

U. CEO Daddy 331

Chapter 331

At 3 p.m. on Saturday, the 38th Golden Rooster Award will be presented in a huge art auditorium. With this, major domestic and foreign brands gather to cast their attention and expectation on tonight's award.

And the invited guests have long been looking forward to attending and witnessing the grand occasion of blooming flowers.

The red carpet show has always been an occasion for all kinds of female stars to compete for splendor. Everyone wants to grab the attention and become a hot topic for the media and fans.

At 3:30 p.m., Susie is still waiting at home, and her agent and assistant Xiaomi are here with her.

They are waiting for her evening dress to arrive tonight. They have just shipped it from the airport to her home.

"It's two hours from the red carpet. It's OK. We can wait." Susie said with a relaxed smile.

Annie is still a little anxious. She won't allow anything to happen to the party, because Susie is likely to win the best actress award.

"I'm afraid that in case of a traffic jam, it will be terrible. Now the award has attracted fans from all over the country. There's a kind of blockage on the street." Anne worried.

"That's right! If it's only one hour, we can't make up for you. If you are going to go on stage tonight to receive the prize, it's too sad and fearful. " Xiaomi is not optimistic either.

Just then, Susie's cell phone rang. She picked it up and immediately cheered up. It was Wen lichen who called. She quickly picked it up and said, "Hello!"

"The airport road is blocked. I sent a helicopter to pick it up. It will arrive at the parking lot of your community in 15 minutes. Please call someone to pick it up."

"What? Helicopter? " Sushi's eyes were wide with amazement. It seems that this man is not only rich, but also powerful. Can he mobilize helicopters?

"Yes! I'll wait for you at the meeting. " Then Wen lichen hung up.

Susie's pretty face was a little hot, as if all her dressing up for him tonight.

Sushi held her cell phone and said to Annie and Xiaomi, "the airport road is blocked. Wen lichen sent a helicopter to deliver the evening dress to the parking lot of the community in 15 minutes. Who can get it?"

"Wow, who is this Mr. Wen! You know, this is not what ordinary people can do! " Xiaomi exclaimed.

"Don't worry about who he is, he has the right to be powerful, which is good for us. Xiaomi will come down with me to get the evening dress." Anne pointed at her.

"Well!" Xiaomi quickly follows Annie out.

Behind Suzy's heart also overflowed with a sweet taste. When she was alone, she didn't want to cover up some emotions.

Fifteen minutes later, Annie and Xiaomi came up with two professional delivery attendants, and her evening dress was well protected in her pocket.

The moment the dress was opened, everyone's eyes lit up and they were amazed.

The gradual change of color like the stars, together with the different colors of diamonds, is just like the integration of the whole star color into an evening dress.

"My God! How beautiful! " Xiaomi can't help shouting.

Annie also breathed a sigh of relief, thinking of the sets she had prepared, which were not of the same grade at all.

Susie's breath stopped a little. Looking at the evening dress, she felt like embracing Wen lichen.

If he was in front of her, she would not hesitate to give him a hug or even a kiss.

Because she likes this evening dress so much.

"Well, I don't have time to be dazed. Change it quickly. Let's study the makeup. It's better to go out before 4:20." Anne said in a voice.

The waiters immediately took out the evening dress and ironed it with the tools they brought. On one side, sushi sat on the sofa. Xiaomi was her royal makeup artist. She was amazed by the evening dress. Sushi's makeup and Xiaomi also had a base. She was going to give her a fresh and natural appearance like spring, coupled with gradual lip biting makeup, which would definitely make her charming.

Sushi's skin has a good foundation and it's very easy to put on makeup. Xiaomi has done it in less than 20 minutes with her superb makeup technology. Then, she will pull her hair. Half of her long hair is tied behind her head. She will clasp it with simple pearl hair clasp. Two strands of thin curly hair beside her ears will hook up her perfect jaw line and set off her whole face, delicate and three-dimensional.

"Perfect." Annie was also amazed.

By this time, the evening dress had been ironed, and the two waiters were very conscious to withdraw to the door. Xiaomi and Annie often changed clothes for sushi, so sushi did not avoid them, so she took off to the three-point style.

With evening dress and delicate and perfect make-up, Susie stood in front of the mirror, and she would fall in love with herself.

"Sister Susie, you must be the headline of the front page tomorrow. You're the only one in the evening dress, and you're going to have to wear it all!" Xiaomi praised.

Sushi chuckled, and the smile on the bottom of her eyes showed a gentle warmth that no one else could see. All this was given by the man."Well, put on the shoes, we should go. We must not be late,

otherwise, we will never catch up with the red carpet again." Annie always interrupts them at critical moments.

Sushi's car came to the path next to her door. There was no one at the moment. She got into the car, and Annie and Xiaomi hurriedly got on the bus and asked Xiao Chen, the driver, to go to the party.

They prayed that this section of the road had better not be blocked. Fortunately, Xiao Chen paid close attention to the condition of the road at all times, forced the rush hour, and arrived at five o'clock, more than two minutes later.

At this time, the vehicles in front of us waiting for the red carpet have also formed a long line. One car after another has stepped down from the famous entertainers and actors in today's entertainment circle. At both ends of the red carpet, the major media have already set up long guns and short cannons to take photos. At some places further away from the red carpet, they are surrounded by excited and enthusiastic fans, on the side of the end of the red carpet, There is also a huge live screen, so that fans can enjoy the posture of their beloved gods and goddesses far away.

Annie then answered a phone call. It was the director of Sushi's entry. He hoped that sushi would walk on the red carpet with their group members. They were in the car in front of her.

Naturally, sushi has no opinion, so it will be more meaningful to travel with the team.

Sushi, accompanied by Anne, got on her team's business car. In the car, in addition to the director and his wife, there was naturally the leading actor Yang Rui.

Yang Rui's eyes looked at her today's dress with admiration, and he didn't come back for several seconds.

Chapter 332

"Heathy, you are beautiful today."

"Thank you." Su Xi chuckled and praised, "you are more and more handsome!"

Yang Rui used to be in the studio, but he was moved by Su Xi. Only when Su Xi politely refused, he and Yang Rui became friends.

However, Yang Rui is really going to be fascinated by Sushi today.

"It's our turn right now. I'll hold hands with Xiao Lan, sushi, and Yang Rui." For the film industry, it's very common for her partner to walk on the red carpet together, and sushi didn't think much about it. It's not the first time that she and Yang Rui have appeared in public in front of the media.

"OK!" Susie nodded.

There is a road surrounded by bodyguards, which is adjacent to the red carpet. This is a VIP passage. A black car is slowly behind several cars. On the car, Wen lichen's lazy body is sitting in the back seat. His assistant near him must have finished a speech and handed it to him. "President Wen, would you like to have a look?"

"I just came to give a prize and pushed my speech." Wen lichen didn't want to show his face too much.

After tonight, his identity will be open. He is the mysterious executor of Tianmu group, who has been making people guess.

And he is willing to open his identity, only for one reason, for a woman.

In front of the red carpet, a black business car stopped. The security guard opened the door for them very attentively. Director Li Fei adjusted his suit and got off the car with great spirit. Then his wife also got off the car.

His wife immediately took him by the arm, and sushi got off the car. Yang Rui reached out to block her head, for fear that she might bump into it.

Just after Su Xi got off the bus, Yang Rui stepped down in a crisp gray suit. He naturally took Su Xi's hand and clasped it tightly with her.

When Yang Rui's hand clenched Suxi's palm, her heart suddenly appeared a touch of resistance, as if instinctively, don't want to refuse to let men hold hands.

However, sushi restrained the refusal, focusing on the red carpet. Her lips raised a natural and customary sweet smile, and Yang Rui walked on the red carpet.

In the car next to him, Wen lichen's car approached the entrance, and just stopped, his eyes couldn't help being attracted by the pair of men and women walking on the opposite red carpet.

No, exactly, the woman.

Their clasped hands and their accompanying figures were like a dazzling light, which hurt Wen lichen's eyes. His face sank directly and he narrowed his eyes angrily.

She even walked on the red carpet hand in hand with other men, and she laughed so happily and showed so close!

When Yang Rui was halfway there, he let go of Suxi's hand, instead, he used his arm to hold her shoulder and upgraded the degree of intimacy. Facing the camera, Suxi's smile on the corner of her mouth was just stiff, so he continued to face the camera.

On the huge screen next to them, Suxi and Yang Rui are like lovers, as if their plot in the movie is full of warm and ambiguous love atmosphere.

Wen lichen's big palm between his thighs became a fist. The woman challenged his bottom line again and again.

At the moment, he really wanted to rush to the red carpet and beat the man who was holding her.

"Mr. Wen, do you want to get off?" The assistant on the side asked carefully.

Because his car stopped for a while, and behind him, there are several cars waiting to get off in line.

Wen lichen looked at the men and women who were about to walk to the end of the red carpet. He breathed a little. His slender body came out of the door and walked quickly to the corridor leading to the VIP room. Behind him, his assistant couldn't keep up with him.

After walking on the red carpet and avoiding the media cameras, Suxi immediately made an action to lift her hair, naturally hiding Yang Rui's hand on her shoulder.

"I'll go to the foreman's room." Susie smiled and turned to go to the bathroom.

Sushi had just come to the next corridor, and the cold man and the man who came in face-to-face collided.

She stepped back a step, but stepped on the skirt, panicked and disordered, one arm clasped her wrist, pulled her, and she hit the man's chest with some ferocity.

Susie had not yet looked up, but she had already smelled the familiar masculinity. She looked up again and saw the man, but she was still shocked.

Why did it happen to bump into Wen lichen's arms again?

Susie's mouth curved with a happy smile, but a handsome man's face was somehow as gloomy as ice, very ugly.

Sushi's sunny smile was frozen by his eyes, and her smile became a little chatty. At last, she coughed awkwardly, "it's a coincidence that I met you here."

"Come with me." Wenlichen clasped her wrist and walked to the next row of lounges.

Suzy was a little bit jangled and choked by him. She quickly pulled up her skirt and ran to catch up with her. "Where are you going to pull me!" Sushi asked, puzzled.

Wen lichen opened the door of a rest room. There was no one in it. After he pulled her in, he closed the door.

Susie did not react, a hot and punitive kiss on her red lips.

"Well..." Susie stared at his beautiful eyes, instinctively trying to push him.

However, the man is like an angry Beast, catching her red lips and plundering wantonly.

Susie's breathing was provoked to gasp by the man, her pretty face was also flushed and her brain was empty, but she was afraid to think that this was the lounge of the conference hall.

If someone pushes the door in and sees it, it will be miserable.

After Wen lichen kissed her, she let go of her, gasped heavily on her forehead, and warned, "next time you dare not let a man hold your hand."

A strong sense of jealousy and anger is absolutely a reflection of the man's mood at the moment.

Sushi raised her eyes and touched them full of danger warnings. Did he see her walking on the red carpet with Yang Rui just now?

"It's just It's just propaganda! " Susie's grudging explanation.

"I don't care. No man can touch you anywhere except me." Her voice, which was so domineering that it could not be repeated, came from under her head.

Susie looked at him with a little silence. "So can't my father?"

When Wen lichen saw her, he dared to contradict and deliberately said something against him. He could not help but get angry again. He bent down and kissed her naughty mouth again.

Suzy didn't push him any more. He kissed her and made a room of warmth.

Finally, when the man gave her a chance to breathe again, she murmured, "have you kissed enough?"

Chapter 333

For a man, how can he kiss enough, even if kiss this life will not be enough.

However, he only punished her for letting her know that in the future, he would never let a man touch her anywhere, even if it was just hands.

Wen couldn't kiss and get angry any more. He was afraid that he would be upset because he felt the suit pants were tight and a little sore.

"Well, you go to the meeting first. I'll come to you later." Wen Li Chen loosened her, looked at her red lips, as if he had a natural lipstick, and his mouth was pleased with him. This is his masterpiece.

Susie was a little depressed. Was she just pulled in by this man to play?

At this time, she had some disordered lapels on her chest. The long and clear-cut hands of men were gently arranging for her. Then, a magnetic hoarse voice sounded, "this dress is very suitable for you."

Is that in favor of her? Sushi's heart crossed a sweet, then she looked up at him curiously, "what are you doing here today? Is that what you watch? "

"I'm here to give awards." Wen lichen's eyes flashed a mysterious smile.

Suzy looked at him in surprise. "What award do you give?"

"I don't know. Look at the arrangement." With that, Wen lichen leaned over her delicate forehead and gave her a kiss. He opened the door and led her out.

Just out of a corner, wenlichen's assistant was waiting for him. Sushi didn't look at other people's eyes. She took away the hand held by wenlichen and went to the hall.

Yang Rui looked at her and waved enthusiastically to her. At this time, a manager in charge of the scene went up to her and said, "Miss sushi, your position is in the front, please follow me."

Suxi smiles at Yang Ruihan's head, and then follows the staff to the first row. There is a sign with her name on it. She sits down and looks up. Eh, there are no artists sitting here, almost all of them are high-level entertainers and valuable foreign guests.

Susie looked at the position next to her again. She thought to herself, this is wenlichen's! There is no sign in this position, as if it is reserved for him.

Several artists behind immediately jeered and whispered to each other, discussing whether sushi would be so stupid as to sit in the wrong position. How did she run to the front row?

Even the director was surprised that Susie was in the front row. They were surprised and didn't ask too much.

At seven o'clock on time, the award ceremony began. At this moment, the venue is full of bright stars. All the actors in the film and television industry are dressed in exquisite makeup. Their eyes are full of expectation. They are looking forward to today's awards and who will spend them.

Although sushi is also looking forward to it, she would like to know when Wen lichen will come. His position is always empty.

Just as the light became darker, two huge searchlights on the stage illuminated the past. The four hosts gave a grand opening speech and opened the award ceremony tonight.

At this time, Su Xi saw four bodyguards going out. Then, he escorted a handsome and elegant figure. Under the dark light, Wen lichen still couldn't hide his powerful aura, which made people see him at a glance.

However, people at a distance can't see his features clearly, only feel the noble and calm of this man.

Su Xi watched him come, and he was slightly pleased. Wen lichen naturally sat next to her. His long legs overlapped gracefully. His deep eyes fell on Su's small face, and the corners of his mouth were slightly hooked.

In front of them, there is a table with fruit snacks on it, which is only for the first two rows of VIPs.

Under the table, wenlichen's hand naturally leaned over, grasped Sushi's slender hand, which was placed between his legs, and pulled it under the table.

His big palms are mildly rubbing her palms and playing with them.

At such a dignified and elegant banquet, sushi felt an indescribable sense of shame and dryness running all over her body. The man was really in disorder.

Susie did not pull it out for two times, so she had to keep calm on her face and smile at the corners of her mouth.

The host opened a dance first, after the two people dance with aesthetic feeling, the host smiled again and stepped on the stage, read out a beautiful sentence, and started today's first award list, the best director award.

As the number of winners of each award is small, concise and more appetizing, it makes people work harder in the future and think of taking a place on this stage next year.

Then, several awards were presented, but the real award is in the middle, that is, the best actor and actress award. This must be the award that many artists are looking forward to tonight. The award came in the beautiful voice of the host.

"Next, I believe that all the friends in the film and television industry are very concerned about an award, that is, the best actor award and the best actress award. First of all, we will announce the award of the best actor, and welcome our two honored guests with high prestige to announce it on the stage." Among all the expectations, the best actor award was won by an actor of acting school. No one has any opinion on his award.

Next, the host also sold a pass, "our best actor award has been awarded. Congratulations to our Mr. Sun Yang. Then, we started to award the best actress award. I believe that many beautiful actresses are excited. This award represents the recognition of an artist's strength and her efforts to get the best. In return, we are shortlisted for eight works and nominated for eight beautiful heroines. Who will spend the money? "

The male host immediately took over the conversation and continued cheerfully, "before presenting this award, please allow me to introduce our awarding guest ceremoniously. His identity has been very mysterious in the entertainment circle. He is low-key, but everywhere. He is in charge of Tianmu entertainment group, but he never reveals his identity in front of outsiders. Today, we are the mysterious boss. He has been there and will present our best actress award for our unveiling

As soon as this sentence was uttered, there was a sound of air-conditioning, followed by an exciting murmur, as well as the exciting exchanges of those beautiful female stars, the boss of Tianmu group, as his artist, they were not honored to see this old board.

Now, how exciting it is that he should be on the spot.

Chapter 334

Even Susie is slightly open lips, eyes flash a surprise, what is the boss of Tianmu group look like?

She and all the artists have a strong curiosity, want to know who is the mysterious boss of the whole entertainment circle! Susie's big eyes looked left and right, imagining where the big boss was hiding?

The slightly dark light covered a young and handsome face of Wen lichen. His eyes swept over the woman around him, looking at her curiously like a child, looking left and right, but the eyes did not stay on him.

He hooked his lips and began to wonder how shocked her little face would be for a while.

The host also kept a mystery on the stage. After giving the audience some time to talk, the hostess said excitedly, "yes, I believe we are all waiting to see the identity of the backstage president of Tianmu entertainment. I have the same expectation as you. Then, let's take him on the stage! For the award of best actress, let's welcome Mr. biowne. "

The searchlight swept in the front row, and after a few seconds, it hit a figure standing up calmly. The long legs of the man had stepped onto the stage. His elegant back gave everyone all the guesses.

However, there is a person who doesn't need to guess any more. She looks at the man on stage in a stupefied way. Susie's throat almost screams. She instinctively covers her mouth with her hand, but the shock flows into every cell of her.

My God! Wen lichen? He Is he the boss of Tianmu group?

He's the mysterious, faceless man, biowen?

Wen, this is a surname Wen. Su Xi's eyes are wide.

At this time, the man on the stage walked calmly to the front of the platform, and his magnificent figure turned around. On the huge screen, a magnified handsome face directly reflected into everyone's eyes.

It was a sound of shock. Because the boss was too young and handsome, but it can't be denied that the posture he stood there was indeed a kind of King's presence.

"Hello, everyone. I'd like to introduce myself. My name is Wen lichen. I'm the CEO of Tianmu entertainment group. Maybe you're curious about me. I'm sure I didn't disappoint you." Finish saying, Wen Li Chen's thin lips light hook a smile.

The following is a sound of flower infatuation. Even those reserved female artists are going crazy for him now. Where can they be reserved? Some female artists have fantasized about meeting the ultimate boss in the future.

After Susie's shock, only one word came to her mind.

Too much.

This man is too much.

He cheated her all the time and played with her as a child. He was the biggest boss in the entertainment circle and didn't tell her.

She's pissed off.

Susie felt that she had been fooled around, and this man must have watched her jokes by his side! Damn it.

Wen took over the list envelope from the hostess, and his low voice rang out, "next, I will announce the name of the best actress award. Please listen carefully."

Wenlichen's long fingers are opening the envelope. All the female artists under the stage are tightening their hearts, especially those in the nomination. They are eager to be awarded by him. At the same time, they must take this opportunity to perform in front of the big boss, at least get a hug.

That would be very happy.

There is no too much appetizing, no selling, only to hear the man announced a name in a low magnetic, very emotional, "sushi."

Sushi was in a huff. She heard her name coldly. She was stunned and didn't respond for a while.

On the stage, the man's eyes smiled and looked at the girl who was still sitting in the seat. He gave a sexy low smile, "actress sushi, please come on stage."

Susie understood that she won the best actress award.

She should have been flattered, she should have been excited, but why didn't she, compared with the feeling of being cheated from the beginning to the end by this man, there was no feeling of winning.

Susie stood up and lifted her evening dress. She walked step by step up the steps. In the huge background screen, she kept a smile, but did not know that she was gnashing her teeth under her red lips.

The chief executive of Tianmu group is a liar and a jerk.

Suzy walked step by step to the man on the stage, the light was dazzling, and the man's original beautiful appearance, coupled with his distinguished and extraordinary identity, at this moment, the eye-catching made her blind.

Sushi put down her skirt. She thought she was elegant. When she was approaching the man's face, she suddenly stepped on the skirt side with her foot root. She was shocked. The whole person went straight to the man in front of her.

Wen lichen's handsome face is in a hurry. Her arms naturally hold her waist and take her into her arms to protect her.

His half joking voice rang in Sushi's ear, "you're getting better and better at delivering bags." In the place where everyone can't see sushi, she pushed away his hug a little fiercely and took a step back. Wen lichen found that in her beautiful eyes, it was not surprise, but resentment.

The woman was angry.

After Su Xi stood up, he said to Wen lichen, "award it!"

Next to the etiquette lady came with a tray. The awards on the tray were glittering, which represented the profound significance of this award.

"Angry?" Asked Wen lichen in a low voice.

Sushi looked at him with a smile. "It's a great honor for me to receive the award from President Wen."

Wen lichen took the trophy in his hand, then he suddenly opened his arm, took the initiative to hold sushi, and gently coaxed her ear, "OK, don't be angry, I'll apologize to you later."

Suzy's pretty face was reddened, and she heard the jealousy that quickly merged into a rhythm under the stage, as well as the eyes of those female artists, almost shot her through.

Su Xi pushes him angrily. Wen lichen stands up and sends the prize to her. "Congratulations, Su Xi, you are great."

Sushi took over the heavy cup. As soon as wenlichen's hand reached out, he was ready to shake hands with sushi. Sushi took the cup and passed by him, as if he didn't see it.

A man picked up his hand, not a trace of anger, with some helpless smile on the corner of his mouth. After Wen lichen and the host held their heads, he stepped down after sushi.

His eyes have been carefully locked her, for fear that she will hold the cup, and carry the skirt, for fear that she will fall.

Because this woman seems to fall frequently.

Sushi safely went back to her seat, but her heart was already restless. She looked at the man who followed her back to her seat. Sushi's small face was expressionless, holding the prize, and she was not happy.

Chapter 335

Suxi, who is sitting in the position, thinks more and more angrily. Her eyes are full of resentment and she stares at the men around her. What the host says on the stage? She can't hear any more. She is full of resentment.

Wen didn't expect to show his identity, which would arouse this woman's resistance. However, he was too confident, and this woman was not easy to cheat.

And he has a strong temper.

"I'm sorry." Wen lichen leaned over, his voice deep and apologetic.

Susie listened, but refused. She didn't want to see him.

She picked up the prize and got up from the position. She was going to leave. She found the mobile phone in her bag and wanted to call Annie. She was going to leave here.

As soon as she stood up, Wen Li Chen's heart strings tightened. Where is this woman going?

Wherever she goes! He is not at ease.

Wen lichen also got up quickly. At the moment, the light under the stage was very dark. Everyone looked at the other awards on the stage. Sushi came out of the side door and walked into a corridor where everyone was attending the awards. The corridor was very quiet and nobody was there.

As soon as Su Xi came out of the door, Wen lichen pushed the door to catch up with him. He called to her in a low voice, "Xi Xi, stop."

Suzie doesn't want to talk to him! She just went her own way.

She doesn't pay attention to it, which annoys the man behind him. He can't help catching up with her and clasping her wrist. "Will you listen to my explanation and my apology?"

Susie struggles with her hand, turns her head and stares at him. "What else can I say? You've been lying to me. You're a liar. I don't want to hear you at all. "

With that, sushi gave her a hard pull, and she did not dare to hold her tightly, for fear of hurting her.

Susie strode on, ignoring him.

"Susie, stop for me. I'm not ordering you as a friend, but as your boss." Behind him, Wen lichen said in a deep voice.

Susie's body immediately stopped, her chest was a little fierce, and she had some penetrating foresight. Now, it was more beautiful.

Wen lichen saw that the move worked. He strode to her side and looked at her with deep eyes. "If you want to hit me, scold me, I'll let you. If you want to get angry, I'll let you absolutely."

Sushi was biting her red lips. She just didn't want to talk to him, because she couldn't accept the feeling that she had been cheated by him.

I can't accept that he suddenly became her boss. Sushi thumped his fist and thumped on his chest like venting, "you are a liar, asshole, big asshole I hate you. "

Wen lichen is still beating herself by her. He has no stress on his chest, but he is very distressed. Don't hurt her.

Suzy had no strength after two fights. She gasped, took a firm grasp of one arm, pressed her into the man's chest, and held her tightly.

Sushi took a deep breath and felt that she was hugged by a strong knot. This man dared to hug her. Did she allow it?

Two people in the corridor didn't find out. There was a just passing entertainment record taking a few photos secretly, but he was afraid of being found, so he quickly hid.

But there is no doubt that he has a big material in his hand. The original award of Sushi's first heroine is water!

After Wen lichen's identity was announced tonight, almost all the people in the entertainment circle were shocked, and they all knew the big boss. Just now that entertainment record was mixed in, they also knew Wen lichen's identity.

At the moment, watching Wen lichen and sushi cuddling, doesn't that mean sushi is not allowed to get the prize until he is under the rule? Because the biggest voice of this award is not Suzy alone!

Sushi angrily pushes away Wen lichen's hug. She takes a step back and reaches for her hand to refuse. "I don't want to see you tonight."

After that, she strode to the exit. Wen lichen was helpless and upset. He bit his thin lips. He followed Sushi's steps and was always at the door. Annie and Xiaomi were waiting for her. Wen lichen stood by.

Annie immediately came to him with a respectful face and said, "Hello, Mr. Wen, I don't know that you are our big boss. You have been neglectful before. Please forgive us if you don't remember the villains."

Xiaomi is also a face of disbelief.

At this time, sushi turned to Annie and said, "don't apologize to him, big boss is nothing."

Annie looked back at sushi in a hurry. She had an impulse to cover her mouth. Didn't sushi want to live? How can I offend the big boss?

"You take her home safely!" With that, Wen lichen looked at sushi and said, "call me or send me a message when you get home."

As if sushi didn't hear it, she took the lead in stepping out. Annie and Xiaomi hurriedly followed. Behind her, Wen lichen sighed bitterly and watched her leave.

As soon as Susie got into the car, Annie and Xiaomi went mad. "My God! Mr. Wen is the behind the scenes president of Tianmu group! Will sister Xi Xi become the president's wife of Tianmu group in the future?" Xiaomi's mouth is full of nonsense.

Annie saw Susie's displeasure. She gave Xiaomi a look.

Of course, Susie heard that. She hummed, "I don't want to be his president's wife! I don't want to deal with him in my life. "

"Why, heath? Don't you know he's our big President? At least he will take care of you in the future!" Anne consoled.

Maybe Susie's feeling of being cheated is beyond other people's understanding. Only she can produce such strong contrast.

He could tell her his identity when he first met her. Even if he took a chance to tell her later, she would not be so disgusted. Anyway, she was angry.

"Yes! Sister Xixi, Wen is always the boss. You must have a steady stream of resources in the future! You have endless plays, and you will be the heroine in every play, and you can also enter the international arena. " Xiaomi counted the future benefits for her.

Sushi was more and more unhappy. She said to Xiaomi, "don't say it. Even if he gave it to me, I won't want it. I don't want others to talk about me in the future and make my efforts related to him."

"Er! That's right! If people say you rely on a big president, it's not clear. " Xiaomi turned his mouth.

Annie turned to stare at her. "You don't have to say a word." Then he reached out to Susie and said, "I'm not angry anymore. We'll make a good movie and try our best to do our own thing."

Chapter 336

Sushi suddenly thought of something, turned to Anne and asked, "who introduced me to be the heroine in the last play?"

"What's the matter?"

"I didn't even see the director, so I'm the one who appointed the first lady. Don't you think there's a problem?" Asked sushi.

Annie knew what she was going to do and urged, "the director was busy then!"

"Hum! I know who gave me the number one of the play. When you go back to the director tomorrow, you say that I quit. Anyway, I haven't signed a formal contract. "

"Xi Xi, you are capricious. You can't block your future!"

Sushi closed her eyes and leaned on her position, saying softly, "I'm tired! I want to take a year off without any screenplay. "

"Well, you have money and willfulness. I can't help you! But let's talk about it. You are tired today, so go back to have a rest earlier today! " Anne had nothing to say to her, but she could not be offended any more.

When Susie got home, at half past eight in the evening, she didn't want to eat anything, so she let Annie and millet leave.

She sat on the sofa, picked up her mobile phone and dialed a phone to Tang Siyu.

At this time, Tang Siyu was in Xing liehan's villa, practicing piano with her son, looking at the mobile phone ringing nearby. She kissed her son's cerebellum bag and said, "Xiaoxi, you practice first, Mommy answers a phone call."

"Well!" The little guy nodded obediently.

Tang Siyu went to the side of the side hall and picked up, "Hello! What's the matter, Miss Su? "

"Siyu, didn't I ask you to ask Xing liehan what Wen lichen did? Now, don't ask, I know what he does. " Said sushi weakly.

Tang Siyu asked pleasantly, "really? Did he tell you? What does he do? "

"You know what my entertainment company is!"

"Isn't it Tianmu entertainment group?"

"Yes! He is the most mysterious boss of Tianmu entertainment group. " Susie's voice didn't have much of a cheerfulness.

However, Tang Siyu at this end was surprised. She said, "no! So, he is your big boss! You are one of his employees! "

Sushi was silent, only sighed a few seconds later.

"What's the matter? How can you look unhappy! " Asked Tang Siyu in surprise.

"Do you think I'm happy for someone who has been lying to me? I'm not happy at all. I'm angry. He's a liar. " Susie was cursing low there.

Tang Siyu can feel her depression through the microphone. She also knows that Suxi is a straightforward person, and her temperament is a big example. Wen lichen is her boss, but she always hides it. With her character, she can't accept it.

"Now, don't be angry! Did he apologize to you? Anyway, he is your boss, which is a good thing! Right? " Tang Siyu comforted.

"Anyway, I don't want to talk to him now. Siyu, do you know that I'm angry that he conceals his identity? What I'm angry about is He is not honest with me Because of me Susie seemed to be trying to say something.

As her best friend, Tang Siyu has guessed what she wants to say, and sighed, "you want to say, do you like him? By a man you like and you trust, you've been hiding and cheating. You're not feeling well, are you? "

Sushi replied stiffly, "yes That's how it feels! "

Tang Siyu doesn't know how to comfort her. She can feel her heart at the moment. If Xing liehan has something to hide from her now, she will not feel it.

In particular, if sushi had feelings for Wen lichen, the injury would have been even greater.

Because care, will be angry, if she does not care who he is, do not care about his conduct, then why should she be angry?

"Tomorrow, I will send Xiaoxi away to sit out with you and relax your mind. Don't think about anything tonight. Have a good sleep."

"I got a prize tonight. He gave it to me personally, but I think it's ridiculous to win this prize. I think it's because he gave it to me on purpose. " Susie was depressed again.

Don Siyu comforted, "how can it be? You should know you deserve the prize! Your efforts, your achievements, your support of so many fans, you deserve the award. "

"Well then! I will comfort myself like this! See you tomorrow. I'm a little tired. I'll take a bath and go to bed first. "

"Well! It's no big deal to go to bed early and look away. " Tang Siyu releases her.

"I won't mind." Susie reassured her, too.

After hanging up, Tang Siyu sighed. Unexpectedly, it seems that it will take some time for Wen lichen and sushi to get to know each other.

At this time, she heard the sound in the piano room suddenly become calm, full of deep feeling and nimble, she thought that the little guy did not have this level!It must have been his father's masterpiece. Tang Siyu came out and leaned against the door frame, and saw that some man who had just come back was still in a suit, sitting in front of the piano, full of charming masculine atmosphere.

She looked slightly stunned, the corner of her mouth, also involuntarily curved a smile.

Xing liehan plays and looks at her, as if the love breath in his music is all for her. The music is so touching that Tang Siyu dare not look directly at his deep eyes like night. She droops her eyes and chuckles.

Xing Li laughed and stopped the sound of the piano. He gave it to his son and stood up. He came over to Tang Siyu. His body was emitting a cool and charming smell of rosin, not the artificial perfume, but the smell of the man himself.

The sexiness of a mature man.

Xing liehan, regardless of his son's presence, hugged her and burned a hot kiss on her lips, "miss me?"

"Yes! Don't miss you, can I miss someone else? " Tang Siyu replied jokingly.

"No, no one but me."

"Daddy, what about me? Can't Mommy miss me, either? " Behind him, a childish voice asked.

Tang Siyu and Xing liehan look at each other and laugh. Tang Siyu comforts his son's fragile little heart. "Of course, Mommy wants you most."

"Yeah! I'll always be number one in Mommy's position! Daddy, you can't argue with me. " The little guy picked up his eyebrows with pride.

Xing liehan immediately bit his thin lips. Some of them didn't have a good airway. "Little guy, don't think about it. How could you come without me?"

Tang Siyu immediately glared at him, "speak carefully, don't teach my son too early."

"Mommy, how on earth did you give birth to me?" The little guy asked me curiously.

Tang Siyu said vaguely, "it's just That's how you were born! "

"That gave birth to me?" The little guy couldn't understand.

"Because Daddy loves you mommy, you are the crystallization of our love, so you are! Well, don't ask again. Go back to the room and go to bed. " Xing liehan stops this topic.

Chapter 337

In the quiet hall, there was music that made people calm. After taking a bath, sushi changed into a cool clothes and sat on the sofa, arm around, dazed.

In front of her is a golden little golden man. What a glorious award it is. It's also her first best actress award.

But at the moment, she doesn't know how to face the trophy.

Unconsciously, it was about 10 o'clock. In the community downstairs of sushi, an off-road vehicle was parked there. Annie sat in the car waiting for people. In a short time, she saw a black Marriott coming in from the driveway around the corner.

She hurriedly dared not neglect to get out of the car, and then, put the key ready to send to the past.

When the car window fell down, Wen lichen's beautiful face appeared. Annie put the key in her hands. "Mr. Wen, this is the key of heathy's family. Please take good care of her tonight."

"Well!" Wen took the key and drove to the parking lot.

Annie breathed a little. She didn't expect to hear that. Suddenly, she got a phone call from Wen lichen asking if she had the key to Suzie's house, and she did.

So he asked her to wait for him downstairs in advance. He needed the key.

Wenlichen would ask because he knew that Susie would not let him in tonight, and that he would never want to go anywhere except to her home tonight.

Annie hurriedly drove away. As she drove away, she sighed, hoping Susie would not blame her for doing so.

Since knowing Wen lichen's identity, the whole entertainment circle has exploded, thinking about how to make up for the biggest boss of Tianmu group in the first time, I think those beautiful female artists all want to get on with him.

Fortunately, Susie is lucky. She has got all the attention of Wen lichen now.

Wen lichen stepped out of the car and took a look at the direction of Susie's room. He stepped quickly into the elevator.

Susie was in a state of depression at home. She didn't eat anything at night. She unpacked several packages of snacks she usually liked, but now she didn't want to eat anything.

She knew that she didn't have to be so angry. Maybe she was over behaved, because Wen lichen had nothing to do with her.

Is she too affectable?

At this time, she heard a key inserted in the direction of the door, the sound of turning, she was shocked. In this home, except for her key, only Annie had it.

Isn't it so late that Anne comes to see her?

Susie waited for Annie to come in. The door opened, but it was not Annie who pushed the door in. It was Wen lichen.

Sushi slightly gaped at the uninvited man. She frowned, "what are you doing?"

Wen lichen closed the door, took off his suit, and said in a voice, "of course, to see you."

"Are you concerned about your subordinates' behavior?" Sue could not help making a mockery.

Wen lichen was slightly shocked, and her deep eyes locked her. "You can think so."

"I'm really honored." Suzy said in a sour voice with her arms around her.

Wen lichen put the suit on the sofa, and Jun pulled out his body to her side and stared at her. "Don't be angry, OK? I'd like to apologize in whatever way you want me to. "

Sushi touched his eyes as deep as water. Her heart was a little confused. Because she liked him, she could easily get angry. However, for this reason, she could easily forgive.

Just now she thought about it carefully. Her reaction at the meeting was a little fierce. Now, he was in front of her, looking at her with a kind of pleading eyes, asking for her forgiveness.

She found that she couldn't find the mood in the meeting room. She just didn't know how to face his mood.

Before, her identity made her feel relaxed and self-confident. Now, as long as she thought that he was the boss of the whole Tianmu group, she had an invisible pressure.

Susie was meditating, while the man in front of her was tensing his heart. Her silence made him feel that her anger was not gone.

Susie thought for a moment, raised her eyes and asked, "I have a question for you."

"Say it! I'll tell you everything. "

"I picked up the costume drama before. Did you choose me?" Sue asked, hoping for his eyes.

Wen lichen nodded without concealing, "yes, I chose you. I think you are very suitable for the heroine of this play."

"What about tonight's awards? Is it also your credit? " Susie asked again.

Wen lichen was a little calm, and he continued to answer truthfully, "there is something about me."

Susie's pretty face was a little red. Sure enough, there was water in the prize.

"You Why are you doing this? " Susie bit her lips and got angry.

"Because you're the one I like, I can't be eccentric." Wen lichen is still telling the truth.

He is partial because he likes her.

Susie's heart strings tightened slightly, and the man was always direct enough. "Heathy, I didn't mean to hide my identity from you. If I told you at the beginning that I am the president of Tianmu group, you will feel pressure. We can't get along as peacefully as before, because I'm afraid to scare you away." Wenlichen said, holding her hand.

Sushi's heart was pulled by his words, and he was right. If she knew his identity at the first time, she really couldn't get along with him, because what she was most worried about was that she was said to climb high branches, and she would always worry about that when she was with this man.

Susie felt a little anxious. She had been living on the sofa for a long time. Now she wanted to go to the bathroom.

She stands up and plans to go to the bathroom. Seeing that she is silent and wants to leave, Wen lichen is in a hurry, thinking that she just won't forgive her.

Sushi's body, which had just stood up, was suddenly pulled and pressed by him, and she was directly pressed on the sofa.

"What do you want me to do to forgive me?" Wen lichen's overbearing, low annoyed voice fell on her ear, with a burning and pressing breath.

Susie's eyes were slightly gaping, and she deeply felt his spirit as a man. Her pretty face suddenly turned red. She just wanted to go to the bathroom.

Wen lichen looked at her still dull expression, he was angry, he condescended, he was low, he begged, and she did not forgive him?

Looking at her ruddy lips, Wen lichen kisses her directly and punitively, taking her breath away and exclaiming.

On the sofa, it seems that the world is dominated by men. Sushi is in a hurry. With this man pressing her again, she is going to die.

So, this man's kiss, she naturally want to avoid, also want to ask him to get up, can you let her go to the bathroom again?

Chapter 338

The more she hides, the more men think that she won't forgive, he can only kiss down more forcefully and suppress her resistance in his way.

Susie was so pressed and kissed by the man for five minutes. Her face turned red. When the man finally let go of her, she gasped and cried, "can you let me go?"

"No! Unless you forgive me. " Wen also panted a little, forcing her to forgive in his way.

Susie can't bear it, because she's going crazy if she doesn't go to the bathroom again.

Suzie's face was so red that she couldn't be more red. She said with embarrassment, "I need to go to the bathroom."

"What? That's the response? " Wen lichen immediately misunderstood that she was just under his kiss

Susie's ears were red and transparent in an instant. She gave him a stare. "You don't have such a big charm. Let go of me. I need to go to the toilet."

Wenlichen was stunned and pushed away by Suxi. She rushed to the direction of the bathroom. Behind her, wenlichen narrowed her eyes slightly.

What does this woman mean?

When Susie finally washed her hands and came out, she looked at the man on the sofa who was rubbing her fingers between her thin lips. She bit her lips and sat on the other sofa with some resentment. "You don't have to apologize anymore. I forgive you. Besides, how can you have my key?"

"I asked Annie for it!" Wen lichen raised his eyebrows.

"You Even if you are our big boss, you can't break into my house without permission. " Susie thought it was a little hateful of him to do so.

When Wen lichen saw a big boss, he was very unhappy. "You don't need to treat me as your boss, you can treat me as your boyfriend."

Susie choked and didn't know what to say.

"I've pushed the show. I don't want to do it. I want to have a year off." Suxi sighed that she had always been a person who tried to mix circles. Suddenly someone gave her the convenience and green light, but she didn't adapt.

"Why?"

"It is Tired! " Sushi had planned to take a rest for a year, and then go abroad to improve her abilities in all aspects, but she never found a chance. Now, she wants to achieve this year.

Wen lichen sighed, "whatever you want, I won't force you to do anything."

"Gulu....."

In silence, someone's belly sang the empty city plan. Because the voice was weird, Sushi's face suddenly turned red. She hurriedly waved and explained, "I'm not..."

Wen lichen chuckled, "I don't blame you even if you are."

Susie immediately chopped her feet. "I'm not really. I'm just hungry."

Wen lichen looked at her pretty face, and his heart throbbed a little. He got up, reached out and pet her head. "OK, what else can I eat here? Or would you like to eat out? "

Suzy took a look at the time and slandered, "I'll call takeout! Do you want one? "

Wen lichen didn't have dinner either. He was hungry at the moment! Seeing that she wanted to eat so much, he also cooperated, "OK! Eat with you! "

Suxi chuckled, some sweet and Zizi in her heart. Unconsciously, her anger towards him disappeared.

Suzy ordered take out, ordered two bone soup noodles and a fruit platter. After that, the atmosphere in the hall was a little quiet for a while.

Wen lichen picked up the little golden man in front of her. "You deserve it."

"Isn't it because of you?" Suzy looked up and said nothing.

"I want to give it to my woman. No one can have a problem," Wen said

Suzy, don't look, "who's your woman?"

Wen lichen seriously introduced, "my woman's name is Suxi. She belongs to an ordinary artist of our company. She is very beautiful, with white skin and long legs. She is a bit silly. She has no shortcomings except her bad temper."

Suzy glared at him, not convinced. "I'm stupid, you want me."

"Yes! Silly into such a gene, if I don't have to repair the gene, after the birth of children's IQ worrying Wen lichen smiled a little disgustingly.

Susie threw the pillow in her arms directly at him. "Do you want to face me?"

Wen lichen took the pillow, and the whole person sat beside her. "Do you envy that your good sister has a son? To be honest, I'm envious. I'd like to have one too. When do we want one? "

Suxi's face is hot. She really wants a son. She didn't know how much she envied Tang Siyu before. Now, this man wants to have one with her?

"No idea for the moment!" Susie said stiffly, because she had no thought to prepare.

"Good! It's OK to put it off for a year. In a word, you're my life. " With that, Wen lichen bent down and kissed her charming face.

Sushi's eyes drooped and her stomach growled. She was so embarrassed that she turned on her mobile phone to check the delivery route. It was only a few minutes before she arrived.

She can't wait to eat.

Ten minutes later, the takeout arrived. Wen lichen opened the door to pick it up. So they sat in the hall and ate the takeout. The atmosphere is sweet.

In a quiet conference room, a reporter spread out a dozen photos of the photos he took secretly and said to a media director, "this is what I took secretly. It's obvious that Su Xi took the initiative to seduce Wen lichen, the president of Tianmu group. She was rewarded by the potential regulations."

"It's big news. I'm a little worried that the top management will come down."

"What's the point? It's just a chance for an artist to hype. You can take sushi as the starting point and don't offend Wen lichen. You must be the hot news."

The media director is also thinking about making a wave of eyeballs and striving for his own interests. He thinks about it and nods, "OK, send this news out in the early morning tonight, and make the headlines in the morning tomorrow."

"And my expenses?" The reporter made a sign for money.

"It won't be without you. If you have any good news in the future, you must contact us as soon as possible."

The reporter was immediately overjoyed and made another profit.

"Our media should expose some ugly phenomena, such as the chaos in the entertainment circle. We need to fight against this kind of potential rule behavior and shame those artists."

"Yes! It's your job. You can't let the news go. "

In the picture, Su Xi and Wen lichen embrace each other. Moreover, due to the hard picture presented in the picture, it's not like Su Xi and Wen lichen are in conflict, but it's like Su Xi is pestering Wen lichen.

So, it's definitely interesting.

What's more valuable than the entertainer's gossip? In particular, a female artist who thinks she is clean and self-sufficient suddenly climbs to the top of the entertainment circle, which is absolutely explosive news!

Susie is on the verge of ruin.

Chapter 339

At 12 o'clock in the morning, a message quietly exploded on the Internet. Those night owls who haven't slept immediately forwarded it very quickly, so that at night, the message was reproduced surprisingly.

Because it's so unexpected and explosive.

Sushi, the artist who just won the award, is actually a person who depends on the hidden rules. With photos as evidence, the photos of sushi and Wen lichen kissing me in the aisle at the side of the award platform have become the most favorable evidence.

After reading the photos, we don't need to make any guesses at all, so we believe that this is a solid fact.

Suxi's image just in a short hour, in the hearts of netizens, fell thousands of feet, all kinds of curses pointed to her, plus some jealous of her, resenting her female stars, also followed the rhythm, bought a group of water army to scold on the Internet, and destroyed Suxi's image to be unbearable.

Annie was still sleeping, and was urged in by Xiaomi's phone. Annie was old and used to go to bed early, while Xiaomi was young and belonged to a group of night owls.

When she saw the news, she was frightened and called Annie.

When Annie was sleeping in a daze, she heard the news and scared away her sleepiness. She picked up the iPad and flipped it on the Internet, almost like a nightmare suddenly hit Suzy.

Annie is in a hurry. Who passed on these photos on the Internet? Who's talking?

Annie thought that Susie must be with Wen lichen at this time. She was hesitating whether to call her at this time. It must be their time of love.

In Annie's heart, Susie and wenlichen are afraid that they have already broken through the boundary between men and women and become the intimate lovers needed by each other.

In a struggle, Anne chose to disturb Susie.

When Susie was full, she went back to her room to sleep. She was so sleepy tonight that she fell asleep with a pillow on her head.

In the haze, she heard the phone ringing. She turned over immediately and didn't want to answer it.

But the phone didn't stop ringing. She barely opened her eyes, picked up her cell phone and saw that it was Anne. She stuck it to her ear.

"Hello! Annie, what's the matter? "

"I'm sorry, miss. Something's wrong. Go to see the hot search. You've become the number one in less than half an hour."

"What happened to me?"

"It's been revealed that you won the prize by sleeping with Wen Li Chen."

"What? I didn't sleep with him! " In her bleary eyes, Susie instinctively refuted the question.

"Eh? You're not sleeping with him yet? " Then Annie grabbed the point and wanted to ask more about it.

Susie immediately said, "we've been sleeping in separate beds! Where am I such a casual person! "

"My eldest lady, what are you reserved for at this time? Go to sleep if you need to! This is not the point. The point is to see the hot search. Then, go to find Wen lichen to find a way to solve this problem. " Anne urged.

Sushi cut off the phone and went to the hot search. Sure enough, she ranked first, but the title is a simple and easy to understand sentence. Sushi, the best actress of Golden Rooster Award, won the award based on the hidden rules. Her behavior is shameful.

Susie finished, beautiful eyes a stare, what sleepiness are scared away, what? She's on the rules? She points to open, the picture is that she is in the aisle of the auditorium, and Wen lichen's picture, there are several pictures that he holds her, and the photos taken by the loan, as if she is catering to him and pestering him.

Many photos, sometimes static photos and dynamic photos are totally different, and those who steal photos know how to catch this feeling opportunely.

Sue was going mad. She picked up her mobile phone, put on her slippers and pushed the door out.

She went straight to the main bedroom, because it was her own home, she also forgot to knock on the door and said, she just opened the door and pushed it in.

And in her master bedroom big bed, the man is only wearing a black underpants languidly reclining there, turning on the desk lamp, holding the iPad to see what.

Susie's brain is slightly fried. The dark lights and the man's figure portrayed are so sexy and perfect that she has a feeling of blood flowing up.

If you take a look more often, you will feel that you are infatuated with flowers.

She said to the man on the bed, "please put on your clothes."

Wenlichen didn't expect her to come in suddenly. However, he didn't hurry and didn't care to show his body in front of her. However, looking at her small face, he picked up the quilt to cover the key position and asked her, "what's the matter? Is something wrong? "

"Something happened to me!" After that, sushi handed him the message from the mobile phone search. "We were photographed secretly. Just now, a media revealed that I had something to do with you."

Wen lichen took over his mobile phone, twisted his sword brow and looked at it. There was a flash of anger in his eyes. The main object of the news was sushi. Instead of mentioning his name and identity, he grabbed sushi and criticized him.

"I'll take care of it." Wen lichen finished, picked up his cell phone from the bedside table and dialed his assistant's number. "Hello! Boss... " Wang ruimingxian, his assistant, was just waking up in his sleep.

"Susie's latest Internet news, I don't care what you do, anyway, I don't want to see it before I get up tomorrow." A completely commanding tone.

"Yes! I'll do it right away. " Wang Rui didn't even ask. In a word, the boss's words are right.

Su Xi watched Wen lichen throw his cell phone back to the bedside table. Her heart warmed. She had to say that he became the boss of Tianmu entertainment group. This momentum is still powerful enough.

"Don't worry, it won't affect your reputation." Wen lichen comforted.

Suzu can't be so optimistic. She feels that even if this matter is forced down, people in private will know that she has an affair with Wen lichen, which is a fact that can't be erased.

"If you are really worried, I have a way to eliminate your worry," Wen said with a smile

"What?" Susie blinked and asked curiously.

"Get engaged to me. Let's slap those people on the face with facts and let them know that it's not you who pester me, but we really love each other." Wen lichen's eyes are full of deep feeling.

Suzy was afraid of marriage. She swallowed her saliva. "Don't worry, let's see the result first."

Wen lichen's strong arm extended out to her, and his voice sounded in a low, dumb voice, "tonight, sleep with me!"

Sushi had just seen his figure, and now she had some spare time to think about it. But when she thought about it, she was afraid of his figure. She turned around and said, "no, I'll go back to the guest room to sleep."

With that, she quickly pushed the door out.

Chapter 340

This evening, sushi has been brushing the scandal belonging to her. Due to the poor efficiency of the evening, Wen's assistant failed to immediately suppress the news, so it has been still, and the reprint volume is amazing fast.

Su Xi did not dare to look at the abuse. She was so tired that she had to go to sleep and ignore these things.

Wang Rui still found the heads of various media and made a joint way to suppress this matter. However, because of Wen lichen's status as the head of entertainment industry, the heads of all aspects responded positively.

However, the crackdown is only a big action, but it can't let netizens talk about it in private.

This thing is still fermenting in the dark.

Early morning.

Su Boyan, Su Xi's father, has the habit of getting up in the morning to practice. Just after he had a cup of tea and was going out for a walk, his cell phone rang. He picked it up from his colleague Lao Liu. He picked it up, "Hello, Lao Liu! What's up in the morning? "

"Brother Su, did you watch the news? What did your daughter do! You don't care. Even if Liu Fei doesn't deserve her, your Su family has to take care of her daughter, right? "

Because Su Xi's cold treatment of Liu Fei, Lao Liu's son, makes the family have a lot of opinions about Su Xi. At this moment, how can Lao Liu not fall down?

"What happened to my family, sis?" Su Boyan asked with a frown.

"Your daughter is in the entertainment circle. She seems to have been lured. Besides, she still relies on men to receive awards. Now it's spread all over the network. I'll send it to you to have a look! Anyway! It's not a good thing that this daughter is beautiful, it's a lot of trouble. " Lao Liu said something sour and then hung up.

Su Boyan immediately stared angrily. He picked up his glasses and put them on. He saw that Liu had a link. He opened it and immediately jumped out of the scandal Su Xi had last night.

Seeing Su Boyan's face was livid, he thumped the table, "how can this unfilial daughter do such a thing? It's a shame. It's almost the end of our family's face. "

Li Qian just came down from the upstairs. Hearing her husband swearing downstairs, she asked, "what's the matter? Who are you scolding! "

"It's not your daughter who's out there. She doesn't know what's important."

Li Qian knew that she was the second daughter. The eldest daughter never let her husband worry so much.

"See for yourself what she has done. Can you see? Now that they know Lao Liu, where is our family's face? " Su Boyan was so angry that he took action again.

Li Qian picked up her mobile phone and looked at the photos. She couldn't help laughing, "what's the scandal! This is what I told you, heathy's boyfriend! His name is Wen lichen! "

Su Boyan snorted, "don't you see the words on it? Heathy climbed the high branch. This man is not her boyfriend at all. She is cheating you. At first sight, this man is a rich young man with money and power. He is playing with his daughter! "

"No! He's very kind to heathy, and he admits to being heathy's boyfriend Li Qian doesn't believe in Tao.

"Listen to his nonsense!" After that, Su Boyan took the phone and said, "I will let this unfilial girl come back to me now. After that, I will not go anywhere except at home."

Li Qian has the final say husband, but she doesn't know how to persuade her husband.

Susie was in a daze when she called. She took a look and sat up. It was her father.

She has always had an uneasy feeling about her father's phone call.

"Hello, Dad..."

"Heathy, you must go home before noon! Otherwise, don't blame me for breaking the relationship with you. " The end hung up angrily.

Susie was also silly. Her father's voice was full of rage and anger. Obviously, my father knew what happened last night!

She sighed. There was an indescribable bitterness. Now, there was a feeling that she could no longer overcome her father.

She got up and did not wake Wen lichen in the master bedroom. She left a note and went out. She had to go home, otherwise, her father would be angry.

Suzy arrived at home at ten o'clock. As soon as he came in, he sat in the hall, staring at her with a livid face. "How do you explain this?"

"He and I are not what the news says, I and he, just It's just love for each other. " Susie explained in a low voice.

"Hum! What does this man do? Is he the rich young master of his family? "

"He is..." Suxi's face is slightly pale. What his father hates most is the entertainment circle. If Wen lichen is the president of Tianmu entertainment group and the person who calls the wind and rain in the entertainment circle, then his father will not accept him!

"What? You're with him, don't you even know what he does? " Su Boyan asked angrily.

"He's just an ordinary businessman."

"Ordinary businessmen will show up at your awards party?" After that, Su Boyan took another picture of the table. "He is still the man who gives you the award. His name is Wen lichen. He is the supporter of the entertainment group and your boss. What is the unclear relationship between you and him?" Susie's face turned pale. She forgot that the video of her award was broadcast live. Her father must have seen it.

"Heathy, why didn't you tell me that he was your boss?" Li Qian also scolded.

"He He is my boss. Can't there be feelings between the employees and the boss? " Sue made a weak argument.

"I don't care what feelings you have. Now, I want you to separate. You push all the work. From now on, I will accompany your mother at home. You are not allowed to go anywhere. Do you hear me?" Su Bo's command was very eloquent.

"Dad You can't... "

"Even if you know that I am your father, then you know who gave birth to you and you are my daughter. I just indulge you so much that you can lose this face to the family." After su Boyan finished, he said to Li Qian, "look at her."

After that, Su Boyan went out, and Su Xi sat on the sofa with a pale face. For a while, he didn't know what to do! Li Qian sat beside her and didn't know how to comfort her.

"You know your father's temper. He says one is one and two is two. Listen to him, and have a good rest at home recently! Don't worry about the things outside. Your sister will come back in the evening. "

"Mom, he's the boss of the entertainment industry, but he's not a bad guy." Suxi took Wen lichen's turn.

"I'm in a hurry. Take your time!" Li Qian dare not bring them together.
