

U. CEO Daddy 551

Chapter 551

However, only heard xuanyuanchen politely smile, at the same time hugged her waist, said to Princess aiya, "I'm very sorry, my fiancée here, I need to respect her."

Aya's eyes immediately stunned. She looked at Suqin with envy in her eyes. It turned out that this beautiful oriental woman was his fiancée!

Suqin was even more shocked than Princess aiya. Her body was stretched to the extreme. Under her calm smile, her heart was already confused.

How can he say that she is his fiancée? And it's still natural.

"Oh! Congratulations to both of you. " In Princess aiya's smile, there is a natural blessing, even if there is some loss in her heart.

When Princess aiya left, Suqin swallowed her saliva and blurted out a word in her heart, "it's not good for you to cheat others like this!"

Xuanyuanchen looks at her with hooked lips. "Do you want me to dance with other women?"

"I'm afraid I'm not qualified to stop you."

"But I don't want to." Xuanyuanchen narrowed his eyes, raised his wrist watch, "let's go back to the hotel! I'm tired. "

"May I leave early?"

"Of course." Xuanyuanchen said, holding her and saying, "go to the door and wait for me. I'll say hello to the president."

Suqin nodded, and she went to the direction of Li Sen, where his bodyguards were waiting. They were still on duty at the moment, and xuanyuanchen's figure was their vision.

Suqin can't help feeling her face slightly warm, which means that just now she was dancing with him, also under the watch of the bodyguard.

Suqin didn't wait for a moment, xuanyuanchen came, and Li Sen and the bodyguard surrounded them out. The windbreaker originally prepared for him was put on Suqin again. Suqin felt flattered.

It seems that in this group, she has become the most important.

No, he is.

Sitting in the car, Suqin gathered her clothes together. Inexplicably, she didn't feel cold. She even got hot.

Xuanyuanchen side looked at her, "what's the matter?"

"It's a little hot."

Suqin replied.

Xuanyuanchen's hand directly touched her forehead, and Suqin was stunned and laughed, "it's not heat, it's some heat on her body."

Xuanyuanchen reached over and opened her clothes a little. His big palm inadvertently brushed her chest. Suqin's face turned red. This kind of warm action made her a little shy. Xuanyuanchen didn't seem to realize this, he sat back in his seat, and the car drove slowly to the direction of the hotel.

Arriving at the hotel, it's about nine o'clock. On occasions like this, even if there's a buffet, there's usually no time to eat. So, Li Sen has asked Ye Dong to prepare a night snack.

Li Sen and his bodyguard took them both to the door of the hotel and watched them enter before leaving. Suqin's body was still covered with xuanyuanchen's dark windbreaker. She took it off and a big palm behind her took it for her very considerately.

Suqinli turned to look at him. Now her identity seems to be reversed. She is the one he serves.

After a while, ye Dong's rich dinner was delivered, which was very delicious. After putting it, ye Dong left.

Before Suqin could change her evening dress, she sat on the table in it.

The man opposite is dressed in a dark shirt. Two people are sitting on the dining table. It's like a pair of dating waiters.

Ye Dong also carefully prepared two tall glasses for them, as well as an open bottle of red wine.

Xuanyuanchen picked up the red wine bottle, poured two and a half cups of red wine, and handed one of them to Suqin.

Suqin looked at the red wine and swallowed the water channel. "I'm not very good at drinking."

Just now, in the banquet hall, she chose juice to drink. Moreover, she had an idea that tonight is the best. They should not touch wine.

Xuanyuanchen's deep eyes made her smile, "just accompany me to finish this half cup."

Suqin had to take the wine to the front, nodded, xuanyuanchen's glass touched, and Suqin touched it with him.

Xuanyuanchen took a sip of elegant wine. Neither of them chatted much. They were eating dinner gracefully. However, from time to time, xuanyuanchen's glass would be raised and clinked at her several times. Suqin also took a few sips of wine very cooperatively. Unconsciously, half of the glass of red wine was at the bottom.

When Suqin responds, she can't help being flustered. At the same time, she feels a little confused in her brain and a little burning in her face.

"Any more?" Xuanyuanchen saw that she had finished drinking and asked.

"No, I can't drink any more. I seem to be a little drunk." Suqin shook her head, she smiled and held her face. "Mr. President, it's not good for you to drink more at night. It's bad for your health. You'd better drink less."

Xuanyuanchen looked at her red face, but it was an accident. Unexpectedly, a glass of red wine made her a little drunk.

However, the glass of red wine for him, nothing, he continued to pour himself a glass. Suqin saw that he wanted to drink, so she had to sit with him and wait for him to finish eating. She can't eat because she doesn't have the habit of eating at night.

After xuanyuanchen finished drinking, he suddenly got up and extended his hand to Suqin. "May I ask you to dance another dance?"

Suqin is surprised. She hasn't moved yet. Xuanyuanchen comes from the position. He reaches for her hand and goes to the spacious position beside the living room. His hand is on her waist. Suqin swallows nervously.

She has a feeling that xuanyuanchen is also a little drunk. She doesn't know what will happen tonight, or even some uneasiness.

"Mr. President, are you drunk? Do you want to have a rest. "

"If I'm really drunk, it's not because I've had two drinks, Suqin. I'm intoxicated by you." Xuanyuanchen stares at her, the breath is blazing on her face.

Suqin's heart beat faster. She clenched her lips. Suddenly she thought of the phone he answered today. She thought of what his mother said. Her reason seemed to come back. She suddenly stepped back and broke his hand. "Mr. President, I'm tired. Can I go to have a rest?"

Xuanyuanchen's handsome face is slightly startled. He squints his eyes and says, "what's the matter?"

"Nothing. I'm just dizzy. I'm going to sleep." Suqin finished, and turned to enter the door.

However, the man's hand suddenly grabbed her hand, pulled her into his arms, and was hugged by his bullying, "are you running away from me?"

Suqin breathed a smothering, she retreated, inexplicably, facing this man, she felt that she did not dare to approach at all, even if he really liked her, so what?

Will his family accept her? She can't imagine that she can be with him in such an identity.

This is extravagance.

Chapter 552

Under the deep and dark eyes on her head, Suqin felt that she had no way to follow. After drinking some wine, her mind was in a mess. Now she was afraid not of this man, but of herself, of her own reason crossing the line, of what irreparable things she would do.

"Mr. President, may I go back to my room?" Suqin's voice was tinged with entreaties.

Xuanyuanchen narrowed his eyes. Even though he was the president, he could not be forced to commit crimes in terms of feelings. He let go of his hand.

Suqin back two steps, holding her forehead rushed into her room, leaving behind the man, xuanyuanchen's eyes gradually changed from confusion to Qingming.

He breathed a little, and it seemed that the relationship was not as successful as he had imagined.

However, he is not in a hurry. Maybe, in this matter, he is too aggressive and expresses his feelings too strongly.

Xuanyuanchen has a premonition that Suqin's previous relationship must not win, and he has been hurt emotionally. Therefore, he will be so defensive against men and not confident and trusting in love.

He had time to prove this. Xuanyuanchen asked Yedong to come and clean up his dinner. He also went back to his room.

Suqin took a bath, changed her expensive dress, and took off her precious jewels. Now she is sitting on the sofa in a SILK PAJAMA in front of the floor window.

The light in the distance is dim, just like her heart at the moment, without direction.

Since that feeling three years ago, Suqin really had to stay away from it. Xuanyuanchen's feeling was as warm as a fire, burning in her chest, burning and hard to refuse.

But, she still let herself stand in the rational, if just now, she does not refuse, she does not know what will happen between them next.

Su Qin sighed. It's not how chaste she is. She just doesn't want her feelings to become too complicated. What kind of stage and what kind of things should happen.

This evening, Suqin did not lose sleep, because the half glass of red wine, or very effective to help her sleep.

Early morning.

Suqin sat up. She saw something white and crystal floating outside the window. She went to the floor to the window and it snowed.

Only to see the window has been a vast white snow, very beautiful snow.

Su Qin chuckled and reached out to touch the glass window, as if he could catch the light hexagonal ice crystal.

Suqin's mood was affected by such a beautiful snow scene in the early morning, but soon, her heart string stretched, and that happened last night, she really did not know how to face xuanyuanchen.

It must have been a matter of anger for him to be rejected by her as president of a country!

Suqin was wearing a gray suit, long hair tied at the back of the horse's tail. Her delicate makeup made her look professional.

Su Qin pushed the door out and saw the man sitting on the sofa. Her breath held a little screen and said hello to him, "good morning, Mr. President."

Xuanyuanchen closed the document, raised her eyes and asked with a smile, "good morning."

Suqin's face was slightly shocked by his smile. It seems that both of them are very tacit, as if last night's event had never happened.

At this time, the doorbell rang. Suqin went to look through the cat's eyes. It was Li Sen. she opened the door.

"Let's help you early."

"Good morning, it's snowing outside." Li Sen came in with a smile.

"Well." Suqin nodded.

"Today, Mr. President is going to visit a museum. At nine o'clock, Xiao Qin, you will be with you."

"OK!" Suqin nodded.

Li Sen went to xuanyuanchen's front. "Your Excellency, we'll start at nine o'clock and have breakfast delivered at once."

Xuanyuanchen nodded and said to lisen, "go and prepare some thick clothes for Suqin. She doesn't have any clothes to keep warm."

Suqin came to the figure of a meal, she instinctively retorted, "I brought clothes."

Li Sen smiled and said, "OK, I'll go to phone now. Before I leave, I'll find Xiao Qin a coat."

Suqin sees Li Sen leave, she sits opposite xuanyuanchen, "this is too troublesome, I am ok, anyway all the way by car, not cold."

"No trouble." Xuanyuanchen's long legs are overlapped, and his eyes are deep staring at her. "Last night, I was impolite."

Suqin's face burned immediately, and he even mentioned it.

"In the future, without your consent, I will not do things that are difficult for you. You don't have to worry that I will bully you with my identity."

Suqin's body is tense. Facing the man who is suddenly rational and reasonable, she doesn't know how to answer. If she answers, does that prove that everything he did before is bullying her?

"Your Excellency, here, I just want to maintain the relationship between your superiors and subordinates. This is my job." Suqin answered him rationally. Xuanyuanchen squinted. "I am usually too busy to talk about men's and women's feelings. Maybe I have too little experience in this field."

Suqin looked up in amazement. What did he say?

Xuanyuanchen's deep eyes locked her little face again, "so, it should be hard to fall in love with me."

Suqin swallowed her saliva secretly, as if she realized what he was going to express. She held some hands on her knees.

"Suqin, let's have a formal communication when we return from this visit!" Xuanyuanchen's voice is low and addicted.

Suqin's pretty face turned red, her eyes twinkled, "Mr. Zongjing I... "

"If you dislike that I have no experience in this field, I can learn and you can teach me how to get along in love." Xuanyuanchen said very patiently.

Suqin's face was red and hot. Compared with his bullying, his serious appearance still made her feel like a fire, and she didn't know how to respond.

"Mr. President We Not appropriate. " Suqin bit her lips and said what she wanted to say.

"What's wrong?" Xuanyuan Chen micro picked up eyebrows and waited for her to say.

Suqin bit his red lip. "It's not right anywhere."

"If you don't try, how do you know whether it's good or not?" Xuanyuanchen asked with a smile.

This sentence, if the multi-minded people, there must be some misunderstanding, and Suqin, just want to more, her face is painted red.

Xuanyuanchen smiled and appreciated her red face. He was very determined, "I think we are suitable."

Suqin looked up at him. "Mr. President, may I think about it?"

"Of course, during our visit, you can think about it well. After returning home, you should give me a clear answer." Xuanyuanchen's tone, with the overbearing atmosphere that can not be refused.

"Then I Can I refuse it? " Suqin asked without fear of death.

Chapter 553

Xuanyuanchen's handsome face sinks slightly, "you can refuse, this is only your unilateral decision, but pursue you, this is my thing."

Su Qin is slightly stunned. Xuanyuan Chen's seriousness makes her feel inexplicable pressure. She can't help thinking of the girl his mother asked him to see. Will he see her? Maybe it's a girl who satisfies him.

At this time, ye Dong knocks on the door and comes in. Their breakfast is ready.

At the dinner table, the two of them were quiet. Suqin was a little dazed. At this time, a chopstick took a slice of pancake and sent it to her plate.

Suqin looks up, xuanyuanchen's eyes look at her, "don't patronize the daze, eat more."

Su Qin pursed her lips and nodded. She picked up the pancake he sent to the entrance. The man in the opposite side flashed a satisfied smile.

At nine o'clock, Suqin's coat arrived, a very warm and fashionable long down jacket. When she went out, xuanyuanchen put it on herself.

Suqin is very sorry, because Li Sen is present, but xuanyuanchen has already picked up and draped it on her shoulder, and she can't brush his face in public!

Li Sen looks at everything in his eyes. He looks at it calmly. He is just worried about the great difference between Suqin and xuanyuanchen, as well as the character and vision of the first lady he knew. Will she accept a daughter-in-law without a strong political background?

Sitting in the car, Suqin looked at the snow outside the window, couldn't help falling down the window, reached for a few pieces to her hand, beautiful snow, even if it was cold, she didn't care.

However, she took a few pieces and quickly closed the window. The hand out of the window was a little red with cold. The snow in the palm met the heat and immediately turned into water. Su Qin chuckled, and just then, a piece of paper wiped over. At the same time, her cold hand was momentarily held by a warm big hand.

Suqin looked up, and the man around her looked at her reproachfully. "My hands are frozen."

Suqin suddenly has a child who is wronged by her elders. Is there anything wrong with her playing with snow?

She gently took a hand, and the man held it, and the car drove all the way forward. Outside the presidential palace, the motorcade converged and went straight to the museum. In the museum with a long history, only xuanyuanchen and his members were entertained today. Suqin stood at her station.

Xuanyuanchen looks back for her several times, but Suqin is only with the assistants, and he has no way.

At this time, Suqin's identity is really not suitable to stand beside him.

Lunch at noon is in a restaurant of a very old age. Suqin is still with the assistants until the end of the exchange between the two countries in the afternoon. Their respective people and horses leave. Suqin is seated in xuanyuanchen's car by Li sen in line.

A line back to the hotel, sitting in the car, Suqin can't help but look at the man around him, only to see his eyes deep and complex in a place, as if thinking about something.

Suqin can't disturb him. He is the only one who can make his own decisions about his work. Other people's opinions can't influence him.

Xuanyuanchen's previous proposal made Suqin get along with him, which really made him relaxed a lot. Time passed day by day unconsciously, and then it was the day of return.

In the morning, Suqin finishes packing. Xuanyuanchen, Li Sen and a group of cabinet members are having a meeting. Suqin is waiting in the hotel room. Suqin's heart strings are tense. Xuanyuanchen said last time that he wanted to give him an answer when he went back.

Suqin didn't think about it, just didn't think about how to answer him.

Maybe he forgot. Suqin gave a wry smile.

He is too busy these days to remember these things.

Xuanyuanchen is back, and the time to return home is near. It's a very smooth journey from here to the airport. President C's motorcade is also all the way to the airport, shaking hands.

Su Qin accompanies xuanyuanchen to board the plane and arrives at his rest cabin. Su Qin sits by the window. Li Sen comes in and says a few words and goes out. There are only two of them in the rest cabin.

Originally sitting on the other side of the sofa, xuanyuanchen got up and sat next to her and fastened her seat belt.

Suqin's heart was warm. Did he know that she was afraid of taking off?

Sure enough, after taxiing for a period of time, the plane rushed up. At that moment, Suqin still couldn't eliminate the fear of weightlessness in his heart for a few seconds.

At this time, she held the back of the handrail tightly, covered the man's palm, and tightly wrapped her hand.

The plane gradually stabilized. Suqin was worried that the stewardess would come in and see her. She pulled away his hand.

Xuanyuanchen did not embarrass her either. She got up and sat on the sofa at the other end. The stewardess sent tea and fruit snacks.

Suqin sat next to the window and did not move. The stewardess gave her a glass of water. Suqin held the glass and looked at the thick clouds outside the window, feeling a little depressed.

The plane has been rushing out of the country's sky, slowly the blue sky and white clouds of the scene appeared, her mood followed relaxed down. Xuanyuanchen has been looking at his information, or he hangs his eyebrows to think about his affairs.

Two people's feelings to a certain extent, even if do not talk, get along quietly, will not feel bored and embarrassed.

After flying for nearly nine hours, Suqin had a cordial feeling when crossing the country.

Xuanyuanchen sat beside her and accompanied her to look at the mountains and rivers under the clouds. Suqin looked at him sideways. At this moment, he felt very great. Because of him, the country would become so rich and powerful.

Xuanyuanchen's eyes fell on her face, and he seriously opened his mouth and said, "how are you doing?"

"Well?" Suqin was stunned.

Xuanyuanchen's handsome face sinks slightly, "you won't tell me, you forget it!"

Suqin has already responded at this moment, she certainly did not dare to forget.

"The plane is about to land." Xuanyuanchen urged her, "I'll wait for your answer."

Suqin clenched the cup, her answer even she did not know.

However, when she got along well with him, Suqin didn't dare to contradict any of his things and ignore every word of him before, but now, she felt more daring.

Not only can we not answer him, but we can also keep silent.

Xuanyuanchen saw that she didn't speak, but bullied and warned, "there are still 20 minutes left. I want your answer for the moment when the plane lands."

Suqin blinked and asked, "what answer do you mean?"

Xuanyuanchen's heart is chagrined. Did she really forget his words? He leaned over to her ear and bit his teeth. "The answer to my relationship."

Chapter 554

Suqin swallowed her saliva and felt the tinnitus. At this time, the plane spiraled down. Suqin's heart lost weight immediately. Her hand hurriedly grabbed the man's sleeve when she grabbed it. Xuanyuanchen opens her hand. Next second, she clasps her hand and holds it tightly.

The plane descended, glided smoothly on the runway, and finally stopped.

Suqin breathed a sigh of relief. She smiled and said, "Mr. President, you can get off the plane."

"I want the answer." Xuanyuanchen's long legs block her from going out.

"Mr. President, I have no answer." Suqin had to tell the truth.

At this time, xuanyuanchen hook lips a smile, "good, I will when you default."

"Er! I didn't Suqin instinctively wants to refute.

At this time, when Li Sen came in, she quickly closed her mouth. Xuanyuanchen's smile reached the bottom of her eyes. Li Sen couldn't help but find out and asked curiously, "is there anything happy for you, President?"

"Well, good news." Xuanyuanchen raised his eyebrows and answered.

Li Sen has a bottom in his heart. He glances at Suqin's shameful expression quietly. It seems that their president is charming and has won love.

When getting off the plane, a group of people came to pick up the plane. Suqin stood on the side of the crowd. She suddenly missed home. She said to Li Sen, "Li te, can I go home first?"

"I'll ask your Excellency the president." Li Sen didn't dare to make a decision.

Li Sen attached his ear to Xuanyuan Chen's face and said, "give her three days off. After three days, let her come back to work."

"OK!" Li Sen came to tell Suqin.

Suqin is also very happy to get three days' holiday. Li Sen specially sent a car from the presidential palace to take her home.

Suqin left first. Xuanyuanchen's motorcade was behind him. Suqin turned to look at the group of majestic motorcades and thought that he was in one of them. Suqin's heart seemed to be filled with something.

has the final say that he is subtly malicious on the plane. Whether he agrees or refuses, he asks for the final result.

Is he inexperienced in love? He never had a woman he liked before? Suqin really can't believe it. He must be thirty-two years old.

Along the way, Suqin was quite distracted. When she got to the door, she just came back to her senses. The driver took her box down and left.

Suqin pulls the box home. Li Qian suddenly sees her coming back. She is very surprised.

"Xiaoqin, why are you back? You still have a box? Are you away from home? "

"Mom, I just came back from a business trip abroad. I took three days off and went home with you." Suqin said with a smile.

Li Qian is more happy, and her eldest daughter is back. Then she can meet some of the recent matchmaking portraits.

"And dad?"

"Your father is going to retire soon! We are now in the process of retirement. " Li Qian finish saying, looking at her some haggard face, can not help but distressed way, "see you are thin recently, is not the work pressure too big?"

"No!"

"Have you met a man you like recently? If you have it, you can bring it home and let us meet. " Li Qian asked, looking forward.

Suqin's mind immediately came up with xuanyuanchen's face. She could not help swallowing her saliva. Looking at her mother, she shook her head. "No!"

"Well, you're so busy with your work. How can you have time to make a boyfriend? It's just that mom showed you a few of them recently. They are very nice. You can meet them when you have time. "

Suqin can't help but be startled, "Mom, I don't want."

"Why not! You missed it year by year. You know that the older you are, the harder it is to find it. Now all the boys in their early twenties are married. At that time, do you want to fall in love with your brother and sister? " Li Qian said worried.

Suqin had no choice, but she refused firmly. "Mom, don't arrange me to meet again. I only have three days off. I just want to accompany you well. Besides, I want to get together with Xi Xi."

"Heathy's still shooting! Li Chen and I are over there recently. Your father and I are going to visit our class and walk around. "

"Yes!" Susie is very supportive. It's time for parents to go out and walk while they are still young.

"Then I'll call her and talk to her. Mom, I really want to eat your meal in the evening. I'll go upstairs and have a rest first."

"OK, you go to sleep. Mom will buy you some vegetables now. I will make up for them at home in these three days."

Suqin's heart is warm and harmonious. It's only at home and beside her mother that she is most comfortable and casual.

When Suqin arrived in the room, she didn't even clean up her salute. She found a pajama to take a bath. After taking a bath, she lay down on the bed and wanted to sleep. She didn't sleep on the plane.

Just lying in bed, her cell phone rang, she picked up a look, a string of strange numbers. "Hello! Hello. " Suqin quickly sat up to answer.

"It's me." The low and non-magnetic male voice seemed to come from ear to ear. This voice, make Suqin's heart string a tight, this is his most personal number?

"Mr. President, what can I do for you?" Suqin thought, is three-day holiday going to be soup?

"Nothing, just care about my girlfriend." Xuanyuanchen's voice line at that end is also languid. It should be back to his residence.

Suqin's pretty face started to burn. She held the phone and didn't know how to deal with it.

"Take a good rest for three days and come back to work in three days."

"Well."

"Remember to think of me."

"I..."

"I'll miss you."

"..."

"Hang up. I have work to do." That end says hang up and hang up.

Suqin is holding her mobile phone. It's winter, but she's sitting on the bed. She feels like she's sweating all over.

Do you really need to start dating?

Suqin lay down. Now, she was in a daze. She had to touch the pillow and go to sleep.

As soon as I slept, I slept until 4:00 p.m. when I got up, my mother stewed a pigeon for her to mend her body. Later, Su Boyan came back. As a father, he naturally liked to ask about her work.

It is said that she has just accompanied Mr. President to visit abroad. He is very happy and feels the honor of the family.

"Xiaoqin! You have to take good care of this job. It seems that Mr. President takes you very seriously. "

"Oh, well, I will." Suqin buried himself in the soup.

"Xiaoqin, when you work beside the president, you should also be careful everywhere. Don't offend anyone. You must be serious about your work. You must work under the president. I heard that the president is a very strict person, right?" Li Qian asked her daughter.

Suqin smiled, "Er! He is a very strict man indeed. "

"Then you have to be more careful. Don't offend him."

Suqin's heart can't help being funny, offending? Seems to have offended many times.

Chapter 555

early morning.

Suqin woke up and looked at the familiar ceiling and room. She chuckled and felt good at home. Now, like a child, she had the idea of staying in bed.

She sleeps and prepares to go to sleep again, but she seldom has such a free and leisurely morning, especially wants to make up for herself.

However, she thought she could fall asleep again, but found that she couldn't sleep any more. She had to sit up and look at the time. It was half past eight.

It's not too early. She gets up. At this time, her mobile phone jingles. There's information coming. Suqin is used to using email at work. So, for the information on her mobile phone, she basically thinks it's junk information.

But when she got out of bed, she took a look at her mobile phone by the way, opened the information, only saw the number she had stored last night, and only used one Chen word. At this moment, this information, just from this number, only two words, "good morning!"

Suqin's heart was shocked for a moment. Is this from xuanyuanchen?

Because the two surnames of Xuanyuan are very sensitive and belong to the Royal surname, she only chose the last word of Xuanyuan Chen as her first name. Unexpectedly, he would send information.

Suqin reached out to open the response bar and sent out three words, "good morning."

Inexplicably, I didn't have to say good morning face to face with him. I felt very relaxed at once.

Soon, a message came back, "I have a gift for you. It should be here soon."

"What gift?" Suqin can't help being surprised. What gift does he give her?

"Check it yourself, I won't say for the time being." The man opposite is mysterious.

Suqin was a little worried. She immediately guessed it in her mind. However, he is Mr. President. It's possible for him to give any gift. With her knowledge of Xuanyuan Chen, it's not much. So, what gift he likes to give is even worse.

Suqin quickly put down her mobile phone and walked into the bathroom to wash it. She didn't want her parents to accept his gift for her. If it was too expensive, she would consider whether to accept it.

I hope it's just an ordinary gift. When Suqin comes out of the bathroom, she grabs her mobile phone and goes downstairs dressed.

Downstairs, Li Qian is waiting for her to get up. The ingredients for breakfast are ready. You can cook a bowl of hot dumplings for her at any time.

"Mom, is anyone looking for me?" Suqin asked when she saw her mother.

"In the early morning, who is looking for you! Don't you have a holiday today?" Li Qian asked.

Suqin could not help but breathe a sigh of relief. Hearing her mother's question, she was relieved that the gift had not been delivered.

"Sit down, mom will cook dumplings for you." Finish saying, put a cup of fresh soymilk in front of her again, "drink this first, you are usually so busy with your work, you must not take good care of your stomach."

Suqin is holding soymilk, and her heart is full of warm love. She really hopes to spend more time with her parents in the future, because they are busy year after year, and they are almost retired.

Su Qin is drinking soybean milk, and is waiting for the gift from xuanyuanchen. He said that he would arrive immediately, indicating that the gift is on the way.

Almost predictably, a black car stopped at her door and rang the doorbell on the outside of her yard. Suqin quickly opened the door and saw a man in a proper suit smiling, "Miss Suqin?"

"Yes, I am."

"I have sent you a present. Please wait a moment." Then the man opened the door of the back seat. He first picked up a bunch of fresh roses and came down. Then the other carried a gift box which was beautifully packed.

Suqin looked at this bunch of flowers. As a woman, she saw beautiful roses, and her mood really reached the level of joy in a second. She reached out and carefully held the flowers, and then reached out and held the gift bag.

"Miss Su, I'll go first." The man bowed down to her very respectfully, got in the car and left.

Su Qin took a look at the flowers in his arms. The fragrance of the flowers flowed into his nose. Even in this cold winter, it was like spring.

Just, what's the gift box in this bag?

Su Qin comes in with flowers and gift boxes. Seeing her mother's figure in the kitchen, she immediately wants to sneak up the stairs with flowers. However, Li Qian finds out.

"Who sent the flowers?"

As soon as Su Qin stepped up the first stairs, she came out laughing and put the flowers on the table. "It's a friend."

As soon as Li Qian saw that it was a rose and another gift, the package was also very beautiful. She couldn't help but secretly rejoice, "she also sent another gift! Male friends? "

Under her mother's eyes, Suqin could not hide a trace of shame. She nodded, "Hmm! Men. "

"Come on, let's get to know your mother. Is it a man who pursues you?" Li Qian asked curiously.

Suqin's face was red. Li Qian saw her daughter's rare blush, and she knew it. She couldn't stop asking more questions. "What's the name of the boy? Where do you live? Who is it? "Suqin's heart string suddenly mentioned this, she dare not tell her mother, otherwise, she will faint!

"Mom, make breakfast! I'll take the gift upstairs and come down at once. " Su Qin finished, picked up the flowers and presents and went upstairs.

Li Qian looks at her daughter's figure and takes a sigh of relief on her face. It seems that she doesn't need to look at the dating and matching image with good color. As long as her daughter likes it, it's good. It must be like seeing her daughter accept someone's gift.

Su Qin went back to the room and put the flowers on the table. She found that she was breathing fast. Looking at the bright red roses, she found that there was a small letter paper on the edge of the flowers.

"Qin, I need you to be perfect." The signer, Chen.

Suqin looked at this simple, but full of deep love, she gently covered her red lips, but did not think that a man like xuanyuanchen would be romantic enough to send flowers and write cards to her.

However, all of these are really in front of her, she had to believe that this handwriting, it is his, the Chen who signed, appears to be extraordinarily domineering.

Suqin's heart is very powerful. She hasn't been so excited for a long time. It's like going back to her teenage days, making her heart throb to the extreme in a second.

Suqin sniffed the fragrance of flowers. In his mind, xuanyuanchen's gentle but domineering face appeared. The charm of this man is enough to make women fascinated. If he does something else, even if it's like today, he will send a bunch of flowers and a card.

Which woman can refuse? Suqin's feelings have always been blank. At this moment, he has occupied her heart strongly.

Chapter 556

Su Qin takes a deep breath, turns around and picks up another gift. She pulls out the box, which is a very delicate golden velvet box. She guesses that there are jewels in it.

Sure enough, he opened the box and laid down a necklace quietly on it. The heart-shaped diamond is dazzling and charming. Maybe flowers and diamonds are things that women naturally like. So today, he gave two gifts in a row. As a woman, he can't resist it.

Suqin reached out and grasped the thin bone chain on her neck which had not been changed for several years. Before, she wore a necklace given by duanzixuan. After breaking up, she replaced the thin bone chain she bought, which was very suitable for her.

Looking at the perfect diamond, Suqin knew that the value of this necklace is absolutely not cheap. According to the market price, it may be more than ten million, which is already a kind of valuable gift.

This is, her message sound rings, she picks up the mobile phone, xuanyuanchen sends, only three words, "like?"

It seems that the gift is from his staff, so he knows that she received it.

Suqin reached out his hand and said, "I like flowers very much, but the necklace is too expensive for me to accept."

Su Qin finished, holding the mobile phone and waiting for him to return the message. However, two seconds later, the mobile phone sang a song directly. A phone call came in. Su Qin picked up the song and his heart beat.

Xuanyuanchen calls in, is also, he every day, all things are handled by phone, where will send information slowly? Because he has always been decisive in his work.

Suqin took a deep breath and said, "Hello, Mr. President."

"Why not?" At that end, I'd like to ask you directly with some chagrin.

"Because it's too expensive." Suqin stood at the window and answered him.

"It's not a valuable gift. It's just about who gave it. I'll take it." The word came that the bully had been wrongfully rejected.

Suqin choked for a while. Indeed, where is the cheap gift from his identity?

"When I go to work, return the necklace to you. Let me take the flowers!" Suqin is still fighting.

At that end, the man's low voice line showed the order, "when you go to work, I want to see you wear it on your neck."

"Mr. President You can't be so domineering! " Suqin had to retort.

"Am I too domineering?" Asked the man with a deep smile.

"Yes." Suqin complains.

"Well, then I'll be gentle, Suqin, put on my necklace and show it to me, darling." That man's voice line is gentle, moist and charming.

Suqin's ears were crisp for a while. It was probably the most attractive male voice she had ever heard. It was like the voice of a cello. Every word was so touching.

Su Qin was stunned and felt that the man's breath was in his ear.

"Is it gentle enough? Need me to say it again? " The man asked in a hoarse smile.

"No, Mr. President. Aren't you busy?" Suqin is busy changing the topic. This man's voice is too lethal. She is afraid that she will go mad.

"Busy, but no matter how busy I am, I will find time to chat with you."

Suqin smiled for a moment, and had to say, "then you are busy! I haven't had breakfast yet. I'm going to have breakfast. "

"Well, don't forget to put on my necklace."

"I..."

"If you don't, I'll put it on for you myself."

"Mr President..."

"Hang up." The end just snapped, not giving her a chance to refuse.

Suqin breathed and stroked his face. It was very hot.

At this time, Li Qian knocked on the door and pushed in. Seeing the necklace on the bed, she laughed. "It seems that the boy is very kind to you. Don't let people down with such a valuable gift, do you know?"

"Mom, I haven't thought about it. I'll take this gift first. Maybe I'll give it back." Suqin said, "I went downstairs for breakfast."

Suqin and Suqin are in the room after breakfast. Suxi's play is coming to an end. It's going to be finished. In the big play released on the first day of the new year, Suxi looks happy. Although she's tired, she's full of vitality with her husband, Wen lichen, by her side.

The two sisters talked for a long time. They didn't hang up until lunch. In the afternoon, they went shopping with their mother, bought them new winter coats, and had dinner outside at night.

The next morning.

A black limousine stopped at the front door of the presidential palace. As soon as the car stopped, the security guard looked at the license plate and came quickly. He opened the back seat door very carefully.

"Here you are, old lady." The security guard said hello very respectfully to the lady who stepped out of the car.

I saw the lady in her early sixties. She was full of honor and dignity. She was dressed solemnly and elegantly. She was the first lady.

She was once the first lady, Cheng Xuelan.

She nodded and smiled. "I'll come and have a look. You're busy." After that, she went in alone, without any people. She has lived here for more than 30 years, so this is her old house. When she comes back here, it's as kind as going home. As soon as she came in, all the staff here greeted her respectfully, and she also nodded kindly and amiably, saying that when she got to the elevator door, some staff gave her a very considerate floor on the sixth floor.

When Cheng Xuelan stepped out of the elevator door, Li Sen quickly greeted him. "Old lady, why didn't you say hello in advance? I'll send someone to pick you up. "

"No trouble, I just came to see my son." Cheng Xuelan used to be more frugal, so she usually only guaranteed enough safety when she went out, and she didn't like to go overboard.

"His Excellency the president is in the office."

"OK, Xiao Sen! You go to work, I'll find him myself. " Cheng Xuelan walks to xuanyuanchen's office door and knocks on it.

Xuanyuanchen gets up and opens the door in person. Looking at the mother outside, he chuckles, "Mom, how did you come here in person?"

"Of course I have to come in person, otherwise, how busy are you to leave?"

"I was going to go back to dinner with you tonight." Xuanyuanchen smiled and half grasped his mother's shoulder. The look of the president in his eyes suddenly turned into a childlike atmosphere.

"Well, when you're done, come back to dinner with me!" Cheng Xuelan said, standing still, holding his son's arm in both hands, carefully looking at his son up and down, "are you too busy with your work recently? Why are you thin again? "

Xuanyuanchen was seriously injured last time. He was really hurt once. So he looked thinner than before. Of course, he was still dignified.

Cheng Xuelan sat down on the sofa and said to him, "sit down and talk with mom. Mom is looking for you, but there are important things."

"Mom, you said." Xuanyuanchen tightened his heart strings and sat on his side.

Cheng Xuelan looked at him and said seriously, "it's the last time I mentioned it to you. You're not young. It's time to worry about your marriage."

Chapter 557

Xuanyuanchen's eyes narrowed slightly, and he said with a smile, "I'm also in a hurry."

"Are you in a hurry? When are you in a hurry? I don't think you take it seriously at all. " Cheng Xuelan glares at him angrily, but when he is over 27 years old, she intends to let him start a family first, but he promises every time, but he uses busy as an excuse and refuses every time.

Xuanyuanchen to this point, pour is powerless refute, he comforts way, "Mom, this kind of thing, need predestination, force cannot."

"Well, don't be perfunctory. I told you about general Lin's granddaughter last time. You can see her for two days! That child is really very good, has good knowledge, good family education, and looks even more beautiful. Besides, general Lin has three generations of outstanding military skills. In terms of identity, you are also in the right place. "

Xuanyuanchen is slightly silent. He looks up at his mother, who has a look in her eyes.

"I don't know if you remember. You met her. She's five years younger than you, and she's a perfect match."

Xuanyuanchen's mind vaguely remembered the figure of a little girl, but it was very fuzzy.

"That child! I'm really satisfied. With her grandmother and the elders I respect, this child is my favorite, anyway. " Cheng Xuelan's eyes and tone showed her appreciation and love for Lin's granddaughter.

Xuanyuanchen's heart is slightly tightened. Although his mother doesn't pay much attention to identity, if he wants to introduce Suqin to her, it must be a proper opportunity, and he can't be at this moment, otherwise, it may arouse his mother's antipathy.

"Mom, if you need me to meet general Lin's granddaughter, you can arrange it!" Xuanyuanchen replied that general Lin's family had a very important presence in the military power of the whole country.

This is one of the reasons why xuanyuanchen can't refuse casually. Even if he doesn't want to please the Lin family, he doesn't need to offend. He will maintain a good relationship in the future, which will also help the development of state affairs.

When Cheng Xuelan saw that he had promised, she smiled with satisfaction. "OK, mom will arrange it for you. It's going to happen."

"Mom, don't you worry that girl can't see me?" Xuanyuanchen asked with a smile.

"How is it possible? My son is so handsome and handsome, and he has a special temperament. No girl doesn't like you. " Cheng Xuelan said proudly.

Xuanyuanchen's eyes flashed a bit of contemplation. He said to his mother, "Mom, I'll have lunch here at noon. I'll let Yedong prepare."

"OK, you are busy! I'll go over there to have a rest and wait for you. " Cheng Xuelan doesn't disturb her son's work.

"Well, do you need Li Sen to take you there?"

"No, I can't walk. Which corner of the presidential palace is unfamiliar to me? I still remember that pool in the garden used to be your favorite place to play! A few more drops. "

Xuanyuanchen some embarrassed, helplessly smiled, "Mom, this also mention it to do?"

"What? When Mr. President was a kid, he couldn't be embarrassed. " Cheng Xuelan joked, "well, you are busy. My mother will find an old acquaintance to talk to."

Xuanyuanchen opens the door to send her out, and Cheng Xuelan turns around and waves, "don't send, go to work!"

Xuanyuanchen closed the door, went to the desk, pondered what, and pressed the internal line of Li Sen.

"Hello! His Excellency the president. "

"You call Suqin, extend her holiday for a few days, and give her another week off."

At that end, Li Sen obviously had some questions, but listened to Cong's order and answered, "OK!"

Xuanyuanchen made a phone call, he narrowed his eyes. This week, he can deal with the affairs with the granddaughter of the Lin family first. As long as he refused, there would be no complaints from the Lin family. He didn't want Suqin to know about it.

Wait for him to deal with the matter here, and then introduce Suqin home, let her give her parents a good influence.

Cheng Xuelan was going to find a good sister who was not retired. Walking, she wanted to go to the bathroom. She was on the third floor, and she went to the corridor of the bathroom in front of her.

At work, it seems very quiet here. Cheng Xuelan goes in and hears someone talking in the cell. She goes to the last door and enters.

It's the two female employees who are talking. They didn't notice that someone came in. They also think that this is a relatively private chat space. They didn't avoid obscurity when talking.

"Why didn't the assistant come back after the president's visit? I don't want to work here! "

"How could it be! The president likes her so much that he has to give her up! "

"It must be said that she is the first woman to have a rumor with Mr. President. She is so capable. How can she leave?"

"The last time I heard that she attracted Mr. President first, seemingly serious, but in private, she must have used many means. Mr. President is also a man and unmarried. She wants to climb up, maybe she can be the president's wife!"

"Then don't look at her identity. Does she think anyone can do it? I don't want to weigh it. ""She's the most capable woman I've ever seen who can seduce men. It's not like she's just an idler. Now, who in the whole presidential palace doesn't know that she and the president are not clearly related?"

Just then, someone pushed the door in, and the two chatting women stopped their mouths immediately, listening to their footsteps as if they left quickly.

They didn't know that, behind the last door in the lattice, Cheng Xuelan listened to them all the way. At this moment, her face was tense, and she obviously felt anger rising. Her eyes flashed disappointment and chagrin.

How could my son have an affair with his assistant? And the whole presidential palace knows? She didn't even know. Is that why her son refused to get married? Is there a fox like woman around him?

Cheng Xuelan wants to know immediately when his son has such an indecisive assistant around him. He dares to seduce his son by taking advantage of his job, which will affect his feelings a little. If it affects national affairs, it's really unforgivable.

When Cheng Xuelan came out, she didn't go back to Xuanyuan Chen to ask him clearly. She felt that the source of this matter was not her son, but the female assistant who was obsessed with her son. She must have a good understanding of this situation and solve such a problem.

The son's side, absolutely can't appear this kind of woman.

The more Cheng Xuelan thinks about it, the more angry she is. She hates this kind of people who use women's beauty to achieve their goals.

Chapter 558

Su Qin received a call from Li Sen in the afternoon. In the call, Li Sen told her directly that he would give her another week's holiday. Su Qin was surprised by the call. Why did he extend the three-day holiday tomorrow?

However, Suqin didn't ask more. She pretended to be very happy and agreed.

After hanging up the phone, Suqin's happiness turned into meditation. This holiday was decided by Li Sen or Xuanyuan Chen. Li Sen is not her immediate superior. Therefore, this holiday must be decided by Xuanyuan Chen. Then, it will be conveyed to her through Li Sen.

Why did he suddenly give her more vacation? Suqin just thought about it for a while, and then came up with the reason.

When he was abroad last time, didn't he say that he would see the general's granddaughter when he returned home? Maybe he is going to have a blind date in the last two days! So, he gave her a leave to stagger the time he wanted to see the girl.

This is the only reason!

Suqin's chest suddenly seemed to be seized by something, which was a little uncomfortable.

Suddenly there was another week's holiday, but she was not happy. She told her parents that she would stay at home for another week. Both of them were surprised, but it was not easy to ask about her work.

In the evening, Suqin sat in her room reading a book. Suddenly, a message came from her mobile phone.

Suqin's heart beat, she quickly reached out to see, xuanyuanchen sent, only asked a word, "give you another week's leave, happy?"

Su Qin chuckled bitterly. He must not know that when he was abroad, she knew that he was going to have a blind date!

Suqin should not know! She typed in a sentence, "well, very happy, thank you."

"Because these days are not very busy, so I want to give you more days off, because next month, I will be very busy, you will also be very tired, give you a leave in advance."

Xuanyuanchen then lost a long string of words.

Su Chen looked at the words on the screen, and suddenly in her mind she imagined a picture of this man sitting in his office, holding a mobile phone, typing words one by one.

She chuckled, which was definitely not his usual way.

Looking at this series of explanations, Suqin's mood was inexplicably better. She replied, "well, thank you, Mr. President. I just need time to accompany my parents."

What Suqin thinks about is that at this moment, in the picture of xuanyuanchen's study, he is sitting at his desk, holding his mobile phone, and he usually doesn't send much information. He really outputs this string of information more slowly than ordinary people.

Looking back at the information, xuanyuanchen slightly breathed, it seems that he suddenly extended her holiday, she did not think much.

At this time, another message came from Suqin. He hurried to open it. It was from Suqin. "Mr. President, take a rest. Go to bed early. Good night."

Xuanyuanchen looks at this concerned information, he is in a good mood, but her address makes him a little uncomfortable. Up to now, she still calls him Mr. President?

"Don't call me Mr. President in the future. Call me a Chen! If you want to call big brother Xuanyuan Chen returns to the past with this message.

Suqin sent the last message, thinking that he would not send it back again. How could he know that she had just put down her mobile phone, and the message came.

She grabs the cell phone again, points to open to look at the words above, her brain buzz, call him Chen? Call him big brother?

Su Qin chuckled and replied, "Mr. President is used to it. He can't change it."

"Then, from this moment on." A domineering word orders you to come.

Suqin didn't want to change. She replied, "no change."

After su Qin returned, he realized that he was brave enough to brush the man's will. Besides, were they flirting?

Soon, Su Qin's cell phone beside her pillow sang directly. It was very loud at 10 o'clock in the evening.

Suqin was startled. Looking at the phone number, her breath was sluggish. She grabbed her cell phone and answered it. She had just pasted it to her ear, and a low, unhappy male voice came.

"No change?"

The voice line is sexy and charming.

In such a quiet cold night, with a hot breath.

Suqin didn't know that the man called when he didn't agree with him. She was embarrassed here, and it was OK to send messages. So she didn't have the courage to call with her ear to ear.

"Why don't you sleep?" Suqin had to turn off the subject.

"I think you can't sleep." Xuanyuanchen blames her directly.

Su Qin was stunned. He didn't know how to answer.

"I'm still working." The man continued.

Suqin smiled. "Then you should have a rest earlier."

"Tell me my name." Xuanyuanchen suddenly asked.

Suqin's face is a little red here. She holds her mobile phone and knows that he is not in front of her, but she has a feeling that he is staring at her right in front of her. Her face is a little hot, but she doesn't mean to cry. "What? My name is hard to hear? "

"No, I'm used to calling you Mr. President."

"Mr. President, these four words are called by my subordinates. You are my girlfriend. You should call me by my name."

"Mr President..." Suqin was anxious to express something. In the first sentence, she called him. She unconsciously stopped.

The man snorted, "call me Mr. President again. I'll go to your house now and hear your name."

Suqin was shocked by the threat, but she couldn't doubt whether he would do it, because no one could stop what he wanted to do.

"Don't..." Suqin is busy stopping.

"Then call it to me."

"I..."

"Give you another ten seconds."

"Already..." Suqin was forced to call out his name.

"That end finally satisfied again low smile," call again

Suqin felt speechless, didn't he? Call the first time have courage, the second time back.

"Do you want me to come to your house now?"

"How could you always threaten me like this?" Suqin could not help resisting.

"Who told you not to be good?" The man laughed.

"Well, it's too late. Go to bed early! I have to get up and run tomorrow! " Suqin didn't dare talk to him any more.

"Well, don't force you. Good night! Remember to think of me. " Finish saying, that end is simply hang up first.

Suqin took her mobile phone and lay in the quilt. She was sweating all over. She closed her eyes, as if there were the deep breath of the man in her ear.

Su Qin sighed, inexplicably feeling some pain in her heart.

In the morning, Suqin was wearing a suit of sportswear. At seven o'clock in the morning, he began to follow the morning running army. He started to run from a Jiangbin Avenue. In the early winter, it was the best day for such a morning run. He ran out of a hot sweat, and the whole person was fresh.

Chapter 559

Suqin runs to 8:30 and returns home. Li Qian has prepared breakfast for her. Suqin enjoys her mother's love breakfast, and feels that such a holiday is also good.

At noon, Suqin was chatting with her mother at home. Suddenly, the doorbell outside the yard rang. Suqin got up and opened the door.

I saw a middle-aged man in a suit standing at the door, looking for her with a smile and asking, "excuse me, are you miss Suqin?"

"I am. What can I do for you?" Suqin sensed that the identity of the man must be in politics.

"I have been asked to go to a place and meet someone." Men are very polite.

Suqin's heart was startled. He thought that the people he met must not be ordinary people!

"Who wants to see me, please?" Suqin can't help asking.

"It's Mr. President's mother." The man answered her very calmly.

Suqin's head boomed, which really shocked her. Why do you see her? Is xuanyuanchen's mother?

Did he introduce himself to his family?

"Miss Su, please get in the car."

"May I have the bag?" Asked Suqin.

"Yes, but it's a private matter. Please don't tell anyone, not even Mr. President." The middle-aged man reminded her very carefully.

Suqin immediately understood that the first lady did not want to meet this time, let xuanyuanchen know.

It seems that this is a private meeting. Suqin nodded her head. She went back to the room and prepared her bag. After greeting her mother, she came out and sat in the black car.

The car was very stable and then she drove through the downtown area, turned into a quiet street all the way, and finally stopped in a very private and elegant place, which is not an open place.

The car drove in. It was a very beautiful garden house. It was in front of an arch. The car stopped and the driver opened the door for Suqin. "Miss Su, please come in! Madame is waiting for you. "

Suqin's heart strings were tense all the way. She had many ideas. Now, she was going to face the lady, and her heart was tense.

She took a deep breath, smiled a thank you, and then, keeping her usual calm, walked into the arch.

"Miss Su, this way, please." A maid gestured to her.

It seems that people here are very clear about her arrival.

Su Qin chin followed her and went into a teahouse with a famous landscape. At a glance, Su Qin saw the lady sitting on the sofa, who was xuanyuanchen's mother, the former first lady.

When Suqin saw her, she immediately felt a royal majesty, which made her whole heart restrained. She came to the lady and politely said, "Hello, madam."

Cheng Xuelan's eyes also looked at Suqin when she came in. Although she didn't get the news for a long time, she had a very clear understanding of Suqin's identity. To Cheng Xuelan's surprise, what she received was not consistent with what the two employees said.

At present, Suqin has always been outstanding since she entered the political work. However, she hasn't figured out why she was suddenly promoted to work beside her son.

"Please take a seat, Miss Su. " Cheng Xuelan made a gentle gesture to her.

She heard about Suqin yesterday, she was angry, but after receiving all her information, she also looked at it rationally.

In addition, when she saw Suqin's appearance, she made it more clear that her son was definitely not the kind of person who could make people flirt at will. If he was really good at women's color,

he would have behaved for a long time, but when he was thirty-two years old, there was no woman around, it showed that he was very careful about choosing women.

In front of Suqin, there is a man's face. She exudes a kind of elegant atmosphere, unlike the kind of people who are obsessed with their own bones.

Suqin's hands were intertwined. In the lady's consideration, she could not conceal a trace of her heart.

"Miss Su, I'm here to talk to you about you and my son." Cheng Xuelan said at first.

Suqin's heart suddenly tightened, which was also in her guess.

"I've heard some gossip about you and your son. I want to make sure that's true." Cheng Xuelan looks at her tenderly.

Suqin is facing this noble lady. Of course, she doesn't have the ability to say panic. What's more, she can't say panic at all.

But how should she answer this question? In the past, those words and gossip made her very angry. She was really angry because of the things she didn't do and was misunderstood. But now, her relationship with Xuanyuan Chen has developed, which makes her only feel red on the face.

Cheng Xuelan saw that she didn't answer, but she could see it from her red cheek. She smiled gently. "Although the rumors are very unpleasant, I believe that between you and my son, it's not like they said, you seduced my son." Suqin hurriedly raised his head, almost without hesitation to refute the sentence, "madam, I never did."

Cheng Xuelan also believed that she did not do so, she nodded, "I believe you, but those rumors are not shadowy, you can tell me, what is the relationship between you and my son now?"

Suqin is facing these kind eyes. She is a little flustered. She doesn't understand the relationship with xuanyuanchen, lover?

Cheng Fenglan did not embarrass her. She took a sip of tea and said, "you don't say, I know. Do you love each other?"

Suqin slightly stared. She saw everything in her eyes, but what made her nervous was what was the purpose of calling her this time? To accept her? Or

"Miss Su, I have seen your work and political achievements along the way. You are excellent and a very hard-working person. I believe that even if you are not with my son, your life will definitely be very good."

Suqin's heart fell heavily, she understood everything, she quietly chuckled, "thank you for your praise."

"Do you know how I know about you? I went to the presidential palace yesterday. In the bathroom, I heard two employees talking about you very bitterly, saying that you used means to confuse Mr. President and that you wanted to be the future president's wife. I was very angry at that time. "

Suqin's heart rose and fell. She looked up and argued for herself, "madam, I have never thought of being the president's wife in the future. Even if I love Mr. President, it is just the most common love, without any greed and extravagance."

Chapter 560

Su Qin's words made Cheng Xuelan sigh, "you are an understanding person. I'm very relieved that I have confidence in my son. If he is a person who can be confused at will, he will not have his current achievements."

From her words, Suqin heard her understanding of her son, as well as her confidence and pride.

Indeed, she is really proud to have a son like xuanyuanchen.

Cheng Xuelan pointed to the cup on the table. "Miss Su, have a cup of tea!"

Suqin was really thirsty. She picked up the cup, took a few sips of tea and put down the cup.

When Cheng Xuelan saw that she had finished her tea, she continued to say, "Miss Su, I'm here to ask you to leave my son, even if there is love between you, would you please leave him?"

Su Qin a pair of clear eyes, at this moment, inexplicably stained with a trace of sour, she sipped her lips, also nodded.

There was no reason why she had to, because the man was Mr. President, and he had uses she didn't know about.

"You will surely wonder why I let you leave him as his mother, and I hope that he can find a girl he likes, but when he stands in that position, I hope that he can have a better marriage for his future."

Suqin thought of the general's granddaughter she mentioned last time. The girl's family must be able to help him!

"You are very good. If he is not the president, I will not object to his being with you. However, even if he is Mr. President, he is not omnipotent. The political relationship is complex. The power of the royal family is weakened from generation to generation, and it is very likely to be banned or lost in other ways. We can only stabilize it from generation to generation, and only outstanding achievements can make it possible The right of the royal family stands. " Finish saying, Cheng Xuelan sighed, "I don't know if you can understand this, I hope you can understand."

Suqin looked at her and nodded very seriously, "madam, I understand."

"Do you really understand?" Cheng Xuelan looks at her happily.

"I know what to do." Of course, Suqin understood that even she had a more frightened feeling. She was afraid that xuanyuanchen's position would be shaken and his life would be changed.

He is such a perfect and excellent man. He should always stand on the top and accomplish his great career.

If she gives up and withdraws, can complete his future greater career, she has no regrets.

"What can I do to compensate you, child?" Cheng Xuelan suddenly felt hurt for her.

Suqin shook his head and smiled, "madam, no, I will do what you want."

Cheng Xuelan nodded. At this time, a servant came to add tea to Suqin. Suqin looked up and said, "don't pour it. I have something else to do. I want to go back first."

Cheng Xuelan stood up. "OK, I'll take you out."

"Don't send it away, madam. It's cold outside. Be careful." Suqin got up, bowed respectfully towards her, turned around and walked quickly to the outside of the door.

As she walked, she felt tears pouring into her eyes. For a while, she could not see the road clearly.

When she reached the arch, she took up her hand and wiped her eyes hard. She took a deep breath of cold air and came out.

The driver was waiting for her. Seeing her coming out, he quickly pulled the door for her. Suqin smiled and sat in.

Sitting in the back seat, Suqin leaned on the corner of the window, arm around, as if it was very cold.

The driver carefully raised the temperature a little higher, but he didn't know that Suqin's cold was not the cold on her body, but her heart.

Suqin doesn't blame or complain. She is even calm inside. This is the best ending for this relationship.

Xuanyuanchen gives her leave, which means that this time's blind date is very important for him, and he must be careful to deal with it.

Yes, he is not omnipotent. He has scruples and fears. He also has weaknesses.

Suqin didn't know how to get back. When she got home, she went straight to the room, closed the door and buried the whole person in the bed.

Next to the soft quilt, her tears were sucked away one by one. She had not shed tears for a long time, and even forgot how to cry.

In the evening, she went downstairs to have dinner. She talked with her parents about where to walk after retirement. Suqin suggested that they go abroad for a walk, or visit mountains and rivers to see a motherland.

This point, Su Boyan is very agree, Su Qin listen to parents in planning the day, she is a little bit lost.

"Xiaoqin, what do you want?"

"Er! Mom, what's the matter? " Suqin looks up at her mother.

"I just talked to your father. When can you bring your father back! We didn't have a good time with your marriage. " Li Qian said.

Suqin looked up at her parents in a daze, and then smiled, "Mom, I don't have a boyfriend!"

"The one who sent flowers and necklaces last time?""He He's just a colleague. " Suqin explained.

Two old eyes look at each other, can not help but feel lost.

"Well, then, I've got a chance to meet some of my matchmakers and counterparts?" Li Qian stared at her.

Suqin thought for a moment and smiled, "OK! See what you see! "

"Well, you're at home these days anyway. I'll get in touch with you. You're all good guys." Li Qian can't help being happy.

Suqin's mind is not here. She just doesn't want to hit her parents one time. Maybe, she obeys them and can make them happy to meet them.

"Mom, I'm full. I'll go back to my room first."

"Good! Go to bed early and don't stay up late. "

"I know. "Suqin said, and walked quickly to the direction of the stairs.

Downstairs, she heard her mother and her father talking about the blind dates.

Su Qin sighed, she went back to the room, went to the small sofa in front of the window, looked at the cold street view outside the window, everything withered, it is easy to give a negative heart.

Suqin closed his eyes. In her mind was xuanyuanchen's handsome face, his smile, his bullying, his orders. She found that every word she said and every moment she got along with him was so clearly recorded in her mind.

She can't forget to see him for the first time. He is so weak that he lies on the bed, wrapped in gauze. He can't forget that in foreign countries, he hugs her waist, with the feeling of her rotating on the dance floor.

Suqin's closed eyes, a drop of clear tears from the corner of his eyes, suddenly slipped.

Before she could agree to him, she would be forced to end the relationship.

Suqin let the tears flow down, she did not wipe, open, looking at the fuzzy world, her heart produced a more sad mood than the last time she was abandoned.
