

## U. CEO Daddy 311

### Chapter 311

When signing up, Xing liehan and Tang Siyu accompanied the little guy to the school. The teachers took extra care of him. Xing liehan's private help strengthened the school's security system and upgraded it to the top level to ensure that all the children in the school were safest.

Xing YINUO, accompanied by Xing Zhengting's husband and wife, also became famous and promoted to senior three, which directly increased the pressure on his study.

Although she didn't want Wen Liangyao to be her math teacher, it was a foregone conclusion. She could not change it. She could only accept the fact that she met him in class for one semester.

The next day, the little guy went back to school. He was very calm. He didn't cry to find his parents like other children. He played with toys quietly in the building blocks.

Tang Siyu and Xing Lihan came out after the first day of delivery. Tang Siyu was worried. Xing Lihan took her shoulder and walked to the direction of the car. "Let him be in the school! He needs a little practice, and we have to learn to let go. "

Tang Siyu is not so serious. He just loves little guy.

"Where are you going in a moment?"

"I gave Susie a movie." Tang Siyu made an appointment with sushi last night. She must brush her new play.

"Well, I'll take you to Li Chen's house."

Tang Siyu got into the car and asked curiously, "where are you going?"

"I'll go to the company for a meeting and pick up my son with you in the afternoon." Xing liehan won't miss his son's first school day.

Tang Siyu chuckled, "good!"

Suxi receives a call from Tang Siyu, and she comes down dressed properly. She invites Tang Siyu in at the door, and the two go to the garage.

"Isn't Wen lichen at home?" Asked Tang Siyu in a low voice.

"He went out early in the morning." After that, Su Xi asked Tang Siyu, "have you asked Xing liehan? What does Wen lichen do? "

"I forgot so many things recently! I'll ask you this evening. "

"Good!" Susie just wanted to know, because wenlichen was so mysterious in her mind.

As soon as sushi got on the bus, the car phone rang. She looked at Annie's and answered.

"Hello! Anne. "

"Heathy, good news. Just received the notice that you have been nominated as the best actress of the Golden Rooster Award. You have to prepare well for the award ceremony next week."

"Is it?" Susie was also surprised. She was sure of her acting skills when she won the prize. Of course, she was happy.

"You haven't come to the studio for a long time. Oh yes, it's about to start shooting after three days of training in love month. You should also be ready!"

"Well! I'll move home tonight. "

"Good!" Anne said, and hung up.

Tang Siyu looked at her with a smile. "Congratulations!"

"I've been waiting for this award for a long time. I hope I can get it this time." Susie's eyes flashed with anticipation.

"It must be yours." Tang Siyu has confidence in her.

Two people went to the cinema. Sushi was fully armed. Two people sat in the cinema, drinking milk tea and watching the movie. They also spent a leisurely noon.

In front of the top floor window of the general office of Tianmu entertainment group, Wen lichen stood there in a dark suit overlooking the scenery, and behind him stood several people who listened to his orders.

"I'll give Susie the prize." Wen lichen opens with a low voice.

"OK, we'll arrange this."

"Mr. Wen, are you present as biowen?"

Wen lichen's eyes flashed a smile, his identity is to show her, he nodded, "yes, as the president of Tianmu group to give her awards."

Several people behind looked at each other face to face immediately. Wen lichen had been invisible since taking over Tianmu group. Unexpectedly, for sushi, he exposed his identity directly. Sushi's charm is so great.

Wen lichen began to look forward to, when he stood on the stage, reading her name, waiting for her to come on stage, what kind of expression would she have?

At the gate of Xing's group, Ni Yan came in wearing a sexy red skirt. She left her identity in Xing's group, so the front desk asked her, but did not stop her.

Ni Yan came to find Zhang Hui, but after she entered the elevator, she directly pressed the floor number of Xing liehan's office.

When the elevator door opened, Xing liehan's assistant got up and asked, "Hello, Miss Ni, do you have an appointment with Xing?"

"Yes! Please take me to see him. " Ni Yan said panic.

"OK!" The assistant knows her identity, so he dare not neglect it.

Xing liehan has a rest in the office after the meeting. The assistant knocks on the door, and Ni Yan says to her, "I'll go in by myself. You'll be busy first!"

Assistant nods to leave, Ni Yan reaches out to push the door to enter.

Xing liehan is reading documents in his majestic office chair and managing Norda's company. His workload will increase a lot every Monday, so he will stay in the office longer at this time. He raised his eyes and looked at the woman coming in, his sword eyebrows frowning.

Ni Yan looked at him, his eyes filled with tender love, "that is, if you hide from me, then I have to come to you."

Xing liehan put down the data and put his hands on the desk. The voice line asked coldly, "what can I do for you?"

Ni Yan lowers her head and takes out some photos from her bag. She goes to him, puts them on his desk and spreads them out. "Do you remember when we were on the beach? You take my hand and say you'll give it to me forever. "

Xing liehan looks at the photos indifferently and doesn't resonate with them. He wrists his eyebrows and says, "you can throw away these photos. They have no meaning."

"Not for you, not for me." Ni Yan picked up the photo with some injuries and looked at it carefully. "Do you know how I spent these six years? I regret every day, regret that day I threw your flowers, said that break up, if time goes back, between the family and you, I will not hesitate to choose you. "

Xing liehan doesn't like to hear these words, and even repels them. If time really goes back six years, he will regret it.

In this way, he will not meet Tang Siyu.

"Ni Yan, I said that six years ago, everything, for me, has no meaning." Xing liehan hopes that she can understand and keep pestering each other, just wasting each other's time.

Ni Yan's eyes filled with a red tide. She had an impulse to cry at any time. She put her hand to the tip of her nose and took a light breath. "But for me, that's all I have. It's more important than my life."

Xing liehan still looks at her with cold eyes, "pestering the past will only make you more painful. The best way is to forget."

Ni Yan bit her lips and looked at him pitifully. "You can forget it, but I can't forget it."

Chapter 312

Xing liehan has some antipathy to Ni Yan's incessant means. His brow is twisted and his cold breath is stronger. He stands up and says, "if you just want to say that, you'd better go back!"

Ni Yan's eyes were filled with tears. When Xing liehan passed by, she immediately ignored the woman's shame, reached out and hugged his waist. "Don't go, liehan, don't do this to me, I really love you."

Xing liehan once again mercilessly opened her hand, turned around to separate the distance, and her cold eyes were warning, "Ni Yan, what do you want?"

Ni Yan looks at him with a pale face. Looking at his disgusting expression, her heart is severely hurt. She really doesn't know that she is in Xing liehan's heart, and she is worthless to be disgusted by him.

"Am I so annoying to you?" Ni Yan can't believe it. She asks sarcastically.

"If you don't want to be hated by me, the best way is to leave, you live your life, I live my life."

"Are you still hating me for saying goodbye six years ago?" Ni Yan thought that Xing liehan's hatred for her must have originated from the time when she hurt him severely six years ago.

Xing lie didn't have any trouble in her eyes. Instead, he looked at her calmly. "I'm very grateful that you broke up with me six years ago, because your departure made me find my true love."

Ni Yan's heart was stabbed severely, which seemed to say that she was just a passer-by in his life, because she let go, and now his love was fulfilled.

She bit her lips and looked at him incredulously. "Liehan, what do you want from me? How do you want me to be forgiven? Even if you let me give you the whole family, I am willing to, as long as we go back to the past, OK? "

Xing liehan is really upset at the moment with Ni Yan's entreaty. He goes to the desk, presses the internal line, and says, "come in."

Han Yang immediately knocked on the door and came in. The atmosphere inside made his heart tense. Looking at Ni Yan's tearful eyes, he knew how to do it.

"Miss Ni, please!" Han Yang made a polite gesture.

Ni Yan is unwilling to look back at Xing liehan. Even though he just gave her a side face, her heart still throbbed. She found that she really loved him very much. She missed him for six years, but now she can't be released. Instead, she became more and more intense.

"Fierce cold, I will not give up!" Before Ni Yan left, she didn't forget to tell him.

Xing Lihan breathed a little, and his eyes returned to peace. For Ni Yan, he really had no idea. He only hoped that Ni Yan would leave and not insert into his life.

Su Xi and Tang Siyu went to the restaurant after watching the movie. They had a meal and talked about their happiness and suffering during filming. Tang Siyu always envied Su Xi, but she knew that behind her brilliance, she also paid a lot of sweat and effort.

No one's success is easy.

"You don't know, I was crying so fast that many people were waiting for me to work overtime with me, but I was not in the state all the time. When I finished work, it was early in the morning." When sushi talked about his experience, he was helpless.

"No way, you actors are not working alone, but a team, so they will understand you."

"I understand, but there were still some employees who were not professional in the network, but I didn't care about it."

"You'll be nominated for best actress in a minute. Let those who taunt you see that your efforts pay off." Tang Siyu comforts me.

Sushi was also looking forward to it, but she couldn't tell that it was herself. She held up her chin and said, "go with it! I'm satisfied to be nominated. "

"I believe this award is yours." Tang Siyu encouraged her.

After dinner together, they came out at 3pm. Tang Siyu didn't want his son to wait in the school on the first day, so she asked Xing lie to pick him up on time.

Xing liehan drives to the gate of their shopping mall at 3:30. Su Xi drives back alone. Xing liehan takes Tang Siyu to pick up the kid at school.

Sushi drives her car and wants to go home. In the shopping mall downstairs, she stealthily buys some favorite snacks and goes upstairs. In her own home, she is free to do whatever she wants.

Susie decided to move home, comfortable.

At the school gate, the car that came to pick up the children has become a luxury auto show. No matter what industry the parents are in, the children are still the most important place for them, so even if they are busy and have no time, they should come to pick up the children.

Especially in places like kindergarten, I can feel the smell of parents doting on children. Xing liehan is one of them. When he pushes the door open and comes down, Tang Siyu follows him, and the corners of his mouth bend gently.

This man can call the wind and rain in the mall, but at this moment, he is a father waiting to pick up his son.

"Mr. Xing, you are here, too." A father recognized him and said hello to him.

Xing Lihan responded politely, and then, at 4:30, the door opened and the parents went in orderly to pick up the children. Tang Siyu saw his son in the middle of a group of children in blue and white school uniforms.

"Daddy, Mommy..." Tang Yixi runs over to them excitedly. Xing liehan doesn't see the little guy in a day, so he reads to each other very much and squats down to pick him up.

"Have a good time at school today?" Tang Siyu asked with a gentle smile.

"Well! Very happy, I gave them the piano performance, the teacher praised me, many children will cry, I did not cry The little guy replied seriously.

Tang Siyu stroked his little head. "How lovely! Let's go home!"

Xing liehan can't help kissing on the little guy's face, so he holds it out.

"Come back to my parents' house for dinner tonight! They must also want Xiaoxi. "

"Good!" Tang Siyu has no opinion.

They went straight to Xing's house.

In the evening, a luxury Bentley car drove into Xing's yard. From the back seat of the car, Xing Yinuo came down sleepily. She was carrying her schoolbag and looked listless.

Jiang LAN immediately greeted her with a smile, looked at her and asked, "what happened to my daughter?"

Xing YINUO sipped her lips. She went to school on her first day today and was not happy at all.

"What happened? Talk to mom." Jiang LAN is very concerned about her daughter's condition.

Xing YINUO snorted, "why does brother Liang Yao want to teach me math! I don't like his teaching."  
"

"Why?" Jiang LAN asked in surprise.

"I just don't like it." Xing YINUO snorted and turned his mouth.

### Chapter 313

Jiang LAN looks at her daughter and makes a scene. She can't help laughing. "Why don't you like it? You have to give me a reason!"

"He can't teach well at all!"

"How could he not teach well? It's no problem to teach a university with his education background. You little high school students, he can certainly teach well." Jiang LAN is very optimistic about Wen Liangyao.

Xing YINUO suddenly didn't want to say the reason again, because when Wen Liangyao came into the classroom today, the students in the whole classroom were shocked. Those female students all looked at the new teacher with red faces and red ears, and the eyes seemed to be shining.

All the female students in the class are excited. Xing YINUO is the only one standing in front of the platform, with a small face, staring at the handsome man. It seems that the nerve is not right and happy.

"I promise you that you should listen to Liang Yao. He will be your teacher later. You should respect him and not mess around in front of him." Jiang Lan said to his daughter who was going upstairs.

Xing YINUO came to the top of the stairs and said, "I know!"

"Later your big brother will bring Xiaoxi and Siyu over for dinner."

Xing Yinuo was surprised to see half of his head on the railing. "Really? That's great. There's one thing that makes me happy. "

After a while, Xing liehan's car drove in. As soon as the little guy entered Xing's house, he began to collapse and jump around. He went upstairs to visit his aunt.

Maybe in the eyes of the little guy, only Xing Yinuo is the big kid who can play with him.

Jiang LAN is busy cooking dinner with his aunt in the kitchen. Xing Zhengting came back later. After he said hello to Tang Siyu, he called Xing liehan into his study.

For recent business events, although he and Xing liehan have made several phone calls, he still wants to talk with him tonight.

One of the most important things is the merger of Xing'an and Qiu Lin. Xing Zhengting knows that Tang Siyu has suffered enough grievances and knows about Qiu Lin.

"Liehan, you can't be in a hurry. Don't be out of proportion." Xing Zhengting reminds me.

Xing liehan nodded. "I know what to do."

"Xing Yan even got in touch with Qiu Lin, which means that he has a strong ambition to enter the financial sector. It is said that he sold a mine and is ready to make a big move in the business sector."

"I know, he wants to invest in Aerospace Energy Research and development projects, which I have been focusing on for a long time. He wants to rob my business."

"I have to guard against him. Your grandfather told me before. Although we are cousins, the previous generation is pestering with gratitude and resentment. Your grandfather is the legitimate successor of Xing family. But my uncle has always been jealous of your grandfather's business. If he wants to replace him, Xing Yan will grow up without the hatred that his father injected into him."

Xing liehan nodded and his eyes flashed firmly. "I will never let him seize the business of our family, and the Tang Group in Qiu Lin's hands. Sooner or later, I will take it back for Siyu."

"We all see your feelings for Siyu and believe that Siyu is also very clear, so she will not force you."

"She didn't force me or even advise me not to be too aggressive. She is a sensible girl." Xing liehan wants to let his parents know that Tang Siyu is good.

Xing Zhengting nodded, "yes, she is a good girl."

"So, I want to wait for these things to be handled, and I propose to her to finish our life-long event as soon as possible." Xing lie looks forward to the cold eyes.

Xing Zhengting naturally has no opinion, "well, Xiaoxi is so big, and we can't let Siyu have no name or share."

"Well!"

The conversation between the two father and son continued to go deep into work. Tang Siyu watched TV in the hall downstairs for a while. Here, she felt relaxed, like home.

The dinner was very rich. Jiang LAN sent two boiled eggs to Xing Yinuo and Tang Yixi, implying that they had achieved good results in the future.

When Wen lichen returned to the villa, he saw that the villa, which had always been brightly lit before, had been shrouded in darkness. If it wasn't for the sound of his car that the yard's voice lights up, the whole villa would have been dark.

His heart was a little flustered. Susie left?

Obviously, she is not in the villa.

Wen took out his cell phone and leaned over his window to call her.

"Hello!" The voice of sushi came.

"Where are you?" There was an obvious worry in Wen lichen's voice.

"Don't worry about me, I'm at home! I won't go to your place tonight. I'll be in the group in three days. Let's separate for a while!" Susie said at the end.

Of course, she also works, so separation is necessary.

As soon as he heard the two words, Wen felt that his chest was a little stuffy. He gave a slight breath, "are you sure you want to sleep in your house?"

"Well! Sure! Why do you ask." Sushi asked in a puzzled way.

"Nothing!" Wen lichen said, hung up the phone, at the same time, his slender body into the car, starting the car to turn around, towards the villa outside. Susie is now living on the sofa. Her assistant Xiaomi packed her dinner and brought her favorite Matcha and milk tea. She feels that this evening is a night for her to enjoy.

Because I grew up under the strict control of my father! Therefore, she likes to pursue freedom more than anyone else. She likes to be comfortable, free from control and quiet.

So, she also likes acting, like work that can let herself go.

Sushi is playing a new costume play. Now that she has received a major production, she has to figure out other people's acting skills and learn from her predecessors.

While she was drinking milk tea, holding the note and brushing the play, her door suddenly rang.

Susie is scared. It's nine o'clock. It's so late. Who will come to her house?

Suxi quickly got off the sofa, dragged his slippers and ran to the door, peering through the cat's eyes to see the people outside. Although the vision of the cat's eyes made people's facial features ugly, what she saw was still a delicate and handsome face.

But it was enough to scare her.

Why is Wen lichen outside? What happened to him?

Suzy was frightened, but he couldn't be turned away!

She had to open the door in half and lean half towards the man outside. "Why are you here?" she asked

Wen lichen stared at her and saw that she didn't let him in. He snorted and pushed the door open with his long arm. He walked in naturally.

However, the hall he saw was full of snacks, and his sword eyebrows tightened immediately.

Susie closed the door and came in. When she saw the man standing still, she was speechless immediately. He saw all her snacks.

Chapter 314

Sushi immediately ran from behind him to the middle of the hall and reached out to stop him. "This is my home. I'll make my own snack. You can't throw it for me."

Wen lichen looked at her small face. He wanted to laugh, but he still looked at her coldly. "Why don't you tell me and come back here?"

"I forgot. " In fact, she didn't dare to call him when she forgot.

Wen lichen can't see her mind. He snorted, "why didn't you forget to buy your snacks?"

Sue immediately puffed up her cheeks. "What are you doing here so late! Is there anything important? "

Wen lichen stretched out his hand and pulled the tie. His long fingers moved, which showed a kind of male sexuality. After pulling the tie, he threw it on Suzy's sofa, and said, "I'll sleep here tonight."

Suzy's eyes widened immediately. "You want to sleep in my house? No, I don't have your clothes here, and I don't have a place for you to sleep. "

"How can there be no place? I sleep in the master bedroom. You sleep in the guest room and clothes. I'll send them to my assistant immediately. " Wen is not worried about these problems at all.

When Susie saw that he was really going to sleep, she was in a hurry. "No, you can't sleep here."

"Why not? Don't you have another man to sleep with tonight? " Wen lichen finished, the slender fingers to open the shirt on the top three buttons, a sleepy expression.

Susie choked. Where did the man think? She just thinks he sleeps in her house, and the influence is not good! Besides, her family is not as generous as his. She is small here and can see each other when she does anything. It's very embarrassing.

"Even if I don't have friends to sleep here, you can't sleep here. Annie will come here early tomorrow morning." Susie had no choice but to make an excuse.

"Didn't she know our relationship long ago? What else can I hide? " Wen lichen takes out his cell phone and dials up his assistant's phone, telling him to bring him a whole set of clothes immediately.

Susie stared at him. She had lived in his house for so many days. She didn't really have the reason to drive him.

"Well then! You can sleep if you want! Anyway, it's just sleeping. Don't mess around. " Susie had to set the terms first, but it was a very dangerous thing that there was a man in her family.

Wen lichen suddenly takes a step towards her and looks down at her. "You say you don't want to, do you want to? Women, always duplicity. "

Sushi looked at him, and looked at him silently. Where does this man come from?

"You think more, I'm not the kind of woman you call me." Suzy finished, picked up a bag of snacks, curled up on the sofa, looked at him, "you sleep in the master! I'll watch TV for a while. I'll go to bed later. "

Wen lichen is also waiting for the assistant to deliver the clothes. He sits lazily beside her and accompanies her to the cinema.

Susie's heart string immediately tensed. When Wen lichen sat down, she deliberately sat near her. She subconsciously moved her butt to separate some distance.

Wen lichen's deep eyes stared at her in this movement. He was angry. He grabbed her whole body in his arms directly.

Sukhili raised his head and looked at him in consternation. "Don't move."

"That's your no, I didn't promise." Wen lichen finished and continued to hold.

Sushi struggled for a while. He held tight. She had to let him alone. I don't know why. In front of this man, many of her insistence would immediately become compromise, which is not a good thing.

Twenty minutes later, Wen lichen's assistant brought his clothes. Wen lichen came in with his clothes. Su Xi saw his clothes coming, and said to him, "take a bath! You go to bed early. "

Wenlichen carried his clothes into her master bedroom, where she had her own bathroom and a bathtub. Sushi had a room of more than 140 square meters. Because she made a room into a cloakroom, her room was small.

Wen lichen was tall and walked in it, as if the space was narrower.

Sushi heard him enter the main bedroom figure, she gently breathed a sigh, this is good, tonight, she thought can spend a free night, obviously not.

Twenty minutes later, sushi heard footsteps coming out of the room. She could not help turning her head and saw that Wen lichen's lower abdomen surrounded her bath towel, and her upper body was bare.

"Why don't you dress?" said Susie, covering her eyes at once

Wen lichen also had some helplessness. He just forgot to remind his assistant to bring a pajama with him. So now, all he can wear is one pair of underpants. If he comes out wearing underpants, he will be embarrassed to see this woman.

So he came out with a bath towel.

"What's shy about? You haven't seen my whole body. " Wen lichen is just thirsty. When sushi heard his words, a picture that she had forgotten for a long time appeared clearly in her mind. She was going crazy. The first time she saw him lying down his bath towel, it seemed as if it had just happened.

Suzy's pretty face immediately turned red. "I've long forgotten. Besides, there's nothing beautiful!"

When Wen lichen heard this, he suddenly fell into a deep smile, "nothing beautiful? Are you sure? "

Suzy's pretty face was red, and she didn't dare to look at his eyes without looking at her head. She refused to admit, "what's good!"

Wen lichen's face was cold. Didn't the woman admit that she saw it? He has always been confident in his figure, which can be said to be the best among men. This woman even dares to dislike him.

"If you forget, I can show you again." Wen lichen gave a cold snort.

Susie stayed for a few seconds, then she shook her head violently and refused, "I don't want to, I don't want to watch any more."

When Wen lichen saw her repulsive expression, his face was even worse. He went to her water dispenser, picked up a cartoon and lovely cup beside her and poured a glass of water. This is Sushi's cup.

Sushi watched him drink his own glass, but did not stop it. Now she just wanted him to go back to his room and go to sleep after drinking.

As expected, Wen lichen went into her master bedroom. Suzy had not bathed yet. She had no mind to watch movies, so she had to turn off the TV. She was going to take a bath and go to bed.

When sushi found the clothes, she went into the public bathroom. While bathing, she was also alert to the noise outside. She must have thought that this was not the bathroom that came with her, so it was easy to bump into it.

#### Chapter 315

After Suzy washed it, she took off her pajamas and prepared to put them in. She didn't know that the light pajamas were not stable, and they fell on the ground lightly. The ground was all water stains after bathing, which directly wetted a large area of her chest.

When sushi quickly fished it up, she found the wet lump. She swallowed it in frustration. How can it be such a bad luck!

If she was alone at home, she would rush out to find a new Pajama without saying a word. But now, there is a man living in the house. What's her point?

At present, this Pajama can't be worn any more. She looked at the towel hanging nearby, and she could only use it for her work.

Susie put on her underwear and wrapped a bath towel outside. Then, like a thief, she quietly pushed open a slit in the bathroom to see if Wen lichen appeared.

Well, he should not be there. Susie quickly slipped out of the bathroom. She instinctively thought that there were her changing underwear in the bathroom. She didn't want Wen lichen to enter the bathroom. She couldn't help but close the door.

At this time, she heard the door of the main bedroom open and Wen lichen stepped out in his underwear.

Sushi's eyes were gaping with fear. She wanted to push the door into the guest room opposite her. However, she didn't find out in her panic that one corner of her bath towel was still between the sliding door of the bathroom she had just closed.

In her panic, she made a strong move forward, the bath towel was suddenly pulled by a sudden force, and it fell off before sushi reacted, and then the bath towel automatically untied from her and fell on the ground.

When Susie found out, it was too late to save.

She just watched the towel fall to the ground, and she was all baby red except for a pair of black underpants.

"Ah..." Susie instinctively shrouded her arms, covering her chest.

Wenlichen did not expect that he just came out to take his mobile phone, but let him see such a scene of passion, the woman even took the initiative in front of him, exposed a pure light.

"Don't look, you don't look..." Sushi pushed the door into her room under the cover of panic. As soon as she entered the door, she gasped for breath and was so embarrassed that she wanted to drill the hole.

My God! She wants to cry so much. How could such an accident happen! It's a shame.

Wen lichen picked up the slightly wet bath towel on the ground. It seemed that there was still an attractive female fragrance floating on it. He only felt the tightness of his abdomen, which made him hard to believe.

He took a look at the closed door and thought, what is this woman doing now?

What else can Susie do? She found a pajama and put it on. Then she buried herself in the quilt, as if it could reduce her embarrassment.

Wenlichen's mind only reflected her flustered and white body just now.

Is this woman intentional? To keep him up tonight?

After Susie locked the door tightly, she never came out again. Wen lichen was lying in her bed, still awake in the middle of the night.

This is how we spent the night.

Early morning.

A black car stopped at the entrance of the community. Li Qian, Suxi's mother, got off with some fruit. She looked at the high-rise building where her daughter's house was located. She sighed. It was more and more difficult to get along with her little daughter.

Since that day, she has never been back home, and has not called her.

She is worried about her now. Anyway, she is also her daughter. Can she not feel hurt for the meat she has fallen from her body?

She went to the fruit market early this morning and bought some fresh fruits that sushi liked to eat and sent them to her. She knew that her daughter was so busy at work that she didn't even have time to eat. Naturally, she cared about her health.

She just called Annie. Annie told her that Susie was sleeping at home. She should not have breakfast. She bought another breakfast and brought it to her.

Li Qian walked briskly toward Suxi's entrance to the building, and went upstairs by the elevator.

After a while, she arrived at Susie's room door and knocked directly, because it was nine o'clock in the morning, so it was time for her daughter to get up.

Wenlichen's biological clock made him wake up at 7 o'clock every day. He had already woken up. Now he sat on the sofa waiting for Susie to wake up.

Susie fell asleep in the middle of the night because of that embarrassing incident last night. Now she is very sleepy!

The doorbell rang suddenly. Wen lichen was shocked. Who would it be so early?

But last night, he heard sushi say that Annie would come. He thought it was Annie, so he didn't think it would be someone else. He reached out and opened the door.

However, Li Qian thought it was Suxi, and she said with a smile, "Xixi!"

Li Qian just called her daughter's name, looked up, and saw where the daughter opened the door? He is a tall young man.

Wen didn't expect that a woman in her early fifties would be outside. Besides, she must be Susie's mother! After a few seconds of consternation, Wen immediately greeted him with a smile, "Hello, aunt!"

Li Qian looks at Wen lichen in astonishment. She is shocked. There is a man in her daughter's room? What's more, in the morning, he just came here, or he spent the night at his daughter's house last night?

Li Qian's heart is suddenly mixed with five tastes. Does her daughter really fall in love now? Is this man her boyfriend?

"Hello! I'm Susie's mother. Hasn't she got up yet? "

"She went to bed late last night. She's still in the room now!" Wen lichen gave a natural answer.

Li Qian's heart is thumping. I'm sure that this man slept here last night! Moreover, it is likely that she slept with her daughter. Li Qian immediately looked at Wen lichen and was attracted by his beautiful appearance.

At this point, my daughter's boyfriend is really handsome!

"Aunt, I'm going to get Susie up now." Wenlichen didn't know how to greet Susie's mother. He was going to let Susie get up.

"No, no, even though heathy is still sleeping, let her sleep! I've brought some fruit here. You can tell her later that I've come. " Li Qian didn't want to disturb her daughter's dream, but she knew that Suxi was a good daughter from childhood.

Now, there is a man in her room, and they are still living together. It seems that her daughter will soon belong to others.

As a parent, which one doesn't care?

"What's your name!" Li Qian asked with a smile.

"My name is Wen lichen, and my aunt will call me lichen!"

"Good, Li Chen, you are heathy's boyfriend!"

"Yes! I am. " Wen lichen readily replied that there was no doubt about that.

Chapter 316

When Li Qian heard this affirmation, she couldn't stop looking at Wen lichen. She had seen many young men, but she had never seen a better looking man.

However, thinking of her daughter eating the bowl of entertainment, which of her friends is not pretty? She was thinking, what kind of movie and TV series does this young man make in front of her? Why didn't she watch him on TV?

Wen lichen looks at Li Qian. He smiles naturally and lets Li Qian look him up and down.

The more Li Qian looks at it, the more she feels that this young man is very attractive. She has more than enough to go with her daughter.

"Li Chen! Are you an artist like heathy? " Li Qian asked curiously.

When Wen thought of his identity, he shook his head. "No, I'm in business."

"Oh! I thought you were acting like heathy! You must be pretty. " Li Qian's eyes are always pleasing.

Wen lichen laughed, and he was satisfied that he could get such praise from his mother-in-law in the future.

Li Qian looked at him and thought that he must have not had breakfast. Fortunately, she bought more. She said to him, "Li Chen, I have packed breakfast here. Hurry up and have some! Don't be hungry. "

"Thank you, aunt." Wen lichen was not polite either. He sat on the sofa and prepared to take breakfast.

When Susie was sleepy, she opened her eyes. Then, seeing the decoration of the guest room, she thought that wenlichen was at home. She woke up immediately, and looked at the time. It was more than nine o'clock. She immediately thought whether he had left.

Susie put on a blouse casually outside her pajamas and rushed out to make sure. However, when she opened the door, she heard a sound in the living room.

She can't help but be surprised. Hasn't he left yet?

Susie quickly turned from the corridor, thinking that wenlichen was still in the hall, she came out with a bleary look at the hall.

At this sight, she was stunned directly. On the sofa in the hall, Wen lichen was eating with an oil stick in his hand, while sitting next to her was her mother.

"Mom..." Susie's brain exploded. When did mom come?

"I'm just here." Li Qian replied, and then saw her daughter wearing a blouse, and a pajamas came out. She immediately turned a long face. "Not to change clothes, what kind of system!"

Susie quickly tightened her arms, and then, turning her head, she strode into the room, pulled out a long T-shirt as fast as she could, and her face was red, my God! When mom came, was it Wen lichen who opened the door?

In that case, did mom misunderstand anything? Mistaking her for sleeping with Wen lichen?

My God! no She is still innocent!

Susie washed her cold face, tied her long hair around her head, brushing her teeth, and was angry.

When sushi went back to the hall again, she almost laughed when she saw Wen lichen eating with a fried dough stick. This man is so sensitive about food. When did he get so grounded?

"Mom, why don't you call me first when you come?" Sushi picked up a bottle of yogurt that her mother had brought her, poked open the pipe and began to drink.

Li Qian looked at her, not good airway, "you sleep so late every day, can you get up in the morning?"? I called Annie and she said you were at home, so I came over. "

There is a trace of blame in Suxi's eyes here, but when she looks at Wen lichen again, Li Qian's eyes are full of smile, "lichen, you eat first, if it's not enough, I'll cook some for Suxi at home."

"No, aunt, I'm full." Wen lichen shook his head and smiled. He got up and took Sushi's glass to drink.

Suzy's pretty face was red, inexplicably, in front of her mother, so close to the man, she seemed very uncomfortable.

Li Qian also realized that she was not very good here. She got up and said, "mom is going to do something. When do you want to go home for dinner?"

Then Li Qian said to Wen lichen, "lichen! Have time to go home with heathy for dinner and meet your uncle. "

Wen lichen smiled and said, "OK! I'd like to know my uncle, too. "

Sushi slightly stared, did her mother really misunderstand? Otherwise, how can I be so enthusiastic about Wen lichen?

"Mom, be careful on your way. Is Uncle Li waiting for you?"

"Yes, the car is downstairs!" With that, Li Qian couldn't help but take a look at the people in the hall. Indeed, there was a husband and wife's face. After reading it, she closed the door.

Suzy took a sigh of relief and saw that Wen lichen poured her a glass of water and handed it to her. She took a few sips and looked up at him. "What are you talking to my mother about?"

"Your mother asked me if I was your boyfriend, and I told her it was." Wen lichen sat down on the opposite sofa and looked at her with a smile.

Suhiwei looks at him in embarrassment. Now, she doesn't need to take him home, and her family will know that she has a serious boyfriend. "Your mother is very warm to me. It seems that I meet all the requirements of her son-in-law."

Sushi's eyes drooped with shame, but she still rebutted him with some defiance, "you think more, my mother is good to everyone."

Wen lichen squinted and said, "it seems that my aunt thinks we are sleeping together."

Sushi looked at him speechless. "I told you not to live in my house! It's all right. "

Wen lichen likes the way she just got up. She is fresh and elegant, without any makeup. Her long hair is messy without losing beauty. It's very sexy.

"For me, it's a good thing. It means you're my man." Wen lichen's last words are very warm.

Suzy glared at him. "Don't talk about it! Who is your man? "

"Sooner or later." Wen lichen said, stood up and said to her, "I have something to go first. I will have dinner together in the evening."

"I'm going to have a meeting soon. I'm going to be in the production group of love month. I have to prepare first." Susie is going out, too.

He suddenly put his hands on the table and stared at her with deep eyes. "Hi, can you quit this program and stop participating in it?"

Susie was startled and looked up at him. "Why?"

"Because I don't like you pairing up with other men on the show." What's more, the man he's paired with is still his cousin, which affects their future together.

Susie was not able to respond, "but But this program is very popular. " As an artist, she will certainly seize the opportunity.

Because that's what she needs for her job.

Wen lichen sighed, "OK! You decide, I don't force you, but I really don't want my woman to play with other men. "

Chapter 317

After that, Wen lichen got up and walked to the door. When he left, sushi looked back at him and saw the helplessness in his deep eyes. Sushi's heart string was pulled hard.

Wenlichen pushed the door and left, but sushi found some blank in his head. It was all the words of wenlichen just now. He didn't want his women to play with other men.

It's true that the focus of this drama group is to tie the famous artists together for a month to exchange and get along with each other, so that they can generate current. Even if the later pairing is not successful, but the middle process must be based on the script. In order to watch, there are many intimate actions to be done.

Sushi bit her lip and thought about it in her mind. After careful and serious thinking, a smile came up from the corner of her mouth. Indeed, she did not lack the opportunity to improve her reputation, so it's ok if she doesn't get into this group.

Susie picked up her cell phone and dialed Annie.

"Hello! Heathy, are you ready? Can we go! " Anne's voice came happily.

"Annie, cancel the love month training program for me! I won't take part! " Sue made a serious statement.

Annie at that end was directly surprised, "what? You're not in? Why? Why don't you take part in such a good program? "

"No why, I don't want to go, please tell me! Let's put them on a temporary schedule and let the artists in! "

"My God! Such a good chance! I won it with difficulty. You can't go without saying no. besides, think about who is matching you! Ji Yuhao! That's your favorite artist! "

Suxi flashed Ji Yuhao's figure in her brain. She really admired him, but now she has another stronger figure in her heart.

"Push! I really don't want to go. " With that, Susie hung up the phone and smiled.

She wanted to see what would Wen lichen look like if she knew she was doing it!

Today, Xing liehan has an early morning meeting. After he and Tang Siyu have sent the little guy, Tang Siyu plans to go to the nearby shopping mall to buy some autumn clothes for the little guy. As a parent, it must be a very happy thing for the children to shuttle in the shopping mall to buy clothes.

So, Tang Siyu also likes to do this. She likes to buy clothes for her son.

Tang Siyu drove a white SUV into the parking lot of the shopping mall, but she did not find that behind her, there was another black car following her. In the black car, there was a woman.

It's Ni Yan. She was at the school gate today and saw Xing liehan holding a little boy and following a beautiful girl to send her child to school.

Ni Yan's heart seemed to be stabbed by a knife. Looking at the child who was almost a model with him, she was really jealous. Every woman who fell in love with a man would imagine what kind of child she would have together with him in the future. Now, she saw another woman and he had a child with her own eyes.

But Ni Yan's purpose today is not just to see the children and the women around Xing liehan. Her purpose is to talk to Tang Siyu alone, because she wants to know what kind of person Tang Siyu is.

Tang Siyu just got out of the car. When she locked the door, she saw a tall woman in the back of a black car beside her.

Tang Siyu looks at her slightly surprised. Ni Yan also looks at her. When Tang Siyu looks away to leave, she directly stops her. "Miss Tang, do you have a cup of coffee?"

Tang Siyu was shocked directly. She squinted at the strange woman. She never knew her in her influence.

"Don't worry. I'm not a bad person. My name is Ni Yan. I'm a friend of liehan." Ni Yanqiang introduces with a smile.

Tang Siyu was stunned directly, but soon she calmly replied, "you should not be his friend! You are his ex girlfriend. "

Ni Yan was also surprised, but Xing liehan confessed to her. She nodded and admitted, "yes, I'm liehan's ex girlfriend. I want to talk to you."

Tang Siyu knows that Ni Yan has found her. There must be nothing good. She pretends to look at the watch in her hand. "I'm sorry, I'm very busy today. Let's have another day!"

Ni Yan saw that she was about to leave, and she quickly reached out to stop her. "Miss Tang, I don't worry how long you will miss, just give me half an hour, OK? We'll sit in the coffee shop nearby. "

Seeing that she was so determined to talk with her, Tang Siyu had to look at her and say, "what do you want to talk to me?"

Ni Yan knows that Tang Siyu is not an ordinary girl. She was also born by a rich lady. At this moment, Tang Siyu exudes a cool air.

Ni Yan looked at Tang Siyu and said, "let's talk about the difficulties of the fierce cold now! I'm also engaged in financial investment. Liehan is in some trouble now. Don't you know? "

Tang Siyu frowned. "What do you mean?"

"Of course, it was his uncle Xing Yan and your stepmother Qiu Lin who threatened him." Ni Yan knew that only from this aspect can Tang Siyu care. Sure enough, Tang Siyu's heart tightened a little when she heard about it. However, she thought that she didn't need this woman to tell her about it.

"I'm sorry, I really have something to do." Tang Siyu doesn't want to talk to Ni Yan very much.

Ni Yan's face changed slightly, and she suddenly chuckled, "Miss Tang, don't you want to know the past of me and liehan?"

At the moment, Ni Yan had to attract Tang Siyu's attention, so that she had time to know more about her.

Tang Siyu looked at her coldly. "I know about you and liehan. If you want to destroy our relationship, I advise you to come from somewhere and go back."

Ni Yan's face sank coldly, mocking, "do you really have to be so confident, is it you that liehan loves? If you didn't give birth to this child for him, if I didn't choose to leave him then, you don't know where it is! "

Since Tang Siyu saw Tang Yiyi's shamelessness, she had already seen through this kind of thing. Ni Yan came out with only one purpose, that is to separate her and Xing liehan.

If Ni Yan showed up earlier, maybe she would have a chance. But now, Xing Lihan has done so much for her, which is enough to prove his feelings for her. She chose to fight for this man.

So, Ni Yan wants to take him, no way!

"Everyone has a past. No matter how crazy his past and you are, I won't care. I want his present. I know what you want to do. I advise you not to bother!"

With that, Tang Siyu walked quickly to the direction of the shopping mall, leaving Ni Yan standing in the parking lot, looking at her, her heart was heaving with anger.

Chapter 318

Ni Yan didn't expect to fight Tang Siyu for the first time, but she refused coldly.

After Tang Siyu entered the mall all the way, she also breathed a little, looking at Xing liehan's ex girlfriend, her heart was still a little uncomfortable.

As long as Xing liehan had a relationship with him before, and even he almost proposed to her, she could not help being jealous.

Although the vinegar is meaningless.

After Ni Yan gets into the car, she will not be so willing. She has already prepared. She originally intended to show Tang Siyu the photos herself. At this moment, she can only send them to her by SMS.

Let Tang Siyu see how much she used to love Xing Lihan. She took photos one by one. She held hands with Xing Lihan, hugged each other and kissed him. Xing Lihan didn't look at the camera. She was reading a magazine. Ni Yan took a self portrait with her mobile phone and went to kiss his face.

There are also some gifts and flowers that Xing liehan gave when she pursued her. As long as she felt that they could stimulate Tang Siyu, they were all photographed, and then, click send.

Tang Siyu had intended to choose clothes for her son, but now she found a corner of the cafe and sat down, intending to order a cold drink.

At this time, the mobile phone she just took out sent a continuous message sound. She was surprised. This kind of listening is not advertising. When she reached out to open the first picture, she knew who the photos were.

Tang Siyu opens the first picture and goes down. Her heart can't help tensing. She really doesn't want to see Xing liehan and Ni Yan's past.

However, even if she sent it, she did not resist curiosity and turned down one by one.

Sure enough, in the picture, Ni Yan and Xing liehan in their youth are just like a couple in love, holding hands, walking, embracing each other and kissing

Tang Siyu's heart has just recovered, and now it's uncomfortable because of these photos.

Knowing Xing liehan's past, she has no reason to be angry. However, there is a sense of resentment in her heart.

Fight for Xing liehan.

Tang Siyu has seen more than ten photos, which makes her brain fill up the process of Xing liehan's pursuit of Ni Yan.

Beautiful bouquets, expensive gifts, walking on the beach hand in hand, taking photos of themselves, and vacationing together.

When Tang Siyu was about to turn off his mobile phone, a message came in.

"See the picture of me and liehan? We used to love each other very much. He said, "I will not marry you in this life. If Miss Tang is wise, please give him back to me." From Ni Yan.

Tang Siyu has never seen such a blatant snatch from a loved one, and her lips are full of ridicule.

I don't want to pay any attention, but at the moment, she really wants to make a phone call to some man.

Let him deal with it because it's his trouble.

Tang Siyu thought about it, so he simply dialed Xing liehan's phone.

"Hello!" There was a hint of surprise in the deep and charming voice.

"Your ex girlfriend sent me a lot of photos of your past. Do you want me to send them to you to enjoy your memories?" Don Siyu asked lazily.

"She's looking for you?" Xing liehan's voice immediately worried.

"Well! Just now, she stopped me at the entrance of the mall and wanted to talk with me. I didn't pay attention to her. Then, she sent some photos and asked me to leave you wisely. Do you want me to be wiser? " Tang Siyu's voice is relaxed without any resentment.

However, the more relaxed and amusing she was, the more cold sweated the man on his back.

"Where are you? I'll come to you now." Xing liehan is very quiet, like in a meeting.

Indeed, he mentioned last night that there will be a meeting this morning.

"Forget it! You have a meeting first. " Don Siyu didn't want to disturb his meeting.

"Tell me where it is!" Xing liehan's voice was eager. No matter what he was doing now, he just wanted to come to her at the first time and explain it to her personally.

Tang Siyu laughed, "OK! I'm joking with you. You don't need to be so nervous. I'm not angry. How are you at the meeting! "

With that, she hung up.

However, when Tang Siyu called, Xing liehan had a good meeting.

Just a few minutes after he entered the meeting room, he got up and said, "old Zhou, please come to preside over the meeting and send the meeting report to my desk. I have something to leave."

With that, his tall figure had already stepped out of the door of the conference room.

Xing liehan goes straight to the garage, sits in his sports car and rushes out of the garage.

He knew that Tang Siyu's shopping mall at this time was the one next to his son's school, and he went straight to it.

Tang Siyu was not in a hurry either. She ordered a cold drink and sat down in the seat, drinking slowly. But thinking of Ni Yan's appearance, she tightened her heart.

This woman is not a fuel-efficient lamp at first sight. In addition, her old love for Xing liehan is so strong that she will not withdraw her hand if she fails to achieve her goal. She should be careful not to offend her. Even if she gets her mobile number, she must hold her cell phone carefully. She must also protect her son from being hurt.

Tang Siyu was thinking about things, suddenly, a voice behind her called her gently.

"Siyu?"

Even though Tang Siyu didn't look back, she was not unfamiliar with this voice line.

It's mufei!

She looked back in surprise. Murphy stood behind her with a bag in her hand, as if she had just come out of the supermarket.

Tang Siyu is also surprised to meet him here. It must be that they haven't been connected for a long time.

"Why are you here?" Tang Siyu was slightly surprised and asked.

Murphy chuckled, put things on the sofa opposite her, and replied, "I live near here, just come out to buy something."

Tang Siyu looked at him calmly and asked, "why didn't you live where you were before?"

Murphy sighed, "sold."

That was the villa they had intended to be engaged to, but after that, Murphy also had a disgust for the villa. He was not comfortable living in it, so he naturally changed the villa.

Unexpectedly, he would meet her here.

Of course, Murphy knew that two of the best villas in the villa were occupied.

One of them should be Xing liehan, while the other one he doesn't know very well. He likes that area very much.

"What would you like to drink, sir?" The young waiter came to ask.

Murphy didn't want to leave so soon. He said to the waiter, "give me a blue mountain coffee!"

Tang Siyu originally wanted to spend time alone, and suddenly Mu Fei joined in, which made her uncomfortable.

Chapter 319

Murphy realized that she didn't want to stay with him, so he had to laugh at himself, "am I not even qualified to have a cup of coffee with you?"

"I came out to buy clothes for my son." Tang Siyu replied.

"Sit with me for a while! After your father left, I should have comforted you, but I never found a chance. " Murphy said reproachfully.

"Thank you. I'm fine."

"With my uncle, he will surely return your mother's shares to you, but why is the whole Tang clan in Qiu Lin's hands?" Murphy asked her.

Murphy will be so clear about her things, that's because when she was together before, she would tell him everything, he naturally knew.

Don Siyu didn't want to talk about it, because Murphy was no longer the kind of person to talk about private affairs.

"It's about me and her. Don't worry about it." Tang Siyu makes a faint sound.

"Even if you don't tell me, I also know that Qiu Lin has taken Tang's group from your hands by the means of blind light." Murphy looked at her worried.

Tang Siyu is silent. Mufei is very clear that there is no need to talk about this matter any more. As soon as his thoughts turn, he immediately mentions another matter.

"Siyu, you should be careful. Xing liehan's ex girlfriend has come back to him." Murphy looked at her with warning eyes.

Tang Siyu was shocked and looked at him in surprise. "How do you know?"

Mufei stared at her clear water eyes seriously, "because she knew our past, she found me."

"What did she ask you for?" Tang Siyu's heart strings tightened. Unexpectedly, Ni Yan found out exactly what happened to her, which made her more angry with Ni Yan.

"What else can she do for me? She hopes that I can join hands with her to destroy the relationship between you and Xing liehan!" Murphy said this, and immediately went on, "of course, I didn't promise her. At the same time, I also warned her not to touch you, not to hurt and harass you."

Tang Siyu didn't fully believe in mufei, but she said calmly, "thank you."

Murphy looks at her. She's gone for days. It's hard for Tang Siyu to find the innocence before. Her eyes are full of thoughts that he can't see. But undoubtedly, the more mature she is more loving and fascinating.

Mufei's position made him see the pedestrians entering the hall through the window. At this moment, his eyes were inadvertently in the crowd, and he saw a cold and beautiful figure stepping in.

Who is not Xing liehan?

There was a touch of jealousy in his heart. Did Tang Siyu and Xing liehan make an appointment?

Tang Siyu holds the cup and droops his eyes. He doesn't know what he is thinking. Murphy's heart is filled with thoughts.

Especially when his remaining light saw Xing liehan found them, his mouth was slightly crooked. He said to Tang Siyu on the opposite side, "Siyu, even if you can't come back to me, but your position in my heart will never change. If you are willing to come back to me at any time, I will open my arms and accept you gently."

It happened to be said to a man who rushed in the door.

As soon as Xing liehan entered the mall hall, he saw Tang Siyu's figure reflected in the coffee shop nearby, and there was a man sitting opposite her.

It's mufei. This discovery made Xing liehan's nerves explode. Naturally, he rushed in without saying anything.

However, he did not expect that when he came in, he heard Murphy's sweet words to Tang Siyu.

His handsome face was as gloomy as ice for a moment, as if it were cold and quiet, and came to Tang Siyu's back.

Tang Siyu didn't know that there were people standing behind her, but she felt that some noisy voices around her were silent.

And she saw a pair of girls on the opposite side staring at her behind, as if there was something behind her that attracted them.

As soon as Tang Siyu turned around, she saw Xing liehan, who didn't know when he would appear behind her, and she was shocked.

What happened to him?

Murphy's eyes were also full of hostility. Looking at Xing liehan, Murphy said, "Mr. Xing has been gone for a long time."

Xing liehan looks at Tang Siyu and mufei and orders drinks, which means they may have come here to drink together.

His heart immediately surged into the flood of jealousy, which almost covered his reason.

But he still forced it down and stared at Tang Siyu with deep and quiet eyes. "Don't you want to buy clothes for your son? How can I run here for coffee? "

Tang Siyu raised his eyes and was shocked. After a long time with this man, even if his mood converged very well, she could still feel the uncertain storm under his eyes.

He should be angry!

"Good! Let's go now! " Tang Siyu said, picked up her bag and looked at the opposite mufei. "Let's go first."

Mufei looked at their figure, his hand under the table slightly clenched his fist, and looked at Tang Siyu's delicate and charming figure, xiaoniayiren, standing beside Xing liehan, and his heart also showed a sense of unwillingness. Tang Siyu and Xing liehan come out of the coffee shop. Xing liehan grabs her palm and leads her to a row of shops in the mall.

When the coffee shop is out of their sight, Xing liehan's eyes tightly lock Tang Siyu's face.

"Why do you see him behind my back?" His jealousy was already in the voice.

Tang Siyu blinked a little. "I didn't ask him out. He found me in the coffee shop. He came in."

Xing liehan believed her, but now he was still mad with jealousy. He suddenly grabbed her arm and warned with anger, "I don't want you to see him again, whether it's coincidence or chance encounter."

Tang Siyu was shocked. The jealousy of this man was really strong.

"Good! I promise you, next time I see him, I'll just avoid it. " Tang Siyu agreed, that is, with him, she should avoid suspicion.

Xing liehan looked at her big eyes, shining clear and innocent. Even if he had more words to say, he swallowed them.

He saw a mini KTV next to him. He thought a little and pulled Tang Siyu and pushed her in half.

Tang Siyu is shocked to be pushed in by her. At this time, the man pulls the curtain aside. Except for the entrance, both sides are covered by the curtain.

"You What are you going to do! " Don Siyu didn't know what the man was up to.

Is he still in the mood to sing now?

Tang Siyu raised his face and saw that the man's face was only half a palm away from her.

As soon as she breathed and looked at the magnified beautiful features in front of her eyes, she finally realized what the man was going to do!

Chapter 320

Tang Siyu's heart immediately surged up a strong refusal!

What? here? She didn't do it.

However, at this time, it's not her turn to refuse!

A man controlled by jealousy has no reason to speak.

Xing liehan finally finds a way to vent his jealousy and jealousy. He scolds her and blames her. He can't bear it.

But he could warn her in another way.

That's it.

"Xing liehan, no chaos..." Tang Siyu warned him first.

But I haven't finished.

"Well..."

The man's fiery lips were directly attached to her.

Tang Siyu's brain exploded a little bit, my God! It's a crowded shopping mall. Even if there are curtains, it's hard for her shame to disappear.

Tang Siyu reached out and tried to push him away, but he was not allowed to continue kissing. However, the man's big hand held her back and strongly pushed her against the wall of KTV's cabinet.

There was no tight gap between the four lips.

The man's domineering kiss can't be refused at all. Tang Siyu's brain is confused and his body is evacuated. He can only feel the man's excessive enthusiasm between shame.

And this kind of place, this kind of environment, also helps to increase the man's sexual interest, this kiss, is not gentle at all, but fierce like fire.

It's going to be ignited in this small space, as if some flames can burn everything at any time.

Tang Siyu is going mad. He is so trembling that he kisses him for a long time. When they are separated, their breath is thick. Especially Tang Siyu is ashamed to see others. She is paralyzed in the arms of the man, grabbing the collar of his shirt and beating his chest with pink fist.

Xing liehan's jealousy disappeared. Looking at her face with spring and her eyes blurred, if not for the wrong place, he really wanted her.

He has been waiting too long. He doesn't want to wait any longer.

Tang Siyu has been in the breath after panting, she just complained of staring at the man, pushing the door out.

Xing liehan also came out, but with a smile of satisfaction in his eyes, the jealous look just now has disappeared.

Xing liehan catches up with her again and goes shopping closely with her fingers.

But don Siyu seems reluctant to talk to him.

"Well, don't be angry. I apologize." Xing liehan is attached to her ears in a low way.

When Tang Siyu thought of his behavior just now, she was still angry. She could not help waving her fist at him and warning, "if you dare not split up in the future, I will I'll hit you. "

Xing liehan looked at her charming appearance, not only did not feel threatened, but was amused.

"You dare to laugh." Tang Siyu glared at him.

Xing liehan immediately stopped smiling and said seriously, "OK, I promise not. We will only do it at home later."

Tang Siyu's pretty face is slightly red. When she was pressed by him just now, she felt a strange current rush into her body.

What did Tang Siyu think of? He took out his mobile phone from his bag and handed it to him. "Take a look at it yourself!"

Thinking that he punished her just now because of her meeting with mufei, could she be angry with him and Ni Yan?

Xing liehan takes over her mobile phone, opens the message, and naturally sees the photos sent by Ni Yan, as well as the words behind them.

"Don't be angry, don't pay attention to her. It's over between me and her." Xing liehan deleted all the photos. These photos have no meaning to him.

Tang Siyu takes back his mobile phone, turns his mouth and says, "I don't have time to be angry!"

"I'll find time to talk to her, let her leave here, and don't do our relationship again." Xing liehan speaks.

Tang Siyu's chest is slightly tight. She turns around and looks a little worried. "Don't see her alone in private."

She knows women, so as a woman, she will naturally do some actions to seduce him.

Xing liehan heard the jealousy in her tone. He couldn't help chuckling. "Jealous?"

"Yes, even if we are together, you have to be loyal to me. My heart is too small for a grain of sand." Tang Siyu's generous admission.

Xing liehan can't help but light around the tip of her nose, low smile promise, "OK, I won't see her alone, I will take you to see her."

Tang Siyu was stunned for a few seconds. "Why take me with you?"

"Even if you don't trust me to see her alone, the best way is for us to see her together. You sit next to me and watch me talk to her with your own eyes."

"Really?" Don Siyu blinked.

"Well! I'll make an appointment to take you to see her. I want to let her know that you are my favorite woman. I only love you one in my life. " Xing liehan's last words are very deep and pleasant, with a kind of solemn oath.

Tang Siyu's heart was quietly melted, and her eyes were not jealous, but became unusually soft. She drooped her eyes and raised a sweet smile around her mouth."Well, then you can schedule it! I'd like to go with you. " Tang Siyu nodded in response.

"For the next time, we will buy clothes for our son first."

"Don't you have a meeting?" Don Siyu looks up at him.

Xing liehan chuckled, "nothing can surpass the position of you and your son in my heart."

Tang Siyu's heart is warm. With his words, she has nothing to worry about.

Even if Ni Yan has more intimate events to stimulate her, she will not touch.

Next, Xing liehan and Tang Siyu strolled for an hour to buy some autumn clothes for the little guy. At noon, Xing liehan took her to a nearby restaurant for dinner.

More time, Xing liehan has to go back to the company to deal with the documents. He sends Tang Siyu home first. He tries to come back at 4:30 in the afternoon to pick up her son.

Tang Siyu carries his clothes and Xing liehan follows him in. Tang Siyu turns to see him come in.

She was slightly surprised. "Aren't you going to the company?"

Xing liehan curled his lips and smiled, then surrounded her waist and burned a hot kiss on her neck. "If I don't take advantage, I won't go."

Tang Siyu immediately scratched his neck, Xing liehan immediately pulled her shoulder and staged the fire in the narrow KTV again.

Tang Siyu's clothes bag naturally fell on the ground, her hand around his neck, this time, she did not refuse.

This kiss seems to be out of control. Xing liehan suddenly plans to give up the idea of going to the company.

He is going to enjoy this afternoon.

At this time, his cell phone suddenly rings, and he doesn't want to pay attention.

But the caller, it seems, is very firm, the bell has not disappeared automatically.

When Tang Siyu heard that there was something urgent for him, she immediately blushed and pushed him away. "You go to the phone!"

"Don't worry." Xing liehan finished, hugging her to continue.

Tang Siyu giggled and hid. "No! Answer the phone. "

Xing liehan picked up his mobile phone with some chagrin, and said angrily, "say!"
