

U. CEO Daddy 511

Chapter 511

Suqin can hardly remember how he came out of the study, only the pair of eyes staring at her, like a wild leopard, full of mystery and untouchable danger.

At the same time, this also directly made Suqin have an irreversible cognition of the influence of the president. It turns out that the president she imagined was not the kind of old-fashioned man with a straight face. He was like a naughty big boy in his life.

Before dinner, Li Sen came back. At the dining table, ye Dong would be busy between the kitchen and the dining table almost all the time. So on the table, only Suqin, Li Sen and xuanyuanchen had dinner.

Suqin's eating habit has always been gentlewoman. In addition, she doesn't eat much. Generally, she eats first, and then sits at the table with xuanyuanchen. When he eats, his eyes will be fixed on one place. It's impossible to guess what he is thinking at this time.

As long as this man shows such an expression, Suqin will feel the temperature around him will drop inexplicably. It is clear that he is not like the ancient king, and can support and control the power of life and death at will. However, his royal momentum still makes him bring this kind of unbridled feeling to others.

"After dinner, I want to have a heart break. Who of you will go with me?" Xuanyuanchen's eyes raised and looked at the two people around him.

Li Sen's eyes were stunned. He said seriously, "I still have some work to do. Let Xiao Qin accompany you!"

Suqin was embarrassed. Li Sen said that, of course, she had no room to refuse. She chuckled, "OK."

Xuanyuanchen's eyes fell on her for a few seconds. He took a drink from the cup and stood up and said, "let's go now!"

"Don't go too far, sir, because your body is still recovering."

"You're probably more rowdy than my mother." Xuanyuan Chen hook lip joked.

"Madame doesn't know you're hurt now. If she knows, you'll have trouble getting out of the door." Li Sen got up to see him off and took his words.

"So I want you all to keep it secret." Xuanyuanchen looks back at him, and then falls on Suqin.

Suqin immediately said, "I'm absolutely confidential."

Xuanyuanchen took back his eyes with satisfaction, walked out with long legs, and walked under a quiet shade. Suqin followed behind him. The street lamp under the tree was not bright. He could only light the road ahead, and the next one was far away.

Suqin followed step by step, but her eyes were fixed on the back of the man with one hand in his pants pocket. She was afraid that he would fall down.

Xuanyuanchen seems to enjoy walking like this very much. He will come back from the rescue. Now, he has been lying on the bed for nearly ten days. He has walked for nearly 200 meters. He stretches his arms for a while. When he comes back, he is afraid that he will lead to his wound again. His big back immediately shrinks and his hands cover his chest.

Suqin quickly walked to his side, however, because he was too concerned about him, he did not notice the foot, this place, there are also some old and disrepair paths.

Suqin habitually wore 5cm high-heeled shoes and matched her suit. The thin root suddenly pinched at a slit. She lost her voice and gave a low exclamation, and suddenly she dived forward.

She thought she was going to fall down. However, the man in front of her suddenly turned around. With one of her arms, she hugged her. Suqin lay on his chest, her waist, and the man's hand hugged him protectively.

Suqin had no time to take into account the pain in her feet. She hurriedly clanged back and looked at the man in front of her worried, "Mr. President, I didn't hurt you!"

Xuanyuanchen obviously felt that she had just hit his wound, and his sword eyebrow twisted for a while, but he said, "it's OK, how about your feet?"

"I'm fine. I'm sorry. I'm too careless." Suqin was upset that he had run into him.

"Just go back if you are OK! Have an early rest tonight. " Finish saying, xuanyuanchen walks in front, his handsome face is holding back the pain in the chest, a pair of sword eyebrows wring.

Suqin keeps up with her self reproach behind her.

All the way back to the hall, Li Sen went to his office. Xuanyuanchen stepped up the stairs gracefully, and Suqin followed him. Xuanyuanchen entered his master bedroom. Suqin looked at the closed door. Her heart was tense. Did she hurt him just now?

Suqin went back to the room and looked at the figure of his bow back just now. She was really worried about where he was hurt. She didn't know and didn't care. She had already hit him first.

If he doesn't come to hold her, she will fall even worse.

After sitting for a while, Suqin went to take a bath and came out after a bath. Suqin was here and was refused to use his mobile phone and computer. However, Li Sen sent her several books to read, and she could only read to kill time.

All of a sudden, her door knocked. Suqin hurriedly got out of bed and didn't want to open it when she got to the door.

Outside the door, xuanyuanchen was wearing a black silk nightgown, holding her door frame in one hand, and her eyes were deep and said, "do you have time?" Although Suqin was frightened, he nodded his head very quickly, "yes."

"Come to my room." Finish saying, Xuan Yuan Chen turns round to enter his room quickly.

Suqin gently door area, hurriedly into his room, xuanyuanchen toward her way, "lock the door."

Suqin's heart string is stretched. Do you want to lock the door?

However, Suqin obediently pressed the door lock and locked it.

Just then, she saw the man standing in the middle of the bedroom, with his back to her, untiing his robe, as if to take off his pajamas at any time.

Suqin's breath is slightly smothering. What is he going to do?

Sure enough, the man took off his nightgown very quickly. He wore a pair of black underpants on his lower body. He tied two sleeves of his nightgown and a knot around his waist, which was a bit like the Black Warrior in ancient times, only showing his strong and vigorous upper body.

Xuanyuanchen just slightly side for a while, a deep voice command, "come here."

Suqin hurriedly returned to his mind and walked to him step by step. Xuanyuanchen sat down beside the bed and said to her, "take the medicine box on the table and change it for me."

Suqin was surprised. Isn't it only Dr. Wang who can do this kind of thing?

"Do you need to call Dr. Wang right away?" Suqin asked hurriedly, she dare not touch his wound, but he is not ordinary.

"No, it's just that the wound is bleeding. Just change the gauze." Xuanyuanchen opens mouth, he does not want Wang Jing to come over, because listen to annoyed him every time of nagging.

Chapter 512

Suqin's eyes looked at Weixuan, whose chest was cut. Sure enough, she saw a clear red color on the white gauze. Her heart immediately pulled hard. Would it be her collision just now that hurt him?

"Did I run into it?" Suqin scolded herself and brought the box with guilt. Her face changed a little worried.

"Probably!" Xuanyuanchen did not deny.

"I'm sorry!" Suqin's heart was full of remorse. She really wanted to sprain her foot and not hurt him.

"It's not your fault!" Xuanyuanchen didn't regret saving her. If it happened again, he would still save her.

Suqin's inner self reproach at the moment is beyond words.

She took down the knot and gently took down his gauze. She saw a finger wide wound appeared in Suqin's eyes. There was still a trace of blood in the suture. Suqin's breath was held. Xuanyuanchen's calm voice sounded, "just deal with the blood."

Suqin listened to Li Sen's saying that it was a bullet that shot into his heart. At the moment, looking at the finger wide wound, she could imagine how deep the opening was needed to find the deadly bullet.

Suqin's eyes were astringent. He took the sponge ball and gently dealt with the bright red blood until the blood clotted.

She then put the long strip folded with gauze on the wound. Xuanyuanchen fixed it with his hand, and Suqin began to wrap the gauze for him.

She didn't think so much about it, but if she wanted to wrap it around his chest, she naturally needed to start from his back. Suqin's whole upper body was close to him, and her arm went through his viscera to take the gauze.

Although through this action, Suqin's fine white forehead is already a layer of cold sweat. When she was near the man, the man's eyes slightly gazed at the sweat on her forehead, and he hooked his lips and smiled, "are you nervous?"

As soon as Suqin looked up, as she was grabbing the gauze on his back, when she heard him say this, she looked up, and the man was also hanging his head. Suddenly, the two faces were very close.

"I'm sorry, I'm not very good at bandaging." Suqin lowered his head and continued to move his hands.

"It's OK. You're free to play." Men's voice lines are also a little hoarse.

Suqin finally bandaged up. When she was tying the knot, she was half squatting, right in the middle of the man's wide open legs. Her eyes carefully tied the knot, which would not make the man uncomfortable. And the man's eyes fell on her face in a deep and unpredictable way. Her upturned nose was covered with a layer of halo, which made her whole face soft as if covered with a layer of bright white, with her long hair scattered behind her head.

Suqin didn't know what kind of temptation he had for men.

When Suqin got up, he wiped a handful of sweat subconsciously. It seemed that he had finally completed a big project, some of which were inexplicably lovely.

The man's eyes flashed away and he said to her, "it seems that you are tired too. Go to sleep!"

"Mr. President, I'd like to ask Dr. Wang to come over tomorrow. I'm afraid I'm not well bandaged." Suqin dare not take his wound lightly.

"I think it's good." Xuanyuan Chen looks down at her eyes.

Suqin was still not sure, but she didn't know what to say. Looking at the naked man, she felt embarrassed. "Then I'll go back to the room first. If there's anything, you can ring the bell or call me."

"Good!" Xuanyuanchen answered, and Suqin turned and walked out quickly.

Xuanyuanchen looks at the figure she left, the eyebrow of the sword twists, lowers his head, as if looking at himself in a certain way. Yes, he had a reaction just now.

It seems that this woman has a lot of charm.

The next day Wang Jing came to the door and Su Qin was relieved.

Wang Jing naturally knows that xuanyuanchen's wound has been bandaged again. It's unnecessary to guess that Suqin must have helped in such a meticulous way.

However, Wang Jing did not tease him. He wrapped up a more reliable one for him again, and told him not to run around, to take the injury as the most important thing.

There are a lot of documents sent here by the presidential palace every day. Suqin's job is to divide the priority documents and write the urgent documents, which can be handed to xuanyuanchen for handling first.

After the third day, after Li Sen received a call, he hurriedly sent it to the study and handed it to xuanyuanchen, "Your Excellency, madam's call."

Xuanyuanchen takes over, the corner of the mouth raised a smile, "Mom, what's the matter?"

"You haven't been working in the presidential palace. What's the matter? Did the office of the presidential palace wronged you? " There was a voice of majesty and love.

"I just want to change the environment. In a few days, I'll go back to the presidential palace to work."

"Don't be too headstrong, you know, in your position, you don't have the right to make any more nonsense." That end of the voice, through the elders of a trace of frustration and blame.

"Mom, I know how to measure." Xuanyuanchen comforts.

"Well, move back to the presidential palace earlier, deal with your business well, and come home when you have time. I'd like to discuss your marriage with you.""Mom, I don't need a blind date."

"You are thirty-two. The royal family can't have no successors. No matter what you think, in a word, give me a successor first."

"Mom, if you are in a hurry, find a woman and go to my sperm bank to select a gene!"

"Son, don't think you won't get married. What I need is not only grandchildren, but also Royal decency. You have to find a daughter-in-law for me. I think the granddaughter of general Ji's family is good, or I'll see you sometime?"

"Mom, I'm very busy. I have a lot of work to deal with today. I'll talk about it another day."

"Do you have any other excuse for being busy?"

Xuanyuanchen can't help laughing. "Mom, you know me best."

"All right! Go ahead with what you are doing! But I'm also interested in your daughter-in-law's business. You'll set your schedule and think about the next generation's business. "

"Good! I'll think when I'm free. " Xuanyuanchen put down the phone, he slightly breathed a breath, even the president, still can't hide the event of the reception.

Chapter 513

The life here seems calm, but in fact, it is a dark tide outside. Many unexpected situations come back.

For example, a military chief who has been stationed at the border base suddenly asked to see Mr. President. The letters sent by people in this capacity must not be rejected. They are generally confidential events related to the military base.

In the study.

Li Sen looked at the man who hesitated at the desk of the book. He made up his own mind and said, "Sir, I'd better refuse! You're not feeling well. "

Xuanyuanchen's eyes narrowed coldly, "I can't let people know that my body is in trouble now."

"But your body is really not suitable for going out, let alone they talk for hours, you can't support so long."

"It's OK. I'll meet them at the presidential palace at 2:30 this afternoon." Xuanyuanchen calmed down.

"All right! Then I'll go and arrange. "

"Let Suqin go with me."

"Do you need a doctor on call?"

"No need." Xuanyuanchen set his hand.

"You should know, sir, that now all the people around you are not safe enough. I'm really worried about this happening again." Li Sen said anxiously.

Xuanyuanchen's eyes flashed a cold light. This time, if the killer could get close to him, it must be that he had an inner ghost on his side. So, this time, he abandoned all his bodyguards, assistants and close hands, leaving only a few of his most trusted people around. However, he can't stay here for a long time. He must be ready to return to his political stage and become the country The head of the family.

Suqin is a person who has no access to the information around him. In addition, her assessment is also very strict. So now, Suqin has been promoted to be his personal assistant and the only one who can get close to him.

Suqin received an order to accompany xuanyuanchen to the presidential palace today. She went back to her room and chose a set of very professional formal clothes to go out. The car was already arranged at the door. She left at two o'clock on time.

Su Qin is waiting for xuanyuanchen downstairs. He is wearing only a white silk shirt and slim suit pants. It's simple and luxurious.

Li Sen went to Suqin and whispered, "Xiaoqin, if anything happens to you, you must" Sir, do you need me to enter the conference room with you later? " Asked Suqin, looking up.

"No, just wait for me at the door of the conference room." Xuanyuanchen opens his mouth in a low voice.

In the next time, Suqin is looking at the information. Xuanyuanchen's eyes fall out of the window. It's hard to see his thoughts at the moment.

Finally, a huge national square appeared not far away. The flags were flying. There were no tourists around the square. There were only five steps and one sentry. It seemed very dignified. Suqin was not familiar with this area. Her previous job was in the south of the square.

The office building in the East belongs to the real working area of the presidential palace. All confidential meetings and calls are held here, and the identity of those who can enter this area is also very strict.

Suqin can't help but wonder at the bottom of his heart. There are countless bodyguards around xuanyuanchen, the president of xuanyuanchen. How can they make people have the chance to take advantage of him?

But one thing she wants to understand is that this is probably the reason why she was recruited to him. Before he used it, he could not contact his hands, and his former hands should be undergoing inspection and investigation.

Otherwise, the president's trip will not be so low-key.

When the car stopped in front of a non dignified corridor, the security guard immediately opened the door of the back seat and met six waiting people, including xuanyuanchen's assistant and his close friends.

Xuanyuanchen got out of the car naturally, his straight body was totally invisible, he was injured, his back was as straight as a peak, as always, he exuded a deterrent atmosphere.

Suqin's figure followed, she could only watch his figure move forward in the crowd around him, and his assistant reported the arranged information of the meeting for him.

Li Sen's eyes wandered in the crowd around Xuanyuan Chen without trace. These people were all people who worked with Xuanyuan Chen for five years. Some of them were powerful men left by the last president.

At the moment, there are several layers around xuanyuanchen. The first layer is the people he usually works with. The second layer is his guards and bodyguards. The third layer is his assistants and confidants. The people he trusts the most are the people on the fourth layer, Li Sen, ye Dong and Chen Taowei. These three people are the people that xuanyuanchen absolutely trusts.

Now, xuanyuanchen secretly called a group of people he trusted, and is doing a comprehensive search of the safety information of the people around him according to the schedule. This is a very heavy workload, and it takes time to get the results.

So, in the meantime, he left the presidential palace on the grounds of rest.

Suqin walked in the middle of the group and seemed to be particularly low-key and unobtrusive. Xuanyuanchen was ushered into a meeting room by his staff. Li Sen asked Suqin to wait beside him. Li Sen had another level of identity in the presidential palace. The chief special aid beside the president's side could almost enable him to intervene in any affairs of the President's. Suqin is probably the most out of place here, because she doesn't come to the presidential palace to walk around. Everything here is much more rigorous than her previous work. The only thing she can do is to stand at the door of the conference room and wait for xuanyuanchen to come out of the meeting.

Chapter 514

Suqin sees that Li Sen has something to deal with. A middle-aged woman comes to Suqin with the information and asks curiously, "Hello, I don't seem to have met you. Are you the newly hired assistant of Mr. President?"

"Yes! My name is Suqin. I've just been transferred. " Suqin replied with a smile.

"No wonder I haven't seen you." The eyes of the middle-aged woman looked through, and it was no surprise that there was an assistant beside Mr. President. However, if she was a very beautiful woman, she would be surprised.

After five years of succession, Mr. President seldom has young and beautiful women around him. His favorite job is to hire capable men, so it's surprising that Suqin exists.

During the talks, Suqin saw a lot of people in the presidential palace paying attention to the meeting, standing in the corridor in groups of three or five, and talking about it. Suqin became the person who looked at them occasionally after their conversation. She was embarrassed for several times, but she kept calm on the surface, raised her wrists, unconsciously for an hour, standing on her feet. When it was sour, a female assistant came over with a bottle of water.

"Thank you." Suqin was grateful for her warm heart.

"You're welcome." With that, the assistant went to hand over the water.

Suqin's feet are a little sore, but as an assistant, standing for a long time is one of the demands of a job. Besides the meeting room, there is really no chair for people to sit in.

Suqin adjusted his standing posture to make his back light against the wall to relieve the pressure. In this way, half an hour passed, and xuanyuanchen stayed in it for nearly an hour and a half.

Li Sen's figure came from the corner of the corridor. He approached Suqin and asked in a low voice, "is the meeting not over yet?"

Suqin shook his head. "Not yet!"

In such a meeting, except for the end of the conversation among the people in it, the general outsiders are not allowed to enter and disturb at will.

Both Li Sen and Su Qin share the same fear that the president who works with injuries will not be able to support them.

After more than ten minutes of worrying for both Li Sen and Su Qin, the door of the conference room finally opened, and only two generals in their early fifties came out with xuanyuanchen while talking and laughing. Although xuanyuanchen was young, he had a kind of majesty that made the two generals look respectful in front of him.

Suqin quickly walked to xuanyuanchen's side, looked at him anxiously, and two generals beside him laughed, "Mr. President, I'm glad that you can approve and support our plan, and we will not let you down."

"OK, it's hard. I won't send it."

"No, no..."

Su Qin was standing beside xuanyuanchen, and suddenly, a low and loving voice sounded, "have you been waiting for a long time?"

Suqin hasn't responded yet. Her shoulder is held by a big arm, and her whole face is pressed by a man in the position of his heart, which is extremely intimate.

Su Qin's heart beat was smothering, and a strong smell of blood was smelling in her nose. In her blurred vision, she saw a red color reflected on his white shirt. Su Qin suddenly realized.

His wound was bleeding again, and he was using her body to cover the red part of his chest.

Although Suqin felt that her eyes were all around her, which made her ashamed, she had to accompany him in the play, because once she moved her face away from his chest, others could see the tinge of red on his white shirt.

Suqin's hand is unsmooth around his waist. Xuanyuanchen just takes her away, ignoring all the eyes coming from behind, and leads her to the front door of the presidential palace.

Li Sen was also scared after death, because he didn't know that xuanyuanchen's wound was cracked. At this moment, only Suqin knew that.

So Suqin was held in his arms by the president in a very warm gesture, and walked to the gate in the shocked eyes of all the people.

Li Sen quickly opens the door. Su Qin sits in first, and xuanyuanchen also sits in. Li Sen opens the door of the passenger seat. Looking back, he suddenly understands that the reason why President took Suqin away just now is to cover the blood in his chest.

"Hurry back." Li Sen called out to the driver and said to xuanyuanchen, "how are you, sir?"

"I'm fine. Go back!" Xuanyuan Chen Junyan obviously has a little cold sweat, but he grinds his teeth and bears it.

Suqin looked at him anxiously, but he was distressed.

On the way, Li Sen dials up Zhang Jing's number and asks him to rush to their residence immediately, waiting for xuanyuanchen to be bandaged.

Half an hour's journey to arrive, when the car stops stably, Zhang Jing has arrived first. He welcomes him, opens the door, and reaches out to help xuanyuanchen get off.

"Go upstairs. I'll check for you. Suqin, come and help him upstairs." Suqin road where Zhang Jingchao got off.

Suqin came quickly, reached for xuanyuanchen's arm and helped him upstairs.

When he arrived in his bedroom, Zhang Jing put him on the sofa, reached out and unbuttoned his shirt to reveal the position of his wound. He picked up the prepared medicine box and scissors and began to stop the bleeding of his scissors. Xuanyuanchen was calm and calm. Zhang Jing cut his wound. Looking up, he saw Suqin standing beside him. He looked down and asked, "forgive me for taking the chance just now."

Suqin shook his head. "It's OK. I didn't care."

Xuanyuanchen hissed, and Jun Yan was in a cold sweat. Zhang Jing twisted his eyebrows and said, "your wound is festering. I have to deal with it. Please bear it." Then he said to Suqin behind him, "find him a towel and let him bite it."

Suqin immediately surprised, looked around, ran into his bathroom, took out a towel he used, squatted in front of xuanyuanchen, "you bite it!"

Xuanyuanchen clenched his teeth and shook his head. "No need."

"You'd better bite it! It will hurt more than you think. " Zhang Jing still reminds him.

"No, you do your business." Xuanyuanchen refuses.

But Zhang Jing was still in love with him. When he saw Suqin, he thought, "Suqin, you hold his hand and try to distract him."

Suqin immediately lost her mind for a few seconds. How can she distract the man's attention? She asked directly, "what should I do?"

Zhang Jing looks at xuanyuanchen, "what do you want her to do?"

Xuanyuanchen looked at Suqin. "You can hold my hand."

Suqin hurriedly grasped his big palm. In order to hold it firmly with him, she boldly clasped her fingers with him. When xuanyuanchen was slightly stunned, Zhang Jing turned over his festering place, opened it, cut it off, and dealt with it cleanly in a few seconds.

Xuanyuanchen's reaction was that his teeth were clenched and the cold sweat on his head was more intense. At that moment, his hand tightly grasped Suqin's hand, and Suqin took a breath, which was really painful.

She gritted her teeth and endured. Her pain is nothing compared with that of this man.

Chapter 515

After xuanyuanchen treated the wound, Li Sen and Zhang Jing were in the room with him. Suqin went back to the room. She washed her face and tried to wipe the water on her cheek with a towel. She was stunned for a few seconds. In her mind was xuanyuanchen's hug just in the presidential palace.

It caught her off guard. There was nothing in her mind at that moment.

Only in the tip of the nose that a thick smell of blood.

Beside Xuanyuan Chen, there are Li Sen and two men who have just arrived. They are the people who Xuanyuan Chen ordered to thoroughly investigate the shooting.

"Your Excellency, there has been some progress in this matter, but we are still targeting the target, which needs to be determined again."

"Who is it!" Xuanyuanchen's thin lips spit out two words coldly.

"At first, we suspected that this was an invasion, but after our careful investigation, we have ruled out this possibility. We have targeted your close aide Zhou Hao. You must be someone who knows your schedule very well, or even your people. Otherwise, who would know that you went to the cemetery? And there will be silence alone? "

Xuanyuan's eyes flashed a trace of cold and ferocious, and he did not speak. He was really careless about this trip.

"Sir, may I ask who you went to the cemetery alone to pay homage to this time?"

"Well, you are lucky this time. You only need to give the best explanation and result in this matter." Li Sen stops the men around him from asking questions.

"It's an old friend of mine." Xuanyuan Chen light should be one.

"OK, we are already interrogating Zhou Hao. Maybe we can get the result soon."

"This Zhou Hao really deserved to die, probably because two days ago, the president dismissed him for a mistake, which made him bear a grudge, and even gave birth to the idea of killing the president. It's disgusting." Li Sen shook his fist and said angrily.

"Mr. President's schedule is likely to change every minute. Why can Zhou Hao control his whereabouts? In the cemetery? "

"Zhou Hao has been with you for three years. On that day of every year, you will go to the cemetery alone to pay a memorial service. He must have expected that." Li Sen replied.

"Li te helps, do you know Zhou Hao well?"

Li Sen narrowed his eyes and recalled carefully, "I have had several in-depth contacts with him. He is a very face oriented person, and privately likes to show off his job in the presidential palace, which makes him highly respected in interpersonal relations. I heard that he went back to his hometown and even the mayor personally provided him with a good waiter on the table and made a high-profile manner. Maybe it is Don't want to lose the sense of honor brought by this job, he is still serious and responsible for his work, but on that day, he mistakenly sent documents and smelled of alcohol. It's not the first time for him to work and drink. Your excellency is very angry and directly dismissed his job. He probably has a grudge for it. "

Xuanyuanchen just passed through a bandage, his face was tired, he said in a deep voice, "this matter should be handled as soon as possible, and you should pay more attention to the security work in the future."

"Yes, sir, we will keep it very confidential." Finish saying, Li Sen greets him to go out, close the door gently, let Xuan Yuan Chen rest.

In the evening, Xuanyuan Chen didn't go downstairs, and ye Dong went up with the meal. Until the next morning, Xuanyuan Chen didn't go out.

Today, Suqin also received a dozen urgent documents waiting for him to deal with. She found Li Sen. Li Sen asked her not to disturb him. In the afternoon, she sent the documents to xuanyuanchen's bed. He was ordered by Zhang Jing. There was no important matter. He was not allowed to leave his bed.

Because his wound suffered several second tears, which made his head big. If it goes on like this, he still doesn't know when he will be able to recover.

Su Qin follows Li Sen, Li Sen pushes the door open, xuanyuanchen is leaning against the pillow, holding the iPad in his hand and watching people's livelihood news. Su Qin's eyes fall on his face. After last night, he looks weaker and paler.

"Sir, Xiaoqin has several documents here. Please have a look when you have time!" Li Sen said to him.

"Let Suqin stay. You can do it!" Xuanyuan Chen did not lift Mou to say.

Li Sen nodded and turned to Suqin. "Xiaoqin, you stay with you to deal with the documents. What can I do for you?"

"OK!" Suqin nodded.

When Li Sen left, he took the door with him. Suqin put the document on the bedside table and looked at the man on the bed. She said in a warm voice, "Mr. President, do you want to see the document now?"

Xuanyuanchen shut down the iPad and put it aside. He reached out to her and said, "give it to me."

Because his upper body can't move at will, he is almost half lying and half sitting. Suqin hands a document to him. He opens his eyes and looks at it. Like this kind of complicated official report, Suqin sometimes looks big.

And this man, as if by nature, is an expert in this field. He can read documents very fast and handle them very well. Suqin stood aside, waiting for him to finish watching. Xuanyuanchen looked at her, turned to her and said, "sit down and wait!"

Suqin couldn't help but take a look. The sofa was a little far away. There were no chairs in his room. She smiled and said, "it doesn't matter."

"In bed." Xuanyuanchen's eyes did not leave the report.

Suqin's pretty face is slightly hot, sitting on his bed? She was stunned. The man's eyes looked at her twice, and insisted, "sit down!"

Suqin had to nod and sit gently on the edge of the bed beside him. The man had read a document and said to her, "give me a pen."

Suqin handed the pen to him, but his eyes did not leave the report, so he roughly reached for the pen. Suqin took the pen hand and was directly held by his big hand.

Suqin's heart was still beating, but he didn't respond. The man's hand released her hand, took away the pen in her hand, and pretended to sign.

Suqin took over the signed document he handed over, and his mind was blank for a few seconds. At this time, the man's hand had been held in the air for a few seconds. Xuanyuanchen looked at her dejected look, and couldn't help but chuckle, "what are you thinking?"

Suqin suddenly found that he was still waiting for her to hand over the second document. In a moment, a bright white face was red. She hurriedly picked up the second document and handed it to him.

When the man reached out to take it, his eyes were fixed in her flustered and twinkling eyes, and her white and red skin. He knew that the handshake just now scared her.

"When are you going to get married, too?" Xuanyuanchen in order to ease the atmosphere, a cordial question.

Chapter 516

"Suqin swallowed saliva, strong hold calm answer way," work is busier, did not think this matter. "

"Is it? Do you need me to give you leave to relax and find a boyfriend? " Xuanyuanchen looks at her with a smile, slightly teasing her.

Suqin politely shook his head and smiled, "thank you, no, I like my work."

Xuanyuanchen looks at her and says, "I still need to make a medium for you and introduce the excellent people around me to you."

Suqin didn't expect that the president would care so much for the people. She chuckled, "I really don't need to. Thank you for your concern."

Xuanyuanchen neatly signed the document and said to her, "put the document beside me. You can come here for it in half an hour. Go back to have a rest!"

Suqin nodded, put the paper next to his pillow, and she came out.

Mingming is just a job, but this job is the most difficult job Suqin has ever had. She doesn't know what happened to her. She seems to have lost her calmness and sense in her normal work.

It seems that her mind is always distracted. She shakes her head and inspires herself. She can't go on like this.

This afternoon, Suqin's work was nothing. She sent the documents downstairs and waited for the corresponding assistant from the presidential palace to pick them up. Her work in one day was finished.

At about 9:30 p.m., xuanyuanchen is still eating in the room, waiting by Ye Dong. Suqin returns to the room to take a bath and have a rest earlier.

Just when she was ready to find her pajamas for a bath, her door was knocked. She reached out and opened it. Li Sen stood outside. "Xiaoqin, do you have time?"

"Yes." Suqin hurriedly nodded.

"Well, Mr. President is sweating all over today. I wanted to give him a bath, but I think I may not be suitable. Xiaoqin, I can only trouble you."

Su Qin was slightly stunned for a few seconds, thinking that she didn't seem to fit it!

"OK." Suqin nodded.

"You are waiting in the room. You can go!" When Li Sen finished speaking to her, he turned and left.

Su Qin takes a deep breath and adjusts her mood. She reaches out and knocks on the door of xuanyuanchen's room. There comes a deep male voice, "come in."

Suqin pushes open the door, the light in the room is a little dark, xuanyuanchen's body is still the shirt in the daytime, but the button on his chest is untied to the third one.

"Mr. President, Butler Li said to give you a bath, didn't he?" Suqin still needs his consent.

"Is it convenient for you?" Xuanyuanchen looks up and looks at her calmly.

Su Qin chuckled, "of course it's convenient."

After that, she went to the bathroom and there was a prepared bucket. She put a little hot water, put half of the bucket and brought it out. When she came to the bed, she saw xuanyuanchen sitting straight, his slender fingers untying his white shirt gracefully.

Suqin looked down, not at him.

Xuanyuanchen untied his coat, put it aside, and said to her, "just wipe it for me!"

Suqin nodded and unscrewed the warm towel. To wipe his body, he had to kneel on the edge of the bed. The warm towel rubbed on his bronze skin. His shoulders and backs were straight and beautiful, and his shoulders and bones were potassium. Because he had two pairs of small wing like muscles, it can be said that this man's body was perfect.

In order to support his body, Suqin had to hold his thin hand on his shoulder and wipe his back carefully and with a little strength. This was the first time that Suqin had such a close brush with the opposite sex. Even her predecessor had no such experience.

After wiping his back, Suqin once again dried the towel and pasted it on his neck and began to wipe the front. Her eyes quickly looked at the man, only to see his thick long eyelashes covering his eyelids, and the calm eyes were unpredictable.

Suqin wiped out a sweat, and her face was a little red because of the intimate wipe. She said to him, "do you need to wipe your face?"

"Good!"

Suqin went back to the bathroom with a bucket, changed a basin of water again and came to the bed, wring it dry. She leaned over her upper body, and the man closed his eyes very cooperatively.

The face reflected in Suqin's eyes, reflected the light from the ceiling, is as perfect as the sculpture of Ximen. The cold handsome and bright features, the thick sword eyebrows, the proud nose and the sexy lip shape all show his nobility and elegance.

Suqin's hand is holding the towel, and she is very gentle and careful to wipe this face. Her breath is slightly held, and she has been wiping his face. She retreats and takes the basin and enters the bathroom.

Xuanyuanchen opened his eyes, dark and profound.

After washing everything, Suqin came out and looked at the man lying half naked on the bed. She asked with concern, "Mr. President, what else do you need me to do?"

"No, you go back to rest!" Xuanyuanchen opens his mouth in a low voice, and his brows are full of weariness.

"I'll see you tomorrow." Suqin said, pushing the door out. As soon as she walked through a study, she heard someone talking in it. It was not what she intended to hear, but they didn't seem to think that she would come out.

"If this matter is found out, you will move back to the office of the president."

"What about Suqin? We temporarily transferred her this time. Now the president is not short of staff. Should we transfer her back to her original position?" This is Ye Dong's voice.

Suqin's steps are slightly settled.

Li Sen's voice came, "yes, she can only be transferred back to the original unit to make arrangements. It's only one week at most! I will talk to her and try to reserve a good place for her."

When Suqin heard this, she lowered her eyes and stepped back to the room. She closed the door gently and sighed a little.

So, she will leave here in a few days and return to her original unit. Suqin blinks. In fact, she is eager to return to her original position, at least more suitable for her than staying here.

In the middle of the night, Suqin had a nightmare. In the nightmare, in xuanyuanchen's room, a dark shadow flashed, as if someone was going to assassinate him.

Suqin turned on the light in cold sweat, then she turned to look out of the window. It was dark outside. It was probably because of the dream. She got out of bed and opened the door.

Gently step to the door of xuanyuanchen's room, she slightly twisted the door, looking at the man sleeping inside the door, she was relieved, it was a dream indeed!

However, she saw that he even went to sleep naked, and the air conditioner in the room was still cold. Suqin was worried that he would catch a cold. At this time, a cold would make things worse.

Suqin went to his bed and reached down to tuck in the corner he was pressing, intending to cover it.

How to know that the man actually opened his eyes directly. Under the light, the man's eyes were bright and threatening, with charming color, so he stared at her.

"Mr. President, I'll cover you up."

"You don't sleep in the middle of the night every day. Do you always cover me like this?" The man's voice is hoarse.

Suqin is embarrassed. After thinking about it, she will come to build it for him almost every night. How does he know?

Chapter 517

Suqin's hand is still very persistent to cover the man's quilt to his chest, she stood up straight and said, "Mr. President, you have a good rest, don't lift the quilt again."

After that, Suqin's figure quickly walked to the door and pushed the door out. However, Suqin was not so calm as she seemed. When she returned to the room, in the quiet air, she heard her heart beating rapidly.

She stretched out her hand and pressed it. She sat in front of the bed and stroked her face. She didn't know when it was hot. In her mind, it was xuanyuanchen's smile like saying, "do you stay up in the middle of the night and cover the quilt for me?"

This sentence seems to imply something, but Suqin can tell him conscientiously that she really didn't guard the midnight to cover his quilt. She just developed a habit of waking up once in the middle of the night.

And when she wakes up, she naturally wants to see him, because this man's habit of lifting the quilt really doesn't change. It's strange that he sleeps so much every night.

Suqin took a deep breath and thought that she would leave here in a week or so. It seems that she only needs to finish her next work well, and other ideas that should not be held back.

Early morning.

Suqin looked at the man sitting at the breakfast table. She sat down beside him and said, "good morning, Mr. President."

"Good morning." The man is holding up the spoon gracefully and drinking porridge. He looks at the deep eyes.

Ye Dong said to her, "Xiaoqin, I specially made you dessert today, and you will pay for it." After that, ye Dong brought two very attractive Mousi cakes.

Su Qin chuckled and looked at him gratefully. "Thank you."

"If you like, I'll do it for you next time." Ye Dong touched her beautiful apricot eyes and suddenly showed the shame of a big boy.

Suqin is very beautiful, and is beautiful without any aggression. She is like a soft pearl, which makes men involuntarily like her and want to do anything for her.

Ye Dong, 34 years old, has not met many women. Even though he is a hard-working man at work, there is still a sense of tenderness in his bones towards women.

Suqin really missed the mousse cake. She took a spoon and scooped it into her mouth. The sweet and fragrant cream taste was probably the woman's favorite. She bent her red lips and her eyes became the first quarter moon.

The man sitting on the throne glanced casually, and was fixed by her sweet smile at the moment. Only a few seconds later, he moved away.

Today's work is still to deal with his official documents. In the afternoon, two men in special uniforms came in to report Zhou Hao's assassination. Zhou Hao is a coward who has not yet used his punishment, so he recruited all the assassination experiences.

Zhou Hao told every detail of him, and the secret assassination of Xuanyuan Chen was completely closed. Such a thing, if not stay with Xuanyuan Chen for three years, could not be done at all.

What's more, the state has a very strict control over foreign invaders. Every time xuanyuanchen attends a big scene, his bodyguards are 360 degrees to protect his safety. Zhou Hao can work in the presidential palace, and has a high intelligence. Therefore, the assassination can be turned into a perfect process.

"Sir, such a person, I don't think it's necessary to stay in the world, should..." Li Sen said in a cold voice.

Xuanyuanchen narrowed his eyes and made an action to stop him from continuing. He said to the two men in front of him, "follow the legal procedure and lock him up alone."

In the end, this sentence seems particularly cold.

"Your Excellency is right. He knows everything about you. If he reveals it to others, it will be extremely dangerous." Once again, said Li Sen.

Zhou Hao's behavior this time, although he was spared his death, but his punishment was worse than death.

In the evening, Zhang Jing comes to check his wound recovery. Xuanyuan Chen has no willpower and the wound is well recovered. At the same time, the day when Xuanyuan Chen returns to work in the presidential palace is near.

As the president, he will not work in the office for half a month, and sooner or later, he will fall into the trap of others. Even if it will not affect his identity, it will also form a bad image of inaction in other people's hearts.

Late at night, in the quiet and spacious master bedroom, xuanyuanchen's quilt was opened again, but other people did not fall asleep. In the middle of two to three o'clock, Suqin would come to cover the quilt for him. Tonight, he was waiting as well.

As if it had become a habit, his closed eyes suddenly opened, and the deep light swept to the door, waiting for Suqin to push the door in.

However, the hour by the bed passed by little by little, and there was no movement outside.

She won't come to cover him? Some things, once there is expectation, will produce corresponding loss, xuanyuanchen hook lips inexplicable smile, reach out to open the quilt tucked in to the chest.

Maybe he scared her last night!

However, at this time, he heard the extremely light footsteps outside the door. He immediately pushed the quilt tucked into his chest to his abdomen, and then naturally closed his eyes and pretended to sleep. Sure enough, the door rattled softly, as if someone had pushed in from outside. Sure enough, it was Suqin. She came.

When Suqin woke up, she was struggling for a while, so she decided to come over and cover the quilt for him. Sure enough, she opened the door, and the man in the bed, as always, only covered the quilt on the abdomen.

Suqin sighed a little helpless, came over, tucked in the ends of the quilt gently, and slowly pulled it to his chest to cover it. Her eyes looked anxiously at his face for fear of waking him up again.

However, the man seemed to be asleep and didn't wake up.

After su Qin finished covering, she turned around and left. When she closed the door, the man's eyes on the bed directly opened behind her, looking at the direction of the door, and a satisfied smile was raised at the corner of her mouth.

In the next few days, when Suqin covered the man again, he was asleep. In the daytime, he basically handled his work. She sorted out the documents on the side, but had little communication.

It's just that ye Dong changed her breakfast several times, and found a bird's nest stew for her to drink from. At this point, Suqin was really flattered, even xuanyuanchen didn't drink it.

However, what she did not know was that xuanyuanchen was not used to drinking such thick and soft things, so she was only allowed to drink them.

Time passed quickly. A week later, Suqin was waiting for her to be transferred back to her original job. Li Sen had not talked to her about this. Suqin's heart was still in a state of confusion. Did her transfer change?

Chapter 518

Xuanyuanchen's wound will not be inconvenient as long as he is recuperated, so it will be a matter of time before he returns to the office of the president's office.

In the evening, Suqin is picking up the dry cleaning clothes. Her door is knocked. She opens the door, and Li Sen looks at her with a smile. "Xiaoqin, are you busy?"

Suqin smiled and said, "I'm not busy. Is Uncle Li busy?"

"I have something to talk to you about."

Suqin's heart has a bottom, she nodded, "OK!"

Li Sen went to the sofa in Suqin's room and sat down. Looking at Suqin, he said directly, "Xiaoqin, you are going to move back to the presidential palace."

Suqin pretended to be surprised and smiled, "is that right?"

Li Senlue looked at her apologetically and said, "yes, maybe I'll move back the day after tomorrow. Xiaoqin, you know, we transferred you here for a temporary job. Now, I've decided to transfer you back to the original unit. What's your opinion?"

"I have no opinion." Suqin shook his head and answered very frankly.

Li Sen appreciated her character very much. He got up and said, "OK, Xiaoqin, I hope you can go better in your political career. I look forward to meeting you again one day."

"Then when shall I leave?"

"There's a car coming to pick you up this afternoon. You've been away from home for half a month. It's time to go home and have a look."

"OK, thanks for Uncle Li's care these days."

"We should thank you for your selfless dedication."

"That's what I should do." Suqin said with a smile.

"Well, you pack up. I'll ask Ye Dong to bring the box to you later. You can prepare whatever you need to prepare."

At noon, Suqin had a meal alone. She did not see Li Sen and Xuan Yuanchen. She asked to Ye Dong curiously, "isn't Uncle Li and Mr. President in?"

"They're out."

"Will you be back in the afternoon?"

"Not necessarily. It should be dealing with the work."

Su Qin chuckled, "Oh!" Originally she also wanted to tell xuanyuanchen a person, it seems, even to say goodbye to this matter also saved.

It was Ye Dong who sent Suqin away. Suqin packed several sets of clothes and supplies here. In a simple half month, it was like a life journey, which made her meet some people who she could not meet in her life.

However, it was lucky for her.

At seven o'clock in the evening, Suqin arrived at home. Su Boyan and Li Qian were shocked to see her coming back suddenly. They didn't call for half a month. The eldest daughter came back suddenly.

"Xiaoqin, what are you doing these days?"

"I went to the training, which is more rigorous." Suqin explained with a smile. At home, she was very casual. She took a bath, put on a loose T-shirt, took out her favorite yogurt from the refrigerator and sat on the sofa.

"Oh, Dad, mom, I forgot to tell you that I will return to work in the original unit tomorrow, without transfer."

"What? Didn't that mean the transfer? "

"No, I didn't. It was just a kind of training."

"Well, at least you are a girl. You go to the administration class every day. It's better than your business trip every day before." Li Qian thinks her daughter's job is good and decent.

At the dinner table, Li Qian looks at her eldest daughter, who is still around her. She is worried and asks, "did you contact Cheng Yubin last time? Did he invite you out for dinner? "

Suqin knew her mother was going to worry about her marriage again. She shook her head and said, "no, maybe he is busy and I am busy."

"No matter how busy you are, don't you leave the marriage affairs aside. You know, it's not easy to have a child when you are old. It's easy to have an accident."

"Mom, I just had my 27th Birthday! I'm not old. " Suqin retorted.

"Anyway! You're going to have a snack on this, too. "

In the evening, when Suqin returned to the room, although the sense of oppression in his heart was relieved, the people he met in this half month were hard to forget for a while.

She turned on the computer, searched the name of xuanyuanchen, and what appeared on the screen immediately was the picture of him receiving leaders of various countries. He was the kind of man who stood in the middle of thousands of places and was full of glory.

In the dignified scenes, he is tall and noble, with a calm breath. This and his people in life have completely become two styles. They talk with high-level officials of various countries, shake hands, and act with the king's demeanor. Even the smile is just right to a good place.

Looking at these photos, Suqin couldn't imagine that he was a childish man in his life. He was upset by this in the middle of the night, and the way he and Zhang Jing stumbling and joking were different from the president of the country in the photos.

However, if you think about it, everyone has two sides. She also has. At work, she is serious and rigorous. But at home, she wants to be a man who is free from constraints. Suqin sighed a little. From now on, the only way she can see this man is in the news!

In a mysterious and safe house.

Xuanyuanchen is sitting in the study, beside him, accompanied by Li Sen. he reaches out his hand to sign the letter and asks in a light tone, "why don't you tell me in advance and let Suqin leave?"

Li Sen smiled. "Do you want to stay with Suqin?"

Xuanyuanchen twisted his eyebrows. "This time back to the presidential palace, you can see if there is any vacancy around me. Transfer her here!"

There was a flash of shock in Li Sen's heart. Did something really go beyond his control? Did the president have some good feelings for Suqin? This is not the original intention that he came to Suqin.

"OK! I will pay attention. " Li Sen answers.

In the middle of the night, xuanyuanchen saw that it was more than 12 a.m. when he saw the official document, he twisted his brow. In such a quiet night, he thought of Suqin's massage. Although her technique was not powerful enough, it could make him completely relaxed.

But now, she is no longer around. If Li Sen can't find a suitable position for her, she won't be seen in the next time.

Xuanyuanchen has his arms on his back. Although he is the president of a country, there are not many women he really touches. He was trained strictly to be the successor of the country in the future. His life is like an iron net. He firmly keeps things dangerous to him out of the net, even his interpersonal relationship.

After he succeeded to the president, there were indeed various women around him, but those people, either his subordinates or those who had a purpose to approach him, few people with simple purpose and simple mind, especially women.

There is no doubt that Suqin is a person who has no idea about him and only works for him. Therefore, Suqin still has a special influence in xuanyuanchen's heart.

At the moment, he clearly felt his heart, and he hoped that Suqin could still work beside him.

Chapter 519

When Suqin returned home, she was called by the company and took the initiative to take a rest for her. Therefore, she had three days' holiday and could have a good rest at home.

Suqin calls Suxi. Suxi is filming in other cities. She can't come back for the time being. Suqin also wants to visit her, but she's tired recently. She'd better rest at home!

Suqin had a rest, but Liqian was not idle. The next day, she took a young man from a nearby community home to be a guest. She was the son of a sister she was close to. She was a good-looking and talented student. She was very excellent.

Suqin didn't get away from each other, so she asked her mother to hold her back and let them know each other.

"Suqin, I've noticed you for a long time. Every day when you go to work, you drive past my parents' store." The man named Wang Yang looked at her with a face infatuated.

Suqin had a big head. She was not good at dealing with these things. She smiled, "is that right? I may not have noticed. "

"Now, we have the chance to get to know each other, which means it's a fate. In the future, we can get to know each other well."

"Er! I'm busy, maybe... "

"Nothing, I can understand. If you are busy, I can wait for you to have time patiently."

"This I don't have the idea of finding a boyfriend for the time being. " Suqin had to be more direct.

However, Wang Yang was not in a hurry. He laughed, "I can wait, when you want to find it, I will contact you again."

Just then, Suqin's cell phone rang, and she laughed, "excuse me, I'll take a call."

After that, Suqin got up in a hurry and didn't see who was on the other end of the phone. She grabbed it and answered, "hello."

"Hello! Xiaoqin, this is Li Sen. " There is a mellow male voice.

Suqin hurriedly walked, and immediately stopped, she exclaimed in surprise, "Uncle Li?"

"Yes, it's me. Are you busy?"

"Well, not busy. What can I do for you? You say. " Suqin is tightening her heart. Is there any mistake in her previous work?

"Well, there's a position beside the president. I don't know if you are interested in coming here. If you agree, I'll transfer it to you this Monday."

Su Qin's face stayed for a few seconds, transferred to xuanyuanchen's side to work? She didn't really think about it.

"Xiaoqin, what's the matter? If you don't want to Or take time to think about it. "

"No, Uncle Li, I'm willing to transfer." Suqin's reply was very calm and clear. After that, the white skin on her face was a little red.

Why does she have to answer so clearly? It seemed as if she wanted the job very much.

But who doesn't want the chance to work next to the president?

"OK, if you like, then you don't have to go back to your former unit on Monday. Report directly to the presidential palace!"

Suqin replied, "well, OK!"

That end hung up the phone, Suqin slightly breathed a sigh, there is still some confusion in the brain, until Wang Yang behind called her.

"Miss Su, what's the matter with you? Is something wrong? "

Suqin turned back and chuckled and shook his head. "It's OK, it's just about work. I'm sorry, I have something to deal with. I'll talk next time." With that, Suqin took the bag and walked out quickly.

"Ah Let's talk again. I'll save your phone number! " Wang Yang catches up.

And Suqin's figure quickly walked to her car direction, started and drove away.

Wang Yang looked down at her car and left behind, with some helplessness in her eyes.

Suqin still can't accept it. It's too soon and suddenly that she will go to work next to xuanyuanchen on Monday. Why did Li Sen suddenly tell her to transfer? Is it because he really lacks an assistant, or something?

Suqin can't figure it out and doesn't want to figure it out. For her, it's just another job. She just needs to be ready for the new job.

When she came back home, Suqin was afraid of changes in her work, so she didn't tell her parents. She received a phone call from the leader of the original unit, talked with her about the transfer, and the leader congratulated her. Few people were so lucky to be promoted to work beside the president.

At this point, Suqin's heart is a little deep, but she is not sure whether her transfer is related to the president.

Monday is around the corner. Suqin goes out in a professional suit. Her car enters the East office area, which is the most strict place in the whole country. Therefore, her car is also subject to various scanning tests. After six strict checkpoints, Suqin's car drives into a Avenue beside the square. The greening on both sides is very pleasant To the majestic office area of the president, Suqin stopped her car under the guidance of the security guard. She got off with Baomai and walked into the gate along the road.

This presidential palace, like a flying dove, spreads two white wings. In addition to the main building, there are also wing buildings on both sides. They are dignified, solemn and full of inviolable King atmosphere.Xuanyuanchen is back here, so this is where he works and lives.

Suqin in the hall, a middle-aged man came to her and said, "Suqin is right! Please follow me. "

"OK!" Suqin smiled and nodded, followed him to the next elevator, all the way to the sixth floor, which is also the higher floor, because this is a low office area, Suqin followed him all the way to an office door, he knocked, and led Suqin in.

Li Sen was talking with two middle-aged men there. When he saw Suqin come in, he smiled, "Suqin, you are here."

Suqin also omitted the previous address and called him directly, "how do you do, Li tezhu?"

When Li Sen's guests saw that he had something to do, they automatically got up and left. Li Sen welcomed Su Qin to the side of the sofa and sat down. "Su Qin, here is no better than our previous residence. Everything is done in strict accordance with the rules, so here, we focus on work."

Suqin nodded clearly, "OK."

"Well, let me tell you about your daily work. First of all, take care of the president's tea and drinks and his personal needs in the office area. Second, organize his desk papers and clean his office after work. Besides you, you can't fake others. Can you do that?"

Suqin was slightly shocked. The job was completely unexpected to her.

When Li Sen saw that she seemed to hesitate, he smiled and said, "it was my fault that I didn't make it clear to you on the phone last time. However, if you have any ideas now, or want to return to the original unit, I can also be transferred."

Chapter 520

Suqin looked up, his eyes clear and serious. "I'm willing to accept this job."

"It may seem too simple compared with your previous job, but it's not a simple job, because you serve the most honorable man in the country."

"I know. I will do the job well." Suqin naturally understood that the seemingly servant's job was actually more important than any of her previous jobs, and she dared not look down upon it.

"I'll give you all your papers before you leave work. Now, I'll show you to your office."

Suqin nodded, got up, and followed Li Sen out. The office area was very dignified and shrouded in a rigorous atmosphere.

Li Sen went to the door of an office and pushed it open. There was a clean desk, a very spacious and bright office. At the same time, there was a door connected with another tea room, which was specially for xuanyuanchen to prepare tea and coffee.

"This is your desk. Next to it is the tea room. I have a habit of the president drinking tea and coffee. You can have a look. Because of the heavy workload of the president every day, he drinks tea and coffee more frequently and has a more sensitive taste. If you don't understand anything, you can ask me directly." Li Sen is very familiar with xuanyuanchen's hobby.

Suqin nodded and felt a little pressure inside, but she believed she could do well.

"The president's office is at the last door of this corridor. Generally, there's nothing to do. We won't disturb him unless he looks for us by internal phone."

Suqin took a look at the phone on the desk. She nodded, "OK! I understand. "

"Suqin, don't fail to live up to your expectations. This job is specially made available to you by you. Maybe he appreciates your work style." Li Sen said in a different way.

Suqin's brain is slightly fried. Is xuanyuanchen fighting for her job?

Before she could react, Li Sen pushed the door and left. When Suqin was back to her mind, she felt a little hot on her face. She reached out her hand and stroked her face and sat down in the position.

Open the handover book, it's a auspicious record of xuanyuanchen's tea and coffee drinking. Suqin carefully looked at it. At the same time, she got up and came to the tea room, familiar with the tea and coffee varieties placed on the table. She was very careful.

And just then, her internal phone rang.

She quickly put down the notebook in her hand and answered the phone in a hurry. "Hello, hello."

"Here we are!" There was a deep male voice with a smile.

This voice makes Suqin's heart jump. It's xuanyuanchen's voice.

"Mr. President, what do you need?" Suqin did not dare to neglect, and the voice line was very serious.

"Oh! Give me a cup of coffee and tea. You can make me something to drink. "

"OK, just a moment. I just arrived. Can I make you a cup of tea?"

"Yes." After that, he hung up.

Suqin sighs slightly. It seems that she can't be lazy. She can adapt to the job as soon as possible.

Su Qin came to the tea room and made a cup of superior Longjing for the man according to the weight and process described in the record book.

After brewing, maybe the tea is top grade. The tea is clear, green and fragrant. It smells very good.

Suqin took the tray and walked step by step to the door at the bottom of the corridor. She knocked, and there came the unique low voice line of men.

"Come in."

Suqin pushes the door to enter, xuanyuanchen stands in front of the floor to floor window, arm props up on the window frame, slender body appears unusually tall and straight, a simple white shirt with black trousers, even if so simple to wear, his awe inspiring momentum, can not be ignored.

"Your tea, Mr. President." Suqin put the tea level on his desk and looked at him with respectful eyes.

Xuanyuan Chen's deep eyes lock her, hook her lips and smile, "is there any accident? So soon? "

"Thank you, Mr. President, for giving me this opportunity to work beside you," said Suqin, with a red lip

"Li Sen told you that." Xuanyuanchen some uninteresting pick eyebrows, sit to the table, with her tea, smell, "craft is really good."

"I just made it according to your preference record. I hope you like it."

"I love it." Xuanyuanchen finishes saying, light affix one.

Suqin looked at the gauze under his white shirt. She didn't look carefully. She couldn't see it at all. She asked with concern, "Mr. President, is your injury OK?"

"Already." Xuanyuanchen responds with a low voice.

Suqin stood for a few seconds and said to him, "then I'm back in the office. What can I do for you?"

"Good!" Xuanyuanchen nodded, and when Suqin turned around, his eyes could not help following her back and seeing her out.

As soon as Suqin left the door, she couldn't help but breathe. What's the matter with her? Where's the calmness and sanity at work? It's not a good thing why she is not calm enough when facing this man.

Suqin was a little annoyed. The work was supposed to be a serious and meticulous thing. If there were some ideas, it would be easy to make mistakes.

No, she has to work hard.

Suqin sat on the desk and spent the whole morning reading materials. It was all about xuanyuanchen's hobbies and habits. Unexpectedly, the former employee wrote down his things very carefully.

Suqin remembers that at lunchtime, she gets a call from Li Sen and tells her that the canteen is on the first floor of the basement, so she can't miss it.

Suqin is not hungry, but in order to get familiar with the environment, she decided to go to the canteen for dinner. When Suqin walked into the elevator, two female employees were discussing something. When they saw her coming in.

The eyes of the two female staff members exchanged quickly, looking at Suqin curiously and surprisingly.

When Su Qin stood in front of them, she could also feel her eyes staring at her behind her. Su Qin pretended to be calm and didn't know what they were looking at.

When the elevator stopped, Suqin walked in front of her, and two female staff members immediately whispered, "isn't this the girl that Mr. President left with his arm?"

"She's an employee of the presidential palace? How come I haven't seen it before? "

"Is it new?"

"Are you sure it's an employee? Not the president's girlfriend? On that day, I saw with my own eyes the president holding her out. "

"Yes! I've heard about that story that day, but she's really beautiful. "

"It's not beautiful. It can't attract Mr. President."

However, the two female employees thought that they had said it very quietly, but they did not know that Suqin had heard it, and her brain was blank.

She forgot that last time. However, has it spread all over the presidential palace now?
