

U. CEO Daddy 561

Chapter 561

In the early morning, Suqin lost sleep all night last night. She was still in bed. In the winter morning, it was a feeling that she just wanted to stay in bed and didn't want to leave the warm quilt. In the middle of the confusion, Suqin heard the sound of SMS.

At first, she didn't think so. Then, suddenly, what did her mind touch? She opened her eyes, reached for the cell phone next to the cabinet anxiously, clicked on the message, a good morning greeting from xuanyuanchen.

"Good morning, have you got up?" Su Qin's breath smothers, looking at this simple greeting, her heart seems to be hurt by something.

She stared at this sentence, but did not return to the past for a long time. She wanted to return, but could not.

Suqin holds the mobile phone in his hand, sticks it tightly to his chest, continues to close his eyes, but can't sleep.

Maybe the man opposite didn't receive her reply, so he didn't send it back. He thought she was still sleeping. Suqin looked at the quiet mobile phone, but he didn't feel relieved. Instead, he was helpless.

Suqin got up at 8 o'clock and went downstairs. She was wearing a different professional uniform. She was wearing a lazy white sweater, her long hair was tied at the back of her head at will, and her face was clean and clear. Under the background of such a dress, she still had a girl's breath.

Li Qian came out with breakfast and looked up at her eldest daughter. She couldn't help but secretly rejoice. Although her daughter is old, her face and temperament are quite small.

"Qin! Mom! When I met Aunt Zhang in the morning, I asked him to arrange it. It's easy to say that I can meet a lawyer this noon. The lawyer is very interested in you. He is said to be a very good barrister! " Li Qian's Suqin first raised a wake-up call.

Suqin's hand was stiff when she was drinking water. She turned to look at her mother. "Mom, do you need to be so fast? I'm not ready. "

"What's the preparation? If you're past, people will be satisfied." Li Qian said, very confident in her daughter, "you can rest assured that you have absolutely no problem."

Sue didn't smile. Her mother just didn't know. She was just perfunctorizing her. She was so warm-hearted.

Just then, the doorbell rang. Li Qian asked curiously, "who is that?"

Suqin's nerves couldn't help tightening. Although she didn't know who it was, she found her more these two days. She put down her cup and said, "Mom, I'll open the door."

With that, Suqin picked up a coat and wrapped it up. Then she rushed into the cold yard. She reached out to open the outside door and saw a familiar black car, which is usually used in politics.

The driver got out of the car and smiled at her. "Hello, Miss Su. I'm here to deliver something."

"Su Qin is slightly a Zheng," send what thing? "

"I have been entrusted by you to send you a bunch of flowers." After that, the driver carefully opened the front passenger's seat door and took out a bunch of very fresh and beautiful blue roses. Suqin took them, and the price of these roses was very high.

Su Qin's heart sighed. Even if he didn't need to ask more, he knew who was the flower giver.

The driver quickly said to leave. Suqin went back to the hall with flowers in her arms. While her mother was busy cleaning up in the kitchen, she hurried upstairs, entered the room and took out a small card.

"Good morning, miss you." A simple sentence, and then, Chen word, write very strong and powerful.

Suqin knew it was sent by Xuanyuanchen. Before she looked at the flowers carefully, her mobile phone rang. This time, it was the phone. Suqin picked up the phone and looked at the words on it.

He called.

Suqin hesitated for a moment, but she still pretended to pick it up in a normal tone, "Hello!"

"Got the flowers?"

"Well, yes, thank you." In Suqin's tone, there was a kind of politeness.

"Do you like it?"

"Don't waste money on flowers. They are very expensive." Suqin looked at this bunch of blue roses. She knew that the market price could be several hundred yuan each.

Xuanyuanchen in that end can't help but be teased by her words and laugh out a voice, "do you think I can't even send flowers?"

Suqin pursed her lips bitterly. What she wanted to express was not that.

"Why not return my message in the morning?"

Suqin replied a little modestly, "I didn't see it. "

Xuanyuanchen did not blame the meaning of, "how is life at home?"

"It's very good. I didn't spend much time with my parents before. This time, I can accompany them well." After that, Suqin heard her mother calling her downstairs. She said, "I'll stop talking. My mother told me to have breakfast. I'm going downstairs."

"Well, go!" Xuanyuanchen answered softly.

Suqin first cut off the phone, and then hurriedly went downstairs.

Downstairs, Suqin is absent-minded to eat breakfast. Li Qian talks with the aunt who is dating her on the phone. She is very successful in arranging the time and place of Suqin's blind date this afternoon.

"Qin! It's all arranged. At 2:30 this afternoon, in the Starbucks Cafe not far from our home, you can meet each other and get to know each other well. ""Yes, I will." Suqin nodded. She didn't want to refuse, even though she didn't have much hope for these blind dates.

She's a little confused inside, so it's better to go out.

At 2:30 p.m., after lunch, Suqin is ready to go out. Li Qian immediately catches her and says angrily, "this is how you dress for your blind date! Go back and change for me. "

"Mom, what's wrong with me?" Suqin was a little funny. She didn't have any clothes. She went out in an old down jacket two years ago.

"Hurry back to your room and put on your new windbreaker."

"Mom, no, it's good."

"What's good? Wait for me. I'll get it for you." Li Qian absolutely forbids her daughter to neglect this blind date. She goes back to her room and goes downstairs with her windbreaker.

But Suqin had already driven away, and Li Qian stood at the door and stamped her feet angrily, "this dead child, how can I get married in this way?"

Li Qian is a broken hearted mother.

Suqin drove to the entrance of Starbucks cafe, stopped the car, picked up the bag and went down.

Her long hair is casually draped behind her head. She is pure and plain. Except for a watch on her wrist, there is no place to embellish her body with bright colors. Except for her unadorned face, she looks like a lotus.

After Suqin arrived, she went to the hall to have a look. At this time, a middle-aged man immediately stood up and waved to her. "Miss Su, you are miss Suqin! This way! "

Suqin looked up and his eyes were slightly dazed. The lawyer said at least 35! Maybe it's overuse of the brain that leads to his precarious hairline. The whole person feels like a greasy uncle.

Chapter 562

Suqin went to the matchmaking and portrait. When she sat down, she felt that the opposite man's eyes were watching her closely, showing a strong interest. Suqin had no interest in him, but she kept a polite side.

It's like Li Jun, a very popular name.

"Miss Su, you look so young. We are only one year apart..." Li Jun looks at her with a surprised face.

Suqin is drinking tea. She almost sprays it. She is still elegant. One year's difference? How is that possible?

Li Jun still finds out that she is surprised. He quickly and calmly says, "really, I didn't cheat you. I'm 29 years old, and I'm definitely not in a hurry to report my age. Do you want to see my ID card?"

Suqin forced to bear the smile and shook his head very well. "No, I believe you."

"Miss Su's work is similar in nature. She is engaged in mental work. I believe there are many common topics between us. What hobbies do you usually have?"

Suqin thought for a moment and said, "overtime, business trip."

Li Jun is shocked, but he really likes Suqin's love of work. His influence on her is better. What's more, her appearance alone has captured him. In fact, he has accepted any character of Suqin.

"It's really good. You are so young and you work so hard. So am I. I also like working..."

Just then, Suqin's mobile phone information rings. Suqin takes a look at the mobile phone on the desk, and a message quickly floats out, which is obviously xuanyuanchen's. Suqin unlocks the lock, clicks on the information, and simply asks, "what are you doing?"

Suqin looks up at the man opposite. Can she tell the truth? She's dating, of course, she can't.

Suqin smiled. "I'll send you a message." Finish saying, Su Qin returned to past, "drink coffee outside with friend."

"Men's or women's?" Very quickly, Xuan Yuan Chen returned to come over, some interrogative breath in tone.

Suqin thought, or said a panic, "female students."

"Well, talk first." Xuanyuanchen doesn't bother.

Li Jun, on the opposite side, stared at Suqin with bright eyes. He immediately said, "in terms of work?"

"Yes!" Suqin looks up and smiles.

"I'm very busy with my work. I heard that you work in the presidential palace. You're really good. Do you usually see Mr. President?"

Suqin said calmly, "No."

"Oh! But you're amazing, too. "

"Average." Suqin should face.

At about three o'clock, Suqin began to think about how to get away. When she came, she set up a telephone ring to ring in the form of an alarm clock.

When it was almost time, Suqin took her mobile phone, and soon the alarm clock rang. She picked up her mobile phone and said to Li Jun on the opposite side, "I'll take a call."

When she got up and answered the phone, she said she was going to leave. Li Jun was very reluctant, but Su Qin pretended to have an urgent look. He said quickly, "Miss Su, please leave a phone number! We often contact and make friends first. "

"I'm sorry, Mr. Li. I don't think we're suitable. You're very good. You'll find your partner. Goodbye." Suqin said, and left as if fleeing.

Behind him, Li Jun wants to catch up, but it's still a step late. Her car has left.

However, Li Jun will not let it go. He can get her phone number from Li Qian through his aunt.

Suqin also didn't go home, she went out for a stroll aimlessly. She came to the seaside park, on the cold riverside walk, she walked absently, her hands were red with cold, and even her chill made her shiver.

She thought of being abroad. She reached for a few snowflakes. Her hands were frozen red, and xuanyuanchen held them for warmth.

Suqin was cold, but her heart was even colder.

Suqin yawned, so she had to go in the direction of the car. If she kept blowing like this, she would definitely catch a cold. When she got back to the car, she even sneezed a few times. She thought, it's not good.

When Suqin returned home, it was five o'clock. As soon as Liqian entered the door, she asked her what she thought of Lijun. Suqin only answered one question, which was not suitable.

"What's wrong? People are very satisfied with you, and they want your phone number! "

"Mom, did you give it?" Suqin looked at her mother with a little consternation.

"His aunt is my good sister, do you think I can not give it?" Li Qian said helplessly.

Suqin breathed a sigh, and could not embarrass her mother. Her mother's reputation in the neighborhood neighbors has always been very good, and her popularity is also good. If she is too proud, it will also affect her mother's relationship in the neighborhood.

"Mom, next time someone asks you to give it, you should try not to give it. I have a work number and don't want to answer too many personal calls." Suqin said to his mother.

Li Qian nodded, "OK, I won't give it next time." "In the evening, I'll make you half a chicken soup."

"Good." Suqin finished, went upstairs to the room, untied the scarf, and her head was shaking. Maybe she was really weak in resistance. She was going to catch a cold.

Just after su Qin hung up her coat, a phone rang. Her first thought was Li Jun's. she went to pick up her mobile phone and looked at it. Her eyes widened two points. A very striking word appeared on the screen.

It's from xuanyuanchen.

Suqin's heart immediately tightened a few minutes. At this time, what did he call her for? Isn't he going to have a blind date these two days?

Suqin swallowed his saliva and reached for it. "Hello."

"Have you had dinner?" At that end, I asked in a low, hoarse voice.

"Not yet! Just came back from the outside. "

"Oh! As it happens, I haven't had dinner yet. " Xuanyuanchen's voice is sexy and provocative.

Suqin's heart was cold. He didn't know what he meant.

After a few seconds, the man said again, "meet me in the evening and have dinner together!"

Suqin was startled directly. She said in some confusion, "Mr. President, it's not convenient!"

"Why not?" Xuanyuanchen asked.

"My mother made my meal I may eat it at home. " Suqin had to find an excuse. She was not ready to meet him now.

At that end, the man chuckled, "what a good baby!"

Suqin's pretty face was burned by this sentence. She breathed a little, "I won't go out."

"Well then! Where can I go for dinner? " The man asked with a smile.

Suqin's fright escalated directly, her face changed color, she held the mobile phone, almost refused for the first time, "no! You can't come to my house. "

The man seemed to be a little complacent and asked with a smile, "why not? Don't your family welcome me, Mr. President? "

Suqin was a little annoyed. He knew how much chaos he would make when he appeared in her home as his identity, even his parents would be scared.

"Either that or not."

"OK, two choices. Come out and have dinner with me, or I'll go to your house for dinner." The man gave her two choices.

Chapter 563

In these two choices, Suqin thought hard for a long time. She had to say, "OK, I'll come out."

The man at that end smiled contentedly, "OK, my man will pick you up at your door at six o'clock."

Suqin bit his lip and said, "OK."

"See you later." Xuanyuanchen said, hung up the phone.

Suqin holds the mobile phone, and the whole person is stupefied. In his mind, all the low laughter of xuanyuanchen just now seems to be a charming and provocative melody, which is lingering in his mind.

Suqin wakes up and goes downstairs. In the kitchen, Li Qian is about to get off the rice. She says, "Mom, I don't eat at home at night. I want to go out to eat. Don't take my share."

Li Qian asked curiously, "with whom!"

"That is A classmate, has not contacted for a long time Suqin said flustered.

After listening, Li Qian also thought it was good. This daughter should make good contact with some outside people, so as not to stay at home every day. How can she find a boyfriend?

Suqin went back to the room and stood in front of the dressing table. She looked at her today's clothes. If she went out to see xuanyuanchen, it would be very inappropriate.

She must have enough respect for him in dress and dress for his noble status.

Suqin changed her coat again. It was a beige windbreaker she bought with her mother last time. She sat in front of the mirror. She stayed up late these two days, so there was a light dark circle under her eye socket. She picked up the powder to cover her eyes, and also drew her eyebrows.

Her face only needs a touch of embellishment, and the whole person has a moving atmosphere.

Suqin had a look at the time, and it was only ten minutes before six. She packed her bag and went out. When she went downstairs, she yawned again, and her whole body was shaking. She felt a little dizzy.

However, Suqin didn't pay much attention. She said a word to her mother. When she got to the door, she saw a black car coming with a turn signal not far away. Suqin knew it was xuanyuanchen's bodyguard's car.

The car stopped at her door. The bodyguard quickly got out of the car and opened the door for her. "Miss Su, please."

"Thank you." Suqin said thanks and sat in.

It's warm in the car. Suqin is sleepy. The car goes forward. She thinks, where will xuanyuanchen eat? Is it in his room?

Half an hour later, the surrounding environment became a little strange. Moreover, there were fewer vehicles on the street, and from time to time, we saw the security personnel, which were all in the area of strict guard.

I don't know if the temperature in the car is too high or not. She feels a little hot all over.

The car drove all the way into a garden. Suqin looked around. It didn't look like a restaurant at all. However, the garden here is full of luxury. It seems that it's a restaurant dedicated to the identity of xuanyuanchen!

When the car stopped, the bodyguard quickly got out of the car and opened the door for her. A chill fell on her face. Su Qin caught her arm in the cold. The bodyguard hurriedly asked her, "Miss Su, go in!"

Suqin nodded her head. She lowered her head and walked towards the door. When she was halfway there, she saw that behind the door, a tall and straight body stepped out, deep and familiar eyes looked over, and Suqin's heart beat fast.

It's only a few days. Why does she feel a long separation from this man?

Xuanyuanchen looked at her cold look, his arms immediately came over, unfolded his straight black windbreaker to cover her, Suqin almost instinctively hid for a while, but the body was still in a warm and charming embrace in an instant.

Suqin's head exploded for a few seconds. In her heart, there was a voice shouting, "no, no We can't get any closer to him. "

However, xuanyuanchen is very tight. She can't break away. Maybe, she struggles faintly. This man doesn't see it at all.

As soon as entered the warm hall, Xuanyuan Chen also let go of her, the profound eyes lock her face, "how thin?"

Suqin is embarrassed. Where has she lost weight? She's good to eat and drink at home. She should be fat.

"No." Suqin retorted.

Xuanyuanchen smiled and reached for her face, "but it's still beautiful."

Suqin was praised by him for no reason. She thought that this man could only deal with state affairs. However, when he was gentle and talked about love, he was extraordinarily flirtatious, as if he knew how to attack women's heart defense better than an experienced man.

"Where is this?" Suqin looked up and asked curiously.

"Don't worry, this is my private restaurant. Here, everything is private." Xuanyuanchen comforts her.

Suqin's heart was tense. Didn't even his mother know about it? Suqin secretly tightens the heartstrings, she looks up, xuanyuanchen is also looking at her, two pairs of eyes bump together.

Suqin hurriedly dodged away in a panic. His eyes, one more look, would indulge in the general. Which woman would not like such a man? He met general Lin's granddaughter. That girl must like him at a glance!

"What's the matter? I haven't seen you for days. I'm new to you. " Xuanyuanchen finish saying, reach out to take her, walk to his box.

Suqin's breath is short, looking at his tightly clasped wrist, she wants to struggle, but knows that it is also in vain.

Xuanyuan Chen led her into a warm box. Everything here is very elegant. Xuanyuan Chen led her to sit on the sofa. Suddenly, under the light, Xuanyuan Chen looked at Suqin's face carefully, and there was a trace of red.

With a slight frown on his brow, he reached for the white illuminated forehead. Although it was not too hot, it was definitely over the normal temperature.

"You have a fever." Xuanyuanchen said, squinting her eyes.

Suqin hurriedly touched her forehead. It was indeed a low fever. She thought to herself, it must have been caused by the afternoon hairdryer. It was her fault.

"It's OK. Just have some hot water!" Suqin didn't think so.

"Is that how you treat your body?" Xuanyuanchen reproves in a low voice, he rises to push the door to leave.

Suqin blinked. What is he going to do? When xuanyuanchen came back, he had a cup of warm water in his hand and several tablets to reduce fever.

"Take it." Xuanyuanchen put the medicine in front of her.

Suqin obediently took the medicine, she got up and said, "I'll go to the bathroom."

Xuanyuanchen nodded, and Suqin's bag was on the sofa. As soon as Suqin left, he heard a series of information jingling continuously, as if singing a very melodic song.

Xuanyuanchen looked at the sound of continuous information. He yanked his sword brow, opened Suqin's bag zipper, took out her mobile phone, only to see a few of them emerge on it and did not disappear. "Suqin, my influence on you is very good, I hope we can develop well."

"It's OK to be friends first. You're the most charming woman I've ever met."

"I asked my aunt. Your mother agreed with us very much."

"Suqin, I like you. Really, shall we try to get along?"

"I will love you It will be good for you. "

Xuanyuanchen's sword eyebrows are suddenly frowned into a group. This woman has been carrying him for two days and has a blind date?

Chapter 564

When Suqin came back from the bathroom, xuanyuanchen put her mobile phone on the desk. Junyan was a little gloomy and ugly. As soon as Suqin came in, he heard the familiar message.

She took a look at the mobile phone on the desktop, and looked carefully. Isn't that her mobile phone?

Xuanyuanchen's eyes have been staring at the screen of the mobile phone. The words floating up from time to time are all the information offensive launched by Li Jun against Suqin.

Suqin hears two consecutive message sounds. She is in a hurry. She takes up her mobile phone, unlocks the lock, and clicks to open the message. At least ten messages are presented. Even if the number is not saved, but looking at the content of the message, Suqin knows that it's from Li Jun.

"A blind date?" Cold not Ding, a can not hear the emotional male voice asked.

Suqin's hand shook slightly and her heart strings tightened. She set the phone to silent mode and put it back in her bag.

She felt a sharp look on her head staring at herself, which made her feel nervous. She bit her lips, looked up and touched the bright and threatening eyes of the man. She nodded, "well, I met a man."

Xuanyuanchen's handsome face is suddenly gloomy. At the moment, he is angry and doesn't want to restrain. He tells the woman clearly that he is angry at the moment.

"Why do you see another man behind my back?" He gritted his teeth.

"That man is a relative of my mother's good sister, I just met politely, for no reason." Suqin swallowed and explained.

However, such an explanation is not enough for Xuanyuanchen to appease his resentment, "no matter who lets you meet next time, as long as it is a man, you are not allowed to see a man with a purpose for you."

Su Qin can't refute in a moment. In the message just now, every word of Li Jun is saying that he wants to communicate with her, and this man must have seen it.

"Tell this man you already have a boyfriend." Xuanyuanchen's hegemonic command is very uncomfortable.

"No way." Suqin suddenly turned him down.

"No?" Xuanyuanchen sword eyebrow a pick, in the eye bottom had a few restrained annoyance.

In Suqin's heart, there was another consideration immediately. If she told Li Jun that she had a boyfriend, then if he told his aunt, his aunt would tell her mother. Then, her mother asked, where would she take a boyfriend back?

"I'll just ignore it." Suqin sipped her red lips.

Xuanyuanchen, as a man, naturally understands the heart of an admirer. If he doesn't care about it, then the man will die to the end. He reaches out to Suqin to ask for it.

"Give me your cell phone."

"Well?" Suqin was surprised.

"Give it to me." Xuanyuanchen's hand didn't take back, insisting on her mobile phone.

Suqin didn't know what he was going to do, but there was a kind of dignity in the man's eyes, which made her have to wear Cong, she took out her mobile phone from her bag, unlocked the lock and handed it to him.

See Xuan Yuan Chen to pull out the number of Li Jun directly, and still open hands-free.

Suqin can't help being scared. What is he going to do?

Because it was Suqin who fought, Li Jun at that end was so excited and ecstatic that he immediately followed up with a very happy voice, "Hello, Suqin, is that you?"

Su Qin listened to Li Jun's voice, and her heart was slightly smothering. She looked at Xuanyuan Chen, who did not immediately make a sound.

"Hello, Suqin? Is that you, Suqin? Why don't you talk! " Li Jun's voice asked eagerly.

Xuanyuanchen squints her eyes, even though she is speaking through the microphone, there is a kind of domineering force at the top of the food chain in her eyes. The cold and low warning voice starts from her thin lips, "listen, he is my woman, and she is not allowed to disturb her any more."

Li Jun at that end listened to the voice, obviously shocked, but for the sake of male dignity, he was very angry and dissatisfied, "who are you! It's my business to chase Suqin. It's none of your business! "

Su Qin's heart beat directly to the throat. Li jungen didn't know who he was talking to.

Xuanyuanchen bit his teeth and hummed softly, "you don't know who I am, but you should dare to pester her again. I will never pester you."

In xuanyuanchen's words, there was a kind of natural dignity, which made Li Jun at that end gasp directly at the microphone. Then, he suddenly asked bravely, "why do you say that Suqin is your woman! What evidence do you have. "

Su Qin is listening. He is worried about Li Jun secretly. I hope he doesn't talk anymore.

Suddenly, she clasped a big palm on the back of her head. The next second, the man's domineering lips rolled over and directly sealed her red lips.

"Well..." Suqin uttered a coquettish chant.

And the man's microphone is just beside Suqin's lips. This crooning is heard by Li Jun on the opposite side. He should understand.

Suqin's head was blank for a few seconds. When the man let go of her, a red lip was red and swollen. Then, she heard the man around her, some proud and satisfied voice, "this is the evidence." That end, as expected Li Jun angrily hung up the phone.

Perhaps Suqin's image in his heart disappeared in an instant.

Suqin's pretty face turned red. For the first time, she was treated like this. She said angrily, "how can you do this?"

Xuanyuanchen returned her mobile phone, "next time don't provoke these fly like men, they don't deserve it."

This voice, obviously with anger.

Suqin took over the mobile phone, some speechless, also saw this man's tyranny and despotism, her heart, immediately surged on a kind of bitterness.

"Well, don't be angry. I ordered your favorite dish. Have a good evening." Xuanyuanchen reached for her hand and gently gathered her long hair behind her ears, revealing a slightly hot face.

Next second, his big palm covered her forehead again. After taking the medicine, Suqin's temperature was normal.

At seven o'clock, the food was all served. In the quiet box, except for the faint wind outside the window, there was no sound to disturb them.

Suqin used the meal, and his mother's words were all in her mind, which made her heart seem to be frozen, even a trace of superfluous ideas could not be born.

"Is it delicious?" The man on the opposite side asked with a smile.

"Well! It's delicious. " Suqin nodded, the taste here is absolutely first-class, but there are too many things in her heart, so she didn't eat much.

"Why not eat more?"

"I'm probably not feeling well. I don't have a good appetite." Suqin replied naturally.

Xuanyuanchen also did not force her, poured a cup of lukewarm boiled water for her and handed it to her, "drink more water."

Suqin took the cup and drank it. She took a look at the time on her watch and it was half past eight.

She thought of the distance from home, at least an hour's journey. She put down her glass, looked up and said, "it's time for me to go back."

Chapter 565

Xuanyuanchen also raised his wrist and looked at the opportunity. "Stay with me for a while longer."

Suqin silently nods, xuanyuanchen holds her ten fingers, her sexy chin is on the back of her hand, and her deep eyes look at her. It seems that Suqin is not sitting opposite, but a picture that fascinates him.

Suqin could not help but be a little frightened by him. She blinked a little flustered. Under his burning eyes, her whole body seemed to be baking and hot.

Su Qin's long eyelashes flickered, her eyes flickered indefinitely, some flustered and helpless.

"Don't look at me." Suqin had to plead that the man probably didn't know how destructive his eyes were.

Xuanyuanchen's mouth is full of a gentle smile, "how come we haven't met before? I wish I had met you earlier. "

Suqin thought for a moment and said, "I've seen you before, but it's far away."

"Oh!" Xuanyuanchen asked interestingly, "then you really should appear in front of me at that time. In this way, let me know your existence earlier."

Suqin couldn't help but laugh with a chuckle. "How dare I run to you? You're surrounded by bodyguards. As long as I'm near you, I'll be taken as a gun target immediately. "

Xuanyuanchen was also amused when he heard it. His eyes reflected the light, like a bright starry sky, which was fascinating.

Suqin's heart was pounding, and she moved her eyes aside.

"But it's not too late." Xuanyuanchen suddenly felt that Li Sen should be thanked for this, because Li Sen was determined to find such an assistant for him, so he sent Suqin to him after layers of screening.

Suqin's eyes crossed a wry smile, not late, but she had no such qualification to appear in front of him and participate in his future life.

"Yawn." Suqin suddenly sneezed heavily, and her whole body was shocked.

The chill was all over the body.

Xuanyuanchen immediately stood up from his position, took a piece of paper and folded it and handed it to her. Suqin took the paper and covered her mouth for fear that she would be rude again. However, a series of instinctive coughs made her look sick.

Suqin is calling for bad luck secretly. It seems that she really wants to catch a cold. She belongs to Suqin. She can not get sick or catch a cold for several years. However, if she catches a cold, she will suddenly become serious.

Xuanyuanchen listened to her cough, wring her eyebrows painfully and looking down at her. "It seems that she is very ill. I will take you to the hospital."

Listen to Suqin. He'll send it?

"No, Mr. President, let your men take me home! I'll go to the hospital myself tomorrow. "

Xuanyuanchen sees her to refuse, shortcut, "I send you to the military district hospital."

Suqin did not answer, but a string of coughing came up, her face was red, her eyes were red and trance.

Xuanyuanchen reached out to clasp her wrist and took her from her position. Suqin struggled for a while. "No, it's just a common cold. I'll go to the hospital tomorrow."

Xuanyuanchen pursed her lips and did not speak, but the hand that led her out was very powerful and could not be refused.

When Suqin went out, she suddenly put on a warm windbreaker on her shoulder. She looked back quickly and saw xuanyuanchen going out in a suit. Suqin's heart was in a hurry and she hurriedly pulled the windbreaker back to him.

"In a cloak." Xuanyuanchen gave a low order, half holding her to the door opened by the bodyguard, helping her to sit in first, and then he sat in. Suqin's body was wrapped in warm clothes, but he didn't feel cold, but he was very upset.

"Go to a medical hospital." Xuanyuanchen asked the bodyguard in front.

Then, six low-key black armored convoys escorted his car to the direction of the military district hospital. On the way, Suqin didn't want to be too concerned by him, and she was afraid and worried.

Arrived at the military hospital, xuanyuanchen's car has a special access, very private into a parking place, Suqin followed him to get off, xuanyuanchen's hand came over.

Su Qin made the preparation to avoid in advance, so he took a lead and took an empty one.

Suqin stood three steps away from him with his arms around his hands.

Xuanyuanchen's eyes flashed a touch of chagrin, Suqin looked at a corridor, she was very conscious of the past.

Xuanyuanchen follows her steadily behind her, and his bodyguards follow her closely.

Suqin looks up and sees a internal medicine room. She knocks on the door and goes in. There is a middle-aged doctor making a report. When he looks up and sees Suqin coming in, he is stunned.

Then, behind Suqin, a tall figure stepped in, and the doctor stood up straight in fear.

Mr. President.

Who would have expected that at such a late hour, the president would suddenly appear in the hospital? The doctor really didn't have any thought preparation, and had a sense of shock.

Suqin saw that the doctor was frightened. She sat down and sympathized with him, because anyone who saw xuanyuanchen suddenly in this situation would be shocked. Before the doctor made a sound, xuanyuanchen pulled a chair and sat beside Suqin, looking at the doctor kindly and amiably. "She's not feeling well, take a look for her."

The doctor finally came back. It seems that it wasn't Mr. President who came to see the doctor, but the beautiful woman in front of him. He quickly sat down and replied, "OK!"

Then he said to Suqin, "what's wrong with Miss?"

"I had a cold wind in the afternoon. I had a low fever just now. Now, I have a cough." Su Qinxiang is telling his illness in detail.

The doctor picked up his stethoscope. Generally, it would be auscultated to the chest of the patient. Suqin also knew it. So she immediately untied her coat and exposed the sweater inside. The doctor felt a pair of sharp eyes coming from the side.

As soon as he was in awe, he listened for Suqin, and then took his temperature for Suqin, 38 degrees.

"Miss, you have a low fever and severe tracheitis. Let me prescribe some medicine for you! Eat for two days first. "

"OK!" Suqin nodded.

The doctor was very familiar with the current affairs and left the bill of the public account. So, Suqin's medicine was delivered to the office by the nurse himself.

"Miss, take your medicine three times a day after meals. These two days, keep warm and don't catch cold again."

"Thank you." Suqin took the medicine, and then she realized that the process was wrong and she had not paid yet!

However, she only needs to look at the man next to her to understand. It seems that with him, she doesn't need to pay for her own medical treatment.

Suqin stood up, xuanyuanchen stood up at the same time, he nodded to the doctor, followed Suqin out.

Chapter 566

The bodyguard cluster servant came out with the two of them. Suqin took the medicine and sat in the car. It was the first time that she enjoyed being accompanied by the president to see a doctor. There was no trace of vanity in her heart. On the contrary, xuanyuanchen treated her better and more uneasy.

"It's a little late, or you tell your family you won't go back tonight." Xuanyuanchen suddenly makes a sound.

Suqin's face is startled. She doesn't go back. Where does she live?

"Go to me." Xuanyuanchen stared at her and made a direct voice.

Suqin took a little breath. She lowered her head and looked at her watch, which showed that it was half past nine. She said in a hurry, "it's still early. Take me back!"

Xuanyuanchen sword eyebrow slightly a twist, "why must go back?"

"I Didn't I ask for leave? I want to go home. " Suqin made excuses.

Xuanyuanchen felt that this excuse was very reluctantly. He felt that this woman probably had not entered into the mentality of communication with him, and still avoided his approach very much.

He directly pulled back the baffle and said to the bodyguard in front, "go back to the presidential palace."

Suqin directly stayed. The man ignored her idea and chose to go back to the presidential palace. "Take me home by the way!" Suqin suddenly insisted that she didn't want to go back with him.

Xuanyuanchen's eyes lock her, more insistent in the eyes, "back to the presidential palace."

Suqin was a little annoyed and looked up at him. "Can you stop being so domineering?"

Xuanyuanchen's arms extended, and he suddenly put his arms around her shoulders and put her in his arms. "You are sick, how can I leave you alone?"

Suqin is speechless. It's just a cough with low fever. There's no need to be so nervous.

"I'll take the medicine."

"Then go to my house."

"You're not afraid of being misunderstood?" Suqin suddenly made a noise. She knew that he should be dating general Lin's granddaughter in the last two days. Would he take this into consideration.

Xuanyuanchen only listens to funny, the finger lightly encircles her nose tip for a while, "isn't other people long ago misunderstood?"? Our relationship is known to the staff of the presidential palace.
"

Suqin's pretty face turned red. It's just a rumor. Is he serious now?

Suqin is held in his arms. I don't know if it's because of the low fever of her head, or because the man's breath is too strong and cold. Her head is confused now, as if her thoughts are all confused.

"It's not good for you." Suqin sighed.

Rumor is a kind of injury to his identity.

"I don't mind." Xuanyuan Chen bent down a few bodies, thin lips so brand in her forehead.

Suqin's breath was disordered. She reached out and pushed his chest, but the man took another arm around him. Her fingers grabbed his suit directly, which was even more ambiguous.

It's like two people hugging each other.

There was a deep and satisfied smile from the man's head.

Suqin blushed with embarrassment. She began to struggle for a while. However, the man did not let her loose, but tightened her even more. The thin lips were like greedy, clinging to her forehead, and the lips kissed her gently.

Suqin felt a layer of heat all over her body. She narrowed her eyes slightly, and the bottom of her eyes was blurred and twinkling. At this moment, her mind was totally confused.

Xuanyuanchen hugged her like this, all the way to the presidential palace, the car drove into the entrance of the hall of the presidential palace, the bodyguard opened the door, Suqin only felt his face was very hot, xuanyuanchen got off the car, the bodyguard left very consciously.

Suqin stood still. The man took her hand and led her into the hall of his room. He pressed the key and Yedong had already left.

There are only two of them in the whole presidential palace.

Suqin swallowed her saliva nervously and coughed twice. Xuanyuanchen looked at it for a while. It was more than four hours since she took the medicine last time. Now it's 11:30 p.m. and she can take the second medicine.

Xuanyuanchen took the initiative to pour a cup of warm water for her. It was his cup. Suqin was just nervous and forgot to take the medicine, but the man picked up the car.

At this time, he took apart the pills and put them on the table, looked up at the woman who was still standing in the middle, and said softly, "come here and take the medicine."

Suqin also doesn't want to have trouble with her body. She also hopes to get better soon, so he doesn't have to worry about it.

Suqin picked up the medicine and ate it with great cooperation. She was not comfortable at first, and now it is so late. In addition, her sleep has been bad for the past two days. So, at this moment, she really feels a strong sense of tiredness in her body.

She wants to sleep.

"Good night." Suqin said to the man on the sofa that she has a room here, so she will go back to sleep.

Xuanyuanchen looked at the woman who had finished saying goodnight and went upstairs. He blinked his eyes, and a helpless smile came up from the corner of his mouth.

What is this woman worried about? Worried about what he will do to her tonight?

Xuanyuanchen goes to bed by her. He brings her back not because of what he wants to do, but because he hopes that when she is ill, he can accompany her and take care of her. But now it seems that it's too late for her to avoid him!

Before, he didn't care about his identity, but now, he found that it was a little hard to have this identity and have a love.

When Suqin returned to the room, the air conditioner was turned up. She took off her coat and sat on the bed wearing a sweater. She breathed a little and lay on her soft bed. She felt very comfortable.

She really wanted to have an undying love with her bed right away. She felt that it was dawn.

Suqin was so confused. She pulled up the quilt and put it on her body. She fell asleep and the medicine had sleeping ingredients. So she was really tired at the moment.

Ten minutes after she fell asleep, xuanyuanchen pushed the door in. He thought she didn't sleep. Unexpectedly, the woman in the bed had long hair scattered, and she was already asleep.

Xuanyuanchen raised his mouth and made some self mockery. It seems that his charm is useless in front of this woman. He is right beside her, and she is willing to fall asleep so fast.

Xuanyuan Chen has tucked in the quilt and covered some for her. In the apricot quilt, she has a face, which is particularly white and attractive. Xuanyuan Chen bent down and printed on her red lips.

"Good night." He gave a deep smile and stroked her long hair. In his sleep, Suqin's mouth seemed to feel his presence.

For Suqin, the things that can't be expected in reality, in the dream, she can, so, at this moment, in her dream, it's in the garden of spring, the scene of her walking with xuanyuanchen, his figure is within reach, she holds him with greed, and lightly leans her face on his shoulder.

Chapter 567

In the morning, Suqin opened her eyes and thought it was at home. She used to put her hands around the pillow and was going to sleep again.

Then she suddenly thought of something and opened her eyes. Sure enough, in the guest room of the presidential palace, she covered her forehead. Although the fever subsided, her body was still faint after the cold.

She took a look at her cell phone. She was used to getting up early. Now it's only a little over 7:00. Suqin breathed a sigh. What should I do?

She had asked for leave, but now she was in the presidential palace, which was really embarrassing.

This presidential palace, unlike a hotel on the street, can take a taxi home. Here, without xuanyuanchen's decision, she can't leave at all.

Suqin gets out of bed to wash and put on a suit. She is here. She can't wear private clothes. She will look very unprofessional.

Suqin thought to herself, would you just go to work! If xuanyuanchen is willing to let him work here.

In the gym, xuanyuanchen's figure has been sweating like rain. He is wearing a black vest and a towel around his neck. His strong body contains a strong explosive force.

Suqin waited in the room for a while. She felt that hiding in the room was not the solution. She had to come out to see whether she would go to work or go home.

She pushed the door out and stood in the corridor for a while. Then she heard footsteps coming from another corridor. She looked at the corridor in surprise. At the corner, a tall and healthy figure stepped forward.

A pair of long legs steady and powerful, and the whole body, more exudes the male hormone breath, is the xuanyuanchen of satin training back to the room.

Two people suddenly met in the corridor. Both of them were stunned. Suqin's eyes were slightly gaping. Except for the time when he was injured, the ordinary Xuanyuan Chen was almost dressed in uniform suits. At the moment, his figure was just like this in her eyes.

Inexplicably make her face a little red, she looked more upset, she was busy drooping eyes.

Xuanyuanchen squints at her uniform and smiles, "are you ready to go to work?"

"Even if I'm in the presidential palace, I'm going to work!" Suqin answers her.

Xuanyuanchen approached her step by step. Suqin's heart couldn't help getting nervous. Within three steps of his leaving her, she could smell the sweat and the smell of male hormones from him. Unconsciously, she stepped back to the door and leaned against the door frame.

She startled, looked up, a big hand so naturally stroked her forehead, feeling the temperature on her forehead.

"I'm fine. The fever's gone." Suqin said.

"And keep taking the medicine." Xuanyuanchen opens his mouth in a low voice.

"Well, I know." Suqin answers.

Xuanyuanchen looked at her blushing face. He lowered his head and looked at his clothes at the moment. He really hoped that his figure would satisfy her and he would be a man, which is particularly important.

Suqin has been hanging his head, where dare to see more?

"I'll go back to my room and have a bath. Ye Dong should be here. I remind him to make breakfast for two."

Suqin's brain is slightly fried. Breakfast for two is so ambiguous.

Xuanyuanchen takes another look at her, which pushes the door into his master bedroom and closes it.

Suqin didn't want to run around at the moment. She opened the door and entered her own room.

Xuanyuanchen took a bath and came out. The mobile phone he put on the sofa rang. He looked at it. The eyebrows of the sword were slightly tightened. He reached out and picked it up. "Hello! Mom."
"

"I asked general Lin's granddaughter bingyue to go to the presidential palace for lunch at noon."
Cheng Xuelan's voice came.

Xuanyuanchen hesitated for a few seconds and answered, "OK!"

"Chen, mom hopes you can accept the ice moon this time, and make a good association with her."

"Mom, I haven't seen her. I don't know how I feel about her." Xuanyuanchen's tone has no sense of expectation.

"OK, mom will bring her to you at noon, you will like it."

"Well! I just took a bath and got dressed first. "

"Be careful not to catch cold." Cheng Xuelan hangs up at that end.

Xuanyuanchen went to the cloakroom. When he chose clothes, he didn't choose the shirt and suit of any color, so he took a suit at will. His long fingers were clasping the buttons one by one absently, with a complicated look.

Suqin waited in the room for a while. Just then, there was a knock on the door.

She stretched out her hand and pulled back. Xuanyuanchen stood at the door, dressed in a suit, handsome and straight.

"Go downstairs and have breakfast!"

"Good." Suqin nodded.

In the early dining room, ye Dong made snacks for her, and stewed the bird's nest. Suqin was very grateful.

At breakfast, xuanyuanchen's eyes looked at her carefully. Then, he said casually, "I'll let my men take you home later. Even if you're still on vacation, I won't ask you to come to work." Suqin was drinking porridge, but she soon chuckled, "OK! Just in time, I don't have the spirit to work. "

Xuanyuanchen didn't find her mind, but Gongqin's heart was clear. Xuanyuanchen suddenly wanted to send her away. It must not be because she was on holiday, but for other reasons!

Whatever it is, she is willing to leave.

After a quiet breakfast, xuanyuanchen got up, took his cup and poured a cup of warm water, took her medicine, and went to her table, "after the medicine, go."

"The same goes for me when I go home." Suqin just thought about it. He went home to take the medicine.

Xuanyuanchen insists, "eat here and go."

Su Qin is shocked. His bullying is everywhere.

She took the medicine one by one and ate it, looked up at him, "OK, can I leave now?"

"Well! The bodyguard is waiting at the door. I'll take you out. "

"No, it's cold outside. I'll go myself." With Suqin finished, she went out with her bag.

Xuanyuanchen can only watch her go out, and has been waiting for her to leave. Xuanyuanchen calls Li Sen, "ask two servants to come here and tidy up Suqin's things. My mother will come here."

Li Sen immediately understood, "OK, I'll let someone go right away."

Xuanyuanchen also doesn't want to let his mother know that Suqin lives here. It will damage Suqin's identity and make her misunderstand that she is too casual. Therefore, xuanyuanchen needs to pack Suqin's supplies and put them back in place when she goes to work.

After a while, Li Sen sent someone over. Suqin's room was clean and tidy, and there were not many things belonging to her. It was easy to clean up.

Suqin took a car to go home on the way, the heart has been tightly clenched, she guessed, is that general Lin's granddaughter to the presidential palace?

Chapter 568

At home, Suqin's head was still heavy. Li Qian saw that she went out in her private clothes. Now she changed her suit and came back. She was surprised. "Where did you go last night?"

"I didn't feel well last night, so I stayed at my friend's house."

"Is your friend male or female?"

"Women, of course." Suqin replied with a smile.

Li Qian also hoped that it was female, but her daughter was still famous. Looking at her carrying the medicine, she asked about her condition.

Suqin can have a good rest at home, lying in bed, she wanted to sleep, but found that can not sleep.

At noon, in the garden outside the presidential palace, a black car slowly drove in. The bodyguard got off the car and opened the door very gently. Cheng Xuelan took the lead in stepping down. Then, behind her, a young and elegant figure followed her.

She has long curly hair, half in the back of her head, and an apricot color windbreaker, which makes her whole person look dignified, elegant, beautiful and generous, with delicate facial features, showing the temperament of a lady.

It can be said that this is a perfect woman. She is the granddaughter of general Lin, Lin bingyue, whom Cheng Xuelan likes.

"Icy moon, come in!" Cheng Xuelan said to her.

"Well, aunt LAN." Lin bingyue immediately reached for her arm and held her very considerate.

Cheng Xuelan is very pleased to see her and pat her on the back of her hand. "Don't be nervous when you see my son, just treat him as a brother."

Lin bingyue's eyes flashed a touch of coyness, and she made a sound.

In the hall, Xuanyuan Chen, who received the news early, chose to work in his study at home today. At this moment, when Li Sen saw his wife and Miss Lin coming in, he immediately smiled and said, "madam, Miss Lin, you are here."

"And he?"

"You are still reading official documents in your study."

"Let him out!"

"OK!" Li Sen finished, turned to the direction of the study, Lin Bingyue's eyes can not help dark down happy and look forward to Li Sen's side.

In fact, this blind date can be said to be one-sided. Lin Bingyue doesn't pick Xuanyuan Chen for any shortage at all, or she is waiting for him to choose her. If he is willing to associate with her or get married, she will be 100.

In the study, Li Sen knocked on the door and went in. "Sir, madam and Miss Lin are here."

Xuanyuan Chen put down his pen, as if he was dealing with something more painful than his work. He breathed a little, got up, and his suit was unbuttoned. When Li Sen saw it, he immediately came forward to prepare it for him.

"No need for you." Xuanyuan Chen has already buttoned the suit.

Lin Bingyue is sitting on the sofa. At the moment, she hears the footsteps coming from the corridor. Her eyes immediately stare at her. Unexpectedly, a tall and charming figure comes into her eyes. The man is noble and dazzling, perfect as a God.

She stood up immediately to welcome him.

Looking at her son's appearance, Cheng Xuelan shows her pride as a mother.

"Ma, Miss Lin, you are here." Xuanyuan Chen looks at his mother. Meanwhile, the polite Chaolin Bingyue nods his head and sits on the sofa opposite them in his suit.

"Icy moon, you sit down, too." Cheng Xuelan is still standing on Lin bingyue road.

Lin bingyue smiles and looks at the man in the opposite direction. Meanwhile, he sits beside Cheng Xuelan.

"Let me introduce you to my son xuanyuanchen." Cheng Xuelan is the middle introducer. She looks at her son again and says, "this is general Lin's granddaughter, bingyue, whom I have been talking to you about."

"Hello, Mr. President." Lin bingyue says hello with a smile in her eyes.

Xuanyuanchen politely nods in response, "hello."

"Bingyue doesn't mean to call him president. You can call him Xuanyuan brother as your neighbor's brother." In order to close the distance between two people, Cheng Xuelan took the initiative to change the name for Lin bingyue.

Lin Bingyue chuckles and cries out, "brother Xuanyuan."

Xuanyuanchen chuckles, then looks at his mother, "Mom, how are you doing recently?"

"I'm in good health." Cheng Xuelan replied, "it's your father's old fault that has been committed again. Of course, we are all anxious about your marriage."

Cheng Xuelan didn't want to let her son get in the way, so she turned the conversation around and turned it to his life-long event. Xuanyuanchen was helpless and smiled, "it's too urgent."

"No, ice moon is a very good girl. You should take good care of it." After that, Cheng Xuelan said to Li Sen, "Li Sen, you accompany me to the president's office. I have some old friends. Have a good chat and let them talk here!"

Cheng Xuelan deliberately creates a chance for them to get along alone. Li Sen naturally doesn't dare to get in the way. He laughs and says, "OK, madam."

Lin bingyue is a lady in the world. Although she is coquettish, at the moment, she is facing xuanyuanchen alone, not flustered, and her eyes show a sense of self-confidence. Cheng Xuelan and Li Sen leave. After ye Dong delivers tea, they disappear.

In the hall, there are only Lin bingyue and xuanyuanchen.

"Brother Xuanyuan, my aunt Lan said, we met when we were little. You may have held me!" Lin bingyue said with a smile.

Xuanyuanchen slightly twisted his eyebrows, "isn't it? I don't have much memory. "

"You are so busy every day, so many state affairs, naturally can't remember, but when we were little, we really had to meet." Lin bingyue said persistently.

"Oh!" Xuanyuanchen smiled for a while. Although he looked at her, there was no extra divine color in his eyes.

In Lin bingyue's eyes, the autumn waves are rippling, and in his smile, they all show his love for him.

Xuanyuanchen naturally felt it, but at the moment, it was Suqin's figure in his mind. He suddenly smiled bitterly. If Suqin, like the woman in front of him, showed the color of his love in his eyes, that would be good.

However, Suqin's difference is exactly what attracts him. Even if he pursues her now, he has a very happy fun. It is worth spending his energy and time for love.

"Brother Xuanyuan, what are you thinking?" Lin bingyue asked curiously, because she saw xuanyuanchen's eyes looking at a place, and she was entranced.

"Nothing, work."

"Have you been busy lately?"

"I'm busy every day, working more than 14 hours, with little personal time." Xuanyuan Chen finishes saying, looked at the watch again.

This makes Lin Bingyue feel guilty and uneasy. It seems that she is taking up his precious time. However, she really wants to get along with him more.

"Then you must be very tired, brother Xuanyuan. If you can let me take care of you, I will be very happy." Lin Bingyue's bold expression implies her own thoughts.

Chapter 569

Lin Bingyue expresses her own idea. She can't help looking at Xuanyuan Chen's expression urgently. However, to her disappointment, in Xuanyuan Chen's eyes, she doesn't see that she wants to expect and surprise.

Xuanyuan Chen's eyes are as clear as a pool of water without any waves.

"Thank you for Miss Lin's kindness. You probably don't know me very well. I don't like being taken care of." Xuanyuan Chen's thin lips lifted gracefully and looked out of the window at the cold weather. He narrowed his eyes and said, "Miss Lin will sit for a while, and when my mother comes back, we will have lunch together. I have other work matters to deal with first."

Finish saying, Xuan Yuan Chen gets up, call Ye Dong to come over, "call a cup of hot tea for Miss Lin again."

"OK!" Ye Dong nods.

Lin Bingyue looks at Xuanyuan Chen and leaves like this. She can't help seeing him off and wants to call him. However, Xuanyuan Chen's back has a kind of inexplicable majesty, which makes her dare not be unrestrained.

Ye Dong changes a cup of hot tea for her again, and goes to busy again. In the whole hall, Lin Bingyue is sitting alone. Her face is slightly stiff. She doesn't know what to do at the moment. She came here to meet Xuanyuan Chen more.

He didn't even have time for her. He went to work again.

Just now, he said, his work is more than 14 hours a day? Lin bingyue's heart was filled with heartache. She really hoped that she could accompany him and lighten some burdens for him, so that he would not work so hard.

Cheng Xuelan came back with Li Sen just before 11:30 at noon. As soon as she entered the hall, she saw Lin bingyue sitting there alone and drinking tea. She couldn't help being stunned, "where's my son?"

"Mr. President is working in his study." Lin bingyue gets up and answers. When she is happy, aunt LAN will come back.

Of course, Cheng Xuelan knows Xuanyuan Chen. If he takes half an hour out of a day to chat with Lin bingyue, it's quite true. But at this time, he still has to run to work and neglect the girl. This son really doesn't understand the customs.

"Get him out, lissen." Cheng Xuelan urges Li Sen around her.

"OK!" Li Sen responded with a smile and went to all the offices of xuanyuanchen.

"Aunt LAN, your Excellency the president is so busy. Don't disturb him. I'm ok. I'm fine alone." Lin bingyue said thoughtfully.

At this time, it's not easy for Cheng Xuelan to tear down her son's platform. She sighed, "he's busy, but you must be a guest. I'll let him spare some time to accompany you. It's OK."

In the study, xuanyuanchen looks at the Li Sen who pushes the door to come in, but sighs a little, "my mother is back?"

"Well! Madam asked you to come over. " Li Sen nodded.

Xuanyuanchen knows that his mother is here. He wants to leave because he is busy at work. That must not be the case. He stands up and steps out.

Arriving in the hall, Cheng Xuelan's eyes reproachfully swept over, Xuanyuan Chen's mouth curved with a charming smile, "Mom, are you back, happy to talk?"

Lin bingyue's eyes were directly fascinated. The man's smile made the woman's heart palpitate, as if even the cold had been dispelled by his smile.

However, xuanyuanchen's smile was only for his mother. When he fell on Lin bingyue's face, his smile was restrained and he apologized slightly, "Miss Lin, I have kept you waiting for a long time."

"Nothing!" Lin bingyue answers.

Cheng Xuelan looked at her son and said, "Xiao Chen, I asked you to chat with Miss Lin. why did you go to work again?"

"Mom, there are really some urgent documents to read..."

Cheng Xuelan's eyes stared at him directly, as if to say in the eyes, you continue to pretend! She knows that.

Xuanyuanchen knew that his own routine had been known by his mother, and he looked at her with a slightly flattering smile. "Mom, drink tea. I let Yedong specially make your favorite Dahongpao."

Cheng Xuelan grew up, but also take this son helpless, because he coax, she is happy.

Lin bingyue is really envious. She thinks that when will xuanyuanchen coax her so gently, she will be the happiest person in the world.

"Bingyue, what do you think of my son?" Cheng Xuelan turns to look at Lin bingyue and asks for her opinion.

Lin bingyue's clear eyes fell on xuanyuanchen with shame, and the joy and affection of the little woman was undoubtedly revealed on her face.

"I think brother Xuanyuan is very excellent, very good." Lin bingyue's admiration.

Cheng Xuelan once saw that there was no problem with Lin bingyue, and her son's charm was strong enough. Now, it's only a matter for her son to hand in the bottom. However, Cheng Xuelan was worried.

Because there is a Suqin in his son's heart, so he is relatively indifferent to Lin bingyue at the moment.

When Cheng Xuelan thought of Suqin, she sighed. Suqin is not bad, but she is more worried about her son's future. The royal power is becoming more and more unstable, and the situation is becoming more and more complicated. The real power that her son holds in his hand is not enough to make him secure his life's right. If we have the support of Lin family, we will be very stable in the future.

Cheng Xuelan looks at his son and asks him how he feels about Lin bingyue. Between the two mothers and children, Xuanyuan Chen looks at his mother with a smile. There is no special feeling in the smile

Ye Dong has made a very rich lunch. At the dinner table, Cheng Xuelan takes care of Lin bingyue's mood patiently.

"Xiaochen, I heard that bingyue likes prawns. You can bring her two prawns!" Cheng Xuelan said to his son, because the shrimp was right in front of him.

Xuanyuan Chen is slightly Zheng, but he still puts two into Lin bingyue's bowl. Lin bingyue immediately looks at him with gratitude and joy, "thank you, brother Xuanyuan."

"You're welcome." Xuanyuanchen's polite response.

"Bingyue is a family. Don't look out like this. He takes care of you. That's right." Cheng Xuelan says a word of comfort.

Lin bingyue hears a family, her drooping eyes light, and quietly looked at Xuanyuan Chen, who seems to have not heard this sentence.

After a meal, Lin bingyue showed the cultivation of a lady. She is very elegant. Her every move is the most standard upper class manner. It can be said that if she is the first lady in the future, she will never lose face for the royal family.

Cheng Xuelan likes her very much. She has the identity of matching her son and the temperament of becoming his wife.

She silently hoped that her son's heart could accept her.

Chapter 570

After dinner, Cheng Xuelan is going to take her to visit the presidential palace. She originally wanted Xuanyuan Chen to accompany her, but Xuanyuan Chen refused because she was busy.

Cheng Xuelan had to accompany her. They went upstairs to visit her. Lin bingyue was walking on this extraordinary staircase. She imagined that if it was the place where she would live in the future, how wonderful it would be!

Arriving at the second floor, there are also many famous paintings displayed here, which are of great appreciation value. As they walked, they enjoyed them and went to the last room on the third floor.

"This is my son's master bedroom. I'll go in and have a look." Cheng Xuelan has not taken care of his son's personal life for a long time. At this moment, she is curious about his life.

Lin bingyue's pretty face is a little red, but she wants to visit Xuanyuan Chen's master bedroom more curiously. Cheng Xuelan pushes the door open and goes in. The room is very tidy and exudes a kind of masculine fortitude.

Lin bingyue steps in, her heart beats faster. She looks at a black windbreaker hanging nearby. Her hands touch it gently. She imagines xuanyuanchen's handsome and unrestrained in this windbreaker. She sees the gray double bed again.

She immediately imagined a picture in her mind, a smile on the corner of her mouth, the picture of xuanyuanchen lying on it, and she nestled in his arms.

Cheng Xuelan came in to have a look. Then she knew that her son still kept the way of life that she had practiced in the army. She looked up and saw Lin bingyue come in. She smiled, "OK, let's go! Look elsewhere. "

Lin bingyue's eyes saw a bottle of red eyedrops in front of xuanyuanchen's bed. She couldn't help but feel more distressed. He must have been working for too long. His eyes hurt. So, he prepared eyedrops!

Of course, she didn't know that this eyedrop was Suqin's, and xuanyuanchen took the initiative to use it from her room.

When Lin bingyue came out, she suddenly saw a door next to the master bedroom. She was surprised at the place where someone lived. She couldn't help but open it to have a look. It was very tidy.

"This is the guest room. It used to be the place where Xiaochen lived when he was a child. But now, there should be no one living in it." Cheng Xuelan said a word.

Lin bingyue can't help but smile and close the door.

For a while, Cheng Xuelan led Lin bingyue downstairs. It was almost four o'clock. Cheng Xuelan said to Lin bingyue, "bingyue, I'll ask the driver to take you back first. I'll talk with my son in the evening. I'll make an appointment next time."

"OK! Aunt LAN. " Lin bingyue nods, and at the same time, she also knows that she will talk about her things. Lin bingyue reaches for Cheng Xuelan's arm and looks forward to saying, "aunt LAN, I really love and like brother Xuanyuan. Can you speak well for me in front of him?"

Cheng Xuelan patted her on the back of her hand gently, "don't worry! To Aunt LAN. "

"Well!" Lin bingyue nods happily. She thinks, "I'll go and say hello to brother Xuanyuan."

"Go!" Cheng Xuelan answered, and she took a rest on the sofa.

Lin bingyue followed the corridor all the way to the door of the study. She reached out and knocked on the door. There came a low voice line from xuanyuanchen, "come in."

Lin bingyue gently opened the door, walked in with a smile and smiled at the man in front of the desk. "Xuanyuan, I'm here to say goodbye. I need to go back."

Xuanyuanchen looked up from the document, smiled and nodded, "OK, pay attention on the way."

Lin bingyue chuckled, "Hmm! Don't be too busy, either. Pay attention to rest. "

"Thank you for your concern." Xuanyuanchen's polite reply.

Lin bingyue's heart fell, Xuanyuan Chen's politeness, to her, is clearly to refuse her meaning, she bit the lip, bear the loss of reluctant to turn around and come out.

After seeing off Lin bingyue, Cheng Xuelan drinks tea in the hall for a while, and then goes to xuanyuanchen's office.

Xuanyuanchen is also busy. Seeing his mother come in, he dare not neglect her.

"Mom."

Cheng Xuelan sat in the opposite position, looked up at him and asked seriously, "what do you think of the ice moon?"

"She's a nice girl." Xuanyuanchen commented.

"Yes! You think she's good, too. So, would you like to socialize with her? "

Xuanyuanchen slightly twisted his eyebrows. "She is excellent in all aspects, but I don't have that feeling for her."

"Are you refusing? You are thirty-two. If you don't marry again, the whole country will be in a hurry for you. The royal blood is waiting for you to continue! When are you going to wait? " Cheng Xuelan said angrily.

Xuanyuanchen looked at her mother, the firmness in her eyes did not waver. "Mom, you believe me, as long as I find the woman I like, I will get married immediately."

Cheng Xuelan's heart was shocked. Does this remark of his son imply that he likes Suqin and decides to marry her?

"Hum! Bingyue is a very good girl, and her love background is also matched with yours. Although I am not involved in political affairs, I am very clear in my heart that you need such a family as your strength support. ""Mom, I don't want my marriage to fall victim to politics." Xuanyuan Chen taut handsome face retort.

Cheng Xuelan's chest heaved with anger. "Mom, it's for you."

"I know how to go in the future. You don't have to worry." Xuanyuan Chen comforts a voice, also don't want to be angry bad mother.

"That must be a hard way to go. Now the shortcut is in front of you. As long as you marry bingyue, the whole Lin family is closely connected with the royal family. Is there anything more relaxed? Besides, the state is discussing the promotion of vice president, and is dividing your power. " Cheng Xuelan's face is painstaking and attentive. She is just a mother who is very worried about her son.

Xuanyuanchen smiled, "Mom, you don't have to worry about these things. You should enjoy your life when you are so old."

"You are my own, not picked up, can I not worry?" Cheng Xuelan hums.

Xuanyuanchen got up, went to her mother's side, took her, "well, mom, things are not as serious as you think."

At the moment, Cheng Xuelan really can't understand her son's idea. Maybe she thinks more seriously, but this is the future trend of things. It's also necessary for her to plan without rain.

At the moment, Cheng Xuelan knows that there is no way to persuade his son, because he is determined and hard to shake. If he falls in love with Suqin, then he can't see Lin bingyue at this moment.

Unless Suqin really had to leave his heart, he would be able to fall back and ask for the second place.
