Chapter 541

Downstairs, Murphy's motorcade left. Shu Chun stood in front of the floor to floor window of the hospital and saw him for the last time.

The man left, but took away her whole world.

Presidential palace.

Suqin is preparing to accompany xuanyuanchen for his visit. All the food and clothing of xuanyuanchen must be taken in China. For the sake of safety, his life safety is more important in other countries.

At the moment, xuanyuanchen went to the office building for a meeting, and left her here to clean up his clothes.

For the first time, Suqin walked into his master bedroom so blatantly. In the air, there was a hint of masculinity on Xuanyuan Chen.

Suqin's heart beat accelerated slightly. She went to his locker room and saw his wardrobe, watch cabinet, tie box, shoe cabinet in a very neat way. The whole room was spacious and rigorous.

As if it was a high-end showroom, Suqin thought that he would change clothes here every day, her face burned inexplicably, and she shook her head.

How can some speechless people think of these things when they haven't done their business yet?

Li Sen has listed her things to prepare. When Li Sen hurriedly handed them to her just now, she didn't look carefully. At this moment, she took it out and saw Li senxiang's detailed list. She took a look at it, and it said how much is required on the shirt, trousers, suit and tie.

And the next list of words, directly make Suqin's pretty face red, but also prepare underwear

Suqin's breath is slightly smothering. Does this need her to prepare? Suqin swallows. As xuanyuanchen's personal assistant, these things are very common.

She thought too much.

Suqin straightens her mind and starts to prepare for packing. Everything of xuanyuanchen is arranged in an orderly way. She just needs to take it up and pack it into the box.

Su Qin opened a drawer and saw that there were dark underwear rolled inside. Su Qin, with red face, packed the quantity and put it in the box.

Suqin is busy. He packs three boxes, all of which are clothes for xuanyuanchen's trip. Because his trip will take nearly half a month to go abroad, everything must be well prepared.

His going abroad represents the image of his country.

Of course, this man's image, no matter when and where, will only give a noble and elegant Royal image.

Suqin went back to her room and packed up her suitcases. The plane will start in the morning tomorrow. So she can't leave anything. She is not going abroad, she is going to wait on people.

In the evening, xuanyuanchen came back. He walked into the room and saw the three boxes that had been put by the sofa. He was slightly shocked. He thought he could come back and pack with Suqin.

I didn't expect that she was so capable. She packed it for him.

On the dinner table, the woman sitting beside Xuanyuan Chenhan smiled and said, "Suqin, it's hard for you today."

"It's not hard. It's my job." Suqin shook her head.

"It's a long time to go abroad with me this time. You may still work harder." Xuanyuanchen seriously opens the mouth way.

"It's my pleasure to accompany Mr. President to visit abroad on behalf of our country." Suqin's very professional answer.

"Then you can give a brief report. Did you pack anything in the gift package for me today?" Xuanyuanchen asks her curiously.

When Suqin's action of eating was stiff, she put down her chopsticks, blinked her eyes and thought, "your clothes, pants, suit coat, tie, pajamas, shoes and socks, and..."

Suqin paused for a moment, and did not go on.

"Nothing left out?" Xuanyuan Chen squints to ask.

Suqin puked out with difficulty, "and your underwear."

Xuanyuanchen looked at her, which means he smiled and began to eat seriously.

Suqin was so nervous by his smile. Why did she have a kind of words that he forced her to say on purpose? He knew clearly that Li Sen had handed her a list. Li Sen was so strict in his work that he would not miss anything! And she was according to the list for him to clean up, naturally happy floor drain.

But even if I dare to think so, I dare not show it on my face. Who calls him Mr. President?

She can't have any opinion about what he said. What else can she do but listen to him?

After eating, xuanyuanchen got up, "I'll go to the study first, and you will bring me a cup of coffee later."

"Do you want to work, Mr. President?" Suqin stood up and asked.

"Well!" Xuanyuanchen finish saying, see her to still have half bowl of rice not to eat again, "you eat slowly, not urgent."

Suqin had to sit down and continue to eat.

Later, more than ten minutes later, when ye Dong was tidying up her desk, she went to the coffee machine and personally ran over the fresh coffee beans, made a cup of coffee and sent it to xuanyuanchen's study.

He sat in his position, staring at the document, holding his brow with one hand, as if his eyes were sour."Mr. President, do you have tired eyes? Would you like a drop of eyedrop? "

"Do you have one?" Xuanyuanchen looks up and asks.

"Yes." Suqin replied hurriedly.

"OK, take it down and give it to me." Xuanyuanchen is willing to use it.

Suqin put down the coffee, hurriedly pushed out the door, ran upstairs, took the bottle she usually used and went downstairs.

Enter the door of study, she closed gently, xuanyuanchen is clinging to coffee, languidly leaning on the position, waiting for her to come.

Suqin held the eyedrop in his hand and asked, "Mr. President, do you need my help?"

"Of course." Xuanyuanchen finished, he put down his coffee, reclined his head on the back of the chair, and motioned for her to drop it on him.

Suqin came to him slightly and nervously. She unscrewed the lid of the eyedrop. In order to drip it into his eyes more successfully, she naturally bent down some of her body, and her hands needed to gently open his upper and lower eyelids.

Suqin looks at a pair of deep and deep eyes under her body. Her breath is slightly pushed. She reaches out and gently opens his left eyes first. His eyelashes are dense and long. When she opens them, it can prove this especially.

Suqin drips two drops of the liquid medicine into it, xuanyuanchen's eyes close immediately. He is adapting to the cool and moist of the liquid medicine. Only a few seconds later, he opens his eyes. His left eyes are misty, especially confused.

Suqin immediately opened his right eye, and also dropped two drops. He closed his eyes again for a while.

"Any discomfort?" Suqin's voice asked softly.

"No." Xuanyuanchen finish saying, open, a pair of eyes reflect the light, as if the sea stars general dazzling.

Suqin looked into his eyes, but he could not help but indulge in it and breathe.

Chapter 542

Xuanyuanchen hook lips a smile, "very comfortable, later more prepare some for me to use."

Suqin pursed her lips, smiled and nodded, "OK, I will."

Xuanyuanchen blinked, sat up straight, Suqin took up the eyedrop, "then I'll wait for you in the hall. What can I do? You call me."

"Go to sleep! Tomorrow morning's flight, don't stay up with me

"I..." Suqin wants to say to accompany him.

Xuanyuanchen's eyes firmly looked at her, some overbearing orders, "go to sleep."

Suqin had to obey Cong's order, she nodded, "Mr. President also goes to bed early."

Suqin didn't sleep well this night. She was probably confused. Moreover, she had a very embarrassed dream. In the dream, she and xuanyuanchen were at a dinner abroad. He invited her to dance. She didn't refuse. Then, she always dreamed that she could not dance. She always stepped on his feet. She was very embarrassed.

When he woke up in the morning, Suqin's head was heavy, because he had been trying to perform better in his dream, so he had been sleeping uneasily.

I took a look at the time. The flight at 7:00 and 9:00 was quite tight.

Suqin hurriedly got up to wash and put on a very professional suit with trousers. Her figure belongs to the kind of slim and even skinny. When she put on the suit, she looks very good, even has a kind of female style.

Suqin went down the hall. Li Sen had come. He had breakfast here. Suqin said hello to him.

"Is Mr. President up?" Suqin did not see xuanyuanchen, asked in a low voice.

"I knocked at the door just now. He should be up. You have a very sense of time." Li Sen said with a smile.

Just say, upstairs came footsteps, xuanyuanchen a body is loading downstairs, Mo hair is also very stylish, can say, the appearance of this man, full marks.

Ye Dong has prepared breakfast for three people. This time, he will follow and take care of xuanyuanchen's diet.

After breakfast, a group of people went straight to the airport. This is a military airport. Xuanyuanchen's private plane is ready. In addition, all the cabinet members of his trip have arrived. Xuanyuanchen took the lead in getting on the plane at the front. Suqin carried a bag to follow him and boarded the plane side by side with lisen.

This means that Suqin's position beside xuanyuanchen is already very important unconsciously.

On the plane, there are two cabins in the plane. Xuanyuanchen alone occupies a single cabin in the back, which is very private and luxurious, separated from the cabin outside.

All his men, including Li Sen, are in the outer cabin, while in the inner cabin, except for the stewardess, only Suqin comes in alone.

When Suqin came in, she found that none of his men were coming in. She stood awkwardly for a few seconds and said, "Mr. President, I won't disturb your rest. I'll go to the outer cabin."

Xuanyuanchen's noble body is sitting on the leather sofa, his hands are resting on the back of his head, and the complicated eyes are sweeping over him. He opens his mouth and says, "stay with me here."

Suqin wanted to turn around and was stunned. This sentence seemed not to regard her as a subordinate, but to be extraordinarily ambiguous.

Suqin nodded his head and sat on the companion furthest away from him.

Xuanyuanchen can't help being angry and funny, but, also didn't say that she, in identity, no one dares to sit with him equally.

When the plane took off, Suqin grasped the handrails on both sides and closed her eyes nervously. Although she was not afraid to make a plane, she often felt weightless at the moment when she left the ground.

If you don't hold on to something and close your eyes, she will be dizzy.

Xuanyuanchen looked at her nervous expression. He suddenly untied his seat belt and immediately sat beside Suqin.

Suqin's tinnitus was serious. She closed her eyes again. She didn't know that the man could sit next to her when the plane took off.

Until she held her hand tightly on the handrail and covered a big warm palm, she opened her eyes directly in fear.

Turn round, Xuan Yuan Chen sits beside her, wring eyebrows, looking at her anxiously.

At this moment, Suqin even forgot to be dizzy, and looked at him in shock. When did he come? Did he run over at the moment the plane took off?

Didn't he know it was dangerous?

"Don't be afraid. My plane is safe." Xuanyuanchen gave a deep smile.

However, Suqin didn't hear her tinnitus, and she was stunned.

Xuanyuanchen looked at her ignorant appearance, and immediately realized her tinnitus. He suddenly leaned over, and Suqin swallowed her saliva, and the tinnitus disappeared. At this time, the man's thin lips were close to her ear, and said again, "don't worry, my plane is safe."

Suqin heard it clearly, and also felt the hot breath he blew in his ear. In a moment, her pretty face was a little red.

Xuanyuanchen's right hand is still covered on her left hand, clasping her fingers tightly, as if she were a lover.

As expected, the plane was very stable, and soon the feeling of diving and going up disappeared. The cabin was very quiet, unlike the flights she usually made. The noise was loud, and his plane was safe and quiet. At this time, outside the front cabin, the stewardess knocked on the door and pulled the curtain in.

At this moment, Suqin immediately flustered to open his hand, afraid of being misunderstood by others.

Even if the stewardess can't see it, she can feel a subtle breath in the air. Her professional cultivation makes her very calm and cordial. "Mr. President, assistant Su, would you like to drink something?"

"Give me a cup of coffee." Xuanyuanchen said.

Suqin almost blurted out, "you can't always drink coffee, have some tea!"

Xuanyuan Chen micro a pick eyebrow, then, toward the stewardess way, "a cup of tea."

Suqin realized that she had too much control. She coughed quickly and said, "give me a cup of boiled water, thank you."

The stewardess left with a smile.

As soon as the stewardess left, the atmosphere was a little strange. Suqin apologized to xuanyuanchen, "I'm sorry, I shouldn't interfere with your decision."

Xuanyuanchen looked at her self reproach, but her face was gentle. "You are right. I shouldn't drink so much coffee. Later, I will drink tea instead."

Suqin looked at him nervously. "This is your personal choice."

"Then I choose tea." Xuanyuanchen's deep eyes lock her, and there is a burning smell at the bottom of her eyes.

Suqin touched his eyes and was stunned for a few seconds.

At this time, the stewardess came in with a cup of tea and water and put it in front of them. Suqin took the water and drank it.

Xuanyuanchen also holds the teacup to drink, after tasted a mouthful, the feeling almost one, "as if did not have you bubble to be good to drink."

"Eh? Most of your tea is made by elder brother ye... " Suqin is embarrassed to say that she is just a tea bearer.

Xuanyuanchen's handsome face was slightly embarrassed, and he coughed softly, "is that right? I want to see the papers for a while. "

Finish saying, he got up to go to another sofa to see the document, Su Qin in the side bear a smile, some hard.

Chapter 543

The plane flies forward smoothly, the front cabin and the back cabin are separated, making the whole back cabin quiet and silent. Only on the sofa, xuanyuanchen turns the rustle of documents from time to time, and Suqin is idle on the side. She occasionally drinks water, appreciates the clouds outside the window, and looks at the spectacular sky in the distance.

At this time, Li Sen came in and gave Suqin a notebook. "Assistant Su, can you help translate it? Our interpreter is not on this plane. "

Suqin saw the above documents, she nodded, she began to have something to do, she seriously tried to look, fell on the opposite sofa in the eyes of the man, slightly lost his mind.

The flight was eight hours long, so she stayed on the plane for a long time. Suqin didn't sleep well last night. She looked up to have a rest. At this time, a deep male voice came from her side.

"Go to bed and lie down."

Suqin's sleepiness immediately woke up. She looked at the man opposite with a confused eyes. "No, I'll just sleep for a while."

The bed is his own. How can she sleep?

Xuanyuanchen twisted his eyebrows. He was really a woman who was not obedient enough. He continued to look at the information.

Suqin looked at the distant scenery for a while, and the upper eyelids and the lower eyelids were fighting. She closed her eyes and went to sleep directly. Fortunately, the real hair sofa was very comfortable to sit on, with her neck resting on the back of the sofa, which was also very soft and wrapped.

Xuanyuanchen's eyes fell on her sleeping face. There were no closed windows. The soft light came in and sprinkled on her white and beautiful face, which was particularly charming. Just now, in order to have a good back, Suqin had a long hair, which spread out behind her head, and showed more female feelings. Xuanyuanchen was prevented from reading the documents for no reason. In his eyes, she must be very tired to fall asleep like this.

After a screen next to him is his bed. He hopes that she can sleep in his bed. Suqin was confused. She felt that someone was holding her horizontally. She was shocked. She opened her eyes and was shocked directly. Xuanyuanchen picked her up. His steps calmly stepped behind the screen. Suqin felt that she had laid down on the soft bed from her back and her legs were flat.

She sat down quickly, "Mr. President I don't

The next second, the man's hands pressed her shoulder and pushed her back to the bed. In an instant, his face and his breath came close.

Suqin slightly gaped at her eyes, blank in her mind. Xuanyuanchen looked at her slightly moving red lips. Her eyes narrowed deeply, as if there was a kind of attraction that he couldn't let go of her, but he let go of her shoulder.

"Sleep!" He said a word and got up and left.

Suqin lies on the bed, and feels breathless for no reason. She lies down again, but finds that sleepiness seems to be driven away. She can't help but smile. She can't sleep.

But if she went out to see him now, she would be embarrassed, so she should lie down first!

Suqin side a body, in the mind inexplicably appeared some things, a question mark, why does xuanyuanchen treat her so well?

Does he take care of every woman like this?

Suqin didn't understand. In fact, he didn't dare to think deeply. He would have forbidden areas even when facing this man.

Fantasy guilty.

Soon, Suqin heard footsteps outside the screen. She pretended to close her eyes and sleep. She turned her back to her body. When she heard the footsteps, she stopped in front of her bed. He was the only one here. There was no one else except him.

Su Qin heard her heart beating faster and faster. She turned her back to him and did not know what he wanted to do.

Suqin's sleep was very successful. He concealed the man behind him. The air conditioner was a little cold. Suqin's quilt only covered her abdomen. At this moment, the man's big hand pulled the quilt gently and covered her.

Suqin's long hair is smooth and soft. A large piece of it covers her side face, which makes men think that she will suffer. His slender fingers touch her cheek, reach out for a lift, and Suqin's long hair is lifted to the ear. The man seems to be addicted to her long hair. The long fingers touch her gently, comb her long hair on the pillow, and lay out a piece of it.

As if to pacify a child about to fall asleep, the man stroked her long hair a few times, appreciated her a few eyes, and got up and left, without any more behavior.

Suqin's breath was slightly exhaled, her face was hot, and her brain was also a little faint. She was really sleepy. She fell asleep with a soft pillow on her face.

This sleep, Suqin sleep heavy.

After sleeping for three hours, I woke up. It was a different sky outside the window, and I entered the night sky.

In the dim yellow light, Suqin saw the man sleeping on the sofa. Her heart was filled with guilt. He gave up the bed to her, and as the president, he even lay on the sofa?

The long silver sofa can't hold his body. Obviously, he couldn't sleep very well, so he went to sleep in a white shirt and the stewardess covered him with blankets.

Suqin scolded himself and went to the sofa. At this time, the man opened his eyes and woke up.

Suqin was startled. "Did I disturb you?" Xuanyuanchen just woke up eyes, in the light, as if loaded with a sea of stars, blurred sexy and charming.

He just looked at her and didn't talk.

Suqin's long divergent, beige Blazer open, revealing her white shirt inside, slender legs under the trousers, exuding the air of a capable woman, even beautiful some foul.

Xuanyuan Chen hook lip a smile, "assistant Su, are you sure there is no pursuer?"

Suqin was stunned for a few seconds. Facing his question, she was a little embarrassed.

"No." While laughing, Suqin picked up the leather band on her wrist, neatly pulled up a long head of hair at the back of her head, revealing a white and beautiful goose egg face, with a few layers of thin hair falling from her ears, embellished with the lines of her face, contradictory soft and three-dimensional.

Xuanyuanchen is admiring her just like this, also do not get up, lie looking at.

Suqin was a little embarrassed by his burning and pressing eyes. "I'll go to see Li te for help."

Xuanyuanchen blinked and agreed.

Suqin comes to the bathroom, faces the mirror, lowers her head and reaches for a hand to wash her face. The cold water can't wash the heat on her face. She seems to fall into a kind of encirclement circle created by xuanyuanchen. She can't calm down at all except for her confusion.

This man, even if he doesn't have to do anything, is enough to make women fascinated. Then what can he do? Which woman's heart is not falling apart?

It's not surprising that Suqin will have such a contradictory struggle.

After staying in the cabin for an hour, Suqin heard the report from the stewardess. There is still half an hour to land. Please be ready to descend.

Chapter 544

Li Sen asked Su Qin to accompany xuanyuanchen in the inner cabin, but he must be alone. It's not very good.

Suqin had to go back to the inner cabin, only to see xuanyuanchen's figure sitting by the window, with his seat belt fastened on his waist.

Suqin can't help following him to feel the feeling that the height is extremely cold.

There are so many subordinates outside, but none dare come to chat with him. Even if they come in, they can only come in after reporting to Li Sen.

Suqin is going to choose her previous position to sit in, but sees the man patted the position beside him, "sit here."

Suqin had to sit to his side and fasten his seat belt. The plane was descending. There was a faint and golden city light in the distance outside the window. It seemed that the ground was covered with gold, reflecting the stars. The scenery was wonderful.

However, like taking off, Suqin has some pressure in her heart. At that moment when she landed, she always felt a sense of anxiety.

After circling for a while, the plane flew low. Suqin saw that the building not far away was in front of him and was about to land.

She immediately closed her eyes and felt the moment of falling. Suddenly, a big palm covered the back of her hand at the moment of closing her eyes. Some of them were strong corresponding to her fingers and held each other.

Suqin's heart lost weight, not because the plane dropped, but because of the man's action.

She simply closed her eyes to hide the palpitation in her heart.

The plane landing is very stable, only a few ups and downs on the slowly stopped, slowly moving.

Su Qin opens his eyes and looks at the man beside him, while the man beside him looks out of the window. At this time, Su Qin hears the sound of footsteps coming.

She quickly broke the man's hand and put both hands on her knees.

She didn't find that the man looked back at her, and there was a trace of displeasure in the bottom of his eyes.

Li Sen walked in quickly and looked at the two people sitting by the window. He smiled, "get ready, sir. We can get off the plane."

"Well!" Xuanyuanchen answered.

When Li Sen left, Suqin untied his seat belt and said to him, "Mr. President, I'll pack up."

After that, she leaned down to put his documents into the document bag. He didn't see many. After finishing the sorting, Suqin held the materials, and suddenly a brake came to the fuselage. Suqin's whole body fell behind her. Before she could hold anything to stabilize her body, the whole person slipped into the man's arms.

Being held by a man, xuanyuanchen's arm is tightly tied around her waist, while the other hand is supported on the table.

Suqin's brain was buzzing for a while, and then there was a sound of footsteps coming from outside, probably to see if they were hurt or not.

Now, Su Qin is more anxious to break free than anything. He immediately breaks open xuanyuanchen's arm, and the whole person leans to another table.

The handsome face of the man suddenly sank, some annoyed her to do so.

In came Li Sen and two stewardesses. Looking at the two people in the inner cabin holding the table, nothing happened.

"I'm sorry, Mr. President. There may have been some mistakes just now." The stewardess was in a hurry to explain, because the president's face didn't look good!

"Nothing." Although xuanyuanchen answered, it was obviously emotional.

Suqin's heart was slightly smothering. She felt that the unhappiness in his mood was caused by her!

Li Sen asked the stewardesses to leave first. He came in and said, "maybe it's a unfamiliar type. The pilot took the wrong route."

Xuanyuanchen's face has returned to normal.

"I just contacted you. The vice president on the ground has arrived. We will immediately enter their royal hotel in line."

"Well!" Xuanyuanchen answered.

Suqin holds the information, and her posture is stiff for a long time. Xuanyuanchen looks at her and says, "follow me."

"OK." Suqin immediately returned to normal.

The pick-up was very formal. The vice president and a group of important members of the country were waiting. Xuanyuan Chen was surrounded and sat in a special car. Beside Xuanyuan Chen, his bodyguard and Li Sen all sat in the same car.

Xuanyuanchen looks back at Suqin, and beckons her to sit in the car behind her. A line of motorcade leaves the airport.

When Suqin arrived at the hotel, Li Sen came up to her and said, "Suqin, for the convenience of taking care of Mr. President, your room is in Mr. President's suite."

Su Qin eyes light slightly a gape, she and xuanyuanchen live in the same room?

Li Sen smiled. "Is there any inconvenience for you?"

"No!" Suqin shakes her head. It's her job. She has no reason to refuse.

"Well, your gift box has been sent up. Go straight up! Mr. President has returned to his room. "

"Good!" Suqin nodded.

Suqin received the room number, she took the elevator upstairs, arrived at the door, she reached for the doorbell.

With the back of the door, Xuanyuanchen pulled open and said to her, "come in." When Su Qin stepped in, he saw that the whole suite was very luxurious and very large. Xuanyuanchen's gift box was placed beside the sofa with her.

Suqin had done a good job in her heart building just now when she was in the elevator. When she came here, she was working. She didn't think all day long and her mind was blank.

So she has to do a good job.

"Mr. President, I'll tidy up for you." With these words, Suqin walked over to push his box into his master bedroom.

But quite heavy, she push, unexpectedly didn't move, Xuanyuanchen not from low smile come over, "this kind of thing, still men do it!"

With that, he went in with a box in his hand, and soon came to pick up the last one.

Suqin has some dark sweat. In the room, Suqin opens his suitcase and hangs his clothes in the wardrobe. As he is well organized, he doesn't wrinkle. But in the morning tomorrow, if he wants to go out, she needs to iron them.

Suqin hangs up his things and comes out. Xuanyuanchen is talking to someone on the balcony.

Suqin did not dare to eavesdrop. She found that her two boxes had been carried into her room by him. This man was very considerate.

Suqin also hung her clothes and put them away. From now on, here is where they lived for a month's visit here.

It is included in the vicinity of the presidential palace. It is one of the most secure hotels for the most important guests in this country.

When Su Qin came out, he saw Xuanyuan Chen coming back from the balcony while unbuttoning his shirt.

Su Qin's heart beat was in disorder, and her eyes fell down.

Xuanyuan Chen's action of unbuttoning was sluggish. Maybe he was just a habitual one. When he saw her, he stopped understanding the fourth one and said to her, "I'll take a bath, and someone will bring dinner later."

Su Qin nodded. "OK!"

Xuanyuan Chen is slightly open to untie the lapel, walked to his room.

Chapter 545

Dinner is a very delicate and elegant western food. Each dish is not many, but it's just enough. The hotel is on the sixth floor, not high. However, the scenery around here is not blocked. The lights extending to the distance around build up a dreamlike scenery. Sitting in the middle of the ancient structure in the West and carved beautiful columns to enjoy dinner. It's absolutely beautiful Wonderful things.

At the same time, if it is a pair of men and women, this scene is also full of a romantic atmosphere. Su Qin took a wet towel and swabbed the corners of her mouth. She was full. She looked up, and the man opposite looked up at her.

When her eyes touched, Su Qin hurriedly lowered her eyes to avoid. She was struggling inside. Why is it clear that it's a job, but it can't be completed normally?

Good pain will be like this.

Xuanyuan Chen raised the corner of his mouth and smiled, "why can't you look at me?"

Su Qin was embarrassed, but the man asked directly. She took a deep breath and raised her head and said, "Mr. President, do you think I am a qualified assistant?"

"Oh! Do you need me to give you an evaluation?" Xuanyuan Chen holds the red wine cup, leans on the back of the chair languidly and charming, squinting her eyes.

Suqin looked into his eyes and nodded, "yes, I hope to hear your comments on me. I accept them carefully, whether they are good or bad. Please tell me the truth, am I a qualified assistant?"

"Then give yourself an evaluation first!" Xuanyuanchen threw the problem back to her.

"I don't think I am a qualified assistant. I have too many personal emotions. I'm afraid that I will affect my work and you."

Xuanyuanchen's sexy lips sipped a sip of red wine, and the voice line was low and hoarse. "What is your personal mood? How can I not know? "

Suqin felt that her face was burning and her heart was racing. This was her personal mood. She couldn't adjust it, so she was very distressed.

She swallowed saliva, she has hated this kind of self for a while, she thought, let's get it straight!

"Mr. President, your influence on me is too great for me to face you normally." Suqin said directly.

Xuanyuanchen's eyes light slightly transferred the smile, but the expression was staring at her seriously, "what do you mean by the above influence?"

Suqin bit her lip, "you in many ways". After that, Suqin seemed to be relieved. She looked up at the man opposite, "Mr. President, I want to quit this job after returning home from this visit."

Xuanyuanchen's deep eyes stared at him instantly. "What do you say?"

"I can't win the job. I want to quit." Suqin looked at him and spoke very seriously.

Xuanyuanchen sat up straight and stared at her, almost without hesitation. "No way."

Suqin blinked and looked at him. Why not?

"I don't think you are not doing well. On the contrary, I give you a very good evaluation. You are the best of my three assistants." Xuanyuanchen's hands crossed in his chest, holding up his sexy and charming chin, his eyes stared at her like a pool, and continued, "I don't know what kind of influence I have had on me, but you have done a good job."

Suqin's pretty face was a little red, but she didn't know how to answer.

"Suqin, do you like me?" Xuanyuanchen's hoarse voice line suddenly came out.

Suqin's breathing was sluggish, as if she was fixed by some force, unable to move, but she was struggling with this force in her heart, rebelling, and she almost answered him with a force, "I don't have it."

Xuanyuanchen squinted his deep eyes. At the moment, he seemed to be releasing a kind of charm that women could not resist. His thin lips were slightly hooked. "Are you sure you have no feeling for me?"

Even if there is, it shouldn't be, Suqin replied in her heart, but on the surface, she nodded calmly, "in my heart, you are Mr. President, I am just your subordinate, we are just the relationship between the superior and subordinate."

Xuanyuanchen's eyes were dim for some reason. He thought that she was so firm in front of duanzixuan last time. Did he overestimate his charm. "I won't agree with the resignation. Learn to adjust your mind! If you need me to do something for you, I will. " Xuanyuanchen finish saying, stand up, slender back toward the direction of the study.

Suqin felt that there was something angry in his back.

And she, like a battle, breathed a little, what was she doing?

Let the waiter into the room and tidy up the dinner. It's ten o'clock in the evening in this country. Suqin takes a look at the direction of the study. She pours in a glass of water and goes in. Xuanyuanchen looks at her sideways. "You go to bed early."

"OK." Suqin nodded in response and closed the door.

Through the dialogue just now, Suqin made it clear that the reason why he would have too much influence on this man was probably that she was over concerned. She just needed to do what her employees should do, instead of becoming his girlfriend. She paid attention to everything about him. She didn't pick it up before.

Suqin went back to her room, washed her hair, took a bath and lay down on the bed. She put on a white silk pajama. She thought she would separate her room from him, so she only brought this kind of Pajama this time.

Suqin stood in front of the window and took a look at the scenery outside the window. He felt the autumn of this country more cold with his arms around.

Suqin slept on the plane. Now she was not sleepy at all. She picked up a book she had brought and lay on the bed looking like it.

At the same time, I can't help but think about the man in the study. I don't know if he is sleeping now! She took another look at his schedule. Tomorrow, there will be very intensive talks. In the evening, there will be dinner parties.

Even in his capacity, no one dares to indulge him, but his working hours are very long, and during his visit, his actions and every sentence need to be considered. Such a way of life really needs brain power and will be very tired.

At this time, there was a knock outside her door. Suqin hurriedly got out of bed and opened the door. Outside, xuanyuanchen's eyes were fixed on her. "Suqin, I'll ask you again. You really don't like me at all?"

Suqin's breath smothers, but the next second, the man directly hugs her waist, the thin lips bully down, kiss her lips.

Suqin stared at her eyes, her waist was a man's strong arm, and her back brain was his other big palm. She had no room to struggle except to meet him. This kiss made her dazzled.

Chapter 546

On her lips, the plunder of men's domineering, as if with a kind of aggression that makes her soft hearted, the clear masculine atmosphere makes Suqin's sense lose, her hand involuntarily grabbed the shirt on the man's arm, but even she could not tell, whether she was pushing him or hugging him.

Suddenly, the man let go of her. This time, he let go of the bottom. He took a hand, propped his arm on the door frame, and leaned over to look at the pretty red face of her.

"Good night! See you tomorrow. " Xuanyuanchen finish saying, some of the uncomfortable fast steps to his room, must unexpectedly this kind of thing, what has the feeling is not only Suqin a person, he also felt uncomfortable.

Suqin looked at the tightly closed door in the master bedroom. She covered her chest, turned around, and went back to her own room. In the quiet room, only her heart beat. She stroked the red and swollen lips. For a moment, the whole person was in a panic.

How can he, Mr President?

Is it because just now at the dinner table, he asked her if she had any feelings for him, and she said no, he came to prove it?

No matter what it is, Suqin feels confused. Everything is chaotic.

If you say, the last kiss in the garden was an accident and a mistake.

That kiss just now is enough to prove that it's not an accident, but a real kiss from this man.

This night, Suqin couldn't sleep until midnight.

Early morning.

Suqin was awakened by the alarm clock. She opened her eyes and suddenly touched something in her mind. She sat up and looked at the door.

Last night was xuanyuanchen pressure where the kiss picture clear surge up, this next how to face each other? Suqin had no time to think about it. She got out of bed to wash and wash. At the same time, she sat in front of the mirror very quickly. She made a delicate and elegant make-up and covered the light dark circles of her eyes brought by insomnia. Originally enough exquisite three-dimensional face, a little decoration, it is perfect.

She chose a dark gray suit with trousers. Her long hair was elegantly tied at the back of her head, showing her keen and strong professional atmosphere.

Suqin was dressed properly before she pushed the door out. She thought she would face Xuanyuan Chen directly. Unexpectedly, she saw that on the sofa, in addition to Xuanyuan Chen, there was also Li Sen.

When Su Qin's heart strings tightened, she felt a pair of profound and complicated eyes projected. She touched them, and xuanyuanchen's eyes stared at her with a deep smile.

Su Qin lowered his eyes, and Li Sen said hello to her, "good morning, assistant su."

"Good morning, Li te." Suqin smiles and recovers her calmness at work.

"Breakfast will be delivered in a moment. Assistant Su, you will also come here. Let's discuss your schedule today."

"OK!" Suqin answered and stepped to Li Sen's side to sit down. On the opposite sofa, xuanyuanchen's languid and slender figure sat with her, with his long legs raised, his eyes locked on her face, and he said to her in a low magnetic voice, "did you sleep well last night?"

Suqin is facing him. The oppressive breath from xuanyuanchen is more intense. Hearing this, and in the presence of Li Sen, Suqin looks up and replies, "thank you, Mr. President, for your concern. I have a good sleep."

After that, he didn't dare to touch his eyes deeply. At this time, Li Sen handed her a piece of information,

"assistant Su, take a look at this auspicious and detailed itinerary that I have revised. If you have any suggestions, please give them to me."

"OK!" Suqin took over and carefully looked at the very tight schedule report, pinching minutes in time.

"This is your speech, sir. Would you like to see it again?"

Xuanyuanchen reaches out to take over, condenses the eye to look, the atmosphere is temporarily quiet down.

The breakfast was personally promoted by Ye Dong. It was very rich. Three people were reading the information, communicating and using the breakfast at the same time.

Li Sen and Xuan Yuanchen are almost talking, and Su Qin is listening.

At ten o'clock, I had to leave the hotel and go to the presidential palace for the first day of talks. The winter in this country came very early. Now it's about five degrees outside. Suqin didn't take a coat in his hand. It's inconvenient. On the other hand, he also considered that the presidential palace has a heating system. Xuanyuanchen is surrounded by a group of cabinet members and bodyguards. He is dressed in a dark suit. Even when he is walking in front of a group of men aged 40 or 50, his royal momentum cannot be ignored.

Suqin stood at the back of the cabinet this time, with their assistants.

As soon as he went out, Suqin was a little cold, and he had a cold feeling.

In xuanyuanchen's car, he sat with another cabinet minister when he entered the cab.

Mou Guang looks up and throws an eye behind her, which is on Suqin. Suqin is also looking at him, passing through the crowd and falling on her. This eye seems to dispel her chill with a force.

Several female assistants beside Suqin look at Suqin in surprise and envy. Suqin pretends not to see it. Only she knows it and her face is full of enthusiasm.

Chapter 547

Suqin and three other female assistants were sitting in a car. Four people introduced each other, taking Suqin's position as the highest one.

When she arrived at the presidential palace, the assistants also performed their duties. Suqin was welcomed by an assistant of Li Sen to the lounge next to the conference hall. Xuanyuanchen was in the conference hall next door. She had a secret meeting with the president of the country. She just needed to wait here.

Suqin nodded. She sat down. The waiter here brought her tea.

Suqin takes out the iPad and carefully checks all the itineraries here. The time is passing by.

Suqin lunch and other assistants together in a restaurant to solve, in the afternoon, continue to wait until five o'clock, Suqin heard a voice beside her, she quickly stood up, saw in a group of important members of the two countries, xuanyuanchen and a president in his early 50s of country C came out with a smile, xuanyuanchen looked up and saw Suqin, he Jin Gui's smile, seemed to smile more Thicker.

"President Xuanyuan, I'd like to invite you to our dinner party tonight to enhance our communication and feelings."

Xuanyuan Chen nodded and shook hands with him

Suqin followed them to the entrance of the presidential palace, and a neat line of motorcade was waiting.

The presidents of the two countries shook hands and talked happily. A bodyguard opened the door for xuanyuanchen. At this time, xuanyuanchen said something to Li Sen. Li Sen immediately turned to look behind him and saw Suqin. He waved to Suqin.

Suqin hurried to his side, and Li Sen whispered, "Your Excellency asked you to accompany him in a car."

Suqin was stunned. Her identity was absolutely unqualified. There were many important officials from other countries on the side, so they were qualified to sit with the president.

Li Sen smiled. "That's what you mean."

She doesn't care about identity.

Suqin hurriedly nods, goes to the other end of the back seat, the bodyguard opens the door for her, Suqin sits in, xuanyuanchen is rubbing his eyebrows, as if very tired.

The windows are tight, the baffles are closed, the sound outside is isolated, and the visit of the driver seat is also isolated, which makes the back seat form a very private space. Suqin can't help but look at the man around him, "Mr. President, are you tired?"

Xuanyuanchen opened his hand, his deep eyes were covered with a trace of red blood, and he was really tired. "Do you have any eyedrops?" Xuanyuanchen asked.

"Yes." Suqin nodded.

"Go back and give me two drops. I'm going to the party tonight." Xuanyuanchen finished saying, relying on sitting on one side to keep one's eyes closed.

Suqin did not dare to disturb him. He gazed at his perfect three-dimensional side face quietly, as if it were a knife, an axe and a chisel. Every line was impeccable.

The journey from here to the hotel is no more than ten minutes. Suqin really hopes it will be longer and let him sleep more.

But when the car stopped, he opened his eyes, woke up, Suqin's door was opened, and she stepped out of the car.

Xuanyuanchen's body was immediately surrounded by six bodyguards, who firmly protected him in the middle. Suqin followed him all the way into the hotel and stepped on the elevator.

The bodyguard accompanied them to the door of the room and watched them enter without leaving.

Xuanyuanchen said to Suqin, "I'll come to my room with the eyedrops in a moment."

"OK!" Suqin nodded. She hurried back to her room and took a bottle of anti fatigue eyedrops.

Xuanyuanchen's slender body is lying on his big bed. He takes off his suit and lies quietly with a dark shirt.

Suqin's heart is a little tight, biting her lips. She thinks that xuanyuanchen will not drop herself, so she still needs her help.

And he slept in the middle of the bed. If she wanted to drop, she had to kneel on the bed.

Suqin breathed a little and went to the edge of the bed. "Mr. President, I'll give you an eyedrop."

"Well." The man answered with a low voice and still closed his eyes.

Suqin had to half kneel on the bed, looking at his long and narrow attractive eyelids, long eyelashes covered by a fan.

Suqin unscrewed the bottle cap of eyedrops. She reached out her hand and gently and carefully held up the man's eyelids. She stared at her directly in the dark and thick eyes, reflecting her beautiful face.

Suqin dripped two drops into his eyes. The man immediately closed his eyes, and the other one dripped.

Suqin did not leave, but waited for him to adapt, for fear that he would have any discomfort.

"How is it? Is there any discomfort? " Suqin asked softly.

Xuanyuanchen blinked. The eyedrop made his eyes blurred with a mist of water, as if the two Hong couldn't see the deep pool.

Xuanyuanchen suddenly, two eyes close abruptly, hoarse way, "my left eye is not very comfortable."

Suqin hurriedly bent down worried. "Let me have a look."

Finish saying, she in order to see his eyes clearly, nature wants to be close some, she almost whole face is bent over the man's face.

Suddenly, the man opened his eyes. There was a bad smile in the bottom of his eyes. He looked at her face close to her. He put his big palm on her back brain. When he pressed it, Suqin was unprepared. Suddenly he held a palm on his waist. In a moment, the world turned around. Changed the direction of two people, he is up, she is down.

As soon as Suqin breathed and looked up, the man's face was between her palms.

Seeing the dim luster in the man's eyes, Suqin seemed to realize what he was going to do. She slowly closed her water eyes, as if to acquiesce to what the man was going to do next.

Xuanyuanchen's heart strings are soft, that is to say, how can he not seize the opportunity when she cooperates so?

His lips, this very gentle touch down, there is no invasion of breath, as if only in the taste of the moment, her sweet.

Just a dozen seconds later, outside the door, the doorbell came.

Xuanyuanchen ignored, but Suqin under him pushed him nervously. Xuanyuanchen's lips parted slightly. She gasped, "Mr. President..."

Xuanyuanchen bit his teeth, braced his arms and stood up, while Suqin sat up in a panic and hurriedly arranged some messy clothes. She left xuanyuanchen's room and went back to her room.

Close to the door, she heard xuanyuanchen open the door. She covered her chest and tried to calm her breathing.

At the same time, she asked herself, what's wrong with her? How could she?

Suqin did not dare to hide in the room. She calmed down. She opened the door and saw xuanyuanchen sitting on the sofa. Li Sen was talking to him about something. When he heard the sound of opening the door behind him, Li Sen laughed and said, "assistant Su, come here."

Suqin nodded and sat beside him.

"Assistant Su, you have a dinner party in the evening. He needs a female companion. We decide to let you take it."

Suqin is scared. She looks at Xuanyuan Chen and smiles, "yes, you will be my partner."

Chapter 548

"I I'm afraid I can't do it well. " Suqin has little confidence to take the burden.

"Assistant Su, I believe you must have done a good job. Your appearance is beautiful enough." Li Sen praised her. What's more, he knew that the president was very satisfied with her.

"What do I need to do?" Asked Suqin.

"Generally, you don't need to do anything. You just need to accompany Mr. President, say hello to the banquet guests, and don't need to remember the names of those guests. Just smile. At the ball, dance with Mr. President, and you can go back to the hotel at about 9 o'clock."

Suqin thought about it, nodded, "OK."

"The dress will be delivered immediately. Assistant Su is going to prepare for it. There will be a makeup artist present to take care of your image tonight."

"OK." Suqin smiled.

After seeing off Li Sen, Su Qin looked at a man on the sofa and said, "Mr. President, are you sure I can stand in your way?"

"If you don't want to, I'll have to go alone tonight." Xuanyuanchen's intention is that he will not find other women to be partners except her.

She is the only one.

Suqin looked at him, and her mood fluctuated a bit. She bit her lips and said, "Mr. President, can we not..."

Because what they have done before has gone beyond the relationship between their superiors and subordinates. It's too ambiguous. Her heart is going to be overwhelmed.

Even though it is difficult for her to open her mouth, she knows that xuanyuanchen must know what she wants to express.

Xuanyuanchen squinted, of course, knowing what she wanted to express. He looked at her seriously. "Suqin, do you think I'm playing with you?"

Suqin's eyes flashed hard. She didn't know. Her heart was in disorder.

Xuanyuanchen stood up, tall body under the light, like a dense net, covering her tightly.

Suqin is scared to step back, the man's arm immediately extends out, and immediately hugs her back body to her bosom. Suqin's chest tightens, looks up, and the man's deep eyes lock her.

Xuanyuanchen looks into her eyes of panic and consternation, the voice line is low and hoarse, "Suqin, can't you see that I like you?"

Suqin's eyes were more frightened, and she was at a loss to bear the man's confession.

His identity makes her dare not reach for the love he gives.

He likes her?

Suqin didn't fail to see it. She just didn't believe it. Now, his words forced her to believe this absurd fact.

He likes her.

"Mr. President, you..." Suqin wanted to say something, but didn't express it.

Xuanyuanchen easily penetrates her mind, "do you want to say that I didn't think clearly, I was just fascinated by your beauty, I was empty and lonely, just looking for you to comfort myself? Do you think my confession just now is unreasonable? "

Suqin's eyes flashed a flash of consternation. How could she think of anything? He knew all about it? Yes, she thinks it's just that he needs a woman, and she's right beside him.

In a trance, the handsome face of the man suddenly approached, so close that Suqin could see the soles of his eyes carefully and see the little self reflected from his eyes.

"I'm very sure. I like you." Men's sexy thin lips, firm mouth.

Su Qin swallowed saliva, and at this time, there was a doorbell outside, Su Qin instinctively struggled to get out of his arms.

But the man some displeased hugged her, "is afraid of what?"

"Not to be seen." Suqin is worried that the people outside will come in.

Xuanyuanchen looked at her panic and confusion. He leaned down and said, "you and I will see each other sooner or later."

After that, he let her go. He stepped to open the door.

Su Qin stood blank in his mind. At this time, the voice of Li Sen outside the door came, "Sir, please ask assistant Su to lie in the next room."

Suqin went to the door, it should be the dress.

Xuanyuanchen's eyes sent her out, and Suqin went out in a complicated mood.

When Suqin came to the next room, she saw three blondes waiting for her. A set of very luxurious pale gold evening dress was set in the mold. Under the golden crystal light, the luster was charming and elegant.

There is also a set of quiet lying jewelry.

Li Sen said to Suqin, "Suqin, this set of jewelry is a gift from the president of State C, a set of jewelry that their country has passed on for 200 years. He gave it to our country, and you will wear it tonight."

Su Qin is excited to smile and nod. It's a great honor to wear such a rare treasure even one night.

Suqin put on her evening dress, as if it was a customized size. Her underwear was lined with silky milk, while the outside was made of gold thread fabric, decorated with diamond jewelry and gold fishtail skirt, which made her charming and noble as a princess of a country.

Suqin sits in front of the dressing table, her long hair is loose, and her long hair is arranged by the makeup artist within ten minutes. At this time, Suqin sees that the makeup artist takes out a beautiful crown from a golden box, and she immediately politely bends down some of her body, and the makeup artist puts it on for her. Her neck, wrists and fingers are complete sets of jewelry, but it's not an exaggerated type, matching her evening dress to complement each other.

Suqin looked at himself in the mirror and could hardly believe it was himself.

Suqin stood up and put on a pair of silver high-rooted shoes at her feet. She said a word of thanks to the makeup artists. She gently raised the evening dress to go out.

Li Sen waited outside the door and saw her coming out. He thought that Mr. President's vision was really good. Su Qin stood beside Mr. President tonight, like a bright pearl, dotted around xuanyuanchen's bright moon.

"And you?"

"Still in the room."

"I need my cell phone." Suqin Dynasty Li Sen way, then walked to the door, only to hide, did not close.

She pushed the door and went in.

Xuanyuanchen is not in the hall. Suqin thinks he is in the main bedroom. She steps to the door of the main bedroom.

She was just about to knock on the door, and found that the door was half open. Inside, there was a phone call with hands-free outside, and a majestic female voice sounded, "mom promised general Lin that she would meet you as soon as possible according to the schedule. You can't miss the appointment."

"Mom, wait till I get back." The voice of Xuanyuan Chen clasping his watch came.

"Well, mom will wait for you to come back. In short, you must put your marriage on the agenda. I'm very satisfied with that child, and I'm sure you will like it."

"Mom, I'm going out soon. Hang up first." Xuanyuanchen presses to break the mobile phone, reaches out to grab the suit on getting up to prepare to go out.

Outside, Suqin's figure hurriedly retreated two steps, as if worried about being found in the door by the man inside, she turned around and walked into her room quickly.

And very quickly, Xuan Yuan Chen is holding his suit to come out, hand holds his mobile phone.

Chapter 549

In the room, Suqin tightly encircles her arm. I don't know if it's because of the lack of heating or because of the words she heard just now, xuanyuanchen's mother has shown him a good eye for a general's granddaughter?

Su Qin sighed. She closed her eyes and thought of what xuanyuanchen had just said.

Suqin, I like you, I like you

Like a dream like voice, suddenly far and near

Suddenly, the door with her back against her was knocked, and a low call came, "Suqin, are you in it?"

It was the voice of xuanyuanchen.

Suqin took a quick breath and calmed her mind. She reached out to open the door, and her face was already smiling.

At the moment when she turned on, all the lights seemed to be absorbed by her figure. The woman bathed in the halo almost absorbed the soul of the man. Xuanyuan Chen's deep eyes slightly gaped, and the startling color twinkled his eyes, and he swallowed.

I only saw Suqin dressed in a suit every day, which was enough to attract him. Unexpectedly, with a little dress, she could make him fall.

Suqin looked at him and stared at herself. She lowered her eyes somewhat shamefully. She didn't dare to look at his eyes. At this moment, one hand held her hand and led her out.

Suqin looked at the hand being held. She looked up and chuckled. "Is it time to start?"

Xuanyuanchen's eyes stared at her, reaching for her hair, "has anyone told you that you are beautiful?"

Suqin's face was a little rouge. She bent her eyebrows and smiled. Maybe someone said it! But she didn't put it in her heart, but his words really made her happy.

At this time, Li Sen knocked at the door. Su Qin's hand almost instinctively broke away from the hand held by Xuanyuan Chen. Xuanyuan Chen's eyebrow twisted and slightly annoyed her.

Li Sen also realized that the timing was wrong, but he could not help but remind him that it was time to start.

"Sir, assistant Su, the car is ready. Let's go!"

"OK!" Suqin nodded, at this time, her hand was still a little overbearing by the man.

She looked up at him in some confusion. Xuanyuanchen didn't look at her and led her out.

As soon as Suqin came out, she saw the bodyguard, Li Sen, all there. Her pretty face was reddened. She looked down and dared not look into their eyes.

Xuanyuanchen leads her to walk in front of him with a steady step. Suqin's step is a little flustered. At the door of the elevator, her whole body bumps into his back, and she is so embarrassed that she stands still.

When the elevator came, xuanyuanchen led her to go in, and Li Sen followed her and stood behind them. In the hall, xuanyuanchen saw his bodyguard deliver his warm windbreaker. He picked up his hand, opened his coat directly, and put it on Suqin's body. Suqin was stunned. She had already put on a white mink coat. At the moment, the warm windbreaker wrapped her. Meanwhile, a big palm circled her waist, took her out, and walked to the side of the car.

The bodyguard opened the door and xuanyuanchen asked Suqin to go ahead. He then sat in. Three cars drove forward and backward to the splendid presidential palace in Jinbi. There, a royal banquet was beginning.

The guests of the royal banquet are all very well-known people. There are not many guests. There are only 50 people who can participate in the banquet, and their identities can be regarded as the top two figures in the country's political and business circles.

Xuanyuanchen gets out of the car, and Suqin's coat is taken away. In the direction of going to the banquet hall, Suqin's hand is naturally pulled in xuanyuanchen's arm and enters the dazzling banquet hall.

Xuanyuanchen's arrival, in an instant, became the main character of the party. President of State C took his family members and his relatives all came to meet him. Everyone's eyes could not help but look at xuanyuanchen, a beautiful oriental girl.

Looking at the precious necklace presented on her, it can be seen that her identity is very important.

Only Suqin himself knows that maybe in this banquet, only her identity is the lowest. Because, she is just an assistant, but tonight, she will set off the man with the most confident side.

She is graceful and dignified. She has excellent language skills. She is very calm and natural in greeting the Royal relatives and relatives, which surprises them.

The president of State C has a 25-year-old princess, Aya, who is also a very excellent and beautiful girl. Her eyes are naturally attracted by the president of the eastern powers. Xuanyuan's charming and handsome figure is also the goal of the women present.

"Sister Aya, what are you looking at?" A young princess, curiously pulled the clothes of her sister.

Aya's eyes were warm and direct. She looked at the Oriental man who discussed and communicated with her father. Her mouth curved with a smile, "I'm looking at this president. He's so young and handsome!"

"Sister, you are a princess, he is a prince. Can you fall in love!" The little princess has seen a lot of fairy tales, so she has such an idea.

Aya chuckles, in the charming dark blue eyes, there is a flicker of longing. Maybe she can't be with him, but at least this evening is a very happy night. So, she will take good advantage of tonight's opportunity to listen to more exchanges and contacts with the president, which is also the best experience in her life.

Just, who is the beautiful woman beside him? Is it his girlfriend? Fiancee?

Aya really wants to be so lucky to be friends with this president tonight.

Xuanyuan's language skills are also very strong. Throughout the whole process, he is fluent in English, so that he doesn't need a translator around him. Those who are close to him feel very honored to hear his personal conversation.

Suqin's mouth has been rising. When he looks at Xuanyuan in his eyes, the adoration and adoration that are naturally revealed do not need to be pretended. They are all from the heart.

Because the king's demeanor that this man shows in his every move is enough to capture her heart.

Suqin felt that she needed to go to the bathroom to make up for it. She gently balanced her toes and reached Xuanyuan's ear and said, "I'll make up for it."

"Do you want me to accompany you?" Xuanyuan gazes at her tenderly.

"No, I'll be right back." Su Qin chuckled, released his arm, asked the waiter, and went to the bathroom.

As soon as Suqin left, aiya's figure went to her father.

"Father." AI Ya holds his father's arm, looks at Xuanyuan Chen with a smile, "President Xuanyuan, how do you do? It's a great honor to meet you."

Chapter 550

"This is my eldest daughter, Aya." The president of country C made an immediate introduction.

"Hello, princess." Xuanyuanchen's polite nod.

"I'm very interested in the culture of your country, and I hope to have a chance to visit your country." Aya's eyes gazed enthusiastically at him.

"I'm very welcome." Xuanyuanchen chuckles to welcome her.

The president of country C can't help but leave the opportunity to his daughter. He laughs and pulls out, "Aya, you accompany president Xuanyuan for me."

"OK!" Aya's eyes flashed with excitement. A waiter came over. She picked up a glass of champagne and raised her glass to Xuanyuan Chen. "President Xuanyuan, can I offer you a toast?"

Xuanyuanchen raises the cup in his hand and touches it with her. Aiya can't help talking about the national culture. Xuanyuanchen talks with her.

Suqin comes back from the direction of the restroom. She looks up and doesn't need to find it. Xuanyuanchen's figure is like a bright moon in the crowd.

Just, she saw xuanyuanchen is talking with a beautiful and sexy girl. The girl's eyes are full of adoration and adoration, and she looks at him with a very warm smile on the corner of her mouth.

Su Qin is slightly stunned. At this time, Li Sen comes over. He says to Su Qin, "it's Princess aiya of country C who is talking with you."

Suqin nodded. It seems that she shouldn't go now, but the cultures of the two countries need to talk. Xuanyuanchen's identity corresponds to the princess of country C, which is also a communication between the two countries.

Suqin sticks to a glass of champagne, suddenly, a dark blue figure comes to her, Suqin looks up, a handsome blonde man smiles at her, "hello."

Maybe Suqin didn't know that she almost attracted the men's eyes tonight. Every man would like to know her if he had the chance.

Li Sen was also surprised. Unexpectedly, it was another royal aristocrat in this country who came to know Suqin. He was the son of the prince of the presidential palace. He was also a very remarkable young royal member in country C.

"Hello." Suqin said hello with a smile, but she really didn't know who he was.

"My name is Eric. What's your name?"

"My name is Suqin."

Eric immediately called her in slightly stiff Chinese, "Suqin Very nice name, of course, you look very beautiful

Eric praised her very generously, "you are the most beautiful oriental woman I have ever met."

Suqin dare not bear the honor, she politely smile, "thank you."

Xuanyuanchen and aiya chat for a while, but he has been thinking of Suqin, how can she still not come back?

Xuanyuanchen raised his deep eyes, glanced around slightly, and suddenly, a smiling face came into his eyes, which made his handsome face sink in a moment, and his warm smile disappeared in vain.

Under a pillar, Suqin and a young man were drinking and chatting. The man's eyes were almost glued to her. Suqin listened to her from time to time and looked at him politely.

This may be just a kind of etiquette, but at the bottom of Xuanyuan Chen's eyes, this picture is very dazzling.

He had an impulse to immediately go over and pull away the charming woman who was smiling at other men, and even hide her, so as not to let any man here think of her unfairly.

Suqin listens to Eric's interesting stories. She can't help but raise the corners of her mouth. Listening and smiling are basic social etiquette.

At this time, she felt a strong look on her, and Suqin naturally looked at the past, and saw xuanyuanchen's persistent cup. In the crowd, her eyes fell on her deeply and complicatedly, with a look of some displeasure.

Suqin's heart strings tightened and said sorry to Eric. She went to xuanyuanchen. Princess aiya saw her coming back. The two women's eyes touched each other with polite smiles.

Xuanyuanchen's palm held Suqin's hand, pulled her to the side of her body, bent down, with a low, hoarse voice line and a hint of unidentified emotion, "have a good chat?"

Suqin's heart string tightened again, blinked, and he could feel his discomfort.

At this time, the ball time, music, aiya's eyes looked at Xuanyuan Chen, she decided to look for a chance, must invite Xuanyuan Chen to dance.

The light became dim. Suqin felt xuanyuanchen holding her hand, it was very tight, as if she was afraid of losing it. There would be dancing time in royal banquet, so all the people who attended the banquet tonight took their own female partners. At this moment, the conversation was temporarily over, and everyone enjoyed the dancing time.

In Suqin's ear, the man's low voice sounded again with a trace of command, "dance with me."

Of course, Suqin didn't dare to brush his invitation. She smiled and nodded. Xuanyuanchen's hand released her and naturally hugged her waist. The other hand was connected with her.

Su Qin's hand gracefully climbs at his broad shoulder, only sees a man's slightly anxious body, Su Qin's voice presses in the throat, the whole person has turned a circle, her upper body is thrown by this force, her whole person bumps on the man's chest. Suqin breathed a little, and felt that the man was intentional. Was it because she had just talked with Eric?

But he was the first to chat with Princess aiya!

However, the man's mind is unpredictable. Suqin looks up into his eyes, deep as the thick night. At the moment, he is staring at her with burning desire for possession in his eyes.

"You look very welcome tonight." Xuanyuanchen asks questions in Chinese, emphasizing two very words and biting heavily.

Suqin said nothing and wanted to laugh, but he still replied seriously, "No."

"All the men here are looking at you tonight."

"That's because I stand by your side. Your status is too noble." Suqin's quiet answer.

Xuanyuanchen's mouth was hooked, and he was in a good mood. "Do you feel honored?"

"It's a great honor." Suqin's steps cooperated with him, the body half rotated a circle, and returned to his arms again.

Xuanyuanchen really despised her. On such an occasion, she handled everything calmly, making him look full of face.

Even he felt that between him and her, she was the most popular person here.

At the end of the song, Suqin gasped slightly and walked to the rest seat beside him. At this time, Aya's figure came. She said to Xuanyuan Chen sincerely, "President Xuanyuan, can I invite you to dance?"

It's a great honor for the princess to invite her. Even xuanyuanchen can't refuse it.

Because, this is just a kind of social etiquette of politeness, Suqin thought, xuanyuanchen should have promised!
