Chapter 491

Half an hour later, Wen lichen came out with his upper body bare, but he wrapped a circle of gauze from his back to his chest. One of his flank bones was crushed and fractured, which was not serious. He had already done a good job, only to be healed.

In the ward, sushi, with the help of Xiaomi, took off her costume and hair cover. She sat in front of the bed and looked at the man half reclining on the bed. Her eyes were full of heartache and remorse, and tears were swirling.

"Well, I'll be relieved if you're OK. What's going on? What do you want me to do?" Wen lichen gently stroked a tear from her eyes. "In my heart, nothing is more important than your safety."

"I'd rather be hurt." Susie looked at him, only hating herself for falling.

Wen Li Chen's hand gently touched her red lips, and some angry way, "don't say anything, do anything for you, I am willing."

"How can the rope break? It's all good before, and it's safe that I've done so many years of acting. " Susie shook her head and couldn't believe it would happen.

Wen lichen's eyes narrowed. "I will definitely investigate this matter thoroughly. I want to see who dares to hurt you under my eyes."

"You Do you think I was deliberately harmed? " Sushi's thoughts all along the way were focused on his injury, and there was no spare time to think about it.

"It's not impossible. I'll leave Liang Yao to investigate on the spot. We must find out." Wen lichen was really afraid. Fortunately, the rope broke when it was more than two meters high. If it was higher, he could not imagine the consequences. If he stood a little farther.

So, Susie will fall heavily, even if the ground is padded with sponge pads, the distance is too high, and she will be seriously injured.

Fortunately, he protected her and made her safe.

Wen lichen calls Wen Liangyao. Wen Liangyao is still at the scene. It's said that he broke a flank bone. There is no other injury. He's relieved. As for the rope, Wen Liangyao decides to go back and tell him.

Xing Yinuo is sitting in the car, and she is also afraid. Her eyes never leave Wen Liangyao. Fortunately, nothing else happens on the scene. Wen Liangyao, after many inquiries, suspects that Liu Chao is locked in the picture.

From Liu Chao's words, deeds and eyes, he showed his different performance in this matter. He was more calm, and easily put the responsibility on the supplier, and also dealt with the broken rope very quickly, showing his serious and responsible side.

Wen Liangyao also knew from other employees that Liu Chao was the only one who had touched the rope from last night to this morning. He checked everything and no one else intervened.

So the target is the most suspicious.

However, Wen Liangyao really can't figure out why the staff of a theatre group wanted to harm sushi. Does sushi hate him? This can only be confirmed by going back to the hotel.

As a result of this incident, the director also asked all the staff today to finish work early and go back to wait for Wen lichen's instruction. This incident also made him frightened. This incident happened to other actors. If the injury is not serious, it's easy to explain.

But it happened to sushi. How do you think about it? I feel like I'm sweating on my back.

Wen Liangyao sits in the car, Xing Yinuo's hands hold his arm, "brother Liangyao, what's the matter?"

Wen Liangyao smiled gently and clapped her hand comfortingly. "It's just an accident. Don't worry. We are going back to the hotel now. My brother has gone back."

"Is brother Li Chen OK?"

"Nothing serious." After Wen Liangyao finished, he started the car and patted her hand again.
"Don't worry."

Xing Yinuo was young and saw the scene with his own eyes. He was really worried that she would be afraid.

When Wen Liangyao's car returned to the hotel, he directly asked Xing Yinuo to go back to his room, and he came to Wen lichen's room alone, in which only Su Xi was there.

Wen Liangyao sat down and looked at big brother with gauze tied to his chest. He could not help biting his teeth and saying, "we must let those who start pay the price."

"How are you doing? Is there a cable? " Wen lichen looked at him.

"One of the staff is very suspicious. Liu Chao, the person in charge of Weiya this time, I have a hunch that this matter has something to do with him." Wen Liangyao's very positive conclusion.

Su Xi can't help being surprised, "Liu Chao? How could it be him? Why did he hurt me? "

"Sister in law, have you ever had any relationship with him before?" Wen Liangyao looks at it mildly.

Sushi thought carefully and shook his head. "There is almost no intersection between him and me. Where did we have the festival? In the group play, I usually smile and say hello. I really can't figure out where I would offend him. "

"Maybe it's not as simple as we think, maybe it's not Liu Chao who wants to hurt sushi, or maybe someone behind him," said Wen

"Brother, do you mean that Liu Chao was ordered to harm his sister-in-law? Who would harm his sister-in-law in such a bad way? If Weiya hangs higher, her sister-in-law will be in real danger. " Wen Liangyao clenched his fist and felt extremely angry. Sushi bit her teeth and guessed, "it's not impossible. After I married your brother, the number of people who are jealous of me in the entertainment circle is not clear. However, the most suspicious person who wants to harm me is my two former enemies."

Wen lichen looked at her. "Who is it?"

"One is Huang Xiangyao, the other is Ye Lala. Before, we fought for advertisements and robbed resources. It can be said that we had a very big tie." Two ugly faces flashed through Susie's head.

"I must find out who dares to hurt you, and I will make them pay ten times the price." Wen lichen clenches his steel teeth.

Liu Chao is hiding in the room now. He could have let Suxi fall. He didn't know that Wen lichen was the one who was injured. It didn't achieve the effect he wanted.

Ye Lala and Huang Xiangyao pay to see Su Xi injured, Liu Chao grabbing his hair and sitting in bed. He really regrets taking over the business. Now, he feels that this matter is not over, even if he shows a very calm manner on the spot today.

But will Wen lichen let it go so easily? As long as the investigation goes on, those employees will clear up the relationship one by one, and then they will find out about him sooner or later.

No, he still has to bite his teeth. It's the supplier's fault.

He couldn't think of any other way to answer for it.

Chapter 492

Su Xi prompts Wen lichen to call assistant Wang Rui. He needs Wang Rui to check the recent travel records of Huang Xiangyao and ye Lala immediately.

"Liang Yao, don't tell the family about this for the moment. I don't want my parents to worry about it." Wen lichen told his brother.

"Well! Even if you're not in any way, I won't talk about it. It's just inevitable that someone will spread it out. When I see it, my parents will still know. "

"It's OK. I'll explain it then!" Wen lichen had just taken the potion, and now he was a little tired.

Su Xi said to Wen Liangyao, "this time, Xiao Nuo must be scared. Go to accompany her first! I'll take care of your brother. "

"OK, call me if you need anything." Wen Liangyao gets up and leaves.

Wen lichen's eyes looked at Susie with a little fear, reached out and held her hand. "You know the second you fell, my heart was almost stopped."

Sushi also clenched his hand and smiled bitterly. "When I fell, I didn't react, but when I pressed you under my body, I was scared to death."

Wen Li Chen's face was instantly angry. "When I find out who it is, I will not let them go."

"I know Liu Chao is still single. I heard from other employees in private that he is usually fond of gambling. If he really wants to hurt me, it must be to his advantage. Otherwise, he doesn't have to do so." Sushi analyzed that she was more inclined to have someone behind Liu Chao who was plotting against her.

Wen lichen clenched his teeth and narrowed his eyes. He must thoroughly investigate this matter.

Wen Liangyao knocks on Xing Yinuo's door. Xing Yinuo is surfing the Internet. I didn't expect that this incident will be spread to the Internet so soon. Although no one has taken the picture of Su Xi falling at that moment, the flustered crew picture is still exposed on the Internet.

There were so many group performances at that time, and this kind of information could not be covered.

Hearing the knock on the door, Xing Yinuo was immediately shocked. She hurried to the door and saw the people outside through the cat's eyes. She was very happy and opened the door. "Brother Liangyao, come here quickly. This matter has spread to the Internet."

Wen Liangyao walked into the door and closed it, watching her sitting on the sofa with a pink notebook.

"You see, it's nonsense to say that sister Susie is seriously injured." Xing Yinuo said angrily.

Wen Liangyao is no longer surprised by the amount of money making topics in the bad media. He reassures, "Xiao Nuo, don't take the time to watch them. Some people just like to make them up." Wen Liangyao sat beside her and looked at her seriously. "Are you scared?"

Wen Yinuo blinked. She wanted to shake her head stronger, but she still nodded honestly, "I'm scared."

"There's a risk in acting. Do you want to be an actor?" Wen Liangyao is really worried. In the future, the girl will go on the path of actors. To be honest, he really doesn't agree with her.

Xing Yinuo's long eyelashes fluttered twice, as if she really thought about it seriously. She nodded and replied seriously, "I think every industry has risks, right? I can't flinch because of the risk! "

Wen Liangyao sighed a little, and some of them put their hands around her pretty nose. "I'll talk about it when you grow up. Now I'm good at school."

"Well!" Xing Yinuo frowned and smiled, "brother Liang Yao, no matter what I do, you won't object!"

Looking at this beautiful smile under his eyes, where can Wen Liangyao refuse it? There is a touch of warmth in his eyebrows. He has no answer, but it is the default.

This time, the incident has been seriously fermented. Now the employees are discussing it privately. The voice of caring about sushi is also on the Internet. The fans are all worried. Sushi calls Annie's studio to make a statement to appease them.

Liu Chao is in the room. Suddenly his cell phone rings, which makes him fidgety immediately. He picks up his cell phone and looks at the number. Then he picks it up.

"Hello! Ye Jie. "

"I just saw the news on the Internet. It's all blown up. How is Susie hurt? Do you have a broken hand or foot? " The voice of Ye Lala's questioning came in a hurry.

"Elder sister ye, listen to me. I don't want your five million yuan. I only need these one million yuan as my labor cost for doing this. Don't call me. If we are caught, we will all suffer."

"How about Susie, I ask you? Is she hurt or dead? " What ye Lala cares about most is the result.

"Sister Su fell from Weiya, but she was not hurt. Her husband Wen lichen caught her. However, it is said that President Wen was injured and went to the hospital."

"What? Susie's OK. Is wenlichen hurt? " Ye Lala asked in shock.

"Yes, elder sister ye, can we wait for the wind to pass and talk? In short, now I feel that things are not good. Wen lichen will definitely check this matter. I don't want to bear this accusation! "

"Liu Chao, that one million yuan is mine. You can keep it secret for us. You can't tell us about it. Otherwise, it will look good to you.""Sister ye, how dare I!"

"It's such a mess. I can't do this well." Before ye Lala hung up the phone, she also scolded.

Liu Chao dare to be angry at the moment and dare not speak. Who let him accept their money in a cheap way?

In the room, Wen lichen's cell phone rang, and his assistant Wang Rui reached for it. "Hello, have you found it?"

"Boss, I found out that ye Lala and Huang Xiangyao did arrive in downtown s a week ago and stayed in a five-star hotel. I checked it carefully again. They went out together for three hours. After only one day's stay, the plane returned to city a that night."

Wen lichen's face flashed murderous. Sure enough, the two suspected women had been here. It seems that Liu Chao met them in private and was instructed to do it.

Now, even if it's just suspicion, we can't grasp the handle of these two women. Even if we know their secret instructions, now the key figure is Liu Chao.

Although with his right, the two women could immediately get out of the entertainment circle and be hidden forever, their crimes would not be punished, which was not what he wanted.

As long as we find out that they are directing the operation behind their back, the best punishment is to prosecute them for convulsive homicide and let them pay their due price.

Susie went to Annie's room just now. Annie didn't go to the hotel. Hearing this, she was also frightened. Now, she is comforting a group of fans with her studio account.

Susie just sat for a while, then went back to her room and wenlichen's room. At the moment, wenlichen was sitting on the sofa, reflecting.

Chapter 493

"What's the matter?" Sushi came to him worried.

"It's OK. Just now, Wang Rui called and found out that ye Lala and Huang Xiangyao had been to s city a week ago."

"They are." There was a flash of anger in Susie's eyes, and her suspicions came true.

"Nine times out of ten, they instructed Liu Chao behind their back. Now, we need evidence to prosecute their crimes. If we just run over them at work, it's not the best punishment at all."

"Then what do you want to do?"

"I want to find a breakthrough in this matter. I want to find out Liu Chao first, let Liu Chao expose their crimes, and prosecute them with convulsive murder."

Sushi also thinks that this is the best punishment. They have violated the law, and only the law can hit them back.

Wen lichen called Wen Liangyao, went to the police station for record, and handed over the broken rope as evidence to the traffic police station.

The police immediately paid attention to this matter, and set up a special team to collect more evidence, and began to question and record the crew members.

Liu Chao has been in the room all the time. He thought that this matter would be over only if it was solved in the crew. However, when it was not the crew members who knocked at his door, but two serious police officers, he had a premonition of the seriousness of the matter.

"Liu Chao, please come back to the police station with us."

Liu Chao's eyes flashed a flurry. Under the forced calm, he nodded and followed the police out of the hotel.

Liu Chao's heart is still killing the supplier. However, when the police put the broken rope in front of him and questioned him again, Liu Chao's eyes were flustered. However, he had nothing to do with him.

"According to the records, this rope is a new rope purchased when your crew just joined the group. The structure and materials of this rope are not easy to tear even if it is used for the first half of the year. What's more, after inspection, the broken rope is man-made damage. Several load-bearing knots in the center have been cut and sawed by a knife. The surface can't be seen, but the core is empty."

"Hum! I don't know. So many people have touched these machines at the scene. Why do you suspect it's me? " Liu Chao immediately had a face that he didn't admit. At this time, the more guilty he was, the more excuses he would find.

"It's true that there are six people under you, but all six have confessed that you are the only one who has been touched since last night to this morning."

"Hum! It doesn't mean they haven't touched before. Besides, I'm in charge. What's the good for me when I do this? Something's wrong. I'll do it? I will harm myself? "

"Have you met Huang Xiangyao and ye Lala recently?" The police are going to break his line step by step.

Liu Chao's expression quickly changed and he recovered his composure. "This is the actress I worked with before. Even if I met them, there is no problem! It's normal for people like us to meet actors. "

"Can you tell me something about meeting these two actresses in the cafe No. 4?"

"This is a trade secret, which cannot be disclosed." Liu Chao snorted. At the moment, he didn't panic. Anyway, if the police can't get his evidence, he won't have an accident. He won't lose the job.

Now, this matter has been seriously upgraded to prison. Of course, he has to do his best to protect himself.

At the same time, in city a, Huang Xiangyao and ye Lala were also taken away by the police in their residences and studios.

Because before two people all passed the gas, in the police's trial and training, two people also very calmly confessed to go to s city.

The consistent determination is to talk about work. At the moment, the two people are also aware of the seriousness of this matter.

But the police's intervention also scared them.

In the hotel, Wen lichen received a response from the police and is trying to investigate. However, because the evidence is not in place, he can only release people now.

Liu Chao is very careful in this matter, so it's not easy to find his secret for a while.

However, after the negotiation between the police and Wen lichen, they did not rush to grasp Liu Chao's handle. With their in-depth understanding of Liu Chao, Liu Chao had a lot of debts in his hand, and his heart was weak. If he had no money, he would certainly threaten Ye Lala and her.

Wen also understands that it will take time for the police to grasp the evidence. Liu Chao will follow up the follow-up investigation on this matter. However, if the three men are not sent to prison, he will never give up.

Even if they can't be sent to prison, their future life will be doomed.

As a result of the accident, the director and Wen lichen discussed a suspension of work for a month, so that Wen lichen could be cured before shooting.

At this time, sushi didn't want to make a film. Now she just wants to take care of him and help him recover. On the afternoon of the third day, Wen lichen's private plane flew to city A.

Although Liu Chao is temporarily out of suspicion, he doesn't feel a trace of joy. On the contrary, he knows that it will be difficult for him to do anything in the future. Wen lichen has already suspected that he can't eat this kind of food in the future. But now, it's his debt time. If he doesn't have a stable job, he still has no way to go. The million in his hand is not enough for him. He has to plan for the next few years.

Sure enough, Liu Chao made up the idea of Ye Lala and Huang Xiangyao, that is to say, this matter is tied together. He is not afraid of wearing shoes barefoot, so he decided to ask these two for the next living expenses.

Otherwise, he would go to the police and turn himself in and drag them in. When the time comes, no one would be better off.

When people are in desperate situation, everything can be done. After leaving the organization, Liu Chao also went directly to city a, but his creditors came to the door that afternoon, took away the one million in his hand temporarily, and warned him that he had better pay back the other one million within one week, otherwise, he would look good.

After Liu Chao sent the creditor away, he had no money. He picked up the phone and dialed Ye Lala's cell phone.

"Liu Chao, didn't he say that? Don't disturb me any more. " Ye Lala's voice was disgusting.

"Elder sister ye, you can't fail to say the six million you said before! I'm waiting for the other five million of you to pay me. "

"What? Liu Chao, you threaten me! " Ye Lala said angrily.

"Yes, I'm threatening you. I'm being stared at by Wen lichen now. Do you think I'll be better in the future? It's my misfortune to offend him, but I can't help but live! I've protected both of you. Should you also give me some benefits? "

Chapter 494

In the private hospital of a city, Wen lichen had a check-up and recovered very well. Only for a month, don't do gravity work.

Wen lichen behaved as usual, dressed in a shirt, and seemed to have nothing to worry about. When they returned to the villa, the two elders also saw the news on the Internet and came to visit the event. Wen lichen said nothing to worry about.

Looking at their son and daughter-in-law standing in front of them intact, they were relieved.

In the evening, she came back from Wen's family after eating. When she got off the bus, Suxi held the man by her side painfully and looked at him in front of her family. She looked at him as if he was in good condition. In her eyes, she felt heartache as well as heartache.

"I'm really fine." Wen lichen smiled and held her hand. He didn't want her to blame herself too much.

"You can't cheat your parents, you can't cheat me," said the doctor. "It's very painful." Susie is still holding his arm stubbornly.

Wen lichen let her do something, maybe, let her do something, will reduce her inner feelings.

Xing Yinuo has also returned to Xing's house. One thing is pressing on her mind. In another half month, Xing's family will move abroad. At that time, she wants to see Wen Liangyao. She can only use her mobile phone or video.

That night, Xing Yinuo thought that Wen Liangyao's next job was to create a script, which made her want to try his job and write something.

She sat in front of the computer, trying to make her brain come up with some interesting stories.

However, thinking about it, she found that her brain was not easy to use, but there was something in her heart that she really wanted to write, which she usually couldn't express.

It is the careful thought that she has been hiding in the bottom of her heart. She has a secret love for a man. Xing Yinuo bit her lips. She chuckled, so write a diary!

When do you start writing? Then write from the first time you see him!

It doesn't need much thought to write his own story, but it can be written out. Because that feeling is in the bottom of his heart, lingering in his heart, can't speak out, can't tell to others, so Xing Yinuo's feelings are very rich through the words.

Time is moving unconsciously. She wrote two thousand words in a flash. This is a secret love story. The heroine of the story is her, and the heroine is Wen Liangyao.

Xing Yinuo was very sleepy when she went out for a trip, but she continued to write, write and write with sleepiness! When she wrote about the day to hang the key, she wrote between the lines with a smile.

"If this wooden card is really opened, has Buddha nature, and can realize people's wishes, I really hope that my wishes can also be realized. Wen Liangyao, I love you, will you also love me? When can you understand my heart? Now, you are the only one in my heart, eyes, mind, eyes and thoughts. I really hope you know my feelings for you. I hope you can respond to me, and you can give me an answer... "

At this point, Xing Yinuo's eyelids can't be opened a little. She made a ha ha. At this time, she wrote on the bed. Relying on the soft pillow, she couldn't tell the dream and reality by squinting her eyes. She was so tired like a child that she fell asleep.

When Jiang LAN went downstairs to pour water to drink, she saw that the light in her daughter's room was still on. Now it's midnight. Why hasn't she slept?

Jiang LAN went around to her room door. She gently unscrewed the gate and looked at the scene inside.

When she saw Xing Yinuo fall asleep, but she didn't even turn off the light, she shook her head a little angrily, walked to the bed, and looked at the open hand-held head on the side. Her heart was funny, and her study didn't show that she was so serious. She even played computer until midnight.

Jiang LAN picked up the computer and inadvertently pressed the key. The dormant screen lit up. She couldn't help looking at what games her daughter was playing.

However, what appears is a document, and the same thing is written on it.

Is this girl busy writing composition?

Jiang LAN couldn't help but look at the words carefully. However, she just looked at a few lines. Her head exploded, and a shock of blood rushed up from her chest. What? My daughter even keeps a diary?

In addition, in the diary, he openly said that he liked Wen Liangyao?

Jiang LAN never knew that her daughter had early love. At the moment, she had to pay attention to it. Did her daughter have early love?

And the right person in love is Wen Liangyao?

Jiang LAN took a look at her sleeping daughter. She put the computer away and went out.

She didn't drink any more water. She called her husband in the room. The two husband and wife read their daughter's two thousand word affectionate diary together. After reading it, both husband and wife were silent.

For a long time, neither of them spoke.

Jiang Lan said first, "ah! Why didn't you find the girl's mind? What a big one! It's early love! "

"Liang Yao is a good child. Looking at Yinuo's diary, Liang Yao should not have expressed anything to her, but this little girl is secretly in love and thinking." "Not really? My face is red. How can I face Liang Yao in the future? " Jiang LAN felt very worried, "my daughter will have several years of education in the future. If she doesn't want to study, it will be over. She didn't get good grades."

"Then what do you say?" Xing Zhengting has no experience in such matters.

"I don't think the solution is No. for her sake, some actions should be taken. I will talk to Liang Yao tomorrow, so that he can avoid making some misunderstandings in the future and put an end to her secret love for him." Jiang LAN had to deal with her daughter mercilessly.

In short, now let her daughter fall in love, is to harm her, we must stop her immature emotional development as soon as possible.

"All right! You have to deal with this matter. First, send the computer back. Don't let Xiao Nuo find out that we read her diary. She will be embarrassed. "

"Well, let's not say it as if it hadn't happened." Jiang LAN agrees.

She went back to Xing YINUO's room, turned on the computer, pretended that she was tired to sleep, and turned off the light to go out.

Standing at the door, she could not help sighing.

The next morning, Xing YINUO opened her eyes and saw that the computer was still by her side. She was shocked and quickly closed the computer. Then, she secretly looked at the diary and kept it in a document.

However, she did not know that she was secretly in love with Wen Liangyao, which could not be concealed.

In the morning, Jiang LAN and his wife behaved as usual. After dinner, Jiang LAN asked Mrs. Wen to have afternoon tea with her. She asked Mrs. Wen to ask her to come out together. She wanted to discuss something with him.

Mrs. Wen agreed.

Chapter 495

In the afternoon tea restaurant, Jiang LAN and his wife, Ye Yajun, had a drink of afternoon tea. At this time, Wen Liangyao had something to do and had not come.

It's been more than half an hour since the two drank, and Wen Liangyao's figure came from the direction of the hall. Today, he wore a simple white shirt with Black Slim trousers, which was

simple but cool and handsome. When Jiang LAN looked at him, he could understand why his daughter liked him.

Wen Liangyao can be said that she was also a child who was growing up. He was clever when he was a child, and after growing up, he made outstanding achievements. He has always been the pride in the eyes of his parents. His character is as warm as jade, and he is the kind of big boy that girls like.

"Mom, aunt Jiang." Wen Liangyao sat beside his mother with a smile.

Ye Yajun pushed a cup in front of him, "drink some water! Did you catch up with the script late last night? You are not allowed to stay up late. "

"I see." Wen Liangyao chuckles like a good kid.

"Eh! Yajun, didn't you just say something? I'd like to talk to Liang Yao alone later. " Jiang LAN asked Mrs. Wen.

Mrs. Wen understood immediately. It seemed that Jiang LAN had some private affairs to talk to her son. She smiled and said, "yes, I just had an appointment. I'm going to go there now. Liang Yao, please accompany aunt Jiang. I'll leave first."

"OK! Mom, slow down. " Wen Liangyao gets up and takes his mother out of the coffee shop. He folds back.

Although Wen Liangyao couldn't guess what Jiang LAN wanted from him, he expected that it must have something to do with Xing YINUO.

"Aunt Jiang, if you have anything to say, just say it!" Wen Liangyao said with a smile. He looked at it with surprise, as if aunt Jiang was still nervous.

Jiang Lan said really, she is really not good at saying such things, she thought for a while, "Liang Yao, these months, I really thank you for your guidance and education to YINUO, because of your help, she made great progress in this exam."

"It's also a promise to study hard. I just helped from the side." Wen Liangyao dare not take credit.

"Of course, a large part of the reason is that you have made great efforts to make Yinuo have such achievements. Now, she is going abroad, and our family will move abroad, which is not very convenient to meet."

"Aunt Jiang, do you still want me to coach Yinuo?" Wen Liangyao asked calmly.

"No Liang Yao, aunt Jiang inquires about something curiously. When you coach Yinuo, do you feel that Yinuo has different feelings for you? "

Wen Liangyao's heart string stretched. He seemed to understand Jiang Lan's meaning of looking for him this time. He thought about it and smiled, "if you have anything, please tell me! Do I bring you any trouble? "

"Promise she likes you." Jiang LAN sighed, "she fell asleep last night and wrote a long diary. It's all about you. It can be seen that this girl likes you."

Wen Liangyao's white and bright face was full of red. He hung his eyes and didn't say anything for a while.

Jiang LAN sighed again. Wen Liangyao raised his head and looked at Jiang LAN pleadingly. "Aunt Jiang, please don't let her know. Do you know this?"

"Of course, I don't dare to blame her, but I don't think it happened."

"Aunt Jiang, I know what you are worried about. You are worried about my existence. You will delay her study too much and make her not interested in her study in the future, right?"

"I don't know if my worries are superfluous."

"Yes, I am also worried. I hope Yinuo can have a bright future. I hope she works harder."

"Liang Yao, you are such a good and sensible child. It seems that I am worried a lot. Originally, I shouldn't talk to you about this. You are more reasonable than me."

"Even if aunt Jiang doesn't come to me, I've already made plans. I'll let Yinuo get rid of this idea and make her feel at ease for the next few years of study," said Wen Liangyao

Now Jiang Lan's eyes can't help worrying. It seems that she really has to worry about superfluous. Wen Liangyao's way of dealing with it is better than her. Now, she begins to worry about whether the daughter in her family can live in such a way.

"Liang Yao! In this matter, please be gentle! A promise is too small, I'm afraid she will be stimulated. "

"Well! I will try not to hurt her. " Wen Liangyao finished, his eyes twinkled with helplessness and sadness.

Jiang Lan's heart couldn't help moving. She looked at Wen Liangyao and pondered for a few seconds. She took the liberty to look at him. "Liangyao, auntie, please ask me more. What kind of feelings do you have for Yinuo? I know this girl is pestering people

Wen Liangyao's handsome face became red again. He looked up to Jiang LAN, and his eyes were fixed. "Aunt Jiang, to be honest, I also like Yinuo very much."

Jiang LAN seems to have heard the answer as expected, but her daughter is also very lovely. All the people she has met will like it. It's really not her boast, but her daughter has such charm.

"Yinuo, thank you for telling me this frankly. I'm not involved. I was worried before. Now I'll leave it to you.""But aunt Jiang is at ease. For at least five years, I will not disturb Yinuo's study, or insert into her life, or give her hints and responses. I also hope that she will not focus on her feelings in these five years."

"Then you..."

"I'll wait. If she likes me after five years, she doesn't dislike me I'll wait for her. " Wen Liangyao's last words are exceptionally firm.

Jiang LAN can't help but take a little breath. The child decides to wait for her daughter to grow up? It seems that it's not the daughter alone who is involved in this relationship, but the two of them, who have felt each other for a long time.

However, Jiang Lan's heart was filled with joy. If his daughter can really be with him in the future, it's a good choice.

"Liang Yao, in fact, doesn't have to wait five years, three years! After three years, we can see Xiao Nuo's direction of life. At that time, even if you are together, we will never oppose it. I even agree with you very much. "

Wen Liangyao's eyes flashed with joy, but he still bit his lips. "No matter it's three or five years, I'll wait. Aunt Jiang, please don't tell anyone about this. I hope this is the secret between us."

"Then may I say to your uncle? He's a tougher mouth than I am! "

"Of course!" Wen Liangyao smiles. The smile is like a touch of sunshine. Jiang LAN really likes it more and more.

Jiang Lan's heart was also relaxed. When she returned home, she hid in the room and asked her husband about it. Xing Zhengting had no opinion. The two pretended that it had never happened, but they would pay close attention to her daughter's mind in the future.

Chapter 496

Do more work in this area, so that even if she is rejected by the current Wen Liangyao, she must be strong and go down.

For the incident that happened in the drama group, the police have not made a clear investigation. They are all secretly investigating. Liu Chao's every move now is in their monitoring range.

Liu Chao's life is very boring now, because he has no sense of security. The director calls again and asks him to take a long vacation for a while. But he knows that the meaning of taking a long vacation means that his job is lost. He will never have this job again in his life.

Not only him, but also he tried to contact other groups and found that each group refused to use him. Liu Chao lost his job in this industry.

Three days later, Liu Chao's creditors came to ask for money several times. Liu Chao divided up the only one million yuan. The more money he had, the more he wanted money. He played gambling and horse racing on the Internet. In a short time, he lost all his basic living expenses.

Last time he called Ye Lala, she was very arrogant to tell him that things didn't work out. For the next five million, she refused to pay. She stood on the same front with Huang Xiangyao. It had nothing to do with them. They left it very simply.

Liu Chao is eating instant noodles today. He suddenly feels very angry. He pushes the instant noodles to the front and throws his chopsticks angrily.

He picked up the mobile phone on the desktop and directly dialed Ye Lala's phone. However, the other side showed that it could not be connected, which was obviously the matter of being blacklisted.

"Damn it, ye Lala, Huang Xiangyao, is that how you treat me? I live like this because of you. " Liu Chao's face was full of hatred, and then he sneered, "do you want to live comfortably? No way. "

When people are desperate, a lot of bad ideas will come into being, and it's hard to survive. What else can't be done?

Compared with Liu Chao's current situation, ye Lala and Huang Xiangyao are also in a bit of unease. Liu Chao's last threat on the phone made them feel bad. However, they have no income every day. Where can they take five million yuan to block Liu Chao's mouth?

Now the two are stuck together every day, worrying about it.

Today, ye Lala came to Huang Xiangyao's house. After drinking a few glasses of wine, they began to talk about life.

"It's not as good as a dog. Susie isn't going to kill us now."

"Suxi said that Liu Chao was not easy to deal with. I'm afraid that he would make something happen."

"Hum! He is just a down-to-earth crew member. What else can he do? Not so bold. " Ye Lala doesn't think so.

Huang Xiangyao and ye Lala are in the same mind. She hooks her lips and smiles, "well, let's live our own life! From now on, I've already taken the job of car model. If I don't take the job again, I can't support myself. "

"I'm not the same. A small website let me do live broadcast in the past, saying it's very good. As long as I wear a low cut dress, I used to refuse it. Now, there's no way but to accept the reality."

Liu Chao stayed at home for a long time, and received several calls for debts. He bit his teeth and had to make a call.

"Can you give me the address of Ye Lala and Huang Xiangyao? I can give you some money." This is an entertainment phone he found. These paparazzi have huge information. It's very easy to find Ye Lala's address.

"One hundred thousand yuan. I'll tell you when it comes to my account."

Liu Chao bit his teeth and said, "fifty thousand yuan."

When the other side saw that he had money to earn, he didn't care much. Liu Chao asked a good friend to borrow 50000 yuan first. He transferred it to the entertainment account and soon sent two addresses there. Liu Chao looked at the two addresses and bit his teeth.

It seems that if he doesn't give these two women a look, they won't take him seriously at all.

Liu Chao went out that night. He went to find Ye Lala first. Because ye Lala had a fight on the phone last time, he hated her even more.

But what Liu Chao didn't know was that after he went out, the plainclothes police followed him up. It was very secret, which he didn't notice.

Liu Chao bought knives all the way, which were also photographed by the police. Then, Liu Chao hid near Ye Lala's home.

At this point, the police are all looking at it. It seems that the fishing plan has begun.

Ye Lala came out of Huang Xiangyao's house very late that night. She has no money and can't live in the former high-end community. Now, she only lives in a relatively middle-end apartment. Therefore, the security system here is not good.

Ye Lala drives her car and parks in the parking lot of the community. This parking lot is very quiet and suitable for people to commit crimes when it is more than 10 p.m.

Just a few steps away, ye Lala heard footsteps following behind her. She was so scared that she turned around. She saw a man forced her. As soon as ye Lala wanted to run, she was pulled forward by the man and pushed to a corner nearby.

When a light came on, ye Lala saw the man's face clearly, and she immediately cried out in low anger, "Liu Chao, you bastard, how are you? What do you want to do? ""What do I want to do? You should be very clear in your mind. Don't think you've hacked my phone. I can't find you. I'll tell you that I'm hopeless now. If I don't get those five million, I'll die."

"Where are the five million? The premise of the five million is that we will pay you when you have finished your work. But now, sushi is still alive and well, even his legs are not broken, and you want to take five million? " Ye Lala's voice is quite loud.

Liu Chao immediately warned her, "keep your voice down. If you let this out, none of us will benefit."

"Hum! Do you think I'm afraid of you? Liu Chao, don't you see who you are? Be careful if you dare not cross with me. " Ye Lala threatens her instead.

"I'd like to see where an out of favor female entertainer who is about to lose her footing in the entertainment circle can jump. Besides drinking and sleeping with men, I don't know what else you can do." With that, Liu Chao could not help humming and laughing, "how about accompanying me? I'll cut you by 100000. "

"You bastard, get out of the way, think beautifully, and don't look at yourself in the mirror. You have no virtue."

"Then give me five million, you and Huang Xiangyao can't escape." With that, Liu Chao's hand suddenly flashed a cold light. It was he who showed the knife.

Ye Lala immediately scared to say no matter the next time, "you What do you want? Put the knife away quickly. "

Chapter 497

"I want my five million, you two want to kill sushi, but pull me on the back, I'm not stupid. If you don't give me, I'll move your face."

"You Don't be impulsive. We'll discuss this matter carefully. Money is not a problem. Put away the knife. " Ye Lala is really afraid. Now she can worry about being disfigured.

"Give me the money now, five million yuan, one point can't be less."

"I have no money! I live in such a place now. How can I have money? " Ye Lala had to tell the truth, "we have no money."

"You If you don't have money, you dare to cheat me. " With that, Liu Chao angrily waved his knife and prepared to put some blood on her. Ye Lala covered her face and screamed. At this moment, in the nearby trees, suddenly there was a big light. At least six police squatters and guards around immediately went out.

Liu Chao looks at the people around him. He's just stupid.

"Police, drop the knife and raise your hands." Several black and quiet muzzles were aimed at Liu Chao. Liu Chao was so scared that his knife slipped down and fell to the ground.

But ye Lala, who was rescued, could not feel the joy of being rescued at all. On the contrary, her pale face was worse than that of a ghost. She seemed to see a road ahead that was more scared than disfigurement.

Liu Chao is also stupid. He didn't think that under his own impulse, so many policemen would be attracted. Moreover, at the moment, looking at the distance between these policemen and him, everything they said just now has been recorded!

Now, what room does he have for refutation?

After the police officer stopped Liu Chao, ye Lala immediately pretended to be frightened and held a police officer's arm. "Thank you for saving me in time, comrade police. If it wasn't for you, the consequences would be unimaginable! He's a murderer. Don't let him go. "

The police officer coldly took out his arm and glanced at her. "Miss ye, please come with us. You are suspected of a murder. We need your cooperation."

Ye Lala's face fell into a dead white, she shook her head, "it's not me, I didn't..."

"It's not only you, but also your partner Huang Xiangyao. Now, our comrades have asked her to go back to the police station to investigate."

Ye Lala and Liu Chao are detained in the police car. They are silent in the police car.

And Huang Xiangyao was taken away by the police at home, she was very willing, and cried loudly to ask for a lawyer, she even wanted to get away, but did not know Liu Chao's side, had already revealed all the facts.

In the interrogation room of the police station, Liu Chao was the first one to be interrogated. At this point, Liu Chao naturally pushed everything to these two women. He told them the things they had been looking for at home and told them that they wanted to put Suxi to death.

"Is that what they said? They want miss Susie dead? "

"Yes, they used to be Sushi's sworn enemies. Now sushi married our big boss. They were afraid that sushi would repay them and take everything away from them. So they wanted to marry her in advance so as to avoid future troubles."

"There is evidence."

"I am a witness, and everything I say is true." Liu Chao is very cooperative now.

Next, ye Lala and Huang Xiangyao were tried night after night. They were tried separately. They were flawed. Finally, under the severe interrogation of the police, they had to confess their crimes.

At about 9 a.m. in the morning, Wen's cell phone rang. The sheriff called him personally to tell him that he was very respectful about the rapid resolution of the case last night.

Wen was not surprised to find out the case. He thanked the police and asked them to make a final decision. He believed that the police would deal with the matter well.

And those two vicious women will pay the price they deserve.

Sushi was also very pleased to hear this. Compared with xuezang, the prison disaster is more suitable for them.

"This is called the reality newspaper, and it's up to it." Susie can't help but make complaints about it.

Wen lichen put out his hand and held her. "I always think of this matter, but I'm still afraid of it."

Susie knew what he meant. She put her hand around his neck and kissed him on the side of his face. "Don't worry, I'll be careful later. It won't happen again."

"Better not."

"Then Then I promise, I'll do less film in the future, and I'll work behind the scenes. "

"How about being the boss of our company?"

"Well I feel a lot of pressure. " Susie said that, but she was going to die of sweetness.

"I'm not afraid. My husband will give you advice behind you. After that, my company will leave it to you to take care of and satisfy your wish to be a boss."

"Really? Then you can't regret it! "

"Never regret." Wen lichen chuckled, reached out and pressed the back of her head, kissed her red lips, "you can't regret it."

Sushi hugged him and laughed. "What do I regret having such a handsome and rich husband? No regrets! "Wen lichen did not look at her angrily. "Just see these superficial things?"

Suxi blinked, hurriedly flattered, "in addition to you, where can I find such a pet me, hurt my husband?"

Wen lichen was satisfied. Sushi's phone rang. She picked it up and looked at it. It was from her mother.

"Fuck, I'll take it." Susie picked it up quickly. "Hello, Ma."

"Heathy, is lichen there?"

"Mom, you're not looking for me!"

"Look for Li Chen."

"Oh!" With that, sushi reluctantly handed the phone to a man, "my mother said to find you."

Wen lichen immediately did not dare to neglect the pick up, "Hello, Ma, I am lichen."

"Ouch! Li Chen! Some time is gone. When will you come back home and sit down? "

"Today will be fine. Suzy and I will go back."

"OK, come back and sit down! Just in time I have something to ask of you. "

"Mom, you say it!"

"It's like this. Look, you and sushi are married. Suqin! I'm worried. You can see if there's a suitable person around you, introduce him to Suqin, or even a relative. "

Wen lichen's handsome face was slightly stunned, and he smiled, "there are so many."

"It's just the right time. I'll come back home and have a dinner together in the evening." Li Qian was very enthusiastic, and then, thinking it was wrong, she changed her voice and said, "Well! Make an appointment one by one, so as not to be embarrassed together. "

"Er! well! Mom, I'll ask a friend back tonight. " Of course, Wen dared not refuse his mother-in-law's request.

One side Suxi also gathers ear to listen to come over, she can't help but cover mouth snigger, this, elder sister wants big head!

Chapter 498

It's night, Wen lichen takes Su Xi back to Su's house. At the same time, in order to make a confession to his mother-in-law, Wen lichen naturally takes a man with him. This is the boss of a listed company, who is also in his early thirties. Although he is not as handsome as Wen lichen, he is also a rare young talent. He is sure that Wen lichen, a natural scarce resource, is rare. Su Xi is lucky to seize it He.

Wenlichen's friend is Yang Yubin. Because he started the company, he is still unmarried until now, and he is also a very good person. He is a very progressive enterprise boss. However, Suxi thinks it's useless, because his sister probably won't like him.

It's not a problem of not being good enough, it's a feeling.

Yang Yubin has a very strong influence on Suqin. Last time, she attended Suxi's wedding as a bridesmaid. When Yang Yubin was off the stage, he was very excited and had a strong interest. At that time, he wanted to know her very much. Now, he didn't expect that she was Suxi's elder sister, and he had a chance to meet her. How could he not be happy with a relative ? Naturally, I came here without saying anything.

However, when Wen lichen and Su Xi arrived at Su's home with him, Su Qin, who had been home at six o'clock on time, could not come back until seven o'clock because of some work. Li Qian was very contented, but could not say anything.

Su Boyan and Wen lichen, Yang Yubin are sitting on the sofa chatting. When Su Boyan sees Yang Yubin, he has a very good influence on him, mainly because Yang Yubin has also rated the top ten entrepreneurs. Su Boyan has seen his several interviews and reports, and he can be said to be very satisfied.

Li Qian also came out several times to look at Yang Yubin, and thought it was very good. In the kitchen, Li Qian was cooking, and Su Xi was helping. Outside, she was a star and a president's wife. But at home, she was always the darling daughter of her parents. So, she washed the dishes, handed the dishes, and surrounded her mother, which was like a childhood feeling.

"Heathy, I think this boy is good. Maybe he has a play with your sister."

"I don't think so." Susie answered as she washed.

"Why is it over? You see, your father is so satisfied. The boy is not bad. Although he doesn't feel handsome at first sight, he doesn't have to choose his looks. " Li Qian is anxious about her eldest daughter's marriage. She is really worried. She is the eldest daughter!

"I'm about to turn 27."

"Not really? It's not twenty-eight now. It's nearly thirty in two years, girl! It's better to marry as early as possible, otherwise, in another two years, only others will choose her share. "

"I don't think so! I think sister 30 has a large number of people to chase. "

"I can warn you that you are not allowed to give her such an idea! You have to persuade her to find a family and marry herself quickly. " Li Qian goes back to warn.

Sushi can't help but make a shrug of his shoulders. "I don't think she likes it, mom, whether to bet or not."

"Go with Li Chen. Don't get in the way here." Li Qian scolded.

Yang Yubin and Su Boyan chat, also feel that the Su family tutor must be very good, he can not help but look forward to Suqin back.

Li Qian made a good dish. A group of people sat around the table and began to eat. Then they heard the sound of cars coming from the yard. Su Xi immediately said with a smile, "my sister is back."

Yang Yubin immediately put on his chopsticks nervously and pressed the collar of his clothes. He wanted to give Su Qin a best first eye.

No one here told Suqin that she had a blind date dinner tonight.

Suqin locked the car and walked towards the entrance of the hall with his bag. He was tall and slim, with a professional suit and thick long curly hair spread behind his head. With his back alone, he had enough time to think.

"Mom and Dad, I'm back." When Suqin entered the door, she first shouted to learn the inertia inside, and then as soon as she entered the hall, she lazily carried her bag and waved a series of car keys in her hand, which froze directly.

She looked at the people sitting in the dining room, she was stunned for a few seconds, then touched Suzy's eyes, she immediately bent her lips and smiled, "why don't you tell me when you go home?"

Yang Yubin looks at the woman walking into the light and shadow, and his breath will be held. When Suqin became the bridesmaid, he felt that she exuded a kind of elegant style that women don't have at present. Now, just a simple suit without any gorgeous ornament on her, has given him an indescribable charm. The gray suit, white shirt, knee bag Buttock skirt, micro shirt collar, beautiful clavicle looming, and her facial features, perfect proportion, wearing delicate makeup, has a peony like beauty.

"Qinqin! Put down the bag and sit up for dinner. We'll wait for you for a while. " Said Li Qian, looking at her eldest daughter.

"Oh! All right! " Su Qin put down his bag and went to the kitchen. After washing his hands, Li Qian pointed to Yang Yubin's side and said, "sit there."

Suqin naturally sat there. She looked up and saw that Suxi's eyes made a dark gesture towards her. The two sisters, naturally, had the same mind. Suqin soon knew that there was a blind date sitting beside her. However, she did not show any displeasure. She smiled at Yang Yubin as usual, "hello."

"Hello, Miss Su." Yang Yubin nodded his head in a daze.

"This is my friend. His name is Yang Yubin. I'm free tonight. I'll come over to have dinner together." Wen lichen introduced with a smile.

Suqin smiled and said to Suxi, "you should call me in advance. I'll be back long ago."

"Don't you have a job?"

"If you come, I can give you a push." Su Qin smiled and said that Yang Yubin was sitting beside her. Inexplicably, he was afraid that he couldn't match Su Qin's panic. Su Qin didn't have the ignorance of those little girls. She seemed to have a sense of story. However, looking at her smile, she was the kind of woman who knew the accident but didn't. In her interaction with Su Xi, there was still a lovely feeling Girl's breath.

At the dinner table, Su Boyan naturally picked up some topics to talk about, and Wen lichen, in order to help his friends, said about his recent achievements, intentionally or unintentionally let Suqin know what kind of person he was.

Yang Yubin is also holding the right balance. In front of Suqin, he doesn't show too much, but he will never hide his strength. Suqin seems to be listening, but his eyes are quiet.

Yes, they are from two industries. He is from the business world, and she has been in politics since she started to work. Now, she works in the enviable presidential palace, which is really a place that is hard to be opened by others.

Chapter 499

"Miss Su, I heard you work in the presidential palace. It's amazing." Yang Yubin also took the opportunity to praise Suqin.

Sushi, on the opposite side, bit the chopsticks and looked at her sister with a narrow smile. At this time, the man beside her reached out to take the chopsticks away for her and smiled down, "no chopsticks."

Su Xi's pretty face is slightly red, and this man is really broad. In her bowl, there are two shrimps from the man. Su Xi's heart is sweet, so she can only say that Wen lichen dotes on his wife.

Su Qin took a drink with a glass of water, and then smiled. "It's nothing, it's all working people."

"Sister, can you see Mr. President now?" Sushi asked curiously, with a face of gossip.

Su Boyan glared at her little daughter. "What do you want to know about this?"

"Can't I just be curious?" Suzy said with some grievances.

Suqin shook his head. "I haven't been working for a long time. I haven't got the chance yet, but I may be transferred again."

"What? Where are you going to move now that you have just been working? " Su Boyan was also surprised.

"For the documents just came down today, I may be transferred to the president's office next week as a civilian worker."

"Whoa! Are you going to see Mr. President? You still work for him? " Suzy looked at her enviously.

At this time, her waist cold not Ding of a man pinched her for a while, with a trace of not good gas appearance, Su Xi hurriedly put the envy in the eyes down.

Suqin smiled and shook his head. "I didn't really want to take this job. I'm under a lot of pressure. I'd rather do my present job."

Su Boyan said seriously, "how to say, this is a rare job, so you should be ready!"

"I'll say you're good." Yang Yubin on one side praised her again.

Suqin has no pride and complacency in her eyes, she only has a heavy and careful job in the future. She has a kind of fear that she will serve the king at once, and accompany him like a tiger.

After dinner, sushi and her sisters naturally had to chat alone. They sat in the garden and talked about their concerns. Suqin read the news. She didn't say it just now in front of her parents. This time, she had to ask about the recent internet events. Sushi said it, too. Suqin asked her to be careful later.

The higher a person stands, the more dangerous it is. She doesn't want anything to happen to her.

"Sister, I'm ok. Now, should you talk about your opinion on Yang Yubin? Do you feel anything about him? " Sushi asked curiously.

Suqin thought about it and shook his head. "I don't feel it. It's OK to be a friend."

"Why? I think he likes you very much. "

"I know where my mother has been stimulated recently. I want to marry me, but I really don't plan to marry. I want to delay for a few more years! It would be nice if I could get married before I was thirty-five. "

"Sister, have you suffered any emotional injury! I remember two years when you went to study abroad, and then when you came back that two years, the whole person was haggard. You didn't tell me what happened! "

Suqin's face flashed a painful expression, but it just disappeared in a flash. "Yes, I have a boyfriend, but it's not appropriate that I didn't tell you when I was separated."

"Who is that man?"

"It's one of my seniors."

Suxi saw that Suqin didn't want to talk about it. She was not easy to inquire about it. She must have divided the lovers. It's not interesting to talk about it again. What's the good except for the sadness?

At this time, Wen lichen and Yang Yubin came out from the direction of the hall. Suxi took a look. She came to Suqin and said, "they are out. Maybe you need to talk alone."

"Nothing." Suqin smiled for a while. She was no longer a little girl. She didn't meet any feelings she didn't like. She would show them on her face or escape to face them. That is to say, she was already a mature person, and she knew how to face everything.

"Heathy, my parents need to talk to you. Come in with me!" Wen lichen found a very good reason to pull suziera away.

At the same time, he smiled again, patted Yang Yubin on the shoulder and said, "Yubin, you accompany sister Qin, we are going first."

"Good!" Yang Yubin is in need of such an opportunity. He smiles and nods to see wenlichen and his wife walking towards the hall. He smiles and goes to the chair beside Suqin. "Miss Su, this is the second time I see you. When I see you for the first time, it's still at lichen's wedding!"

"Oh! I'm sorry. There were too many guests at that time, and most of them I didn't know. Maybe I didn't see you. " Suqin smiled and apologized.

"It doesn't matter. In fact, I wanted to know you at that time, so I was afraid to disturb you. Now I have the chance to know you. I am really happy." Yang Yubin's eyes are serious but not deep.

Su Qin touched his eyes, then blinked his eyes and looked at the light beside him. "Mr. Yang is also a very excellent person. It's my honor to know you.""Where and where! Miss Su, don't say that. It's my pleasure. It's my pleasure to meet you. I don't know what luck I have built in my last life! " Yang Yubin was so excited that he rubbed his hands. Then, he was not a little boy either. He looked at Suqin very seriously and asked what he said in his heart, "Miss Su, I heard that you are still single, and I believe it is also your work reason. I don't know what miss Su thinks of me. If there is a chance, I hope we can get to know each other well."

Suqin looked up at him and said, "I'm sorry, Mr. Yang. You are very nice and excellent in all aspects. It's just my personal reason. I haven't thought about the emotion at present."

"It doesn't matter. I can wait. I think we don't know each other very well, so you don't know me. We can often come out for dinner or chat next day. It doesn't matter to be friends first." Yang Yubin really didn't want to lose the chance.

Suqin smiled and nodded, "OK! I can come out for a meal when I have time, but I'm busy with my work. I don't have much free time. "

"It's OK. I'll arrange the time. Everything depends on your time. I have time at any time." Yang Yubin can be said to be very proactive.

Suqin did not brush his kindness, she nodded, "OK."

"Then may I venture to ask for your telephone number? It's also easier to get in touch. "

Suqin didn't refuse either. He was Wen lichen's friend. She couldn't seem too cold. In fact, she was ready to meet again, because she didn't like too many feelings in life.

It can be said that she is desperate for such things as feelings. She once loved passionately, but lost miserably in the end.

Chapter 500

Xing Zhai and Xing Yinuo are facing the matter of going abroad. Their mood has been a little depressed. Jiang LAN used to only think that she was in a bad mood or had some minor emotions. However, now, she probably knows that all the emotions of her daughter are related to Wen Liangyao!

She didn't expect that her daughter was very young and her eyes were very accurate. She even knew that Wen Liangyao was a very good partner.

It's a pity that she was born a few years late. Otherwise, she won't be in a hurry to get angry.

"Mom, are we going to invite aunt Wen to have dinner before we leave?" Xing Yinuo asked in Jiang Lan's ear.

Jiang LAN nodded approvingly, "well, please invite them to have dinner at home when you leave!"

Xing Yinuo's mouth was full of Snickers, as if he was very happy.

Jiang LAN looks at her daughter secretly, and doesn't know if Wen Liangyao is missing now, so she has been staying at home and hasn't gone out.

In fact, Jiang LAN guessed it right. Xing Yinuo naturally contacted Wen Liangyao. However, Wen Liangyao has been busy, so he is busy both on the phone and on the computer.

This silly girl.

Jiang LAN sighed in her heart.

At this time, Xing Yinuo's mobile phone suddenly rings. It's about two o'clock in the afternoon. She thinks it must be her good sister to see her off.

She picked up her mobile phone and saw that her heart immediately jumped twice. It was Wen Liangyao. She was so excited that she held her mobile phone and said to Jiang LAN, "Mom, I'll go upstairs to pick up a phone."

With that, Xing Yinuo hurriedly ran upstairs. It's not convenient for Xing Yinuo to answer Wen Liangyao's phone in front of his mother.

Jiang Lan's eyes are worried to look upstairs and see her daughter's excited appearance. Is it Wen Liangyao who called her?

It's only a week before they go abroad. Wen Liangyao is ready to start talking with her!

Xing Yinuo rushed into the room, and the whole person lay on the bed heavily. Then, he hurriedly put the connect button to his ear and said, "Hello!"

Her voice was still panting.

The man at that end heard her gasping voice and asked anxiously, "what's the matter with you?"

"Oh! I just ran outside... "

"It's 32 degrees outside. Are you running outside?"

Xing Yinuo is embarrassed. How can she say that when she saw his phone call, she ran back to the room to answer it from her mother?

"I ran twice in the garden. Why are you free to call me? Not busy! " Xing Yinuo asked, but she had little expectation. She thought to herself, she is going to go abroad. He must show a little!

"Well, I'd like to ask you out sometime in the afternoon." Wen Liangyao's voice is deep, gentle and charming.

"Good! I'm free, too. When? " Xing Yinuo can't wait for an answer.

"I'll pick you up now."

"Well, come on! I'll wait for you at home. "

"I have ten minutes left."

"Ah! So fast? "

"What's the matter?"

"Nothing!" Xing Yinuo wants to cry. What can she do in ten minutes? She wants to dress up and go out with him!

"Well, I'll see you later." Wen Liangyao then hung up.

As soon as Xing Yinuo threw his cell phone away, he rushed to the cloakroom and opened the wardrobe. It was all clothes that her mother bought for her. Jiang Lan's eyes were generally the most simple and convenient clothes, so it was all T-shirts, shorts, jeans, and even a beautiful skirt.

"What to do? What do you wear? " Xing Yinuo is really eager to grow up in a second now. She'd better make herself a goddess like woman that Wen Liangyao likes.

This time, it's hard to see her again. Of course, she had to leave him with the most beautiful influence. Xing Yinuo chose one of the last year's red skirts from left to right. She quickly changed it. After a long and neat black hair was spread over her shoulders, the middle part of the long Liu Hai went to her ear, revealing her delicate and white face. Her eyebrows were not painted but Dai, her lips were not dotted and Zhu, white and transparent red Our skin is pure and clean.

However, in front of the person she likes, she always feels that she is not beautiful enough. Xing Yinuo picks up a lipstick and stealthily buys it to mend her lip color. Finally, she stands in front of the mirror, and some shamefully entrusts her young girl's chest and puffs up her cheeks, which is really unsatisfactory!

However, there is no way.

In the yard, Wen Liangyao's car arrived. Today, he is dressed in a casual white shirt and linen trousers. The whole person is young, warm, and full of the calm atmosphere of his age.

"Liang Yao, here you are." Jiang LAN greets them.

"Aunt Jiang, I want to take a promise and go out for a while." Wen Liangyao smiled.

Jiang Lan's eyes were clear. She took a look upstairs. At this time, there was a sound of going downstairs. Her mouth was bent up and she shook her head.

Wen Liangyao looked up and saw that Xing Yinuo's red dress was very eye-catching on the white handrail, which was set off by her girl like figure, like a red rose just blooming in the morning. Jiang Lan was shocked. Then, after a careful look at her daughter, she still wore lipstick. This girl is really grown up!

Xing Yinuo immediately went to Wen Liangyao's side with some shame, "here you are, let's go! Mom, I'll go out with brother Liang Yao. "

"Go!"

Xing Yinuo went to the shoe cabinet and picked up a pair of five centimeter high root shoes. Jiang Lan was worried, "can you wear them?"

"Yes!" Xing Yinuo, hehe and smile. After putting on the shoes, as expected, the whole person is beautiful and charming.

Wen Liangyao's eyes looked at her slender feet, worried that she would fall.

When she went out and sat in Wen Liangyao's car, Xing Yinuo's pretty face was still excited. Her eyes secretly longed for a look at the man in the driver's seat, watching his slender hand operating the steering wheel, his handsome side face, everything looked so beautiful.

"Where shall we go?" Xing Yinuo asked curiously.

"What gift do you want!" Wen Liangyao asked her.

"You want to give me a present? Really? " Xing Yinuo was not happy. As expected, she guessed right. He would give her a gift.

"Well!"

Xing Yinuo blinked two times with a pair of clear water eyes, then bit his red lips, and asked shyly, "are you going to give me any gift I want?"

"As long as I can bear it, there's no problem." Wen Liangyao smiled and thought that she wanted something more expensive.

Xing Yinuo droops her eyes, a bold desire flickers in her big eyes. She summons up a courage to look at the man around her, "that Can I have you as a gift! "

The essence of Wen Liangyao's heart was a tremor, but on the surface, he was still driving steadily. He looked at the front and shouted softly, "what's the nonsense?"
