

U. CEO Daddy 451

Chapter 451

The policewoman was immediately inspired by Tang Siyu. Naturally, she told Qiu Lin the case of Tang Yiyi without any concealment. Because Qiu Lin has been accusing Tang Siyu, so the police also emphasized the details, such as how Tang Siyu sent Xing Yan to court and confronted him in the court.

All this, I heard Qiu Lin shake her head desperately as she was grieving and despairing and angry at heart, "she won't be so kind No My daughter died miserably, Xing Yan. I'm going to kill him. I'm going to kill him... "

"Qiu Lin, Xing Yan will get the punishment he deserves, but please reflect on what you have done. You and he have also committed crimes of a bad nature. You'd better repent! Besides, Miss Tang Siyu is really a good person. You killed her father. She should hate you to the bone, and she will also be implicated in hating your daughter. She must have done so. However, in this matter, she does not care about modesty, but she will get justice for your daughter. She will even buy a cemetery for your daughter and bury her in the earth. "

"She Does she really do that? Does she really know? " When Qiu Lin collapsed, there was a hope that she could not even collect her daughter's body. She could only bear the severe pain in her heart, but could not do anything. If someone did this for her, her heart would be very grateful.

However, this person is Tang Siyu. Qiu Lin, who has been locked here for a while, doesn't want to repent what she has done. Her pride is still there, but at this moment, she is full of tears and regrets.

She hated Xingyan, his bones, his skin, his blood, and his hand to hell.

I also regret that I killed Tang Xiong for my own benefit and hated my previous selfishness. In fact, he thought about the existence of Tang Siyu carefully. Since her mother died, she has never had any real threat to her. It is because she thought of her as a threat that she would want to remove and drive away.

Tang Siyu's life, her daughter destroyed her first love, and she killed Tang Xiong, let her lose her father, and finally, she took her shares, also delusional to let her have nothing, all kinds of sinister and vicious ideas have also come into being.

But in the end, she ended up miserable, and also ruined her daughter's happiness and life. It's hard for her to imagine how scared and disgusting her daughter was after being invaded by Xing Yan. As a mother, she didn't know anything, and let mufei take care of her daughter through the most difficult period.

Finally, mufei was seriously injured and admitted to the hospital. Tang Siyu took all the responsibilities, which Qiu Lin never dreamed of.

So hated a person, finally, but did her most moving things.

"My dependence My dependence I'm sorry for your mother. She's blind. It's her who killed you! "

When the police officer left, he heard Qiu Lin hitting the corner of the table, and her head was smashed. The guards on both sides came and dragged her away. He could also hear Qiu Lin's cry of regret

After the police officer came out, he thought about whether to call Tang Siyu and tell her Qiu Lin's reaction and repentance.

But she thought that Tang Siyu didn't need these at all, so she pressed it and went back to work.

Xing Yan was sentenced to death, faster than Qiu Lin, a month later.

Two days later, Tang Siyu and Xing liehan sent Tang Yiyi's corpse, which had been put away for more than ten days, to the crematorium. Tang Siyu took her ashes and sent them to an empty tomb not far from her father. Tang Yiyi didn't have more people to talk about it. None of her friends and sisters she had known before would care about it. Those friendships that were exchanged for money and interests were fragile False.

At this moment, Tang Siyu is the only one standing in Tang Yiyi cemetery. Tang Siyu stands still for a while, and Xing liehan holds her hand and leads her down the mountain.

Tang Siyu was calm, neither sad nor happy. She breathed a sigh, as if she had finished something to do and got a little relaxation.

"Tired? If I'm tired, I'll postpone the trip for a few days! " Xing liehan gets in the car and looks at her worried.

"No! We're leaving tonight. I think of my son Tang Siyu's clear eyes blinked, looking at him, "the honeymoon is too long, it's time to start."

Xing lie's eyes twinkled with cold stars. He knew that her heart was empty, only belonged to him.

"OK, let's go tonight." Xing liehan answered, stepped on the accelerator and went straight to the road.

In r country, on the bustling streets of foreign countries, a pair of Oriental figures are leisurely crossing the street. The girl is in a cool, floral dress with suspenders, revealing her white and charming butterfly bones, and her neck line is as thin as a swan, just like the meticulous drawing of a painter, which is too elegant.

Micro roll of long hair, light makeup red lips, at this moment, she, one hand persistent her husband, one hand busy eating ice cream cold sweet glutinous.

The man around her is carrying her small blue backpack. JUNBA's body is standing beside her like a protector, with love and affection in his eyes.

"Nuo Here you are. " The girl kindly handed the ice cream to his lips.

The man didn't refuse, opened the mouth to bite, the girl bit the place that he bit, and smiled sweetly to eat again. Standing in a completely unknown and unknown country, sushi, as a star, can completely resist all the burden of idols. She can eat and drink freely, play freely, and go shopping in all directions, which she can not enjoy in China.

So, her secret moon chose here. In the daytime, let this man accompany her to eat and drink, and walk around every corner of the street. In the evening, stay in the most luxurious hotel, blowing the cool wind, snuggling up to the man, sitting on the balcony sofa at will, enjoying the red wine and watching the night scene.

Since sushi joined the industry of artists, she has never been able to walk around freely. She used to go abroad to catch advertisements or make films. Moreover, the schedule is tightly arranged. She can't even walk a street, and the media follow her everywhere.

Only in this leisurely afternoon time, looking for her favorite dessert, accompanied by her favorite man, this feeling is the most beautiful.

She thought someone would have an opinion. However, all the way down, his patience and tenderness surrounded her. What she did, he accompanied her, without any complaints. Even sushi forced him to eat her favorite sweets. He didn't like them, but every time he came, he refused. What could be more fulfilling than that?

And she can buy and buy. It's also a pleasure to have a husband who can be a cash machine at any time. However, sushi is very restrained. She only chooses what she likes. In terms of price, the man asks her not to think about it.

Chapter 452

This feeling of being spoiled in the palm is difficult to describe with words.

All in all is happiness and sweetness.

However, Susie was afraid of the night. Even though the man followed her through the streets, why did she always feel tired and don't want to move, but the man was full of energy?

So, she's afraid of the man at night, because he's terrible.

In the morning, you can only get up by supporting your waist. What's the matter!

After a day's shopping, sushi went back to the hotel with her booty. Of course, it was the men around her.

As soon as she got into the room, Susie was so tired that she sat on the sofa and thumped her thin legs. Then she said happily, "I must be thin."

"You're not fat." Wen lichen went to the water fountain and poured her a glass of water.

Sushi took a sip from his glass of water and said firmly, "I'm really skinny. I'm exercising too much."

The man took over her hand and drank it, humming and laughing, "but you don't eat less sweets, can you? I don't think so. "

Susie's face is bitter again. It's true! She can't remember how many kinds of desserts she paid for, but each one made her love so bad that she beat her leg again.

Wen lichen squatted down and gently rubbed her calves with his big hands to eliminate her tiredness.

Susie lay on her back with a comfortable sigh. "If only I could lose two pounds more."

"I don't have a problem getting any fatter." Some man said sullenly.

Sushi immediately thought that when he was shopping today, he said he would take things before checking out, but when she wanted to see it, he had asked the waiter to scan it and throw it into the bag. Now she was curious about this.

"I took something secretly in the mall today!" Susie was very interested in looking at his handsome face with her arms on.

"Something to use at night." Wen lichen did not conceal her.

Susie's eyes widened slightly. "How do you know? I took it last night. "

At that time, she also had a little secret joy, thinking that when he asked again tomorrow, she could say that there was no security measures, and he would certainly let her rest!

However She's still too simple. He didn't expect it. So he bought it secretly in the mall today.

"I know." Wen lichen raised his head and smiled a little harshly. "I remember it very well."

Suxi wants to cry. It's really hard to live with Xueba. He can't hide anything. So, is it another sleepless night tonight?

"I bought a new one. It's said that it works well. Try it tonight." Wen lichen put his arms straight into her head and Jun Yan came down.

Susie's heart was pounding at once. The man clearly wanted to beat her. What excuse did he say?

However, this face is what makes her look, will be fascinated, so, what else can she say?

She can't refuse all of his things. Even if she refuses, she will eventually sink into the abyss with him. She can't extricate herself. At last, she wants to have fun for a while, and she is miserable.

"Just one Two more are not allowed. " Susie consulted.

Wen lichen smiled and nodded at the tip of her nose. "I can actually use three..."

"No, just one. I will break my waist if I have more..." Sue protested.

Looking at her unbearable appearance, Wen lichen counted carefully from crossing the moon honey to now. She really had too much favor, so he had to encourage her, "OK! We take a bath. "

"First of all."

"Together."

"No, you first."

"I want to come together."

"I....." When Susie had to say anything, the man reached out and picked her up and went to the spacious bathroom.

Sushi is helpless. She has a husband who loves her too much and dotes on her. Is this a good thing or a bad thing?

When she came out of the bathroom, Susie fell in love with the man. This evening, the man was very satisfied with the new shopping and the effect was very good.

On the beach of an island, a pair of young girls are carrying buckets and taking a little boy to pick up seashells. The beach belongs to them alone. When the tide goes out in the afternoon, there are very beautiful seashells to pick up. Sometimes, they will find more interesting things, just like treasure hunting. Tang Yixi's children like this time very much. Xing Yinuo is also a child. Xing Yifan is pulled by them. Not far away, there are bodyguards guarding them to ensure their safety.

"Aunt, you see there is a little crab. It has gone into the sand." The little guy squats on the ground in surprise and looks at the little crab.

"Don't catch it. Be careful. Let's go ahead. There are starfish! And the little octopus and the beautiful shells. Come with me

"Well! When daddy and mummy come, I will give them as gifts. " Then he said excitedly, "Daddy and Mommy will be here tomorrow."

Xing Yinuo is so happy! When she is more happy, she can go abroad for a trip. She will be overwhelmed by the pressure of study. Xing Yifan walked at the end, looking at his sister and nephew from time to time, his eyes already showed the steadiness of adults.

In a private plane in the domestic airspace, Tang Siyu fell asleep, sleeping in Xing liehan's arms, covered with a small blanket, very deep.

Xing liehan holds her and looks at her quietly under his chin. No matter how long he looks, he will not be tired. Instead, he is attracted to her constantly.

Tang Siyu's face was pale only after some hypoglycemia. These days, she didn't eat well and sleep well. Her body was already heavily loaded. Xing liehan's heart was full of heartache.

Since meeting her, so many things have happened around her. If he can, he is willing to bear all the pain for her, but in fact, he can't.

He can only watch her experience one after another, watching her thin down, watching her face lose smile, so that he wants to make her for the rest of his life, only happiness, only joy, not any sadness.

He reached out his hand and gently folded her black hair on the side of her face. Looking at the white skin, he could not help but lower his head and kiss it down. The touch was soft, which made him reluctant to release. So he touched her cheek with his side face and felt her soft skin.

Tang Siyu raised his head and touched his red lips on the corner of his mouth. Xing liehan gave a low smile and didn't look up, so he felt her warm kiss spreading around the corner of his mouth.

The stewardess wanted to ask him if he wanted to drink tea, but she was lifting the curtain and tightening it. In the luxurious and empty main cabin, the stars outside the window are bright and the moon is like a jade plate, while in the cabin, the tenderness is tender and deep like water.

This scene is as beautiful as a picture.

Chapter 453

The plane landed at 7 a.m. local time. Tang Siyu slept all the way. Now he was very excited to see his son. Because there was no airport on the island, he could only arrive by yacht.

Standing on the front deck of the yacht, the sea in the distance gives people a sense of calm and long distance. At the same time, the speed of breaking through the waves makes people have a look at life. Life, that is to say, requires calm and tranquility, as well as the surging passion that needs to be maintained at all times.

Tang Siyu opens his arms slightly and feels different speed and passion. Behind him, a pair of arms hugs her anxiously for fear that she will fall into the water.

Tang Siyu didn't look back. With this hand fixed around her waist, she was more bold and her arms were open. She couldn't help but think of a very famous movie, which made her laugh uncontrollably.

In less than an hour, that hidden in a dozen islands of a central island appeared, here maintain the original form, only in a flat land beside the island, built a very luxurious large villa, next to the coconut forest, there are also several other villa eaves, but now, the whole island here are contracted, belong to their family alone.

"Daddy, Mommy..." The little guy stood on the dock and waved excitedly at them.

As soon as the yacht arrived, Tang Siyu was led by Xing liehan to get off the boat. He strode to his son, calling his name, holding him in his arms and kissing him on his fleshy little face.

"Are you good or not? Do you listen to my grandparents? " Tang Siyu asked with a smile, this is not blame, but with a touch of love.

"Good, I'm good, and I'm obedient." The little guy nodded confidently.

"You know, you're a man. You can have your own ideas occasionally." Xing liehan takes over his son and educates him.

"Really? Can I sleep alone at night? I can sleep alone now, but my grandparents are not at ease. " The little guy likes everything here and wants to have a room alone.

When Xing liehan heard this, he flashed a bright color in his eyes and said, "good. You really need to sleep alone at your age. You used to sleep alone. Recently, you've been spoiled by your grandparents. I'll try to sleep alone tonight."

Finish saying, Tang Siyu handed a look that only she could understand, Tang Siyu looked at him speechless.

Back in the villa, I briefly described the domestic affairs. Next, their family will spend half a month here.

In the evening, Tang Siyu, wearing cool T-shirts and shorts, accompanied his son to pick up shells, dug up sand piles, and occasionally found lost sea animals.

The best time to accompany a child is to do anything with him and use all patience on him.

The sun in the evening reflects on the sea, making the sea level calm with a layer of gold, and also crossing the beach with a layer of light. At this moment, Tang Siyu, with the walking figure of Xing Yinuo and Tang Yixi's children, is like a picture.

Xing liehan just came out of his father's study and stood on the balcony, looking down on the direction of the beach. He also saw this warm picture in his eyes. His mood had never been satisfied and peaceful.

In the evening, the chef prepared a rich seafood dinner. After the family enjoyed the dinner, Tang Siyu came to the little guy's room and told him a story about a robot. At 9:30, the little guy was sleepy. He ran around in the daytime and was very tired at night.

"Good night, Mommy!" The little guy blinks, his face is resting on his hand, so good.

"Good night, Mommy is next door. If you want to pee, just ring the bell on the wall, OK? Mommy will come. "

"Mommy, no, I'm a man. I can go to the bathroom myself." The little guy said bravely.

"Good! Xiaoxi is great. " Tang Siyu bent down with a smile and kissed him on his little face

When Tang Siyu finished, she stood up decisively and walked away. She also hoped to develop her son's independent character. When she was with her, her son developed independence. But later, with the love of Xing family, he became dependent again.

When Tang Siyu closed the door, Xing liehan's charming figure stood under the light and asked her softly, "asleep?"

"It's going to sleep. It's going to take a few minutes." When Tang Siyu finished, he said to him, "go back to the room!"

There was a flash of light in Xing liehan's eyes. He entered the door from behind her. He had always considered her before, but now, the situation is different. She is his wife and belongs to him.

Tang Siyu just walked two steps, and an arm came from the ring of bullying behind him. The man was sexy and low, and said, "wife..."

Tang Siyu, "..."

"Wife!" The man's voice is firm and gentle, as if in practice, "wife and wife."

"What are you doing!" Don Siyu was amused by him.

"I'm going to call these two words well, but I'm going to call you all my life. I'm going to call them the best." After that, he reached to her ear and asked, "isn't it? Wife?" "This man's voice was originally the kind of person who would be pregnant if he heard it. Now, he deliberately added some attractive breath, and Tang Siyu was really called by him.

"Well, that's a good call." Tang Siyu praised him with a little red face.

"Really? Do you have to practice calling me husband? I want to hear it. "

Tang Siyu is usually called by his name, which is called husband. She hasn't called him in public.

Xing liehan, like a wayward child, held her shoulder. "Shout! I want to hear it. "

"Husband." Tang Siyu called these two words.

Sure enough, the man had an opinion, "not enough affection, call again a few times."

"Husband..." Tang Siyu is biting his lips. He cries shyly.

"Softer voice line, more whine."

"I don't want it." Tang Siyu is really shy. She is not the kind of girl who talks in a whine.

Xing liehan pulls her shoulder and lets her face him. With a hint of encouragement in his eyes, "just let me listen to you alone."

Tang Siyu knows that this is the interest of husband and wife. When the door is closed, she can call. At the moment, she doesn't really want to refuse him. Her long lashes are fluttering and fanning, as if her eyes are blinking.

She took a deep breath and called him "husband..." in a voice she would not normally use

Xing liehan's eyes were deep for a few minutes, and the dark pupils stared at her brightly. "It's not early, we're sleeping."

"It's still early tomorrow It's just under ten. " Tang Siyu complains.

Chapter 454

"I didn't sleep on the plane. Now I'm sleepy. Let's go to bed early." Xing liehan likes to hold her.

In the evening, the things between husband and wife, of course, have not been saved. The man who was still shouting tired just now, could even toss over the morning.

Tang Siyu is speechless.

At the foot of a mountain in a foreign country, Su Xi is ready to go. Beside him, Wen lichen is also equipped with a full set of equipment. This mountain is not a difficult climbing mountain, but it can also train people's bodies.

Today, there are also more than a dozen tourists here, including two pairs of friends invited by Wen lichen. Suzy seldom takes part in such field activities. She seems very excited.

"Be careful later. If you can't climb, you must ask me for help. You can't be brave, you know?" Wen lichen told her like a child.

"I see. I'm not a three-year-old." Susie raised her eyebrows and smiled. She had mysterious confidence in her physical strength.

Wen lichen was worried about her. Although she had no such strong energy, she had to do something reluctantly.

"Well, equipped, we can start." Next to him, a foreign man made an OK gesture to Wen lichen.

Three men and three women began to climb high, which is a place frequented by climbers all year round.

You can train yourself, enjoy the beautiful scenery, breathe fresh air and relieve the pressure of living in the city.

The other two pairs of people are regular mountain climbers, so their feet are obviously faster. Suxi also tries to keep up with them. Wen lichen has been at her side, climbing about 100 meters. Wen lichen asks his friends to go first and gather at the top of the mountain.

"Take your time. It's time today." Wenlichen said to sushi, reaching for a bottle of water.

Sushi took a bottle of water with a slight gasp. She said firmly on her face, "today, I must climb up."

Wenlichen didn't beat her, just looked at her and smiled softly. "It's good to have confidence."

Suzi handed him the water. "Let's go on." With that, she didn't know what stone she stepped on. As soon as she slipped, she slipped back to where she was, and Wen lichen caught her with sharp eyes.

"There are many stones. Be careful." Wen lichen said patiently.

Susie patted ash. "It's OK. I'll be careful." Finish, continue to climb.

Behind him, wenlichen shook his head slightly. From the beginning of knowing her, he knew that there was a stubbornness in her. It was because of her stubbornness that he attracted his initial attention.

Because of the women he contacted, no one would really refuse him, either playing the game of hard to get, or playing the trick of being indistinct but extremely entangled.

Only she, special existence, like a kaolin flower, makes him noble, but also has a desire to pick and enjoy.

Now that she was his wife, Wen's lips lit up a smile.

"Hurry up! You can hardly catch up with me. " Susie called him in front.

Wen lichen's steps are very steady to catch up with her. When she should be helped, she should be pushed. Sushi takes out all his strength to conquer the mountain.

A pretty face is white and full of red. It's not charming. She only has a layer of sunscreen on it. She's a plain face. Wen loves her best.

Real, natural, fascinated him.

"Whoo..." Suximing was tired, but she bit her teeth and didn't shout.

Wenlichen stood at her side and fed her water. Sushi took a sip and choked. Wenlichen clapped her on the back immediately, "drink slowly."

Suxi slowed down, looking at his handsome face or fresh look, she was a little unconvinced, "unfair, climbed so far, why don't you take a breath, I'm sweating all over."

"I usually have Satin training, so my body muscles are better." Wen lichen comforted her.

"Then I will practice with you later..." With that, sushi said with a little pride, "when I finish climbing this mountain, I will definitely lose weight, at least five Jin."

Looking at her expression, Wen lichen's inner thought is that after climbing the mountain, he must take her to have a big meal. Then, he must put on two pounds, because she doesn't need to lose weight.

Suxi is very clear about her desire to be thin. She is going to be thin. Recently, I don't know if she has a good meal or the moisture of married life. She seems to be fat.

One of her scariest words is that being fat destroys everything.

In the future, she will take part in the drama and go into the camera. She doesn't want to be the most talked about person in the media.

"Come on, let's go on!" When Susie finished, she started to climb.

After that, Wen lichen followed with a smile, climbed about 100 meters, and had a rest for a few minutes. So down came Sushi's determination. After climbing for more than three hours, she climbed nearly 1500 meters.

And the top of the mountain is just 2000 meters. Those teammates have been waiting for it for a long time.

Sushi was a little out of breath. She held her knee and looked at the road ahead. Looking back, Wen lichen's handsome face was also sweaty. His black hair was set off by his white and handsome face, which was really a kind of amazement of a beautiful man. Susie watched him for a few seconds, and a layer of vanity filled her heart, which was her husband.

"Pretty?" Wen lichen asked with a smile.

"Nice." Su Xi is stupefied to return to him, finish saying, she picks up the wet tissue in her hand, holds the handsome face on one side of him, wipes sweat for him very gently.

Wen lichen's heart immediately softened to the bottom, and the soft palm lifted his chin slightly. In the bright sunlight, every part of her facial features was delicate.

He could not help falling on her slightly moving red lips. When Susie was about to let go, he put his arms around her neck and kissed her for a few seconds.

Suzy's pretty face is redder. In such a lush forest, everything is different. Even a kiss brings different excitement.

Susie put her hands around his neck. She was standing higher. Now, she looked at the man in the same direction.

Looking at his handsome face, sushi boldly gathered her red lips and kissed him on his side.

Wen lichen squinted and protested, "not enough, come again."

Susie had to kiss on the other side of his face again. There was a cat that stole fishy pride.

However, the man felt that this was not enough, so he had to buckle her small head and ask for it in his way.

By the time we got to the top of the mountain, we could have lunch. Sushi was in a good mood to keep up with the army. Of course, there were some fun things happened in the middle.

The scenery on the mountain is unique. Sitting here for lunch, there is a different mood. Sushi likes such an optimistic attitude towards life.

Chapter 455

Su Xi's honeymoon was forced to end ahead of schedule due to an emergency in Wen lichen's company. After three days, they flew straight to China.

After getting off the plane, Wen lichen went back to the company to deal with the work. Suxi didn't get together with her family for a while. She was sent back to her mother's house by the driver.

On the island, Xing liehan and Tang Siyu have just started their honeymoon. They play together with the little guy every day and take them to the shallow sea for diving and walking. They have a very happy day.

However, there must be only one little guy at home. Some of them are lonely. Sometimes Xing Yinuo is forced to go back to her room to do her homework. Wen Liangyao will video assign her homework and give her lessons every day.

Xing Yifan also has studies, so every time Tang Siyu and Xing liehan take the little guy out to play. Looking at his lonely figure, Tang Siyu felt a little guilty. She saw that there are many people who have two children online now. Generally, they will have a second child every two years. Before that, she didn't want to have another one.

But now, the life after marriage makes her stable and comfortable. She thinks she should ask for another partner for her son. Otherwise, they will be old and the child will only have one person. That's too lonely.

The whole beach has been contracted by the little guy alone. Tang Siyu and his wife, sitting under the umbrella, are relaxing. The little guy is playing with the fine sand with a bucket. Later, he is pouring back and forth and stacking the house.

It's probably the nature of children to play with sand! I can play for hours, and I'm not tired.

Tang Siyu also let him play, let him use his mind, want to do anything, not limit his behavior.

Xing liehan had a rest for a while, then he got up to accompany his son. When he was a freshman and a little boy on the beach, he seemed particularly warm. Tang Siyu held the ice drink and felt satisfied.

She plans to close the door at night to discuss with her man about giving birth to a second child.

In the top floor room of the villa, the pink decoration style is Xing Yinuo's favorite, but now she is a bitter person.

As soon as she finished her homework, there was a sound of video unplugging from her computer. Who is Wen Liangyao?

It's time for video teaching again.

She reached out and turned it on. Under the dim yellow background light, Wen Liangyao's white and beautiful face appeared on the screen. He had probably just taken a bath, and the ink hair on his forehead was still wet.

It seems that his two dark and flying eyebrows are particularly good-looking in shape, as if they are splashed with ink.

"What are you doing, little man?" Wen Liangyao is drinking with a glass of water, and looks this way.

Xing Yinuo held his chin and curled his mouth. "What else can I do? I'm doing your homework! Why do you give me endless homework every day? "

"You are about to enter senior three. How can you do without studying hard? Did you pass the homework on to me? I'll read it for you at once and explain it to you by the way. "

"Well! Well, pass it on to you. First, I'll wash my face later. " Xing Yinuo finished, and sent him the way of homework email.

Wen Liangyao at that end received it. He looked at his homework, but when Xing Yinuo got up, he stared at her slender figure on the screen for a while.

Xing Yinuo goes into the bathroom and always does her homework with a big head. Taking a cold bath will make her more comfortable.

She washes her face and pours water on her tender face with water in her hand. Suddenly, a big force of water sprays on her front collar, which makes her uncomfortable.

She immediately reached out and threw the wet T-shirt out in the laundry. She was wearing a girl's vest and wiped her face dry with a towel. Then she came out to look for clothes to wear.

She completely forgot that on the computer screen she turned on, a man was checking her homework on the other side of the camera.

Wen Liangyao is looking at her homework carefully, without making a sound, but there is a sound coming from the end of the video.

His eyes can not help but look at the video, this look, his handsome face directly stunned. I saw Xing Yinuo wearing only a small black vest.

Xing Yinuo takes a T-shirt from the wardrobe, but he hasn't worn it yet, because it's so comfortable to wear a vest, so cool!

At this time, in the quiet room, there was an unnatural low cough from the man, and some reproachful tone sounded, "why don't you dress well?"

Xing Yinuo was shocked directly, and then she thought of what she was like.

"Ah..." She immediately took her T-shirt and hid out of the camera.

"You You are not allowed to see it. " Xing Yinuo shouted at the man on the other side of the camera.

Wen Liangyao was very innocent, and a little angry. "It's you who took off your clothes. Is it still my fault?"

Xing Yinuo's pretty face was red. He quickly put his T-shirt on his body, dressed properly, and then sat in front of the man's camera. With a red face, he forced him to ask, "did you see it just now?"

"See what?" Wen Liangyao's fresh face was reflected on the screen, and he didn't even lift his eyes. Xing Yinuo immediately stopped and said, "that is That's what I was like! Did you see it all? "

"What does a little girl look like?" Wen Liangyao raised a pair of clear and deep eyes, which did not seem to treat her as a woman at all. In his eyes, she was just a little girl with no good looks.

Xing Yinuo stayed directly for several seconds, but some of them were not satisfied. "I'm 17 years old, and I'm going to be an adult soon."

"In my eyes, you are a child." Wen Liangyao deliberately provokes her.

"Children? Yes, you are an uncle in my eyes. " Xing Yinuo also replied politely.

The man who was looking at his homework across the street looked up and looked up at her? Am I this old? "

"Yes! You are much older in my eyes. " Xing Yinuo is interested in attacking him. In fact, Wen Liangyao's face is handsome and white, with a feeling of warmth and water, young, but with a feeling of being amazed by the years.

Wen Liangyao smiled helplessly. "I was a few years older than you."

At this time, Wen Liangyao's mobile phone rang. He took a look and gently picked it up in front of Xing Yinuo. "Hello! Mr. Tang, what can I do for you? "

Xing Yinuo's two ears stand up directly, Mr. Tang? Her English teacher?

Xing Yinuo, a very beautiful and talented young female teacher studying in China, stared at the screen and saw Wen Liangyao look at her and say, "I'll take a call."

Then he picked up his cell phone and left the camera, as if to have a sweet talk with Tang.

Chapter 456

Xing Yinuo looks at the other end of the empty video, and suddenly his chest is stuffy, which is not very delicious.

In her mind, all is the charming appearance of teacher Tang. She is tall, white and beautiful. She is the most beautiful female teacher in the school. But now, it's nine o'clock in the evening in China. So late, they are talking on the phone?

In Xing Yinuo's small head, there was a kind of speculation immediately. Were they in love?

It must be so. They must be in love.

Xing Yinuo doesn't see Wen Liangyao in front of the computer, either. Her heart is a little bit flustered.

Can't he fall in love, even her study?

She picked up her cell phone boring want to see the group chat, pick up the screen a bright, Wen Liangyao that clear and handsome face appeared, gentle gaze at her.

Xing Yinuo's breath was smothering. She could not help shouting to the screen, "Hey, you are still not here! Did you teach me or not? If you don't teach me, I'll play. "

"Mr. Wen, brother Wen..."

"Wen Liangyao..." Xing Yinuo called his name directly, with a hint of anger.

However, Wen Liangyao was obviously not in the room and did not respond.

Xing Yinuo counts the time, and Wen Liangyao answers the phone in a flash for more than ten minutes. If it's not love and romance, where does it take such a long time?

Just as she was going to cover the computer and play quickly, footsteps came from the end of the screen. Then, Wen Liangyao and Zhang Junyan appeared on the screen.

"You know how to teach me to do my homework! I thought you forgot me when you were in love. " Xing Yinuo is holding his chin and humming like a jealous adult.

Wen Liangyao looked up at her with a little consternation. "What do you say?"

"Are you in love with my English teacher, Tang Sisi! Are you together? " Xing Yinuo asked curiously.

Wen Liangyao looked down at her homework, but did not raise his head. "What do you children know?"

"I don't know what to ask!" Xing Yinuo said with a small mouth.

"You have many wrong questions. Turn to page 52 and I'll start with the top one." Wen Liangyao's voice line sounded seriously.

"Well, you haven't told me, are you in love?" Xing Yinuo asked again.

"No, just ask each other questions." Wen Liangyao answers her directly.

"I don't believe that Mr. Tang is so beautiful. Will you be moved?" Xing Yinuo asked, staring at the man in the video.

"Don't think about it. Look at it."

"I have a request that you answer me a question before I do a question."

"Say it!"

Xing Yinuo was afraid that he could not hear him. A small face egg came to the camera and asked in a low voice, "Hey, do you have someone you like?"

Wen Liangyao's eyes looked at a small face close to his eyes. His pink lips seemed to be kissing him. His breath held for a few seconds, and he instinctively looked back.

"What are you asking for?"

"I'm curious!" Xing Yinuo blinked at him with big eyes. "Do you have someone you like?"

Wen Liangyao didn't want to answer. He said to her, "sit down and start to do the questions."

"I don't want to I want you to answer me as long as you answer yes or no. " Xing Yinuo asked again.

If you don't answer me, I won't be stubborn.

Wen Liangyao stares at the young face across the screen. He bites his teeth and directly answers, "yes."

Xing Yinuo's eyes stayed for a few seconds. She sat back angrily and asked for the answer, but she was worried.

"Oh! I thought you didn't! " Xing Yinuo puffed his cheeks. "OK, let's do the problem! You tell me. "

Wen Liangyao then talked about two questions. The girl in the opposite side didn't seem to be listening at all. He had to repeat each question. He felt that the little guy was very distracted tonight.

Finally, the topic is over. It's 11:30 p.m. in China. Wen Liangyao says to her, "see you tomorrow. I'll go to bed first."

With that, he turned off the video there.

Xing Yinuo's stuffy words finally came out, "so you have someone you like!"

At home, Wen Liangyao was lying in bed, but he didn't feel sleepy for a while. There were some clear and dare not touch things in his mind. He sighed gently, closed his eyes, and prevented himself from thinking about something again.

At night.

In silence, the island became a quiet pearl, with bright lights and stars shining in the sky.

In a master bedroom facing the East, Tang Siyu has just come out of the bathroom. His long hair is still wet. He is wearing a wine red pajama. His long hair is obviously not combed. Some Lingling messy scattered behind the shoulder.

The man who has already bathed is sitting on the sofa, staring at her with deep eyes, gathering a dark color in his eyes, watching Tang Siyu sitting on the dresser, ready to dry his hair. Then he got up and walked over, reached for the comb in her hand, and gently combed her wet hair. Tang Siyu's eyes narrowed, and he was waiting for him comfortably. He said with a smile and exclamation, "a husband is really happy."

Xing lie bent down and said in her ear, "is that right? Later makes you happier. "

Tang Siyu stares at him slightly on the mirror, "can you think of something else in your mind besides this?"

"No, just you." Xing liehan said stubbornly.

Tang Siyu looked at him slightly speechless, and then thought of that idea in the afternoon. She seriously asked, "you say, do we want to think about the second child?"

"Do you want another child?" Xing liehan also stared at her from the mirror.

"I'm thinking about it."

There was a flash of worry in Xing liehan's eyes. To be honest, he wanted to ask for another one. However, he would not force her to have a baby. He had no experience and had feelings.

If she doesn't want to be reborn, he won't force it.

"You are still young. You have experienced too much in the most time. I really want to give you a good rest and think about it again."

Tang Siyu thinks he is right. She has experienced too many things in the last period. She is really not as fit as before. She often feels tired. It seems that she can practice more.

"All right! Think about it later. " Tang Siyu looks up his head comfortably. The man is holding the hair dryer and drying her long hair gently.

Blow dry long hair, like silk like spread in the shoulder, the eyes of the man instantly glowed, sniffed her long hair, lifted, gently kissed her slender white neck.

Chapter 457

Tang Siyu pushed him with a smile, but he couldn't open it. Instead, he felt light and was directly picked up by a man.

"Mmm..."

"Let's have a good study of the birth of children. After half a year, we will have experience." The man chuckled for an excuse.

Domestic.

In the early morning, Susie drove out alone and asked Annie to have dinner with her former assistant. She also brought gifts for them.

In the restaurant, looking at sushi, who is more and more beautiful and charming because of love, Annie thought to herself, sushi at this time, there is really no problem in any major production line, and she can definitely play it. Unfortunately, now, how dare she recommend any script to her?

We need to know that she holds the first-hand resources of the whole domestic and foreign film and television production. As long as she wants to receive plays, no play is a problem.

But there is only one question. Will her husband, who dotes on her like life, agree?

That won't promise!

"Sister Susie, you are more and more beautiful. Can you teach us some secrets?" Xiaomi asked admiringly.

Suzy chuckled. "Do you have one? I don't know! "

Annie turned to look at Xiaomi and said, "it's easy to be more beautiful. Find a man! Pet the kind you don't want to die, and you will naturally glow. "

Xiaomi immediately realized that this was the secret of sushi, so she really didn't have such a good life!

Where to find a handsome and rich husband who will spoil others?

Susie's eyes twinkled with sweet, and Annie's words, she loved to hear, because, indeed, that was the truth.

"Heathy! You don't know that since you married Mr. Wen, the whole entertainment circle dare not offend you. Even our studio has carried out a great success! "

Sure, Susie knew why, and she smiled. "Really?"

"Of course, who dares to provoke you! Now, it's hard for some people. Those who have had a festival with you before are now so gray that they dare not show up. " Annie knew something.

Susie also knows that in the entertainment circle, there were some people stepping on her, but now, she doesn't have to worry.

When sushi had given the gift, he received Wen lichen's phone call and had lunch together at noon. Sushi agreed.

Anne did not dare to keep her. At noon, sushi walked straight into the hall of Tianmu entertainment group.

"Hello, Mrs. Wen."

"Mrs. Wen..."

As soon as sushi came in, the employees automatically called her up and looked respectful.

Sushi nodded all the way to the elevator. She rubbed her sore neck. She couldn't help chuckling. Mrs. Wen was very comfortable.

When she arrived at the general office, Wen lichen watched her enter and asked with a smile, "the present is finished?"

"Well! It's over. " Su Xi came to him, Wen lichen put her arms around her, and she naturally sat on his legs, nestled in his arms, looking at the English script in front of him, with some heartache.

"Are you finished? How long can I go? "

"Give me another five minutes. You can have a rest." With that, Wen lichen pressed the inside line and said to the assistant, "send me a piece of fruit and tea."

Sushi took up the half cup of tea he had drunk and said with a smile, "I'll take yours."

Finish saying, when Wen lichen's deep eyes come, she enjoys drinking his cup and sits on the sofa, squinting her eyes, "it's good to drink."

"When you go back to my parents' house for dinner in the evening, you have to prepare yourself."

Susie blinked at once, and asked strangely, "why?"

"I'm afraid they'll urge us to make people."

"Ah?" Susie was really shocked.

"Don't worry, if my parents really hurry up, I will solve it." Wen lichen comforted her with a smile.

This is to let Susie a little over, "we said in the plan."

"Well, I'm not in a hurry. You can have it any time you want. I can't. surrogacy is OK." Wen said that he didn't mind.

Susie immediately shook her head. "I don't want to have a baby. I can't. why should I have a surrogacy?"

After hearing this, Wen lichen said, "well, when you want to be born, you will be born."

Sushi is holding tea. As an artist, she did have some worries, such as the shape of her body. However, she firmly decided that she must give him a baby.

At noon, wenlichen booked the restaurant, which is nearby. It's one of Sushi's favorite restaurants.

Su Xi and Wen lichen just stepped out of the elevator. In one of the elevators next to them, two girls had stepped down confidently and calmly. However, when one of them saw the figures of Su Xi and Wen lichen, she immediately turned her back, pressed the elevator and left in a hurry.

When the elevator came, the two girls hid in the elevator and breathed a sigh of relief.

These two girls are Su Xi's enemies, ye Lala and Huang Xiangyao. Their faces are gray at the moment. They look at each other and are angry with each other. Now, when they see Su Xi's figure, they have to leave. This feeling is really unpleasant. You know, before, they were in the same place, and they were better than sushi, but now! Both of them, even if they were on the same occasion with her, would be frightened.

"Damn it, can't we avoid her like this all our lives? She wants to know. She's not laughing Ye Lala shook her fist angrily.

"What else can I do? It would be nice if she didn't shut us down. "

Ye Lala is biting her lips, but she has to be equally grateful.

"We have to think of a way. We can't keep our heads up in front of her all our lives. What's the point of living?"

"That plan last time was not very good. As long as we find a chance to implement it, it will definitely change our living situation in the future."

"Yes, but we have no chance."

"Just wait, I don't believe that Susie can really stay away from the crew or advertising for the rest of her life. As long as she is out of her sight, we can always find opportunities." Huang Xiangyao said.

Two women angrily left the restaurant they had booked.

Susie sat down. When she ordered her meal, she looked at an advertisement screen across the screen and saw a perfume advertisement. She could not miss the time when she was filming in the drama group, though it was lucky, but it was a different sense of accomplishment and happiness.

Wen lichen was staring at her, and saw through the yearning in her eyes. He knew that sushi was not willing to be an ordinary woman, and she had dreams and pursuits.

Although he can give her the best life, the Canary trapped in the cage is not happy.

Chapter 458

This morning, Xingjia and his party came out of the island and lived in a nearby city. They are ready to spend the next time here. There is a quiet bend on the island, a quiet morning and night, but at the same time, there is less bustle. At this moment, when they live in the City, they have a different feeling.

Dining in a busy western restaurant, holding hands for a family trip, occasionally stopping in front of the street artists, throwing some change, or entering some elegant coffee shop, tasting afternoon tea, the little guy is also very happy, for him, the happiest time is such a time, accompanied by his favorite relatives, grandparents, parents, little Uncle and sister-in-law, everyone looks at him with their favorite eyes and cares.

Next to a coffee shop, there is a very famous gift shop. Now Xing liehan and Tang Siyu are sitting in the coffee shop with the little guy. Xing Zhengting and his wife come out with a pair of children to choose gifts.

Xing Yifan walked in front, as if he didn't want to go to the gift shop. Behind him, Xing Yinuo immediately stopped him, "second brother, don't go, go to the gift shop with me."

Xing Yifan looked back at her and said, "go in and have a look!"

Xing Yinuo immediately chopped his foot and said, "you know my English is not very good, and you are not willing to help me. Hurry up, I want you to accompany me."

Xing Zhengting can't see it anymore. He says to Xing Yifan, "Yifan, why do you have to make your sister angry? Just go and help her. "

"Dad was right. He meant it." Xing Yinuo said with his cheeks bulging.

Xing Yifan came over and nodded at her eyebrow, "this is the end of your class. You should study English well. Now you don't have to worry about it."

Xing Yinuo is speechless. She can't compare with the student bully. She holds his arm and says, "don't say so much. Hurry to go in with me."

Looking at the two brothers and sisters fighting noisily in, Xing Zhengting in a nearby flower shop, reached for a bunch of flowers, bought them for his wife, Jiang LAN took them, smelled them, and his eyes showed a happy color.

"I haven't been around like this for some years. It's hard for you to take care of the children patiently at home every day." Xing Zhengting reached out for her and had pity on her.

Jiang LAN smiled and nestled in his arms. "In this life, it's just for them, isn't it? I have nothing to do with it. As long as they are doing well, I will be satisfied. "

In the gift shop, Xing Yinuo is going to bring gifts to some of her good friends. She must come out for a visit and go back without some small gifts. It's not easy to explain.

"Eh! This is good, isn't it? " Xing Yinuo asked Xing Yifan.

"I don't know what you girls think." Xing Yifan is around his arm, leaning on one side and not expressing his opinions.

"If you can understand it, smile. You are a straight man who has no interest. What else can you think in your mind besides learning?" Xing Yinuo immediately fell down and scolded him.

Xing Yifan looked at her speechless, "what are you thinking all day? Besides not wanting to study, I think you want to play. "

"Hum! Our girl's feelings can be rich, you can't see through, but, to be honest, what girl do you like? " Xing Yinuo suddenly approached him with a wry expression, "second brother, do you have a secret love for the right image! Take advantage of this moment, choose a gift for her and send it to her. I'm sure I love you to death. "

"Not really." Xing Yifan turned to answer.

"Really not? Will you lie to me? " Xing Yinuo immediately asked him.

Xing Yifan's eyes were clear, and he didn't even have a flicker. He replied with confidence, "no!"

Xing Yinuo immediately turned his mouth and said, "you don't understand the customs, but you don't believe it."

"Oh! I didn't, so did you? " Xing Yifan immediately put the problem on her.

Xing Yinuo's pretty face suddenly turned red. He quickly stared at him and clarified, "I don't have any, don't talk nonsense."

"Really not? What do you blush for? "

"Girls are shy!" Xing Yinuo turned her back, she had already chosen the gift, pushed him and said, "go out! I don't want your help. "

Xing Yifan was pushed out by him, and he was also happy. Looking at the figure of his parents not far away, he just sat on the chair beside him and listened to the songs of the wandering artists nearby, and passed the afternoon time of leisurely head.

In the gift shop, Xing YINUO put the selected gift on the table. Then, she suddenly thought of sending another person. She said a word to the shopkeeper to wait a moment. Then, she got into the shelves of the row by row of gift display and began to choose a different gift.

This is what she is going to choose for Wen Liangyao. Xing YINUO feels that he can't do without his share. She must go abroad during this period of time. He works hard every day to give her a day's recovery and problem-solving, which is also hard for him.

However, thinking that there was someone he liked in his heart, she really had a bad taste. Xing YINUO firmly came up with an idea. She had a chance to find out who he liked. Is it Tang Sisi, her English teacher?

Xing YINUO finally picked out a very good pen and put it in the gift for checking out. After checking out, she came out and sat beside Xing Yifan. She took out her mobile phone and took a selfie.

"You girls take selfies everywhere. What else can you do besides this?"

"Don't talk nonsense, come on." As soon as Xing YINUO put his arm around his neck and stretched out his cell phone, he took a picture directly. Xing Yifan's languid expression appeared in the camera, even if it was a casual expression, it was still pretty.

"No, I can't. I haven't got my hair done. Have another one." Xing YINUO quickly brushed his hair, put his arms around him again and took another picture.

Xing Yifan looked at her speechless, "you're not finished!"

"Well, you know I'm going to send it to my friends. What if I don't look better?" With that, she thought of something and clapped at Xing Yifan, "but my friend must be eager to know your recent situation, especially those loyal fans."

"No shooting." Xing Yifan hurriedly took his hands to block his face. Xing Yinuo's gesture was very fast. She had already snapped several pictures. She giggled, "well, it's not bad. I won't choose these pictures of you, second brother! I'll put them all on. "

"Xing Yinuo, you dare!"

"Why not?" Xing Yinuo is very happy to share his photos!

In the evening, a pair of playful brothers and sisters are in the street, very loving.

Chapter 459

In the coffee shop nearby, Xing liehan is sitting beside him. Tang Siyu is drinking a cup of cool black tea. Xing liehan looks at the time. "It's time to have dinner later."

In the evening, in the hotel, Xing Zhengting and his wife live in a suite with three children, while Xing liehan and Tang Siyu sit in the next room.

The floor to ceiling window of the room directly looks at the night of the whole city. It is beautiful and elegant like a girl just bathing and falling asleep, stretching and enchanting.

Tang Siyu lost his mind for a while, and the man behind him hugged him. The fragrance from his body after bathing was clear and refreshing, which was very good.

Tang Siyu looks slightly sideways and sticks his head to him. Xing liehan kisses her hair gently and says, "I will go back in a few days."

"Well! As long as I'm with you, no matter whether it's honeymoon or not, what does it matter? Tang Siyu chuckled, "just stay with you."

This sentence made the man very intoxicated, his nose tip gently against her neck, light miso, "well, began to say love words to her husband, progress."

Tang Siyu's pretty face is slightly red. "They are married. What else can't you say? It's not the moment I just met you. "

"I wonder how you felt about me when you first met me? Is it really annoying?" Xing liehan pursues the past.

Tang Siyu chuckled, but nodded very seriously, "yes, I hate you."

Xing liehan bit her earlobe unsatisfied. "Maybe you like me then, but you haven't recognized your heart yet."

Tang Siyu is quite certain. It's really impossible.

"At that time, you were so cold, cheeky, and at the same time, you were struggling to get rid of it. I don't know where your courage came from Tang Siyu is really rude to summarize him.

Xing liehan chuckled, "I, as a person, have the most persistent side to the people or things that I like. I will not stop until I reach my goal."

Don Siyu giggled. "So, you like me at first sight?"

"Yes, I feel it." Xing liehan doesn't deny that, although there were many contradictions in his mind at that time, his mood was also very complicated.

But he remembered that as long as she had a word with the man, he would be inexplicably jealous and angry, especially if Murphy made him jealous. But now when he thinks of Murphy, he has no jealousy. Murphy is actually a good business opponent.

Because of the competition, he can't stop and maintain a strong fighting capacity. It's not necessarily a bad thing to have an opponent.

"Really?" Tang Siyu didn't believe it!

"Really, I don't cheat you. At the first sight of seeing you, it's natural that your son is lovely. You are also beautiful. I want my son, and I want you at the same time."

So straightforward words, let Tang Siyu's heart sweet, "Oh! I still remember that you gave me a card to eat my cooking all the time. "

"Yes, at that time, I was going to charge a lot of money to the card and eat the food you cooked all my life."

Tang Siyu turns around and hooks his neck with a smile. His eyes are bright and charming. "OK, now your wish has come true. I will cook for you all my life."

"Of course, you can give it to me." Xing lie added in a hoarse voice.

Tang Siyu slightly beat him, but the wonderful night, men will not let go.

In a twinkling of an eye, I strolled in the center of the city until the day of returning home. The plane was ready. Xing Yifan flew to the country where he studied alone, and they set foot on the return route.

On the plane, Xing Yinuo and the little guy are playing flying chess. They are very interesting. They make several adults nearby laugh and watch them.

Sometimes, happiness is so simple, looking at the interesting side of children, I feel extremely satisfied.

Domestic.

In the school, Wen Liangyao passed by a group of female students with books, and a female student immediately asked him excitedly, "Mr. Wen, is Xing Yinuo coming back to China?"

Wen Liangyao squints his eyes slightly. "It should be."

"Great, we all miss her! Miss Wen, she is your cousin from afar. Do you miss her too? "

"Yes." Wen Liangyao responds and leaves quickly.

"Eh! Do you hear me? Even Mr. Wen is thinking about Xing Yinuo! "

"They are distant cousins!"

"Why do I feel that Mr. Wen seems to like Yinuo very much?"

"You are mistaken! They are relatives, OK? Can your mind be more normal? If they like each other, it's out of order? "

"Yes, yes." One of the girls pointed to a young girl who was walking towards Wen Liangyao not far away. "Look, Miss Tang, she and Miss Wen deserve it! A handsome and charming, a beautiful and moving, are they going to be together? "

"I heard that Mr. Tang always brings breakfast to Mr. Wen in the morning! It's not love. What is it? A girl beside sighed, "but I also like Mr. Wen!"

"Don't think about it. How can Mr. Wen like you? Even if I like it, is it also the love between teachers and students? Don't think too much. "

Wen Liangyao sits in the office and takes a look at his mobile phone. Xing Yinuo returns home and doesn't send him any information. Because he spent a weekend, he didn't teach her to study. Unconsciously, it seems that he hasn't contacted her for three days.

Is she coming back?

"Liang Yao, what are you thinking! No, I just brought you a bottle of iced tea, your favorite taste. " Don silk handed him a bottle.

"Thank you." Wen Liangyao takes over.

"Be kind to me." Tang Sisi's face was a little hot. Looking at him accepting his own things, she felt sweet.

A few teachers at one side all looked at them with a kind of blessing eyes, one of them said boldly, "teacher Wen, teacher Tang, when do you put the wedding wine?"! We definitely have a big gift. "

"Yes! We are waiting for you to do good! "

Tang Sisi immediately gave them a look of shame, "what do you say?" However, her eyes are looking forward to Wen Liangyao, hoping that he will make a sound, and it's better to admit that she likes it.

Wen Liangyao looked up and smiled. "You all misunderstood me. Mr. Tang and I are just colleagues."

Tang Sisi's face was slightly lost. He explained, but she left all the relations behind. She chased him for half a year, obviously, but Wen Liangyao didn't respond. She couldn't really see what he was thinking.

However, she still won't give up. Wen Liangyao's family background has been concealed all the time. However, she has a premonition that Wen Liangyao has a very good family background. In addition, other people are also very good. It's a blessing to marry him.

Chapter 460

When Xing liehan's plane arrived, it was the assistant team of Xing's group who picked up the plane. Tang Siyu didn't inform Su Xi, so she didn't have to go to pick up the person.

With the long flight and the tiredness of jet lag, the little guy fell asleep in Xing liehan's arms as soon as he got on the bus. Tang Siyu sat beside him, too tired to close his eyes. He could only rely on a man's arms for a whole year.

It's not easy for Xing liehan to hold the small one while holding the big one. However, it shows a sense of satisfaction that never existed before.

Back to Xing's house, Jiang LAN took the little guy to sleep. Tang Siyu and Xing liehan were sent back to their villa. When they got off, Tang Siyu still didn't sleep enough, and his eyes were still sleepy. As soon as Xing liehan entered the hall, he took her upstairs because he wanted to sleep for a while, and naturally he wanted to hold her.

Tang Siyu is also very cooperative with him to go to sleep, but clearly is sleeping, how does this man always move?

For the nth time, she took his claws off her body and warned seriously, "OK, go to sleep! Isn't it sleepy? "

"I think I have strength..." The voice of the man biting her earlobe, with the power of enchantment.

Tang Siyu turns around and looks at him. Mingming's eyes are a little red. She is still here to try her best. She patted him like a baby. "Be good, sleep!"

Xing liehan chuckles, then covers his body. "Be good, and go to sleep after that."

Next, he would not give her any room to refuse, and directly exercise her husband's rights.

Tang Siyu, who could have got up at noon, was directly tired until 4 p.m. when she opened her eyes, the man around her was no longer there. As soon as she sat up, she saw a note on the bedside table. She picked it up and said forcefully, "I'll go to the company once and come back in the evening."

Tang Siyu loves him a little. He will go to work as soon as he comes back. He must have put a lot of work on his honeymoon!

In the evening, Tang Siyu accompanies his son to have dinner in xingzhai. Xing Lihan doesn't come back. He has dinner in the company and has a meeting until later. Tang Siyu has to wait for him at xingzhai.

After dinner, Xing Yinuo went back to his room, lying on the bed and looking at his mobile phone. At this moment, the group was talking about some star topics. Suddenly, a female classmate immediately said, "have you heard? Mr. Wen and Mr. Tang may be together! "

"I not only heard about it, but also saw it. I saw it outside the window. Mr. Tang and Mr. Wen are always flirting with each other."

"My God! My teacher Wen, what should I do? I'm going to lose my love. " There was a girl with a few exaggerated expressions of crying.

Xing Yinuo looks at the news that comes up in the twinkling of an eye in love. A small face is stunned. Is her guess right?

Is wenliangyao really in love with teacher Tang?

"One is the most handsome male teacher in our school, the other is the most beautiful female teacher in our school. What's so strange about them when they are together?"

"I wonder when they will get married."

Xing Yinuo has been stuffy. At this time, she typed in, "don't talk nonsense if you have no evidence."

"Oh! A promise bubble, that is you are not in school recently, Mr. Wen and Mr. Tang but progress quickly! "

"This morning, I saw Mr. Tang coming to school in Mr. Wen's car. Maybe he has already lived together!"

"We don't understand their adult world. I'm still a baby."

Xing Yinuo's face was a little hard to look at, and she replied, "it's impossible."

"What are you doing so angry, Enoch?"

"I don't have one." Xing Yinuo finished, some of the group chat to close.

She ran to take a bath and sat on the bed in a pajama. Just as she was going to take a mobile phone to look at the chat record, the iPad next to her sent a video call reminder. She saw the caller at a glance, and her heart beat a little faster.

It's from Wen Liangyao. She didn't see him for two days because she had a weekend.

She reached for the switch, and the voice of turning over the book came from the end of the video. A beautiful white face appeared under the unexpected lamp. It seemed that Wen Liangyao had not seen the switch, and he was writing something in his preparation for class.

In this regard, Xing Yinuo really admire this man. Obviously, he is not a person from an educational institution, but he can easily deal with his own courses. To be a teacher, he really has to do it, and he also has excellent teaching.

When Wen Liangyao finished signing, he looked up at the video camera and saw the girl staring at him. He was stunned for a few seconds, and then chuckled, "what? Come back without telling me in advance? "

"I forgot, because the back has been playing outside, playing every day tired, back to the hotel to sleep." Xing Yinuo said with a small mouth, and a little stuffy, "anyway, I can't disturb you to fall in love on weekends!"

Wen Liangyao frowned and looked at him with some good spirit. "What are you talking about?"

"Isn't it? The whole school knows the news that you are with Mr. Tang. " Xing Yinuo's cheeks were puffed up, and his face had already seen through all the expressions. Wen Liangyao stared at her for a few seconds, narrowed his eyes and smiled, "nothing." Then he leaned back and took up his cup to drink.

"I don't believe it. Someone said that I saw Mr. Tang go to school in your car in the morning. You You won't be cohabiting! " Xing Yinuo asked him personally what he saw in the group.

The opposite Wen Liangyao directly choked a saliva, handsome face some uncomfortable, hurriedly took a piece of paper to cover his lips, eyes but stare over, voice line sank a few minutes, "who said?"

Xing Yinuo has determined that what she knows is true. She stares back at him with a pair of forced eyes. "I heard that, is it true?"

Wen Liangyao's choking action slowed down, and he answered her definitely, "no! In the morning, Mr. Tang's car didn't ring. I got in touch with him. I happened to be on the road near her home, so I took her to school by the way. We have nothing to do but the feeling of colleagues. "

Wen Liangyao didn't know why. He had to explain so much to a girl who was still so young.

Xing Yinuo squints a pair of big eyes, and the black eyes turn left and right. In order to prove it, Xiaomian immediately takes over the whole screen, "really?"

Even though the whole face is in the screen, every facial feature is exquisite without dead angle, the white and tender skin is like snow, without any defect, and the eyes are full of innocent and lovely meaning.

Wen Liangyao's eyes narrowed, and his body leaned back, as if to avoid her small face.
