Chapter 641

The night came in the rain, everything outside the window became blurred.

Shu Chun sits on the edge of the bed tightly around her arms. The door is not solid, and the sound insulation effect is not good at all. The guests who walk in and out of the door and the men and women who make her panic make noises.

Those words are very penetrating, and there are even men's and women's rough gasps passing through the door. Shu Chun's heart is tightly covered with wire mesh. She doesn't know how to find a sense of security.

She closed her eyes and tried to let herself sleep, so that the uneasy fear would disappear.

Murphy, where are you? Murphy, I must find you.

Shu pure heart, only thinking of this man, she felt great courage.

She had to see him. Even if she only looked at him once more, she didn't regret coming here.

However, the rain shrouded the country, her travel is very inconvenient, she thought, tomorrow can find his company, as long as find his company, maybe there is hope to see him.

At this time, someone outside the door suddenly slapped her door, and she was so scared that her heart was in her throat.

She thought that when she checked in, there were several men sitting in the hall smiling at her. There seemed to be some bad feeling in her eyes.

However, these men are joking with the owner of the hotel. It can be seen that they are all acquaintances here. Therefore, even if the owner tells these people her room number, it is possible.

Shu Chun's tears suddenly burst into her eyes. Her courage was really weak. Fortunately, after the clapping of the door, several young men left.

In a white manor, Murphy sits at the window, his heart string is always tight, looking at the rain outside. His heart is all tied to Shuchun. Where is she?

Is she in any danger? Especially in such darkness, the system of this country is far less secure than that of our country. There are many dangers here. Oriental girls like her will be especially targeted by criminals.

At this time, Murphy's side of the phone rang, he immediately reached to pick up, is the housekeeper.

"Hello, steward, is there any news?"

"Young master, I asked people to check many hotels, but they didn't find the information about Shu Chun's stay. These are the hotels in our city center that are subject to query. As for those small hotels, they may not accept our query."

Murphy clenched his teeth. "Housekeeper, send my people to distribute them on the street. One hotel to find out. You have to find this girl for me."

"Yes, young master." The housekeeper answered and hung up.

Murphy is here. Huo has hired a dozen bodyguards. Now, these bodyguards are all arranged by the housekeeper, who drives to the small hotel in the center of the city to check.

After the previous standing, Murphy's heart at the moment was extremely anxious to stand up.

He stretched out his hand and held the handrail tightly again. He clenched his teeth and tried to resist the force of resistance. He wanted to stand up.

He wants to find Shu Chun himself. If anything happens to this girl, he will never forgive himself in his life, because he chose to leave her.

"Shu Chun, you are not allowed to have an accident." Murphy's teeth are clenched, and his body is bending and standing straight slowly.

Doctor once said that Murphy may also have a psychological obstacle, not that he can't stand up, but that there is an obstacle in his body that makes him unwilling to stand up again.

It's true that Murphy, for a while, gave up on his own, and gave up on life, so that he didn't want to stand up at all.

However, when one has an urgent desire and a firm will, one can overcome the fear in the bottom of one's heart.

At the moment, Murphy clenched his teeth, and a layer of sweat came out of his forehead.

His hand on the handrail, a little bit out of the support, he stood in front of the floor to floor window, and once again tried his best.

He looked out of the window and gasped. He didn't feel happy to stand up. Instead, his eyes showed a strong sense of urgency and anxiety.

He raised his right leg and took the first step. His step was still a little weak. He held the back of the chair again and stood up firmly.

"Shu Chun, I want to find you." Murphy clenched his teeth. With this belief, he took another step. Even though his legs were still weak, he could not fall down.

In this way, mufei, paralyzed for nearly a year, stood in front of the floor window with a strong willpower. He looked at the night in the distance, and his eyes were full of expectation. In the hotel room, Shu Chun sat motionless until midnight, and the slightest noise outside the door would frighten her.

However, Shu Chun's guess is not wrong. She is really stared at. Such a beautiful and pure Oriental woman as she is the favorite of Western men. In their eyes, they are very attractive.

Two men decided to go to Shu Chun tonight. In this country, even if they break the law, they will protect their citizens as long as they are not caught. So, it also encourages these people's courage.

At half past two o'clock in the morning, the rain seemed to be smaller and the night was quieter. At the same time, the quieter it is, the more insidious the danger is.

Shu Chun doesn't dare to sleep at all. Even though she is tired, sleepy and hungry, she must let herself stay up safely till tomorrow morning.

She was in the quiet corridor when she heard a man talking.

"Do you think she's asleep?" The man's voice was very low, but due to the poor sound insulation, Shu Chun heard it immediately.

"I should have fallen asleep. I saw her dragging the box in just now, as if she was very tired."

Shu Chun's heart immediately tightened to the extreme. At such a moment, she took a look at the gift box. Fortunately, all her important items were in her backpack. She grabbed the backpack and went towards the window.

She didn't live on a high floor, only on the third floor. In the evening, she saw a small staircase going down beside the window. At that time, she thought that if there was danger, she could escape from here.

I didn't expect that her idea would come true. Someone really misbehaved to her.

Shu Chun opened the window and looked at the dark street. Even if she was afraid, she could not wait for danger.

Her body is still very flexible. In the orphanage, she needs to take care of many children and repair some things. Her physical strength is good.

Shu Chun went down the stairs, she saw a direction, and ran there quickly.

Chapter 642

She ran a hundred meters away, she saw a row of cars, which formed a hidden grid, she squatted directly in.

Five minutes after she fled, the man outside secretly took the key in. However, they thought they could enjoy it. Unexpectedly, Shu Chun ran ahead of time.

"Damn it, this girl ran away?"

"She can't run far. She should be near here. Otherwise, let's go for it by motorcycle?"

So, the two men rode motorcycles to the nearby area to find Shu Chun.

Shu Chun heard the sound of their motorcycles, and also heard them shouting the name of the kitten. She was tightly hidden in the dark, and tears flowed from her eyes. However, she dared not move or even breathe loudly.

The continuous drizzle seemed to pity her too. After a while, it stopped. However, she was wet all over. She did not know whether it was tears or rain on her face, which made her whole face look pitiful.

In the morning, Shu Chun fell asleep on the tire beside the car.

In the morning, the car owner presses the sound of the car lock, scaring her up. She quickly stands up with her drowsy head.

The owner looked at her in surprise and asked, "are you OK, miss?"

"I'm fine!" Shu Chun quickly replied.

The owner looked at her strangely. Shu Chun looked pale at the hotel. Her gift box was still in the hotel.

However, she was afraid that the two men were still in the hotel, and even more afraid that they would take those bad ideas. If no one in the hotel would help her, if even the owner of the hotel was conniving at the two men.

She went back to get the salute, which was undoubtedly her initiative to go to danger.

However, her important things are all in her backpack, and the gift box is only for changing clothes.

"Yawn." Shu Chun sneezed. She felt cold. She tightly closed her coat and felt that the whole person was not awake.

She reached out her hand and stroked her forehead. She was hot. Shu Chun got caught in the rain last night and froze in the cold wind all night. It's strange that she didn't catch a cold.

Shu Chun takes out the address of Murphy's company she wrote down from the outside. Her tears circle in her eyes. It's very difficult for her to come to him, but she still comes.

She begged God, let her see him! Because, for half a year, she really thinks about him every day.

She didn't dare to expect to be with him. She just wanted to know if he had a good life.

Shu Chun bit her lips. Her clothes were still wet. Plus she was getting hot again. At this time, she should change into dry clothes or go to the hospital.

At this time, she saw a person next to her get off a taxi, and Shu Chun saw a lady driving the taxi.

She immediately felt happy, and she would be safer if she were a lady.

After the guest got off the bus, she immediately got close to the driver and talked with her.

The female driver saw that she was very embarrassed, and was very happy to help her. Shu Chun gave her the address. She looked at it and nodded immediately, "I know here, come on! It could take an hour. "

When Shu Chun saw that she actually knew the address, she was overjoyed. She even said thank you. She opened the door and sat in.

Murphy's branch company is in the middle of a building in the center of the city. The next five floors are all the office places of his company, while his office is on the 42nd floor.

In the morning, Murphy came to the company, because he believed that Shu Chun would not be stupid enough to come to him without any information from him. Many of his domestic staff knew his office address here.

So, Shu Chun must have asked the address of his company before coming here! Murphy believes that she will find his company.

Last night, all the people he sent reported that there was no news about Shu Chun. Mufei also sent people to the local police station to ask if there was any news about the oriental girl calling the police. However, none of the agents had any news.

Murphy is still in a wheelchair. Last night, with a will power, he stood up from the wheelchair and walked nearly five meters. This is an experience he has never experienced since he was paralyzed.

He didn't have time to be happy with all this, he just wanted to get Shu Chun's news as soon as possible.

Shu Chun is sitting on the taxi to mufei company. Her head is getting deeper and deeper. She reaches out to touch her forehead. It's the temperature that burns her hands.

She put her hand over her chest, feeling cold and hot. Her face was blue and white.

"Miss, are you ok! Shall I take you to the hospital? "

"No, I'm fine. Please send me to this address as soon as possible." Shu Chun pleaded.

The female driver speeded up immediately, but Shuchun saw something wrong.

Murphy is sitting in front of the office. He has informed the front desk and sent people to the gate. If you see Shu Chun, you can bring him to the company immediately. Murphy is waiting for the phone to ring. At this time, the phone really rings. He reaches for it and answers, "have you found anyone?"

"Mr. mu, I'm just asking, have you signed yesterday's document?"

Murphy's face sank. "Didn't I say that? Don't disturb me with anything about work today. "

"Yes I see. "

The end hung up the phone, and Murphy's face was gloomy. He looked out of the window and his heart was in a mess.

Shu Chun sat in the taxi. She closed her eyes wearily. The fever made her fainter and fainter. She even had an impulse to faint.

She was tired in body and mind, and with last night's fright, she was about to fall. "Murphy Murphy In a short dream, she dreamed the figure of mufei. She murmured, as if only calling his name could make her live.

The driver saw the building at last, and she stepped on the gas to speed up.

The car bypassed the flower bed and drove to the gate of the building. She stopped and looked back. She saw the girl in the back seat. She blushed like blood. What's more, she was not very conscious.

"Hello, miss, your destination is here. Do you want to get off?" The driver raised some voices to call her.

Shu Chun was immediately shocked by the sound. She woke up with a shock. She opened her eyes and looked out of the window.

"Miss, your destination is here. Please get off!" The female driver doesn't want to get into trouble. For a girl like Shu Chun who is ill, she just wants to get out of the car.

Shu Chun paid to get out of the car. She stood in front of the huge building. She looked up to see how high the building was, but she felt it was dark. The whole person fainted.

Chapter 643

When Shu Chun fainted, there was a staff of mufei coming out at the gate. Now, there are several photos of Shu Chun in the mail box of all staff of mufei company. It can be said that the whole company knows that mufei is looking for this girl.

When the female employee saw Shu Chun fainting, she immediately strode over. Shu Chun had fainted. She took out her mobile phone and called her partner.

At the same time, please also ask this colleague to report to Murphy immediately.

Murphy's desk phone rings again, and he still picks it up quickly, "Hello!"

"Mr. mu, the girl you are looking for has been found. She is at the door of the company, but she faints."

"What? Get to the hospital. " Murphy gave a cry.

Shu Chun was driven to the nearby hospital by the staff, and then Murphy's car rushed to the hospital.

Shu Chun is still fainted. When he entered the hospital, he was pushed into an emergency room. When mufei arrived, he was shut up for several minutes.

Looking at the ice blue door, Murphy's heart was burning. He had not hated himself so much for a long time.

He is so stupid. Why did he choose to leave her before? If he didn't leave, it wouldn't have happened today.

What happened to her? Why did he faint at the door of his company? Did she really suffer any crime? Murphy's heart can't forgive himself.

Due to high fever and hunger, Shu Chun's body function has been very inadequate, and even has been infected with the lungs, causing severe pneumonia.

The doctor gave Shu pure infusion and changed her into clean clothes.

Mufei's wheelchair had been waiting outside the door. Suddenly, the door in front of him was pushed open, and his heart was immediately tense. He hurriedly drove the wheelchair to the past, and his eyes were on a pale face.

It's only half a year since she disappeared. She's even thinner. She's lying in the white quilt. The whole person looks very weak.

Murphy's heart was held tightly.

"Doctor, what's wrong with her? What happened? " Murphy asked the attending doctor.

"When the young lady came in, her clothes were still wet. She had a high fever and inflammation of her lungs."

"Why did she faint?"

"The reason for her fainting, besides the high fever, should be that she fainted from hunger."

Hearing this reason, Murphy's eyes flashed a touch of extreme heartache. What crime did she suffer?

"Apart from these symptoms, does she have any injuries?"

"One of the injuries was a bruise on her ankle."

Murphy came to Shu Chun's room from the hospital. His assistant was already watching her.

Mufei's wheelchair gently came to the hospital bed, Shu Chun's long divergence in the pillow, the whole person looks very weak.

And this face, Murphy remembers, when he left, she had some baby's fat faces. At this moment, she even lost a circle. The whole face was even smaller.

How has she spent the past six months? His original intention of leaving was to hope that she could forget him and find a healthy man who loves her. Did she meet such a man?

Shu Chun had a very beautiful dream in her dream. It was warm as if spring was coming.

At this time, she felt someone holding her hand. She looked up and saw mufei standing in front of her, smiling at her.

She exclaimed in surprise, "mufei!" With, she recklessly rushed into his arms, tightly hugged his waist, never want to leave him.

Shu Chun is just dreaming. Her voice is like a dreamer in the room.

Murphy was holding her hand at the moment, when he heard her dry lips calling his name.

"Murphy Don't leave me

Murphy's eyes fell quietly on her face, listening to her words in the dream, and he answered her softly, "I will not leave you."

In the dream, Shu Chun's dream disappeared. Suddenly, she dreamed that she was hiding in the rain and the cold street last night, and that the two men laughed like demons, and called her kitten like a hunter.

In Shu Chun's dream, she was found. The two men got off the motorcycle and came to her with a very dangerous smile.

"Don't Go away, don't touch me Don't... "

Shu pure in the dream, waving his arms, as if in panic to drive someone.

Murphy's heart was shocked by her. What did she dream of? What danger has she been in?

Mufei reaches for her waving hand, and Shu Chun screams.

The whole person woke up, and Murphy held her hand, making her think that the bad guys had caught her. So when she opened her eyes, she instinctively pulled out her hand, trying to push away the people around her.

"Shu Chun, it's me." A deep and familiar male voice sounded.

Shu Chun's eyes were fascinated by tears. She immediately raised them and stared at the man sitting in front of the hospital bed. She was stunned. With that, tears of grievance suddenly burst out of her eyes. She looked at Mufei, tears falling like rain, wet her face, wet the quilt.

Mufei looked at the tearful eyes. His heart was shaking. He really wanted to give himself a fist.

Shu pure tears in the flow, but her heart is ecstatic, finally, she found him.

Finally, he was in front of her. It was not a dream.

"Murphy." She called out the name of chaosiyexiang.

"I'm here." Murphy answered in a low voice, reaching out and holding her hand, "Shu Chun, it's me! I'm by your side. "

At this moment, Shuchun's tears are still out of control. Mufei pulls out a tissue from the side and wipes her tears slightly.

At this time, Shu Chun took his hand and buried the whole face in his palm. The hot tears fell in his palm.

These tears, just cool, but, as if there is a temperature, in the burning of the heart of Mufei.

So he took the palm of his right hand, let Shu Chun bury in it and continue to cry.

"What's the matter with you?" Murphy wanted to know what she had just dreamed in her dream, which scared her into this.

Shu Chun is crying for a while now, and her tears are closed. She takes the tissue beside her, lowers her head and wipes them clean, but her eyes are still red and swollen.

"I'm sorry!" Shu Chun apologizes in a low voice. She thinks that she must have caused him trouble if she came here without any reason!

"Tell me, what happened to you these days?" Murphy wanted to know more about it.

"I met two bad people and my salute was left in the hotel

"The doctor said your clothes were wet. Weren't you in the hotel last night?" Murphy's heart tightened.

Chapter 644

"I used to be in the hotel, but when I heard that two men wanted to come in, I ran out of the hotel and hid nearby."

Mufei 's fist was clenched immediately. If those two bastards were in front of him, he would beat people.

But, just clenched fist, mufei found that he was still in the wheelchair, his heart was bitter.

"Apart from being caught in the rain and hungry, have you anything else happened?" Murphy asked again.

Shuchun shook his head and chuckled, "no, I came to see you. I didn't expect that I would give you trouble."

Murphy just wanted to scold her for being a fool. Why did he come here? "Did you just run over with my company's address?"

"I only know the address of your company. I can't find more information about you." Shu Chun looks down like a child who does something wrong.

Murphy can't blame her. Even if Dean Chen has his number, he must have gone to see his former attending doctor.

He and the doctor have been on the phone, and Shu Chun didn't think of this, but she is too young.

"If you see me safely, you can rest assured." Murphy said in a low voice.

When Shu Chun heard this, she immediately raised her head in panic. "Are you going to drive me away?"

Murphy was shocked and shook his head. "I didn't mean to rush you. I mean, you are safe this time, and I'm relieved."

Shu Chun's heart is a little relieved. Even if she begged God to let her see him, it would be good if she could only see him. Now, when she saw him, she was greedy for more. Best, let her stay here for a few days, let her get along with him more.

"When you're done with the injection, I'll ask the doctor to prescribe the medicine. You can follow me home and live in it!" Murphy said to her.

Shu Chun listened and nodded happily, "OK!"

Half an hour later, Shu Chun pulled out the needle, and Murphy took her to a nearby restaurant for dinner. Shu Chun was really hungry. She ate a lot of sweets in a row. Murphy sat on the opposite side and watched her become so hungry. He only had heartache, but there was no funny.

"How's your leg, Mr. mu?" Shu Chun ate for a while, she asked with concern.

Murphy frowned. "You just called me Murphy. Why do you suddenly become Mr. Murphy now?"

Shu Chun's face is slightly red. Before, she didn't think much, but now, she thinks that there is still a gap in identity with him. She can't be rude. "I'm sorry, but I'll call you Mr. mu." Shu pure light voice way.

"Just call me my name! I'm used to listening. " Murphy corrected her.

Shuchun chuckled and said softly, "OK."

Coming out of the restaurant, Shu Chun sat in the car. Before that, she felt uneasy and scared about the country. Now, sitting beside him and enjoying the beautiful roadside scenery outside the window, she fell in love with the country. There was no fear.

Such a sense of security, she did not get in other men, only in mufei's side, she has such a sense of security.

Murphy's eyes also fell on her from time to time. She still kept the simplicity of his leaving. He thought, has her life not changed since he left?

"Murphy, thank you for donating money to the orphanage every month. Now, our dean has adopted several more children. It's up to your money that these children can have a comfortable and warm home." Thank you.

Murphy chuckled. "I also hope to do something good to make up for my regret."

"Do you have any regrets?"

In mufei's mind, he recalled a lot of past events. In his first half of life, it can be said that he was full of the color of sadness and fear. He lost Tang Siyu and Tang Yiyi for five years. In the end, the outcome was so unexpected.

And he hoped that the latter half of his life, as long as the quiet company, if Shu Chun did not appear.

His life continued to be a pool of stagnant water, even lost its meaning to life. He had lost her once and pushed her away, but now, God sent her to him again.

He thought that this time, he would never want to push the girl away. If she would love him, he would give her the rest of his life's love.

Shu Chun is curious about his residence until a white manor appears in her eyes. She can't help but wonder. It's like a house seen in a fairy tale.

"What a beautiful house. Is this your home here?" Asked Shu Chun.

"Well! Do you like it? " Murphy nodded.

"I like it." Shu Chun replied, and at the same time, she lowered her head somewhat shamefully, "such a beautiful house, everyone likes it."

Murphy just smiled and suddenly got better. This is his first time here. It's really good here.

Mufei gets off, and Shu Chun accompanies him into the hall. The servant immediately holds tea. Shu Chun looks at the very luxurious hall, and once again feels the gap between himself and mufei. She was a little uneasy, and a little low.

"Shu Chun, why do you come to me?" Murphy sat opposite her and asked.

Shuchun was shocked. Unexpectedly, she asked him this question. She bit her lip. "I just want to come and see you. I want to know if your leg is better."

Murphy looked at her and thought that last night, he stood up for her twice in a row. He had no time to think about it before, but now, he found that Shu Chun had a magic power.

If something happens to her, it can inspire all his potential and break all obstacles.

"Shu Chun, would you like to stay here and take care of me?" Murphy asked directly.

Shu Chun didn't think about it at all, so at the moment, hearing this sentence, her eyes widened, as if she was frightened.

Looking at her expression, Murphy suddenly felt too presumptuous. He smiled and said, "if you don't want to, I won't force you."

Shuchun shook her head. She said hurriedly, "no, no, I will. I will stay and take care of you. I will take care of you all my life."

Murphy's eyes flashed a touch of emotion. He knew before that, Shu Chun had a good feeling for him, but this good feeling, after half a year, was still so sincere in front of him.

"Well, I'll check in for you. You live here now. If you want to go back to China and pack something, I'll accompany you back to China next time."

Shu Chun is just like a dream. Dreams are not real at the moment.

She could take care of him again.

Murphy asked the servant to show her to her room. At the same time, Murphy immediately went to the housekeeper to select a batch of clothes and shoes suitable for her to wear temporarily.

After confessing all this, Murphy looked upstairs and felt that his life was like stagnant water. Suddenly, he was alive again.

Chapter 645

At least, in this family, there is a girl he is looking forward to.

Shu Chun has no choice about the room. She just asks the servant which room is closest to the master bedroom. She wants that one.

Because she needs to take care of him conveniently.

The servant took her to a guest room next to the master bedroom, and Shu Chun went in to have a look and came out.

She didn't come here to enjoy it. She just wanted to be with mufei.

Shu Chun is desperate to come to Murphy's side this time. She doesn't know that her courage this time is about to get her different life.

Life, really need to be brave to do something, because the results, often unexpected.

Hard work will not regret.

Shuchun's days here, a week later, she and Murphy recovered their time in the hospital, Murphy also actively cooperated with doctors' drugs and rehabilitation activities once again.

When the doctor learned that he had stood up and taken steps, he was surprised, which also made him conclude that Murphy had another day to stand up.

On this day, Shu Chun went to the garden in the morning to cut some roses to put in the vase. Because the weather is not very good recently, the grass is wet and slippery. She did not slip for a while, and the whole person fell on the grass.

And in front of the floor to floor window, looking at her man, saw the moment she fell, he almost instinctively stood up from the wheelchair, he walked directly to the door.

Murphy holds the door, gasps, and Shuchun gets up. She comes to the door quickly.

So she saw the man holding the door and standing waiting for her.

She almost couldn't believe looking at him and surprised him, "Murphy, are you here?"

Because his wheelchair is in front of the floor to floor window. It's a long way from here. Murphy nodded and chuckled. "I saw you fall down just now, and I was in a hurry. Instinctively, I wanted to find you."

"The doctor is right. You must be able to stand up. You must be able to recover." Shu Chun is happy for him and believes he can.

Murphy suddenly reached out and held her hand. "I can stand up again, because of you."

Shuchun is a little surprised, "because of me?"

Murphy smiled. "Yes, because of you."

"I I didn't do anything. " How can Shu Chun feel that she has such ability?

"You don't need to do anything, you just need to stay by my side, and I have the idea of standing up again." After Murphy finished, he released his hand holding the door frame and stood in front of Shu Chun.

Shu Chun looks up, and she laughs. "You're tall."

Murphy reached out and touched the back of her head. "Did it hurt just now?"

"No, it doesn't hurt to fall on the grass." Then she picked up the flower in her hand. "It's beautiful. I'll put it in."

Murphy chuckled and looked at the back of her standing at the table arranging flowers. In his eyes, no matter how beautiful the flowers are, they are not as beautiful as her smile.

Shu Chun inserts the flowers, and then thinks that mufei is still at the door. She turns her head to see whether he is still holding the door frame. She laughs and says, "I am holding you on to the sofa."

Murphy nodded. When Shu Chun came over, he said to her, "you are standing by my side. If I want to fall, you can lend me a hand. If I don't fall, you can let me go."

"Good." Shu Chun nods.

Shu Chun stands beside mufei and mufei says, "you stand in front of me and let me look at you."

Shu Chun's face was slightly hot. She stood in front of mufei, and she looked up at him with an encouraging look.

Murphy's eyes did not look at the ground, he looked at her, and his heart began to have a firm belief that he would step by step come to her, and he would be like a normal man.

Protect her from bullying in the future.

Murphy moves forward a step, and Shuchun steps back. Murphy moves slowly. Shuchun has patience waiting for him. Her eyes touch Murphy.

In her eyes, there is no look down on him, or laugh at him. In her eyes, there is only hope, joy and love.

Murphy is looking at these clear and clean eyes. His steps are firmly moving forward. Shuchun finally retreats to the side of the sofa, and Murphy's steps are also here. This is probably the limit that Murphy can insist on now. His body suddenly leans forward.

Shu Chun immediately reached out and hugged him. However, mufei was very tall, and she was relatively weak. The two people who did not hold her fell on the sofa together.

At this time, there was no servant present, Shu Chun was directly pressed under his tall body, her pretty face was red, and her breath was also short.

Murphy's eyes fell on her face, he smiled, reached out and propped up his body, "it's on you?"

"No, I'm fine." Shu Chun sits up, but still blushes.

Murphy looked at her and suddenly decided something. If he had to walk normally one day, his first thing was to marry her. But now, even if he wants to propose, and Shu Chun will agree to him, he is not worthy to be her man.

"Don't worry. Take your time. You can do it." Seeing what he was thinking, Shu Chun was afraid that he would lose confidence again.

Mufei looked up and smiled. "I know. I'm confident."

Shuchun's time here, a few days later, Murphy's condition is getting better and better. Doctors often come here to check Murphy.

At first, mufei's legs didn't get in the way, but he didn't stand up before. Maybe it was really a fear barrier, plus he didn't want to stand up.

Now, he has a woman who makes him have to stand up.

Shu Chun's life here is very happy. She also called the president of China.

Dean Chen asked her to stay here to take care of mufei, because mufei's contribution to the orphanage was too large, and they didn't think it would be rewarded. If mufei needed Shu Chun, Shu Chun would like to stay with him.

They are very successful.

Murphy's parents heard that he was able to stand up and fly here from home. Before Murphy, in order not to let his parents worry about him, he didn't live with his parents.

Now, Mu's two elders look at Shu Chun and return to their son's side. They can see from their son's eyes that he has regained confidence in life.

It seems that Shu Chun's contribution is the greatest, and they acquiesce that their son and Shu Chun are together.

Shu Chun can also feel Murphy's response to her feelings. She values her time with him more and more. Maybe in this life, she will never leave him.

Even if he drives her away again, she will not go. However, mufei will not drive her again, and he will stay with her for a lifetime.

Chapter 646

President Office.

Suqin officially entered the three-month period of pregnancy and vomiting. When she first knew that she was pregnant, she thought she would successfully spend the first three months because she didn't feel like vomiting at that time.

However, within a few days, she began to vomit in the morning. Moreover, the food that she usually felt delicious had no appetite. This makes Ye Dong anxious. He usually serves xuanyuanchen's three meals a day, which only needs to be made according to his taste. Now, Suqin's taste has become difficult to adjust.

Xuanyuanchen also chose to work in the study at home these days, always accompanying Suqin.

At this moment, he just finished his work and came out. It's spring. Suqin likes to sit in the flower hall in the garden and read.

Xuanyuanchen looks out of the window at Suqin in a blue dress. Her long hair spreads naturally behind her head. The whole person is sitting there, and the spring sun is sprinkling down, which makes the scenery exude a sweet atmosphere.

Suqin can't eat and drink much now, but she herself is very calm, and she is worried about the people around her.

As soon as xuanyuanchen came out, ye Dong made a pot of Chicken Soup for tonifying his body. This is the clear soup he made with great care. He went to the oil and water several times and finally made it into a sweet soup.

"Your Excellency, the soup is ready. Would you like to see your wife?"

"Well!"

"Then you can send a bowl of soup! Madam has not eaten anything since morning. "

"Good." Xuanyuanchen nodded, "is there any cake? Take some, too. I'll take them with me. "

Ye dong put the cake and a bowl of hot soup in the tray. Xuanyuanchen took over and walked out of the door towards the flower hall.

Suqin sat there and read a book for a while. It's strange that she didn't eat anything and didn't feel hungry.

She heard the footsteps behind her. She was very urgent and powerful. She didn't need to look back and knew who was coming.

She reached for a handful of long hair between the forehead, looked up, and looked at the man with a clear face.

"Is the work finished?"

"All the important documents have been approved, and there are still some urgent ones. We will talk about them in the afternoon." Xuanyuanchen finish saying, sit to her side, low way, "now, I want to accompany my wife and children."

Suqin looked at the soup and cakes on the table. She couldn't help being funny. "I can't eat them now. What are you doing with them?"

"I know you don't have appetite, but your body can't resist it. Do you want to have some for my own feeding?" Xuanyuanchen coaxed her.

Suqin's heart was sweet, she said with a smile, "you have to feed me!"

"Well!" Xuanyuanchen gazed at her tenderly, reached for the soup, lowered his head to blow the heat, scooped out a spoon, blew it, tried the temperature on the lip again, and sent it to her lips.

As expected, Suqin took a good drink, and the feeling of nausea was gone. Because the man's mind made her in a good mood, so she didn't think about other things.

In the quiet flower hall, xuanyuanchen feeds her one mouthful, and Suqin feels a little upset.

"Let it go! I'll drink it myself for a while. " Suqin said.

Xuanyuanchen insisted, "no, you must drink while it's hot."

"Then give it to me! I'll do it myself. " Suqin reached for the bowl in his hand.

Xuanyuanchen hid for a while. "I'll come."

"I'm not a kid anymore. Don't feed me." Suqin was embarrassed by his feeding.

Xuanyuan Chen squints Mou to smile, "I am willing to feed."

Suqin couldn't fight him, so he had to bite his lip. When he sent it, he continued to drink it. Soon, the bottom of the soup came.

Xuanyuan Chen's heart was relaxed, and finally let her eat something. After feeding the soup, Xuanyuan Chen picked up the spoon and cut a small piece of cake for her.

Suqin ate a few mouthfuls again obediently, really don't want to eat when, Xuan Yuan Chen also didn't force her.

"Do you feel bored? I will accompany you to the nearby square in the afternoon to have a rest." Xuanyuanchen asked her.

"All right." Suqin is a person who can calm down. Although she has a hard time with pregnancy and vomiting, she will try to make herself not take such a bath.

Xuanyuanchen sat next to her and held her hand. "I wish the baby would be born soon."

"No need! I think the time of pregnancy, in fact, is very magical. I feel the wonder of life bit by bit. I hope I don't miss any time of pregnancy. "

Xuanyuanchen lowered his head and kissed her on the forehead. "I just love you."

Suqin put it in his arms. "Never mind, I'm very happy."

Unknowingly, the year has passed. The Xing family, as well as their family, have returned to country m. The Xing family's three children who are still in school are all in school there. After the vacation, it's time to go back to school.

Tang Siyu and Su Xi bid farewell, and they also met a lot after the year. Now, they are destined to be separated again. The next time they return home, it may be the time to drink Suqin's children's wedding wine. Suqin's stomach has been six months, but she is still beautiful and moving.

On the plane, Xing Yinuo is holding his chin, looking at the white cloud outside the window, and the other hand is gently holding the necklace on his neck, which is a crystal that is slightly cool and close to her skin.

In front of her, there is a book about the Arctic investigation. Since Wen Liangyao left again, she began to read about his place.

Every time she saw it, her heart would be clenched, because the place was really dangerous, with the dangerous smell of nature.

Jiang LAN holds the sleeping Tang Yixi and looks at her daughter from time to time. She knows who is thinking in her heart at the moment.

"Mom, give me Xiaoxi!" Tang Siyu speaks softly.

Jiang LAN gently puts the little guy in her arms. He sleeps with a red face and a little sweat. Xing liehan reaches out and touches his forehead. The little guy sleeps heavily.

The plane smoothly shuttles through the clouds, and the whole family is resting.

Domestic.

A large-scale award dinner is about to be held. Tonight, the city's literary and Art Festival will be a picture of stars gathering.

At this moment, it was still afternoon. Susie was resting in wenlichen's villa. Three servants took care of her daily life.

Susie received a phone call from her former agent Annie, talking about the award ceremony, asking if she would attend. Her new film has won many awards, and even she is the nominee of best actress. It is likely that this award will fall on her.

Sushi thought that the awards scene was noisy and noisy, and there must be a lot of singing and dancing there. Now, she really can't stand such an occasion.

"I'm not going. I just want to be quiet now." Suqin replied.

Chapter 647

Annie also knew that she was in a special situation. She said curiously, "then Wen should go!"

"He was invited to be a presenter. He said he would go and come back with me after the award."

"Heathy, you're so happy. Look, all the artists around me are lucky enough to marry such a good husband." Anne said with a sigh.

"Yes! I also feel that I must have been a good man in my last life. Otherwise, how could I meet him? " Susie laughed.

"You are not bad yourself! You are so excellent yourself. If you meet him, it's right. Well, I'm going to join you in the evening. Your younger martial sister may also win a small prize today, but it's also early. "

"Well! Congratulations to her. " Suzy said sincerely.

"No, I've cultivated both of you in one hand, and both of you are in the beginning. OK, hang up."

Annie hung up the phone. Susie was lying on the sofa. Suddenly, she felt her belly. She kicked her belly gently. She couldn't help laughing and stroking her belly. "Little guy, you kicked me again. Listen to me. Are you happy?"

At this time, Susie's phone rang again. She picked it up and saw that it was her husband's. "Hello."

"I have a dinner party tonight. I will eat out for dinner. After the award, I will go back to accompany you." The voice of Wen lichen came softly.

"Well! OK, you go! I'm all right at home alone. " Sue answered.

"Well, I'll try to come back as early as possible."

"Don't worry, just come back after you finish." Susie laughs.

From the new year to the present, Wen lichen almost accompanies her. A lot of work has been delayed. Now, he is busy again, and she has to be considerate of him.

Tonight's award ceremony is also an occasion for many famous stars to compete for splendor. Those who can attend tonight are naturally the first-line flow stars. Many female stars will make every effort to meet those entertainment giants at this time.

They will not have a chance to meet them in ordinary times, and they can only use their superior appearance or play some careful opportunities to approach them at this time. Tonight, Wen lichen is the focus of the public.

He got married, and at the same time, everyone saw that a movie he made for Suqin was so confused that many people hoped to be the one who wenlichen helped.

Lu Yishan has been preparing for tonight's show, and she has spent a lot of money to customize a million dollar evening dress, as well as tens of millions of sets of jewelry.

Even if she took advantage of a careful opportunity, tonight, so many media, many rumors will happen tonight, and people in the media, with sharp eyes, any report that can bring profits, will make them expand their propaganda. If she can have a little gossip with Wen lichen tonight, it's also a very good thing to take the opportunity to hype her popularity.

At the beginning of the ceremony, after the host's excitement on the stage, it was the beginning of the dance, followed by the presentation of the smallest award, which raised everyone's heart strings bit by bit.

Lu Yishan is sitting in the third row. Her eyes are not on the stage all night, but on the handsome and upright figure in the first row. Her dark suit sets Wen lichen off like a king. In the entertainment industry, he is the presence of the wind and the rain.

Of course, in addition to Lu Yishan's eyes, the eyes of all the female stars behind her will fall on Wen lichen's figure involuntarily, thinking of finding an opportunity to be close to this man, even if it is only to get a chance to see him more, it is also good.

Wen lichen's eyes are not on the stage. He has no expectation for awards. He has been looking at the wristwatch. The time has reached 8:30.

At this time, he thought, Susie began to feel sleepy. Besides, she didn't sleep well every night. She needed him to hold her so that she could sleep.

Wen wanted to make a phone call to Susie. He whispered a word to the elders around him and got up and left.

When Wen lichen got up, Lu Yishan saw the right time and got up quickly. A media reporter who was bribed by her had been waiting for the opportunity. He picked up the camera and followed behind him.

Wen lichen came to the quiet corridor beside him and reached for Sushi's number.

"Hello! Has the prize been awarded? " That end, Susie asked.

"Not yet. It may take about nine o'clock to finish. Are you in bed?"

"Well! I'm already in bed and reading. I can't sleep now anyway. Come back after you award! "

"Well." Wen lichen answered softly.

"Then I read." Susie hung up at that end first.

Wen lichen is holding his mobile phone. At this time, a woman's figure comes quickly from the side door. When she sees Wen lichen, she smiles and greets him.

"President Wen..."

Wen lichen squinted, just turned around, the woman exclaimed, "ah..."

Then, her whole body pounced on Wen lichen, who could not hide. The woman's arm was around his neck, and a face was on his chest. In the corner that has been hidden for a long time not far away, a lens is pressing fiercely, snapping this scene quickly, without missing any detail.

Wen lichen for the woman who suddenly jumped up, he used the fastest time to hold her.

"I'm sorry, Mr. Wen. My heels are too high. I didn't stand firm for a while." Lu Yishan apologizes, flirts with her long hair all the time, and tries to let Wen lichen find out what she looks like.

"What's the matter?" Wen lichen frowned.

"Nothing, I just want to say hello to President Wen. I'm an artist under your company. I've been admiring you for a long time and want to have a word with you."

Wen lichen nodded and looked at the time of the watch. "It's time for me to go in."

Lu Yishan is a little lost. Is her charm so weak? How can I let this man not even have time to say one more word to her?

She also thought that Wen lichen would be attracted by her today! Besides, she has such a low chest that he shouldn't be able to see it!

Besides, isn't his wife pregnant? He didn't respond?

Lu Yishan asked the media reporter who came out of the darkness, "have you all taken pictures?"

"It's all filmed. Besides, the picture is very exciting. Tomorrow must be a headline."

"Very good. You have to give me a good publicity. You'd better make me popular."

"Don't worry! I'll try my best to do things for you after I've collected your money from sister Lu Yishan. "

"Good! I'm waiting for Wen to face me. "

"Sister Issan, you are also very beautiful!"

"Naturally, I am beautiful. "

Chapter 648

On the stage of the ceremony, the award to be presented is the award for the best actress, which makes those female stars in the nomination immediately tense their hearts and hope to win the award.

Lu Yishan, who is back in the position, is also in the nomination. She can't help but excitedly put her hands together and hope to get the award. The presenter should be Wen lichen himself.

However, among the nominations for the heroine, there are also sushi, who is introducing sushi.

A picture of her appeared on the screen, beautiful and delicate facial features, even if it was put in large, still beautiful.

Under the stage, Wen lichen's eyes lit up a smile, quietly staring at his wife's face.

At this time, the host let an announcer come to the stage. He is an elder with extraordinary status in the entertainment circle. He went to the stage and received the disclosed sealed letter. He joked with humor and then opened it in front of the screen.

After opening it, he laughed, "I won't say it for the moment, but I want to invite someone to come to the stage. That's president Wen. Because this award belongs to President Wen's own family."

Wen lichen raised his eyebrows and smiled. That's why he will be here tonight. He will award his wife a prize. Although she didn't come to the scene in person, he will take the honor home for her.

Wen lichen stood up with steady and powerful steps. Step by step, he stood on the stage, facing the audience. His calm and confident face, as well as the face that appeared on the screen, even under the most sensitive camera, the face of the man, could stand the most rigorous scrutiny.

The five features are warm and dignified, young, handsome and noble.

All the actresses on the stage are obsessed with it, and those who lost the election can only say it's a pity that Wen lichen's wife won the prize. They really have nothing to say.

But sushi also spoke with his work.

Wenlichen doesn't need to look at the list either. Next to her is the etiquette lady who takes the cup. Wenlichen picks up the cup, looks at it tenderly, and looks at the camera. "Susie, you are the best. I love you."

Just in time, Suxi was tired of reading and wanted to go to the award ceremony. Soon after she turned on the computer, she saw her husband and gave her a prize. She covered her mouth and laughed happily.

Looking at her husband, in front of the screen, her heart touched, beating for him.

"I love you, too." She murmured.

Wen lichen's action of doting on his wife with no limit makes all the female stars present have a sense of death. Where is sushi lucky to get all the hearts of this man.

He is in the entertainment circle where there are so many beauties that he doesn't move. He just concentrates on one person.

Such a man, in the world, is really difficult to find.

However, there is a gleam of calculation in Lu Yishan's eyes. Fortunately, she seized the opportunity to have an affair with Wen lichen. Tomorrow, she will appear on the headlines together with her name.

At that time, her name will be remembered by thousands of fans and branded as Wen lichen's gossip girlfriend.

At 9:30, Wen lichen rushed home as fast as he could and came to bed with the cup.

Susie laughs in bed and takes the award he has given. "Did you know I would win today?"

Wen lichen chuckled. "I don't know, but I have confidence in you."

Suzy is not going to investigate. Whether he knows or not, she is very happy to win the award.

"I'll take a bath and sleep with you." Wen lichen finished, took off his suit, and unbuttoned his shirt button by button with his long fingers.

She swallowed her saliva and looked at her husband's perfect body. She was like a little cesium girl.

Wen lichen had a smile in his eyes. "What are you looking at?"

Suxi sighed, "my husband is so handsome and has such a good figure. Now, I can only look at him. Do you think I feel good?"

Wen lichen smiled more deeply. "What do you want?"

"Take a bath! After the bath, let me hold it. " Susie urged him.

Wen had to go to the bathroom first. Every time he went home, he would take a bath first and put on clean and comfortable clothes to get close to her.

Sushi leans on the bed and admires her cup. It's the second time she has won this award. Although it's not very new, the feeling of winning the award in her heart is very exciting.

That's how people are. Even if they buy a two yuan lottery ticket and win a hundred yuan, they will be very happy.

Susie put the trophy on the side cupboard and waited for her husband to come.

After taking a bath, Wen lichen came over with a set of pajamas on his body. Mo FA was still wet. However, he often slept later than Suzy and was able to work naturally.

Su Xi waited for him to go to bed, then moved his inconvenient body to him. Wen lichen put his hand around her in his arms and stroked her stomach with his big hands.

"Did the kid kick you today? Are you good?" "No, I've been kicking for a long time!" Sue complained.

"It seems our son is really naughty." Wen lichen said with a smile.

"And you said, I wish I were a daughter." Sushi complains. Last time she went to the examination, the doctor took the initiative to sue her, so now it is determined that she is a son.

"I like my daughter, too." Wen hopes to have a daughter, too.

"Come on, sir, let's get this little guy! Think about having a daughter. "

That night, Susie snuggled up again in Wen's arms before falling asleep.

For tonight's award ceremony, media people naturally rush to work all night long, trying to put all the highlights of tonight on the Internet and attract the traffic of their own platform to skyrocket.

Among them, in addition to a lot of photos of awards, Wen lichen's on-the-spot confession of love for his wife has become a hot topic publicized by everyone, and the title is to get very sweet.

However, a media platform, after promoting the award ceremony, released a group of photos of Lu Yishan in the background, holding Wen lichen's neck tightly.

As long as the angle capture is good, it's also a static photo. It's just an accidental fall, but it can integrate people into a group of ambiguous photos.

Now, put this group of photos on the Internet, and look at the photos of Lu Yishan and Wen lichen in the corridor beside the venue.

Sure enough, once uploaded, it has triggered the reprint of various media. What's better than this?

Wen lichen in front of the screen, loudly publicized his love for his wife, and then it came out that he was in the corridor next to him, cuddling with the female artists under his company.

Chapter 649

This is absolutely a matter of great interest.

This group of photos was uploaded overnight, so the transfer capacity is also very amazing, almost spreading the whole network.

In her apartment, Lu Yishan received a phone call from the media, saying that after uploading the photos of tonight, she had been sitting in front of the computer waiting for the Internet boom.

As expected, she did not disappoint her. Although she caused a lot of scolding, and there were many black reviews, it proved that at least one thing, everyone thought that she had the ability to seduce Wen lichen.

In the entertainment circle, many actresses also rely on black fire, so this road is a good one.

Lu Yishan looks at all kinds of noises on the Internet, and her heart is happy.

Even in the middle of the night, her agent called to ask if it was true on the Internet.

And she also bought the gate, not to tell the truth, only to say that Wen lichen was very appreciative of her, and the agent was dubious, and hoped that her artists could work harder.

At the same time, there are other actresses sending messages to ask, which is true or false.

Lu Yishan immediately let out some rumors, suggesting that this matter is true. There is an unspeakable secret between her and Wen lichen.

On this night, there was a lot of trouble on the Internet. A junior who was considered to be the most capable in the entertainment circle appeared. She was Lu Yishan.

At about seven o'clock in the morning, Wen lichen's mobile phone was shaking. Wen lichen opened his eyes, picked up the mobile phone and looked at it. He gently took out the arm that sushi was resting on and stepped out of bed.

He took his cell phone and went to the guest room to answer.

"What's the matter?" Wen lichen asked some displeased questions.

That's his assistant Wang Rui's voice. "Mr. Wen, there's something I have to tell you. At the ceremony last night, someone secretly took a picture of you and the next female artist of the company. Now it's been rumoured on the Internet, causing a bad comment."

"How could it be?" he said

"I don't think so, but there are photos. Mr. Wen, I'll send them to you. Please confirm."

With that, several photos were sent, and Wen lichen looked at them calmly.

I didn't expect that the female artist was photographed at the moment when she fell down last night.

Looking at these photos, it is obvious that they have been integrated, because he is the client and someone wants to take the opportunity to hype.

Whether it's the female artist or the media who wants to win the eyeball, he needs to check.

"You should suppress the information on the Internet as soon as possible, deal with this matter cleanly, and at the same time, find out who is actually speculating in the dark." Wen lichen's eyes flashed a black and ferocious anger.

"President Wen, I will try my best to suppress this matter. However, this matter started last night. The momentum is too strong. I'm afraid it can't be eliminated completely. There will be rumors."

"Do what you can." Wen lichen ordered.

The last thing he wants to be affected by is Susie. She is pregnant now. This kind of thing hurts people the most.

Wen lichen took a look at some of the crazy headlines on the Internet, which was just too bad to read. He directly described him as a bastard who cheated on a female artist while his wife was pregnant.

On the Internet, freedom of speech, the speech of those netizens, is very sharp.

Wen lichen bit his teeth. He must find out about this matter.

Sushi's biological clock is also very regular. She turns over. At this time, Wen lichen is around. Now, what does he want?

"Li Chen." Sue called out.

At this time, the door opened and Wen lichen stepped in. His anger had disappeared. He sat in front of the bed gently and said, "wake up?"

Susie's stomach is a little bigger now, which makes her action less convenient than before. She even needs to turn sideways to get up.

Wen lichen reached for her and helped her sit up. Sushi asked curiously, "what have you done so early?"

"I got a call, nothing." Wen lichen's heart is tense. I'm afraid she will hear about it.

Although it's just a false news, but for Susie, it's still very hurt.

In case she misunderstood, now she is pregnant and can't stand the emotional fluctuation.

"I'll go with you to wash it. I'll go downstairs and cook breakfast for you later."

"Well." Susie chuckled, got up every morning, and had the happiest time with him.

Wen lichen knows that Suxi also likes to look at her mobile phone and surf the Internet to relieve her boredom. At this moment, he hopes that before his assistant can suppress all the news, she will not touch her mobile phone and the Internet.

Wen lichen cooks breakfast in the kitchen. From time to time, he looks at sushi reading on the sofa through the glass window. Sushi's mobile phone has forgotten to take it down.

But on the sofa, there is an iPad, which she usually takes to watch movies.

All of a sudden, the iPad made two messages. This is the message from her login software. Suzy didn't pick up the iPad either, just glanced at it and saw the message from Annie.

"Xi Xi, you should calm down. This kind of thing is likely to be false. I'm sure Wen will never betray you."

Susie's eyes widened a little. What does Annie mean?

Li Chen betrays her?

Sushi reached for her iPad and opened it. She replied, "Annie, I'm ok! What's the matter? "

"Sushi, you're OK! That's great. I'm scared to death. You're pregnant. I'm afraid you won't think about it. "

"Why can't you think about it?" Suzy replied.

"Don't you see those pictures? That Lu Yishan is simply shameless. He jumped at President Wen and took a picture. How could such a coincidence happen? People in our circle are familiar with these routines. They are fake. "

Susie blinked, and Louise seemed to have an influence, but when did she jump at her husband?

In the kitchen, Wen Lichen came out with bread and milk, and saw that Suzy had already held the iPad.

His heart immediately clenched. He put down his breakfast and hurried over.

Susie is searching for Louise at the moment. Sure enough, the headlines in the row are all the information tied with her and Wen Lichen's name.

What is the most important third party and the most effective third party.

As soon as Su Xi points out the first column, Wen lichen takes away her iPad.

"Hello! What are you doing with my iPad! I want to watch the news! " Sue complained.

"There's nothing beautiful. I'll tell you what you want to know." Wen lichen let go of the iPad, sat in front of Susie, and looked at her nervously. "Last night at the ceremony, when I came out to call you, a female artist fell on me, and some media people took photos on the spot. Now the story is caused by these photos. Even if this female artist is from under our company, I have nothing to do with her Yes. "

Chapter 650

Susie blinked and listened quietly. After listening, she tilted her head and said, "is that it?"

"That's it, but I can't let you watch the rumors on the Internet. Those rumors will block your heart." Wen lichen said, eyes deep lock her, "do you believe me?"

Susie chuckled. "Of course I believe you. You told me on the screen last night. I saw it."

Wen lichen looked at the smile in her eyes. He didn't want to be angry at all. His heart relaxed a little. "From now on, no mobile phones, no iPad, no internet access."

"It's OK. Let me have a look! I promise not to be angry, and I promise not to affect my mood. " Susie was still curious.

Wen lichen, however, shook his head persistently. "Don't look."

"Please, show it to me. You don't let me see it. I've been thinking about it in my heart. It also affects my mood! I believe in you and my husband. " Sushi raised his hand and said very sincerely.

Wen lichen thought, would she be jealous and angry? I don't know. Sushi's brain circuit is not so strange. She has to see it.

Sushi asked him with his hands folded. "Give me the iPad!"

Wen lichen had no way to deal with her. "You promise me that you should not be angry at these things. If you are angry, you should not read them."

"I promise not to be angry. I want to see how the media write. I want to see how thick the face of the female artist who is famous for you is." Susie is angry. Is this too much to use her husband.

Wen lichen chuckled and handed her the iPad. Su Xi picked it up and began to search. Naturally, it was a lot of things that he could not let go of these photos.

Sushi also saw a lot of people reprinting the things before landing isan, saying that she got a role, was it also because Wen lichen was secretly helping, thinking about whether she now has a big backer and will go abroad in the future.

Sushi actually looked at these calmly, not angry at all. She had been in the entertainment circle for so many years, and she could see the usual hype at a glance.

In particular, Lu Yishan also said, "don't ask me, I don't know anything."

Susie sneered. The woman's face was thicker than she thought.

And now she saw that she was still making these misunderstandings, as if she was the one who was wronged.

Suxi also saw her micro blog, a group of fans comfort, she reached out to write a sentence, "I will watch a lively."

After writing this, her fans will know the truth of this matter. Wenlichen sat next to her with milk and sent it to her lips. Sushi took a drink and turned to him and said, "what are you going to do?"

"If I want to find out who it is, I will let her pay the price."

"Well! To do this, let the women who think of you know how to do it. " Su ran agreed.

"Well, don't look. Have breakfast first." Wen lichen saw her for a while, and took her iPad away.

Sushi had to accompany him to breakfast. Sushi, who was cutting bread, had a powerful knife, as if this bread was that Louise.

Wen lichen reached over and took her plate to his side. He cut it for her and handed it to her. "Still angry?"

Susie nodded. "A little."

"Don't be angry. I'll take care of it."

"I'm angry that someone dares to make your idea. You're mine." Suzy said domineering.

Wen lichen immediately smiled and echoed, "yes, I am yours, this life is only yours."

Suzy had a smile at the bottom of her eyes. She really believed her husband without any doubt.

Even if she is pregnant now, I saw those people on the Internet just now saying that it is because she is pregnant that Lu Yishan can take advantage of it. That's bullshit.

Even if she was pregnant, she believed that her man would not eat outside.

After breakfast, Wen would not go anywhere today, only at home with her. His assistant also successfully suppressed the news on the Internet, and almost all the hot searches on the list were deleted.

Susie sat, picking up her cell phone, and said to Wen lichen, "can I make a phone call?"

"To whom?"

"To Lu Yishan!"

"Why did you call her?"

"Fun." Susie smiled and said, "let your assistant check her phone number and give me the number."

Wen lichen told the assistant at once. After a while, Lu Yishan's number was sent.

After sushi entered the number, Wen lichen deleted the message from his mobile phone. In front of sushi, he did so naturally. Suzy said to him, "give me some private space. I'm going to call."

Wenlichen let her go. "I'll go to the study."

Sushi nodded and watched as he left. Only after that did sushi give a little breath and press the button to unplug Tongjian.

The phone was through, and a lazy female voice sounded, "Hello, who is it!"

"I'm sushi. Dare you talk to me?" Sushi's voice is full of calmness.

The woman at that end was obviously shocked, "Susie? You What's the matter with you? "

"I see the news about you and my husband on the Internet. I'm curious. What's the matter between you and my husband? Can you tell me?"

Lu Yishan at that end probably didn't expect to receive Sushi's warning call so soon.

However, she would not be afraid at all. She smiled, "you'd better ask President Wen about this matter! It's not convenient for me to say. "

"What's the trouble with you?"

"It's just inconvenient for me! What happened between me and President Wen? You don't like to hear it Lu Yishan said proudly.

"Lu Yishan, I can only say that you are very low in this way. Let me remind you! You're done. "

"What? What are you talking about? How am I done? "

"You're about to get out of the entertainment business."

"You How is that possible? I didn't offend anyone I didn't do anything! "

"Isn't it me who you offended?"
