Chapter 581

The atmosphere in the office is very oppressive. Suqin feels that the compelling breath from the man in front of her makes her whole body be held by a kind of force. She must take a deep breath to make herself calm.

"I want to change my job. It doesn't make sense to me." Suqinqikou road.

Xuanyuanchen's face is at the end of this sentence, immediately gloomy and ugly, working beside him, is meaningless to her?

"I'm sorry, I know it's wrong, but I really don't want to do another job of serving tea and water. I hope you can sign and let me go." Suqin made a sound without conscience.

For her, this job is of great significance. Even if it's just carrying tea and water for him every day, she thinks it's the happiest part.

Xuanyuanchen's face can be said to be very ugly, because few people dare to speak so boldly in front of him, and they dare to dislike his scheduled work.

"So I also make you feel very meaningless?" Xuanyuanchen stares at her.

Suqin's heart was severely strangled, which made her not breathe well. She clenched her red lips and looked down.

"You never thought of me?" Xuanyuanchen asked again, his fist clenched in front of the table, not because of who he was going to beat, but because of the pain in his heart, which he had never felt emotionally.

This feeling, strange and strong, grabbed his heart, tightly like an invisible barbed wire.

"I'm sorry, Mr. President. I know you like me, but I don't deserve your love. For me, your love is too heavy, too stressful, and I can't bear it." Suqin pretended not to care about the loss in the eyes of the opposite man, but also ignored her own inner pain.

That is to say, she can't turn back.

Xuanyuanchen's face suddenly showed a smile, which was a kind of heartbreaking smile. He raised his head, "you have been rejecting me, that is to say, you feel my love and give you too much pressure?"

"You are Mr. President. There are many people who love you. But how many people are qualified to be with you? I admit, I'm timid, I'm afraid, I'm sorry, thank you for liking me. " Suqin said this calmly.

Xuanyuanchen's heart was filled with more anger. The woman dared to face him so calmly and said these words. She was timid and afraid. These were her excuses. She just didn't want to be with him. "You have a different man in your heart?" Xuanyuanchen forced to ask, think of her side and he together, while also dating, but also accept other men's love information, is there a make her heart?

Suqin's eyes raised, and suddenly, she flashed a flurry at the bottom of her eyes and lowered her head.

Xuanyuanchen's eyes caught the fluster at the bottom of her eyes, which was telling him that there was someone else in her heart.

"What kind of person is better than me?" Xuanyuanchen is jealous, very strongly jealous of the man who can get her heart.

"No, of course, he is not better than you. He is just an ordinary and honest office worker. But, with him, I don't have any pressure. I like a simple and ordinary feeling, and Mr. President, I can't accept your feeling. I'm sorry." Suqin said sorry again.

She said it several times in a row, but, I'm sorry for three words, it will only cause Xuanyuan Chen to be more angry. He bit his teeth and stared at the woman, angry, resentful, hateful and loving.

More is a kind of helpless and unwilling.

"Suqin, I'll give you another chance. Don't leave the presidential palace. What kind of love do you want? I can give you. I can accompany you to lead an ordinary life."

Suqin's heart was shocked. She looked up and looked at this extraordinary man. She couldn't believe that he would say such a thing. She could hardly contain her broken heart.

"I'm afraid you can't give me what I want, Mr. President." Suqin is biting her lips. She just wants to finish the conversation as soon as possible, get the transfer book as soon as possible, and leave here. Because, if we talk about it, we will only force her to say more hurtful words.

Xuanyuanchen stood up. He walked around the table and stood directly in front of him. The tall body bullied her and bent down. The handsome face was close to her beautiful face. "What do you want? I can't give it to you? "

This is his absolute confidence, as long as she wants something, he can give her.

Suqin raised her eyes, which reflected the handsome and charming face. He was as perfect as a God. How much courage did she need to refuse such a man?

If she can follow Cong's heart, she will rush into his arms and hold him instead of saying something against her heart and hurting him.

She lowered her eyes and dared not look at him directly. She smiled bitterly. "Yes, you can give me anything, but some of you can't."

"What can't I do?"

"I need a man who can accompany me for six hours a day. I need a man who can accompany me for a walk in the street at night. I need a man who can accompany me to travel and see the world. He has enough time to accompany me to grow old." Suqin's voice became firm at the end. Xuanyuanchen's heart was severely stabbed. These conditions that Suqin asked for were exactly what he could not give. He had no time, his identity did not allow him to accompany her to any place. His life will be dedicated to the country, naturally, there is not enough time to accompany her to old age.

"That's what you want?" Xuanyuanchen's hoarse inquiry.

Suqin took a deep breath and looked at him seriously with a misty eye. "Yes, this is the life I want."

Xuanyuanchen's eyes locked her, looking at the firmness of her eyes, he suddenly understood another way of love.

That is to give, not to possess, not to seize.

If this is the life she wants, this is the happiness she wants, why doesn't he let go? Let her pursue her life?

Suqin saw his thoughts in his eyes, and she suddenly felt a strong flood of pain spreading in every part of her body.

"Please sign it!" Su Qin pleaded with him with his last strength.

Xuanyuanchen pulls up the corner of his mouth, his body suddenly approaches, and puts her on the table. Suqin is a little surprised. His breath is full of his masculine breath. Xuanyuanchen's handsome face is close. Suqin realizes what he wants to do.

She twisted her eyebrows and closed her eyes nervously. She felt that his hands were around her, but they were not around her waist.

She closed her eyes and felt his breath spray on her cheek, but he didn't kiss. What is he going to do? Suqin can't help but slowly open his eyes.

Suddenly, he found that the man's eyes were fixed on her, and the voice line was low, "what are you looking forward to?"

Chapter 582

"I didn't!" Suqin bit her teeth. It turned out that he was playing a trick on her.

At this time, Suqin found that he was holding the transfer book in his hand, while holding a pen in the other hand.

Suqin breathed a little, xuanyuanchen picked up the transfer book, in front of her, his hand signed his name very forcefully.

"I'll give you what you want." Xuanyuanchen signed and handed her the transfer book, "I will fulfill your happiness."

Suqin took the transfer book's hand and couldn't help shivering. There was a slight shiver all over her body, cold.

It's ridiculous that she let this man give up her as she wished, but she was extremely sad.

"Thank you." She hushed her voice over him.

"Wait." Behind her, the man stopped her.

Suqin did not look back, waiting for him to speak.

"When you get married, don't forget to invite me. I won't go there, but my gift will go there." Xuanyuanchen's voice is quiet.

Suqin's tears were like rain. She didn't look back. She pushed the door quickly and didn't even have the strength to answer him.

She was afraid that she would burst into tears and be very embarrassed. She was afraid that the last trace of disguise in front of him would be broken.

Suqin rushed out with the transfer book and went straight to the restroom. The women's restroom here is very empty. At this moment, she rushed in and closed the door.

In front of the whole scene, only her tearful face, Suqin let the silent pain hit his heart again and again.

Sometimes, the pain that can't cry is the saddest.

In the office, xuanyuanchen sat back to his position with his teeth clenched, and closed his eyes. It was every word that Suqin had just said.

Especially in that sentence, she hopes to have a man who can spend enough time with her to grow old.

He can have everything, but he doesn't have so much time for a woman.

However, even if this is the case, xuanyuanchen does not blame her. Everyone has the right to choose happiness, and she also has. Originally, this relationship was imposed on her by him. He took the lead in expressing his love and the temptation he first sent out. He is guiding her into his wishful thinking emotional world.

And Suqin has been avoiding retreat, he thought, just because she was afraid of him, he did not love her enough, would let her have such emotions.

Now, he understood that Suqin was a woman who lived very clearly all the time.

She knows what she wants.

She is calm and sober enough than any woman. She has no blind purpose. Because of his identity, she falls in love with him and is infatuated with him, which most women can't do.

At least, by his side, she was the only one who did it.

Should he be happy or sad?

He can't impose feelings on her just because he has such a noble status.

Now, he would like to know, which man is so lucky to get her heart? Xuanyuanchen has a persistent idea. He must know who the man is and whether he is qualified to get her.

Even if he chose to let go, he would not let go of his concern for her. I'm afraid he will never be able to let go in his life.

Suqin stayed in the bathroom for more than 20 minutes. Her eyes were red. She had to work hard to comfort herself again and again, sort out her emotions and make herself stronger.

Stop the tears, let the swelling subside, her lonely figure, stay in the bathroom beside the pool, like a delicate sculpture.

Suqin comes back to the office with the transfer certificate. She looks at the signature on it. She almost breaks down again.

She made a phone call to Sen.

It's no surprise that Li Sen received her call. "Little sue, has Mr. President signed it?"

"He signed it, Li te. I want to ask you something. If you are free, can you let the servant clean my room and bring my things to me?"

"Yes, I can."

"Thank you."

"It's OK. You have your choice. I agree with you." Li Sen comforted.

It wasn't long after Li Sen answered the phone, he went into Xuanyuan Chen's office. The report he delivered before hasn't moved yet, because Xuanyuan Chen was sitting there, dazed.

"Are you all right, sir?"

"I signed her off." Xuanyuanchen murmured a word.

"I know. Just now assistant Su called and told me to ask the servant to clean up her things and give them to her."

Xuanyuanchen immediately looked up at him, "she asked you to clean up for her?"

"Yes."

"What is she doing? Did I let her go? Did she think I would not let her go to my house? You let her come back and clean up. " Xuanyuanchen some put gas of say.

"Maybe Suqin thinks it's hard to face you." Li Sen explained.

Xuanyuanchen snorted, "in a word, let her come back to clean up by herself, you tell her, I allow her to come back to clean up within three days.""Then I'll let her go before work!"

Xuanyuanchen didn't say anything, it was the default, but his whole body was emitting a kind of low pressure, and Lishen came out in a short time.

As he passed Suqin's office, he told her that after work this afternoon, he could go to pick up the things.

However, he did not say that this is xuanyuanchen's order.

"OK, I'll come over." Suqin nodded.

"I signed the letter of transfer. You can report there tomorrow. Su Qin, I wish you a happy job in your new job."

"Thank you." Suqin's face was not happy, but bitter.

Li Sen said and left. The inner line in front of Suqin rang. She was shocked and reached for it. "Hello, Mr. President."

"Give me a cup of coffee without sugar."

Su Qin was stunned and answered, "OK, just a moment."

After hanging up, Suqin breathed a little. To be honest, she really doesn't want to face him now, but at least today, she still works here.

Suqin grinds a cup of bitter coffee for him and sends it to him. When he knocks on the door and enters, he sees him sitting on the sofa with a low expression. The whole person looks depressed.

"Your coffee, Mr. President." Suqin tried to bear the pain and sent the coffee to him.

"Are you going to my house this afternoon to pack up?" Xuanyuan Chen raises Mou to ask.

"Well! I'll come over and not disturb you for too long. " Suqin replied softly.

"My family, you can stay as long as you want. There's nothing to disturb." Xuanyuanchen's voice was hoarse.

Suqin got up with the tray and was ready to leave.

"Don't worry, even if you go to a new job, I will let someone take care of you."

Suqin turned her back to him, tears rolling in her eyes. Her voice was very calm. "No, thank you, Mr. President." With that, Suqin left quickly.

Chapter 583

This is probably the most difficult afternoon since Suqin went to work. Even though she was only two hours away from work, she sat in front of the desk, as if suffering from a kind of torture, which made her confused and didn't know the future direction of life. She was like a lost person.

There is no way out.

She looked at the time from work. She planned to go to xuanyuanchen's room quickly and take away her things. Although it was not important, she didn't want to leave her things at his home. What if Miss Lin came to be a guest?

She also has some close fitting clothes there that she has to take away.

It's only five minutes from work in a flash. Suqin has sorted out the office and put the handover report left by the former assistant on the desk, so that the next employee can clearly grasp xuanyuanchen's preferences and make no mistakes.

Suqin looked down at her watch. At last, when she got to work, she heard footsteps coming from the corridor. At the same time, her office door was knocked.

She startled, looked up, xuanyuanchen cold figure stood at the door, toward her way, "with me to pack things."

Suqin didn't expect him to call her in person. She hurriedly gathered her hair, got up and took the bag out.

Xuanyuanchen has the right to pass all the way, so it is not necessary to bypass the direction of the garden, which also avoids being seen by other employees and misunderstanding.

Xuanyuanchen Gao dajunba's figure walked in front of him. The snow outside the window was boundless. In the corridor in the evening, the lights had already been lit and reflected on him. For some reason, Suqin felt that the man in front had a kind of inexplicable loneliness.

Suqin's heart couldn't help pulling. She really hoped that Miss Lin could move here and live with him. In this way, he would not be so lonely.

After the last fingerprint lock, he arrived at xuanyuanchen's residence, leading to a corridor on the sixth floor. He pressed the key of the elevator, and Suqin stood behind him waiting.

The elevator door opened with a clang. Xuanyuanchen stepped in and turned around, opposite to Suqin.

Su Qin suddenly looked into his eyes, deep as an invisible well. He wanted to say something, but he felt his throat was dry and hoarse, and he could not make any sound.

She stepped in and stood beside him. The elevator door was closed, and the air seemed thin. Suqin couldn't breathe easily.

The elevator stopped on the third floor. It was very fast. When the elevator door opened, Suqin took a breath of cool air and followed him out.

"I'll go first." Suqin passed his figure and walked quickly to the guest room where she lived.

Xuanyuanchen's eyes looked at the figure she was escaping from. His teeth were clenched, so that the whole face was in the light, which was more fierce and three-dimensional.

He didn't think that when he was in his present status, he would be rejected one day.

Outside the window, through the cold winter air, wrapped around him.

At the moment, in his eyes, there are seven points of reluctant to give up, three points of tolerance, and countless helplessness and unwillingness.

Just let her go? Xuanyuanchen's lips set a bitter arc.

Suqin stood in the room. She looked at the familiar room. For a moment, thousands of emotions came to her heart. Her eyes were covered with a layer of mist. She closed her eyes and took a deep breath.

Open the cabinet, take out the clothes that belong to her one by one. Also in the corner of the cabinet, find the box that she brought when she came.

Suqin felt that she had to leave quickly, because, here, it was not suitable for her to stay for too long.

Suqin is cleaning up, she is very careful to clean up anything belonging to her, she is afraid to leave anything.

Finally, she packed a full box. She carried it, but it was still heavy. However, she was not a delicate girl. She believed that she could handle the box.

Just when she opened the door, there was a tall figure standing out of the door. She was shocked, which can be said to be an overreaction.

She leans back unsteadily. When she reaches for something instinctively, she grabs a man's arm, and a big palm clasps her arm and yanks it hard.

Suqin's whole body fell into the man's arms. Her forehead and cheek were all bumped into the man's strong and hard chest.

It is surrounded by the clear breath of this man alone.

Suqin felt the waist, the man's arm tightly around, the next second, she had a feeling that he would rub into his body, he held very tight, very tight.

It was too tight for her to breathe.

"Mr President..." Suqin called him hoarse.

"Don't go." Xuanyuanchen buried in her shoulder, with a hint of pleading color, "stay."

Suqin's body trembled slightly, but she was flustered.

"Stay." Xuanyuanchen murmured.

At this moment, all his dignity has been abandoned. At this moment, he, humble as a beggar on the side of the road, shows all the fragility in front of her, and resists the pride and dignity of his next body. Almost all the defense lines built by Suqin are facing collapse at this moment.

"Sorry..." She held back her tears and pushed him away.

Xuanyuanchen's eyes flashed a strong gloom, and he silently released his hand. At this moment, Suqin felt all the viscera were wringing. She stepped back, pushed up the box, and walked to the direction of the elevator.

She had to go. She had no choice. She knew for the first time that people live in this world.

Not so arbitrary, meet him, is her luck, and leave him, is her sorrow.

Listen to the jingle of the elevator, xuanyuanchen has never looked back. If he looks back, he will hold the elevator and forbid her to go.

However, when Suqin left, she pushed the box and tried to bear all the sadness. She arrived at the door. Li Sen was waiting for her in a car. Li Sen put the box in the back seat for her.

Suqin said a thank you to him. She pushed the door and sat in the back seat. The door closed tightly. She covered her face and cried.

Suqin didn't go home. She opened a room near her home, because she was afraid that her mood would be known by her family. She needed a space to calm her mood.

In this life, Suqin thought that the moment when she was abandoned by duanzixuan would be the saddest moment in her life, but now, she knew that at this moment, it would be the most desperate and helpless moment in her life.

She suddenly thought of going on a trip, wherever she went. In short, she can't accept her new job now. She needs a time to relax. She wants to leave. She wants to escape.

This evening, Suqin sat on the bed, she did not hesitate to book a ticket for tomorrow morning, flying abroad, a place she most yearned for.

Suqin sent an email to charity headquarters to express her idea that she can't work temporarily and wants to rest. Now, she doesn't care whether she will lose the job or not. For her, work is no longer important.

Chapter 584

Suqin's plane left early in the morning, with her gift box. She also called her parents the moment before boarding to tell them that she was going to go abroad.

Su Boyan and his wife thought that she was on a business trip, so they didn't ask more questions and asked her to pay attention to safety.

Suqin has chosen the warmest city to fly away. She wants to take a rest for a while.

In the president's office, yessen knocked on the door. It was ten o'clock. Xuanyuanchen had not come. He was slightly shocked, and could not help sighing.

Li Sen had to go to his bedroom to find him. Ye Dong said he had not got up yet.

"Why didn't the President get up?" Li Sen felt strange. He went upstairs in person and knocked on xuanyuanchen's door.

After a while, the door opened from the inside, xuanyuanchen was still wearing a nightgown, ink was slightly disordered, and Li Sen smelled a smell of wine from the air behind the door. He was secretly surprised. Last night, did you drink?

"Wait for me, I'll be downstairs right away." Xuanyuan Chen makes a sound, his face is still pale after hangover.

"Would you like to have a rest, sir?" Li Sen is a little distressed.

"No need." Xuanyuanchen answered and closed the door.

Li Sen sighed. He thought it must be because of Suqin!

Xuanyuanchen enters his work. For him, even if he is in a bad mood, he can't leave his work.

Country X.

In a luxury manor, three figures in down coats are fighting snowball battles in the snow. One of the youngest, no matter his age is five or six, is facing a young girl's snowball attack. He runs around with his head in his arms, shouting, "uncle, aunt hit me!"! Help me, uncle

The little guy ran to his uncle, who knew the current affairs very well. Xing Yifan was rubbing a bunch of snow and attacked Xing Yinuo on the opposite side.

Xing Yinuo is treading on the snow, running very hard, hiding, giggling, "it's not fair, you two are responsible for me, I want to complain."

With that, she kicked into the snow and lay down in the snow like a big character. She struggled with two thin legs of wool, "second brother, help me..."

"Aunt, here I am!" The little guy ran to her immediately, and then pulled up Xing Yinuo, who was buried in the snow.

Xing Yinuo sits up, his face is covered with snow particles. Xing Yixi doesn't remember revenge. He cleans the snow particles from her hair gently.

"My good nephew." Xing Yinuo immediately hugged the little guy, showing a doting smile.

"Well, it's time to go back." Xing Yifan said to them, come here, take the little guy who is a little bit stupid, and walk towards the gate of the villa.

Xing Yinuo is following behind her. In a blink of time, she has spent half a year here. For them, the place with family is the warmest home.

The Xing family is here and very happy. Xing liehan and Tang Siyu are in charge of the company. The little guy goes to school. Xing Yifan and Xing Yinuo also have their own studies to finish.

Xing Yifan leads the little guy to the second floor and goes to the game room, which is a place for two boys to spend their time.

Xing Yinuo is a girl. She doesn't like such a way of leisure. She goes back to the room, turns on the computer, looks through some emails and information. She holds her back and sighs. After checking all the information, she has only one feeling.

Lost, lost, or lost.

It's not that no one sent her messages and chatted with her, but that the man she most hoped for had only written two emails in half a year, and asked about her studies.

She wrote a lot and sent it to him, but it was like a stone sinking in the sea. She didn't know whether he could receive the weather information in the far north pole, or whether the weather information there was bad, so she couldn't send any email to him.

Xing Yinuo is 18 years old. She is about 19 years old. Her mind is becoming more and more mature. She doesn't like playing as before. Now, she is also devoted to learning, because she has an idea to encourage her.

She thought that one day when she met with Wen Liangyao, she must be reborn and meet him with her best self.

With this impetus, her studies have also improved. Moreover, she has also taken the Department of performance in University. She really likes acting and has never given up her dream of being an actor.

At the beginning, her parents were against it, but her insistence made them see it in their eyes, and she would follow her. She would have realized that her future life is her own. They could not interfere with what kind of life she wanted to live.

"Where are you? Why don't you return my message? Do you know how much I miss you? " Xing YINUO mumbles to the computer.

She thought of Wen Liangyao's three-year appointment. Did she really have to wait for three years? Will he come back in three years?

Xing YINUO sighed, his eyes full of missing.

Xing group's company has established a domestic headquarters branch in this city, where Xing liehan's usual work is completed. Tang Siyu has been teaching his son and father-in-law at home for half a year, accompanying his parents in law and family. When he has time, he will teach his brother and sister Xing YINUO's piano. At the same time, he will also help Xing liehan in his work and learn how to do business.

She hoped that she would live and learn and enrich herself, and that their husband and wife had planned the arrival of their second child.

In the top office of a towering building in the center of the city, Xing liehan held a regular meeting and walked towards his office with a mature and charming figure.

Time in this man's body to polish a sharper edge, so that he is more outstanding.

"And Madame?" Xing liehan went into the office, didn't see his wife, so he began to look for her.

"Madame went to the tea room."

Xing liehan chuckles and walks towards the tea room. There, Tang Siyu is learning the tea ceremony, and there is an iPad beside it. The video in it is teaching the tea ceremony. In front of her, there are exquisite tea cups.

She makes tea in a way.

Looking at the man coming in from the door, she bent her lips and smiled, "just in time, I just learned a way of making tea, you come here to taste it and see if it's good to drink."

Xing liehan sits next to her, her eyes are deep, and she looks serious. She leans over and kisses her. "Don't make any noise, I'm busy!"

"Wife, don't work too hard." Xinglie cold opening road.

Tang Siyu put a cup of tea in front of him, "pay for it."

Xing liehan takes a bite and praises, "it's very good."

"Is it? I'll pay. " Tang Siyu took it up and took a sip. She felt it was normal. She couldn't help being distressed. "She certainly didn't learn to the right level."

In Xing liehan's eyes, love showed, "as long as it's your tea, I love it."

Tang Siyu put down the teacup, even if the tea making was not successful, but with her husband's intention, she was satisfied.

Chapter 585

On the white sand beach and the sky in the evening, a dazzling sunset glow is reflected, and the beautiful color is reflected on the sea level, which immediately becomes a wonderful ink painting.

A thin and tall figure stood in front of the beach, white light shirt, with a pair of leisure linen pants, long hair spread in the back of the brain at will, the beautiful and elegant figure of women, in the eyes of others, as if it had become a picture.

In this evening's beach, the sky and the earth, as well as her, become a charming scenery.

She is Suqin on vacation. In a flash, she has been here for three days. In these three days, she has closed all communications and just wants to be quiet. However, her heart is not as peaceful as the surface.

Always in the dead of night, she tosses and turns, she can't help but think of xuanyuanchen, close his eyes are him, his face, his figure, his voice.

Suqin is very clear that if duanzixuan is the one she once robbed, she will forget it. However, this man, she has this life is also difficult to forget the bitterness, because he occupies in her heart figure is too strong.

Before, she and duanzixuan loved each other so much that they often said sweet words to tell each other that he loved her and she also loved him.

However, such love, even in the face of the test, vulnerable.

Now, she doesn't even have the right to say love, but the figure of this man, but the overbearing brand into her soul, hard to erase.

However, this is the life she chose. No matter how bitter it is, it must be swallowed by herself.

In addition to reporting safety to her family at a certain time, she chose to shut down.

Suqin overlooks the scenery. Suddenly, she hears a sound of pressing the shutter. She turns her head in surprise. Just behind her, a man with the appearance of an oriental man is pressing the shutter at her. Then, looking at her, he finds that he is a little flustered and embarrassed. He smiles and explains in English, "excuse me, I think your side face is very beautiful, so I can't help but want to take a picture and take a souvenir. Will you be angry? If you mind, I can delete it. "

Suqin smiled and shook her head. She gathered her long hair. It's time for her to go back to the hotel.

The young man around, immediately some reluctant to see her figure, and to Suqin walking in the beach figure took a few times, the effect picture is very good, and, inexplicably, he saw a sad breath from Suqin's back, can not help but make him feel sad again.

Did she suffer from emotional injury? The young man has a very beautiful face of an artist, and he is very young, about twenty-five or six years old. He looks at Suqin's back like a fan younger brother.

Although he didn't give up to miss the meeting with Suqin, he looked at the far away mature woman, her body exuded a sense of distance, he could only sigh.

In the evening, in the cafeteria of the hotel, Suqin's lonely figure is sitting by the window, and the thousands of lights in the distance are reflected on her, making her figure appear particularly Liao.

At this time, three or four young men and women came in, talking and laughing. One of the young men saw Suqin, and his eyes flashed with surprise and excitement.

He is the boy who secretly photographed Suqin in the afternoon. Suqin is like a goddess in his eyes.

He didn't expect that they would live in the same hotel. Suqin's figure sitting there still gave him a feeling of loneliness and heartache.

He thought, can you amuse her? Coax her? At least make her happy.

The man left his companion with the plate and came boldly to Suqin's side.

Suqin is casually eating the food on the plate. Suddenly, there is a person sitting opposite her. She looks up and takes a picture of the young man in the afternoon.

"Hello, do you mind if I sit here?" The young boy asked shyly, at the same time, there was expectation in his eyes.

Although Suqin didn't like being disturbed, she was not the kind of person who refused to be disturbed. She chuckled and said, "don't mind."

"My name is Wen Yang. What's your name? Which country are you from? "

Suqin immediately called out his name in Chinese, "Wen Yang?"

"So we are compatriots! Great. Yes, my name is Wen Yang. I'm a photographer. What's your name?"

"May I not say it?" Suqin asked politely.

Wen Yang nodded. At the moment, his eyes were full of joy. As long as Suqin could take care of him, he would feel very happy.

Wen Yang is also very elegant with the meal, eyes carefully looking at Suqin, in his heart, Suqin is like a beautiful and refined goddess, because Suqin has goddess like temperament.

Tall, charming, delicate features, elegant temperament, in the eyes of men, it is probably the most beautiful appearance of a woman!

"I'll go first." Su Qin picked up the bag, said politely to Wen Yang, and got up to leave.

Wen Yang watched her, at this time, his friend immediately came to tease him, "Hey, Wen Yang, how dare you! You dare to flirt with such a cold goddess. ""I think her body exudes a kind of lovelorn atmosphere. I just want to make her happy." Wen Yang chuckles. There are some big boys in his eyes.

"She is obviously older than you!"

"She's beautiful, like a work of art." In Wen Yang's eyes, there is a light of infatuation.

Other boys, though they also feel this way, but women like Suqin, they have no courage to provoke.

When Suqin returned to the hotel room, she stayed in a room facing the sea. The night scene was also very beautiful. She poured a glass of red wine for herself and sat on the sofa on the balcony, just looking at the stars in the distance. She could sit for an hour.

But most of the time in the daze, the mind can not control to think of a man, a think, the eyes on the astringent, sad strong cover in her body.

She let sadness cover her like a net. She has fallen in love with the feeling of sadness to despair. For a few days here! Every day, she is like this, that is, can not stop the sadness, then let them unbridled!

Home, presidential palace.

Xuanyuanchen's work is as usual. He deals with his official affairs and works and sleeps regularly. However, he is just too calm to worry about.

Li Sen is the one who worries most. He has never seen Xuanyuan Chen like this. He deals with everything without expression, as if in him, there is no more seven emotions and six desires except peace.

Just like a person's heart is dead and his soul loses its color, it will not affect him to do anything. He becomes a machine and responds to his responsibilities.

Chapter 586

Suqin's departure took away all the feelings of xuanyuanchen and made him a merciless person, which is not what a normal person should have.

"This is the new assistant information, sir. Do you need to interview in person?" Li Sen found the staff to fill in Suqin's position and asked for his advice.

"You decide." Xuanyuanchen's eyes are on the document, not even lifting it.

"OK." Li Sen nodded.

Suddenly, xuanyuanchen closed his eyes, as if for a moment, his face was filled with strong and complex emotions, revealing his most real side. He held his forehead and asked in a hoarse voice, "ask me something."

"Please, sir." Li Sen immediately guessed that it must have something to do with Suqin!

Xuanyuanchen closed his eyes and covered his eyelids with thick long eyelashes. His thin lips opened softly. "Ask about Suqin for me."

"What do you want to know about Suqin, sir?"

"She Her work and her feelings. " Xuanyuanchen bit his teeth and made a hard voice.

"Well, I'll inquire at once." Li Sen responded.

"Don't interfere and disturb her. I don't want her to know that I'm paying attention to her." Xuanyuanchen added, because Suqin had become an undisturbed pair of images for him.

"OK! I'll be noticed. " Li Sen replied.

Xuanyuanchen finished, the long eyelashes opened, and the dark eyes flashed a sad color. He couldn't help it. He really wanted to know everything about Suqin. Even if he only listened to some of her news, he would be enough to comfort his heart.

At the end of the day, he couldn't let her go and wanted to know if she was OK.

When Li Sen left, the depressed mood on xuanyuanchen's face appeared on his handsome face, his fist clenched, deeply sighed.

Li Sen naturally did not dare to neglect this matter. It is rare that xuanyuanchen mentioned Suqin's schedule these four days, which means that he no longer repressed his emotions. He hoped that he would become a flesh and blood president, rather than a robot carrying the work for the sake of responsibility.

Li Sen personally called the charity department to investigate Suqin's situation. However, what he got directly was that Suqin didn't report for duty. After careful investigation, he knew that Suqin had taken a leave and didn't come to work for the time being.

Li Sen is shocked. Suqin is not at work. So, where will she go?

Li Sen is a person who knows why Suqin left the presidential palace and why she was transferred this time.

It seems that the old lady secretly intervened in this relationship and did work for Suqin. Suqin chose to let go and complete the marriage of xuanyuanchen, the granddaughter of general Lin.

Suqin is a rational and sensible woman, she did not entangle, but chose to let go, which is another way to love xuanyuanchen.

Li Sen can't help but call the departure investigation team, and soon get the answer he wants. Suqin went abroad, went to country f, and left four days ago.

It seems that she went out to relax.

Xuanyuanchen is sitting in the office. He is signing a document of the charity department at the moment. He stares at the document, and suddenly his mind is shocked. Why is the charity department? Why did Suqin choose charity department?

Who introduced her in? Or did she suddenly want to go to this department?

In these days, xuanyuanchen has been trapped in an empty way of life because of Suqin's departure. It seems that his soul has suddenly been torn apart, which makes his sense and mind not clear.

At the moment, he stared at the document in front of him, and a strong doubt came to his mind. Suqin could choose to return to her familiar post.

Why go to charity headquarters? Xuanyuanchen immediately unplugged Li Sen's inside line.

"Hello! Your excellency. " Li Sen answers that.

"Check Suqin's position in the charity department for me."

"It's the position of vice minister." Li Sen replied clearly.

Xuanyuanchen's breath was smothering, and Suqin's position was just past, so high?

"Who is her interviewer!"

"I don't know that." Li Sen doesn't know.

"Check for me. I want to know who interviewed her." Xuanyuanchen low command.

"Sir, this is..."

"If you don't check, I'll call myself and ask."

"No, let me check! Your identity is not easy to ask. " Li Sen rushed to answer.

"Check now, I want to know who it is." Xuanyuanchen's voice line shows his eagerness.

Of course, Li Sen knows that there is no interviewer for Suqin's transfer. With her previous work performance, even if she is promoted to the position of vice minister, it is OK. Only when she enters the job, she always needs an interviewer.

Xuanyuanchen is waiting for Li Sen's news, and his mind is also running immediately. The post under the charge of the vice minister is very important. If Suqin wants to transfer to the past, then after signing his words here, it must be handed over to another person for signature, that is the president of the charity department. Xuanyuanchen bites his teeth, picks up the seat machine in front of him and pulls it out.

Hello There is a mellow male voice.

"Hello, President Li. I'm xuanyuanchen." Xuanyuanchen reports his identity.

President Li at that end, immediately respectfully, "Mr. President, it's you! What can I do for you? "

"President Li, I want to inquire about you. A few days ago, my assistant Suqin was suddenly transferred to your department. I want to ask, did you interview her in person?"

This President Li was in a dilemma for a moment.

"What? You didn't interview her? " Xuanyuanchen asked directly.

"Suqin's transfer is quite complicated! However, based on her previous excellent work performance, we have no doubt about her ability to work. " Li replied professionally.

"Her sudden promotion to the position of vice minister is bound to require your interview. This process should not be saved!"

"Mr. President, we are very strict about the job application. Only Suqin is recommended. I haven't met her yet."

Xuanyuan Chen's eye ground flashed a touch of shock, is recommended past? Who recommended it? How can you do that?

"Why didn't you meet her? Didn't she report to you already? "

"Oh! Suqin hasn't come yet. She told us about her long holiday and pushed it for a month to report.
"

"What?" Xuanyuanchen's handsome face is suddenly stunned. Has Suqin asked for leave? Why?

"Don't you know, Mr. President? It's your mother's and Madame's eyes that recommend Suqin. We trust them very much. "

Xuanyuanchen's confused heart got a clear answer for this matter in an instant. At the same time, a strong emotion grabbed his heart and made him gasp.

Chapter 587

Is it all mother's back row? If so, then, Suqin's departure must have something to do with her mother!

Xuanyuanchen takes a deep breath, closes his eyes, calms down the intense emotion that suddenly surges up in his heart. He is very clear about the reason why his mother does this. He just wants him to be with Lin bingyue.

When did mother find Suqin? What did she say to her? Xuanyuanchen's heart was tight, which made him gasp again.

What kind of pressure did Suqin take to leave him?

If so, then, all she said was to deceive him. Are those who said they didn't like him all flustered words?

Xuanyuanchen immediately dials up the number of Li Sen.

"Your Excellency." There's a voice from Li Sen.

"Where is Suqin?" Xuanyuanchen asked directly, because he felt that Li Sen should be very clear about all this.

When Li Sen heard the cold in his voice line, he was afraid to hide it.

"Sir, Suqin is on vacation in country f and has been away for four days."

Xuanyuanchen's eyes flashed a strong pain. This silly woman dared to escape from all this. Did she think it was OK to escape?

"Find out for me her exact location, to her hotel and where she is now."

"What are you going to do, your excellency?"

"I'm going to see her."

"You cannot leave the country, sir."

"You are the best at this point. You can go by row as soon as possible!" Xuanyuanchen's command is over, and his depression in his chest seems to have disappeared at last.

"Suqin, do you know the consequences of cheating me? You can't afford that. " Xuanyuanchen clenched his teeth and said that he had an impulse to punish her with force.

He has never been cheated by a woman in his life, and she is the first.

President Li of the charity department, after receiving xuanyuanchen's call, felt it necessary to report it to his wife, Cheng Xuelan. He dialed Cheng Xuelan's private number directly.

"Lao Li, what's the matter?" Cheng Xuelan's kind voice came.

"Madam, just now Mr. President called me in person to ask me something about Suqin."

"Oh! What did he ask? " Cheng Xuelan sighed, as if she had no choice.

Finally, was it discovered by this son? She didn't think how long she could keep it from him.

"He asked me if I had interviewed Suqin. I couldn't panic. I told him that Suqin entered the charity department after your recommendation. Madam, did I cause any trouble for you?"

"Come on, it's true. It's OK."

"OK! Then I won't bother. " President Li hung up at that end.

Cheng Xuelan is sitting in the garden, enjoying the plum blossom blossoming in the yard. She sighs again and asks the servant nearby, "did you receive my son's call?"

"No, ma'am."

Cheng Xuelan has a wry smile, that is, her son already knows that she is arranging all this. Why didn't he call directly to question her?

Since this son took over the state affairs, she did not know him more and more. She must have known that as a monarch, his mind must be more and more unpredictable.

No matter what, Cheng Xuelan didn't want to get rid of this responsibility. She also felt guilty for Suqin, so it's very promising to give her the position in line.

It's just because of this position that my son found some clues, so as to find out about her!

This son is just too smart, just a few days, let him investigate clearly.

However, she is worried now. Her son knows that Suqin is forced to leave. What will he do? Cheng Xuelan twisted her eyebrows anxiously. She hoped her son would make the right choice.

Country f, by the sea.

After the tide receded again, Suqin came here to enjoy the fine sand massage. She likes to walk on the clean and soft beach barefoot and occasionally pick up a shell as a memory.

"Sister." Behind me, suddenly a very sunny voice came.

Su Qin was stunned. Looking back, he saw Wen Yang coming barefoot and calling her sister directly.

Wen Yang is dressed as a big boy, with a small head, which gives a clean breath. The whole person is full of the taste of youth and sunshine.

And such a big boy is the most popular one among girls.

"Why are you here?" Suqin said to his elder sister, and he was kind to him.

"I just saw you come here to pick up shells, and I wanted to come and pick them up with you. Anyway, the beach is the most fun at this time." Wen Yang shows his white teeth.

"I just came here for a walk." Suqin didn't really want to pick up anything.

"Sister, have you met anything sad? I think you are all alone. I am very worried about you. " Wen Yang came to her side, with clean eyes and real worries. Suqin chuckled, "no!"

Wen Yang did not believe that, however, he is now the most happy, is not too Su Qin did not dislike his close.

He would be happy to accompany her.

Su Qin continues to walk forward, and Wen Yang around her accompanies her, does not disturb her, does not talk, just like a close friend.

Suqin didn't hate him either, because people's hearts are eager for warmth. For her, Wen Yang is just a trace of kindness brought by strangers.

According to Xuanyuan's request, Li Sen immediately started to check Suqin's whereabouts, and he soon got Suqin's information.

Check in a beach resort hotel in country f, it's a five-star hotel, and that beach is still an independent beach.

Li Sen is worried now. He is worried that Xuanyuan will have to find him.

He is really not suitable for running around in his identity. Even secret travel is accompanied by certain dangers.

However, Li Sen is still hesitating, Xuanyuan's phone urged to ask.

"Do you hear me?" Xuanyuan asked directly.

"I heard. It's just your excellency. You may recall Suqin. There's no need to go to see her in person." Li Sen suggested.

"She wants to run away from me. Even if I call her back, do you think she will come back?"

"She certainly dare not resist your order."

"No, I don't want to intimidate her with identity. In the emotional world, we are equal."
Xuanyuanchen refuses.

In front of Suqin, he never regarded himself as the president of a country, because identity is their most significant existence, he just wanted to close the distance with her.

Moreover, he cared that when Suqin left last time, she needed a man who could accompany her. He hoped that he could accompany her as much as possible. This time, he would not let her escape.

"Wait, Suqin. I'll come to you." Xuanyuan Dang hook lips firm voice.

Chapter 588

A very low-key plane took off at the airport in the middle of the night.

On the plane, there is a charming figure sitting by the window. The moonlight covers him through the window, making his facial features as if crossing a layer of silver, three-dimensional and profound.

Sitting in the back not far away are several bodyguards, as well as Li Sen, Li Sen can hardly believe that the president would be so eager to find Suqin.

Fortunately, Suqin's country of travel is a friendly country with them. Li Sen made a series of arrangements quickly before he made this trip with enough security. Otherwise, he would not dare to let the president act recklessly.

This is probably what xuanyuanchen, the president in office, thought that he had done the most unthinkable thing. However, if he can keep his sense in front of feelings, it can only be said that his feelings for Suqin are not deep enough. So, he lost his reason, lost all his composure and calmness, and just wanted to fly to Suqin immediately.

Let her tell the truth, let her show him a sincere heart, in this emotional world, she has no right to end this relationship.

only he has the final say.

Moreover, he also wanted to let her know what was the end of cheating him. He was so big that he was played by a woman for the first time in his palm. Moreover, he was rejected and picked up by all kinds of people.

This time, he used to look for Suqin, as long as she had an answer, whether she had loved him or not, and whether she had moved her heart to him.

"Mr. President, have a rest! The plane has eight hours to go! " Li Sen came over and gave a whisper of advice.

Now it's early morning. Xuanyuanchen is not sleepy at all. In his mind, all of them are Suqin's figures.

F country, but it's about 6 p.m., and it's another evening. When Suqin walked on the beach and walked, he saw several people playing beach ball not far away. Suqin saw Wenyang's figure.

Wen Yang also saw her and ran to her with a sunny smile.

"Sister, do you want to play together?" Wen Yang sent an invitation to her.

"No, I have no strength." Suqin smiled and waved.

"Do you want to go for a walk? Do you mind if I join you! I'm a little tired. " Wen Yang looks pleading.

Suqin nodded. "Good!"

Suqin is a woman with a very mature mind. In her eyes, Wenyang likes her. Besides, she doesn't like her with a strong purpose. She just wants to be close to her.

Such likes, probably also only has like Wen Yang this age old boy to have! Shyness, but also with a passion and heat.

Wen Yang coquettes, smiles and beckons with his companions not far away for him to stop playing.

Those male companions, who have some envy for Wenyang's courage, will be like Suqin, who is full of divine breath. They have no courage to approach.

Of course, among them, Wenyang is the most handsome, and naturally more popular.

Su Qin thought about it, and asked curiously, "Wen Yang, your name is Wen. Do you know Wen lichen?"

Wen Yang blinked at once, surprised, "of course I know you! However, he may not know me. "

"Why?"

"Because we have a common ancestor of the Wen family. On the 15th day of the first month of each year, the elders of the Wen family go to the tomb to worship their ancestors. Once, I followed my father. He introduced us to the Wen family. The most important family was Wen lichen. I looked at him from a long distance. He was the president of Tianmu entertainment group. He was a great man."

Wen Yang said excitedly. Then he looked back at Suqin. "Sister, what's your relationship with him?"

"He is my brother-in-law, and my sister married him." Suqin laughed.

Wen Yang immediately relaxed his chest, inexplicably feeling happy, "right? Then your sister must be very happy. "

"Well!" Suqin chuckled.

"What about you, sister? Do you have a boyfriend? " Wen Yang's bold inquiry.

Suqin's mind flashed a handsome and mature figure, there was a bitter smile, she shook her head, "no! I'm single. "

Wen Yang secretly rejoices, but he loves Suqin even more, because he sees that there is a sadness in her smile.

She must be a woman hurt by love.

Wen Yang thought in his heart, at this time, he just wanted to be able to keep her quiet.

For those who do not ask for return, I simply hope that the goddess sister can be happy.

Coming back from the beach, because Wen Yang was separated from his friends, Suqin invited him to dinner at dinner, and she was alone.

After dinner, Wen Yang sent her back to her room, and then, shamefully asked, "sister, can I make an appointment for breakfast with you tomorrow?"

"Good! See you at eight! " Suqin didn't refuse him. In her eyes, Wen Yang is just a younger brother. She doesn't want to be too cold in a foreign country or a compatriot. When Suqin returned to the room, she took off a thin coat outside, went to the balcony, looked into the distance and enjoyed the moonlight. At this time, a very sad mood came out of her heart.

Another day passed, but she found that what she is now is like a person without soul. She spent every day aimlessly, without a trace of vision and hope for the future.

She thought that if she left, would Xuanyuan Chen be with Miss Lin's? His mother is so worried about his marriage, as long as they are willing to associate, they will be engaged soon, and then, hold a wedding!

Suqin didn't dare to think about those pictures at all. He imagined Xuanyuan Chen's side. A girl took him by the arm, walked through the red carpet, shared the wine with the guests, and imagined their happy and loving pictures. Suqin just wanted to escape far away.

Best, don't let her see it with her own eyes, otherwise, she doesn't know what she will suffer. Suqin, as always, took a bottle of red wine, poured half a cup, and sat on the sofa on the balcony. Now, only alcohol can make her sleep better at night. Otherwise, she has to endure every day, so she can go to sleep.

Suqin drank half a glass of red wine, got up and went to the bathroom. She opened the top of her head and let the water drop down from her head. At this time, there were not only water drops but also her silent tears flowing into her eyes.

When a person can't even express his sadness, it's the saddest thing to do. After taking a bath, Suqin looks at the red and swollen eyes in the mirror. She smiles bitterly, blows dry her long hair, continues to sit on the sofa on the balcony, and tastes the second glass of red wine. She even feels like she's under a forbidden spell. She can't think about that man any more, because that man belongs to someone else.

Soon, he will be the husband of another woman.

Chapter 589

Suqin suddenly thought of his kiss, which was so powerful that he could not refuse it. He imagined that he would be equally warm to other women in the future, and her heart would be too painful to breathe.

When Suqin stayed in the room, it was two o'clock in the morning.

At the moment, in a private airport in country f, a plane landed steadily.

Outside, three helicopters have been waiting for us for a long time. Even the vice president of the country stays up late waiting for someone to come. However, xuanyuanchen is on a private trip this time. He just shakes hands and asks hello. His figure then sits in a helicopter, and Li Sen's bodyguard sits in line, and he chooses another one.

The helicopter rose in the night sky and went straight to the apron of the seaside Manor Hotel a hundred miles away.

Suqin gathered her long hair, and she was a little drunk. Sleepy, she still didn't want to sleep.

She looked at the moon in the distance, suffering willfully, and she did not know that a man had come to her.

The helicopter reached the tarmac on the top floor of the hotel in half an hour.

Xuanyuanchen stepped down from the helicopter, and the night wind blew the corners of his suit, which made his figure appear particularly grand and hidden. The king's temperament in the world could not be covered even by the night.

"Sir, Suqin's room number is room 668. Let's go down with you!" Asked Li Sen.

Xuanyuanchen nodded and nodded. Li Sen asked his bodyguard to follow him into the elevator room immediately. He only went down two floors and reached the sixth floor.

Looking at the direction of the room number distributed in the corridor, xuanyuanchen swept quickly, and chose a direction, and walked on.

After death, Li Sen immediately followed. When he was near the door of Suqin's house, xuanyuanchen said to the bodyguard behind him, "don't get closer."

The bodyguard stops, and Li Sen continues to follow him until he reaches the door of Suqin's room.

"Knock on the door." Xuanyuanchen said to lisen, he thought, at this time, Suqin would rather open the door for him.

Li Sen nodded and reached for Suqin's doorbell.

Suqin is on the balcony, ready to go to bed. It's cold and quiet. The doorbell rings in the quiet room, or she is shocked. She frowns. Who is it? Press her door at such a late hour?

Is it a drunk tenant? Or who's dangerous? Suqin immediately clenched his fist and grasped the mobile phone in his hand.

At the same time, she thought of the fruit knife on the table. She picked it up and held it in her hand. She walked to the door step by step.

There was dim light in her room. She held her breath and looked through the cat's eyes at the people outside.

The corridor light outside the door is on, and the face of the man standing at her door is also very clear.

Su Qin sees Chu Lai's person clearly, she is startled directly big eye, how can be Li Sen?

At this time, Li Sen seemed to be worried that she could not see him clearly. He took a step back and smiled in the direction of staring at the cat's eyes.

Suqin can't be more sure. It's Li Sen. why is he here? In this world, in addition to her parents and relatives, who make her feel safe, Li Sen is trustworthy.

Suqin opened the light in the hall. She stretched out her hand and opened the door. Looking at Li Sen standing outside, she said, "assistant Li, why are you here?"

Li Sen smiled helplessly. "It's not just me."

Suqin is standing in the door. She only sees Li Sen outside, but she doesn't see another man hiding nearby.

"Who else?" Suqin can't help but be surprised. Who else will Li Sen take?

And just then, a male voice familiar to her, deep and powerful, "and me."

Then, the figure of xuanyuanchen stepped out from the shadow beside the wall.

Tall and oppressive, like a dense net, shrouded in Suqin.

At the same time, he also left from the side. At this time, he stood here, which was very inconvenient.

Suqin was shocked and bewildered. She covered her mouth and stepped back two steps. She couldn't believe looking at the man in front of her, almost dreaming.

What happened to him? How can he come here? In her mind, these two question marks enlarge infinitely.

Because this man can't come here at all. In his capacity, how can he walk around?

"Mr. President You How do you Suqin stuttered in shock.

Xuanyuanchen's long legs stepped into her door, and at the same time, the door was closed with a bang.

Isolated everything outside and created their own private space.

"You..." Suqin is going to faint with fear. Her heart is about to jump out for him.

Xuanyuanchen's eyes tightly locked the woman in front of him, and his heart jumped up for her.

"Do you think I can't find you if you escape here?" Xuanyuanchen's voice line is hoarse, and the next second, his long arm is over, Su Qin's frozen body is pulled into his broad arms. The next second, the man holds her chin in the other hand, forcing her to raise her head. Suqin's eyes look into the deep eyes, almost drowning her. This man is full of aggressive breath, which makes her unprepared and unable to resist.

Next second, xuanyuanchen felt that all the accounts had been postponed. Now, he just wanted to punish this unruly woman to comfort his lovesickness and his bad mood in recent days.

"Well..." Suqin trembled all over, like a frightened bird in his arms.

However, the man will not give her the chance to refuse, because it is not what he wants.

A hot kiss, let Suqin's head blank, and the man goods to her mouth of wine flavor, he suddenly more angry, she went abroad alone, drink to ease the worry?

Suqin was trembling all over her body. Her hands didn't know where to go. They were hugging him or pushing him away.

However, because it's something that my heart has been yearning for, she used all her strength after pushing away once, and this time, she really can't push away, so, her hands, naturally choose to embrace.

Her tears were also closing her long lashes and falling.

Xuanyuanchen product to her tears, he just slightly panted to release her, watching her tears in the pouring, he held her forehead way, "cry what? Is it too exciting to see me? "

"You shouldn't have come here." Suqin closed his eyes and said in confusion.

"You forced me to come." If it's a mistake, it's her fault. It's her fault.

Suqin can't help biting his lips, and some feeble retort, "I didn't I didn't ask you to come. "

"As long as there is a place where you are, far and wide, I will come." Xuanyuanchen clenches his teeth, which shows the meaning of placing Qi.

Su Qin's tears suddenly broke down and the levee broke down.

Chapter 590

Suqin's heart was completely disordered and disordered. Her breath was slightly panting. She put her hands lightly on the sofa. If she didn't hold the sofa, she felt that she had no strength.

And beside her, xuanyuanchen's eyes stare at her, with oppression and resentment, as if she had done something wrong.

"How can you come here?" Su Qin is biting his lips, can't accept that he is a president, leaving his country and running around at will.

This is a very dangerous thing. If it is an ordinary person, who is it? He is the president of a country, and his every move, every word and deed is the global concern and focus.

Xuanyuan Chen narrowed his eyes, went forward, clasped her wrists, "come here, you still want to drive me away?"

Just now, that out of control kiss took away her reason. Now, Suqin's reason is half back. Looking at the hand that he tightly clasped, Suqin thinks that they shouldn't be so close. She immediately struggles secretly.

"Let go!" She heard her own flustered voice.

"How about not letting it go? What can you do to me?" Xuanyuanchen suddenly didn't want to reveal what she had done immediately. If he wanted to take this opportunity, he would punish her and force her to panic. "You..." Su Qin is biting the red lip, a pretty face is suffused with red looking at him.

"What happened to me? You have no right to refuse me what I want to do now and what I can do." Xuanyuanchen announces his rights.

"You can't Even if you are Mr. President, you can't do what you want." Suqin bit his lips and accused him.

"I can!" Xuanyuan Chen hook lips a smile, smile some satisfied.

"You Su qincai found that this man was in fact very rogue in nature, domineering and autocratic, very hateful.

"I have the right to do so, not because of my identity, but because you love me, and you have me in your heart." Xuanyuanchen's voice is low and full of absolute confidence.

Suqin's eyes widened in an instant. What is this man talking about? At the same time, there was a flicker of panic in her eyes, as if she had been seen through her secret, very helpless.

"Nonsense, I don't!" Suqin was so angry that he said the opposite.

"You have!" Xuanyuanchen is very sure of this.

Suqin was forced to panic. "I didn't, I never loved you, and I don't have you in my heart. Don't be amorous."

Four words of self love, but this man to anger, xuanyuanchen immediately close, tall body oppressive approach her.

"I'm amorous?" Xuanyuanchen is biting his teeth.

Su Qinming knows that this is not what she wants to say in her heart, but why does he force her to say these merciless words? He doesn't force her. She won't say that at all.

"You go back! I'm on vacation... " Suqin don't open his face, now, just want him to leave, for his safety.

Xuanyuanchen stared at her with some vexation. "You think I came here just to say these? I'm here to take you back. "

Suqin's body slightly quivered. She closed her eyes and tried her best to breathe. "I will not go back with you."

"You think it's great to give me up to another woman, don't you? Suqin, what qualification do you have to give me to another woman? Have you asked my opinion? I tell you, I want you, not her! " Finally, this sentence is very firm.

Suqin closed his eyes, because this sentence immediately opened, gaped big, she even understood his words directly.

She gasped in panic. "What do you say?"

"I said, I want you." Xuanyuanchen stooped down and the heat was blowing at her mouth. "Suqin, only you are the woman I want."

Suqin's heart trembled. She felt like a joke. It turned out that the man knew everything?

As if seeing through her mind, xuanyuanchen's big palm gently combs her long hair in front of her forehead to the later generations of her brain, shuttles her five fingers through her soft hair, and makes a gentle, low and dumb voice, "I know everything, don't hide from me anymore, and don't cheat me anymore. I want you to be your most real self and admit your feelings for me."

Suqin closed his eyes, long eyelashes, tears of grievance like rain, I don't know why, at this time, she suffered a grievance, and finally had a hug to let out.

Xuanyuanchen immediately presses her head in the bosom, letting her tears stick to his chest, the temperature of tears burns in his heart position.

Suqin is not repressing her emotions. At this time, she just wants to be herself.

Xuanyuanchen's kiss gently branded in her hair, over and over again, greedy to breathe the moment she relies on him.

Feel her tears, the original anger, anger, at this moment, completely disappear, in this feeling, the most injured, the most aggrieved, is her, and he, even now understand her situation.

It's his fault, he's damned. He should have protected her from anyone to hurt her and threaten her.

"Cry! Cry out all your grievances. " Xuanyuanchen's mute voice appeases. Suqin is not a little girl either. Her mood is much better now, but what she has to face next is a situation she never thought about.

"You go!" Suqin covered his eyes and pushed him.

"I depend on you, but I want to push you away. Suqin, there is no such ruthless person as you." Xuanyuanchen gnaws his teeth and makes a low angry voice.

Suqin's hands were stiff and he dared not push him.

"What did my mother tell you? How did she get you to leave me? " Xuanyuanchen wants to know this very much. He can talk with his mother only after he has made it clear.

Suqin's mood calmed down, and her voice calmed even more. "My wife didn't threaten me. I am willing to do all this."

Xuanyuanchen slightly startled, "why do you want to do this?"

Suqin finally had the chance to say what she was saying. She smiled bitterly and her eyes were still full of tears. "Because the identity gap between you and me is so wide, you don't realize it, but for me, it's a strong gap."

"As long as I don't dislike you, who dares to say more?" What xuanyuanchen is afraid of is not the threat her mother caused to her, but the fear of her retreat.

"Yes! You don't dislike me, I'm very moved and grateful, but I can't be selfish and don't think for you. " Suqin looks up and looks at him with some intense emotions. She bites her lips and admits generously, "because I love you too, I love you, so I can see this relationship rationally."

"To love me, to leave me, is the way you love me?" Xuanyuanchen's eyes were worried. He reached out and held her thin shoulder. "Suqin, I don't want you to have such an idea. I want you to love me bravely and be with me bravely."

"May I?" Suqin looked up and laughed hard.
