

U. CEO Daddy 601

Chapter 601

"Xiaoqin, for the sake of our previous friendship, you only need to say a good word under the president's cabinet. He will certainly listen to what you say. I know that he fell in love with you. You are his girlfriend. Every word you say is very important. Please help me?" Duanzixuan looks at her almost imploringly. Now, he wants to return to his original position. Only Suqin can help.

Suqin calmly gazed at duanzixuan, the man who had already made her stranger than stranger in her heart.

"I really can't help you. It's better to ask for help than for help. Have you come back!" Suqin turned to go home.

"No, I don't have time. I'm almost thirty years old. I don't have the courage to come back. Suqin, it's just a word from you. You won't help me?" Duanzixuan's eyes flashed a hint of resentment.

Su Qin remembers that xuanyuanchen said that duanzixuan's job transfer was not done because he hated him, but because duanzixuan had loopholes in his work. Therefore, the transfer was very reasonable.

"Don't ask me for this kind of thing. It's useless. I won't help you." Suqin's very clear refusal.

"Suqin, you are so cruel. I thought that our previous feelings could at least let you beg for me and say a good word. Now, you are not willing to do anything for me. I am really disappointed." Duanzixuan immediately threatened her with her old love.

Suqin sneered, "I am the one who has been disappointed. We have no relationship for a long time."

With that, Suqin pushed the door in and slammed it shut.

The duanzixuan outside the door clenched his fist and was indignant inside. He came to ask Suqin for help this time. Originally, he had a little expectation, but now, the expectation became a strong disappointment. Suqin refused to help him.

Duanzixuan never thought that he would go to the road of prosperity because he gave up a woman. At the same time, because of this woman, he would fall in place in an instant. Is this God punishing him?

No, he didn't believe it was his destiny.

Duanzixuan bit his teeth. "Suqin, you are so cruel."

At the moment, however, he knew that Suqin could not help him, so he had to leave angrily.

When Su Qin returned home, Li Qian asked. Su Qin said directly that it was just a colleague he had known before, who had nothing to do with it.

When Lin bingyue returned home, she was very depressed by Suqin's ignorance of current affairs. She thought she could scare Suqin away, but she failed.

When Lin bingyue came to the hall, she was called into the study by her grandfather. Lin bingyue made tea for him, but he was very sad.

"What's the matter? Who has offended you? " General Lin asked in surprise.

"Grandpa, do you think your granddaughter is so ugly? I can't even compare with a woman who is not as good as me. "

"What do you mean by that? Who dares to look down on you? " After hearing this, general Lin got angry. Who dare to look down on his granddaughter?

"There is a woman who is very shameless. She is xuanyuanchen's female assistant. When she took office, she used various means to seduce him secretly. Now, he even ignored me and refused me for this female assistant." Lin bingyue has to tell Grandpa about it.

General Lin frowned. "And such things?"

"No! Now xuanyuanchen and her scandal are known to all the staff of the presidential palace. " Lin bingyue said gnashing his teeth.

"Mr. President is really young and vigorous! There are even such rumours and fragmentary sayings spreading out. " General Lin sighed.

"Grandpa, what can I do! I really like xuanyuanchen. I also want to be the first lady, but now, with the existence of this woman, I have no chance. " Lin bingyue bit his lips and complained.

"Well, don't worry. This can't be urgent. Mr. President has his own choice."

"Grandpa, do you have any way to force him not to marry me! Isn't the election of vice president under discussion? You and my dad can vote. Then you can vote! " Lin bingyue immediately hummed.

General Lin's face immediately changed and he stared at her seriously. "What do you know? Can I interfere in state affairs for this purpose? "

Lin bingyue was frightened by her grandfather's expression. She blinked and said wrongly, "don't you want to help me?"

"Love is a good thing. Even if you can't marry xuanyuanchen, you will never marry badly." General Lin is a very clear man, but he has a heart of loyalty and patriotism.

Lin bingyue stared at her eyes slightly, and felt her grandfather's attitude clearly. She was immediately disappointed. Now, she really has no hope. Even her grandfather doesn't support her. Who else can help her? Lin bingyue bit her lips. Did she watch Suqin sit on the throne of the first lady?

She found her this time, but also threatened her, Suqin still don't remember hate in his heart! When she becomes the president's wife, she will certainly be ridiculed.

Returning to the room from Grandpa's study, Lin bingyue thought more and more about this matter. There is still hope. By the way, she must call Jiang Xuelan. She will help her find a way. Doesn't she like her very much? Lin bingyue is confident, because she tries her best to act cleverly in front of Jiang Xuelan, and becomes a girl who is sensible, general and knowledgeable.

She likes her very much. Lin bingyue picks up her mobile phone and dials Cheng Xuelan's number.

"Hello, icy moon?" The voice of Cheng Xuelan is gentle.

"Aunt LAN, do you have time? I want to chat with you. " Lin asked politely.

"I don't have much time recently. It's not convenient to go out in cold weather. In addition, I have rheumatism in my leg. It's not suitable to be frozen. Let's make an appointment after the Spring Festival!"

Lin bingyue listens, can't help but be anxious, "Lan aunt, I want to make an appointment for a time, accompany Xuanyuan elder brother to go home together to see you."

"Oh! Icy moon! You have to consult with my son about this matter. He just went home yesterday and said that he was too busy for this time, so he can't be sure when he will come back. "

"Aunt lan But. "

"Bingyue, you are a good girl. You are capable and excellent. You must not be an excellent pursuer. Aunt LAN believes you can meet happiness."

"Aunt LAN, what do you mean by that?" Lin bingyue gets nervous.

"Last night, my son came back. He said that he had a girl he liked. Before, I matched you and thought that you had results, but the emotional things could not come. I was wrong before. Bingyue and aunt LAN apologized to you."

Lin bingyue has to maintain her magnanimous side. She just laughs, "aunt LAN, it doesn't matter."

"Well, I'll make an appointment later that year."

"Good looking!"

After hanging up the phone, Lin bingyue slumped on the bed, feeling that the whole heart was cold.

Today, after Lin bingyue came to the door, and then duanzixuan came to the door. Suqin felt a little tired. After supper, she had a chat with Suxi in her room.

Sushi is reading a book about her pregnancy, and there are several books beside it. These are the courses that sushi needs to supplement urgently. When she ordered the book, Wen lichen asked her to order two sets. Now, there is another set left at home for him to watch!

Suqin looked at the mobile phone for a while, then she was bored. She picked up a pregnancy education book beside her.

"Sister, why are you interested? I don't think you want a baby too! " Susie took the opportunity to tease her.

Suqin smiled and glared at her, "how can there be such a fast thing?"

"Maybe! The presidential palace has accepted you. You are going to have a wedding soon. Elder sister, I can't believe it! Your future is the president's wife, the first lady of this country. " Sushi said pleasantly, and then, with a little vainglory on his face, "no one can bully me in the future. My sister is the president's wife!"

"Don't be so garrulous. Li Chen is here now. Who dare to bully you?" Suqin laughs at her.

When sushi heard this, his red lips curled up with a sweet smile, "yes, I am very happy with him now, and I will not suffer any grievances. Before, I wanted to fight for resources, and I need to make great efforts to run the production team to recommend myself. Now, I can choose all the scripts, but I am now in a hurry and can't accept any more. I'm sorry to my fans."

"When the baby is born, you will be free later. If you want to make a movie, you can do it." Suqin smiled and then thought, "I think even if a woman marries a very good husband, she should have a career of her own, because an independent woman in her heart is more powerful."

"Elder sister, you are right. I think so too. I will never be a housewife, divorced from the society. I want to be a spicy mother." Susie's brain is mended and he's followed by a little vinegar guy. That's a good feeling!

Suqin looked at her with a smile. "You can rest assured that you will live to be the kind of woman you want to be."

"Elder sister, you too. I adored you since I was a child, because you always know what you want."
Suhizan said.

Su Qin shakes her head and smiles. She has been living in a very confused state recently.
Fortunately, everything has gone on.

At this time, Suqin's mobile phone rang, she picked up a look, heart rate immediately accelerated, is xuanyuanchen call.

Sushi got out of bed with great vision and whispered, "sister, talk to the president! I went back to my room. "

Finish saying, push the door to go out, do not disturb Su Qin to say whisper.

Su Qin chuckled and reached for it. "Hello."

"What are you doing?" At that end, the deep male voice asked hoarsely.

"Reading in bed." Suqin looked down at the book in his hand and said casually.

"What book to read?" The man asked curiously.

Suqin turned to the page of the book, she read, "pregnancy encyclopedia." After su Qin read it, she regretted it. Why did she tell him to read such books?

Sure enough, the man over there smiled with great interest and asked, "Oh! Why do you read such books? Are you ready to have a baby with me? "

Suqin regretted, and really shouldn't have said, her cheek slightly hot, "not really, but my sister just in my here, put a few parenting books, I casually picked up to read."

Xuanyuanchen listened to her explanation and was still in a very good mood. He didn't believe that she just looked at it casually. In fact, Suqin was really interested in it. Just after reading a few pages, he was attracted.

"It's better to read more books about it. It'll be useful in the future anyway." Xuanyuanchen answers with a low smile.

"Are you finished?" Suqin cares about him.

"Well! Just finished, you can have a good rest. " Xuanyuanchen's voice line was a little hoarse. With that, he sighed, "the whole presidential palace is too quiet without you. I'm not used to it."

Suqin is slightly stunned, "then you should have a rest earlier!"

"You don't want to come and accompany me?" Xuanyuanchen suddenly asked eagerly.

Suqin was stunned, looked at the time, ten o'clock, she blinked, "now?"

"Well! Now, I'll have someone pick you up. " Xuanyuanchen wants her to go.

"But it's a little late." In fact, Suqin wanted to go in the past, but it was too late.

"It's not late. I'll wait for you. Will you come?" Xuanyuanchen's voice line is full of some kind of temptation.

Suqin's heart was struggling. To be honest, she used to live in his home. She had a very clear bottom line. Now, she really didn't know what would happen when she was with him.

"All right! I'll come. " Suqin did not refuse.

That end Xuan Yuan Chen immediately happy smile, "good, I immediately send someone to pick you up."

"Well!" Suqin should a, hear that end hang up the phone, obviously xuanyuanchen in contact with his men.

Suqin breathed a little, and bit her lips nervously. She suddenly thought of something. She got up and went to her wardrobe, pulled it open. There were pajamas and pajamas, as well as her new beautiful purple underwear. Suqin blushed, took out the new set, and took out a sweater and jeans. When changing clothes, Suqin's head was blank. She felt extremely ashamed.

she put a light colored woolen coat on the outside, took off the scarf left by her, and sprayed a faint perfume on her body. After she dressed, she quietly opened the door and heard the sound of the television downstairs.

She immediately shut up again, at this time, she had a kind of panic when she was a student, secretly falling in love and being caught by her parents.

She's at home on vacation now. She can't even find the reason to panic!

What can we do?

Suqin was in a deep anxiety when there was a small knock outside her door. She knew it was Suxi.

Sushi pushes the door in, watching her dress up in a rhythm ready to go out, she covers her mouth and smiles, "sister, so late, do you want to go out for a date?"

"He said let me go to the presidential palace." Suqin was shy in front of her sister.

"Sister, I didn't laugh at you! It's time for you to take the initiative at your age. I agree with both hands. " Susie looked at her seriously.

Suqin smiled and looked at her. "Well, I know you're worried that I won't get married."

"No, my sister is so beautiful, but she is going to marry the president. How can she not get married? She wants to marry you more."

"Then you go to distract dad in the hall and coax him to sleep. I don't want them to see me go out for a while." Suqin said to her.

Chapter 603

Susie blinked at once. "This kind of thing, leave it to me, and I'll immediately advise my parents to go back to the room and sleep."

Su Xi finished, pushed the door and went out. She went downstairs directly. Sure enough, the husband and wife of Su Boyan were sitting on the sofa, chasing after a war TV play, very serious.

"Heathy, what are you doing running down so late?" When Li Qian saw her coming downstairs, she immediately asked in surprise.

"Dad, mom, you are too loud to watch TV and quarrel with me. If you want to watch it, I will give you IPAD, sit on the bed and watch it under the quilt, and will not catch cold." Said sushi.

Su Boyan and Li Qian immediately stop TV. It's very important for their daughter to have a rest.

"Then we won't watch it. We'll go back to the room to have a rest. You'll go to bed quickly. You'll stay up late with pregnancy. Li Chen knows that he should be worried."

"It's OK. I can fall asleep before eleven, mom and dad. I'll get you the iPad."

"No, it'll be fine tomorrow. You can go back to your room and have a rest! Your sister should be asleep. "

"Sister is going to sleep." Su Xi smiled and said, "go upstairs with your parents. Su Boyan and Li Qian's master are on the third floor. Su Xi said to them," good night, mom and dad. Go to bed early. "

After saying that, she pushed the door into Suqin's room, "my parents went upstairs, you are always waiting for the phone, my parents will not know you go out."

Suqin nodded and said to her, "go to sleep now, too!"

Suxi just went back to the room. Twenty minutes later, Suqin's cell phone rang. It was called by xuanyuanchen's men, right at the door.

Suqin picked up the bag and went downstairs. Without turning on the light, she went out of the gate all the way. She opened the black car parked at the gate and sat in.

The car went straight to the most dignified place in the country, the presidential palace.

Along the way, Suqin's heart was a little complicated, mixed with various emotions, which made her heart throb and her heart beat like a girl. She was wringing her palm and felt a light sweat.

Finally, the car stopped at the gate of the presidential palace smoothly, and the bodyguard opened the door of the back seat. Suqin said a word of thanks, and the bodyguard quickly got on the car and left.

Su Qin just arrived at the door. The door opened from the inside. In the bright hall, xuanyuanchen's long and charming figure came directly into her eyes.

Suqin looked at him, and he also stared at her. They just looked at each other for a long time, with a smile on their lips.

Xuanyuanchen steps forward and holds her tightly in her arms. Suqin also holds him tightly, closes his eyes and feels his temperature. What else can make her more excited than at this moment?

She doesn't have to care about everything, just love this man, feel his passion, feel his response, and she also delivers a heart, which is enough.

Xuanyuan Chen gently released her, Su Qinwei was looking up at the stage, and her white face was particularly attractive under the light. Xuanyuan Chen bent down and branded her lips.

Suqin shamefully released his hand, xuanyuanchen closed the door tightly, drove the cold wind out of the door, and created a private warm space belonging to them.

Suqin went to the sofa and put the bag down. At the same time, she took off the scarf. The heating was on here. She was a little hot.

In fact, she felt a little hot all the way because of some tense emotions.

She took off her coat and revealed a close fitting sweater and jeans inside, which showed her slim figure. Even a simple sweater and jeans can make her exude a kind of female sexuality and style.

Xuanyuanchen's eyes locked her in a deep way. He approached her, reached out his hand and held her naturally. Suqin's heart leaped suddenly. She turned around and continued to hug him.

Suqin looked at his face at a close distance and found that his eyes were bloodshot and covered with red blood, which was obviously caused by lack of sleep.

"Your eyes are so red. It's time for you to have a rest." Suqin is upset. He knew she would not come. Let him go to bed earlier!

Xuanyuanchen shook his head. "It's OK."

"No, go to bed now." Suqin can be distressed, this man does not know how to cherish his eyes and body? He is the most important person in the whole country.

"OK, let's go! Sleep together. " Xuanyuan Chen is smiling to stick to her cheek way, kiss extremely.

Suqin bit his lips and glared at him. "You can't think of anything but sleep tonight."

He is too tired. She can't make him tired any more.

Xuanyuanchen is rarely controlled by others. Even his parents were only strict when they were little. When they grow up, they let him do everything. His subordinates dare not even say a heavy word in front of him.

But now, the woman in front of him, with a straight face and staring at him, made him feel a kind of happiness he had never had before. Finally, a woman dared to take care of him.

"Well, listen to you." Xuanyuanchen had to press all ideas, because he really lack sleep, he took her hand, "then you accompany me to sleep."

Suqin did not refuse. He followed him upstairs to his master bedroom. Xuanyuanchen had put on his pajamas and was waiting for her. "I remember the pajamas. I'll find one." Suqin said, go back to

the guest room she used to live in, open the cabinet, and there are pajamas prepared by Xuanyuanchen before, which she did not take away.

Suqin took a two-piece suit and changed it directly.

Xuanyuanchen Wei'an's body was half lying on the bed. Looking at the woman who had changed into pajamas, he held out his hand to her. Suqin sat in bed and leaned into his arms.

Suqin picked up the remote control beside her and left only a very dim wall lamp. She said softly, "sleep."

Xuanyuanchen held her, smelling a faint fragrance in his breath, which was very good, as if it had the effect of helping sleep. His face was buried in her neck, and his high nose gently threw out her jade neck, "it's really fragrant."

Suqin reached out and patted him on the shoulder. There was a serious reminder in his voice, "sleep."

Xuanyuanchen is really sleepy. He went to bed for four hours last night and got up for a day's meeting. Even his lunch break was occupied. He stayed up until 9 p.m. and came back here. He was really tired.

Suqin felt an arm bound by the domineering waist. Suqin was tired from him. She closed her eyes and breathed close to him. Suqin heard his even breath.

Both fell asleep.

In sleep, Suqin's body has been hugged, not loosened, but also sleep very comfortable, maybe it is a sense of security!

So I fell asleep, and the morning came.

Xuanyuanchen hugs her, very good sleep, so, this night, he is in the dream and deep sleep, wake up early in the morning.

Suqin woke up because she felt strongly that she had a pair of eyes looking at her. When she opened her eyes, as expected, she ran into a pair of gentle smiling eyes.

"Awake?" Xuanyuanchen asked with a smile.

Suqin quickly buried his face in his chest. "Don't look at me."

Chapter 604

Xuanyuanchen stooped down and pasted it in her ear. "I've been watching it for half an hour."

Suqin's white and illuminating earlobes were immediately pink with this saying. The man burst out a smile from his chest and held her tightly.

At this time, the internal phone next to xuanyuanchen rings, and he frowns, as if he doesn't want to answer, because he wants to answer the woman who will let go of his arms. Obviously, at this moment, he wants her.

"Go get the phone!" Suqin pushed him forward.

Xuanyuanchen only listens to her. She releases her arm and sits up to pick up the phone.

"Your Excellency, the meeting will begin at half past nine." At that end, Li Sen's voice reminded him.

"Well, I see." Xuanyuanchen should a, put down the phone, continue to lean over, put Suqin tightly in his arms, at this time it is 8:30.

"What's the matter? Do you have a meeting?" Suqin looked up at him and asked.

"Well! It starts at half past nine. "

"Get up! You have to have breakfast to go to work. " Suqin reached out and pushed him. The man immediately held her hands in his hands with a little annoyance. She was not allowed to push him again.

Suqin really worried about him, so he said, "I'll have breakfast with you."

"But I would rather..." Xuanyuanchen is low to bend in her ear, "eat you." Finish saying, immediately pressed down, let her feel him.

Suqin's body passed an electric current for a moment. It was crisp for a while, and he was too stiff to move.

Xuanyuanchen had to stop making fun of her, reach for her, "get up together."

Ye Dong didn't know where he got the news. He made breakfast for two. When he saw a pair of men and women coming down from the second floor, he immediately showed a congratulatory smile, "good morning, sir, Miss Su."

Suqin also said hello to him gracefully, "good morning, elder brother Ye."

"Just call me Yedong." Ye Dong laughs.

Suqin said with a smile, "I'm used to it."

Sitting at the table, Suqin was drinking milk. The morning light came in from the window and covered her body. Her skin was even whiter and smoother than milk. Xuanyuanchen held up the water glass. He was stunned for a moment and forgot to drink water.

Su Qin a pair of water eyes lift, look at him, "what's the matter?"

Xuanyuan Chen chuckles, "you are too beautiful, let me lose my mind."

Such casual praise makes Suqin a little unprepared. With her red lips rising, she shows a row of white and tidy teeth. Her smile is sweet and sexy.

Xuanyuanchen likes her smile very much. It has a kind of healing function, which makes him all upset and tired. She needs a sweet smile, which can be eliminated.

"Stay for lunch at noon." Xuanyuanchen had breakfast and had a look at his wristwatch. It was ten past nine. He should go to the office.

"Good." Suqin promised him.

Xuanyuanchen gets up, comes to her side, stoops down, Suqin knows what he is going to do, she slightly raises her head and kisses him for a while, xuanyuanchen thinks it's not enough, thin lips kiss her hair again, "wait for me."

After that, he left.

Suqin looked at his back, and her heart was filled with sweetness and comfort that she had never had before. This love for her was not pressure, but full of motivation.

Suqin returns to the balcony in the master bedroom, she picks up her mobile phone and dials up Suxi's phone.

"Sister." Then sushi answers.

"Did my parents find out that I was not at home?" Asked Suqin.

"I told them that you went out to find friends and they didn't doubt it." Susie has a lot of ideas.

Suqin chuckles. It's not good to hide her parents like this. But she needs a more suitable time to take xuanyuanchen home. Besides, he is very busy now. Let's wait for him to finish the work!

"Over there, make up a reason for me! I may live here these days. " Suqin didn't want to leave him either.

"Good! Don't worry! I'll find a very good reason for you to make sure that my parents won't doubt it. "

"Well! Then I'll hang up first. It's snowing. Don't run around. Don't go out. " Suqin asked.

"Good! I'm not going anywhere, I'm at home. " Susie's answer was good.

At the end of the phone call, Suqin sat on the balcony and watched the small snowflakes floating out the window. At about 10:30, ye Dong got through the inner line of the room.

Suqin picks up, "Hello!"

"Miss Su, your Excellency has sent you something." Ye Dong's voice came.

Suqin is stunned. What did he send! She pushed open the door of the master bedroom and went downstairs. She saw a box on the table, square and square, and could not guess what was inside.

"Did he send it?" Suqin asked in a strange way.

"Yes! Just now, I didn't ask what it was sent by Li te himself. Open it up and have a look! " Ye Dong is also curious. You are also a romantic person! Su Qin thought about it, reached out and opened it, only to see a stack of books lying quietly in the box. The top one is the Encyclopedia of pregnancy.

Suqin couldn't help but laugh. When he was in the meeting, he thought of having these books sent to her? Ye Dong saw it, and he was immediately surprised. "Miss Su, are you pregnant?"

Suqin immediately face slightly embarrassed, shook his head and said, "not yet."

"Oh! Your excellency means that you are preparing for pregnancy! I'll cook more warm soup for you to drink next, so that you can keep fit. " Ye Dong immediately felt the burden on his shoulders heavier.

Suqin was embarrassed again, but didn't explain. She picked up four books and said, "I'll go to the flower hall and read."

"OK! I'll make you a cup of jujube tea later. " Ye Dong speaks.

"Thank you."

Suqin came to the flower hall with books in her hand. She is really interested in these books now, especially when her sister is pregnant. She also wants to know about this.

Suqin looked very seriously. Ye Dong sent a pot of hot jujube tea. It was really warm to drink such a cup of tea in such a cold time.

Suqin looked seriously, lost his mind, and forgot the time passed. When she looked at the page carefully, when was a man standing behind her, she didn't even find out.

Suqin looked at it, and a low male voice sounded behind her. "Is it nice?"

This makes her not from frightened jump, hurriedly turn round, Xuan Yuan Chen stands quietly behind her, bend down to look at her.

"When did you come back? Why don't you make a noise? " Suqin stares at him in some chagrin, scaring her.

Xuanyuanchen looked at her frightened expression, he immediately sat down, reached for her, "well, next time don't scare you."

Suqin chuckled. "I'm not scared."

Chapter 605

"I've seen so much." Xuanyuanchen looked at the pages she had read. It seemed that she had read them for a long time.

"Well! I also learned a lot. " Suqin nodded seriously.

"What have you learned?"

"About pregnancy! I can't say it. I just remember it in my mind. " Suqin said awkwardly.

"Do you know how to get pregnant?" Xuanyuanchen's deep eyes lock her.

Su Qin was stunned for a while, then, the pretty face flies Xia, is this man intentional? This kind of question is not only meaningful, but also serious.

"Ask clearly." Suqin glanced at him and thought he was terrible.

Xuanyuanchen liked to tease her like this. He shook his head and said, "I don't know much about this except dealing with state affairs. Teach me."

When Su Qin saw that he had to pretend, he wanted to laugh and was embarrassed to answer his questions, so he said, "you go to study, I can't teach."

"That kind of thing needs two people, will you cooperate with me?" Xuanyuanchen immediately seize this opportunity, hoarse hint.

Suqin feels that the heating here is too full! Otherwise, why does she feel hot all over?

"I want to go out to see the snow. Will you accompany me?" Suqin wanted to cool down, she asked.

How does xuanyuanchen not accompany her? Suqin has also been sitting here all morning. It's time for an activity.

Two people went to the door, xuanyuanchen took off one of his windbreaker and put it on her body, and then took off the scarf. He circled her two times and tied a knot carefully. Suqin stood still and was waited by the man carefully.

"Put on a coat, too!" Suqin said to him.

"I'm not cold." Xuanyuanchen doesn't want to wear it.

When Suqin came this time, he wore boots, so he was not afraid to step on the snow. The snow outside was very beautiful. The whole garden was covered with silver, and there were small ice crystals flying down in the sky.

Suqin steps to an open place. She reaches for the snowflakes. The snowflakes fall between her hair, as if they are bringing her a white rose. Xuanyuan Chen squints and appreciates her posture in the snow.

Suqin happy turn, body inadvertently into a man's arms, he was tightly hugged.

This is a grove higher than human beings. There is no one around. Xuanyuanchen can't help it. He pinches her thin chin with his big palm and forces her to slightly raise her small face. He kisses her.

Suqin's body and mind are tense, but, on the lips, the man's hot kiss makes her refuse, she only sink.

The cold air around seemed to be warmed by the kiss, which made Suqin feel hot instead of cold at all.

Finally, Suqin panted and fell on his chest, xuanyuanchen gently managed the snowflakes on her hair, Suqin closed his eyes, between the heaven and the earth, as if there were only two of them, hoping that this moment could stay for a while.

It's lunch time. Xuanyuanchen reaches out and takes her back to lunch.

Forest house.

Lin bingyue's mood is gloomy these two days, which makes her whole person in a state of anxiety. She can't eat or sleep. She searches some photos of xuanyuanchen on the Internet all day to see his majestic figure and imperial momentum. Her heart is jumping for him.

Such a man is the greatest blessing in his life.

He is so perfect, and he has the highest right in the country, standing at the top of the power of men, but also has the appearance of women obsessed, such men, as long as they are qualified to approach him, will do everything to get close to him.

Lin bingyue is about to enter a state of delusion. Now she closes her eyes to him, walking, eating and thinking about him.

She's going crazy.

She thought that her grandfather would support her to marry into the presidential palace, but even her father was urging her not to force such a thing. If she did not create opportunities, but created opportunities without success, no one can blame.

But Lin bingyue thinks that she is not bad, at least better than that Suqin. Why can she get xuanyuanchen's love? Without his coldest refusal, she would not have believed that she was not entitled to his love.

As long as there is a chance, she will not give up. She has made up her mind not to bump into the south wall and not to look back.

She sat in the room, picked up her mobile phone, and on the screen was a picture of xuanyuanchen in a speech. He sat among those high-ranking officials, as if the most dazzling glory.

"I won't give up, xuanyuanchen. You just don't know me enough. I will let you know me better." Lin bingyue is biting his lips, and there is a certain certainty in his eyes.

Now, she can only see him in person and go to the presidential palace to find him, but it's not so easy to get there.

Lin bingyue thinks that Grandpa's identity can definitely go in. As long as she has grandpa's access card, she can go in. With the proof that she has been in and out with her first lady Cheng Xuelan twice, she may go in. Lin bingyue, thinking about it, went downstairs to discuss with his grandfather. He wanted to go out, and asked his grandfather's driver to give her a ride. General Lin did not suspect her.

He has always been very fond of this granddaughter, that is to say, to use the car he usually goes out, which is naturally given.

Lin bingyue got the car from Grandpa. Grandpa's car has a military license plate and an exemption certificate. Therefore, he has the right to enter and exit the presidential palace.

When Lin bingyue returned to her room, she put on a delicate make-up and chose a set of clothes that showed her temperament and good-looking.

At this time, it's 1:30 at noon. Lin bingyue doesn't want to see Xuanyuan Chen immediately. It's best that she can stay with him and have dinner with him.

The car that just drove out, what Lin bingyue said just now is to go to the city, the driver's direction went to the city.

"Uncle Liang, wait a moment. I suddenly thought that I would not go to the city today. I would like to go to a place to pick up things."

"Miss, where are you going?"

"Go to the presidential palace. Last time aunt Lan said she would give me a gift and put it in the presidential palace. Let me go and get it when I have time."

Uncle Liang was surprised. "Miss, are you going now?"

"Yes, it is now. Let me go! Don't tell my grandfather about it. I'm afraid he will tell me again. "

Uncle Liang also knew her relationship with Cheng Xuelan, so he believed that there was a real gift. His car turned around and turned to the direction of the presidential palace.

Lin bingyue is sitting in the back seat. He closes his eyes a little nervously and excitedly, then opens them again. It's all the color of desire.

In order to be able to fight for her future, she must put down all the face, only to get xuanyuanchen.

Chapter 606

At two o'clock, xuanyuanchen is going to have a meeting again. In the afternoon, Suqin plans to read a book. Anyway, she will experience childbearing sooner or later. It is also very useful to read more books.

Ye Dong has prepared a warm tea for her. Next, he needs to take good care of Suqin, because Suqin is the future president's wife, which is beyond doubt.

Ye Dong also appreciates Suqin. She doesn't have the arrogance of women nowadays. She can get the favor of the president. Any woman will feel very vanity!

At least, Miss Lin, who he served before, has such a feeling. It seems that she was born to be noble and wait for others. It is also a very natural thing to serve her.

But there is a kind of gentle and comfortable feeling in Suqin's body. Her eyes are full of sincere feelings. Even a simple thank-you can make her feel her sincerity.

Suqin continued to sit on the sofa in the flower hall and picked up the unfinished book at noon.

At the entrance of the presidential palace, a military off-road vehicle has come in. Lin bingyue is sitting in the vehicle. With her grandfather's exemption card and her family's fame, she just asks after a few words, and the vehicle comes in.

Sitting in the flower hall, Suqin hears the sound of the car. She is immediately surprised. At this time, who will come to find xuanyuanchen?

Is it his parents? Suqin's heart immediately tightened, so suddenly she was going to face his parents. She was a little nervous. Of course, she didn't want to escape, and she wanted to see them.

Suqin got up and came out of the flower hall, walked through a corridor in the garden, and then came to the direction of the gate hall where the car was parked. Only a military green SUV was parked at the door.

At this time, the door opened and Lin bingyue stepped out of the car.

When Lin bingyue saw someone coming out, she immediately looked up, and she was shocked.

How could it be Suqin?

And Su Qin sees the woman who gets off the car, also was surprised, it is not Xuanyuan Chen's parents originally, but Lin bingyue came.

"How are you?" Lin bingyue's eyes are hostile. Can't Suqin live in the presidential palace now?

"What's the matter with Miss Lin?" Suqin asked politely.

"Do you take yourself too seriously? Do you think this is your home? I'm here to tell you? " Lin bingyue replied mockingly, went to the window and said to the driver inside, "Uncle Liang, go back first! I'll be back later. "

"Yes, miss." The driver nodded and left.

Lin bingyue turned around and walked toward Suqin. "Miss Su, we are all guests of the presidential palace, so you don't need to chat with me in the words of the heroine."

Suqin nodded. "I'm sorry."

Lin bingyue sneers, "Miss Su, what means do I want to use to confuse Mr. President? It's not a way to see the light

"Please speak with self-respect." A sober reminder from Suqin.

Lin bingyue continued to smile and asked, "what's the difference? If you don't attract Mr. President by some means, I don't know where you can attract him. "

Suqin smiled disapprovingly. "Seriously, I don't know why he likes it."

This sentence, Suqin said very confident.

"You You can be proud! I don't think Mr. President likes you as much as you think. He just needs a woman, and there are many better women in the world. " Lin bingyue just wants to hit her confidence hard.

Su Qin smiled and turned to the direction of the hall. Lin bingyue immediately raised his neck to keep up with him, as if he was not willing to show weakness.

When Su Qin returned to the hall, ye Dong saw Lin bingyue following her. He was shocked immediately. Why did Miss Lin come?

"Brother ye, is brother Xuanyuan there?" Lin bingyue immediately called Xuanyuan Chen with a kind of friendly tone.

Ye Dong is slightly embarrassed and smiles and answers, "you are in the office area."

"Oh! I knew he was very busy. He must be too busy to be here. I will wait for him. " Lin bingyue pretends to be familiar with xuanyuanchen.

She thought that when she spoke like this, Suqin would be angry or jealous.

Su Qin stood aside, just smiled and said to Ye Dongdao, "brother ye, how do you greet Miss Lin! I'll go to the second floor. "

"OK." Ye Dong nodded.

Lin bingyue asked with a frown, "what are you doing on the second floor?"

"Reading." Suqin replied.

"What book do you read? " Lin bingyue asked more.

Suqin didn't answer her with a smile, but went to the direction of the flower hall.

Ye Dong felt it necessary to help Su Qin. He went to Lin bingyue and whispered, "Miss Lin, Miss Su is reading a pregnancy book now."

"What? She's pregnant? " Lin bingyue's face suddenly changed. Ye Dong shakes his head. "I think it's to prepare for this!" But I will be unmarried and pregnant first. I can't talk about it.

Lin bingyue was really scared just now. Now, she is relaxed again. Suqin is being amorous! I even read these books to please xuanyuanchen. Do you think she can live?

"What would you like to drink, Miss Lin?" Asked Ye Dong.

"Give me a cup of tea!" Lin bingyue finished, went to the sofa and sat down, watching Suqin holding the book upstairs, she felt angry inexplicably.

When Su Qin went up, Lin bingyue went to Ye Dongdao, "brother ye, did she come here early this morning?"

"Do you say Miss Su? No, she should have come last night! "

"Then she Has she spent the night here? " Lin bingyue's face changed.

"I'm not sure about that." Ye Dong smiles.

Lin bingyue's face turns white. Now she knows why she lost to Suqin, because she has no Suqin's face!

She dared to sleep in the presidential palace. She still took the lady's reserve and had not been too ambiguous with Xuanyuan Chen. She thought that he would like to keep a distance. Now, it seems that Suqin held on to this means and got Xuanyuan Chen's love.

Suqin came to a small hall on the second floor. She didn't tell xuanyuanchen about Lin bingyue's coming. He must be in a meeting now. This kind of thing shouldn't disturb him.

Besides, Lin bingyue has no right to interfere in the event that she is coming, but even if she has the right, she will not use it at will.

Lin bingyue drinks tea in the hall on the first floor for a while, and she feels very bored. Naturally, she dare not disturb xuanyuanchen. Now, she can only wait until he comes back here.

Lin bingyue wants to see what Suqin is doing. She walks upstairs step by step.

Lin bingyue finds Suqin in a cozy and warm small hall. Suqin relies on a dark blue sofa, and her slim figure exudes a kind of gentle beauty of women.

Chapter 607

Lin bingyue's jealousy is surging up. Although Suqin has no excellent family background, it is undeniable that she has beautiful appearance, and she also exudes a kind of calm and calm.

Like now, Lin bingyue feels that he has been surrounded by a kind of jealousy. What about Suqin? Is she pretending to be indifferent, or is she really able to be calm?

The more she is like this, the more angry Lin bingyue is. She goes to her side and looks at several books on the table beside her. She reaches for them and takes a look. She sneers, "what do you think of such books? Are you going to get pregnant? "

"No, it's not a good thing to learn more." Suqin's light answer.

"Ah, I see you clearly want to use the means to see how to conceive Xuanyuan's child quickly, and then use the child to coerce him to marry you!" Lin bingyue has fallen into a kind of paranoia. For many things, she can only rely on her imagination to decide that it is really common. Suqin's bearing is very good, but when she heard this, her face sank a little, "Miss Lin, please don't imagine at will."

"That's exactly what you did. Dare you not let me think about it? I just heard Ye Dong say that you were here last night. Don't tell me. Don't tell me. You slept in the guest room last night! " Lin bingyue tried to resist jealousy and ridicule.

Suqin suddenly felt that Lin bingyue was more immature than she thought.

She raised her eyebrows lightly. "Miss Lin, we are all adults. You should understand that as long as we can bear the responsibility, why can't we do it?"

"You You really don't want to be ashamed. " Lin bingyue's face was white with rage, and she was going crazy with envy. She felt mad when she thought of the things xuanyuanchen and Suqin had been in love with.

Suqin doesn't plan to pay attention to it. She lowers her head to read a book. Lin bingyue suddenly thinks of something. She takes out her mobile phone and says, "Suqin, you are not afraid that I will call aunt LAN now and tell her that you secretly climb up his son's bed and want to make the rice cooked mature?"

Suqin only thinks Lin bingyue is boring, but she is not afraid because xuanyuanchen gives her enough confidence.

"You fight! I won't stop you. " Suqin put down the book and said calmly.

"Are you really not afraid?" Lin bingyue is a little weak.

"Why should I be afraid? He and I really love each other. We can stand any test. " Suqin said calmly, thinking that once, she foolishly thought that this woman can be with xuanyuanchen, now, she really regrets the original decision.

"You..." Lin bingyue was so angry that she couldn't speak for a while. Suqin's confidence was beyond her.

She bit her lip and put her cell phone aside. "OK, I'll spare you. Suqin, as long as you leave the presidential palace now, I won't say anything, OK?"

"I will not leave." Suqin's firm answer.

"You I'm here for dinner today. Do you want to make the light bulb for me and Xuanyuan? Are you not afraid of being stimulated? " Lin bingyue pretends to be invited.

Suqin is slightly shocked. Xuanyuanchen certainly didn't do it. Who invited her?

She guessed that Lin bingyue had come.

"Miss Lin, who invited you?" Suqin asked, pretending to be curious.

Lin bingyue's face sneered. "I don't have to tell you."

Suqin didn't intend to break her down, even if she wanted to stay for dinner, she would not stop, but she knew who made the light bulb.

"I'm a little tired. I'll go to have a rest first. Please help Miss Lin."

"Where are you going to rest?" Lin bingyue immediately looked at her with some precautions.

"Room." Suqin replied.

Lin bingyue is stunned, and then a kind of speculation comes up. Does Suqin really live in the guest room here? Yes, it must be.

Xuanyuanchen as a president, he will not mess, Suqin's initiative to give up was rejected by him!

The more Lin bingyue thought about it, the more she felt in a good mood. She got up and went to the bathroom. Facing her perfect and delicate face in the mirror, she was more confident that she would share the PK table with Suqin tonight.

She believed that between them, who is more outstanding, that can be seen at a glance.

Suqin did return to the guest room to have a rest. She went on reading, just looking for a room where Lin bingyue would not disturb.

Downstairs, ye Dong thinks it's necessary to mention this. He doesn't disturb xuanyuanchen, but calls Li Sen and mentions Lin bingyue's coming.

Li Sen was also surprised. How did Lin bingyue come to the presidential palace? The first two times, it was because Cheng Xuelan brought her in.

"Now you are in a meeting. I will tell him about it in a moment. You should take care of it first. Don't let Miss Su be wronged." Li Sen confessed.

Lin Bingyue 's family is superior. He worries that she will bully Suqin from Zhongliang.

"Well, I'll let you know as soon as anything happens." Ye Dong replied. Lin bingyue saw Suqin go back to the guest room, she went back to the hall, looked at the time, it was 3:30, she went to Ye Dongdao, "brother ye, please make my dinner today, I will stay here tonight for dinner."

"OK, but it's still early. I'll prepare later." Ye Dong dare not say no.

At 4:30, xuanyuanchen's meeting was over. Li Sen came in to collect the materials. Xuanyuanchen was reading the documents. He stood by and waited for a while.

Xuanyuanchen finished reading and rubbed his eyebrows. "I'll go there in a moment, and you'll sort out the important documents and send them later."

"OK! I think your excellency is tired, so go back to have a rest first! " After Li Sen finished, he pretended to remember, "you have something I want to tell you, just now ye Dong called and said, Miss Lin bingyue is here, waiting for you in your living room."

"What?" Xuanyuanchen's eyes immediately raised, "how did she come?"

"I'm also a little puzzled, but thinking of the general's car, there is a vehicle exempt from inspection. Miss Lin must have come in with her grandfather's vehicle."

"What is she doing?" Xuanyuanchen is wringing eyebrow, seem to have some displeasure.

Xuanyuanchen thought that Suqin was also in the presidential palace. He immediately stood up and said, "I'll go and have a look first."

"OK." Li Sen watched him.

Xuanyuanchen's footsteps stride fast in the corridor, and he worries about one thing in his mind. Suqin hasn't been bullied by Lin bingyue!

Lin bingyue's personality is more straight, and Suqin's temperament is more stable. Even if she quarrels, she suffers from losses.

Xuanyuanchen wants to protect Suqin all over his head at the moment, and Lin bingyue has no meaning to him.

Chapter 608

Suqin took a look at the time. It was half past four. She thought xuanyuanchen should be coming back soon. She got up from the sofa and opened the door.

Lin bingyue sat on the sofa and looked at the past of time. She was nervous and excited. She didn't know what to do when she saw xuanyuanchen. She must have realized that she wasn't really invited. She came by herself. She took a deep breath.

Suqin heard the next elevator flickering. She looked at the number on the second floor. Her heart couldn't help jumping with joy. The door clanged open.

Who is not xuanyuanchen?

When xuanyuanchen opened the elevator door, he saw Suqin standing in the hall on the second floor. He was slightly surprised. "Do you know I'm coming back?"

Su Qin chuckled. "I don't know. I just wanted to go downstairs, and I heard the elevator."

Xuanyuanchen stepped out, reached out and held her in his arms. He asked in a low voice, "is Lin bingyue here? Did she bully you? "

Suqin shook his head and smiled. "No, she's on the first floor. Did you invite her?"

Xuanyuanchen's face sank slightly. "I didn't invite her."

When Su Qin heard this, he understood that Lin bingyue had come here uninvited.

"She didn't really embarrass you?" Xuanyuanchen is still uneasy.

Although Suqin was disrespected by Lin bingyue several times, she didn't want xuanyuanchen to come out and deal with this kind of lock up thing, which was harmful to his identity.

"No." Su Qin bent his eyebrows and smiled, "don't worry about me, my heart is not fragile at all."

Xuanyuanchen listens to her to say so, knew what Lin bingyue must have said, he holds up her hand way, "go down with me."

"Good." Suqin nodded and followed him toward the stairs.

Downstairs, Lin bingyue is anxiously waiting for Xuanyuan Chen to come back, but she doesn't know that Xuanyuan Chen can go straight to this floor from the sixth floor corridor.

When she heard footsteps coming downstairs behind her, she immediately thought of Suqin. She must have thought of waiting for xuanyuanchen.

Her eyes swept lightly, however, what she saw was a pair of men and women holding hands.

The woman is Suqin, and the man is xuanyuanchen naturally.

Lin bingyue is shocked by Xuanyuan Chen's sudden appearance. She stands up and looks at Xuanyuan Chen at a loss. She forces up a smile. "Brother Xuanyuan, when did you come back? Why didn't I see you? "

"There is a corridor on the sixth floor that leads to here." Suqin answers her questions.

Lin bingyue did not dare to give Suqin any facial expression at this time. She immediately pretended and smiled at Suqin, "right? I didn't know it would be so convenient! "

"Miss Lin is here. What can I do for you?" Xuanyuanchen's voice line is colder.

Lin bingyue's face was slightly stiff immediately. She bit her lips and said wrongly, "brother Xuanyuan, you haven't come to see me. I miss you very much, so I have to come here to find you."

Xuanyuanchen's sword eyebrow twisted for a moment. "Miss Lin, I thought I told you clearly last time. There is no fate between me and you. Please don't stick to it any more."

When Lin bingyue heard this, her face was slightly pale. Her eyes swept over Suqin, thinking that she would laugh at her and make fun of her amorous feelings.

Suqin did not look at her, as if she was thinking about something.

"Brother Xuanyuan, I..." Lin bingyue was so embarrassed that he didn't know what to say.

"Miss Lin, as soon as she comes, let's stay for dinner!" Suqin asked with a smile.

Lin bingyue is stunned. She looks at Suqin. She wants to know whether Suqin wants to see her jokes or show her love more clearly?

Xuanyuanchen also looked at Suqin, who chuckled, "it's almost time for dinner. Now Miss Lin is going home. She can't catch up with the dinner at home. Let's use it up and go back."

Xuanyuanchen chuckles. Suqin's heart is sincere. She doesn't want to show off in front of Lin bingyue. She really wants to stay for dinner.

"Well, then ask Miss Lin to stay for dinner and go back." Xuanyuanchen also agreed to come down.

Lin bingyue is very happy. Unexpectedly, Su Qin is the one who let her stay.

How can she not understand this? Doesn't Suqin hate himself? Would you like to leave her for dinner?

At this time, ye Dong heard it, walked out and said with a smile, "I'll prepare dinner now."

"If Miss Lin has any allergic food, you can tell elder brother ye in advance." Suqin asked the moon.

Lin bingyue thought for a moment and said, "I don't eat onions."

"OK! I try not to put onions. " Ye Dong nods and enters the kitchen.

Xuanyuanchen didn't want to join in Yilin bingyue, because he and Suqin had too little time together. He thought he could have two people's world with her tonight. Now Lin bingyue joined in, so the feeling disappeared.

Lin bingyue stood beside the sofa, embarrassed. Suqin came to her and asked, "Miss Lin, do you want tea?" Lin bingyue was stunned. She suddenly thought that Su Qin would pour tea for her?

"Good! I'd like another drink. " Lin bingyue wants to embarrass her.

Xuanyuanchen looks at her and gets angry, but sees Suqin pick up her tea cup, walks to the hot water side of making tea, makes a cup of tea for Lin bingyue again, and puts it in front of her.

Lin bingyue stared at the tea delivered to her. She looked up at Suqin and wanted to say thank you, but she felt that Suqin was not qualified to let her say it.

She swallowed and stopped.

At this time, Li Sen came in from the door, holding a pile of information in his hand, "Sir, I have sent the information."

"Well, come into the study with me." Xuanyuanchen said to him. He took a look at Suqin. "Xiaoqin, please say hello to Miss Lin."

"OK." Suqin nodded in response.

Xuanyuanchen and lisen went to the direction of the study. Lin bingyue watched xuanyuanchen's back disappear in the study.

She took a sip of tea and looked at Suqin beside her. "What do you want to do?"

"I don't want to do anything." Suqin looks at her and shakes her head.

"Then why did you leave me here for dinner just now? Don't you hate me? You're not afraid I'm in your way here? Excuse me? " Lin bingyue is very straightforward.

Suqin looked at her calmly. "Miss Lin, I have never been hostile to you. Please let go of my hostility. We are not enemies."

"Isn't it? We are enemies of love. " Lin bingyue stares at her.

"I won't stop you from pursuing him, and I won't hinder you, but he has the right to choose. If he loves me, I love him. If he doesn't love me, I will leave." Suqin looks at Lin bingyue peacefully.

Lin bingyue wants to refute immediately after listening, but she doesn't know why. Suqin looks at her eyes, which makes her impulse to refute press back.

Chapter 609

She really didn't know whether Suqin said this because of her self-confidence or because she could really love selflessly.

"If he doesn't love you, will you really leave?" Lin bingyue doesn't believe that she is so great.

"Yes." Suqin answered her seriously.

Lin bingyue's eyes stared at her, as if to see through Suqin's heart.

Suqin also looked from her, she calmly and fearlessly welcomed her examination.

Lin bingyue was really embarrassed just now. If xuanyuanchen drives her out of the presidential palace directly, she will feel resentment for this matter all her life.

Or, feel humiliated, but Suqin just left her for dinner in time, saving her embarrassment at that moment. To be honest, Lin bingyue was shocked.

If she changes roles, she really doesn't know if she has Suqin's magnanimity to leave a rival for dinner.

In the eyes of lovers, no one can hold half a grain of sand in his eyes.

"Why did you do that just now? You can leave me alone. " Lin bingyue is curious.

"I understand Miss Lin is not invited this time. I do it just because the visitor is the guest, no matter why you are here."

Lin bingyue bit her lips. She took a sip of tea and thought that Su Qin had just made it for her.

In the afternoon, she should hate her for her sarcasm. Why make tea for her?

She really doesn't care a bit about what she said in the afternoon.

Next, there was silence time. Lin bingyue was immersed in her mind, and Suqin was thinking about her things.

At half past six, the dinner was ready. Suqin said to Ye Dongdao, "brother ye, please invite Mr. President and Mr. Li Te to come out for dinner."

"OK." Ye Dong answered and went to the study.

Lin bingyue is a little puzzled. Mingming Suqin can go and ask for it, but only Yedong. In fact, she did this, which made her feel better.

At least Suqin didn't show too much superiority in front of her.

After a while, xuanyuanchen and lisen came out. Lisen didn't stay here for dinner. He left. So, on the dining table, there were only Suqin, linbingyue and xuanyuanchen.

There are five dishes on the table, none of which have green onions. Lin bingyue looks up to Ye Dong and thanks, "brother ye, thank you for taking care of my eating habits."

"You're welcome. You have to thank Miss Su for reminding me. Otherwise, I may not know that you don't like onions." Ye Dong replied.

Lin bingyue's eyes couldn't help looking at Suqin. She thought again that Suqin's mind was really delicate. For such a thing, she would not take care of others so delicately.

Lin bingyue is shocked. What's wrong with her? You think Suqin is a little better?

Xuanyuanchen understands Suqin's mind, which is also one of the advantages of Suqin. She will not take herself as the center, and she will take the overall situation into consideration.

Therefore, at the dinner table, he tried not to cause trouble for her, and also tried not to stimulate Lin bingyue with her show of affection in front of her.

After a very quiet dinner, Lin bingyue sent her car away first when she came here. At this moment, she had no car if she wanted to go back.

Suqin put down his chopsticks and said to xuanyuanchen, "I'll go with Miss Lin in a moment."

Xuanyuanchen's eyes looked at her in surprise, "go? Where are you going? "

"Go home, my sister is just pregnant, she is not in a good mood, I go home to accompany her."

"Your sister is pregnant?" Lin bingyue asked in surprise.

"Well! Two months. " Suqin smiled.

Lin bingyue suddenly thought that she was reading the book during pregnancy in the afternoon. Isn't she reading it not for herself, but for her sister?

Xuanyuanchen frowned and saw Suqin in his eyes. It was clear that he didn't give up and didn't want her to go.

Lin bingyue's eyes just fell in xuanyuanchen's eyes. She had never seen nobleness like him, but she fell to the point of pleading with Suqin.

Lin bingyue's heartstrings pull hard. At this moment, she finally understands one thing. Xuanyuanchen really loves Suqin, and Suqin is the one who is loved.

Her heart naturally filled with envy.

"Do you really want to go?" Xuanyuan Chen is hoarse to ask, some pitiful meaning.

Suqin nodded and said to Lin bingyue, "Miss Lin, do you want to go back together?"

Lin bingyue is embarrassed to open her mouth to xuanyuanchen and say something to send. Hearing Suqin's words, she naturally takes this step down. She nods, "OK."

"Let your men give us a ride!" Suqin looks at xuanyuanchen.

Xuanyuanchen sighed helplessly, picked up his mobile phone and dialed through his number, asking them to drive to see people off immediately.

In less than five minutes, his people arrived. Xuanyuanchen stood beside Suqin, with a clear sense of resentment in his eyes. It seems that Suqin didn't find out. However, Lin bingyue saw it very clearly. She had a feeling that she wanted to die completely. Don't let Xuanyuan Chen refuse her with cold words and beat her. He only needed a look at Suqin. Enough to crush all her hopes.

When xuanyuanchen looked at Suqin, Lin bingyue also looked at Suqin. Suqin's eyes looked at the snow night outside. Then, he took a look at Lin bingyue. When she came, in order to make herself as elegant as possible, she didn't even have a silk scarf around her, showing her thin neck, but in the cold months, it was very cold.

Su Qin takes a xuanyuanchen scarf from the clothes rack beside him, "Miss Lin, here's a scarf. Please surround it! It's cold outside. "

Lin bingyue looks at this scarf is not her, she immediately looks to xuanyuanchen, seeking his consent.

Xuanyuanchen nodded, "surround it! Don't catch cold. "

"Thank you." Lin bingyue said a word, but clearly also to Su Qin had a thanks.

"Ye Dong, get another scarf from me." Xuanyuanchen is facing Ye Dongdao.

"OK." Ye Dong immediately steps upstairs and quickly takes a scarf from xuanyuanchen.

Xuanyuanchen takes over. He wants to surround Suqin. Suqin reaches out to take over and starts to surround himself.

Xuanyuanchen had no choice but to put his windbreaker on her. Suqin didn't wear a thick coat, so she had to refuse.

Lin bingyue is on the side, and she gets enough stimulation. However, she finds these stimulation by herself. She suddenly feels stupid. If she can see clearly earlier, she won't have to find guilt here.

"Miss Lin, please!" Suqin took the lead in walking into the corridor outside the hall.

Xuanyuanchen is sending these two women behind him. Seeing them in the car, he doesn't leave.

Chapter 610

Lin bingyue looks at the man standing there in the cold wind through the window. She knows that it's not her but Suqin who is willing to stand here in the cold wind.

The car drove away, xuanyuanchen just turned back, he still has work waiting for him.

On the back seat of the quiet car, the front baffle is tightened, forming a very private space here.

In Lin bingyue's mind, a lot of things are echoing. For example, she scolded Suqin's words today, those words that are penetrating and extraordinary.

"Suqin, don't you really hate me at all?" Lin bingyue's voice sounded curiously.

"Why should I hate you?" Suqin asked with a chuckle.

"I've said a lot of terrible things to you. In other words, I can't bear a word. Why can you?" Lin bingyue looks at her.

Su Qin's face is beautiful and beautiful in the light. Lin bingyue suddenly feels that she looks blessed.

"Miss Lin, I understand that you are certainly not like this in ordinary times. It's just because you are trapped in love that you lose your mind. This is a very normal thing. It's not because of this thing that you can be regarded as an ordinary person. You are also a surprise to me." Suqin turned to look at her.

"How did I surprise you?" Lin bingyue asked.

"Because of what you said to me in the afternoon, I thought you were a rude and unreasonable person, but now I don't think so." Suqin looked out of the window, his voice was gentle and quiet. "You must be a very good person."

Lin bingyue is stunned, but she doesn't know how to answer this sentence. Because she will feel very useful when others praise her, but Su Qin's praise will feel very sudden.

"Are you amusing me and making me feel good for you?" Lin bingyue asks.

"You may think so, but I know you are excellent. Someone told me that."

"Who?"

"It was Cheng Xuelan, the first lady."

"When did she talk to you about me?"

"She didn't talk to me about you."

Lin bingyue can't help being curious. "Then how do you know?"

"Because when I was his assistant, she came to me and asked me to leave him. My wife said that there was a very good girl waiting for him. That was the two days before she arranged your date with him."

Lin bingyue's heart was shocked. She didn't know that Aunt LAN had found Suqin in private and let her leave xuanyuanchen.

"Then did you leave?"

"Well! I left. I agreed to my wife's request and transferred. " Suqin replied.

Lin bingyue blinked, afraid to set the channel, "Why are you willing to leave?"

"Because I love him and he loves his mother."

"And then? Why are you together again? " Lin bingyue cannot help thinking about it. Does Suqin look back?

"I went abroad for a holiday. He flew abroad to find me in the middle of the night. I was scared. His identity couldn't run around at all. The whole world was watching his safety. I had to go back home with him."

Lin bingyue is stunned. It turns out that xuanyuanchen has done such crazy things for her. How lucky she is.

"Then when you come back, you will be reunited with him?" Lin bingyue asked again.

"I just went along with my heart. I said that if he needed me, I would get rid of all difficulties to love him." Suqin looks out of the window and mumbles.

Lin bingyue heard that, the delusion went out, her madness stopped, and her reason came back.

"I'm sorry." Lin bingyue's apology came to mind in the carriage.

Su Qin was slightly shocked. "Miss Lin, what are you doing?"

"I found out that I was the third and the destroyer between you." Lin bingyue sighed, "even if a man like him doesn't actively pursue a woman, those women will be crazy and active for him. However, when he really seriously pursues a woman, who can refuse?"

Suqin felt that she had made sense, which was the result of her experience.

"No, there is no one between us who needs to apologize to whom." Suqin shook her head.

"In fact, both my grandfather and my father advised me to give up. At that time, I thought I had the qualification to let him like it. Now, I understand that what he values is not his family background, nor my good academic background. He only needs a woman who understands him and cares about him." After Lin bingyue finished, she realized something. She turned her head and said, "in fact, you are very good. You have a tolerant and generous heart, and a fine dedication and selfless spirit. I think, Madam President, you are more suitable than anyone else."

Su Qin was shocked. She didn't expect Lin bingyue would praise her so much. She just thought that Lin bingyue said these virtues. She was far from enough.

At this time, the voice of the bodyguard on the other side of the baffle came, "Miss Lin, your home is here."

Lin bingyue chuckled and turned to Suqin. "Thank you, Suqin. You saved me. You saved me in the edge of irrationality. Otherwise, I might hate every day." "Miss Lin, you are welcome to my house when you have time."

"Maybe I'll visit the presidential palace next time. I just hope your hostess won't drive me away."

"Here Why? " Suqin smiled.

"Goodbye." Lin bingyue opened the door and got off.

Seeing the black car leave, Lin bingyue takes a breath of air conditioning and walks to her home. In the hall, her grandfather is waiting for her to come back angrily!

"Bingyue, tell me the truth, where did you go today?" Old general Lin asked.

"Grandpa, I went to the presidential palace." Lin bingyue is honest.

"Why do you think so, you child? As I said, it's not good to make a change. Mr. President, it's not because of you, so you don't have to stick to it anymore. "

Lin bingyue immediately smiled and hugged him. "Grandpa, I know it's wrong. I won't want to marry him again. I'll accompany you and dad Well and not make trouble for you."

"What?" General Lin looked at her in surprise. "Why do you suddenly want to open up?"

"Well! I think so. I also think that no one can do it. However, the future president's wife may be my friend. "

"Your friend?"

"That's Miss Su."

"You didn't say she was..."

"Grandpa, I take back my words. She's very good. She and Mr. President really love each other."

"You don't have a fever, do you?"

Lin bingyue chuckled, "I'm fine! It's also sobering. "

"That's good. As the children of our Lin family, we should be free and easy."

On the way home, Suqin also relaxed a lot. Sometimes, he chose to be a friend and an enemy just for a moment.

She is not generous and selfless, but she thinks that the background of Lin's family is so huge. Lin bingyue is a young lady again. Whether she can offend Lin's family or not? She is thinking about xuanyuanchen's situation.

Unexpectedly, what she did tonight was to let Lin bingyue go.
