

U. CEO Daddy 61

Chapter 61

Murphy was eager to prove something and looked at her and said, "you told me that five years ago it was just an accident. I believe that between you and Xing liehan, just like between me and Tang Yiyi, it was an accident, a mistake, Siyu. I want you to know that I won't give up on you."

After that, Murphy strided towards the direction of the elevator, leaving Tang Siyu shocked and stunned. At last, she smiled bitterly. Murphy's persistence no longer touched her, but gave her a kind of pressure.

Isn't it good to live each other's lives?

As soon as Tang Siyu entered the hall, she heard her cell phone ring. She picked it up and saw that it was Xing liehan who called. She frowned. It was clear that the door was separated. This man also wanted to call? Don't you think it's expensive?

Did it come from my son?

"Hello!" Tang Siyu picks it up.

"Make dinner by seven." A cold order, hang up.

Tang Siyu looks at the hung up phone with a look of amazement, and shouts out. She has an illusion that Xing liehan is treating her as a servant. Isn't it because she has paid 100000 yuan for food? She's been given directions now.

And in Xing liehan's hall, as soon as Tang Yixi entered the door, he moved a chair and looked at the opposite door through the cat's eye. At the moment, he climbed down from the chair and said happily to the man holding the iPad on the sofa and reading the news, "Daddy, that uncle is gone."

"Well!" Xing liehan's eyes are fixed on the iPad, and a light answer is given to show that he knows.

Tang Yixi also relieved a breath, secretly Piao to daddy's face, eh! Is daddy really not jealous at all? Just now, the uncle was very tall and handsome. Besides, he confessed to Mommy. Isn't he angry at all?

At the moment, Xing liehan is watching a news article five years ago, which is an old-fashioned scandal. The marriage of the two Mu Tang families failed, the bride repented, and the relationship between the two Mu Tang families became rigid.

In addition, there are several photos of Murphy and Tang Siyu that were captured five years ago. They go shopping hand in hand. It turns out that Murphy is the woman's ex boyfriend.

It's no wonder that he's still tangled up. Because of mufei, Xing Lihan knows that he just cancelled his engagement with another girl in the Tang family, Tang Yiyi, Tang Siyu's half sister.

It seems that this is a trick for two sisters to rob a man. So last night, she and Tang Yiyi were fighting downstairs to rob the man.

Xing liehan's sword brow is slightly twisted. He is still clear about the background of Murphy. Murphy family hotels are all over the world and the leader in luxury hotel industry. In recent years, Murphy has taken over the right of inheritance, and the market value seems to rise again. His value has been ranked in the top ten of the world's richest people.

Xing liehan is not interested in this kind of vanity ranking, but every year his name will undoubtedly be listed at the top of the list. His family's industry, for those listed on this list, can only peep at the tip of the iceberg, and it is impossible to list the specific wealth market value in his hands.

Xing liehan thinks that Tang Siyu likes this mufei now. If she marries him later, does his son want to call this man's stepfather?

Thinking of this, Xing liehan had a strong rejection and dissatisfaction in his heart. His son would never call another man a father except his father.

In the kitchen.

Tang Siyu is cooking dinner. The appearance of mufei really disturbs her mind. He even moves to her upstairs. If Tang Yiyi knows, he doesn't know how she wants to think about her!

She hoped Murphy's best to move quickly and not to cause trouble to her.

Tang Siyu is in a trance while cooking. It's seven o'clock in a flash. On time, Xing liehan and his son push the door through that door. He looks at the table with only two dishes, and the sound of cooking in the kitchen. His face suddenly sinks.

The woman hasn't cooked yet.

Little guy didn't realize that daddy was angry. He let go of daddy's hand, ran into the kitchen and held Tang Siyu from behind. Tang Siyu smiled and pulled him away. "OK, stand back and don't splash oil on you."

"Mommy, who was that uncle just now! Why did he come to you? "

Tang Siyu responded, "he's just a friend of mine."

"Mommy, you mustn't like this uncle. Daddy is much more handsome than him." Tang Yixi is afraid that mummy will be attracted by mufei, because the little guy can see that mufei is also a very handsome person.

Tang Siyu looked at him with a smile and a glance. "You need to see more than the surface. Sometimes, the heart is more important than the appearance."

At this time, a cold question came from the kitchen door, "what do you mean?"

Tang Siyu was shocked immediately. Did this man come?

"I don't mean much! I'm just teaching my son how to identify a person as good or bad. "

For Xing liehan, this woman clearly implies that other people are not interested in goods, with the meaning of belittling him.

Tang Siyu said to the little guy, "go out quickly. The smell of lampblack here is too strong."

The little guy sadly miso at the back of Mommy's waist, and then went out. Tang Siyu put the fried dish into the pot, washed it and put it back on the table, and put it on the table with the plate. At the same time, he used the heat-resistant handkerchief to bring a pot of pigeon soup to the table, and then brought out the rice.

Xing liehan and the little guy are sitting on the table. A man looks at her with a pair of cold eyes and warns, "I have to make a meal before 7 o'clock next time. If I'm hungry for my son, I'll deduct the food expenses."

Tang Siyu also feels sorry for his son. He has to be hungry to cook so late!

"Daddy, I'm not hungry. I ate a lot at school this afternoon! Don't blame Mommy. " The little guy immediately takes care of Mommy's mood.

"Well, I'll try to cook early in the future." Tang Siyu answered and served his son a good meal. When she was ready to serve it to herself, Xing liehan handed over his bowl. Tang Siyu took over and served him a bowl.

Sat down to eat, the little guy immediately reported, "Mommy, your car was smashed last night, daddy helped you to repair it."

"Well! I know. " Tang Siyu answers.

"Daddy is very kind to you!" The little guy said with a smile.

Tang Siyu lifted his eyes and looked at the elegant man, vaguely saying, "thank you."

Xing liehan glances at her, but doesn't respond. The little guy looks at daddy secretly, and then answers for him. "Daddy says, you're welcome. This is what he should do."

Tang Siyu is funny and angry. This man's expression is clearly not so. It's as cold as a piece of ice that won't melt all the year round. Which woman and such a man are bound to freeze in a few days.

Chapter 62

There was nothing left in the meal, and all three seemed to be starving.

After dinner, Tang Siyu watched the little guy watching the cartoon, and Xing liehan went back to his room. Tang Siyu sat beside his son and asked about his situation in school these days. The little guy replied truthfully. He was very suitable for school life.

Tang Siyu suddenly thought of something. She looked at her son seriously and asked, "Xiaoxi, Mommy, there is a concert in a week. Do you want to see it?"

"Yes! Will aunt Susie go? " Tang Yixi's children immediately thought that such a concert must be accompanied by Ganma.

"She wants to see it very much, but she can't leave the tense filming now. I have two tickets in front of me. I hope someone will accompany you to see it." Tang Siyu didn't want to name it.

However, the little guy immediately thought, "then I can ask daddy to accompany me to watch it!"

This is the answer that Tang Siyu wants. She pretends to worry, "maybe he doesn't have time."

"I'll ask him, and he'll show me." Tang Yixi is very confident. His father loves him very much.

Tang Siyu nodded at once, "OK, ask him first. If he wants to take you, I will give you the ticket."

"Well! Mommy, can I sleep with Daddy tonight? "

"Yes!" Tang Siyu doesn't limit his son now. The blood relationship can't be separated if she stops it.

After watching TV for a while, the little guy took his pajamas to the next room. Tang Siyu hoped that he would talk about the concert to Xing liehan.

And the little guy won't forget, which is a very important thing. He also wants to see mommy's demeanor on the stage.

Xing liehan is working in front of a luxurious office desk in front of a French window. His long fingers are tapping on the keyboard of his notebook, and he is writing English mail.

The little guy didn't disturb him quietly, but soon Xing liehan put down his work and got up to call him, "Xiao Xi, go to take a bath."

"Well! All right! " The little guy nodded his head cleverly and followed daddy into the bathroom.

sits in a large bathtub. The little guy's hair is covered with rich bubbles, revealing a white and handsome little face. The sparkling bubbles make his big eyes very bright and bright, and appear as if the stars are full of stars.

Xing liehan looks at him fondly and rubs his little body with his big palm. Tang Yixi's little friend takes advantage of his father's good mood. He laughs and says, "Daddy, my mommy will have a chance to play on stage. I want to see. Will you accompany me? She has tickets in her hand! "

Xing liehan's sword eyebrows twisted. His son's expression made him immediately see that the woman must be behind him.

"When?" Xing liehan asked.

"In a week."

"I'll see if there's time on the itinerary. I'll go with you when I have time."

"Daddy, I really want to see it. You must accompany me to see it, OK?" The little guy showed his appeal.

He thought that the mommy who played on stage that day would be very beautiful, and he must take daddy to see it. He must not miss the most beautiful moment of Mommy.

Xing lie thought and nodded, "OK! I'll go with you. "

"Yeah! Great. " The little guy stood up excitedly, and Xing liehan immediately pressed him back into the water, "don't stand up, be careful of the cold."

The little guy pinched his nose and drilled in the water. Then he came out again. His hair was smooth and covered on his head. He washed it very clean and cute. He couldn't help but want to pinch his little face.

Xing liehan is now dedicated to accompany his son in the evening. He really enjoys the time of father son interaction. In the evening, he put the little guy on the big bed and watched his little body sleeping on his side. This feeling is the most proud and successful moment of his 27 years.

Early morning.

When Tang Siyu woke up, it was already 8:30. She had a long hair and overslept. Now Xing liehan would send her son to school. She is more and more lazy. However, she is getting closer to the concert. Ye you's rehearsal is also very compact. Now she basically goes to the concert every day. Tang Siyu doesn't want to ruin her concert. So, CAI The platoon will not miss.

The tickets for the concert were released three months ago, and the rate of buying seats is very high. Ye you is a popular singer. In addition, she has held more than one concert. The rate of buying seats for her concert last time was very good. This time, together with the early publicity, we are looking forward to it.

Tang house.

Tang Yiyi fights with Tang Siyu after he is divorced by Murphy, but still doesn't understand her hatred. She hasn't given up on Murphy yet. After she is deeply convinced, she decides to pursue Murphy until he agrees to marry her again.

She knew that on that night five years ago, mufei wanted to be responsible for her. As long as she persevered, mufei would be with her for that night's responsibility.

Tang Yiyi dressed up early this morning and drove to the door of Murphy's company. She is Murphy's girlfriend. No one dares to stop her when she comes here. Tang Yiyi just took the elevator all the way from the hall. When she got out of the elevator, she went to the direction of the general office. However, soon a female assistant stopped her with a smile. "Miss Tang, I'm sorry, president Mu hasn't come to the company yet."

Xiao, I'm not bad to you! And you said so many good things to Murphy, that's how you repay me? "

Tang Yiyi sneers, she should know that mufei is in the company, just don't want to see her.

Assistant Xiao smiled awkwardly. "Mu is really not there."

"In or out, don't I have eyes of my own? I'll just go in and have a look. " Tang Yiyi shook his long hair, ignored his assistant's obstruction, and went straight to mufei's office.

The assistant behind her looks helpless, and she knows that she can't stop Tang Yiyi.

Tang Yiyi goes to the door of Murphy's office, knocks on the door and pushes in. In front of the bright and spacious luxurious office desk, Murphy is signing the documents sent in the morning, looking up at the girl who comes in, his eyes are not angry.

"Why are you here?" Murphy's voice is mild.

What Tang Yiyi loves is that Murphy is gentle and elegant. He is rich and powerful, but also deadly gentle. He doesn't have the airs of a great young master and seldom loses his temper.

Tang Yiyi looked at him with sad eyes, red eyes, and took a deep breath. "Mufei, I've decided to forgive you for what happened at the engagement banquet. I won't care. I know you haven't prepared for it. I'll wait for you for as long as I can."

Chapter 63

Murphy sighed a little, "don't wait for me, no matter how long you wait, my decision will not change, and I don't want to waste your time."

"My time is willing to waste on you. Mufei, you know that I love you so much. In these five years, you have taken care of me. I am very moved. I will not fall in love with another man except you." Tang Yiyi's eyes are full of sadness. She really adores Fei. She fell in love with him when she was 16. At that time, he had the same feelings as Tang Siyu. She was crazy with envy.

Mufei's handsome face shows a firmness, "I'm sorry, I will treat you as a friend and sister, but I will never be a lover."

With that, he got up to leave.

When Tang Yiyi passed by, she immediately hugged his back. "But I love you. I don't want to be a friend or your sister. I just want to be your lover."

"Don't be capricious. You've spent five years on me. You can't waste your youth any more." Murphy reached out to open her hand and turned around. There was no emotion in his eyes, only his good cultivation.

Tang Yiyi's heart is broken. It's broken once on the engagement stage. It hasn't been mended yet. Now, she hears her heart broken again.

"Why, why do you hate me so much? Is it because Tang Siyu has come back and you have her in your heart?" Tang Yiyi asked with a face full of resentment.

Murphy held his forehead with a headache. "Don't ask any more. It's my business. It has nothing to do with anyone."

"It's her. It must be her. I know it's her. Tang Siyu has given you some ecstasy. You don't want her for five years. As soon as she returns home, you fall in love with her." At this moment, Tang Yiyi has an impulse to tear up Tang Siyu himself.

Murphy pursed his thin lips and looked at her, but he didn't want to say anything more. He turned around and said, "I'm going out, you can go back!"

Tang Yiyi doesn't want to follow him out. Murphy goes into the elevator, and she follows him in as fast as she can, like a sticky sugar that can't be thrown away.

Murphy looked at her and sighed, "what are you doing with me?"

"I love you. I won't leave you, whether you like it or not."

Murphy had no choice. When the elevator arrived at the first floor of the garage, Tang Yiyi saw that he suddenly pushed it back to the first floor of his general office. She asked in surprise, "aren't you going out?"

"I have a meeting to hold." Murphy originally planned to choose new furniture to move into Tang Siyu's upstairs suite, but now, Tang Yiyi is here, and he doesn't want her to find out that he lives in Tang Siyu's upstairs.

Tang Yiyi immediately felt that he clearly wanted to hide from himself. She was angry and helpless.

Murphy directly summoned his hands to go to the meeting, while Tang Yiyi was waiting in the lounge, intending to pester her to the end.

However, ten minutes later, when Tang Yiyi was going to see if Murphy had finished the meeting, Murphy's assistant came to tell her that Murphy had left.

Tang Yiyi was so angry that he cut his feet in place. "Mufei, you are so angry with me."

The assistant wanted to laugh, but he didn't dare to laugh. However, who can stand Tang Yiyi's temper? No wonder Mu always wants to cancel her engagement.

After Tang Siyu's rehearsal, ye you hands her a bottle of water and says to her, "Siyu, I plan to put your picture on my publicity and promotion, and add some fame to you. You are so excellent that you shouldn't be buried."

Tang Siyu looked at her happily. "Really? Thank you so much. "

"Don't mention it. Susie and I have been good friends for many years, and you are her good sister. It's right to help each other. Besides, your children are so famous. You must be better as a mother!" Ye you really praised that she was in her early twenties, but she was also very famous in the music circle.

"In a moment, we'll choose your evening dress. It's a specially sponsored high-end customization shop. You can choose at will. Then we'll choose a set of afternoon photos to take a group of photos. Tomorrow, I'll replace it with a new promotional photo and put your one on it."

"Well, yes!" Tang Siyu chuckled and looked forward to the performance.

At noon, a group of staff of Ye you had dinner outside. She arrived at a senior dress customization shop in Ye you's baobab car. Tang Siyu chose a nude pink evening dress as the afternoon's shooting

dress, which was light and elegant with a touch of Fairy Spirit. Then, she chose a set of wine red and black evening dress as the performance dress on the stage.

She has three songs here that need her accompaniment. Ye you has carefully selected them for her.

In the afternoon, the shooting was very successful. Tang Siyu had the aesthetic feeling of art. With her classic and delicate features, the publicity photos she took were very attractive.

She was busy until about 4:00 p.m. when Tang Siyu came home from work, she still wanted to get her son along the way. She couldn't help but let the taxi driver speed up.

When she arrived at the school gate, she saw many parents picking up the children. Tang Siyu hurried to the school. Before entering the school, she saw a figure standing out from the crowd. Xing liehan was able to pick up her son every day, which surprised her. Shouldn't a big boss like him be very busy?"Mommy..." Tang Yixi's children found her at the tip of their eyes, pulled away daddy's hand and ran towards her.

Tang Siyu reached out and held him in his arms. He turned around and kissed his tender little face. "Miss Mommy?"

"Yes!"

"I came out in a hurry in the morning. I haven't bought any vegetables yet. Let's go shopping with mommy." Tang Siyu said to his son.

"Well! Good! " Finish saying, Tang Yixi looks to the tall man beside, "Daddy, you also go!"

Xing lie pondered for a moment, "OK!"

Tang Siyu doesn't want him to go. She wants to go to the supermarket easily with her son. With this man, it seems that invisible pressure is pressing her. However, even if he agrees, if she refuses, it's not good.

Not far away from the school is a big shopping mall. At this time, you don't need to drive. You can walk to the next overpass.

The little guy danced in front of him, showing his innocence. When he went up the stairs, he held Tang Siyu in one hand and Xing liehan in the other hand, showing the meaning of the family's close connection.

Many parents who pick up their children from school look at this guy and marvel at his family's high beauty and invincible wealth.

When she arrived at the mall, Tang Siyu felt that the clothes of the little guy were not enough. It was still early. She was going to visit the children's clothing store. The little guy liked the toys displayed in the children's clothing store very much, and Xing liehan followed.

Chapter 64

Tang Siyu won't choose the price this time. She only chooses the clothes suitable for her son. As soon as she enters the shop, she is attracted by a set of Kawa language little princesses. She feels the cloth for what she owes, and looks at the perfect set of little girl's clothes with her eyes shining. She secretly sighs why she didn't have a daughter?

"Mommy, if you like it, you and daddy will have another sister, can't you buy it?" Said the little guy in a wonderful way.

Tang Siyu's pretty face immediately turned red a few minutes, and quickly pulled back his hand, "who said I want to regenerate? One of you is enough. "

Moreover, even if she is going to have a baby, she will never be reborn with this man.

Xing liehan squints her eyes, silent.

Tang Siyu chose three suits of clothes for her son. When she paid for them, she wanted more than 1000. She took the card and brushed it. When she saw the black card, she drew it out and handed it to him.

After swiping the card, Tang Siyu put his clothes away, took his son to the supermarket, pushed the car and put the little guy in it. He could enjoy it.

Xing liehan pushes the little guy behind him, while Tang Siyu selects tonight's food in the dish area. Xing liehan rarely goes to the supermarket. She looks at this dish for a while, and then looks at that dish. In his eyes, it's the same dish. The woman has to hesitate for a few seconds.

However, he also has patience to wait for her. All the women's eyes around him are attracted by him alone. However, Xing liehan only accepted this coldly.

"How about having a turbot tonight?" Tang Siyu asked his son.

"I want to eat shrimp."

"Well then! Buy some fresh ones. " Tang Siyu found the seafood area and fished a jin of shrimp back.

It took half an hour to buy vegetables, during which Tang Siyu was in charge of buying vegetables, and Xing liehan was in charge of taking care of his son and cart, which was a tacit agreement.

After buying, a line of three people walked downstairs to the community. At this moment, there was a truck pulling goods on the Avenue next to the community downstairs.

At the moment, four or five strong delivery men are delivering goods, and the elevator is taken by them.

At this time, a handsome figure came from behind. Tang Siyu turned around to see when he was waiting for the elevator. Her heartstrings were immediately pulled. It was mufei.

Murphy also saw the three of them. He looked at Tang Siyu tenderly. "I'm moving today. When I'm ready, I'll come up for a cup of tea."

After that, mufei politely said hello to Xing liehan, "Hello, Mr. Xing."

Xing lie cold wrists eyebrow, voice line is clear cold ask, "you live here?"

"I live on the first floor of your building." Murphy replied, and then he gazed at Tang Siyu affectionately, "I'll be a neighbor later."

Xing lie's cold handsome face is inexplicably gloomy for a few minutes. Doesn't it count that this woman and man are tangled up, and let her old lover live upstairs? Is it convenient to cheat?

"Are you my mommy's friend?" Tang Yixi looks at mufei on guard.

Murphy gave the little guy a gentle smile. "Yes, my name is Murphy. I was your mommy's friend many years ago."

At this time, the next elevator came down. Tang Siyu was the first one to step in. Xing liehan led his son in behind. Mufei also took the ride. His slender body also raised its feet.

All of a sudden, two handsome men stand side by side in the elevator, holding a small spot, and the back against the wall against a thin girl figure, Tang Siyu stands behind, her eyes still can't help but emerge a trace of sadness, looking at the figure of xiangmufei.

What she loves to see most in her life is the back of this man, because before he left, she would not give up, and only when he turned his back to her, she would occasionally show some thoughts on the past.

And just when her eyes were shining and shrouded in memories, Xing liehan turned to stare at her coldly, and Tang Siyu immediately dropped her eyes in some confusion.

Xing liehan is back to his normal face, but his perfect face suddenly sinks.

The elevator stops on the 24th floor. Xing liehan leads the little guy to step out first. When Tang Siyu steps out behind her, she obviously feels Murphy's eyes are on her. When the elevator door is closed, Murphy's eyes flash across.

Xing liehan leads his son to the door. He opens his fingerprint lock, pushes the door open and says to the little guy, "come in."

"But I want to help Mommy cook." Said the little guy on a whim.

"No, you're in the way. She can handle it alone." Xing lie said in a cold voice, with no human feelings in his voice.

Tang Siyu is a little upset. Her son is willing to help her. It's good to have this heart. But does this man have to be so ruthless?

"Xiaoxi, go play for a while, and Mommy will cook for you soon." Tang Siyu touched his little head with a smile and opened her door to enter.

The little guy walked into daddy's room, and he looked up and said to Daddy, "Daddy, how about you play the piano and let mommy cook and listen to the piano music at the same time? She'll be in a good mood. "

"No time." Xing lie responds to his son with cold words."Oh! Then I'll play it! " The little guy can only bring fun to Mommy himself.

Tang Siyu is washing vegetables. When she hears the sound of playing the piano, she knows that her son is practicing. She chuckles and feels better.

In a noble community, Tang Yiyi's car stops at the front of an independent villa, which is mufei's residence. Tang Yiyi can't stop him in the company. She thinks that he should go home, but at this moment, the door is closed. She could go in before, and now the password lock is changed, and she can't go in.

She had only one effort to ring the doorbell, but no one opened the door. She did not give up to the security guard to ask. The security guard recognized mufei. He told Tang Yiyi that mufei had not come back to live here for several days.

Tang Yiyi gets into the car and everyone is shocked. Has mufei even moved his family? To avoid her?

Tang Yiyi is so angry that she slaps the steering wheel. It's all Tang Siyu. She can't find the figure of mufei now. Where will he go?

Tang Siyu prepared dinner in advance, rang the doorbell and asked them to come over for dinner. Her son likes to eat salt baked shrimps, which is also Tang Siyu's specialty. When eating, she peeled

shrimps for her son, which made him feel cold. The man in the opposite side was full of depressing cold.

She can't help frowning. Where has she offended him? Think about it carefully. She hasn't talked to him more than three times since this afternoon. What's he angry about?

Just when I couldn't figure it out, I saw the little guy eating shrimp and asked curiously, "Mommy, why does uncle Mu move in upstairs! Were you good friends before? "

Chapter 65

Tang Siyu was embarrassed for a few seconds, nodded, "yes, he was my friend who grew up together."

"Then your feelings are very good!" The little guy doesn't understand the complex feelings between adults.

"It used to be, but something happened and my relationship with him faded." Tang Siyu answers his son's questions seriously.

"What happened?" Tang Xiaoxi continued to ask.

Tang Siyu hesitated for a moment. The man across the street suddenly opened his mouth and said, "five years ago, you were divorced. It's about me."

Tang Siyu's gesture of reaching for vegetables froze instantly. Her heart was so agitated that he even knew about her divorce five years ago? He investigated her past?

"It's none of your business." Tang Siyu calmly responded. In fact, it was his son of a bitch's behavior that made her end her holiday early and return home. Then, he ran into Murphy and Tang Yiyi sleeping together.

Xing lie stared at her with cold eyes. He knew that it had something to do with him, but the woman didn't admit it.

But neither of them will be in front of Tang Yixi's face-to-face talk about the same thing. Tang Siyu bowed his head and ate a dull meal.

The little guy looked at daddy and Mommy. He continued, "Mommy, who have you been married to before?"

"No!" Tang Siyu shook his head.

"That uncle upstairs seems to like you very much." Said the little guy with some complaints.

Tang Siyu didn't expect her son to see through this. She chuckled, "have a good meal."

"Mommy, you are not allowed to marry a man other than your father!" All of a sudden, the little guy gave a bullying order.

Tang Siyu is almost about to spray rice. Where does this little guy come from? This means that she can only marry the man opposite her in her life? She doesn't want it.

"Didn't Mommy tell you that? Mommy will never get married in her life. " Tang Siyu stares at his son.

Finish saying, she despised to stare at opposite Xing lie cold one eye, continue to eat.

Xing liehan felt the woman's disgusted eyes, and her sword brow twisted. "What? Do you think I don't deserve you? "

Tang Siyu didn't expect him to answer. She raised her head and hummed, "I can't climb you, OK!"

"You know yourself." Xing liehan's mouth was slightly mocked.

Tang Siyu bit his lips and said to his hard-working son, "Xiaoxi, you hear that mommy won't marry your father, and he can't see me, so you don't need to fix us up in vain."

The smile on Xing lie's lips disappeared directly. He stared at the woman opposite. Did he say he could not see her? However, she clearly disliked his meaning.

"Oh! All right! " The little guy flattened his thin mouth, and his big eyes flashed with loss.

Tang Siyu had a meal first. She took two tickets from her bag and handed them to a man who was going back. "I heard you would like to take Xiaoxi to the concert, Nuo. This is your ticket."

Xing liehan glanced at the ticket in her hand. "No need."

"Then Are you going to take Xiaoxi? " Tang Siyu is disappointed. He wants his son to see her on the stage!

"I have a better source of tickets." Xing liehan said and walked away.

Tang Siyu is slightly shocked. It seems that he is going to buy a ticket to enter. OK, then she can return these two tickets to Ye you and let her give them to others.

Xing liehan has already bought tickets, and there are ten seats in three rows. His bodyguard, a pair of younger brothers and sisters, plus his position and that of the little guy.

It's all at the front.

This evening, the little guy continued to sleep in Xing liehan's side. Tang Siyu was also relieved. However, she could not sleep in bed. She looked up at the ceiling and thought that mufei would sleep upstairs after that. She was always in a trance. It was a man who lived in the bottom of her heart for so long. How could she say that she could forget and forget all?

About eight o'clock in the morning.

Tang Siyu receives ye you's call to let her go to the rehearsal earlier. She has nothing to do in the afternoon. Of course, Tang Siyu needs to cooperate with her time. She responds, "OK, I'll come right away."

Tang Siyu got up, put on a skirt in a hurry, and her long hair gathered at will twice, and she went out towards the sky.

She took a look at the time. It's the rush hour. If she wants to stop a taxi, it's not easy. She needs luck.

Tang Siyu stood on the side of the road and stopped, watching dozens of taxis whistling by. She couldn't help being in a hurry.

I don't know when her car will be repaired. She really needs a car!

From the underground parking lot, a black Bentley car came up, and at the same time, a black Maybach sports car came out of the downstairs parking lot behind her.

The two excellent and handsome men in the car noticed the girl who was anxiously blocking the car on the side of the road. Xing liehan's eyes were sharper and he found mufei's car. He stepped on the accelerator at his feet, roared the sports car, and rushed to Tang Siyu's side. Suddenly the sharp brake sound scared Tang Siyu. She thought that someone who didn't have long eyes would hit her. She was looking back to scold.

Turn around, cool and stylish sports car, not Xing liehan's, whose?

At this time, Murphy's Bentley car also drove to her from the side, the window fell, Murphy's handsome face appeared.

"Siyu, where are you going! I'll see you off. "

Tang Siyu really needs to use the car urgently, but mufei's car, she dare not sit, can't sit either.

"No, I've been sent."

Finish saying, she pulls the car door of the man beside her, but it's locked inside. Damn it, can he open it? Give her face?

At this time, the car door clicked, the door opened, she directly opened the passenger's door and sat in.

The sports car immediately passed by and pulled away. Mufei looked at the back of the sports car and sighed softly. He could see that there was no sweetness and love between Xing liehan and Tang Siyu. So he had a chance, as long as he tried harder.

Tang Siyu sat on the sports car, embarrassed for a long time, and then she had the cheek to smile at the man around her, "thank you! Where are you going? "

"Company." Xing liehan cherishes words like gold.

Tang Siyu's face slightly embarrassed, she forgot, and her wrong way ah! "Can you take me to a place?" she asked in a low voice

"I'm busy." Xing liehan answers coldly.

"Please, just give me a ride! I'm really in a hurry. I have friends waiting for me. Please. " Tang Siyu can only plead with her for what he wants.

"Say it!" Xing liehan seems to be upset.

Tang Siyu immediately said an address and saw the man's sports car in front of her. She shook her head and grabbed the seat belt.

Did she choose the wrong way? She should choose Murphy's car.

Chapter 66

Twenty minutes later, when it finally arrived, Tang Siyu thanked him, "thank you. I'll get off at the side of the road."

Xing liehan's car drove into the side of the pavement and stopped. Tang Siyu got off the car and waved to him. As soon as she left the sports car, the smile on the corner of her mouth disappeared for a second. Then she turned around and hurried into a large auditorium.

It's getting closer and closer to the performance time. All the staff and band members have tightened their hearts. Rehearsals are also very important. They are completely the same as the normal performance. There is absolutely no carelessness.

After the training at noon, ye you has something urgent to do, so she will be free in the afternoon. However, ye you has some new tunes, and intends to let her play the piano and practice them for her. Tang Siyu once had the idea of creating them. But in recent years, in order to take care of her son, she can't get rid of her mind. Now, she is free.

I also plan to earn money to support myself and my son.

Tang Siyu hasn't been to his father's company for a long time. The Tang family runs a large metallurgical company and makes good profits every year. His father also makes investment returns in all aspects every year. The Tang family has a place in the business world. In recent years, Qiu Lin has entered the jewelry industry, and the Tang family has also started to explore various aspects of development, which can be said to be in the ascendant.

However, Tang Siyu never asked her father's company. Although Qiu Lin is a woman, she is not willing to be a housewife. In recent years, she has completely taken over the company with her father, which is also a strong woman.

Since Qiu Lin took part in the management of the company, Tang Siyu seldom went to the company to find his father.

Tang Siyu found a coffee shop to eat. After eating, she took a taxi home to practice the piano.

Around 3 p.m., suddenly the door beside her opened. She was shocked. Her son certainly didn't come back so early. Of course, Xing liehan was the only one who could come in.

Without the presence of his son, Tang Siyu's atmosphere with this man will be inexplicably cold.

Xing liehan took a car key in his hand and threw it into her arms. "I'll give you a car to use first. Your car will take a few days."

Tang Siyu was slightly shocked. Although he said coldly, she was delighted by this move. She picked up the car logo and looked at the sign of Ferrari. She looked up and said, "thank you."

Xing liehan leaned on the wall beside her arm and shot at her coldly. "I have a request. You must agree to it."

"You say!" Tang Siyu looks at him curiously.

"Stay away from moo." Xing liehan squints his eyes and directly highlights the truth.

Tang Siyu was stunned for a few seconds immediately. Then she asked, "why?"

"Because I don't like your entanglement with old love, which affects my son's life." Xing liehan sneered a little.

Tang Siyu's pretty face suddenly turned red. "I've already drawn a clear line with him."

"I'm not interested in knowing what happened between you. In short, I don't want to see you and this man kiss me at the door."

Tang Siyu immediately opened his eyes. Which eye did he see her and Murphy kiss me? However, she was a little annoyed and said, "he asked for me. What can I do?"

"It's just that your refusal to him is not obvious enough." Xing lie gave a cold snort, but did not forget that when she was in the elevator, she stared at mufei's figure and adored her face.

Tang Siyu was slightly shocked, she had to sigh, "I will talk to him."

When Xing liehan heard this, Junyan was inexplicably gloomy for a few seconds. "It seems that you still can't forget him!"

Don Siyu choked for a while. This man is too broad! She blushed with embarrassment. "It's between him and me. It doesn't seem to have anything to do with you."

Xing liehan's face stiffened. His face became more ugly. He opened the door and left.

"That afternoon, I'll pick up my son."

In response, however, she slammed the door shut.

Tang Siyu takes back his sight. This man is really difficult to get along with. According to the way he closes the door, it will break down sooner or later.

She put the car key aside and went on practicing.

Ye you's concert promotion is promoted on a huge screen in the center of the city, including Tang Siyu's place. Although her picture is pushed back, Tang Siyu's face is clear and elegant between Ye you and the singers invited to come to the concert, which is noticed at a glance.

Murphy's car just stopped in front of the traffic light not far away. He looked up and saw it. He was slightly stunned. He picked up his mobile phone and got through the assistant's phone. He said in an ordered way, "buy me a Ye you concert ticket. I want to be in the first three rows."

After the phone call, Murphy looked at Tang Siyu's face on the screen for a while and was stunned. Five years ago, she was as clear and astringent as Mimosa. Now, she exudes a kind of confidence and charm. The more she grows up, the more moving she is.

He didn't know the green light until a car whistled after him. He stepped on the accelerator and drove on.

And this advertisement has also been seen by people who know Tang Siyu, including Tang Yiyi. She looks at the propaganda pictures on her mobile phone resentfully. Tang Siyu's figure deeply stimulates her eyes. Tang Siyu has been raised by her father as a rich lady since she was a child, and the piano is her strong point. However, she has a blind life with her mother since she was a child, So that she missed the training time from childhood, and didn't officially enter the Tang family until she was 13 years old. At that time, she was poor in learning, playful and rebellious. From then on, she was jealous of the superior Tang Siyu. She has a kind of young lady temperament since childhood, and she also hopes to be a girl like her. She has real material and practical learning. However, she can't do it. She is like a poor and crazy child, enjoying the happiness brought by money and materials everywhere. So, from her entry into the Tang family to now, she has no talent but to learn to spend money shopping.

Now, seeing that Tang Siyu is lucky to attend Ye you's concert and become a performer, she is really envious and jealous.

She suddenly thought of Murphy. If she could notice that Tang Siyu would attend the concert, Murphy would also notice, so he would go to see it.

Although Tang Yiyi didn't want to see Tang Siyu's performance, she knew that mufei would go. Maybe she could find him.

In any case, Tang Yiyi will never let go of the place where Murphy may appear. She knows that Murphy will definitely sit in the front row, so she must also get the front row position.

In the evening, Tang Siyu takes the initiative to pick up his son and go to the supermarket with him to buy vegetables. The time of the two mothers and children is very warm.

Chapter 67

"Mommy, are you going to dress very well this time?" The little guy asked curiously.

Tang Siyu smiled, "of course, she can make up! It must be on the stage! "

"Mommy, you must dress up well. Daddy and I will come to see you."

Tang Siyu sighs. Hasn't her son stopped trying to match her with Xing liehan? She had to touch her little head. "Xiao Xi, just remember that no matter what happens, you are mommy's favorite person."

"Well, I know you're also my favorite." The little guy nodded his head and remembered it.

Tang Siyu is washing vegetables, and the little guy is helping to pick tender vegetables. Although the little hand is still a little clumsy, the Confucians can teach it and pick it very well.

Tang Siyu is busy with cooking. He sits beside him and picks vegetables and leaves with his son.

Xing liehan steps into the kitchen and sees this scene. The little guy looks up and laughs and calls out, "Daddy!"

At this time, Tang Siyu's cell phone rang. She quickly wiped her hands and went to the sofa to pick it up. At a glance, she was stunned to pick it up. "Hello! Dad. "

"Siyu, did I just drive downstairs and have a meal? Take Xiaoxi down and let's go out for a meal. "

"Well, Dad, we're already cooking."

"Cooking! Can dad come up for dinner? "

Where dare Tang Siyu refuse? She said with a smile, "OK! Dad, come on up! "

"It's 402 on the 24th floor!"

"Yes!"

"Good! I'll be up in a minute. " Tang Xiong's voice dropped and hung up.

Tang Siyu was also a little excited. Her father was coming, but when she looked up, she found that there was still a tall man in the house. She was shocked immediately. She didn't seem to tell her father that Xiaoxi was the son of this man.

"That My father will come up for dinner later. Would you like to join us? " Tang Siyu asked for his opinion.

Tang Yixi is also very happy, "Grandpa will come?"

"Yes, it's downstairs. It's coming up." Tang Siyu answers him.

Xing liehan squints his eyes and says, "then I won't eat it. You can eat it!" Then he turned to his son and said, "come to me after nine."

"Daddy, why don't you eat with us!"

"Daddy has work to do." Xing liehan lied to him.

In the Tang family, he recognized that it was only his son. He didn't want to have any relationship with the Tang family, so he didn't want to see Tang Xiong either.

"Xiao Xi, even if your father is busy with work, let's eat with grandpa!" Tang Siyu said to his son.

"All right! Daddy, you need to remember to eat! Don't be hungry. " Tang Dynasty with the Xi Dynasty daddy admonishes.

"Well!" After Xing liehan finished speaking, he opened the door and entered his room. Tang Siyu suddenly didn't want his father to know Xiaoxi's identity. At the same time, she could see that this man didn't want his father to know that he was the father of the child. She said to Xiaoxi, "Xiaoxi, promise Mommy something. Can you keep your father's name secret first?"

If the Father knows, then Qiu Lin must also know about her. She doesn't want to let the mother and daughter know more about her. Besides, the child is Xing liehan's, and she doesn't know what will happen to their mother and daughter.

"Why?" Tang Yixi asked.

"Anyway, just listen to Mommy. Shall we tell him later?"

"Good." The little one is obedient.

After ten minutes or so, there was a sound of ringing the doorbell outside the door. Tang Siyu looked at the cat's eye and opened the door. He saw his father come up with gifts and milk.

"Dad, come on, don't buy presents for Xiaoxi. He has enough." Tang Siyu complained to his father.

"It's rare for me to come over to see him and not buy some presents? I am his grandfather. " Tang Xiong said, looking at the little grandson in school uniform in the hall, he immediately put down his normal dignified side and became very kind and gentle.

"Grandpa, long time no see." The little guy came to him, hugged his legs, looked up at him with a smile.

"Xiaoxi, how are you? How is the school? " Tang Xiong picked him up and sat on the sofa.

"I'm doing well, Grandpa, and you?" The little guy asked in the adult's language.

"Grandpa also has a good time. If you miss me, I'll come to see you."

"Dad, you sit first. I'm going to cook." Tang Siyu said to her father that she went back to the kitchen to be busy, that is, Xing liehan didn't eat here, so she didn't need extra steamed rice.

Tang Xiong takes the newly bought toys to give to the little guy. Tang Yixi likes it very much. It's a remote-controlled airplane. He holds it in his arms and his mouth can't close. Tang Xiong looks at it and likes it. He's happy too.

He looked at the warm little home. It seemed that his daughter and grandson had a good time. Looking at them, he saw a door on one of the walls. He could not help being surprised. He got up and went to the kitchen door, asked his daughter who was cooking, "Siyu, why do you have another door here?" Tang Siyu has made up an excuse, "Oh! It's Susie who moved in next door. Get through."

Tang Xiong knew that Su Xi was his daughter's best friend. When he heard this, he didn't ask. He nodded, "it's good for you to take care of each other like this."

Tang Siyu did not look at his father's face. "Yes!"

If my father knew that Xing liehan lived next door, he would be shocked. He must be a mythical man in the business world. Even if my father saw him, he could not stand up to it.

After cooking, the family sat at the table to eat. Tang Xiong also paid for his daughter's cooking skills. He was amazed. Just after eating the meal, Tang Xiong's mobile phone rang. He looked at it and answered, "Hello, Xiao Lin."

"Where are you?" Then Qiu Lin asked.

"I'm eating at Siyu's, so don't wait for me." Said Tang xiongchao's wife.

That end Qiu Lin was very unhappy to hang up, Tang Siyu felt a flash of helplessness on his father's face, you can think that Qiu Lin did not like how close her father was to her.

After dinner, Tang Xiong sat for a while, and he was going to leave. Tang Siyu sent him to the door. Tang Xiong thought of one thing and turned to her and said, "Siyu, do you have any contact with mufei?"

"I We don't have any. " Tang Siyu dare not tell his father that mufei has moved to her upstairs.

"Yiyi has been very sad recently. It's because of the cancellation of engagement. I hope you break up with mufei immediately and don't go on pestering."

"Dad, don't worry, I know." Tang Siyu answered.

Tang Xiong left. When Tang Siyu returned to the room, he saw Tang Yixi coming through the door. He looked surprised and said, "Mommy, daddy hasn't eaten yet. He's hungry until now."

Chapter 68

"How do you know?" Tang Siyu asked

"I just asked. Daddy said he hasn't eaten yet. Mommy, please cook something for Daddy! He will be hungry. " The little guy worried.

Tang Siyu thought that Xing liehan had already gone to where to eat the high-end meal. Unexpectedly, he stayed in the room and didn't go out. Now it's nearly half past nine. Isn't he hungry?

Tang Siyu had to promise, "OK! I'll see what else is in the fridge. I'll cook some for him. It seems that there are frozen dumplings. "

"Mommy, cook it quickly!" Little guy is worried. He thinks daddy has eaten. How can he know that he used to ask, daddy hasn't eaten yet, and he still works in front of the computer!

Tang Siyu had to continue to cook the dumplings. In the boiling water, the dumplings became soft and fragrant. She put some cabbage on them. The soup looked delicious, and sprinkled some scallions. Even she wanted to eat another bowl.

"Go and ask him to come and eat!" Tang Siyu said to his son.

"Well!" The little guy passed through the door. Tang Siyu looked at the door. The man came in and out of her house freely, but she didn't have a look at his parents!

It's just that when she was decorating, she glanced at it more, with the luxury she couldn't imagine and some sense of technology.

A few minutes later, Xing liehan's figure was pulled by the little guy. He took a look at the dumplings on the table and the woman who was cleaning up the house. He sat down and ate.

"Daddy, can I go to your house and watch cartoons for a while? Let mommy be with you! " Tang Yixi's children want to find a chance to leave their parents alone.

"Well!" The man has been attracted by the smell of food, and answered with a very refreshing voice.

Tang Siyu listens to her son's going to watch cartoons. She looks up from the sofa and says, "don't watch too long."

"It won't be long. I'll go to bed after daddy finishes eating." The little guy said back to Mommy and left the door and closed it.

Tang Siyu's heart slightly thumped. She looked at the man who ate dumplings carefully at the table. She didn't like the time alone with him very much.

Just then, in the direction of the elevator outside the corridor, the elevator door clanged open. Murphy, dressed in gray, stepped down with a laptop bag in his hand. He just came back from the company.

He originally wanted to go home, but thinking of Tang Siyu's concert, he felt it necessary to come and tell her that he would be there to watch.

When he came between the two doors, his eyes glanced at Xing liehan's door, and there was a complex light flow in his eyes. Then, without hesitation, he rang Tang Siyu's door.

"Ding Dong Ding Dong... " The doorbell rings at this time.

Tang Siyu is cleaning the sofa. She looks towards the door. She doesn't know who will come to her at this time?

Is it something that my father left behind? Tang Siyu went to the cat's eye and saw that there was Murphy outside.

She breathed a little. Why did he come to her so late?

The doorbell is still ringing, which shows that the people outside the door are very patient. They know that she is at home. They have to force her to open the door. Tang Siyu is a little angry. It's so late. What does mufei come to see her for? She wants to see it.

She immediately opened the gate and stared directly at Murphy. She asked coldly, "what's the matter?"

"I want to talk to you." Murphy looked at her eyes and smiled softly.

Tang siyuming appears to be a little resistant, she does not open face way, "sorry too late, inconvenient."

"I see that you are going to perform at Ye you concert. I have bought tickets to support you. I believe you must be great." Murphy opens his mouth in a low voice.

"Thank you." Tang Siyu answered lightly and was ready to close the door.

Murphy is willing to end the chat like this? His arm stopped him immediately. "Wait I have something else to tell you. "

At this time, a cold male voice came from Tang Siyu, "she said it's inconvenient."

Mufei's handsome face was shocked. It turns out that Tang Siyu's family was not only her, but also Xing liehan. Moreover, the three words of inconvenience in his mouth revealed another hint.

Tang Siyu's pretty face is slightly red. What's the man's mouth? It's as if she had an affair with him.

He just came for a light meal.

Xing lie's tall body walked directly to the door, stood behind Tang Siyu, and looked at mufei, who was blocking the door. His eyes narrowed dangerously, "don't disturb us."

With that, he put out his arms and slammed the door.

Outside, Murphy's heart and breath were disordered, and his fist was tightly clenched. He did not believe that Tang Siyu and Xing liehan were close to each other at the moment.

Murphy stood at the door, stupefied, and did not leave.

Inside the door, Tang Siyu immediately turned his head and stared angrily at someone.

"Do you have to be so sweet? Who is inconvenient to you? " With that, Tang Siyu came to the table angrily, only to see the man finished eating the dumplings, even the soup. Xing lie, surrounded by his arms and staring at her calmly, saw her cleaning up the dishes and entering the kitchen. He leaned against the door and snorted, "if I'm not here, are you going to invite him in? What's the old story? "

"In the future, will you please don't mix my affairs?" Tang Siyu cleans the bowl neatly and does not raise his head.

"I just said this afternoon, don't let you get involved with this man, you will forget?"

A dangerous voice came from Tang Siyu.

Tang Siyu washed the dishes and put them in the cupboard. Looking back at the aggressive man at the door, "can't I have normal interpersonal communication? Do you want to intervene if I have two more words with any man in the future? "

Xing lie choked for a while, his expression was stiff.

"Don't worry, I want my son to grow up in a healthy family more than you do. It's you. You'd better warn the third party and the fourth party outside you. Don't run into your house and mix with others. I don't want my son to learn like you in the future." Tang Siyu instead warned him.

Xing lie's cold ink eyes narrowed and his thin lips opened, "my private life is very clean."

"I started to call Miss five years ago. I'll believe it if you say it." Tang Siyu won't believe it at all. Rich men are restless.

At this point, Xing liehan didn't need to explain to her. He walked towards the door of his house and turned back to her, saying, "if mufei wants to see you again, you'd better refuse to open the door, not even the door."

Tang Siyu curled his little mouth, as if he didn't want to hear it, and the man just arrived at the door turned back.

Chapter 69

Sitting on the sofa, Tang Siyu's eyes are slightly gaping. What does this man do when he comes back?

"You go to bed with your son. It's late." Tang Siyu looks at him uneasily.

Xing liehan's tall body is getting closer to her step by step. Tang Siyu instinctively leans on the sofa at once, but she can't retreat at all!

And if she's going to get up and run, she doesn't think it's necessary. What is she afraid of? Can she still be afraid to run away? It's a disgraceful thing.

"You..." Tang Siyu swallowed his saliva. What does this man want to do?

She has a bad premonition. Does this man want to have big animal hair again? To her

Xing liehan has arrived in front of her. Her slender arms stretch to her shoulders. In an instant, his tall body and his unique masculine atmosphere envelop the girl on the sofa.

Tang Siyu's eyes are slightly gaping. He looks at him warily. The deep eyes of a man are unpredictable. His sexy thin lips are dangerous and spit lightly. "If you don't listen, I have to make you listen."

Tang Siyu felt a strong threat, and she immediately raised her face and said, "who do you think you are! You said let me be obedient, I will be obedient I'm partial... "

No word has not finished, the man overbearing and fiery lips will directly seal her not obedient mouth, let her words behind, forced to swallow back.

Tang Siyu is going crazy. This man actually bullies her when his son is away, and his son has cartoons to watch. He will not push the door in, so he creates more time for this man.

She can't help reaching for her slender arm to push the man's chest. She doesn't want to be bullied again and again by this man!

However, the man pressed her thin shoulder, as if it did not exert much force, but she did not move him.

"Well Well

The man is not only the kind of shallow compensation, but also the kind of deep pry open her clenched teeth, the exploration of hegemony is deeper.

Asshole, asshole.

Tang Siyu was angry and scolded at the bottom of her heart, but her head was dizzy and exhaled involuntarily. In her breathing, it was all this man's breath, which made her more dizzy.

Finally, the man kindly let go of her. When he pulled out of her mouth, his breath was also a little rough. He squinted and left a sentence, "if you have sexual needs, you can find me."

When Tang Siyu responded, the man had arrived at the door. She immediately grabbed the pillow beside her angrily and threw it hard. "I didn't have it."

However, the man has opened the door and entered.

Tang Siyu wants to look at the closed door without tears. He has a pretty face and is pink. This man should not be too confident. Do you really think that a woman will like him?

Damn bastard, I'm going to put poison in his meal next time.

Tang Siyu put his back on his lips as if to wipe his breath clean.

This evening, Tang Siyu tossed and turned. There was only one sentence in his mind. It was too much. This man was too much.

In a daze, it's early in the morning. One day before the opening of the concert, ye you calls her and asks her to walk through the venue. When Tang Siyu goes out, he thinks that the taxi is not easy to stop. He takes the car key off the table. When she stands in the parking lot and presses it, a red fury Ferrari sports car responds to her. She is slightly shocked Big eye, Xing liehan even has such a sports car?

However, in order to catch up with the time, Tang Siyu did not care about anything. She immediately sat in, got familiar with the gear and left.

Today's Wednesday and Friday night is the time for the concert, which has already made fans all over the country ready to go to the feast.

In high school, there are many fans of Ye you, and Xing Yinuo, who has already confirmed that she has tickets, is already overjoyed. She has shown off to her classmates. Soon, two rich girls from the next class came here and bought her favorite chocolate to please her. "Yinuo, Yinuo, if you will go, Xing Yifan will go too!"

"Of course he will go!"

"How many rows and numbers are you in then! Can you tell us that we will go, too? "

Xing Yinuo naturally knows that these girls are here for her elder brother who has been in high school for half an hour. He has become a recognized school grass since he went to high school! There are a large number of pursuers, and they all like to pry for information here.

So, a lot of times, Xing Yinuo receives gifts with soft hands, and puts a little information of Xing Yifan at will to get snacks.

"I don't know that! This time, my big brother bought us tickets. I only know that they will be in the first few rows! " Xing Yinuo really doesn't know.

"So, Xing Yifan really can go! Maybe I can have a chance encounter with him in the conference hall! " There is a girl's dream.

Xing Yinuo breathed, puffed his cheeks, born of the same family. Xing Yifan was the only one who stood out in front of others all the time, and her sister was oppressed to be dim.

Xing Yifan is in the best top class, and she is also the top of the top class, and she, the middle class, is also the result of the crane tail. How pitiful!"I heard that M state university is enrolling students in our school. Does Xing Yinuo and Xing Yifan want to go?"

"But he's only a senior!"

"He can jump to the third year of high school and go to college, OK?" Another girl said unconvinced.

"Yes! Xing Yifan has long been able to jump, but he doesn't want to. "

"I hope he doesn't go abroad, so I won't see him. He is my prince charming!"

"Yes! I just need to look at him from a distance. I don't need anything else. I can see him every day, but I'm motivated to go to school all day. "

Xing Yinuo looks at this group of people without any words. Xing Yifan, a fan, does not take care of her feelings.

Why other girls are so precocious, and she did not feel it?

However, Xing Yinuo thinks that Xing Yifan may go to country m this time, because he is reading the teaching materials of country m recently, which makes him feel like a bull.

However, what Xing Yinuo is looking forward to most now is the music festival on Friday night. She holds her chin and bends her mouth.

Tang Siyu felt the strictness and attention of the whole team this time. There was nothing wrong with it. Tang Siyu's piano was perfect. Ye you stood on the stage, dressed in various clothes, rehearsed all kinds of dances with the music and dance accompaniment. Tang Siyu never left. At 3:30 in the afternoon, she called Xing liehan on her own initiative, saying that she couldn't walk away and asked him to take over Son.

"Will dinner be made?" That end of light inquiry.

"Yes, I'll be home at about six." Tang Siyu replied.

Chapter 70

At six o'clock in the rehearsal, everyone felt hollowed out. Ye you patted Tang Siyu on the shoulder. "Siyu, take a day off tomorrow. The day after tomorrow, we will work together to make this concert well."

"Good! I'll practice at home tomorrow. " Tang Siyu said to her, "you have a good rest. I think you are too tired recently."

"Yes! After this concert, I'll take three months off. " After ye you finished, she left with her team. Tang Siyu went to the garage. When everyone saw her in the top Ferrari sports car, everyone gave a murmur. This Miss Tang not only has a first-class piano, but also the car is so tall. It's probably the reason for her good family!

Tang Siyu hurried to her home and arrived at the parking lot at the door downstairs. She walked into the supermarket nearby to buy vegetables. She was picking up the vegetables. Suddenly, a warm voice line behind her called her, "Siyu, what a coincidence."

Tang Siyu turns around and sees Murphy pushing his car, and he is also selecting dishes. Tang Siyu looks at him in surprise, "do you cook by yourself?"

Murphy nodded, "the house here is not big enough, and I don't like outsiders to enter, so I usually make some dinner by myself."

"Oh!" Tang Siyu is light.

Mufei stares at her figure behind her and asks curiously, "what's the relationship between you and Xing liehan?"

Tang Siyu knew that he must have misunderstood last night. Xing liehan was responsible for making their relationship too warm. Tang Siyu picked up the dishes and didn't answer back, "it doesn't matter."

As soon as mufei's eyes brightened, he immediately raised his divine color, "really? I don't think he's the one you like. It's said that he has a cool personality and treats people coldly. He's also a famous cold faced Yama in the shopping mall. You never like such a person. "

When Tang Siyu saw that Murphy said that, she turned her head and sneered, "five years have passed. How do you know if my taste has changed?"

Murphy choked immediately, but still looked forward to it. "I believe that one's hobbies are not so easy to change."

Tang Siyu doesn't want to argue about this. She picks the dishes to be cooked tonight and goes to the meat section. Murphy follows her behind her. Wherever she goes, he will follow the cart. This makes Tang Siyu speechless, but he can't do anything about him.

Entrance to the supermarket.

A handsome and charming figure shows up with a small mini version of his son. A remote control robot remote controller of the little guy has no battery. Xing liehan brings him down to buy it.

Xing liehan asked the waiter the direction of the battery, and he led his son straight there.

Tang Siyu is entwined by mufei. She quickly selects the dishes she wants and pushes the car towards the checkout direction. Behind her, in mufei's eyes, her expression of wanting to escape is extremely cute.

"If you want to buy anything else, you should hurry to choose it! Don't follow me. " Tang Siyu turned to him and said.

Murphy shook his head. "I've bought everything I need."

At this time, when there are more than one buyer, two people line up one by one, while at the third counter of the line, Xing liehan holds a row of batteries in his hand and leads the little guy to the end of the line. When he looks at the flow of people at the counter, he directly looks at the figures of the men and women in the first row. In a moment, his eyes are cold and cold His face is gloomy.

The little guy is still small, so he is blocked by the crowd in line. He can't see Mommy, but his big eyes are looking at the self-help Haagen Dazs nearby, licking his little tongue and playing.

At this moment, it happened to tie up with Tang Siyu. She took the things to the counter. After that, mufei immediately took the dishes in his cart to her dishes. Tang Siyu looked at him in amazement. Next second, mufei took out a card and said to her, "I'll pay."

"No, I have money." With that, Tang Siyu said to the waiter, "please check out separately."

At this time, the waiter thought they were all together, and they had already been swept in a single. She shook her head and said, "you can divide yourself in a moment! It's all scanned. "

Tang Siyu is not easy to embarrass the waiter. She goes to the bag to find the card. She comes to pay. At this time, Murphy's arm gently pulls her to the outside of the counter. "Don't look for it. I say I'll pay when I come."

"No way!" Tang Siyu is determined not to use his money.

At this time, the waiter quoted the price. Tang Siyu just found the card and hurriedly handed it over. "Brush my card!"

Murphy's big palm directly held her small hand and the card together in his hand, which was extremely warm and ambiguous, and at the same time stopped her. At the same time, Murphy handed over his card, and the waiter quickly picked up his card and brushed it.

Tang Siyu quickly took his hand back from the palm of his hand. She silently packed her vegetables separately. Murphy also took the bag and put it in his hand. A pair of deep eyes were staring at her all the time. Even if there were several young girls beside him, he didn't have a look.

Xing liehan looked at the scene just now. Seeing that she and mufei were going together, he said to the little guy beside him, "your mommy is here."

"Er! Is my mommy here? " The little guy surprised the crowd in front of him. Then he saw Tang Siyu, who was about to leave, and said happily, "Mommy, Mommy, I'm here."Hearing his son's voice, Tang Siyu suddenly turned around and saw him running towards her. She looked up at her son, and at the same time looked up at the row of counters he came out of. She saw the figure of JUNBA, who was checking out, and Xing liehan.

Murphy squinted, his eyes flashed a hint of competition. At this time, Tang Siyu turned to look at Murphy, "you go first!"

Murphy didn't want to be boring anymore. He was very happy to get along with Tang Siyu for a short time today. He took a look at Xing liehan, who had settled the bill, and left first.

Xing liehan is carrying a small bag in his hand, which contains the small battery that the little guy wants. But the face of the man is ugly, and the facial lines are tight. Even the figure coming towards her, the back is stiff and cold. The whole person seems to be covered with a layer of frost.

Tang Siyu touched his eyes like two pools, and she frowned immediately. What kind of gas did he have? But think about it, she and Murphy should pay the bill together, he saw it!

The little guy looked up at Tang Siyu and said, "Mommy, I came down with daddy to buy batteries. My remote control is dead."

"Oh! Then go home! " Tang Siyu takes the little guy's hand and walks in front of him, ignoring the unhappy looking man behind him.

At the door of the elevator, Tang Siyu takes his son and stands in front of Xing liehan.
