

U. CEO Daddy 471

Chapter 471

Sushi comes out with a fruit plate. She is busy for a while. The fruit plate is very beautiful. Mrs. Wen looks at it and praises it secretly. Unexpectedly, Sushi's hand is very skillful.

"Sister sushi, how are you!" Xing Yinuo has something to eat, and his mouth is sweeter.

Sushi liked her too, and said to her, "it's amateur."

Wen lichen came to her side and said with a gentle smile, "I'm lucky to have suffered."

"Unfortunately."

Xing Yinuo can't help but secretly wow, brother Wen and sister Suxi are so kind!

There are two kinds of car sounds in the yard, one is the sound of calm and introverted cars, the other is the sound of powerful sports cars.

It's Xing's family. Xing Zhengting and his wife come down with the little guy. In the sports car behind them, Xing liehan and Tang Siyu also get off the car.

In the whole hall of Wen's family, it became lively immediately. The little guy and Xing Yinuo sat in front of the snacks and began to pick out the favorite food. Tang Siyu and Su Xi hugged each other happily, and the two men also stood beside and chatted.

"It's still early. Let's go to the garden to chat." The two women went in groups towards the garden.

Girls together, the topic is more, and now the most entangled two of them, naturally is the topic of children.

Especially Suxi, don Siyu is pregnant and experienced. She can only learn from her and learn more about giving birth.

"At that time, I heard your cry outside the delivery room, which scared me out of planning to have a baby for my whole life." Su Xiyu was shocked and didn't let go.

At that time, Tang Siyu gave birth to a child, accompanied by Suxi all the way. So, although she did not experience it once, she also encountered it once.

Tang Siyu took her arm and said with a smile, "don't worry! As long as you have a baby, then you will be full of courage, and fortunately, as long as the baby is born safely, you will feel very worthy."
"

"I'm going to plan next year. I've arranged for half a year to make a movie this year. When I finish this work, I'll concentrate on planning to have children." Su Xi said that this is something Wen lichen agreed with very much.

Tang Siyu knows Sushi's career is strong, and she should say, "as long as you decide, let it be."

Xing Yinuo is eating a wave of snacks on the sofa. At this time, she hears footsteps coming downstairs on the second floor. She looks up and sees Wen Liangyao taking a bath. Her hair is still wet. She comes down with a white T-shirt and jeans.

His fair skin and handsome face are two years younger than his life.

If he enters the university like this, it must be the treatment at the level of school grass.

Xing Yinuo blinked, but he was stunned at the moment. Wen Liangyao felt her eyes coming, and he pretended not to see them.

Xing Yinuo immediately turned his mouth. Is he still angry with her? Didn't she just say a few words to Gu Jing?

Xing liehan and Wen lichen are sitting on a sofa in the side hall. They are elegant and mature men with different temperament, but they are charming and charming.

Two people are talking about business, football, children, Xing liehan naturally think they should have a child.

"One more year! Heathy still has a movie to make. We are not in a hurry to have children. " Wen lichen said with a smile.

"Siyu and I are also thinking about the second child. It may be years later."

"Good! When it comes to being a father, it's better than who. " Wen lichen said, thinking of the two people with a small scene in their arms, he felt really interesting.

"I don't have much experience in raising children, so if I have to have another child, I have to study hard." In Xing liehan's heart, he also wants to make up for a pity. He missed his son's childhood. If he had another child, he would not miss any growing moment of the child.

At seven o'clock, dinner began. The dinner table had not been so busy for a long time. The little guy was still the favorite pair of people. He handed the spoon, peeled the shrimp and fed the soup. Jiang LAN took good care of the little guy.

Mrs. Wen's eyes could not help showing a little envy, but there was no more obvious manifestation. That is to say, her sons were making plans and she waited patiently.

Xing Yinuo happens to be next to Wen Liangyao. Because the table is full of husband and wife, they are in pairs. Naturally, they are sitting next to each other. Therefore, the rest two are unmarried and single, so they are crowded together.

"Come on, let's raise our glasses and wish Liangyao a happy birthday." Xing Zhengting took the lead in raising his glass. The man on the table raised his glass with wine, and the man who didn't drink raised his tea cup. The little guy held his milk cup and said with the adults, "happy birthday."

Wen Liangyao smiled and raised his glass. "Thank you."

At this time, there was a naughty raising of a cup. It was Xing Yinuo who touched the edge of his cup. She smiled at him and said, "happy birthday, Mr. Wen."

Xing Zhengting immediately corrected her, "Yinuo, that is, all at home, call brother! Don't look like you're born. ""Well, brother Liang Yao." Xing Yinuo immediately changed his tune.

Wen Liangyao had intended not to pay much attention to her in the evening, but this lovely brother softened his heart. He reached up and stroked her head. "If you listen to the class and study carefully, I will be more happy."

"I will try my best," said Xing Yinuo

"With the help of Liang Yao, she has made great progress." Jiang LAN is very pleased to say.

Mrs. Wen looked at her little son and Xing Yinuo with a smile. In the afternoon, the idea came back to her. She thought to herself, I don't know if the two families will have such a good fortune. Later, they will form a family.

After dinner, the adults had a rest, and then they were going to have cake. Xing Yinuo took the opportunity to get to Wen Liangyao's side and asked in a low voice, "why did you cheat me in the afternoon! It's clearly strawberry and mango. "

"Who told you not to obey?"

"How can I be disobedient?"

"Didn't I say no to Kuching? Still talking so warmly? Do you want it to reach your parents? "

Xing Yinuo immediately shrinks his neck in fear. If it's to be passed on to his parents, he will lose face.

"Well, I promise I won't talk to him later." Xing Yinuo had to promise him.

Wen Liangyao's eyes are staring at her seriously, "that's what we say. "

" of course. "With that, Xing Yinuo saw Mrs. Wen go to open the cake. She hurriedly ran to watch.

At this time, Wen Liangyao's mobile phone sent a happy birthday sentence, the screen lit up, and on the screen, it was Xing Yinuo's brilliant smile.

And the happy birthday is from Tang Sisi. Wen Liangyao looks at the picture and is stunned for a while. He doesn't care about the happy birthday sentence at all.

Chapter 472

The double layer cake filled with fresh strawberries is very beautiful. At the top of the cake, there is a love made of strawberries, which looks very dreamy. Besides, there are a pair of angel people on it, and a pink 24 candle wax is inserted beside it. At the beginning of the cake, we saw that the shape of the cake was warm and cool, and the handsome face was stiff, but it was a little red.

He just told his mother to order strawberry cake for him. She must not have told the shop owner that it was for her son! This is the cake of a pink girl.

Others did not think much about the cake. Xing Yinuo and Xing Yixi both stared at the strawberry cream on the cake and swallowed.

Only Wen Liangyao's heart felt that something was wrong, and he was still uncomfortable. He took his mother aside and complained, "Mom, how can you order this kind of cake for me? Can't you order something more mature? "

Mrs. Wen looked at him speechless. "Didn't you call me and say that you must order strawberry flavor? Isn't that strawberry? "

"Did you tell the clerk that it was your son's birthday?" Wen Liangyao asked again gloomily.

Looking at the cake, Mrs. Wen finally understood where her second son was complaining. She chuckled, "but she forgot to say it."

Wen Liangyao looks at his mother in tears, but fortunately, no one looks at him in a strange way. "Go and cut the cake! Everyone is waiting! " Mrs. Wen clapped her second son on the shoulder to let him pass.

Wen lichen found a lighter and lit the 24-year-old candle on it. The two new couples would not join in the activity. Sitting on the sofa, they smiled at the warm scene in front of the cake. Mrs. Wen stood in front of the cake.

Master Wen asked the servant to turn off all the lights in the hall, and the candle light on the cake suddenly became very bright.

"Well, let's start singing birthday songs." Xing Yinuo claps the palm and actively mobilizes the people around her. She sings first, "Happy Birthday to you..."

"Happy Birthday to you, happy birthday to you..."

Wen Liangyao's eyes are not on the birthday cake. Xing Yinuo is standing opposite him. She claps her hands and shakes her head with a small face, which is very cute.

"Brother Liang Yao, you are going to make a wish!" Xing Yinuo reminds Wen Liangyao.

Wen Liangyao also respects the Birthday Ceremony very much. He puts his hands together and thick eyelashes on the beautiful lower eyelids of the arc. He makes a wish tacitly.

after making the wish, Wen Liangyao invites the little guy and Xing Yinuo to blow the candle together.

The two little guys are very happy to cooperate. They blow out the candle directly, and the light is on. Next, it's time to eat the cake.

Wen Liangyao personally cut the cake and divided it. He asked two little guys to distribute the cake as little angels to the elders around him. The little guy gave it to his grandparents, and Xing Yinuo also gave it to Mr. Wen and Mrs. Wen.

"Daddy, Mommy, eat the cake." The little guy gave it to his parents again. Tang Siyu and Xing liehan took the cake and said a thank you to the little guy. The little guy had coke.

After the cake is divided, there are still many cakes left. Xing Yinuo and the little guy have a very large cake, and there are also many strawberries on it!

Xing Yinuo sits on the sofa beside with the cake. It's delicious and creamy. Her heart is sweet. She secretly takes a look at Wen Liangyao. He only needs a small piece of cake, but there is no strawberry on it.

Xing Yinuo has some sympathy for him, because he has given her all the strawberries. She can't help but select a very fresh strawberry from her cake and come to him. She puts the strawberries on his plate and "gives you a strawberry."

"Eat yourself!" Wen Liangyao is not going to take up her strawberries.

"It's OK, I have a lot more!" Xing Yinuo smiled and sat beside him.

Susie and don Siyu, as women, really have no resistance to the cake, plus the cream is very delicious this time, they all have a good time.

Wen lichen and Xing liehan are also eating in a coping style, because as men, they don't like sweet food.

After eating the cake, everyone began to chat. Xing Yinuo didn't like to participate in the chat with her elders. She took the cake and sat under a street lamp outside the door with the little guy to eat. There is a carved chair, which is very suitable for the night breeze.

"Auntie, I'm going to drink water. Would you like to come in with me?" The little guy is a little thirsty.

"I'll go in after I've finished. Go ahead!" Xing Yinuo still has a lot in her hand. Moreover, she plans to eat slowly. When she had dinner just now, she specially kept her stomach for cake!

The little guy is really thirsty, so he wants to go to mommy for water.

As soon as the little guy left, Wen Liangyao's figure stepped out of the door. He looked at the girl who was holding the cake plate seriously and eating the cake under the street lamp. His mouth couldn't help but arouse a smile.

Xing Yinuo looks up at him, and she immediately gives up a seat for him to sit down. Wen Liangyao's eyes look at the corner of her mouth stained with cream, like a child who knows nothing about the world. He couldn't help pointing to the corner of her mouth. Xing Yinuo blinked, "what?"

Wen Liangyao didn't remind her twice, but he reached over and wiped her gently at the corner of her mouth.

Xing Yi Nuo immediately understood, hurriedly from already flustered again wiped with the hand, "still have cream?"

"No more." Wen Liangyao shakes his head, the cream is still on his finger, his back turns around, and in the direction that Xing Yinuo didn't see, he puts the cream into his mouth and sucks it.

Xing Yinuo looked at him carrying himself on his back and asked curiously, "Why are you carrying me on your back?"

Wen Liangyao turns around calmly, "nothing, you can eat it quickly!"

"Wait, I have two strawberries here, and I'll share one with you." Then she took her fork to Cao Mei's lips and said, "no, eat!"

Wen Liangyao hesitated for two seconds and ate. After eating, he got up and left.

After that, Xing Yinuo took another one and put it into his mouth. Just after eating it, her pretty face was flushed.

She and Wen Liangyao have eaten this fork just now. Is this the legendary indirect kiss?

My God! Xing Yinuo has a rhythm to faint, can't he!

At half past eight, the Wens are going to say goodbye, and wenlichen is going to take Susie back to the villa.

There is also a gift in Xing Yinuo's bag. She bought him a birthday gift specially, a delicate book. Although it's not expensive, Wen Liangyao is a teacher now. She needs a book to record some things, so she bought it.

After receiving the gift, Wen Liangyao didn't expect that she had to buy it. He was very satisfied with it.

Chapter 473

Tang Siyu and Xing liehan return to the villa in a car. The little guy is going to school tomorrow. Jiang LAN takes him with him. The little guy is also very obedient. He doesn't have to cry with Tang Siyu.

The little guy has shown a very independent side since he was a child, which was cultivated by Tang Siyu since he was a child.

At this moment, the night is charming, and the distant night scene seems to be paved with a layer of gold, which is fascinating to watch.

Xing liehan returns to the study to deal with the unfinished work. Tang Siyu takes a bath and comes out. She goes downstairs to make a cup of tea for her man and brings it to the study.

Xing liehan is writing an email. Tang Siyu doesn't want to disturb him. He just puts down his tea and plans to leave.

How to know that the man clasps her hand, pulls her, Tang Siyu turns a and a half circles, lies in the man's bosom, she raises her head, smiles, "does not work?"

Xing liehan didn't think about it. "How important is work to you?"

Tang Siyu pushed him with a smile! I'll wait for you upstairs. "

"What are you waiting for me?" Man's voice line immediately mute a few minutes, voice line contains a blushing heart beating ambiguity.

"Sleep!" Tang Siyu answered him seriously.

Xing liehan gently raised her red lips. "OK, wait for your husband. He will come up and wait for you to sleep."

Tang Siyu pushed him with a smile. "Don't be mean."

Xing liehan is still in love with her waist for a few seconds, waiting for her husband to hurt you

Tang Siyu's heart pounded twice. She got up and went out. She didn't feel sleepy either. She chose a book to spend her time waiting for a man.

At 10:30, Xing liehan pushed the door in, and with a trace of aggression in his eyes, he directly rushed to the woman in the bed who was wearing the wine red pajamas, waiting for him like a wild beast.

At wenlichen's house, Susie has the task of casting, so she is very busy in her recent work. At night, she likes to recite lines when she likes to brew emotions. Just after taking a bath today, she began to think about reciting lines for a while.

She sat on the balcony, holding a script that she didn't know how to use. She read it in silence and with great emotion.

As soon as she was around, Wen lichen came in wearing a sexy and charming SILK PAJAMA. If he had a long hair, he would be the most beautiful prince in ancient times.

Sushi looked back at him, but he took his hand and said, "Li Chen, would you like to accompany me to the lines?"

Wen lichen saw his wife working so hard. How could he not cooperate! He sat down on her side and put his arms around her. "Which part is he going to carry?"

Sushi quickly opened a paragraph and handed it to him, "if you read the hero's words, I'll recite the heroine's lines."

Wen lichen reached out and took it. Under the light, he said in a low magnetic voice, "from now on, you are my woman. No one can have you except me."

Susie immediately chagrined. "I've got it wrong. The first one."

Wen likes this paragraph very much. When he smiles, he will come here

Susie nodded. "All right!" She thought about it, and looked at the man opposite, as if she was in the ancient mansion for a moment, and the man opposite, her husband in the play, she went down the line, "well, I will never fall in love with anyone except you, but if you win or lose, I will wait for you to come back and wait for you all the time."

Wenlichen's eyes were fixed on her deeply. "For you, even if I am half in hell, I will definitely climb back to see you."

Su Xi knew that there was this line, the heroine in the play was just crying, and at this moment, she suddenly reached out her hand and covered the mouth of the man beside her, "don't say it!"

Wen lichen's eyes flashed a smile. Is she serious? Susie put the line aside. "No, I don't want to hear you say that."

Wen seized her hand and kissed it gently on the back of her hand. "Don't worry, it's just the script. If you don't like this passage, I'll change it."

"No, I won't allow you to say that." With that, Susie was not going to be right. She snuggled into his arms. Just now her heart was really shocked.

Wen lichen did not expect to frighten her. He lowered his head and kissed her on the forehead with the intention of appeasement.

With his lips falling on the tip of her nose, he finally looks for her red lips, kisses them, and then comes the drama between husband and wife.

At noon the next day, Tang Siyu was practicing at home. She received a call from ye you, who had not been contacted for a long time. It turned out that she had a new song. She hoped that Tang Siyu would finish the piano part. Tang Siyu was very happy to take this job, which was the job she most wanted before.

When Tang Siyu received the score, she began to practice.

Sushi's work began to be busy. She met the director and determined the actors of the play together. Wen didn't interfere with her. It's said that sushi is calling actors here, and Annie won't miss the chance. She recommended Xu Yang, her new female artist, to Su Xi, who did not refuse. She arranged a very important role for Xu Yang in the play, which was also considered to take care of the new person.

The next casting is also a great victory. It's their honor to participate in the film. As for the hero, it has not been decided.

Susie asked the director to choose a man. She didn't interfere.

And the publicity of the movie is about to start. Once it was announced by the government, it immediately attracted the attention of the fans of the big wave and almost directly occupied the hot search headlines on the Internet. Sushi's identity is different, but her fans are only many.

And she can have new works, which is a kind of welfare for the fans who have been looking forward to!

Sushi's script production is also a very large team. Behind the scenes, a very strong team is also invited to make it, which is worth looking forward to.

She has such resources, which also makes the whole entertainment industry envy a wave of artists. You know, now sushi has so many resources that she is soft.

This also makes those artists who have ever had a grudge with her feel a crisis. If the resources are in Suzy's hands, then she only needs a few words to make them lose any chance.

And the people in the circle are very snobbish. All the artists who start with their interests and know that they have been married to sushi before have lost a lot of opportunities, because they once spread rumors of discord with sushi.

And directly affected by this incident, two of the female stars are very empathetic. For several months in a row, there have been no advertisements or movies. Even if they stoop to find some small productions, they are also considering whether to use them.

This makes them feel a serious sense of crisis.

Chapter 474

Sitting in an apartment, Huang Xiangyao and Ye Lala have not worked for a month, and their behind-the-scenes team has started to promote new people, almost forgetting the two of them.

"How boring! When will there be an announcement! I'm almost moldy now." Huang Xiangyao has no seat in her sofa and complains.

"You didn't! I have nothing to do for almost a month? What's funny is that there was a modeling company yesterday asking me if I would like to make a model car. If a guy like me goes to make a model car, it won't make people laugh

"I've been bullied by dogs! What a view we used to have, as long as we accompanied the investors, we could get the heroine's play. Now, I would like to accompany them again, and they won't find me." Huang Xiangyao said, boring nail way, "I just bought the house last time, almost can't afford."

"I also lost a lot of money by investing in stocks!"

At the moment, two people seem to be more miserable than others. However, this is only their way of self-mockery.

"I think we'll have to finish if we go on like this. Maybe when Susie remembers to step on us one day, we'll be snowed."

"What do you think we should do?"

"Simple, isn't she going to make a new play? I went to see the original play once. She has a play of diaowei in the new play. If she moves or does something, Susie will be finished."

Huang Xiangyao immediately joined in, "yes, we have to take good advantage of this opportunity. It's better to ruin her marriage and ruin her future, so that she can never rise again."

Now, even if the two of them had torn Sushi's mind, they hated her at first, and now let them fall into this field. Thinking that sushi would step on them again in the future, they already had a big hatred.

"Well, that's it. Let's make a good understanding of the class, see if we can find any acquaintances, and then take the opportunity to do something about it. Anyway, Susie has to finish it."

As soon as the two women hit it off, they began to follow the network they had and inquire about the people who had entered the theatre group. They also mixed a lot of troupes in this circle, so they knew as soon as they inquired.

Tang Siyu has rarely had a private dinner, but tonight, she has a dinner, that is, ye you's invitation. Now ye you really dare not invite Tang Siyu, because her identity is too high.

She appreciates her piano level, so she also tries to contact her accompaniment. Unexpectedly, Tang Siyu's quick response makes her very happy.

So I plan to take her team to dinner with Tang Siyu tonight.

Xing liehan didn't stop Tang Siyu from taking over the work. He didn't stop him from eating the meal. However, he booked the dinner in Tang Siyu's restaurant.

He just didn't tell her. After sending her to the door of the restaurant, he went around the neighborhood and went back to the restaurant. It was in the box next to Tang Siyu and he took it.

The team of Tang Siyu and ye you know each other and have a lot of conversation when they sit down. These young men and women are more concerned about her life. Tang Siyu's side is like surrounded by a lot of little fans, asking about her and Xing liehan's daily life.

For example, if they can cook at home, they will be so rich that they will have fun listening to some daily activities.

"Sister Siyu, I saw the photos of your wedding. It's so beautiful. Your son is also handsome! It's very similar to your husband. "

"It turns out that sister Siyu and Mr. Xing knew each other so early. It can be said that they have been in love for five years!"

Tang Siyu, but he didn't laugh, so they thought! Their son will be more than five years old before they get married, which is also a long-distance love.

"Well, don't pry, you young people. It's better to ask Siyu sister more about how to attract her husband and learn more experience so that you can find a good man in the future." To be honest, ye you is also curious.

Tang Siyu chuckled, "I have no experience! It's just a natural development. "

Everyone watched Tang Siyu sitting in a warm yellow light, with long hair spread behind his head. The beauty of his facial features showed the gentleness of women. Every frown and smile was full of amorous feelings.

This kind of temperament, not everyone has ah! It seems that if you want to marry well like her, you have to practice your temperament first.

As Tang Siyu was eating, she heard the message. She opened it. It was the message from Xing liehan, "have you finished?"

"More than ten minutes! Have you finished? "

"Well! I'm about to finish my meal and send me a message. "

Tang Siyu has a smiling face. At the moment, sitting in the crowd, her heart is filled with a touch of sweetness.

At the end of the day, it was almost nine o'clock. Ye you came to her and said, "did you drive?"

"My husband will pick me up."

"Oh! I'll wait with you. "

"He's at the door." Tang Siyu smiled and walked out of the door with them, only to see a ten million level sports car parked quietly under the street light beside the restaurant, with the lights on, like a leopard running at any time. "Goodbye." Tang Siyu waved to everyone and walked to the sports car. Behind her, a group of young men and women could not help admiring her.

When Tang Siyu got into the car, he saw Xing liehan's lazy figure sitting there. His slender body gave off a silent charm. Tang Siyu's heart was palpitating.

"Have a good time?" Xing liehan reached over and stroked her long hair.

"Well, I'm very happy." Tang Siyu chuckled and felt a touch of love in his tone, as if he had become a child, and was controlled by him.

There is a saying that if you marry a good man, you will be spoiled as a daughter. That's probably the feeling!

In a private rehabilitation hospital, Murphy sits quietly on the sofa. Shu Chun has been taking care of her for several days. She has become meticulous since she was raw at the beginning.

He paid her half a year's salary, also introduced a hospital, let her Dean finish an important operation, Shu Chun's heart is very grateful, for her, mufei is her life-saving benefactor.

Dean in her heart, equal to the existence of mother, mufei this is to help her family.

Shu Chun counted mufei's medicine, put it aside and came to him with lukewarm boiled water. "Mr. mufei, it's time for you to take your medicine."

In the past, Murphy really resisted taking medicine, because although the medicine was used to treat his injury, as a man, he was very upset to rely on the medicine for support every day.

Chapter 475

But after Shu Chunlai, every time she took the medicine, Murphy didn't resist so much.

Murphy takes the medicine on the paper, pours it into his mouth, swallows it with warm boiled water, and Shuchun's eyes painfully watch him finish the medicine, which is a painful frown.

"Would you like some fruit? I'll cut it for you. " Asked Shu Chun.

"No, I want to read some books." Murphy shook his head.

"Or yesterday's? I'll get it for you now. " Shu Chun took almost every command at once, and his preferences were firmly in his mind.

Murphy nodded, Shuchun got up and went to the next row of bookshelves. He accurately drew out a book about finance and handed it to him.

Mufei opens the book, Shu Chun picks up the water cup on the table and goes into the nearby tea room. After washing, she comes out and looks at mufei reading quietly. She walks towards the door.

Cold not Ding behind a low voice called her, "wait a moment."

"Mr. mu, do you have anything else to do?" Shu Chun immediately turned back and waited for his order.

Murphy did not look at her, but left it in the book and asked, "can you stay with me for a while?"

Shu Chun is slightly shocked, she smiles and nods, "of course!"

Shuchun asked shyly, "may I borrow one of your books?"

"Take it at will." Mufei looks up at her.

Shu Chun went to the bookshelf and found a book she was interested in. She sat down a little far away from him for fear of disturbing him.

Murphy's heart was suddenly depressed, and he said, "sit down."

Shu Chun's pretty face is slightly shy. She gets up and sits on the seat only one person wide from him. Murphy glances at the book she read, which is a Western love novel.

Shuchun just came in here. She got up at six in the morning. For several days in a row, she took care of mufei for more than 12 hours. So she was very sleepy when she got relaxed.

Just ten minutes later, as she was reading the novel, she felt that her eyelids were fighting. She tried to keep sleepy and continued to read.

However, sometimes, when sleepy to the extreme, it is not clear whether it is reality or dream.

Shu Chun leans on the sofa, the book on her hand slips to her knee, and her head swings against the sofa, leaning towards mufei's shoulder without noticing.

When mufei noticed, his arm stretched out and Shu Chun's head nestled on his shoulder.

Since Tang Siyu left five years ago, mufei and Tang Yiyi have maintained a respectful love relationship. Up to now, there have been no other women around him.

He forgot how long his shoulders had not been snuggled up by other women, which was a strange feeling.

But it still made him want to protect. He moved his body slightly and approached Shu Chun. Shu Chun was more comfortable. She slept like a child. She was not gentle and clean like Tang Siyu. She was younger. She still had a clear and unsophisticated body. Her facial features were not as delicate as Tang Siyu, but she was patient and comfortable. There is a kind of small jasper.

Murphy gazed at the face close to his eyes on his shoulder, and his heart suddenly throbbed. A long lost heart ran over his chest, burning his already silent heartbeat.

Murphy was not surprised by this feeling. In fact, as early as he saved the girl, he was attracted by her. She had a positive energy and a warm power, which made him feel disgusted and moved.

Originally, let him know, originally in this world, even if his legs can't stand up, he still has a kind of strength to help others, let him understand another value of himself.

When people are in despair, even if it is just a small act of others, they can redeem him. He is redeemed by this girl, when she doesn't know anything.

At this time, a nurse knocked on the door, Murphy's eyes swept, the nurse immediately dare not speak.

Murphy beckoned her out.

The nurse closed the door quietly and did not disturb.

Murphy slept by Shu Chun, and he continued to read, only the sound of even breath came from his ear, which always distracted his mind, and looked at the girl who depended on him from time to time.

Shu Chun slept for half an hour. Due to her uncomfortable sleeping posture, she suddenly woke up from her dream. She had just opened her eyes, and what she saw was a man's strong chin. She was so scared that she quickly sat up and realized that she was sleeping on mufei's shoulder.

"I'm sorry, Mr. mu..." She was as flustered as a frightened bird, with her eyes drooping and her face full of fear and helplessness that offended him.

Murphy closed the book and gave her a gentle smile! Go back to rest! "

"I'm sorry, I'm afraid no more." Shuchun guarantee.

Murphy's heart was stunned. She assured him that he was not very happy. He sighed, "I didn't blame you." Shuchun looks up at him. Under the light, mufei's body is thin. He looks up and locks her in his deep eyes. "You don't have to treat me as your guest in the future, just treat me as your friend."

Shuchun shakes her head. Where is she qualified to be his friend? She overheard his family background at the nurse station yesterday. It turned out that he was the boss of a big company, and she suddenly felt different from him.

"Forget it, you go back to rest!" Murphy's tone was a little cold.

Shu Chun nodded and hurriedly said good night and left.

Murphy sighed. He looked down at his legs. Suddenly he thought laughably, which girl would like to like him now? I'm afraid it's hard to find him if he just likes him instead of drawing his money. He dreamed just now that he could pursue Shu Chun and get her love. Now it seems that if he really wants to express his love for her, it will only ruin the girl's life.

To bind her to a man who can't stand up is like breaking her happy life. With her condition, she can marry a man with sound legs.

Shu Chun ran back to her room, she just covered her chest, felt the beating heart in her chest, and the hot heat on her face. She held the face just next to mufei's shoulder, and her mouth curved a smile.

Secretly surprised, she actually relied on him to sleep, and he did not blame her?

Shu Chun sits on the bed, takes the notebook beside her, and tries to look at the record of what mufei has to do every day. Even if she recites it very well, she's afraid of getting it wrong. Therefore, she has to memorize it several times before going to bed every night.

But tonight she still lost her mind. She gently patted her left cheek, a kind of shyness rippling in the bottom of her heart. Unexpectedly, his shoulder was so warm and broad.

Chapter 476

Tang Siyu received a phone call from the prison. Chong Qiulin wanted to meet her and ask if she would like to visit her.

The phone call came in the morning, and Tang Siyu refused without thinking. She would not see Qiu Lin. even though Qiu Lin is now in the worst situation, she would not sympathize with her at all.

In the afternoon, Tang Siyu looks at the phone. She hesitates for a moment and picks it up. "Hello."

"Siyu, it's me, Qiu Lin." At that end, Qiu Lin even won the right to call her on her own initiative.

Tang Siyu frowned. To be honest, she was very uncomfortable to hear her call.

"You'd better call me Miss Tang! As I said, I will not visit you. " Tang Siyu's tone is very cold.

Qiu Lin said with a wry smile, "I know you won't come, so I begged the warden to call me."

"Then there's nothing to say between us. I'm going to hang up."

"Hold on, please, Siyu, will you listen to me? I'm sorry for your father. I'm sorry for you. I'm sorry. I'm a sinner now. "

"No matter how sorry you are, my father will not come back, and your daughter is no longer alive!" Tang Siyu's voice was slightly excited.

Qiu Lin sobbed, "yes, you're right. It's retribution. I hurt your father, so retribution is on my daughter. Now I'm not as good as dead."

"If you want to win my sympathy, I can tell you very clearly that I will not forgive you. I will never forgive you in my life."

"I didn't ask for your forgiveness. I want to ask you for help. I hope that one day, after I die, can you buy me a piece of land near my daughter's grave? Shall I accompany her? " Qiu Lin's voice, from Tang Siyu's recognition of her to now, has never been a low voice, with a full color of begging.

Tang Siyu was silent for a while, and Qiu Lin at that end choked. "I hurt her. She must be lonely and scared under the spring alone. I really want to accompany her. Siyu, would you promise me? If there is an afterlife, I will repay you for my work. "

"No, if there really is a afterlife, I hope you stay away from me." Tang Siyu retorted.

"Siyu, you are a kind girl. I always know that I'm too careful. I'm narrow-minded. I'm terrible. I'm sorry, I'm sorry. I know you'll be happy all your life. Do you please? It's the last thing in my life. "

Tang Siyu takes a deep breath. In fact, Qiu Lin can't move her any more. However, as a mother, her heart will be soft for her children to beg for her.

"Well, if you do get the day of execution, I'll be in line." Tang Siyu satisfied her wish.

At that end, Qiu Lin's voice line was hoarse as if she were an old man. She said softly, "thank you for thinking about rain. You will have a good report. Can you fix a cemetery for me? I'm afraid that others will take my daughter's place. "

Finish saying, that end someone is talking, some loudly urge her, "time is up, fast hang up."

"OK, OK, thank you Thank you. " Qiu Lin's grateful voice rings, and the phone hangs up.

Tang Siyu holds the mobile phone in silence. For a while, she doesn't know what to say. In a word, she doesn't have a happy feeling. She just laments that she can't take a wrong step in life. Otherwise, she will go to the place where there is no return.

Tang Siyu thought that when she last handled Tang Yiyi's funeral, she still left a phone call. She searched for it and dialed it. After some inquiries, fortunately, Tang Yiyi had chosen a more partial place at the beginning, and she reserved the location next to Tang Yiyi's cemetery.

She calculated the time. Qiu Lin still has half a year to go. I think Qiu Lin is in great pain at the moment.

Xing Zhengting and Jiang LAN met an old friend today. He is the head of Xing Yifan's school. He was very pleased to tell them that he made an exception in his school and left their daughter Xing Yinuo a degree in the next semester. He asked for their opinions and would like to send their little daughter to his school.

After hearing this, Xing Zhengting and Jiang LAN showed a surprise in their eyes. This is a really good opportunity to enter this world-class school, which is also Xing Yinuo's blessing.

"Thank you very much. We are very willing to send the little girl to study there with my son." Xing Zhengting shook hands with him with gratitude.

For parents, their children's education has always been their top priority. They are very happy to be able to make a place for Xing Yinuo.

It's such a happy decision, and Xing Yinuo, who is in school, doesn't know that he will be lucky to transfer to another school.

As a result of Wen Liangyao's very hard tutoring, her academic performance has been counted in the top, and she is about to face the summer exam. As a senior two, they are still very sympathetic to the senior three, but they can't relax.

That night, Xing YINUO got out of the driver's car and saw that the little guy was playing football with her father. She immediately put down her schoolbag and joined in. Xing Zhengting asked her to accompany the little guy. He stood by to visit. The little guy played a pair of short legs like a statue, which made Xing Zhengting, a football fan, happy to think that if his grandson would play well in the future, he would have a great momentum.

The figures of Tang Siyu and Xing liehan come in from the outside of the yard. They walk here. The setting sun reflects on them. They walk slowly and show their love.

At the dinner table at night.

I heard a cry of surprise, "what? I want to study abroad? "

It's Xing YINUO who is talking. She has a pair of big eyes. She can't see whether it's surprise or fright. If she can see clearly again, it must be fright. There's no surprise.

"Yes, we have asked for a place for you. It's in your second brother's school."

"I Can I refuse? Dad, mom, can I not go! " Xing YINUO suffered from a small face.

"I've promised. With your achievements, I'm just going to a second-class university here. It's better to go abroad for further study." Xing Zhengting said majestically.

"Dad, but I don't want to go abroad at all! I want to be at home. " In Xing YINUO's mind, the figure of Wen Liangyao comes directly. It feels good to think of leaving him It's hard.

"If you don't go, you have to go. Your mother and I have decided on this. At that time, your mother and I will go abroad together."

"What about brother and sister-in-law? And Xiaoxi? " Xing YINUO asked in a hurry.

Xing liehan chuckled, "let's go abroad together."

"Ah! You You go too! " Xing Yinuo's eyes widened unbelievably, and he felt terrible.

Tang Siyu nodded and smiled softly, "Yinuo, you can rest assured that we will accompany you."

Xing Yixi also held his chin, "Auntie, I will accompany you."

"Xiaoxi, it's not fun abroad." Xing Yinuo tries to start with his best nephew.

"As long as I'm with my grandparents, my parents and mummy, it's fun everywhere. There are also my aunts and uncles!" The little guy replied with a serious face.

Xing Yinuo immediately whined, and she shouldn't have to be advised since she was a child. She hurriedly looked at her father, "Dad, please don't go! I promise I'll get one. I'm sure. "

"It has been decided. Think about it. Your second brother is abroad alone, and we are not at ease. So what's wrong with going abroad with you for two years?"

"Yinuo, tell your mother why you don't want to go abroad? Are you a reluctant person in China? " Jiang LAN asked curiously.

Xing Yinuo immediately shook his head quickly, "I didn't have one! What can I do for you? "

If so, can she say it? If she wants to say it, it's over.

"If it doesn't, that's fine." Xing Zhengting felt that if this matter was decided, there would be no need to fight again.

"When will you leave?"

"Let's finish this summer vacation! We need to do something about it. Then, we need to get ready and wait for you to finish the test. "

The news has made Xing YINUO feel better. At least she has time to see him in China.

After eating, Xing YINUO hurried into the room, picked up the iPad and lay on the bed, and then used the video to breathe Wen Liangyao without saying anything. She thought, can Wen Liangyao have any way to keep her in China?

In the process of connecting, Xing YINUO is very anxious to wait for the person at that end to connect. She murmurs, "why not connect?"? Isn't the cell phone around? "

Sure enough, Xing YINUO didn't connect for the first time, but she pulled it out again. Listening to the connection sound, her heart was cold. How could he not connect in such an urgent time!

When she was about to give up, suddenly the video was connected. The man over there was wiping his wet black hair with a towel and wearing a gray pajama. Wen Liangyao had just taken a bath.

"What's the matter?" Wen Liangyao asked with a smile.

"It's not good. My parents are going to send me to school abroad. Do you have any way to let me stay? Please. " Xing YINUO goes straight to the theme.

Wen Liangyao understood after listening at that end and asked, "which school?"

"That's my second brother's school!"

"That's a good school. Ordinary people can't get in." Wen Liangyao was silent for a few seconds and praised.

"What a good school! I just want to stay at home and go to school. " Xing YINUO has a small mouth and a dissatisfied face.

Wen Liangyao drapes a towel around his neck, and a handsome face appears in the video, which is very white and beautiful. His eyes contain a trace of depth that makes people unable to see the real emotions.

"YINUO, take this opportunity and don't waste it." His voice sank a little.

Xing Yinuo is still counting on his help. Hearing this, her face panicked, and she blinked, "you You want me to go to school, too? "

"You are still young, you don't know how to choose the direction of life. Your parents are very right. If I were them, I would like my children to enter such a school."

"I'm not young. I'm going to be seventeen. Where am I? You don't look down on people. " Xing Yinuo's eyes were red, and he felt very wronged.

"In our adult world, you are a child."

"In your eyes, too? Am I a kid? Yeah! I don't have Miss Tang's beauty and sexiness. I don't have her amorous feelings. I'm just a child who is nothing. " Xing Yinuo shouted at the video.

Wen Liangyao's face at that end was slightly stunned, looking at her eyes red, as if she had been bullied. He twisted his eyebrows, "Yinuo, what are you talking about?"

"I I didn't say anything, I just wanted to say, I'm not young, you don't always treat me as a child Xing Yinuo turned his mouth and complained.

Wen Liangyao sighed and looked at her with a smile. "Yes, you have grown up, so you need to be more sensible and don't let your parents worry."

"You really don't want to keep me? You let me go? I want you to teach me books! "

"Yinuo, your math teacher will come back to school next semester, and I will not teach in your school next semester."

"Really?" Xing Yinuo was surprised, but it was no surprise to think that he was a substitute.

"Yes, after teaching you these days, I will quit my job."

"Then what are you going to do?"

"Write a play at home!"

"Then if I went abroad, would you still come to see me? Will it? " Xing Yinuo asked pleadingly. "I'll see you when I have time." Wen Liangyao didn't give her much expectation.

Xing Yinuo stares at him on the screen with some loss, "you must come to see me."

"Why do you have to? Is there any reason? " The voice line of Wen Liangyao is hoarse, especially in the quiet room.

Xing Yinuo could feel his deep eyes staring at her across the screen. She blushed and buried her face in the palm of her hand. "No reason, just want you to see me."

"Well, I'll see you, I promise." Wen Liangyao promised her.

"I'll go after summer vacation. Can you accompany me to a place this summer vacation?"

"Where?"

"Go to the crew. I want to see the real movie making place. I want to see how the actors do it."

"I heard that my sister-in-law's new play will start at the end of this month. During the summer vacation, you can catch up with her new play. Then, I'll take you to see it."

"Sister Susie's play? Good good! I must take me, I must go. " Xing Yinuo is going crazy.

"When you think about it, you'd better prepare for the exam! It's not in vain for me to help you so hard to get a good result in the exam. "

"Well! I will try my best, master Wen. " Xing Yinuo tilts his head and stares at his complacent smile.

"A promise."

"Well?" Xing Yinuo thought he was going to say something secret, and a small face immediately approached the screen.

In Wen Liangyao's mobile phone screen, all her delicate and pure facial features, his eyes slightly shrunk and sighed, "come on!"

Xing Yinuo immediately took a step back and said, "I thought you wanted to say, you like me!"

Wen Liangyao could not help chuckling. "Little girl, what are you thinking about?"

"Then I'll tell you! I like you. That's it. Goodbye. " After that, Xing Yinuo wanted to use both hands together. He was so embarrassed that he turned off the video on the screen. He held his face and regretted it. He didn't hear it clearly!

Will she say it soon.

However, she didn't know that at the other end of the screen, Wen Liangyao's warm handsome face flashed a smile and was still a little lost.

Chapter 478

Xing Yinuo is very depressed to find that last night was a confession, but, tomorrow also on the class of Wen Liangyao! In an instant, her face was red. She wanted to lose her memory immediately and pretended not to say this to him.

The next day, Xing Yinuo thought he was pretending very well. However, a man pretended better and didn't hear at all. Otherwise, why didn't he respond?

In class, she also asked her to do a problem. Xing Yinuo did it well. After finishing it, he looked back at a man, who was looking down at his textbook.

Xing Yinuo once again suspected that last night must have been fast, he didn't hear it, OK! Don't hear, don't hear! She shouldn't have said it.

A week later, the summer vacation came, as if the atmosphere of the whole city was lively.

As soon as Xing Yinuo came back, he hugged his mother. Wow, Lala was very proud. "It's a holiday..."

It's almost a dance. The little guy has a holiday. Next, the whole summer vacation will be a good time.

Sushi is also busy with one thing recently, that is, her new play has started, and the roles in this show are all in place quickly. Sushi's appeal is very strong, of course, the man behind her is the strongest.

Although sushi married a good husband, she didn't want to hold her husband for the rest of her life. She has been relatively independent.

She hopes that in the future marriage life, he will be excellent, and she is not bad. She is only responsible for beautiful things like flowers at home. She can't do it.

Sushi left for the crew today, and wenlichen put down all her work to accompany her on the trip. This time, the first shooting place was a very beautiful landscape city. Sushi took wenlichen's private plane to the nearby city airport.

Arriving at the airport, sushi is also a very secret trip. Wenlichen has arrived at a hotel close to the shooting site in a proper row. Sushi is in a very good mood.

As soon as I enter the hotel room, I rush to the balcony. From here, I can see the whole green mountain and water. This feeling is not felt in the big city.

Behind her, the man smiled and stepped out. The sunshine here was especially soft. It seemed that she had crossed a layer of halo. Wen lichen was also very happy to accompany her here. He surrounded his waist, bowed his head and kissed her in her hair.

"Happy?"

"Well! Happy, better to work. " Sushi sighed, turning around and around his neck, "but I'm happier with you."

"I'll be here with you all the way, waiting for you to finish the play." Wen lichen flicked the tip of her nose.

Suzi chuckled. "I'm more at ease with you."

Suzi's hotel is occupied by all the important staff and actors who come to make the film this time. They know each other well, but Suzi's room, no one dares to run around at will, because everyone knows that there is no husband Wen lichen accompanying her this time.

Who dares to disturb Wen lichen's love? I don't want to be in the entertainment business!

Of course, some people still have this idea. This time, the important roles are determined by Suzi, and some minor supporting roles are all determined by the director. So, this time, some of the director's specific n-mates also live here.

No more than those professional actresses, these supporting actresses are all recruited by other ways. Of course, their purpose of entering the group is not only to be in the theatre, but also to contact more with the first-line celebrities along this time. They must be in the entertainment circle. The way to make money is not only acting, but also a lot of gray income.

"Have you heard? Susie's husband is here, so she'll stay in our hotel. "

"Wen lichen?" A girl who hasn't got the news immediately clenches her hands excitedly. "He's here, too?"

"Well! I just took a long look at the balcony of the hotel, wow! That's a handsome one! It's like killing our hero Cheng Hao! "

"What are you so excited about? As if you could have a word with him. " One of the girls hit them with a little mirror.

"Suzi used to be a second tier player! Now, doesn't she marry him, too? This man can't live without a dream. My dream is to marry a rich man. "

"Yes! What's wrong with us? It's also human. Besides, we are so beautiful. Who says there's no chance? "

This sentence is very useful for all three of you. They all look at their slightly finished faces with small mirrors. They think it's no worse than sushi!

If, in this group, we can have a chance encounter with wenlichen, wouldn't it be beautiful?

Sushi received a call from Annie in the room. She also came with her new man Xu Yang. Sushi soon went down to chat with them. At the same time, there were many actors called by sushi. They talked happily together.

Wen is not involved in these things, so his relaxation time will be in the hotel to watch the ball games, or work.

Sushi and the directors also held several meetings to discuss the next shooting tasks. Sushi's costumes have all been moved here. They are all handmade with excellent workmanship, which makes her in the role and will reflect the most authentic original works. Sushi also had an extra gift. The manufacturer gave her two sets of pajamas, one is red, with the smell of antique, the other is milk white, very beautiful.

When sushi got it back, she couldn't help it. She wanted to wear it immediately to see the effect. It must be very suitable for her to be customized for her figure.

Wenlichen was also looking forward to it. Looking at the comparison in front of the mirror, he smiled and encouraged, "I'll wear it later."

"Good! I'll take a bath now. " Sushi finished, thought about it, and chose the red one and went into the bathroom.

Wen lichen is sitting on the sofa, which is not easy to relax. He listened to the sound of water in the bathroom behind him, but he wanted to go in and wash together. However, sushi has always been shy and rarely bathed with him.

Nearly twenty minutes later, I saw the door of the bathroom open. With the red silky material, a thin jade foot came out first, with a hint of pick.

Wen lichen's eyes were filled with expectation immediately. He narrowed and waited to see the whole picture of the woman.

Sushi bit her lip, slowly held the door, and revealed half of her snow skin and jade face. Then, she smiled at the man on the sofa, made a standard ancient woman posture, and walked towards the man on the sofa.

Wenlichen's breath was held for a moment. He looked at the woman. She was like the protagonist in the living script. He reached out his hand and sushi took it. When he pulled it, she lay in his arms.

Chapter 479

A man is like a lazy king in ancient times, holding his favorite woman. He reaches out and plays with the black hair behind her ears. The black hair sets off the snow-white skin, which really kills a man.

At the moment, sushi also has a deep feeling of going back to ancient times. She hugged the man's neck and looked at his beautiful face like jade. Her eyes couldn't hide her admiration.

Wen lichen couldn't help it. Looking at her thin neck, he was like a vampire. Without hesitation, he leaned down and sucked at her thin neck.

This evening, Susie regretted that she shouldn't wear this red Nightgown, and almost let the man tear it up for her. Fortunately, at last, she begged softly for a while, and the man took off her patiently.

It's just that the punishment is heavier.

Early morning.

"Over? I'm going to shoot the first scene today. What can I do? " In the bathroom, there was a grumble from Susie.

The man just came out of the bathroom around a bath towel. "What's the matter?"

Susie put her neck under his eyes. "Look, how can I meet people?"

Wen lichen smiled and stroked his results. "What's wrong? It just means that your husband and I are great. "

"You're still smiling. I can't laugh at all." Susie felt that everyone would know everything about her and the man last night.

I'm embarrassed.

Sure enough, Suzy, who was sitting in the dressing room, looked at the dresser nervously. "Can you cover it?"

"It doesn't matter if it's thicker. I'll find a way to cover it." In fact, the makeup artist is very distressed. The trace is too obvious.

Susie wanted to cry without tears.

In the first scene, Suxi is a new fairy in white, walking in the streets, showing a strong interest in the world. The effect of the picture is really beautiful.

Not far away in the black business car, Wen lichen was waiting for her, but he couldn't help getting off the car, standing on a highland outside the shooting, admiring his wife.

Wen lichen came to the scene, which made the previous n-mates crazy in the distance, peeping at him from afar.

"So tall, so handsome."

"My God! Can we go over and say hello and a word? "

Several actresses really want to come over, but when they find out that two bodyguards are watching by Wen lichen's side, they dare not.

Because it's a movie, so the first scene of the leading actor and heroine will meet. Su Xi and Cheng Hao, the leading actor, will meet.

This meeting is naturally a handsome drama.

Sushi saves a child and almost gets hit by a horse. The leading actor moves at the first time. Because it's difficult to use a double in this play, sushi decides to go on it.

Sushi hung Weiya, white as snow flying back out, the beautiful appearance, so that the scene of the shooting was once amazing.

Even the men not far away were full of spirits. But when Cheng Hao was seen flying up from the side, he put his arms around Su Xi's waist and whirled down in the air, looking at each other.

A man's face will turn black, and his jealousy will soon make the air here sour.

This scene actually happened once. Sushi is going to make up next. She is sitting in the make-up car. At this time, a man steps outside the window. With a glance of her eyes, sushi sees her husband standing outside the car window.

"How's it going?" Asked sushi.

Wen lichen is jealous, but fortunately, it's just a hug. It's nothing to an actor.

"Very well." Wen lichen praised, "I'll talk to the director."

Su Xi nodded. When Wen lichen went to the director, the director was teaching the two actors the next play. When he saw him, he immediately looked respectful, and the people around him were too brave to breathe.

Next to Cheng Hao is also watching the script. Seeing the director's eyes, he immediately feels pressure.

Su Xi finished her make-up and the next shooting was a few dialogue scenes. Wen lichen returned to the car and waited.

One of the girls came with a few bottles of mineral water. She was delivering water, but when her water reached Wen lichen's car, the bodyguard immediately waved and refused, "No."

The girl took a look at the man sitting in the car to rest. Her heart was going to be lost, so handsome!

On the first day of filming, sushi hung Weiya, exhausted, and sat in the room, holding her shoulder, sighing, "I'm old, I'm old."

Just pressing the shoulder, a big warm hand kneaded it and held it gently for her. Sushi closed her eyes comfortably, and a low smile came from behind. "Where are you old?"

Sue complained, squinted and asked, "what if I'm old? Will you still like me? "

"When you are old, I will only be older than you. Don't despise me." Wen lichen's movements are very accurate. Susie frowned with a smile. "Of course not. The older you are, the more attractive you are."

"Then we will grow old together."

"Good." Susie nodded and answered carefully.

Wen lichen finished pressing her shoulder, and then she rubbed her hand toward her waist. Sushi was very tired today. She immediately begged to look at him, "not today."

What do you think he is going to do!

"Knead your waist, not you." Wen lichen naturally sympathizes with his wife. Even if she is so beautiful today that he really wants to have a fight, he has to bear it.

Sushi was relieved to give it to him and let him rub it, but she felt her body throbbing.

"Comfortable?"

"Well, comfortable."

Wen lichen took the opportunity to kiss her red lips. "You are so beautiful today."

"That's your script, too."

"In the future, I will write all your plays, OK?"

"I'm so honored." Susie put his arm around his neck, and Wen lichen breathed a little, "don't tempt me! I'm afraid I won't be able to control it. "

Susie giggled, "except that you are not allowed to kiss my neck."

Now, the man's eyes were so bright that he put a smile on her forehead. "That's what you said."

"I said it."

"No regrets."

"I regret it now, when I didn't say yes!"

The man clenched his teeth. "No way."

The filming time really passed quickly. Ten days passed in a flash. At this time, Wen Liangyao received a phone call. He was about to bring two little guys to the theatre team to investigate. At the same time, Tang Siyu and his wife also came. Now, it was busy.

Xing Yinuo mentioned many times to come to visit him. Wen Liangyao had to agree, and Xing Yixi naturally wanted to come. Xing liehan and Tang Siyu also planned to follow him and have a heart.

Chapter 480

Ten days later, at the airport of T City, a private plane landed. Under the cockpit of the plane, two cross-country vehicles came by air. Xing liehan drove one with Tang Siyu and Tang Yixi, while Wen Liangyao, with Xing Yinuo, went straight to the shooting site where Wen lichen and Su Xi were.

It takes two hours to get to the destination. The road here is not as spacious as a city, but the advantage is that you can see a lot of scenery that you can't see in the city.

For example, when I saw some big buffalo on the road, I was so happy that I stared at the little guy for a long time, and there were endless mountains in the distance, which made me have a long mood.

Xing liehan drives the car. Tang Siyu takes the little guy to sit in the back seat. It's spacious and comfortable. Tang Siyu takes some snacks and enjoys the scenery around with the little guy in the back seat. It's also interesting.

In the back of an off-road vehicle, Wen Liangyao sits in the driver's seat, Xing Yinuo sits lazily in his copilot's seat, with a delicate pearl hair circle, making her unreasonably lovely and pure.

While enjoying the scenery out of the window, she secretly looked at the men around her, only to see his slender and beautiful hands holding the steering wheel steadily, a black wristwatch worn in the wrist, showing a kind of elegance.

What's more, this man is very handsome!

Two hours later, at the door of the hotel, Su Xi and Wen lichen were greeting them. When the car arrived, Xing liehan stepped out of the car, opened the back seat, and took out his son. When Tang Siyu got off, his hand naturally took over.

Tang Siyu took his hand and stepped down from the big SUV. Su Xi immediately welcomed him happily. "It's like waiting for you to visit."

Tang Siyu smiled and held her. "We want to come here, too."

After a while, wenliangyao's car came in. One car got off. Wenliangyao and Xing Yinuo followed.

At the entrance of the hotel, this group of people, whether men and women, or beauty value, or temperament, are extremely eye-catching.

In a window, Xu Yang just pushed the door to take a look at the scenery outside, recited too many lines, she wanted to breathe, but she was noticed by the people below, she looked carefully.

However, her heart would jump out of her chest. She could hardly believe that she would see Wen Liangyao here.

Is she dazzled? She rubbed her eyes. She was right. Who was Wen Liangyao standing downstairs talking to Wen lichen?

My God! Here he is.

Xu Yang was so excited that she didn't know what to do. She even thought that he would come to visit the class? However, even if it's a detective class, it must be a detective class for sushi!

Xu Yang is on the balcony, staring at Wen Liangyao's handsome figure quietly. There is always a feeling of warmth and water on his body.

After checking into the hotel, Tang Siyu is coming for a good thing. After a long journey, she is very tired. The little guy is taken to eat by Susi. Xing liehan pours a cup of warm boiled water and sits beside her. Looking at her small face, he looks pale. He feels sad and misfires on her face. "Take a good rest first."

"Well! Xiaoxi is looked after by Suxi, and I'm relieved. " Tang Siyu finish, drink a few saliva, then rely on the sofa closed eyes.

Xing liehan stroked her forehead, bent down and kissed her. Then, he didn't leave. He sat down beside her, pulled her body into his arms, and put his big palm gently on her abdomen.

Her lower abdomen is cool, his big palm pastes on it, and the temperature of men seeps into her lower abdomen, which is really good.

Xing Yinuo's spirit is very good. She can't wait for Wen Liangyao to take her to the props room and the clothing room. Wen Liangyao follows her all the time. Xing Yinuo caresses the exquisite ancient clothing with a happy face. She really has a desire to be an artist.

She also wants to learn acting.

"Shall we stay here a little longer?" Xing YINUO turned to Wen Liangyao and pleaded.

Because her eldest brother Xing liehan means to go back to play here for a week, but she thinks a week is not enough.

Wen Liangyao looked at her and thought, "if you want to stay here, then we can only drive back."

"Good! We drive all the way and play all the way back. I have a whole summer vacation

"Good." Wen Liangyao promised her.

"Yeah!" Xing YINUO made a V-shaped gesture.

Wen Liangyao smiles and shakes his head. It's really a child's nature.

While visiting, I heard a very sweet female voice behind me calling, "master Wen er."

Wen Liangyao looked back for a moment, only to see Xu Yang coming to them with a smile behind him, "long time no see."

"Miss Xu, long time no see." Wen Liangyao said hello politely.

Xing YINUO looks at Xu Yang, and there is a dark hostility in his clear eyes. She has a feeling that Xu Yang is fond of Wen Liangyao.

"Are you here to see sister Susie's class?" Xu Yang asked curiously. "Yes, please come and play." Wen Liangyao nodded.

"YINUO, do you remember me?" Xu Yang says hello to Xing YINUO.

Xing YINUO frowned and smiled, "remember! Sister Xu! "

Xu Yang looked at her with a smile, but his eyes were still eager to look at Wen Liangyao. There were several lines of shame in his eyes.

Wen Liangyao receives something in Xu Yang's eyes. He pretends not to see it. He reaches out and taps Xing Yinuo on the shoulder. "It's time to find the little guy."

"Well!" Xing Yinuo also understood, holding his arm and saying, "go! Let's go to my brother. "

When Xu Yang left, she asked, "master Wen Er, I know a very delicious restaurant. Do you have time these two days? I'll take you to eat. "

Wen Liangyao turned back and smiled, "let's see the situation first! I'm in charge of looking after two children this time, and I don't have time to spare. "

Xing Yinuo, who is standing beside him, is not satisfied with his small face immediately. Two children?

Xing Yixi is a child right, but in his eyes, she is also a child?

"OK! Then make another appointment. " Xu Yang forced his inner loss and watched them leave.

Just out of the clothes showroom, Xing Yinuo walked forward like a block of air, and Wen Liangyao saw her step speed up, and was immediately surprised, "Yinuo, slow down."

Xing Yinuo intends to ignore him.

"Yes, what's the matter with you?" Wen Liangyao has an intuition that he has offended her.

At a corner, two employees were carrying a large box and nearly collided with Xing Yinuo. Wen Liangyao, who was chasing after her, immediately pulled her and protected her on the side.

This corner is quiet. Wen Liangyao's side is the corner, and the shadow of his tall body almost covers the girl in the corner.
