Chapter 481

After these two employees passed by, Xing Yinuo looked up, Wen Liangyao lowered his head, and in an instant, two faces approached. Xing Yinuo's breath was slightly smothering, her face was reddened, and Wen Liangyao quickly stood up straight and stepped back.

"What's the matter with you?" Wen Liangyao looks at her gently.

"In your eyes, it turns out that I am a child, isn't it?" Xing Yinuo began to question.

Wen Liangyao immediately chuckled. The reason for her anger was here.

"You are not a child, are you still an adult? You are a child in my eyes before you are an adult. " Wen Liangyao tries to persuade her.

"I'm not a child. I'm an adult." Xing Yinuo is a little unconvinced and straightens his chest.

Wen Liangyao narrowed his eyes. "What's the point of arguing?"

"Yes, I don't want you to look down on me."

"I didn't look down on you." Wen Liangyao sighs helplessly.

Xing Yinuo said with a small mouth, "just now that sister Xu asked you out for dinner, why didn't you agree?"

"You want me to say yes?"

"I..." Of course, Xing Yinuo didn't want him to agree, but she was unwilling to let him know, so she had to hum, "this is your business! What does it have to do with me. "

Finish saying, she took the lead to leave, walked to the elevator direction, returned to the room.

Behind her, Wen Liangyao followed her and watched her go back to the room, and he also went back to his room.

In the evening, Wen Liangyao ordered a restaurant, which was very busy. Because there is a very good antique scenic spot nearby, and there is a night market. She bought a lot of small gifts. When Xing YINUO heard Su Xi's introduction, she wanted to go.

Wen Lichen tells her younger brother Wen Liangyao to go shopping with her. They two husband and wife take the little guy back to the hotel first.

Xing YINUO's temper comes and goes quickly. At this moment, she completely forgot the quarrel with him in the afternoon.

It's not far from the restaurant to the night market, and there are many tourists here. When there are more people, Wen Liangyao's eyes dare not leave Xing YINUO.

Because this wench is here for a while to see and touch. He's really afraid that if one doesn't pay attention, she won't be able to run away.

"Slow down, don't walk so fast." When Wen Liangyao was surrounded by a group of tourists, he timely held her hand.

Xing YINUO was holding two small bell blocks in his hand and shook them at him? I like it so much. I want to buy it, but I forgot. I don't seem to have any money. "

Wen Liangyao looks at her with a smile, reaches for her wallet, pays for her, and ties her cell phone bag.

"Wow! Key wall! " Xing YINUO came to a wall full of keys in a flash. There was a wooden card under the key. After many people wrote the blessing, they locked it up. It is said that this wish will come true.

"Brother Liang Yao, can we write it well, too! No one of us is allowed to read what is written by others and write what is written by ourselves. I will write it first! "

Wen Liangyao looks at her fondly. She is there to choose the style of the key. Here, he has taken out his wallet.

Xing YINUO chooses a pink one for himself and a blue one for him. The boss calculates the price, and then looks up at the beautiful couple. He can't help but marvel and comes here to buy so many couples.

I've never seen such a beautiful one before.

Xing YINUO hands him the blue wooden card, "Nuo, write it! I won't peek. "

Wen Liangyao didn't refuse either. He took a look at the sign. Xing YINUO next to him began to lean down and write something under a light.

Xing YINUO hasn't written anything yet. Her long hair hangs down, covering her mind. She looks at this small square of pink wooden card, and she wants to write her most wanted words on it.

However, she was afraid of being found.

"Little girl, the lock here! It's all bright and very effective. As long as you write down the wishes you want, the God will help you to finish it. " Said the boss.

Xing YINUO looked up to the boss, "really? Is it really so effective? "

"Of course! We have a famous miraculous effect here. " The boss is very confident about this, of course, it's just a matter of faith.

Believe or not.

Xing YINUO is very confident. She looks back at Wen Liangyao. He leans down as if he is going to write.

Xing YINUO wished her neck could grow several sections, so that she could go to see what he wrote. Would it have something to do with her? However, she can't look at him openly.

She can't help herself, that is, she can't watch it today, so tomorrow she can watch it secretly! She could not help but say to Wen Liangyao, "we have to leave our names! You need to sign at the bottom, you know? "

"Good." Wen Liangyao looks back at her.

"Then I wrote." Xing Yinuo takes her little pink card and goes to the bottom of the lamp on the edge of the stall. She bites her lips. She has an idea of letting go. Write it! He won't see it anyway. Moreover, she hoped that she would be able to fulfill her wish and become spiritual. The tip of Xing Yinuo's pen quivered slightly, because she could write the first three words, that is, the name of Wen Liangyao. After writing, she drew a small shape of love. In the next column, she wrote very boldly, I love you three words.

After writing, Xing Yinuo's heart was shaking. She looked up several times nervously at Wen Liangyao's direction, for fear that he would come to peek at her, it would be over.

After careful writing, she wrote a small line in a smaller handwriting, "may you love me, too."

Finally, in the corner of the position, she is very honest to leave her own name, Xing Yinuo.

When she finished, she put the little pink card over her chest and hurriedly walked to the locked wall. At this time, Wen Liangyao also came.

"You hang up there, I hang up here." Xing Yinuo said in a hurry.

Wen Liangyao went to the other end of her and locked his lock. The key was put into a wooden bucket beside her. There was only a small hole. After putting it in, it would not be taken out again.

Xing Yinuo also locked it. At last, she took a look at the sign and put the key into the barrel. She bit her lips and Wen Liangyao was standing in the bright light and shadow waiting for her.

She came to him step by step, her eyes slightly dodging him, and glanced at the place where Wen Liangyao had just hung.

She thought to herself that she would come and have a look at what he had written tomorrow anyway.

She's coming by herself tomorrow.

She can't help being curious. Can Wen Liangyao secretly read what she wrote? Maybe not. He shouldn't care what she wrote!

Chapter 482

In the evening, Xing Yinuo dreamed of going to see the sign of Wen Liangyao. However, no matter how she went, she either lost her way or ran to the sign and found that the lock wall was missing, or she found the lock wall, but she could not find the piece of wood left by Wen Liangyao.

In this repeated and tormented dream, Xing Yinuo woke up in the early morning. Her head was going to hurt as soon as she woke up, and it was too painful to dream like this.

She picked up her mobile phone and looked at it. At seven o'clock in the morning, she immediately thought that the wall would not cover or do anything. If she wanted to run out and look at it now, it would be the best time.

Xing Yinuo quickly dressed and washed. When she went out, she slipped out of the hotel at 7:10.

At present, there are not many people in the street, and the whole store is closed. There are also some old people walking in the street.

Xing Yinuo seemed to be possessed by something. She walked very fast on both legs. She remembered the route last night, and there was no mystery at this time. Finally, she saw the place where the lock was bought. The wall next to it was right there, under the open air.

Finally, Xing Yinuo's breath can't help but be nervous. To be honest, she's really nervous. Generally speaking, when she writes this kind of thing, there will be someone she loves! What if Wen Liangyao's sign says that it's the girl he likes?

He said last time that he had a girl he liked.

Xing Yinuo bit her lip and went to the direction where Wen Liangyao put up the sign last night. She was nervous last night, so she only knew where he was standing.

I can see that the whole wall is full of overlapping small wooden cards, and I can see that the date is two years ago, so there are too many here. It's not so easy to find them in a short time.

Xing Yinuo has seen it for more than ten minutes. Her eyes are almost full of flowers, and she doesn't see Wen Liangyao. In order not to miss it, she looks at it one by one.

After watching it for more than ten minutes, Xing Yinuo was almost dizzy. Didn't he hang it up last night? I really think, suddenly she turned to a very new wooden card, on which there was a very simple sentence.

"Xu Yang, I like you."

Xing Yinuo stared at the new wooden card, the new handwriting and the name of Xu Yang. Her head exploded.

She has a kind of wooden card that Wen Liangyao wrote last night. It turns out that what he likes is Xu Yang, the beautiful little sister.

Xing Yinuo swallowed her saliva. She took a step back and looked at the new wooden card. Even though she didn't leave any handwriting, she was sure that it was written by Wen Liangyao.

There was a kind of unspeakable loss and sadness in her heart. It turned out that Xu Yang was the one he liked last time?

Xing Yinuo came here to see his answer happily, but did not want to see a result that broke her heart.

In this cool morning, the girl's dress was blown up by the wind, which made her face sad.

Xing Yinuo turns around. In the top row of the wooden cards she just watched, there is a wooden card with the name of Wen Liangyao. It says, "Yinuo, come on, wish you a brilliant life."

The signer, Wen Liangyao.

Xing Yinuo forgot that Wen Liangyao was very high, so his wooden card was hung on the top row that she had not seen.

However, Xing Yinuo won't come back to see it again. She is biting her lips and holding back her tears. She is like a wounded animal. She doesn't know the way back. She walks around in a daze. At last, her tears still fall down. She doesn't want to go. She sits down on a chair in a square and cries with her face covered.

When Wen Liangyao gets up, he plans to wait for his eldest brother to have breakfast with them. Of course, he also wants to wait for Xing Yinuo

at eight o'clock. Wen Liangyao receives the phone call from his eldest brother. They are going to the cafeteria of the hotel.

"Did Enoch get up?"

"Lieber said no. when you come down, please stop by and call her." Wenlichen said to him.

Wen Liangyao hung up the phone and came to Xing Yinuo's door next door. He reached out and rang the doorbell. After waiting for a long time, no one opened the door.

He had to knock on the door. "Yinuo, did you get up? Let's go for breakfast. "

A promise

At this time a service came up and said, "Sir, this beautiful lady has gone out early in the morning."

When Wen Liangyao heard this, he was shocked. "She went out in the morning?"

"Yes, because she looks so good, I remember her. When I was cleaning at the door in the morning, I saw her go out with her bag on her back."

"How early?"

"About seven!"

Wen Liangyao's heart surged to worry. He was not sure how the city's management was safe enough. What was she doing so early?

Wen Liangyao picks up his mobile phone and dials up Xing YINUO's number. While waiting, his heart will be in a hurry.

Xing YINUO is sitting in a park at the moment. She hears the phone ring and takes it out. It seems that Wen Liangyao called in. Although the heart has been extremely disappointed, but his phone, she has no way not to answer.

"Hello!" She pretended to pick it up.

"Where are you? What are you doing running out on your own? " Wen Liangyao has some breathing passages, and her good temper is about to be exhausted.

"I'll take a walk outside! What's the matter? "

"Where is it! Send it to me. You'd better not run around until I find you. "

"In a park, there are many old ladies dancing in the square!" Xing YINUO's reply was dull.

"I'll come right now and wait for me there." Wen Liangyao hung up the phone and recalled that there was a small square next to the street last night.

He made a phone call to the eldest brother to let them eat first, and didn't say that Xing YINUO ran out alone, so as not to make people worry.

Now, wenliangyao's figure steps out of the hotel quickly. Fifteen minutes later, wenliangyao sees Xing YINUO on a stone chair in the small square.

She looks like she's not very well, sitting there, stuffy, as if someone had offended her.

Xing Yinuo saw him coming. He did not open his face. He touched his swollen eyes and didn't want him to see him.

Wen Liangyao breathed a sigh of relief. He stood in front of her and looked down at her. "What are you doing in the morning?"

"I'll run out for a walk! " Xing Yinuo said that he was flustered, and his eyes did not dare to look at him.

The early morning sunshine sprinkled on her pretty face, some of which were pale due to lack of sleep, because the skin was white, and a little red on her face was obvious.

Her eyes are red and swollen.

"What happened to your eyes?"

"Into In the sand... " After that, she pretended to rub again.

Chapter 483

Wen Liangyao immediately squatted down and said gently to her, "don't rub, let me have a look."

Xing Yinuo didn't want to, but the man's big palm fixed her back brain spoon. When she didn't shake her head, he gently propped up her good-looking eyes and looked at a pair of clear water like eyes. The eyes were a little red.

In such a case, Wen Liangyao's body is leaning a little closer, but Xing Yinuo didn't want to see him. At this time, when he was holding his eyes, she could only look at this beautiful and handsome face.

It's upsetting her heart.

"I'll blow it for you." After that, Wen Liangyao blows gently, Xing Yinuo blinks. In the sun, it's like a sapphire passing through the water, which makes Wen Liangyao feel a little frightened.

Xing Yinuo didn't find that the man in front of him was a little short of breath, and he didn't see the pressing palpitation in the bottom of his eyes.

"Let me see this one."

"Don't watch it. It's OK." Xing Yinuo didn't want to experience the feeling of confusion any more. She refused.

Just then, an aunt passed by. Her eyes were not very good, but she saw Xing Yinuo crying just now.

"Eh! This gentleman, has your sister been bullied? I was here just now and cried bitterly. "

After hearing the old aunt's words, Xing Yinuo's face was red, and there was a sense of helplessness when she was torn open on the spot.

When Wen Liangyao heard that, his eyes immediately looked at the girls around him, and he knew that entering the sand was cheating him. However, he didn't laugh, and there was no greater reaction.

Just asked gently, "what's the matter with you? Do you have any thoughts? "

Xing Yinuo bit his lips and looked down at him.

"Who made you cry?" Wen Liangyao's heart couldn't help but catch her. Who has the ability to make her cry? What's more, it depends not on the surface, but on the sadness inside.

And he had a strong premonition that it must be a man who made her sad? Who has so much weight in her heart?

"I don't want to say that." Xing Yinuo bit his lip and thought it was meaningless to say it.

"Don't you want to say it, or don't you want to say it to me?"

Xing Yinuo must be young, or a person who can't hide things. She can't help but look up at him with a kind of courage. "What did you write on that sign last night? Did you write the name of the girl you like? "

Wen Liangyao's handsome face was suddenly shocked. This question flustered him for a few minutes, and he was silent.

When he stopped talking, Xing Yinuo was more sure that he had written Xu Yang's name and confessed to her on the wooden card. "You should have promised her to have dinner last night. You like to fall in love with others. Why refuse her?" Xing Yinuo asked something he didn't understand.

After crying a lot just now, she still figured out who he liked, and she could not interfere. Besides, Xu Yang, who was also beautiful, was not entitled to object.

"What do you say?" Wen Liangyao can't understand.

"I said Sister Xu Yang! You like him. Why don't you tell him? You are all adults. "

"Who says I like her?" Wen Liangyao looks like a question mark.

Xing Yinuo has evidence for this. She snorted, "don't try to hide it from me. I ran to see the wooden card you wrote. You said you like her. Don't think I don't know."

Wen Liangyao snorted, almost laughing, but he just made a lip movement, some of them could not cry or laugh, "didn't he say no peeking? Why did you run to see what I wrote? "

"I I'm just bored. "

"Are you sure I wrote that?"

"Very sure."

Wen Liangyao got up and looked at the surrounding environment. It was not far from the key wall. He reached out and took her hand. "Let's go! You take me to see it again. "

"Just look, and there's the evidence!" Xing Yinuo is somehow proud.

Xing YINUO walked a few steps to find that she was being held by Wen LIANGYAO! His big hands were clean and white, holding her hands tightly, as if afraid of losing her.

She thought to herself, "don't let Xu Yang see this, or you won't be able to explain it clearly."

Before reaching the key wall, Wen LIANGYAO went to the place where he hung the wooden card last night, and looked down at the girl beside him and said, "do you know which one I wrote?"

Xing YINUO remembers! When she looked for it, she found the fresh brand and said to him, "no, isn't that what you wrote?"

Wen LIANGYAO is a little angry and funny. What's the matter with this little guy? Even if I didn't read it, I mistook it for his writing.

"Is there my name on it?" Wen LIANGYAO asked her.

Xing YINUO blinked his eyes immediately, then asked him later, "you last night Did you sign your name last night? "

"Didn't you let me sign it? Of course I did. "

"Ah? You've signed up! So So you didn't write this? " Xing YINUO is in a moment."So you cried so much in the morning because you saw the words on this sign?" Wen LIANGYAO couldn't help asking.

Xing YINUO wants to deny it, but the guilty expression on her face betrays her. She is too small to cover up.

Wen LIANGYAO's heart was rubbed fiercely. Inexplicable heartache and a strong emotion surged up, which forced him to suppress.

Some feelings, he can not show in front of her, any of his thoughts can not let her know.

"Little fool, if you want to see what I have written, look for it." Wen LIANGYAO's voice line has no sense of swearing, as if it is still spoiled.

Xing Yinuo was scolded, but her heart was as happy as a flower. It turned out that he didn't write the wooden card in the morning! This is a big embarrassment. What a embarrassment!

She raised her head and looked for it. Yesterday she said she didn't peek. At the moment, she was just looking for it.

"Take your time, don't worry." Wen Liangyao takes a step back around her arm and gives her the position.

Xing Yinuo is looking for it seriously, but he doesn't know that the man's body slightly retreats to the place where she hung the sign last night.

Wen Liangyao has a good field of vision, and he knows exactly where she hung her tag last night. She is the most deviated position on the left side.

Xing Yinuo doesn't know that he has gone to the other side at all. She is looking at the brand seriously!

Wen Liangyao's eyes finally fell on the temporary new brand. He could see clearly the words on it and the signature below.

His breath was unsteady for a few seconds, and his eyes narrowed with an unpredictable emotion.

Before Xing Yinuo found out, he had gone back to her.

Chapter 484

Xing Yinuo squints his eyes and finally sees the wooden card written by Wen Liangyao. The wooden card is still signed by Wen Liangyao himself. When looking at the words written on it about herself, she covers her mouth and becomes silent.

It turned out that his wish was to make her happy all her life. Anyway, it was about her wish, which was enough to satisfy her.

Behind her, but cold not Ding's head was a tap, she immediately ate the pain of looking back, only to see Wen Liangyao's eyes some angry look at her, "now see clearly? Are you still crying? "

Xing Yinuo blushed immediately and felt so embarrassed that she could drill holes in the ground. Later, she realized that her brand was on the other end. She was too busy.

"Let's go!" Finish saying, Xing Yi Nuo looked at the direction of his own wooden card nervously, for fear that Wen Liangyao would ask to see her?

That would be a big shame.

Wen Liangyao saw all her embarrassment in his eyes. He didn't embarrass her. Besides, he saw clearly what was written on her sign.

"OK, go to breakfast. Don't be hungry." Wen Liangyao didn't want to see her.

This made Xing Yinuo not know whether he was happy or lost for a while. In fact, he didn't care what wish she wrote?

Why is her mood so tangled?

They are not going to catch the breakfast in the hotel either. They eat it in a common breakfast shop next to them. Although the shop is not good, the taste is very good. Xing Yinuo thinks it's delicious and has eaten the noodles.

"Let's go! Today, go to the shooting site, don't you always want to see the scene? Today is the chance. "

"Well! OK, let's go! " Xing Yinuo couldn't help being happy. He forgot the steps in front of him and stepped into the air.

"Ah." With a sound, Xing Yinuo's hand climbs to something that can be relied on nearby, while Wen Liangyao's hand almost instinctively holds her waist and brings her to her bosom.

Xing Yinuo put out his hand and put his arm around his neck. In an instant, the two men presented themselves in a more intimate position beside the street.

Wen Liangyao immediately loosened her waist and helped her to stand up. Xing YINUO was also ashamed to loosen his neck and stood aside with a small red face.

"Are you ok?"

"No It's OK! "

"OK, let's go!" Wen Liangyao walked in front of him. Behind him, Xing YINUO kept up with him.

All the way to the hotel, they caught their bus to the theatre group. Wen Lichen's car had already started. Xing Lihan and his wife took the little guy to his car, so Wen Liangyao needed to drive to catch up.

Xing YINUO gets on the bus, and a staff member comes up and sends water. Xing YINUO hands him a bottle of water. "NUO, the people here are really warm."

Wen Liangyao took a drink. At this time, Xing YINUO couldn't open the lid. She couldn't help looking at him.

Wen Liangyao reaches out to take over, the male's strength is different, a twist on the open.

Xing YINUO took a few drinks and put them on the middle cup seat together. The car kept up with him.

The scenery nearby is very good. The scenery is picturesque. This time, the shooting site is a mountain area arranged in advance. It's a play plus a few emotional plays.

Next to the shooting, there was a rest room and a dressing room. When Xing YINUO came, Suxi had put on her makeup. She said, "sister in law, how beautiful you are!" Then he touched her clothes again. His eyes were full of admiration and envy.

Xing YINUO's dream from childhood is really to be an actress. If she is given a chance now, she can go on.

Wen Liangyao went to talk to the director about something. After a while, Wen Liangyao came back and said to Xing Yinuo, "I asked the director for a group role. Do you want to participate?"

"Really? What do you want me to do? "

"It's just to gather people. It won't give you face. It just needs to be mixed in the group performance! If you don't want to experience it, that's fine. " Wen Liangyao knew that she wanted to experience.

Sure enough, Xing Yinuo said in a hurry, "I think I can do anything, but why don't you show me the face!"

At this time, an actress beside laughed, "Miss Xing, I don't want to show you a good face. It's amazing!"

"Why?" Xing Yinuo blinked for an unknown reason.

"Because you are so beautiful."

Xing Yinuo, "... " Look at Wen Liangyao and ask, is that really the reason?

Wen Liangyao was tickled with a smile by her lovely expression and nodded, "yes, the reason you can't enter the country is because you are afraid of the drama."

Su Xi is communicating with the director. Wen Liangyao takes Xing Yinuo to lead the group performance. She just gathered her head together, washed a piece of coarse linen, and tied her long hair with a linen rope to the head of an ancient girl.

Wen Liangyao looked at her and couldn't help laughing. Even if she was dressed in burlap, she couldn't conceal her noble lady's temperament.

The little guy got a little sword and coke from the crew. At this moment, Tang Siyu thought it was hard to bring him to nature, so he took him around. He and Xing Lihan took the little guy for a walk along a path in the forest. Wen lichen was very nervous about the play, because in the play, sushi had a play.

Wen Liangyao is in charge of looking after Xing Yinuo. Xing Yinuo can't help but put on some self portraits after he put on his costume. It's so bad.

Compared with the V gesture, she took some lovely and cute pictures and felt very satisfied. Then, she saw an antique carriage beside her. At that moment, no one was there. She handed her mobile phone to Wenfan Liangyao's hand. "Brother Liangyao, take this carriage for me. Take a better picture!"

With that, she went to the side of the carriage and sat on the rail of the carriage. There was no one behind. It was a clear mountain and green water.

Wen Liangyao looks at the picture on his mobile phone. He can't help swallowing his saliva. In the picture, Xing Yinuo is like a little princess, without a trace of depression, like a mischievous girl who just escaped from the palace.

At this moment, Wen Liangyao really hopes to have a talk about crossing. Crossing back to ancient times, he becomes a bodyguard with a knife and takes a group of people to catch the naughty girl back.

With a second thought, if in ancient times, a girl as big as her, maybe she can get married! "Brother Liang Yao, have you finished taking pictures?" A crisp female voice came.

Wen Liangyao immediately pressed a few times and looked at the fresh girl in the picture. He handed over his mobile phone and went back, "it's ready."

Xing Yinuo takes a look and takes a good picture. At this time, there is a group speech. Xing Yinuo hands her mobile phone and bag to Wen Liangyao, and she runs to listen.

Chapter 485

The scene of the play was rather chaotic, and Xing Yinuo played a scene in which a group of minister's maids escaped and were killed by the palace attendants. Xing Yinuo was very nervous for the first time. When a knife came, she fell to the side and fell on the dry ground.

What makes her happy is that this time, ng has been three times, so she has experienced three times of shooting like a fugitive. Because of the rise of play, she is proud of her flesh and expensive. She has been trampled on several times, and she has no pain. Once, with the flow of people running, her knees knelt on the ground, making a trace of rags in the pants made of linen.

However, this kind of scene is still very enjoyable. Finally, the director said OK and the film was finished.

Wen Liangyao's figure came quickly and took off the blouse for Xing YINUO, who was wearing coarse linen, revealing her T-shirt and jeans shorts.

Just now, she couldn't see it. Now, as soon as she took it off, she found that her white and tender calves were red and swollen.

Wen Liangyao immediately felt hurt and regretted that she should not have been allowed to play for a long time.

"Get in the car with me, and I'll find you some medicine to wipe it."

"No pain."

"Wait for me in the car."

Xing YINUO had to wait for him in the car obediently. After a while, Wen Liangyao brought a bottle of liquid medicine. Xing YINUO sat in the back seat. He also got in the car and took the sponge to apply medicine to her.

It's cool and refreshing, but it's very useful. Xing YINUO said happily, "it's really fun and exciting. I really feel that I'm running for my life. It's very enjoyable."

"Do you think it's fun to be an actor? It's very tiring to be an actor. " Wen Liangyao knows that her dream is acting, so he wants to tell her in advance that this road is not easy.

"I'm not afraid of hardship, I'm not afraid of fatigue. I think people live a lifetime, shouldn't they do what they want to do?" Xing YINUO said with a big mouth.

Wen Liangyao looked at several red and swollen spots on her knee. When he applied the medicine, he didn't see her crying for pain. It seemed that he was really stronger than he thought.

"I'm thirsty." After that, Xing Yinuo took a bottle of water from the front. When she unscrewed the lid, she took a sip. Then, she blinked, looked at the bottle in her hand, and looked at the bottle still there.

Eh! Just now, two bottles of water have been put together, and both of them have drunk it. Is this bottle of water in her hand her own or his?

It's embarrassing. She probably drank the water Wen Liangyao had drunk.

She silently thought that this bottle was his. Then, she rubbed it a little bit and drank a few more. When she was going to put the water back, Wen Liangyao said, "give it to me."

The water in Xing Yinuo's hand was robbed, and then Wen Liangyao took it up and drank it.

He drank the water she had just drunk.

Xing Yinuo's brain is slightly fried. She can't help biting her lips and asking, "isn't it Is it an indirect kiss? "

Wen Liangyao finished the rest of the water. He took the empty bottle in his hand and asked, "do you mind if I drink your water?"

Xing Yinuo immediately shook his head. "No problem."

"You blow the air conditioner on the car and get off later." Wen Liangyao finished, started the car to turn on the air conditioner for her, and he went to look around.

Xing Yinuo couldn't figure it out for a while. If she didn't mind, did he mind if she had drunk it? She immediately went through the window to find the eldest brother and sister-in-law and the little ones. She forgot to see them.

At this moment, Tang Siyu is holding a bunch of wild chrysanthemums in his hand, and the little family is walking in front with a small chest like a little general. He wants to protect his parents.

Xing liehan picked a wild chrysanthemum in his hand, then played with it and grabbed the woman around him.

Tang Siyu immediately stood still, did not know what he was going to do, the ear was gently inserted by a man a small Zou Ju.

He stepped back a little and appreciated it. It was really more beautiful than Huajiao. He loved it very much. When the little guy didn't find out, he held her back spoon and stole a kiss on her red lip.

Tang Siyu glared at him with a smile, and then his heart was sweet.

Sushi was hanging Weiya, her whole body was white like snow, two ribbons were flying on her arm, with her leap, it was just like the beauty of fairies coming to earth.

Xing Yinu is not willing to sit in the car. Now he stands in the crowd, holding his breath and watching Sushi's play. He cheers in his heart.

Sushi's play is very wonderful, hanging Weiya's appearance is very amazing.

Wen lichen's eyes will never leave his wife. He has personally checked all the instruments and equipment and must ensure her safety.

Wen Liangyao's body side, I don't know when, Xu Yang slowly stepped over, she just came out of the dressing room, there will be a play of her.

After makeup, she was dressed in a long purple dress, as if she was the one in the painting, extremely beautiful.

Annie picked out the new man, the face value is not bad, at this moment, as long as it is a man, looking at Xu Yang's ancient costumes, it must be exciting.

"Young master Wen Er, you are here too." Xu Yang greets him. Wen Liangyao answered with a smile on his side. "Yes, I'll come and have a look."

Xing Yinuo is not far away. She turns her head and sees Xu Yang with good make-up. She is so beautiful that she feels surprised.

She was shocked. In the face of such a beautiful Xu Yang, Wen Liangyao must be attracted!

Xing Yinuo is biting her lips. At this time, she really wants to disturb them. However, she refuses to go. She turns to the other side.

Wen Liangyao's eyes are always on Xing Yinuo. When he looks at his side eyes, when she is no longer there, he immediately raises his eyes to look for him.

"Young master Wen, do you want someone?"

"Yes, excuse me." After Wen Liangyao finished, he chased out and saw Xing Yinuo's figure moving towards the direction of the group performance. There was a male group performance with a bright eyes. He saw her just now.

"Miss, I haven't seen you before. When did you come? Is it convenient to add a contact information? " This group performance is very bold. You need to contact me when you come up.

Xing Yinuo was immediately shocked. She didn't speak yet. A low male voice behind her refused. "It's not convenient."

Xing Yinuo turns around, her wrists are fastened, and her people are pulled away by Wen Liangyao.

Pull a few meters, Wen Liangyao let go of her, Xing Yinuo could not help rubbing his wrist.

"It hurts you?" Wen Liangyao looks worried.

"A little."

"I'm sorry, I was just in such a hurry that I didn't want to be harassed." Wen Liangyao apologized, reached out and held her hand gently to check the five fingerprints on her wrist.

"Nothing! I don't blame you. " Xing YINUO shakes her head. On the contrary, she is also very happy. He just refused other men's accolades for her. He can't say how domineering!

Chapter 486

After a day's filming, all the people were very tired. The whole hotel was occupied by actors. At this moment, there were fewer people running through the door, because everyone wanted to take a bath, have a meal and lie down. Sushi took a bath and came out. Today, she hanged Weiya for more than ten times in a row. Although she was well protected, there was still a piece of red and swollen on her waist.

Wen lichen was watching her next part of the show, and sushi sat around him with a bath towel. "Show me if my back is a little swollen and a little sore."

Wenlichen quickly put down the script in his hand. Sushi was a little shy in front of him, slowly untied the bath towel, pulled the black hair aside, and revealed her slender waist. Wenlichen's eyes immediately filled with a touch of heartache, and his warm big palm gently patted it. "It's a little swollen. I want to wipe some medicine for you."

"Well!" Susie nodded happily.

"Next time I make too many diaowia, I'll make the director miss the time."

"No need! In this case, it will be very troublesome to get a lot of props again. " Sushi disagreed.

"But how can you stand that?" Wen lichen is a woman who loves him.

Suzy chuckled. "It's nothing! I used to shoot diaoya for five days in a row, and I didn't think there was anything! "

After hearing this, Wen lichen's heart would tighten. Why hasn't he met her before? He took the cool medicine to stop swelling, took the soft medicine to gently give her the medicine.

Sushi sighed comfortably and was very tired. After taking the medicine, she fell into the man's arms with a bath towel. Wen lichen gently combed her long hair. After a while, sushi fell asleep.

Wenlicheng is funny. She lowers her head and prints a mark on her red lips. Then she is afraid that she will catch a cold. He reaches out his hand and picks her up and puts her on the bed. Su Xiying

exhorts. She opens her eyes as if waking up. When he wants to go, she reaches out her hand and holds his big palm. She says in a dreamlike way, "I will sleep with you for a while."

"Well, you go to bed first, and I'll accompany you in a bath." Wen lichen comforted him softly. He got up and went to the bathroom. He seldom had such a time to go to bed in the morning. It was only nine o'clock. But as long as he stayed by the woman's side and did anything, he was so willing.

At this time, in a suite not far from the next room, Tang Siyu just bathed the little guy. The clean and refreshing little guy was sitting on the big bed watching cartoons in his pajamas. Xing liehan was on the balcony dealing with work. Tang Siyu took a bath and came out with long hair and half dry hair. She said to the little guy, "are you sleepy? Do you want to go to bed early! "

"I'm not sleepy." The little guy shook his head.

Tang Siyu brings a cup of tea out of the balcony. The balcony is very large. There is a leisure table and chair. Xing liehan's laptop is on. Under the dim yellow warm light, his body looks very slender and charming. Tang Siyu put the water in front of him. He reached out and took it. He took a sip and looked up at her. He looked at the girl with long hair and shawl. His face was white as snow. His heart was so excited that he pulled her arm and hugged her slender waist.

Tang Siyu paid great attention to the influence in front of her son. She clapped him with her hand immediately and warned in a low voice, "no mess."

"I'll coax the little one to sleep in the guest room later." Xing liehan whispered to her, with a hint in the voice line.

Tang Siyu looks at him like this. She covers her mouth and chuckles, "you coax me!"

Xing liehan thought for a moment and said, "OK, I'll coax you."

"But my son seems to be in a good spirit. He won't want to sleep for a while." Tang Siyu sat on the sofa opposite him.

Xing liehan Junyan flashed a little annoyed and helpless, protesting, "it's been three days."

"What three days?" Tang Siyu pretends not to understand.

Xing liehan immediately typed a few words on the computer, turned the screen, and said to her, "look at yourself."

Tang Siyu stared at the computer screen for a moment, blushing with shame. "No shame, no shame."

Xing liehan chuckled and said, "I'm going to coax my son."

Tang Siyu is really interested in this matter when he looks at it, so he goes. She just looks at the words on the computer and cuts them out when she reaches for them. Her heart jumps.

In the other room, Xing Yinuo is brave. There is no pressure to live in one room alone. She is mainly her relatives around. She is not afraid.

It's almost ten o'clock. Her hotel internal line suddenly rings. She is shocked.

She sat down and picked up, "hello."

"Hello, are you asleep?" The voice of Wen Liangyao came from that end.

Xing Yinuo's pretty face was happy, and he said with shame, "what can I do to call me so late?"

"Nothing. I just want to ask you where you hurt in the daytime. Does it hurt? Do you want to apply medicine?"

Xing Yinuo has long forgotten about the pain. At this moment, by his mention, she looked down at the redness and swelling of her head. She said with unconsciousness, "it hurts It still hurts! Do you have any medicine? ""Yes, I'll come and wipe it for you." Wen Liangyao answered.

"Good! Come on! " Xing Yinuo said, then hung up the phone, and then, Wu Wu Wu some hot face, why did she cheat him!

Sure enough, soon her doorbell rang. She hurried to open the door. Who is Wen Liangyao standing outside?

He had a bottle of potion in his hand, the one he had painted during the day.

Xing Yinuo has taken a bath. Now she is wearing a cartoon Pajama with two sets of upper and lower, a pink hair band for face washing and two rabbit ears. It's very cute.

At this time, in the eyes of Wen Liangyao, Xing Yinuo is just like a cute little white rabbit.

"Let me see your wound." Wen Liangyao said in a low voice.

Xing Yinuo sat down on the sofa, rolled up her pajamas, and exposed the red and swollen place. Wen Liangyao squatted in front of her, poured the medicine on her palm first, then pressed it on her wound, and pressed it gently with the palm.

Some hot people's temperature pasted on Xing Yinuo's knee, her heart suddenly jumped, looking at the man's segmented bone palm, wide and thick, full of a sense of strength.

Wen Liangyao's eyes are attentive and serious. The long shadow of eyelashes covers his lower eyes, which is very charming.

"Brother Liang Yao, may I ask you a question?" Xing Yinuo speaks with courage.

"What's the problem?" Wen Liangyao looks up at her.

"Last time I asked you, do you have someone you like? You answer yes, then I can ask, who do you like? " Xing Yinuo looks at him expectantly, wants to know the answer, and is afraid to know the answer.

Chapter 487

He stood up and said to her, "you go to bed earlier."

When Xing Yinuo saw that he didn't answer, she said in a hurry, "Hey, can you answer my question and go again?"

"I don't want to answer." Wen Liangyao refused directly.

"Why, excuse me? Or you don't want to tell me at all, what's the matter with us, and what are you embarrassed to tell me? " Xing Yinuo is desperately trying to find out the answer.

Wen Liangyao's eyes slightly raised, "you will know later."

"Why in the future! You can tell me now! I promise I won't say anything! " Xing Yinuo finished, and raised his hand to promise.

Wen Liangyao still doesn't want to answer her, and walks towards the door.

"Is it Miss Tang! Or sister Xu? " Xing Yinuo guesses loudly behind her, in her eyes, these two girls are possible candidates.

Wen Liangyao reached for the door bar and looked back at the curious girl on the sofa. He shook his head and said, "no, don't guess. Go to bed early." With that, Wen Liangyao opened the door and went out.

Xing Yinuo has a feeling of touching a nose of ashes. She puffs up her cheeks and says angrily, "what a mystery!"

He didn't allow her to guess, but she couldn't stop guessing. Finally, Xing Yinuo thought that Wen Liangyao should be secretly in love with some women. Was it his former female classmate? Didn't he study abroad for so many years before? It must be the kind of girl you like and haven't caught up with yet.

Xing Yinuo is more depressed and sleepless.

Time can't help passing. At 12 o'clock, Xing liehan finally coaxes the little guy to sleep. Before coaxing him to sleep, he takes the little guy to practice with him. He tired the little guy and brings him to bed. The little guy fell asleep without two.

Xing liehan just closed the door of the guest room. Then, he went back to the main bedroom and took the door with him. Tang Siyu was reading a book and waiting for him. At the moment, she saw the man with a triumphant expression on his face. She chuckled.

When Xing liehan saw that she laughed at him, he could not help but feel that the male dignity was damaged. He immediately fell on the bed and pressed her across the quilt. Some evil said, "what's laughing? You won't be able to laugh for a while. "

Tang Siyu didn't have the strength to laugh. Finally, he let the man enjoy himself.

At half past six in the morning, Wen Liangyao ran a sweatshirt and went downstairs for a run.

This street is a busy market in the daytime, but in the early morning, it becomes a very quiet runway. Wen Liangyao runs to the key wall, and his steps stop. He walks slowly to the sign written by Xing Yinuo. The handwriting is very new.

In his eyes, the weight of the piece of wood seemed to weigh him out of breath.

Her wish was a bold confession to him.

She loves him!

At her age when she shouldn't be in love, it's just pressure for him to write this sentence.

She can tell her mind, but he can't accept the love.

She is still young, she needs to grow up, she also needs to keep her mind to choose her life direction, rather than being overwhelmed by love. If he responds to her, then it just hurts her.

Wen Liangyao sighed and gazed at the piece of wood quietly. He didn't know. In another five years, let her write the card again. Will she write down this sentence?

Wen Liangyao dare not hope.

In a hotel in the center of the city, around 10 a.m., only two girls dressed in mysterious clothes were sitting in a coffee shop waiting for them.

After a while, a middle-aged man came in. He looked around with great vigilance before entering the box.

Although the two girls covered their whole faces under sunglasses and masks, he said hello naturally, "sister Xiangyao, sister Lala, how did you come here in person?"

"There are some things that can't be explained clearly on the phone! We are coming. "

"What's more, it's still good news for you. We heard that you have a lot of gambling debts recently. We're worried about you."

"I I just can't control my hand and bet again. Thank you two goddesses for worrying about me. But what do you want to do with me? The crew has been very busy recently. I don't have much time for the two. "

Ye Lala took out a card from her bag and put it in front of him. "There's a million in it. We need you to do one thing for us."

Looking at the card, the middle-aged man's eyes suddenly brightened a lot, but he didn't dare to take the card, but he asked very carefully, "what do you need me to do?"

"A Chao, we need you to do a very simple thing." Huang Xiangyao's eyes flashed a smile.

However, Liu Chao can't believe that these two people find him with a million cards, which is to let him do a simple thing.

"Two goddesses, you still have what matter, say what matter! After that, I'll think about it, won't I? " Seriously, Liu Chao really needs money now. This is also what ye Lala and her husband are looking at. They have inquired about Liu Chao's recent personal situation for a long time and know that he'd better start.

The two of them looked at each other, and yelala whispered to him, "we don't like sushi very much. I hope you can do something on her via, let her..."

Liu Chao's face immediately changed with fright, "what? I dare not do such a thing! "

"Why not?"

"You don't know. Now Su Xi's husband, Wen lichen, has been at the scene. He looks at it in person every day. Who is he? Do you still know?"

"Five million." Huang Xiangyao increased his price, "another four million."

"Yes! There are times when any instrument breaks down, and when it breaks down, who dares to blame you? Big deal, it's the whole crew's fault. " Ye Lala is also busy responding to his advice.

Liu Chao's heart is really touched when he listens to the money. With five million yuan, he can pay off his debts and change a good car. It's a lot of money for one of his crew members.

"Two elder sisters, don't embarrass me, will you? I dare not do it. I dare not eat leopard gall! Susie's status is different now. "

"Of course, I know that she is very important, so I use such a high price. I just need a little help from you. You know the job best. Sometimes, the rope is aging or where there is a lack of parts. Don't you know the best?" Ye Lala approached him.

Ye Chao's eyes flashed a ray of light that was said to move. Huang Xiangyao saw that he hadn't promised, and added another million, "six million, absolutely good for you."

Chapter 488

In the coffee shop of the hotel, the opposite of Huang Xiangyao and ye Lala is empty. The two men also untie their masks and are drinking tea at a leisurely pace. There is a trace of satisfaction in their eye contact.

Liu Chao was attracted by the huge sum of six million yuan. He agreed to do something about Sushi's work in Weiya. Now, he has a million yuan deposit, and he can get the remaining five million yuan as long as it is completed.

"Do you dare him to do it?" Huang Xiangyao is still worried.

"I checked his debts and heard that he borrowed money four times to repay his gambling debts. He needed the money urgently."

"He has been working in Weiya for seven or eight years. It's very easy for him to touch something that others can't see. Wait! It's better to break her beautiful face. I think Wen lichen still loves her or doesn't love her. "

"Yes, we can't make her feel so comfortable. Besides, nothing happened to us at that time." Huang Xiangyao drank a glass of fruit juice and felt it was more sweet.

Two days later, Xing liehan and Tang Siyu were in a hurry because of the company's urgent business. Wen Liangyao and Xing Yinuo chose to stay and play for a while. Xing liehan had Wenjia brothers in, and he was relieved to give their younger sister to them.

Xing liehan and Tang Siyu take the little guy straight to the direction of the airport. Su Xi is also resting these two days, because the majestic play can't be shot continuously, which will hurt her body.

Xing Yinuo asked Wen Liangyao who he liked last time, but he didn't say it. However, Xing Yinuo wasn't the kind of person with a heavy heart. She was relieved on the second day.

In any case, if Wen Liangyao is only in love with others, it means that the girl has not promised him, otherwise, he would have caught up with him. Although the idea has a self comforting effect, Xing Yinuo likes it very much.

When Susi was resting, she also took the opportunity to shoot several emotional scenes. Xing Yinuo usually followed her to watch Susi's acting. She admired her very much.

This is a film and television base, and there are many landscapes to see. Xing Yinuo likes playing.

Today, her goal is to play an ancient temple, which is very historic and of great ornamental value. Wen Liangyao promised to accompany her.

Xing Yinuo is in a good mood when she takes a taxi in the saloon. She is listening to the music with her earphone at the moment. After thinking about it, she takes an earplug and hands it to the man beside her.

Wen Liangyao was slightly stunned, but did not refuse. When she came in, a pleasant song came in.

Xing YINUO asked with a smile, squinting her eyes, "is it nice?"

Wen Liangyao blinked, saying that it was pleasant. Xing YINUO moved his position and sat closer to him.

At this time, the driver is climbing a curved slope, and the steering wheel suddenly turns. Xing YINUO's body is unstable, and he directly and severely throws it into Wen Liangyao's arms. Wen Liangyao's arm immediately hugs her to prevent her from falling.

Xing YINUO's face directly bumped into Wen Liangyao's chest and embarrassed her big red face. However, she could not be buried in his arms with this turning force that had not stopped.

Wen Liangyao lowers his head and looks at the girl buried in his arms. His body is slightly taut.

At this time, the driver drove on a smooth road again. Wen Liangyao reached out to gently hold her shoulder and helped her to sit well. "Are you ok! "

" I I'm a little dizzy. " Xing YINUO pretends to hold her forehead. In fact, she's embarrassed. If she doesn't pretend to be dizzy, then just now she's buried in his arms for such a long time, she can't say it!

Wen Liangyao was serious. He took her in his arms and said, "how do you feel better?"

Xing YINUO immediately leaned on a comfortable position in his arms, bent his eyebrows and smiled, "it would be better."

Wen Liangyao just like holding a child, holding her thin shoulder, let her lie flat and close her eyes to rest.

Wen Liangyao put one of her earplugs back into her ear.

Xing Yinuo opens a pair of bright black eyes, and looks at him so determinedly. Wen Liangyao looks out of the window. He knows that the girl in his arms is looking at him, and he pretends not to see.

From the bottom to the top, this man is also very handsome. His jaw line is beautiful. It stretches into the white T-shirt. Xing Yinuo's eyes reflect a little sunshine, and the color of adoration.

"Here you are, sir and miss. You can buy tickets to the temple from here." The driver stopped and spoke.

"Thank you." Wen Liangyao made a sound, reached out and picked up Xing Yinuo, who was lying in his arms. "Let's get out of the car!"

Xing Yinuo is not dizzy at the moment. She picks up her shoulders and backs and gets out of the car. Wen Liangyao goes to buy two tickets next to her first. Two people check in.

Because this area is not a popular scenic spot, there are not many tourists, most of them are pilgrims who come to pray for gods and Buddhas.

Walking all the way from the side, Xing Yinuo met several places for the gods and Buddhas. Xing Yinuo knelt on the worship mat devoutly with his hands together. At this time, beside her, Wen Liangyao was just like her, with his hands together. Xing Yinuo turns his head and looks at his handsome side face. Every line is full of ascetic breath. Xing Yinuo's heart throb is very strong.

"Pay attention to the Buddha." Wen Liangyao didn't even open his eyes, but he knew she didn't pay attention.

Xing Yinuo's pretty face is a little red, so she has to concentrate on reciting her wishes in the bottom of her heart, which is still her most urgent desire.

Then she said goodbye.

On the way, Xing Yinuo didn't miss a god statue. In front of each god statue, she sincerely promised her wishes. Sometimes, Wen Liangyao would accompany her to go in. Sometimes, he stood outside the door and silently watched her worship.

When Xing Yinuo jumped down the steps after the last divine appearance, he smiled at the man in front and asked, "I only made one wish here, guess what?"

"If you say it, it won't work." Wen Liangyao looks at it carefully.

"Then I'll tell you! My wish is the wish I wrote on the little wooden card, but I said, you are not allowed to peek! " Xing Yinuo stared at him seriously.

Wen Liangyao's eyes flashed a complex color. He hooked his lips and chuckled, "OK, I won't see it."

Xing Yinuo is really not interested in seeing him. She can't help but say, "I didn't tell you as long as I knew."

They played under the town for a while. In the afternoon, they took a taxi back to the hotel. Sushi just came back from a scene.

"Sister Susie, where are you going to shoot tomorrow! I want to go with you. " Xing Yinuo listened curiously.

Chapter 489

"Tomorrow, I'll go to the woods and shoot the diaoya." Suzy said with a smile, after a few days' rest, she still has several scenes of Weiya, which must be finished.

"I'll go with you tomorrow."

"Good! However, I have to go to make up earlier. Later, you can let Liangyao drive you there. " Suzy said, thinking of something, went back to the room and brought her a bottle of sunscreen. "When you go out, remember to apply this sunscreen, and don't Tan yourself."

"Well! Thank you, sister-in-law. " Xing Yinuo accepted it gratefully.

At this time, a staff member came over from the elevator. It was Liu Chao who was in charge of Weiya. His respectful name was Suxi. "Sister Suxi, are you sure you want to shoot Weiya tomorrow? Would you like to rest for a few more days? "

"Yes, I told the director to shoot tomorrow."

"OK! Then I'll do some preparation today. " Liu Chao finished, turning around, his face tense, do not know is nervous, or a sigh of relief.

At night.

Suzy came out of the bath and wenlichen said to her, "go to bed."

Susie's pretty face was a little red. "What are you doing?"

Wen lichen hooked his lips and smiled, "give you a massage on your waist. I've asked someone to bring a kind of medicine specially, which can relieve skin pressure. I'll use it for you."

Sushi is lying on the bed. Behind her, with a cool smell of medicine in her hands, she slowly rubs her waist. It's really comfortable.

After more than 20 minutes of massage, she felt that a hot kiss on her shoulder was no longer a man's palm.

"Well?" Susie sleepily turned around, and the man smiled and touched her head. "Go to sleep! Don't touch you tonight. "

"Why?"

"Because I'm afraid your waist can't stand it. I'll wait for you to finish the film of wiya."

Wenlichen's eyes showed restraint. Obviously, she was already very sad, but she forbear for her tomorrow's play.

Susie had been a bit of a dreamy sleeper. At this moment, when she heard his words, she could finally sleep at ease, "Hmm!"

Wen lichen bent his lips and smiled. He stole another kiss on her side face to console himself.

Early morning.

The staff often arrive at the scene as early as possible to arrange the scene, and some group performances also come. Sushi arrived around 8 o'clock. When sushi put on makeup, Wen lichen still inspected the scene more carefully than the director.

He went to the machine of diaowia and said to Liu Chao, the person in charge, "has this been checked carefully? No problem! "

Liu Chao's face tightened for a while, then he nodded, "don't worry! Mr. Wen, no problem. "

"Have you checked it yourself?" Wen lichen stared at him and asked again.

At this time, a staff member nearby said, "yes! When I came here in the morning, I saw brother Liu checking himself. There was absolutely no problem. "

Liu Chao took a nervous look at the talking staff and said, "work hard and talk less."

Wen lichen nodded and walked to another place. Behind him, Liu Chao felt a cold sweat on his forehead. In fact, his back was already wet with sweat.

Especially in the face of Wen lichen's fierce questioning eyes just now, he felt his legs were soft.

Wen lichen said to the staff on the side, "when sushi is hanging Weiya for a while, all the floor should be covered with Shanghai cotton, which should never be ignored."

"OK! We will be responsible for this. "

For this time's staff, their workload is obviously larger than before, and they have no chance to be lazy, because Wen lichen is very interested in every play of sushi, and he will never tire of asking for any equipment in person.

He is the big boss of entertainment circle. Everyone is begging for a living under him. Who dares not to obey the orders of the big boss?

Suxi put on her make-up. She was dressed in white and ancient clothes. Her make-up was elegant and fresh.

It's a play of her own, so the leading actor is not there.

In the parking lot not far away, Xing Yinuo finally came here. She was surrounded by the group performance and looked at Suxi with good make-up. Her envy overflowed in her eyes. She really looked forward to the career of actress.

After the director arranged the position of the group performance, sushi next to her began to prepare to hang Weiya. The staff skillfully tied a waist pad to her waist, and then fastened the rope.

This time, sushi was shot as a flying play. In order to perform the power of the protagonist in the play, sushi was flying higher and higher.

The director made an OK gesture. The staff nearby clapped the recording board immediately and made a clear sound. Su Xi's figure immediately slowly opened his arms. The white long skirt was like a fairy in the wind.

Sushi first had an opponent's play with several villains on the ground, and then, when she was hanging in Weiya, she stepped on several villains' shoulders continuously, and then performed the effect of flying.

Wen lichen's figure is avoiding the nearest part of the camera. His eyes are on his wife. His eyes are full of worries and his brows are tight. Sushi was in the middle of the air. There was a turning play. However, just when she turned over, the steel wire on her waist actually loosened. Sushi was shocked. The next second, the steel wire on both sides of her body made a crash.

It's broken.

At this time, sushi was already two meters high. She gave a cry of surprise. Next second, her body fell heavily.

When everyone was scared crazy, I saw a figure rush to the direction of her landing and open her arms. When Susie landed heavily as if weightless, the man's arms held her tightly, and the man's back fell heavily on the ground covered with a layer of sponge.

In a few seconds of fright, when a pair of arms tightly held her, her heart had a greater fright. She was afraid of her weight hitting him. At this moment, she felt the vibration of holding his man and falling his back to the ground.

"Brother..." Wen Liangyao pulls out the crowd and rushes over.

"President Wen, sister su..."

Although sushi fell from a distance of more than two meters, she was shocked, but her body was not damaged. Her body was tightly wrapped in the arms of the man, avoiding all the impact of gravity.

And Wen lichen, who was under her body, bore all the impact for her.

"Li Chen..." Sushi's eyes looked at the man under her body in panic and worry, and she was ready to prop up.

But the man's healthy arm still tightly hugs her, his eyeground is stoic painful feeling, toward her dumb voice to ask, "have hurt?"

"I didn't! what about you? How are you doing? " With that, sushi earned his arms and knelt down on the ground to look at him.

"I'm fine!" Wen lichen said so in his mouth, but his back was still hurt by the heavy impact he had just had.

One of his ribs is broken.

Chapter 490

There was some confusion at the scene. Wen lichen was sent to the ambulance to the hospital. Sushi couldn't even take off her costume. Her assistant Xiaomi followed.

Naturally, Wen Liangyao wants to accompany his eldest brother to the hospital at the first time. When he is ready to get on the bus, Wen lichen holds his shoulder and whispers in his ear, "you stay at the scene and show me who moved his hands and feet to kill Susie."

Wen Liangyao looked at his brother's eyes and nodded, "OK, I'll stay in the hospital and call. I want to know about you."

"Don't worry, you can't die." Wen lichen calmly responded, and the black business car drove out of the shooting scene, straight to the direction of the hospital.

Just now, the scene was too chaotic and there were too many people. Xing Yinuo didn't get close to them several times. At this moment, she hurriedly went to Wen Liangyao's side, and a small face was also scared white. "How about brother Li Chen? Is it serious? "

"It should be OK, Yi Nuo. Go to my car and wait for me. Without my permission, you must not get off the car and lock the door." Wen Liangyao's eyes seem calm, but in fact they are full of cold.

Xing Yinuo blinks, but listens to his car. She looks back at him. She sits in his car and locks it. Through the window, she tries to look at Wen Liangyao's figure, fearing that something will happen to him.

Just now, it's obvious that something happened to sushi.

When Wen Liangyao came to the side of Weiya, he saw that the director was sending people to check here. He shouted angrily, "how do you do things? How come such a big accident has not been budgeted in advance? Do you have dry food? "

After scolding, the director turned to see Wen Liangyao and immediately changed his face. He said, "I'm sorry, second master Wen. I can't deal with you and Suxi. I'll check this out and give you an explanation."

Wen Liangyao's face was usually warm and moist, and now it was gloomy. He said in a deep voice, "now check it, I want to know what the cause of the rope breaking is."

At this time, Liu Chao immediately explained, "second young master Wen, I just checked that the rope hasn't been changed for a long time. In addition, when Susie was doing the action just now, she may have too much force, which caused the rope to break suddenly."

For Liu Chao's sudden conclusion, Wen Liangyao's heart was a little surprised. Just now it was only a short time, and even the time to climb up and check the broken rope was not enough. Liu Chao

was so quick to make a conclusion, and he said the reason was so certain, obviously there was a problem.

Wen Liangyao remained calm and pretended to be angry. "That's the rope. Why don't you change it earlier?"

"No! When we just joined the group, we had a new rope! " One employee immediately remembered and said.

Liu Chao's eyes turned and glared at him, "it must be that you stole the materials and picked the defective ones. Maybe when you picked the rope, you picked one that had a problem."

"But But the supplier is our old customer, and there has been no problem! "

At a glance, the director thinks that the problem will be counted on their crew. He really doesn't want to let Wen Liangyao listen to it. He snapped, "don't hurry to replace the rope and replace it with a new one. If something happens to Wen, you all have to take responsibility."

This sentence made the staff on one side shrink their necks, obviously very scared. Wen Liangyao's eyes swept Liu Chao without trace. Liu Chao seemed to be more calm than those scared to death. He said seriously to the director, "director, I will definitely find out this matter and give the crew an explanation."

"Good! I'll leave it to you to check. You're the person in charge. You take care of all the things up and down. If something like this happens, you have the biggest responsibility. "

"I know that the next time I buy anything back, I will go through the purpose one by one, and I will never allow any defective products to enter our crew." Liu Chao has a very responsible attitude.

The director turned to Wen Liangyao and said, "master Wen, we really can handle this. Would you like to go to the hospital?"

"No, my eldest brother should be OK." Wen Liangyao said, when a group of staff turned around to do something, he turned around and watched Liu Chao take two people to the other side. He stopped the employee who had just talked a lot.

"Hello, I'd like to know who's doing the Weiya rope check?"

"I used to be brother Mori, but yesterday brother Mori had something not to do, that is, we super brother was doing it, who knows, unexpectedly met the suppliers without conscience." The employees were angry and classified it as having no suppliers.

"Is it? Your super brother is in charge, so he must have checked it very carefully. "

"No, it's just that the surface of the rope is not obvious. Brother Chao began to check the rope on the spot last night. In the morning, he checked it carefully again. There is no problem at all."

In Wen Liangyao's heart, there is probably an answer. If this is an accident, the person who made the accident must be the one who can touch the ropes in person. Wen Liangyao's eyes look at the nearby staff and take the broken rope down. He saw Liu Chao catch the broken rope in his hand very quickly, then put it into a bag and throw it to the employee beside him. It seemed that he was asked to throw it away. The employee was stunned for a few seconds. Liu Chao gave him a look and asked him to do things quickly.

The employee carried the bag to the direction of a trash can. Wen Liangyao saw it not far away. Wen Lichen left a bodyguard here. He went over to the bodyguard and said, "go to the trash can and check the bag rope back while people are not paying attention."

"OK! Second young master. " The bodyguard nodded in response.

Wen Liangyao takes a look at him and decides to attract Liu Chao's group's attention, so that the bodyguard can take advantage of it. When he goes to Liu Chao's direction, Liu Chao and his men are putting new ropes.

When Wen Liangyao came over, he was still tugging at it with great care, as if checking the strength of the rope carefully.

"There should be no problem with this rope, second young master." Liu Chao said to him.

Wen Liangyao looks at the rope. It's really very strong. Although it's not very thick, it's absolutely safe. But even if it's such a safe rope, two pieces of rope will break together. How can he believe that it's not artificial?

In the hospital.

Sushi was worried all the way. When she sent Wen lichen to the examination room, her heart was still hanging. She seemed to be faintly bumping into him. She heard something shaking on him, like the sound of bones.
