

UNASSAILABLE CEO DADDY

Chapter 59

In a word, both of them are his heart and soul.

Early morning.

Xing Lihan dressed the little guy and sent him downstairs. When he passed the parking lot, the little guy immediately looked for mommy's car. He wanted to know how Mommy fell down. At that moment, he immediately stayed and pointed to Tang Siyu's new lane. "Daddy, you see my mommy's window was smashed."

Xing liehan squints his eyes and sees that Tang Siyu's red Porsche Cayenne is smashed to pieces of glass, and there are many dents in the car body. It seems that she fought with other women on the grass downstairs last night.

"It's OK. Maybe someone accidentally smashed the wrong car." Xing liehan doesn't want his son to worry too much.

"Daddy, can you fix my mommy's car?" The little guy looks up at him pleadingly, because Mommy must be confused about such a thing.

Xing liehan didn't want to be in charge of the woman's affairs, but his son's big eyes, clear and expectant, made him refuse. He thought for a moment and said, "OK! I'll get someone to fix it for her. "

"Thank you daddy. Mommy will be very moved if she knows." The little fellow immediately laughs Mimi way.

Xing lie drew a black line slightly on his forehead. He did it all in his son's face. He didn't need to get the woman's gratitude, but he really wanted to know what happened last night.

Send the kid back to school. Xing Lihan sees a very high-definition camera next to him. He goes directly to the direction of the property in the community. Xing Lihan is also famous in the community. Because of his identity as a young master of Xing family and because he gets through the third suite, he is very popular. Even the property is respectful to him. He wants to see the camera last night. The property certainly dare not refuse Absolutely.

Sitting in the security room, the security guard called out the photo of last night's parking lot. In the picture replayed to about 9 o'clock last night, Tang Siyu and a girl were arguing. She didn't know what the girl said. She slapped each other first. Then, the other party went crazy and rushed to her. The two people struggled together on the grass beside.

Xing liehan squints his eyes and appreciates a wonderful fight scene. Then Tang Siyu leaves and the girl who fights with her finds a stone and smashes her car.

Who is this girl? What's the hatred with Tang Siyu? Xing liehan is so curious. As the mother of his child, if he is a bad girl, he really needs to worry.

Tang Siyu sleeps until eight o'clock. Thinking that Tang Yiyi smashed her car last night, she is also full of love for the car. She quickly changes a casual suit to check it.

She is bending around her car to check the scarred car. She feels cold and has a line of sight behind her. She turns her side and touches a pair of complicated and indifferent black eyes.

Tang Siyu blinked his eyes and asked, "did Xiao Xi go to school?"

"Why did you fight last night!" Xing liehan stared at her and asked coldly.

Tang Siyu's face was hot. He didn't admit it. "Who said I had a fight?"

"I just came back from the property. Do you want me to show you the video record of last night?" Xing lie snorted, but the woman refused to admit it.

Tang Siyu's face was even redder. She bit her lips and said, "this is my business. It has nothing to do with you."

"It really doesn't matter to me. If you are not my son's mother, I will never interfere. But if you are my son's mother, I will know the truth." Xing liehan's eyes fixed on her.

"Why?" Tang Siyu squints.

"Because I don't want my son's mother to be a bad girl." Xing liehan points to her bad character.

Tang Siyu's arms are encircled and his lower lip is clenched with rage. "You are not good!"

"You'd better tell the truth." Xing liehan orders, because watching the video is her first move.

Don Siyu really didn't want to talk about last night's events, but the man was so forced, as if she didn't say it and offended him. She said without looking, "it was my half sister who fought with me last night. Do I need to report to you when I teach my sister a lesson?"

Xing lie's eyebrows are tight. She beat her half sister last night?

"Do you want this car?" Xing liehan asks with a light eyebrow.

Tang Siyu immediately replied, "of course! I'm going to call in the insurance company now and see how to fix it. "

"I'll have someone come and pull it for you to fix." After Xing liehan finished speaking, he stepped to a top-grade black Maybach sports car parked opposite. His slender body sat in and drove past Tang Siyu.

Tang Siyu is slightly gaping at the figure that some people can't believe looking at this man leaving. Will he repair it for her?

In fact, Tang Siyu also finds it very troublesome to go to insurance. Besides, she is going to rehearse music today. She squints her eyes. Is this man true? Does he really fix it for her?

No matter what, she can't drive today. She went home and changed a suit of clothes and went out to take a taxi. Soon after she left, a trailer came and took her car away and sent it to a luxury car repair shop. In the afternoon, a black car drove in with a white SUV. The man who came down from the white SUV looked like an intermediary company, while the man who came down from the high-end black car looked up at the 28 story high-end luxury apartment and smiled.

"Mr. mu, this is a very good school district room in the nearby area. There is a noble kindergarten nearby. You can get to the best hospital in the city center in ten minutes. The traffic is convenient. The greening of the community is more than 50%. The floor spacing is 200 meters. The lighting is in place. It's a good source of quiet rooms in the noisy area. You can't miss it."

"Are there really no buildings on the 24th floor?"

"You really don't have this floor, but we have a good room on the 25th floor. Let me show you the room?"

"Good!" Murphy could not ask for more with a smile.

The agent took him into the elevator, and Murphy pressed the 24th floor. The agent was surprised, but he didn't say anything.

When he got to the 24th floor, Murphy stepped out and looked at the spacious floor of the four households of this ladder. He turned to the intermediary. "Can you talk to the owner here? I'm willing to pay three times the price for one set."

"I'm sorry, but I can't, you know? Although these are four families, there are only two real owners living here. One of the owners bought all three sets and opened them up into one family. It is said that the owner is a super rich man. "

"Oh! Why does he need to get through three sets? "

"I don't know."
