Chapter 301

Tang Siyu is also happy for her. Because she has to take care of her son, she can't be present in person. Ye you says she is looking forward to cooperating with her in the future.

Tang Siyu is also very happy, very happy to cooperate in the future.

When Tang Siyu also brushes the news on her mobile phone, she brushes out the news of the merger of Tang's group. She is very angry. Qiu Lin now takes her father's company and does whatever she wants. She has the sole right to deal with it. Who is Xing Yan? The merger means that the company will not exist under the name of Tang Group in the future.

It also wiped out the achievements of my father's whole life.

Tang Siyu feels a pain. It's disgusting!

Her son will go to school in a week. Tang Siyu has been separated from him for a long time. Now she is reluctant to send him to Xing's house. She wants to accompany him until he goes to school.

The little guy is smart and studious. She doesn't need to worry about anything at all. She just needs to accompany him quietly, find out his cognition of new things, and feel his growth.

Xing Yinuo has been under a lot of pressure since she met with Wen Liangyao last night, because her holiday will soon be solid and she will face a lot of homework.

At the moment, she is chatting with her friends. Her only good sister, Xiaoye, knows that she was tutored by Wen Liangyao. So, in the chat, Xing Yinuo said about last night's event and the gift giving event.

"What did you send!"

"A mechanical watch!"

"Ah! You send the clock! Haven't you heard a word? You can't send a clock or watch to someone. I remember a saying that sending a clock is the end of life So, some unlucky

As soon as Xing Yinuo's face changed, he quickly replied, "what? Are you serious? "

"It seems so! Anyway, I listen to the older generation. "

"My God! What to do then! "

"Ask him to come back. You can give him other gifts instead!"

Xing Yinuo immediately jumped up and thought of the two words, God! Isn't this the mantra of Wen Liangyao? Xing Yinuo grabs his cell phone and dials it up when he finds Wen Liangyao's number.

"Hello!" At that end, the charming voice of Wen Liangyao came.

"Hello, Wen Liangyao, where are you!" Xing Yinuo is in a hurry to call his name directly.

At that end, Wen Liangyao immediately said, "no big or small! What did you call me? Call me brother. "

"Tell me where you are! Also, where was the present I gave you last night! I'll take it back. I won't give it to you. " Xing Yinuo directly chooses the way.

Wen Liangyao was surprised, "what's the matter at home? The present is given to me. Where else can I go back? "

"Just don't give it to you. Give it back to me quickly." Xing Yinuo didn't want to tell him the reason, but he had to die. How lucky!

Wen Liangyao thought that she didn't want to send it. He said stubbornly, "if you do, you can't go back."

"No, you can give it back to me quickly. I'll send others instead of this watch." Xing YINUO is on the end of the phone.

"Don't give it to me, are you going to give it to other boys?" Wen Liangyao immediately guessed.

Xing YINUO thought to himself, to return this watch, there must be a reason! Even if he said so, she could only say, "yes, this was not for you, but for others. Give it back to me quickly."

The end of the silence for a few seconds, Wen Liangyao stuffy should be a sound, "no return." With that, he hung up.

I'm still angry.

Listening to the hung up phone, Xing YINUO immediately slightly shocked, he even hung up her phone.

However, he just said that others are at home! So it must be right to look for him at his home now.

Xing YINUO went out at once. Carrying her bag, she stopped the taxi and went to Wen Liangyao's house. She said that she would get back the watch he had in his hand, and then she would send other gifts.

When Xing YINUO arrived at Wenzhai, it was five o'clock in the afternoon. When she knocked, a servant came to open the door. Xing YINUO said hello and asked if Wen Liangyao was at home!

The servant said that he was in the study upstairs. Xing YINUO hurriedly went upstairs to find him if he didn't want to.

She came to the door of the study, reached out for a push, and Wen Liangyao was on the sofa inside. There was a laptop on her leg. It seemed that she was writing something. Wen Liangyao looked at the little girl who was looking for the door directly. He twisted his eyebrows. She was really persistent!

"Will you give me the watch back?" Xing YINUO immediately went forward with a flattering smile.

Wen Liangyao glanced at her and didn't want to talk to her.

"Brother Liang Yao, please! Will you give it back to me? " Xing YINUO came to him with a smile and entreaty, and he was sincere.

Wen Liangyao doesn't want to be courteous. He just wants to give his watch to another man. How can he be happy?

"No return!" Wen Liangyao threw out two words and decided to get up and leave the study.

Xing YINUO was in a hurry. When he got up, her little body immediately threw him on the sofa. "No, you can't leave. You have to give it back to me." In this attack, Wen Liangyao was pressed on the sofa by her little girl film. Wen Liangyao's face was shocked. Because he was wearing a V-neck T-shirt, her little hand pulled, and a beautiful clavicle appeared.

Wen Liangyao immediately pushed her away and kept a good distance from her. His face sank. "Do you really want to get the watch back?"

"Well! I want to go back. " Xing YINUO nodded firmly.

Wen Liangyao snorted, "come with me, I will give it back to you."

As soon as Xing YINUO heard that he was willing to return it, she quickly followed him. Wen Liangyao took her to his bedroom, took out the watch she sent last night from a drawer, and handed it to her, "give it back to you!"

Xing YINUO took over and immediately took a sigh of relief. It seemed that the stone pressed on the bottom of her heart was gone. She held the watch and smiled foolishly. It seemed to some man that the watch was her treasure and a lovely gift she wanted to give to other boys.

"Xing YINUO, did you fall in love early?" Wen Liangyao suddenly asked.

Xing YINUO's heart leaped. He looked at him quickly. "No!"

"Are you sure not?"

"Of course I didn't!"

"Who will you give this watch to?"

"I won't tell you!"

Wen Liangyao was a little annoyed. He could not help being serious and said, "I will be your teacher this semester. At that time, I will keep an eye on you. If you dare to love early, I will invite all your parents to the office."

"Ah!" Xing YINUO stared, stunned.

"You'd better remember that you'd better not fall in love before you graduate from college!" Another warning from Wen Liangyao.

Xing YINUO looks at him wrongly. She takes back her watch, because he is good! Why should he be so strict with her!

Chapter 302

Xing YINUO, who comes home from Wenzhai, has a silly head. It seems that wenliangyao is more severe than before! Moreover, he asked her to choose another gift for him before school began, which sounded like an order.

Of course, Xing YINUO listened to the order. She decided to pick another gift for him tomorrow.

I also know that I can't send a watch to others.

Sushi is also very busy these two days, because her new movie is finally on schedule. It will be released on the last weekend of summer vacation, that is, it will be premiered at 12 o'clock in the morning this evening. This is a youth urban love movie, which has been filmed for more than a year, and now it is released for various reasons. However, sushi is still looking forward to it when it can be released and as a heroine.

Susie decided to paint the play herself. She booked a ticket for 12:05 am tonight. She also booked a row of seats for Annie and her assistant. She naturally spent money to support her movie!

She received a phone call from Li Rui, the leading actor of this time. The two also talked about the fun of filming on the phone, and looked forward to the box office results together.

Sushi didn't have much hope either. This is a youth play with low cost. If she can have a good reaction, she will feel that it's worth the pain.

She wanted to take Tang Siyu to see it. However, as soon as Tang Yixi came back from abroad, he was about to start school. When Tang Siyu spent time with her son, she still didn't want to disturb her. This kind of time asked her to brush up the movie must not be allowed.

However, she still made a phone call with Tang Siyu. Tang Siyu's life is as peaceful as before. Her son is her world. However, unlike before, there is another man beside her.

"Heathy, when my son goes to school, I will go to the party and make an appointment." Tang Siyu comforted her.

"Well, I'll go with you then. I'll see the premiere tonight."

"Go! Don't forget to call Wen lichen. " Tang Siyu said with a smile.

"I don't want to call him," said Susie! They are big men who don't like watching. I'm fighting for young people in this movie. "

Tang Siyu could not help chuckling. "It seems that Wen lichen is very old. He seems to be about the same age as Xing liehan."

"Yes! He is not old, but he is mature! He must be despised for my kind of movie. Forget it, I'm going to play by myself instead of calling him Suxi is also self-conscious, for fear that her acting skills are not good, he saw, she was more embarrassed.

"Well, have a good time. Be careful even in the middle of the night." Tang Siyu exhorted.

Sushi is also looking forward to this evening, she said with a smile, "OK, when Xiaoxi goes to school, we will come out to play."

"Well! Good! " Tang Siyu answered.

Hang up the phone. Now Tang Siyu is in a flower hall on the third floor of the villa. The little guy is practicing the piano. He hasn't touched it for some time. Sometimes he plays a few wrong syllables. Tang Siyu corrects it.

"Mommy, when shall we go to play at Grandpa's house! I miss Grandpa very much. " After playing a tune, the little guy suddenly thought of Tang Xiong.

Tang Siyu's face flashed with sadness. Since her son came back, she has not found the time to tell him about it. First, she did not know how to speak. Second, she watched her son too young to be sad.

"Xiao Xi, Grandpa went to a far away place." Tang Siyu's voice slightly choked, looking at her son's young face, her eyes flashed through the mist of tears.

"Where did grandpa go?" Tang Yixi blinked and asked curiously.

"He went to heaven, you can't see him." Tang Siyu tells him with the sadness.

"Heaven, will he never come back? Will I never see him again? " Tang Yixi liked to listen to stories when he was young, and heaven was another wonderful world in his heart.

Tang Siyu nodded, "yes, you will never see him again. You can miss him and miss him in your heart."

She said, slightly don't open her head, gently wipe away tears from the corner of her eyes, don't let her son see.

Tang Yixi's big eyes blinked, then some red up, "but, but I want to see Grandpa."

Tang Siyu turned her head and her eyes were red. She nodded, "OK, Mommy will take you to see him tomorrow."

Tang Yixi looked at mummy and cried. He immediately took his fleshy hand to wipe her tears.
"Mummy, why are you crying?"

Tang Siyu reached for him and buried him on his little shoulder, "Mommy is OK! Mommy's eyes are probably in the sand. "

"Mommy, I'll blow it for you."

"Good!"

Tang Siyu let go of him, let him toot his little mouth and blow for her eyes. Tang Siyu felt his son's concern, and his heart was much better. His son became more sensible.

At 5:30 p.m., Xing liehan's sports car stopped at the gate of the villa. The little guy was tired of practicing piano. He went downstairs to play ball on the grass. Seeing daddy coming back, he opened his little arm and rushed over. As soon as Xing liehan got out of the car, a small meatball came in. He reached out and picked up the little guy. He sat him in his strong arm and kissed his little face.

"Daddy, are you off work?" The little guy asked happily.

"Well! Daddy's off work. I'll be with you for the rest of the time. "

"Let's play ball later!"

"Good!"

Tang Siyu came over and said to the little guy, "Xiaoxi, go play first! I'll talk to your dad for a while. "

"Good! Daddy will come to me later! " The little guy went to the grass to play with the ball.

Tang Siyu looked at the man who was coming back. She asked anxiously, "do you know who Xing Yan is?"

Xing lie was shocked. It seems that she also saw the news of the merger of Tang Group. He nodded, "I know, he is my uncle."

Tang Siyu looked at him with astonishment and slightly stared, "is he your uncle?"

"His father and my grandfather are brothers. However, although we are members of a large family, our company does not intersect or interfere with each other. Today, he and Qiu Lin merged the company together, which I did not expect before. I just heard today." Xing lie opens his mouth and looks at her with some worry in his eyes.

Tang Siyu's heart is tightly clenched together. So, Qiu Lin and Xing Yan want to take Tang Group back from her. Now, instead of dealing with Qiu Lin alone, he wants to deal with Qiu Lin and his cousin.

Things have developed to such a point that Tang Siyu really does not want to face such a situation, let alone add pressure to his body.

Chapter 303

Xing liehan looked at her small face and thought about things. He knew what she was worried about. He reached out his hand and stroked her long hair at the back of her head. "Don't worry. Although Qiu Lin is looking for my cousin to do backstage work, I promise you that I will never break my promise. I will do what I say."

Deep voice, with an unquestionable firmness.

Don Siyu looked up at him, "but that's your uncle."

"In the mall, there is no kinship, only rivals, and my cousin has always been ambitious. That is to say, if he cooperates with Qiu Lin, it will certainly threaten me, and I will not show mercy to him." Xing liehan's eyes glittered with cold luster.

Tang Siyu looked at him and saw the other side of him she had never seen. She didn't know why. She was worried. She didn't understand the battlefield between men. However, she absolutely didn't want him to be a ruthless person.

However, she did not know that this man would be right for her and the whole world.

The merger of Qiu Lin and Xing Yan shocked the whole business community. They sensed the crisis, business opportunities and opportunities.

There is a man who also saw the opportunity to send it to him. This man is mufei.

As a man, Xing liehan takes Tang Siyu away. He chooses to let go because of his love, but that doesn't mean that he has no hostility to Xing liehan from the business world. He not only has, but also has been secretly watching.

Finally, there is an opportunity in front of him. He knows Tang clan very well, and he is very familiar with Tang Xiong's past. Therefore, he feels surprised and strange when he dies.

Qiu Lin is cunning and vicious. She has been around Tang Xiong for a long time. She must have been ready to seize the heritage. Tang Siyu has obviously suffered a big loss in the distribution of the heritage because she is not around Tang Xiong all the year round. Xing Lihan, as her man, is definitely looking for the opportunity to seize the ownership of Tang Group for Tang Siyu.

Now, Qiu Lin has cooperated with his cousin, which means that Xing liehan is not only dealing with Qiu Lin, but also his cousin Xing Yan.

As a result, Xing's rivals are stronger. Like the merger of two medium-sized companies, even the transnational Empire group, Xing's group, is not sure to win these two companies in a short time.

So it's a long war.

It's not easy to run an empire company. A big company like him is like a chess piece on the chessboard. If one piece falls wrong, the whole company will lose.

Mufei will become a dormant beast relying on the machine. He will keep an eye on all the movements of Xing liehan. As long as he gives him a chance one day, he will not hesitate to bite the Xing group and attack.

In a word, Xing group has become his dish of Chinese food.

"Mr. mu, you have a guest." As soon as Murphy got out of the conference hall, her assistant came to report.

"What guest?"

"It's a young lady from X country. She said her name is Ni Yan and she submitted a business card." The assistant handed him the card.

Murphy took a look and saw the name of the following line of companies. He immediately paused and said, "please come up."

Murphy went to the reception room next to his office and took Ni Yan's business card. He had heard about the group, which was the big family of X country's enterprises.

After a while, I saw a tall figure of a woman step in, it was Ni Yan himself.

Murphy narrowed her eyes and looked at her. She was curious about her intention.

"Hello, Mr. mu. My name is Ni Yan." Ni Yan introduces herself with a smile.

"Please take a seat, Miss Ni. What can I do for you?" Mufei goes straight to the theme.

"I hope we can cooperate." Ni Yan looks at mufei with a hook of red lips, which makes her envy Tang Siyu more and more. It's a blessing that a woman can meet two excellent men in her life.

"Does Miss Ni have any good cooperation projects?" Murphy didn't quite understand her intention.

Ni Yan smiled and shook her head. "No, I mean cooperation. It's another kind of cooperation. Mr. mu, I heard that you have a beautiful ex girlfriend, Tang Siyu, isn't it?"

Murphy immediately tightened his eyebrows. "Why don't miss Ni say what she wants?"

"I'm Xing liehan's ex girlfriend. What I want to work with Mr. Mu is to get their love."

Murphy immediately understood her idea. "Do you want to get back together with Xing liehan?"

"Yes, I love liehan. I want to get back to him. I believe Mr. Mu also loves Miss Tang Siyu."

"Siyu has her own choice. I have no way to interfere and force her." Mufei looks at Ni Yan and makes a quiet voice.

"Don't you want her?"

"As long as she is happy! I has the final say.

"When you see that the happiness of the person you love has nothing to do with you, are you willing? Anyway, I won't be reconciled. " Ni Yan flashed a pain in her eyes, looked up and said to Mu Fei, "Mr. mu, let's cooperate! You get your woman, I get my man. "

Murphy saw Ni Yan's determination in his eyes. He twisted his brow. "Miss Ni, no matter what you want to do, I won't allow you to hurt Tang Siyu.""Mr. mu, it's hard to avoid hurt in the feelings. When my old relationship with the fierce cold revives, you have the chance to return to Tang Siyu. Then you can take the chance." Ni Yan said, laughing and getting up.

Murphy got up at the same time. "Miss Ni is confident that she can return to Xing liehan?"

Ni Yan's confidence in the bottom of her eyes did not decrease. "I am very confident. Although Tang Siyu and liehan have a child, I am sure that I can win back his heart."

Mufei's eyes flashed a look of expectation, "if so, I also hope Siyu will come back to me."

"Mr. mu, then we have a good cooperation." Ni Yan's words are enough. She knows Xing liehan is a man who can't stand sand in his eyes. As long as Mu Fei and Tang Siyu are warm and indistinct, Xing liehan will crack Tang Siyu's feelings, and she takes the opportunity to enter.

Murphy said nothing. He said to his assistant, "send Miss Ni down."

Ni Yan's tall figure walked away confidently.

Mufei looked at her figure and heard more or less of her family's deeds. Ni Yan, a female generation, finally has the inheritance right of Ni's group, which is also a woman that cannot be looked down upon.

Murphy's heart was filled with another deep thought. He sneered. Xing liehan was so flattered. He just met two tough rivals, and then came a good ex girlfriend. If the relationship failed, would Ni Yan retaliate against Xing liehan for love and hate?

It seems that the play is becoming more and more wonderful.

"Siyu, I wish you could come back to me." Murphy murmured, not dead.

Chapter 304

At half past six in the evening, Su Xi saw that Wen lichen had not come back. Naturally, she also had her arrangement. Just in time, she did not need to explain to him. Moreover, she was going to return to her home tonight.

Susie carried a small bag with two sets of clothes and skincare products she often used. She took the key of a car from the cabinet beside the hall and went out.

Wen lichen's car is open to her. She can drive his car out at any time.

Sushi had just put things in the trunk. When he drove out, he just got to the door and was blocked by a black car just coming back.

When she saw the car, she felt a strain of heart immediately. How could it be so skillful? Will Wen lichen be back?

Susie sat in the car, motionless, thinking wenlichen would let her go, but apparently the man opposite was waiting for her to get off.

The two heads looked at each other for a moment. Sushi still put on reverse gear, and backed up to let Wen lichen's car come in. Wen lichen's car stopped beside her car, and he pushed the door to get off.

Today, he seems to be going to a formal meeting. He is dressed in formal clothes and his hair is well groomed. Sushi drops the window and smiles at him, "he's back!"

"Where are you going?" Wen Li Chen squints at her.

"I I went out to dinner with my agent and assistant. " Suzy replied with a smile.

"What time will you be back?" Wen lichen continued to ask.

Susie blinked. "I might be late today, so I'll go back to my own house tonight. You don't have to wait for me to come back."

After Wen lichen heard that, Junyan was a little unhappy. "You live well. Why do you want to go? Am I not comfortable here? "

"No, I'll be late..."

"Where are you going to play?" Wen lichen was obviously concerned.

"At the premiere of my movie, it's 12 o'clock. It's one or two to go home." Susie had to tell the truth.

Wen lichen's deep eyes continued to lock her side of the face, and then asked, "with whom?"

"I'm a trustee and assistant!" Suzy replied, is it easy for her to go out?

Wenlichen suddenly opened his door, took out his mobile phone from his car, and then he went to the door of Suzy's passenger seat, opened it, and sat in.

Sushi looked at him with eyes open. "You Are you going out? "

"I've put off your appointment with your agent. I'll go with you tonight." There was a natural tone in Wen's tone.

Sushi looked at him in horror. "You Are you going to see my movie? "

"What's the matter? No? " Wen lichen's long body leans towards her, and the hormone breath that belongs to the man alone is also looming in the air.

Susie's heart beat, she quickly shook her head and said, "no!"

Living in his home, Sushi's nerves are often relaxed and tense at once. The main reason is that this man has a great influence on her. In addition, he usually blocks her when he has nothing to do, or shows a warm and ambiguous atmosphere, which makes her heart beat disorderly.

"Drive, dinner, please." Wen lichen finished, he put down the chair, so that he was half lying on it, and he closed his eyes, looking at a trace of fatigue.

"Are you tired?" said Susie? If you are tired, you can rest at home! "

After all, she doesn't want to see it with him! It's easy to be with Annie millet! With him, can she still finish watching her movie seriously?

Wen lichen closed his eyes and slightly opened them. His deep and narrow eyes stared at her, and his thin lips opened gently. "Drive."

Suzy swept him gloomily and continued to close her eyes. She wanted to cry a little. One good night, it seemed that she was unpredictable because of him.

Susie had to drive and call Annie with Bluetooth to let her and Xiaomi go to the restaurant. She wanted to accompany Wen lichen.

"Heathy! Then you and Mr. Wen have a good time tonight! We'll arrange ourselves. Don't worry about us. " Annie hung up the phone with a warm smile.

Sushi sighed, thinking that she would go to the restaurant normally, she drove her car in the direction of that restaurant.

When she stopped for a long time at the traffic light, she turned to look at Wen lichen. He was sleeping all the way. Now, it seemed that he was still sleeping heavily.

Is he really so tired? What has he been doing lately? Will it make him so tired?

Sushi is really curious about what he does. However, with such abundant financial resources, he is certainly not a lazy type.

Even if you don't have to work from dawn to dusk, you need a very strong mental activity.

But sushi didn't know that during the day, Wen lichen handled the company's affairs, but at night, he worked overtime to do only one thing, that is, read the script for her, modify it, and make her accept the historical drama more perfect.

Suzi seldom looked at him so blatantly. At the moment, the sleeping man was like an unguarded child. The sun was still shining in the evening. Hitting his face, his facial features shrouded in a warm halo, as if they were hand-painted. She didn't know that his eyelashes would be longer, thicker and curly than hers. Susie was a little unconvinced and jealous.

At this time, there was a car honking behind her. Sushi found that she had forgotten the green light in front of her, and her face was hot immediately. She didn't know whether she was driven hot or because she had watched the man for so long, but she was a little shy.

Su Xi passed the traffic light and took a quick look at Wen lichen. Fortunately, he didn't wake up.

She immediately slowed down. Anyway, the movie is in the middle of the night. She can let him have a good sleep. She is not hungry.

Sushi was driving slowly on the road. Seeing that her restaurant was in front of her, there was a big parking lot. Sushi drove in. After she stopped, she didn't turn it off. Instead, she took out her mobile phone and planned to watch the news for a while, accompanying the sleeping man.

This company lasted for more than half an hour, and it was half past seven. The sky outside the window was dark, and the street lamp on her head was on. Sushi was fascinated.

"Why didn't you wake me up?" Cold not Ding, a low magnetic male voice asked.

Startled, she turned to look at the man sitting up. She immediately smiled, "you wake up!"

Wenlichen did get enough sleep. For his age, an hour's rest is enough to restore his mental state.

He took a look at the time in the car and said to her, "is it the restaurant?"

"No, it's in the restaurant's parking lot!"

"Let's go to dinner!" Wen lichen's voice was gentle. Sushi's practice made him feel a little warm.

Chapter 305

She even wanted him to sleep a little longer and accompany him next to him.

"Good!" Suzy was so hungry that she picked up her bag and hurriedly followed him out of the car.

As the parking lot was a little dark, Susie was following Wen lichen, her high shoes were caught in the neat small stone cracks. When she raised her feet, her whole body immediately leaned forward, often realizing that she was going to fall.

People instinctively grasp, hold, or hold anything to prevent falling.

So, Susie's instinct is to hold the man's waist in front of her, her shoes are still nailed to the floor, and she stands on one foot. She has no other way but to hold the man's waist tighter.

Wen lichen looked down at the slender arm around his waist, and a smile came from the corner of his mouth.

And just then, as soon as the hand on the waist was pulled, sushi turned and squatted down to draw the shoes that she had nailed to the ground.

When Wen lichen turned around, he found that the hug just now was not held by the woman who loved him, but her shoes were nailed in the gap, that is to say, he just had a love affair with himself.

There was a flash of chagrin in his eyes. He leaned down and said in a low voice, "I'll come."

Sushi had to stand aside, a thin jade foot without shoes on some cold slate, waiting for Wen lichen to get her shoes.

Wenlichen's skillful drawing drew out her shoes. When sushi wanted to squat down to put on her shoes, she saw wenlichen squatting at her feet, reaching for her feet on the floor.

Susie could not stand stably, so she had to hold his shoulder quickly. Then, in her astonishment, Wen lichen took her foot, stroked her sole with his big palm, cleared the fine sand standing on the bottom of her foot, and then put on her shoes and buttoned them.

For a few seconds Susie's brain was blankly. How could he condescend to wipe her feet and shoes?

Didn't that stain his hands?

In her consternation, the next second, she felt light, and she was held up by him. She struggled for a moment. "No, I can go myself."

"This road is made of slate. Do you want to fall down again?" Wen lichen finished, naturally holding her to the direction of the restaurant.

From time to time, some diners drove in. Sushi was shamefully buried in wenlichen's shoulder, afraid to see others.

Finally, when she arrived at the smooth marble road without any fine seams, Wen lichen put her down. Sushi was a little shy and said, "thank you."

As he walked into the hall, sushi said to him, "let me go to the bathroom with you and wash your hands!"

Wenlichen said to her, "you sit here and wait for me. I'll go myself."

Sushi had to sit quietly on the sofa beside him, waiting for him to wash his hands and go upstairs for dinner.

Sushi's inexplicable feeling of the foot he had just touched was slightly hot, and the touch of his big palm's gentle touch was still lingering in his mind.

As soon as Wen lichen washed his hands, sushi strode to him. As soon as they got into the elevator, they saw a group of people coming from the outside of the hall, and one of the young men ran over and held the elevator down.

So, there were only two of them, and they immediately crowded into six or seven big men. Wen lichen was also very considerate. He turned his back to the group of people, supported his arms on the elevator wall, and separated sushi from the group of men, so that they could not touch her.

Sushi was also at ease in the space he had circled, but she smelled a strong smell of tobacco in the air. She immediately put out her hand and covered her nose, feeling uncomfortable.

This group of men seem to be used to smoking, a group of people crowded together, plus the air in the elevator is not circulating, sushi is the most unaccustomed to the smell of smoke.

Wen lichen looked down and found that she was wringing her eyebrows and covering her mouth and nose. He reached out and buttoned Suxi's back brain. Suxi's whole face was so tightly pressed against his chest, and her small head was buried in it.

Susie's brain was slightly fried. In her breath, there was less smoke, and the clear masculinity of this man surrounded her.

This group of people went down on the fourth floor, and Sushi's restaurant was on the twelfth floor. When she heard that group of people went down, just wanted to show her head, she was hugged by the man around her waist and kept clinging to him. Sushi's face was red. At this time, she was embarrassed to break away.

When the elevator stops and opens, Wen lichen's hand is still on her waist, just like a couple walking in.

Susie asked for a seat by the window. The waiter led them to her. Wen lichen loosened her waist and sat down.

This restaurant has a style. The elegant seats are also made of white carvings. The light on the head is not very bright either. It is only sprinkled in the middle, making the light on both sides dim and blurred.

Sushi's face was still a little hot. She stood on her chin and looked at the flowers in the middle. Suddenly, she felt a pair of deep and burning eyes staring at her in the opposite direction. When Sushi's clear eyes lifted, they fell into a pair of deep-sea eyes.

"When will you take me back to see your parents?" Wen lichen pressed her. Susie was hoarse immediately. Since then, her mother called her. She said she had been busy and didn't want to go home.

"I don't know. Now my parents don't force me to go back, and I don't want to go back."

"Why wait for your parents to urge you back? I've been free recently. You can take me home anytime. " Wen lichen held up the tea cup gracefully and drank tea.

Susie stayed for a few seconds, shaking her head and refusing.

Wen lichen squinted. "When will you introduce me to your family?"

Boyfriend status.

Of course, Susie knew that last time she asked him, but she just pretended!

"Look again! When my father forces me to go back for a blind date, I will take you back. " That's what Susie intended.

Wen lichen's face was slightly displeased. Under the edge of the cup, her deep eyes locked her. "I don't just want to play with you, I really want to be your man."

Such a simple and rude confession caught Susie by surprise. She blushed with shame and hung her hands under the table We We don't know each other well enough I don't know you yet. "

"What do you want to know about me? Ask me directly, and I'll tell you. " Wen lichen put down his teacup, his slender hands crossed gracefully, his sexy jaw resting on it, and his eyes were burning to lock her.

He didn't want her to have any excuse to escape his feelings. He didn't want to do anything amorous.

"Do you have an ex girlfriend? "Susie's brain was so hot that she asked this question.

Wenlichen's mind flashed a long time no longer remember the figure, he firmly replied, "no!"

"Really?" Susie didn't believe it.

"I swear you'll be with me and there won't be any trouble with your ex girlfriend." Wen lichen promised.

Chapter 306

Sushi looked at his determined expression, and there was a touch of sweetness in her heart. The message was very happy for her.

"Really? Are you sure? " Susie raised her eyebrows and looked into his deep eyes as if to make sure that he was flustered.

Wen lichen reached out and held her slender hand on the table in the palm of her hand. "Believe me, you are the only woman I want to keep in mind."

Sushi's heart was pounding. To be honest, she was making love movies with so many male artists. Many male artists shook her hand, read lines and said this sentence. In the eyes of those male artists, they could also see sincere eyes.

Having played so many plays, she has been immune to this kind of expression of love. However, why does this man say that without so many gorgeous and affectionate words, her heart beats so much?

Sushi looked at the beautiful and delicate face that was revealed in the light. Sushi found that he was really a superficial person. This man, even if he didn't understand his heart, just because of his appearance, would be enough to upset women.

"I promise not to refuse your pursuit, but give me time. Shall we get along slowly?" Susie drew her hand and kept her head as she was about to drown in his eyes.

The man didn't let her take it away, he continued to hold it, and asked in a low voice, "give me a time limit. Do you want me to wait for one year, two years, or three years and five years?"

Sushi was stunned. Does this need time? She blinked. "I don't know!"

"I'll give you a deadline. If you haven't fallen in love with me and accepted me, you don't have to think about marrying me." Wen lichen's voice is low, sexy and powerful.

Scare!

Sushi was shocked directly. Would this man be too domineering? Where is such a love concept? It seems that she belongs to him.

"I....." Susie is a fool.

"Well, that's it. I'll give you a year to think about it. After a year, no matter what the result is, I'll get ready for the wedding, the wedding dress and the diamond ring, and you will become my woman." With that, Wen lichen let go of her hand, with a smile in her eyes.

Sushi didn't know why. When his hand was suddenly taken away, there was a slight loss in her heart. She was afraid that he would suddenly let go of her.

However, she hid the tiny thought in her heart and pretended to have a reluctant expression on her face.

"What's the matter? Do you have an opinion? " Wen lichen locks her small face and carefully looks at her face.

"How could you be like that?" Susie's mouth was curled, but she thought he was too domineering.

"You think I'm the same as other men? This is really my style. What I want, I must strive for it. Unlike other men, I will give up easily for some reasons. I will not give up. " When Wen lichen said these words, his eyes were full of perseverance and strength.

Suxi swallowed her saliva. She didn't know why. She felt that there would be a terrible consequence if she got into such a man, because the final result is very certain, either to own or to give up, without dragging the mud.

At this time, the waiter pushed the dining car and brought their dishes up. Sushi found that she was even hungrier. She said to the man opposite, "eat first! I'm so hungry. "

Wen lichen didn't seem to be very hungry. He took chopsticks lazily to pick up the dishes. Sushi on the opposite side had packed the rice with a delicate bowl. She reached out to fill the rice for him.

The movie enters at about midnight. The two of them are not in a hurry. After dinner, they can stroll around the shopping mall for a while. The movie is on the sixth floor of a large shopping mall.

After dinner, I came out at about nine o'clock. At this time, the night life in this city seems to have just begun. It's full of neon red color everywhere. Every street and alley is full of passion and warmth. This is a young and mature city.

When Suzy drove to the parking lot next to the shopping mall, she took out her disguised equipment from her bag, a necessary black mask, a pair of silver glasses, and also made the small volume of bangs on her forehead cover the small half of her face. Although only a forehead and a pair of eyes can be seen, she is definitely a big beauty.

Wen lichen watched her seriously in front of the mirror and pretended to get out of the car. He was very patient.

Su Xi follows Wen lichen's side. She is wearing flat shoes. Standing beside the tall man, she looks like a bird depending on others. Wen lichen can grasp her shoulder with a hug.

Susie looked around nervously, as if she was afraid of being seen shopping with a man shoulder to shoulder.

Wen lichen funny to see through her mind, big hand stroked her soft long hair, in his eyes, make him very protective, and, bullying.

Two people strolled in the women's wear area for a while. It was more than ten o'clock.

Sushi thought that there must be a cup of milk tea and popcorn for the movie, but she didn't like fried food, so she had to have milk tea.

"Let's buy two drinks and find a place to sit down and wait!" Susie suggested. "There's a coffee shop over there. We used to pack and drink." Wen lichen pointed to a coffee shop.

Sushi nodded and went over with her. The cafe was full of young people waiting for the movie. They sat there in groups, watching mobile phones, swiping news and playing games. They were almost full.

Wenlichen said to her, "I'll have something to drink."

"I'm with you." Susie snuggled up to him, just like most lovers, in such a moment, there was a different feeling of intimacy.

Wen lichen took a look, asked for a cup of coffee, and sushi asked for a cup of Matcha. When she paid the bill, sushi had taken out her mobile phone and prepared for it. She firmly refused to give Wen lichen the chance to treat her guests.

"Sweep here! All right! " Susie immediately scanned the QR code of the payment and paid.

Wen lichen looked at her positive appearance. Some of her angry hands went around her side face and mistakenly threw her face.

Sushi saw the cashier looking at them. She hung down her head in shame for fear of being recognized.

Two people find a place to sit down and wait for the packaged drinks to be delivered. At this time, a group of girls are chatting with each other. As soon as sushi sits down, she hears her name in their discussion topic!

"Did Susie have a facelift! She has such a beautiful nose. I want to have one. "

"Susie didn't make it!"

"Yes, absolutely. Otherwise, what is so beautiful about nature? The proportion of five senses is too good! "

Chapter 307

"Yes, I believe in the adjustment. Even if there is no adjustment, it has been slightly adjusted."

This group of girls don't have to be responsible for their words, so everyone wants to find a sense of existence, which seems to be very reasonable.

One side of Sushi's big eyes were bulging, and she sat beside them. At this moment, she really wanted to stand up and tell the girls that she was not whole, original.

Susie's angry eyes retracted, and he saw that the men around her were looking at her, as if thinking about the problem.

[illegible]

"I believe you." Wen lichen's deep and gentle smile should make a sound.

The girls next to her continued to talk about her plastic surgery. Sushi was very angry. But, I don't know why, Wen lichen firmly believed her words, and her heart suddenly disappeared.

No matter what others say about her! As long as he believes she doesn't make it.

At this time, one of the girls found Wen lichen sitting nearby, and her heart beat faster immediately, suggesting that other girls came to see him. Four girls in fashionable clothes turned their heads to see Wen lichen. They thought, I didn't expect to meet such a handsome man. However, beside him, there was a girl with a mask and long hair covering her face, who was brushing her mobile phone. It's his girlfriend.

It's a pity that such a handsome man has girlfriends.

Wenlichen thought of these girls saying bad things about Susie just now. When they looked at them, wenlichen looked at them with a cool and sharp look.

The charm of Wen lichen made the girls feel inferior and dare not look at them directly.

Hurriedly blushed to gather together, even to see his courage is not.

The girls next to her were immediately attracted by other topics, and there was no more debate about her plastic surgery. Sushi took her own milk tea and her mask. It was embarrassing for her to drink milk tea. If she got off her mask, it would cause a sensation in the coffee shop.

Susie's fame is definitely enough to cause traffic chaos, but she's thirsty again.

Suddenly, she thought of a very clever way. She said to Wen lichen, "come closer."

Wenlichen obediently leaned over, Sushi's forehead against his chest, and then, under the cover of her long hair, she put off her mask, held milk tea, and drank it in his arms.

Wen lichen was kind and funny, but his eyes were tender and lustrous under the light.

Sushi arrived for a while, after a few sips of milk tea, she continued to put on her mask, looked up and smiled at him, like a playful girl, with a touch on her eyes and brows.

Wen lichen's palpitation was so severe that he could clearly feel his heart jumping for her. He was deeply attracted.

He could not help but look into his body and put a hot kiss on her white forehead with his thin lips.

Waiting in line to pick up the ticket, a young boy nearby picked up the ticket and pulled his friend into the field. His friend immediately asked, "what's the hurry!"

The boy immediately exaggerates, "sushi is my goddess! I love watching any of her films. Hurry up. "

Sushi was right behind them. When she heard this, her heart warmed, and her male fans were more enthusiastic.

However, she felt that her waist and arms were tight around her. When she looked up, she saw Wen lichen's face was not very beautiful. Su Xi chuckled. Was he jealous?

The ticket was ordered by Annie. She sent the two-dimensional code of the ticket to sushi. When she went to collect the ticket by herself, she vomited two tickets for her lover's seat. Sushi looked at it carefully, and was a little stunned.

Annie, what kind of plane is this?

However, the tickets have been booked. What else can she say?

She put the ticket in her bag.

At 11:50, when the cinema entered, sushi watched a large number of guests who were competing for the premiere. Her heart filled with joy. It seemed that her popularity was not bad.

In the dusky entrance hall, sushi takes the ticket to the back two rows. The lovers' seats in the cinema are in the last row. It's hard for sushi to rob Annie. What makes her speechless is the corner of the last row.

How pitiful!

Susie has a problem!

When she found a place to sit down, she felt that the man around her looked at her with complicated eyes. She was embarrassed immediately, and whispered, "it's not that I ordered it, it's that Anne ordered it."

The explanation is pale.

Wen likes this position very much. It's quiet. The barriers erected on both sides and there is no barrier in the middle are completely set up by lovers.

When sushi sat down, she put down the milk tea and the bag, and watched the nearly full premiere. Her mouth curved with a satisfied smile. She hoped that the box office would achieve good results this time.

She was also very lucky to have made this film in four countries. When she was making the film, she was still seasick and was very lucky to have made it.

The lights of the whole movie hall suddenly dimmed, and the whole scene, only the huge screen, lit up. Susie was a little nervous. Every time she went to see a film she had made, she felt a sense of tension that she couldn't say.

Wen lichen raised his slender arm, took her in one hand and held her tightly in his arms. The upper half of Sushi's body was nestled on his chest.

She was a little embarrassed, but at this time, it seemed that she could not get away.

The film belongs to the fresh style, there is no passion play just came up. In the film lens, Susi has the exquisite small face of three hundred and sixty degrees without dead angle, which dominates the screen.

To the presence of the men issued a cheer to the goddess, "how beautiful!"

Sushi blushed a little and smiled. Then, as the plot unfolded, she met the hero. This time, she acted as a young painter of literature and art who met the true love story.

The man is a rich man. He lingers in the night and gets drunk. Finally, he finds true love, changes himself and gives up everything for love.

Yang Rui is a new-born idol with a senior man's face, so he plays the hero to the core. In the play, Suxi is the portrayal of her life. She is lazy and has a pair of hands kissed by an angel. Therefore, under such a lens, Suxi's everything is magnified, and several slow scenes are directly painted.

She has a self-willed face and messy hairstyles. She can challenge HD lens, especially a lens. When she is thinking about writing, she has sunshine, breeze and her delicate jade face.

Under the camera, not only the audience were stunned, but also the men around him were fascinated by her breathing.

Wen never knew that owning a person would make him feel so proud and accomplished. At the moment, he hugged sushi and felt this kind of pride.

This woman, except for him, will never be a man.

Chapter 308

The plot of the movie shows the typical love development route of urban men and women. The leading men and women meet romantically and start to entangle. Until a series of funny plots happen, Sushi's acting skills are real without embarrassment, as if the character was born for her.

Yang Rui is also very good at it, so that the audience will gradually enter into a good situation, sad for their sadness, happy for their happiness, and immersed in the film, can not extricate themselves.

Finally, a misunderstanding made the protagonists and actresses in the film start to stay away from each other. Yang Rui's role in the play seems to be very down-to-earth. In addition, his facial features are also extremely handsome, so he captured the hearts of a group of girls.

Sushi looked down all the way, others saw the plot, she was thinking of every detail of the filming, she looked seriously, and the men around her were very quiet. When sushi looked up at him several times, he found that his eyes were fixed on the screen, as if he was quite attentive.

With the plot all the way to the moment, Susie's heart can't help tensing, because she knows what the next plot is, that is, her heroine in the movie decides to leave, meets a high school schoolmate at the airport, where two people are chatting, and the hero who comes after just sees it.

He was angry, jealous and crazy. Then, he pulled the woman into the car. Then, a bullying kiss in the car began.

Because of the kiss, the atmosphere in the cinema was warm and ambiguous. Many girls whooped. I hope it's not Susie who was forced to kiss at the moment, but they.

Because the hero is really handsome!

Sushi thought of the play, and made it several times. The director was satisfied. She watched it now, and felt full of embarrassment and embarrassment.

Although she and Yang Rui have already become friend like feelings, but in this plot, they play a perfect couple.

Sushi was half covered. When she didn't plan to see the play, she felt a pair of gloomy and unhappy eyes staring at her. Sushi looked up. Although the light in the cinema was dim, the man's momentum was not covered by darkness.

As soon as her waist is tight, and the next second, sushi sticks to his chest tightly. She is still wearing a mask. Sushi's breath is slightly smothering. What is the man doing!

However, because the four scenes are quiet, she certainly can't make any sound, and can only use her eyes to ask him.

In the next second, sushi felt wenlichen's palm reaching her ear. When she didn't know what he was going to do, she felt that the ear hook of her mask had been taken off. She was shocked. This man

Su Xi was so shocked that she wanted to wear the mask back, so she felt a pressure approaching. She raised her head, and her tiny red lips were tightly sealed by the man's domineering thin lips.

"Well..." Susie's brain explodes, blank up, what's the matter with this man, kissing her here? There are people all around!

However, it's dark in the cinema. There's a fence erected next to the couple's seat. No one will find it. Everyone is attracted by the plot and has no time to look back.

Susie's breathing is very fast. The red lips are sucked by the man. Besides, he is not satisfied with sucking her lips. He plans to explore further

Susie wants to faint, but her back head is caught by a man. She has no room to get out of her body. Except for being asked to kiss, she can only tightly grasp his collar. Then, she can resist any sound. In the corner of the cinema, she is bullied by this man for a long time.

On the screen, the plot begins to end at the back. The movie is only ten minutes from the end. The ending of the movie is very good.

Suxi painted in the wild. The hero's love expression was flown by a hot-air balloon from afar. The huge expression made her look up and see it. The heroine held the paintbrush in a daze and was moved by the expression.

Then, the hero and the heroine are sweet for a few minutes. In the end, it's the point!

Roll the sheets

Although it's like rolling sheets, in fact, Suxi and Yang Rui are both wearing clothes in the quilt. Moreover, Yang Rui kisses her neck, and the picture is not too much, only a few two people clasp their fingers tightly, leaving the audience infinite space to imagine.

Of course, the whole movie is perfect.

Susie had been kissed by a man for more than ten minutes. Her mind was blank. She was already breathless. She almost pasted her face on the man's chest. When she came back to her senses, her face was so hot that she could cook eggs.

My God! In front of her movie, she kissed the man for so long, and there were hundreds of people around.

She's dying of embarrassment.

She put on her mask in a panic. In the cinema, she didn't even dare to say a word.

Seeing the end of the movie, Susie didn't want to be crowded. She said to the man beside her, "let's go first! It's almost over. "

Finish saying, two people come out from the cinema first.

At this time, the whole movie theater is still very quiet, only a few fast asleep staff are waiting for the end of the show. Sushi, with a bag on his back and a mask on, walked quickly to the direction of

the elevator. Behind him, Wen lichen's face was still ugly under the light. His eyes seemed to be owed hundreds of billions, with cold light.

Susie was a little annoyed with what he had just done in the cinema. When she entered the elevator, she gave him a biting look and didn't want to talk to him.

Wen lichen's heart is really not feeling, as long as he thinks that her lips have been kissed by other men, and more than one man, he feels extremely stuffy.

"In the future, we must use a double for kissing." Head cold not Ding of cover under a domineering order.

Susie frowned, not answering.

Wen lichen looked down at her, his eyes full of threat.

"Do you hear me?"

Of course, Susie heard that. She agreed.

The elevator all the way to the first floor, now the whole way out of the mall, no one, sushi out of the mall square, the cool night wind blowing her long hair, she really want to go back home to rest.

Just then, her mobile phone rang. She picked it up and saw that it was Yang Rui. Su Xi told him that she would see the premiere. Yang Rui did not catch up with her because she was advertising abroad.

She reached for it. "Hello, brother Rui."

"Are there many people watching the premiere?" Then Yang Rui asked with a smile.

"It's almost full."

"I really hope we can get good reviews this time, and we will not waste our time running to several countries to film." Yang Rui said at that end.

Susie laughed. "Yeah! I hope so. "

After her death, Wen lichen followed her step by step, looking at the way she talked and laughed with Yang Rui. Her face, which was not very good-looking, was more gloomy.

Chapter 309

"Well, it's late. It's time for me to go back and have a chat." Suxi Dynasty Yang ruidao.

"Good! Next time we get together at home, I'll treat you to dinner. "

"Good!" Susie knew that both were busy, but only politely.

When she hung up the phone, Susie's arm was suddenly buckled. She was shocked. She saw that Wen lichen grabbed her hand and went to the side of the car. He pushed the car lock. He opened the front passenger's door for her to enter.

Susie sat in, wenlichen's long body in the driver's seat, and he started the car and went straight out of the parking lot.

In the street at midnight, his speed is very fast. Sushi obviously feels his heart beating faster. She can feel that he is in a bad mood because of the kissing and bed scenes she had with Yang Rui in the movie!

"It's just a movie, it's a play." Susie didn't know why, just wanted to explain.

Let him not be too serious.

Wen lichen of course knows that all this is false, but when he sees the big screen with his own eyes, she is kissed by other men. She sleeps in the same bed with other men. She is pressed and kissed by him. Moreover, the way she clasps her fingers on the bed makes his brain fill up a picture of her sleeping by other men. He is almost mad.

"Are you jealous?" Sue took off her mask and asked with some concern.

Wen Li Chen's eyes are fixed on the front, and his thin lips are pursing a line.

Suzy didn't know how to comfort a jealous man. She put her hand on his arm and chuckled, "OK! Don't be angry. There's nothing delicious about vinegar! "

Wen lichen was softened by her sweet, waxy and soft voice. A dark light flashed through his eyes. As soon as the steering wheel turned, the car rushed into the pavement under the shade of a nearby tree and stopped.

Seeing him stop suddenly, sushi looked at him curiously. "What's the matter?"

Wen lichen turned to stare at her. There was a light outside the window. Her small face was still white and shiny. He thought of the way she was forced to kiss by the hero in the movie just now.

He was inexplicably angry.

Sushi looked at his deep black eyes, and immediately had an ominous premonition that he would not want to Kiss her!

Congratulations, you're right.

As expected, the man leaned over, put his hand around her waist, approached him, inserted his hand into her hair, buttoned her back brain, and he kissed her with a slight gasp.

Susie is speechless. Is this man addicted to kissing tonight?

She closed her eyes consciously and felt his warm lips sticking up. This time, she didn't refuse or struggle, so she let the man kiss.

Wen lichen is really addicted. This woman has an irresistible charm for him!

From the first time she bumped into his arms, she seduced him step by step, and he became her fish willingly.

After kissing for a while, Wen lichen let her go with a low breath. His eyes were blurred, and his eyes were even more dark and dangerous. He reached her forehead and pleaded hoarsely, "let's go to the hotel."

Of course, sushi knew what he was referring to. Sushi was also kissed by him. She was dizzy and even covered with a layer of crispy hemp. However, her reason was still there.

She shook her head and said firmly, "I don't want it. You can take me home!"

"You are mine sooner or later, don't you want to be happy earlier?" Wen lichen coaxed.

Susie pushed him. "I don't want to. Take me home!"

Wen lichen looked at her such a firm position, he can not help but a light sigh, resentment of looking at her, stuffy way, "go to my house."

With that, he stepped on the accelerator at his feet, and the car went straight into the night.

Sushi saw her apartment was not far away, but wenlichen accelerated the accelerator and didn't plan to take her home at all. She could only sigh. It seemed that she could only go back to his home.

This evening, Susie went back to the room and closed the door tightly, afraid that the man would rush in in the middle of the night. Fortunately, Wen didn't disturb her again.

And she didn't know, Wen lichen to her new script, modify the drama that the heroine was raped, until he was satisfied.

In a five-star hotel in the center of the city, Ni Yan sits on the sofa on the balcony, encircles her arms, sticks to a glass of red wine, turns over a photo, and takes photos on the beach. Men are beautiful and sunny, girls are sweet and beautiful, holding hands and walking in the sunset.

Ni Yan caresses the man in the photo and wants to go back to the past. In this way, the man still belongs to her. He will not fall in love with any woman except her.

But now, six years later, things are different, times have changed, she has been staying in place, and Xing liehan's side, but there is another woman.

"Liehan, do you really forget our past? Do you really forget to be clean? " Ni Yan's tears came out of her eyes and showed her sadness.

She gently wiped it with her fingers, and her eyes became firm from sadness. She bit her teeth and murmured, "fierce cold, I will come back to you, even if I do anything, I will come back to you." Tomorrow, she will have a meeting with the senior management of Xing group. It has been decided. It is not his subordinates but himself that she hopes to attend the meeting.

Early morning.

The first sunshine, Tang Siyu woke up, because today she will take her son to see his father, Xiao Xi also followed her to get up early.

Last night, Xing liehan had an entertainment. She didn't know when she would come back, but when she woke up, she was with her son.

Xing liehan didn't sleep beside her. When Tang Siyu woke up, he found that he didn't sleep beside her. At that moment, his mood was still a little lost.

Where did he sleep?

Tang Siyu asked the little guy to wash his face and brush his teeth. She came out and pushed open her door.

Seeing Xing lie sleeping on it and pushing the door open, Tang Siyu in the air smelled a light smell of wine. She twisted her eyebrows. Did he drink last night?

When Tang Siyu sat on the edge of the bed, Xing liehan was awakened. His narrow eyes opened and he saw her. He immediately put his hand around her waist, put his face on her leg and put it around her to sleep.

Tang Siyu stroked his hair, and the loss immediately disappeared. He must be full of alcohol, so he didn't sleep with them, but chose to sleep here alone.

Xing liehan lingers around her waist with one hand, and then, naturally, she touches it up. Tang Siyu doesn't refuse, but the little guy suddenly pushes the door, and Tang Siyu grabs his restless hand almost in the next second.

The little guy immediately climbed to Xing liehan's bed excitedly, "Daddy, get up!"

Xing liehan put the little guy in his arms and said, "sleep with Daddy."

"I'll cook breakfast."

"Wait, give me a good morning kiss." Xing liehan clasps her hand and refuses to let her go.

Tang Siyu just smiled and leaned down and kissed him on his side face. The little guy immediately pointed to his little face, "Mommy, I want it too."

Tang Siyu also gave him a good morning kiss and went out laughing.

Xing liehan's cell phone rings. He grabs it and takes a look. He picks it up and says, "Hello!"

"Xing Shao, do you really not participate in today's meeting?"

"Well! Vice president Zhang shall be solely responsible for this. " Xing lie's voice was cold and faint.

"OK!"

Chapter 310

After breakfast, Tang Siyu and Xing Lihan took him to see Tang Xiong's tombstone. This time, Tang Siyu's mood was calmer. In particular, she looked at the cemetery where her parents were close to each other. In her heart, she hoped that her father would accompany her mother well under the ground so that she would not be lonely any more.

The little guy also came to see grandma for the first time, but he was still more close to Tang Xiong. Although he was not able to express his sadness, he stood in front of Tang Xiong's tablet and

touched his smiling picture with his young hands. He gently called out, "Grandpa! You must be happy in heaven! "

Tang Siyu's heart was hurt by her son's words for a moment. She turned her back and secretly felt her tears. She didn't want to let the little guy see her.

Xing lie looked at her heartily. He crouched down, took his son's little shoulder and replied, "don't worry! Your grandparents will be happy in heaven. "

Tang Yixi nodded and believed daddy's words. He was not afraid to hold the tombstone. He made a kiss to Tang Xiong's picture, and his mouth curved slightly.

If Tang Xiong really knows something, he will be very happy.

In a meeting room of Xingshi group, Ni Yan attended in a queen's dress. When she saw that it wasn't Xing liehan who was receiving the meeting, her heart immediately fell to the deep valley. Did he really avoid her missing?

She could not bear to go to him and disturb him because of the meeting today. She thought he met her, but unexpectedly he didn't attend.

"Why didn't president Xing attend?" Ni Yan asked the vice president of the court.

"Miss Ni, I'm sorry, Mr. Xing is very busy today. He doesn't have time to come to the company. I'm responsible for all the business connected with your company." Zhang Hui replied.

Ni Yan's face changed, but it wasn't easy to attack. She took out her mobile phone, which also contained Xing liehan's personal phone. She directly unplugged it and pushed the door out of the conference room.

In Xing liehan's cemetery, his cell phone rang. He picked up his cell phone and saw that it was an unsaved foreign number. He looked at it several times and picked it up. "Hello, hello."

"It's me. Why didn't you attend today's meeting?" Ni Yan in that end of the lost ask.

Xing lie said coldly, "I said that business is business, and private is private. I have arranged people to connect with your company's business. In the future, you can find our vice president Zhang directly."

"I don't want to. I want to see you." Ni Yan's voice was capricious, and her voice said sadly, "don't you know that all I have done is to see you? Please don't be so cruel, will you? "

"You and I have already ended. Please don't disturb my life." Finish saying, Xing liehan directly hung up the phone.

Because of the open space around, Xing Lihan answers the phone nearby. Of course, Tang Siyu hears it. She knows that it was his ex girlfriend who called.

She took her son's hand and they were ready to go down the mountain.

Xing liehan looks at Tang Siyu for fear that she will be unhappy. Tang Siyu doesn't look at him. He takes his son and tells him, "be careful."

Xing liehan's heart strings are tight. He is worried that Tang Siyu will misunderstand him. It's just the beginning of the two people's confession. It can be said that their feelings are still fragile. He really doesn't want any misunderstandings.

When getting on the bus, the little guy climbed up first. Tang Siyu's hand was locked by the man behind him. He closed the door and pulled her aside.

Tang Siyu looked at him in surprise. "What's the matter?"

"Are you angry?" Xing liehan locks her face and asks anxiously.

Don Siyu blinked, knowing what he meant, and she chuckled, "did you just answer your ex girlfriend's phone? I heard it, but I was not angry. "

"Are you sure?" Xing liehan holds her slender waist and asks again.

Tang Siyu could feel his worry. She nodded, "well, I'm not angry. Get in the car!"

Xing liehan breathed a little. They got on the bus and ran to their home in the city.

On this day, Xing liehan didn't appear in the company at all. Ni Yan went back to the hotel after a lost meeting. She was really unwilling. According to her inner confidence, she believed that Xing liehan must not forget her.

It's just because he has a woman around him and a child with that woman. She will alienate her for the sake of her children. She should really find a time to meet Tang Siyu and find out the relationship between her and Xing liehan.

"Qi Yuan, according to the arrangement, look for an opportunity for me. I want to meet Tang Siyu. It must be when she is alone." Ni Yan said to the most trusted people around her.

"Good! I'll be in line. " Ye Qiyuan nodded in response, looking at Ni Yan in his eyes, with some heartache.

Ni Yanhuan looks at the direction of Xing group from afar, as if the most powerful deity in the East, as if it is its master, dazzling and charming.

Murdoch group.

Murphy has been busy with a project recently. At the same time, he has been paying close attention to the stock market of Tang Group. In addition, he has collected some information. Qiu Lin and Xing Yan are very close recently. It seems that in addition to the merger of the company, the feelings of the two people are also warming up. Maybe, in the near future, Qiu Lin will become Mrs. Xing, the aunt of Xing liehan.

This play is really wonderful. Nobody expected that Qiu Lin would be with Xing Yan after Tang Xiong died.

At the same time, mufei is still worried about the situation of Tang Siyu. Xing liehan's ex girlfriend is on the side. Will Xing liehan and her feelings change?

Will Xing liehan really stick to this relationship with her? Murphy clenched his fist. He couldn't let Tang Siyu go in his heart. Even though she didn't have his place in her heart, if she loved someone, she would want to know everything about her.

Two days later, the school season.

Not only the kindergarten, all the schools have entered a busy state of opening.

Tang Siyu sent his son to a noble school in the villa community, which is also convenient for daily transportation. In addition, there is good news that in order to facilitate the care of their grandchildren, Xing Zhengting and his wife bought a single villa not far from the school, and they will move over after the little guy starts school.

At that time, there is no need for Tang Siyu to go out every day to pick up and send the kids. They will take care of the daily life and care of the kids. Of course, this will not affect the relationship between Tang Siyu's mother and son.

At the same time, Xing Yinuo also went to school every day. Fortunately, it was not a long way. She asked Wen Liangyao for her watch that day, and the next day she sent him a pen instead. Considering that he was going to be a teacher, it would be useful to change her homework.
