

U. CEO Daddy 341

Chapter 341

In a Chinese style villa garden, a toast is being held. It's just at noon. Many guests have come here. They are all successful men and women. Although they are small, they are also full of luxury.

Xingyan is the host of the toasting party, and Qiu Linyan became the hostess of the villa. She was dressed in costumes and held Xingyan's arm to honor the wine of all the guests. Behind them, Tang Yiyi was also dressed in a beautiful dress. Xingyan sent her many jewels, and she would like to show them all. All, some excessive pearls I'm angry.

"Mr. Xing, I don't know when I can drink your wedding wine with Mr. Qiu? I'm looking forward to it! "

"Soon, soon." Xing Yan laughs and tightens Qiu Lin's hand, showing his love.

"At that time, Mr. Fang must send you a big red envelope!" Qiu Lin laughed.

"Sure, a big red envelope."

Qiu Lin holds Xing Yan to look at him with a smile. She looks happy and becomes the envy of the women present. She has such a large family property and can marry a jeweler. This is the greatest blessing to live to Qiu Lin's age.

Others see their love, nature, and the future of the merger of the two companies, so why don't they please this couple?

Tang Yiyi is a bit boring, because there are all old people here. She is a young girl who looks bored. She thinks that if Uncle Xing invited Xing liehan to come here, how nice!

After a while, Xing Dang and Qiu Lin stood on a small platform. Xing Yan tapped the edge of the cup with a spoon and said to a dozen couples in front, "please be quiet and listen to me announce a message."

Everyone stopped. Qiu Lin held her head slightly high and waited for Xing Yan to announce.

"Thank you for your support. Now, I'd like to announce a very important thing, that is, Xiaolin and I will marry each other. Our wedding date will be three days later, and you'll be glad to come."

Everyone is the same card, married in three days? The news is really sudden.

"President Xing, are you in such a hurry that the wedding can be arranged?"

"I started to do it a month ago. I've made it all right. I'm waiting for Xiaolin to marry home." Xing Yan smiles smugly.

Qiu Lin couldn't help laughing, and her address was not far away.

At this time, a Shanshan figure came in from the door, Xing Yan's eyes watched a beautiful young girl come in, he was a little surprised, he didn't seem to invite this girl!

Whose child is he? Or an uninvited guest?

Ni Yan walked to Xing Yan step by step, looked up and said with a smile, "I congratulate you, good news is near."

"Are you, please?" Xing Yan squints her eyes and looks at Ni Yan's beautiful face. She is beside Qiu Lin with a flash of surprise and thought.

"Let me introduce myself. My name is Ni Yan. I'm a businessman from country C. I came here uninvited today. I want to talk to you about something." Ni Yan chuckles and looks calm.

Qiu Linzhen has some antipathy to this young and beautiful girl. She sees a younger and beautiful woman now. She has a kind of inexplicable hostility, especially in front of Xing Yan.

"Even if we didn't invite you, why didn't you come?" Qiu Lin's tone was full of displeasure.

"Because I have a very important thing to discuss with you! Let's talk alone later! " With that, Ni Yan turns around and walks to a chair not far away. She sits there with a smile on her lips. She stands up and takes a picture of herself with her mobile phone.

Behind her photos are Xing Yan and Qiu Lin.

After a while, Xing Yan and Qiu Lin invited Ni Yan to a quiet flower hall in order to find out her intention.

"What does this lady want from us?" Qiu Lin asked with high eyebrows.

"Let me introduce myself. My name is Ni Yan. My identity is a little embarrassed. I'm Xing liehan's ex girlfriend."

Xing Yan was stunned and laughed, "liehan's girlfriend? That's my good nephew's girlfriend? "

"Yes, but he has a woman named Tang Siyu by his side." Finish saying, her eyes focused on looking at Qiu Lin, "aunt Qiu, you are not strange!"

Qiu Lin was also shocked. The girl seemed to hold on to their affairs. She snorted, "yes, she is the daughter of my ex husband."

"I came back this time to ask for the combination of strong and cold. But now, he abandoned me and was with Tang Siyu. I'm not reconciled. I know you and Xing Lihan are competing in the mall. So I decided to join you and fight against Xing Lihan together."

Xingyan's face immediately surprised, "really? Miss Ni really wants to join us? "

Qiu Lin was not happy, but she didn't show her dissatisfaction directly.

Ni Yan 's eyes flashed a strong resentment, she can not forget that day, she happily dressed up to go to the appointment, in the end, it has become a joke.Ni Yan has never been treated like this since she was a child. She has also struggled in the hotel. Do you want to stay or leave.

But she couldn't get over that ridge all the time. So, she thought, with Xing Yan, she wanted Xing liehan to pay the price and let her accomplish another purpose.

In the afternoon, Xing Yan didn't cover the news either, but directly published it in the newspaper. The newspaper made a front page headline for him to congratulate him. In a moment, the whole country knew about it.

Some people in the industry who have already heard the news are no longer surprised to see this newspaper.

Xing liehan calmly looked at the newspaper in his hand, and there was a sharp flash of light in his eyes. As expected, his uncle acted quickly and used Qiu Lin and the Tang family group for him.

Tang Siyu will also pay attention to the news at home. Of course, she also heard about the wedding of Xing Yan and Qiu Lin. she has calmed down on this matter. Just looking at Qiu Lin's face, she still has a kind of anger to tear.

At this time, Tang Siyu's mobile phone rang. She picked it up and saw that it was a person who rarely called her. It was Xu Shu, the assistant beside her father.

"Hello, Uncle Xu!"

"Big miss, you see the news! I can't believe Qiu Lin will do this and give the company belonging to Mr. Tang to others. " Uncle Xu said angrily at that end.

"Yes! I'm not worth it for my dad. "

"How come you haven't won a single share of the company, miss?"

"Qiu Lin's method is so hateful that I didn't guard against it. Even my mother's 30% equity has become her." Tang Siyu said unwillingly.

Chapter 342

Then Uncle Xu suddenly thought of something, and he said, "eldest lady, how can your mother's 30% equity become her? Why did she take the share from you? "

"Originally it belonged to me, but I was small, and my father had all the stock rights, so I had no real inheritance right." Tang Siyu answers bitterly.

"No! I remember that president Tang didn't count your equity in his hands at all. Instead, he wrote a contract, which you will inherit when you are 18 years old. It's just that you pissed off president Tang. He probably never mentioned it to you! "

"What? Uncle Xu, are you serious? " Tang Siyu suddenly stood up and asked in shock.

She immediately thought that when her father mentioned this matter to her last time, she had never thought that her father would die so suddenly. Therefore, when her father said that he would give her the equity, she didn't care much, because she didn't want to ask for the equity back from her father.

That's the way she respects him, so there are many things that her father didn't finish and she didn't hear.

At the moment, she was really surprised to hear Uncle Xu say it.

"Eldest lady, of course, it's true that I've been with president Tang for so many years. I know everything about him. But only president Tang and I know that president Tang has a contract. It was signed by him. It's the proof that he separated your mother's equity. That is to say, you can inherit it only when you are 18 years old."

"Do you know where the contract will be?" Tang Siyu was so surprised and happy that he didn't expect that things would go back to other places.

Uncle Xu thought for a moment and said, "when president Tang was designing the wall, it seems that there was a hidden grid. It was the most important document he put. Only he knew the hidden grid. You can find it in the former Office of president Tang."

Tang Siyu is very grateful that Uncle Xu told her this at this time. "Thank you Uncle Xu, thank you for telling me this."

"It's just unfair for Tang! What's more, he died in a strange way. All I can help is these things. I thought you had your mother's share back! "

"Of course I want to get it back. Whether it's my mother's or my father's, I want it back." Tang Siyu gnashed his teeth.

"Well, miss, you can find it. I'm sure Mr. Tang will keep this document well. Besides, even Qiu Lin doesn't know it."

"OK, thank you." Once again, Tang Siyu is grateful.

After hanging up the phone, Tang Siyu calmed down even more. If her mother's equity still exists alone, she can inherit it and take back 30% of Tang's equity.

She thought, Qiu Lin must not have thought of this! Her father's everything in the name she occupied, and she did not know, father separated and mother's equity.

Tang Siyu picked up the bag and came out. She went straight to Xing liehan's office building. She wanted to discuss the matter with him.

Xing liehan is now holding a meeting to fight for shipping. From now on, he and Xing Yan will form a confrontation mode. Any benefits Xing Yan once wanted from him must be adjusted.

When he married Qiu Lin, he became his enemy.

When Tang Siyu arrives, Han Yang, Xing liehan's assistant, greets her. Although Tang Siyu is in a hurry, he doesn't want to disturb his meeting.

However, Han Yang just went in to inform, Xing liehan's tall figure came from the direction of the meeting room, towards the rest room. Tang Siyu was in a trance holding a cup of tea and heard the sound of pushing the door.

There was a flash of joy in her eyes.

"Why did it come all of a sudden?" Xing liehan looks at her in surprise.

"There is a sudden good news that my father separated my mother's shares before. Although they belong to him in the eyes of outsiders, he left a document that can prove that I inherited all those shares." Tang Siyu said excitedly.

After hearing this, Xing liehan was also glad for her. "It seems that your father expected such a day! It's him protecting your interests in advance. "

"But that document is in my father's office, and it's still in a dark space. Now, Tang's group has become Qiu Lin's, she will not let me go in to look for it." Tang Siyu said with some chagrin.

Xing liehan stroked her head, "thinking only of your ability, not my ability."

Tang Siyu listens to finish, can't help lifting Mou one smile, "right, so I came to look for you."

"Don't worry. I'll take care of this. I'll find something your father left you." After Xing liehan finished, his confidence was revealed.

Tang Siyu believes him. She looks forward to meeting Qiu Lin in court. She wants to let that woman know that her mother's things will never be taken away by her.

"You have a meeting. I'm home to pick up my son." Tang Siyu said with a smile.

"Didn't my parents pick it up? Stay here and wait for me to pick it up. I'll be finished in ten minutes. " After Xing liehan finished, the overbearing order said, "wait for me, we will talk about how to get the certificate contract your father left you." "All right! I'll wait for you. " Tang Siyu agrees. She doesn't have to worry about her son. Xing Zhengting and his wife move here successfully. They will pick up their son on time every day.

Just after Xing liehan left, Tang Siyu's mobile phone rang for a message. When Tang Siyu clicked on it, he saw a picture of Ni Yan. Behind her were Xing Yan and Qiu Lin greeting the guests.

A sentence was also attached.

"Thanks to you, Tang Siyu, I will now become an opponent of liehan mall, and I am honored to cooperate with your stepmother."

Tang Siyu's face slightly changed. Ni Yan and Xing Yan Qiu Lin are going to work together to deal with Xing liehan? She hated for love.

Tang Siyu's heart is tense, which makes her more and more want to get back her mother's equity, weaken Qiu Lin's power, and relieve Xing liehan's pressure.

"Why do you have to?" Tang Siyu replied.

Ni Yan also quickly came back, "that is, he can not get his love, then let him hate me all his life! I just want to find a place in his heart. "

Tang Siyu thinks Ni Yan is crazy, but love really makes people lose their mind. It seems that Ni Yan is serious.

She should tell Xing liehan about it! At least let him guard against Ni Yan's means in the future, don't be fooled by her.

At this time, Tang Siyu's mobile phone rang, she looked at it, it was Sushi's, she picked up in a good mood, "Hello! Heathy. "

"Siyu, I'm forbidden by my father." Said sushi gloomily.

"What's the matter?"

"It's a long story. In a word, you have time to see me. I can't go out."

"Good! I'll see if I have time to see you in these two days. "

"Besides, you should never tell anyone, including Xing liehan, because I'm afraid that he will tell Wen lichen."

"Why? Doesn't he know? " Asked Tang Siyu in surprise.

"I didn't tell him about my family."

"Good! I won't say. I'll see you in two days. " Tang Siyu promised.

On the way back to the villa, Tang Siyu gives Xing liehan a look at the information Ni Yan sent to her. Xing liehan's face doesn't agree with him, but there are still some surprises in his heart.

His understanding of Ni Yan is also limited to what she looked like six years ago. At that time, she was simple, but now Ni Yan gives him the feeling that he is a deep-seated person.

Perhaps in the past six years, she has been practicing and dealing with affairs in her family, which has turned her into a person who has lost her innocence and innocence.

"Be careful of her in the future. Don't take her way." Tang Siyu reminds him of his worries.

Xing liehan chuckles, "don't worry! Even if they join hands, I'm not afraid. Is Xing liehan so easily defeated? "

Tang Siyu likes his self-confidence, likes him in front of her, and shows a strong and impetuous appearance, but she also loves him.

"Well! I believe you. " When Tang Siyu finished, she felt the warmth in her lower abdomen, and immediately she had a pretty face and a panic, covering her stomach.

Xing liehan immediately asked anxiously, "what's the matter? Is your stomach uncomfortable? "

"Good things are coming." Tang Siyu looks at him blushing.

Xing liehan breathed a sigh of relief. At the same time, he joked to himself, "it seems that I have no chance this week."

Tang Siyu knew what he was referring to. She could not help but blush a little bit. Xing Yinuo ran to make trouble at home and slept in the villa, so Tang Siyu naturally kept the most normal distance with Xing liehan.

In the past, when her son was here, he could hug himself. She didn't say anything. Now, Xing Yinuo is at home. Of course, she can't let her see the world of adults. She must be young.

Xing liehan takes her to a shopping mall nearby. Tang Siyu changes it and buys some daily necessities to go home.

"Do you think of any way to get into my father's former office?"

"I have a friend who can help me in this matter. He is a client that Tang group tried to attract before. The relationship between him and me is good. I asked him to bring my Hanyang and bodyguard in and try to find the document your father hid."

Tang Siyu also saw that he attached great importance to it. Xing liehan trusted Hanyang very much, so he would send in the people he trusted the most.

"Good! When can I do it? "

"As soon as possible, I'm on schedule for tomorrow afternoon."

"Well! Then I'll wait for your good news. " Tang Siyu also breathed a sigh of relief, thanking her father for leaving her a way. If she takes back her mother's 30% equity, then the whole Tang Group will have her place.

"If you recapture the stake, what are you going to do?"

"I haven't thought of what do you think I should do?"

"I'm worried about one thing. For a company as big as Tang Group, there must be restrictions. Shareholders can't easily withdraw their equity. If you take it back, you may become one of the shareholders of Tang Group. But if you withdraw the equity, you need to plan again."

Tang Siyu's eyes shot a bit of resentment, "no matter what I am required to do, even if I am a manager of Tang Group, I will definitely bear this pressure."

Tang's group became Tang Siyu, a place where every inch of land must be contested.

"Good! Get the contract before you think about it. " Xing liehan doesn't want to give her more pressure. Take her and go straight home!

In the evening, I can just go back to my parents' home for dinner. Later, my home is so close that I can eat three meals a day.

Susie was confined to her home. Although she was free, her heart was not free.

She doesn't want to be controlled any more, but she can't break the father daughter relationship.

Her sister Suqin also came back. Compared with Suxi, Suqin has strict self-discipline rules in her life. She is like a working machine that will never fall down. She can do well in all aspects.

For sushi, the obscure foreign policy and the language level of the six countries are not as good as her sister.

Although Suqin is twenty-six years old, she seems to have no interest in anything except work. Her mind is full of work plans, itinerary, and the collation and translation of documents from various countries.

At the moment, the two sisters are sitting under the osmanthus tree at home, chatting, holding a cup of tea and looking at the stars, having a long lost sister chat.

"Sister, do you really feel happy when you are so tired every day?" Sushi asked her sister curiously, because her life, for her, a day can not stand.

"I'm used to it, and I don't feel tired." Su Qin looked at the stars in the sky, chuckled, "people live in this world, always want to pursue life, and what I want now is what I want."

"My life is what I want! If dad is not so stubborn, I'm happy too. " Suzy sighed, holding up her cheek helplessly.

"My parents always said that man, do you really like him?" Suqin looks at her sister and admires her for finding her beloved.

Susie thought for a moment and nodded softly. "He's a very good man." "My parents have always been stereotyped and don't approve of your work. Now that man is the boss of entertainment group, I'm worried about you." Suqin looked at her worried.

Suxi was also depressed. These two days, when she received Wen lichen's phone call, she could only say that she was flustered and said that there was something at home that she had to deal with and could not return to her apartment for the time being.

"Sister, have you ever liked anyone?" Suxi turns to Suqin, who has been walking on a different road with her sister since she was a child. Therefore, she really doesn't understand her emotional experience at all.

Suqin's eyes sank, "yes, but I won't think about it for the moment."

"Then you have to think about it! You are older than me! If you don't find a man you like to marry, you will grow old. " Sue laughed and joked.

"Old is old!" Suqin also laughed, but her face was not old at all. If it wasn't for her professional suit that made her look mature, she would be in a good time instead.

The two sisters talked late, and then went back to the room. Suxi had just returned to the room. She had not been around with her mobile phone. When she picked up her mobile phone and looked at the information, she saw a missed call from Wen lichen.

She was stunned, so late, he still called her?

Suzy can't help but pull back. Depending on the situation, he hasn't had a rest yet!

"Hello!" Wen lichen's low voice came from that end.

"You called me?" Susie's heart room was filled with a warm sweetness.

"Well! I want to tell you that I will visit your parents tomorrow morning. I want to ask you what kind of wine your father likes! Red or white. "

Susie was immediately frightened. She stammered, "you Are you coming to my house? "

"What? Can't you? " Wen lichen was a little surprised to answer the rhetorical question.

"Don't come for a while, will you? The situation in my family is more complicated, which may not be the right time. " Susie had to lie to him first and keep him steady.

Wen lichen became serious at that end of the voice line. "There's something in your family. I hope I can help you."

"No You must not come, otherwise, you will be more helpful! " Said Susie bitterly.

"What's the matter?" Wen lichen immediately found something wrong in her tone.

Sushi quickly put the voice line, "nothing, but it's not convenient. My parents are busy. You should work first! We'll meet in a few days. "

"We haven't seen each other for two days. I miss you." Wen lichen's last words, deliberately put his thin lips over the microphone, as if he was branding a word in Sushi's ear.

It's very warm.

Susie's pretty face was reddened by him across the microphone. She bit her lips shamefully and begged him, "don't come first, will you?"

"But I want to come." Wenlichen really wants to see her parents and let them know his sincerity to her.

"Please don't come. Have you dealt with all the things on the Internet?"

"I've dealt with it completely. I can't search your bad gossip basically. Besides, I warned all the media. In the future, any news damaging you can't be published. Otherwise, they will wait for the consequences!" Wen lichen's voice is calm, but it shows a deterrent force.

If he said that before, sushi would doubted for a long time, but today, knowing his identity and listening to him, she felt that he could really do it.

"Thank you!" Sushi replied gratefully.

"What do you say?" Wen lichen asked in a low voice.

"Thank you! Sushta replied.

"Do you and I need to say thank you?" Wen lichen's voice could hear the displeasure.

Susie choked at once. He was angry!

"Well, don't be angry. I won't say it later." Suzy agreed.

"Give me a good night kiss!"

"You're not in front of me, how can I give it?" Susie was only mischievous with his absence.

Wenlichen's request is not high, "it's just a kiss across the microphone."

"I won't." Susie thinks it's meat.

"Hurry up, or I'll go to you tomorrow and kiss you directly." Wen lichen threatened.

Obviously, the effect of this threat is super good. Suzy immediately panicked and said, "OK, I'll kiss you!"

Finish saying, toward the microphone, bahaw, let the opposite man hear.

At that end, Wen lichen chuckled, "Why are you so obedient? By my side, you are not so obedient."
"

"Don't you know that there is a saying that distance produces beauty? It's not interesting to stick it together every day! " Susie had to talk nonsense.

Wen lichen snorted at that end, "you are hating me for pestering you?"

"No! It's my good fortune to be pestered by your big boss, OK? " Said Susie, pleasantly.

Wen lichen was satisfied, "OK! Go to bed early and deal with the family affairs. Let's meet. "

"Well! Good! " Susie said, first hung up the phone, she breathed a sigh, bitter face.

In the evening, Tang Siyu is inconvenient to take the little guy to sleep because of good things. He lets the little guy go to sleep with Xing liehan. Tang Siyu can't sleep. If Uncle Xu doesn't take the opportunity to tell her this, she really doesn't know her father's respect for her mother. Maybe this is what he wanted to tell her before, but it's just not in time.

I'm glad she knows.

It depends on tomorrow.

Qiu Lin is now guarding against her and Xing liehan's people. Therefore, in addition to using the plan to enter her father's office, Qiu Lin will definitely use other reasons to call the police.

She just wanted it to be done successfully.

Xing liehan went to the company in the morning. In the afternoon, he called at one o'clock to tell her that his friend took Han Yang and two bodyguards to Tang Group. I believe that there will be good results in the near future.

Tang Siyu's heart couldn't help fretting. She then called Uncle Xu and asked him if he knew where his father's dark lattice was! Uncle Xu told her that it was possible to have a picture on the back of her father's wall.

Tang Siyu quickly contacted Xing liehan and asked him to inform Han Yang.

With the guidance of Uncle Xu, within half an hour, Han Yang called back. He did find a dark box at the back of the painting and took out a sealed envelope from it. He was rushing back to the company.

He didn't open it to see. Xing liehan asked him to send the letter back to his villa, and he also came back from the company.

When Tang Siyu waited for Han Yang, Han Yang handed the envelope to her completely. Tang Siyu looked at her father's handwriting, and her eyes were instantly moist.

It was written by my father. After a while, Xing liehan also arrived. Tang Siyu opened his father's envelope by himself. It was indeed a contract with his father's seal and signature. The original equity certificate of his mother's year was also attached to this contract. Therefore, this evidence can definitely enable Tang Siyu to take back 30% of the equity of Tang Group.

Xing liehan also breathed a sigh of relief. Now, she can at least take back the share that belongs to her. Although it was not snatched by him, it was a gift left by her father. It was the warmest gift.

"I want to send Qiu Lin a generous gift, a leaflet of the court, on her wedding day." Tang Siyu had a flash of resentment in his eyes.

Xing liehan also agreed, "yes, on the right day, I will also give my cousin a gift of meeting and a cut-off contract for all business contacts with his company."

Tang Siyu and he look at each other and smile. She knows that from now on, they will share weal and woe for the rest of their lives.

As soon as Xing lie and Han Jian grasped her arms, he took her into his arms, lowered his head and asked, "when is our wedding going to be held? I can't wait. "

"Will you wait until these things are done?" Don Siyu looked up and asked, "I don't want our wedding to be too hurried!"

"Good! Whatever you say, I promise you. " Xing liehan said, and some angry light around the tip of her nose, "who told me to love you?"

Tang Siyu couldn't help but chuckle, "I didn't use your love to do anything."

"Yes! You rely on me to like you, you vigorously refuse me, bully me! " Xing liehan complains.

Of course, Tang Siyu knows what he means. She really can't refute him.

Xing liehan is embarrassed to see her, and the control of the fundus disappears. Instead, he looks at her tenderly, "no matter how long, I will wait for you! Anyway, if you refuse more, you will get used to it! "

Chapter 345

Three days later, a grand wedding was held in a five-star hotel in the center of the city. All the people invited were celebrities from politics and business. This was the wedding of Xing Yan and Qiu Lin.

Because of the relationship of relatives, the wedding, in a hurry, Xing Yan received an invitation.

Xing Zhengting has now retired to the second tier, but he asked about the shopping mall, so he gave the invitation to Xing liehan. Just in time, Xing liehan was free, so he decided to go to the wedding instead of his father. At the same time, Tang Siyu also planned to join in the party.

In the past, she would hate to see Qiu Lin's mother and daughter, but now, she decided to fight against herself and let Qiu Lin know that she was not so easy to admit defeat.

Now Tang's group has become a cooperative company of Xingyan. Then, the 30% equity of Tang Siyu's mother has been forcibly signed into Xingyan's company by Qiu Lin, so Tang Siyu holds the opportunity to cooperate with Xingyan and holds 30% equity of Tang's group.

Even the investment industry to which the equity belongs is listed in detail. Tang Siyu would like to see Qiu Lin's face and see if she can laugh at the wedding today.

Three days ago, in order to attend the wedding today, Xing liehan was ready. The little guy happened to have a weekend. Now she and Xing Yinuo are playing together again and again. Children have children's world, and adults can't squeeze in.

Xing Yinuo's recent achievements have obviously increased, especially in mathematics. She has made great progress, but she has ruined LAN. She thinks this must be Wen Liangyao's contribution.

In class, Wen Liangyao does what a teacher should do, but after class, if there is no important thing, many female students are going to send gifts to him, and they can't find his people. So, they often wake up the next morning and find that Wen Liangyao's desk is full of snacks. Wen Liangyao is also helpless. Often these snacks are distributed to some female teachers nearby. The head teacher of their class also stressed in the classroom that it is not allowed to give the teacher gifts at will, but the female students still refused to change their teaching. On the contrary, it was found that in addition to the female students in this class, there are also other female students in other classes.

Wen Liangyao has become a god like figure here. High school students, who are in the early stage of love, will inevitably have some stories.

However, Xing Yinuo is very angry about the fact that Wen Liangyao always receives gifts on the table. However, she has been stuffy in her stomach, and she is still very serious in class, especially like to hold her chin and watch Wen Liangyao's high spirits on the platform.

She thought that the complicated formulas he talked about were easy to understand. However, she often missed them. Finally, after class, Wen Liangyao would give her a note he wrote that day and let her go home to read it.

In school, we all know that Wen Liangyao is Xing Yinuo's cousin from afar, so we won't think about her special care.

Tang Siyu went out with Xing liehan after having breakfast with his son from Xing's house. Because of the hurry of time, he didn't have time to prepare the evening dress, so he had to go to Xing's aunt to choose one this time.

Jiang Shan heard that they are going to the wedding today. She started to choose some clothes in her shop early in the morning. She has Tang Siyu's size there. In addition, she knows Tang Siyu's temperament very well. She knows what kind of dress she is suitable for.

When Tang Siyu and Xing liehan arrived, Jiang Shan had selected five suits for Tang Siyu. Tang Siyu didn't want to be low-key this time, so she chose a set of red evening dress, one shoulder, but not too low-minded, with a bunch of red roses that were not exaggerated but absolutely beautiful, which was quite eye-catching.

In order to cooperate with her, Xing liehan also selected a relatively fashionable grey suit, Tang Siyu, who had made up and dressed meticulously, lost her father and her family's gloom. Even

though her heart was still heavy, she could not be passive any more. She had to keep her spirit up and become confident and calm as before.

Xing liehan's eyes are fixed on her, which can't be removed.

No matter what this woman wears, she can catch his eyes at the first time. Of course, in Xing liehan's eyes, she must be the most attractive one if she doesn't wear it.

It's a pity that he hasn't taken her down since she was chased back to China in April and by the end of October. It's really a mistake.

After waving goodbye to Jiang Shan, Tang Siyu got into Xing liehan's car and went to the wedding of Xing Yan and Qiu Lin.

Today, Qiu Lin's mood is also very happy, because she found the man she liked, and she also enjoyed a proper marriage. As a woman, whether young or old, the wedding must be their happiest occasion.

In addition, Xing Yan invested a lot of money to handle the wedding this time, which made Qiu Lin feel proud. As Qiu Lin's daughter, Tang Yiyi has also had a good time recently. Xing Yan loves her very much and coaxes her to be happy with a lot of diamond jewelry.

Xing Yan did all this to please Qiu Lin. Qiu Lin is now in charge of the company. Although it has been merged, Qiu Lin is not a simple person. Xing Yan wants to get Tang Group from the bottom, which is not so easy. But now, Xing Yan will not show any dissatisfaction. He knows that everything about Qiu Lin will be his sooner or later. As long as they get married and get along in the future, he can slowly coax Qiu Lin's company into his hands.

At about 10 a.m., it was the time when Xing Yan and Qiu Lin met at the gate of the auditorium. Because of their business background, Xing Yan also invited many distinguished people to come here today. Of course, he had to warmly welcome them.

It's the second marriage, Qiu Lin didn't say so much etiquette, she and Xing Yan meet here together, Tang Yiyi is behind her, holding a bunch of roses, looking at the young talents who come into the arena from time to time. Since breaking up with mufei, she has no man for a long time, so to speak, her previous life has been wasted on a man who doesn't love her.

Now, she is no longer fond of mufei and wants to find another target.

Xingyan had just received a wave. He took Qiu Lin's hand and said gently, "don't be tired. Do you want to go to the rest room first?"

"I'm fine. Let's take a second! I'm sure all the guests are coming! " Qiu Lin looks at him with a smile, her eyes full of love.

"Almost." After Xingyan finished, he thought that there was another person who didn't come, that is, Xing Zhengting, who was also related by blood. He didn't believe that he would not give him the face to attend his wedding.

Chapter 346

Just thinking about it, suddenly in front of the hotel, a luxury car of ten million levels stopped. Under the door of the security guard, Xing liehan's tall and straight figure stepped out of the back seat. He slightly collected his eyes and reached into the car. Tang Siyu held his hand and stepped off the car gracefully.

Xing Yan and Qiu Lin are just looking at them. In an instant, both of them are surprised. Xing Yan did not expect to come to Xing liehan. Qiu Lin did not expect that Xing liehan also came with Tang Siyu.

Qiu Lin's face was very ugly and stiff, while Xing Yan said in the tone of his elders, "yo! Here comes the fierce cold! Come in, please. Why don't you come? "

"My father has something to do. It's not convenient to come here." Xing lie smiles, holding Tang Siyu by his side. Tang Siyu's eyes stare coldly at Qiu Lin, and the hatred in his eyes is hard to stop.

Tang Yiyi behind is also shocked. She looks at today's Tang Siyu with some jealousy. Her dress is very charming, which is very attractive.

"Siyu is here, too! It's rare. Hurry in! Thank you for coming to my wedding. " Qiu Lin immediately pretended to welcome her warmly.

Tang Siyu sneered, "Madam Qiu, I will send you a big gift today. I wish you a happy wedding."

Qiu Lin's face changed. Of course, she was willing to accept others' carelessness. However, Tang Siyu's gift made her feel uneasy.

"Do you and I need to give gifts? I'm very happy that you can come to my wedding. " Qiu Linpi said with a smile.

"How can I do that? Today is your wedding. As a guest, I will give you gifts. "

"We didn't invite you!" The cold Tang Yidu said a word.

Xing Yan's face was embarrassed. At this time, Xing liehan's hand gently hugged Tang Siyu, and his voice was clear and cold. He replied to Tang Yiyi, "do you have any opinion that he attended this wedding as my fiancée of Xing liehan?"

Tang Yiyi's face turned white with fright. Xing Yan was embarrassed. Qiu Lin turned around and said, "Yiyi, don't talk."

Xing liehan leads Tang Siyu in. Xing Yan's eyes follow Tang Siyu's figure. He cannot help sighing. It turns out that Xing liehan's son's mother is so beautiful. Where does Tang Xiong's gene give birth to such a beautiful daughter?

Qiu Lin whispered to Tang Yiyi, who was beside her, "Yiyi, go in and see if Tang Siyu has given you any gifts. If so, you can ask someone to take them away immediately."

"OK! Mom. " Tang obeyed orders.

After Qiu Lin finished, her face was still tight. Xing Yan turned to look at her and asked curiously, "what's the matter?"

"I don't think Xing liehan and Tang Siyu are good friends." Qiu Lin said directly.

Xing Yan sneers, "no matter what they come to do, if they dare to disturb our wedding, I will still drive them out."

Qiu Lin is not worried about this, but she also wants to worry about superfluous.

If Xing liehan and Tang Siyu had countermeasures to deal with her, they would have done so long ago and would not wait until today.

Xing liehan and Tang Siyu are family members, so they are ranked in the second place. Several businessmen on the table saw Xing liehan and they all warmly came to greet him, for fear of neglecting the formal owner of Xing group.

"Would you like something to drink?"

Tang Siyu shook his head. "I can't drink it, but I'm a little sick."

Facing the wedding ceremony of the woman who killed her father, if she could, she would never want to see her again in her life.

Xing liehan doesn't force her either. They can leave at any time after they send a good gift.

Xing Yan and Qiu Lin also went back to the backstage. Tang Yiyi came back to tell Qiu Lin that Tang Siyu didn't have a name on the gift list, didn't give a gift, or even the gift money of Xing liehan.

Xingyan heard that. He didn't care about it. He thought that Xing liehan would come. He already felt that this family relationship could be maintained in the future.

"Hum! Tang Siyu is really stingy. He doesn't take any of the gifts with him. He also wants to come here to eat and drink. " Tang Yiyi's face was not happy with her arms.

Qiu Lin turned to look at her. "Where does she come to eat and drink? I think she's here to disgust me. I don't want to see her at all."

"Mom, don't take her seriously. She has nothing to do with us now."

"It's true that the whole Tang Group is mine now. She's nothing." Qiu Lin sneered and was very proud.

Tang Yiyi also has light on her face. Now she has mother's support and a stepfather's support. She must have a better life than Tang Siyu in the future.

At this time, Qiu Lin's assistant came to Qiu Lin and Xing Yan, and Ni Yan arrived. This is also their special VIP.

"Ha! Now there's a good play. Xing liehan's ex girlfriend is here. " Qiu Lin looks funny.

Xing Yan was worried, but Ni Yan did give him some exciting project cooperation, so he had to invite her to the banquet.

Ni Yan came in with a golden dress. She saw Xing liehan and Tang Siyu on the second seat. She was shocked for a few seconds, but she didn't think of anything unexpected. She has chosen a position that can be directly opposite to Xing liehan. Even if she just looks at Xing liehan from afar, Ni Yan can't forget this man. Even if she chooses to be hostile to him now, it's just one of the ways she uses.

She hopes that one day, she can find a chance to be the person Xing liehan needs. She can enter Xing Yan's side. First, she can threaten Xing liehan. Second, she is waiting for Xing liehan to pull her together.

As long as he will speak later, she will not hesitate to abandon Xing Yan's side and put her in his arms.

Ni Yan and Tang Siyu's eyes are separated from each other. They are cold and have no waves. They are full of resentment. It's Ni Yan who is full of resentment. She feels that Tang Siyu doesn't take her seriously at all.

Tang Siyu's reaction, one by one, was beyond Ni Yan's expectation.

Where does Tang Siyu come from? Ni Yan is also a person who has been deeply loved by Xing liehan. Therefore, she is not willing to believe in Tang Siyu's confidence.

The wedding is about to start soon. The host came to the stage and forced out a piece of good stories about Xing Yan and Qiu Lin, which set the scene very romantic and beautiful. Obviously, it's just an interactive use of interests, but it's just a love story.

It's ridiculous.

Tang Siyu clenched his fist slightly. It's not worth it for his father. He lived with such a mean hearted woman for half of his life. In the end, she killed him, took everything from him and married other men.

Tang Siyu's clenched head was wrapped by a warm big palm. She turned her head slightly, and Xing liehan was staring at her gently, as if to placate her silently.

Tang Siyu felt that a force was filling her physical strength. The resentment in her eyes gradually dissipated and replaced by a calmness.

Chapter 347

On the stage, the host finished the love between Xing Yan and Qiu Lin, and then the sacred wedding march sounded in the whole hotel auditorium. At this moment, Qiu Lin, with the help of Tang Yiyi, came from the end of the red carpet step by step wearing a white wedding dress. On the stage, Xing Yan folded his hands in front of him, waiting for his new wife.

Next to the etiquette Miss holding tray, tray on top of a couple of rings.

Tang Yiyi held up her chest as if she were extremely proud. She felt that many young men cast their eyes on her, but she didn't care about them all. Her eyes were fixed on Xing liehan. No matter what the occasion, this man couldn't hide his charming demeanor.

He sat there, but he didn't look at the rostrum or anywhere, his eyes only focused on Tang Siyu.

Tang Siyu looks at her expressionless, and Tang Yiyi looks at her, dismissing her.

Qiu Lin has also swept Tang Siyu's side through the gauze. She hasn't figured out yet how Tang Siyu came to her wedding.

Didn't she hate her to the bone? It's hard to see her again.

However, Qiu Lin doesn't care. Today is her wedding. She still wants to be in a better mood. She is satisfied with all the blessings here.

Tang Siyu's heart is not a blessing, but a curse.

When Qiu Lin arrived at the ceremony platform and was pulled up by Xing Yan, she was too lazy to watch it and felt disgusted and disgusted. The host on the platform went straight to the procedure and ceremony, and Xing Yan and Qiu Lin officially became husband and wife.

Next came Xing Yan's moving words, Qiu Lin's words, and Tang Yiyi's words. Tang Yiyi was a blessing.

When all is over, Xing Yan and Qiu Lin take Tang Yiyi to the table, start eating first, and then toast.

Tang Siyu has been waiting for this time. She hasn't touched anything on the table. She hasn't even had a drink of water. She is waiting for Qiu Lin to come here to toast.

Finally, Qiu Lin and Xing Yan plan to toast one table at a time, and Tang Yiyi will follow them. After the first table, it's their second table. Xing Yan naturally and enthusiastically goes to Xing liehan's side and calls out, "good nephew, you have to have a good drink with your uncle today."

Xing lie cold hook lip a smile, smile meaning is not clear, "I see Uncle drink a few more is."

"Of course I have to drink more. I'm happy today!" With that, Xingyan's eyes stared straight at Tang Siyu, "my nephew's daughter-in-law is so beautiful! How lucky you are

Qiu Lin raised her glass and said to Tang Siyu, "I'm surprised that you will come to my wedding, but when you come, I will take good care of you."

Tang Siyu looks at her and laughs, "I have something to hand over to you."

"Oh! What? " The smile on Qiu Lin's face was a little off. She was really afraid that Tang Siyu would destroy her mood at this time.

Tang Siyu took out an envelope from the bag and handed it to her, "open it yourself! I'm sure we'll meet soon. "

Xing liehan, on the other side, saw that she had taken out the envelope, and he also leaned slightly close to Xingyan's ears. His voice line was cold and low. "I'm here to tell you that if you marry this woman, then we are the enemy. Don't blame my nephew's ruthlessness in the future."

Xingyan's smile suddenly turned ugly. At this time, Qiu Lin also laughed in public and tore open the envelope that Tang Siyu gave her. She opened it. It was a court flyer and a copy of Tang Siyu's mother's equity ownership. Only a few glances, Qiu Lin's face was panic stricken, and the panic at the bottom of her eyes could not hide.

Tang Siyu sneered, "I'm looking forward to the next meeting."

After that, she went to Xing lie's cold path, "let's go! I don't want to stay here for a second. "

Xing liehan smiled softly. "OK, let's go outside and have a breath of fresh air."

With that, he led Tang Siyu to the direction of the gate, and today's new couple, their faces have become extremely ugly. On the table not far away, Ni Yan's eyes turned to the figure of Xing liehan and Tang Siyu who left hand in hand, and the envy at the bottom of their eyes could not be covered.

After Tang Siyu came out of the hotel, she breathed. Xing liehan looked at the time and said to her, "I've booked the restaurant. Let's go for dinner!"

"Well!" Tang Siyu smiled and nodded. Seeing Qiu Lin's face just now, she was very happy.

In the auditorium, Qiu Lin took Xingyan in her arms and hurriedly gave a toast to the next wine. Then she led Xingyan into the backstage lounge and showed him the documents Tang Siyu had just given her.

"I'm so angry. This cheap girl came to send me the court flyer. And where did she get this document?"

Xingyan's face is not good-looking either. He didn't expect such a thing to happen just after he got married. Moreover, he married Qiu Lin and was threatened by Xing liehan. He was also openly hostile to him.

"Don't worry. See what else they can do. We'll see what they can do." Xing Yan comforts him. Qiu Lin is his wife. Qiu Lin bit her lips, but also trembled with anger. "If Tang Siyu really takes back her mother's share, isn't the company in disorder?"

"Of course, we will not let her take back the shares. If she holds the shares, we only need to give her the identity of a shareholder. We must not let her take the shares."

"Yes, I remember that in the contract signed by the shareholders, it is mentioned that the shareholders are not allowed to withdraw their shares within ten years. If Tang Siyu really takes back her mother, he can only force her to become one of the shareholders of our company." Even if you think about it, Qiu Lin's good mood is totally destroyed.

She's dying of anger.

In another restaurant, Tang Siyu still has a bad appetite for a table of favorite food.

Xing lie was cold and sat beside her. He took up a bowl of soup, picked up the spoon and said to her, "I'll feed you!"

Tang Siyu didn't take two bites. Seeing that he wanted to feed her, she immediately blushed and shook her head. "No!"

"Don't eat well then. Don't just think about things. Things are endless, but the body is very important." Xing liehan said, or put the spoon to her lips.

Tang Siyu laughs and drinks. He reaches out to pick it up. Xing liehan hides the bowl. "I'll feed you."

"I'm not a child." Tang Siyu complains.

Xing liehan refused to give her, "this is my right, you can't take it away."

Tang Siyu sees him as a scoundrel. He faces him speechless and feeds most of the soup one mouthful at a time.

This meal, eat a sentiment, also very warm.

Chapter 348

After dinner, Tang Siyu goes home with him. The best thing is to spend weekends with his children and family.

Today, the task of Xing Yinuo and Tang Yixi is to wash toys and tidy them up. There is a long table on the whole lawn, which is full of toys washed by two people.

Tang Siyu and Xing liehan came back and smiled when they saw this scene.

But it's worthy of praise.

Xing Zhengting and his wife didn't interfere. Xing liehan went to discuss with his father about the company, while Tang Siyu came out to help them clean up the toys.

Tang Siyu is now looking forward to Qiu Lin appearing in court a few days later to let the law come forward and take back her share.

After Wen lichen's identity was made public, his life was not disturbed. He was still low-key. There were several private elevators in the president's office of Tianmu group. Except for the required personnel, ordinary people were not allowed to come up.

Wen does not meet his company's artists in person, although all female artists and male artists are looking forward to meeting the big boss.

However, since Sushi's incident broke out briefly, the artists all know that some of them have been top of the list and are closer to the boss than they are.

In particular, Susie's two sworn enemies were even more furious and jealous.

I didn't expect that last time on the overseas red carpet show, what saved Susi was their big boss. They were handsome, stylish and rich. They couldn't be jealous any more.

When people thought sushi was climbing the top, they didn't expect that sushi himself was forbidden to stay at home, even wenlichen's face was gone.

Suxi stayed at home for five days. Her father didn't talk to her very much. Her sister Suqin flew abroad again. Only her mother accompanied her. She and Wen lichen were just in touch by phone.

But sushi can stand this kind of maintenance, but some man can hardly stand it.

Although on the phone, sushi was more obedient than when he met and cooperated to make him happy, he was still not satisfied.

Today is the last day of the weekend. Suxi got up early in the morning, dressed in a low-key way, and followed her mother to the supermarket to sell vegetables. Suxi actually enjoyed this kind of time. She had no time to spend time with her family when she was filming all day before. Now, with her mother, she is back at home again.

"Mom, I want to eat shrimp." Susie pointed to the fresh shrimp.

"OK, a Jin!"

"Mom! I think this This, and this... "

"You child, can you eat so much?" Li Qian read, but her face was a loving smile.

She has two daughters. One is busy with her career and the other is busy with filming. It's hard to enjoy her family life with her daughter at home. Of course, she is favored.

Just then, Susie's cell phone rang. She picked it up and immediately jumped. It was Wen lichen!

"Mom, I'll take a call!" With that, Susie ran away to answer the phone behind a row of snack cabinets.

"Hello!"

"See you this afternoon." Wen lichen asked directly.

"No way! I can't leave now! " Today her father is at home. She is a little afraid to go out.

"Then I'll go to your house!"

"Even worse!"

"Two choices, you come to see me, I come to see you!" Wen lichen threatened.

"I can't see you."

"Then I will order you, as the boss, to appear before me today, or I will hide you." Wen lichen threatened her.

If someone with status said this to sushi, sushi would be worried, but she was not worried about what the man said.

"You love snow, but I'm not going to do any more! Hum! " Suzie is not afraid.

"You know I can't do anything to you, can you?" Wen Li Chen seemed to be very idle and had time to make fun of her.

"My mother and I are buying vegetables. Go back and tell you." With that, Susie wanted to hang up.

"Hold on, I ask you, why don't you see me! Your family stopped you from seeing me? " Asked Wen lichen suddenly.

Susie's hair went numb at once. How did he guess?

"No!" Suxi insisted.

"Annie has told me all about it. Your father is very exclusive of people in the entertainment circle, so your father saw you and me. He banned you from going out, didn't he?"

"Annie's big mouth." Susie reproached with a bitter face.

"She is one of my employees. Do you think she dare to hide it from me?" Wen lichen gave a light hum.

Suzy was speechless. "If you know it, you won't come to me for a while."

"Do you think evasion is the solution to the problem? Your father just doesn't know me or the industry. I'm also a serious businessman. " Wen lichen shouted softly.

"My father has been strongly opposed to him since I first acted. I've been against him for several years. He misunderstood the entertainment industry so much that he couldn't change his mind for a while." Suzy is not very Nai."If your father is against us being together, then you really have to decide not to associate with me?" Wen lichen asked.

Susie blinked, then wondered, "even if my dad didn't object, we wouldn't be dating!"

"How dare you say you haven't been in touch? Have you seen each other out, dare you say? "

Suzy's face was reddened, and she turned her head to look around, as if Wen lichen had said it out loud, which made her blush.

"You Keep your voice down! "

"I'll have a spare time in the afternoon and see you later."

"My father is at home!"

"Then I'll visit!"

"Come on, I'd better come out to see you! Where can I meet? " Susie chose the latter.

"In the cafe near your house!"

"OK, that's it. I'll see you later." Susie saw her mother coming. She hung up.

Su Xi and Li Qian go home. Su Boyan is reading a military newspaper. They are very old-fashioned. Su Xi comes to him and says in a consultative tone, "Dad, I have something to do this afternoon. I need to go out."

"I have to go home before six in the evening. Besides, I'm not allowed to take any work. I've been staying at home recently." Su Boyan also saw her bored for a few days and gave her a little freedom.

"Thank you, Dad. I'll be back soon."

"And don't go to see that man. Stay away from him."

"Dad Do you think so much of him? "

"Hum! The businessmen in this line are not good people. The industry is disorderly, which is also the fault of his leaders. " Su Boyan criticizes directly.

Su Xi is speechless, thinking about it, Wen lichen is very clean, because he seems to have a serious habit of cleanliness in this respect.

"I'll go to see my friend Siyu and her child and just relax." Suzy denied going to see Wen lichen.

Su Boyan sees Tang Siyu when he sees her. He has no problem. Tang Siyu has been at home several times. She is a cultured and sensible girl. He likes it very much.

Chapter 349

Susie came out of her home and went straight to the coffee shop near her apartment. In the car, she had a feeling that she couldn't say, as if she was secretly in love with a man with her family behind her back.

When Susie arrived at the coffee shop, she had already been dressed in disguise, sunglasses, masks and a sun hat. Probably no one recognized her.

Susie walked into the coffee shop door and the waitress who opened the door for her smiled and asked, "is this Miss Su, please?"

"I am." Sushi answered, thinking, today is definitely a weekend! Why are there no guests here?

In Sushi's heart, the waitress said, "Miss Su, please. A gentleman is waiting for you."

Susie followed her to the innermost position by the window, where a pillar was sheltered and sat invisible to the waiter, as if it had become a private place.

Sushi looked at the man who was also wearing sunglasses. The afternoon sun jumped on him, and the out of print wristwatch on his wrist gave off a glimmer of luster. Everything on this man was emitting a dazzling light. If you look at it more, you will be intoxicated.

The waiter took a peek, and his face turned red. The eyes under Sushi's sunglasses were also slightly distracted for a few seconds, and there was a little sweetness in his heart.

Wen Li Chen's mouth corners raised a charming smile, and his long fingers took off his sunglasses, revealing a pair of dark eyes, which seemed to be immersed in the starry night sky.

The waiter on the side is crazy.

Susie felt the waiter staring at the man opposite and she said politely, "a cappuccino, thank you."

She likes the coffee here. She usually lets Xiaomi pack a cup of coffee for her and go upstairs.

After the waiter left, Susie took off her mask and put her hat aside. Finally, she took off her sunglasses, revealing her original face. A beautiful little goose egg face, slightly messy long hair sketched on the side of her face, giving off a kind of amorous feelings.

Wen lichen ' Love to see, for don't get a man sad tears, he feels good envy.

"Do you want to stop acting and be a wife at home?" Said Wen lichen suddenly.

Su Xi was stunned for a few seconds, then she reflected and pointed to herself, "do you mean me?"

Wen lichen looked at her seriously. "Even if your family doesn't like you to appear in public and want to marry you, marry me!"

Sushi's big eyes were slightly gaping at him. Then she took a look at him from left to right! Do you feel strange? There's no one in the cafe today! "

A man is speechless.

Can she be more serious when he says such an important thing?

"I'm going to charter." He told her a little angrily.

Susie made an instant Oh, turned to look at him, "what did you just say?"

Wen lichen frowned, with a very angry expression. "Sushi, do you really listen to me? Can't you keep your mind to yourself? "

Sushi looked at him wrongly. Of course, she heard what he said just now. But she thought it was not feasible!

First of all, she likes acting! Second, father did not force marriage! Third, she hasn't thought of marrying him yet!

"If you want to marry me, you have to pass my father's pass first. My father is very suspicious of my character now. He thinks that as a big boss in the entertainment circle, your private life must be very messy." Susie made the point.

At this time, the waiter came with two coffees. When she saw Susie's face clearly, she was immediately excited.

"My God! Are you sushi? You are my goddess! " The waiter lost his temper with excitement.

Suzy bent her lips and smiled, "thank you for your love."

"Goddess, may I have your autograph?"

"Yes!" Sushi didn't refuse. The waiter came over with a pen and a notebook, and sushi signed and handed it to her.

"Don't disturb us any more." A slightly unhappy male voice opens.

The waiter's face turned red and hurriedly left with the book. He thought to himself, that handsome man is so cold!

Sushi also slightly stared at the man opposite, "be nice to people!"

"Your father really repels me?" Wen lichen had some accidents.

"Yes! My father is old-fashioned, and he still retains the views and thoughts of the old era. With the chaos of the entertainment industry, he always thinks it's your high-level fault. "

Wen lichen's handsome face is slightly tense. If Sushi's father is such a person, his pursuit of sushi will not be smooth indeed.

"Do you marry me as long as you get your father?" Wenlichen bit his thin lips, and under his thick eyelashes, his eyes locked sushi. Sushi was drinking coffee, almost choked by his words. She hurriedly took her hand and covered her mouth gracefully.

Wenlichen leaned over to her, his eyes like a dense net, firmly catching Susie. He said firmly, "well, the day I let your father accept me is the day you promised to marry me."

Su Xi stared at her eyes with a little consternation, "I just want you to take care of my Dad first! "

When Wen lichen saw that she was still trying to dodge, he said softly, "I don't care. That's the deal."

Susie thought it was fun, too. She would like to see how wenlichen can deal with her old-fashioned father. If this happens, it means that the man's heart is firm enough.

Then she will marry with her eyes closed!

"Good! That's the deal. If you take care of my father, I'll marry you. " Sushi thought it was not a loss. Being the hostess of Tianmu group seems to be more promising than acting!

Wen lichen's eyes flashed a satisfied smile, "OK, that's the decision."

"What's your taste? I'd like to have a drink." Sushi said, taking his coffee and drinking it, he gave up. It was too bitter.

"Let's go! Let's go for a drive. " Wen lichen doesn't want to stay here.

It's just that Susie also wants to relax, because she's going to be bored after so many days.

At the checkout, sushi signed for all the attendants. They all said sushi was kind and lovely, which was true.

Sitting in wenlichen's car, sushi raised her wrist and looked at the time, then said to him, "my father stipulated that I must go home before six. It's only four thirty now. We have a little time."

"Your father is very strict with your tutoring." Wen lichen looked at her sympathetically.

Chapter 350

"Yes! I've been controlled by my father since I was a kid. " Sushi complains helplessly.

"Tell me more about your father. I'll see how to make him believe me, and then I'll trust you."

Suxi was bored anyway, so she began to talk about it from her childhood, very carefully. Wen lichen listened to her all the time. Suxi didn't know why, and told everything about her father clearly.

All the way to the seaside, Wen lichen's car drove into a deserted peak beside the coast. From here, you can see the vast ocean, which makes you feel comfortable.

Wenlichen and she got out of the car together. Sushi's body was suddenly held by the back ring of herself. Sushi's body immediately stiffened, surrounded by the crisp and charming masculine atmosphere behind her, making her pretty face slightly red.

"Do you want me to persuade your father? Do you want to marry me? " Wen lichen's deep, hoarse voice rang in Suzy's ear.

Susie felt only a little itchy. She hid and said something different. "No."

"Even if you don't want to, then along the way, you try your best to tell me your father's character, which is to prove that you really want to?"

Sushi's face immediately turned red. Unexpectedly, this man's awareness was so strong. She kept talking all the way, just to let him know more about his father. But now, he even said the opposite.

She turned around a little annoyed, and he face to face, annoyed way, "then I don't say."

Wen lichen put her in his arms, kissed her hair and said, "is it so hard for you to say that you like me?"

Su Xi was stunned, and suddenly he was quiet in his arms. The mountains around him and the sea in front of him seemed to be the only two of them in the whole world.

Her hand tentatively hugged his waist. She looked up and asked curiously, "there are so many artists under your company, all of them are excellent and beautiful. What do you like about me?"

Wen lichen squinted and thought, "I don't know."

"I don't know what that means." Susie didn't understand.

"Because I like all of you, I can't tell what I like about you!"

Sushi's heart suddenly crossed a sweet touch. She snuggled into his arms, listened to the sound of the sea and his heartbeat. At this moment, I wish it would freeze.

"Wen lichen, I like you very much." Susie's sullen confession.

Wen lichen listened to this expression, and looked down at her with a low head. He could not even express his love

Susie chuckled. "I'm an emotional idiot! If you dislike my stupidity, you still like me! "

Wen Li Chen holds her face gently, and makes her raise her face. His eyes look directly into her clear eyes. He hooks his lips and smiles, "I like your stupidity."

Is there anything more exciting than that?

Probably not.

Sushi's face flashed and he said firmly, "OK, I'll help you get my dad."

"Why?" Wen lichen did not understand.

"Because I like your villa very much, I want to occupy it!" Suzy said with a smile.

"My people are waiting for you to take over." Wen lichen's hoarse words fell to her ears.

Sushi swallowed and looked at his pretty face close to his eyes. Suddenly she put her arms around his neck and said boldly, "I want to kiss you!"

Wen lichen smiled low, and the thin lips had already covered her red lips. He kissed her first.

By six o'clock, Susie had driven home and had not upset her father.

In Xing Yan's villa, Qiu Lin, who had just been newly married, had no happiness of being newly married. She thought that Tang Siyu was sure to take back her mother's equity, so she was uneasy.

In the end, she is too light of the enemy. Tang Xiong even left her such a hand. Even if she died, she would not feel at ease.

The court's summons is still with her. If she refuses to attend, she will be forced to attend within the prescribed time. The worst result is that Tang Siyu takes back the equity of the company.

After that, Xing Yan poured a glass of red wine for her. He was not very happy. The Tang family group at the good end was about to be separated by a third. He was not happy to see it.

"Don't think so much, Tang Siyu is just a little girl film that doesn't know anything. As long as the company's general direction is in your hands, what you want to do is also your decision." Xingyan comforted.

"That's right. Now all the shareholders in the company listen to me. Tang Siyu has entered the board of directors only for Cong's share. I'd like to see what she can do."

"Just play with her." Xing Yan's eyes flashed a cold color, because behind Tang Siyu, there was Xing liehan, who was going to fight with his nephew sooner or later.

"I'll be there tomorrow! I'm not afraid of her. " Qiu Lin decides to fight. Tang Siyu's original equity certificate proves that she will win.

There was no way she could drag it down.

The next day, in the court, with the evidence of his mother and father, Tang Siyu decided in court that 30% of the equity belonging to Tang Siyu belonged to her, and he could immediately enter the board of directors of Tang Group and become one of the shareholders holding 30% of the equity. When Qiu Lin was out of the court, a group of reporters came to track the report. Qiu Lin was a man who liked to be in the limelight. Tang Siyu also happened to be accompanied by the bodyguard sent by Xing liehan. Qiu Lin immediately reached out to Tang Siyu in front of the reporter and said, "Siyu, you are welcome to join the board of directors of our company. In the future, we will work together to build the future of Tang's group."

When Tang Siyu reached for Qiu Lin's hand, she just took a look and walked away calmly.

Qiu Lin put her hand back in embarrassment. Then a reporter caught up with Tang Siyu and stopped her immediately. "Miss Tang, do you have anything to say? Do you have any thoughts on the matter of acquiring the shares of Tang Group? "

"It belongs to me, no one can take it." Tang Siyu faces the reporter with a steady voice.

This handsome sentence made the reporter stunned for a while. At this time, Tang Siyu's figure had already sat in the car. Qiu Lin behind looked at Tang Siyu's back and showed a fierce look.

She sneered in the bottom of her heart, but it was only a matter of time. Tang Siyu wanted to take back everything he had.

Tang Siyu sits in the back seat. Xing liehan's figure sits beside her. He didn't attend the trial because of his inconvenient identity. Just now, he also heard what she said to reporters. His eyes are full of pride. His women should be so confident.

Tang Siyu breathed a little sigh of relief. She knew that the war between her and Qiu Lin had just begun.
