

U. CEO Daddy 401

Chapter 401

"Miss Tang, Mr. Xing, you are here. Please follow me." A middle-aged police officer came to meet them.

"How is she feeling now?" Tang Siyu asked.

"Qiu Lin's mood has been unstable. Miss Tang, when you go in and confront her, we will give her handcuffs and foot cuffs, and we will send two police officers on the scene."

"She must be safe." Xing liehan added cautiously.

"Yes, we will give priority to Miss Tang's safety."

Tang Siyu has not come to see Qiu Lin since she was separated from him in the court that day, but Liu Sheng's fall must have hit her hard.

"Will her daughter, Tang Yiyi, come to see her?"

"I just came here two days ago, but I cried every time. I was in a bad mood."

Of course, Tang Siyu knows that Tang Yiyi has been dependent on Qiu Lin since she was young. Qiu Lin is her heaven and earth. When Qiu Lin falls down, she must be helpless.

As her father's daughter, she only hopes that Tang Yiyi can live her own life next and not be influenced by her mother.

It must be that her mother suffered from herself. She only resented Tang Yiyi at most, but did not reach the level of hatred.

Even Tang Yiyi didn't know that her own father's death was related to her mother. Qiu Lin must have concealed this very well.

"Miss Tang, please sign here. We will bring Qiu Lin here at three o'clock."

"OK." After Tang Siyu finished, he filled in his signature on an information form and Xing liehan was a little tense.

Now there are five minutes left. Xing liehan takes her to sit on the chair next to her. "How are you going to press her later?"

"I didn't think about it either, but I had so many words to ask her, maybe I thought about it in a moment." Tang Siyu's mind is a little confused now.

"Relax, Qiu Lin is doomed. As long as she gets the retribution, you should put it down."

"Well!" Don Siyu nods. It's time for her to let go.

For Xing liehan, to let go is to return to him with all her heart and mind. Don't be stimulated or hurt by these people or things.

At three o'clock on time, Qiu Lin was taken into the interrogation room from another channel. At this moment, she was dressed in captivity, trance, eyes lax, and a trace of her previous spirit could not be found. Even her hair was gray, her skin was gaunt and waxy yellow, and she was ten years older than before.

When the door opened, two police officers accompanied Tang Siyu to enter. In the nearby viewing room, Xing liehan held his hands on the table top and stared at the situation behind the glass window.

Qiu Lin sat quietly. When she saw Tang Siyu coming in, she went mad. She clutched her hands to death, and looked at Tang Siyu with resentful eyes. She grinned and said, "what are you doing?"

Police officers on both sides stepped back to give Tang Siyu and Qiu Lin a chance to sit opposite each other. Qiu Lin was also subject to a interrogation table, and she could not hurt Tang Siyu.

"Qiu Lin, have you ever regretted it?" Tang Siyu asked directly.

"Regret? Regret what? Regret seducing your father and killing your mother? Or regret misappropriating public funds? I tell you, I have no regrets. " Qiu Lin smiled smugly.

Tang Siyu also tightened his fists, clenched his teeth and asked, "I ask you if you regret killing my father! He is not bad to you. Why do you watch him faint and lose the chance of rescue? "

Qiu Lin was stunned. Her red eyes flashed a flurry. She immediately bit her teeth and refused to admit it. "When your father fainted, I was not at the scene. How could I watch him lose the rescue opportunity? Jokes. "

"Do you swear to heaven? When my dad fainted, weren't you there? " Asked Tang Siyu angrily.

Qiu Lin immediately stood up angrily and pointed to Tang Siyu with both hands in handcuffs. "Tang Siyu, why do you make me swear? You know what I want to strangle most is you. I should have poisoned you with a poison when you were young. I really regret not having started."

"Qiu Lin, pay attention to your words." The police next door gave a furious shout.

Qiu Lin seemed to be afraid of the police. She immediately shrunk her neck and sat down on the chair honestly.

"You dare not swear, because you are at the scene. You and Li De are together. You have done something shameful, which has caused my father a heart attack!" Asked Tang Siyu.

Qiu Lin is biting her lips. She is not afraid of boiling water and scalding. "What do you mean! Anyway, I haven't had a few days to live. You can think as you like. The cause of your father's death, you will never know in your life. You can see his painful death! Your heartache! Then you'll be in pain for the rest of your life. "

"Don't forget that your daughter is also called his father. He is your daughter's own father. How can you be so vicious!" Tang Siyu's eyes were red with anger. Qiu Lin was a snake and a scorpion.

Qiu Lin's face slightly changed, and then, some crazy muttered, "Yiyi, what can I do with my Yiyi? What can she do if I'm not here? What is she going to do? She won't do anything. " Finish saying, stare at Tang Siyu again, "you are not allowed to bully my daughter, you are not allowed to bully

her." "If she doesn't do evil herself, no one will bully her, but cultivate her into a worthless person, isn't it you?" Tang Siyu made a mockery.

Qiu Lin suddenly shouted with her head in her arms, "no, I'm not wrong. I'll do everything for her. I'll show her everything. I'll give her a rich life Am I wrong? Am I really wrong? "

Tang Siyu looked at her and said to herself, "Liu Sheng has confessed. You deliberately killed Li De because Li De has the handle and evidence that you killed my father. So you bribed Liu Sheng to kill Li de. I know that Li De is your high school classmate. You killed him by hand."

"He damn He is so damn. He dare to threaten me I Qiu Lin hate being threatened. If he doesn't threaten me that day, he won't have to die. " Qiu Lin fell into a state of confusion.

Tang Siyu takes advantage of Sheng's pursuit and continues to lure her. "Does Li De ask you for money? How much does he ask of you? What do you have in his hand? Is it related to my father? Did he deliberately frame my father in the operation? "

In Qiu Lin's mind, she has been suffering from insomnia for several days, almost all night, which leads to hallucinations in her consciousness. When she looks at Tang Siyu's approaching face, she laughs, "it's useless if you want to force me to say it. I said that your father's death will be your greatest regret, Tang Siyu You have to die. Your whole family, Xing liehan's family, your son You all have to die... "

"Shut up It's you who can't die! " Tang Siyu was really stimulated. She was so excited that she stared at Qiu Lin and shouted angrily, "what is the truth of my father's death?"

Xing liehan, standing outside the window, clenched his hands tightly. His mind was calm. With Qiu Lin's conversation with Tang Siyu, his mind flashed. He suddenly whispered, "I know what's going on. Let me go in, OK?"

Chapter 402

The old policeman beside nodded, "OK! Give you a little more time. "

Tang Siyu was so angry that she could be humiliated by herself, but she couldn't bear others to talk about her son, let alone curse her Xing family. She was trembling all over, and there was a sound of pushing the door behind her. Soon, her shoulder and arm held her. "Don't be excited, Siyu, let me ask her a few words."

"Oh, Xing liehan, you have seed, but you will not have a good end." Qiu Lin scolds people now.

"Qiu Lin, I know why Uncle Tang had a heart attack, because you and Li De were cheating in his office, and uncle Tang ran into you, didn't you?" Xing liehan's questions.

Qiu Lin's expression, which was just stable, was stabbed by something in an instant, becoming ferocious and twisted. She looked down in a panic, as if it was difficult to look directly at the two people staring at her.

Tang Siyu's breath also smothers. She stares at Qiu Lin angrily, and then asks, "how can you cheat on other men in front of my father?"

Qiu Lin was guilty. At this moment, she suddenly wanted to be angry with Tang Siyu. Anyway, her death is not far away. She can admit everything she has done. What is she afraid of? Looking at Tang Siyu's angry expression, the more she wanted to annoy her.

"Yes, your father is so unlucky. Li De and I were dating in his office that day. Maybe the door wasn't closed! Your father didn't even knock on the door, but he came in. Fortunately, the immortal saw me with other men. You can only say that he was unlucky! He would not have had a heart attack that day, and would not have died, but he had a heart attack in a fit of anger. "

"Li De was there. Why didn't you let him rescue my father?" Tang Siyu's eyes were red with anger, and he asked.

"I want to help! But he broke my love. What can I do to save him? To save him, he just divorced me. At that time, he would not even give me half a cent of the money. So, if Li De and I don't do it twice, we will let him miss the best time. In addition, Li De is the doctor in charge of the knife. He can let your father die at will. " Qiu Lin said without any guilt.

The police on one side couldn't hear any more, "Qiu Lin, you know you have two lives in your hand."

"What about three or four? If you shoot, shoot! Am I still scared? " Qiu Lin turned a white eye.

Tang Siyu said angrily, "you are not human! You don't even deserve to be a man. He's still your daughter's father. "

"But he has always attached importance to you, not to dependence at all. What he wants to cultivate is you. Does she attach importance to dependence?"

"You are the master of the family. What do you want Tang Yiyi to learn?" Tang Siyu red eyes hissed.

Xing liehan is worried about Tang Siyu, who is mad in his arms. He shouldn't let her come here. Now, she knows the truth, but she is afraid that it will be even worse.

"Qiu Lin, what do you like? You don't have a bit of remorse. Even if you give your daughter some morality, please be a person. " Xing lie's cold wake-up call.

As expected, Qiu Lin's pride disappeared immediately.

Xing liehan doesn't want her to be happy. "You marry Xing Yan. You don't know what kind of person Xing Yan is. Your daughter asks him to save you. Think about how he will treat your daughter."

This sentence undoubtedly scares Qiu Lin, and she crazily holds her head. "No, Yiyi, don't go to him. Xing Yan is a bastard. He won't help me Yi, please don't go to her In case that bastard... "

At this time, Xing liehan takes Tang Siyu out, leaving Qiu Lin, who is mad with anger, there, shouting and muttering to himself all the time, almost going mad.

Tang Siyu walked out of the interrogation room with a dull look. She finally knew the reason for her father's hatred, but she loved him and let him die because of Qiu Lin's betrayal.

Now, Qiu Lin has paid a price.

This is the end!

From the window, she looked at Qiu Lin, who was dragged away by the police officer. She was almost crazy. It was not worthy of sympathy.

"Siyu, let's go!" Xing Lehan takes her out of the house, and the police have the evidence just now, which can indeed prove that Qiu Lin is suspected of causing the death of Tang Xiong. However, this matter, because of the complexity of the situation, should be added to her criminal evidence as appropriate, but Qiu Lin is extremely guilty, and the final trial should be decided by the court!

Tang Siyu sits in the car, Xing liehan looks at her dull expression, and for a moment, he doesn't know what she is thinking.

"Do you think it's Retribution At that time, my father betrayed my mother for Qiu Lin's sake, which made my mother depressed. Now, Qiu Lin's betrayal also made my father hate him, and Qiu Lin also carried these sins because of my father. Is it really retribution? " Tang Siyu's eyes were full of tears and his expression was very sad.

Xing liehan's heart was aching. Looking at her at the moment, he couldn't breathe. He leaned over, reached for the copilot's seat and held her in his arms. He gently stroked her head and coaxed, "OK, it's over. Don't think about it."

Tang Siyu is more and more sad. Why does the family become different from home, and all this makes her lose two relatives? So, she hated betraying this kind of thing, she hoped that this kind of thing would never happen again around her."Liehan, if you don't love me, would you please tell me first? Let me be ready to leave Let me... " Tang Siyu's words haven't finished, tears are still falling, but her red lips are blocked by men's bullying.

Xing liehan doesn't want to hear her words. Her words make his heart more painful. What does this silly woman think? How could he have let her go? How could he not love her?

Xing liehan gently opened his lips and looked at her slightly shocked face. His eyes were a little annoyed. "No more such words, never."

"Why?" Tang Siyu mumbles.

"Because this is something that will never happen. As long as I am in the world one day, you are not allowed to leave me, and you will not fall in love with other women. Your father's fear will not be repeated in me." Xing lie said in a low and firm voice.

Tang Siyu's tears still fall down, but this time, not sad, but happy, she sniffed, nodded obediently, "OK!"

Xing liehan let go of her and asked in a low voice, "where do you want to go now? Go home? "

"I'm not in a good mood now. I'll go back later. I don't want to make Xiaoxi feel this mood."

"Then send a bunch of flowers to your parents' grave!" Xing liehan knows that she misses her parents at the moment. Maybe doing so will make her feel better.

Tang Siyu nodded, "OK!"

In a small apartment, Tang Yiyi is settled here by Murphy. She sits in front of the floor to floor window and looks at the rain outside the window. She feels that her life is extremely dark, and there is no sign. She doesn't know how to go ahead and is more afraid of the future life.

Now, from Murphy's eyes, she could not see any pity for her. Even if he did everything now, it was only because of the evidence that she could help him.

"How could I have failed so badly?" Tang Yiyi muttered, "why can't I meet a Xing liehan like Tang Siyu? Can't be loved by a man like her? "

In the past month, she has grown up rapidly and even experienced a miserable life.

Chapter 403

"Mom, what should I do?" Tang Yiyi burst into tears, but she bit her teeth, but only wanted to send Xing Yan, the bastard, to prison, which was the only thing she had to do.

Moreover, she was also happy to help mufei, that is, to help him fight against Xing liehan in the business world in the future. At that time, Xing liehan was under pressure, and Tang Siyu was with him, I'm afraid it won't be better. It's indirect revenge for his mother!

In the cemetery, the rain gradually turned to drizzle. Xing Lihan was holding an umbrella. Tang Siyu put two white chrysanthemums in front of her father's and mother's tomb. She gazed at their photos silently. At the moment, she seemed to see her parents' love under the spring.

"Mom and Dad, I hope you are safe underground. Don't worry about me any more. I will have a good life." Tang Siyu said to the cold tombstone.

A cold wind came from the other side of the mountain. Xing liehan worried that she would catch a cold, so he said, "let's go back first!"

Tang Siyu nods and sits in the car. She sneezes unexpectedly. She feels a chill running through her limbs, which makes her shiver. Xing liehan looks at her worried and reaches out to touch her forehead.

Even felt a little hot hand, he twisted his eyebrows and said, "it seems that I still have a cold."

Tang Siyu smiled and shook his head. "It's OK."

"Go back!" After Xing liehan finished, he turned on the heating and took her away.

In winter, for Susie, she just wants to stay in a warm room and be a hibernating snake. She hasn't been out for a full month, and she almost lives in the villa of wenlichen.

Because Wen lichen's work is busy, and Su Qin has been delaying his return to China, the meeting between the two families has been postponed until tomorrow.

Suxi is nervous and looking forward to the meeting. She is worried that her parents will still introduce the family background of Huaiwen family.

At 7:30 p.m., Suqin's phone rang in. She got off the plane. The two sisters chatted for a while. Outside the door came the familiar sound of Wen lichen's car.

"Sister, don't tell you. He's back. See you tomorrow." Said sushi.

"Well, I'll see you tomorrow, and I won't disturb your love!"

"Sister, have you misunderstood? We haven't!" Susie couldn't help but clarify, lest the family think so.

"What? Aren't you cohabiting? " Suqin was rather surprised.

"We live together, but we sleep in separate beds." Susie's awkward explanation.

"Ah! So it is! " Suqin smiled at that end, too. "Well, you're busy! See you tomorrow. "

Finish saying, that end then hangs.

Su Xi put down her mobile phone and saw the hall outside the door open. Wen lichen's tall body stepped in. The suit was also covered with a khaki windbreaker. The whole man looked tall, handsome and magnificent.

Sushi's heart was glad, but she went over and said, "I'm back. Do you miss me?"

She asked childishly.

Wen lichen had not yet taken off his coat, so he could not wait to brand her red lips, "think."

"How do you think?" Susie asked again with her head askew.

Wen lichen hung his coat on the hanger beside him, reached for her hips and picked her up.
"Besides work, I miss you."

This answer, let Susie very satisfied, she nodded, "Well! I miss you too. " Then he buried himself in his shoulder and asked, "are you nervous about tomorrow's parents' meeting?"

"Not nervous. I'm looking forward to it." Wen lichen replied in a low voice.

"But I'm a little nervous!" Sushi said helplessly.

"Don't be nervous, I am!" Wen lichen took her forehead and put out her hair.

Susie laughed. "Well!"

"I've got some rain on me. I'll take a bath upstairs first. Would you like to come up with me?"

"Eh? What am I doing up there? " Susie was a bit shy and didn't dare to see him.

Wen lichen suddenly smiled and offered an opinion, "don't you want to try me? Not afraid to get married, I can't? "

Susie blushed instantly. "I believe you!"

When Wen lichen heard this, he immediately laughed. He was in such a happy mood that all his tiredness was eliminated. He hooked his lips and said, "Well! Believe me. "

After hearing this, sushi dared not look at him any more. He jumped off his body and said, "take a bath! Don't get cold. "

Wen lichen went upstairs to take a bath. Sushi was waiting for him downstairs. Anyway, it was still early. She was not in a hurry to go upstairs.

On the contrary, Tang Siyu came back from the cemetery, but it was getting hotter and hotter. When he came back to the villa, Xing liehan took her temperature. It was 39 degrees. He immediately called the doctor and asked him to take the medicine for home diagnosis and treatment.

The little guy also came. He was lying at Tang Siyu's legs, and his big black eyes looked at Mommy nervously. "Mommy, are you dizzy? Are you thirsty? "

"Mommy is not dizzy or thirsty. Mommy is OK."

"But daddy said you have a high fever, which is very serious." With that, he stood up and pasted Tang Siyu's forehead with his fleshy little hand. When he felt the burning, he immediately said, "Mommy, your forehead is so hot!""Not afraid, Mommy doesn't feel it." Tang Siyu smiled and stroked his little head. He thought that the little guy was hot, but he had a good spirit!

Xing Lihan brings a basin of water to her. At this time, she can only do some physical cooling for her. Xing Lihan wring a warm towel on Tang Siyu's forehead first, then opened her sleeve with another wet towel, wiping her arms and palms. Tang Siyu's body is surrounded by two handsome men, one big and one small. Even if she is ill, she is in a good mood.

The doctor arrived soon and checked for Tang Siyu. He was suffering from cold and feverish. He needed to hang some drops to relieve the fever. Tang Siyu sat on the sofa with his arm pricked and sat still waiting for the drops to finish.

"Mommy, does it hurt?" After a while, the little guy came back to see the needle stuck in the place, and his little eyebrows were tightened.

Don Siyu reached out and stroked his little head. "Mommy will be fine soon."

Xing liehan said to him, "Xiao Xi, it's late. I'll take you to grandma's place. Don't sleep with your mommy tonight."

"Why?"

"Because illness can spread."

"What about you, daddy? Are you going to sleep with Mommy? " The little guy asked with his head askew.

"Of course daddy can sleep with your mommy. Daddy is strong and has low resistance." Xing liehan naturally wants to fight for his rights.

One side of the two nurses immediately chuckled, envied at Tang Siyu, with a handsome husband, but also gave birth to a handsome son, it is very happy!

Tang Siyu also bent his eyebrows and smiled, and said to his son, "tomorrow Mommy will be with you at home."

"Well! Good night, Mommy. You can go to bed earlier, too! " With that, the little guy led Xing liehan out of the door.

Chapter 404

When Xing liehan came back, Tang Siyu was about to pull out the needle. After eating the medicine, the doctor and the nurse left. Tang Siyu's temperature dropped to 37.8 degrees. If he

continues to recur in the evening, he will take another antipyretic four hours later. If he can't do it tomorrow, he will go to the hospital.

Tang Siyu also experienced getting sick. The whole person was weak and weak. At the place where the needle was injected, a small bag was swollen. Tang Siyu took a bath and lay on the bed. Xing liehan brought her hot water to apply to her arm.

Tang Siyu felt the warmth, and his eyes were touched. This man was so nice that she had an impulse to stay with him for the rest of her life.

Xing lie raised his eyes, looking at her eyes and staring at himself. He hooked his lips and smiled, "what's the matter?"

"Let's get married!" Tang Siyu said suddenly.

Xing liehan's heartstrings jerked, and the light in his eyes was very bright at the moment. He even breathed a little, and answered with a low smile, "OK, let's get married."

"We're going to have our wedding every other week after Heather's wedding." Tang Siyu thought it should be a very happy thing. After she joined sushi, sushi immediately joined her.

"Whenever you say it, it depends on you." Xing liehan put the towel in the basin, sat beside her, held her and kissed her hair. "Next, I'll be safe with me. I'll live up to you all my life."

Tang Siyu snuggled up in his arms, closed his eyes, bent his lips and smiled, "OK."

Her father's company came back to her. The truth of her father's death was revealed. Qiu Lin paid her price. She could let go of everything in her heart. Next, all she had to do was to live a good life with this man and raise their children.

This evening, Tang Siyu was still repeatedly hot. Xing liehan took care of her all night.

Early in the morning, he took her to the hospital.

In the early morning, Suxi also got up. She put on a proper make-up and chose a khaki color windbreaker, which made her skin white and beautiful. Although she was in the entertainment circle, she developed a lady atmosphere.

Wen lichen was dressed in a dark suit. Sushi went to tie him. She slept well last night, but she suffered a man. Because in winter, she would get into his bed when it was cold. Although she slept in the same bed, Wen lichen always kept the style of gentleman.

Susie is wearing a tie seriously. Wen lichen looks at her seriously, and raises her chin directly. Her thin lips suck on her red lips.

"Don't make any noise It's not good for me. " Susie laughed and dodged.

Wen lichen can't be honest. Facing this woman, he is full of energy every day. So, how can things like kissing her be less?

"Well, finally, it's good-looking." Sushi praised, but the next second, the man was pressed on the side of the glass cabinet, a good morning kiss.

When she went out at nine o'clock, Susie's red lips, which were light lipstick, had a kind of rose like amazement, which was not the function of lipstick, but the credit of this man.

Suxi calls Suqin, and they are also going to set out from home at 10 o'clock to the restaurant. Wenlichen's family is ready for the dinner. The two families are finally going to meet.

Sushi once saw a saying that a relationship that satisfied both the family would be happy for life.

Then, she will be happy all her life.

The restaurant is set in a high-end Chinese restaurant. Suxi and Wen lichen come first. Suxi and Wen's family have met. Although Suxi is in the entertainment circle, she has been accepted by the elders of Wen's family. In addition, Suxi is also a rare clean actress in the entertainment circle. In the past, Mrs. Wen would have some opinions. We can see that her son cherishes her so much and is a mother. There is no one who is sensitive ? She also secretly asked some old people in the entertainment circle, and they all spoke well of Susie.

So, naturally, the more you look, the more you look.

"Xi Xi, Li Chen, in a moment, my parents and I are here. Go downstairs to meet them." Mrs. Wen said politeness to them.

"Well! I called my sister and I asked her to send me a message when she arrived. " Susie nodded.

Ten minutes later, Suxi received Suqin's message. She and Wen lichen went downstairs to meet suboyan and his wife. Suxi and Suqin also met.

Su Qin meets Wen lichen for the first time. They greet each other politely. Wen lichen also knows that Su Xi has a sister. Today, she has a totally different temperament from Su Xi. Her temperament is partial to that of an employee, and she exudes a shrewd and capable temperament. Su Xi is totally another atmosphere of sexual freedom. At the same time, it is also the reason why Wen lichen has paid attention to her since he knew her He has a strong desire for protection.

In the upstairs, the two elders met with each other in a comprehensive manner, and they all talked very well. In this generation of elders, there are many topics to talk about. Wen Liangyao is also there. He has been teaching in high school. Recently, he has been busy teaching a group of high school students, and his performance is very good. His class mathematics has achieved the first grade in the whole school.

The elders on both sides naturally talked about their own children. When Su Xi was mentioned by her parents, she was sweating nervously for fear that she would be preached by her parents. Fortunately, Su Boyan always praised how smart and lovely she was when she was a child, which made Su Xi secretly moved. It turned out that in dad's mind, she was not the kind of poor child she thought she was. However, compared with wenlichen's growing up experience, Suxi has only the share of admiration and envy, and even the two old sujias have to convince the two children of wenjias to have a very successful education.

When the Wen family heard that Su qinnian would work in the presidential palace, they also thought that all the children of the Su family were promising. The more they looked at the couple, the more they enjoyed the meal.

As for the gift money, Su Boyan, as long as the number of daughters he married now is 100000, not much, which really embarrasses the Wen family. How could their ideas prepare tens of millions of gift money? I was a little shocked.

In the end, the salary of the Su family is still the standard, but this makes the Wen family admire the couple even more.

Su Xi also covered her mouth and smiled. Wen lichen gently reached her ear. "My money will be yours in the future. You can take it to your parents at any time."

When sushi heard this, she smiled and nodded softly. She didn't dare to let her parents find out that it was sweet to be secretly spoiled by him.

Suqin smiled, and her heart was filled with envy. In her mind, she flashed the man who had broken up. She thought, if he didn't give up himself at that time, would she have already entered into marriage?

Chapter 405

A week later, Qiu Lin's trial finally came down. The death penalty was suspended for one year. Hearing this, Tang Siyu accepted it calmly. Tang's group was managed by Xing liehan's personnel, and she also withdrew from the company as the boss.

New year's Eve arrived, a year time, she experienced wind and rain, encountered the death of relatives, met a lover, and the new year, she believes that everything will be better.

The same news came to Tang Yiyi's ears. She hid in the apartment that mufei rented for her and cried all night. At the same time, she hated Tang Siyu. After that, Tang Yiyi changed. She was like a spirit of resentment. She was full of resentment. She was not beautiful and skinny. She was only twenty-four years old and looked as if she were When she was ten years old, no one would look at her more when she walked in the crowd. Even if she looked at her, it was not because of her beauty, but because of her gloomy breath.

During this period of time, the only thing that can support her is that she wants to revenge. First of all, she needs to revenge Xingyan. Next, she needs to use any plan to revenge tangsiyu and xingliehan. She needs to revenge for her mother.

She will live in the dark like a mouse. She has no interest in the future and life. Xing's house is sealed, and she doesn't even have a home!

The news of her mother's imprisonment filled the sky. Her good sisters all kept away from her. No one wanted to take care of her at all. Tang Yiyi also saw the people who had wrongly believed before and knew that those sisters were snobbish.

This made her hate this society and all people. Murphy would occasionally make a phone call to care about her life, but with only a few brief exchanges, Tang Yiyi had no vision for Murphy either, when she showed him the video of her being abused by Xing Yan.

She knew that Murphy would never look at her again.

She saw Suxi's wedding news on the Internet, full of blessings. Her husband is the president of Tianmu entertainment group, a business tycoon, a man that women envy and yearn for. Tang Yiyi is really jealous. Why does Tang Siyu have Xing liehan? Even her good sisters can find such a good man.

By contrast, she lives like a ghost.

On New Year's Eve, Xing's and Wen's families were all very busy. It was more fun to visit relatives and friends on the first day of the new year.

Just at the third day of junior high, the elders of the Wen family came to Xing's house. Xing Yifan also came back. Xing Yixi was more tall and handsome. Xing Yixi followed him all day long. His uncle's call was intimate. Su Xi and Tang Siyu got together to chat. Xing Yinuo was shy and didn't dare to see Wen Liangyao. Because she didn't rank well in the exam, she didn't think so Face to face to see him, and Xing Yifan began to fight between brother and sister again. However, Xing Yifan was more tolerant to her and let her do a lot of things.

Wen lichen and Xing Lihan join in the discussion of their parents. They have been chatting on the sofa in the hall. Wherever Tang Yixi goes, he is popular. This hug and that relative are all very handsome. They are one year older. They also receive a lot of lucky money. Tang Siyu has saved all of them. The little guy even has a million.

After the engagement, Susie moved back home. According to her parents' wishes, she had to live at home before she got married. Only after she got married, she could live in wenlichen's house again.

Her parents are all traditional elders. In addition, in the new year, she naturally becomes a good girl.

When the two girls get together, the biggest fun is talking about men and children. Suxi asks the little guy, "son, do you want to have a brother or sister for you after being a mother?"

"Have a sister." The little fellow replied at once.

Tang Siyu can't help rectifying the way, "have a little brother."

Sushi immediately smiled and said, "it's OK to have anything, but I want to have a daughter. Lichen likes her, too."

"Then Mommy, you have another sister!" Tang Yixi asked greedily.

Sushi immediately hugged Tang Siyu and said, "soon you will have two younger sisters. How about you and your mommy give birth to younger sisters?"

The little guy immediately nodded happily, "OK!"

Su Xi and don Siyu immediately look at each other and laugh. The little guy is too lonely. She throws the goal to Su Xi, "then you have to hurry to live!"

"Let's get married." When sushi thought of having a baby, she was still afraid. If you can hold on, you can hold on!

At this time, Tang Siyu's mobile phone rang, she picked up a look, strange phone, she said to sushi, "you look at the little guy, I'll take a call."

"Good! Go! "

Tang Siyu went to the window and looked at the strange number, thinking about whether to pick it up. But after thinking about it, she picked it up. "Hello."

At that end, a familiar male voice sounded to her, "it's me, Murphy."

Tang Siyu is slightly shocked. He called.

"What's the matter?" There was a sense of distance in her voice.

"Siyu, don't hang up. I want to tell you that Tang Yiyi is here. I have arranged her residence." Murphy was careful in her voice, for fear that she would hang up. Tang Siyu has also thought about how Tang Yiyi will live after Qiu Lin enters her cell? Where are we going?

At the moment, hearing Murphy's words, she was still stunned. Tang Yiyi had gone to him.

"How is she?" Tang Siyu asked curiously.

"She has a bad life. The whole person is thin and haggard. Siyu, she seems to hate you very much."

"Whatever she wants! I have nothing to do with Qiu Lin. " Tang Siyu said lightly.

"Qiu Lin deserves it. Tang Yiyi has such a mother. She can only say her misfortune." Mufei sighed and asked, "how are you doing recently? Is Xing liehan good to you? "

"He's very kind to me. We're going to get married." Tang Siyu replied.

That end can hear Murphy breathing disorderly voice, he only then uses one kind of self mocking smile voice way after a few seconds, "I really envy him."

Tang Siyu is silent for a few seconds. "Mufei, I hope you can find your happiness."

"But in my heart, no woman can replace you in my heart." Murphy's voice was full of a trace of pain and unwillingness.

Tang Siyu's voice immediately cooled, "there is no possibility between us. If you go on like this, it's just you who are suffering. Don't pester our past."

Murphy sighed at that end, "I also hope to start again, but in my eyes, any woman has lost my feeling for you. They are beautiful enough and excellent enough, but they can't give me the feeling you once gave me."

Chapter 406

Tang Siyu didn't want to hear him at all. She said coldly, "I'll hang up first. Thank you for accepting Tang Yiyi."

"Siyu, do you really think it's impossible for us? This life is still so long, a lot of things will change, maybe one day, you are not in Xing liehan, I will give up everything and be with you at any time. " Murphy's voice came firmly.

Tang Siyu's face slightly changed, she was very positive retort, "impossible, this life I will not fall in love with any man except him, no matter what happens, I will be with him, forever."

Tang Siyu's voice is more firm.

Murphy at that end seemed to be hurt again. He smiled bitterly. "You love him so much? You love me for ten years, but you fall in love with him within one year? "

"Yes, I love him all my life." Tang Siyu replied positively and hung up directly.

She collected her mobile phone and turned around. Her face was white with fright. Behind her, Xing liehan leaned against the balcony post where she answered the phone and looked at her with deep eyes and a smile.

"You Why are you here? " Tang Siyu is still guilty, because she really can't answer Murphy's phone, but just now that it shows a strange number, so she answers.

"I heard it, Siyu, and I was moved." Xing lie comes over with deep feeling, gently holding her shoulders and lips.

But Tang Siyu still felt sorry for him. She apologized, "the caller id just now is a strange number. I don't know it's mufei. If I knew it was him, I would not answer his phone."

Xing liehan didn't want to make her feel guilty either. He gently rubbed her hair and said, "it doesn't matter. I believe you are."

Tang Siyu sighed, "he called me to tell me that he took Tang Yiyi."

Xing liehan just heard that, he nodded, "this is their business, you don't have to worry about it."

"Don Yiyi hates me."

"Let her hate it! She had no idea that your father had been killed by her mother. "

"The police promised me that they would not tell her about it deliberately. I also hope that she can live her life in the future. My father is under Jiuquan, and I hope that I can do so. She must be my father's daughter."

"I wish she knew." Xing liehan is not in love with Tang Yiyi at all.

"Have dinner!"

"Well, we have dinner. Let's go down!" Xing liehan leads her downstairs.

Downstairs, Jiang LAN made a table full of dishes. A large group of people gathered around the table, which was very lively. Xing Yinuo deliberately didn't sit beside Wen Liangyao. However, she kept away from him. On the table, Xing Zhengting naturally asked Xing Yinuo to bring out the unsatisfactory things. Wen Liangyao was saying her good words, saying that she was serious in class Only listening to the lecture can we avoid Xing Zhengting's education.

It goes without saying that Xing Yifan has excellent achievements in all aspects. At the age of 17, he is full of youth and will be as tall and handsome as his brother in the future.

After the Spring Festival, the atmosphere is very lively. The first month of the year is coming, the Lantern Festival is coming, and the Spring Festival holiday is coming to an end. Working and going to school start a new year of busyness.

Tang Siyu has been resting for a long time. During the Spring Festival, she taught Xing Yinuo's brother and sister's piano and Tang Yixi's, plus she had to practice herself, so as not to be unfamiliar with her favorite piano.

Susie has an advertisement shooting in spring. She has been resting at home for a long time, and is almost suffocating. Naturally, Wen lichen can't trap her. Every woman needs an independent ability. Otherwise, she won't be happy even if she is provided all day long.

With achievements, we can enrich our hearts and make our life full of fun. In addition to not allowing her to take part in the drama, Wen lichen has received several high-end cosmetics

advertisements for her, which are top-level advertising endorsements and resources that the artists in the circle can't rob. Now, Wen lichen says to her, she will be given a chance. Others don't even have a chance to rob.

At the same time, Sushi's wedding is scheduled for a beautiful spring. In the middle of April, it's more than a month since her wedding. The Wens and Sushi's family are busy.

Sushi shot her first advertisement, which was published in major magazines all over the world in March. She is the future president's wife of skyscreen group. Her fame makes her sweep all major lists, including the most beautiful female faces. She has been ranked in the top ten.

Similarly, every rich woman in China also has her name on the list. Sushi's studio has invested half of her shares. With her advertisement making money, her studio has also got up very much. Annie has brought a new person. Sushi usually goes there when she has time.

Tang Siyu accompanied the little guy at home until he went to school, and she was free again. At the beginning of the year, the news of Xing group's acquisition of Tang Group was spread out, which instantly made Tang Group's stock market go up and down for a week.

With the acquisition of Xingshi group, those shareholders of Tang Group will be happy to blossom. Now, they finally rely on the big tree.

However, all this also made others in the business circle feel a crisis, especially Xing Yan, the Tang group he had been trying to annex, finally fell into Xing liehan's hands, which greatly increased his strength. Even Murphy felt a lot of pressure. However, he had a way to go, but he had not used it. He was not in a hurry. Xingyan was expanding his business recently. No matter how big he was, how well the company operated, it would become his favorite in the end.

He knew that Tang Yiyi would never betray him and rely on others, because Tang Yiyi knew that he would deal with Xing Lihan, and Xing Lihan would become Tang Siyu's husband. To deal with him was to make Tang Siyu unhappy. If one day, he pushed Xing Lihan out of the business world, then Tang Siyu would also fall.

Tang Yiyi put all his hopes on him. Therefore, Xing Yan is in prison. He has no choice but to give way to the company in the future.

Murphy will never let go of this opportunity, seize Xingyan's company, improve its own strength, and strive to keep pace with xingliehan.

He really hopes that one day, Xing Lihan is under him, a man who is unwilling to yield to others. What's more, he always thinks that Tang Siyu will fall in love with Xing Lihan. It must be that he is not good enough. If one day, he is better than Xing Lihan, will Tang Siyu fall in love with him again?

Or did she recall the little things she had been with him and call back her love for him? Although this is only a hypothetical goal, it can at least be the reason for Murphy's efforts.

Maybe he will marry another woman, but he will always leave a place for Tang Siyu, waiting for her to come back to him.

Chapter 407

Later, spring came. At the end of February, Xing Zhengting and his wife were ready to send Xing Yifan abroad again. Xing Yinuo was thrown to Wen's house. Under the supervision of Wen Liangyao, Tang Siyu and Xing lie took Tang Yixi with them. Xing Zhengting and his wife might spend another half month with their youngest son.

Xing Yinuo has protested, but the protest is invalid. She originally wanted to live with Xing lie for a month. But because Wen Liangyao can send her to school every day and tutor her homework in the evening, Xing Zhengting and his wife still insisted that she stay at Wen's house.

Tang Siyu feels that he owes his son for this period of time. He can't wait to accompany his son!

She doesn't have to worry about Tang's group. She drives her son to school in the morning, picks him up in the afternoon, and buys vegetables in the mall. Xing liehan, in addition to the company, pushes all the social activities and accompanies the mother and son at home. This time is quiet, stable and has a family atmosphere.

At noon today, Tang Siyu received a call from Xing liehan. At noon, he accompanied him for lunch. His bodyguard had come to pick her up.

Tang Siyu's clothes are usually the simplest at home. How to wear them comfortably? She likes to be free at home, even her brassiere is saved. At this moment, when she receives his call, she immediately has a sweet feeling of dating. She goes into her cloakroom. Here, Xing liehan has customized her new high-definition clothes, which are all made according to her size. It's his small clothes Tang Siyu likes her aunt Jiang Shan's masterpiece very much. She chooses a light blue sweater, with a high waist black skirt under her body and a sweater outside. It's simple and elegant.

She gathered her long hair, which had been dyed a chestnut color before, but now it's all gone. Instead, it's pure and natural black. Her hair is soft and straight, without any trace of scalding and dyeing. It's elegant and natural.

Her delicate and picturesque face is reflected in the mirror. As she grows older, she has gone back to green and more charming and elegant fragrance. However, what remains unchanged is her clear and clean eyes, which are not stained with common customs.

Tang Siyu chuckled at the mirror. She heard a car outside the window. She picked up an exquisite bag and stepped out.

At half past eleven, at this time, the bodyguard took her straight to the restaurant, and the spring was everywhere on the road, which made her not only look forward to Sushi's wedding, but also one month later. Thinking of Sushi's wedding, she could not help looking forward to her own, because in a few days, the Xing family will come back, and as soon as they come back, they began to take care of their wedding.

Tang Siyu's mouth rose involuntarily.

Tang Siyu stepped into the restaurant, and the waiter came over with a sharp eye. "Is that Miss Tang, please?"

"I am." Tang Siyu nodded with a smile.

"Mr. Xing is here. Please follow me." The waiter greeted her warmly and attentively.

Tang Siyu followed her with his head in his hand and went to the door of a bright box. The waiter knocked on the door, pushed it open and made a gesture of asking.

Tang Siyu enters with a smile. The man on the sofa is sitting there waiting for her, holding on to a cup of tea, as if waiting for a while.

"Here we are." Xing liehan put the tea down and stood up, looking at her dress today.

Don Siyu can't help but blush and fold his hair around his ear and ask him, "how is it? Does it look good on me? "

"Nice." Xing liehan curled his lips and smiled. Then he put his arms around her waist and slightly brought it into his arms. His thin lips were close to her ears and said, "but you'd better look if you don't wear them."

Tang Siyu's face flushed, and she glanced back at his back. Fortunately, the waiter had already closed the door and left. She gave him a coquettish look, and Xing liehan chuckled. Some of her disgusting glances around the tip of her nose, "can you show me what you don't wear at night?"

"My son is at home!" Tang Siyu didn't refuse either, but little guy is the key.

Xing liehan didn't mind saying, "I'll get him to sleep earlier in the evening."

Tang Siyu's pretty face is slightly red. Although he and he have not been successful, he has not given up, and she will not refuse him any more. He must be the one who is going to get married. This matter can never be avoided.

"Before you put him to sleep." Tang Siyu can't help but look at him with a smile. Recently, his son is with them. His energy is very strong. In addition, he has a noisy winter vacation. His rest time is irregular. It takes patience to coax him to sleep.

Xing liehan listens to this sentence, then knows that there is a play tonight, the handsome face is more and more attractive, the deep eyes flash with a little smile, "OK, I have a way."

Tang Siyu was thirsty. He picked up the cup of tea he had drunk and stood in front of the floor to floor window, enjoying the scenery outside the window and drinking the tea he had drunk.

Xing liehan's back is around her waist, chin is on her shoulder, breathing the fragrance of her hair.

"In two days, go to my aunt and choose a wedding dress! We're going to start the wedding. " Xing lie said in a low voice.

"Good." Tang Siyu nodded.

"Do you have any relatives over there who need to be invited? Never heard of you. " Xing liehan looks into her perfect side face.

Don Siyu's long eyelashes flickered slightly. She shook her head and said, "no, my mother's relatives are far away, and my father's side has no relatives." Tang Siyu thought that she was sad. She was the only one in the family. After her mother died, her grandparents died one after another. Some distant cousins had no contact with each other, and her father was the only child. Her memory of her grandparents also remained at the age of eight or nine. Now, I think, the faces of all her relatives are blurred.

Xing liehan seemed to feel the pain in her heart, with her arms around her waist. "It's OK, my family is your family, you and us."

Tang Siyu pursed his lips and said, "well."

After lunch, Tang Siyu receives Sushi's phone call. She is in the nearby jewelry store. She asks her to come over and choose a wedding earring with her. The girls' fun may be to buy it! Tang Siyu is sent by Xing liehan to accompany Su Xi.

Suxi is the bride to be. She is in a good mood for her success in work, love and family. When Tang Siyu enters the VIP room, she sees Suxi sitting alone and struggling. She has six sets of diamond jewelry earrings opened in front of her. She is thinking about buying that pair.

"Siyu, come and choose with me." Suzy asked her.

Tang Siyu sat next to her and looked at the earrings with different styles. At a glance, she took a fancy to one of them. "This is good."

"It seems that our sisters have the same vision, and I like this pair best." With that, Suzy said to the waiter, "wrap it for me, that's right."

Chapter 408

"OK, Miss Su, I'll wrap it for you right away." The waiter said warmly, and Suzy handed the card to her to brush it.

"I'll go with me to choose clothes later. I'm going to buy my sister a wedding dress. She's too busy to go shopping."

"Your sister is so busy!"

"After she entered the presidential palace, she was almost dizzy. I love my sister very much." Suzy said, shaking his head again. "Fortunately, I don't do my sister's work, otherwise, can I live this life?"

When she came out of the jewelry store, Su Xi was accompanied by four bodyguards. They were sent by Wen lichen. Su Xi still wore a pair of sunglasses. Tang Siyu walked with her. She had the same appearance value. Su Xi was shining with a star light, while Tang Siyu was another kind of surprise.

"Let's go! I heard that a new bag designed by Herman has come out. It's limited edition. I'll send one to my sister. Her bag hasn't been changed for a long time. " Said sushi.

"Good." Tang Siyu walked to a famous brand bag with her arm in her hand.

Entering the store, there are not many guests, but it can be seen that the guests here are either rich or expensive, because each bag here is unique, and it will not be mass produced, but it is all handmade.

"Wow, look, it's sushi!" A young waitress next to her recognized Susie as soon as she walked in, and quickly and excitedly pulled the waitress beside her.

Both of them were excited and hurried to meet him. "Hello, Miss Su. What can I do for you?"

"Has Herman arrived at the store yet? The one designed by starry sky. "

"Oh! Miss Su, you are so lucky that you just picked up the goods and arrived at the store ten minutes ago. It's here. " The waiters are all happy for her. This is a global sale, and it's not allowed to book the style. It can be said that it's a first come, first served best.

Suzy turned and winked at Tang Siyu. "I've been lucky recently."

"Of course, is the bride to be lucky?" Tang Siyu is happy for her.

Susie gets close to her. "You're a bride to be, too!"

Tang Siyu chuckled, "that means my luck will not be bad."

Suxi got that bag, and it was really unique in design. It was amazing at a glance. The first 100 bags in the world, probably won by this shop in China.

"How much is it?" Sushi can't let go of it. The steady and fashionable dark gray is very suitable for Suqin.

"Our boss has just set a price of about 4.5 million yuan. Distinguished members can get a discount of 9.8." The waiter knew that Susie could definitely afford it.

Sure enough, sushi thought the bag was worth it, because she made a lot of money, but she didn't buy an expensive famous brand bag for her sister. She had to give up. She said to the waiter, "wrap it for me! I'll take it. "

"Yes, Miss Su, you have a good eye." The waiter hurriedly and carefully took the bag and took it to the side. Sushi's credit card was handed to the waiter at the checkout counter. The waiter was swiping her card. Then two elegant young women came in.

As soon as they entered the shop, one of the women said to the woman who was obviously more noble, "Miss, look at that bag..."

The bag was still on the side, and two waiters were sorting it out with boxes in their hands.

"Hello, has this bag been sold?" The beautiful woman walked up to the waiter and asked.

"Yes, this is the guest." The waiter pointed to Susie standing next to the counter.

The woman came to Suzy at once, with a smile in her eyes. "Miss, can you give me this bag? I've been looking for it for a long time. "

Sushi is waiting for the operator to swipe the card. Hearing this, she shakes her head. "I'm sorry, I want to use this bag myself."

"This young lady, to tell you the truth, I came here for this bag. I don't think this bag is in line with your temperament. Why don't you give me a favor?" The woman is tall and tall, and her face has a sharp aesthetic feeling, like a diamond, which is somewhat aggressive.

Unlike Suxi and Tang Siyu, they are also beautiful women, but they are very gentle and give people a delicate atmosphere.

Susie laughed, too. "Who said I used it myself? I bought it for free. "

"I can buy it with you for twice the price, not really, three times." The woman's eyes fixed on her.

Suddenly, Susie felt insulted. She calmly replied, "do you think I'm like someone who is short of money?"

"Hello, my young lady and Herman, the designer of this bag, are good friends. As long as my young lady has a phone call, she will not sell it to you." Next to the obvious is the woman with the class very Qi Zhang said.

Su Xi and Tang Siyu look at each other. They haven't seen such arrogant people. Tang Siyu says, "anyway, this is something for sale. The designer has no right to interfere with the guests."

"This bag won't be bought to you as long as our young lady wants it." Pretty woman's side of the attendant micro chin, arrogant said."Even if you and Herman are good friends, isn't that good? Just ask her to make another one for you. I won't let this one. " Su Xi's tone also sneered, saying, she glanced at a few stunned waiters nearby, and said to the girl on the counter, "have you finished swiping the card? I'm leaving. "

"Er Miss Su, you have the card. " The waiter quickly handed the card to her. Susie took it and put it back in her wallet. She didn't need the package from the waitress next to her. She picked it up and left.

"Well, miss, call Herman now and ask him to come forward and refuse to sell to her." The female attendant next to me said to the noble woman next to me.

"Come on, I'll have Herman make me another one." Finish saying, the woman is still very unhappy to look back to see Suxi and her two.

After Su Xi and Tang Siyu left, the waiter immediately said to the woman beside them, "Miss, you don't know who that was just now! She is a very famous female star of ours. Her name is Susie. "

"Susie?" The woman's face was stunned. She murmured, "is it her?"

"Ah, it turns out that Wen lichen is going to marry her! How can he see such a rude and immoral girl? " One side of the female attendants sneer.

The woman's face flashed a heavy sadness, self mocking hook corner of the mouth, "this is the woman he wants to marry."

The waiter next to me was surprised. Did they know sushi?

"She's not a little worse than you, miss." The woman beside immediately dismissed sushi as worthless and said, "but it's just a second-class artist. What's so proud of!"

"Come on, let's go!" The woman said to her companion.

Tang Siyu and Susi are both angry when they leave the door. Susi says with a clenched lip, "I haven't seen such people before. Even though I have paid for them, dare to threaten me like this. Should they really be rich?"

"Heathy, don't be angry. There are all kinds of people in the world. Let's just ignore them." Tang Siyu advised that although she was unhappy, she didn't want Susie to be more unhappy.

Sushi is carrying the bag in her hand. She was in a good mood to go shopping, so she was destroyed.

Su Xi drives the car. It's time for them to go back. Tang Siyu is going to pick up the little guy. Xing liehan can't go home until 5:30 when he has a meeting today.

Sushi took Tang Siyu directly to the little guy's school. After picking him up, sushi invited them to her house for dinner. For a long time, no two couples got together.

Chapter 409

In the evening, after dinner at wenlichen's house, Tang Siyu and Xing liehan go back with the little guy. When sushi helps wenlichen clean up the dishes in the kitchen, she can't help but think of the woman she met today. She casually says, "there's a heart jam today."

As he washed the dishes, Wen lichen looked over with concern. "What's the matter? Did anyone provoke you? "

"I'm going to give my sister a bag. It's a global limited fund. As soon as she paid, two women came over and asked me if she would give her the bag. She had to talk well and discuss it. However, she said that she would sell it to her for three times the price. I was not happy when I heard that. Can I afford this bag? Will I still be short of money?"

Wen lichen smiled and washed his hand and went to her side. "The next time you meet such people, tell them that if you like, you won't sell them a hundred times."

Susie blinked at once, then chuckled, "a hundred times is too much! I can't be so rich. "

Wen lichen put his hand around her slender waist, smiled and put it on her forehead. He said with a low smile, "you don't have it. I have it."

Susie immediately became full of spirit and raised her eyebrows slightly. "Yes, yours is mine."

"My people are yours too. When are you going to use them?" Wen lichen laughed to promote himself, as if he was a man no one wanted, but God knows how deadly and charming he is for women.

There was an instant thought in Susie's mind, "it seems that we haven't bought that yet!"

"What to buy?" Wen lichen asked with an unidentified smile.

"That Something to protect. " Suzy said, blushing.

In fact, Wen lichen had understood for a second just now. He only felt interesting when he had to listen to her. He chuckled, "I'm ready."

Susie immediately stared at him with a slight eye stare, then the eyes immediately showed doubts and questions, "when did you buy it? Or What women have you used the rest with before? "

Wen lichen suddenly felt a cold in his back. He quickly denied, "no, I bought it a week ago. I thought we would use it."

Susie's eyes flashed a little suspicion. Of course, as a woman, she was very sensitive to the existence of such things.

Wen lichen took her hand. "If I remember correctly, when packing, there is the sales note in the bag."

At this point, Wen must prove his innocence.

Wenlichen takes out a small bag of drugstore from the drawer under his wardrobe. Besides a box of things, there is also a ticket stub. Wenlichen is a little relieved and is glad to keep it.

Sushi didn't go to see the ticket. Just now, she felt his nervousness. Instead of being confused, he was worried about her misunderstanding. She made him nervous.

Wen lichen took out the ticket, but sushi didn't look at it. He crumpled it into a ball and threw it into the garbage can beside him. He laughed, "I believe you."

When Wen lichen's heart warmed, what could be more reassuring than her trust? At the moment, however, he was still holding the box of delicate packing, slightly embarrassed, when he was about to open the drawer and put it back.

Sushi's heart was aching for a moment. She stretched out her hand and hugged his waist. Her face was close to his back. She said softly, "I'll buy it now, use it!"

Wen lichen's handsome body was tensed in an instant. He turned around gently, and asked in a thick voice, "Hickey, is it really OK?"

Sushi was behind him, sheepishly. She said softly, "I will."

Wen lichen turned around excitedly and held her tightly in her arms. However, she was afraid that she would regret it. She thought about her eyes. "Don't you wait any longer? When we get married?"

Suzy put his arm around his neck and slightly raised his head. "Didn't you let me try you in advance? Then I will Try it! " With that, Susie bit her lower lip and smiled shyly. She really didn't say these words to a man so boldly.

Only him.

Under the light, Sushi's small face was as white as jade, and every inch of her skin seemed to have a faint fragrance, which made wenlichen's throat tighten, and only felt a stream of blood pouring into her mind from her chest, as if there was a wild animal that had been kept in custody, eager to break away from the shackles.

Wen lichen gently picked up her cheek, in a gentle and domineering tone, "then no more regrets."

Sushi's big eyes flashed a little flustered, but she slowly became firm. She shook her head, "no regrets."

Wen lichen's kiss, directly on her red lips, even if she wanted to regret, he would not give the opportunity.

Even if we want to try his ability, how can he not exert himself?

So, in the morning tomorrow, sushi will regret saying this, because she paid the price for withdrawing.

In wenlichen's villa, tonight, the atmosphere is as warm as fire and the lights are on.

On the other side, at ten o'clock in the evening, Xing liehan takes the little guy to sleep on his big bed. The little guy's spirit is very good at the moment, and he is not sleepy at all!"Daddy, I want water..." The little guy was lying on his chest, drinking water.

"You just drank it half an hour ago, are you sure you want to drink it?" Xing liehan raised his elbow and stared at the handsome face of the little guy.

Tang Yixi was wearing a pair of underpants, a small body of meat, which had begun to have a golden ratio, and two legs were very straight and slender.

"But I'm thirsty!" The little guy can't sleep. He likes to find something to annoy his father.

Xing liehan had to get up, walk to the prepared water cup and hand it to him. After a few drinks, the little guy stopped drinking and continued to lie down thinking about things.

"It's ten o'clock. Go to sleep! There will be school tomorrow. " Xing liehan is lying beside him patiently, waiting to coax him to sleep. He can go to Tang Siyu.

"Daddy, I want to pee!" The little guy suddenly turned over and sat up again.

Xing liehan looks at the little guy and is speechless. He doesn't know what this son is going to do.

"Get out of bed and daddy will accompany you." Xing liehan accompanied the little guy to the bathroom. After peeing, the little guy turned to him and said, "Daddy, do you want to pee, too?"

"Daddy doesn't need to. Go to bed after peeing." Xing liehan orders.

"I want to sleep with mommy." Said the little guy with some grievances.

Xing liehan doesn't want him to go to sleep with Tang Siyu. Once their mother and son fall asleep, he wants to get Tang Siyu to his bed. It's troublesome. If the little guy sleeps in his bed, as long as he sleeps heavily, he will be OK.

"No, I have to sleep with Daddy tonight. If I don't, I'll spank you." Xing liehan shows a trace of dignity.

As soon as he heard that his father was about to get angry, he ran out of the room immediately, and then ran outside the door, shouting, "I want to sleep with mommy."

Xing liehan bit his thin lips behind him. "Do you want your sister?"

"Yes!"

"If you want, sleep well. I'll make a sister with your mommy for you to play with."

"Really?" The little guy immediately believed it and looked forward to it.

Chapter 410

"Of course it is." Xing liehan lied to him.

"But why did Daddy and Mommy change together? Can't Mommy change by herself? " The little guy blinked and asked as he crawled to the bed.

Xing liehan hooked his lips and laughed, "it's necessary for daddy and mummy to change together. Now you're still young and you'll know when you grow up."

"Oh! Daddy, you and Mommy, please change a sister for me! I'll go to sleep. " The little guy heard that he had a sister. When he got to sleep, he was sleepy.

Xing lie on his side, move the little guy to his arms, and let his little head rest on his arm. The little guy rubbed his eyes hard. Two similar faces, one big and one small, were carved like a mold.

Looking at the lovely little face in her arms, Xing liehan also looks forward to it. If she has another daughter, it will be perfect.

Looking at his son sleeping, his long eyelashes cover his beautiful eyelids, his nose is cocked, his mouth is moistened with powder, which melts his heart directly.

He kissed him gently on his little face. Thinking of the years he missed, he really regretted it. If he could, five years ago, he should have known that there was such a child, and then he and Tang Siyu raised him together.

What he missed can only be made up in the future. What he wants to make up for is the mother and son.

The little guy's fleshy little hand fell asleep and stroked his face, as if he could sleep soundly only by touching his face.

Xing liehan still wants to leave the little guy and go to find Tang Siyu, but when he sees his two tender palms holding his face tightly, he is reluctant to leave. No wonder every time Tang Siyu goes to sleep with the little guy, he refuses to come to him!

It turns out that when I go to sleep with my son, I will not be willing to leave. I want to stay with him until dawn.

Xing liehan sighed a little. It seems that he has to endure any idea tonight.

Tang Siyu is sleeping in her room. She has no son by her side. She looks at her mobile phone for a while, and doesn't hear her son come to find her. She is gradually sleepy and asleep.

In the morning, in wenlichen's master bedroom, there seemed to be a layer of indelible warmth in the air, as if there was also a heat intended to burn. Sushi slept heavily on the man's broad chest, the gray thin quilt was outside, her thin white neck, several dark red strawberry marks could be seen.

Wen lichen woke up and opened his eyes. There was a smile on the bottom of his deep eyes. The smile was full of satisfaction. He kissed her hair and took her to his arms.

"Well No more! " In her dream, sushi was saying "no"

Wen lichen gave her a painful kiss on the forehead. "OK, no more."

As if to get his answer, Suzie fell asleep again, and Wen lichen stayed with her until she woke up naturally.

Tang Siyu got up. She took a look at the time. It's eight o'clock. It's time to send the little guy to school.

When she came to Xing liehan's master bedroom and opened the door, she saw that the little guy was sleeping on the dark big bed, while Xing liehan was sleeping on his side. His strong and slender body was only covered with a pair of black underpants

The man in the morning, where it's already very obvious, Tang Siyu's pretty face is painted red.

I wanted to wake up my son, but I didn't want to see what I shouldn't see first.

"Xiaoxi, get up." Tang Siyu tried to avoid the focus of men, and leaned down to kiss the little guy's face before he woke up.

Before the little guy wakes up, the man's bright eyes have been opened. As soon as his arm is grasped, Tang Siyu will lie down on his chest.

Tang Siyu reached out and pushed him, trying to wake up his son. Xing lie whispered, "let him sleep a little longer. It was late last night."

"But I'm late." Tang Siyu doesn't want to ask his son for leave at will, which will form a bad habit.

"Let him sleep another ten minutes." After Xing liehan finished, he pressed her to his side. Now, Tang Siyu was lying between him and his son.

The hot body of the man behind her is close to her, which makes her tighten instantly. The man at the chest is close to her. She is extremely close.

Tang Siyu's breath held slightly. It was obvious that this man was taking advantage of her. Moreover, he was very bold.

"Last night, I still wanted to coax him to sleep you, but why does the little guy have to hold his face to fall asleep? Who formed his habit? " Xing lie's hot and cold breath was in her ear.

Tang Siyu deeply felt his approach, and gently replied, "when I was a child, Xiao Xi lacked the sense of Pan security. When I was sleeping, I had to touch my face to fall asleep. Now I have grown up, and I haven't changed."

Xing liehan listened to this answer and was extremely distressed. It was his father's dereliction of duty.

At this time, the little guy woke up. He rubbed his eyes and looked at when Mommy was coming. He immediately asked in surprise, "Daddy, Mommy, did you become a sister last night?"

After hearing this, Tang Siyu's face burned. What did this man teach his son?"No, but we will try to make it." Xing liehan answers his son.

The little guy's cheeks are bulging a little bit, "OK then!"

"Well, it's time to go to school. Get up!"

The little guy dressed himself, brushed his teeth and washed his face, and finished it within ten minutes. Tang Siyu accompanied his son out. Xing liehan had been standing in the room dressed neatly. His white silk shirt and trousers made him really handsome. It was a charm of the king of the business world, which was radiated from every move.

Tang Siyu couldn't help admiring more. He thought that he was her man. There was a kind of hidden vanity and pride.

Xing Lihan takes the little guy to school, and accompanies Tang Siyu to the nearby breakfast shop. After breakfast, Tang Siyu accompanies him to the company. In the morning, the company along the way is the beginning of happiness.

Xing liehan also likes the feeling of her around, which is stability and happiness.

Susie slept late today. When she opened her eyes, the sun outside the window was already high.

The first thing she saw when she opened her eyes was the gentle staring face of the man around her. She was scared to shrink into the quilt and hide instinctively. Every woman who woke up in the morning would probably be considered the ugliest by herself, and she was no exception.

I feel so ugly that I can't see people.

"What are you hiding from?" Wen lichen asked with a deep smile.

"I wake up ugly in the morning. Don't look at it."

"I've been watching it for three hours, and it's too late to hide."

Susie immediately raised her head from the quilt. "You've been awake for a long time?"

"Well! I woke up at seven. It's exactly ten. " Wen lichen smiled and pulled her into his arms. "Don't worry, you're not ugly. You're beautiful."

Suxi just moved and hissed with pain. Her small face flashed a touch of pain. She buried it on his chest, "pain..."

Wen lichen's eyes flickered with anxiety and heartache, "is there any way to relieve you?"

Susie shook her head. "It's probably the only way to lie down!"

"You go on lying down, and I'll bring you breakfast to your room."

Susie didn't want to be so delicate either. "No, I'll lie down for a while. Let's go out for lunch at noon."

"Well, eat well and replenish the blood." Wen lichen gently held her face. "I'm not good. I'm out of proportion."

At this moment, Sushi's mind, as long as she touches the memory, is all about last night. Her pretty face is blushing, and she dare not think about the details any more. In short, all these experiences are unforgettable for her whole life.

"It's not your fault." Susie knew that everyone had hurt this time, and it would be better later.

Wen lichen kisses her hair gently. "Heathy, I love you. I love you very much."

Sushi listened to this sentence, as if she even forgot the pain. She snuggled up in his arms, and her mood turned. The process from a girl to a woman was always a little disturbing, for fear of being betrayed and insecure.

At this moment, her heart is full of sweetness and happiness.

"Well I know. " Susie light should, deliver to him, she does not regret.
