Chapter 571

Xuanyuanchen's heart was also relieved when he saw off his mother. At least, he gave his mother an attitude in this matter. He didn't be too tough. He also took into account that in the future, he would introduce Suqin to his family.

If he refuses Lin bingyue too strongly at the moment, then, in the future, his mother also knows that Suqin is right beside him, maybe she will still complain about Suqin.

Now, xuanyuanchen doesn't want to involve Suqin in this matter. As long as his mother mentions Lin bingyue again, he pushes it out for various reasons. As before, his mother will understand that he doesn't like Lin bingyue to force him no longer.

Xuanyuanchen can't wait to recall Suqin. He picks up his mobile phone, walks to his study, and dials Suqin's number directly.

"Hello!" The soft voice of Suqin came.

Xuanyuanchen only feels any stuffy mood at the bottom of his heart, which is dissipated because of this sentence. The whole person's facial expression becomes smooth, and he chuckles, "what are you doing?"

"Read at home." Suqin replied.

"Your holiday is up to today. Come to work tomorrow morning!" Xuanyuanchen says.

At that end, Suqin smiled, "Mr. President, I still have three days' holiday, why do you let me go back to work in advance?"

At this point, xuanyuanchen can't explain to her, he can't help but put on a tone of superior, "let you come back and come back! I need you here. "

"Good! I will go. " Suqin promised him.

"Suqin, why don't you live in tonight?" Xuanyuanchen's voice line shows a trace of pitiful appeal.

Suqin was silent for a few seconds. "I'd better go there early tomorrow morning."

"All right! Whatever you want! " Xuanyuanchen just doesn't ask.

"See you tomorrow." Suqin is going to hang up.

"Wait a minute, I want to talk to you again and listen to your voice." Xuanyuanchen unexpectedly some don't willing to hang like this.

"What are you talking about?" Asked Suqin curiously.

Xuanyuanchen did not find any topic for a while, so he said deliberately, "Suqin, do you know you are hurting me?"

That end of Suqin directly took a breath, "what did I do wrong?"

"You make me like you so much." Xuanyuanchen comes directly to a love story.

Suqin at that end didn't speak for another few seconds. He was probably angry.

Xuanyuanchen immediately some worry, low look for to ask, "you are angry?"

"No! I just didn't know that the president liked to tease people like that. " Suqin was not very angry there. To be honest, his first words really scared her. He thought that she had made a big mistake, which really hurt him.

Xuanyuanchen refutes seriously immediately, "this is my sincere words, how can I be teasing? I really like you. "

"My mother is calling me!" Suqin said at that end, "I won't talk to you first. I'll see what's going on with my mother."

"Good! Come early tomorrow. " Xuanyuanchen finish saying, that end hung up the phone first.

Xuanyuanchen is holding the microphone, slightly stunned. Besides his family, no one dares to hang up his phone first.

When Suqin was in the room, she heard her mother calling her as she went upstairs. "Xiaoqin, are you in the room?"

"Mom, I'm here. What's the matter?" Suqin asked, opening the door.

"Someone is looking for you outside." Li Qian said to her.

Suqin's face immediately tightened, "who is that?"

"Maybe it's your job! He is waiting for you at the door. " Li Qian said.

Suqin thought for a moment, but she took the bag and went downstairs. She hurried to the door and saw the driver's appearance. Her heart hurt. She was Cheng Xuelan's special driver.

"Hello, Miss Su. Please get in the car."

Suqin looks at the car. She really doesn't want to go up. She doesn't want to see Cheng Xuelan, but does she have a choice?

She nodded and sat in the driver's door. The cold wind came in. She felt cold and surrounded her arm.

The car is still driving on the previous route. Suqin looks out of the window without wind. She always guesses in her heart, this time, what is it about calling her to go?

Today, general Lin's granddaughter and xuanyuanchen should have met! Outside the window, it was already night, Suqin tired of leaning on the seat, the neon light outside the window flashed away.

The car stopped steadily in front of the arch. The driver opened the door. Suqin smiled gratefully. Then a servant came over. "Miss Su, please follow me."

Su Qin followed her all the way to the last teahouse. When Su Qin walked in, she saw Cheng Xuelan sitting on the sofa, her forehead on one hand, as if she was a little tired.

"Madame." Suqin said hello respectfully.

Cheng Xuelan looked at her and said, "Miss Su, I'm very sorry to call you here so late."

"It's OK. What's the matter, madam?" Suqin looked at her with a worried look in her eyes. Cheng Xuelan is upright. She looks at Suqin sitting in the light. She is quiet and beautiful. She really likes it. At least Suqin is not the kind of woman that makes her bored at first sight. Although she is not famous, she has a very special temperament.

Not inferior to the descendants of those famous families.

"Suqin, I want to beg you for one thing. Can you let my son die for you?" Cheng Xuelan opens her mouth directly, which is also her purpose of looking for her.

There was nothing on Suqin's face, but the invisible heart seemed to have a merciless palm to hold her tightly, which stopped her breathing for a few seconds. She gave a slight breath and looked up at the lady in front of her. She could not speak.

"I know it's cruel for me to do so. If my son is not the president of one country, I will never interfere with your feelings, but he is the president, and he has his own time."

Suqin's heart was crying, but her face was calm. She bit her lower lip and resisted a strong upsurge of emotion. She nodded, "OK! I promise you. "

Cheng Xuelan looked at her strong expression. She was also distressed. She had to bear the thought of comforting her and said, "Suqin, do you need my help?"

Suqin thought, "yes, I have one thing. I hope you can help me."

"You said, as long as I can help you, I will help you." Cheng Xuelan feels guilty about her.

"Please help me out of the presidential palace and let me out of Mr. President." Suqin said to her, if we cut off all these connections, then, the most important thing is to let her leave there and not see him, then she will not expect anything more.

Only in this way will her wishful thinking disappear.

Cheng Xuelan is stunned. Is this Suqin's request?

Chapter 572

"Well, I promise you." Cheng Xuelan nods. She can interfere in this matter.

"Then I'll go back, Madame. Goodbye." Suqin stood up politely and turned away.

Cheng Xuelan looks at her and sighs.

On the way home, Suqin leaned on the back seat powerlessly, tears fell silently, the dim yellow light covered all her sad expressions, making her calm as if she were a statue.

But heaven knows that her heart is cut like something, and it hurts, but she dare not breathe out.

When she got home, Suqin told her mother that she had dinner and she had returned to her room. In fact, she could not eat anything.

She closed the door tightly, and only at this time, she could let her tears fall wantonly. She thought, it's over.

How she hoped that such a thing could happen earlier, before she had gone abroad with him, so she would not have to suffer so much.

Because at that time, she had not moved to xuanyuanchen, had not had those unrealistic dreams, had not heard his love words, had not heard him say that she liked her.

Until now, she found that this man was like a poison, which made her drink, and his poison was all over her body.

After a night like this, Suqin got up early the next morning with red eyes. As usual, she washed, pulled up her long hair, and put on her work uniform. She was no different from before except her eyes were slightly swollen.

When she went out, Li Qian told her to drive carefully, because she was worried about seeing her going out in a trance.

"Mom, I'll be careful." Suqin reassured her mother that her driving skills were also very good, and she drove smoothly towards the presidential palace.

She walked to the front door of the staff. Her car stopped. She stepped towards the gate. As soon as Su Qin came to the hall, he saw a familiar figure standing beside the column, like waiting for someone.

Who is duanzixuan? Suqin also hasn't seen him for half a month. At this moment, duanzixuan sees her, and her eyes are bright. She comes to her at once.

"Xiaoqin, here you are."

Suqin looked at him, nodded his head, and passed him.

"I went to Lee to ask for help. He said that you have been asking for leave. What's the matter with you? Is something wrong? Are you not well? " Duan Zixuan asked.

Suqin stopped and looked at him seriously. "I'm fine."

Duan Zixuan's eyes touched Suqin's, and she was surprised to find her slightly red and swollen eyes. "What's wrong with your eyes? Did you cry? Is there anything wrong with your family? "

"I didn't sleep well." Suqin replied, to go.

At this time, duanzixuan immediately reached out and clasped her wrist, "I have something to tell you."

At this moment, it's the time when the staff come to the door. Their actions naturally fall into the eyes of many employees. They are surprised to see duanzixuan holding Suqin's hand.

Suqin wants to break away. She is held tightly by duanzixuan. After a while, she is pulled to a corner of the hall, and duanzixuan lets her go.

"What do you want to do?" Suqin asked angrily.

"Xiaoqin, you and Mr. President have more and more gossip. I'm worried about you."

"What gossip?" Asked Suqin.

"I heard that Mr. President had been working in the area where he lived before, so were you! Is nothing really going on between you? "

"What do you want to say?" Suqin looked at him coldly.

"I want to say that Mr. President is a man and a charming man. Will you be moved by him?" Duan Zixuan is very worried about this, because he can not find a trace of the past in the eyes of Su Qin.

Duanzixuan's words seemed to whip Suqin's body. She replied firmly, "no!"

Duan Zixuan breathed a sigh of relief. He knew that Suqin was a very clean girl and had strong principles. Even if the president was very charming, she would not become a florist.

"No! He must be Mr. President. The gap between you and him is too wide. It's impossible between you. "

Suqin's heart, and severely inserted for a while, between them, simply impossible.

Does everyone agree on that?

"I'm going to work." Suqin turns and leaves.

Duanzixuan knows everything he wants to know, and he is not in a hurry. As long as Suqin's heart is empty, he will settle in again sooner or later.

Suqin all the way back to the office, she just put down the bag, the desk inside the phone rang, she was stunned for a moment, reached to pick up, "Hello, hello."

"Here we are! Come to my office. " At that end, the voice of xuanyuanchen came with a smile.

"What would you like to drink?" Asked Suqin.

"I just want to see you." Xuanyuanchen's voice was low and urgent. Suqin's mood was smothering. She bit her lips and heard the domineering order, "come here now."

Suqin put down the phone, her heart some confusion, she did not know how to refuse xuanyuanchen's hegemony, he is the boss, she is subordinate.

Suqin had to follow his orders. She adjusted her professional suit and pushed the door to the direction of the majestic office door.

She stood at the door and rang.

The door opens from inside, xuanyuanchen's tall body is standing at the door to meet her. Seeing her, his deep eyes are full of happy smile.

"Here, come in."

Suqin walks in on his side. Behind him, xuanyuanchen closes the door. Suqin's heart beats faster. Turning around, a pair of domineering arms come around and hug her in his arms.

"Is the cold better?" Finish saying, he vacates a hand to stroke her forehead, touched the normal temperature, he just at ease.

"Already." Suqin replied stiffly.

"Has the medicine been brought?"

"I won't eat any more." Suqin is ready, so he doesn't want to eat.

Xuanyuanchen twisted his eyebrows, "the medicine is still to be eaten, otherwise, it is easy to relapse."

"I'm fine! Mr. President, I'm working. Can you let me go first? " Suqin's feeble request.

Xuanyuanchen released her hand and returned her freedom. Suqin stood up straight, turned around and touched the man's deep gaze at her eyes. She lowered her head in some confusion, "don't do this."

"Well." Xuanyuanchen asked.

"When we work, let's work!" Suqin thought of separating private affairs from work, and hoped that he would do the same.

Xuanyuanchen is a little helpless, he stroked her long hair, "OK, I promise you, work time, work, but, think of you this, I can't control."

Suqin pretended not to hear, and his mother's advice came to her mind. She said, "I'm back in the office."

Chapter 573

Sitting in the office, Suqin is in a trance. Xuanyuanchen doesn't ask her to do anything. At the moment, she doesn't need her to do anything except read the email.

As soon as the phone rang in, Su Qin's heart beat and reached for it. "Hello, hello."

"It's me. Do you have time to give me a cup of coffee?" That end, xuanyuanchen's voice, gentle with a trace of pleading.

"Sure, I'll send it to you right away." Suqin's voice shows that she is still working, neat and direct.

"Good." Xuanyuanchen smiled and hung up the phone.

Suqin takes the coffee to his office. She knocks on the door and enters. Xuanyuanchen is the only one in the room. Suqin puts the coffee at his desk. She takes the initiative to clean up some papers he left in disorder.

Xuanyuanchen holds the coffee and drinks it elegantly. Her eyes fall on her involuntarily. Looking at her serious appearance, she is really charming.

Suqin knew that he was looking at her, and she was restrained by his influence. She carefully tidied up his desk. Suqin was packing two pens he had misplaced. Suddenly, a man grasped her hand and tightly wrapped it in his palm, making the two people's skin touch each other.

Suqin's heart beat, looked up at the man sitting on the office chair, slightly raised his eyebrows and smiled at her. His eyebrows were gentle as the spring breeze, and his eyes were not domineering, like a deep lover, staring at her like this.

Suqin's eyes were in a panic, and she was restraining herself from being attracted by him step by step.

Xuanyuanchen didn't realize what she was hiding like this. He only thought she was shy. The more she was, the more he wanted to attack, otherwise, she would not go forward to please him if she was so shy.

He decided to ask for her, so, in this relationship, there must be someone who is active. Just in time, he is good at taking the initiative.

At this time, there was footsteps outside the door, followed by a knock on the door. Suqin hurriedly drew back his hand. Xuanyuanchen smiled and said, "come in."

Li Sen came in, and when he saw Suqin in the room, his face was stiff at once, and then he coughed softly, "Sir, if you are busy, I will come here later."

Xuanyuanchen looks at Suqin with a smile, and Suqin immediately says, "I'll go back to the office first."

Suqin hardly dared to look at Li Sen's face, so she hurried out and shut the door.

Suqin left, and Li Sen came over seriously. "Your Excellency President, general Lin asked you to stay at his house tonight, and sent an invitation."

Xuanyuan Chen slightly twisted his eyebrows. It seems that Lin's side has started to operate this relationship. Xuanyuan Chen has not yet agreed, so Li Sen advised, "Sir, you'd better go! It must have been general Lin's invitation. You can't help it. "

Xuanyuan Chen breathed a sigh, "well, I should do it for me. I'll be there tonight."

"OK!" Li Sen nodded.

"You go with me." Xuanyuanchen said again, "after dinner, remind me to leave. I don't want to stay more."

Li Sen is the best at this kind of thing. He nodded, "OK! I will find a very important reason for you to leave. " With that, he said, "your meeting will begin in a minute."

Xuanyuanchen nodded for a while, and Li Sen left. He took a sip of coffee and had a deep and unpredictable thought in his eyes.

Suqin sits in the office for a while, and Li Sen knocks on the door and comes in. "Xiao Su, there's an assistant meeting at 10 o'clock. You can attend it. It's in the meeting room on the third floor."

"OK!" Suqin got up and said, "I see the mail."

When Li Sen left, Suqin sat down and the phone rang in front of her. She picked up and answered, "Hello, hello."

"Xiaoqin, it's me." Duanzixuan's voice came.

"It's working time now. Please don't disturb my work." Suqin's voice was cold.

"Don't hang up, just give me a few minutes, will you? I have something to say to you. If I don't say it, I'm in pain. "

"No matter what you're going to say, we're all clear. There's no more relationship, so there's no point in what you say." Suqin said, then hung up.

Duanzixuan's entanglement, according to politeness and cultivation, she has been very polite to him.

Duan Zixuan sat in the office and was hung up like this. He was really depressed. Just now, he looked at their previous photos again, so his mind surged strongly.

He had an impulse to see Suqin immediately. Duanzixuan stood up and went out with courage.

He must see Suqin at once to comfort his lovesickness, otherwise, he will feel too painful.

Duanzixuan arrives at the sixth floor. It's very quiet. In the silence, there's a kind of dignity. Once you enter here, there's a kind of unbridled oppression.

Duanzixuan goes straight to Suqin's office. At the moment, it's only around 9:30. Suqin is going to attend the assistant meeting.

At this time, there was a knock outside the door. She was shocked and looked up. Duanzixuan pushed the door in. Looking at the uninvited duanzixuan, Suqin immediately stood up from his position, "what are you doing here?"

"Xiaoqin, you just hung up my phone. I can't help it. I really want to see you. I regret what I did to you before. I want to die. But I know that everything can't be retrieved. But my feelings for you are as strong as ever."

Duanzixuan said what he wanted to say in his heart.

He didn't know what he could do, but he hoped to let Suqin understand his heart, because just now he recalled the past. In the photo, Suqin loved him so much. He mistakenly thought that the love was still there, even if it was only a little bit, it could make her change her mind.

Duanzixuan expressed his feelings so eagerly, but in Suqin's eyes, there was no sign of being infected. He only looked at him calmly, like a madman.

Looking at her calm appearance, duanzixuan's heart suddenly became more and more crazy. He urgently wanted Suqin to respond to some of his feelings, instead of being so expressionless and cold, as if he had no mood to deal with him.

Duanzixuan suddenly rushed to Suqin's side, holding her shoulder in both hands, "Suqin, I want to get back to you, shall we go back to the past?"

Suqin was so grabbed by his shoulder, suddenly angry, she reached out to push him, "duanzixuan, you are crazy, let me go."

"I won't let it go unless you promise me to get back together with me." Duanzixuan is really crazy. He thinks about Suqin these days. He doesn't want to eat or work.

Just trying to save her.

Chapter 574

From the direction of the president's office, xuanyuanchen walked this way. He stood at the door of Suqin's office and heard the male voice inside through the door. His eyes narrowed and he opened the door directly.

He saw Su Qin standing in front of the desk. Duan Zixuan pressed her shoulder and seemed to want to do something disrespectful to her. Moreover, the excited face of duanzixuan was very close to Su Qin's face, as if she would be forced to kiss in the next second.

Xuanyuanchen's heart was filled with rage, as if his things had been touched by others, which made him want to directly beat duanzixuan in front of him.

Duanzixuan looks at the xuanyuanchen who comes in. He is shocked. Before he makes a response, he feels a fist hitting his face door. He can't dodge it. The sharp pain on his face spreads. His body, too, is rattled back by the boxing.

Suqin is also suddenly appeared by xuanyuanchen, shocked for a few seconds. The next second after duanzixuan is hit, her body is pulled into her arms by the man's bullying, not to protect, but to announce his ownership.

Duanzixuan covers the beaten face, then raises his head, and directly sees the picture of Suqin being pulled into his arms by xuanyuanchen. He is stunned directly, and even forgets the pain on his face.

What's going on? How could Suqin get the president together?

"Duan Zixuan, do you dare to commit a crime in the presidential palace?" Xuanyuanchen's voice line anger cannot be exposed.

Duan Zixuan's eyes twinkled and quickly explained, "Your Excellency, I I just Just to talk to Suqin, I didn't want to do anything to her. "

"What you have just done is clearly harassment and aggression." Xuanyuanchen only wants to be punished by duanzixuan.

Duan Zixuan's face changed with fright. He hurriedly waved his hand and explained, "Your Excellency President, you misunderstood me. Suqin and I are old acquaintances. She is my former girlfriend. I just came to talk to her. I have absolutely no aggression." Finish saying, duanzixuan pleaded to look at Suqin, "Xiaoqin, would you like to say something?"

Suqin's eyes looked at him coldly, "you go! I don't want to see you again. "

Duanzixuan has her words, and he has the reason to leave. He hurriedly covers half of his face and goes to the door. Xuanyuanchen's voice warns coldly, "if you let me know, you can find her again, you can get out of the presidential palace."

Duanzixuan shuddered in horror, and he quickly replied, "I will never again."

With that, he left in a gray way.

Suqin stands straight from Xuanyuan Chen's arms, and Xuanyuan Chen immediately holds her shoulder. "Did he hurt you, or did he do anything to you?"

"No." Su Qin shakes his head. Duanzixuan is just too excited, but he doesn't do anything.

Suqin said so, but he could not calm his anger. He snorted coldly, "I will cancel his position immediately, so that he will not have a chance to see you again."

Suqin was shocked. Although duanzixuan didn't forgive her for what she had done, she said, "you just let him leave here."

"Are you sympathizing with him?" Xuanyuanchen's eyes flashed a touch of displeasure and chagrin. Should he say that he didn't care that they were lovers before? No, of course, he cares, so to speak, very much.

He would like to know her as early as a few years ago, occupy all her emotional experience, only let her belong to him, even, he would like to think, what stage they happened before, how sweet time they had.

Suqin found out that he was upset, she shook her head calmly, "I didn't!"

"Do you have any feelings for him now?" Xuanyuanchen is not forced to ask.

Suqin continued to shake his head directly. "He and I are strangers, not even friends. I don't want to see him again."

Xuanyuanchen believed what she said, he can't help squinting his eyes, "who is in your heart now?"

Suqin immediately looked up at him, but did not answer.

"Is it me?" Xuanyuanchen stooped down and approached her.

Suqin swallowed saliva, clear eyes flashing, do not know whether to admit this sentence.

Xuanyuanchen hook lips a smile, as if very certain his words, is the answer.

"It's time you went to the meeting." Suqin gave him a push and knew he was going to the conference hall.

Xuanyuanchen looks at her to catch up with him. There is a sense of resentment and annoyance everywhere. He holds her delicate chin in his big palm, and Suqin is slightly raised by his palm. The sexy lips of men are covered and kissed on her red lips.

Then, nibbling her delicate lip as if it were his punishment, she pulled away and opened the door of her office.

Suqin covers her red lips, and the slight pain makes her brain blank. This man, even in the office

Duan Zixuan went back to his office. His side face was still red and swollen. He covered his face and took a bottle of ice water and put it on his face. He didn't dare to be seen. In his mind, all he had just seen was Suqin, who was hugged by the president.

It's not the feeling that the boss protects his subordinates, it's more like the protection between lovers. Moreover, the president's eyes are full of disgust and killing, as if he moved his things. Duan Zixuan as a man, coupled with his experience of checking the appearance and color in recent years, at this moment, even if his head is not very rational, he has come to a conclusion.

Suqin and Mr. President are not in the general relationship between superiors and subordinates. Duanzixuan's heart sank suddenly. Are the things discussed secretly by the female staff in the office true?

Does Suqin really have an affair with the president? Is there a relationship between them?

Duan Zixuan sits on the chair directly. If so, what qualifications does his predecessor have to compete with the president?

He now finally understood why Suqin did not have a trace of old love for him in his eyes. It turned out that her new love was Mr. President! How can he compare with Mr. President?

Duanzixuan finally died. His crazy thoughts these days, at this moment, were watered by a basin of ice water, which made his heart cool. He dared not think of any extravagance.

It's just that in the gossip, it's said that Suqin secretly loves and seduces the president, but now, in his eyes, Suqin and the president are the relationship you love and I want.

When Suqin came down from the office to attend the assistant meeting, she only felt that the employees' eyes were looking at her with a kind of curiosity and surprise, which were like peeping at her.

Suqin walked calmly into the conference room and sat here as an assistant. She was the most senior one in the position, and her position was ranked in the chief office.

When Suqin sat down, the assistants all looked at her with envy and jealousy. At the same time, there was a kind of unspeakable, unspeakable and unspoken mockery.

I'm sitting here. Which one doesn't know. How did she get into the position of assistant to the president?

Chapter 575

When Suqin came out of the meeting room and returned to the office, xuanyuanchen was still in the meeting, and the phone in front of Suqin's office suddenly rang.

She was stunned and reached for her hand. "Hello."

"Suqin, tell me, what is the relationship between you and Mr. President?" The voice of the duanzixuan was angry.

Suqin is only bored. She says coldly, "duanzixuan, please don't interfere in my life again."

"Suqin, I'm so disappointed with you. I didn't think you were such a woman. You fell in love with Mr. President because of his power!" That duanzixuan seems to be very satisfied with his guess. He goes on, "you are not so simple and ignorant. You are no different from other women. You are greedy, and you have delusional dreams."

"Shut up." Suqin's angry response.

"I know that my position is not guaranteed, is it! Mr. President will not let me work here. "

Duanzixuan's tone is full of a sense of desperation.

Suqin didn't want to listen at all. She just pressed the microphone and broke it. She didn't want to hear a word again.

Her mood is very disordered at the moment. Just now in the office, the eyes of those assistants have made her extremely uncomfortable. Now, the words of duanzixuan make her mood more disordered.

At this time, the phone rang again, and Suqin could almost believe that this was still the call from duanzixuan. She didn't want to answer it if she wanted to make another nonsense call.

But the phone kept ringing and she had to reach for it

"Miss Su, it's me." A mellow female voice came from that end.

Suqin sat up straight. "How do you do, madam?"

It's Cheng Xuelan's voice.

"Suqin, I don't have your mobile number, I can only call your landline. You asked me to transfer your job last time. I've done it. You wait for the notice!" Cheng Xuelan's voice came.

Suqin was stunned, inexplicably feeling a little bitter inside. "Mr. President, do you know?"

"I'll let him know. Don't worry about the transfer!"

Suqin held the microphone and answered softly, "OK."

"Miss Su, it's hard for you." That end Cheng Xuelan finish saying, then hang up the phone.

Suqin put down the phone and fell powerless on her arm. She heard her heart falling heavily.

Suddenly, she heard footsteps coming from outside the corridor, and she quickly sat up. At this time, the door knocked, the door opened, and the figure of xuanyuanchen stepped in, smiling, "accompany me to lunch."

Suqin's face had not lost her spirit, and she had recovered her full energy.

"OK." She nodded.

"Leave now, ye Dong is almost finished." Xuanyuanchen said to her.

Suqin picked up his mobile phone and followed him from the sixth floor to his bedroom.

There is only one person's fingerprint in the passage, so only following him can we smoothly pass the five fingerprint password locks in this row.

When he arrived at his restaurant, ye Dong had prepared a rich lunch. During the meal, Suqin was a little absent-minded, and xuanyuanchen visited her several times.

"Do you have any thoughts?" Xuanyuanchen asked in a low voice.

Suqin looked up and shook. "No."

"Is it still because of the problem of duanzixuan? You can rest assured that he will not appear in the presidential palace from tomorrow. "

"You quit him?" Asked Suqin in surprise.

"No! It's just that he's been transferred to other urban areas. At least you won't see him again in the future. " Xuanyuanchen said lightly.

Suqin feels that duanzixuan will be mad. His hard work has brought him to his present identity. Now, suddenly he falls back to his original position, and he will collapse.

However, Suqin did not love him and met him. She hoped duanzixuan could straighten his mind and live a good life for him in the future.

"You don't want to plead for him?"

"I don't want to." Suqin shook her head.

Xuanyuan Chen hook lips a smile, appear very satisfied, "even if you plead also useless, duanzixuan's work has appeared the mistake, removed his post, is also sooner or later the matter."

Su Qin was shocked. Xuanyuan Chen crossed the back of his hand and put his chin on the back of his hand. "I'm going to have a short trip tomorrow, so you don't want to go with me."

"How many days will it take?"

"About two days."

"Good." Suqin nodded.

"I can't accompany you to dinner tonight. There's an entertainment. You can choose whether you want to live here or go home."

"I'll go home." Suqin said without hesitation.

Xuanyuan Chen some resentful stare at her, "where am I not good here?"

"No, I want to spend more time with my parents." Suqin explained.

But, this still makes the man slightly displeased, lightly hums, "you are clear to dislike me." "I didn't." Suqin retorts.

"Don't dislike me, that is to like me."

"I..."

"No rebuttal." At the same time, he got up, "well, there's still time. You go to take a nap for two hours, and then go to three."

Suqin was really in a bad mood. She got up and went upstairs. Xuanyuanchen also went back to his room to rest. Suqin went to the door of his room and the man standing at the door of the main bedroom turned around and asked with a smile, "do you want to sleep in my room?"

"No, I'm used to sleeping in the guest room."

Finish saying, she hurriedly pushed the door to enter, Xuan Yuan Chen is slightly chagrined of gaze tight close door, his footstep stepped out corridor again.

In fact, he didn't have time to take a nap, but he had to cheat Suqin to go upstairs to his room, so that when he was resting, she would have a good rest.

Sure enough, Suqin lay down in the room. She set an alarm clock of 2:30, relaxed her mood, and soon fell into sleep.

When Suqin heard the alarm, she opened her eyes and hurriedly got up to go out.

When I arrived downstairs, I saw Ye Dong holding a cup of coffee, ready to send it to my study.

Suqin asked casually, "is Mr. President up?"

Ye Dong can't help but reply in surprise, "you didn't take a nap."

"He didn't take a nap?" Suqin was shocked. He went back to his room.

"Yes, Mr. President has been in his study."

Suqin's heart was warm. The man lied to her that he wanted to take a nap, but he didn't.

"I'll deliver it!" Suqin Dynasty leaves East Road.

Ye Dong smiled and handed her the tray. Su Qin went to the study with a cup of mellow coffee. Suqin knocked at the door, and there came the man's low voice, "come in."

Su Qin pushes the door to enter, the man who is looking at the document raises his eyes, and is stunned directly for a moment. With a smile on his lips, he asks, "wake up?"

Suqin put the coffee gently in front of his desk. "Next time you don't sleep, I won't either."

Chapter 576

"No, you are not in good health recently. You must have a good rest."

"I'm fine." Suqin shook his head.

Around 3:00, follow him back to the office building. At about 5:30, Suqin left the office at the right time.

At the corner of a corridor, she heard lison's voice.

"Let the convoy be ready, and you will set off for general Lin's mansion."

Suqin's steps stopped, and at this time, Li Sen also turned around, saw her, Zheng for a few seconds, "Xiaoqin, do you get off work?"

"Yes." Su Qin nodded and smiled, and Li Sen nodded to her, then walked to the direction of xuanyuanchen's office.

Suqin steps to the elevator, thinking of what Li Sen said just now, and xuanyuanchen's saying that there is a party in the evening. It turns out that his party is to visit the Lin family.

General Lin's granddaughter, is the lady he's dating!

Suqin's heart was scratched silently. Some of the pain was intended to spread over the apex of the heart.

Xuanyuanchen comes out of the office. Li Sen has told him that Suqin is off work. Xuanyuanchen nods.

Suqin sat in the car, she did not leave immediately, she did not start, she saw the presidential palace gate, a team is ready.

After a while, xuanyuanchen, surrounded by Li Sen and bodyguards, came out and sat in one of the cars.

They are about to leave for Lin Zhai. Suqin silently watches the motorcade leave, but she hasn't started the car for a long time.

The forest house, with bright lights, is very classical in Chinese style, retaining a hundred years of heavy historical flavor.

Lin bingyue stood at the door in a long apricot dress, her eyes full of expectation and joy. She looked down at her clothes, and then, with some uncertainty, said to a maid who was accompanying her, "aunt Yang, do you think my clothes are inappropriate?"

"Don't worry, miss. You are beautiful today." Aunt Yang said to her with a happy face.

Lin bingyue chuckled, "I hope I can be more beautiful."

Every woman, in front of the man she likes, will have a kind of self-confidence, afraid that her shortcomings will be found by him.

At half past six, she heard the sound of cars coming from the other side of the gate, and then her father and grandfather came out to meet them.

"Icy moon, please remember to greet Mr. President." Mr. Lin made a careful confession.

"Well! I will. " Lin bingyue answers with a shy voice.

At this time, three black cars from the driveway to the direction of the door, the middle of the car stopped, Lin Fu took the initiative to open the door, and then, xuanyuanchen's figure stepped down.
"

"Hello, Mr. President." General Lin came forward and shook hands with xuanyuanchen.

Xuanyuanchen said with a smile, "general Lin, long time no see."

"Yes! I haven't seen you for another year. Last time I saw you, I was at an award ceremony! " General Lin said with a smile, looking at the magnificent young president, he really hoped that his granddaughter would have such a blessing and spend his life with such a man.

"Brother Xuanyuan." Lin bingyue's voice is sweet. Say hello to him.

"Hello, Miss Lin." Xuanyuanchen greets her very politely.

This made Lin bingyue's smile stiff. She thought he would call her bingyue.

General Lin and his son also took a look at each other and walked towards the hall in the direction of xuanyuanchen.

In the hall, two madams also welcome to come over, xuanyuanchen very politely greets with them, then was welcomed to the sofa place to rest.

Lin bingyue comes in, her eyes are looking at the slender and charming figure on the sofa, her heart rate can not help accelerating.

Xuanyuanchen is in her home, which inexplicably makes her have a kind of excitement, eager to have something happened with him in her own home.

Li Sen, xuanyuanchen's assistant, was also greeted. He sat on the sofa next to him and listened to xuanyuanchen and Lin's two heads chatting. He was just polite and chatting about some recent physical matters. However, this evening, they invited Xuanyuan Chen here to give her granddaughter a chance to get closer to Xuanyuan Chen.

After chatting for a while, old general Lin said, "Mr. President, let my granddaughter bingyue show you around! The evening view in this yard is very good. "

"OK!" Xuanyuan Chen nodded and agreed. Lin bingyue, who couldn't put in a word all the time, immediately stood up happily. "Brother Xuanyuan, let's go to the garden."

Xuanyuan Chen gets up and leaves the gate with Lin bingyue. Behind him, Lin's father and son are looking forward to him.

In the garden, Lin bingyue and xuanyuan Chen walk side by side. The beautiful sunset in the distance makes the ancient and antique garden more beautiful.

In Lin bingyue's eyes, at this moment, there is a more romantic atmosphere.

There was an idea in her heart. Later, xuanyuan Chen took a step and looked at his broad shoulders. She immediately planned to kick it. She pretended to kick it onto a bluestone road."Ah..." With a exclamation, Xuanyuan Chen turned around, and she took the initiative to put her arms in his arms. Her arms naturally embraced his waist, and the whole body actively nestled in Xuanyuan Chen's chest.

Xuanyuan Chen holds her shoulder with both hands and raises her from his arms, asking. "Are you ok?"

"I I'm fine. " Lin bingyue looked at being helped up, she immediately pretended to bite her lips firmly, "I'm sorry, I'm too careless, I didn't see the way."

Xuanyuan Chen's eyes flashed a clear luster. He had already seen Lin bingyue's careful thinking in his eyes, but he didn't tear her down.

Xuanyuan Chen's heart, is very dislike the woman to play small mind in front of him.

Xuanyuan Chen released his hand and took a step back. "I think we'd better go back!"

"No, Xuanyuan, I'm fine. We can have a good chat." Lin bingyue rarely has time alone with him. How can she let it go?

"What does Miss Lin want to talk to me about?" Xuanyuanchen asked directly.

Lin bingyue is not a shy and ignorant little girl either. She is nearly 27 years old this year. Her eyes are staring at him seriously. "Brother Xuanyuan, I like you."

Xuanyuanchen narrowed his eyes slightly. "Miss Lin, I'm sorry. I think you misunderstood me. I'm just a friend to you."

This is a rejection.

"Brother Xuanyuan, aunt LAN likes me very much. She hopes that we can try to communicate and understand each other. I believe that I am absolutely suitable for your other half." Lin bingyue has already said it. She only hopes xuanyuanchen can understand her heart.

Xuanyuanchen looked at her, and her handsome face was as polite as glass. "Miss Lin, maybe my mother likes you very much, but the feeling is not that simple. I hope Miss Lin doesn't waste time on me."

After that, xuanyuanchen turned around and walked towards the hall. Behind him, Lin bingyue was stunned and lost. He bit his lips unwillingly.

Chapter 577

Suqin sat on the table at home, dazed.

Li Qian and Su Boyan look at each other, watching her clearly with vegetables, but still dazed, some worry.

"Xiaoqin, what's the matter with you today? Why are you always absent-minded? Is there something wrong with the work?" Li Qian asked with concern.

Suqin immediately returned to his mind, then he took the vegetables and pretended to be nothing. "No, I'm tired."

"If you're tired, finish your meal and go to have a rest. It must be that you're not well. Do you think you can take another two days off?"

"No, I'm fine. Mom and Dad, you eat slowly. I'm full. I'm back in my room." Su Qin finished, put down his chopsticks and left the table.

Li Qian looked at her back and sighed, "how can I feel that Xiaoqin has something on his mind recently? He is still thin."

"Don't worry! Xiaoqin has always been very steady. " Su Boyan didn't think much.

Suqin went back to the room and sat on a single sofa. The whole person didn't want to move.

In my mind, there are all pictures of xuanyuanchen and the granddaughter of the Lin family. Maybe a woman just likes to worry about herself and think nonsense!

Suqin is holding her forehead. She is not allowed to think about these things any more. She has to do something. Next, she read books, watched movies, watched mobile phones, and downloaded games. She wanted to keep herself busy, so she had no time to think about anything else.

Forest house.

General Lin's family greeted xuanyuanchen and lisen with great enthusiasm. Lin bingyue also hid the loss of rejection, so that her family did not know that she was rejected in the garden.

"Brother Xuanyuan, please drink less! Dad, Grandpa, will you stop persuading him to drink? " Lin bingyue said to his father and grandfather.

Mr. Lin couldn't help laughing. "You've got a lot of control."

Xuanyuanchen's cup is empty. General Lin took out his precious wine tonight. The wine is fragrant. Even Li Sen can't help but greedy for one cup. Xuanyuanchen also drank two cups unconsciously.

"Bingyue is a good girl. She has been outstanding in all aspects since she was a child. She has a general knowledge and magnanimity. Mr. President, please take good care of her in the future." General Lin drank a little too much. He thought that his granddaughter and xuanyuanchen had already been together.

Lin bingyue's face was pretty red on one side. She didn't contradict her grandfather's words, but secretly looked at Xuanyuan Chen's expression and found that there was no obvious displeasure in his eyes.

She knows that all xuanyuanchen has done now is to maintain his president's politeness. Why doesn't he like himself? Lin bingyue doesn't believe he's really bad enough to make him look down on him.

She will not give up, a refusal does not let her die, she believes that only xuanyuanchen has not enough understanding of her.

Yes, it must be.

Xuanyuanchen's eyes in the right time, looked at Li Sen, Li Sen immediately understood, his cell phone did not ring in two minutes, he picked up the answer, in front of the Lin family, his face immediately serious up, "do you need to go back to deal with it yourself?"

"Well, your Excellency will be back at the presidential palace in a minute."

Li Sen's words, also make the people of the Lin family all listen to in the eye, Xuan Yuan Chen Mi Mi Mou, "what's up?"

"Yes, your Excellency President, there is an urgent matter for you to deal with immediately."

Xuanyuanchen put down his chopsticks and looked at old general Lin. "that's really unfortunate, old general Lin. it seems that I have to leave first."

"You are welcome, Mr. President. It's still a matter of national importance. I dare not leave you." General Lin gets up.

Lin bingyue is also a little lost. Is he going to leave? It's not until eight in the evening!

The people of the Lin family send Xuanyuan Chen out. Lin bingyue wants to talk and stops. He can only watch Xuanyuan Chen sit in his car and close the door.

Xuanyuanchen lowered the glass window, finally said hello, and the team left.

Li Sen sat beside xuanyuanchen, and he breathed a sigh.

"You did a very good job." Xuanyuanchen turned to admire.

Li Sen couldn't help laughing. "That's because he's done so much, and he's made experience."

Xuanyuan Chen does not from pucker lips a smile, "have? Have I asked you to do a lot? "

"It's more than ten times since the old lady was there. Now, the old lady doesn't believe that you are really busy."

Xuanyuanchen is also helpless. He feels a little drunk, and when his thoughts are slightly smoked, Su Qin's figure comes to mind.

"Are you going back to the presidential palace, sir?" Li Sen asked.

Xuanyuanchen narrowed his eyes and answered, "take a person for me by the way."

Li Sen immediately understood who to pick up. He pretended not to know and asked, "who to pick up?"

"Suqin." Xuanyuanchen closed his eyes and his tone was firm.

Li Sen was stunned for a few seconds. He pulled back the baffle and ordered the bodyguard to go down the route.

Li Sen looks at xuanyuanchen, and he can't help worrying. "You don't worry, sir, that your wife knows the existence of Suqin? It must have been her intention to make you and Miss Lin now. ""I will find a suitable opportunity to introduce Suqin to her." Xuanyuanchen opens his eyes, with helplessness in his deep vision.

"Suqin people are very good, not worse than Miss Lin, but their family situation is a little thin." Li Sen hinted.

"I don't care what she was born or what her background is. I just want her." Xuanyuanchen's voice is especially low and powerful.

It's like a wild animal, staring at his prey, no matter what the environment, he will not give up.

Li Sen has never seen xuanyuanchen so interested in a woman. Suqin is the first one.

Li Sen dared not say anything more. He understood that it was impossible for the president to give up Suqin.

"Would you like to call Suqin in advance so that she is ready to go back to the presidential palace with you?" Asked Li Sen.

"No, surprise her!" Xuanyuan Chen hook lips a smile.

Suqin can't calm down in the room. She goes to her father's study. She hasn't practiced calligraphy for a long time. Before, when she was not calm, her father asked her to practice calligraphy.

Now, she is practicing. Sure enough, every painting can't distract her and her mind is calm.

Moreover, she was not familiar with the handwriting, which made her dissatisfied every time, which made her more challenging.

Practicing, she forgot the time, and when she went downstairs, she even left her cell phone in the room.

At the moment, she didn't know that her cell phone had been ringing twice.

In the dim light below her door, there are three black cars parked neatly. The body of the car is mysterious and solid, so it's impossible to detect who is sitting in it.

Xuanyuanchen holds the mobile phone and has already made the second call. Suqin still hasn't answered.

"Why didn't she answer the phone?" Xuanyuanchen couldn't figure it out.

"Maybe the cell phone is not around her." Li Sen said, and then he worried that xuanyuanchen would go straight down to find someone. He said first, "you wait in the car, sir. I'll go down and knock on the door to find out if Suqin is at home."

Xuanyuanchen nodded, his eyes through the courtyard wall, looking at the three-story building with bright lights. He thought to himself, if she is not at home, where will she be?

Did you run for a blind date again?

Chapter 578

As Li Sen stepped down, he went to the doorbell beside the courtyard wall and rang.

Li Qian is watching TV. When she hears the doorbell, she is surprised. When her husband goes out for a walk tomorrow, he will take the key to go out. Now, who comes back so late?

Li Qian got up and came out of the gate. She asked, "who is it?"

"Hello, Mrs. su. I'm a colleague of Suqin. I have something to do with her." Outside, Li Sen replied politely.

As soon as Li Qian heard that she was looking for her daughter, she opened the door and looked at Li Sen, who was dressed in formal clothes outside the door. She did ask, "you are Xiaoqin's colleague. Are you busy looking for her so late?"

"Is Suqin at home? She didn't answer my call. "

"Yes, come in! She should be in the study, her cell phone is not around. "

"No, I'd like to ask my wife to call her for me. Just say that I have something to discuss with her. I'll wait at the door." Li Sen's kind request.

"OK!" Li Qian dare not neglect. Suqin is working in the presidential palace. Her colleagues must also be senior members of the presidential palace.

Suqin is writing and practicing. She is still wearing a pajama. At home, she is the most casual place.

Outside, Li Qian enters anxiously, "Xiaoqin, you have colleagues looking for you."

"What? My colleagues? " Suqin can't help but be stunned for a moment. It's so late. Who wants me?

"I didn't ask the name of a man in his early forties."

Suqin immediately thought it was lison. She quickly put down her pen. "Where is the other man?"

"Right at the door? If you can't come in, I'll ask you to go out and discuss something. "

When Su Qin heard this, was it something urgent? She hurried out, Li Qian on the sofa in the hall, picked up a long down jacket for her, "come on, put it on and go out."

Suqin was wearing a gray Plush Pajama, which was not very nice to see. She put it on quickly and went out wearing a pair of plush slippers.

Suqin washed her head and her long hair was a bit disordered by the night wind. She gathered two hands and walked to the door in the cold winter wind.

In the shadow, Li Sen was standing there.

"What's the matter, Li te? Is something wrong? " Suqin asked in a hurry. It must be urgent for Li Sen to come here in person.

Li Sen looked at Su Qin and smiled, "don't worry, it's not a big deal. It's just that someone is looking for you."

Finish saying, look at the next corner of the tree, the row of quiet parked black cars, even if it is not clear who, Suqin should know.

Suqin's head is buzzing for a while, shocked several seconds, xuanyuanchen is in the car?

"How did he come to my house? It's dangerous for him to run around like this. " Suqin's nerves immediately tightened. The first thing he thought about was the safety of the man.

"No way, sir. I have to see you. Besides, he wants you to go back to the presidential palace with him tonight to have a rest." Li Sen expresses Xuanyuan Chen's mind.

Suqin's face burned directly in the night wind. Li Sen said this calmly, which made her a little ashamed.

"Let him go back! I'm not going back to the presidential palace tonight. " Suqin shook her head.

Li Sen didn't expect her to refuse either. He sighed and said, "Suqin, I'm afraid you have moved your heart to you. Do you refuse him like this?"

Suqin looked up, with a bitter smile in her eyes. "You tell him I don't want to go."

Li Sen suddenly expected something. Suqin put her position in a correct position. She clearly realized the identity gap between the two people, which made Li Sen admire.

If you change a woman, I'm afraid she has already agreed. Even Miss Lin's love for Mr. President is obvious tonight.

"OK... I'll give it to you. " Li Sen nodded.

At this time, behind him came the sound of the door pushing open, and the two could not help looking around. I saw the back door of the car in the middle pushed open, and a large figure stepped over under the shadow. I could not see his face clearly, but I could feel his powerful momentum.

Su Qin and Li Sen are stunned for a moment, xuanyuanchen unexpectedly got off by himself?

"Your Excellency" Li Sen walked quickly to him and tried to persuade him to go back to the car.

"You go back to the bus first." Xuanyuanchen's low voice that can't be refused rings.

"But you..."

"I'll have a few words with her alone." Xuanyuanchen finish saying, toward the door dim light of Suqin come.

Suqin's breath smothers, she stares at her eyes, just watching the man step by step calmly step in front of her, tall body, overlooking her.

She was extraordinarily small in front of him.

Xuanyuanchen looked at her from head to toe, and chuckled, "that's how you dress to meet people?"

Suqin is embarrassed. She didn't think it was him!

"Go back! This is not where you should be. " Suqin looked up and looked at him anxiously.

Did the man forget the last assassination? How dare he show up outside?"Why not answer the phone?" Xuanyuanchen asked him about the topic he cared about.

Suqin had to answer quickly, "I didn't take it with me. I charged it in the room."

"Now get your things and come back to the presidential palace with me tonight." Xuanyuanchen's voice was low and close to her.

A smell of wine pours on Suqin's face, and Suqin looks up at him, "have you drunk?"

"Drink a little." Xuanyuanchen looked at her with clear eyes, "I want you to take care of me."

This sentence is particularly hoarse and ambiguous.

Suqin's pretty face has the hot meaning that the cold wind can't disperse. She bites her lips and doesn't know what to do.

And just then, she saw a light coming from a distance. It was the car of her father who came back from a walk.

Suqin's heart suddenly panicked and disordered, and she suddenly pushed to the man in front of her, "you go! My dad's back. "

After that, Suqin pushed him very hard.

Xuanyuan Chen Jun Yan slightly startled, he a clasp her hand, "I see no one?"

Suqin struggled with his hand again, and her father's car came over. She couldn't let her father see it.

"I beg you, Mr. President? Will you go back first? " Suqin looked up and pleaded.

Xuanyuanchen lightly hums, "I don't go, where also don't go."

"You... Can you stop being so headstrong! You are not a three-year-old. " Suqin was so angry that he didn't choose what to say.

Xuanyuanchen chuckled, "in front of you, I am as childish as a three-year-old."

At this time, Su Boyan's car drove to the door, and he saw from a distance that his daughter was chatting with someone under the street lamp at the door. Moreover, the man also clasped his daughter's hand.

Therefore, as a father, Su Boyan can't bear to see this scene.

He pushes the door to get out of the car. Xuanyuanchen's bodyguard is ready to get out of the car immediately. Li Sen stops him because he knows that this is Suqin's father.

"Xiaoqin." Su Boyan called his daughter at once.

He only saw his back to him. He was a tall man, but he didn't see his face. But Su Boyan was eager to protect his daughter. Only when he was a bully, he had to show up.

"Dad!" Suqin saw her father coming this way, her heart string stretched to the extreme, looking at the man, he was very calm and calm!

Chapter 579

Suqin looked at her father coming, her heart almost mentioned her voice. At this time, even if xuanyuanchen left, she would meet her father. She had to withdraw her hand quickly.

Su Boyan was afraid that his daughter would be violated, so he immediately went to her side and his face sank. He intended to warn the boy not to bully his daughter.

"Xiaoqin, are you ok?" First of all, make sure your daughter is safe.

"Dad, I'm fine." Suqin quickly replied.

Su Boyan just looked up at the man beside her. When he looked up, his eyes were shocked and gaped. He couldn't believe looking at the man who looked at him with a smile. Even though he was young, he felt a kind of dignity and oppressive momentum.

"Dad, this is Mr. President." Suqin made a quick introduction.

The anger on Su Boyan's face disappeared in a second. He said, "er... Hello, Mr. President. "

"Hello, Mr. Su." Xuanyuanchen said hello politely.

"Xiaoqin, what's the matter with you? How can I have the president at the door? You're not welcome home yet? " Su Boyan was angry at his daughter's ignorance. He saw them at the door just now. "Dad, Mr. President just dropped by to talk to me about some work. He's leaving soon." Suqin smiled quietly.

"Oh! It turns out that it's work! Let 's talk about it! It's cold here. " Su Boyan suggested.

"So, it's time for you to get everything and go back to the presidential palace with me. You have to deal with this matter yourself." Xuanyuanchen's eyes locked in Suqin, and the bottom of his eyes flashed the smile of abdominal darkness.

"What? Suqin, are you going back to the presidential palace now? " Su Boyan looks at his daughter in surprise.

"I"

"Yes, I came here to pick her up. It's a very urgent matter. I need Suqin and I to go back to the presidential palace."

Suqin's chest is extremely blocked. This man is so hateful.

"Xiaoqin, work is important. How do you dress like this? Go back and get dressed before you go out! " Su Boyan orders his daughter.

"Mr. President, I think it's OK to deal with this matter tomorrow morning." Suqin looked up, with a trace of stubbornness in his eyes.

"I don't think so." Xuanyuan Chen squints her eyes and insists.

When Su Boyan saw his daughter dare to neglect her work, he quickly lowered his face and said, "Xiaoqin, Mr. President came to invite you in person. How can you still push back? Change your clothes and get the work done before you come back. "

"It will take some time for terror, Mr. Su. I'll stay in Suqin's guest room at the presidential palace tonight." Xuanyuanchen's calm answer.

Suqin's heart was in a mess. She didn't dare to say anything more. She was afraid that the more she talked about it, the more her father could see the clue, and it would damage the noble status of this man.

"OK, I'll change and get my bag out." Suqin agreed.

Xuanyuanchen chuckled, and there was a trace of triumph in his eyes. Su Bo said quickly, "Mr. President, would you like to come in and sit down?"

"No, I'll go back to the car and wait for Suqin." Xuanyuanchen said politely and politely to Su Boyan.

"OK, then come back. It's cold tonight."

Xuanyuanchen nodded and turned back to his car.

Su Qin and Su Boyan walked into the hall together. In order to avoid her father asking more questions, she hurriedly went upstairs.

Sitting on the bed, Su Qin sighed. He took off his coat and pajamas, found a work suit and put it on. Then he went downstairs covered with a down jacket.

Su Boyan and Li Qian said the identity of waiting people outside the door. Both of them were nervous and saw Su Qin go downstairs. Li Qian asked anxiously, "Xiaoqin, nothing happened to you at work! Why did the president come to pick you up in person? "

"Mom and Dad, don't worry. It's OK." Suqin replied with a smile and went out with a bag.

Listen to the door is closed, two old hearts still some relax.

Suqin went to the car in the middle, and the bodyguard standing at the door opened the door for her. Suqin sat in.

The car is very warm, at the same time, it also has a kind of oppressive atmosphere that makes Suqin feel. In the air, there is a faint wine like nothing. The man sitting next to her looks at her with his eyes.

The car slowly drove away from the original place, Suqin's hand was held by the man, her cold palm caused a man's heartache, just let her stand outside for too long.

Su Qin subconsciously drew, the man held tightly, there was a ray of light in his eyes asking for her forgiveness.

"I had to panic just now." Xuanyuanchen said in a hoarse voice.

Suqin didn't speak, either resented or angry, or didn't want to talk much.

Her silence made the man sitting next to her more self reproachful. He asked in a low voice,

"really angry?"

"No!" Suqin replied in a dull way.

Xuanyuanchen sighed a little, just holding her hand tightly and not talking. The car drove into the door of the presidential palace, the bodyguard opened the door, Suqin took the lead to step down, followed by xuanyuanchen to close the suit and get off.

"Good night, sir." The bodyguard said good night and left quickly.

Xuanyuanchen and Suqin step into the hall of the presidential palace, and ye Dong is off duty at this time.

In the quiet hall, there are only two of them.

"Good night, Mr. President." Suqin said a word to the man sitting on the sofa, and she stepped upstairs.

Xuanyuanchen is sitting on the sofa, his back brain is leaning on the sofa, looking at the woman who left him upstairs, he quickly holds his forehead and makes a painful murmur.

Su Qin just stepped to the stairs and stopped immediately. Looking at the man on the sofa holding her forehead, she almost turned around and stepped down the stairs. She went to the man concerned. "What's the matter with you?"

"Headache." Xuanyuan Chen is twisting his eyebrows.

Suqin sat beside him. "Now I'll call Dr. Zhang Jing to show you!"

"No, I'll just lie down." Xuanyuanchen said, a pair of red eyes looking at her, "would you like to accompany me for a while?"

Looking into these deep and tired eyes, Suqin couldn't refuse it. She nodded, "OK."

"Help me back to my room." Xuanyuanchen finished, gave her a healthy arm, Suqin reached out to hold him, two people toward the direction of the stairs.

Suqin has been holding him to the door of the main bedroom, xuanyuanchen suddenly body pressure over, Suqin one did not pay attention, the whole person was he pressed on the doorframe.

She breathed a smothering, looked up into the man's deep night like eyes, her clear clear eyes, hard to hide a trace of pain struggle.

The man's kiss falls down, Suqin closes his eyes, gently does not open his face, xuanyuanchen's kiss only falls on her side face, the man is slightly unhappy, big palm holds her chin, forces her to look at him.

"Why do you want to run away from me?" Xuanyuanchen asked in a hoarse voice.

Suqin didn't speak, just closed his eyes, burned down by his lips, with a charming mellow smell.

Xuanyuanchen in a few minutes later, or some embarrassed of loosen her, toward her way, "return to your room, do not come out again."

This is an order.

Chapter 580

Suqin looked up at his strongly restrained and forbearing eyes. She knew that he was suffering, but she could not help him. She turned back to her room.

Early morning.

Suqin is awakened by the light outside the window. She suddenly sees a few tiny crystal snowflakes floating in front of the window. Her heart is happy. Is it snowing?

She opened the curtains, the window was already white snow, as if between heaven and earth, overnight covered with White Velvet quilt.

Su Qin took a deep breath of cold air, and her head became clear and rational. She thought that xuanyuanchen had a headache last night, and she didn't know how he was resting.

Li Sen received a transfer letter early in the morning, and the transferred person wrote Suqin's name.

Li Sen can't help but be shocked. Looking at the unit that this transfer book issued, he was stunned for a few seconds. The Charity Association, this basic structure seems to be a basic structure under the presidential palace, but the operator behind it is always the first lady Cheng Xuelan.

At this moment, Suqin's transferred unit is a position of this charity foundation. The signature on it is only the signature column of the president. As long as he signs, Suqin will be officially transferred.

Looking at the transfer book, Li Sen couldn't imagine what he would look like when he was sent to the front of the cabinet.

Is it Suqin who wants to leave, or is there a hidden operation?

This transfer book can run to him successfully all the way. It must not be operated by ordinary people.

In the cafeteria.

Suqin quietly used the food in front of him. On the opposite side, xuanyuanchen seemed to have some hangover sequelae, which made his sword eyebrow wring all the time, and his face looked expressionless, even serious.

"Mr. President, do you have a headache?" Asked Suqin, looking up.

Xuanyuan Chen looks up, facial expression moment is soft rise, "OK."

"If you need to, you can contact Dr. Wang Jing..."

"I'm not as vulnerable as you think." Xuanyuanchen chews gracefully, refutes her.

Su Qin was so shocked that he had to pick up the tea and drink it.

After breakfast, xuanyuanchen plans to go back to the office area. Suqin follows him behind her. Her figure is slender and straight, and her steps are still clean.

Arriving at the office area, Suqin nodded at him and went back to her office.

As soon as she arrived, the internal phone in front of her rang. Suqin was stunned. Xuanyuanchen had not arrived at the office yet, so it was absolutely impossible for him to call.

Su Qin reached for it and said, "Hello! Hello. "

"Miss Su, it's me. I want to say hello to you in advance." At that end, the voice of Cheng Xuelan came.

"Madame, you say!" Suqin got up to deal with it.

"I will transfer you to charity infrastructure. Now the process is finished. My son is only required to sign a letter to release you. If he calls you over and asks why you want to transfer, I hope you will say that."

Su Qin is shocked. Will her transfer book be sent to xuanyuanchen's office soon?

Suqin sighed a little, "OK, I'll do what you say."

"Thank you, Suqin." Cheng Xuelan's voice came.

"That's what I should do." Suqin droops down her eyes, and there is a mist on the bottom of her eyes.

"Good." There's a phone on that end.

Suqin takes a deep breath. Although the decision is very difficult, she should not be a stumbling block for his future, for his future in this position, to be more powerful and no longer be passive and constrained.

"I'm sorry." Su Qin opens her mouth gently, tears fall from her cheeks.

Li Sen is sitting in his office. He looks at a pile of prepared materials, which are to be sent to xuanyuanchen's office for signature. The second one is Suqin's transfer letter.

Li Sen thought for a few seconds. It seems that this matter depends on your own opinion.

He picked up the information and headed for the president's office.

Suqin sat at the table, looking at the phone, waiting to be summoned by the man.

Li Sen knocked on the door, and when permission came in, he pushed the door in, and xuanyuanchen twisted his eyebrows, as if he was still keeping his eyes closed.

"How are you, sir?"

"Nothing!" Xuanyuanchen opened his eyes, and his eyes were restored to the wisdom of the past.

Li Sen put the information down. He was going to leave, but he stopped for a moment, or he turned around and said, "Sir, there is a transfer book in it. You need to sign it."

"Whose transfer book?" Xuanyuan Chen squints to ask directly.

"Yes... Suqin's. " Li Sen's answer was a little hesitant.

Xuanyuanchen's face light instantly contracted a few minutes, "where does she want to transfer?"

"Charity headquarters."

Xuanyuanchen's handsome face slightly changed. Who is the top manager of this basic structure? He knows better than anyone else. This piece has always been the mother's firm check behind. It can be said that important decisions will be implemented with the mother's opinions."Find it." Xuanyuanchen looks at this pile of information and orders Li Sen.

Li Sen immediately took out the second transfer book and handed it to him. Xuanyuanchen's action of taking the document was obviously emotional. When he drew it quickly, he opened the folder and saw that there were two words clearly written on the transfer book.

Xuanyuanchen almost did not read the transfer book, and his fingers immediately pressed an internal pull through key.

"Hello, Mr. President," said Suqin

"Come here." Xuanyuanchen's voice is full of command breath.

"OK." Suqin replied very calmly.

Li Sen felt a little nervous at once. It seems that he is not suitable to stay any longer.

"I'll take care of the documents in the office first." With that, Li Sen pushed the door out.

When I met Suqin in the corridor, Li Sen stopped her immediately. "Xiao Su, why didn't you talk to the president in advance when you transferred?"

Suqin guessed that it was because of this. She was sorry and said, "Li te, I'm sorry."

Li Sen sighed, "it's not me that you should apologize. It's his excellency. He looks very shocked and angry. When you go in, you'd better not provoke him again."

Suqin nodded, crossed Li Sen, and walked to xuanyuanchen's office. When she reached for the door, she hesitated for a moment. She stroked the corner of her eyes, wiped away the tears, and made the whole suit. She took a deep breath and made full preparations before knocking.

"Come in." The men in it are deep and mellow.

Suqin pushes the door to enter, only sees the desk, xuanyuanchen's vision since she pushes the door that moment, the imposing manner tightly locks her.

Suqin drooped her eyes, walked to him and looked back at him calmly.

Xuanyuanchen threw the transfer book in his hand in front of her. "Tell me, what's the matter?"

Suqin looked at the transfer book. She tightened her red lips, picked it up and handed it to him. "I hope Mr. President can sign it."

Xuanyuanchen's face sank, "give me a reason why you should go?"
