

U. CEO Daddy 391

Chapter 391

Two policemen in police uniform came in and said to Qiu Lin without expression, "Ms. Qiu Lin, you are suspected of embezzling the company's public funds. Please come with us."

Qiu Lin immediately turned her head and stared at the two policemen. "You dare to touch me. This is my company. I'm not going anywhere except in the company."

"Qiu Lin, don't struggle any more. Tang's group has fallen into this field, which is caused by you. Before you merged the company with Xing Yan's company as the largest shareholder privately. Now, you are still embezzling public funds. You have to give us an account of this."

Qiu Lin's face was gray and her face was depressed. She must have been old, but her mind was unstable. She felt dizzy. She reached out and helped the desk. Her assistant immediately helped her, calling out, "how are you, Mr. Qiu?"

Qiu Lin took a deep breath and pushed the assistant's hand away. She held her heart and stared at Tang Siyu angrily. "Do you think you want to remove me from the company like this? It's not that easy. "

"Now is not the time for you and me to have personal grudges. Now is the time for you to embezzle the company's funds." Tang Siyu didn't want to worry about her at this time.

"I have prepared the information, and I have to follow the legal procedures to deal with this matter." Tang Siyu said with a cold face.

Next to him, a shareholder immediately respectfully said, "Mr. Tang, we have full power to leave this matter to you."

Qiu Lin's face turned white with anger. Now these shareholders have changed their names for Tang Siyu. If Tang Siyu is allowed to deal with this matter, will she let her go?

"Lao he, Lao Liu, we have been friends for more than ten years. What's the matter with you? I said, I can explain the expenses. " Qiu Lin also wants to rely on some human relationships to impress these shareholders to help her get her name right.

"Qiu Lin, you don't want to hurt us any more. We don't believe you anymore. How to deal with this matter? How to deal with it. With your embezzlement amount, hum! Think about the future for yourself! "

Qiu Lin's face suddenly turned white again. She picked up her mobile phone, and her hands trembled to turn it on. When she was ready to make a phone call, Tang Siyu came over and handed over her mobile phone. "It's useless to call anyone at this time. No one can help you."

"Give me back my cell phone, Tang Siyu. Don't go too far. Give me back my cell phone." Qiu Lin roars. When she is ready to come to rob her, the police control her and force Qiu Lin to go out. Han Yang follows her.

As soon as Qiu Lin left, Tang Siyu stood at the head of the group and faced the shareholders, "Tang Group has come to this step, which is absolutely not what my father wants to see, so I have a decision. After the beginning of the year, Tang Group will send out the purchase intention to Xing group, and then, I hope to get your support."

"We have been looking forward to following the development of Xingshi group. We have no opinion."

"Yes, Miss Tang, listen to you. The future fate of the Tang Group is in your hands."

Tang Siyu looks at these shareholders. She is funny. It seems that Xing liehan has done enough behind the scenes work to make her stand here and get a positive response for every word she says.

"Good! Then, let's deal with Qiu Lin's affairs first, try to recover those funds and make up for the loss of our company. Let's go! " Tang Siyu finished, she took Xiao Chen out of the meeting room first.

Just after returning to her office, Han Yang's phone call came in. Qiu Lin has been detained by criminal detention. Besides, the information submitted by the lawyer only needs to be processed before she can formally Sue Qiu Lin for her crime. The amount of embezzlement is huge. It is estimated that the sentence will be more than 10 years, and everyone's assets will be confiscated.

Tang Siyu breathed a little sigh of relief. This is only her first step. If she is only allowed to do it, it is too cheap for her. What she has done can be put to death.

And she won't let her be so easy. She will let her figure out the killing of her father step by step.

Tang Siyu's cell phone rang. She picked it up and saw Xing liehan's name jumping on it. She picked it up with a smile and said, "Hello!"

"Han Yang just reported it to me. Are you ok?" said the charming voice

When Tang Siyu heard his voice, she felt a warm flow in her heart. She was able to pull Qiu Lin down from her position so successfully. It was all his credit. Without his behind the scenes operation and his help, she could not get off the horse so quickly.

"It's OK. I'm very happy, liehan. Thank you." Tang Siyu said gently towards that end, in his tone, it was full of gratitude, dependence and deep love.

That end a chuckle, "so want to thank me, that's best to thank my gift, is to give yourself to me."

Tang Siyu laughs and flirts with her hair. "OK! It won't be a long day. "

"I've been waiting so long. I've worn out a lot of patience. I'm not in a hurry. Don't put pressure on yourself." Xing liehan wants to appease her.

Tang Siyu looked into the distance and laughed, "OK, after drinking the wine of lichen and Xixi, it's ours.""Well, let them do it first! At this time, I can't take Li Chen's lead. " Xing liehan comforts himself.

Tang Siyu snorted and laughed again. She looked at the time and said, "let's have lunch at noon!"

"Waiting for your invitation."

"Well! Come and pick me up later. I'll deal with the company first. "

Tang Siyu hung up the phone, she called Xiao Chen, "go to the president's office, no one is allowed to touch Qiu Lin's computer and data."

"Mr. Tang, do you need to move to the president's office now?"

"Not for the time being. Wait until the matter is finished." Don Siyu is not in a hurry. Now the most important thing is to deal with Qiu Lin, force her to say the death of Li De, and then pry out the death of her father from her mouth. Step by step, she wants this snake and scorpion woman to get her due punishment.

Qiu Lin's assistant, after Qiu Lin was taken away, immediately dialed Xing Yan's phone and told him that Qiu Lin was arrested. Xing Yan was surprised, but he didn't seem to be surprised. He responded at the end of the phone and would return home as soon as possible.

Qiu Lin has always been loyal to her only this assistant, song Yan, who is in her early thirties and has the ability to deal with all kinds of things. But at this moment, when she heard Xing Yan's voice, her heart was half cold. She did not expect that Qiu Lin would eventually choose to marry a man who did not take her seriously.

Chapter 392

Song Yan is also a little frightened at the moment. She has just lost her mind from Qiu Lin's fall. Sitting in the coffee shop, she immediately thinks about how to rescue Qiu Lin. Xing Yan can't rely on her. But who is Qiu Lin's side?

By the way, and Tang Yiyi, her daughter.

Although song Yan has no hope for Tang Yiyi, she still needs to be informed so as not to know anything about this big lady who can only eat, drink and play.

When the phone was dialed, it was Tang Yiyi's charming voice, "Hello, sister song, what can I do for you?"

"Yi, where are you! What happened to your mother? Hurry to go back to China! "

"My mother? What happened to my mother? " Then Tang Yiyi asked in a startled voice.

"Your mother has a big deal. She was sued by Tang Siyu for embezzling the company's public funds. Now she is arrested and may be prosecuted soon." Song Yan tells the truth.

Tang Yiyi gasped in terror at that end. "What? My mother? My mother was arrested? Did Tang Siyu do it? "

Song Yan turns a white eye. She is also the daughter of the Tang family. Tang Yiyi is a straw bag. Although Tang Siyu is usually gentle, she has no weakness when she has the means. Just like before, she almost didn't know Tang Siyu.

Is she still miss Tang who can only play the piano? The confidence and calmness that emanates from her body is from the inside out.

"What will my mother do, sister song Yan? Will my mother go to jail? "

"In a word, it's very troublesome. You can go back to China as soon as possible."

"Find my godfather to save her first! Isn't my godfather powerful? If you let him come out, you can save my mother. " At this time, Tang Yiyi also wanted to rely on Xing Yan, because in her heart, Xing Yan loved her mother very much and was good enough to her, so at such a time, he would be desperate to save their mother and daughter.

Song Yan sneers, "I just called him. He is abroad. He is not interested in your mother's affairs, let alone save her."

"No! He loves my mother very much. "

"It was your company that he first fell in love with your mother, not your general manager Qiu. Now, the disaster is coming. He has signed a termination contract with your mother. Nothing can interfere with your mother's company."

Tang Yiyi at that end was so shocked that she couldn't speak for a long time, but at the end of the sentence, she seemed to be running around in panic, "I'll go back home soon I'll be right back. "

At noon.

In the elegant and advanced western restaurant, Xing liehan holds his hands in front of his chest, his chin lightly against the back of his hand, and looks at the girl opposite who eats elegantly. His eyes are full of spring water, which should soften people's hearts.

"Can you see if I'm full?" Tang Siyu asked with a smile.

"No, I'm just hungry." Xing lie's cold eyes flashed a warm smile.

Tang Siyu knew what he was referring to. She said goodbye with a pretty face. "That's not a good meal yet."

Xing liehan then began to enjoy the food in front of him with a knife and fork, eating it and asking her, "what are you going to do next? Do you want to stay in the position of president of Tang Group? "

Tang Siyu sticks to the juice cup, takes a sip gently, and crooks his head playfully, "I don't want to! I'm too tired. I want to take the position of Mrs. president of Xingshi group. "

Xing liehan's eyes brightened instantly, and her reply made him in a super good mood.

"This position has been waiting for you for a long time, but you have refused to sit." Xing liehan looks at her helplessly.

"So, while you still let me sit, I'll have to sit fast and firmly." Tang Siyu bent his lips and smiled, "don't let people take it away."

"No one can take this position but you." Xing liehan's very determined answer.

Tang Siyu looks into his deep eyes like the sea, reflecting her smiling face. At this moment, it seems that something fiercely hits her heart, and she firmly answers in the bottom of her heart. Besides him, she doesn't want anyone.

Just after dinner, Tang Siyu received Sushi's phone call and asked her if she had time to accompany her to the wedding dress shop. Even if Tang Siyu was busy, she would not refuse this matter. How could she be absent from the wedding of a good sister?

Although Tang group lost Qiu Lin as the leader, there was no chaos. On the contrary, many internal news came from Tang Group, especially the news that Tang Group was to be acquired by Xing group, which made employees not only not panic, but also look forward to it.

If you can become a member of Xingshi group, the future development prospects are very good. Therefore, each of you should perform his own duties. Only those important documents waiting to be signed are not sent to Qiu Lin, but all of them are orderly arranged and sent to Tang Siyu's office.

Sushi's car directly meets Tang Siyu at the door of the restaurant. The two sisters sit in the back seat, and the topic goes into their private room.

Sushi's mouth has been rising sweetly, which is the luster moistened by love, from the inside out, exuding the taste of happiness.

"I envy you! It's going to be the bride. " Tang Siyu hugged her and said with a smile. Susie put her hand around her shoulder, too. "Don't worry, will your family keep you waiting? He can't wait to marry you home! "

"I live in his house now! It's just a ceremony. " Tang Siyu laughed.

Susi bit her lips, her eyes flashed a little shy, she attached to Tang Siyu's ear and asked, "I ask you a private question, do you and Xing liehan sleep together? Do you have that... "

How to know that this problem made Tang Siyu's face blush. She shook her head. "No! He and I have not Have you and Wen lichen already? "

Sushi quickly shook his head. "No We don't either! I We agreed to get married. "

"Really?" Tang Siyu also embarrassed, or boasted, "it seems that Wen lichen is a gentleman!"

"He does respect me." Susie was very happy about the sweetness in her heart.

Love a person, not to get, but to protect, willing to wait.

Su Xi looks at Tang Siyu with some worries, "you should have no shadow in your heart for Xing liehan! Will the previous one affect you? "

Tang Siyu chuckled. "I don't have any shadow in my heart. I just accept it. It's difficult."

"Come on! You can overcome your fears. " Susie took her hand.

Two sisters look at each other and smile. In the smile, there is a kind of shyness that girls are about to step into women. In the warm winter sun of this afternoon, we can snuggle up to each other and have fun. Maybe it's the best time for our girls!

Chapter 393

When sushi and Tang Siyu came into the high-grade wedding dress shop, the waitresses immediately met them. When they saw sushi, they recognized them at a glance. They were so excited that they rubbed their hands. Unexpectedly, sushi would come to their shop to choose the wedding dress.

In fact, Susie is bored at home. Anyway, it's far away from the wedding. However, every girl is longing for marriage. Even if she just comes to have a look, she will feel a kind of sweet and happy feeling.

Suxi doesn't want the wedding to be too hurried, so she still has a lot of time to choose the wedding dress, but there are too many styles and patterns of the wedding dress. She also wants to choose the most ideal one in her heart. Tang Siyu wants to be her bridesmaid, so the bridesmaid evening dress will accompany her to have a look first.

"How about this one? How beautiful! " Sushi's eyes flashed with starlight, and her mind imagined the scene of the wedding. She wore the wedding dress and walked across the red carpet with wenlichen's arm.

Maybe it's an actor! She was born with more imagination.

"It's nice, but don't worry about it. Let's see." Tang Siyu is on the side, we need to check it.

Two beautiful girls, slowly in the huge round hall, appreciate the wedding dress in the window cabinet one by one. In the eyes of both of them, there is a color of expectation. At this moment, Tang Siyu and Suxi are all shrouded in the atmosphere of love. When they see the wedding dress, they can't move.

The waiter is not in a hurry. He looks at the two girls quietly a few meters away. Sushi and her are the clean goddess of entertainment circle. But the girl standing beside her, no matter her temperament and appearance, is as sweet and clean as she is. At first sight, she looks at the big and small sisters of the rich family. She appreciates them so much and feels that the time has become better.

The wedding dress was not in a hurry to choose. After watching the dress for a while, they made an appointment to sit down and chat in the nearby afternoon tea restaurant, and talked about Qiu Lin's end. Su Xi was also very happy.

"She deserves what she deserves."

"Now I'm afraid that Xing Yan will come out to save her, but she and Xing Yan have already married." Tang Siyu said, holding his chin. In fact, with Xing liehan by her side, she really doesn't need to be afraid of anything.

Just because she was too anxious to find out the truth of her father, she thought Qiu Lin could not turn over this time, so that she could dig out her secrets step by step.

Suxi patted her shoulder and said, "don't worry too much. You have Xing liehan behind you. He will never let Qiu Lin turn over."

Tang Siyu thought that Xing liehan would not give Qiu Lin and Xing Yan such a chance.

At 4:30 p.m., Tang Siyu went back to the company. When she saw the documents piled up on the desk, she took a deep breath. She sat down and looked patiently.

This made her forget the time as soon as she saw it. At half past five, Xing liehan called in. She said that she was still reading the documents. With a push, Xing liehan came straight up.

When Xing liehan's charming figure walked into the hall, the king's aura made the rumor in the company sit on the ground directly. So, does Tang Group really become a subsidiary of Xing group?

Otherwise, why even the president of Xingshi group came here?

Several female employees just came out of the elevator. When the door of the elevator opened, they looked at the man with one hand in his pants pocket and other elevators. They were shocked. They all blushed and walked away from each other, their hearts racing.

Tang Siyu is looking hard at the complicated digital statements. Someone knocks at the door outside her office. She thinks it's Xiao Chen who delivers water to her. She responds, "come in!"

The door opened, but Tang Siyu didn't send water in front of her. Instead, she saw a pair of long legs standing next to the table. She went up the long legs with no sense of reason, and saw the handsome face of the man directly.

"You really have to come up." Tang Siyu laughed happily.

"Didn't you say a lot of work wasn't done? I came to help you. " Xing liehan said easily, looking at her surrounded by a pile of statements in the middle, it's really pathetic.

He is very distressed.

Tang Siyu immediately felt that a Savior was coming. She moved a chair from the side to the opposite side of her with a smile. "You sit here, these reports look like my head is big. I still have a lot of things I can't understand. Just stay here."

Xing liehan can't help following her words and saying, "I will always be by your side."

Tang Siyu's heart was filled with sweet taste. She handed him two documents. "Then you can help me to have a look at this first."

Next, Xing liehan began to deal with the company's affairs for her. The man seemed to know everything. Some reports were signed or not signed by him at a glance, which made Tang Siyu play with his pen at the back. He waited eagerly for him to finish reading the report and put it in front of her, telling her whether to sign or not, or to return it to redo.

The night outside the window fell, and Xiao Chen turned on the office light. The soft light reflected on the man's face. The way he looked at the document, the attentive and serious expression, like the perfect carved art, made Tang Siyu look like a flower maniac. Apart from being attracted by his beauty, she did not know what else to think. One by one, the report became fewer. Xing Lihan

finished reading the last one, but didn't deliver it to her. Instead, he put it aside, "this one has been returned, and this department has to redo it."

Tang Siyu just looked aside, eh, so soon? She thought it would take a whole night to see the report piled up like a hill, but it took the man half an hour to finish it.

"I'm very lucky." Tang Siyu put down his pen with a smile and looked at him admiringly.

"For you, everything is happy as well as bitter." With that, Xing Lihan stood up, walked to her face, leaned over, pointed to his perfect side face, "give me a reward."

Tang Siyu, covering his pen cap, leaned over slowly, and his lips kissed him on his cheek.

Xing liehan looked down at the time of the watch. "It's nearly half past six. Go to dinner!"

"Well." Tang Siyu nodded, and she was hungry.

When he came out of the company, he was a little chilly. Xing liehan untied his suit, held her under the warm suit, and took her into his car. The restaurant had been ordered, which was nearby.

In the wet and cold detention room, Qiu Lin is alone in a room. She is surrounded by her arms at the moment. There is a dirty and thick coat beside her and a thick quilt on the bed, which was sent to her by the police considering her age. But at the moment, Qiu Lin is not willing to take it to keep warm.

Chapter 394

Her teeth trembled, her eyes were full of strong resentment, her curly hair was also disordered. The Tang Group, once high above, was in total charge. At this moment, she had become a prisoner and was in great distress.

Qiu Lin lost her mind from being locked in at the beginning, until she calmed down slowly, and then she recalled that in the course of a year, she spent money from the front and back of the company to use. At that time, she really regarded the money in the company as her own cash machine. When she was handling the wedding ceremony, she was a little nervous, and she didn't want Xing Yan to look down on her strength. At that time, she transferred 50 million yuan from the company to her hands and spent it on her wedding. Before that, when she bought Liu Sheng to kill Li De, she didn't have enough money and spent more than 10 million yuan. In addition, the last 20 million yuan, Qiu Lin felt cold behind her back.

Now she suddenly thought of another terrible place. If Tang Siyu started to track down her accounts, what if it happened to Liu Sheng? Qiu Lin suddenly went crazy. She immediately went to the iron bar and shouted, "let me out, let me out, let me make a phone call, I want to see a lawyer."

"What a quarrel!"

"Do you know who I am? Have you read my report? I'm Qiu Lin, President of Tang Group. My husband has the right and power. You let me go. " Cried Qiu Lin to the police officer.

"There is only one identity for those who come into our place, that is, criminals. I don't care how beautiful and decent you used to be, but here you are criminals." An old police officer was very strict with her.

Qiu Lin tightly holds the iron pole. At the moment, Xing Yan is in her mind. She knows that Xing Yan is the only one who can save her from here. Those shareholders have become Tang Siyu's people one by one. The grass on the wall can't be relied on. Her daughter Tang Yiyi and Qiu Lin have no hope.

So, she can only count on Xing Yan. When will Xing Yan come?

She doesn't even have the qualification to make a phone call now. She can only have the chance to contact the outside world when her lawyer comes tomorrow.

Qiu Lin sat in the position just now. She thought of the next consequences. Her heart was cold. If she was convicted of this crime, she would have nothing. She would go to jail and confiscate all her property

And her daughter, Qiu Lin's heart was a restless.

At night, in the gray quilt, Tang Siyu was so tired that she fell asleep with her hands on her back. She soon fell into a dream tonight. Maybe Qiu Lin's end made her tense heart relax. She was very tired. She went to see the little guy and went to sleep after a bath.

When Xing liehan went to bed, she had fallen asleep. He sat beside her with gentle eyes and eyebrows, looked down at her sleeping face, and sighed softly. He was looking forward to the winter.

In the early hours of the morning, song Yan received Tang Yiyi, who hurriedly came back from the International Airport. Tang Yiyi was still dressed in heavy makeup. Obviously, she had a very happy life abroad. She was still wearing famous brands and carrying famous bags all over her body. She had no sense of her mother's distress at all.

"Sister song, when can I see my mother?" Tang Yiyi was scared and her eyes were swollen. It seems that she came back crying all the way.

"Tomorrow, I will see Mr. Qiu with my lawyer. Now, none of us can see her."

"How could this happen? Isn't my mother the president? Isn't she the biggest shareholder? How could she have been caught? "

"All of this was caused by Tang Siyu. She sneaked into the company, stole the information from the financial department of the company and framed Mr. Qiu to embezzle the public funds." Song Yan is also involved in Qiu Lin's illegal activities, so she can't admit that Qiu Lin has done these things.

When Tang Yiyi heard this, he immediately clenched his teeth angrily. "What? Is Tang Siyu so despicable? "

"Miss Tang Er, the next thing you need to do is to help your mother win the lawsuit and remove the charge of embezzling public funds, so that she can return to the position of president of Tang Group."

"What do I have to do?" Tang Yiyi's face was firm at once. No matter what price she paid, she would go to save her mother.

"Now I think of two people who can save your mother. The first one is Xing Yan. He is your mother's current husband. He has the right and the power. Maybe he can have a good relationship. The second one is mufei. You are his former girlfriend anyway. Please ask him!"

When Tang Yiyi asked for help, she still flinched, "what? You want me to beg them? How can I ask? "

"No matter how you ask for it, now, the most important thing is to save your mother. You need to ask for it when you put down your identity and face."

Tang Yiyi clenches her teeth tightly. If her mother does it, her offspring will die.

"Good! I'll go and beg my godfather first. When will he come back? "

"I believe that he will return to China tomorrow, because he will be more or less affected by the general affairs of Qiu. He will come back when he does what he looks like."

"Well, I'll go to beg him first. Mufei, I haven't seen him for some time. I I don't know if I can see him again. " Tang Yiyi is biting his lips.

In winter, the night is very long.

In half a year, a major trend of Mu's group was launched in r country, where Mu Fei also lived for half a year. He could not understand the domestic situation in real time, but today, when his staff reported to him via video.Or I mentioned that Qiu Lin was arrested today. At the other end of the video, Murphy's face was shocked. He immediately asked, "what's the matter, do you know?"

"I have learned that Tang Siyu, the eldest daughter of Tang Xiong, is now in charge of Tang's group, and the shareholders unanimously praise her as the successor of the new president."

Murphy at that end flashed a bit of complexity. He knew that it was impossible to cut Qiu Lin's right in the Tang group so quickly by Tang Siyu's ability alone. Then, only one person can help her, that is Xing liehan, the man behind her. Only he has such real power.

I didn't expect that during his absence in China, Xing liehan let Tang Siyu regain the company's support and control power, which means that Tang's group will soon be included in his hands.

"You keep staring at this matter for me. I don't have time to go back home recently. If you have any news, please let me know at the first time." Murphy gave an order.

"OK! Mr. mu, however, if Qiu Lin asks us for help, do we need help? "

Murphy raised a sneer at the corner of his mouth. "Let her die. She is not worth helping."

Qiu Lin's dilemma is still a very happy thing for many people in the business world. Qiu Lin acts in a high-profile manner. Many people in the business world have suffered from her losses and been framed by her. Especially those rich ladies who like to compare with others are most happy about such things.

Chapter 395

This is their joke after dinner, the joke of gloating!

This is also Qiu Lin's bad behavior. She just got caught, which caused the wall to fall and everyone to step on it.

On a plane from country m to China, Xing Yan's face was very bad. He sat by the window. In his mind, he had been thinking about how to deal with this matter. He thought he had married a woman who could help him to become a great career. Unexpectedly, he had married a laggard.

Originally, he wanted to sit back and ignore. However, Qiu Lin was his wife. As everyone in the business community knows, if he did it out of the ordinary and ruthless way, he would inevitably fall into the trap of others. Therefore, he had to go back to China to see how to deal with it.

If necessary, he will ask Qiu Lin for divorce at this time. Such a woman, who can get rid of her, is the best. Otherwise, being stuck will only annoy him.

Xing Yan has checked the accounts of Tang Group and has been in a state of loss. Qiu Lin does not have the actual funds in her hand. Therefore, the credibility of her embezzlement of public funds is very high.

Qiu Lin has the courage to do so, plus she has a useless daughter, it is more likely.

Early morning.

At the gate of Tang's group, after Tang Siyu got off, Xing Lihan used to drive her off, so he left. But today, he accompanied her into the office and showed his love to all the employees.

"You really don't have to worry about me. I can handle it." Tang Siyu walked into the office and said to the man who followed him.

"it's okay. I'm quite free today." After Xing liehan finished, he took a long leg and sat on her sofa. Today is the first day of Qiu Lin's trial and training. He wants to accompany her.

Tang Siyu knew that he would not leave, so he was left here. After a while, Han Yang knocked on the door and saw him. He reported to him directly about Qiu Lin's current process. Qiu Lin also asked for a lawyer. As long as the evidence was presented, Qiu Lin's chance of conviction was 9.10%.

When Han Yang left, Tang Siyu received a phone call from the police. This time, Tang's group came out to deal with the matter, so she could not hold back.

On Tang Siyu's neck, Xing liehan wraps a scarf around her, takes her hand and prepares to accompany her to the court for trial.

Xing Lihan's identity is not embarrassed, even though he is not the boss of Tang Group, but he has another identity to participate in, the identity of Tang Siyu's fiancé.

Song Yan and Tang Yiyi, who also ran to the court early in the morning, arrived together with their lawyers and were waiting to see Qiu Lin in the lounge. However, they first waited for Tang Siyu and Xing liehan.

Tang Yiyi just submitted her information, walked out of an office and ran into Tang Siyu. The resentment and anger in her eyes immediately came up. "Tang Siyu, why do you frame my mother? You are so mean."

Tang Siyu also didn't see the half sister for some time. Hearing her complaint, she looked at her faintly. "I didn't frame her. She took it for herself."

Song Yan wants to hold Tang Yiyi and let her stop irritating Tang Siyu, but how can Tang Yiyi ignore her? In her heart, her mother was wronged and wronged.

"Don Siyu, I warn you, if you dare to treat my mother, I will never let you go." Tang Yiyi said.

Xing liehan's face was already cold and ugly. He took Tang Siyu by his arm and looked at Tang Yiyi coldly. "You can teach my woman a lesson. It's not qualified."

Even though Tang Yiyi was in a state of rage, the oppression brought by Xing liehan was so strong that she shivered and ran back against song Yan. Song Yan held her up and said, "second miss, now wait for Qiu Lin to come out."

With that, he pulled Tang Yi into a rest room.

Tang Siyu looks at Tang Yiyi, who is in the dark and knows nothing. She really doesn't know what to say. When the truth is revealed, she would like to see what kind of mood she will use to accuse her.

However, the mother and daughter have always looked down on her. Even if they die, they will kill her and scold her.

"Don't let them affect your mood." After Xing liehan finished, he reached for a cup of warm water from Han Yang behind him and led her into another rest room.

Tang Siyu's mood was not affected. She waited patiently for Qiu Lin to come out.

Qiu Lin was so cold last night that she couldn't help it. She picked up the dirty clothes and wrapped them around her. She stayed all night. At this moment, she was wearing hair and her face was haggard and waiting for the trial.

Around 9:30, a black car stopped at the door of the court and sat in the car. Xing Yan really didn't want to get off the car. He sat and waited for a few seconds and stepped down the car with a color of annoyance and up the steps.

Xing Yan is from Qiu Lin's side. Naturally, song Yan's men welcome him to meet Tang Yiyi.

As soon as Xing Yan arrived, Tang Yiyi rushed to him directly and hugged him. Xing Yan was full of people, and Tang Yiyi's weeping rang, "godfather, godfather, you must save my mother, you must save her. Now you are the only one who can save her."Xing Yan gently patted her shoulder and pushed her soft girl's body out of her arms. Although Tang Yiyi was useless, she still had a pretty face. At this moment, she was crying like a pear with rain, which caused Xing Yan a heartache.

A young daughter who has no blood relationship, Xing Yan's heart has been risking some ideas that shouldn't have, but Qiu Lin has been watching closely, so he just pressed down.

Now, Tang Yiyi regards him as a savior's entreaty, and a God's mentality comes up again. Xing Yan reaches out to wipe her tears, too. The action is unspeakable! Like a real father. "Well, stop crying. I'll try my best."

Song Yan serves Qiu Lin on one side. Looking at this scene, her heart is very complicated. She really wants to warn Tang Yiyi. It's wrong to plead with Xing Yan, because Xing Yan is not sincere at first sight, and he is taking advantage of her.

But Tang Yiyi is stupid. She can't find out. She only feels that Xing Yan loves her as a father. She is relieved when she hears Xing Yan's words.

As if mother would be saved.

"Here comes Tang Siyu and Xing liehan. Don't be afraid of them, Godfather. My mother is innocent. She was framed." Tang Yiyi said angrily.

Xing Yan looks at her and sneers at her. Qiu Lin is so smart and capable, but why did she give birth to a stupid daughter? Tang Yiyi can live a luxurious life. She doesn't even understand the simple and easy truth.

Chapter 396

Moreover, she really knew nothing about Qiu Lin.

In the rest room next door, Han Yang knocks on the door and comes in, facing Xing lie, who is sitting on the sofa, and says, "President Xing, here comes Xing Yan. He is next door."

Tang Siyu's face flashed a little worried. Xing liehan took her hand and comforted her. "Don't worry, he's coming and it won't help. Qiu Lin can't escape this time."

Tang Siyu nodded her head lightly, and Xing liehan comforted her heart again. "Xing Yan is not the kind of benevolent Lord. His ambition makes him not allow anyone to hold him back. If I guessed right, he didn't come here to save Qiu Lin, but took the opportunity to talk with her about divorce."

"Really?" Tang Siyu didn't know Xing Yan very well.

Xing liehan replied positively, "once Qiu Lin is convicted, he will certainly sue for divorce."

Xing liehan guesses well. Xing Yan's purpose here today is not to help Qiu Lin, but to see her in trouble and kick her off by the way.

Xing Yan is definitely a member of the scum. At the moment, his newly married wife is still in the cell and facing trial. However, he can also be interested in Tang Yiyi and take the opportunity to make some physical actions to her.

It's a pity that Tang Yiyi only thinks it's love, but song Yan has goose bumps. But she also needs Xing Yan to rescue Qiu Lin, so she can only bear it. Besides, Qiu Lin is good for her. A useless Tang Yiyi, she is too lazy to discipline.

At 10 noon, Qiu Lin's escort police car arrived, and Qiu Lin's case court began the first trial. The people who heard the case arrived one after another, including journalists, media, shareholders of Tang Group and outsiders.

When Xing Yan and Xing liehan entered the meeting, they had a face-to-face meeting. Xing Yan, as the elder generation, smiled at him, "cousin, I haven't seen you for a long time."

"How are you, uncle?" Xing liehan's voice was not respectful, but full of ridicule.

Xingyan's face changed, and he said patiently, "if you have a nephew, where can I live well! I heard that you are going to buy Tang Group. What's the matter? "

"If my cousin's company wants someone to manage it, I don't mind buying it together."

Xing Yan was a little tense. He was bullied by a younger generation. He coughed, "I'm a tough old bone, so I won't bother others to take charge of my company. Tang Group and I have terminated the contract and merged."

This point, as Xing liehan expected, is fast enough.

"My niece has the ability! I'm suing my stepmother. " Xing Yan does not forget to stare at Tang Siyu.

Tang Siyu replied coldly, "this woman has nothing to do with me."

"How can it not matter? You married liehan. According to your generation, you have to call her aunt Tang! " Xing Yan has the cheek to pull out this relationship.

Tang Siyu felt sick and wanted to vomit directly. Xing lie's face was cold as ice. "I don't care about this relationship at all."

Xing Yan's face is hot for a while, which means that Xing liehan is going to break with him. Last time at the wedding, Xing liehan's threat was still on his ear, which makes Xing Yan feel naked whenever he thinks of being threatened by a younger generation.

At 10:30, Qiu Lin was taken in and stood in the position of the dock. She was pale, with a disheveled hair and dirty makeup. She was in sharp contrast with the image of the female president she usually thought she was.

"Mom Mom... " Tang Yiyi calls her directly.

Qiu Lin looked at her daughter and then at Xing Yan, who was sitting on the stage. She could not see his expression clearly. However, his languid image of two long legs was very clear.

For her distress, he only looked on coldly. Last night, she froze all night and woke up Qiu Lin's reason. Xing Yan was just a man who could not be relied on.

Qiu Lin's eyes again stare at Tang Siyu like a knife. Tang Siyu looks at her coldly, unaffected.

It was Xing liehan who watched the mat. His eyes never left Tang Siyu. He watched her thin back sitting there. He was very distressed and could only be distressed.

At the beginning of the trial, all the evidence in Tang Siyu's hand was presented together. Qiu Lin was beaten down this time, and even her lawyer was silent for more time. During the court identification, the other lawyer was identified and finally speechless.

A trial of misappropriating huge amounts of public funds took only one hour to end. Under the strong and powerful evidence from Tang Siyu, Qiu Lin was convicted of misappropriating public funds. Next, she is going to the trial process.

This time, Tang Siyu grabbed Qiu Lin's throat, so she didn't even have a chance to fight back!

After appearing in court, many journalists and media have been waiting outside to interview Tang Siyu, because in the eyes of the outside world, this is a battle for property of a big family, and it is bloody, so it is natural to have enough energy to get first-hand information.

However, Xing liehan won't let her woman be surrounded by others! He arranged another exit car to save Tang Siyu from being scolded by reporters.

But Tang Yiyi is crying all the time. She and song Yan didn't expect to come to so many media and were immediately surrounded. "Miss Tang Er, does your mother really misappropriate the company's public funds? Is it true that the amount is said to be huge? "

"Are you going to appeal again?"

"You and Tang Siyu are half sisters. Do you have any sisterhood?"

"Will your Godfather help your mother?"

Song Yan pushes away the group of journalists and puts Tang Yiyi in the car. Tang Yiyi is so frustrated that she seems to have lost the whole world. Her world has no light.

"Second miss, you should calm down and cheer up now. No matter what people outside say about your mother, you can't believe it."

Tang Yiyi raised his head and asked song Yan with red eyes, "sister song, tell me the truth, my mother Did she really misappropriate the company's public funds? I want to hear the truth. "

Just now, in the court, every piece of evidence is pointing out Qiu Lin's way of using shell company to get the company's funds. She is a bit foolish and aware.

"Yes, when your mother was with your father, she didn't have much money. Plus, she had another wedding and had to support you. When she was short of money, she would try to spend some money in the company." Song Yan tells the truth.

"Then why don't you persuade her! You know it's against the law. " Tang Yiyi hissed.

"Miss two, you don't know anything. Mr. Qiu always lives like a princess. You wear clothes and eat with famous brands and buy sports cars. All these costs money. It's no fault to Mr. Qiu." Song Yan made a mockery of her voice.

Tang Yiyi's face was reddened. She had a sense of guilt that her mother had fallen into such a state.

Chapter 397

In a black car driving to Xingshi group, Tang Siyu nestles in Xing liehan's arms quietly, looking a little tired. Xing liehan says in a low voice, "go to my office to have a rest."

"Well! Good! " Tang Siyu answers, no problem.

The car drove in from the underground parking lot until it reached Xing liehan's exclusive parking space. Xing liehan took the lead in getting out of the car, walked to the other side, opened the door for Tang Siyu and led her out.

Stepping into the elevator, Xing liehan reached for her hair, which was slightly disordered. "I will draw up a purchase contract as soon as possible and let the shareholders of Tang group sign it, so you don't have to be so tired."

Tang Siyu took a deep breath and shook his head. "I'm not tired. Maybe I didn't sleep well last night."

She didn't sleep well last night. She thought and thought. She thought about today's trial repeatedly in her dream. She was afraid that Qiu Lin would have any room to reverse. But now, Qiu Lin's retreat was blocked by her. She has no room. The next thing is to gradually bring the death of Li De and her father to the surface.

"When it's over, I have to go out with you to have a good rest, so that you can leave these things behind and not worry about them any more." Xing liehan murmured to himself and pinched her palm, which was warm.

Tang Siyu is led out of the elevator by him. She bends her lips behind her and smiles. Fortunately, this man is always by her side and never leaves.

But in this matter, some people are in a hurry. When Tang Yiyi comes home, song Yan is still with her to plan the next thing for her. The first thing is to ask her to ask Xing Yan. Now, no one will help Qiu Lin except for him.

"Well, I'll ask him." Tang Yiyi is also blind and confident. She believes Xing Yan will save her mother.

"But, Yiyi, you should be careful. Xingyan is a very crafty man. Don't be fooled by him."

"Don't worry! He is very kind to me. He sent me so many big diamonds before. He must like me. " Tang Yiyi is very sure. She will go to Xing Yan tonight.

Qiu Lin was remanded to the police station. In court, when all the evidence was in front of her, she realized that she had misappropriated so much money in this year. When she misappropriated it, she did not expect that one day, these accounts would be turned over by Tang Siyu.

Originally, she thought Xing Yan would save her. Now, she is only depressed. Unexpectedly, at this time, she thought of Tang Xiong. In any case, when Tang Xiong was alive before, he would ask her for help. If something happened, he would stand up and support her.

Qiu Lin thought of Tang Xiong's death again. She regretted it. However, she did not allow herself to regret it. Qiu Lin did not regret anything.

But there is one thing that she is worried about. She is worried that Tang Yiyi, who is spoiled by her, will go to ask Xing Yan for help. In that case, she will only encounter a wall. However, Qiu Lin also thinks that it is time for her daughter to see the good and bad people in the world.

But when she thought of Tang Siyu, Qiu Lin was still biting her teeth. Tang Siyu's existence has always been a hindrance to their mother and daughter's happiness. She really regretted that she didn't want her life.

If she knew that she would end up in this field, she would take Tang Siyu to be buried together even if she lost her life.

At six o'clock in the evening, Xingyan was very tired today. He went back to the villa in the morning. At this time, he was alone at home. Suddenly, his doorbell rang.

He went to the door and saw the figure of Tang Yiyi in the video. His eyes immediately flashed a surprise. Now it seems that the second miss of the Tang family began to beg him.

Xingyan opens the door, and Tang Yiyi stands there. She calls him with red eyes, "godfather, please help my mother."

"Come in and talk!" Xingyan immediately made a gentle move, half holding her in.

Tang Yiyi is swept by Xing Yan. Her nerves tighten. She squints at Xing Yan's left shoulder. Xing Dang takes her to the sofa all the time and sits down with her. "Yiyi, don't worry. I'm looking for a relationship with your mother!"

"Can my mother be released? Can she be acquitted? " Tang Yiyi asked happily.

Xing Yan pretended to be thinking, "yes, I can, but I have to ask people around."

"Godfather, as long as you can save my mother, I will do anything." Tang Yiyi immediately took his hand and pleaded.

Xingyan's eyes brightened immediately after hearing, "Yiyi, are you serious? Would you do anything? "

Tang Yiyi quickly finds out that Xing Yan's eyes have changed. It's no longer charity and gentleness, but it makes her uneasy, as if she can eat people.

"Godfather You I can help you to ask for help Please anyone. " Tang Yiyi moved away nervously.

Xingyan looked at her frightened expression and knew that her face and mouth had been detected by her. He immediately raised his legs. "Yiyi, to tell you the truth, your mother and I don't have any relationship at all. Moreover, if your mother has such a thing, it's reasonable even if I ask for divorce." Tang Yiyi shivered for a moment. "Then Will you save my mother? "

"It depends on whether you will agree to my terms or not." Xing Yan shows his nature. Tang Yiyi is young and beautiful than her mother no matter what. Xing Yan has been slandering for a long time.

Tang Yiyi suddenly felt that danger was coming. She suddenly found that she was wrong and begged the wrong person. She quickly picked up the bag on the table and said, "I won't disturb you I'll go first... "

Xing Yan suddenly showed his fierce face. He sneered, "do you think you can go when you come into my house?"

"Godfather Xing Yan, what are you going to do? " Tang Yiyi's face turned pale with fear.

"I don't like your mother's goods, but you are different. You are fresh in my eyes." Xingyan is like a pervert. He immediately walks to the door from the side, stops Tang Yiyi's retreat, rubs his hands and says, "Yiyi, how about being a woman of Xingyan?"

"You are abnormal, you go away, you are disgusting..." Tang Yiyi scolded, with only anger and disgust in his eyes.

Xingyan's face sank. He immediately clasped Tang Yiyi's arm and slapped it on her face. "You dare to scold me! There will be a price. "

"Ah Help! Help... " Tang Yiyi's screams rang out in the hall of the villa. However, no one came here, because Tang Yiyi drove by himself, and Xing Yan's yard was surrounded by a lot, so her screams could only disappear in the air.

Half an hour later, Tang Yiyi was miserable. She sat in the corner of the sofa with her hair around her head. Xing Yan went upstairs. Tang Yiyi's tears of grievance and humiliation rolled around her eyes. She bit her lips and her beautiful face was bruised.

Because Xing Yan is a pervert, she just suffered enough crime. Tang Yiyi was angry. She suddenly wanted to let people see the pervert side of Xing Yan. She trembled and took her mobile phone, put it on a nearby desktop, and opened the way of recording video.

In the past, she would only let her mother show up if she was wronged. Now, it is her mother's misdemeanour that makes her close to Xing Yan, who is a pervert, and who suffers from inhuman abuse.

Xing Yan took a bath and stepped down from the second floor with a glass of red wine. In a good mood, he said to Tang Yiyi on the sofa, "Yiyi, would you like to have a drink?"

"You are not a man, you are an animal." Tang Yiyi said angrily.

"You're already my woman. What else can you scold? Why don't you stay with me in the future! I'll provide you with food, food and clothing. " Xing Yan asked disapprovingly.

"What did you do to me just now." "You are a hypocrite, you will be punished," Tang Yiyi sobbed

Xingyan's face sank. "Tang Yiyi, I warn you that you should dare to tell me what I have done to you, and I will make you disappear in the world."

Tang Yiyi was so frightened that she stopped crying. She gasped and stared at him. "Dare you."

"There's nothing I Xingyan dare not do. Just try." With that, Xing Yan pinched her chin and forced the wine into her mouth. "Drink more, and have another one later."

Tang Yiyi's face was twisted. She didn't want to drink. She choked several times. When her eyes saw her cell phone on the opposite direction cabinet, she bit her teeth and held back.

At three o'clock in the morning, Tang Yiyi takes advantage of Xing Yan to go upstairs. She picks up her mobile phone and bag and runs out. Xing Yan's family has her fingerprint unlocked, so Xing Yan can't stop her.

However, Xing Yan came down to find that she was gone, and he didn't think so. Girls like her pay most attention to fame. How can they tell such things everywhere?

He was also fearless.

Tang Yiyi shrinks in a small park, cries and calls song Yan to pick her up. When song Yan receives her, she finds that her body is blue and blue, her face is red and swollen, as if she had been abused.

"What's the matter? Xingyan that bastard to you... "

Tang Yiyi has been crying in the back seat with her arms in her arms. After crying, she hisses, "I'm going to kill him. I'm going to kill him."

At the moment, Tang Yiyi is totally out of her mind. She holds her cell phone tightly, like a miserable female ghost, "why Why does my mother marry such a pervert

Song Yan also sympathizes with her at the moment, but she can't do anything except sympathize with her. It can only be said that Qiu Lin's self planted evil results cost her daughter.

"Do you need to tell Mr. Qiu about this?" Asked Tang Yiyi after Song Yan Dynasty.

But Tang Yiyi shook his head abruptly, "don't Don't tell my mother, no, she can't stand it. "

"So that's all for it?"

"It's not going to be that way." Tang Yiyi is biting her teeth. She wants Xing Yan to pay the price.

Next, Tang Yiyi had no way to ask for help. She found that she was really useless. At this time, she could do nothing but watch her mother go to prison.

One week later, Qiu Lin's first trial ended, and she was sentenced to 15 years' imprisonment. All personal property was confiscated. Tang Siyu took over the company's right of inheritance. Tang Siyu, the first one in Tang Group, took over the shares originally owned by Tang Xiong according to the rules of Tang family's right of inheritance. However, we all think that Qiu Lin's case of misappropriation of public funds is over, but for Tang Siyu, this is just the beginning. Qiu Lin's sin is not only this one.

Tang Siyu submitted to the police the direction of 40 million yuan embezzled by Qiu Lin, all on a man's account called Liu Sheng. Tang Siyu intended to recover the money, so Liu Sheng became one of the suspects of embezzlement.

In a casino, the police caught Liu Sheng. Liu Sheng was caught, but he didn't know what happened. The 20 million yuan in his hand made him gamble in the dark. Even Qiu Lin stepped down, he didn't know.

Until he was sent to the trial and training room, Tang Siyu sent Han Yang and the police to interrogate him for 40 million yuan on the spot. Liu Sheng was stunned by the unexpected interrogation. However, he would not consciously reveal the reason. He insisted that Qiu Lin gave him flowers.

However, the police have a set of procedures for the trial and training. In addition, his words are flashing and there are many flaws, which makes the police suspect that he and Qiu Lin have some illegal transactions and activities.

This time, Tang Siyu, an old police officer with more than ten years of experience in handling cases, told him about his father's abnormal death and the subsequent death of Li De, the doctor who operated on him. In a series, it was the murder of two corpses, and Qiu Lin was behind the case.

Of course, the police can't be slighted any more, and Liu Sheng is the most critical evidence. He must be pried open to tell the truth.

Tang Siyu's heart string has been stretched to the most tense moment. In recent days, she has been tracking this matter. Xing liehan's company and little guy are also very clever and sensible. I only hope that Qiu Lin can be killed this time. Liu Sheng is a recidivist. It will take time to pry his mouth open, but there is no way. The police investigated the cause of Li De's death and monitored the video. It was only half a year ago. The police have more evidence.

When Liu Sheng crouches in the hospital and closely monitors the photos of Li De, and Liu Sheng's car appears in the traffic for a few seconds before and after the accident that night, all these evidences are sufficient to prove Liu Sheng's murder suspicion.

Liu Sheng's murder evidence is established, and he is about to face the trial of the court. But in the face of death, who can negotiate again? Liu Sheng finally tells Qiu Lin how to instruct him to kill Li De.

"Why kill Lide?" The police pressed.

Liu Sheng wants to blame Qiu Lin for everything. Naturally, he says, "because her husband died under Li De's scalpel, she wants to kill Li De so that she can sit as her female president."

"Are you sure Tang Xiong died under Li De's scalpel?"

"Anyway, she's the kind of guy who wants to die and has to die."

The old police officer fell into deep thought, and re investigated Li De's account. Indeed, in the ten days after Tang Xiong's death, Li De's account had successively entered millions more than his salary, and it was a shell company under Tang group that traced the account.

This step-by-step deliberation and evidence began to prove Tang Xiong's death, not natural death, but convulsive murder.

In the general office of Xingshi group, Tang Siyu just received a phone call from the police. Her father's case was accepted and began to be investigated. The day she expected finally arrived.

Chapter 399

Out of the window, is the end of the year, a cold rain hit, pattering on the glass window, the distant sky covered.

Her mood can't help repressing. Before her father fainted, only Li De and Qiu Lin were present. Now, after so long, can the police still have the evidence before his death?

Can you still convict Qiu Lin of this crime? Although Qiu Lin is holding a life in her hand, which has made her not far from the end of her life, she needs to know how her father died. She can't forget that before her father died, the angry and trembling fingers of Qiu Lin seem to have strong resentment in his eyes. What did Qiu Lin do?

Behind him, a pair of warm arms ring waist, Tang Siyu comfortable light eyes, nestled in his chest, feeling the familiar breath, and only in his arms, she can abandon all thoughts, only immersed in his warmth.

"Soon there will be truth about your father's death." Xing liehan has been acting as a warm Messenger since this month. When she is tired, he will rely on her. When she wants to help, he will do everything for her. When she is cold, his chest is her warmest harbor.

"Well! But I have a hunch that Qiu Lin will not tell the truth even if she dies. " Tang Siyu's eyes narrowed, feeling that Qiu Lin was dying, she would still keep the secret of her father's death.

"Then try to get her to say it."

"I have a way." Of course, Tang Siyu is also trying to find a way.

"What can I do?"

"Let me face her."

"No, I'm not allowed." Xing Lihan knows what she wants to do. She wants to provoke Qiu Lin and let Qiu Lin say it when she is out of her mind. Only when people are out of their mind can they not know what they have said.

Tang Siyu turned around and looked up at him. "Don't worry, I'm just facing her. She can't do anything to me."

Even so, Xing liehan is still worried, "but I don't want to see you feeling excited."

Tang Siyu comforted, "it's really OK. I've calmed down a lot. Let me make an end!"

"You Don't go. " Xing liehan knows that he can't stop her, so he can only hold her tighter, trying to express his resentment in this way.

But Tang Siyu decided that when Qiu Lin was convicted of murdering Li De, she would go to her. She wanted to provoke Qiu Lin and know what her father's hatred was before he died.

Airport.

In a white car, there is a pale figure curled up. It's Tang Yiyi who has been haggard for more than a month. She's pale and thin. She can't save her mother. She's been treated like Xing Yan. She's going crazy.

However, the more crazy people are, the more unexpected things they will do. Like her, she gets the news that Murphy will return home today, and she will stop to see him here.

Song Yan is sitting in the driver's seat. Now she has resigned from Tang Group. She just does her best to keep Tang Yiyi, and she knows what Tang Yiyi is going to do.

"Do you really have to do that? Do you think it's worth it? " Song Yan looks at Tang Yiyi in the back seat.

Tang Yiyi looks out of the window with a dull face and anxiously looks forward to mufei's figure. She bites her lips. "It's worth it. I want Xingyan to pay the price. I want him to regret that."

"But didn't Murphy also abandon you?"

"Do you know? Murphy is my favorite man. Even if he gave me up, I still love him. I don't ask for anything. As long as Murphy pays Xingyan for me, I want him to die. " The last sentence was almost said by Tang Yiyi.

Finally, Murphy's figure came out surrounded by several bodyguards. He was more mature. At the same time, he also had less elegant demeanor and saw the depth of businessmen.

Tang Yiyi pushed the door open and immediately ran towards mufei. She called his name as she ran, "mufei Murphy... "

Murphy stopped and looked around. He could hardly recognize the girl who ran to him, Tang Yiyi.

"Miss Tang, what can I do for you?" Murphy asked in a bland voice that he still didn't forgive her, because she made him lose his favorite girl.

"Murphy, I want to talk to you about something. Please give me some time." Tang Yiyi said in a hurry that her eyes were red and swollen and deep.

"Miss Tang, I have nothing to talk about with you. I've heard about your mother. It's her fault. No one can save her." Mufei thought that she came to him to save Qiu Lin.

However, Tang Yiyi shook his head fiercely. "No, I am looking for you, not for my mother, but to talk about a deal with you. You will definitely be interested in a deal."

Murphy squinted and doubted what she said. However, he found that Tang Yiyi, who was standing in front of her, had changed. No matter how charming and willful she was before, there were also some girls' ignorance and innocence. At this moment, there was only hatred in her eyes, and even a trace of the previous shadow was gone.

"Good! Get in the car with me! " Murphy didn't refuse her after all. He was also interested. What kind of deal would she talk about? Is it related to Tang Siyu? I don't know why. As long as Tang Siyu has something to do with it, mufei can't refuse it. He wants to know.

This is probably the reason why you love someone too deeply and deeply!

Song Yan looks at Tang Yiyi's success in getting on mufei's car. She thinks, next, she doesn't have to worry about the second Miss Tang anymore. Let her live and die! Anyway, Qiu Lin had no effect on her, but on her reputation and future.

Sitting in Murphy's car, Tang Yiyi's eyes are red. She looks at Murphy around her. She is elegant and calm. She is more attracted to her as if she had first seen her. But now she finally understands that she has no qualification to love someone.

In less than a month, Tang Yiyi has gone through two of the darkest things in her life. When her mother is in prison, she will face the death penalty. Her body is ruined. She is still a person who makes her feel sick and sick. Before, she would feel noble. Now, she only feels dirty.

"What deal would you like to tell me now?" Murphy looked at her calmly.

Don Yiyi shook his head. "It's better for us to talk when we are alone."

"Is it about Tang Siyu?" Murphy asked again.

Tang Yiyi's heart is still stinging. Even though mufei can't get Tang Siyu, she is still hanging on her heart. Why? Why does Tang Siyu have such a blessing?

There is a Xing liehan who never leaves her company, and a mufei who puts her on the top of her heart and no longer falls in love with another woman?

Chapter 400

Tang Yiyi flashed a flash of resentment. She said coldly, "no, it has nothing to do with her. I hate her."

Mufei frowned. "You don't have the right to hate her. She doesn't have any place to be sorry for you. You and your mother are suffering from it all the time."

According to Tang Yiyi's former temper, she must be mad at the moment, but at the moment, she laughed at herself, "yes, you all say so, Tang Siyu must be very proud at the moment, she finally pulled my mother down, but what did she rely on? Don't you rely on other men? "

Finish saying, Tang Yiyi looks at Xiang mufei, "are you and Xing liehan commercial enemies?"

"In business, partners are enemies." Murphy answered lightly.

Tang Yiyi could not help stepping on his pain and said, "but mu group has always been subordinate to Xing group in all aspects."

Murphy's face slightly changed. He really didn't like other people's comparison, because he didn't like Xing liehan.

Tang Yicha looked at mufei's face, and immediately shut up. He didn't want to be driven out of the car.

After arriving at Murphy's office, the assistant closed the door tightly, Murphy looked at Tang Yiyi. "Now you can say what deal you want to discuss with me!"

"I have a piece of evidence in my hand that will enable you to successfully acquire Xingyan's company."

"How is it possible? Xingyan's company hasn't reached the place where it can be purchased, and even xingliehan hasn't started yet. " Murphy doesn't think it's credible.

"But what if Xing Yan faces a strong accusation? What if he's going to jail? " Tang Yiyi has become a lot of smart recently. She thinks about it day and night. With the help of song Yan, she finally comes up with a way to cross Xingyan company.

Mufei looked at her in surprise. "Whose accusation has Xingyan received?"

"Mine." Tang Yiyi's face was blue and white, and he could not accept what Xing Yan had done to her.

"Yours? What did he do to you? " Mufei is surprised to upgrade. Isn't Xing Yan Qiu Lin's current husband? Why does Tang Yiyi hate him so much?

Tang Yiyi shook her hands and took out her mobile phone. She opened the video, stopped looking, and handed it to Murphy. "It's enough for him to do well."

In the video, it's the video of Tang Yiyi being humiliated. Mufei is disgusted when he sees the picture. He has seen it clearly. The video clearly shows Tang Yiyi's desperate struggle and Xing Yan's animal behavior.

He turned off his mobile phone and looked at Tang Yiyi with a dignified face. He also understood the reason why she would suddenly become so thin. It turned out that Xing Yan actually did this to her.

"Is he divorced from your mother?"

"No, he knows my mother has a homicide on her hand. When she dies, he won't have to leave." Tang Yiyi has seen through.

Murphy breathed a little, "what do you want me to do?"

"Protect me, threaten him with this video, let him sell you the company at a low price, or let me send him to prison." Tang Yiyi's eyes are full of resentment.

Murphy has been in the business world for many times, so he thinks that Tang Yiyi's proposal is inevitable. Instead of letting Xing liehan succeed in the end, let him expand his company's strength. With the most successful project, he really has enough funds to buy Xingyan's company.

"Yiyi I don't know how to comfort you. " Murphy sighed.

"Don't comfort me, buy this bastard's company, and let me send him to prison again. You can put him in prison for a lifetime, and never come out again. It's better to die than to let him live in prison." Tang Yiyi only has the heart of revenge.

"Well, I promise you, as long as he goes in, he will never come out again." Murphy agreed to the deal.

"Give me a place to live. I'm afraid Xing Yan will find me."

"I will." At this moment, mufei has only one sympathy for Tang Yiyi.

Qiu Lin's homicide case is under investigation. Liu Sheng's confession confirms Li De's homicide case. However, the police are following this line to trace Tang Xiong's death.

Of course, they also mentioned Qiu Lin to interrogate, but Qiu Lin insisted that Tang Xiong's death had nothing to do with her. At this time, she had no hope. She just hated the police, the world and everyone.

She just didn't say it. She even looked crazy. Tang Yiyi went to see her several times. She didn't say anything about Xingyan, because Qiu Lin would really go crazy.

She has protected her daughter for a lifetime, and even let Xing Yan treat her like this. She will not live as if she were dead, and she will regret that at least Tang Xiong will love her daughter.

Xing liehan knows that he can't stop Tang Siyu. The rainy season in winter is endless. The little guy and Xing Yinuo stay in the villa and play. They buy a room of toys, which is enough for the couple to make trouble. Xing Zhengting and his wife take good care of the little guy and make Tang Siyu feel at ease.

Today, Tang Siyu submitted the information of meeting Qiu Lin to the police, which was also approved by the police. The time was set between 3:00 and 4:00 p.m. and she was given an hour.

It was Xing liehan who sent her off. He wanted to stop her, but Tang Siyu insisted on going. This is what she, as a daughter, will do when she sees her father's hatred with her own eyes. If she doesn't find out the reason, she will never forget her father's angry face when she dies.

Outside the window, the wipers were brushing fiercely, as if they were pouring down.

When the car arrived at the police parking lot, the rain was too big. Xing Lihan took the lead in getting off with an umbrella. When he opened the door, he quickly took Tang Siyu out of the car into his arms. Tang Siyu also held him tightly by the waist. In the rain, two faces were directly close to each other. Tang Siyu could see clearly the worries under his eyes.

She hugged him and chuckled. "Don't worry, I'll be fine."

"I know I can't beat you." Xing liehan sighs helplessly and holds her shoulder tightly. Half of the umbrella has tilted to her side, protecting her very well, while the side of his expensive suit has been wetted by the rain for the most part.

Although it was only a few meters away to the hall, the rain was too big. As soon as Tang Siyu stepped in, she hurriedly went to see his shoulder. It was really wet. She took the paper from her bag and stained it with water.

"Nothing!" Xing liehan collected his umbrella and put it in the storage cabinet beside him.

Tang Siyu is still very careful to take the paper towel and try to absorb the moisture on the surface of the suit for him, which makes several policewomen nearby look at it and feel very warm. The handsome men and beautiful women stand together and the picture is very pleasing to the eye.

Besides, Xing liehan is not a handsome man who can be seen on the road every day. If he has a chance, he still wants to see more.

However, his side of the Tang Group Qianjin, with him, how to see how to board right.
