen LIANGYAO doesn't like to participate in the topic of the previous generation either. He looks at Xing YINUO and says, "YINUO, I will check your homework for you."

"Yi Nuo, Liang Yao is here. Last time I asked you to buy a gift, it's time to give it to him." Jiang LAN finished, went to greet the two old Wen family.

"Have you bought me a present?" There was a flash of joy in Wen LIANGYAO's eyes, but he had some expectations.

Xing YINUO stared at him with big eyes, "are you really my math teacher next semester?"

"Yes." Wen Liangyao's very clear answer.

Xing Yinuo stamped his foot. "Who wants you to teach me mathematics?" With that, she went upstairs in a huff.

Wen Liangyao is slightly shocked. What kind of gas is she angry with? He followed her up the stairs.

In the pink princess like room, Xing Yinuo is sitting on her desk, and he seems to be still angry with him.

"What's the matter?" Wen Liangyao approaches her and asks.

"I don't want you to teach me mathematics." Xing Yinuo's voice was muffled.

"Why?"

"I just don't want to."

"It's a foregone conclusion. I'll take the place of a semester. I promise. Do you have any pressure?" Asked Wen Liangyao, squinting his eyes.

"I didn't! I'm fine. I'm I just don't want you to teach me. " Xing Yinuo said angrily that he didn't know that he appeared in the class last time and attracted the attention of all the girls.

If he went to teach mathematics, then he would become a person close to all the female students in the class?"Well, give me my present! I'll see what you give me. " Wen Liangyao asked for a gift.

Xing Yinuo was angry, but he pulled open the drawer next to him, took out a mechanical watch box and handed it to him. "I don't know what to buy, so I bought this. Do you like it or not?"

Wen Liangyao took it, looked at a handsome mechanical watch, he hooked his lips and smiled, "it's very nice, I like it very much, thank you." Then he put the present aside and said to her, "take out your homework and I'll check it."

Xing Yinuo silently takes out the exercise book and hands it to him, "there are still several questions that can't be done."

"I'll teach you." Wen Liangyao finished, took a chair and sat down beside her. His slender body leaned on the back of the chair gracefully. He began to turn over the exercise book and check her exercises.

He looked very seriously. His eyebrows were slightly twisted. He didn't need to perform calculations or read textbooks, as if he knew everything.

Xing Yinuo looks at his fierce appearance on one side, and can't help but have a heart of worship. For a little girl like her, the biggest difficulty is to do homework. If anyone can become a master in this field, it must be her idol.

With a small face and a pair of big eyes blinking, Xing Yinuo stares at Wen Liangyao and starts to stay. Looking at his handsome face, Xing Yinuo's heart is filled with unhappiness. In the future, all the girls in the class will adore him and even all the girls in the school will like him.

Thinking of this, Xing Yinuo felt his chest stuffy.

"Ten questions, you are half wrong." Wen Liangyao's eyes lifted from the exercise book and looked at her seriously.

Xing Yinuo immediately returned from his stupor, "ah! No! "

"Sit down and I'll tell you what's wrong!" Wen Liangyao speaks.

Xing Yinuo immediately took a chair and sat close to him. A small face tried hard to get to the homework book, but she didn't know. Her face almost got to Wen Liangyao's chest, which stretched Wen Liangyao's body, reached out and pushed her small head away, and said in a low voice, "don't be so close."

Chapter 300

"Oh!" Xing Yinuo immediately looks back at his small head to see the distance between the workbooks as much as possible, and sees his long and beautiful hand pointing to the first question.

Xing YINUO's confused head turned in Wen Liangyao's very clear calculation and solution, and she said, "so it is!"

"Your formula is wrong. What are you listening to in class?" Wen Liangyao finished, saw her little head so close, can't help but reach out and knock.

"Ouch!" Xing YINUO immediately stares at him with pain, "what are you doing to beat me?"

"I was wondering if you'd be smarter if you hit your little head." Wen Liangyao did not laugh.

Xing YINUO immediately puffed his big eyes and tooted his small mouth to look at him displeased, "just can't be smarter! It's just going to get dumber. "

Wen Liangyao chuckled, "well, I'll tell my aunt that she can give you more brain food later, and make you smarter."

After that, Wen Liangyao continued to answer her questions and calculate the next questions. Xing YINUO listened carefully, like a serious and good student. I don't know why, the teacher said that she couldn't hear a word, but what Wen Liangyao said, she even heard it all.

It seems that there is a magic power.

So two people said, half an hour later, Jiang LAN came up and asked them to eat. After eating, Wen Liangyao taught her for more than an hour, and then left with her parents.

But because her homework has not been checked, Wen Liangyao will come to her home to check her homework in a few days, and check all her homework before school starts.

In the morning, around 10 o'clock, in a meeting hall of Tang Group, Xing Yan, his lawyer and Qiu Lin worked together in the witness of the notary public. The two companies made the contract for the first merger, and took photos. Qiu Lin's and Xing Yan's photos holding hands soon covered the headlines of the business community.

Xingyan's diamond company has always been the leader, and its performance has been good. Now, he has joined Tang Group to merge and develop the two companies. The first benefit of this news is to save the depressed stock market of Tang Group. Just an hour later, the shares of Tang Group

began to rise rapidly, even those that had sold at low prices All shareholders immediately bought a part of the shares that Tang Group took the opportunity to sell, and were optimistic about the merger.

This news, of course, first came to Xing liehan's ears. With his plan, it will take him a week to reach the shareholding amount. Now, Qiu Lin's cooperation with Xing Yan has suddenly interrupted his plan.

In addition to the appreciation, the stocks he holds have no effect on him. Even if he continues to rush to buy the stocks of Tang Group now, it doesn't make sense for him to rush to buy the stocks of Tang group with the current situation that the shareholders are crazy.

In the high-level office of Xing group, Xing liehan clenched his fist and his eyes were shining with cold luster. He didn't expect that his ambitious uncle had been engaged with Qiu Lin. obviously, he also saw Qiu Lin supporting Tang group alone. He wanted to seize the market by Tang Group.

Xing liehan secretly clenched his steel teeth. He wanted to recapture Tang's group as soon as possible to surprise Tang Siyu. But at present, this plan must be suspended. Xing Yan is behind Qiu Lin. for a while, Tang's group will never fall down easily, or even make Xing Yan's company's financial resources grow rapidly, which directly threatens him.

Behind him, Han Yang looked at the man with his hands supporting the floor to floor window and overlooking the scenery outside the building. He coughed softly, "President Xing, it's time for the department meeting."

Xing liehan answered with a low voice, "I see."

Xing liehan bit his teeth and gave a cold light to his eyes. No matter Qiu Lin or Xing Yan, he would not let go of the rest. Xing Yan and Qiu Lin got involved. Then, he was Xing liehan's enemy. He would not care about any family feelings. A hard business battle had begun.

Qiu Lin sat in the conference room, listening to the good news one after another. She was so happy that she got through the difficulties of her company through the cooperation with Xing Yan.

Qiu Lin can't wait to let the outside world know that she will soon become Xing Yan's wife. Qiu Lin is now dreaming about the day when she became Xing's wife while watching the company's stock rise.

At this time, Tang Yiyi, who has been traveling abroad, came in happily from the door. "Mom, how come you didn't call me for such a great good thing?"

Qiu Lin immediately reached out his hand, "come, my dear daughter, my mother tells you a piece of good news."

"Mom, what's the good news!" Tang Yiyi is also happy for her mother. In her eyes, her mother is really capable!

"Yiyi, do you want a stepfather?"

"Mom, are you getting married?" Tang Yiyi was shocked for a few seconds.

"Yes, Xing Yan. I'm in love with him. I'm going to get engaged to him next month! Marry him. " Qiu Lin did not hide her new love.

Tang Yiyi was hard to believe for a while, but she quickly accepted that it was not a bad thing to have a rich and powerful stepfather.

"Mom, why is this uncle Xing?" Because of Xing liehan, Tang Yiyi likes Xing for some reason. Qiu Lin looks at her proudly, "because Xing Yan is Xing liehan's cousin, Xing liehan's grandfather and Xing Yan's father, but his brother."

Tang Yiyi immediately stared in amazement, "what? Is uncle Xing liehan's cousin? Then When you marry him, Xing liehan doesn't have to call you aunt Tang! "

Qiu Lin snorted, "yes! If he sees me, he really should call me Yiyi, and you will also enter the Xing family and become a child of the Xing family. "

Tang Yiyi's eyes immediately filled with excitement. "Mom, really? Do I have a chance to see Xing liehan in the future

Qiu Lin immediately gave her a white look. "What do you see him for?"

"I like him! Why can Tang Siyu get him? I can't. my life is still long! Just like your mother, you can marry Xing Yan now. What if I was with Xing liehan ten years later? " Tang Yiyi said confidently.

Qiu Lin looks at her daughter and doesn't stop her from fantasizing. If her daughter can really capture Xing liehan, it's also a skill.

"In a few days, I'll take you to see a Yan and let you know him. We'll be one family later." Qiu Lin said to her daughter.

"Well!" Tang Yiyi is looking forward to her new father.

Later, when Tang Siyu was taking care of her son at home, she received a call from ye you. Her piano music won the third place in the top ten golden songs. She invited Tang Siyu to the award ceremony together, because this honor also has Tang Siyu's contribution.
