

U. CEO Daddy 621

Chapter 621

From day to night, not far from the door of Su's house, there are a pair of eyes staring at Su's house. This person is duanzixuan who is going crazy. Seeing that Su Qin is not at home, he begins to think, has Su Qin moved into the presidential palace?

However, he believed that he could not run away from the temple if he could run away from the monk. Su's house was just an ordinary family. Although Su Boyan did well in politics, they were not too defensive.

Therefore, duanzixuan believes that as long as he crouches here, he will be able to come back to Suqin.

He will never give up.

At dinner, xuanyuanchen came back at five, and Suqin was waiting for him in the small living room on the second floor.

Xuanyuanchen's slender figure stepped in from the door and looked at the gentle and delicate figure on the sofa. He chuckled, bent down and kissed between her hair.

Su Qin chuckles, "come back, tired?"

"I'm not tired to see you." Xuanyuanchen finish saying, sit to her side, take her into the arms, see her holding the book to read, he hook lips a smile, "still reading?"

"Well." Suqin nodded shyly, then looked up at him, "it's time to see!"

Xuanyuanchen read her eyes, and he immediately felt happy, "it's time for us to prepare."

There was no contraceptive measure taken last night, so it was in the default of two people to have a child.

"I wish I didn't win the prize so soon." Xuanyuanchen said in a low voice.

"Why?" Suqin raised his eyebrows to ask.

"I want to spend more time with you." In xuanyuanchen's eyes, there is a fire burning, which is enough to burn people to the ground.

Suqin is ashamed to look into his eyes, buried in his chest, xuanyuanchen holds her tightly, and laughs in a mute voice, "continue later."

Suqin closed her eyes and thought of all the pictures last night. Her head was still blank.

Ye Dong has already prepared dinner. Among the meals, there are more food materials to fill the body.

Suqin and xuanyuanchen finished their dinner. After ye Dong finished cleaning up, he left very quickly.

Xuanyuanchen also wants to go into the study and read some documents. Suqin is reading on the sofa in the study with him.

Looking at the book in her hand, her eyes can't help falling on the figure of the man at the desk. This is his daily work state. A man of his age, in such a leisure time at night, someone with a little money has been drunk and addicted to money. However, he can't bear to look at the documents that are very mental consuming. In other people's eyes, he is Mr. President, a figure standing at the top of power, but how many people can have the ability to sit in this position?

The hard work in this position can't be seen by others. What others see is that he stands between glory and honor and is respected by others.

Finally, at 9:30, he finished his work. Xuanyuanchen put down his papers. The first thing was to look at the woman waiting for him on the sofa.

Just now, he also looked at her at the gap between the documents. Her quiet and gentle appearance seemed to be a pleasing and quiet picture, which was very eye-catching.

"Have you finished?" Suqin looked up and asked with a smile.

"Well! I've finished reading it. Go back and have a rest! " Xuanyuanchen stepped over and took away the book in her hand. Suqin was stunned. As soon as he stood up, he saw the man bent down and picked her up.

As soon as her heart beat, instinctively she put her hand around his neck and jokingly said, "what does the boss hold me for? I can't walk."

Suqin loves him! He worked for more than an hour and tired for another day. I'm afraid he has no strength.

"What? Think I don't have the strength? " Xuanyuanchen guessed her mind in a second.

"I'm afraid you're tired." Suqin nodded.

"Well, I'll let you know in a moment if I have the strength." Finish saying, Xuan Yuan Chen holds her, stride toward the door of study, step upstairs.

Suqin smiled and buried himself in his arms. This man, with a strong self-esteem, could not allow others to doubt him.

Xuanyuanchen carried her into the main bedroom, where the bed sheets had been changed. The clean water blue big bed made her want to sleep.

Suqin's body was buried in the soft bed, and the next second, the man pressed himself down.

He imprisoned her between the chest and the bed, which was already tight, and immediately wrapped her more tightly. His breath was full of hormone breath.

So rich, intoxicating.

Suqin's breath is slightly panting, and his water eyes are lost, which also shows his expectation for this man.

Last night's taste makes xuanyuanchen have endless aftertaste today. He would like to experience it again immediately.

And the opportunity is in front of him, how can he let it go? He leaned down, kissed Suqin's red lips, rehearsed everything he had experienced last night again, and became more passionate.

M country, a luxury villa, still around 4 p.m., Xing house and his family are preparing for the last night before returning home.

Xing liehan has arranged everything in the company, and will return home by plane in the morning. Tang Siyu stayed in his son's room. For Xing Yixi, who was about five and a half years old, he was already an adult, so he packed all his luggage by himself.

We don't need help from adults.

Tang Siyu sat on the sofa in his son's room and looked at a set of gift boxes he had bought for him. He also folded his small clothes in a stupid way and put them in the boxes one by one.

Tang Siyu really felt that his son had grown up. Just as he was born yesterday, he heard the sound of his quacking and crying from the delivery room. Now, it's one meter two, and his little facial features are more like his father.

"Mommy, go with Daddy! I can do it myself. " Said the little one to her.

Tang Siyu also felt that he would be under pressure if he stayed here. She smiled and said, "OK, you're ready to go downstairs for dinner."

"Well." The little guy replied seriously.

Tang Siyu came out and walked around a corridor to the study. In front of the floor window, Xing liehan was on the phone, dealing with work problems. Hearing the footsteps behind him, he turned to look over and ended the work phone in a low voice.

"How is your son doing?"

"He's cleaning up. He can do it before dinner." Tang Siyu smiles.

Xing lie asked with a smile, "when will I fill in a younger sister for my son who is so old and so sensible?"

Tang Siyu pursed his lips and thought about it seriously. "I'll go back to China this time."

Xing liehan's eyes flashed a surprise, and at the same time he smiled at her. "If you don't want to, I won't force you."

"Yes, I want another one." Tang Siyu's voice is very certain.

Chapter 622

The child is so lovely, she really doesn't mind giving birth to another one. While she is still young, there is no pressure at all.

Xing liehan stroked her long hair and chuckled, "OK, let's have another one. This time, I will be with you, waiting for our second child to come out."

"Well!" Tang Siyu also believes that when the second child comes, she will not be so hard.

Because, beside her, there are so many people love her and her children.

Xing Yifan is reading a book in his room. At this time, Xing Yinuo comes in and looks at him through the door. "Second brother, discuss something with you."

"Say." Xing Yifan did not lift his head.

"My two boxes are not enough for my clothes. Could you lend me some of your boxes?"

"Two boxes are not enough for you?" Xing Yifan smiles at her narrowly.

"No! I promised to buy gifts for my two good sisters this time. I bought too much. Now I don't have enough. "

Xing Yifan pointed to one of them before he got into bed and said, "the blue box can still be filled, you can carry it!"

As soon as Xing Yinuo was happy, she came to pick up the blue box. When she picked it up, she knew it was very light, and she could put in many more clothes.

In fact, it's not true to buy gifts or anything, but it's true that she is going to bring more beautiful clothes home this time.

Because she hoped that when she met that person, she could dress very beautifully.

In a flash, it's nine months since the appointment. It's going to be a year soon.

She didn't believe it, and he didn't go home for the new year.

So, this time back home, she is very looking forward to it!

Xing Yinuo fills Xing Yifan's suitcase with her clothes, which can hardly be filled, and then returns it to his room.

Dinner is also a very relaxed and happy time. In this family, there is no dispute between mother-in-law and daughter-in-law, no contradiction, no quarrel, everything is very warm and friendly.

Early in the morning, Xing's private plane was ready to continue, and eight bodyguards escorted him back home.

In China, the royal court design institute displays the top-level wedding dress design, and it undertakes the weddings of famous families and nobles. Everything is presented in the top-level way.

At nine o'clock in the morning, xuanyuanchen's car sent Suqin here to choose the wedding dress. Suqin originally wanted to let her sister come, but now she is pregnant and can't run around. Xuanyuanchen has a meeting to open in the morning, so she has come to choose.

Her vision is also very unique. Without turning the album, she chose a wedding dress in the window. The wedding dress is fishtail design, shoulder and chest. The diamond sewn by pure hand is matched with tulle design. It is full, as light and natural as the starry sky.

Suqin tried on her upper body. It was perfect for her. There was not much more.

Because her figure is the same as the standard model, only when trying on the wedding dress, Suqin noticed that there are several very fresh kissing marks on the clavicle, which makes her face inexplicably hot.

Fortunately, the waiters here are very professional, even if they see it, they will not react.

Suqin with the headdress, Wanyue, noble, even beautiful.

Suqin stood in front of the mirror and looked at herself in the mirror. The white wedding dress symbolizes a beautiful love. And she has won the most beautiful love in the world.

Su Qin was stunned and didn't find out. The waitresses behind her didn't know when to leave.

Suqin is thinking, try on, want to let them help change this wedding dress. She looked left and right for a moment, then, looking back, she was startled.

At the door of the fitting room, I don't know when xuanyuanchen's long and charming figure leans on there without making a sound, so I look at her with deep eyes and a smile.

"You Why don't you make a noise! " Suqin gave him a funny look.

When xuanyuanchen just came, she was looking at herself in front of the mirror. Two of her in front of the mirror and behind the mirror were like beautiful twin butterflies, which made him unable to disturb this beautiful picture. So he stood here and enjoyed it quietly.

"When did you come?" Suqin asked with a smile.

"Not long ago." Xuanyuanchen finish saying, step to her side.

Today, he is in a formal dark suit, handsome and dignified, standing with her.

As if two people were about to step on the red carpet and hold a wedding ceremony at any time, Suqin looked at the mirror shamefully and smirked.

Xuanyuanchen reached for her hand and looked at her middle finger. There was a simple ring. He asked, "who sent it?"

Suqin looked up at him and replied, "I gave myself a birthday present."

"Why so plain?" Xuanyuanchen doesn't understand. She can definitely buy a better one.

Suqin couldn't help laughing. "I just like simple things."

Xuanyuanchen is seduced by her smile. He stoops down and kisses her eyebrows and eyes. "Next, you need to put on what I gave you."

"Well!" Suqin closed his eyes and answered softly. Xuanyuanchen kisses, also notice the kiss mark of her clavicle, of course, in her back neck, there are several places, covered by her hair, she didn't find it.

When Suqin saw him staring at her chest, she immediately complained, "in those days of marriage, you should pay more attention. I didn't expect to wear even the wedding dress."

Xuanyuanchen low smile, "good, I will notice, I will kiss in the invisible place."

Suqin bashed him on the chest, "No."

Xuanyuanchen held her. "Who makes you so beautiful? I can't help but want to leave some marks. "

Suqin thought of staying with him for two days. She should go home and discuss the wedding with her parents.

"I'll go home this afternoon and talk to my parents about the wedding."

"Do you want me to accompany you back?" Xuanyuanchen asks gently.

"No, I saw your schedule last night. It's full." Suqin didn't want him to be too tired.

His work can't be lazy or delayed. He should be able to stand up to his people, and she can't occupy the time he serves the people.

"Will you come back that night?" Xuanyuan Chen looks forward to the way.

Suqin asked with a smile, "do you want me to come back?"

"Yes!" Xuanyuanchen replied clearly.

"Well, all right then! I'll be back. " Suqin promised him.

Suqin looked at himself in the mirror and asked, "I'll choose this one. Is it nice?"

"Good looking!" Xuanyuanchen replied, and then leaned over her ear and said, "people are good-looking, what style they wear are good-looking."

Su Qin chuckles. In the mirror, she is tall and white, with delicate facial features. Her long black hair is like silk. A smile makes her fall into the city. The waiters didn't come up to disturb them. Xuanyuanchen went downstairs and asked them to change the wedding dress for Suqin.

It's only eleven o'clock at the moment. Suqin calls home. She will go home after lunch.

Chapter 623

After su Qin finished his lunch in the presidential palace, xuanyuanchen's bodyguard sent him back to Su's house.

After arriving at Suqin's house, Suqin went home, while the bodyguards left with water. They parked their car under a very hidden tree and watched the movement of Suqin's house closely.

Suqin's identity is now very important and must not be lost.

When Suqin went home, the duanzixuan who had been waiting outside finally came to the spirit.

He knew that it was xuanyuanchen's bodyguard car, which meant that Suqin had gone home.

However, of course, he did not ignore the team parked next to Su's house, which made him upset.

Has xuanyuanchen started to protect Suqin now? Does this mean that Suqin will marry him?

Where did Suqin come from such a good fortune, she was about to become the president's wife. He thought that she was going to be his woman. Without that change, he would have married her.

Now, as if it was a kind of irony, Suqin became the president's wife, and he became a worthless waster. The gap is just like a cloud.

"Suqin, do you think I can't do anything with you? I'll let you come out on your own. " Duanzixuan has been thinking a lot of things crazy here, so, in order to get Suqin, he has nothing to do with it. Suqin just got home. Her parents were waiting for her.

"Xiaoqin, how are things going for the wedding?" Li Qian asked with concern.

"The wedding company is already preparing. It is expected to be ready three days ago. I went to see the wedding dress in the morning, and I have selected it."

"That's good. We are preparing the dowry for you. I hope you will get married." Li Qian finish saying, eyes not from a red, before also worried that she could not marry out, now, she is going to marry, she even reluctant.

After the two daughters are married, the family will become cold and unaccustomed.

"Mom, you don't have to prepare anything. Don't be busy. Then you just have to attend my wedding." Suqin said to his parents.

"No, these are rules. We should prepare something."

"Mom and Dad, you'll go to the Royal Wedding Design Institute tomorrow, where you two will be customized with a suit and dress for the wedding as soon as possible. It's already arranged. Someone will pick you up tomorrow."

"What? Is it still so troublesome? Last time when Xi Xi was married, she had already bought me several expensive clothes, but she didn't wear them very much! "

"Yes! There's no need to waste any more of this. "

"It's a wish. Take it!" Suqin said with a smile.

"Well, we'll go tomorrow. " Li Qian also felt that she could not push, but she wanted to meet this time. However, the royal family had to dress appropriately.

At this time, Suqin's mobile phone rang, she was a little surprised, picked up a look, it was a strange number, she frowned, said to her parents, "Dad, mom, I answer the phone."

Finish saying, Suqin while go up, answer at the same time, "Hello, hello."

"Suqin, it's me! Duanzixuan. " The voice line of that duanzixuan is powerless.

"What's the matter with you?" After listening, Suqin asked a strange question.

"If I say I have an incurable disease, do you believe it?" The voice of duanzixuan continued to hoarse.

"What's the matter with you?" said Suqin

"Gastric cancer is approaching its terminal stage. I used to work so hard that I didn't take good care of my stomach. Now I haven't saved it." Duanzixuan laughs bitterly.

Suqin was shocked. "When did you find out?"

"That's when I left the presidential palace. I kept it secret. Now, I'm running out of time. Suqin, I want to see you before I die, OK?" Duanzixuan's voice line is full of pleading color, "you are the only woman I have ever loved in my life. I want to see you before I die."

Suqin has now returned to the room. Listening to duanzixuan's request, she is silent for a few seconds and sighs, "we have nothing to do with each other. Take good care of yourself, cooperate with the doctor's treatment, and contact your family to accompany you!"

"Suqin, you are merciless! I'm dying. Don't you want to see me? " Duanzixuan's voice line is full of hatred.

Suqin calmly listened to his complaint, "it doesn't make sense to see you. You take good care of yourself. It's important to treat your illness."

Duanzixuan saw that the bitter meat plan couldn't attract Suqin. Seeing that Suqin was about to hang up, his voice line immediately changed and he sneered, "Suqin, it seems that you are really cold to me! I pretended that I was going to die, and I didn't see you being soft to me. How could I not have known you were such a hard hearted woman before? "

Suqin was stunned. He said, "why do you cheat me?"

"I just want to see you once, but you won't come out to see me. I can only find a way to panic."

"Duanzixuan, please don't disturb my life again. Everything between us is over. Please don't pester me again." Suqin warned him cautiously."Suqin, did you say it was over? As long as I don't want to end it, we will not end it. You forget that we once loved each other so much that you almost married me, and my proposal diamond rings were all bought. If Yenna didn't show up between us, we would have had children. " Duanzixuan's tone is full of cynicism.

Suqin listened to these words, but she was helpless. She didn't expect that a man she once liked would eventually become a person she hated. Duanzixuan at the moment has lost his mind. What he did is not what a normal person did.

"Duanzixuan, let bygones be bygones! There is no point in mentioning it again. " Suqin wants to end the call, and doesn't want to waste any more time listening to him.

"Suqin, do you remember that once we went to the seaside, you were very beautiful, you wore a very beautiful swimsuit, I took a lot of photos for you, you don't know how beautiful you are." Duanzixuan's tone, like that of a abnormal man, is very uncomfortable.

Suqin remembered, but she didn't like his tone very much.

"What do you want to do?" Asked Suqin, clenching her teeth.

"Suqin, those swimsuit photos, you know? As long as I have a little p-chart, I can make all your swimsuits look like you don't wear anything. " Duanzixuan finally said the most disgusting thing.

Suqin's whole body trembled with anger. "Duanzixuan, don't be so hateful. What do you want to do?"

Duanzixuan laughs at the end of the hell. "I don't want to do anything. I want to see you. Now, right now, you come out, we'll see you."

Chapter 624

"Are you at my door?" Suqin asked.

"No, but I'm in line. You come out and the car will take you to me."

"Duanzixuan, don't go too far."

"What kind of reaction do you think will be caused by the sudden upload of your undressed photos to the Internet? I think we must make men crazy! Your face, coupled with the body of those sexy female models on the Internet, tut, I really can't imagine what kind of beauty that will be. " Duanzixuan is there, making a sigh.

However, in Suqin's ear, he could not express his anger.

"Duanzixuan, I advise you not to do so." Suqin warned.

"Why? Is it because you are Mr. President's woman? Suqin, no wonder you left me so clean. I really can't compare with Mr. President, but don't forget that we once loved each other. " Duanzixuan suddenly felt that this relationship could be the capital he had been showing off.

Suqin is leaning against the door, with a very helpless and even disappointed mood. How shameless can a person be?

"Duanzixuan, no matter how we used to be, in the future, I hope you can be a good person and cheer up again. You used to be a very excellent person. I'm sure you can stand up again." Suqin encouraged him and tried to persuade him.

Duanzixuan heard that, only a sneer, "I'm not who I used to be, because of you, I've fallen to the bottom of the valley, I can't get up any more, my career has ended, I have no future to speak of, my life has no meaning."

After listening to these words, Suqin felt that xuanyuanchen might be crazy, to the point of being unable to rescue.

"Don't be like this. There are countless ways to choose in life. Even if you don't work in politics, you can choose other ways. Never give up yourself." Suqin continued to persuade him.

Duanzixuan sneers, "do you think I have any choice?"

"You're sensitive to numbers. You can do accounting."

"I'm tired of being told. I hate being told and trampled."

"Think of your family! They need you. " Suqin continued, "think of your parents. Do you remember? When you were in college, they went abroad to send you a special product of your hometown. You say, they can buy it abroad, but they don't think it's authentic enough. So they came to a foreign country with different words and were almost cheated. Finally, the police sent them to our school. They are 65 years old this year! " Suqin's voice, gentle with a sincere magnetic, as if full of emotional color announcer.

"You Do you remember their age? " Duanzixuan at that end was surprised for a few seconds.

"Of course, they were born in different months of the same year on the sixth day after the Mid Autumn Festival in August. When I returned home, I visited them."

That end, duanzixuan has a few seconds of silence.

"You can't give up on them. They have only one son. They are proud of you. Everything they have done in their lives is for your better life. You can't let them down."

"Do you think I can make them proud? I am nothing now. " Duanzixuan's dispirited smile.

"Of course, in their eyes, no matter what work you do now, or what kind of life you are, for them, you are their pride and hope to live."

"I'm not I'm a dead man already. " Duanzixuan fell into self doubt.

"If you think you are a waste person, then you can go to the disability center to do charity and volunteer work. Compared with those who have lost their hands and feet, you are a very lucky person, because you have healthy limbs and very proud knowledge." Suqin's voice is not to persuade him, but full of sincere expectations.

"You Why do you want to talk to me about this. " Duanzixuan is on the other end of the phone. Some words are incoherent.

"I don't know. I just think that if you abandon yourself, I will feel very sorry for you. If you go on like this, I will also feel sorry for your parents. You shouldn't let them spend the rest of their lives in pain. If you commit a crime, even if you want to revenge me and hurt me to achieve the hatred in your heart. In the future, after you enter the prison, They just can't look up and live. "

That end continues to be silent, is only duanzixuan's breath, from the beginning of the hurry, but became stable, as if his mood was not so intense.

"If you are determined to do something to me, I will not stop you. I will only use legal means to protect my rights and interests. If you go to prison, I will raise your parents for you." Suqin's voice was quiet.

"Suqin, I will not hurt you again." At that end, there was a choking voice from duanzixuan.

He was moved, and perhaps the best persuasive expert could not stand in front of him, as Suqin said, woke him up and pulled him back from the edge of reason.

"What are you going to do next?" Suqin asked. "Listen to you, go to the Disabled Center and volunteer." Duanzixuan smiled a little, some bitter taste, "I'm really going crazy these days. I've always resented you for ruining my life to nothing. I also resented that you didn't say a good word for me in front of the president to let me go back to my previous position."

"Do you think he moved you out of your position because of me?" Asked Suqin softly.

Duanzixuan once did some dark things in that position, but he was not found. At the moment, his heart was open to what he had done in the past.

"No, it's not all because I pester you. Maybe it's because I made a mistake in that position."

"I thought he just transferred you for me, but later I asked him, he said it wasn't all true, and there were some mistakes in your work. You should know something about it!"

"I understand him. He should have fallen in love with you at that time, so that he would seriously check me, find out my mistakes, and transfer me." Duanzixuan at the moment, I don't know who to blame. Maybe, he should blame himself.

At that time, he thought that if he sat in that position, he would be able to recover his feelings for Suqin, become more confident and self-confident.

Now, it's impossible for Suqin to forgive him for his hurt. At this moment, everything Suqin does, like a bosom friend or a guide, leads him back to the right way of life from the confused world.

"Suqin, thank you. I'll delete all those photos. You don't have to worry anymore. I promise you my life."

Chapter 625

"Zixuan, I wish you a better life." After four years, Suqin called his name again.

Duanzixuan is sitting in the car now. His eyes are red. He can't speak. He chokes. Finally, he hangs up the phone.

He covers the steering wheel and happily releases all the pent up feelings during this period.

Finally, the black car, which had been parked opposite Su's house for two days, finally left.

The car drove to a disability center. Duanzixuan had not yet gone through the volunteer formalities. He just walked in here and rushed towards him. He was a little boy who had just put on the prosthesis. He jumped to duanzixuan's face. Because he could not stand still, he fell on duanzixuan's leg. "Uncle, can you let me help you?"

The little boy looked up with a strong smile.

Duanzixuan's eyes are red again. He squats down and nods, "of course."

"Uncle, are you looking for someone?"

"No, I want to apply for a job here." Duanzixuan smiled at him.

The little boy listened and laughed happily. Then his doctor came to him and said, "Xiaohao, don't run around. Be careful."

"Uncle doctor, I can walk normally in the future! I put on my long pants, and you won't see my prosthesis! " The little boy said excitedly.

Behind him, duanzixuan suddenly wanted to give himself a fist. Suqin asked him to come here. He really felt that he was very lucky. Although he has no official map now, he still has a sound mind and limbs. He can do something meaningful.

Duanzixuan went to the front desk and asked the waiter, "do you need any more staff here? I want to apply. "

"I need it! We really need employees here, sir. Do you really want to work here? " The young girl asked in surprise.

"I want to come." Duan Zixuan is very sure.

Suqin sat in the room for a long time. Suddenly, her phone rang. She took a look. It was xuanyuanchen.

She took a deep breath and picked it up with a sweet smile. "Hey, how do you have time to call me?"

"I'd like to give you a call by giving the meeting a ten minute break."

"Why?"

"Just thinking of you."

"I'll see you at noon!" Suqin laughed.

"Yes! I'm also surprised. I've only been away for two hours. I miss you so much. What can I do in the future? You have to be with me all day. "

Suqin was amused, but seriously responded, "OK."

"Tell mom and Dad that they're going to try on their clothes?" Xuanyuanchen asked.

Suqin immediately noticed that he even called her parents and parents, and also called so smoothly, which made her stunned for a while.

"Why don't you come back to me!" That end Xuan Yuan Chen some strange ask.

"You just called my parents?" Suqin asked.

"Well! Don't call Mom and dad. What do you call? " Xuanyuanchen asked her with a smile.

Su Qin bent his lips and smiled, "we are not married yet!"

"Then shout first! At that time, when we get married, we will shout more smoothly. "

Xuanyuanchen smiled at her.

"When shall we get the marriage certificate?" Suqin thought about it.

"The afternoon after tomorrow, I'm in line." How can xuanyuanchen forget this! As long as something can reassure Suqin, he thought of it.

"Well, I'll remember to bring my Hukou book with me." Suqin replied, and then looked at the time.

"It's time for you to go to the meeting."

"Good. See you in the evening."

"Well!"

After hanging up the phone, Suqin chuckled and looked at her mobile phone, feeling that her other life was just about to start.

She doesn't know if she can do it well, but she will try her best.

At 6 o'clock in the evening, a high-quality team appeared in the VIP passage, surrounded by eight bodyguards, which was very eye-catching.

A young couple, a handsome young man, a beautiful young girl, as well as a few-year-old child, a kind couple, a very eye-catching combination.

"Finally back." Tang Siyu took a breath of the cold air in China and felt very comfortable.

Xing liehan takes her bag. "Tired or not?"

"Daddy, I'm a little tired." The little guy wants to sit in daddy's arms.

"What are you tired of shouting? I asked your mother. " Xing lie asked with a smile.

The little guy immediately shut up very consciously. He knew that he could not compare with mommy in his father's heart. Besides, in his heart, mommy was also the first important person.

"Second brother, can you drive me to my friend's house in the evening?" Xing YINUO asked Xing YIFAN.

"Do you want to have another driving license in China? How many times have you hung up abroad?" Xing YIFAN teases her.

"I hate it. Can't you send it?" Xing YINUO has red lips and doesn't like to be exposed. "All right! I can give it to you, but don't tell your sisters that I'm back. I'll be bored to death." Xing YIFAN talks about the conditions.

"Well, I promise not." Xing YINUO guarantees.

She knows that her good friends all regard Xing YIFAN as a god of men, and plan to catch up with him. Although his second brother is no longer in China, his charm is still very strong.

"Brother, sister-in-law, the car is here." Xing YINUO said, "Mom and Dad, hurry up."

"You slow down." Jiang LAN said to her daughter.

The car to pick them up has been parked at the airport entrance, and the family is in the car. The little guy is very conscious of sitting in the grandparents' place, not mixed with the love of mom and dad.

Tang SIYU has left the city for a while. When she comes back, some old memories still flow to her heart. She sighs gently.

At this time, a strong arm came over, and she nestled in his arms to rest.

"It's better to forget the past! Don't think about it." Xing LIEHAN advised in a low voice.

"Well! No more." Tang SIYU obeyed.

But, don't want to just say, those have happened, or very strong surge.

"I'd like to take time these days to go to my parents' grave and offer incense."

"Good! I'll go with you. " Xing lie cold light close her long hair, showing her white forehead, he bent down to kiss.

In the other car, sat Xing Yifan's brother and sister. Xing Yinuo looked out of the window. She thought of the day when she went abroad. She hid in the bathroom and cried!

Now, finally, it's back.

"Second brother, do you have anyone you like?" Xing Yinuo inquires curiously.

Xing Yifan looked out of the window, his eyes were clear and clear, and he replied simply, "No."

"What are you thinking all day?"

"And what are you doing all day?" Xing Yifan asked.

"I'm not like you, I'm rich in my heart, my dream in the future, but to be an actor!" said Xing Yinuo

Xing Yifan looked at her serious look, he laughed, "then you start to practice signing now!"

"Why?"

"If you get red in a hurry, your signature is still at the level of a primary school student, you will lose face."

"You..."

"I can design a signature for you for free."

"Yes, you said! I'll have it tonight. " Xing YINUO is good. He will not be investigated immediately.

Chapter 626

Tang Siyu and his party went back to the villa that had been cleaned. The first one was Xing's house. The servants cleaned it up and everything was as new as before.

The family is out eating. It's more than 9 o'clock at that time. Today, the family are all on a long-distance flight. They are very tired.

Tang Siyu asks his son if he wants to sleep with her. The little guy shakes his head. "Daddy wants me to sleep with my uncle. I want to sleep with my uncle."

"When did your father tell you that?" Tang Siyu is speechless. Xing liehan does his son's work.

"Just now! Daddy asked me if I wanted my sister. I said yes! He let me sleep with my uncle. " The little guy is very honest to bring out what his father said.

Tang Siyu's face was a little hot, he immediately crouched down and whispered, "this kind of words can't be said in front of outsiders! Well, sleep with your uncle! "

"Well!"

"But don't argue about playing games."

"I know!" My uncle will play for him for a while.

Tang Siyu and Xing liehan don't sleep in Xing house. They go back to Xing liehan's private villa, which is very close anyway. They don't need to drive for five minutes.

Xing liehan has been waiting for her in the car. Tang Siyu opens the door and sits in. Xing liehan leans over with a smile. "Did you just go up to find your son?"

"You also said that your son is still young, you are not allowed to teach him some bad things."

"I just asked him if he wanted a sister."

"In case he wants to know how his sister came, how do you explain?" Tang Siyu asked him back.

Xing liehan was speechless immediately. He smiled and said, "OK, my wife and I are wrong."

Tang Siyu no longer scolds him, "go back to sleep! I'm so tired. "

Xing liehan's sports car immediately drove out of the yard and went straight to their villa.

In the villa, the ventilation has been done well in advance, and the door has been pushed in. Everything is the way they left, as if they left yesterday. Here, they are full of beautiful memories.

Xing liehan takes Tang Siyu and walks in. They go upstairs directly.

Just after entering the door, her body was picked up by the man behind her. She couldn't help being scared and hugging his neck. "What are you doing?"

"Take a bath together." Xing liehan's despotic low voice.

"Don't!" said Tang Siyu, shyly

"Yes." Men are very persistent.

At 10:30 in the presidential palace, Suqin came back in the bodyguard's car. He met some traffic jams on the road, and was delayed for some time.

Xuanyuan Chen has been waiting for her, on the way to make a few consecutive phone calls, at this moment, watching her safe back, Xuanyuan Chen's heart is a safe landing.

Just now when he heard that it was the traffic jam, he began to feel uneasy. He thought that Suqin's trip in the future must be the safest.

As soon as Suqin entered the door, she was held tightly by him in her arms. She raised her head from his arms with a smile. "What's the matter?"

"Nothing, just miss you." Xuanyuanchen will not show his nervousness to her, but will do it in action.

"Xiaoqin, I have an idea that there are several empty villas in my parents' area. I want your parents to move in."

Suqin blinked. "Do you have one? Will it be too much trouble? "

"No trouble, I'll let someone clean it tomorrow. Before we get married, let them move in. After our wedding is open, everyone knows that they are my father-in-law and mother-in-law. I'm afraid that they will protect them because of what danger I encounter."

Suqin was deeply moved. She nodded, "OK, I'll persuade them to move. My brother-in-law bought them a big apartment in the center of the city before, but they have been used to it, so they didn't move there. Now, I'll persuade them to move."

"Speaking of your brother-in-law, let's meet the four of us sometime." Xuanyuanchen suggested.

"Good! When are you free? Let's make an appointment to see you! My sister wants to see you too! "

"Good! I'm on schedule these two days. " Xuanyuanchen nods.

Suqin didn't tell him about duanzixuan, but he just didn't worry too much. Duanzixuan now regains his life, and she won't disturb him any more. In the morning, xuanyuanchen's people went to pick up Su Boyan and his wife, and then to the Royal Design Institute, where Suqin was waiting for them.

The designers selected three sets of clothes for them with great foresight. Su Boyan and Li Qian tried on the upper body effect, and they were very satisfied.

In the nearby teahouse, Suqin and them mentioned the matter of moving, before they insisted on staying, at this moment, they also moved the idea of moving away.

"Well, my mother will go back to collect it and move it! Neither of us can hold back Xiaochen's work. " Su Boyan's idea is very long-term.

"Mom and Dad, you've been wronged. In the long run, and in terms of your safety, you have to move out of there." Su Qin advised.

"We understand. Just move!" Li Qian is also very supportive. In the afternoon, Suqin returned to the presidential palace.

At 2:30, Xuanyuanchen took her and went to the Civil Affairs Bureau to get the certificate.

Today, the whole civil affairs bureau is off in the afternoon. Even many staff members are left in line. Only a few staff in charge of the window are working.

They are only excited and honored that they are so lucky to register for Mr. President.

And they were lucky to see the future president's wife.

Xuanyuanchen and Suqin take photos together. Xuanyuanchen's arm naturally holds Suqin's shoulder, and Suqin smiles to approach him.

The photos are very affectionate, and they are all high-value people, as if they were painted.

Xuanyuanchen and Suqin sign and seal. After all the procedures are completed, two small red books are sent to them.

"Congratulations, Mr. President, and best wishes for a long and lasting relationship." The staff were so excited that their tongues were tied.

"Thank you." Xuanyuanchen took over, smiling politely.

Xuanyuanchen in front of the public, there is no shelf, Suqin also smile picked up two small books, looked through a drop into her bag.

"Let's go back." Xuanyuanchen said to her.

Everything about the wedding is in line, and Suqin is staying in the presidential palace until the wedding.

At 3:30 p.m. in Xing's house, Jiang LAN and Xing Zhengting decided to buy some new year's products in order to make the whole family celebrate the new year.

"Yifan, Yinuo and Xiaoxi will accompany us to buy new year's products in a moment." Jiang Lan said to some of the family members.

"Grandma, I'd like to go." Xing Yixi responded positively.

"I'll go, too." Xing Yinuo raised her hand and went to the supermarket the happiest.

"Then go!" Xing Yifan has no problem. His life has always been simple. His time is only for his family.

"Mom, I'll ask when you'll visit aunt Wen's family!" Xing Yinuo asked curiously.

Chapter 627

How can Jiang LAN not see through her daughter's mind! She just sighed. For her daughter, she was too young to involve the feelings of her children too early.

"I'll come tomorrow."

"Mom, I'll go too. I haven't seen aunt Wen for a long time. I miss her too."

"Good! Then let's go together! " Jiang LAN nodded.

Xing Yinuo's heart is occupied with excitement. She is looking forward to it. Will Wen Liangyao come back? Can he? He is a very family oriented person. He should come back on this big holiday!

Now, Xing Yinuo can't get in touch with him at any time. His phone number has been out of the service area, but he sent an email, and he didn't reply immediately. In the past nine months, it's basically a monthly email response.

In addition to caring about her study and body, there was no more emotion revealed in the photos he sent. Xing Yinuo also suppressed this emotion all the time. Unconsciously, she felt that she had talked with Wen Liangyao's feelings. It seems that those who haven't seen each other for a long time will unconsciously return to the distant relationship.

No, she just don't lose contact with him, don't return to the kind of relationship that can't even say a word with him!

Jiang Lan 's eyes fell on her daughter' s face for a while, sighed in the dark, but it was not her mother 's ruthlessness. Now her daughter' s studies are also up. In foreign countries, except for the normal study time, she spent the rest of her time studying piano and dance, and she has made great achievements.

If you let her think about her feelings, you may not have this persistence and effort.

"Mom, let's go!" Xing Yinuo takes the little guy and sets out.

Tang Siyu is standing on the balcony on the second floor. From here, you can see the view of the whole a city. She picks up her mobile phone and dials up Sushi's phone.

"Siyu, are you back?" At that end, the sound of surprise came from Suqin.

"Well! Back at home, and you? "

"I'm here at Wenzhai. You're back. I miss you all. When can I bring my dry son to see me?"

"You are pregnant now! You can't run around! "

"I really can't run around now. It's slippery outside. I'm afraid when I walk!"

"Then you must pay attention. Let Li Chen accompany you when you go out."

"Well! He is with me except for his work. " Susie's happy answer.

"I will go back to m country after Spring Festival and stay in China for more than a month. We can get together well."

"That is."

"Sister Qin is very lucky. You have a brother-in-law of the president."

"Yes! My sister's charm is great. I predicted that she would marry Mr. President before, and the prediction really came true. Do you think I'm magical? " Susie said with some pride.

"That's amazing."

Two good sisters talked about the problem of giving birth again. After nearly an hour of telephone porridge, Xing liehan was working in his study. When he came out to see her on the phone, he also took out the phone and went to the window to unplug Wen lichen.

"Liehan, are you back?" Wen lichen happens to be in the company.

"Well! I'm back. I'll meet you sometime. I haven't been together for some days. "

"Good! How about tonight? Heathy has been at home, too, and wants to come out for a walk. "

"Well, you set the position, I'll bring Siyu here, and the children won't take it. Let's get together first."

"Well, I'll make a reservation and send it to you later."

The two men quickly agreed on the time for dinner tonight. At that end, Tang Siyu and Suxi were still having a baby.

Xing liehan came over and said with a smile, "haven't you finished talking yet?"

"Well, almost."

"Let's meet tonight! I have an appointment with Li Chen for dinner. "

"Really? That's great. " Tang Siyu laughed and said to Suqin, "have dinner together at night, meet and talk."

"Good! I'll see you later. My phone rings. Let's take it. " Sue said.

Both women have a feeling that they can't finish talking. Xing liehan doesn't take his son out at night, and Tang Siyu agrees. It's still cold for the little guy to go out at night. Now, Xing Yifan's two brothers and sisters are with him. He's very happy at home.

At six o'clock in the evening, Xing liehan and Tang Siyu arrived at the appointed restaurant, while Wen lichen and Suxi were still on their way.

In less than ten minutes, two people arrived.

It's been three months since Susie was wearing a fashionable down jacket. She can't even see it. She's still slim.

As soon as the two sisters sat down, they continued to talk about their children's affairs. Wen lichen and Xing liehan followed them to talk about their children's affairs. Occasionally, when they were curious, they would interrupt and ask.

"Will Liang Yao come back for the new year?" Xing lie asked Wen lichen curiously in the cold Dynasty.

"Oh! Call back these two days and say that you will come back in the first two days of the new year.
"

"What is Liang Yao doing recently? I haven't heard from him for a long time.""I made a documentary film, and I ran to the North Pole. I haven't come back in half a year." Wen is not very clear about his brother's whereabouts.

In the presidential palace, Suqin is looking at the wedding planning plan. She is very satisfied with everything planned, although it's the layout of the wedding venue in a hurry.

But an experienced wedding company will handle every detail very well.

The next afternoon, Xing YINUO followed Jiang LAN to Wen's house. She always wanted to hear about Wen Liangyao. Finally, she got a real news. Wen Liangyao will come back three days before the new year, that is to say, finally, they can meet each other.

Jiang LAN is still happy for her daughter. At least she can see one side of her. She is suffering from slow Acacia.

If his daughter continues to love him, they will really be together in the future. However, Wen Liangyao also has his plan. He will not miss his daughter's study, so he chose three years to wait.

New year's Day is a very festive and reunion day. In such a day, even the Wanderers who are thousands of miles away will think about the way home.

At a visa window, a girl finally got her visa, which was not easy to get. She was Shu Chun. She held the visa tightly in her arms and her eyes were red with excitement.

At this time, the aunt at the window saw it and asked with a smile, "little girl, I'm going to see my boyfriend abroad! See what makes you happy. "

Shuchun's pretty face suddenly turned red. She shook her head and said, "no, it's to meet someone who is very important to me, but he's not my boyfriend. "

Shu Chun smiles bitterly at the bottom of her heart. She is not qualified for him at all. After so long abroad, she has no news of him. Mufei, how are you?

Finally, I can go to see you, no matter where you are, after years, I will go to you.

Shu Chun is eager to think.

In the afternoon after the third day, xuanyuanchen spent three hours. Suqin asked Suxi and wenlichen to come to the presidential palace. Four people chatted, drank tea and met for the first time.

Four people, formed the closest relatives, xuanyuanchen also does not have the slightest shelf, and they become one, at this moment, they are relatives.

The news of the president's wedding has been kept secret. However, when more people know about it, the news can't be kept secret.

This afternoon, Su Boyan and Li Qian, with the help of the moving company, basically moved all the things they normally used to another new home.

Suqin and Suxi are ready to come to help, but Su Bofang refuses. One is the future president's wife, the other is pregnant, and he doesn't want them to come. Fortunately, the moving company is very considerate and considerate. They have no power to move clean.

In the next morning's daily newspaper, xuanyuanchen announced the news of his big marriage, and his wife's identity, also gave a very clear report. Suqin has a very excellent work process, between words, publicized their romantic and beautiful love.

In an instant, the whole country was jubilant, and the major media forwarded reports one after another. Suqin's name was remembered by millions of people.

The future president's wife.

In addition to the report, the host was also very excited to broadcast the news, and sent a happy blessing.

At a disabled Volunteer Center, duanzixuan was holding a little boy. He stood in front of the news and watched the broadcast of the news. He smiled happily.

"Uncle Duan, what are you laughing at?"

"I'm happy for one person."

"For whom!"

"An old man."

"Why do you want to be happy for her!"

"Because she is happy." Duanzixuan said, holding him and saying, "I'll take you to rehabilitation treatment."

"Well!" The little boy put his arms around his neck and put a prosthesis on his leg, but the little boy was still very brave and happy.

The news of the president's wedding spread all over the country, and Lin bingyue saw it naturally. She accompanied her grandfather and father to see it on the evening news.

Looking at the news, Lin bingyue said to Grandpa, "Grandpa, she is more suitable to be the president's wife than anyone else."

This is Lin bingyue's highest evaluation of Suqin.

It's only three days since Suqin's wedding, and xuanyuanchen's side of the wedding also invited people with great status from this country to attend the banquet, with 20 tables.

Invited people are looking forward to the wedding of this century, witnessing the wedding of the greatest man in the country.

Xing liehan brings Tang Siyu to his little aunt Jiang Shan's studio again.

For the wedding dress.

Suqin didn't use bridesmaids and best men this time, so they all took part as guests.

But even so, attending the president's wedding must be very serious and appropriate.

Jiang Shan's dress can be chosen by Tang Siyu. Tang Siyu chooses a dress that is neither too ostentatious nor too luxurious. Xing liehan chooses a suit that she really wants to wear.

At night, with the wedding date approaching, Suqin, as the bride to be, was still a little nervous.

Xuanyuanchen finished her work and went back to her room. She saw that she was in a wine red Pajama, leaning against her back pillow and was in a daze.

The dim yellow light, her long hair drooping, a white face, quiet like a picture of beauty in the hands of a painter.

"What are you thinking?" Xuanyuanchen sits on the edge of the bed and looks at her worried.

"I'm a little nervous." Suqin speaks his mind honestly.

"A tense wedding?"

"Well! People all over the country are watching us. I've never been so watched. " Suqin chuckled.
"I'm afraid I can't do well myself."

Xuanyuanchen looked at her and laughed, "just be yourself."

Suqin nodded and said to him, "take a bath!"

Xuanyuanchen stooped down and burned a kiss on her forehead

Suqin is pulled by his low sexy voice line. She nods shyly, "OK."

Xuanyuanchen took a bath. His strong body was only surrounded by a bath towel. His hair was still wet. Suqin asked with a smile, "don't you blow your hair?"

"Do it naturally." Xuanyuanchen's ink hair is pasted on his forehead, which makes his whole face appear surprisingly young under the light.

Suqin's eyes secretly appreciate his back. The lines on his back are sharp and charming. The mermaid lines hidden under the bath towel are even more tantalizing.

Xuanyuanchen is standing at the bar counter in the room, opening a bottle of red wine.

"What are you doing with the wine!" Suqin asked with a smile.

"Aren't you nervous? Drink some wine and go to sleep. You'll be more relaxed. " Xuanyuanchen finish saying, already poured two half cups to come over. Suqin didn't refuse either. At this moment, it's really comfortable to smell the wine. Two people sat on the sofa drinking wine. The night outside the window was thick and cold, but inside the window, it was warm as spring. Wearing the wine red pajamas on Suqin, they almost turned her into a top-grade thing, which fascinated xuanyuanchen, the emperor like man.

Suqin drank half a glass of wine, looked up at the blurred eyes, and touched the deep and burning eyes of men.

She bent her red lips. "What's the matter?"

"I think of another way to treat your nervous insomnia." Xuanyuanchen chuckled.

"What?" Suqin wants to listen curiously.

Xuanyuanchen put down the wine cup in her hand, and then reached out to take away the red wine cup in her hand.

Suqin blinked, the next second, the man's strong body will bully, "you will like it."

Suqin, "...". Finally, I understand what this method is.

She instinctively wants to escape with a smile, but is directly pressed on the sofa by the man. She is not allowed to escape, and must accept his love.

Time entered the two-day countdown.

Cheng Xuelan and his wife also came to visit Suqin. At the same time, they were very concerned about the wedding. They went to see the scene several times, and determined the guests of the banquet very seriously.

As soon as Suqin's identity was made public, those who had worked with her were unbelievable, some blessed, some surprised and some envied.

People who know her believe that Suqin is definitely a woman worthy of the president's love.

The voice of the president's office once talked a lot. On this day, it was silenced. They talked more about the wedding. No one could doubt that xuanyuanchen liked Suqin any more.

Mr. President is a very wise man. The woman he chose must be right.

On the day of Xiaonian, the cold weather suddenly raised a very warm winter sun from the morning. The sky was pure and beautiful.

Chapter 629

At 6:30 in the morning, Suqin woke up. Last night, xuanyuanchen accompanied her to go to bed early, and with his special way of helping her sleep, Suqin was so tired that she had a direct sleep until dawn.

Suqin gets up. The makeup artists will come at 7:30. She has to get up earlier.

Suqin stood in front of the mirror, a little annoyed again. There were some slight paw marks and kissing marks on her back.

Just as she had been sideways, trying to see the kissing mark clearly behind her, the man came in behind.

"Don't worry, there's no kiss in sight." The man said proudly, as if he had taken care of her.

Suqin reluctantly smiled, and then xuanyuanchen also looked at his back, "this is your masterpiece."

Su Qin's pretty face was immediately ashamed. There were several clear and obvious fingerprints on xuanyuanchen's back.

Who is not her?

"It's time for me to change." Suqincai didn't want to discuss the outcome of last night's war in the morning!

At 7:10 in the morning, the makeup artist waited outside in advance. Suqin let them in and started her makeup work today.

After a while xuanyuanchen also came down, the makeup artists are very professional, dare not make any mistakes.

At 7:40, Cheng Xuelan and his wife arrived. Today, Cheng Xuelan is dressed in a dark red cheongsam. She has a very good figure. Xuanyuan Xi is also in a straight suit. The temperament of the former president and his wife can't be ignored.

Wenzhai.

Su Xi and Wen lichen also got up early. Su Xi was wearing a white mink fur, a long skirt, long curly hair, light makeup, and looked very fresh and noble.

This can also hide her slightly protruding abdomen. At the moment, she looks like a girl.

Wen lichen was around her waist behind her, and the big palm gently stroked her belly. At this time, sushi was very pleased. "It's moving. I just felt the fetal movement in the legend."

"Really?" Wen lichen is also excited. His hands are gently covered on it, and he wants to feel his children.

"Well, I feel it. It seems that the little guy is very naughty!" Susie laughed.

"It's OK. As long as you are healthy and naughty, it's OK." Wen lichen looks forward to it.

Xing Zhai, Tang Siyu and Xing liehan are also ready to attend the difficult wedding ceremony.

There are less than 40 people in the whole country who can be invited, so it's a great honor to attend the wedding. Xing Yixi's little friend is at home and doesn't make a fuss about going.

Tang Siyu and Suxi have contacted each other, and they are sure to leave at 8 o'clock on time. They arrive at the wedding Hotel, but it's more than an hour's drive. Of course, they also hope to arrive as early as possible to accompany Suqin.

Su Boyan and Li Qian's phone calls have been knocked out these days. Many former colleagues and friends have come to make sure whether their daughter is Suqin, the president's wife.

Su Boyan didn't conceal either. This kind of thing can't be concealed. In the future, Su Qin and xuanyuanchen will appear in public together.

He admitted generously that it was his daughter.

It's a pride to be a parent.

Suqin put on her make-up and went to the Royal Hotel with xuanyuanchen under the escort of the team.

After arriving, Hao was arranged into a luxurious lounge, and xuanyuanchen went out with his parents to meet the guests.

At nine o'clock, Tang Siyu and sushi arrived.

"Sister, you are so beautiful." Suzy praised.

"The day when you are the bride is also the most beautiful. Where is the bride not beautiful?" Suqin laughed.

"Congratulations, sister Qin." Tang Siyu sincerely wishes.

Suqin took her hand. "Siyu, thank you for coming to my wedding."

"It's an honor for us to come to Mr. President's wedding." Tang Siyu chuckled, his eyes full of happiness.

Su Boyan and Li Qian also met their relatives and friends at the door. They invited several cousins of Su Qin to attend the meeting, as well as some of Su Boyan's best friends.

After a while, Li Qian came in and watched a pair of daughters present. Her eyes turned red. Finally, both of her daughters were going to marry.

Tang Siyu came out first and asked their mother and daughter to talk. She found Xing liehan, who was sitting among several important cabinet members. She was charming and confident.

Tang Siyu sat next to him, his eyes showing love and worship for his men.

The third mother and daughter of Suqin talked for a while, and Li Qianqiang came out to greet the guests again with the emotion of emotion.

Good time is on time at ten.

Xuanyuanchen went back to the lounge, and Suxi called out with a smile, "brother in law, my sister has given it to you."

"Be careful. I'll get someone to help you out." Xuanyuanchen cares.

"No, I can walk in flat shoes." Suxi waved to Suqin. "Elder sister, I'll go out first."

"Well! Go! " Suqin smiled and nodded. Suzy left, in the quiet lounge, a new couple looked at each other affectionately.

Xuanyuanchen sits beside her and looks at Suqin carefully. Suqin does not look down with shame under his eyes.

"What are you looking at?" Suqin asked shyly.

"I want to remember what you look like today, and brand in my heart what you look like as my bride." Xuanyuanchen opens his mouth in a low voice. Today's Suqin is so beautiful that his breath is disordered.

Suqin red lips Yang Xiao, looked up, also looked at him, this man today's handsome, is also unable to duplicate.

The deep feeling in his eyes, he retreated from the strictness and sharpness of his normal work, and became the most affectionate lover.

At this time, Cheng Xuelan knocks on the door and comes in, "Xiaoqin, Xiaochen, the auspicious time is coming, you make preparations, don't miss the auspicious time."

"We are ready." Xuanyuanchen replied.

This wedding, still according to the wedding process, xuanyuanchen as the bridegroom, he stood on the wedding platform waiting for his bride.

His straight figure, full of expectation, looks at the end of the red carpet. He holds his hands in front of him and looks forward, just like a charming prince, waiting for his favorite woman.

At ten o'clock on time, at the end of the red carpet, as the wedding march sounded, Suqin wore a noble white wedding dress, a faint light dress, which showed her delicate face, white fishtail wedding dress, and depicted her perfect posture.

She looked ahead, confident and calm.

Suqin's previous tension, at this moment, suddenly disappeared. In this world, what she longed for most was to stand on the side of the man and accompany him for life.

The eyes of the guests around her fell on her. Those who still had doubts about her, or did not understand her, at this moment, looking at her figure, nobly revealed the style of the mother of a country, which is no doubt.

Chapter 630

Su Qin takes Su Boyan's arm and reaches the stage. Su Boyan hands her hand to Xuanyuanchen.

At the moment, Su Boyan is excited and doesn't need words. Xuanyuanchen holds Suqin's hand and says to him, "Dad, thank you for giving Suqin to me."

"Treat her well," he nodded

"I will." Xuanyuanchen guarantees.

Suqin's eyes were wet. She pressed her red lips tightly, and forced to bear the tears of excitement at the moment, watching her father's figure leave.

Xuanyuanchen took her hands and went to an elder with high prestige. The elder read the oath. I would like to hear two words, which made the scene applaud like thunder.

The small circle on Suqin's middle finger was removed. At this moment, her ring finger was covered with a man's diamond ring, a heart-shaped white diamond, symbolizing his forever love for her heart.

Under the stage, Su Xi's eyes were also red with excitement, and Wen lichen gently took her. Tang Siyu is happy for Su Qin. At the same time, he also remembers his wedding. He remembers the excitement and joy of that moment. How lucky he is to be able to find the love of his life.

Xuanyuanchen gently opened Suqin's veil, his deep eyes, looked into a pair of Yingying water eyes, his heart pulled for a moment, did she just shed tears?

Suqin also very restrained the tears to bear back, but a pair of eyes, already misty, make the man very distressed.

He leaned down and kissed her gently on the lips to show the end of the wedding.

Everyone is blessing the new couple. At the same time, the whole country is very excited on this day. Mr. President's wedding is a big event.

At the banquet, xuanyuanchen and Suqin sat on the chairman. After a rest, they got up and toasted. The guests at the table of 20 walked around, finished the wine for all the guests and returned to the banquet for lunch.

In the afternoon, the guests left one after another, leaving only relatives and close friends chatting. Tang Siyu and Xing liehan left at 3 p.m., while Su Xi and Wen lichen stayed in the hotel rooms.

In the evening, there is a family dinner.

In one of the lounges, Suqin changed into a more relaxed dress and sat on the sofa to rest. Li Sen came, and at the same time, he brought work.

Xuanyuanchen, dressed in bridegroom's clothes, sat on the table next to the sofa to handle his work.

Suqin looks back at him with his chin on his back. The man at this moment is the most handsome. Li Sen is also a little secretive. He doesn't want to send work to disturb the couple when the president gets married. He can't help it. He dare not slightest neglect the state affairs.

When xuanyuanchen has signed, Li Sen is busy. It's a great honor for him to join him for dinner at night.

Suqin closed his eyes, inexplicably had a trace of sleepiness, xuanyuanchen came over and reached for her. "What's the matter with you?"

"Maybe I didn't sleep well last night! I'm a little sleepy. " Suqin also closed his eyes and squinted in his arms.

Xuanyuanchen said to her, "go to bed and have a rest. I'll call you for dinner."

"Well!" Suqin also wants to cultivate her spirit and spend the night with her family.

When Suqin went to bed, she just laid down with her clothes. Xuanyuanchen came and tucked in the quilt for her. So Suqin fell asleep. She was really sleepy.

In the evening, in the hotel, only Cheng Xuelan and his wife, Su Boyan and Su Xi, together with Su Qin, xuanyuanchen and Li Sen, have dinner together.

The wedding is finally over. One day, a lot of text reports occupy all the pages, and the blessings are overwhelming.

In the evening, after taking a bath, Suqin sat on the bed and watched the blessings on the Internet. She felt the kindness and affirmation from the people of this country.

Suqin looked for a while, and then felt sleepy. She couldn't help but close her eyes and squint for a while.

Xuanyuanchen came out of the bathroom and looked at her sleepy expression. She was a little distressed. She was really tired today!

He stepped over, leaned over and held up the woman who had closed her eyes to rest. Suqin immediately opened her eyes.

"Go to bed if you want." Xuanyuanchen said in a low voice.

Suqin lies on the bed, xuanyuanchen also immediately goes to bed, hugs her in the bosom.

Suqin relied on him, closed his eyes and went to sleep.

Xuanyuanchen lowers his head and kisses her brow with some unhappiness. "Today is our wedding night, will you go to sleep?"

"Mm-hmm." Suqin answers.

Xuanyuanchen had no choice but to say, "OK! Sleep! "

Suqin really had to go to sleep. Xuanyuanchen got up again at 11:30 after she fell asleep. At dinner, Li Sen received several urgent documents. He had not taken the time to read them.

Gently out of bed, xuanyuanchen quietly left the room, went to the study. This is Mr. President's wedding night, working through.

Su Qin sleeps until dawn. The next morning, xuanyuanchen arranges his work to his home. Su Qin accompanies him at home. There are many new year's events. Her heart is also with him on the work. The new year's Eve is not far away. In such a day, many people are looking forward to it.

Xing Yinuo's expectation is to find Wen Liangyao as soon as he comes back. She would like to ask why he didn't return the information to her and why he didn't take the initiative to find her for so long.

Is it really strange between them?

Tang Siyu, accompanied by Xing liehan, went to weed his parents' graves and give them incense. At the same time, he gave Tang Yiyi and Qiu Lin a stick of incense. At this moment, all hatred has gone with the wind. Only the living people continue to maintain their expectation of life.

Think of this mother and daughter, now only sigh.

At this time, Suqin also thought of Murphy, who had not heard for a long time, and did not know how he had been after the accident. Did his legs get better?

But after all, it's not a relationship that can be connected with each other. So, whether we can meet again in this life can only depend on fate.

Three days before New Year's Eve, Xing Yinuo is accompanying the little guy in painting. The little guy's painting level is very high. Xing Yinuo painted a lot of flowers and grass for him.

At this time, her mobile phone rang, and a message came. Xing Yinuo thought that her sisters were asking her out again.

She picked it up and took a look, only to see a familiar name reflected in her eyes.

Warm and cool.

She was so excited that she threw the paintbrush away and quickly clicked on the information. There was only one sentence on it: "I'm back, Yinuo."

Xing Yinuo stared at the information, and snorted a little angrily, "you finally know to send the information to me."

Then the next second, she said to the little guy, "I'll go out and play myself." Finish saying, grab the mobile phone and run out of the door.
