Chapter 651

In the apartment, after Lu Yishan answered Sushi's phone, she was in a panic. She slumped on the sofa, full of unease and fear.

Susie's way of dealing with this matter is the most rational and powerful one she has ever met.

Just a few words of dialogue seem to be full of a kind of power, as if what she said would certainly be done.

At the same time, Lu Yishan felt that she should never go to the idea of Wen lichen.

She hurriedly called her agent, and with shame and heart she said what Susie had just called her.

Her agent also felt that she was about to cool down, and hurriedly advised her, "go to the Internet to clarify this matter, apologize to sushi and President Wen, hoping to calm Sushi's anger and let president Wen forgive you."

"Well, I'll explain right away." Lu Yishan is busy listening to the agent's words. At this time, she can only listen.

When she found the computer, she quickly wrote a long line of collusion on her micro blog to explain the reasons for these photos. And she was also full of apologies to sushi between the lines. She even wrote out her selfishness and greed. Now, even if she is humble to the end, she should finish the apologies.

Of course, sushi is also paying attention to the dynamic of this matter. She must be pregnant and bored. It's good to have such a good play to let her adjust her mood.

On the Internet, Lu Yishan's face slapped. Many people left messages below, spitting at her and mocking her. They wanted to step on her actress. At this time, they bought a large number of sailors to bombard her.

Lu Yishan is hiding at home now. She can't even cry. She is so regretful that her intestines are green.

She never thought that it was a matter of self destructing her future to want to make wenlichen famous.

How could she lose all this when she managed to climb to today?

Fortunately, Wen lichen's side has suppressed the photos that were randomly distributed on the scene. Now, there is not even a photo floating on the Internet.

However, she felt that this matter would not be finished because of her apology. Lu Yishan's ending is also alerting all the female stars in the entertainment circle. Lu Yishan just does what they dare not to do. Close to Wen lichen, who doesn't want to?

But they knew how to think, especially when they saw Wen lichen giving a prize to his wife, which was enough to show how much he loved her. Under such circumstances, which woman dare to make his idea?

At the first glance of the discerning man, he knew that Wen didn't have any of those thoughts at all. In his heart, there was only his wife.

All the actresses are jealous. Susie is the biggest winner among them.

Suxi sat at home watching the news and was very happy. When Wen lichen came out, he saw her holding the iPad. He smiled and shook his head. When he came, he took away her iPad again.

Sushi looked at the iPad that had been taken away and was reluctant to part with it.

"How long have you been watching it? If you look again, you will be nearsighted. " Wen Li Chen gave a gentle education.

"That Louise made a long list of apology statements, which is also her understanding." Susie gave a light snort.

Wen lichen's assistant also reported the incident to him. It is clear that Lu Yishan made the whole plan.

"What are you going to do about it?"

"Remove from our company." Wen lichen's voice was cold. "She's not allowed to step into the show business again."

Susie heard that, such a way of handling, not wronged her, Lu Yishan has such a bad mind, it can be seen that she did not pay attention to her pregnant woman. She was determined that she was pregnant, but also with such a vicious mind.

Wen lichen loves her and dotes on her. This is the end of the matter, but if you meet a man who really has a heart.

Then her plan will succeed, and a woman will be heartbroken.

It's said that why women are embarrassed. If Lu Yishan dare to do so, she will be taught a lesson.

"Don't be angry, and don't be upset." Wen lichen took her hand and comforted her.

Susie nodded. "Well! It's much better. "

"Where do you want to go for a walk in the evening? I'll go with you. "

"Just go for a walk nearby! The doctor told me to walk more now. I must have chosen to have a normal birth! "

"Good! Eat early in the evening. I'll walk with you. "

"What if I'm tired?"

"I'll take you back."

"I'm a hundred and eight Jin now!" Suzy laughed.

"No matter how heavy it is, I can hold it." Wen lichen returned to her with confidence.

Susie immediately raised her eyebrows and said, "then I have to eat hard until the day when you can't hold me."

Wen lichen gave her a cursory look.

"It's said that the body of a woman who has given birth to a child will be out of shape and deformed. What if I'm fat after giving birth! Will you still like me? " Sue asked him jokingly.

Wen lichen's eyes softened. "No matter what you look like, I like it."Sushi felt the sincerity of his words. She chuckled and snuggled into his arms! With your words, I'm relieved. "

Tianmu Group official issued a notice, for Lu Yishan deliberately set up a bureau to frame the matter, made a serious deal, dismissed that never hired.

This sentence, although there is no right argument, but let the whole entertainment circle know that in the future, who dares to use Lu Yishan is against the whole Tianmu entertainment group, and who will live impatiently to offend the leader of the industry leader? What's more, what offended him this time was Wen lichen himself.

After reading the notice, Lu Yishan almost fainted with anger. Her agent also gave her time to go to her to terminate the contract. She has contacted several advertising endorsements and cancelled them. All the notices in her hand and the scripts she received were replaced by her own.

Lu Yishan finally understood Susie's words. She was finished.

Susie can say it and do it.

At the moment, no matter how much she hates or regrets, Lu Yishan can only be a gray character.

Of course, this event also awed the whole entertainment circle, those female stars who had a bad idea of Wen lichen.

This matter was suppressed by Wen lichen. Now there are only a bunch of sarcastic voices on the Internet, but no one dare to talk about it again.

It's just one day today, and it's perfectly settled. In the evening, Wen lichen finished his dinner and accompanied Susie out for a walk around seven o'clock. Sushi's long hair is languidly scattered behind her head, just looking at her face, delicate as a girl, delicate features, smiling, sweet and charming.

Wen lichen's tall body was beside her, holding her and protecting her. When she was tired, she leaned in his arms and was charming for a while.

Such time, make two husband and wife, interest arises suddenly.

Chapter 652

As far away as the mountain villa of s country, Shuchun's life is also very full and happy. It's probably the happiest day for her for half a year. She wakes up every day, and the green grass outside the window is fragrant.

At the first time, she dressed, washed and went to mufei's room, accompanied mufei to do Tang Fu Satin training. Mufei can now walk slowly for about 100 meters.

However, he didn't go to the ground for a whole year, and the muscle function of his leg declined sharply. Generally, at this time, the doctor will ask a special person to massage him and do the muscle recovery of his leg.

Murphy has never been so confident in this year. These days, he has regained his confidence to stand up. Every day, Shu Chun is the driving force of his efforts.

His will is aroused by Shu Chun once and again. Sometimes, when Shu Chun is far away from him, he will be anxious and have a desire to come to her.

All the time he wanted to stand up, which also prompted him to really start walking step by step.

Today, mufei Lian flies a hundred meters away. He's panting a little. His forehead is also sweating. Shuchun reaches out to hold him, reaches out to pick up the towel he brought, and wipes his sweat.

Beside, there is a very beautiful rose planted. The fragrance of the flower is pleasant. Mufei's eyes only fall on Shu Chun's face. Her face is clean and transparent, comparable to that of the flower.

Murphy saw the most beautiful flower nearby. He wanted to reach for it.

He released Shu Chun and held his hand. Shu Chun was stunned. He saw him go to the tree with his teeth clenched. He leaned down and reached for the rose. He also carefully removed the thorns from the branch, turned around and sent them to Shu Chun.

"For you."

Shuchun's heart is full of a sense of happiness. She reaches out to take it. "Thank you."

"I want to thank you for your company." Murphy said softly.

"You don't have to thank me. All I have done is right." Shuchun shook his head, his eyes filled with gratitude. "I'm very grateful that you can let me accompany you."

"If you want to stay with me, you stay. I need you." Murphy said this last sentence with a deep feeling.

Shuchun's eyes drooped and her lips bent, but soon she raised her head again. "I will never leave you in my life."

Murphy came up and reached for her hand. "Are you expressing your love to me?"

Shuchun is stunned and has a pretty face.

"Well, I accept your confession." Murphy laughed.

Shu Chun again plucked up courage and nodded, "mufei, I like you. From the moment you saved me in the restaurant, I like you."

Murphy thought of her first time being bullied by a rich man. At that moment, the reason why he reached out was because she was weak and needed his protection.

"Don't worry, I will be here in the future, no one dares to bully you again."

Shuchun chuckles, "MMM!"

Beside him, she won't make trouble for him, she will be obedient.

"I have a rest. Let's go back!" Murphy said to her.

"I'll help you back."

"No, you let me go." Murphy said firmly.

Shu Chun stands beside him, accompanies him, step by step walks back again.

Later, after Murphy took a bath, Shu Chun learned the skill of a professional masseuse in the afternoon to relieve Murphy's muscles again. Murphy looked at her and her eyes showed heartache.

Shu Chun at this time, but also put aside all the women's coyness, she reached out and kneaded for him again and again, even if the hand was sour and painful, she did not shout. But, her palm rubs red appearance, is looked in the eye by Mu Fei, he reaches out to hold her hand, "do not rub."

Shu Chun looks up and smiles, "I'm not tired. I can rub it for a while."

Murphy shook his head. "No, I feel very comfortable."

Then Murphy took her to his side and sat down. He took out the whole golden box from the bag beside him and handed it to her, "it's for you."

"What is this?"

"A set of jewelry. You usually wear it." Murphy said.

Shu Chun reaches out to open it, and the ornaments inside startle her. Just look at the huge pink diamond on the necklace, and she will know that the price is not cheap.

She grew up wearing the most expensive bracelet of 200 yuan. How could she accept such valuable jewelry?

"It's too expensive for me to accept." Shu Chun shook his head and put the set of jewels on the table.

Murphy understood that she was born in an orphanage and knew that her previous life was frugal, but she didn't need to be like this by his side.

"Shu Chun, this is what I gave you. It's my heart. No matter how valuable it is, you have to accept it." Murphy's way of liberation.

Shuchun shook his head. "I can't have it."

In her heart, this should be the return that Murphy gave her. It's to repay her for taking care of him. However, she doesn't need to repay her with these expensive things for her care and care. This is what she is willing to do.

Murphy gazed at her tenderly. "Shu Chun, this is a gift I gave you. There is no other meaning. I hope you can enjoy better treatment when you are by my side."

Shu Chun blinks. She holds her hands tightly. Looking at the present, she hesitates.

"Don't worry, such a gift doesn't make me poor. I haven't estimated how much money I have. It should be more than 50 billion yuan! So, in the future at my side, don't worry about the money, my, is yours. " Murphy had to open her up in this way.

Shu Chun is shocked. She knows that he has money. Because of this, she doesn't want to become a greedy person. Because she doesn't need his money. What she needs is a qualification to accompany him.

"OK, I'll take the present, but don't give it later, OK?" Shu Chun smiled and didn't want to touch his heart.

Murphy shook his head and smiled, "I can't promise you this. In the future, as long as I see something suitable for you, I will buy it for you, regardless of the price."

After hearing this, Shuchun felt a sweet in her heart. The weight of this sentence, far more than a real gift, made her happy.

This means that she was put in the heart of this man. These days, they didn't break that thought, but both of them knew each other's heart tacitly.

Shu Chun picked up the necklace and Murphy reached for it. "I'll put it on for you."

Shu Chun nodded and gave it to him. He reached out and pulled the long hair to one side. Murphy put it on for her seriously. He watched Birkin's thin chain reflected on her snow like neck. There was an impulse in his heart.

He leaned down and burned a kiss on her slender neck.

Shu Chun's pretty face was covered with shame. She turned around, stroked the diamond, raised her head and let him watch.

Murphy smiled, "it suits you very well."

Chapter 653

Murphy's legs are getting better and better day by day under the care of the doctor. He can walk only 100 meters and walk around his garden. However, he can't be more vigorous in satin training. However, this is a gift for him who has been in a wheelchair for a year.

Mufei's parents are also overjoyed. Their son is their life. Now, his son has finally recovered and his life has been reborn again.

All of this is Shu Chun's credit. She bravely went abroad to find him and changed mufei.

Now Murphy has time to take her downtown shopping and accompany her to visit some scenic spots.

Today, a senior member of Murphy company got married and invited him to attend the wedding.

Mufei naturally brings Shu chun to attend. In this country, it's a very important thing to attend the wedding ceremony. Therefore, the guests are all dressed in luxurious clothes.

This is also to respect newly married couples.

At the time of receiving this news, Murphy had secretly let the high-end customized clothing store make a beautiful dress for Shu Chun.

Just the last time Shu Chun left her body size, this dress is tailored for her.

Shu Chun is also suddenly told by mufei to take her to a wedding, which makes her very nervous, of course, very excited.

Shu Chun didn't say it on the surface, but she was already thinking about what kind of clothes to wear to accompany mufei to the wedding. She didn't want to humiliate him.

Although her ordinary clothes are all famous brands, but in Shu Chun's heart, she is not good enough to accompany him in public.

Mufei looked at her in the room to pick up clothes. He stood at the door and said with a smile, "Shu Chun, come with me."

"Where to?" When Shu Chun came, mufei took her hand and walked to his room.

Shu Chun has some expectations and some curiosity.

When Murphy opened his door, a delicate and graceful lake green dress appeared in her eyes.

Shu Chun couldn't help but stare at the dress, and couldn't believe it. "When did you buy it?"

"It's not bought. It's customized. It's your favorite color." Murphy laughed.

Shu Chun still remembers that a few days ago, mufei asked her what color she liked. After thinking about it, Shu Chun said she liked the lake green.

Unexpectedly, he just wanted to make this dress for her.

"Now, you don't have to worry about going to the wedding without a dress." Murphy consoled.

Shu Chun's eyes are slightly red. She was moved. She grew up in an orphanage. Although she didn't lack love, no man has ever prepared all this for her so attentively and thoughtfully. At this moment, she really has a great sense of happiness.

"Thank you." Shu Chun turns around and gives mufei a hug.

Murphy also held her tightly. He didn't tell her that he would prepare another surprise for her at the wedding.

Murphy doesn't want to wait any longer. His body condition is normal now. He wants to give her an identity, so that she can accompany him in the future. The identity of an admirer.

Shu Chun returns to the room with her dress. Mufei looks at her figure. He smiles and returns to the room. He takes out a delicate box from the drawer and opens it. There is a diamond ring lying quietly in the box. Eighteen carats of diamonds are shining brightly.

The wedding will be tomorrow. This evening, Shu Chun looks at the dress and is too excited to sleep.

Early morning.

Shu Chun put on the dress in the room, sat in front of the dressing table, and began to make up a delicate and elegant look for herself, and her long hair would spread at will. Her head is pure black, without any trace of chemical dye. It is black and bright, with attractive luster.

So, it's just like this, it's very beautiful.

Murphy was wearing a dark suit, straight and straight. His body exuded a more gentle luster. He was thirty-one years old, full of mature men's breath and strength.

Shu Chun steps out of the room. The dress is light and comfortable. At the same time, it makes her slim waist more obvious.

Mufei looked at her as if she were a butterfly. He reached out and held her. "Let's go!"

Mufei drives his car and takes Shuchun to a garden manor by the sea. There is a very sacred ceremony hall. It's a place for new people to hold. Foreign newlyweds have a lot of self-service food. The guests sit in the flower bed and raise their glasses to celebrate and witness the most sacred time of the new couple.

The bridegroom is a middle-aged man, and his bride is also very beautiful. After they hand over the diamond ring, the bridegroom smiles and takes over the microphone. "Next, I will give my platform to my boss, and at the same time, I will invite Miss Shu, the wife of our boss, to come on the stage together."

Mufei is waiting for this moment. He reaches for Shu Chun's hand and says, "follow me."

Shuchun could not help being shy. "What are you doing on stage?"

"It's probably my subordinates. Let me say some blessings to him. Come on! Go up with me. " Murphy said with a smile. At such a time, Shu Chun didn't think much, that is to say, she would like to take the stage together to bless and stand beside him, and she would overcome these tensions.

Standing on the stage, Shu Chun is held by Murphy. As expected, she is not so nervous. She bites her lips. Murphy takes the microphone and blesses the groom.

Shu Chun saw that he gave the microphone to the abbot and thought that someone else was going down. At this time, Murphy took her hand and left her on the stage.

Shu Chun blinked.

At this time, the man standing in front of her suddenly knelt down on one knee. I don't know when, he opened a white velvet box. In the box, there was a diamond ring lying quietly. Mufei looked at her affectionately. "Shu Chun, marry me."

Murphy proposed.

Shuchun's heart was pounding and clapping. In her mind, there was nothing but Murphy's eyes.

In his words just now, marry me.

Her face flushed and excited, and she was at a loss.

Mufei has been so kneeling, Shu pure heart is extremely distressed, she nodded, eyes with a trace of tears, she said with a smile, "OK."

Finish saying, she pulls up Mu Fei, Mu Fei hugged her tightly into the bosom, his proposal succeeded.

Shu Chun also tightly hugged him. At this moment, her inner excitement and joy were more than anything else.

Murphy gently picked up her shoulder, put the diamond ring in the box into her ring finger, and Shu Chun wept with joy. At this moment, she waited too long.

And finally, she ushered in her happiness.

Murphy gently wiped her eyelids, "happy and crying."

"I will marry you, Murphy." Shu Chun hugs him again.

Chapter 654

Mufei's proposal ended in a palm blessing. Shuchun's eyes were slightly red with excitement. At this moment, in the blessing of all, she was buried in mufei's arms with shame.

Murphy took her hand and said a few words to the bridegroom. Then he took Shu Chun and left.

Shu Chun accompanied him all the time to the side of the car. Murphy still held her hand tightly and smiled, "did I scare you?"

Shu Chun looks up and shakes her head. "No, it's just too sudden. I haven't prepared for anything yet."

"When you promised me, was it in a flurry, or was it thought?" Murphy was worried. He threatened her to agree in this way.

Shuchun chuckled. "Of course, I've thought about it, and I've thought about it for a long time." With that, Shu Chun reached out and actively hugged him. "Mufei, I've already fallen in love with you. When I was in China, I wanted to be with you."

At this moment, Shu Chun is not afraid to express her mind, because she will not be rejected again.

Murphy kissed her hair gently. "I know, so do I."

"What? You too? " Shu Chunsong opens him, some unbelievable look up, is he also in love with her at home?

"Well, I fell in love with you when I was at home."

"Then you're leaving?" Shuchun is a little confused. Her eyes are twinkling.

Murphy sighed, "I left you in China because I didn't have any hope to stand up again. I heard the conversation between the dean and my parents. He means that I can't stand up again in my life, so I can't be with you. I hope you can find a man who can protect you, be healthy and love you."

Shuchun breathes heavily. She shakes her head and says, "no, I don't care. I don't care about anything. My heart only loves you."

"I used to be stupid and didn't understand. Now, I finally know that I did something wrong." Murphy embraces her gently. "I'm glad I didn't miss you, otherwise, I'll regret it all my life."

Shu Chun's eyes were full of tears. I'm glad that she came to him. Otherwise, she would regret it all her life.

"Murphy, don't leave me again, will you? I want to know that I love you, only you. " Shu Chun is in his arms, softly murmuring.

"Good!" Mufei reached out and stroked her long hair. "Let's go back and discuss marriage with my parents."

When it comes to marriage, Shu Chun's pretty face flies two red clouds again. She nods, "Hmm!"

Back in the villa, Murphy met Shu Chun's parents and raised the matter of proposal. Murphy's two elders are waiting for them to get married! Naturally, there is no reason not to agree.

In the past, I thought that my son would be accompanied by a more excellent girl with a family background. Now, after a year of suffering, they have opened their eyes and figured it out.

The most important thing for her son now is not his family background, but the woman her son really wants. Shu Chun never gives up. She follows her bravely. She has a permanent heart for her son.

This is the treasure of my son's life.

The two elders of the Mu family agreed and immediately prepared to go back to China to hold a wedding. This time, the Mu family intends to organize the wedding vigorously and definitely give Shu Chun the most luxurious wedding.

Maybe it's in a good mood. Murphy's legs are completely normal. Besides not being able to do Satin running, it's just natural walking. There's no problem.

Two days later, Shu Chun returned home by Mu's private plane. She had been away for a month. She missed the dean and the children in the hospital very much.

Mojia also began to prepare the wedding process, invited top wedding companies, and began to draw up the list of guests.

In the Mu house, the master Mu is looking at the banquet he attended in the past, and suddenly turns to the Tang family. He can't help sighing. The original decent family, now, all of a sudden, only Tang Siyu is left alive.

"This Tang family, do you need to invite me? I heard that the headquarters of Xing family has been moved, so it should not be in China! "

Madame Mu thought for a moment and said, "OK, please don't ask."

"Forget it, ask Xiaofei's opinion, but he and Tang Siyu still have friendship."

Finish saying, Mu master unplugged the phone of son.

"Dad, what's the matter?" The voice of Murphy came.

"Xiaofei, your mother and I are drawing up the list of guests. Tang Siyu is the only one in the Tang family. Would you like to invite her?"

At that end, Murphy thought for a few seconds, and he replied, "they are all abroad, so please don't ask! She may not have time. "

"All right! You can decide. " Master Mu replied and hung up.

On the guest list, there is no name for Tang Siyu.

Mufei and Shuchun are now in the orphanage. Mufei bought a lot of toys and gifts, but they broke thirty children's joy. Dean Chen invited them to the courtyard lounge to see Shuchun have a good home. She was really happy."Mufei, after that, Shuchun will give you care."

"Auntie, don't worry. I will treat her well and take good care of you." Murphy said sincerely.

Shuchun's eyes, flashing with moving tears, President Chen is also very grateful, mufei is really a very good person.

When he came out of the orphanage, Murphy thought, "the orphanage should be some years old. I see many walls are peeling off. I'm thinking, I'll choose an address and rebuild an orphanage. When the decoration is finished, I'll find a time to move the children to a new address."

"Murphy, thank you."

"Fool, in the future, all the school expenses of these children will be paid to me, and I will educate them until they are able to survive." Murphy finally knows where his wealth is. Although he does not miss out on charity every year, this orphanage is the place he takes special care of.

Shu Chun nestles in his arms. "OK, I'll thank you for them first."

Murphy's marriage began to spread in the business circle, because Murphy group is also a multinational group, and the Murphy family began to prepare for the wedding, with the wedding date set at the end of this month.

Murphy now put the work aside to prepare for his wedding.

In the past six years, mufei has also experienced many things, but the past events, in his heart, have done an end, he began to meet his real life.

Overseas, Xing's group and Xing liehan just got the news that Murphy was going to get married when they contacted friends in China these two days.

Xing Lihan didn't plan to hide Tang Siyu about this. He ordered lunch and asked his assistant to take Tang Siyu out of his home.

Chapter 655

Xing liehan has been waiting for her in the restaurant opposite to the company in advance. When a delicate and charming figure steps into the door of the restaurant, his eyes inject a gentle luster.

He gazed at her coming.

Today, Tang Siyu casually put on a beige sleeveless long skirt, which was covered with a light cardigan, showing his temperament.

In addition, she has the atmosphere of an artist. Walking in the crowd, she has a different charm.

Tang Siyu in the eyes of her husband's pet, went to the opposite side of him and sat down. She put down her bag and asked curiously, "you just said on the phone, there is something to tell me, why not on the phone?"

"Anyway, if we want to eat together at noon, let's stay till now!" Xing liehan chuckles.

"What is it?" Don Siyu held his chin and blinked.

"It's Murphy's business. He's getting married." Xing liehan tells her directly.

Tang Siyu's eyes brightened suddenly, and he was surprised, "really? Where did you hear that? When? "

"I learned from my friend that his marriage is at the end of this month, half a month from now." Xing liehan has inquired for her.

Tang Siyu chuckled, "it seems that he sent out an invitation, not me."

"Do you want to go?" Asked Xing lie with a smile.

"I don't know why he didn't invite me, but I want to bless him. Do you think I should go?" Tang Siyu is also troubled.

"If you want to go, I will accompany you back to China and join you." Xing liehan supports her to go, because Tang Siyu's feelings for mufei have been transformed into friends. He didn't have any jealousy.

Tang Siyu thought for a moment and said, "let's send a gift to the past and a blessing to the past. I will not go."

Xing liehan agreed with her, "well." Xing liehan said, with a little helplessness in his eyes, "I have to go on a business trip for a few days recently."

"Where to?"

"K country, about a week, talk about a business." Xing liehan looks at her. Before each business trip, he feels a little guilty, because he often refuses to leave her.

"Don't worry! I won't be bored. " Tang Siyu readily agreed.

Xing Lihan knew that his wife would not be bored, because she also had a career in piano. She was selected into the national piano playing team and was approaching the national music level.

"Well, I'll deal with the work as soon as possible and come back with you and your son." Xing liehan reaches over and holds her hand.

At home, Murphy received a gift from Tang Siyu sent back from abroad a week before her marriage, with a blessing written by her own hand.

Murphy didn't expect that she was far away from home. He also heard about his marriage. He also sent a gift with his heart. He was very pleased. This may be the best ending for him and Tang Siyu in the past. They found their own happiness.

Mufei's wedding ceremony is very luxurious, with many guests. Even the media sent blessings. Mufei is tall and straight, beautiful and moving, but it's a pair of right people.

At the wedding, mufei gave Shu Chun the best of everything, making her the most beautiful bride.

Presidential palace.

Suqin also spent three months of pregnancy and vomiting, four months of belly, she began to relax, this time, xuanyuanchen's heart often in the work and her body transfer, more nervous than her.

Suqin and Suxi, who are nine months pregnant, have a very common topic. Moreover, most of the time, the two sisters get together at their parents' home, in the garden, reading and chatting, which is probably the most time for the two sisters to get along.

The time for family members to get along is always warm and not boring. Suxi is facing childbirth, but she begins to calm down, because the child gives her a strong maternal heart in her stomach.

She hoped that everything would be successful.

Her due date is only half a month. The Wens are all nervous.

After going through that event, Wen lichen was almost confined to the company and his family, putting an end to all social activities and never allowing any trace of his scandal on the Internet.

Because Shuxi at this time, is the most can not be nervous, nervous on the stomach of the child is not good.

Shuxi is the most relaxed when he is with his family.

M country, Xing liehan also began his business trip time, Tang Siyu sent him to the airport, told him to be careful on the way, and then sent him into the VIP passage room.

Xing liehan is surrounded by six bodyguards, two assistants, a dark shirt and slim trousers. They are very handsome. Surrounded by bodyguards, they show a king's demeanor.

Tang Siyu sent her husband, and she went back. She had a grade examination recently, so she didn't have nothing to do. She didn't stop because she married a rich man.

She hopes to achieve more in her life. Before, she had no time with her son. Now, she has time to fulfill her dream. She is now a winner in life. She has a happy family, loves her husband, a smart and handsome son, and treats her very good in law.

Tang Siyu is also very satisfied now. She has no higher requirements for life. She just hopes to live a quiet life until she is old.

Xing liehan's plane goes straight to Yunxiao. He sits near the window and looks down at the city. Before he leaves, he has a heart to return.

It's a five hour flight from Xing liehan's plane to K country. On the way, Xing liehan read the documents.

At the time of arrival, the local time of K country is about 6 p.m., and the car sent by the customer has arrived, waiting for his arrival.

Outside the airport, a black Rolls Royce phantom, escorted by three black cars, drove into the airport's VIP lane.

At dusk in the evening, sitting on the rear driver's seat, in the half down window, there is a beautiful young and atmospheric woman's face, delicate makeup, very layered and long shoulder hair, under the long and thick eyelashes, the eyes are full of a ray of expectation light.

At this time, her eyes fell on the huge private plane, the spacious boarding stairway that had been knocked down, a long and charming figure, and stepped down in the afterglow of the setting sun. Even though the bodyguards of the same height and dress of the same suits and suits were around him, these bodyguards were dimmed in front of the man.

The momentum he exudes is not comparable to those of the bodyguards.

A woman's red lips raised a touch of interest and curiosity, she has been waiting for an opportunity to meet this man, this time, finally let her wait.

Chapter 656

Sometimes, a woman's love for a man only comes from appreciation. Because of appreciation, she has curiosity and desire to get close to him and understand him.

Of course, to be more superficial, this man's appearance alone is enough to make women interested in him. What's more, he has amazing strength and makes women fall in love with him at a glance.

The woman immediately opened the door of the back seat. She was dressed in a sexy tight black dress with buttocks. She was wearing a light suit on her shoulders. She was wearing silver sunglasses. Her facial features were very three-dimensional and exquisite. She was full of the temperament of a successful woman.

Xing liehan's eyes looked at the woman who met him, and he calmly stepped over. At this time, the woman reached out her hand and took off her sunglasses gracefully, revealing a pair of deep and charming eyes, and her red lips bent. "It's a pleasure to meet you, Mr. Xing, instead of my father." Finish, reach out.

"Hello." Xing liehan reached out and shook her hand.

When Xing liehan took his hand, the woman could not help grasping him greedily. Xing liehan resolutely took back his hand and nodded to her.

"Mr. Xing, just call me Meisha." Mei Sha chuckled and made a gesture of asking, "Mr. Xing, please get on the bus."

Xing liehan nods and walks to the door opened by the bodyguard.

Behind him, Meisha's eyes fell on his straight back, with a trace of admiration in her eyes. She only saw the figure of the man in the magazine, and of course, saw his reports in the major international business newspapers.

Now, seeing him, she feels that the photos in the business magazines still don't reflect a third of his charm.

Just now, she intentionally shook hands to show her expectation for him. However, Xing liehan's hand pulling action made her realize that this man is a very disciplined person.

She believes that today her dress is a man who can't refuse it. At least, when she shakes hands, the man won't pull his hand so fast. Xing liehan is just polite.

Meisha sits in, she is also Asian, with a quarter of the western mixed race, so, to make her beautiful, in the beauty of the East, and blend the depth of some western girls.

So the beauty is more wild, like the man's favorite kind of hard to train women.

Mei Sha sits in the car, Xing liehan's eyes fall out of the window. She says to the driver in front, "go to the restaurant your father ordered."

The driver immediately drove calmly, and Meisha's eyes could not help looking at Xing liehan with interest.

"Mr. Xing, it's been a hard journey."

"All right." Xing lie replied politely.

"My father has always wanted to cooperate with you. This time, we have finally reached our wish. I wish us a happy cooperation." Meisha said, her eyes always fell on Xing liehan's side face.

Xing liehan did not look at her, but looked at the front. The golden afterglow outside the window made his face as three-dimensional as a sculpture. Everything was not perfect.

"I'm very optimistic about the cooperation between the two companies." Xing lie's cold side face takes a look at Meisha. Her eyes are calm, without any uneasiness or tension because of her gaze.

Mei Sha is slightly stunned. She hooks her lips and smiles, "Mr. Xing, I heard that you are married. I'm really sorry! Your wife must be very beautiful and happy. "

"In my eyes, she is the most beautiful woman in the world." Xing liehan praises his wife.

Mei Sha is stunned. She just wants to talk about some topics. How can she know that Xing liehan even praises his wife in public.

Moreover, Meisha also felt that Xing liehan's body, facing all matters around her, especially her, showed an invisible rejection and distance.

This is what she seldom sees in men. She is also a rich lady. She has been the focus of her eyes since she was a child. Especially, the man who loves her, regardless of age, is confident that she can charm any man.

Even if those men's defense is strong, of course, she confidently finds that the men she approaches will not be prepared for her, and they welcome her to approach.

Can Xing liehan turn a blind eye to her charm?

She is a living woman in his eyes, and he even mentions his wife. Shouldn't he talk about some pleasant topics with her at this time? "Mr. Xing, my father is not very well this time, so I'm talking to you this time. I'm still young and I don't understand many things. Please give me more advice." Mesa's voice is soft.

"I just hope that this negotiation can reach an agreement. "Xing lie replied calmly.

"Mr. Xing, you can rest assured that our sincerity is sufficient and we will succeed in the negotiation. I'm a little tired. I want to have a rest Xinglie cold opening road.

Mesa immediately understood. She smiled. "OK, I won't bother you."

Xing liehan leaned back and closed his eyes to rest.

Mei Sha is biting her lips. Taking the opportunity to look at his face again, she can't help being envious of his wife. How could such a young man be easily bound by marriage? If only he hadn't been married! At least she has some opportunities.

However, in Misha's heart, she didn't pay much attention to marriage. Her father married twice and divorced again, and she also talked about the feelings between men and women.

In this world, there is no such thing as true love. Having it is just a benefit that will never be out of date.

So, this man is so excellent, she may have a chance to have some pleasant things with him.

Living in this world, timely enjoyment is the most important thing.

Sometimes there is no need for results, just a happy process.

With a silent smile on her lips, Meisha is looking forward to getting along with Xing liehan in these days. She believes that she has such charm that she can make this man submit to her pomegranate skirt.

The car drove steadily to the door of a hotel. It was very luxurious.

Mei Sha could not help saying, "Mr. Xing, here we are."

Xing lie's long, cold and thick lashes are lifted, and her deep eyes are shining. It's a sense of wisdom. And Meisha also realizes that this man is not sleeping at all!

Because, his eyes are so clear and quiet, there is no feeling of just waking up.

Is it because along the way, he didn't want to chat with her, just deliberately said to rest?

Aware of this, Misha's heart is still very surprised, no man has so ignored her existence!

However, there is still a lot of time for this man to get to know her well.

Chapter 657

The resplendent restaurant in Jinbi is a round table with exquisite and luxurious decoration, which makes people feel the noble enjoyment.

There are eight people on the table. In addition to Xing liehan, there are two senior vice presidents and his assistant Han Yang from home.

The other four are the host of the meeting, Mr. Morita, his daughter, Morita mesa, and two of his powerful people.

"Mr. Xing, it's a great honor for us to ask you to come here. It's really troublesome." Mr. Morita reached for his glass and raised it to him.

Xing liehan smiled and nodded, "it's not troublesome. I always take the initiative when it comes to work."

"Mr. Xing's company is very big. You are the young representative of our business community and the leader of our business community. It's a great honor to cooperate with you."

"You flatter me." Xing liehan continues to smile modestly.

Beside Morita, his daughter, Morita Meisha, has been smiling at her father. At the same time, her eyes have fallen on Xing liehan from time to time, with appreciation, admiration and love in her eyes.

Morita immediately thought of something and smiled, "Oh! Mr. Xing should have known my daughter, Meisha. She will be the successor of our company. In the future, I will retire. My daughter will take over my position and continue to cooperate with you. Mr. Xing, please take care of her. "

Xing liehan takes a look at Morita Meisha. Morita Meisha immediately stands up and raises his glass to him. "Mr. Xing, I'd like to offer you a toast."

Xing liehan picks up the glass and raises it to her. Morita Meisha drinks all the red wine in the glass in order to respect him.

After Morita Meisha finished drinking, he handed a smile to Xing liehan, "Mr. Xing, please feel free."

Next, the two sides talked about some matters related to the project. Xing liehan has invested a lot of money in the early stage of the project, so his style of action is also accurate in starting the project.

Talking about project cooperation and eating at the same time, the meal lasted until about 9 p.m. Mr. Morita was not in good health, and he was very tired.

He said to his daughter, "Meisha, my father has gone back first. Next, you must take good care of Mr. Xing for me."

"Dad, please walk slowly. I will take good care of Mr. Xing." Misha got up and saw off her father.

Xing liehan is also a little tired. He says to the old man, "Mr. Morita, it's just that we've had a day's flight. We're a little tired. Let's go back to the hotel and have a rest."

"Mr. Xing, we have a very busy night here. Would you like to play and have a few more drinks? My daughter can greet you." Mr. Morita suggested that in his eyes, the young generation should have nightlife.

"I'm not interested in that. I want to go back to the hotel first." Xing liehan smiles and refuses.

On one side, Morita Meisha immediately gave him a look. There was a surprise in his eyes. It seems that Xing liehan is really a good man!

There are few men as rich and self-control as he is now. If you can get such a man's heart, then maybe you can find the most beautiful love.

"Dad, go home and have a rest first! I'll take Mr. Xing to the hotel. " Morita Meisha has taken over the task.

Mr. Morita is also familiar with his daughter's thoughts. Naturally, he also hopes that his daughter will be more energetic. A man like Xing liehan can be recruited as a son-in-law, that is to say, he can add another powerful help to the company. In this way, his family company will not have to worry about the future development.

In this case, Mr. Morita will not interfere with his daughter. Moreover, the reason why he loves her is that she is an ambitious person. Only such a daughter can inherit his company.

Xing liehan's eyes slightly fell on Han Yang, his assistant, and Han Yang immediately understood. He smiled and said, "Miss Meisha, please send it. We have arranged the bus. We and Xing Association will meet the hotel by ourselves. It's late. Go back to have a rest!"

"It's OK. I also booked your hotel tonight. I will stay with you tonight. Tomorrow, our meeting will be held in the hotel." Morita Misha has already made arrangements. She will not go home at this time.

"Let's go!" Xing liehan answers.

Morita Meisha's car is just outside the door. Her bodyguards open the door. She immediately faces Xing liehan Road, "Mr. Xing, please get on the bus."

Xing liehan's eyes were only slightly on one side, so he bent over and sat in. When Morita Meisha wanted to sit in, Han Yang immediately came over with a piece of information. "Miss Meisha, I'm sorry, I have something to talk about with Xing in my work."

With that, he immediately stooped to sit beside Xing liehan and drove Morita away.

Han Yang has been following Xing liehan for such a long time, and he has been able to understand any of his subtle movements very accurately. Just like just now, Xing liehan is just a slight movement of one side face, so he knows how to do it. Of course, Morita Meisha can see that this is Xing liehan's requirement. She is more and more surprised. Is there really no attraction in Xing liehan's heart?

He has been refusing, in various ways, to refuse her approach, this is the first time she encountered in a man!

She didn't expect that she would meet such a thing. Morita took a step back and saw two men in elite suits coming out of the hotel.

These two men also looked at those who had status and wealth. In order to prove her charm tonight, Morita Meisha immediately turned her head to look at the past. The two men were immediately attracted by her charming eyes when they met.

Morita Meisha realized that her charm has not declined, and it is still very easy to use, like these men can take it with one look.

Why did Xing liehan avoid her so much? The more incomprehensible, the more curious, the more want to prove, when Morita Meisha is sitting in the car behind, her mouth corner raises a smile, she must know, Xing liehan exactly why so to her.

Xing Lihan sits in the car and breathes a sigh. Han Yang beside him immediately communicates with him in Chinese.

"Mr. Xing, it seems that your charm is still so great!" Han Yang made fun of it.

Xing liehan's eyes were calm and calm, and he said in a low voice, "with Siyu, I have only one feeling for any woman's approach, trouble, you should know how to do it!"

Chapter 658

"OK, next I know what to do." Han Yang replied.

Xing liehan takes out his mobile phone and takes a look at the time. At this time, Tang Siyu should be sleeping according to the time difference, so he won't disturb her.

Arriving at the hotel, Xing liehan and Han Yang got out of the car and entered the hotel as soon as the bus stopped.

After that, Morita Meisha immediately ran after him. "Mr. Xing, please wait a moment. I'll ask the waiter to take the gate card."

Xing liehan, Han Yang and others are waiting. The waiter comes to hand in the card for the door. Everyone lives in the presidential suite of the hotel.

When Morita Misha just told the waiter to send the room card, she specifically told her that her room door was next to Xing liehan's.

When walking into the elevator, Xing liehan's side, Han Yang stands by, and Morita Meisha immediately raises her long hair and stands beside Han Yang.

Everyone's room is on the first floor. In the corridor, Xing liehan walks to his door. Behind him, Morita Meisha follows. When Xing liehan brushes the door, she laughs, "what a coincidence! We are next door. "

Xing liehan nodded his head, then he went in and closed the door. Xing liehan knows that Morita Meisha is interested in him, but he has no interest in her except for the needs of work.

It can be said that after his marriage, he lost interest in other women, no matter what kind of women they were.

His heart, now only a woman, his wife.

Xing liehan's bodyguard later brought up his gift box.

This evening, Morita Meisha stood on the balcony several times, because there was a layer of glass between the balcony and the balcony. If Xing liehan also appeared on the balcony, the two people could still see it.

It's a pity that Morita Meisha has been blowing on the balcony for a long time, but he doesn't come out with Xing liehan.

She came back to the room with a sense of depression and disappointment. She took a bath, put on a wine red Pajama, and went on to the balcony with a glass of red wine. Her eyes were on the next room.

With a layer of light, she would like to know what Xing liehan was doing at this time. If he wants to, she really wants to sit in his room, or do something more enjoyable.

It's a pity that she has ideas, but not courage. If Xing liehan gives her a hint tonight, maybe she dare to do so.

But what Xing liehan did tonight made her know that this man is not so close.

What's the reason why he doesn't have any interest in her? Morita Meisha would like to know.

She thought of one thing. She wanted to know Xing liehan's wife and see what she looked like.

Morita Meisha sat on the sofa, took the iPad and began to search for something about Xing liehan.

I still want to find his wife's photos on the Internet, but she was surprised to find that she couldn't find them at all.

Xing liehan is very protective of his wife and his family, which can't be searched.

Morita Meisha has searched the Internet for a long time, but she can't find it. She thinks that if she has a chance, she must know Xing liehan's wife. She wants to see what kind of woman can hold the man's heart.

She also had an idea. Did Xing lie Han avoid her because he loved her too much?

Is there really love in this world? Is there really another kind of husband and wife who can still treat each other sincerely after marriage?

Morita Misha doesn't believe it.

Early morning.

Country M.

When Tang Siyu woke up, she received Xing liehan's morning greetings. She opened it, sat on the bed, and looked at the words on the screen, "good morning, my pianist."

Tang Siyu giggled at the mobile phone for a few seconds. Then, she took a look at the time and got out of bed immediately, because she would send her son to school later! At breakfast time, Xing Yinuo is grabbing a more beautiful poached egg from Xing Yifan's plate.

Xing Yifan is playing with her. They are having a knife, fork and spoon fight. The little guy beside is very happy.

Jiang LAN can't help but be amused at one side, at the same time, some angry way.

"Yinuo, what are you fighting for! It's all poached eggs. What's more beautiful? "

"The second brother's piece is more beautiful! Second brother, let me have it Xing Yinuo wanted to eat the piece on his plate.

"No, it's from my mother." Xing Yifan also wants to tease her, but he must realize that the fun between brother and sister comes from such small things.

"Hurry up! I want to finish eating and go to school! It's going to be late. " Xing Yinuo said with his cheeks bulging.

Xing Yifan didn't like to eat eggs at first. He immediately said, "OK, here you are. Aren't you afraid to gain weight again? Become a little fat girl! "

"I'm not afraid. I'm in good shape!" Xing Yinuo happily accepted the loaf of eggs he sent.

"No one will want you then." Xing Yifan continued to hurt her. Xing Yinuo flashed a figure in her mind. She raised her eyebrows proudly. "Even if I became a pig, someone wanted me."

Jiang LAN looked at her daughter's confidence, and she couldn't help laughing, "you are so sure!"

"Of course." Xing Yinuo is confident.

Tang Siyu smiled and comforted her, saying, "Yinuo, don't worry. When you are still growing up, it's OK to eat more. You won't be fat."

"Sister in law, I want to keep a good figure and temperament like you. In the future, you can teach me the secret!"

"My sister-in-law's temperament is unique to artists. I'm afraid you can't play the piano so badly." Xing Yifan said to her.

Xing Yinuo immediately stares over, "Xing Yifan, you don't speak, no one treats you as a mute."

"How old are your two brothers and sisters? They are stumbling. They promised to go to class quickly. Yifan, you too."

Two brothers and sisters finished eating and went to school, and the little guy also finished eating, Tang Siyu sent him to school.

After sending the little guy to school, Tang Siyu went to a Piano Academy as a student and began to learn piano with a master of authority.

There is no end to her study in this field. Besides, Tang Siyu began to learn about her own composition, so her life now is also colorful.

At noon, Tang Siyu received a call from Xing liehan, who was just in the early morning.

The message in the morning was sent to her regularly.

"How about over there?" Tang Siyu asked curiously.

"It's not bad. I'll discuss some cooperation details later. Are you practicing piano? In the morning, when the kid enters the school, is he happy? "

"Happy, put him at the school gate, and he will go in." Tang Siyu said with a smile. At this time, the teacher took a sip of tea and came to her. She said hurriedly, "don't talk to you first. My teacher is here."

"OK, I'm going to video with my son in the evening."

Chapter 659

"I see." Tang Siyu replied and hung up.

Country K.

In a room of the hotel, Morita Meisha changed a delicate make-up, which was different from last night's sexy clothes. Today, she wore a high-level customized dress, which made her exude a different style.

She stood in front of the bathroom, enjoying her make-up with satisfaction. With a smile on her lips, her eyes exuded a sense of Hunter chasing prey.

Breakfast is the buffet in the hotel. Xing liehan and Han Yang are at the same table with several of their subordinates. At this time, Morita Meisha comes to sit with her plate. "Mr. Xing, don't introduce me!"

"Of course not." Xing lie nodded.

"I'm ready for the conference hall. Do you want to go back to your room to get the information?" said several of Morita's men? I'll see you in the conference hall later. "

In this sentence, there is a sense of letting them leave. Xing liehan's two subordinates, naturally, don't have Han Yang to understand his mind. They also feel that they should let the boss and the beautiful lady have breakfast together.

Then they got up, "President Xing, Miss Meisha, please use it slowly."

Han Yang's plate, also finished, only Xing liehan is still using breakfast.

"Assistant Han, how about you?" Mesa doesn't want to have a light bulb on.

Han Yang takes a look at Xing liehan, who says to him, "go and get the information ready."

Han Yang nodded immediately and said, "OK, Mr. Xing."

When Han Yang left, Morita's heart was filled with happiness. Next, she could enjoy breakfast with Xing liehan.

"Mr. Xing, did you sleep well last night?" Asked Meisha.

"All right." Xing liehan ate the food gracefully and replied.

"Mr. Xing, I found a very interesting thing."

Xing liehan looks up at her. "What's the matter?"

"I find that Mr. Xing seems to avoid me deliberately! I don't know why. " Misha can't help being smart enough to bring this up.

Xing lie's eyes narrowed, and there was a cold breath in his eyes

Misha touched it and immediately felt a sense of awe. However, she continued, "I have this feeling."

"Miss Misha should have misunderstood me. I don't mean to avoid you deliberately. Besides, we are only in business cooperation. How can we avoid it?" Xing lie said calmly, "I'll take the first step."

In Morita Meisha's heart, I once again felt the cold alienation on Xing lie's body. But at the same time, the man should have his politeness and politeness, which makes people feel that he will not be rude.

But it is because of this that everything he shows will make people feel more indifferent.

Morita Meisha sighed. Her previous means of conquering men seemed useless in front of this man.

In the conference room, when Mr. Mori arrived, all the participants began to talk about the details of the project. Ms. Morita had a chance to speak on the stage. She was perfectly afraid to state her views, which was amazing for her strength in business.

Morita Misha got applause, but what she wanted, in addition to her father's affirmation, nature, also wanted Xing liehan's praise. She believed that as long as she was good enough, she would definitely arouse the man's heart.

Even if it's just a tiny touch of heart, it can be the beginning of their start.

It's a pity that Morita's eyes fall on Xing liehan, who has only a sense of identity and no more emotions.

"What's president Xing's opinion on my speech?" Morita fights against him.

"No, you are very good. This is the most important part of the project. I accept your proposal." Xing liehan answers in a low voice.

Morita Meisha sits back to his position with a sigh, while Xing liehan's narrator is his side's subordinate. Morita Meisha wants to see his style.

It's a pity that he didn't come on stage.

After the meeting, the two sides further understood each other's company's ideas. In the afternoon, there was a free exchange meeting, and starting tomorrow, they will enter the field work.

The plan of this cooperation is the development of new energy, while Morita has technology, and Xing liehan focuses on investment.

For lunch, she settled it in a very advanced restaurant nearby. Morita Meisha sat next to Xing liehan. While eating, she greeted him very attentively.

Xing liehan is just a normal social intercourse, and he is very polite to her.

After lunch, Xing Lihan left with his men. On the table, he left Morita's father and daughter.

Morita's eyes looked at his daughter, and he was surprised. "Misha, I can see that you have a good feeling for Mr. Xing, but how can I see his attitude towards you seems to be colder."

"Dad, he is a very good man. Do you want him to be your son-in-law one day?" Asked Morita's father. "Of course, we hope that the Morita family is short of Pan capital operation, otherwise, our family's financial resources will certainly be more than this. If our technology, together with Xing liehan's wealth, we can certainly do a lot."

"Well, then my daughter is working towards this goal." Morita Misha was affirmed by her father, and she was more motivated.

"The research of new energy is still a new industry worthy of investment. I believe Xing liehan will definitely see the huge profits in this area, so this cooperation will be very successful."

Morita's eyes flashed a smile, "I believe our cooperation will be very happy."

Xing liehan is discussing with his subordinates in a conference hall of the hotel. His subordinates have put forward their opinions one after another. They think the investment prospect is very good. Xing liehan also has the idea of this investment in his eyes. If he didn't take a fancy to the technology of Morita family, he would not come here in person.

And the outcome of this meeting is also very beneficial to him.

In the evening, Xing Lihan is in the hotel room. His laptop is on the video head. The other end of the video is a warm room.

A little face is shaking in the video. "Daddy, I miss you. When are you coming back?"

Xing liehan's eyes looked at the little face, and a smile came up from the corner of his mouth. "Daddy will go back after work. How about your mommy?"

"Mommy, daddy is looking for you." The little guy looked up and said.

At this time, Tang Siyu sits in front of the video in a silk pajama. Her long hair has just blown. In the camera, the beautiful and slender figure directly makes the men here feel warm.

Chapter 660

Tang Siyu looks at the man in the video, smiles and asks, "what are you doing?"

"Just returned to the hotel, nothing to do." Xing liehan leaned back on the sofa easily, and stared at the mother and son behind him.

"How was the work talk?"

"If there is no problem with the next examination, the signing of the contract should go well." Xing liehan squints and smiles.

"Daddy, you must take care of yourself. Mommy and I will miss you." The little guy is playing a car in front of the video and chatting.

Xing liehan looks at the fleshy face of the little guy. He really wants to stretch out his hand and pinch it. His son's concern is most in his heart.

"Well, daddy will take good care of himself and miss you and your mommy." Xing liehan surety road.

"Mummy, talk to Daddy quietly! I'll go to my uncle first! Goodbye daddy." The little guy's face smiled in front of the camera, waved and ran away.

Hearing the sound of closing the door, Tang Siyu sat in front of the video with a smile. "He reached for a long hair, and a pair of beautiful water eyes stared at the man opposite the video.

"Just bathed?" Xing liehan's eyes stared at the woman in the camera, as if he could smell the fresh fragrance of Gardenia on her.

"Well, I'm a little tired today. I want to take a bath and go to bed early." With that, Tang Siyu rubbed his wrist.

"I hurt my wrist again today?" Xing lie's careful examination shows that he cares about her.

"It's just a little sour. It's OK." Tang Siyu's heart is warm and his eyes are also looking at him in the video.

"next time, practice less time and pay attention to your hand. If you hurt it, I will feel sad." Xing liehan's voice line is low, hoarse and full of a touch of seduction.

Tang Siyu's eyes immediately peered at him across the screen. "How do you want to be after all this distance?"

"I really want to do something about you." Xing liehan made no secret of his mind.

"Then come on! See what you can do with me. " Tang Siyu smiles proudly in the video, showing a row of white teeth.

Xing liehan's eyes locked her in a deep way, and her eyes were glowing. "OK, I remember this revenge, and I will punish you when I go back." He stares at her with a sexy bite.

Tang Siyu is so intrigued by his charming appearance that he really wants him around.

"Well! Don't talk to you. " Tang Siyu felt that she would not be able to sleep if she was pushed down like this by him.

"Darling, talk to me again." Xing liehan wanted to talk to her.

"What are you talking about?"

"I'll bring you a present. What do you want?" Xing liehan coaxes her.

Tang Siyu pursed his lips and thought, rubbing his red lips with one hand consciously or unconsciously.

The man on the opposite side swallowed his saliva and stared at the ruddy lipstick rubbed by her own fingers. Suddenly, he became domineering. "Tang Siyu, except in front of me, is not allowed to do this in front of others."

Tang Siyu is thinking about her gift. She blinks innocently when he orders her to be so domineering. "What's wrong with me?"

"Don't rub your lips in front of others." Xing lie's cold low way.

Tang Siyu's unconscious action was immediately embarrassed to be taken back, but because he said so, he bit his lower lip again, "what's the matter?"

Xing liehan is teased by her charming voice again. He doesn't have a good airway. "Are you trying to seduce me?"

"I didn't!" Tang Siyu can't laugh or cry. Where does she have it?

"You have it." Xing liehan wants to incriminate her.

Tang Siyu had no choice but to laugh. "Are you bored?"

"Talking to you is not boring at all." Xing liehan's long fingers touched his extremely sexy chin, and his eyes were full of interest.

"I can't talk anymore, I have to sleep, otherwise, I won't be able to get up tomorrow morning to send my son to school."

Xing liehan immediately said with heartache, "let dad give it away! You sleep more. "

"It's all right! I can go with my son. I'll wait for you to come back. "

"Well, then go to sleep!" Xing liehan said gently to her.

Tang Siyu sits in front of the computer and is about to close the video. Xing liehan kisses the video camera with two fingers on his thin lip.

Tang Siyu is reluctant to close it again. He stares at the handsome husband in the video and smiles for a while. "Then I really have to close it."

"Good." Xing liehan squints and smiles.

Tang Siyu turns off the camera and closes the computer. She goes to the bed, lies down and picks up a Book of poems she brought back. It seems that now she is learning how to compose music. She needs poems to bring her some inspiration.

Xing liehan is in the hotel, in K country. It's the evening. Outside the window, the afterglow of the setting sun sprinkles on the balcony. Xing liehan can't help walking out.

In such a beautiful moment, he really hoped that his wife and children would be around him. Now, it seems like a beautiful scenery. He doesn't want to enjoy it alone. He can't help thinking of the mother and son at home. At this time, the figure of Morita Meisha stepped out on the balcony next to her. She waited for a long time on the balcony last night, but did not wait for Xing liehan to come out. Now, she is also attracted by the sunset scenery outside. Unexpectedly, when she came out, she saw the handsome and lazy man on the balcony next to her with one hand in his mouth bag.

Her heart was immediately pulled out a few times, the palpitation was severe.

"Hi, Mr. Xing, what a coincidence. "Morita says hello to Xing liehan.

Xing liehan turns to look at her and slightly nods in response.

"What a beautiful sunset! It's a good mood to enjoy such a time with Mr. Xing. " Morita Meisha's tone, all with a trace of his favor degree.

"This kind of time should be enjoyed with your favorite people." Xing liehan replied.

Morita Meisha couldn't help but chuckle, "what a pity! I don't have a boyfriend or a lover yet. I wonder if Mr. Xing can enjoy it with me for a while today? "

This sentence is full of implications.

Xing liehan's eyes looked far away, and thin lips replied coldly, "I hope to enjoy it with my wife."

With that, he turned away from the balcony.

Morita Misha's face was stunned. She didn't expect to be rejected again. Did Xing liehan really love his wife so much?

What kind of woman is that? Morita is really curious.

Later, Morita Meisha got through Xing liehan's phone alone and wanted to invite him to dinner. Xing liehan got through to her, and Xing liehan refused her, because he was having dinner with his assistant and his staff.

Morita Meisha is sitting on the sofa, holding her mobile phone, and her red lips are clenched. All of a sudden, she has less interest in the whole work, and her interest in Xing liehan has become her biggest.
