Chapter 361

In the early morning, Tang Siyu was personally sent to the gate of Tang Group by Xing Lihan. Tang Siyu was dressed in a professional suit, which had an attractive temperament. When Xing Lihan got off the bus, she immediately pulled her, "kiss and then get off the bus."

"No more!" Tang Siyu feels embarrassed. Although his window is covered tightly, it's not good if it's seen!

"Yes!" The demands of men.

Tang Siyu had to quickly come over and kissed him on the side face, "OK?"

Xing liehan is really speechless. Does his charm just lure him to kiss so much?

"Lips..." The hooked lips of Xing lie's cold lips.

"An inch is worth an inch." Tang Siyu knew that he didn't have such a good job. When he moved to live next door to her, he didn't do so less.

Tang Siyu had to hold his handsome face seriously and burn it on his sexy lips. When Xing liehan wanted to reach over and clasp the back of her head for a deep kiss, Tang Siyu smiled and hid by the window. "Kiss, can I get off?"

Xing liehan didn't kiss her deeply. He felt sorry, but his eyes were deep. He said seriously to her, "don't have too much pressure in Tang Group. Remember, I am everything."

Tang Siyu got out of the car and felt a warm flow in her heart. Suddenly, she took the initiative to come back and kissed Xing liehan again on her side face! I remember. "

Xing liehan is satisfied. At least if the woman is moved, she will give him back.

He was patient to wait for her.

Tang Siyu takes Han Yang in a car behind her to Tangshi group. She comes here to work, which is actually a shaker. It is convenient for Han Yang to enter Tangshi group's internal project system, understand Tangshi group's customer information, and various kinds of information, so that Xing Lihan can empty Tangshi group's resources from outside, cut off the injection of project funds, and let Tangshi group in a certain place Time, quietly collapsed.

In business circles, as long as there is healthy competition, legal and reasonable, we are not afraid of anything. Xing liehan will let all of this happen without any trouble in lawsuits.

Tang Siyu also tried to help Xing liehan. Tang's group became the support of Xing Yan. She would rather her father's company be destroyed in her hands than Qiu Lin holding the company to help her elbow.

If my father knew under the spring, he would certainly forgive her for doing so.

Xing liehan's motorcade went straight to the headquarters of Xingshi group. After his motorcade drove into the underground parking lot, in a black business car next to Xingshi group, ye Qiyuan's figure sat on the back seat. He looked up at the headquarters building of Xingshi group, and his eyes flashed a sense of obliteration.

Ni Yan's order, he will never violate, he is like Ni Yan's hand the most obedient dog, for her, he can even die without blinking an eye, but for her to solve a person, he naturally has nothing to say.

However, ye Qiyuan is a foreigner. If he wants to start his business here, he naturally needs to recruit soldiers and buy horses. He has used the fastest time to let several powerful people from his country come to this country. Before, he also cleared the way for Ni Yan, and made her successfully sit in the position of head of Ni's group.

Therefore, ye Qiyuan has rich experience in murdering or solving problems.

Moreover, he can be sure that as long as his actions are kept secret enough, Xing liehan can never detect the danger from his side.

Xing liehan certainly did not expect that Ni Yan's love for him could drive her crazy enough to destroy him.

At this time, ye Qiyuan's mobile phone rang. He looked at the name on it. His face immediately grew soft. He picked up the phone and said, "Hello! First lady. "

Ni Yan asks at that end, "have you started?"

"Give me a few more days, miss. My people are coming here. Then I will start as fast as I can."

Ni Yan is silent for a few seconds, she clenches her teeth and says, "OK! Don't be merciful, I'll clean it up and let him die happily! "

"I understand." Ye Qiyuan's eyes are more murderous. Even if Ni Yan is in such an order, he can still feel that she has a distorted love.

He hates, he hates this man to turn his favorite woman into this, even if she becomes a madman, he still loves her.

Xing liehan didn't realize the danger of a person he didn't know. Ye Qiyuan is very strange to him, which is also an opportunity for ye Qiyuan to have confidence and grasp.

Tang Siyu is in the office, and also carefully check some company projects. She is not lazy. However, Han Yang, who runs the company next to her, holds a notebook and wins the operation.

There is an enemy in the company. Qiu Lin is naturally restless. Even when Tang Yiyi hears that Tang Siyu has come to work in the company, she feels extremely novel. So she is here today.

Qiu Lin's identity makes her very famous in the company. Anyone who sees her must call her second miss. Tang Yiyi rejects the name. However, Tang Siyu is here, and she doesn't dare to call herself Miss Tang.

Qiu Lin has transferred the manager of the finance department back. She doesn't want to be part-time. The most important thing for her now is to keep an eye on Tang Siyu and don't let her play any tricks. Qiu Lin takes Tang Yiyi down from the general office and comes to the manager's office of the business department. Qiu Lin has a bad look at the male assistant sitting in the next office. Han Yang is calm and calm and shows a smile inside.

Qiu Lin knows that he is Xing liehan's person. She thinks that Tang Siyu, who has no experience, dare to work in Tang's group, and there must be Xing liehan's powerful people around him.

Tang Siyu is reading the information. There is a knock outside the door. Qiu Lin pushes the door in.

Tang Siyu closed his folder and raised his head to meet the mother and daughter. She asked coldly, "what's the matter?"

"Tang Siyu, you really think you can manage the company! Do you have the ability to work in the company? " Tang Yiyi groaned around his arm.

Tang Siyu was so disappointed with her half sister that she sneered, "you should be more ashamed of your incompetence. Others can say that you are not qualified."

Tang Yiyi's face immediately turned red and ugly. Qiu Lin couldn't hear it anymore. She immediately fell down and said, "Tang Siyu, you can work here. I want you to hand in a work report to me every day and make clear what you are dealing with in a day."

"Good! I'll sort it out for you. " Tang Siyu doesn't want to fight Qiu Lin either. She will listen to Cong's arrangement before things are finished.

"Tang Siyu, what are your intentions?" Qiu Lin suddenly put her hands on the table and stared at her as if to see through her mind.

Chapter 362

Tang Siyu raised her eyes, she said coldly, "here is my mother's share. I don't trust you to take care of it. No matter what, I'll have a foot in it."

"But aren't you afraid of your mother's shares, because you, who don't know anything, make the company lose money and evaporate?" Qiu Lin thinks she should be very concerned about her mother's shares.

Tang Siyu stood up from his position with his arms around him. "Don't worry, although I don't understand, I will learn. This is my father's company. I will never let Tang Group fall down."

Qiu Lin squints her eyes, as if doubting the truth of her words, but she looks at them a few times, and doesn't distinguish whether they are true or false.

If it's true, it's true to say that Tang Siyu is in love with Tang Xiong's father and daughter. But it's also true to say that she is a liar, because the company is in Qiu Lin's hands. Will she still treat the company as her own?

Tang Siyu could not help showing a sad color, "even if you married Xingyan, but the company was founded by my father, Tang group these words, is on behalf of my father's name, even if the merger, I will not allow you to change the company's name."

The last few words, as if in the general order, and her firm eyes to uphold the company.

Qiu Lin didn't care about it at all. However, she didn't plan to change her name. She was sure that Tang's group was well known and her achievements were well known in the industry. Of course, she didn't change her name.

She glanced at Tang Siyu and said, "before five o'clock in the afternoon, I want to see your work report."

Tang Siyu coldly sent their mother and daughter out. Her eyes flashed a sneer. Now, it's her turn to act in front of Qiu Lin.

Qiu Lin takes Tang Yiyi back to the office. Tang Yiyi is not very happy.

"Mom, I think it's best to get rid of her! As if she could do anything. " Tang Yiyi just doesn't like that Tang Siyu is better than her.

This is a thing she hated since she was a child.

Qiu Lin could not help comforting and said, "well, if she wants to play, let her play! When she's done and bored, she's gone. "

Tang Yiyi is still unhappy. Qiu Lin is too strong. Tang Yiyi grew up under her protection since she was a child. This also fosters that Qiu Lin needs to worry about everything for her. Even when she is 25 years old, she still looks like a young child.

After a while, Han Yang came over and Tang Siyu proposed the work report to him. Han Yang asked her not to worry. He would write. Tang Siyu really felt that Xing liehan had to increase Han Yang's salary. At the same time, after the end of the matter, he had to take a long vacation for Han Yang to find his girlfriend.

At 4:30 p.m., Tang Siyu asked another assistant to send a work report to Qiu Lin. after Qiu Lin read it carefully, she didn't find any problems. However, she thought that Tang Siyu would hand in the work report every day in the future, so she would be relieved.

Xing Yan and Qiu Lin just got married. Because Xing liehan gave up a lot of previous cooperation with Xing Yan, Xing Yan has to fly abroad recently.

This made Qiu Lin a widow just after she got married.

At the end of work, Xing liehan's sports car had come to pick her up on time. Tang Siyu sat in and looked at the man beside him. He was wearing a white silk shirt with western trousers, which was simple, but it gave people a noble atmosphere.

Tang Siyu has seen many employees in suits in the company. Seeing this man, he knows what the real company Elite looks like. He can't help but compare it with those men. The effect is really different.

"What's the matter? Am I not handsome enough today? " Xing liehan smiles and blinks to ask.

But Tang Siyu's face turned a little red. "No, you are very handsome."

"Am I the most handsome man in your heart?" Xing liehan gives a little sunshine.

Tang Siyu thought about it and shook his head. "Of course not."

When Xing liehan heard her absolute words, he immediately flashed a dangerous smile at the bottom of his eyes. "Do you think mufei will be more handsome than me?"

Tang Siyu was shocked. Which sky did he misunderstand?

"No! The most handsome thing in my heart is my son. " Tang Siyu answered him naturally.

This made Xing liehan listen to it. He was angry and funny. "Are you on purpose?"

Tang Siyu chuckled, "I don't have one. You know, in my heart, your position is always behind that of my son."

Xing liehan is angry and can't express this sentence. Does he want to be jealous with him? It's too disrespectful of him. Of course, the opponent is only his son. If you try to change a man, he will be jealous.

"Go back! Go home for dinner tonight and go with your son. " Don Siyu said to him.

Xing lie's eyes flashed a smile. "Yes, accompany our son."

This sentence, meaning clear, their son, and she has become his wife.

Tang Siyu looks out of the window, but the smile on the corner of his mouth is rising.

Tang Siyu's heart is still sweet.

In the evening, the whole family is also happy. Jiang LAN has taken Tang Siyu as his daughter-in-law completely, while Xing Yinuo's piano has been playing badly. In the evening, Tang Siyu is at the side of the piano, and her piano is playing much better. Xing Yifan has no time to go back to China except for holidays because of studying abroad. He can only chat in the video. Xing Yinuo is proud because her studies are steadily increasing!

Of course, there is no lack of a great hero, that is, Wen Liangyao. He not only teaches Xing Yinuo mathematics, but also leaves her at school after class. At the same time, he makes up for her various courses. Wen Liangyao has become her cousin's identity. People outside see it and dare not say anything.

Therefore, with Wen Liangyao, a patient teacher, Xing Yinuo's scores have been determined after several examinations.

This can make Xing Zhengting and his wife happy, always mentioning to invite Wen Liangyao to have dinner at home. Xing YINUO is nervous every time she listens to it. She doesn't want him to come here.

However, Wen Liangyao seems to be very busy. After several phone calls, he refuses, and Xing Zhengting and his wife quit.

However, they plan to invite Wen lichen and sushi to come here for a visit this weekend. They will live close to each other. They haven't been invited to have a meal yet!

At that time, Tang Siyu called Suxi, who was certainly happy to answer for Wen lichen.

Sushi now fell into a deep temper and came to read. The injury in the back of her head was almost as good as before. She had not washed her hair for several days because of the injury, which worried her so much about beauty.

Which woman wants a dirty hair in front of the man she likes?

Of course, Wen lichen never disliked it.

"I'll wash my hair later. I have to." Susie said firmly at dinner.

Wen lichen looked up at her carefully. "I'll wash it for you."

"Really? That's great, please. " Sushi smiled and was very happy.

Chapter 363

After dinner, sushi had already run to wenlichen's room and asked him to wash his hair. Wenlichen took a chair into the bathroom and put half of the bathtub water. Sushi was lying on a long soft sofa cushion. Her head was gently placed on his thigh by wenlichen.

Susie's pretty face was a little red, and she must have been lying on his lap like this, close to some place of his male. Thinking of meeting him for the first time, she pulled his bath towel and looked at it.

At this point, I still feel my face is very hot.

Wen lichen is like washing the baby's hair, holding her head and letting her long hair fall into the water. He has just checked her wound and it has become scarred. As long as he doesn't touch the scar and uncover it, it will be OK.

Susie squinted comfortably and looked at the man's face from the bottom up. There was a different angle, and it was also beautiful.

The jaw line is perfect and full of character. Upward, it's his thin lips, and upward, his eyes are as deep as the sea, just like the movements in his hands, very gentle.

"How comfortable! Is my hair dirty? " Suzy asked with a smile.

"Not dirty..." Wen lichen replied.

Su Xi's chest was filled with a sweet and Zizi flavor, so she stopped talking. Wen lichen wiped her shampoo and rubbed it into a circle of white bubbles. His fingers just massaged her scalp, making her feel comfortable and want to sleep.

After washing her hair for nearly half an hour, Wen lichen took a towel and put it on her shoulder and said, "I'll dry it for you."

"I'll play it myself!" Su Xi finished, Wen Yanli came over with a hair dryer, straightened it gently for her, and then blew it.

Sushi's hair was smooth and fluffy, as if it were superior silk. Touching it in his hand was really a kind of enjoyment, and Wen couldn't help it.

After blowing dry her long hair, sushi was dressed in a clean and soft long hair, and her mood was suddenly better, but she did not know what kind of allure it was for the man around her.

"You go out first, I'll take care of it." Wen lichen said to her.

"Well! Good! " Su Xi came out first, and Wen lichen closed the bathroom door as if to clean up. After Su Xi came out, she also liked to lift her long hair.

Suddenly, she thought that when she came into the bathroom just now, she still had her cell phone in her hand, which seemed to be on the cabinet in the bathroom. She seemed to have talked with Annie before, and she would like to return her information!

Sushi thought so. Anyway, Wen lichen was just cleaning the bathroom. She went in to get her cell phone. It should be OK!

Sushi didn't think much either. She reached out and pushed open the bathroom door. When she was going to look towards the cabinet, she first saw a naked male body.

Su Xi's eyes widened, almost forgetting to turn around. Wen lichen calmly picked up the bath towel on one side, blocked the key position, and looked at her with a funny look. "Is that enough?"

Now, Suxi thought of all the sights she had seen for the first time. She turned around and covered her face. She cried out angrily, "Why are you bathing here?"

"When I was washing your hair just now, I wet my pants and took a bath directly. What are you doing in?" Wen lichen asked.

"I'll take my cell phone. " With that, sushi covered her face and moved to the direction of the table. She touched her mobile phone and hurried out of the bathroom.

After coming out, her brain still has a few seconds of blank, and then, slowly and clearly emerge what she saw just now. Her face is red, so embarrassed, and she has seen him again.

However, when he was seen for the second time, Wen lichen was obviously calmer. His figure was not that ugly, but rather pretty, with tight lines, which belonged to the best figure of men.

"No more." Susie came out crying, so embarrassed that she wanted to drill.

This evening, sushi hid in his room and dared not look at Wen lichen. Otherwise, when he saw him, he would think that he had nothing on.

Wenlichen didn't come to see her either. In the middle of the night, the light was still on in the study. This is wenlichen's mythical script sent today. He is choosing one by one, putting down all his work, just to choose the script for Susie.

But Susie didn't know what he had done.

Early morning.

Suzu got up early. She sneaked to the door of wenlichen's master bedroom. She wondered if he had got up.

However, I don't seem to see the situation clearly! It's rare that he should sleep in.

Suxi covered her mouth, stole a smile, and then went downstairs to the second floor. She saw that there was a kind of yellow color in the study, like the lights were not turned off!

Eh! Did Wen lichen carelessly turn off the light in his study last night?

Sushi walked past with a light step. When she entered the study, she saw that the desk lamp on the desk was not turned off, not even the wall lamp around!

Su Xi comes in, but Yu Guang finds that there seems to be a person lying on the sofa. She can't help being scared. Turning around, she sees Wen lichen lying on the sofa, and on the table next to him, there are several printed books like scripts. Sushi's eyes were slightly gaped with surprise. She came over gently and found that Wen lichen still had one in his hand. Maybe he had to fall asleep because he was too sleepy.

When sushi saw the name of the play in his hand, he was struck by the myth play, the title of which was "myth of gods."

Sushi's heart shook violently. She looked at the stack on the table, and several books, all about mythological themes. She looked at the tired sleeping man, whose eyes were wet. Did he stay up late and watch the mythological script that she casually mentioned that night?

How could he be so interested?

Sushi came to him and gently took the script out of his hand. Now, it's November weather. He even went to sleep in a T-shirt like this. Isn't he afraid of catching cold?

She reached out her hand and stroked his forehead. Sure enough, she found that his forehead was a little unnaturally hot. Suxi sighed. She ran to her cupboard, took a thin quilt, and gently covered Wen lichen's body.

Wen lichen's long and thick honey lashes gently lifted, and his eyes could be seen faintly shining with blood.

"Sleep! I'm here. " Susie sat beside him, comforting him to sleep.

Wen lichen felt the warmth of his body. He was satisfied with the corners of his mouth. His arms naturally extended. He grabbed her shoulder and pressed it gently. Sushi was lying on his chest like this.

"Are you going back to your room to sleep?" Asked sushi.

"Let me hold you for a while." Wen lichen finished, bowed his head, put miso in her hair, kissed her, and continued to close his eyes.

Chapter 364

At noon, wenlichen had some low fever symptoms. Sushi wanted him to go to the hospital, but he refused. He only took medicine at home.

On this day, sushi did nothing but explore Wen lichen's forehead from time to time.

Tang Siyu also insisted on going to work in the company to create an opportunity for Hanyang to understand the internal information of Tang Group. In the morning, Xing liehan accompanied her to go out. In the afternoon, he appeared in Tang Group on time. The cool sports car became a scenic spot at the door.

Tang Siyu has become the envy of all women in the company, especially the one who doesn't know who delivers the news. When Xing liehan, the president of Xing group, is waiting for her to be picked up at the door every day, he doesn't know how many women's hearts will be broken. This diamond single noble man is their dream lover!

When Tang Siyu is in the office, some bold people inevitably come to ask, "manager Tang, when will you and Mr. Xing liehan get married?"

Tang Siyu often chuckles, "we've got it."

"Wow! Congratulations! Your husband is super handsome! It's also super good for you! "

Tang Siyu also agrees with this point. Although she and Xing liehan have not yet obtained the certificate, externally, she will not deny this point.

However, in such a peaceful day, there will be invisible danger.

On a stowaway wharf, four men stepped down from the boat with climbing bags on their backs. Some of them had scars on their faces and some of them were fierce. In a word, they were not normal people.

Wearing hats and sunglasses, ye Qiyuan connected them to the car, and a group of people began to talk in foreign languages.

"Mr. Ye, is the business big this time? How about it? "

"If the task is completed successfully, each of you will be paid 50 million US dollars. We have to go back and study whether it is good or not."

"Whether it's a good business or not, we'll definitely take over this business. Mr. Ye is not short of money and we're not short of ability." A man is very confident.

"What are the targets we are dealing with this time? Political or business? Or is there an identity? "

"In the business world, you may have heard his name on the global rich list, but you don't have to worry about him or be afraid of him. Just regard him as a target person."

"When were our brothers afraid? Even the president, we still take orders, as long as the money is enough, there is nothing we can't do. "

"All the equipment?"

"Absolutely fresh. Even if the target has three heads and six arms, he can't dodge our bullets."

After hearing this, ye Qiyuan hooked up his mouth with satisfaction. "I'm sure you won't let me down. Next, let's go to a hotel first."

Ye Qiyuan took them to a shabby hotel in the area, and at the same time, he told them the target person.

One of the photos Ye Qiyuan gave them is a recent photo of Xing liehan taken by the media at an airport. The man in the photo is young, handsome and rich.

After several mercenaries saw him and heard his name, their hearts and minds were all awe inspiring. They were not ordinary people, but people who often lived on the rich list of the world. There must be no shortage of bodyguards around this man.

In recent days, ye Qiyuan has also made a lot of efforts on Xing liehan's trip. Because of the project cooperation with Xing group, ye Qiyuan can also obtain the activities and overseas trips that Xing liehan may appear in the near future from some other channels.

Among them, there is a foreign trip just in the recent week, Xing liehan was invited by a national prime minister to attend a global business conference in their country.

Ye Qiyuan decided to take them to ambush in advance, study his participation route, and prepare to set up an assassination activity on the way to the end of his meeting. Moreover, it is more convenient to start in foreign countries than in China, because Xing liehan's support will not arrive so soon.

Ye Qiyuan has prepared a private plane and will only leave this evening.

In the evening, Tang Siyu rubbed her brow and heart, read the information for too long, and her eyes were dry. Now she knows that her father had been supporting the company alone. At the same time, she has a sense of identity with Xing liehan's daily work in the company.

She thought that she would have to take care of his mood more gently in the future, because it's really not human work to manage the company and deal with the mountain of documents every day.

She looked at the time. Xing liehan was almost there. She was ready to go downstairs. Just thinking about it, her cell phone rang on time.

She picked it up, smiling sweetly. "Hello! Is it here? "

"Well! Come down! "

"Good!" Tang Siyu hung up the phone, took the bag to the next room, and said to Hanyang, "Han assistant, get off work!"

"OK, manager Tang. You go first. I'll go later." Han Yang is a little busy recently, so he wants to work extra.

"Thank you so much." Tang Siyu said, and said to an assistant passing by, "send a cup of coffee and snacks to assistant Han!"

"OK!" The female assistant is happy, but Han Yang is young and promising. With her good looks, she has become a close pair of office girls. Tang Siyu came downstairs and saw Xing liehan's sports car parked there. She opened the car door and sat in it. When she opened the door, she saw a bunch of beautiful red roses on her seat.

Tang Siyu's eyes brightened, he picked up the flower and sat in, "why did he suddenly buy me the flower?"

"If you like, I'll give it every day." Xing lie's cold side eyes look over.

Tang Siyu sniffed the flowers and nodded, "I like it, but it's too wasteful to send it every day. Once a week!"

"Good! Listen to you. " Xing liehan agrees.

After driving for a while, Xing liehan thought of something and turned to her and said, "I may go on a business trip in three days. I will let my bodyguard take you to work every day."

"How long?" Asked Tang Siyu curiously.

"Four or five days less, one week more. Anyway, I will deal with the affairs there as soon as possible." Xing liehan said, and he began to smile, "don't you want me to go?"

Tang Siyu smiled, "no! Work is important! "

Xing liehan didn't quite agree with him. He looked over carefully and said in a low voice, "you are more important than work."

"Then you want me to go with you?" Don Siyu blinked.

"I have this idea." Xing liehan also wants to take her out for a walk. She must be bored for a long time.

"But What about Tang Group? "

"I'll make Hanyang spend more time on management. I'm sure Qiu Lin will be happy to approve your holiday."

Chapter 365

This is true. Qiu Lin will definitely approve it. Tang Siyu sniffs the flowers and thinks for a few seconds. She decides to accompany him.

"Good! I'll go with you. " Tang Siyu nodded and agreed.

Xing liehan stopped in front of a traffic light at the moment, and he leaned over slightly. "When you leave the country, it's not like you're at home. Don't you worry about me coming here?"

Of course, Tang Siyu knew what he meant. She was a little shy and said, "it's better to change the environment."

Hearing this sentence, Xing liehan suddenly looked forward to the holiday. He reached over and held her hand. "Siyu, I won't force you."

Tang Siyu is not forced. She just feels that she has to get over that hurdle! Otherwise, he will suffer.

Try more ways, it's always good!

The next day, Tang Siyu asked Qiu Lin for leave. Qiu Lin did approve of her. There was no problem with Han Yang. He worked hard and made no mistakes. In addition, he is now understanding the business and has not done anything. Qiu Lin could not find any problems.

When the little guy heard that his parents were on business together, he wanted to follow him, but he was too young. Besides, it was not a holiday, so he could only stay in China with his grandparents and aunts.

On the morning of the third day, Xing liehan's private plane took off from the airport.

Tang Siyu has been depressed for a long time since her father died last time. She has also suffered a lot. Fortunately, no matter how painful the time is, what she has to do next is to let those people pay the price.

But this matter also needs to be completed step by step, and we can't rush for success.

Tang Siyu looks out of the window, takes back his eyes and looks at the man who is looking at the document nearby. She thinks that she should be responsible for this man and be grateful.

In her most fortunate time, the most helpless time, is that he sticks to her side, a rare delivery of his true feelings, she did not want to live up to it.

Xing liehan is looking at the document, feeling a pair of eyes around him staring at him, his head on one side of the micro, jade like beautiful face looking over.

"What are you looking at?" He asked with a deep smile.

Tang Siyu chuckled. "I'm thinking, next time I return home, do you want to get the marriage certificate?"

Xing lie's deep and cold eyes flashed with a flash of light, which made him smile charmingly. "I've been waiting for you for a long time."

Tang Siyu was stunned for a few seconds. "Do you really like me so much?"

There were only two of them in the cabin. She didn't mind asking.

Xing liehan thought for a moment, and his eyes were full of serious color. "I just started to get close to you for my son, but I got along with you slowly. I found that you are worth my liking. I've been together for a long time. I'm sure that you are the other half I'm looking for."

Tang Siyu listened, the sweetness of the bottom of her heart spread in every part of her body, and she laughed, revealing a row of cute teeth.

Xing liehan reaches out to her and beckons her to come to him. Tang Siyu unties his seat belt. When he comes to him, Xing liehan snaps it up again for her, and then takes her into his arms with a strong arm.

Tang Siyu is half lying on his leg, looking at him from the bottom up, while the man is also bent down, looking at her carefully. The sunlight outside the window is so bright that it shines on Tang Siyu's beautiful face. It is so beautiful that he can hold his breath.

Finally, his eyes fell on her red lips, which was so attractive that he couldn't help it.

Tang Siyu didn't refuse either. When he kissed, she met him naturally

A stewardess came to collect the cup, just opened the curtain and ran into this scene, quickly and quietly pulled the curtain, dare not disturb.

In the hospital, Wen lichen succeeded in turning the low fever into a high one, and then Suxi coaxed him to the hospital. Because he went to a nearby hospital, it was not the treatment of a private hospital.

When the doctor finished prescribing the medicine, sushi got a single ward infusion for Wen lichen, and she took off her mask and hat.

Wen lichen is ill. However, it doesn't reduce his charm, but it also gives him a touch of masculinity.

He leans lazily on the bed, with strong arms and drops hanging. His eyes are always on sushi, as if the prey has been staring at his own food. Besides eating, how could it be so easy to let go?

Susie was a little uneasy for him, so she put out her hand to cover his eyes and forbid him to look.

Her soft hand covers wenlichen's charming eyes. She can feel his long curled eyelashes, which are brushing under her palm. The power is as soft as feather. It is tickling on the lines of her palm. There are still some unspeakable warmth.

Covering his eyes, sushi can appreciate his facial features boldly. It's unfair that this man, with a leading actor's face, has become a big boss in the entertainment circle.

Rich, beautiful and talented.

Sue hoped for his thin, sexy lips. She swallowed her saliva and wanted to kiss like this. It was a criminal lip. "When are you going to cover it?" Wen lichen opens with a low voice.

"Until you don't look at me." Susie laughed.

"Don't you look at other women?"

"Dare you..." After Suzy's overbearing voice, he immediately changed his tune, "look! I didn't stop."

"But you cover my eyes." Wen lichen was amused.

Susie said smugly, "I'm going to cover it so that you don't have to look at other women when your eyes are dishonest."

"No, you are the only one in my eyes." Wen lichen finished, big palm caught her hand, deep eyes like midnight, clear only reflected Suxi's face.

Susie was teased by him for no reason, and her pretty face could not help a red tide, "but you just said you want to see another woman..."

Wen lichen laughed. "Jealous?"

"Eat, I love to be jealous!" Sushi answered with a show eyebrow.

Wen lichen chuckled. He was sick, but he was in a very good mood. Maybe this woman was with him and amused him!

"If you eat too much vinegar, it's not good for your health. Just take it in moderation." Wen lichen talked with her about vinegar as a condiment.

Susie was a little annoyed, but she couldn't, so she said, "I don't like other people's vinegar, I just like your vinegar."

"Then you may not have a chance to be jealous, because I don't like to make my women jealous." Wen lichen finished, reached for her arm, pulled it gently, and Susie fell into his chest and was hugged by him.

Susie was startled, but fortunately she had just locked the door. Otherwise, it would not be nice for the nurse to push the door in at will.

"This is the hospital. President Wen, can you be more self respecting?"

"In front of you, No." Wen lichen dropped his voice seriously.

Chapter 366

The plane arrived in Xing liehan's country for business. It was 1:00 in the evening. The weather in autumn was very clear here, as if there would be a snow coming soon. Fortunately, I took my thick clothes before I arrived.

Sitting in the car, Xing liehan's thick windbreaker was just 20 degrees from his own country and 78 degrees from here. The temperature difference suddenly widened, and Tang Siyu was still cold.

It was not until the man's clothes were suddenly pulled open and she was pressed into his arms that Tang Siyu began to chuckle in his arms in such a cold night.

With his arms, it seems to be extraordinarily warm. The car is driving in the street, and the shadows of the street lights come in. Tang Siyu looks up and looks at the handsome face of the man. He also has a circle of halo, which is deep and confused for a while, but it radiates a kind of sexy without any reason.

Tang Siyu leans in his arms, enjoying the national cities under the night outside the window, those distinctive buildings, in the light, like a giant crouching, some unspeakable solemnity.

When they arrived at the hotel, the bodyguards sent their gift boxes to the hotel and left. However, they did not leave the hotel either. They just stayed in the hotel room on the next floor.

Xing liehan's hotel is not a suite, but a master bedroom. Tang Siyu looks at the wide white bed with a huge floor to floor window beside it. She picks up the remote control and opens the curtains. The night scene in the distance is more blurred.

She was watching, behind her, a strong arm from her waist, the man's sexy chin gently against her shoulder, breathing lightly in her ears.

"Rest early tonight!" Xing lie said to her hoarsely.

Tang Siyu has seen his itinerary on the plane. His itinerary is very tight. She has to go to see the Prime Minister of this country in the morning tomorrow. She looks down at the time of watch, turns around and worries, "you have six hours to rest. Let's take a bath and go to bed!"

"Well." Xing liehan nodded, and then, suddenly, he thought of something, and looked at her with some straight eyes, "in order to save time, I think we should wash together."

"Er! No need! "

"I saw it just now. There is a bath here, enough for us to wash together."

Tang Siyu's eyes are slightly gaping. Is this the same way to bathe here? She said she wanted to refuse, but she thought that she and this man would be husband and wife in the future. Sooner or later, she would reach the most intimate level.

Xing liehan doesn't give her a chance to refuse. As soon as she holds her hand, she leads her to the bathroom. It's really beautiful there. Moreover, a hot spring pool is there. The current is surging, and it's still active hot spring water. It's absolutely clean.

Tang Siyu's face is even hotter than the pool water at the moment.

"Hurry up, you know I don't have much time to sleep. Hurry up and take a bath." Xing liehan hurried to her ear.

Tang Siyu saw that the man next to him had taken off his clothes skillfully. Her heart beat faster and her arm remained motionless.

Xing lie looked at it with a smile on his side. "How? Can I help you? " Xing liehan doesn't mind at all. He likes to help her do it best.

Don Siyu hurriedly blushed and shook his head. "I'll take it off myself. Would you turn your back first?"

"Good!" Xing liehan gives her some private space and backs her body. At the moment, he is also taking off the shirt inside against her, revealing a pair of beautiful little wings and shoulder blades. The perfect back line makes people look at it more and breathe disorderly.

Tang Siyu did not dare to look at his figure, but quickly took off his clothes. At last, he took the lead in the hot spring water wearing only two pieces. Then, she sat in the water alone with her back to him.

Xing liehan's eyes fell on the thin shadow with her back to him. Her long hair was pulled up, and some thin hair fell down, sticking on her white skin. Her black hair was set off, which made her skin tender and white.

Thin shoulders, perfect as a swan's neck, the shadow under the water, no doubt mysterious men want to explore it.

There was a sound of water behind him. Tang Siyu immediately tightened his heart. Then, he naturally put his arms around him and held her. Her back was so close to his chest. With a gentle effort of the man's hand, she was half reclining in his arms.

In the hot spring, the name of Siyi is bathing. Naturally, it's all up and down. It's just that Tang Siyu has been washed by someone on his behalf.

This feeling definitely makes Tang Siyu's bottom line of all shame exceed.

When she was wrapped in a bath bubble and carried to bed, she felt a dangerous smell hidden in the air. The man's eyes were already thicker than the night outside the window.

It's clean. What do you want?

It's natural to eat!

Tang Siyu thought that the man was going to sleep. He didn't know that the overwhelming thing was that a kiss fell down and made her faint. But she insisted on one thing and let him sleep.

He has work to finish tomorrow!"Well Stop kissing and go to sleep! " Tang Siyu's voice, with uncontrollable breath.

"Do you think I can sleep?" Xing lie's cold and stuffy voice came from her neck.

"How can you sleep?" Tang Siyu held up his face and asked some questions.

"Of course, it's enough for me to fall asleep." Xing liehan's eyes were fixed on her, and the idea in the eyes was very obvious.

Tang Siyu swallowed his saliva, closed his eyes, and had a feeling of going out.

"Well then!"

The man's eyes suddenly brightened, and at the same time, with a state of mind like a treasure, the kiss fell again

Several times of compensation test, all stuck in the most critical moment, especially when Tang Siyu cried pain, the man did not force

This time, in the quiet night, everything is mysterious and warm.

Xing liehan dimmed all the lights, which seemed to make people less prepared

Xing liehan's hand gently covers her eyes and touches her tenderly. But for a moment, Tang Siyu's fingers squeeze into his muscles tightly on his back.

Her nervousness is self-evident

Xing liehan's movement made her feel a little pain in her back muscles. She was stiff all over, and even her body in her arms trembled slightly

Xing liehan sighs in the bottom of her heart. Is she still not ready?

Although she agreed just now, half of it was due to the pressure he put on her!

Xing liehan suddenly rolled over from her body and slept beside her. He pulled her into his arms. He said with a low smile, "it's too hurried tonight. It's hard to play. Go to sleep first!"

Chapter 367

Tang Siyu's tension relaxed slowly. She turned around and knew that he would give up only when he felt her tension.

"I'm sorry, I'm nervous if I can't control it." Tang Siyu apologized. Six years ago, she didn't hate him for a long time. However, the body's memory is often more sensitive and intense than the memory nerve.

Especially in this matter, her brain can't relax her body, and she is also a little upset about it. Xing liehan stroked her head with a deep smile, "no hurry Wait for us to relax for a few days. Anyway, it's OK to endure till now. "

Tang Siyu's heart was astringent. He put his hand around his waist and buried his face in it.

After Tang Siyu went to sleep first, Xing liehan was infected with her sweet sleepiness and slowly fell into deep sleep.

This evening, in a garage in the city, ye Qiyuan and his men are here to rest and make arrangements.

What makes Ye Qiyuan happy is that his subordinates and friends are here, so they don't need to live in the hotel in public, but in this secret garage, and they can buy some more powerful guns.

Ni Yan is crazy, and ye Qiyuan is crazy. Nothing makes him happier than removing the man in his heart.

He didn't hate Xing liehan, but because he loved women to hate him, he also hated him, even more strongly.

He has figured out Xing liehan's route this time. At this moment, they check the location of the map one by one, and there are acquaintances here. It won't be troublesome to do this.

The place Xing liehan went to this time is a manor far away from the city. On this road, there are more opportunities to start. There are bridges and quiet forest Avenue.

Now, they just don't know how many bodyguards Xing liehan will take out this time. If his bodyguards have more hands, it will be more difficult to fight against him alone.

But ye Qiyuan absolutely does not want Xing liehan to return to China alive this time. After he intends to assassinate, he will hide and never get involved with Ni Yan.

"Let's do it at this intersection! We ambush two groups of people. If he is still alive at the first time, we will force him to the second place. At that time, he will not escape our palm. "

Ye Qiyuan agreed to do so, blocking all the life paths of Xing liehan and forbidding him to escape.

"You don't have to be careless. Don't think Xing liehan is just a businessman. He's not weak. He once joined the special forces training and has made great achievements. Whether it's shooting or fighting, it can't be underestimated."

"No matter what we are afraid of, no matter how strong we are, we are better than the guns in our hands." There is a man who is more confident in the gun in his hand.

Ye Qiyuan took a look at him. "You don't know him, even I don't know him, so you can't look down on him."

"Let's have a rest! Tomorrow is the time for action. Don't let it go lightly. " With that, ye Qiyuan clenched his fist. This time, he must not fail.

In the early morning, mist shrouded the city, standing in the penthouse suite of the hotel, looking at the top floor of the building rising out of the fog, it was like being in the palace of heaven, with a rare spectacle.

Xing liehan's movements of getting up are very light. The woman who hasn't woken up is still sleeping. His physical strength is always excellent. As long as he has a few hours of deep sleep, he can recover a very good mental state.

Xing liehan went out at eight o'clock. He took six bodyguards with him. They were all his close friends. Instead of taking all the bodyguards with him, he left two in the hotel to protect Tang Siyu's safety.

In a foreign country, he was most worried about her safety.

Two black cars are driving in the light fog street. The route is clear. Xing liehan looks at the data in the back seat. In the middle of the coaster, there is a cup of mellow coffee. From time to time, he holds the coffee lightly, but his eyes fall sharply into the data.

He came here this time to talk about a two-year cooperation, so he would not allow any problems in this cooperation.

Everyone's success is not luck or chance. It must be someone else's efforts.

Xing liehan is the same. His attitude towards work is absolutely serious and rigorous, not a little sloppy.

Therefore, to be his subordinates, we must be able to stand on an IQ level with him.

This time he didn't bring an assistant, because this cooperation is not a formal signing, just a relatively easy interview.

The fog on the street began to disperse, but when driving out of the downtown section, entering a highway surrounded by mountains on both sides, the fog still hasn't disappeared. In such weather, Xing liehan's heart had a faint sense of danger.

It's just a kind of consciousness that he used to find danger. He asked the bodyguard in front to look around the car carefully.

But the danger is not in the morning, but in the back.

At a hill twenty kilometers away from the manor, there were several pairs of eyes staring at Xing liehan's motorcade. Ye Qiyuan's glasses watched the motorcade disappear in a row of woods. He chuckled, but Xing liehan was so careless that he only used a car to escort him.

Ye Qiyuan didn't know about Xing liehan's trip. He took Tang Siyu with him and left two of his bodyguards. Otherwise, Xing liehan's trips abroad are usually in three convoys.

"Boss, you can rest assured! It's just a few people. It's easy. "

But ye Qiyuan said calmly, "before the task is completed, don't draw conclusions easily."

In the hotel, Tang Siyu turned over. Some of her cold body wanted to absorb the warmth, but she felt a light warmth. She was a little surprised, opened her eyes, and the man around her had already got up.

She looked at the alarm clock next to her. It was more than nine o'clock. She smiled a little and he set off!

Tang Siyu looks at the ceiling, sighs and grabs the quilt. She secretly decides that tonight, even if it hurts, it will be finished. She will overcome all her fears and give herself to him.

After that, Tang Siyu would never touch this aspect before, or even refuse it, but she lay in the quilt and secretly looked for some information about it, which made her blush.

But, more to see and understand some, or make her more aware of the heart, looked for a while, feel the quilt still left in the breath of this man, Tang Siyu dare not to see more, she decided, tonight! I have to overcome

Chapter 368

This day, Tang Siyu stayed in the hotel obediently, not with Xing liehan, and she was not in the mood to go out and walk.

At noon, I got a call from Xing liehan. He probably can't go back to the hotel until evening. Tang Siyu asked him not to worry about her, but to work.

"Take you to a place tomorrow, you will like it. Without bodyguards, just the two of us, relax for a few days." After the last words, Xing liehan still has a deep and warm smile.

This kind of laughter, only Tang Siyu can understand. Her face is slightly hot across the microphone.

"Good! Wait for you to come back. " Tang Siyu laughs. After last night's bath, her bottom line has been crossed by this man one by one. What's more shameful?

"Well! Wait for me. " Xing liehan chuckled, "I'll deal with this first."

Hang up the phone, Tang Siyu put down his mobile phone, went to the floor window, looked at the distant scenery around his arm, enjoying the warmth of the sunshine. Huan Wen in the hotel made her feel very comfortable.

As time goes by, the sunshine time in this country seems to be extremely short. Before six o'clock, the sky is dark, and the whole country is shining with dazzling light, as if gold is spread in all directions in one step.

Ye Qiyuan and his subordinates have been waiting for a day on the mountain, but with the night coming, their hearts and minds can't help tensing. They have a man lying in ambush near the manor. This time, there is only one guest of the premier, Xing liehan.

In the manor, Xing liehan was warmly invited by the Prime Minister for dinner, which was not easy for him to refuse. Moreover, the prime minister was the one who asked for help in this project. He very much hoped that Xing liehan's business could enter his country, so that he could have this meeting.

Xing liehan had a very pleasant talk with him today, and the goal was achieved. The dinner ended at 8:00.

Because he was worried about Tang Siyu's comfort, Xing liehan told the general manager goodbye and chose the next formal contract signing date. Xing liehan was personally sent to the side of the car by the premier.

The bodyguard opened the door for him. Xing Lihan shook hands with the prime minister and sat in the back seat of the car behind him.

Two black cars slowly drove out of the gate of the manor. Xing liehan drank half a cup of liquor on the dining table. As soon as he got on the car, he leaned lightly on the back seat and rubbed his brows, intending to keep his eyes closed.

Driving on the flat road, the trees around are rich and lush. Even if there are street lights, they only illuminate a small area of the world.

The bodyguard drives the car cautiously. The two black cars follow closely. The distance will not be more than 50 meters.

Bodyguards are very good at car skills. With headphones for communication from time to time, there are no accidents such as car crashes.

Ye Qiyuan received his report five minutes ago, and Xing liehan's team left.

The attack site they set up is a very unexpected turn, so the bodyguards can't see what is waiting for them in the front road. Their car slightly slowed down when turning.

However, just at this time, their car just turned around, and suddenly, they saw that the road ahead was blocked by a long truck.

The bodyguard in front immediately exclaimed, "be careful, there is a problem ahead."

Two black cars braked at the same time, sparking on the ground.

Xing liehan, who was resting in the back seat of a car, was leaning forward by the force of the brake force. His eyes were closed, and he opened them in a flash. He was bright and forced. The guard board automatically opened. The voice line of the bodyguard in front was a little hurried, "boss, someone is blocking the way in front."

Xing liehan's eyes were on the road ahead, and an ominous premonition rushed to his chest. He said in a low voice, "take out the defensive, and be alert around."

Xing liehan's car naturally hides the guys' weapons. The bodyguards are very skilled in taking out their weapons. At the same time, they give Xing liehan a good boring gun. Xing liehan's long fingers hold the gun, which is not like a novice, and the action is neat.

At this time, the car in front of them suddenly roared straight from the ground, and the fire suddenly burst out.

The bodyguards in the back car and Xing liehan pushed the door almost at the same time and rolled to the ground. The next second, the car they were sitting in exploded from the bottom and flew out with a loud fire.

Xing liehan looks at the car in front of him, and rolls down several fiery people from the car. However, he falls down soon, and his eyes burst with rage. Who dares to hurt his men?

There are only two bodyguards in his car plus him. Now, only three of them survive.

Xing liehan hears the sound of air breaking behind him. He shouts to the bodyguard in front, "be careful."

A fire burst, heard a bodyguard scream, and was directly hit by a bullet. It was not a normal bullet at all, but a huge gun barrel. Moreover, this kind of gun barrel needs a certain long-range shooting.

Xing liehan quickly analyzed that the man who wanted to kill him had not got close to him. He said to another bodyguard, "go into the woods." However, the forest is not necessarily a safe place, because ye Qiyuan will not give him a chance to escape.

He and three other men are waiting in ambush here.

Xing liehan's eyes are as sharp as those of a tiger or a leopard. He naturally knows that people who want to kill him will never miss any chance.

As soon as Xing liehan entered the forest, he found that there was a flash of reflection in a tree on the left. The gun in his hand almost didn't hesitate for a second, so he shot directly.

"Ah!" A scream, I think this shot killed that man.

It seems that the people hiding in the dark didn't expect Xing liehan's shooting skills to be divine. They killed a brother directly.

Xing liehan squats down under a tree. The bodyguards behind him are also alert. They hold guns in both hands and are ready to attack at any time. As his bodyguards, it is also instinctive to protect the boss's consciousness.

At this moment, Xing liehan's mind flashed quickly to the people who might be enemies, and the people who wanted his life very much, he thought of only one person for the time being.

Xingyan.

He cut off all his business this time, almost half of his capital chain. Xing Yan hated him so much!

In addition to the old grudges of the last generation, it is not too much for him to take his life.

He was too careless.

Of course, Xing liehan's guess is wrong. Of course, he would not think that he was killed by another woman.

But at this time, in Xing liehan's mind, what flashed next was Tang Siyu in the hotel. If he was attacked, would something happen to her? Xing liehan's hand holding the gun quivered a little. If the group moved out in two groups, Tang Siyu would also be in danger.

Chapter 369

The more dangerous it is, the more distracted it is. However, Xing liehan can't do it, because it's Tang Siyu, the woman he wants to protect most. He must rush back to save her immediately.

Xing liehan doesn't want to wait for the other party to find him. He must take the initiative to get rid of all the killers and go back to the hotel.

Xing liehan's just shot also deepened the concealment of the other two ambulances in the dark.

They have time and Xing liehan.

However, Xing liehan had no time. When his figure flashed in the dark, a few sharp bullets swept quickly a second before he hid. Obviously, the other side had been paying half attention to his invisible position.

Xing liehan hit back in the direction of the bullet, and the bodyguards did the same, but they didn't hit each other.

Xing liehan's bodyguards made a move to protect him. He had to fight quickly. He didn't want to wait for a second.

If he stays in for another second, Tang Siyu will be in danger for another minute.

His mobile phone was just put on the car. When he came out, he couldn't get it. So at this moment, he didn't contact Tang Siyu at all. When he couldn't make sure of her safety, his mind was filled with the worst guess.

It almost killed him and made him crazy.

The bodyguard thought it was risky, but he did it. Xing Lihan turned over with himself as a bait.

Sure enough, once again, the gun rain came from a grass. The bodyguard seized the opportunity to shoot at once. When he heard someone snorting at that end, he must have been shot, but it was not the key.

Xing Lihan clenches his fist. At this moment, a chilling sound of breaking the air suddenly came from the place where his bodyguard stood behind him. When the bodyguard wanted to avoid, he was still a little late. The shell exploded beside him. In the fire, the bodyguard's body was thrown high by the air flow, and then fell, and he lost his vital signs.

And there, it's always the place where Xing liehan hid.

Xing liehan's eyes flashed a touch of indignation and pain, his clenched fist trembled slightly, his face was also full of ferocity and strong sadness.

At this time, the firelight rushed to the sky, the bodyguard's side, the hay burned up, reflected the red surrounding environment, Xing liehan's red eyes looked directly around, any movement could not escape his ears and eyes, because just now the enemy was injured, he immediately heard a suppressed exhaust sound behind a grass on the left, and the gun in his hand shot out accurately.

The sound of breathing turned into a howl, and there was no sound.

Xing liehan's figure flashed away from the side, where he was standing. With a loud noise, Xing liehan lay on the ground. He saw the man with the gun barrel on his shoulder. He crossed the road and wanted to enter the forest.

Xing lie's cold eyes gathered together a storm. The gun in his hand shot two accurately in the night.

The man was carrying something on his shoulder and couldn't dodge it. He was shot in both thighs. He fell down on his knees in a moment of pain. In the pain, the man crazily put two rocket launchers at Xing liehan's side. Xing liehan rolled out several meters on the ground, but he was still attacked by heat flow.

But he didn't take the pain into account. When the man was about to reload, he shot the man in the head at a distance.

The next second, Xing liehan's body stood up and moved, and in the place just now, several flames flashed.

Xing liehan solved three people directly, but he didn't know how many ambulances there were in the forest.

Xing liehan's mind flashed Tang Siyu's figure. These people have advanced guns and ammunition. If they really have to deal with Tang Siyu, then her danger can be imagined.

Xing liehan is worried about going crazy.

Even though he is still rational, his heart string is always on the edge of tension.

Xing liehan is going to take another chance. He is going to the truck. He is going to leave here and go back to the city.

Xing liehan didn't take so much into account. His mind was full of the possible dangers Tang Siyu might encounter. His figure rushed out of the woods. However, behind him, Ye Qiyuan couldn't believe that Xing liehan would take such a risk. He ran to the road, and the gun in his hand came out.

Xing liehan's left shoulder was shot through a blood hole in an instant, but he didn't turn back. Instead, he went to the railcar. Behind him, the last killer beside Ye Qiyuan killed his eyes. He saw his brother, one by one, dead in Xing liehan's hand. How could he let Xing liehan escape?

He chased out of Ye Qiyuan's side, hisses and roars and raises his gun towards Xing Lihan. Ye Qiyuan looks behind him, and his mouth sneers. There is a red eye killer who kills Xing Lihan for him, which is no better.

Just after Xing liehan arrived at the truck, he heard the sound of the air breaking behind him. Turning around, he saw a man carrying the rocket launcher in the hand of the dead man and shooting at the truck's fuel tank.

Xing liehan's face changes color. He immediately jumps away, but the fuel tank explodes in a few seconds. Xing liehan's body is in the heat wave of critical hit, and he rolls into a deep ditch nearby. His consciousness is in the dark. In the last second, he realized that he had a name: "Siyu..."

The red eyed man laughed, "dead, dead..."

But the next second, behind him, a bullet mercilessly shot into his heart.

Ye Qiyuan shot. He moved to check whether Xing liehan was dead. At this moment, he heard the sound of the car coming from afar. His face flashed a ferocious and unwilling look. He turned around and disappeared quickly into the black forest.

He thought that Xing liehan must not be able to live. He accepted the power of the explosion so closely, and he was shot in the shoulder. He must not live.

The sound of cars came from the side of the villa. The place where the accident happened was only a dozen kilometers away. The forest was ablaze with fire. The manager's staff came here to check it.

They saw a scene of tearing and killing, and at the same time, they rescued the men who were still breathing, but were bloodstained.

This person, who was a distinguished guest and rescuer of the Prime Minister not long ago, immediately informed the prime minister. The prime minister was on his way to the hospital at the first time, and Xing liehan had been sent to the nearest hospital nearby.

When Xing liehan was sent to the hospital, his expensive suit had blown out. There was a gunshot wound on his shoulder, and the bullet was still in his body. Looking at his explosive skin, in addition to his face, there was a more shocking blood mark on his chest.

It's a miracle that he can still live.

Chapter 370

In the hospital, a life-saving rescue with Yan Wang is in progress.

Tang Siyu waited until about 9 o'clock in the hotel. Although Xing liehan said that she would come back later, she was really anxious at this time. She was so anxious that she had some uneasy thoughts in her mind.

Once those ideas come up, they will be severely suppressed by her, and she will not allow herself to think about these things.

She picks up her mobile phone and dials up Xing liehan's phone. However, the end of the phone shows that it can't be connected. Tang Siyu's heartstrings quiver. Just then, the internal line of her hotel rings. She rushes to pick up the phone quickly with a happy heart. "Hello!"

"Miss Tang, there's something wrong with the boss. Put on your coat and we'll go to the hospital at once." That's the voice of Xing liehan's bodyguard.

Tang Siyu's head went blank. What happened to him? What happened? Serious?

Too late to pay attention to the fear in his heart, Tang Siyu rushed to the wardrobe, took a thick coat and put it on her body. She picked up her bag and came out of the hotel first. Soon, the two bodyguards left by Xing liehan came with dignified faces.

"Miss Tang, the car is downstairs." Said the bodyguard.

Protect her all the way to the elevator, Tang Siyu's heart hung to her throat, her voice line has a slight tremor, "what happened to the fierce cold?"

"He was attacked on his way back and was seriously injured. He was being rescued in a hospital." The bodyguard calmly told her.

Tang Siyu listens to finish, want to frighten faintly a few, but she helped lift metope, let oneself calm down forcibly, but her body is suffused with apparent quiver however.

After getting off the elevator, Tang Siyu's feet were not soft. Instead, she rushed to the door faster than the bodyguard to stop her car.

It takes an hour to get to the hospital. On the way, Tang Siyu sits alone in the back seat. In the front carriage, there are two bodyguards of Xing liehan. As the bodyguards of Xing liehan, they are entrusted with the important task of determining the safety of Tang Siyu.

Therefore, Xing liehan's attack also made them alert to people and things around them.

Tang Siyu tightly wringing his hands, holding back tears in her eyes, shouting in her heart, Xing liehan, you can't have an accident, you can't have an accident.

An hour's time, for Tang Siyu, the inner suffering is almost broken.

When she got off the car, she was escorted by the bodyguard to the front of the prime minister, and the ice blue surgical door next to her was still tightly closed. The red English on it showed that during the operation.

"Don't worry, Miss Tang. Mr. Xing won't have an accident." The prime minister consoled her in English.

"Do you know what happened to him?" Tang Siyu communicates in English. Even though her eyes are red, she knows that crying can't solve any problems.

"When my men found him, he was covered in blood, with a gunshot wound on his body and an explosion wound on his chest." The prime minister did not intend to conceal what she had told him. The original words were transferred to Tang Siyu's ear.

Tang Siyu's body finally broke down. She took a breath and tried to catch her breath. She looked like a person who was caught in the throat. Her face was white and frightening. Tears could not help falling from her eyes.

"Fierce cold..." She looked at the door with tears in her eyes.

For four hours, the door lamp of the operation was dark. People outside the operation were tense. Tang Siyu had calmed down. After experiencing her father's grief, her mind was stronger than before. She thought that no matter what the result was, she had to face it.

At the same time, she was thinking, do you need to tell the uncle and aunt in China now? Before the results of the operation came out, she said, it would only make them panic.

It's better to wait for the result of the operation before planning. Moreover, she has a strong expectation that Xing liehan will not leave the world like this, and he will survive.

At the moment when the door opened, several tired doctors came out and naturally reported to the prime minister, "Mr. prime minister, this gentleman's life has been saved, but the injury is too serious, so he needs to be transferred to the intensive care room."

In his early fifties, the prime minister immediately surprised Tang Siyu and said, "Miss Tang, you can rest assured that Mr. Xing's life has been saved."

Tang Siyu heard that just now. She just loosened the most tense string. She said to the prime minister, "thank you, Mr. prime minister, for saving his life. Thank you."

The prime minister shook his head and sighed, "I feel guilty when such a thing happens in my country. Miss Tang is relieved. Next, Mr. Xing's safety will be protected by my people and you will be escorted back home safely."

Soon, the nurse pushed out the bed. In the bed, Xing liehan was in a coma. She was wearing a ventilator and was covered with gauze. Half of the white gauze was still bloody red.

Tang Siyu's tears crazily squeezed out of his eyes. Seeing Xing liehan like this, her calmness and sense all disappeared, and only the pain and suffering that are hard to say.

After Xing liehan was sent to the ward, Tang Siyu put on a suit of anti bacteria clothes and sat beside him. At this time, Xing liehan needs to rest, and he also needs the people he loves. Since Tang Siyu knew this man, he had never seen his fragile appearance. Tang Siyu kept wiping his tears and biting his lips, making the cry silent.

She gently held his hand in his slightly open palm, just gently touched, did not dare to hold.

I'm afraid to get the wound behind him. She just heard that he fainted at the scene of the explosion. He can bear the power of the explosion at close range. It's really lucky that he can survive.

Now, most importantly, he survived.

Nothing is more important than this news. As long as he lives, she will stay with him, take care of him and give him her life.

Tang Siyu didn't know how many times her eyes were blurred, but every time they were blurred, she would immediately wipe them clean.

Her hand gently placed in the palm of his hand, without exerting any pressure, her eyes gently showed heartache.

If she can, she really wants to share his injuries for him, not let him bear such pain.

Suddenly, in the quiet ward, Tang Siyu's hand was gently held. She was surprised to see Xing liehan's quiet and sleepy face. His long curled eyelashes trembled a little, under Tang Siyu's surprise gaze.

The sleeping man opened his eyes.

"Fierce cold, you wake up." Tang Siyu is so excited that he wakes up? The doctor just said that he might need to wake up in a few days.
