### Chapter 321

By Xing liehan's low roar and voice, the people at that end were obviously stunned for several seconds without making a sound.

And this person is Han Yang, Xing liehan's assistant. When he speaks again, his tone is a little stuttered, "President Xing, am I disturbing you?"

Xing liehan just wants him to finish the matter quickly, so that he can continue.

"Say it!" He bit the thin lip.

"I just heard that your cousin Xing Yan is likely to be engaged to Qiu Lin."

"What?" Xing liehan's face sank suddenly. Then he asked again, "is the news OK?"

"I'll send you some photos." After Han Yang finished, he sent the photo to him. Xing Lihan pressed the handsfree button while accepting to check the photo. In the photo, Xing Yan and Qiu Lin were eating in a high-end restaurant. One of them, Xing Yan bent down and kissed Qiu Lin on her side face. The other one was that he set a diamond ring on Qiu Lin's ring finger.

With the confirmation of these two photos, it is possible for these two people to get married.

Xing Yan's wife died for several years, and Qiu Lin has also returned to single, and can marry again. They are not the age to play, that is to say, when the company is combined, it means that the two of them will also get married.

"Mr. Xing, do you need me to make sure again?" Han Yang's voice came.

"Good! Keep your eyes on these two people and let me know what's going on. " After Xing liehan finished speaking, he hung up the phone and flashed a trace of evil. It seems that everything is moving in the direction he expected.

If they really want to get married, Tang's group in Qiu Lin's hands will become the product of Xing Yan's hands. At that time, the real Tang's group will be integrated into Xing Yan's company shares and become an integral part.

Therefore, the company he is going to deal with next is more powerful and more complex and dangerous. Tang Siyu saw that he looked thoughtful. She could not help asking, "what's the matter? Is something wrong? "

Xing liehan clenched his cell phone tightly and chuckled, "nothing, just some things in the company, I'll deal with them later."

Finish saying, he some reluctant to support her shoulder, the tall body bent down, and she looked at the same, lock her side of the small face, "wait for me to come back to continue."

There is a trace of warmth in this sentence.

Tang Siyu's heart was hit by something, as if a fawn was jumping. She avoided his burning eyes and pushed him for a moment, "go to the company quickly!"

Before Xing liehan left, he did not forget to clasp her little head and suck her red lips before leaving with a smile.

Tang Siyu caresses the swelling on her lips, and an unspeakable sweetness flows through her heart. She is also surprised.

After that five years ago, she made up her mind to never marry and never let a man touch her again.

However, in a twinkling of an eye, she was not only touched by men, but also the bastard man five years ago.

Tang Siyu is very speechless in the face of this matter.

The rest of her time is spent cleaning up the room. Such a peaceful life is the most stable for her.

Although she still has a headache when she thinks of Xing liehan, her ex girlfriend, she believes that this matter will soon be over.

At 4:30 p.m., Xing liehan called her to let her not worry. He had already picked up the little guy.

The little guy is very happy. He is also very happy to tell Xing liehan that he has made a few friends. Xing liehan is also very polite and easygoing at school. Some people who know him in the business world will take the opportunity to say hello to him and get familiar with him.

Xing liehan, the top elite leader in business, is not what they usually see.

Even if their children can go to a school together, it is also a kind of fate.

Xing liehan then goes home. On the way, he listens to him playing with his toys in the child's seat in the back seat. That serious energy, as a father, is a kind of pride and pride.

Tang Siyu is waiting at the door. As soon as he gets off the bus, he runs to her excitedly, "Mommy!"

Tang Siyu squats down, grabs his son in his arms, hugs him, and looks at his red face. Naturally, he wants to kiss him twice.

"Go, wash your hands. Mommy cut you mango."

"Well! Thank you, Mommy. "

Xing liehan comes out and watches Tang Siyu lead his son into the room. He is also following him. On the table is Tang Siyu's dessert and fruit for the little guy. This idea is full of maternal love.

Tang Siyu led the little guy out and ate fruit and snacks with her. The little guy took the opportunity to say to Mommy, "Mommy, can I watch an hour's cartoon? I'll watch it for an hour. "

Tang Siyu is not Yan's mother either. She advocates that children should play and have fun at this time.

And he's been out of school all day, and it's not too much to watch an hour of TV.

Tang Siyu stroked his cerebellum pocket with a smile and said, "OK! Go to the second floor! ""Well!" The little guy immediately ran up the stairs excitedly to enjoy his cartoon time.

Xing liehan calls in the garden and sees that his son and Tang Siyu are not in the hall.

He walked up the stairs with long legs, heard the sound of cartoon in the hall on the second floor, and sat beside the little guy.

The little guy was afraid that he would say something about him. He said first, "Daddy, this is allowed by mommy! He let me watch an hour of cartoons. "

Xing liehan can't help but fondle his little head funny, "OK! I have no opinion, either. "

After that, he obviously thought that he would put pressure on the little guy if he was here. He got up and came out.

He took a look at the little guy and looked seriously. His heart immediately came up with some ideas. He turned back into the hall and said to the little guy who was looking seriously, "I'll discuss things with your mommy in a moment and allow you to watch for two hours, but promise me that you can't run around except watching TV here."

"Really? Well, I promise, I won't go anywhere, I'll watch cartoons. " The little guy agreed immediately.

Of course, he is happy to watch it for another hour.

When Xing liehan saw his son's promise, he told her again, "don't disturb your mother and me upstairs if you have nothing to do."

The little guy immediately replied, "Daddy, you can't bully my mommy!"

Xing liehan's heart tightened, and he said gently, "of course, I will not cheat her."

However, the bottom of my heart is snorting. He is going to bully this woman!

He didn't see Tang Siyu on the second floor. It must be on the third floor.

Sure enough, Tang Siyu is cleaning her room and hanging her clothes in front of the wardrobe.

Chapter 322

A red dress with waist closed makes her slim and graceful, and her back alone is enough to make her want to be elegant.

Xing lie's eyes flashed a deep smile. He walked lightly to Tang Siyu's back and suddenly put out his hand to cover her eyes.

Tang Siyu is making clothes. Even if she is blindfolded, she can guess who it is because of the clear and cute smell of the male.

Besides, who else in the family besides the son?

"All right! Don't make any noise. I'll pack up. " Tang Siyu said with a helpless smile.

Xing liehan had to let go of his hand. Junyan came close to her, and his thin lips spat in her ear. "I allow my son to watch for two hours!"

"Why?" Tang Siyu asked.

The man's long arm hugged her tightly and pressed her to his chest. He said hoarsely, "the afternoon continues."

Tang Siyu's heart leaps. Does this man mean now?

It's a joke.

"No way." Tang Siyu shakes her head. She is not afraid now, but a feeling hard to describe.

Maybe it's a habit to refuse him, so when he gets close, she instinctively wants to refuse.

Xing liehan certainly doesn't want to let go of such an opportunity. He feels that today is definitely the best time and the most suitable one.

Xing lie's eyes flashed a dangerous smile. He immediately put out his arm and said in a hoarse voice, "are you willing to let me endure for such a long time? I'm afraid I'll get sick. "

Tang Siyu snorted, but he made her laugh. Her smiling eyes reflected a man's sexy and charming face.

Those dark eyes are full of easy to read things.

Tang Siyu's first thought was to escape and hide.

She turned and tried to run away from him. The man seemed to see through him. He immediately reached out and took her back. Tang Siyu gasped and ran into his chest and raised his head.

The man bent down, covered her lips and kissed.

The touch of his lips made Xing liehan's heart and soul collided strongly. How sweet this woman is? He already knew the answer.

Tang Siyu was not soft in his arms for a while. When the man was rude, she was hard to refuse, but gentle and even more deadly.

As if her reason or something had gone away from her.

Though, she thought it was wrong.

I left my son there watching TV while they were here

So shy.

Tang Siyu reaches for his hand and pushes him, but is cut back by the man behind him

It's as if everything can only be left to him.

In the garden, the automatic gate opens to both sides, a black car comes in, the car stops, Xing Zhengting and his wife get off with their daughter Xing Yinuo.

As soon as Xing Yinuo got out of the car, it was like a butterfly. The flower skirt was flying in the wind, and she ran into the hall.

"Elder brother, Siyu elder sister, little nephew, I'm here." As soon as Xing Yinuo entered the hall, he shouted, thinking that he would get an answer immediately.

However, there is no one in the hall!

Eh!

Hasn't elder brother and Siyu come back yet?

Xing Yinuo immediately thought that it must be, but she seemed to hear the sound of TV coming from upstairs.

She immediately ran up the stairs. In the hall on the second floor, she saw the little guy sitting there, playing with toys and watching TV.

"Here you are, aunt." The little guy rushed out excitedly.

"Eh! Why are you the only one at home? Where's your mom and dad? "

"They are upstairs discussing things!" The little guy said seriously.

Xing Yinuo is a heartless and simple person. She doesn't study much, but she has to tell her elder brother that she and her parents are here.

"Well, I'll tell them. I'm coming." Xing Yinuo finished, walked to the third floor, walking and shouting.

"Big brother, my parents and I are here."

Tang Siyu's room was locked when Xing liehan came in, so the door is closed now.

Tang Siyu's hands are cut by the man, and everything is left to the man to hold. The man's eyes at the moment are like black holes, as if to swallow her whole person.

Tang Siyu's breath was so fast that she fainted when she was kissed. She faintly heard someone's voice. She thought it was a mistake.

However, the voice is more and more clear, someone is calling them.

"Elder brother Sister Siyu, where are you! "

Tang Siyu's heart trembled. Next second, she hurriedly pushed away the man around her.

Xing liehan's ears are sharper. Of course, he knows that his sister is coming. He gasps and releases her. His eyes are splashed with thick ink. It seems that he can't see the bottom.

"Damn it, why is this girl here?" There was a low incantation from Xing lie.

Tang Siyu said with a red face, "even if Xiao Nuo is here, are your parents here?" Xing liehan thought it was possible. He said in a hoarse voice, "continue tonight."

Tang Siyu is ashamed and insists, "no, hurry up."

"Sister Siyu, elder brother Are you in the room? " Xing Yinuo's voice is just outside the door.

Tang Siyu hurriedly pushed him. "Get out."

Xing liehan had to straighten his disordered mind and mouth, take a deep breath. The heat in his body was still there, but he had to force himself to make a calm and natural expression.

When he opened the door, he saw his sister peering into his master bedroom. He coughed softly, "what's the matter with you?"

"My parents and I are here." Xing Yinuo immediately smiled, then asked curiously, "elder brother, what are you discussing with Siyu sister! Why should we close the door to discuss it! "

Xing liehan Jun's face is tense, and he doesn't have a good airway. "Adult's business, don't ask your children randomly, go down to accompany Xiaoxi."

"Oh!" Xing Yinuo is told by brother Yiyi. He hurriedly goes downstairs.

Tang Siyu came out with a red face. She heard Xing Yinuo's words just now. Now, her pretty face was red and she felt embarrassed.

Xing lie, Han Junyan, approached her. "Let you go today."

Tang Siyu glared at him. "You'd better not mess around."

Xing liehan clearly wrote in his eyes that it's impossible not to be disorderly! She's his woman. He's just going to touch her.

Tang Siyu was distracted by his eyes. The look of this man in his shirt was even more damned charming.

Xing Zhengting and his wife didn't come upstairs. Jiang LAN bought some vegetables. Tonight, the family will eat here.

Moreover, it is also discussed that they will soon move to a villa not far away from the school. In this way, the thing to pick up and send the kids is that the two of them have done it. Their young people still need to spend their time in a useful place.

Chapter 323

In the evening, Tang Siyu's eyes were afraid to touch Xing liehan, afraid to see the deep darkness in the man's eyes. However, her coquettish appearance was in Xing liehan's eyes.

Don Siyu doesn't know. The more she avoids the man's eyes, the more he yearns for her.

However, a young girl who has bad brother and good deeds has no idea what she has done wrong, just as she is going to make trouble immediately!

Moreover, at the table, Xing Yinuo plans to start living in the big brother's house, because her parents are going to move to the neighborhood recently. In order not to affect her study, she let her live here for a while. She doesn't need to do the packing and moving business at home.

Xing liehan naturally moved in first for her sister's study, but he sighed that if so, the woman would not let him touch her.

Tang Siyu is very welcome to Xing Yinuo. He has company with the little guy, which makes the family angry.

At 9 p.m., a group of statements were sent out on the official website of the month of love training. Suxi, the original female artist, suspended the shooting of the program first because of schedule conflict, and replaced another artist to join the group.

This statement also set off a burst of loss for Sushi's readers on the Internet. They are expected to see the most real sushi on the program.

Sushi is a female artist who doesn't interact with fans very much, but her works are all great. So even if she doesn't have to be a fan, her popularity is only high. With her mystery and beauty, she can also occupy a place in the entertainment circle with her strength.

at ten in the evening, Susie sat on the sofa, the nail polish that she had just bought was being painted with patience and patience. At that moment, her mobile phone rang, and she picked up it and looked at it, Anne.

She looked at a handsfree answer. "Hello, sister Anne."

"Is it clear to see the official website? Are you sure you won't regret it? My eldest lady, such a good opportunity will be lost to you. "

"What did I do?" Susie couldn't help laughing.

"Dare to say you didn't do it, I can't understand. What will affect you if you take a picture of this!"

"It doesn't affect me, but there are people who have a problem with me." Susie thought of a warning from a bully.

As soon as Annie heard that, she knew who she was referring to, and she was immediately surprised. "I said, heathy, you don't really plan to associate with Wen lichen!"

"Who said I was with him?" Susie could not help contradicting.

"Why do you listen to him when you don't associate?"

"Am I obedient?" Susie turned a white eye. She always advocates freedom. She really doesn't like being constrained.

"My eldest lady, I only owe you a word. As an artist, you should be careful when you fall in love. In case of any bad gossip, you will be finished."

Susie smeared the nail polish on her hand. Anne hung up the phone, but there was still a sentence in her mind.

Did she fall in love?

Probably!

Sushi pursed her lips, and a faint smile lifted her lips.

In the general office of Tianmu entertainment group, Wen lichen is really finalizing a manuscript and working overtime. Although he can also go home to do these things, he is too lazy to go back, considering that there is no sushi in his home.

Before, he was a person who didn't like to be controlled by others, but now, unconsciously, he is also used to being controlled by a woman.

Probably the beginning of many habits is because there is a new person in my heart!

Just after signing, Wen lichen put on his pen cap and went out.

His assistant has been waiting for him. "Wenshao, are you going to work now?"

"Well!" Wen lichen nodded, and the assistant immediately followed him to work with him.

In the elevator, assistant Wang Rui thought of one thing and said to him, "Mr. Wen, just now I saw that AI Deyue had made a group of statements, saying that Suxi's schedule had been bumped, so she pushed her plan to join the group and changed an artist."

Wen lichen's eyes narrowed slightly. He turned to ask, "really?"

Wang Rui knew that he must care about it. He nodded at once, "yes, it's true."

Wen lichen's face turned sideways, and the corner of his mouth began to smile happily for some reason.

Just arrived at the garage, Wang Rui asked, "Wenshao, are you going home?"

"No!" Wen lichen threw a word and walked to his car. Instead of going home tonight, he went to the woman to ask why she canceled.

Is it because he came out in the morning and said that?

Wen lichen's car rushed out of the garage and went straight to the neon in the night.

After Suzy finished painting, she waited for work while watching TV. Such a lazy life is the best for her.

"Ding Dong..." Suddenly, her door was pressed.

It scared Susie. Who will come to her house when it's so late?

As an artist, it's also a troublesome thing to meet irrational fans. Sushi walks to the door and sees the people outside through the cat's eyes. In an instant, her heart was not frightened, but disturbed.

When she opened the door, she saw Wen lichen with a handsome figure, one hand in his waist, the other hand in his suit. Her face was precious and her dark eyes were unpredictable.

"You Why are you here? " Sushi asked with a frown.

Wen lichen chuckled. "Come if you want."

After that, he also wanted to enter, pushed open her half closed door and entered.

Sushi immediately stared at him with his cheeks bulging. This man thought her home was his home! I don't know how to be so casual.

Sushi closed the door and watched as he put the suit on the sofa. His body just sat in lazily. She had to say, "what are you doing here! You're not going back to your own home? "

Wen Li Chen put his hands behind his head and stared at her with deep and bright eyes, "tell me why you canceled!"

"What!" Susie didn't react for a moment.

"What do you say?" Wen lichen asked.

When sushi thought about it, she thought about what he meant. She immediately turned her mouth and said, "you come here to question this?"

"For me?" Wen lichen's voice was hoarse and warm at once.

When she bumped into his eyes, Sushi's heart beat twice. She instinctively retorted, "don't be amorous. I'm just lazy. Is it related to you?"

Wen lichen's eyes flashed a little annoyance, his handsome body stood up, and he was very oppressive towards sushi.

Sushi was standing at the corridor next to the TV station. She could not help swallowing her saliva when she saw the approaching figure of the man. She looked at him at a loss. "You What are you going to do! "

With his height advantage, Wen Li Chen put his hands on the wall and immediately trapped sushi between him and the wall.

Chapter 324

Susie's face is red, and strong male hormone breath is coming to her face, which makes her dare not breathe more, because breathing in this man's breath will blank her brain and heat her body inexplicably.

"Well, close enough, I can hear what you want to say." Sushi reached out and pushed against his chest, forbidding him to press down again.

Wen lichen slightly bent down, Mo Mou tightly locked her ruddy face, and then seriously asked, "I want you to tell the truth, is it for me?"

Sushi bumped into his eyes at close range. It was too dark for her to see more, as if she was afraid of being infected by the darkness in his eyes.

"It's not..." Susie's mouth hardened. She just didn't like being forced.

"Really not?" Wen lichen doesn't believe it. Doesn't this woman want to be famous? Don't you care about fame?

If it's only for her to cancel herself, she will not. It must be his words in the morning. Let her make a decision.

Does this mean that his position in the bottom of her heart is too important to be replaced, too important to let her give up her fame?

Wen lichen looked at the little mouth and felt that he needed to be punished. Besides, he missed it very much.

Susie's chin was held by the man's bullying. Next second, the warm thin lips covered her.

"Well..." Susie protested immediately, but the man put his other hand on the back of her head, forbidding her to hide.

Susie is going to faint. It's not enough for the man to invade her house, but also to offend her mistress. How unlucky she is!

The kiss, in this narrow corridor, lasted for five minutes.

Suzy was in a coma. The man took a step back and looked at her. "Ask you again, is it for me? If you lie, I'll kiss you and tell you the truth. "

Suzy was so shocked that she nodded her head, "OK! Yes! "

Wen lichen got the answer he wanted, but the tone of the woman's voice seemed very reluctant.

This made him a little upset. He didn't kiss enough just now, so he didn't want to let it go.

Sushi thought that she could be let go by this man. She was just about to leave when the man's kiss immediately came down.

Her big eyes widened a little again, and she stared at the man. Did she make a mistake and said not to kiss.

However, why, she is clearly not happy, but still feel body numbness, as if a strong current flashed through her limbs, so that she even lost strength in general.

Suddenly, Wen lichen pushed her away in a bit of embarrassment, and took a step back. His whole breath was disordered. He looked at her dangerously with low breath.

Suzy was not very good either. Her face was red and her lips were swollen. She immediately stared at the man with resentment, "if you mess again, I will drive you out."

Wenlichen immediately stepped towards her master bedroom. Suzy did not know what he was going to do. She watched him go in.

Susie blinked. What did he run to her room for?

Su Xi sat on the sofa, and was also weak. When she found that the nail polish that she had just painted was actually spent, she immediately faced her face with pain. What? Wash and repaint again.

Wen lichen has been out for more than 20 minutes, but he has only tied a bath towel on his body. He seems to have just had a bath.

"You Why do you bathe! " Susie asked, staring at him stupidly.

Wen lichen gave her a warm, ambiguous look. "Didn't you feel bad just now?"

Susie immediately understood what the man had done when he rushed into her room. Her pretty face suddenly turned red. The man was so hateful.

"I can help you if you want to solve it." Wen lichen continued to stare at her with a smile and went to the refrigerator to get ice water.

Susie said goodbye with a smile. "I don't want it."

Wen Li Chen's bottom of the eyes flashed a little annoyance. He didn't want to do it by himself every day, so he had to hurry up to get the woman.

"Do you have an award ceremony this Saturday?"

"How do you know?" Susie looked up at him in surprise.

"I want to know about you. It's not hard at all." Wen lichen said confidently.

"So what are you doing? Or are you going to inquire about me? " Susie was a little curious, but also a little happy.

Someone must have done something for her, and I still feel valued.

Wen lichen gave her a mysterious smile. "You will soon know. Then, I will attend the award ceremony, and my position is right next to you."

Sushi looked at him and thought about it, but she was not surprised to see him on many fashion occasions.

Susie opened five fingers, looked at the damaged nail polish, beamed her lips, and complained, "I have to wash and repaint."

Wen lichen looked at her bitter face, and could not help but feel lovely. It's also a skill for a woman to live a simple and ignorant life like a child! Susie went to the nail polish, and Wen Lichen came to the balcony. He saw that the washing clothes were washed and hung on the balcony last night. He felt a warm feeling in his heart as if he felt the smell of a home.

He touched it. It was dry. He took off his underwear and went back to the room.

Susie washed her nail polish and took a look at the time. She was shocked. At half past eleven, she had to make a mask to sleep.

Susie's mask is in the master bedroom. Now her room is occupied by this man. What is she really doing is not convenient.

Susie knocked on the door.

"Come in." A deep male voice came from the room.

Sue pushed the door and saw her pink and blue bed, on which the man's slender body lay, reading a book in her bedside table. "I'll take a mask." Susie went to the cupboard next to the dresser to get the mask.

Wen lichen looked at her and asked with great interest, "how about we sleep together tonight?"

"Not good." Susie did not want to reply. He took the mask and went out.

Wen lichen breathed a little, staying in her room, he had an unspeakable sense of relaxation.

Everything here is hers, he thinks, and his people are hers.

Susie is sticking a mask, and the heart is extra soft. There is a man in the room. It seems that it is not a bad thing. At least, it will not be boring. What a dull thing it is!

Susie did a mask. She felt sleepy. She wanted to narrow her eyes.

Wen lichen came out to drink water. At this woman's home, he often felt dry.

When he came back to the room with the water, he suddenly wanted to know what she was doing. He knocked softly on the door, and there was no response.

Wen Li Chen gently twisted the doorknob, the door opened, and on the bed lay a woman with a mask but sleeping like a pig.

Chapter 325

Wen Li Chen twisted the sword eyebrow to walk in. He sat on the edge of the bed and looked at the sleeping woman. He stretched out his hand gently to uncover the mask on her face. After suing the mask, sushi, the skin was full of elasticity, and it seemed as if he had been drinking enough water, so he could squeeze out the water.

Wen lichen looked at her face. He got up and went to the bathroom. He twisted a warm towel for her and gently wiped her face.

Sushi felt that someone was disturbing her dream. She immediately waved her hands as if she was driving people.

Wen lichen looked at her face and couldn't help temptation. Although he didn't want to disturb her, he bent down and gently branded a kiss on her forehead.

"Good night." The deep magnetic voice sounded, and Wen Li Chen's mouth picked up a pet smile and left.

Sushi fell asleep, but she had a good dream. In the dream, there was Wen lichen. She was chasing his figure like a little flower maniac.

He attended the noble dinner table, he talked and laughed, she seemed to be wearing a tuxedo, naturally came to his side, became his girlfriend.

This kind of feeling makes Susie, who is sleeping in a dream, very good and very heavy.

Early morning.

Susie woke up from a phone call early in the morning. She picked up her cell phone and put it in her ear.

"Hello!"

That's Anne's voice. "Heathy, I have something to tell you. Didn't I send you an evening dress before? Now Wang Xiangyao is suddenly exposed to the sun. She also wore this evening dress that day. I think it's better to change it. "

"Why? Why can she wear it, I can't? " Susie was upset when she heard that. Why did she change it!

Anne at that end immediately comforted, "change it! It's not a good thing. "

"I don't want it, I'll wear it." Susie didn't want to step back when she thought about the competitor.

"All right! I heard that she has her breasts again. Your evening dress is a little low-cut. I don't mean that you have a small chest. You are normal. But if you have a pair of 36d chests to wear that evening dress, it will be more eye-catching. If you wear it with her, you have no problem. That netizen doesn't fry the pot yet! " Anne had to tell her the truth.

Sue was immediately angry to sit up, looked down at his own raised chest, where small? It's not small at all.

"Then I'll find another one for you. It's tomorrow night anyway. There's still time. Don't be angry. Take a good rest at home today, keep fit, and tomorrow we will go on stage to receive the prize." Annie hung up after comforting.

Susie didn't sleep at all. She disturbed her long hair, which was disordered. She was hurt by a rush of Qi in the morning, which made her very uncomfortable.

Susie's eyes widened a little, and she remembered that there was still a man in her house.

I don't know if he went to work.

Sushi gently stepped out of the car, then put on his clothes and came out. As soon as he pushed the door out, he smelled a smell of food, like toast.

Eh! Where is the fragrance from her family?

She hasn't put ingredients in her house for a long time.

When Susie turned out of the corridor, she saw a charming figure busy making breakfast in her kitchen.

On the table next to me, I have arranged the toast, milk pancakes and sweet milk, while the man in the kitchen seems to be frying things, with strong fragrance.

Sushi opened her mouth slightly, but her heart was still full of surprises. He got up early in the morning to make breakfast for her!

She leaned against the kitchen door, thinking that she could secretly peek at the man's posture.

"Awake?" How to know that a man doesn't even look, he asks.

It startled Susie, who was a little bored. "How do you know I woke up?"

"Go wash your face and brush your teeth, and you'll have breakfast soon." Wen did not answer her question.

Susie had to brush her mouth because she was really hungry.

After washing her face and brushing her teeth, sushi saw some western style breakfast on the table. She had an appetite.

Look at Wen lichen, a white shirt, black trousers, elite style, but making breakfast for her, as if the mood of being served by the top waiter.

Cool!

Susie sniggered. Her cell phone rang, and she rowed. She saw Anne send her two evening gowns, asking for her opinion.

After sushi read it carefully, she replied in a voice way, "I don't like either. It's too creative."

Annie immediately replied, "OK! Then I'll keep looking. "

Sitting opposite her, Wen lichen glanced at the enlarged evening dress on her mobile phone. He sliced the bread elegantly and said, "don't you have an evening dress for the award party?"

"There was, but I ran into a man's shirt. Annie asked me to change it."

"Why? Don't you think you don't look as good as that artist? " Wen lichen asked with a smile."How is it possible? I just don't want to run into people like that. " Susie immediately retorted humbly.

Wen lichen's eyes looked at her deeply, and sushi looked down at her chest.

Is it small?

"Well, ask you a more serious question. Can you answer me honestly?" Sushi asked the man opposite.

Wen lichen raised his eyebrows to look at her and said simply, "ask!"

"Do you guys like big breasts?" Sushi asked directly.

Wenlichen almost choked. How can this woman ask such a question? He picked up the cup and took a sip of water, then looked at the woman in the opposite direction with some unknown meaning.

Suzie immediately stressed, "you must answer me honestly, not flustered."

Wen lichen's eyes fell from her face to her chest, and he remained focused for a few seconds.

Sue quickly covered her chest. "Don't look at me! Answer questions. "

"I like your size." Wen lichen's honest answer.

"I don't believe it. You guys like big breasts," she said

Wen lichen saw that she seemed to have some complaints about this matter. He narrowed his eyes and said, "which big breasted woman did you stimulate?"

Susie drooped her eyes. "Look! You like it. "

Wen lichen raised a helpless smile at the corner of his mouth. "I like the one you can hold with one hand."

Suzieli looked up and stared at him. "Do you mean I'm young?"

Wen lichen looked at her innocently. "I didn't."

Susie suddenly felt that there was no point in arguing about this issue. At this time, her message rang again. It was Anne who sent two other sets. She was choosing for her in the dress shop at the moment!

Suzy was not interested. After a reply, she said with her chin on her back, "there is nothing I like."

Chapter 326

"Believe my eyes?" Wen lichen asked.

Susie looked up at him. "Can you choose one for me?"

Wen lichen raised his wrist to look at the time on the watch, and he chuckled, "there's still time to fly back home. You can ask your agent not to choose. I'll take care of your evening dress."

Sushi looked at him expectantly. "Really?"

She immediately thought that he must be able to pick a unique one, because this man has a top-level vision and channels.

"Believe me." Wen lichen raised her eyes and fixed them.

Susie's heart immediately settled, and she nodded, "Well! I believe you. "

After breakfast, Susie took the initiative to clean up the plate. Wen lichen went out in a short time, and the evening dress was also left to him.

At about one o'clock in the afternoon, Ni Yan is busy with some work in the hotel. She is going to have a rest. Suddenly a phone call comes in. She picks up her mobile phone and looks at it. Her face suddenly becomes ecstatic.

It was Xing liehan who called. She couldn't believe her eyes until she was sure that the name on it was Xing liehan. When she was excited, the voice line was still sweet enough to pick up. "Hello, liehan, you finally called me."

"Do you have time to meet in the afternoon?"

"Yes! What time, where can I see you? " Ni Yan is extremely excited.

"I'll send you an address in a moment. You can come at half past two."

"I will certainly go." Ni Yan said she was happy.

"Good!" Xing liehan said a simple sentence and then hung up.

Ni Yan immediately lost some, why so fast to hang up? Don't you want to talk to her more? However, Ni Yan holds her mobile phone, but she smiles excitedly, as if something she has been waiting for will happen.

She is going to revive her old love with Xing lie. She is already looking forward to being in his arms and reliving the past with him.

Moreover, for so many years, she has been sticking to her heart. She has a habit of emotional cleanliness. Since she broke up with Xing liehan, she has never been interested in other men. So, she is still in the emotional blank period. As she grows older, she feels more empty and lonely.

"Strong cold, I know, you still can't let me down, you still have feelings for me." Ni looked at the Xingshi group in the distance, unable to hide a trace of complacency.

What is Tang Siyu? When they fell in love, she didn't know where it was!

A man of special love will fall in love with the old love!

Xing liehan is a man of special love.

Ni Yan immediately thought of something and hurried into her wardrobe. She was thinking about what she would wear to see him this afternoon.

Although her cabinet of clothes are all high-level customization, but in her eyes, they are not enough to attract.

But at this time, she had no time to go shopping, so she had to choose a fashionable and sexy long dress. She went to wash her face again, and made up again.

She carefully drew her eyebrows, and did not allow any small flaws on her face. She wanted to appear in the perfect way in front of this man.

She is like going to a grand dinner party, with all kinds of details.

In Xing liehan's villa, the little guy was sent to school, and then he was free.

Just now Xing liehan called Ni Yan, who was calling beside her. When he called, his eyes were always on her face, for fear that Tang Siyu would be jealous.

Tang Siyu just saw the moment when he unplugged Ni Yan's phone, her heartstrings were pulled.

But then listening to Xing liehan's tone of meeting with Ni Yan, he was calm and calm. Moreover, he said any words directly in her eyes, which made her a bit of heart string pulled, so she relaxed.

She can see that this man is more nervous than her. I'm afraid she will be jealous! "There's still time. Do you want to take a lunch break?" Xinglie asked Tang Siyu in the cold Dynasty.

Tang Siyu took a look at the time. She got up and said, "I'll go back to my room and change into a suit."

"Well, I'll wait for you downstairs."

"Well!" Tang Siyu said, went upstairs, she was actually some pressure.

As a woman, she doesn't want to be compared with Ni Yan. She has seen Ni Yan. She is really an atmospheric and beautiful woman, even her makeup is exquisite.

So, even if she sees a woman who likes make-up so much, if she really has a plain face, she will still lose. She decides to dress herself up well.

Tang Siyu usually doesn't make up much, but there are still some cosmetics she should have. She chose a small fragrant beige skirt with a long hair scattered behind her head. She sat in front of the dresser and began to draw a light and elegant makeup.

Her skin can be broken by blowing. Even if she put on makeup, it is very natural and even.

When Tang Siyu came downstairs, he sat downstairs waiting for her, looked up at her, and his eyes were fixed. Tang Siyu, holding a small bag in her hand, exudes the charm of temperament Goddess All over her body, especially her natural action of raising her hair.

It's fascinating for men.

Xing liehan suddenly wanted to cancel the trip. She was dressed so beautifully that he would be upset if other men looked at her more.

"Is it starting?" Don Siyu asked the man on the sofa.

Xing liehan knows that her elaborate dress is for him and her daughter is for Yue's appearance, which is probably the meaning.

"Good! It's time to start. " Xing lie nodded.

Tang Siyu looked at him, but he jokingly asked, "how am I dressed today?"

Xing liehan smiles very fondly, "beauty, beauty makes me want to hide, not to be appreciated by any man."

Tang Siyu's wheezing, this man talks about love, really a woman can't refuse.

She was sweet and helpful.

She took his arm. "Let's go!"

Xing liehan's eyes still fell on her face. For a moment, he didn't want to take them back. Tang Siyu was ashamed of him. He immediately reached out to block his eyes. "OK, don't look."

Xing liehan smiles with a clear smile, which is very happy. Only this woman can make him laugh so happily.

Sitting in the car, Tang Siyu is thinking about meeting for a while. She thinks, does Ni Yan really agree to leave here?

In the hotel, Ni Yan, after answering the phone, spent the rest of her time dressing up and paying attention to every detail. She did her best to appear in front of Xing liehan perfectly.

She has been thinking of the night and Xing lie cold to restore old love, a warm stage of love!

Because she can't wait to want him.

Chapter 327

In order to travel gracefully, Ni Yan asks her subordinate Ye Qiyuan to drive her. Ye Qiyuan looks at the excitement on her face. He is surprised.

"Miss, who are you meeting?"

"Guess?" Ni Yan asked him with a smile.

"I can't guess." Ye Qiyuan knew that it might be Xing liehan, but he didn't want to guess.

How can he be happy if he wants to protect the woman he loves and meet other men?

"It's liehan. He finally asked me to meet him." The smile on Ni Yan's lips can no longer be hidden.

Ye Qiyuan was still shocked, driving and happy for her, "really? Then you should be happy, because the people you are waiting for finally respond to you. "

"I knew that he didn't forget our feelings. Besides, I knew the man's mind. What he didn't get was what he wanted most. I was the woman he didn't get, and he would want it again." Ni Yan flirts with her hair, and ye Qiyuan looks at her through the rearview mirror. Her heart throb is very strong.

But I don't know. He's another version.

"Qiyuan, concentrate on driving. I don't want to miss my appointment with liehan. Besides, you can go back to the hotel first! I may go back later. Don't wait for me. " Ni Yan's eyes carefully glanced at Ye Qiyuan.

Ye Qiyuan answered in a deep voice, "OK, I'll send you back to the hotel."

It has been two weeks since she arrived. Ni Yan's mood has never been so wonderful and full of expectation. In another sports car driving to the coffee shop, Xing liehan reached out with one hand, clasped Tang Siyu's hand and held it, driving at the same time.

Tang Siyu asked him to let go several times. He paid attention to driving. Xing Lihan didn't agree. Driving with one hand was not difficult for him.

On the contrary, as soon as Tang Siyu got on the bus, he became silent, which made him feel sad.

For fear that she would be confused, so he has been holding her hand to convey her sense of security.

Tang Siyu felt his thoughts, so, along the way, her brain was empty, only the temperature in his palm. His palm was dry and powerful, holding her thin hand. She looked at it several times and found that the picture he held was very beautiful.

"It's almost there." Xing liehan chuckled, and the sports car drove to the parking lot next to the coffee shop.

When the sports car stopped, Tang Siyu saw that his hand was still holding. She smiled and said, "it's not released yet."

After Xing liehan put out the fire, Jun suddenly got closer to her and stared at her with some disgusting eyes. "Unless you kiss me, I will let go, otherwise, I will not let go."

Tang Siyu was helpless because of his hatefulness before. At this moment, when he came again, she would not pay. "No." Tang Siyu pushed him with a smile.

Xing liehan has another long arm. Before Tang Siyu responds, he clasps her cerebellum spoon, points her thin lips at her red lips, and kisses her forcibly.

After kissing, he released his hand and got out of the car quickly for fear that Tang Siyu would blame him.

Tang Siyu was really annoyed. As soon as he got off the bus, he stared at him with a pair of beautiful big eyes, "rascal."

Xing liehan walked to her gracefully, and replied with a low smile, "you are the only one who can make me a rogue woman in the world."

Tang Siyu's resentment at the bottom of his eyes spread a sweet smell. When Xing liehan came over, she took the initiative to hold his arm and walked to the main gate of the coffee shop.

Xing liehan ordered a box. The waiter led them into a spacious box. Ni Yan had not yet arrived.

Tang Siyu goes to the window, takes a deep breath and waits for Ni Yan.

She hopes that today, Xing liehan and Ni Yan can finish talking, and Ni Yan can stop there. Don't pester Xing liehan again.

At the front door of the coffee shop, Ni Yan stepped out of the car. She said to Ye Qiyuan, "go first!"

"Well, be careful, too." Ye Qiyuan cares.

Ni Yan walked into the coffee shop confidently and calmly, with fast steps, because she couldn't wait to see the man.

Ni Yan said the name of the box, and the waitress led her to it with a smile.

Ni Yan is walking through some places where she can look in the mirror. She hasn't forgotten to stay for two seconds to check whether her makeup is appropriate. She really has to work hard for this meeting. Only she knows how nervous she is and how much she attaches importance to this meeting.

The waiter knocked on the door, opened it and ushered in Ni Yan.

Ni Yan came in with a sweet smile on her lips. However, what she saw at the first sight was not Xing liehan sitting on the sofa, but Tang Siyu standing in front of the floor window with her arms around.

In an instant, Ni Yan's smile was frozen, and Tang Siyu turned to look at it. Two beautiful eyes collided in the air, one was stunned, the other was calm.

Ni Yan's heart seemed to be thrown down from the sky and broken. She looked at the man sitting on the sofa and realized that this was not a separate date between her and Xing Lihan. He also took Tang Siyu with him. Ni Yan quickly adjusted her state, walked in and sat on the sofa opposite to Xing lie's cold.

"Lihan asked me out. What's the matter?" Ni Yan's voice is still full of tenderness, because she wants to attract Xing liehan's attention all the time.

After a few seconds of Xing liehan's eyes fell on her, she raised her eyes and looked at Tang Siyu gently.

Tang Siyu also cooperates to walk to his side. After Xing liehan pulls her to sit down, he takes the initiative to introduce, "I'll introduce her to you. Her name is Tang Siyu. She is my girlfriend now and the mother of my child. Soon, she will be my wife."

Tang Siyu looked at Ni Yan in the opposite direction with a smile and said, "Hello, Miss Ni."

Xing liehan's opening words are telling her, pretending that she didn't tell him that she met Ni Yan last time.

Ni Yan's face slightly Zheng, she looked at Tang Siyu, Tang Siyu also looked at her innocently.

"Hello! My name is Ni Yan. I'm Xing liehan's former girlfriend. " Ni Yan had to introduce herself again, in front of Xing liehan.

Xing liehan's heart strings are slightly tightened. He looks at Tang Siyu nervously, only to see Tang Siyu smile lightly. "I know."

Ni Yan has seen Tang Siyu's confidence. She seems to have no stimulation or reaction to their past!

This made her curious. Did Tang Siyu really take it so calmly, or did she not love Xing liehan enough?

"In a word, I'm still the first love of liehan. It's said that the first love is a woman that a man can never forget in his whole life. I'm very honored to be remembered by liehan for the rest of my life." Ni Yan just wants to say something that makes Tang Siyu unhappy.

Chapter 328

Xing liehan watched the war between the two women. He watched the strange changes. He also wanted to test Tang Siyu's feelings for himself.

Tang Siyu tilts his head, smiles at Xing liehan, and then looks at Ni Yan in the opposite direction with a slightly grateful look. "Thank you for training him to be so gentle and considerate, and will take care of people. Now liehan is very good to me, and I believe that you have also contributed to this."

This sentence is just as powerful as Ni Yangang's, and her face turns white instantly.

This sentence made Xing liehan's nerves tense for a while, but he could hear it. Tang Siyu said it on his mouth, but was his heart already angry with him? He has a feeling that Tang Siyu will settle accounts with him after autumn.

Ni Yan's heart was going mad, but she was calm on the surface, just a little bit biting her teeth and staring at Tang Siyu, "you don't know how much she loved me back then."

Tang Siyu looks back at Xing liehan and says with a smile, "who hasn't gone? I also have the past. Liehan won't care about me, and I won't care about him. "

The premise is that this man has been honest, and Ni Yan together, did not enter the last level of relationship.

Otherwise, she is not so calm.

Xing liehan listened to this sentence, feeling very happy, but he did not dare to be careless, because Tang Siyu's mind, he is also unpredictable.

Otherwise, he would not have spent such a long time and had not chased her to his hand.

He believed that the charm of this woman, even if he did not spoil her in his hand, would naturally be held in his hand by another man.

Just like that Murphy, she has given birth to children, and he is still chasing after them, which makes him hate them.

After Xing lie cold brain sea gushes these thoughts, can't help but nervously looked at Tang Siyu.

Ni Yan looks at Xing liehan and thinks that he will give her some confidence. However, Xing liehan's eyes have been falling gently on Tang Siyu's face. Since she came in, she has not looked at her directly.

"Liehan, next time you ask me out, I hope no one else is present. I just want to date you." Ni Yan focuses on Xing liehan.

Xing liehan just looked at her. "Ni Yan, the purpose of my appointment is to tell you that I have a beloved woman. Please forget the past and live your life well. Don't bother."

Ni Yan's face seemed to be slapped hard and intangibly. She dressed herself so meticulously. It turned out that she just came here to make a fool of herself, which made her think how ridiculous she was.

She has never been so insulted since she was a child, and she has never done anything so ridiculous.

The resentment in her heart, only her own know, all her expectations failed, her heart was torn.

She immediately stood up sad and painful, looked at Xing liehan resentfully, "liehan, you will regret doing this to me."

"Ni Yan, I didn't want to do this to you. I just hope you can live your own life and don't disturb my life again." There was a warning in Xing liehan's eyes.

Ni Yan's heart was stabbed bloody again. She looked at Xing liehan. "I don't want to. I still love you. The man I love most in my life is you. Even after I break up, I don't want to find another man. Liehan, I just want you."

Ni Yan's mood is out of control. She can't help saying what she wants to say.

Tang Siyu slightly twisted her eyebrows. She underestimated Ni Yan's love for Xing liehan. It can be said that she had some pathological feelings.

"Miss Ni, why do you feel this way?" Tang Siyu sighed. She was a woman. She didn't want to embarrass each other.

"You shut up. There is no place for you to talk. If it wasn't for me to let go of his hand, where would you still exist?" Ni Yan chuckled a little.

Xing liehan's face sank, and he said in a cold voice, "you are not allowed to fight against her. Our grudge has nothing to do with her."

"How could it be irrelevant? If she didn't occupy you, I would have come back to you, right? " Ni Yan asked painfully.

Xing liehan wrung his sword brow and said coldly, "it's impossible. Even if I'm not surrounded by Siyu, I will never like you again. Please give up!"

With that, Xing Lihan leads Tang Siyu, "I'm grateful that God sent her to me. I will never fall in love with any woman except her in my life."

Tang Siyu is stunned, led to the door by Xing liehan, leaving an unbelievable Ni Yan who is about to collapse.

When the door was about to close, Ni Yan suddenly roared, "don't be complacent, Tang Siyu. My ending today is your future ending. He will give up me and you."

When Tang Siyu was about to go out, he stopped for a moment. With that, Xing liehan's arm tightly held her, as if to eliminate her inner panic at the first time.

Tang Siyu raised his head and touched the man's deep gaze. She was firm. Ni Yan's words could not stimulate her any more.

When the door was closed, Ni Yan finally covered her face in an abnormal way, and she cried bitterly. Tang Siyu has just left the hall, and her mood is very dull. She follows Xing liehan to his sports car silently.

Sitting in the car, Tang Siyu still doesn't know what to say.

Xing liehan didn't start the car and looked at her anxiously. "Are you stimulated? Ni Yan's last words, will you take them seriously? "

Don Siyu looked up at him. "I can't."

"Then do you believe me?" Xing liehan asked again.

Tang Siyu said with a smile, "I believe it."

Looking at her smile, Xing liehan just relaxed a little and didn't feel completely relieved, but he believed that Ni Yan's words would prove to her with his whole life.

Xing liehan leaves with Tang Siyu. Ni Yan sits on the sofa alone and looks at the tea cup on the table. She suddenly blows all the tea cups away with resentment. She is very angry.

The teacup fell on the ground, because there was carpet, but also not broken, Ni Yan's heart is more sad.

She cried for a while, picked up her mobile phone and dialed through the number of Ye Qiyuan.

"Hello! First lady. "

"Come and pick me up."

"What's the matter with you, miss?"

"Don't ask. I hate Xing liehan. I hate them." Ni Yan is on the phone, can't help hissing.

"Well, I'll pick you up right away." Ye Qiyuan answers quickly.

Ni Yan hangs up her mobile phone, goes to the floor window with her teeth clenched, and hatefully says, "liehan, you forced me, you forced me to be the enemy of you, that is, you can't let you love me, then let you hate me! I won't let you and don Siyu get along. "

With that, she thumped the window with her hand.

Chapter 329

Xing liehan drives Tang Siyu out of the direction of the coffee shop. He was supposed to catch up with the pick-up guy when he went back. But Xing Zhengting and his wife called and they would pick him up.

The next time is not in such a hurry, Xing liehan turns to look at Tang Siyu, "don't worry about going home, do you want to go where to relax?"

Tang Siyu's eyes flashed a thought. She raised her eyes and said, "are you with me wherever I want to go?"

Xing liehan could not help but also interested in it. He chuckled, "OK, I'll accompany you wherever you go!"

"I want to eat a shawl near my university." Tang Siyu suggested.

Xing liehan's handsome face is slightly stunned, "do you like to eat this?"

"Yes! Susie and I used to like eating. She said that the shop was still there, and I suddenly wanted to eat it. " Tang Siyu missed that time.

Xing lie's eyes were filled with a smile. "OK, I'll accompany you to eat and lead the way."

Seeing that he had agreed, Tang Siyu became relaxed from the heavy mood. She looked at the road section and pointed to a road. Xing liehan's sports car immediately sped forward.

Within twenty minutes, I arrived at a snack street near a university. At about four o'clock, some students came out to eat. A street was crowded.

Tang Siyu and Xing liehan need to walk a kilometer or so after parking in a nearby parking lot. Tang Siyu walked by the campus road of the former university. Recalling the time of the University, a tree and a tree lined path beside them all became particularly meaningful.

Xing liehan also returns to the feeling of a student's age, holding her hand, walking in the coming and going student crowd, their figure is particularly eye-catching, many students see their pair, are amazed.

In particular, Xing liehan is an elite king, walking among the young students in his early twenties. He is as dazzling as the bright moon. A group of female students follow him to peep, shout and follow him.

Tang Siyu finds this problem, and suddenly she is funny. She looks up at the man around her and thinks whether he will be under pressure. She will come here to eat in the street and alley as he is. Some of them are very aggrieved.

Xing liehan catches her peeping eyes directly. He raises his eyebrows and says, "what's the matter?"

"If you don't want to eat it, you can wait for me in your car." Tang Siyu thinks he doesn't want to eat.

"What can you eat, why can't I?" Xing liehan wants to be a person who keeps up with her life rhythm. Moreover, he must have done a lot of things with her when he thinks that she was accompanied by mufei when she was a girl.

Now, he must be the first to participate in any of her affairs. Even if he doesn't like it, he will fall in love with her.

Just arriving at the door of the store, I smelled a fragrance. Tang Siyu could not help but slander. She was OK to enter the door, but the door was too low. Xing liehan's height required a little bow to enter.

Tang Siyu finds a corner by the window. She points to Xing lie's cold path. "You sit and wait for me first. I'll have something to eat."

Xing liehan nodded and sat down first. This is a family mixed with Guandong cooking and barbecue. Tang Siyu ordered her favorite kebabs as a student, and also asked for two Guandong cooking. When she was waiting for the boss, she turned to look at the man waiting in the seat. She thought that happiness was very simple.

It's just that someone accompanies her to eat delicious food, and she doesn't dislike what she eats.

Tang Siyu first boiled two pieces of Guandong on the table and handed one to Xing liehan. Tang Siyu also scalded the disposable chopsticks with boiling water before handing it to him. Xing liehan took over and ate it without hesitation.

"It's not bad." Xing liehan really praised it.

"I like it, too." Tang Siyu is not polite to eat.

After about ten minutes, the boss brought a good skewer ordered by Tang Siyu, including squid, mutton, potato chips, green peppers, which Tang Siyu ordered a lot.

Tang Siyu put down his chopsticks, picked up the squid string and ate it. While eating, she looked at the opposite man's slightly gaping ink eyes. She took a bite and looked at him. "Isn't it too ugly for me to eat?"

Xing liehan didn't feel this way, but all the women around him were as elegant and noble as princesses before him. Only this woman showed her most real side in front of him. She didn't need to be hidden, natural and calm, and she didn't lose her charm.

Perhaps the biggest reason why this woman attracted him was because she was real and had no disguise.

"Is it delicious?" Xing liehan admires her and even is tempted out of her appetite.

"You can pay." Tang Siyu handed him a mutton kebab.

Xing liehan took over, hesitated for a moment, took a bite and flashed a smile at the bottom of his eyes. "It's really delicious, more attractive than the barbecue in a big restaurant."

"Yes! Sometimes, five-star restaurants can't make such delicious food. " Tang Siyu immediately became complacent.

Xing liehan looks at her bright personality when she gives some color, some want to laugh, but he gives a doting look. Because it is in the corner, two people eat low-key and come out.

Xing liehan holds a bottle of mineral water in his hand. He drinks it and hands it to Tang Siyu. Tang Siyu doesn't dislike it at all. He immediately takes it and puts it on his mouth.

Xing liehan turns to look at her move. His heart is filled with happiness. Now he has a feeling that with this woman, he has become a couple like nature.

If they can do all the things the couple can, Xing Liesheng is looking forward to.

But for this woman, he dare not rush forward, he must wait until the day she is willing.

"We're full. Let's go for a walk nearby and go back later."

"Well, there is a park near here. Let's go there for a walk." Tang Siyu also wants to turn around his alma mater and relive some memories of his student days.

Now, the memories in Tang Siyu's mind are just the heartless time with sushi. They have been playing all the way from the girl. Now, a few years later, they are well again.

That's the best.

Tomorrow is Saturday. The annual Golden Rooster Awards will be held tomorrow night. Suzy is lucky to be nominated. So, naturally, she is one of the expected award-winning artists.

Suzy's evening dress doesn't need to worry. Wenlichen has been airlifted back and will arrive before 3pm tomorrow. Moreover, it's her size evening dress. Although wenlichen didn't give her a picture of the style, she believes that this man's vision will never be bad.

Chapter 330

Every award is an affirmation and encouragement of the artist's work, so sushi naturally looks forward to the award being spent in her home. She really hopes, because she missed the award last time and was nominated, but she didn't get it.

At eight o'clock in the evening, Susie was eating a snack to watch her favorite movie and passed the time. At that time, Anne's name was beating on the screen.

Susie picked it up lazily. "Hello! Sister Anne, what's the matter? "

When Anne heard her voice, she knew she was eating. At that end, she shouted angrily, "Susie, you still eat. You have to wear evening dress tomorrow. Aren't you afraid you won't be able to wear it in then?"

Suzy laughed. "It's not so exaggerated!"

"Even if you have a good figure, you can't be willful. Eat less. And tomorrow's evening dress will definitely arrive! If I can't get there, I've got some spare ones for you. "

"I think so!" Susie blinked, not counting.

But Wen lichen is always reliable!

"OK, I'll go to bed early tonight. I'll be a little bit more energetic tomorrow. I'll make a mask before going to bed. I'll save you thousands of dollars last time."

"Oh! I see. You are more nagging than my mother. "

"Your mother didn't worry about you." Anne said, and hung up.

Sushi naturally used to reach for the film, just grabbed a film, she wanted to think of something, she quickly looked down at the waist under her T-shirt, is it really fat?

She hesitated for a moment, or put the film back. Anyway, she must show up tomorrow.

Wen lichen should not go back to her house tonight! Susie is most hopeful, because this man is at home, she is always nervous.

Susie took a look at the time. It's almost nine o'clock. Ha, he must not come.

However, before she was satisfied for a few seconds, she heard "Ding Dong..." coming from outside the door Doorbell.

Su Xi's small face is bitter, and suddenly bitter melon face, "no! He's here? "

Suzy went into the cat's eye and saw who was Wen lichen outside? Why is this man here again?

Susie opened the door half way with her lips clenched, and faced him with only a pretty little face.

"Don't sleep in my house tonight. Go back to your own." Susie didn't want him in.

Wen lichen was wearing a dark shirt and trousers. His handsome face was a little tired. He was obviously tired for a day. He squinted at her. "Why can't I sleep in your house? What did I say when you slept in my house? "

Suxi blushed, opened the door, and murmured, "then you can't sleep in my house all the time!"

Wen lichen snorted, "I'll sleep all my life. You're not allowed to have any opinions."

Susie immediately stared, "how can I have no opinion! I have a big opinion. "

Wen lichen came in and went to the master bedroom. As he walked, he didn't return his head. "Go to bed early and try to be in a good condition tomorrow."

That's exactly what Susie thought. She replied, "OK! Then don't disturb my sleep. " When

finished, Susie went back to the guest room. She put a mask on her face and lay down. After reading her news for a while, she only bought some beautiful pictures of her. She was often regarded as one of the cleanest female entertainers in the entertainment circle because of her self love.

Therefore, her fans are all iron fans, who are very protective of her. With such a group of fans supporting her, she also loves this job very much.

Susie put on the mask, washed her face and went to bed. Besides, she also had a super dream. She dreamt that she had come to the stage to receive the award. Moreover, she gave her the award, which was exactly how she could not help laughing.

In Xing liehan's villa, because Xing Zhengting and his wife and Xing Yinuo also sleep here, Xing liehan has to take the little guy to sleep in a proper way.

Tang Siyu is a bit sleepless. She thinks about one thing over and over again. Xing liehan's attitude towards Ni Yan today is clear to her. His past feelings towards Ni Yan are also clear. She understands this feeling very well.

Once deep love, perhaps later, is not really a lifetime of people, young, always full of impulse, simple, and ignorance, like her and mufei.

She once thought that she would love him to old age, but it turns out that some love can be forgotten.

Therefore, when Ni Yan appears, Xing liehan has an attitude, and she will choose to believe him. She is worried about Ni Yan.

At first glance, she is not a willing person. Will she retaliate in other ways for the damage she caused today? She really didn't want to see such trouble.

What kind of way will Ni Yan come back to haunt?

Tang Siyu was worried about this. In her mind, she fell asleep in a daze, but she was awakened by a nightmare. She saw that in her dream, the car her son was sitting in was severely hit by a car.

Just at the moment of collision, Tang Siyu woke up with cold sweat. When she saw the darkness of a room, she hurriedly turned on the light beside the bed, and found that she was already in a face of cold sweat. She panted and was still in a state of shock. Although it was only a dream, it was related to her son's safety. Even in the dream, it was enough to scare her out of the world.

Tang Siyu got out of bed. She pushed the door open. There was a wall lamp in the main hall of the villa. She went to the door of Xing liehan's master bedroom. She didn't know why. She just wanted to come to see her son.

She gently unscrewed the door, which was not locked. She went to the bed and Xing lie on his side. The little guy was resting on one of his arms, and his mouth was still drooling!

Tang Siyu could not help but chuckle and straighten her son's head. Her gentle movements woke up the man.

Xing lie's long eyelashes were lifted, and when he saw her, he immediately murmured, "how come?"

"I had a nightmare and couldn't sleep." Tang Siyu sighed.

Xing liehan opens her other arm and lets her lie on his side. Tang Siyu doesn't refuse. Her slender body curls up beside him. She actively pastes it on his chest, feels his presence, and reaches out to touch the little guy on his other arm.

Her mind was at peace.

Xing lie cold side, thin lips in her forehead kissed, "well, don't think, sleep!"

After the nightmare, it will make people tired physically and mentally. As expected, Tang Siyu is obedient. He can only fall asleep again by hugging his waist and leaning his face in his arms.

Xing liehan pushes the little guy aside. The little guy turns over and goes to sleep.

Xing liehan hugs Tang Siyu and feels that her back is wet with sweat. Obviously, her nightmare just now is terrible. Xing liehan's heart strings are tight. What did she dream about?
