

U. CEO Daddy 381

Chapter 381

A strong kiss hit, Susie almost can't stand it, the final result is breathless buried in the man's arms, a small face red to the ear.

She can't guarantee that next time, because the man's posture of asking for reward is too strong.

Wen lichen was in her boudoir at the moment. He had just tasted it carefully, which naturally made him hot and miserable.

Sushi's mind was clear for a while before she knew it was at home. She hurriedly pushed him away. "At home, don't mess around."

Wen lichen took a step back and looked at her timidly around her arm. Even if a very ordinary Pajama was worn on her, it could give him a kind of pleasant feeling. This might be the halo of loving someone!

No matter what she wore, it became the most beautiful existence in his eyes.

Susie was even more embarrassed when he saw her. She reached over to cover his eyes and said, "no more."

However, she was too short to cover. Wen lichen reached out to hold her hand, pulled her arms behind her, and instantly became her holding him.

His chest is close to him. Sushi is ashamed again. "You You let go! "

"When will you move back to my house?" Wen lichen asked in a low, hoarse voice.

"It depends!" Sushi can't always say that, I really want to, just think now! She's still a lady, so make face.

"I want you to move in tonight." Wen lichen leaned down slightly, his thin lips almost touching his ears.

The hot, warm smell, which was sprinkled on Susie's neck, made her hide for a while.

"Well then! I'll tell my mother Suzie didn't push too much, so he thought about it!

At home, there are parents doting on him, there are also his doting, anyway, where she doesn't care, and, parents mean, has not interfered in her love.

"There's a fashion dinner tonight. I'm going to take you to the party and officially disclose my identity and yours to everyone. You have no problem!" Wen lichen looked at her deeply.

Susie still looked at him nervously. "Tonight?"

She knew that the whole entertainment circle would come to the dinner, and her mood was still excited, which meant that her relationship with him would not be covered up.

"Well! Tonight. " Wen lichen reached out and pinched her chin gently. "I want you by my side."

"Good! Then don't regret it! If you announce that I'm your girlfriend, you can't be nice to other women any more! You're mine. " Susie held him by the waist and made a clear statement of his position.

Wen lichen knew for the first time that women's jealousy was so powerful. He narrowed his eyes and said, "which eye do you see me playing with other women? You are the only one in my eyes. "

"What about this life?" Susie asked, raising her eyes.

"All my life." Wen lichen promised that she would lean down and kiss her lips.

Susie is satisfied. She says, "OK."

Wen lichen sat down for a while and had a few cups of tea. Suxi packed it upstairs. Li Qian had no opinion. It was a young man's business to fall in love. She didn't want to interfere. The marriage of her eldest daughter was not settled. It was a good thing that her second daughter could get married.

Otherwise, it's all delayed to the old leftover girl, who is also worried as a mother! At her age, people hold their grandchildren. She has no son, and the children with daughters are satisfied.

Suxi picked up a few sets of clothes and came down. Because wenlichen's family has her complete set of clothes, you don't have to worry about not wearing them.

"Mom, let's go. You and dad should take good care of themselves and take good care of themselves."

"Well, go! I'll say on your father's side, don't worry about us. "

"Aunt, come to play at home when you have time." Asked Wen lichen.

"OK! Come and see you when you are free. " Li Qian smiles and waves.

Wenlichen's car came out and went straight to the road. It was not early. Wenlichen said to her, "let's go back first. Your dress has been sent to my house."

"Have you brought me a dress back from abroad?" Asked sushi in surprise.

"It's specially for you to wear tonight. It's domestic. I'm afraid of low bumpers." Wen lichen gives her a smile, which must be unique.

Susie chuckled. "You're thoughtful." Think of several times hit the shirt, she did not exaggerate enough because of the chest, leading to a lot of whole chest artists, have robbed her of the limelight, finally, was pK a pass, she stepped on a few feet.

Back at wenlichen's villa, sushi felt a sense of familiarity, as if she was the mistress of the family.

She really walked in slowly. Behind her, the man came and picked her up. Sushi put his hand around his neck and said, "what are you going to do?"

"Carry you upstairs." With that, Wen took her step by step and walked up the stairs to her cloakroom, where there was a model of a clothes rack, wearing the evening dress she was going to wear tonight. "Wow! How beautiful! " Susie couldn't help praising. The man's eyes had never been worse.

"Moved?"

"Well, I'm so moved."

"I'm moved. Do you want to do something to thank me?"

"Eh? What? " Sushi looked up at him. Next second, he was pressed by the man to the sofa next to him and kissed him.

When Susie was released by him, he breathed slightly. Is this man addicted to kissing recently?

God knows how much he missed her. Although he respected her and didn't ask for her before he got engaged, that doesn't mean he has to be a gentleman.

And tonight, there's an unexpected surprise waiting for her.

It's already five o'clock. Before the entrance of the dinner party, she has plenty of time. Wen lichen asked the company's makeup artist and assistant to help her dress up tonight.

Susie was sitting in her dressing room, with the dresser making up for her, the assistant ironing her dress, and a set of jewelry.

Wen lichen stood beside and stared at her, waiting for her to put on her make-up. He turned around and pushed the door to leave. He went back to his bedroom, took out a golden box from the drawer beside the bed cabinet. Inside, a pigeon sized diamond ring lay there quietly, shining brightly.

Wen lichen picked up the diamond ring in the box and put it into the pocket in his suit. Although it was very light, tonight, it meant a lot to him.

Sushi stood in front of the mirror, the white evening dress on her body, which is a kind of elegant evening dress, but at the same time, with a sacred wedding dress feeling, the ceremony feeling is very heavy, but it is just charming.

Chapter 382

Susie turned around, sideways. The man was already standing there waiting for her.

"Pretty?" Suzy asked him with a smile.

"Nice." Wen lichen did not grudge his praise. He held out his hand and led her out.

Su Xiqing comes out with his evening dress. Downstairs, Wen lichen's assistant and bodyguard have been waiting. In the center of the city tonight, there is a grand fashion dream dinner party, where famous first-line entertainers from the whole entertainment circle are gathered to witness.

Su Xi sat in the back seat of Wen lichen, looking at the neon and red street scenery around her, reflecting her beautiful and beautiful face, like a fairy who does not eat fireworks.

Wen lichen has been holding her hand, warm palm with a trace of hot, so that Suzy's heart is warm.

Even though it's winter outside, but the car, but warm as spring.

When he got out of the car, Wen lichen's bodyguard dressed him in a windbreaker, while another white and warm mink attacked him. He gently wrapped it around Sushi's body, held her tightly, and walked into the hotel venue with constant temperature.

Only here, there is a luxurious and imposing banquet scene, as well as a red carpet specially extended to the signature stage. Besides, there are also reporters present taking photos. As soon as sushi's heart strings tighten, their appearance attracted all reporters' shots.

Wen lichen holds her hand lightly and moves towards the direction of the red carpet. The flashing lights keep ringing around her, as if interwoven into a melody.

Sushi holds his hand tightly and waves to media friends from time to time. She has been invisible for several months. At this moment, the media's feelings towards them are naturally focused.

Susie signed his name. Next to her, Wen lichen took up his pen and signed his name right next to hers.

Sushi took a look at it. She couldn't help being sweet and loved by a man. It was wonderful.

The banquet hall is full of female artists, entertainment people and top people in the fashion circle. It can be said that they are full of jewels.

As soon as Su Xi and Wen lichen entered the hall, the air around them solidified for a few minutes. For a few seconds, everyone's eyes were focused on the pair. Last time, their newspaper news just flashed by, more of it was a private legend, and they were together.

And this scene in front of us is just to confirm the truth of the rumor? Susie and Wen lichen are together. They are in touch.

Among the female artists, there are also many envious eyes on sushi. I want to see what charm she has and how she can attract the young and handsome boss of Tianmu group.

Suzy's dress is also dazzling. I'm afraid it's not a masterpiece of ordinary people. It's beautiful, fashionable and elegant. However, her own beauty completely controls this evening dress.

"Mr. Wen, here you are. This way, please." The organizer immediately welcomed Wen and paid special respect to him.

Wen lichen holds his head slightly and leads sushi to follow him. There are artists close to sushi. She also greets her. But those artists look at her eyes and smile at her with more admiration and hypocrisy. It is inevitable that sushi has become the girlfriend of the president of Tianmu group, which is not a star and a half Point.

Besides, it's hard to have true friends in the entertainment circle, many of them are because of the communication relationship with interests tied together.

Of course, sushi doesn't want to give people a cold, gorgeous, arrogant and unfriendly image, which is not her style. Even if she is beside Wen lichen, she still acts as herself and maintains politeness.

Wen lichen tonight, naturally, is the biggest focus figure. As soon as he enters the door, how many female artists want to meet with him, how many are playing tricks in private, trying to make him notice themselves, and all these are shielded by men. Besides the necessary etiquette, he will not even give the right eye to others, except his women.

However, this does not mean that some female artists will not take the initiative to come forward. When sushi is drinking with the sponsor, there is a leading actress who immediately climbs up through several cooperation relationships with sushi.

She took Sushi's arm in one hand, and made an approach to her first. "Sishi, I haven't seen you for a long time! You are still so beautiful. "

Sushi sees Ye Yan as a first-line actress. She smiles and says, "I haven't seen you for a long time."

Yeyan pokes her head out from the side. "Hi, Mr. Wen, nice to meet you. I'm yeyan, your artist."

When she said this, yeyan naturally hugged sushi intimately and pretended to be familiar. When sushi was hugged, yeyan was able to show her full upper body. She must have been spitting up many times in the entertainment circle.

Of course, it's just not exaggerated.

Wen lichen swept yeyan's mind with only one sweep. He coldly held his head and said to Suxi, "I'll take you to meet some people."

In this sentence, Suxi has been taken away. Suxi is not stupid. Can't she see yeyan's mind? She quickly and politely took back her arm and said to yeyan, "excuse me." Ye Yan can't get back to her. The cold expression of Wen lichen just now shows that she has no interest in her.

But she doesn't lose at all to sushi when she talks about her position, her works, her acting skills and her looks. How could this happen? What kind of ecstasy did sushi give the big boss?

Su Xi and Wen lichen just did not take a few steps, then they met a female artist who had cooperated with her, "Xi Xi..." She came running to greet her like a butterfly.

"Hello, Xiaoya." Sushi responded with a smile, holding Wen lichen in his hand.

Wen lichen '

Wenlichen did not shake hands with his head, and sushi looked at the man beside him and said, "otherwise, go to see your guests first! I'll talk to my friend about the past. "

After that, Su Xi let go of his hand, and then he took Liu QiongYa in his arm. Liu Qiong Yahoo scared her eyes from Wen lichen. Su Xi knew that in recent years, she had more than 20 female artists she knew more or less. If everyone came to greet Wen lichen for her reasons, he would be bored to death!

He's not upset. She's upset.

"I'll see you later." Wen lichen's slender body was close to her for a few minutes. He leaned over and kissed her hair as much as he could, then turned away.

Sushi felt his love and watched him warm.

The envious eyes of Liu Qiong and Yadun on one side were hot. There was a kind of awareness. Wen lichen loved sushi and reached a state of love.

Chapter 383

At the dinner party, there was a lot of activity, clothes, and guests.

Su Xi is surrounded by several female stars who have usually worked together. Naturally, they come to learn from her. They all want to ask how Su Xi and Wen lichen know each other.

To this, sushi just laughed, she knew that in the entertainment circle, even if she inadvertently said a word, it would be magnified by hundreds or millions and spread to the outside, so she had better keep the relationship between them secret.

"Heathy, you are so lucky! You are the top performer of Tianmu group. I was with Mr. Wen before he became public. I envy him! " Some people speak sour, as if sushi had worked hard to figure out the whole body before he took Wen lichen down.

Su Xi light smile, "meet is a kind of fate."

At this time, Su Xi saw two women nearby, staring at her with a jealous look. Su Xi took a look. Who else could be her sworn enemies Ye Lala and Huang Xiangyao?

However, it is thanks to the "help" of these two women that she made a fool of Wen lichen several times. However, the advantage is that her relationship with Wen lichen is gradually warming up.

But Susie would never thank the two "matchmakers" for their unscrupulous ways that made her so ugly and disgraced.

Su Xi's eyes just stare at them. At the moment, ye Lala and Huang Xiangyao both feel a cold behind them. They hurriedly and flurried down their eyes and dare not look at Su Xi directly.

At the moment, they regret very much. They regret the previous design that framed Susi. It seems that as long as Susi sits in the position of the wife of the president of skyscreen group, where is their place in the entertainment circle?

Huang Xiangyao and ye Lala, while carrying Suxi on their backs, both looked at each other and felt a sense of fear for the future.

The two men walked to the quiet balcony from the crowd, and ye Lala said with clenched teeth, "I didn't expect that Su Xi even seduced Wen lichen."

"It turns out that last time she threw out the red carpet, our push helped her to find a sense of existence in front of Wen lichen. I didn't expect that such a handsome and young man would be the big boss behind Tianmu group. I regret to die." Huang Xiangyao was so angry that he wanted to chop his feet.

Ye Lala's eyes flashed with hate. "If we really want Susi to be the president's wife of Tianmu group, then we will have to get out of the entertainment circle, and what good resources will fall into our hands?"

"No, Susie is not a generous person. She is a vengeful villain. Who knows what she will do to us when she has power and power? Maybe she will kill us directly." Huang Xiangyao is also worried.

The more they say it, the more hopeless they feel about their future. They both face each other bitterly and see each other speechless.

"What can I do now? Are we going to watch her sit in the position of president's wife? " Huang Xiangyao said.

"Of course not. We can't sit there waiting to die. Sushi just relies on a beautiful face to catch Wen lichen's heart. Does Wen lichen really love her so much? I see through the man, I don't believe his heart, only her alone. "

"Then what are we going to do?"

"Of course, a little action should be taken to break up the relationship between Suzy and Wen lichen. It's better to let them break up." Ye Lala narrowed her eyes tightly, and her eyes were full of resentment.

Suxi was dealing with several familiar artists, only heard the voice of the host, "thank you for coming to our dinner party tonight, so that we have such a wonderful night. Next, we are honored to invite a VIP. He is Mr. Wen lichen, the president of our Tianmu entertainment group, and also one of the organizers of our party Come down, ask him to come on stage to say a few words for us, applause please. "

In a burst of warm applause, Wen lichen's slender and elegant figure stepped onto the stage, and the host was already a handsome and charming man. However, his presence on the stage made the host on the stage dim, as if he had no sense of existence.

Because everyone's eyes are on the man who is the highest in the entertainment circle. Only he can attract the following guests' eyes.

Susie stood in the crowd, like everyone, looking up at the man. At this moment, please allow her to have some small vanity and pride, because the man will belong to her.

Wen lichen's eyes looked around the faces under the stage with a smile. At last, they fell on Suzy's face. They became more and more tender. Their eyes were deep and tender, which made everyone know who his eyes were.

Sushi's eyes drooped with shame. When he looked at her, she became the focus of his eyes.

Wen lichen's low magnetic voice opened, his unique voice line, like a big string sound, makes people intoxicated, like the spring breeze.

After finishing some opening remarks, wenlichen's eyes suddenly became very serious. His eyes fixed Suxi's figure in the crowd. He said to her, "next, I want to invite a person to the stage. Suxi, come up!"

Sushi was suddenly named by him. Although she was not shy at such an occasion, she was still shy for some reason. She carried her skirt and stepped onto the stage step by step. Around her are the envious and envious eyes projected on her. Some people are almost blinded. Ye Lala and Huang Xiangyao are the most prominent ones. Watching her go to wenlichen, they are going mad with envy.

Sushi came to the stage and was puzzled. Let's step down after he finished his speech! Why call her up alone?

Su Xi has just arrived at Wen lichen's side. Wen lichen's hand reaches out, and she naturally holds it in the past. He gently holds it and pulls it to his side.

Sushi looked at him with curious light in his eyes. When he didn't know what he was going to do, Wen lichen, who was standing beside her, knelt on one knee with a long body, his handsome face slightly raised, and his eyes gazed at her affectionately.

This sudden scene stunned everyone, even Susie herself. Her mind was a little blank.

At this time, Wen lichen has a dazzling and charming diamond ring in his hand. He holds it in his hand, and the light refracts on it, like a dazzling star, which makes everyone stare at it.

"Miss Susie, marry me!" Wen lichen's voice is affectionate and full of expectation.

Sushton covered his lips in surprise. He couldn't believe the surprise. He proposed!

In front of so many guests, he proposed to her on one knee. With such a grand ceremony, an enviable man, Suzy forgot to say anything.

"Xi Xi Give me some face and promise me. " Wen lichen chuckled and begged her.

This sentence shocked the audience again, as if it meant that Wen lichen was the one who pursued, and he was pleading with sushi to marry her.

Suzy finally burst into tears. She pulled him up, opened her arms, and hugged him tightly. Then, in a very clear voice, she replied, "yes, I will marry you."

Wen lichen raised a happy smile at the corner of his mouth and held her tightly in his arms.

And off the stage, I don't know who clapped first. All of us celebrated together, although most of us didn't really mean it.

But who dares to offend Wen lichen?

Naturally, at this time, I wish sushi well, but I don't know how many female artists' hearts have been broken. I thought there was a chance. Now, there is no chance.

Chapter 384

Sushi was holding her for a long time, and then she felt the peace around her. She wiped her tears and took a step back from Wen lichen's arms. She lowered her head and looked at the proposal diamond ring on her ring finger. Her heart seemed to be wrapped in a thick layer of sweetness.

Wenlichen took her hand, took her off the stage together, walked into the crowd, and heard a congratulatory sound coming from four weeks. Sushi was slightly buried in his chest, and wenlichen was there. Even if these people were not sincere wishes, they did not dare to show them.

Wenlichen led sushi into a quiet rest room and closed the door. Before sushi could respond, the man hugged her, clasped her back head in one hand, raised her chin and kissed her gently with thin lips.

Susie's heart is pounding. It's not good! There was still such a lively banquet outside, and here, she was blocked here and kissed by him, which made her head tonight, except blank or blank, all thoughts and breath were taken away by this man.

Until the end of the kiss, Suzy's strength was also taken away. She snuggled up on wenlichen's chest, panting slightly and blushing.

"You Why don't you give me a hint earlier? You make me panic! " Suzy said, looking up and complaining.

"What am I panicking about?" Wen lichen chuckled.

Sushi didn't know why, but she was really at a loss just now. She looked down at the diamond ring and said, "it's so beautiful. I like it." As like as two peas, Wen Lichen,

, took her hand and admired the diamond ring he chose for her. He was very gentle and judo. "This is just a diamond ring for marriage. You wear it first. When we get married, we will have exactly the same couple."

"Well!" Susie nodded and smiled happily and contentedly.

Wen lichen bent down, and couldn't help but brand her red lips. "You are so beautiful tonight."

"You're handsome tonight, too." Susie gave a reply.

"Let's leave soon! Anyway, the purpose of my coming here today is to let everyone witness my proposal to you, open our relationship and let others know that you are my woman. "

Suzy didn't want to stay. She took his hand and said, "let's go! Let's go out and eat. I'm hungry. "

Wenlichen and sushi came out of the lounge and went all the way down the side corridor. They never went back to the meeting.

But tonight, all the media reporters witnessed Wen lichen's proposal. The live broadcast almost rushed to do the first broadcast. In a short time, the news spread out.

Tang Siyu is in the villa. After bathing the little guy and letting him watch TV for a while, she picks up her mobile phone and watches the video for a while. She directly sees the live broadcast of Wen lichen's proposal to sushi.

Tang Siyu's surprised mouth rises. It seems that her good sister will step into the palace of marriage before her. Tang Siyu is looking hard. Behind her, Xing liehan's figure unconsciously stands behind her, holding the sofa and watching the video with her.

Tang Siyu didn't find that he was behind him because he looked seriously, until a deep male voice of lengbu Ding came into his ear.

"Envy?"

Tang Siyu is frightened. Looking up, he sees Xing liehan sitting beside her with a smile and reaches for her.

"Envy!" Tang Siyu laughs. She can see that Wen lichen really loves sushi. Her good sister is happy. Of course, she feels the same happiness.

"If you like, I can propose to you tomorrow." Wen lichen laughed. He had been waiting for the day, as long as she nodded.

Tang Siyu looked up at him. "It's just a ceremony. I don't pay much attention to it. Will you wait until Qiu Lin's business is finished?"

Xing liehan didn't force her. He knew that Qiu Lin didn't fall down in one day, and she didn't have a day of relaxation in her heart. Instead of letting her accept the proposal with a lot of worries, he would wait until she solved all her thoughts, and then he proposed to her.

The two continued to watch the video, and Tang Siyu also found an opportunity to make a phone call to sushi. The two sisters had a good talk for a while, and sushi finally found a pair of portraits that could chat at will, and then gave a talk about the excited and flustered mood on the stage.

On this side, don Siyu listens, smiles and excites with her.

"Heathy, I'm waiting for your wedding wine." Tang Siyu can't wait.

"It's still early! There's a lot to do next! " Su Xi laughed, because next, there are two elders to meet!

"Well! Hurry to give birth to a playmate for my son. He has been looking forward to it! " Tang Siyu urged with a smile.

Then Suxi laughed, "OK, it depends!"

The two sisters have been cooking telephone porridge for half an hour. By 9:30, they have to go to bed with the little guy, and then they have to hang up. They have time to meet each other.

Tang Siyu takes his son to bed first, Xing liehan is later. When it's not too late, he will come to sleep with his two mothers and sons. If it's too late, he will choose to sleep separately without disturbing them. This evening, wenlichen took sushi back to his villa. Although the proposal was successful, wenlichen was always a gentleman. He didn't have to force sushi to sleep with him. Sushi also wanted to give herself some time to calm down. This evening, wenlichen branded a kiss on her forehead and went back to his room.

In the dim yellow light, Susie looked down at the diamond ring on her hand for a long time, but she did not sleep. She knew that this man was her.

Early morning.

Tang's group and Qiu Lin got the news early last night. Tang Siyu asked for a financial report of nearly one year's expenditure. She was so angry that she called the general manager of the financial department.

"How do you do it! How can you let don Siyu take the opportunity to leave our company's financial statements? " Qiu Lin angrily scolded.

"I'm sorry, Mr. Qiu. I didn't know that Tang Siyu would ask my men to print reports for her while I was away." Liu Sheng was scolded to be bloody, but also very helpless.

Qiu Lin knows that as long as Tang Siyu is willing to ask for these reports, she will always have a way to get them. Thinking that there are more than a dozen unknown accounts in the report, she will be very big. She only hopes that Tang Siyu is a new comer in the business world and can't see anything. However, if she shows it to Xing liehan, it's not necessarily.

"Damn it, I shouldn't have let her in at first." Qiu Lin clenched her fist angrily and felt regretful.

"Mr. Qiu, you can't help yourself. Those accounts are perfect. She can't see anything. Besides, there are so many clients. She can't tell which are shell companies and which are our real clients." Liu Sheng consoled.

As soon as Qiu Lin heard this, she was angry again. "She is in charge of the business department now. Our customer list is in her hands. Can't she find it out? Now I only ask her to take a look, not to do something. "

Qiu Lin bit her teeth. "It seems that we have to find a way to get her out. She can't stay in this company."

"Why don't Qiu Lin open the board of directors and join hands to remove her rights?" Liu Shengjian said.

Chapter 385

Qiu Lin's eyes brightened immediately. "Yes, I can join with those of the board of directors to protest that she is in this position. With her qualifications, she is not qualified to sit in this position. Besides, isn't there any loss recently? It's all on her head. Let the board know that she can do nothing but bring losses to the company. "

Liu Sheng saw that she was happy. He immediately added, "yes, that's it. Mr. Qiu, you are so wise."

Qiu Lin glared at him, "isn't it something you did? Go back and fire your useless man. I don't want to see him again. "

"OK, right away. I'll let him go in a minute."

"Better be so." Qiu Lin's eyes narrowed in hatred, that is, Tang Siyu wanted to fight with her. Then, she is a little girl who doesn't know anything. Can she fight her? Hum! Jokes.

Qiu Lin wrote the e-mail of the board of directors immediately. Just three days later, she would invite a board meeting. Although she talked about the daily situation of the company, such frequent meetings would make some board members smell some sense of crisis.

Tang Siyu also received this email. Her heart was slightly strained. It seems that Qiu Lin knew that she had printed the financial expenditure report. Is she ready to deal with her?

She has to see how she deals with it. Tang Siyu is also waiting for this board meeting, because it's not her stepping down, it's Qiu Lin stepping down.

When Han Yang came to send the materials, Tang Siyu told him about the board of directors three days later. Han Yang said with a smile, "Miss Tang, don't worry, I'm almost clear about it. In one year, at least 200 million financial expenditures of Tang's group are unknown, and eight shell companies have been applied. Since Qiu Lin took office, the unknown expenditures have reached one So don't be afraid of her. "

"Thank you, Han Yang. Thanks for your presence." Thanking Tang Siyu seriously.

Han Yang smiled and said, "I'm very happy to help you and Mr. Xing."

Tang Siyu and Xing liehan make a phone call, and Xing liehan comforts her there, so that she doesn't have to worry, just to welcome the board meeting three days later.

Tang Siyu has settled down. As long as he is here, she is not afraid of anything. Moreover, she is very glad to finally usher in this day. She can finally fight back against Qiu Lin and hope to take back her father's company.

Xing liehan stands in the office, he ponders a little, he presses a string of phone, let Han Yang send the body share of all shareholders of Tang Group to him.

These shareholders are all Qiu Lin's subordinates. If they don't buy well, I'm afraid they will talk directly to Qiu Lin in the board of directors. But this time, Qiu Lin has committed the crime of commercial theft, so she must be pulled down from the position of director with this move.

So the decisions of these shareholders are very important.

Xing Lihan soon received the identity of the other six shareholders of Tang Group. Xing Lihan pressed the inside line and asked his assistant to immediately press the line. He invited the six shareholders to meet together.

At 3:00 p.m., when the shareholders who received the call were somewhat surprised to be summoned by Xing liehan, they drove to a club meeting room booked by Xing liehan one after

another. They dared not push the meeting because of Xing liehan's identity, which was absolutely enough to attract them.

In this society full of benefits, what can make them more attractive than benefits?

In addition, Tang's group has been losing money for years, and they have long wanted to find another way out. Therefore, they will never miss the opportunity to gather with such business tycoons as Xing liehan.

As soon as Xing liehan changed his usual high cold posture, he smiled at the six shareholders who were not young. "Good afternoon, everyone. My name is Xing liehan. I want to talk to you about something."

"Mr. Xing, you're very kind. We've heard about your name for a long time. We've been thinking of meeting you sometime!"

"Yes! It's a great honor for us to have your invitation. "

"Mr. Xing, if you have any orders, just let me know!"

Xing liehan looked at the faces and faces of the shareholders of Tang's group, and knew that they were absolutely easy to close. He took a sip of coffee gracefully, "that's it, I'll be straight to the point, don't go around the corner, you should all know that Tang Siyu is my woman, and now she is the second largest shareholder of Tang's group."

"Yes, Miss Tang is so excellent. She and you are a perfect match!"

"Not really? Miss Tang is capable and beautiful. Xing is really lucky! "

Although it's some compliments, as long as it's related to Tang Siyu, Xing liehan likes to listen. He chuckles, "thank you for your praise. Indeed, she's my favorite woman, but what I'm going to say next may interest you more."

"Please tell me, Mr. Xing."

"Siyu once asked the finance department to make a financial expenditure report a few days ago. She found that the expenditure of Tang Group was flawed. She opened several shell companies outside to launder money and make accounts. The expenditure that evaporated directly from the accounts amounted to 200 million yuan."

"What? Is there such a thing? "

"Who did it? Who dares to steal the company's money so honestly? ""Yes! Now Tang's group is in the state of loss, who dare to be so bold, dare to steal money, too unreasonable. "

This group of shareholders immediately panicked, not only panicked, but also very angry, very angry. They must have a share of the money, but now the annual dividend is not much, and even heard that someone is spending the company's income, it's very angry.

"You don't want to know who is in charge of the company now? Do you think a general manager of the finance department has the courage to steal so much money? "

"The company's finance has always been manager Qiu's, so Liu Sheng is her dog leg. She said one is one, and two is two."

"Is it Mr. Qiu?"

"It must be her. Qiu always steals the company's money on our back."

Xing liehan chuckles, "Congratulations, you guessed it. Qiu Lin stole the money. Since she took office, the total expenditure has been about 150 million. When you can't share the benefits, she doesn't put you in her heart, let alone in your eyes. Are you willing to have such a director?"

"It's so disgusting. She bullied us and didn't take part in the company affairs. She even played us this way."

"No, no wonder I said last time that I wanted to go to work and do an idle job, but she refused. It turned out that she was afraid that we would find her secret in the company!"

"Thanks to Miss Tang finding out all this and letting us know the truth, I think that Miss Tang is the best person to be the president of Tang Group and also the director general."

Chapter 386

"Yes, we'll listen to Miss Tang later."

Xinglie's cold face also said seriously, "in the future, Siyu will be my wife, and Tang Group will become my branch company. I can guarantee that it will double every year. By then, each of you will make a lot of money."

This sentence is undoubtedly their favorite. Everyone's eyes are bright. If Tang group can become a subsidiary of Xing group, it is definitely not a loss!

"President Xing, we absolutely support Miss Tang!"

"Yes, Tang Group has your support behind it. What are we afraid of?"

Xing liehan looks at the excited look on their faces. He smiles slightly. "Good, I'll be relieved with your words. So, at the board meeting of Tang Group in three days, you should know how to do it. At that time, Siyu will ask a lawyer to sue Qiu Lin for embezzling public funds. At that time, you will work together to push Qiu Lin out of power and the future of Tang Group Give it to me! "

A group of shareholders of the board of directors couldn't get it. They all agreed. This time, they absolutely stood on Tang Siyu's side. They had no two hearts. Moreover, even if they had two hearts now, they didn't dare. They offended Xing liehan. What else can they mix in the future?

After the secret meeting, Xing Lihan told Tang Siyu about it, so that she didn't have to worry and let go.

Tang Siyu came out with Han Yang at 3 p.m. to meet two professional business crime lawyers. After submitting the evidence, the lawyer was also very confident. He could push Qiu Lin down from the position of president and director. At least, Qiu Lin would be involved in a series of economic disputes. At that time, Tang Siyu could become the acting director and President, while Qiu Lin could not be a suspect Deal with company affairs.

As long as Qiu Lin's criminal evidence is true, she will face the disaster of commercial crime imprisonment. At that time, Tang's group is about to fall into financial crisis. However, the best way is that Tang's group immediately chooses to be acquired by Xing liehan.

In the afternoon, Qiu Lin also found Xing Yan's office because of this incident. She was worried and worried. Xing Yan was in a bad mood at the moment. He had never thought that Tang Siyu might overturn the case and hold 30% of the shares of Tang Group in an instant.

Nowadays, Qiu Lin holds the most shares in Tang Group, but if something happens, the fate of Tang Group is hard to predict.

"Xiao Lin, I have a proposal. I think we can sign a contract immediately to let Xing group and Tang Group merge separately secretly. In this way, what happened to Tang Group will not involve my company, at least we can keep my company intact."

When Qiu Lin heard this, she immediately looked at Xing Yan angrily, "what, it's time for you to share mine with you? I'm in trouble. If you don't help me, you'll get out of here. "

"It's not that I don't want to help, but that I always have to preserve my strength, so that I can reach out to help. Otherwise, the two companies will drag us into the water together, which is really over." Xingyan comforted.

Qiu Lin heard that there was still some truth. This time, she felt a kind of foreboding. Tang Siyu must have held up any evidence of her in his hand, just afraid that she might do something.

"All right! Share it! " Qiu Lin had to agree.

Therefore, Xing Yan asked the assistant to select two contracts at the first time. At the beginning, they only signed the agreement together. Therefore, this time, no outsiders are needed, only their signatures are needed, and the contract is also effective.

Seeing Qiu Lin sign the contract to give up the merger, Xing Yan feels relieved. Now, Qiu Lin has no original use value in his eyes. She is just a mud Bodhisattva who cannot protect herself.

"Xiaolin, you are in charge of the company. I don't think there's any trouble with Tang Siyu." Xing Yan locks the contract into the safe and comforts her.

Qiu Lin sighed. Now, she is really afraid. Tang Siyu is not easy to deal with.

"A Yan, you promise me that no matter what happens to Tang Group, you must stand on my side and help me." Qiu Lin pleaded.

"Good! I will help you, I will. " Xing Yan promised well, but he didn't think so in his heart. If Qiu Lin was in trouble, he would put his foot around, and he would not be foolish to take the money to save her company.

In the afternoon, sushi was at home watching the replayed video, watching herself holding Wen lichen on the screen. At that time, she could not see the man's expression at all, but now, in several angles, she could see clearly.

See the tenderness in his eyes, see the love in his mouth, her heart is warm, a sweet love surrounds her.

At this time, her cell phone rang, she picked up a look, is sister, she picked up with a smile, "Hello! Sister. "

"Congratulations, hi, I saw your video. He really loves you." The voice of Suqin came, happy for her.

"Well, thank you."

"My parents finally agreed with you to marry him. When can I have a wedding party?"

"It's still early! Let's meet the elders of our two families one day first! Elder sister, you must be at home and attend the meeting between our two families. ""Good! I'm sure I'll be back. I'll be home next week, and then I'll ask for ten days' leave to stay at home with you Suqin said with a smile.

"Good! But it's settled! But elder sister, don't try so hard, you should find a man, too. "

"I have no time! I can't finish my work, but I'll be promoted soon. "

"Where did you go?"

"May go to the presidential palace!" Suqin smiled.

"Wow! Sister, then you can see Mr. President every day? " "How handsome the president of our country is!" said sushi! I'm his fan. He's only thirty this year! Not married yet! Elder sister, you are happy! I adore you. "

"Nonsense! I'm really going to do this job. I'm not happy because of the pressure! " Sue sighed.

"At least you can face Mr. President every day, sister. Do you want to make sure that Mr. President will be my brother-in-law in the future?" Sue joked at her.

"Come on, your sister, I can't be so lucky. I've been in politics for four or five years! I don't even have the qualification to be close to him. When I had several meetings, I looked at him from afar. Do you think he was close? "

Sushi also thought that the joke seemed to be a big one. She said, "Oh, when you come back, let's get together."

"Well, I'll be back as soon as I finish my work. I won't miss your good day." Suqin promise.

"Well! OK, I'll wait for you. "

When the two sisters had finished talking, Susie breathed a sigh. Now, she began to worry about her sister.

Chapter 387

In the evening, after a busy day, Tang Siyu finished dinner with Xing liehan and Han Yang outside. When she went home, she was so tired that she fell asleep in Xing liehan's car.

Now it's 9:30 p.m., Xing Lihan calls his parents ahead of time, asking them to take the little guy to bed first, and not take him back to the villa tonight.

At the moment, Xing liehan's speed has also decreased a lot, and he is not in a hurry to go back. Looking at the girl who is tired to sleep under the street lamp, he is extremely distressed, and it's hard for her.

Back in the courtyard of the villa, it's almost ten o'clock. Xing liehan stops and comes to the front passenger seat. He plans not to wake up the sleeping woman and carry her upstairs.

Tang Siyu also slept heavily. Xing liehan reached out to pick her up. She didn't find out yet, but fell asleep more comfortably in his arms.

Xing liehan runs her all the way into the room. Because of a serious injury, his steps are very heavy.

Tang Siyu was confused, but also a little awake. When she was gently put on the bed, she woke up, opened her eyes, and saw the ceiling.

She turned her head and saw the edge of the bed. The man was smiling at her with his head down. "Why don't you sleep?"

"You You brought me up? " Tang Siyu sat up in a hurry. "But your wound is not complete!"

Xing liehan felt that his strength was not enough just now, but he could hold on to her.

"Nothing!" Xing liehan shakes his head and doesn't want her to worry.

"Let me see your chest." Don Siyu dare not relax. He has a wound on his chest and a gunshot wound on his shoulder. No matter how thin she is, she is also a man of more than ninety Jin. Is it really OK for him to hold her so? She didn't believe it.

After that, Tang Siyu kneels on the bed, his slender arm loosens, unties the suit outside him, and then unties the button of his shirt. Xing liehan doesn't move, but enjoys her service. After watching her sleep, her skin recovers elastic collagen, full of pink and tender breath, which makes him lower his head and nibble on her red lip.

Tang Siyu is confused by him. At the moment, she is most worried about his wound. When she unbuttoned her shirt, she saw that there was a slight blood mark on the gauze of the gunshot wound on his shoulder blade. Her heart string tightened and she said that it was OK. She was bleeding.

"Why don't you wake me up?" Tang Siyu is in a hurry. He shouldn't have picked her up.

"It's just a little blood. Don't be nervous." Although Xing liehan felt some pain in the wound, he didn't want to care.

Tang Siyu's eyes were slightly red, and buttoned up his shirt, "you You can't do that next time. "

Then she got up and said, "I'll take it apart for you later, wipe it and wrap it with gauze!"

"Why don't you give me a bath first?" Xing strong cold hook lips a smile, he now by oneself has the injury, bathes this matter, may ask her.

Tang Siyu thought of his wound, but did not refuse, "OK!"

"Wash together." Xing liehan pulls her, asking for more.

Don Siyu quickly drew his hand. "Don't think about it at this time. The doctor said that you can't use your strength now..."

"That doctor's nonsense. Who says I can't use my strength? Shall I try it for you? " Xing liehan was really angry. On his way back, the doctor thought they were husband and wife, so he told him that they should not have bed exercise for at least two months.

God knows how complicated his mood was when he heard this sentence!

Don Siyu dare not make fun of it. He is so hurt this time. If he doesn't take care of the injury, she won't feel at ease.

She gave him a light white look. "Don't be kidding. Take care of the injury first, but I'll give you a bath."

"But I I've had a good time! " Xing lie said hoarsely, "aren't you afraid I won't lift it? It's about your happiness for the rest of your life. "

Tang Siyu bit his lips and said firmly, "that's not good either."

Half an hour later, Tang Siyu came out of Xing liehan's bathroom with a pretty red face, while the man around the bath towel came out with a smile of satisfaction in his deep eyes. He didn't expect that Tang Siyu gave him such a surprise.

In any case, he is now in a good mood, feeling more beautiful than ever.

When Tang Siyu returned to her room, her face was hot for half a day. This was the first time she helped him

In the evening, Xing liehan doesn't have a little guy in the middle. He can take her side and hug her to sleep.

Because Qiu Lin is about to be pulled, Tang Siyu has such a dream in her dream. She dreams of her father and mother. She thinks that she can finally let her father rest in peace.

Early morning.

Xing liehan accompanies her to have breakfast in xingzhai. Tang Siyu accompanies the little guy to have breakfast. At nine o'clock, the little guy is sent to school. Xing liehan accompanies Tang Siyu to come out.

When Tang Siyu came to Tang's group, Qiu Lin's internal line came in and asked her to meet her. Tang Siyu is not afraid of her. She pushes Qiu Lin's office away. Qiu Lin looks at her with a smile. "Siyu!"! What have you been up to lately? "

"Every afternoon's work report, isn't it all for you to see?" Tang Siyu gave a light reply.

Qiu Lin immediately changed her face and asked her, "I heard you printed a one-year expense report from the financial department. What do you want to use it for?"

"Nothing. I just print it out." Tang Siyu said calmly.

"And do you see anything?" Qiu Lin's eyes were fixed on her.

Don Siyu looked up at her. "Are you afraid I can see something?"

Qiu Lin was not sure what she meant. She just laughed, "I don't think it's a problem. I always pay close attention to finance. So, how do you do business department! Don't interfere in finance. "

Tang Siyu turns around and wants to leave. Qiu Lin looks at her back and warns, "Tang Siyu, I allow you to work here, but I don't allow you to come here. Next time, don't be more serious about things outside your work scope."

Tang Siyu just didn't hear it. She pushed the door and left. Qiu Lin's eyes were tense. She couldn't guess. Tang Siyu took the expense report and wanted to do anything!

Does she really have to just look at her spending? Or what was she thinking?

Qiu Lin sits on the seat. She immediately greets the major shareholders in advance and asks them to jointly drive Tang Siyu out of the company tomorrow. Those shareholders are inspired by Xing liehan in advance and naturally respond to Qiu Lin's words.

Qiu Lin made all the phone calls one by one, and then she breathed a sigh of relief. As long as she joined hands with all shareholders to cancel Tang Siyu's job tomorrow, she would not have to worry about it.

Chapter 388

Now, all shareholders are on her side. Tang Siyu is helpless. She is bound to leave the company. Moreover, she has already thought about making a recent loss report, which will be put on her tomorrow.

In Wen lichen's home, Susie has become her own nest. She has never been so idle since she entered the entertainment circle. She is so idle that she doesn't know what to do.

It happened that she didn't get together with Annie and millet in some time, so she invited some of their assistants to come here for lunch while Wen lichen went out to work.

A group of assistants have seen it, but when they came into wenlichen's villa, they were still cheering.

"My God! It's a wonderful location. It's the best view! "

"This painting is authentic! The words of authentic products are several hundred million! "

"This half of the mountain is his!"

"Sister Xixi, you are happy! You are simply our lucky goddess. "

Annie sat quietly beside sushi, enjoying the tea she had made for her, and asked, "if you don't come back to work, we'll all drink from the West and the north. I can't help bringing you out. You're going to get married now and hang us aside."

"Sister Anne, I'm sorry! I didn't mean not to take the job, but he didn't want me to take it. " Susie was helpless, too. Wen lichen didn't allow her to take the play now.

Annie said so, but she was blessed by her heart. "Well, I'll bring a new man out in a minute. You can be your president's wife at ease!"

"You're bringing a new man?" Suzie was slightly surprised.

"Well! I've got a girl, who is very good and promising. I just signed in to the company. " Annie nodded and turned to a picture of a new girl with her mobile phone. The girl really looked pure and cute, and she had a face of the hostess.

Suzy also knew that because of her own reasons, there was no source of income in her studio, so she had to say, "sister Annie, then you take the new man well! If there is any chance in the future, I will fight for her more and let you earn more. "

"Well, I'll be happy if I have you. I'm still waiting for you!" Annie smiled, relieved at last.

"However, I will take a few advertisements in the future and leave your company so that you don't starve." Susie doesn't forget her roots either.

"Really? That's great. What else is there besides advertising? "

"There is also a mythological script, which Wen lichen allows me to shoot. Maybe it will be around next spring."

"I knew you wouldn't give up acting. You are a born actor. Even if you have Wen lichen, don't give up your dream."

"Well!" Susie nodded. She didn't want to be a full-time wife. She would also want to pursue her dream.

In the general office of Tianmu group, Wen lichen has been working a lot recently, and he has been in the office for a long time.

He is signing several scripts that have just been sent back from abroad. When the internal line rings, he reaches for them and says, "Hello!"

"Congratulations on seeing you engaged." There was a quiet woman's voice.

Wen lichen's grip on the phone was tight.

The woman smiled. "May I come to your engagement party?"

"You'd better not come." Wen lichen responded lightly.

"Why? As we said, breaking up is still a friend, not an enemy. " Women's voice is especially soft, as if a spring water, so that men listen, will be soft from the bottom of their bones.

"No, you can live your own life. Don 't disturb me." Wen lichen's voice line is particularly cold.

"No, I'll come. I'm bored recently. I always want to go back to your country. I haven't had a chance. This time, I'll take part as your guest and won't cause you any trouble." Finish saying, that end woman then hangs.

Wen lichen's face tensed a little. He put down the phone. There was some anxiety in his brow.

No one's past is as blank as paper, so is he.

The girl just now is part of his past.

Wenlichen didn't want to read the script any more. He picked up the car key and went out. At this time, he wanted to go home to see Suzy.

He has been busy recently, and he tries not to ignore her. As an artist, sushi can do all she can, which is probably her acting work. Therefore, she has not been able to participate in his work.

Sushi had just cleaned up the house, and it took her more than an hour. Because the villa was too big, and she didn't like to have servants come in to clean up, so what she could do was to try to do it by herself.

In the yard, there was the familiar sound of the car. When she heard it, she began to smile. It was he who came back.

When susila opened the door, she ran down the stairs. Excited, she forgot that there was an air conditioner in it, but it was a cold winter outside. She was so busy that she froze for several seconds.

Between going back to get her coat and seeing the man, she struggled for only a second, and went straight to the yard. Wen lichen's suit was also covered with a black windbreaker. When he saw Susie coming out in a sweater, his face flashed a little worried, and he wrapped the woman tightly in his arms in a few steps.

"Why don't you come out without a suit? Do you want to have a cold?" Wen lichen gave a stern rebuke.

Susie blinked, and looked at him pitifully and wrongly. "I forgot. I want to see you."

Looking at her small expression, where is Wen lichen angry? Quickly took off the windbreaker and put it on her, then bent down, picked her up horizontally and carried her back to the hall step by step.

Sushi smelled the special taste of him, and his smile was sweet. Even if it was frozen once, he was satisfied.

As soon as she entered the hall, Susie came down, smiling and hugging his neck. "Why are you back so early today?"

"I miss you." Wen lichen gently wrapped her nose, "I should accompany you more."

"It's OK! You have a job! I'm fine at home alone. " Susie laughed and put her arms around his waist. "I'll wait for you."

As soon as Wen lichen's heart warmed, he leaned down and hugged her. "I'll arrange a meeting for the elders of the two families as soon as possible, and then we'll make a date to get married."

"Why so fast? Don't you get engaged first? " Suzy asked with a wink.

"I don't want to be engaged. We're married." Wen lichen's firm voice, engagement is not meaningful, he married her, will not regret, and she married him, do not have any hesitation, so, get married!

Susie listened to this sentence, happiness from the bottom of the eye to the chest, warm, she fell into his arms, suddenly nodded his head, "OK, let's get married!"

Wenlichen hugged her and pulled her to the sofa beside him. Sushi snuggled up in his arms. "Shall we get married abroad or at home?"

"Listen to you. Where do you want to choose?"

"Domestic! My parents are more traditional, and a lot of relatives are here. It's our honeymoon. We can go abroad. " Susie suggested.

"Good! Do whatever you say. " Wen has no comments.

"I can't believe I'm getting married so soon," said Susie, with her head askew

Wen lichen's heart strings tightened and he bent down to stare at her? Have you backed out? "

Susie chuckled, "no! I just sigh! I still want to be an unmarried man! I didn't expect to be cheated by you so soon. I'm going to get married. "

Wen lichen was speechless by her, "where did I lie to you? I have paid my heart to pursue you. "

Sushi nodded noncommittally, "Well! I see your sincerity, so I will not regret marrying you. "

Wen lichen looked at her delicate red lips and slightly toot, then he could not help bending down and kissing.

"Well..." Sushi cleverly accepted. He buttoned the back of his head and deepened and lengthened the kiss. She felt that Wen lichen was wilder today than before.

Chapter 389

In recent years, the weather is chilly, even Tiangong is not beautiful. Suddenly, a winter rain comes, leaving the whole city shrouded in a layer of wet rain.

In such a weather, Tang Siyu is not relaxed at all. Today, she gets up very early. Standing in front of Xing liehan's floor to floor window, she looks at the obscure city in the distance, and her eyes flash a firm light.

She clenched her fist gently, as if there was a backlog of strength waiting for the outbreak.

At this time, behind her, a pair of arms embrace, full of a sense of security chest, making her mouth light.

"Why do you get up so early today?" A deep voice was heard.

"I can't sleep." Tang Siyu sighed, his slender body tightened like a string.

Xing liehan reached out his hand and gently rubbed the back of her head. He comforted her and said, "relax, it's OK. I have everything."

This sentence, deep, charming, with a power.

Tang Siyu's heart was really relaxed because of this sentence. She turned around, stretched out her slender arm around the back of his neck, put a small face gently on his chest, closed her eyes and listened to his strong heart beat. She felt full of courage.

Xing liehan can't help but reach out and lift her chin gently, trying to take advantage of her red lips. Tang Siyu's mobile phone rings.

Tang Siyu pulls out with a smile. Xing lie's eyes flash a little bit of unhappiness. However, he still poses in a handsome and charming position, encircling his arms, squinting his eyes and watching her answer the phone.

Tang Siyu picked up his cell phone from the wake-up counter and said, "Hello!"

"When will you come to the company, Miss Tang?" That end is Han Yang's voice.

"I'll be right there."

"OK! I'm in line. "

"OK, thank you Han Yang." Tang Siyu hangs up his cell phone, looks up, and the man is still very domineering. She smiles and hugs his neck. She greets him with a good morning kiss. As she kisses, she coquettishly says, "OK It's time we went out... "

"Not in a hurry for this minute." Xing liehan still took advantage of her for a while, so she let go of her and went out together.

In the same way, Qiu Lin got up early in the morning and arranged all kinds of things. Her assistant sent the information she wanted to her in the early morning. Qiu Lin took the loss report and asked the assistant, "have you printed it all? I'd like to have a copy of this report in a moment. "

"Mr. Qiu is assured that it has been printed. In a moment, each shareholder will issue a copy at the meeting."

"Very good!" Qiu Lin nodded with satisfaction, but in her heart, she imagined the scene of driving Tang Siyu out of the company today. At that time, all the shareholders would fight against her and make her hard to rely on. What else could Tang Siyu do to hinder her eyes?

"Mr. Qiu, it's time for us to start."

Qiu Lin sat in her car and looked at the loss report carefully. It's better not to have any extraneous things happen. Even if Tang Siyu has the company's financial expenditure in his hand, now she has figured out how to cover up and explain it.

As long as there is a perfect excuse for those expenditures, Tang Siyu has no way to deal with her, and she has been echoing in front of shareholders, so this time, she can also turn the risk into peak.

"Mr. Qiu, do you really have to sign a contract termination letter with Mr. Xing in private? Will this affect the future development of the company? "

Qiu Lin thought of this, and she felt very worried. She was not stupid. Xing Yan would marry her, just looking at the company in her hand. Now, seeing that the trend is wrong, he immediately drew the line.

"Well, it's a good thing that the two companies don't tie up. In the future, they won't drag it down." Qiu Lin can only comfort herself like this. In fact, she is very angry.

In the hall of Tang's group, Tang Siyu is dressed as usual, but today she is dressed more formally and neatly. She wears a long hair on the back of her head, a small suit with a skirt, and a khaki windbreaker outside is taken off by her when she just enters the door.

Although she is a major shareholder of Tang Group, she has no airs or cold breath. She is kind and easy-going to her employees.

Therefore, Tang Siyu has never dared to talk about her in the company.

Tang Siyu gets into the elevator and goes straight up to her office floor. It's just nine o'clock when she gets to the office.

Han Yang knocks on the door and comes in. "Miss Tang, everything is ready. I'll come to the meeting with you."

"Well, thank you."

"Unfortunately, it's my pleasure to work for you." Han Yang smiled and put the organized materials in her hands in front of her. "Miss Tang, then look at the conference materials again!"

"Good!" Tang Siyu sat down and opened the meeting materials. On the materials, Han Yang found out the problematic accounts of the financial expenditure of the whole year, including up to twelve. In addition, the corresponding information of shell companies, the operators, the final capital inflow accounts, the signers, all these evidences were collected. And all the operators of the expenditure have Qiu Lin's autograph. This time, Qiu Lin escaped again.

An invisible war of gunpowder and smoke started in the office building of Tang Group.

After 9:30, successive shareholders of Tang's group appeared in the hall. These shareholders have been following the old shareholders of Tang's group, most of them are not in charge. They only appear in the annual dividend division and regular shareholders' meeting.

Today, they all arrived at the company on time, and, tacitly, walked into the meeting room in silence.

Qiu Lin sat in the chief position. She asked her assistants to make a cup of tea for herself, and also asked them to prepare tea for this group of shareholders. The service was very considerate.

Qiu Lin looked down at the wristwatch, then snorted coldly, "how can there be another absent one?"

"No absence, just in time." At this time, a beautiful female voice came from the door of the conference room. It was Tang Siyu. Beside her, Han Yang and her assistant Xiao Chen followed.

Qiu Lin pretended to smile, "just come, this kind of meeting can't be late."

"Of course I won't be late." Tang Siyu calmed down and sat down next to Qiu Lin.

The shareholders on one side have heard a strong smell of war. The two women sitting on the main seat, this time, they all stand by one person, that is, Tang Siyu.

"Well, even if everyone is here, let's start today's meeting! First of all, I'd like to announce to you the news of Shaoxing. Our profit is still at a loss this month, which is the most serious loss this year. " Qiu Lin's eyes swept over the ugly shareholders. "I feel the same anxiety as you do."

Chapter 390

"Why loss?" Asked a shareholder next to him.

"Why? There are many reasons, but this month's reason is from our company's own management. For example, some people enter the company without permission, without any formal interview and assessment, they are hired to an important position, which is also a big reason. " Speaking of this, Qiu Lin's eyes fell on Tang Siyu with some ridicule, "yes, I mean the Miss Tang beside me."

Tang Siyu's eyes looked at her fearlessly. "So, I caused all the company's losses?"

"I don't want to have anything to do with you, but it's true." After that, Qiu Lin asked her assistant to give each shareholder a specific report on the loss.

Tang Siyu naturally has a copy in her hand. She takes it up and opens it. She has read a lot of reports recently, such as this one in her hand. She can understand it very quickly, especially the loss pattern on it. Business accounts for 40%.

And in the reasons analyzed below, all the data seem to be well founded and well founded.

The shareholders looked at the report with complicated expressions on their faces. Tang Siyu chuckled, "just in time, I have prepared a piece of information to let all shareholders have a look."

"Tang Siyu, this is the general meeting of shareholders, not the small meeting of your business department, so it's unnecessary to bring up your report." Qiu Lin stops.

"It's not about business, it's about finance." Tang Siyu finished, and motioned for Xiao Chen to send information. Xiao Chen had a share in front of every shareholder who had no hands or feet.

Tang Siyu has two copies in his hand, one of which is naturally for Qiu Lin, but she didn't give it to her immediately.

Qiu Lin's face was a little ugly. She stared at Tang Siyu calmly. "What are you doing?"

Tang Siyu took the report in his hand and threw it in front of her with some disdain. "You should ask yourself what you have done in this year."

Qiu Lin's face was livid with rage because of her rude attitude. She grabbed the information and looked at it. She opened it only from the first page, and her pupils widened. Then, she flipped down two times in a panic, and she felt that things were not good. She immediately stared at Tang Siyu, "where do you get these messy reports?"

"Can't Qiu understand even a report? Do you want me to explain the contents of the report to you? " Tang Siyu stood up with a sneer.

And the shareholders beside have known Qiu Lin's behavior for a long time. They just need to look at a complete report of misappropriation of public funds in front of them. Besides, there is evidence that she has signed and handled. The evidence materials of those shell companies are quite complete. Even the shareholders who don't ask about the company's affairs are clear at a glance.

"Qiu Lin, you used your power to embezzle the company's public funds up to 150 million yuan without authorization. At the same time, you fabricated an empty shell company to launder money for you. At last, all the money will be kept in your personal finance, and you will be satisfied privately. What do you say about this?" Tang Siyu's voice line fell into the empty and quiet conference room.

And her clear voice, like a jewel falling on a plate, is even more terrible and harsh to Qiu Lin than a life charm.

"Nonsense, don't think I don't know what you want to do, don't think I don't know where you get these fake evidences." Qiu Lin's face was blue and white, and her tone was confused. Because what happened at this moment was not expected by her.

"President Qiu, then I ask you, have you embezzled this 150 million?" One shareholder asked boldly.

"How can I steal money from the company? I'm not short of money yet. " Qiu Lin sneered and insisted to keep calm.

"And what does the evidence say? These signatures are also your handwriting. There won't be any fake! "

"It's just some fixed expenditure, definitely not money of unknown destination."

"Is it? I have found out exactly where the money went. In the end, some of the money was spent abroad, some in unknown accounts, but definitely not in the projects our company spent. " Tang Siyu stopped her with a sneer.

"Qiu Lin, you'd better explain why the money we invested in your company, in the event of a loss, you could still sign 20 million foreign funds last month?"

Qiu Lin's body trembled slightly. Of course, she knew where the 20 million had gone. She clenched the pen in her hand and thought about the strategy to deal with it.

In the end, she chose a person to take the blame. "Liu Sheng must have paid for it on my back. I didn't do it. He is in charge of Finance and has the right to sign. Maybe Maybe I didn't notice that he misappropriated the money! "

At this time, what Qiu Lin thought of was, of course, self preservation. As long as the shareholders still trust her, everything will be fine.

At this time, a man rushed in outside the door. It was Liu Sheng. He looked at Qiu Lin incredulously. "Mr. Qiu, you still need to tell evidence. Which money I handle does not need your signature? You asked me to do all this. "

Qiu Lin is scared to stand up from her position and look at Liu Sheng. She feels a blood rush up her head. She looks at Tang Siyu, whose face is calm beside her. She has a feeling of falling into a huge trap."You What are you doing? This is the general meeting of shareholders, not the critical meeting. What are you doing staring at me one by one? I didn't do anything. " Qiu Lin wanted to deny, so she didn't want to admit the crime.

"Qiu Lin, we trusted you, so we always put money into your hands, expecting you to give us a return. Unexpectedly, this is the return you gave us, spending our money at will, while telling us about the loss, what credit do you have?"

"No, Laohu, listen to me. I really haven't misappropriated public funds. There are several funds in and out." Qiu Lin is busy appeasing, with a smirk on her face.

Tang Siyu said with a sneer around his arm, "do you have a clear idea? Now, please leave the position of president of Tang Group. You are not qualified to sit in this position again."

"You Tang Siyu... " Qiu Lin stares at her, trying to shoot out sword light.

"And Qiu Lin needs to investigate the misappropriation of public funds, suspend all her duties in the company, and let Tang Siyu take the post of president. Do you have any opinions?" Tang Siyu turns around and looks at the people present.

At the moment, Tang Siyu exudes a sense of self-confidence and calm. Even though he is young, he has a sense of trust.

"No way..." Qiu Lin shouted angrily. She opened her red eyes and cried out crazily, "are you all crazy? How can she be president? How can she run the company? "

She can't now, but the man behind her can! This is what the major shareholders think in their hearts at the moment.

"I agree."

"I agree, too."

In an instant, the six shareholders here have made a gesture of raising their hands to agree. One of them has not forgotten to say to Qiu Lin, "Qiu Lin, you are not qualified to express your opinions now. You should clean up the dirty things in your hands."

"Yes, we won't let it go."
