

U. CEO Daddy 521

Chapter 521

When Su Qin was eating in the canteen, he understood the meaning of the word "attention". However, no one dared to ask her what, but the voice of being stared at and then heard them whispering in private.

Her heart was still a little uneasy. When Suqin finished eating and went to the elevator, there was some lively electric heat. Suddenly, because of her arrival, several women in professional clothes closed their mouths and smiled and said hello to Suqin.

Suqin also smiled and walked in. People went down from the first floor to the third floor of the elevator. At last, she was the only one left to go up to the sixth floor. Suqin stepped down from the elevator and took a look left and right before she went to her office.

Suqin was a little depressed. She didn't expect that the job would arouse criticism from others, or even make her have a warm and ambiguous relationship with the president.

It's a real unorthodox thing, which makes her think, is she not suitable for the job? It's the second one that brings difficulties to her. Her existence should bring troubles to xuanyuanchen!

Suqin sat on the desk. Just after a while, the seat on the desk rang. She sat up straight and reached for it. "Hello."

"Suqin, come to my office." At that end, the voice of xuanyuanchen sounded in a low voice.

Suqin hurriedly got up, pushed open the door of the office and walked to the president's office. She knocked. When there was a response, she pushed in.

Xuanyuanchen is sitting on the desk. He is busy cleaning up the documents on the desk. He says to Suqin, "please help Su to tidy up the documents for me."

Suqin nodded, went to his desk, put out his hand and buried his head to sort out his scattered papers. Xuanyuanchen's body was languidly leaning behind the chair, and her deep eyes were on her serious and attentive expression.

Suqin finds out his eyes and her mood is slightly disordered. She thinks of the comments she heard in the canteen. After Suqin has arranged the last stack of documents, she also makes a decision.

"Mr. President, I have something to tell you." Suqin raised his head and looked at the man in the chair seriously.

Xuanyuanchen made a gesture for her to say, "what's the matter!"

"Remember the last time you came out of the meeting, the wound was bleeding. You Did you hold me? " After su Qin finished, the skin was as white as coagulated fat, with a layer of red.

Xuanyuanchen deep Mou tiny MI, thought a little nod, "remember."

"I think the staff in the presidential palace may have misunderstood us, so I don't think I'm suitable for the job of your assistant." Suqin drooped her eyes, not daring to look directly at the man.

Xuanyuan Chen Zheng Zheng, asked in a low voice, "is there any rumor that Philippine language is flowing out, causing you trouble?"

"It doesn't matter to me. I'm afraid it will affect your reputation, Mr. President." This is for his sake, so that his wise image cannot be destroyed in any way.

Xuanyuanchen thin lips a hook, picked the eyebrow peak way, "you don't have to worry, as the staff of the presidential palace, this kind of thing will not spread the private."

"But..." What else did Suqin want to say.

The man interrupted her with a low, insistent voice, "Suqin, I hope you can stay."

Suqin's heart lake is slightly disordered. She raises her long eyelashes and looks into a pair of deep sea like eyes. She blinks, inexplicably. In these eyes, she seems to have no courage to refuse.

"OK! I will stay. " Suqin answered with a red lip bite and turned away from his office.

She walked forward with her head bowed all the way. At a corner, she didn't find someone coming in front of her. When she looked up and stopped her feet, she still ran into someone. The man also helped her shoulder protectively.

"Thank you." Suqin thanked and raised his head at the same time.

When she saw the man holding her, Suqin only felt that her head had exploded into a blank, in which a long lost male face came into her eyes.

And the man's eyes saw that it was her, and he was surprised. He took off his mouth and called out, "Xiaoqin?"

Suqin's footsteps clanged back two steps, separated from the man. Her fist clenched subconsciously. Her eyes were filled with sadness and hatred. She clenched her lips and didn't want to see the man.

"Xiaoqin? I didn't expect to meet you here. " The man is surprised to see her. This meeting is a surprise for him.

Suqin's face passed by him without expression. The man behind him looked back at her back, and there was a flash of guilt in his eyes.

When Suqin returned to the office, her whole heart was in turmoil to the limit. It was so funny that she could meet the man who abandoned her three years ago.

Duanzixuan, the man she fell in love with for three years, but three years ago, in order to get an opportunity, she pulled out her hand and led it to another woman's hand.

I thought that I would never see him again in my life. Unexpectedly, I would meet him in the presidential palace. Suqin suddenly sneered. In those years, he sacrificed their love and got the chance to study. I'm afraid that he could appear in the presidential palace. It's no surprise. Because duanzixuan is a man with a very high IQ. He is excellent and outstanding. However, Suqin didn't expect that he also took part in politics. Because her previous position was too low, she didn't know that he would also be active in politics.

Su Qin bit his lips, turned on the computer, entered the Internet, entered duanzixuan's name, appeared his profile, a very excellent profile, and in the column of his position, he wrote, Vice Minister of Commerce.

Suqin's eyes poured out a touch of ridicule. How unscrupulous are men for their rights?

However, he succeeded and successfully climbed to the height he wanted. He was still so young, only 30 years old, and he reached such a level and became one of the members of the president's cabinet.

What a great man he is!

There was a flash of resentment in Suqin's eyes, but she still hated the man.

From her first year when she met him to study abroad, she also applied for going abroad to enter his same school, full of parents and his love, her tutor is very strict, this love, she never mentioned to their parents, never been found.

At the beginning, she was so vigorous, at the end, she was so miserable and funny. From the beginning to the end, she was alone.

Suqin's whole body strength was suddenly taken away, she fell on the table, the position of her heart was so painful that she couldn't breathe.

And just then, her plane rang.

Suqin took a deep breath, kept calm and collected, "hello."

At that end, the voice line of xuanyuanchen is very charming. "Bring in two cups of tea."

Chapter 522

Suqin replied with a busy smile, "OK, now."

Suqin gets up, goes to the tea room, selects a green tea tea bag, puts it in the cup, after two passes of filtering water, bubbles into the third pass, and carries it out of the office door.

She went to the door of the president's office, reached for the door and knocked. There came the voice of xuanyuanchen, "come in."

Suqin takes tea and walks in. Xuanyuanchen is not in the position. Her eyes look at the sofa next to the wall. Suqin's tea water suddenly shakes.

Seeing duanzixuan sitting opposite xuanyuanchen, duanzixuan looked up at her and was shocked for a few seconds. Unexpectedly, Suqin was the assistant of the president.

Xuanyuanchen is clinging to a report in his hand. He just looks up at Suqin and continues to look at the report. He doesn't notice the intense emotions of a pair of men and women around him.

Su Qin bent down and handed a cup of tea to shangyuanyuan Chen. Then she went to duanzixuan and reached for the cup and put it in front of him. She didn't know whether it was emotional instability or restlessness. When Su Qin was carrying the tea, the cup tilted and a few hot hands spilled onto her fingers.

"Hiss..." She drew her hand in pain, and the next second, a man's big palm held her hand very worried, "let me see."

Xuanyuanchen's deep and quiet eyes on the opposite side raised, and he saw Suqin's hand was tightly clasped in front of him by duanzixuan. Suqin was holding his wrist, his mind was confused, and he forgot to break away for a while.

Duan Zixuan looked at Suqin's red skin and said to her, "go get some cold water."

Xuanyuanchen put down the report, got up and came over. "Is it very hot? Let me see. "

Suqin quickly took his hand out of duanzixuan's and hid behind him. "It's OK."

"I have cold water here. Go and wash it." Xuanyuanchen points to another door, which is his lounge.

"Qinqin, don't try to be brave. Go and wash it." Duan Zixuan is worried. Call her by her nickname.

Xuanyuan Chen Mou light narrowed, some surprised way, "do you know?"

Duanzixuan can't help but get up and answer, "Suqin is my friend."

Xuanyuan's eyes fell on Suqin's face. Even if Suqin covered it very well, her red eyes, and the expression of resentment on her face all showed that there was a relationship between them, not just a friend.

Suqin's hands are really hot. The boiling water is just less than a minute. The temperature is very high, and there are a lot of tea overflowing, so she feels her fingers are hot at the moment.

Xuanyuan looked at her, her mood was not stable, the whole person was scared. He reached out to hold her hot hand, saw two red and swollen fingers, his sword eyebrow suddenly twisted, "don't you want it? Go for a rush. "

Finish saying, slightly show domineering pull her toward the direction of his rest room.

Behind him, duanzixuan's eyes were shocked to see this scene. Up to now, he is still shocked. How did Suqin enter the presidential palace? And, as an assistant to the president?

Suqin's heart was just in disorder. At the moment, her mind was only filled with the feeling of xuanyuan clasping her wrist. She was taken to the bathroom by him, turning on the tap, holding her hot red finger and rushing under the cold water.

"Mr. President, I'll come by myself," said Suqin

Xuanyuan let go of her hand and took a step back. "You rush for a while and then come out."

Xuanyuan came out, and duanzixuan stood in front of the sofa waiting for him. Xuanyuan made a gesture to invite him to take a seat, and he continued to hold the report to look like.

Duanzixuan's eyes turned to the rest room, full of heartache and pity.

Xuanyuan's deep eyes glanced at him when turning over the report, and his heart was clear.

Suqin really didn't want to come out, but she couldn't stay in xuanyuanchen's lounge to hide, which was even more unorthodox.

When Suqin came out, she said to xuanyuanchen, "Mr. President, I'll go back to the office first."

"Good! Go! " Xuanyuan Chen nodded his head.

Duanzixuan watched her go out, but also some trance.

When Suqin returned to the office, although her fingers were still hot, she seemed to have no pain. What could make her clearer than her inner pain?

He should have married that girl! So many years of feelings, but a rising opportunity, how ridiculous she lost!

It's more than four o'clock in a flash. Suqin's off-duty time is based on xuanyuanchen's time. She has been sitting in the office waiting. Near five thirty, Suqin's internal line rings. Looking at the number she dialed, she answers, "Hello, Mr. President."

"Suqin, you're off work today."

"I'm fine. I can wait for you to work together." Suqin replied.

"The first day you go to work, I will let you work overtime, you must blame my leadership, go to work!" Xuanyuanchen said, hung up the phone.

Suqin was really tired today. She thought about it, packed her bag and desktop and left the office door. At this time, there are many employees coming off work. When Suqin came to the door, she saw a familiar figure standing beside the Roman pillar. She did not expect that duanzixuan would wait for her here.

She pretended not to see it, turned around and went to the other side. Duanzixuan came after her.

"Suqin."

"I'm really surprised to meet you here. How are you doing?" Duanzixuan asked what he wanted to say in the office.

Suqin all the way forward, toward the direction of the parking lot, duanzixuan continued to follow her behind, "Qinqin, I'm sorry!"

Suqin quickly looked back at him. "Have you said enough?"

Duanzixuan was stunned for a few seconds and sighed, "are you still hating me? Qinqin, I was forced by my family to strive for that opportunity. I hope I can find another way to compensate you."

"I don't need it." Suqin refused in a cold voice.

"I'm going to work here during this time. It's in the office on the fourth floor. We can often meet each other."

"Congratulations, if you didn't get that chance, you wouldn't be here!" Suqin turned to sneer at him.

Duan Zixuan was shocked, but still nodded, "yes, without that chance, I didn't have the ability to stand up to the present height, but I am suffering from conscience all the time, and I regret my choice."

"In this world, if you choose, you will not be entitled to regret. From now on, you will walk in your sunshine way, and I will cross my single wooden bridge, which is irrelevant to each other, let alone to each other." Suqin walked to her car firmly, pressed the lock and sat in.

Duanzixuan stands in front of her car, watching her lost.

Chapter 523

This night, Suqin stayed up at night. Three years later, the man said that he would appear without any thought preparation. She thought that this man would always be a barrier that she could not cross. But his appearance only aroused a trace of hatred, and there was no more nostalgia and obsession with the past.

In the past few years, all her expectations for that relationship have been worn away. What she left behind is not regret, but relief. Duanzixuan's appearance proves that there is no need for her to hold on to a love that is not worth remembering.

In fact, duanzixuan's hatred is not so strong. He has the right to choose his life. He can sit in the present position, and what has happened in the middle can be imagined.

Men are born to be authoritarians. For his ideal, he gave up the love they hid in those days. He may be right.

No matter what, Suqin's emotional world has become a blank, which completely empties everything about the past. She doesn't know if she can start from a new beginning in the future. She thinks that she will never let herself fall in love with anyone again in her life.

In the morning, Suqin was woken up by the alarm clock at seven o'clock. She was forced to sit up with a headache. She couldn't sleep until three o'clock last night. She had nightmares all the time. Now her face looked much paler than usual.

she stood in front of the mirror and covered the dark circles of her eyes with some foundation. She raised a confident smile on herself in the mirror. No matter what kind of state she woke up, she had to accept her work with the most full enthusiasm.

After squeezing through a peak road, the road to the presidential palace becomes very spacious. Suqin arrives at her parking space, parks her car and bag, and gets off. In her mind, there is a sentence from yesterday's duanzixuan.

He is also about to work on the fourth floor of the presidential palace, which means that he and he will not be able to look up.

Heaven seems to like joking with her. As soon as she came to the door, she saw Duan Zixuan coming to the end of the corridor with a briefcase. He was dressed in a dark shirt and trousers. After years of political polishing, he became more mature. A handsome face also exuded an infatuated masculine charm. When he came, two young people were beside him. The clerk looked at him admiringly.

Suqin took a breath and hurriedly went to the next post to hide. She didn't want to see him now.

However, duanzixuan saw her. He came to her and called out, "good morning, Suqin."

Suqin takes a look at her and pretends to be making a phone call with her mobile phone. Duanzixuan's eyes fall on her face. After a few years of breaking up, she has not changed. She looks clear and beautiful. Her eyes are firm. Under light makeup, she is also very beautiful.

"Suqin, can I have a chat?" Duanzixuan gently called her.

"No." Suqin put away his mobile phone and went directly into the hall. In the elevator, there were many staff, and duanzixuan was not able to talk to her.

Suqin all the way to the sixth floor, she went into the office, at this time xuanyuanchen has not come, she first sorted out her own desktop, washed in the tea room, at this time, the desk phone rang.

Suqin went to the phone, looked at it, reached for it and answered, "Hello, hello."

"At about ten o'clock, send all the information about my office to my apartment." The voice of xuanyuanchen sounded.

Suqin replied, "OK!"

"If you don't know where I live, let Leeson send someone to lead you here."

"OK." Su Qin answers, xuanyuanchen doesn't want to work in the office today, isn't his injury good yet?

At about ten o'clock, an assistant in his office had already delivered the documents. Suqin sorted them out, packed them in a bag and carried them out. Li Sen had arranged a female assistant to send them to her.

Su Qin passed a garden with materials. There was a separate door between the garden and the office area. The little assistant said to her, "assistant Su, let's go in now! Entering the president's residential area requires the approval of the president. I have no right to enter. "

"OK! Thank you. " Suqin thanked, signed at the gate guard, and she was put in. This residential area is completely different from office Europe.

It's quiet and quiet. At the end of the garden, a six story villa is huge. At the same time, it exudes a sense of majesty, which makes people feel a sense of oppression from the royal family.

"Miss Su, you are here. Your excellency is in the study." When ye Dong came out of the hall, Suqin was more comfortable to see familiar faces.

"Brother ye, have you always been Mr. President's personal chef?" Suqin asked curiously.

"Yes, now I have three meals a day for Mr. President." Ye Dong nodded.

Suqin is not surprised. Xuanyuanchen's status is so noble. People around him only keep the most trusted people, especially his diet. If someone wants to frame it, it's impossible to prevent it.

So the people who stay with him must be the most loyal to him.

Ye Dong leads Suqin to the corridor on the third floor. He points to the direction of a study. "You are in it." Suqin walked to the door with the document in his arms and knocked. There came the unique magnetic voice of xuanyuanchen, "come in."

Su Qin pushed the door into the study and saw xuanyuanchen standing in front of the window on the ground, with his back against the ridge of the window on the ground. He was drinking a cup of coffee with elegant persistence. His back, the sunshine in early autumn, made his body, as if covered with a myriad of lights.

After a few seconds, Su Qin calmly went to his desk with the information in his arms. "Mr. President, your information."

"I'll work here today. You stay here, too!" Xuanyuanchen is sitting on the office chair with coffee, and her deep eyes lock Suqin.

Even though she put on light makeup today, she still couldn't hide her haggard face. He asked gently with his lips, "didn't you sleep well last night? I look a little pale. "

Su Qin was stunned for a while, and subconsciously put out his hand to cover his face. "Maybe he was late for bed."

"Because of duanzixuan?" Xuanyuanchen asked again.

How does Suqin know when he looks at him?

"You used to be a couple!" Xuanyuanchen asked casually, also did not look at her, it is like a family chat generally natural.

"Yes, he is my ex boyfriend." Suqin did not hide, in fact, after last night's duanzixuan's concern for her, all revealed clues.

Xuanyuanchen did not accidentally hear the answer. He did not continue to ask. After standing in Suqin for a while, he opened his mouth and said, "go to the living room next to you and have a rest. Let Ye Dong give you something to drink."

Chapter 524

Suqin nodded, and she turned to push the door out. However, she didn't ask Ye Dong for anything to drink. She sat there waiting for xuanyuanchen's call.

In the office area of the presidential palace, duanzixuan, as the Vice Minister of the Ministry of Commerce, has a lot of work. After two hours' work in the morning, he went to a tea room and poured a cup of instant coffee. Beside him, two female staff were talking about something.

First, he listened to them talking about their work. As one of the women turned down a little, "it is said that there will be a president's wife in our presidential palace."

"The girl the president held last time?"

"Yes! I've just heard that when I saw her walking towards the residence of the presidential palace, I want to know that our ordinary employees are not allowed to step in. "

"But isn't she an assistant? Where does she come from confident that the president will marry her? " This sentence seems very sour.

"No, now we all agree that it is she who falls in love with Mr. President beyond her control. This door is not right, and the door is not right. Sooner or later, it will be blown!"

At this time, the third female staff member joined in, "you must say that Suqin!"

"It's not her."

Duanzixuan's hand is frozen in the air while drinking coffee. He is listening to these gossip. Where do you know? Just now they said that the girl who fell in love with the president was Suqin?

Suqin and the president? Duanzixuan's face was shocked for a few seconds. How could it be?

At this time, the woman next to him was immediately dismissive. "If you don't have a woman, Mr. President won't look up to an assistant! It must be the daughter of the royal family and aristocracy who can match up with the president. Suqin must have used some means to temporarily enchant the president. "

"That's too shameful! Do you want to play near water first? I don't know who I am. "

Duanzixuan can't hear any more. He coughs and stares at the past. "It's not the job of the staff in the presidential palace to speak ill of people behind their backs."

As soon as several female employees saw that he was the Deputy Minister of Commerce, they blushed and left quietly, afraid to speak again.

Duan Zixuan's heart is not calm. He never thought that Suqin would be so cheap as to like an impossible man. Although Suqin has political background, she can look at the whole politics. Her family is not too large, but it is more impossible to match the president.

"Suqin, don't do anything stupid." Duanzixuan's worried low murmur, although he gave up her a few years ago, but his heart has not forgotten their feelings, he did not tell her, he has been single.

At that time, he took the hand of another girl, but within a few months, the girl dumped him. He got an opportunity with a love affair, but at the same time, he got another result. However, in his current status, even if the girl asked him back, he would not look at it more.

Now he just wants to get back the original feeling. He wants to get back together with Suqin. However, the news just heard makes him worried and inconceivable.

When did Suqin become so indifferent? She even dared to provoke Mr. President. No, he must stop her from doing such stupid things. It is unrealistic dream to let her face it soberly, and it will not come true.

Su Qin is at xuanyuanchen's house. Unconsciously, it's time for dinner. She wants to go back to the canteen. Ye Dong comes up to her and asks, "Miss Su, haven't you come out yet?"

"Well, he's still working."

"Go and call him. Lunch is ready. Come down to dinner with him!"

"Have I done mine?" Suqin was surprised.

Ye Dong smiled. "Of course."

Su Qin looks at him gratefully. She gets up and knocks on xuanyuanchen's door and pushes it in.

Xuanyuanchen is wearing a pen cap. Seeing her coming in, he guesses, "is it time for lunch?"

"Yes, are you finished?"

"Well! I'm done. " Xuanyuanchen stood up, walked to her side, he hook lips a smile, "go down together."

"Mr. President, I can go back to the canteen..." Suqin felt that he was not qualified to share lunch with him.

Xuanyuanchen interrupts her, "I just need to have a companion to eat, you accompany me!"

"Su Qin Zheng Zheng Zheng, had to nod," OK. "

In the restaurant, on the white jade table, ye Dong has prepared a sumptuous lunch. Xuanyuanchen is sitting in the chair, Suqin is sitting on his side. Before, Li Sen would have dinner together. At this moment, he is alone.

Suqin was a little embarrassed and a little restrained.

Xuanyuanchen picked up a cup of tea and poured it for her, and put it in front of her. Su Qin took it with flattered hands. "Thank you, Mr. President."

"Don't be so polite. You can feel free when you are with me." Xuanyuanchen looks at her with a light smile.

This point, Suqin can not do, in front of this man, where dare she open up? She felt that every move had to be careful."Do you live here alone, Mr. President?" Suqin asked curiously, didn't his parents live with him? Such a big villa, if he is alone, is really lonely.

"Well, my parents moved away. I'm usually alone here." Xuanyuanchen replied lightly.

Suqin's heart was filled with a touch of heartache. In his identity, he was originally too high and cold. He had to be careful when he stayed beside him, either under his hands or his servants. He even made friends!

Although Suqin is careful to hide her emotions, the fleeting pain in her eyes still falls into the man's eyes, and his eyes are filled with a smile.

Some people feel sad, but they are quite satisfied.

"Suqin, I have a proposal. I don't know if you are willing to accept it." Xuanyuanchen asked her.

"You say." Suqin immediately put down his teacup and listened carefully.

"You go back and forth on your way to work every day, and I work late every night, so would you like to live in my house?"

Suqin was stunned, but didn't expect that he was referring to this matter.

"You can go back to your parents' home on weekends, stay at my home from Monday to Friday, and handle my work and some daily affairs for me." Xuanyuanchen's deep and quiet eyes lock her, showing a touch of expectation.

How complicated is Suqin's heart, living in his home?

"Of course, you can refuse." Xuanyuanchen's tone, deliberately showing a touch of loss, sighed, "I live here alone, it is too cold some."

Su Qin just loved him. Now, hearing his sigh, she blurted out, "I do."

Finish saying, Suqin inexplicable embarrassment, hang Mou, some blush.

Xuanyuanchen's mouth is light, as if in a good mood, "eat vegetables!"

Chapter 525

Suqin went back to her office from the presidential residence. She held her face in her hands and was a little upset. My God! How could she have promised to live in his house?

It's even more misleading to know that it's going to spread. Even if she knows that there's nothing in it, Suqin feels that her skin is burning.

But now, what she said is equal to the water splashed out. She can't get it back. She can't run to xuanyuanchen's face and refuse at this time!

Ah! Why do you always owe money recently? Suqin beat his head with his fist, hoping to be sober.

Xuanyuan Chen won't come here today. She can punch in and out on time. And when Xuanyuan Chen asks her to come to work tomorrow morning, she will bring her salute to him, so as to facilitate the work.

At the end of work, in order to avoid meeting duanzixuan, Suqin deliberately delayed to leave at six o'clock. She ran all the way home, thinking of a better excuse, telling her parents that she was going to move out.

She can't tell them that she's going to stay at the president's next house!

She's crazy to say that. Suqin bites her teeth and plans to make up a set of words that need training to tell her parents. She can only cope now.

Sure enough, when she came home, Su Boyan and his wife were not suspicious. Their eldest daughter was always the most reassuring and hardworking person. They would support her unconditionally for what she wanted to do.

Apart from the fact that she wanted to find a boyfriend to get married as soon as possible, the two of them began to worry.

At dinner in the evening, Li Qian asked curiously, "are there any boys in the training room when you are out all day?"

"There are only colleagues!" As Suqin buries his head to eat, he responds.

"It doesn't matter if you work with colleagues. Don't be too passive. Take the initiative if you like."

"Mom, I just went to training, not to my boyfriend." Suqin blinked.

"This fate can happen everywhere, and you are not bad. I don't believe that no boy is good to you."

In Suqin's mind, duanzixuan flashed. Some people loved her. However, when she met her again, she had no idea. She really didn't know where her feelings would go.

"Mom, let's talk about it later. Let's work first!" Suqin refused to talk about it again.

In the evening, she packed her luggage at home. This time, she went to stay for a long time. She took all the things she should have taken with her. Suqin packed two boxes, one big and one small. In the evening, she put them in the trunk of the car. The next morning, she left at seven o'clock.

Although she had left early, she was stuck in a traffic jam and suddenly felt that it was a lucky thing to live in the presidential palace. In the future, she would not have to worry about the traffic jam.

When Suqin arrived at the president's office, she was ten minutes late. She flipped through the phone records and didn't dial in the number. She breathed.

At half past ten, her internal line rang. When she saw that it was the president's office, she smiled and said, "Hello, Mr. President."

"Give me a cup of coffee." The voice of xuanyuanchen is low and magnetic.

"OK!" Suqin replied in a professional voice.

Early in the morning, the weather outside the window gradually turned into the color of late autumn. A golden maple forest was visible outside her window, which was very beautiful. She just looked at the past, and her mood became very beautiful.

She made a cup of coffee, put it on the tray, and walked towards xuanyuanchen's office, walking in this majestic and solemn corridor, even if it was just a job like carrying tea and water, it became very meaningful.

Just like this man's identity, any small thing that can be filial to him can make people feel a great sense of glory.

Suqin knocks on the door, and when there is a man's permission, she pushes the door in. Xuanyuanchen sits in front of a pile of materials, holding his eyebrow in one hand, and is looking at the materials.

Suqin saw his tight brows, and his heart felt hurt. He put the coffee beside him gently and said softly, "Mr. President, your coffee."

Xuanyuanchen put down her hand, and her eyes were slightly raised. She fell on her face. Suqin wore long hair today. Her face was clear and beautiful, capable and feminine. Just appreciating her eyes would make people feel happy.

"Did you bring all the salutes?" Xuanyuanchen's elegant handle used to take coffee, and his thin lips opened gently.

Suqin could not help but feel guilty for a few seconds and nodded, "here you are, in the car."

"Well, stop at my place at night."

"OK!" Suqin swallowed.

Xuanyuanchen looked at her saliva swallowing tension, he couldn't help but hook his lips and smile, "don't worry, I'm not a bad person, I won't do anything to you."

Suqin quickly shook his head. "I didn't think so."

Xuanyuanchen took a sip of coffee, his deep eyes lifted, and his handsome face looked at her again. Compared with the information of his table, Suqin's face, which was crystal and pink, obviously made him more pleasant. Suqin's heart beat faster when he looked at him. At this moment, there was a knock on the door behind him. Suqin was scared. He was afraid that the people outside the door would overhear their conversation. Xuanyuanchen came in with a sound. He pushed the door in, but it was duanzixuan with the information.

Just push the door in that moment, duanzixuan felt the micro second atmosphere in the room. Suqin picked up the tray and said to xuanyuanchen, "Mr. President, if you need anything, please call me at any time."

Finish saying, she turns around, brush with duanzixuan and leave, duanzixuan's eyes anxiously fall on her face, and Suqin only gives him a expressionless side face.

Xuanyuanchen noticed duanzixuan's urgent stare at Suqin for a few seconds, and his eyes narrowed slightly. Duanzixuan's eyes fell on xuanyuanchen, and he immediately recovered his dry and respectful expression, "Mr. President, this is the information you want."

"Put it on the table!" Xuanyuanchen is enjoying coffee.

Duanzixuan is in a hurry to chase Suqin. He quickly puts it down and turns to leave.

In order to avoid duanzixuan, Suqin went to the bathroom. Duanzixuan knocked on her office door and opened the door to have a look. Suqin was not in it. He waited for a while and did not see her back.

Duanzixuan is busy with his work now. He has no more time to wait for her, so he has to leave first.

However, Duan Zixuan was in the president's office just now, and clearly felt that Suqin and xuanyuanchen were playing with some kind of ambiguous relationship.

No, he can't let Suqin do anything stupid. Can't he be seen for several years? Suqin's pure heart is also infected with greed, trying to climb up to the president and become the first lady of the country?

Chapter 526

In the eyes of duanzixuan, this is a very stupid idea.

In the afternoon, Suqin was called into his office by xuanyuanchen to sort out. Like his office, there are very confidential and important documents, so only people he can trust can come in.

Suqin is carrying a basin of warm water to wipe his desk. Xuanyuanchen is sitting on the sofa reading documents. Some girls, even if they do something, will look very charming. Suqin is undoubtedly this kind.

Xuanyuanchen's deep and quiet eyes were attracted by the figure on the table inadvertently, so that within half an hour, he did not even read a document.

Of course, this kind of thing is only known to him. Suqin took his work very seriously and tried to wipe the desktop. Suqin looked at the glass window behind him, as if it was covered with some light dust. She had to change a basin of water to clean the window.

However, Suqin's height is limited. She can only wipe the limited height. At the moment, she saw a black spot stuck on the glass. Suqin was a little distance away. She could not help jumping twice, but the black spot still hasn't been erased.

Suqin had no choice but to find something to support her. However, it was possible for her to wipe her feet. She raised her toes and brought her slim figure to the extreme.

At this time, when she reached out to continue to try to wipe, she took the palm of the dishcloth, and a big palm covered it. The sexy and charming masculine atmosphere wrapped it up. The man clinged to her behind, very easily with the advantage of more than half of her head, wiped the light dirt clean.

As soon as Suqin's heartbeat smothers, she suddenly feels powerless when she is on the top of her foot. She bumps back. The man is afraid that she will fall to both sides. With a natural grasp of her arms, Suqin's back directly bumps into the man's chest. Her whole body clings to xuanyuanchen.

Now, Suqin's heart is not only beating, but also breathing.

"I can do such a dangerous thing."

In her ear, the man's deep, hoarse voice sounded.

Su Qin bit his lips shamefully and came out of his arms. He looked at the man behind him with a pretty red face. "Thank you, Mr. President."

Xuanyuanchen looked at her expression like a frightened bird, and her deep eyes flashed. Did she just refuse his approach?

Suqin looked at his long white hand and the dirty rag, as if it would stain him. He immediately reached out to take the rag away, and said to him, "Mr. President, wash your hands! This rag is dirty."
"

Xuanyuanchen suddenly reaches out and grabs the dishcloth in her hand. "I'll clean the window. You can clean the table beside the sofa."

"Eh? No, you can't do such a thing. " Of course, Suqin would not. How can he clean the window with such a respectful identity?

"You can do it. Why can't I?" Xuanyuanchen wants to do it. Besides, he has read the documents of the whole day. It's also a very good thing to exercise.

With that, xuanyuanchen picked up the bucket next to him, walked aside and began to put it on again. Gongqin stared at him slightly and was speechless. She just looked at the man stretching his long arm and smearing the glass.

After a few seconds of foolishness, Suqin went to the table next to the sofa and sorted out the flowerpots.

At this moment, Suqin only hopes not to come. Otherwise, what can we do when we see this scene?

Fortunately, it's very lucky that xuanyuanchen has finished cleaning the floor to ceiling windows, and no staff came in to disturb him. When he bent down to clean the bucket, Suqin came to the opportunity and took the dishcloth in his hand. "I'll clean it up!"

Xuanyuanchen looked at half a bucket of water. He could not help but reach out and lift it. Suqin reached out and grabbed it. She didn't reach the handle. Instead, she held the back of the man's hand tightly. She was so flustered that she drew her hand.

"So heavy, I'll do it." Xuanyuanchen finish saying, mention to go to the lavatory beside.

Su Qin followed him closely behind. When he got in, he twisted the water tap and said to him, "Mr. President, wash your hands!"

After xuanyuanchen poured out the dirty water, he reached under the water tap and cleaned his hands. Suqin blamed himself for this kind of thing, and even bothered him to do it.

After su Qin took care of everything, he came out of xuanyuanchen's office and his mind was blank for a few seconds. He thought of the embarrassment that she had just bumped into his arms and the temperature tightly covered by his big palm.

Suqin shook her head slightly. What's wrong with her? How could she think of such a thing?

In the evening, Suqin sits in the office until about six o'clock. Xuanyuanchen knocks on her office door and says to her inside. Later, she drives her car to the parking lot in his residential area. He has already told the security office.

Suqin stood up in a hurry and answered.

At about half past six, Suqin packed up her things and drove. Her car drove all the way to another parking lot in the presidential palace. It was in front of xuanyuanchen's residence. Suqin sat in the car and took a deep breath before getting off.

Just when she opened the trunk, she saw a handsome figure coming from the front door. Xuanyuanchen, with his sleeves in his arms, walked leisurely towards her car. Suqin is in a daze. Is he going out?

"Mr. President, are you going out?" Suqin asked curiously.

"No, I'm here to carry your suitcase." Xuanyuanchen chuckled, went to her trunk and looked at the two boxes inside. He grasped the big box and lifted it.

Suqin immediately thought of his injury, and hurriedly reached out to stop him. "Mr. President, I can mention it myself. Be careful of your injury."

"This little thing is fine." Xuanyuanchen finished, easily lifted down her big box, and raised her hand to take the small one. Suqin hurriedly reached for it.

Xuanyuanchen saw that she could move, so he picked up her big box and pulled the lever to the door.

Su Qin pressed the door of the trunk and hurriedly followed him. He felt too upset to let him help.

Xuanyuanchen took her box, went to the elevator door, press open, waiting for her to come in with the box, he reached out and pressed four numbers.

Suqin thought to herself that she lived on the fourth floor.

The elevator jingled. Suqin came down with a small box. The light in the corridor had been turned on. There was a kind of retro soft yellow smell in the corridor. Xuanyuanchen went to a room door with her box and stopped. "This is your room."

"Thank you," said Suqin

Finish saying, Xuan Yuan Chen by the way pointed to the door beside, tell her, "this is my bedroom."

Suqin's clear eyes, directly gaped a few minutes, she lives next door to him?

Chapter 527

Suqin even if formally moved into xuanyuanchen's bedroom, she is very nervous, she dare not think, if let others know, what will do to her.

Suqin didn't dare to think about it at all. It was probably the confusion she had never had since she worked.

In the evening, Suqin went back to her room after dinner. She decided that if she was not called by Xuanyuan Chen, she would be better to stay in the room.

In the deep night, the presidential palace is especially quiet. The lights and water in the distance shine on the whole huge square, like a deep golden ocean, without the sound of cars, rivers, and people. Standing in front of the floor window, Suqin enjoys this rare peaceful world.

Su Qin hears the sound of a car downstairs and leaves. She knows that it's not xuanyuanchen's going out, but ye Dong's going out. Su Qin's heart suddenly faints, which means that there are only two people in the whole huge house, she and xuanyuanchen.

In silence, she heard the sound of her heart beating faster, and Su Qin subconsciously put out his hand to cover his chest, as if he could press down the intense beating heart.

Suqin may be nervous. The more nervous it is, the more it will make people feel thirsty. She must drink some water.

This thirst also made her a little flustered. She took a look at the time. It's half past ten. To be honest, she really doesn't want to go anywhere except her room.

However, she forgot to prepare a glass of water for herself in advance, so she had to go downstairs to find a glass to drink.

Suqin gently pushed open the door and glanced at the direction of the master bedroom. She thought, xuanyuanchen must be in the room at this time. What is he doing? Some guesses flashed in Suqin's mind, reading? Look at the computer? Or a file?

Su Qin walked like a cat towards the stairs. In the quiet hall, she left the wall lamp. It was yellow but clear, and it would not make people fall down. Su Qin did not turn on the headlight either. She went to the water fountain beside the hall, where ye Dong prepared the cup for her.

Suqin poured a glass of water and took two mouthfuls in a hurry to relieve her thirst. She was going back to the room. It was cold. She heard footsteps coming from upstairs. Her heart was tight. It couldn't be so clever!

Mr. President is downstairs, too?

Suqin froze for a few seconds. She went upstairs with a water glass. At the stairs, she saw a man in a black silk Pajama coming out of the corner. Suqin stood under the stairs and looked up at him. When the man saw her, he was surprised.

"Haven't you slept so late?" Xuanyuanchen asks.

Suqin raised the glass in her hand. "I'm thirsty. I want to drink some water."

"Me too." Xuanyuanchen is also thirsty, so he went downstairs to find water to drink.

Su Qin listened to this sentence, inexplicably felt the skin on her face was scalded. She passed her body shamefully and let him go downstairs.

Xuanyuanchen's long legs step by step step down the stairs which are only five steps away from her. Originally, the stairs are not narrow. However, some people's aura is so domineering. When xuanyuanchen is only one step away from Suqin, her breath is held.

Xuanyuanchen in passing by her, the deep eyes light dye on the wall lamp luster, appears deep and complex, another kind of call people confused.

He just looked at her like this. Suqin is OK. She hasn't changed into a pajama yet. She is still in the daytime at the moment. Her white shirt is matched with a hip skirt. Her body line is graceful and

charming. She just has long hair scattered behind her head. She probably doesn't know. At the moment, she, in the eyes of men, is no less than a delicious meal at night. It's very attractive.

Xuanyuanchen is a president of a country, but at the same time, he is also a man. He is a normal 32 year old man, full of energy, and his ideas about women will not be suppressed because of his noble identity.

Suqin has a kind of temperament that particularly attracts him. She is calm, not anxious, and even she doesn't show her infatuation with him from the beginning to the end. Is his charm not enough, or is her mind stable enough?

Suqin doesn't know why he wants to stand beside her without going downstairs. Suqin has an impulse to escape.

"Then I'll go back to my room first." Suqin said in a hurry. Then, she was wearing a pair of slippers under her feet. The most difficult thing to avoid when going up the stairs is that she was in a hurry. If she didn't get to the right place, she would probably slip.

Flustered, the foot then disordered, Suqin felt when own slipper sole slips, she felt fear and helplessness

The next second, she threw the cup in her hand in embarrassment, and the whole person lay on the stairs in embarrassment.

When she fell, even Xuanyuan Chen, who was close to her, did not respond. When she said that she was going upstairs, Xuanyuan Chen's eyes were back, and she was going to go downstairs. How could she know that there was a heavy landing voice behind her.

Suqin knelt on the stairs. The plastic cup she was holding overturned and the water spilled out.

Xuanyuanchen reached out and raised her hand. There was worry in the voice line, "are you ok?"

Su Qin hurriedly held up the stairs and clapped his knees in embarrassment. "It's OK."

However, the knee top came to the sharp marble place, the pain made her almost cry, how could it be OK! Suqin wants to pretend that it's OK, but her knee is not straight for a moment, because it hurts!

Suqin gave a soft hiss. The man heard it. He immediately bent down and held the woman who could not stand straight.

This time, Suqin's fright is more intense than falling. It's almost human instinct. When xuanyuanchen picked her up, her two slender arms put their arms around his neck.

Xuanyuanchen holds her step by step and calmly steps upstairs, while Suqin is in a hurry to look at him, "Mr. President, please put me down, you are hurt..."

"Nothing!" Xuanyuanchen held her to the door of the room all the time. He raised his legs and pushed the door open. He held her to the bed and sat down. The first thing Suqin sat down, he reached out to cover the knee where the bleeding was. He didn't want the man to see how serious it was.

Xuanyuanchen crouches down, looks at her this childish appearance, the thin lip draws up the smile, "what to block? Let me see. "

"It's OK. It's not serious. Mr. President, go back to have a rest." Suqin feels embarrassed. Her principle of living here is not to bother him as much as possible, but now! Why did she bother him so much on the first day.

Xuanyuanchen's big grasp of her two covered hands, moving away that moment, only to see her two white knees are hit by a blood red wound, and around, but also a cyan purple.

"I'll get you the medicine box and give you some medicine!" Xuanyuanchen said, and left.

Chapter 528

Suqin completely forgot the pain now, only to be upset. How could he be so careless? A good walk is like this.

However, she will fall down, the biggest responsible person is this man, OK! Of course, she can't blame him. Suqin is biting her red lips and getting more and more angry about how her old cool and rational mind disappeared.

Not for a while, xuanyuanchen came over with a medicine chest, opened it, and there was disinfectant and cotton ball gauze for simple treatment of the wound.

"I'll wash the wound for you. You can bear it. It may hurt a little." Xuanyuanchen finished, unscrewed a medicine bottle, first cleaned her left knee. Sure enough, the medicine was drenched in the wound, and Suqin seized the back of her hand with pain, panting slightly.

In the quiet room, she panted like this, making the eyes of the man drooping shrink, and the Adam's apple rolled several times.

Dealing with the other knee, Suqin's panting continues. Her white teeth are biting the back of her white hands, and her long hair is scattered down to her chest. It's really a tempting crime.

Xuanyuanchen looks up, his eyes are more and more dark and unpredictable. Suqin touches his eyes and releases the action of biting the back of her hand. She props up on the back of her hand at the edge of the bed. Two rows of clear tooth marks are presented. The man's eyes slightly sweep, silently stained her with cotton balls, wrapped with gauze and bound her two poor knees.

After dressing up, Suqin thanked and said, "thank you, Mr. President."

Xuanyuanchen tidies up the medicine box and stands up. "Be careful next time you go up the stairs."

Suqin was so embarrassed that she didn't dare to look at him. She nodded seriously, "OK! I will pay attention. "

Suqin watched him go out. She was relieved. She didn't want to move at the moment. She was worried that it would affect her work.

Only about two minutes later, there were two more knocks outside her door. Su Qin's body, which had just lain down, immediately sat up, the door was pushed open, and xuanyuanchen came in with a glass of water. Su Qin's heart was instantly warm.

He remembered that she wanted water.

Xuanyuanchen looked at her sitting and smiled, "why don't you lie down and rest?"

"I went to sleep." Su Qin puckered her lips and said, and then she noticed that the cup in front of her was not the one she had just fallen down, but A very delicate steel cup. This is his cup.

However, it seems that the man didn't pay attention to these things. He probably went downstairs to drink the water, then took his cup and went upstairs to give her the water.

Xuanyuanchen leaves, the window leaves his cup on the table, Suqin swallows saliva, can she drink his cup?

After hesitating for a few seconds, Suqin picked up the cup and pretended that it was not his cup. After drinking two mouthfuls of water, the water in her body was cold, but why did her face burn?

Early morning.

Suqin tried to bear the pain. She went to the bathroom and took a bath. The wound could not touch the water. She could only wipe the bath. She put on a suit pants and covered the binding place, which was invisible.

It's just that she doesn't walk as naturally as usual. Suqin thought that Xuanyuan Chen would go to the office today. However, after breakfast, Xuanyuan Chen said to her, "I won't go to the office today. I will ask Li Sen to send you materials and give you a day off."

"Mr. President, I'm fine. I can work." Suqin doesn't want to be too delicate. She can work.

"If the leg injury is like this, don't try to be brave." Xuanyuanchen opens his mouth peacefully.

At this time, ye Dong is coming over with two cups of milk. Hearing xuanyuanchen's words, he looks at Suqin with concern, "Miss Su, what's wrong with your leg?"

"Er! When I went up the stairs last night, I didn't see the way clearly. I fell down. It's not serious. " Suqin said that she didn't see the road clearly, or was she upset and fell down?

Suqin would never admit it.

"It's safer to turn on the light when you go downstairs at night." Ye Dong admonishes.

Suqin answered and looked at xuanyuanchen. He was cutting his bread gracefully, as if he had just said that she would not be allowed to contradict.

On the other side of the office area, duanzixuan arrived at 7:30 in the morning and waited until 9 o'clock. He didn't see Suqin coming to work, which made him very confused.

Is Suqin hiding from him? Duan Zixuan just wants to find a chance to meet Suqin and wake her up in advance. Don't be addicted to the throne of the first lady and get hurt.

However, duanzixuan waited for a day, and he did not see Suqin. Even the president is not working in the office today, which makes duanzixuan guess that Suqin may have gone to the president's residence to deal with the work.

This makes Duan Zixuan's worries more and more intense.

Suqin is really in a hurry today. Xuanyuanchen is dealing with her work in the study. Li Sen has been accompanying her and hasn't summoned her to do anything. Ye Dong specially makes afternoon tea for her and sends it upstairs. Suqin feels flattered.

She's not here to enjoy, she's here to work! Such a life made her nervous and afraid of being dismissed at any time.

Besides, there is no word lazy in her dictionary. One day passed like this. Suqin sat on the sofa in front of the window and read a book. The window was already a scene of sunset. At this time, the presidential palace was bright with lights. Ye Dong was preparing dinner. Li Sen left. Xuanyuanchen finished his day's work.

Dinner time, the atmosphere is very quiet, crystal light, Suqin and xuanyuanchen figure shrouded in the shadow of the meal.

"Does the knee still hurt?" Xuanyuanchen asked about it.

Suqin shook his head quickly. "It doesn't hurt."

Xuanyuan Chen hook lip to smile a bit, "haven't seen such employee as you, have leave still not happy?"

Su Qin pursed her lips and raised her clear water eyes to look at him. "I'm here to work, not to enjoy the holidays. If you let me work, I'll be happier."

"All right! Starting tomorrow, you can get back to work! " Xuanyuanchen helplessly looks at her.

Su Qin chuckles and continues to eat. Xuanyuanchen has the right cup beside him. At the moment, he is holding the cup and drinking tea.

Suqin's eyes twinkled with shame. Last night, she was so thirsty that she drank up the water he sent and watched the cup in his hand.

There was a sense of Indescribability in her heart.

After dinner, when ye Dong was cleaning up, Suqin intended to help and was stopped by him.

"Miss Su, you'd better rest! I'll do it. "

Suqin smiled helplessly. What else can she do now? She begged her to do something to make up for her guilt! At this time, Suqin's mobile phone rang, she picked up a look at the strange number.

Sitting on the sofa and drinking tea, xuanyuanchen looks up, and Suqin picks up, "hello."

"Suqin, it's me!" The voice of duanzixuan came softly.

Chapter 529

Hearing the voice of duanzixuan from that end, Suqin's face slightly changed. She hurriedly covered her mobile phone and walked out of the hall, answering under a street lamp outside the yard.

"What do you want?" Suqin asked in a cold voice.

"Qinqin, when do you have time, I want to talk to you alone." The voice of duanzixuan called her former nickname intimately.

"Suqin immediately some rejection way," you still call me Suqin! There is no longer any relationship between us. "

"I know you hate me, and I used to be sorry for you, but my feelings for you have never changed. Qinqin, I still like you." That duanzixuan to the phone, expressing his feelings.

Suqin didn't want to hear him at all. She said coldly, "I'm sorry, I'm busy." With that, she hung up first.

Suqin breathed a little. If duanzixuan didn't appear, she would regret that feeling. However, when he appeared, she found that she had already looked at that feeling and let it go. Even if duanzixuan stood in front of her again, she would never love him again.

Her way of dealing with feelings is very direct, love is love, do not love is not love, did not think of the relationship.

Xuanyuanchen's figure suddenly appears at the door. Suqin holds the mobile phone and looks a little stunned. She doesn't find that he has come to her side. When she finds out, she can't help but panic for a few seconds.

She quickly hid her lost face and put on her quiet smile, "Mr. President."

Xuanyuanchen's eyes didn't miss the look of her loss of mind just now. He guessed that what she received just now should be duanzixuan's phone call from her ex boyfriend. Are they getting back together?

"I want to take a walk." Xuanyuanchen looked at the street lamp in the garden and said.

"May I be with you?" Suqin to be a subordinate, to the boss's respect, she said so.

Xuanyuanchen's eyes took a look at her knee. "Doesn't your knee hurt?"

"It doesn't hurt. It's OK for a walk." Suqin shook her head.

"OK, let's go with me." Xuanyuanchen finish saying, take the lead to step forward, he walked not fast, walk lazy, stroll in the court.

Suqin followed him step by step.

Although Suqin said that the knee didn't hurt, but there was still some dull pain, but she would not show it.

At night, some of the street lights in the garden were covered by thick branches, which made the road dark. Xuanyuanchen was walking to the dark point, and his pace was even slower. At this time, Suqin felt that something was fluttering in the trees beside him.

Su Qin thought it was a snake and so on. He was immediately startled and cried out in a low voice. Xuanyuan Chen, who was walking in front of him, immediately turned around and put her flurried figure in his arms. "What's the matter?"

For a moment, Suqin didn't find him holding her. She pointed to a place in the nearby trees. "There's something moving there."

At this time, a bird that has not yet returned to its nest pours out and flies directly into the night.

Suqin could not help but breathe a sigh of relief. It turned out to be a bird! She thought it was a snake and so on. She looked up and found that she was lying in Xuanyuan Chen's arms. She looked up and Xuanyuan Chen looked down. The two faces were unbelievable.

Under the originally dim yellow light, even breathing is intertwined.

Suqin's heart pounded at once. Her mind was blank for a few seconds. For a moment, she didn't know what to do. Was it to break away from her back, or

In a word, her whole body was acupointd. In her eyes, there were only the thick and slender eyelashes of this man, and the dark and unpredictable eyes under the eyelashes that she could not understand.

Suqin swallowed her saliva, and at this time, she felt the man's breath more and more close to her face, she slightly stared, slightly flapped the red lips, not belonging to her soft breath pressed over, touched her lips.

He kissed her!

Suqin's head exploded once again, creating a larger blank. The blank made her whole person don't know where she was. Only her lips were crushed by men, and she felt close together.

Xuanyuanchen just pressed her lips tightly for a few seconds. Then, he let go, but did not loosen Suqin's shoulder. Suqin's whole body shrank in his arms, as if frightened.

Xuanyuan Chen narrowed the squint of Mou, this just released her, retreated a step, "frighten you?"

Suqin is biting the red lip. There is a breath that doesn't belong to her. She swallows her saliva and shakes her head. "No!"

At this moment, she didn't ask the man for an explanation, and the man didn't seem to want to explain it to her. He turned around and went on.

But Suqin's step, but hesitated for a while, just followed him, only, in the head completely disordered.

From the garden, he walked back to the entrance of the hall. At this time, ye Dong had packed everything. He stepped out and walked towards the two humanitarians, "Mr. President, Miss Su, I'll go back first. See you tomorrow." "See you tomorrow." Suqin smiled and said to him, his eyes twinkling with Yedong's eyes.

Xuanyuanchen nodded for a while, and ye Dong seemed to feel something different. He did not dare to stay more and went to the direction of his car.

At the door of the hall, Suqin looked at the man who walked in. She hesitated for a few seconds to catch up.

Xuanyuanchen went to the center of the hall. He turned around and stared at the girl who came in. "I just offended you."

Suqin's pretty face flushed. She didn't dare to look at him. She just shook her head. Although she didn't know why he kissed her, she didn't blame him.

"Good night." Xuanyuanchen said to her, and he took the lead in walking to the stairs.

After that, Suqin waited for him to go up the stairs. She poured a glass of water and walked to the stairs. She was just confused and didn't calm down.

She couldn't figure out why he kissed her. Was it just the atmosphere at that time? Because at that time, she also felt a warm and ambiguous atmosphere, so he just kissed her out of the instinct of men?

Suqin went back to the room and thought about it. She gave up all her thoughts, but she could not take it seriously.

it is like a bubble that has existed for a short time, and it is broken in a twinkling.

However, this night, Suqin still couldn't sleep, because of the kiss, she had no way to calm down.

Early morning.

Su Qin, as always, gets up early. Ye Dong has come. Su Qin doesn't see xuanyuanchen coming downstairs.

"Miss Su, didn't you sleep well last night? You don't seem to have enough of a complexion. " Ye Dong's eyes are sharp, and she looks pale at a glance.

Chapter 530

"Oh! I think it's about work. " Suqin's face was a little hot and explained.

"Well, I'll make you a red date soup now, so that you can replenish your blood."

"Thank you." Suqin smiled gratefully at him.

At this time, she heard footsteps coming from the stairs. She raised her head slightly, and xuanyuanchen stepped down in a suit, with extraordinary air and noble breath of the superior.

"Good morning, Mr. President." Suqin stood up with a smile to welcome him downstairs.

Xuanyuanchen's eyes looked at her deeply. Suqin thought that she could face him calmly, but when he looked at her, she still slightly dodged her eyes and dodged.

Xuanyuanchen saw at a glance that she didn't sleep well. He thought that it must be because of his impulsive behavior last night. Indeed, it was something that made him a little upset. At that time, he only kissed her because his brain was a little hot. That kiss even caused him more reactions.

It's just that he knows that.

Who can believe that a president is emotionally deficient? He didn't even have a serious girlfriend. Since he took over the presidency, he has been squeezed by the extremely busy schedule every day. He has no personal life, no personal feelings, let alone women.

Of course, no one will believe this kind of thing. He is the president. He stands at the top of power. He wants to do anything, as long as he doesn't violate the law, he should be able to do it. However, he didn't do it, and all his time was lost in this country.

At one time, he thought he was not interested in women. Even his mother tried to prove it several times. However, the girl she introduced really liked him. She fell in love with him at the first sight and had several decent dates. Those women took the initiative to frighten him.

In the end, he would rather choose to work than contact with women like wolves and tigers. Therefore, all of his close-up people choose men.

Suqin is an exception. The woman who comes to him is a woman who is not infatuated with him but works for him.

But at the same time, probably because of this! It also made him lose a little bit, because it made him wonder if he was old and his male charm was declining?

Even as a president, I am eager to get the response from others in my own charm! Although he never felt old, his age of thirty-two was his peak.

Xuanyuanchen sits on his throne, and ye Dong prepares a delicate and nutritious breakfast for him. Xuanyuanchen takes a sip of milk, while Suqin also lowers his head to eat breakfast.

Ten minutes later, ye Dong came here with his stewed jujube soup. He put it in front of Suqin and said with a smile, "Miss Su, have a drink! It will be good for your health. "

Su Qin smelled the aroma of red jujube and thought that ye Dong was so considerate in making soup for her. She was really grateful and smiled at him with a brilliant smile, "thank you, elder brother Ye."

Of course, ye Dong is also very grateful to Suqin. He also likes to watch Suqin's smile. The way Suqin laughs is more charming than the morning sun outside the window, which makes him in a good mood.

At this time, ye Dong was receiving Su Qin's thanks. Suddenly, he felt that there was a cold look on his side. Ye Dong's heart was in a hurry. He didn't need to look back and knew who was staring at him.

This feeling makes Ye Dong instantly return to the atmosphere of winter. He hurriedly takes back his eyes from Suqin's smile, then pretends to be busy rubbing his apron and goes back to the kitchen.

As soon as ye Dong returned to the kitchen, he found some cold sweat on his forehead. Looking from the glass window, he saw the figure of xuanyuanchen and Suqin sitting together, and he suddenly realized something.

He took a quick pat on his head and was secretly upset. He didn't find this. It was very dangerous. Otherwise, the job might not be saved.

Only, when did the president like Miss Suqin?

Suqin didn't find anything at all. She took a spoon and drank the red date soup. It was sweet and very warm.

Next to her, xuanyuanchen looks at her like a little spoon and a little lady. Because her skin is too white and bright, her red lips are particularly delicate. The feeling of kissing last night made xuanyuanchen unable to move his eyes for a while.

It was not until Suqin finished drinking and looked up that he moved away without trace.

"I'm going to work in the office today. You have no problem with your feet!" Xuanyuanchen asked her.

"No problem, it's ready." Suqin shook her head.

"Good! Come with me later. "

Suqin suddenly worried that if she went with him, would she let others know that she lived with him?

"Mr. President, can I punch in at the gate?" Suqin suggested.

If you follow him through his special channel, someone else will surely misunderstand you.

Xuanyuanchen looked at her, "is it necessary?"

"Yes I don't want to be misunderstood. " Suqin said directly."What's the misunderstanding?" Xuanyuanchen is an interesting question.

Suqin's pretty face was slightly red, and she lowered her eyes and said, "I'd better go to the front door!"

"Whatever." Xuanyuanchen's voice line is very common, but Suqin still feels that he is not happy.

However, Suqin still decided to go to the front door and eliminate misunderstanding. Otherwise, she would be pointed out when she went to the canteen or did anything. She would be really depressed.

Although she and he, nothing at all.

Suqin walked through the main door from the direction of the parking lot, but no one doubted her. When Suqin came to the door, she happened to see duanzixuan chatting with a person in the hall. He saw her at a glance and looked at her happily.

Suqin dodged his eyes and walked by quickly. Duanzixuan followed him, "Suqin, early."

There are employees all around, so Suqin can't ignore him, just calmly replied, "early."

Duan Zixuan's eyes fell on her beautiful face, and his eyes filled with strong love. He found more and more that his feelings for Suqin had returned to the moment when he had been in love. He had the idea of wanting to have her again and get her.

"Suqin, are you free at noon?"

"No time, I'm busy." Suqin bit her lips.

"Are you free when you get off work in the evening?" Duan Zixuan continued.

"I have to work overtime." Suqin responded to him casually.

"What about after overtime? I can wait for you. I have a lot to tell you. " Duan Zixuan is very patient.

Suqin looked up at him. "No, I have nothing to say to you." Finish saying, she got into the elevator, more people, duanzixuan had to wait for the next one.

Suqin is carrying the bag. She feels that all her eyes are watching behind her. Her heart strings are tight. She can't help but think of the kiss with xuanyuanchen last night. She is flustered.
