

U. CEO Daddy 421

Chapter 421

Susie sat alone in the hall of the sofa to choose her companion's hand salute. She didn't mean to greet Wendai either. Wendai stood in the hall for a while with her arms around her arms. She also felt depressed and embarrassed. She took a look at Susie and chose to leave.

As soon as she left, Susie sighed a little and bit her lips. She regretted why she saved money for Wen lichen last night! She should have him hit a billion dollars directly on her card.

Who let his predecessor come over and piss her off?

"Why is her surname Wen?" Susie was surprised to think of it.

It seems that she has to ask Wen lichen carefully this afternoon.

In Xingyan's office, today, all the employees can feel his anxiety and anger. Almost all the employees who have entered his office are scared out by Xingyan.

At about ten o'clock in the morning, Murphy's figure arrived as scheduled. He asked for an answer.

Xingyan looks at mufei who steps in. All his fury turns into a kind of pleading and flattering. He didn't sleep last night and didn't have the same spirit as before. Now he is a bad old man.

"Mr. mu, you are here. Please sit down."

Murphy sneered. "It's no use trying to please me. I just need your answer. Do you want your company or go to jail?"

Xingyan's face suddenly turned blue. He stared at mufei and said, "I'm sorry to Tang Yiyi, I can compensate her for her loss. What is mufei? Why is it your turn to threaten me? "

"Tang Yiyi is my girlfriend. My family and Tang Xiong used to be friends. I can make any decision on behalf of Tang Yiyi."

"You Murphy, don't push people too hard. " Xing Yan angrily points to the way.

"I'll force you, or you'll eat your own fruit. You know in your heart that you don't want to give me the company. OK, I'll see you in court that afternoon." Murphy didn't want to give him more choices.

"Wait Wait, Murphy. Let's have a good talk. " Xing Yan hurried forward and stopped him.

Mo Fei's eyes flashed a sneer. "There are no conditions to talk about. You have only two choices. You agree with me to buy your company, or you disagree."

Xingyan's eyes erupted with fire. Mufei knew that he had no choice. Smart people knew that. How could Xingyan go to jail? Even if he doesn't have a company, at least others are free.

"Good! I agree to give you the company, but you promise not to sue me. " Xingyan still has fear in his eyes.

Of course, he was afraid. After Murphy asked for his company, he sued him about it. Then he was finished.

Murphy chuckled. "I just want your company."

"Well, you'd better say what you do. We have to sign a contract. You give up suing me."

"I won't sign it." Murphy is in the absolute upper hand now, and he certainly won't sign the documents that will cause him trouble.

"You..."

"In the afternoon, our company will send someone to contact with you to finalize the acquisition of the company." Murphy said, and left.

Behind him, Xing Yan angrily swept a pile of documents on his desk to the ground again. He was mad.

At this time, he really wanted to find Tang Yiyi and strangle the girl alive. She even let the company he created first-hand, just like that.

He is a very ambitious man, and to give up his achievements in life, it will undoubtedly take half of his life to cut his flesh.

Xing Yan's eyes flashed a hint of hatred. Naturally, he was not willing to be threatened by Mufei. He had to do something.

Mufei arrived in front of his team, usually with only two bodyguards. Now, he has increased to eight. He knows that Xingyan must be guarded during this period.

In the afternoon, Sushi waited for Wen Lichen to come home. When he stepped in, Sushi was dressed up, but she didn't look as excited as she did in the morning.

"What's the matter?" Wen Lichen found her mood very carefully.

"How about changing the password lock? It's your birthday and mine. I've already thought about it." Sushi asked, looking up at him.

Wen Lichen was slightly stunned, but then hooked his lips and smiled, "OK, according to you."

"And after the wedding, we'll go to a shopping mall. I'm going to give you a present." Sushi continued.

Although Wen was moved by her initiative, why did he have a bad feeling?

"What are you going to give me?" He inquired curiously.

"Pen holder." Suzy replied with a raised eyebrow.

Wen Lichen's handsome face suddenly tightened. He looked at Su Xi and looked nervous. "In the morning, are you from home?"

Susie nodded. "Your ex girlfriend came here. She told me that the code lock is your birthday combination with her. The pen holder on your desk was also sent by her before. She also chose this villa for you..." Susie's lips were red and delicious.

Wenlichen didn't expect Wendai to come to her directly. She must have suffered a lot!"Heathy, I wanted to make this clear to you last night, but you are too tired."

"I've made it clear that her name is Wendy, the woman who robbed my bag last time."

"She is the woman who robbed your bag?" Wenlichen also remembered Wendai's saying that he had met her. It turned out that it was such a coincidence.

Sushi suddenly hugged him around the neck and looked up. "How did you like her before? And like me? "

Wen lichen immediately hugged her and announced, "you are my favorite woman."

"Why is her surname Wen?" Susie was curious about this.

Wenlichen also did not want to hide from her, "she is my distant cousin."

Susie's direct surprise was not small? what? Are you related by blood? "

Wen lichen was so scared when he saw her. He quickly explained, "more than three generations of consanguinity. Half a year later, when I took her home to see her parents for the first time, I knew about it. So, we just separated in half a year."

Susie just let go of her heart. Otherwise, she would be really hard to accept this. What's more shocking to her is that Wendai is a distant relative of the Wens. Doesn't that mean that this relative will be tied up in the future?

"She doesn't live in China. Don't worry! You won't see her in the future. " Wen lichen saw through her mind and comforted her.

Susie nodded. For the sake of relatives, she didn't care about Wendy. Besides, in the morning, she was angry with her in words, which was even.

When she went out, she changed her password. After visiting the wedding site, sushi went to a place where she picked out a pen holder in the evening, and instead changed a new pen holder for Wen lichen.

Wen lichen let her, as long as she is happy.

Chapter 423

In a twinkling of an eye, it's been a week since Susi's wedding. Many things are busy. Tang Siyu accompanies her and several bridesmaids to try on Bridesmaid clothes. This time, she comes from the bridesmaid troupe with super high beauty in the entertainment circle. Tang Siyu is the only one who doesn't belong to this circle. However, her beauty is top-notch and doesn't get crushed at all. On the contrary, she is the other companion My mother knew that she was going to be Xing liehan's wife, and treated her differently.

Sushi's wedding dress was delivered a week before the wedding. The white wedding dress is full of fashion and Fairy Spirit. The designer flew it in person. After sushi tried it on, she was very satisfied.

Suxi is in the entertainment circle, and she doesn't make many friends. This time, she invited no more than 20 guests. Of course, some of them are happy and some are jealous. She has almost become the most enviable and envious person in the whole entertainment circle. When they want to compete for scripts and advertisements, she will choose the scripts and take the advertisements at will. If she wants, she will be in the whole entertainment circle It has the final say, because everyone saw how much she loved her.

Recently, Tang Siyu has been involved in Su Xi's premarital affairs. At the same time, he is also busy with his own wedding affairs. Su Xi has demonstrated in front of him. Many wedding processes are very clear. Xing Lihan, the bridegroom to be, is also committed to the selection of the best man. Wen lichen has selected several unmarried senior executives of his company, plus his assistant Wang Rui, his brother Wen Liangyao, and the six best men group are also ten Is it not high-end, especially the best man group in which Xing liehan is a member?

This wedding ceremony has become a hot topic in the national media and the whole entertainment circle. It seems that everyone is waiting for the arrival of this day to visit this grand occasion together. At the same time, some people also disclose that the next week will be the wedding of Xing liehan, President of Xing group, which will be another sensation.

The elders of Wen's family have been busy. The global guests of Wen lichen have arrived one after another. The private plane is about to break through the major airports in the city. Even some private planes have to stop in the neighboring city and rush here overnight.

Wenlichen has a wide range of contacts, friends and partners all over the world. This time, the guest lineup is also luxurious, which makes the media overindulge. International superstars are invited here, and the top stars are all in attendance, because wenlichen's staff has invested in two football teams.

Sushi is ready for the bride. Today, Tang Siyu accompanies sushi to talk about women. He hears a doorbell outside the door. From the video, he sees that it's Suqin. Sushi opens the door quickly. Soon, Suqin comes in with a dark suit.

"Sister, I thought you were busy forgetting my wedding!" Sue came complaining.

Tang Siyu also called out, "sister Qin."

"Siyu, you are there too!" Suqin was familiar with her and said hello to each other.

"I just came to work as an intern. I can't choose my family background. Today, I asked for a vacation to see you. Is everything ready for the wedding? Three days to go! " Suqin asked with concern.

"Everything is ready. I'm waiting for the wedding. Didn't I send you the wedding dress picture?"

"Well, look, it's very beautiful." "Su Qin one face envies a way," unexpectedly, you are about to get married

"Sister, then you have to hurry up!" Su Xi's eyes brightened. "Sister, this time Li Chen invited many outstanding young talents here. If you see any one at the wedding, you can tell me directly that I will be your matchmaker."

Suqin immediately smiled at her. "Do you think I don't have a market for your sister now, and I'm not ready to marry?"

"Sister, how could it be! You know, in the family, you are always more beautiful and better than me! You have a big market. " Suzy said with a smile.

"Just talk." After Su Qin finished, she sat down and took a cup of tea that Tang Siyu poured for her. Looking at Tang Siyu, she said with envy, "I heard that your wedding will be next week."

"Yes, sister Qin must come over for a drink when she has time." Tang Siyu asked.

"Yes, I will. I will go there when I have time." Suqin replied earnestly, but most of her had no time and could not leave.

This afternoon, it belongs to the time of three women. They are joking and talking about the girl's mind. At the same time, they can't do without men and children.

"Sister, when will you find me a brother-in-law! You can't always be so preoccupied with work and family! " Suxi talked to Suqin again.

Suqin felt helpless and said, "I also want to! Fate has not arrived. "

"So, if you look for my wedding this time, you can tell me that you don't like Li Chen's friends. That's OK! When Siyu married right away, her husband's side was full of talented young people from the business community, and there was always an eye for you. " Suzie spoke for her face.

Suqin shook his head. "I'm not interested."

Later, Suqin didn't stay for dinner either. Wen lichen invited Xing liehan and his wife to have dinner together. He brought the little guy and Xing Yinuo along, because Wen Liangyao would be there.

At this moment, the atmosphere is really rare. Tang Siyu has gone through a dark day of losing relatives and fighting for family property. Now, he finally comes out to meet her. It's a brilliant and warm time. Xing Yinuo can't resist the temptation of the big meal, but she doesn't dare to meet Wen Liangyao. Finally, she chooses to satisfy her appetite and goes.

On the dining table, two handsome men and women are sitting separately, Xing Yinuo is huddled beside the little guy Tang Yixi, and Wen Liangyao is sitting beside Wen lichen.

"Liang Yao, how was the last script changed?" Wen lichen took the opportunity to ask him.

Wen Liangyao is also very talented in script production, so Wen lichen will give him some complex scripts to sort out.

"A few more days." Wen Liangyao answers.

"Well, it's OK. Just give it to me before June."

"Brother Li Chen, may I ask you something?" Xing YINUO asked naively.

"What is it?" Wen lichen looked at her with a smile.

"When I'm in summer vacation, if I want to do group acting, can you put me in a group! I can play a maid or anything. " Xing YINUO said excitedly.

All the people here were shocked by her idea. Xing liehan, the first one who didn't agree, reprimanded, "you don't go to play in a good summer vacation. What group performance are you going to play?"

Wen Liangyao's beautiful eyebrows are also tightened, which is very disagreeable.

Suzy also responded to her, "Xiao Nuo, it's a pity that acting group is suffering. You can't bear it."

"Auntie, can I do it, too?" The little guy has nothing to say.

Chapter 424

Tang Siyu is going to worry again, "Xiao Xi, you are so small, don't mix."

"Yes, you can play the little emperor." Xing YINUO said with a smile.

"Really? I want to play too! " The little guy also began to have a star dream. He must have been curious about the children watching TV every day.

"Yinuo, you are still young, and group acting is not suitable for you. If you want to play, I can ask Liang Yao to accompany you to the theatre group or the film and television base during the summer vacation." Wen lichen replied in a voice.

Although Xing Yinuo didn't get the chance of group performance, she was excited to go to the scene to see the performance at a close distance? May I go? "

"As long as Liang Yao is by your side, you can go to any cast you want." Wen lichen answers her.

"Well! Good. " After that, she looked at Wen Liangyao, "brother Liangyao, then we have made up our mind! You must take me then. "

Wen Liangyao's voice line is filled with a helpless smile, "OK! I'll take you to play when you get good marks in the exam. "

Xing Yinuo immediately lowered his head with a guilty heart, "I tried my best!"

This sentence made several people in the audience laugh. Tang Siyu urged the little guy to finish the food in the bowl quickly, and wiped his mouth again, showing his mother's love.

Suxi couldn't help looking hot. Before, she didn't know how much she envied Tang Siyu for giving birth to this little guy. At that time, she wanted to give birth to no man. Now, there is an excellent and charming man beside her. She suddenly quietly thought, is it really time to give birth to a child to play.

She looked at Tang Yixi's face, which looked like her father's face. She couldn't help thinking, who would she and Wen lichen's children look like more?

Su Xi's eyes on the little guy are more eager for no reason. Wen lichen is also looking hot. From the side of his head, he can see that Su Xi is also looking at the little guy. His mouth is slightly crooked. It seems that they can think about giving birth to children.

Xing liehan's eyes are naturally also on the mother and son, showing his father's love and concern.

It's still early to come out of the restaurant. Tang Siyu plans to take the little guy to the nearby amusement park to play and then go back. It's hard to accompany him out. Wen lichen and Su Xi go home to have a rest. Xing Yinuo naturally wants to go to the amusement park. Unfortunately, she still has a lot of homework left at home today, and Wen Liangyao has to review her math.

Xing liehan asks Wen Liangyao to send her back first and study books with her. He accompanies his wife and children to play in the nearby amusement park.

Three pairs of people, separated, Tang Siyu and Xing liehan's car toward the amusement park.

Wen lichen hugs Su Xi and walks to his car. Xing Yinuo has to sit in Wen Liangyao's car. Because of the recent high pressure and the unstable temperature in spring, Xing Yinuo has a little cold. So, just now in the restaurant, she wanted to order a glass of ice cream to eat. Xing Leihan is not allowed.

At this time, she sat in Wen Liangyao's car. Xing Yinuo was just like a ghost spirit. She turned to someone who was very good at talking. "Brother Liangyao, there's an ice cream shop near here. It's super delicious. I want to buy one to eat. Would you take me there?"

"Don't you have a cold?" Wen Liangyao is also aware of her careful machine, but it is beside him, she requires a lot.

Xing Yinuo immediately put his mouth aside and said, "I just have a little runny nose, but I won't eat a lot, just one. Would you buy it for me! Please, brother Liang Yao, Mr. Wen. "

When Wen Liangyao heard this sentence, he drew a little at the corner of his mouth. Inexplicably, he didn't like to be called by her, as if she called him. He was separated from her by generations.

"I said you don't need to call me a teacher after class." Wen Liangyao corrected her.

"Brother Wen, would you like to buy me ice cream?" Xing Yinuo looks at Mimi with his hands closed. Under the dim yellow light, her big eyes are bright and clear.

Wen Liangyao breathed slightly, but some could not bear to refuse. He had to say, "OK, buy one."

"Well! Just one. "

Ten minutes later, Xing Yinuo sat in the passenger seat of Wen Liangyao and ate a piece of ice excitedly. Don't mention the joy.

In the playground, Xing liehan and Tang Siyu accompany the little guy to go in and play. The little guy is also very happy. He rides a Trojan horse, plays shooting, and buys a beloved toy. The happiness of a child is so simple and easy to satisfy.

Wen lichen's car is also very slow. His eyes are focused on the front. Sushi is tired from her busy wedding recently. When she gets into the car, she looks drowsy.

"Tired? Do you want to sleep in a nearby hotel? " Wen lichen asked in a low voice.

"No, go home! I like to sleep in my own bed. " Su Xiqiang, suffering from sleepiness, watched the Ni red light flickering outside the window, as if playing a lullaby. In a moment, when Wen lichen turned to look at her, she fell asleep against the direction of the window.

Wen lichen chuckled. "I can sleep everywhere."

When he arrived at the villa, Wen lichen picked up the sleeping Suxi from the copilot's seat and went back to the room. He gently placed her in the bed, took off her shoes, covered her with quilt, sat on the edge of the bed, and some of them kissed her on her red lips. Sue urged, put his arm around his neck, and would not let him go.

"Shall I sleep with you?" Wen lichen leaned down and asked in a mute voice.

"Well! Accompany me. " Of course, Susie wants him to accompany her. Now, she sleeps with him at night. She has a full sense of security.

"Good! I'll take a bath. "

Susie opened her eyes now, and there was a yearning in her eyes. She hugged him. "Wash it later! Accompany me first. "

Wen lichen saw her thoughts in her eyes. His sexy Adam's apple stirred twice. He smiled and bent down. "OK, I'll accompany you first."

Sushi's sleepiness was soon chased away by the man. The rest was only warm. This man was addictive. Even sushi, how could he resist it?

For men, she is the same, the addiction to food, so that he only hate every day and every night greedy for her warmth.

Wen Liangyao sent Xing Yinuo home and gave her an hour's homework to review before leaving. Both of the Xings wanted to keep him at home, but Wen Liangyao politely refused.

It's not that he doesn't sleep in Xing's house, but for some reasons, he doesn't intend to sleep here. Wen Liangyao begins to find a headache. Xing Yinuo's influence on him is growing. Is that why the little girl grows up?

In short, in addition to tutoring her studies, Wen Liangyao does not want to give herself more time to contact this little girl.

At 10:30, Tang Siyu returns to the villa with the little guy who is playing with sweat. Xing Lihan has bathed him. The little guy who is wearing a cartoon Pajama lies in his father's bed and occupies the middle position. Welcome to sleep with mom and dad.

Chapter 425

With the little guy in the middle, even if Xing liehan wants to do something more to Tang Siyu, he can only shrink his feet. At most, when the little guy doesn't pay attention, he becomes addicted.

Tang Siyu is always worried about his son's discovery, so he pushes away his claws, and his eyes are full of warnings. Finally, the man is honest.

Sushi's wedding was expected. However, since seeing Wendy that day, sushi never saw her again. At the same time, she forgot the existence of this woman.

Where did Wendy go? She has been staying in the hotel, watching the wedding on the Internet, TV and various media. Tomorrow, it will be wenlichen and Sushi's wedding. She will attend their wedding as a member of his family.

Before she came, she thought she could face Wen lichen calmly and marry others, but she was a quiet spectator. Now, she found that she could not be calm at all.

In the evening, Wendai booked a ticket to return to China. She decided not to attend wenlichen's wedding. She couldn't bless him. She was waiting to see when wenlichen found that Susie was a woman who didn't deserve him. She was waiting to see that they didn't have a good marriage.

Wendai booked a ticket at 6 p.m. early in the morning. She went to the hotel's tea restaurant to take a seat and pass the time. At this time, the tea restaurant was very quiet and there were no guests.

Wendai just sat down for a while, and then she sat down on the table next to her. A pair of women dressed in fashionable and sunglasses, some of them pretended to be dressed up, with their fake faces at a glance. Wendai could not help looking at them more.

When two people finished ordering, one of them was looking at his mobile phone, looking at it, and complaining, "how can they get their wedding information everywhere now? It's about to burst the screen. Do you need such a big show?"

"It's an eye-catching business. Susie will not seize it and try her best to give up her own fame?"

"I don't know how Wen lichen can take a fancy to her, and what's good about her! I didn't see it! " A woman chuckled.

"Maybe that aspect of Kung Fu is good!"

"I'm not bad, either! As long as Wen lichen asked me to serve him all night, he promised to fall in love with me. " Finish saying, this woman also does not know shamefully hook lip to smile.

The woman sitting opposite her seemed to have been used to her saying, "first of all, you have to have a chance to climb into his bed."

Wendai frowns and sneers. With the fake faces of these two women, she also wants to climb onto the bed of lichen? It's ridiculous.

"Ah! Don't you really worry that Susie will deal with both of us in the future? We must have been her rivals for many years. I admit that I have done a lot of bad things to her in secret and robbed her

of her advertisements and scripts several times. I am really worried. " The woman who spoke was Yelala, Suxi's sworn enemy, and the one who sat opposite her was Huang Xiangyao, who she often mixed with. Both of them were the most annoying people of Suxi.

"Why don't you worry? When she sits in the position of hostess of Tianmu group, I think the first thing to deal with is the two of us. We should be ready to be killed in our hearts!" Huang Xiangyao's face is loveless.

Ye Lala immediately groaned, "but I love acting! I don't want to leave this industry! "

"I don't want to! But who knows what Susie will do to us? "

Wendy guessed about the conversation between two frustrated women. It turned out that these two women were Susie's sworn rivals. They seemed to be characters in the entertainment circle.

She can't help but be interested in what they think of Susie.

"To be honest, I don't believe how much Wenlichen loves her. Maybe she used some way to threaten Wenlichen to marry her."

"What can I do?"

"It's nothing more than having children out of wedlock. Maybe Susie climbed into his bed before and threatened marriage with pregnancy."

"It's possible that Susie looks simple, but not stupid at all. But with a little beauty, she thinks everyone will like her."

"It's just a face! If something goes wrong, I don't believe Wen lichen will fall in love with her! " Huang Xiangyao lowered his voice and said this sentence.

Ye Lala's eyes immediately showed a shade of hatred, staring at Huang Xiangyao, "do you mean?"

"Then find an opportunity to destroy her face. Anyway, sooner or later, she will deal with her. It's better that we don't stop until she starts to deal with us." Huang Xiangyao said.

After hearing this, ye Lala was surprised. "You're right. We can't sit there waiting to die! There's always a chance. "

"Of course, wait!"

Wendy looked at what they were whispering together, but the eyes of the two women seemed to plan something. Wendy curled her lips and sneered. It seemed that she would soon see the end of Susie.

Wendai looked at the time and the two women around her. She got up and left. This is probably the only good news she heard when she left the city.

Someone's going to deal with Susie. Ye Lala and Huang Xiangyao have been discussing this matter together here. The idea is to let Su Xi be abandoned after marriage anyway. They are wandering in this circle. They think that no man likes ugly wives because they know ten percent of men. So, if only Su Xi's face is broken, Wen lichen will be tired of it and will dump her sooner or later.

The danger came so inexplicably that Suzy did not expect that before she started to deal with the two rivals, they had already dealt with her first.

Sushi is not a hater. She was immersed in the feelings with Wen lichen during this period of time. She didn't think much about the two women who were against her.

But people are different. Some of them are naturally good and some of them are naturally evil. Ye Lala and Huang Xiangyao just felt the crisis and began to plan how to deal with Suxi.

The last single night before the wedding, Xing liehan and Wen Liangyao accompanied Wen lichen to the bar! At the same time, Han Yang and Wang Rui are also called together. A group of men are celebrating the last single night for the two prospective bridegrooms, and they are about to end their single life. However, they are not sorry at all, but they have been waiting for the arrival of marriage life.

In the box, the three slender and charming figures are hidden in the light and shadow. At this time, it's the time for men to have fun with each other, to have fun with each other, and to have a full vision of the future.

About ten o'clock, three people out of the bar! When they go home, Wen lichen and Xing liehan will take a car to go home. Wen Liangyao will go back to Wen's house. He will also have a good rest and prepare for the workload of the next day.

Chapter 426

Xing liehan drinks some wine. Tang Siyu places the little guy in Xing's house, sits in the hall and waits for him to come back. The man with a flush comes in. The suit is held in his hand by him lazily, the tie is slightly loose, and the whole body is full of masculinity.

Tang Siyu stood up and asked, "how much did you drink?"

"Not much, just a few." Xing liehan chuckles. Just now in the bar, he can't wait to go home.

In the end, I think it's meaningless for him to have a bachelor party, because he doesn't want to celebrate being single. He should celebrate that he finally found a rib and a partner for his whole life.

"Have a good time?" Tang Siyu said as he picked up his suit and hung it on the hanger next to him.

"Well! Not bad. " Xing lie answers lazily, a pair of deep eyes lock in her body, then some can not be moved.

Tang Siyu also casually put on a white skirt tonight, with curve and milk white silk fabric, which makes her figure show vividly and makes men tense.

"Well, let's go to bed early! I'm going to go with Susie to make up at seven tomorrow, and you're going there too. " Tang Siyu thinks that at this time, rest is the most important thing.

With a smile, Xing liehan grabbed her and said, "OK! Then let's sleep! "

Tang Siyu immediately found out his idea, slightly raised his face, "go to bed early."

"It's time to go to bed earlier." Xing liehan smiled more deeply. He raised his hand and picked her up.

"Hey, you're drunk. Don't fall down." Tang Siyu immediately worried about it. He still hugged his neck and felt that he was still drinking.

Xing lie looked down at her with cold eyes. "Don't worry, I have strength."

This sentence is also a hint of a kind of meaning. Tang Siyu's pretty face is slightly red. No wonder this man had to leave his son in Xing's house and send her back when he finished eating. It turned out that he had such an idea.

Wen lichen is sleepless. Tonight, Su Xi returns to Su's house. Even if he cohabits, there is a rule that when he gets married, he must start from his mother's home.

Later, after half an hour's phone call, they hung up reluctantly.

Su Zhai and his wife always thought that their daughters would find happiness to marry. When they really want to marry them, they will feel empty.

Because in the new year's festival, the children will not be around any more. This feeling is still a little lonely. However, it's also a contradiction to think about it and hope that the children can find their own happiness and dependence.

Early morning.

It's sunny and very bright. In a beautiful morning, Tang Siyu begins the prelude to the wedding. At about seven o'clock, Tang Siyu comes to Su's house and accompanies Su Xi to the dressing room of the wedding villa. Her other five bridesmaids also arrive, each with their own make-up artists, uniform bridesmaids, and light blue bridesmaids' dresses. They are very beautiful. Tang Siyu and They are familiar with each other, a group of young girls together, there are always endless fun, endless conversation.

When Susie put on the wedding dress, the white wedding dress was embroidered with beautiful clouds, and was dragged on the ground with light weight, which wrapped her perfect figure and matched with a fresh and elegant makeup, it was too beautiful to move her eyes.

"Heathy, you are so beautiful." Tang Siyu can't help praising her. Today, bridesmaids are all like flowers and jade, but they are willing to be her foil, because tonight's most brilliant, only the bride.

Some of her close relatives and friends arrived early in the morning. The Xing family was there at eight o'clock. Xing YINUO also liked to join the party. In addition, Suxi was her idol. It was said that there were several other first-line actresses as her bridesmaids. She immediately found them.

Xing YINUO makes a sound and looks at Suxi's envious face. She thinks to herself, when can she wear such a beautiful wedding dress and become a bride?

"Sister heathy, you are so beautiful, just like a fairy." Xing YINUO exclaimed.

At this time, a group of men who are making up in the nearby villa come in surrounded by today's new groom Wen lichen. Wen lichen's white suit, set off by six black suit bridesmaids, looks dignified and intimidating. The black shirt and white straight suit set off his rigidity and strength as charming as Prince Charming.

Among the best men, Xing liehan is the most dazzling, calm and sexy. He is also the best man. Wen Liangyao is particularly young. He must be 24 years old. There are still some differences between him and a group of men in their twenties and eighties.

However, he is undoubtedly the bright spot. The black bow tie is fresh and handsome. The handsome face with a melancholy Prince temperament is very popular with women.

Tang Siyu and Xing liehan look at each other, fascinated by each other, staring at each other, unable to move their eyes.

Xing YINUO stood aside and saw Wen Liangyao at a glance. Wen Liangyao didn't expect her to be there. He bent his lips and smiled at her. Today, Xing YINUO is also dressed. She has a long black hair tied with pearl hair hoops. She has a full girl's childlike atmosphere. Even though her height is one meter six, she stands out in front of these girls. One of the bridesmaids was not very old. It was Xu Yang, the new man Annie had brought in. Annie was also diligent. In order to show her a face, she was arranged to be one of the bridesmaids. Just about 20 years old, she was beautiful and lively. At a glance, she saw wenliangyao, the second son of the Wens family, who was gorgeous, even though not as mature and dazzling as his elder brother But it is also a beautiful figure that makes a woman fall. Her eyes fall on Wen Liangyao intentionally or unintentionally, and it is hard to hide a trace of love in her eyes.

Xing YINUO looks at Wen Liangyao and smiles at herself. Her eyes are wide at once. Inexplicably, she feels a bit shy.

Wen lichen stood in front of sushi, his eyes were full of tenderness and deep feeling. Sushi's eyes, a light and pretty face, flashed with shame. She pushed him, "OK, you should go out and wait, and my mother will come later."

"Li Chen, let's go over and have a tea break!" Xing liehan patted him on the shoulder, and a group of handsome men left first.

After a while, Li Qian came with several aunts and aunts of Suxi. Tang Siyu said to a group of bridesmaids, "let's go upstairs to have a rest first!"

Everyone left room for Suxi to talk with her family. Li Qian was almost in tears when she saw her beautiful daughter with red eyes.

Chapter 427

Although Li Qian wants to cry, she looks at her daughter with such beautiful make-up. If she also makes her daughter cry, isn't it enough? Therefore, she still smiled, stroked her daughter's face, and her eyes were tender.

"From tomorrow, Xixi, you will be Wen's family. You need to understand etiquette and rules. Do you know?" Li Qian carefully teaches her daughter.

"Mom, don't worry! I know, I know, I don't know, Li Chen will teach me! " Susie pursed her red lips, and there was a mist of tears in her eyes.

"Silly boy, you know you are counting on Li Chen for everything." When Li Qian said this, she was also happy. Can she not be happy when her daughter married such a good man?

"I said Sister! At this time, we are all happy, don't say these words, eh! Why hasn't Xiaoqin come yet? This is her sister's big day! " An aunt said.

"Xiaoqin can't come until ten. She's always busy with her work." Li Qian said.

"Sister, you really have two good daughters! Such a capable man, such a lucky man married to such a good man, you will be waiting to enjoy the happiness in the future! "

Li Qian is praised and used in her heart. Su Xi is also very happy. She has become the pride of her parents!

"My sister said that she would try to come here. We will wait for her." Sushi said that she asked assistant Xiaomi to ask Tang Siyu to come down and take a group photo with her mother. Soon six beautiful bridesmaids came down.

Suxi and her mother are sitting in the middle. Next to them are some of her relatives and aunts. Several bridesmaids stand behind her and take some photos. Li Qian gets up to find Wen's parents. At this wedding, the relatives on both sides get together and are not separated.

Sushi also took several photos alone. Her bridesmaids shared them and let her fans have a look at her most beautiful appearance. On the Internet, all her beautiful photos and happy photos are painted, and all of them are blessed by all the netizens.

There are also many people shouting, want to see the groom, also want to see the best man, the groom must be so handsome and charming this time, when proposing, all fell in love with a group of netizens, at this moment, the groom's appearance, is not dead?

At this moment, everyone is waiting for the auspicious time. It's 11 o'clock to go to the wedding stage on time and receive the blessing of the guests. Tang Siyu has time. She sends a message to Xing liehan to find the little guy and the Xing family.

They found them on a grass beside the villa. They took the little guy out for a walk. The flowers and plants nearby were beautifully manicured. There are many beautiful sculptures worth seeing. Among the flowers and plants, butterflies are flying, which is a beautiful scene.

The little guy has a handsome black T, jeans shorts, small sneakers, long short hair, small bangs covering his forehead, showing his facial features, and no dead ends.

Jiang LAN holds his cell phone and is taking pictures for him. The little guy in the picture is so handsome that Jiang LAN is addicted to taking pictures.

"Xiaoxi, look at grandma." Jiang LAN spends most of his time secretly photographing, because the little guy's facial features can stand any angle of shooting.

The little guy is happy, running, laughing, focused, and every appearance appears in the picture.

Xing Yinuo occasionally goes to the camera, but now there is a little guy. She has given the most attention to the little guy. Instead, she has nothing to do with her mobile phone and interacts with her classmates.

At this moment, she is being bombed by a group of female students, because she just said that she accompanied Wen Liangyao to his elder brother's wedding. Her female students are crazy and want to see the best man photos of Wen Liangyao.

Because in the hearts of these female students, he has become the most remarkable man in the school. He is a god of men and an excellent teacher. Girls who secretly love him flock together. Sometimes, just to see him, they have to go back and forth from the office for dozens of times!

Therefore, outside Wen Liangyao's office, there are often female students who are crazy about flowers, which makes other teachers have a lot of opinions.

Xing Yinuo is responding, "I'll show you later. Now I'm with my parents! I didn't see him. "

"Xing Yinuo, you must show us his most handsome side! We are all in a hurry. Mr. Wen must be the most handsome one

"No, my eldest brother is handsome! Besides, brother Wen is the bridegroom, and he is also very handsome! "

"Really? I'll send it together to have a look! "

"I want to see your big brother." There was a girl who asked directly.

Xing Yinuo immediately replied, "I will not show you that my eldest brother is already my sister-in-law's man."

"Let's see Mr. Wen then! A promise, you must send it later! We are waiting for you! "

"Good! Later. " Xing Yinuo turns off his mobile phone and suddenly thinks secretly, why do you want to take a picture of Wen Liangyao? I have to see it myself!

When Tang Siyu came over with Xing liehan in his arm, they looked at each other and smiled. At this moment, they saw the family standing there, which was full of family atmosphere.

"Daddy, Mommy." The little guy ran to them from afar. He was very happy and lovely. Xing liehan leaned down slightly, picked him up and held him in his arms. When the little guy saw daddy and Mommy coming, he sat in daddy's arms, happy.

They stood together and talked about how well the wedding had been done. Their wedding a week later was in a seaside manor, which must be very beautiful.

The auspicious time is coming. Around 10:10, a black car is parked in the parking lot. The door is opened. Suqin's long and slender legs step down. She takes off the gray suit. She is dressed in a dark red evening dress, with long hair and micro volume. Her makeup is exquisite. As she moves, she is nimble as a western spirit.

A few chat with the next male guests, all eyes were dazzled, even to the mouth of the red wine have forgotten to drink, has been watching Su Qin 's figure left, thinking, where such a big beauty?

If we can meet again later, we must know each other.

Suqin came to Suxi's villa, and Suxi sighed, "sister, you are here. I'm afraid you can't catch up!"

"I came all the way, too. Fortunately, I caught up." Suqin smiled and looked at her.

And sushi also looked at her. She usually saw her dressed in a suit. Today, looking at her dressed in a tuxedo, she found that everyone was right. The most beautiful daughter of Sushi's family is the eldest daughter!

"Sister, you are so beautiful today."

Chapter 428

"It's not so beautiful as your bride to be!" Suqin said as she reached out to arrange her hair. In her eyes, she loved her sister tenderly.

"Sister, you are so beautiful. You must be noticed today. Don't forget what I said to you! Li Chen and I have been angry. As long as you like it, he will introduce it to you. " Suzy laughed.

Suqin did not look at her angrily, "said no."

After a while, Suqin met with six bridesmaids. Suqin had a kind of temperament that had been practiced in high politics all year round. It was both capable and dignified. Therefore, the temperament was more cool and bright.

"Heathy, the auspicious hour is coming. It's time for us to go out. Your carriage is outside." A bridesmaid said.

At the same time, Mrs. Wen came. She and Li Qian came to welcome her out. So, Su Xi, wearing a white wedding dress and with the help of her sister, walked out of the villa door and sat on six crystal carriages pulled by divine and handsome white horses. The body of the carriage was inlaid with jewels. It was very delicate and beautiful. Su Xi sat in it as if she were a holy princess. Generally, beside, six bridesmaids stand on both sides, accompanying her, heading back to the hall.

The photographers nearby are everywhere to shoot and record this wonderful moment. They can't let go and miss any happy smile of the bride. Suqin is walking behind with her mother's arm, accompanying Suxi to get married.

Susie sat in the carriage. At this moment, her heart flew to the direction of the hall. She thought, Wen lichen is waiting for her there. From now on, she is his person, and he belongs to her.

It's a wonderful feeling to have a person.

In front of the hall, Su Boyan and Mr. Wen stood there waiting. Su Ximei stepped out of the carriage. The long wedding dress was like a beautiful snowflake. The flowers embroidered on it seemed to move with her. The long headdress also fell down together. Su Ximei's delicate face seemed to be looming, adding a layer of mysterious beauty.

Su Boyan looked at his daughter's marriage. He really regretted the arrangement before. He shouldn't force her to marry someone she didn't like. Now, it's very gratifying for him to be a father to see her find someone she deeply loves.

Tang Siyu accompanies her, and her eyes are full of blessings. Compared with other bridesmaids, Tang Siyu's wishes are all sincere. Su Xi takes her father's arm, looks up, smiles at her father under the veil, and Su Boyan sighs a little, reaches out and pats her back. "Let's go! Dad will show you in."

"Well." Suxi smiled and walked up the steps step by step with her father. Behind her, Li Qian and Wen family followed, followed by the next six bridesmaids. Later, when they passed the stage, they would accompany her.

On the flower stage above the auditorium, the background is the aestheticism heart-shaped background of 9999 red roses. The next one is also twined with real flowers. Between the whole red carpet, there is a light mist, which makes the fragrance of flowers cool.

At this moment, on the platform, headed by Wen lichen, there is a row of excellent best men standing behind them. They are all waiting for the arrival of the bride. Wen lichen's eyes are focused on the direction of the entrance, his heart is anxious, looking forward to and yearning for the arrival of his bride.

Xing liehan's eyes are also looking forward to it. For him, today is like a wedding with Tang Siyu in advance. He waits for her to stand beside him for a while.

Finally, at the entrance of the hall, Suzy's figure appeared. At the same time, a sacred wedding march sounded in the luxurious and eye-catching huge hall, and flowed in every corner, making people feel a sacred and inviolable feeling.

Sushi walked in front with her arm in her hand and flowers in her hand, and six bridesmaids behind followed her with bright and beautiful flowers in their hands.

On the platform, Wen lichen's mouth gently raised, his eyes were waiting for him, and in his mind, every picture that he knew and fell in love with sushi flashed. At last, the figure that was slowly coming towards him was fixed on the opposite side. At this moment, Wen lichen's heart was deeply convinced by her and fell in love with her.

Sushi's eyes, transparent gauze, looked at the man in the opposite direction. Although it blocked her eyes, she could feel that his eyes were so gentle, so firm, so focused, he was waiting for her, patiently waiting.

Su Boyan looks at Wen lichen. At the moment, he really has no sense of the son-in-law. He is glad that his daughter can find such a man.

Tang Siyu's eyes touched Xing liehan's, and she smiled with a little shame, but she did not hide from him, so she met his deep and burning eyes.

Wen Liangyao stands in the third position. He smiles happily at the corner of his mouth and blesses his eldest brother, but he doesn't know. Among the bridesmaids, Xu Yang's eyes look straight at him, full of yearning color. She hopes Wen Liangyao's eyes can look at her, even if one eye, is enough to comfort her at the moment.

How she wished she could meet him.

Under the stage, Xing Yinuo is also full of longing at the moment. Suxi is so beautiful. She also wants to wear the wedding dress like her one day, although she has not thought about what kind of man she will marry in the future. But her desire to wear the wedding dress is strong.

She promised to take pictures of Wen Liangyao for her classmates. She also broke her faith, because she didn't want to take pictures at all. She had a stingy idea. She didn't want to share the handsome side of Wen Liangyao with that group of female students. She wanted to enjoy it alone.

I can't see that he looks so handsome and beautiful in his suit!

Su Xi finally arrived in front of Wen lichen. Su Boyan said to Wen lichen, "lichen, I've given you my daughter."

Wen lichen immediately nodded seriously. From Su Boyan's arm, he took Su Xi's palm, clenched it, and slowly met her in the center of the flower stage. The two men looked at each other across a layer of gauze.

At this moment, nothing can block their love, their heart.

Tang Siyu stands beside Xing liehan. She holds the flower in one hand and gently stretches out the other. Before she can see it, she is grasped by a warm big hand. It's tight, as if she's afraid to lose her.

Tang Siyu's mouth curved, she looked up, Xing liehan also looked down at her, two eyes mingled with a smile, at this moment's atmosphere, more likely to arouse inner love.

Wen lichen gently lifted Sushi's veil. Sushi's face slowly came into his eyes, which made him extremely moved. Wen lichen lost his mind for a moment. He really wanted to kiss his bride without waiting for the pastor's words.

Chapter 429

A solemn and solemn pastor stood on the stage, beside the best man's side, with an oath book. At this moment, Xing liehan gently released Tang Siyu's hand, and he reached her ear with a low smile, "wait for me."

After that, he took over the microphone delivered by him, and his voice sounded in a low and magnetic voice, "to the world, you are one person, and to me, you are the whole world. Next, we will witness the most sacred moment of all guests. Let's welcome our bridegroom Wen lichen and our bride Suxi to go to the wedding platform, exchange vows and keep each other under the witness of the priest A lifetime. "

Tang Siyu's heart beat lost its rhythm directly. She didn't know that today's host was Xing liehan. But at the moment, her eyes are fixed on the man, looking at him to host. She is also serious and attentive. She really loves her very much.

Su Xi also quickly took the opportunity to wink at Tang Siyu. He jokingly said, look, how handsome are you?

Wenlichen took Sushi's hand and stood in front of the pastor together. The pastor opened the affidavit and carefully read out, "Mr. wenlichen, are you willing to marry Miss sushi, whether you are willing to love her in good or bad, rich or poor, healthy or ill, happy or sad, and you will love her unreservedly and be loyal to her forever."

"I will." There was no hesitation in Wen's voice, deep and affectionate.

Sushi's nose slightly sour, staring at him, almost moved to tears, Wen lichen holding her side face, eyes silent comfort.

"Miss sushi, would you like to marry Mr. Wen lichen, whether he is healthy or ill, poor or rich, young or beautiful, or old, you are always willing to be with him, love each other, depend on each other, help each other, and never give up, do you want to?"

"I will! I would love him all my life. " Susie's voice was vivid and full of truth.

"OK, now our bridegroom Yes... "

The pastor just found that when he was about to say this, our bridegroom Wen lichen had already held the bride's face and kissed her deeply. The pastor still made up his words very conscientiously, "kiss the bride."

Under the stage, there was applause. On the stage, Tang Siyu's hand was held by Xing liehan at some time. She looked up and saw that her deep eyes fell. Her heart was filled with sweetness.

Xing YINUO covers her face half, a little red face, maybe she is young. She looks at the picture of kissing with her own eyes, but she is still shy. However, the little guy is happy, "dry father and dry mother!"

After Jiang LAN found out, he quickly smiled and took the palm of his hand to cover the little guy's eyes. He made the little guy's face come and go. He wanted to see more.

Su Boyan and his wife look at their daughter's happiness calmly. Su Qin suddenly has a lot of sadness in her mind. Her tears rotate slightly in her eyes. Looking at her sister's happiness, she naturally thinks of the happiness she has missed.

However, everything has been irretrievable.

On the stage, Su Xi's face was red, and she dared not look at anyone in the stands. Wen lichen chuckled and hugged her waist to finish the ceremony. Next to him was the host who took the microphone. "Do you want to hear our bridegroom's speech on today's happiness?"

There was a warm response from the audience, "think."

Wen lichen reached for the microphone, glanced at the guests under the stage, and quickly fell back to Sushi's face, stared at her affectionate eyes, and opened his mouth in a low voice. "When I meet you, it's you for the rest of my life. When I meet you, I'm willing to spend all my luck. Sushi, I'll never let you down in my life."

Sushi's eyes were smiling, and this man echoed in the whole hall The host asked with a smile, "does the bride have anything to say to our bridegroom?"

Wenlichen also wanted to listen, took down some microphones, put them on her lips and waited with a smile. "Today, I want you to be the second happiest person, because the first happiest thing is me. From today on, I am not me, but, we, we hold the hand and grow old with our son, OK?"

"Good." Wen lichen answered softly.

Under the stage, warm applause rang out, and everyone was infected with the sincere love of the happy lovers. Tang Siyu's eyes were slightly red, which was unexpected. Before, Su Xi, who had been talking about being a single aristocrat in his life, would step into marriage ahead of her.

Moreover, with such a posture of no hesitation, the feelings are really wonderful. To find the right person, no matter in a day, a month, or a year, no matter in a long or short time, the fate will arrive in an instant and become mutual dependence.

When Tang Siyu's eyes filled with tears, his hands were still clapping, his mouth was slightly raised, showing a row of white teeth, red lips and white teeth, which made the man's throat close and almost wanted to kiss him.

Xing liehan does not envy Wen lichen at this moment! Because his happiness is right in front of him, right beside him.

Wen Liangyao's side, unconsciously Xu Yang stood beside him, as if to see through her ideas, a bridesmaid actively gave her the position, let Xu Yang stand beside Wen Liangyao at the moment, while accompanying the new couple moved.

Because of the close touch between their arms, Xu Yang's arms met Wen Liangyao's sleeves several times, which made her heart turn over like a raging wave. The closer she got to him, the more her heart surged, the more moving she felt, the instant came. Love, it turns out, is so simple. If you like it, you will never look back, get rid of all difficulties, and even make some childish and funny moves to stand beside him.

At the moment, Xu Yang only hopes that Wen Liangyao can turn around and look at her, and notice that she is also beautiful and excellent today.

However, Wen Liangyao's eyes are now moving away from his elder brother and sister-in-law, looking at the table next to the first table. Xing YINUO is holding a pair of big eyes on his chin and looking around. Then, while his parents are not paying attention, he quickly disassembles a sugar and throws it into his mouth.

Her little action was seen in the eyes of Wen Liangyao on the stage, and his mouth was slightly amused. Xing YINUO was thinking that everyone didn't notice that she stole candy. When he looked up, he bumped into Wen Liangyao's eyes that saw through everything.

She immediately puffed up her cheeks and gave him a warning stare, as if to say, don't tell my parents.

Wen Liangyao doesn't care about her warning at all. In his eyes, Xing YINUO is like a child with no threat.

At this moment, the bridegroom and bride on the stage begin to step down. Suxi, accompanied by Tang Siyu, goes backstage to change her dress. For a while, the toast will be used. Other bridesmaids and bridesmaids will return to their respective positions and prepare to enjoy the wedding lunch tonight.

Chapter 430

Backstage, sushi handed her bouquet to Tang Siyu, "I haven't thrown it all the time, but I have to wait for it to be delivered to you. My happiness baton is specially for you."

Tang Siyu was moved to take over, also hugged her, "Xi Xi, you must be happy."

"Yes! We will all be happy. " Sushi smiled and Mimi hugged her. The two sisters hugged her for a while. Suqin came in and said, "change your dress and go out to greet the guests! Eat something, too. "

"Well! I'll change it now. " Sushi is next to her by a special service staff. She takes off her wedding dress and puts on a big red toast dress. The long Mermaid chin sets off her perfect waist and hip line. Sushi's figure is perfect.

When three people came out together, all the men on the set were amazed. The bride was beautiful, and the bridesmaid beside the bride was also beautiful. Miss Su Jiada, who was a little similar to the bride, didn't give up.

Tang Siyu sat next to the little guy. Tang Yixi immediately threw himself into her arms and hugged her. "Mommy, you are so beautiful today, Ganma is also beautiful."

"Today's most beautiful, of course, is your mother!" Tang Siyu said with a smile that Jiang LAN served him a meal. The little guy looked around and didn't eat seriously. Jiang LAN had to feed him patiently.

At this time, Xing Yinuo was suddenly pulled out of the chair in the empty position beside her. She looked up in surprise and Wen Liangyao sat down.

"You Why are you sitting here! " Xing Yinuo asked with some dissatisfaction.

"My table is full. Can't I sit here?" Wen Liangyao asked with a smile.

Jiang LAN immediately stares at Xing Yinuo, "how do children talk?" Finish saying, and immediately look at Wen Liangyao with a kind smile, "Liangyao, just sit here."

"Yes, aunt." Wen Liangyao nodded with a smile, and looked at Xing Yinuo, who had been trained for a while. Xing Yinuo's face was a little hot. Today's Wen Liangyao has more mature breath than usual, and is also dazzling.

Xing liehan sits beside Tang Siyu. Xing Zhengting is called to have a table with Mr. Wen. They have a lot of topics and like to have a drink and talk with each other. Xing liehan doesn't like to gather the excitement of his elders, but he is called by Mr. Wen for a while.

Wen Liangyao doesn't drink wine. Old man Wen didn't ask him to go there. He also asked him to greet the guests at the Xingjia table. At this time, the place was vacant. Annie smiled. "Miss Tang, is there any place here? I just arrived. Can we sit here? "

"Of course! Sister Anne, sit down! " Tang Siyu smiled and nodded. Annie's side also took Xu Yang with her. Xu Yang sat beside Wen Liangyao so naturally. She said hello to Wen Liangyao with a bright smile, "Hello, master Wen. My name is Xu Yang. I'm sister Xi Xi's junior."

Wen Liangyao also knew that she was a member of the bridesmaid. Naturally, she smiled politely, "hello."

Xing Yinuo also watched it. Although Xu Yang was a newcomer, she immediately put her head to it because of the second female performance of the TV series. "Sister Xu, I have seen your TV. You are so good-looking."

Of course, Xu Yang also knows that this table is all from Xing family. She bends her lips and smiles, "thank you for your love."

Xing Yinuo looks at her with big eyes. She has a natural love for stars. Maybe she always wants to act, but she has no chance!

"Young master Wen, I heard that you are a famous talent who can also edit plays. I really admire you!" In Xu Yang's eyes, he showed his admiration for Wen Liangyao.

Xing Yinuo blinked, then laughed and dismantled Wen Liangyao's platform. "He doesn't write a script now. He works as a teacher in our school! Teach me math. "

Xu Yang was surprised. Unexpectedly, the second young master of Wen family went to teach in the school and became a teacher?

Wen Liangyao nodded. "There's no script in my eyes. I'm teaching part-time at school."

Although Xu Yang was disappointed, she believed that even if Wen Liangyao was only a teacher, he would have a bright future in the future. With his company Tianmu entertainment group, he would be able to shine in the future.

"Master Wen, can I have your phone number? I may consult you later on the script. " Xu Yang knows that he must seize the opportunity. With the phone number, many things can happen.

Xing Yinuo is young, but she is not stupid. She directly finds out that Xu Yang likes Wen Liangyao very much. If she wants to get close to him, she is nervous and thinks that Wen Liangyao refuses to give her phone number.

Xing Yinuo looks at Wen Liangyao and finds that he is also slightly frowning, as if thinking. Xing Yinuo immediately smiles, "elder sister, I know his phone number, I will recite it to you, please remember it!"

"Really? That's great. " Xu Yang is also afraid of Wen Liangyao's refusal. That's a lot of shame. If Xing Yinuo is willing to say it and Xing Liangyao on the other side is not willing to say it, isn't it the default that she can trouble him later?

Wen Liangyao's eyes stared at Xing Yinuo, only to see a small piece of Xing Yinuo's mouth, and reported the number of eleven digits. However, she cleverly said the middle number wrong. After reporting, Xu Yang entered it into the mobile phone seriously. At the moment, the only one who really knew the wrong number was Wen Liangyao. However, Xing Yinuo, who reported the wrong number, pretended nothing and watched Xu Yang write it down. She smiled and said, "sister, you keep it!"

"Saved." Xu Yang is very grateful to Xing Yinuo for being so warm-hearted and relieving her embarrassment.

Wen Liangyao was silent, but there was a strange smile in his eyes. Xing Yinuo was really a ghost spirit.

Tang Siyu and Jiang LAN are looking at the little guy. From time to time, they look at Xing liehan's direction. They find that he is calm and elegant even if he is integrated into his parents' generation. Such a man always gives people an inexplicable sense of heart.

She only wanted Xing liehan to drink less wine.

After a while, the two Wens accompanied sushi and wenlichen to a table and a toast. When sushi arrived here, wenlichen asked his brother to greet him. When sushi and wenlichen raised their glasses, the little guy asked in a tender and crisp voice, "Godfather and godmother, are you married? Will I have younger brother and sister to play soon?"

In this sentence, except for Susie's shame, Wen lichen stroked his little head and replied positively, "of course, I'll give you a play soon."

By my side, the two old Wens are very glad to hear this. They are not easy to ask this question, but let the little one ask it. Can they not be happy when they hear the answer from their son?
