

## U. CEO Daddy 661

### Chapter 661

There are still a few days to get along with, and she has a chance to show her charm. At this time, there was news about what she told her assistant last night. "Miss mesa, I found what you asked me to check. It's in the mail."

Morita Misha immediately took the computer, opened it, opened her mailbox, and clicked on the top email.

When I opened it, I saw that there were several wedding photos. On the photos, it was the wedding photos of Xing liehan and Tang Siyu. Morita Meisha stared at a picture of two people looking at each other affectionately. Her heart was filled with jealousy.

I only saw this girl married with Xing liehan, who has a very flexible atmosphere, and she is a complete two kinds of women, she has a clean and pure atmosphere, unlike her, like heavy makeup.

"It's pretty, but I'm not bad either." Morita Meisha looks at the photo and mumbles.

Turns out, does he like the pure one? Morita's lips are hooked with a smile.

Looking at Xing liehan's eyes in the photo, the real tenderness and deep feeling in the eyes, even if not looking at her, also makes her feel intoxicated. If you can really get this man's eyes, how happy it is.

Morita Meisha put down the computer, and there was a kind of scheming light in her eyes. She got up and asked about her hair stylist. She wanted to change herself for Xing liehan.

This evening, Morita Meisha turned her long curly hair into the black and long straight hair of her lovely neighbor. Meanwhile, she also purchased some clothes and was ready to start the attraction mode for Xing liehan.

Early morning.

Morita Meisha is waiting for Xing liehan in the hall, because today they need to visit Morita family's technology factory.

When Xing liehan and his men came out, they all looked at the woman standing in front of the sofa waiting for them, because Morita Meisha had another beauty.

Morita Meisha has seen her amazing feeling from other men's eyes. However, when her eyes look at Xing liehan, Xing liehan's eyes are still clear and there is no fluctuation.

"Mr. Xing, this way, please. The car is ready. In the car, I can tell you something about the factory." Morita said to him that she had calculated the same car as Xing liehan.

"OK." Xing liehan is really interested in technology.

Sitting in the car, Morita asked with a smile, "Mr. Xing, do you think I'm different today?"

Xing liehan raised his eyebrows slightly and said in a low voice, "Miss Morita would like to introduce the situation of your factory! I'm more interested in this. "

Morita's pretty face was embarrassed, and she quickly smiled, "OK." Next, she handed Xing liehan a piece of information, and she began to show her eloquence.

Xing liehan looks at the data and looks into it.

Morita Misha explains all the way to her family's factory. When she enters, she needs to put on the anti bacteria clothes. Morita Misha takes over the anti bacteria clothes and naturally puts them on Xing liehan's body. "Mr. Xing, I'll help you put them on." Xing liehan reached for his clothes and said to her, "I'll come myself."

Han Yang at one side immediately came to dress for Xing liehan and arranged for him.

With the help of assistant, Morita Misha also dressed up. Her eyes fell on Xing liehan. Even if she was wearing a broad anti bacteria suit, the light on the man's body couldn't be covered, especially his handsome face, thin and sexy lips, which made the woman have a strong impulse to kiss. "Mr. Xing, this way, please." Morita Mi Sha made a gesture of invitation to him.

Xing liehan nodded. Along the way, Sennan Meisha found a technical expert, who talked about technical matters.

Xing liehan's eyes listened attentively, while Morita Meisha's eyes on one side spent more time on Xing liehan.

After visiting the factory, I visited another area in the afternoon. At noon, I had lunch in the restaurant near the factory.

After eating, Xing Lihan calls Tang Siyu at the railings outside the restaurant. He is calling Tang Siyu, because at this time in country m, she should receive the little guy to go home.

"Hello, what's the matter?" The sweet voice of Tang Siyu came.

"Have you received your son? How is he at school today? " Xing liehan asked with a smile.

"It's good. He said he made a new friend, and he asked his new friend to speak Chinese."

"Really?" Xing liehan has a sense of pride.

"Well! Your son has a good relationship. " Said Tang Siyu.

"Of course, this is my son." Xing liehan said proudly.

Tang Siyu couldn't help chuckling at that end. "I'm proud of you."

"How many hours did you practice today? Does your hand still hurt? " Xing liehan asked.

"It's OK. I'll put hot water on it later." Tang Siyu replied.

Beside Xing liehan's phone call, Morita Meisha has been listening for a while. She was just making a phone call behind the pillar. Unexpectedly, she just finished the call and heard Xing liehan's

voice. She stood behind the pillar and listened. Although Xing liehan spoke Chinese, the voice line was also magnetic. Even if she could not understand it, his tone and smile were extremely gentle.

Seems to be talking to his wife! Morita's eyes flashed a deep light.

In the afternoon, Xing liehan did not sit in a car with her, but let Han Yang sit beside him.

Morita Misha has been a little embarrassed by his refusal. She is biting her lips and looking out of the window. She has a bold idea at the bottom of her heart.

If the contract is signed successfully, Xing liehan will leave here soon. She hopes to reach a relationship with Xing liehan, a relationship that she can see him at any time in the future.

And this is not convenient in the relationship, even in the cooperative relationship. If we can establish a more personal and intimate relationship, it is the best.

After visiting the factory in the afternoon, in the evening, Mr. Morita held a private banquet.

Xing liehan and his subordinates are on the list for the banquet, which is the first invitation from the Morita family. Xing liehan naturally did not refuse, and he promised to participate. Morita Misha didn't expect her father would make such a surprise for her. So she had better get close to Xing liehan tonight.

Tonight's dance, she must invite Xing liehan to have a dance. Dancing is a very easy opportunity to promote the occurrence of male and female hormones.

When Morita Meisha heard that Xing liehan would go, she couldn't help but look forward to it.

For tonight's party, Morita must show up in the most amazing way.

## Chapter 662

The banquet was held in a middle hall of the hotel. All the important members of the Morita family attended the meeting. In addition, all the important figures of the project appeared. As the largest investor, Xing liehan's presence was very eye-catching.

Tonight, it is also natural that some people bring their female partners. Those women's eyes are involuntarily attracted by that young and beautiful man.

Mr. Morita asked his assistant, "why hasn't miss come?"

"Miss is on her way. She will be there soon."

"Tell her that Mr. Xing has arrived and ask her to come to accompany the guests."

"OK." The assistant answered.

At the door of the hotel, a luxurious Bentley stops, and the bodyguard quickly opens the back door. Under the dazzling Hotel light, a woman with silver sequins steps down.

Tonight, Morita Meisha is full of female charm, deep V's neckline, showing her proud figure, slim waist, long legs and a delicate face, which can be said to be perfect.

As soon as Morita reached the elevator, two assistants met her and waited for her.

"Here you are, miss."

"Is Mr. Xing here?"

"Mr. Xing has arrived."

"Very well." Morita, with a smile on her lips, stood in the elevator and reached out to lift her long hair. Through the smooth mirror like elevator door, she faintly reflected her delicate figure.

There was a gleam of confidence in her heart.

At the entrance of the banquet hall, two female assistants opened in front of them. When the boy saw her coming, he immediately opened the door of the banquet hall on both sides.

In the dazzling light, surrounded by two assistants, Morita Meisha's figure, like a shining movie star, makes the men and women in front of her eyes bright and can't help but stay.

The men's eyes are dazzled, whether young or old, are fascinated by Morita's aura at the moment, and the women know her identity.

Even if jealous, can only envy in the bottom of my heart, who calls her the only daughter of Morita family?

The charming daughter of heaven.

Morita sat on his seat and looked at his daughter's figure. His pride as a father flashed across his eyes. His eyes couldn't help turning to look at Xing liehan. He hoped that his daughter's beauty could win this man tonight.

Morita Misha pays attention to the eyes of all the people present. Her eyes are so hot and charming. She looks at Xing liehan. She reaches out naturally from the waiter's tray, holds up a glass of red wine gracefully, and walks towards him.

Xing liehan is chatting with a technical expert at the moment. When everyone is attracted by the beauty of Morita, he doesn't look at it.

Morita Meisha came to him step by step and chuckled, "I'm sorry, Mr. Xing, I'm late."

Xing liehan gives her a tiny nod, and his deep eyes touch with the wave light flowing eyes of Morita Meisha. In his eyes, the light doesn't move.

Looking at this scene, Han Yang feels sympathy for Morita Misha. These days, she is looking for all kinds of opportunities to get close to her boss, but the boss's mind is not here at all.

I'm afraid that in this life, no woman has been able to squeeze Tang Siyu out of his position in the boss's heart. No, those women can't attract the boss even if they use all their solutions.

At the moment, Han Yang also thinks Morita mesa is beautiful enough, but he has been with his boss for a long time and is immune to beautiful women.

Xing liehan's dark suit, slender and straight body, concealed a frightening force, which deeply impressed women.

Morita Misha clapped his hands and said to the sound engineer nearby, "it's time for the dance."

The sound engineer immediately understood that the light music immediately changed into the slow three rhythm with a strong sense of rhythm. At the same time, the light on the top of the head also changed from bright to yellowish, and the lighting was shaking. There was a very good atmosphere. A pair of men and women nearby embraced each other and entered the middle dance floor.

Morita Misha put the cup aside and said to Xing lie, "President Xing, would you mind dancing with me?"

Such a moment, as a gentleman, will never refuse a woman's invitation.

Xing liehan is a gentleman, however, scoring situation.

"Miss mesa wants to dance very much?" Xing liehan asked.

"Yes, Mr. Xing won't refuse me!" Morita asked with a smile, her eyes like silk.

Xing liehan looks around at Han Yang. "Han Yang, you are better than me in dancing. You can dance with Miss Meisha."

When Han Yang saw Xing liehan looking over, he felt nervous. As he expected, Xing always used him as a shield. This kind of thing is not twice. Therefore, Han Yang can't jump. In order to help him on this occasion, he went to practice for a while.

Morita's pretty face changed slightly under the light. She smiled, "is Xing always busy?"

"I promised my wife that I would dance with her all my life, so I'm sorry." Xing liehan politely refuses. Han Yang came over. "Miss Meisha, do you mind if I dance with you?"

Morita Meisha's face finally showed her loss. However, she can't refuse Han Yang's invitation now.

Han Yang accompanies Morita to enter the dance floor. Morita's eyes look at the lamplight several times, and Xing liehan, who is still chatting with technical experts, looks at the lamplight.

It seems that he is not interested in her, but in the experts her family has trained.

At the end of the song, Morita Meisha stopped dancing. Han Yang also jumped out of a cold sweat. Now he has no feeling for the beauty.

The dance was soon over, the lights came on again, and the party resumed. Morita Mischa was in the crowd, her eyes couldn't help chasing Xing liehan's figure.

There is always a kind of people can not get, the more want the heart, Morita mesa is like this. Xing liehan's refusal made her want to conquer him more and more. When she watched Xing liehan chat with those experts, she also drank some red wine from time to time. This means that he will drink a lot tonight, even if not drunk, can also affect some of his will.

Morita wanted him to get drunk so that she could get close to him. In the past, the old man of Morita even offered Xing liehan two glasses of wine. In order to show his respect, Xing liehan drank them all at once.

When the old man of Morita finished two drinks with him, he entertained other guests. At the same time, he came to Morita Meisha's face, and his eyes showed a deep meaning.

"Meisha, it seems that you haven't treated Mr. Xing well!"

"Dad, I'll try to greet him." Morita Misha understood what his father meant.

## Chapter 663

In the banquet hall, the guests have been drinking for three times, and the time unconsciously arrives at 9 p.m. Xing liehan is learning from the experts what he wants to know, and he wants to go back to the hotel directly.

"Han Yang, it's time we left." Han Yang, who was accosted by Xing lie and Han Chao, said that Han Yang can't wait to leave. He must have a normal girlfriend though he hasn't married yet.

At this time, not far away, Morita Meisha immediately found out that they were leaving, and she immediately smiled and came over, "Mr. Xing, are you going?"

"Well! I'm a little tired. " Xing lie nodded.

"Then let's go together! I'm just a little tired. I'll go back to the hotel with you. " Morita Meisha bit his red lips. "I'm a girl. It's not safe to go back to the hotel alone."

"The Morita family is not short of bodyguards!" Xing liehan squints his eyes and says.

Morita Misha can't help but secretly annoy. She clearly wants to find an excuse. Is Xing liehan deliberately demolishing her platform and pretending to be confused? "Mr. Xing doesn't mind if I go with you!" Morita said, helping her forehead. "I'm a little drunk. It's time to go back."

"Miss mesa, please help yourself." After Xing liehan finished speaking, Korea and Hanyang, with a wink from the men beside him, five people left.

Behind him, Morita Meisha bites her red lips and calls for an assistant to follow.

When she came out, she thought she could take a car with Xing liehan. How could she know that Xing liehan's car has gone.

Morita Meisha breathed a sigh of depression. The assistant on one side saw her idea and couldn't help but say, "Miss, Mr. Xing is too indifferent to you! Not at all like other men do to young ladies. "

"Other men, I have no interest at all, only he is so interested in me, I am more interested. Do you know how interesting it is to tame a man who is not interested in you?" Morita Meisha is around her arm, with confidence in her eyes.

"Miss, why do I feel that Xing liehan is not like a normal man at all? I watched him for you in the banquet hall all night. His eyes didn't look straight at a woman. He only talked to those experts."

Morita Meisha's eyes flashed a touch of bitterness, "haven't I been looking at it?"

The assistant immediately coaxed her and said, "of course, when you come in, his eyes are still on you."

Morita Meisha naturally knows that this is an assistant trying to make her happy! Her eyes at that time were all fixed on Xing liehan. He didn't look at her at all.

"Back to the hotel!" Morita Misha doesn't believe it. She will tear off his ascetic mask and make him crazy for her.

When she thought about it, she felt a bit of crispness running through her body.

Tonight, Morita Misha also drank a lot of wine. With her drinking capacity, her brain at the moment is between sober and slightly drunk, but it is enough to affect her reason and thinking.

At the door of the hotel, Morita Meisha returned to her room accompanied by an assistant. Facing the empty luxury suite, her heart was empty. I wish there was a man with her at this time.

She immediately thought of Xing liehan next door. He was next door! So close, a wall apart, she had a sense of inexplicable excitement.

She squinted her eyes and made a decision. Maybe she was not bold enough. Maybe Xing liehan's heart was too cold. As long as she was hotter, maybe he would surrender.

She must have known men too well. She can't stand the temptation of women. Maybe he refused her one second ago. Next, he would be passionate.

In the next room, Xing liehan took his mobile phone and calculated the time of M country carefully. It was more than 4 a.m. at that time, so he can't make a phone call until Tang Siyu, and his yearning for her is suppressed.

He edited a regular morning message. He rubbed his brow. He was really tired.

At this time, there was a doorbell outside the door. Xing lie's eyes were dim. At this time, it should not be his assistant or his subordinates. Then, it was Morita Meisha in the next room.

To this woman, Xing liehan's heart, already felt a kind of boredom.

In his heart, any woman who tries to get close to him is doing the same thing, that is, hurting his wife.

A woman who doesn't take his wife seriously is irritating him.

He only wanted to scold the women he knew he was going to meet when he got married, how far away they were.

Once there was a new employee in the corridor of the company, trying to attract his attention. That day, Tang Siyu came to the company to find him.

Just after getting off the elevator, she bumped into this scene. The female employee deliberately threw the information on his shoulder to arouse his attention. Xing liehan's nerves tightened at that moment, and his eyes saw Tang Siyu's clear and clean eyes, slightly unhappy.

The next thing he had to do was to give the girl a cold command, and she was fired. At this moment, the doorbell outside the door, even if he did not get up to open the door, still did not stop, as if the woman outside the door had to motivate him to open the door.

Xing liehan's eyes fell on the door. He got up and stretched out his hand to open the door. Outside the door, Morita Misha was leaning on the door, looking at him with a pair of intoxicated eyes and a smile. "Mr. Xing, I'm sorry to disturb you. May I come into your room and have a talk with you?"

Finish saying, Morita mesa immediately forced into, she turned around, tilted her head and smiled wildly, "Mr. Xing, you won't be angry!"

Xing liehan opened the door of the room, and Junyan said in a deep voice, "Miss Morita, please go out."

Morita Meisha chuckled and shook his head like a wayward child. "I don't want to. I want Mr. Xing to accompany me."

With that, she sat on the sofa and pretended to be drunk. But in her smile, in her eyes, and in her manners, she did all the actions of seduction.

It's a man who should have closed the door for a long time, and then enjoy the night with her unprepared appearance.

Xing liehan's patience seems to be reaching the limit. He bites his teeth and closes the door.

As soon as Morita was happy, she knew that men could not stand her enthusiasm and initiative.

"Miss Morita, the best way for me to sober you up is to cancel this cooperation," Xing liehan said

As soon as Morita's eyes were drunk, she was sober up, and she breathed, "what do you say, Mr. Xing! Cancel cooperation? "

Chapter 664

Xing liehan reached for his mobile phone, with a long and charming body, but with a kind of coldness, he unplugged his assistant Hanyang's mobile phone, "contact the airport, and take off as soon as possible according to the schedule."

"Mr. Xing, do you want to go back? What about cooperation? "

"I cancel unilaterally." Xing lie opens his mouth with cold thin lips.

And sitting opposite to him, Morita Meisha, any amorous feelings at the bottom of her eyes have disappeared, instead of panic and anxiety. She blinked, and did not know what she had done. She wanted this man to announce the cancellation of cooperation suddenly.

"Mr. Xing, where did I offend you? Why did you suddenly cancel the cooperation? Can you tell me why? " Morita Meisha is almost dizzy. In this matter, she also feels the humiliation she has never had. It seems that all the enthusiasm she just showed has become a kind of mockery, like a clown who works hard.

Xing liehan narrowed his eyes, but there was no room to talk about treason and convulsion in his eyes. "Miss Morita's behavior makes me very uncomfortable and disgusting, that's why." Xing liehan has never been so unreasonable and cruel to a woman.

Morita is honored to be the first.

"I I just love Mr. Xing. I want to be closer to you... "

Xing liehan raised his right hand, wearing a plain ring on his ring finger. He said in a cold voice, "Miss Morita, you should know that I'm married."

Morita Misha never had such a sense of shame. She was speechless, "I But Then she went on, "I'll wait on you and do anything. I won't let your wife know. I won't hurt her any more. I just want to spend the night with you." Morita tried to explain.

In this case, it should be very satisfying for men! She thought, surely, this is the most desirable kind of sexual encounter for men, isn't it?

"Miss Morita, if you want to sell it, I may not be willing to buy it."

Xing lie's cold eyes fell on her face. His eyes, like a whip, gave Morita Meisha a few lashes.

Morita Meisha's face is red. She has always been a noble identity. For the first time, she was evaluated as a lowly prostitute.

"Mr. Xing, you are so insulting." Morita Misha gets angry.

"We have an idiom to call ourselves insulted." After Xing liehan finished, the doorbell rang.

He got up and went to the door to open it. Han Yang said with a smile, "President Xing, we are all ready for the salute. We can leave at any time."

Finish saying, Han Yang did not accidentally see Morita mesa, Morita mesa's face is blue and white, where there is any amorous feelings, it seems to be a basin of cold water falling birds.

"Mr. Xing, I apologize to you. Would you please not cancel this cooperation?" Morita Meisha converged all over her body and pleaded with him as a partner. "I have decided. You go back and tell your father that this cooperation is over." In Xing liehan's tone, there is no room to talk about it.

Morita Meisha's face is pale again, because she took the initiative to send the door and lost a huge business, which really can't be more humiliating to her.

"Mr. Xing, don't forget that you have paid 10% of the deposit in advance, which we will not refund if you want to cancel it." Morita Meisha just wanted to try to keep him.

Xing liehan sneered, "that's the research fund I gave you free of charge. You don't need to return it."

Morita Meisha's eyes widened, and he paid tens of millions of earnest money. Didn't he just say no? Why on earth does this man do this? It is clear that there is still cooperation to be discussed, and he is so determined.

"Mr. Xing, may I ask you again why you have so decided to cancel this cooperation?"

"Let me answer for my boss! At present, my boss is also very sensitive to the cooperators. Generally, the character of the cooperators is damaged, or their behaviors are improper. My boss refuses to cooperate. " Han Yang's serious answer.

In this sentence, he slapped Morita Meisha in the face.

Xing liehan turns back to his room and quickly cleans up a gift box.

Morita Meisha really has to leave when he sees him, which means the cooperation is really yellow.

Han Yang pulls his box, and Xing lie's tall and straight figure leaves the door coldly.

Behind her, Morita Meisha gasped, her face turned red, and a sense of shame rose to her chest. She was at a loss.

Xing liehan and his men went to the airport very quickly.

And Morita Misha responded by dialing up her father's phone immediately.

"What did you say? Mr. Xing cancelled the cooperation? Why? " The voice of Mr. Morita was shocked.

"I I don't know. He said cancel it. " Morita Meisha is ashamed to open her mouth.

"How could it be? Tonight, he is very interested in cooperating with us, and he has paid 10% deposit. How can he withdraw from the cooperation? "

"Dad, I'm sorry. It's my fault. I offended him." Morita had to admit it.

"What did you do?" Mr. Morita is very angry and will be able to cooperate with Xing liehan. This is a very rare opportunity."I I tried to seduce him and he humiliated me. He was very angry. "

"You How is this possible? He is a man, you are so beautiful, he can't refuse you. "

"He loves his wife very much." Until now, Morita Meisha understood one thing. All Xing liehan did was because he loved his wife.

He is willing to give up the cooperation for her wife.

In fact, Morita Meisha knows that she seduces Xing liehan. Of course, her ambition is not just to be with him, but to invade his marriage.

And this man, he abandoned the temptation outside, in the firm protection of his marriage.

"Where did Mr. Xing go?"

"He went to the airport."

"It seems that there is no chance to cooperate again." Morita sighed helplessly.

An hour later, in the direction of the airport, a huge private plane rushed into the night sky.

On the plane, Xing liehan is keeping his eyes closed. He and his men are isolated from two rest cabins. At this moment, only Han Yang is with him.

Han Yang looked at the boss around him, and could not help standing in awe. This was probably the man who protected his wife the most.

Before the outside wind and rain invaded his wife, he had stopped the wind and rain ahead of time.

M country in the morning.

Tang Siyu receives the good morning greetings from Xing liehan as scheduled. She chuckles and lies in the quilt. After a silly smile, she gets up again.

Tang Siyu sent his son to school and went to the conservatory to practice piano.

Xing liehan's plane stopped at the International Airport at about nine o'clock. Han Yang arranged everything, and the convoy was already at the gate of the airport.

Chapter 665

Xing Lihan takes the key from the bodyguard and sits in his black sports car, which immediately leaves like a whirlwind.

After passing a flower shop near the Piano Academy, Xing liehan often ordered flowers. He got out of the car and went into the shop and ordered a bunch of Tang Siyu's favorite stars.

Put the flowers on the driver's seat, Xing Lihan goes straight to the front door of Piano Academy.

Tang Siyu is practicing in the piano room. He has played to me very much, and the melody is also very beautiful. The teacher on the other side tapped with satisfaction, followed her rhythm, and slowly danced with her music.

Tang Siyu chuckled, and the sun outside the window came down, beating on her, as if covered with a layer of halo, as beautiful as an angel.

Outside the window, a pair of gentle eyes stared at her.

Xing lie's languid body was leaning against the window. He did not disturb his devoted wife. He listened to her natural sound and drove away all the annoyance in his heart. His mind was calm and soft.

Tang Siyu finished the song. The teacher commented on her and praised her.

At this time, there was a clapping sound outside the door, which scared Tang Siyu. She turned her head. When she saw the man holding the flowers, she stared at him with amazement, and immediately got up and ran to him.

"Why are you back." Tang Siyu asked pleasantly, reaching for his words.

"Xing lie cold Mi Mou smile way," just come back soon. "

"Why are you back? Is the project signed? " Tang Siyu asked curiously. She knew that what he signed this time was a new energy R & D project that he was very interested in, which was also a rare business opportunity in the market.

Xing liehan shook his head. "No signature."

"Why? Aren't you very interested? " Tang Siyu blinked, unable to understand.

"I'm not interested." Xing liehan replied simply, "it's better to stay by your side."

Finish saying, stretch out a hug, press her in the bosom, the teacher of one side sees appearance, smiled, left first.

Tang Siyu was buried in his arms with some shame. He missed him very much after missing him for less than three days.

Xing liehan stroked her long hair and smelled the fragrance of her hair? Lunch together. "

"Well! Good. " Tang Siyu squinted and answered, then asked curiously, "do you really have to sign?"

"There are so many investment problems that I don't want to sign." Xing liehan seriously replied to her, reached out and walked with her to the piano, "how about a piece of cooperation?"

Tang Siyu smiles and nods, sits with him, plays a song they are familiar with, Xing liehan's long fingers strike gracefully, and the two are tacitly United.

The wonderful piano sound is like a pearl plate landing on the ground.

This is probably the harmony between husband and wife!

At noon, in a restaurant, Tang Siyu's eyes flickered with a smile, "I'm still thinking about when you can come back!"

"After that, I'll be by your side." Xing liehan stared at her clear eyes, which seemed to contain stars. These eyes were the cleanest and clearest he had ever seen. He would never let these eyes cry.

"Oh! Good news, heathy is about to give birth. I plan to go back to China to accompany her for a week. "

"Good! I'll go back with you. " Xing liehan immediately agreed.

"Then the son will not be taken, and we will go back." Tang Siyu planned to do the same.

"Well! It's been a couple of us. " Xing lie's eyes were shining with smile.

Tang Siyu immediately realized that he nodded shyly, "well."

After dinner, in the afternoon, Xing didn't leave either. Instead, he waited for Tang Siyu to finish his piano practice in the college and pick up the little guy at 5:30.

The little guy didn't think of it at all. Suddenly, his father came to pick him up.

"Daddy." Far away, from a group of children run happily.

Xing Lihan reached for him and held him high. "I don't think I have."

"Well, yes." The little guy giggled, his face full of the innocence of the child.

Xing liehan kissed the little guy on the face and reached out to his wife, "let's go home."

A family of three went home.

Back home, Xing liehan suddenly returned home, which surprised the family. Xing Yinuo reached out to him and said, "elder brother, what about my gift? Before you leave, you promised to bring it to me! "

"I'm in a hurry to come back. I forgot everything. Tomorrow, Saturday, everyone will send one." The younger siblings and their wives and children in the Han Dynasty.

"Yeah! Daddy is the best. " The little guy is happy.

"Otherwise, let's go to the playground for a day! I really want to go! " Xing Yinuo suggested.

"Good! Some time has not gone. " Tang Siyu is attached.

Xing Yifan raised his eyebrows slightly. "I have no opinion."

"Well, I'm going too." The little guy raised his hand, too. My time with my family is so happy. If there is anything, I will be happy. "All right! I'll go to the amusement park for a day tomorrow, but you all pay attention to safety. " Xing liehan agreed.

In the evening, after three days' separation, Tang Siyu had just taken a bath, and then his strong arm came over and pulled her slender body into his arms.

"Remember what I said last time?" Xing lie asked.

Tang Siyu immediately blushed, and at the same time, he got out of his arms very flexibly.

"I don't remember." Don't remember Tang Siyu.

"I remember." Xing liehan's evil spirit smiled, "tonight, I will let you pay the price."

Tang Siyu immediately hid in the bathroom. Behind him, the man chased her in and put her in front of the washing table. They both breathed a little.

Tang Siyu just raised his head, the man's overbearing kiss fell, the clear breath covered, Tang Siyu's thoughts immediately blank.

I miss him. Now, where can I refuse? Under his fiery package, Tang Siyu felt only a light waist, and the man held her on the washing table.

Tang Siyu is so ashamed, but he is the only one who can make such a mess.

She also won't know what her husband gave up for her and a project he had been staring at for a long time.

In his heart, nothing can be more important than her, even his life.

One night later.

In the morning, all the people who agreed to go to the playground last night are ready. Xing Yinuo is wearing casual clothes, a sun hat and a pair of sunglasses. Xing Yifan is still fresh, and the little guy is also very fashionable and handsome.

"Let's go!" Xing Yinuo leads his nephew out.

After that, Xing Yifan follows, and then Xing liehan leads Tang Siyu out.

Chapter 666

In the playground, Xing Yinuo's happy figure soon appeared beside the thrilling and exciting roller coaster. She is a bold girl, and she is not afraid to experience these.

Behind her, Xing Yifan, who was sent by Xing liehan to protect and take care of her, had a handsome and sunny face, some of which were slightly discolored, and immediately took her up, "don't sit down."

"Second brother, come with me!" Xing YINUO holds his hand and forbids him to leave.

Xing Yifan really doesn't want to play this game. Of course, he is afraid of it. When he sees these projects, he will be very big.

"No, No." Xing Yifan turned away and ignored.

"Second brother, please! Sit with me again. "

"No company." Xing Yifan refused.

However, at this time, his hand was released, and Xing YINUO even went by himself. Hello, Xing YINUO, you come back to me Xing Yifan immediately chased after him.

Xing YINUO is in the last row right now. Xing Yifan looks at a man who is a bit indecent next to him. He has to rush to sit down.

"Second brother, you want to sit!" Xing YINUO asked with a smile on his seat belt.

After Xing Yifan buckled his seat belt, he immediately came to check it carefully.

At this time, the thrilling roller coaster experience began, and Xing YINUO immediately shouted with surprise.

Xing Yifan on one side breathed a sigh. He sat all the way without expression, but when he got off the roller coaster, his face turned white. Xing Yifan held him. "What's the matter? You don't feel like vomiting! "

Xing Yifan stares at her, "I won't accompany you for the second time."

"Second brother, there is a super beauty in front of you. She is smiling at you! Do you want to know each other. " Xing YINUO teased him.

Xing YIFAN glanced at him and the beautiful white girl waved.

Xing YIFAN politely pulled the corners of his mouth as a response. At this time, he took Xing YINUO's shoulder and walked away.

The white girl was disappointed to see them leave, thinking they were just a couple.

"Hello! What do you want me to do? You will be misunderstood. How do you make a girlfriend? " Xing YINUO immediately said to him.

"I'm not in the mood to make a girlfriend. You'll block it for me first." Xing YIFAN said bored.

"Good! Give money, one hundred dollars at a time, this is not free to help you, I also want to sacrifice my image Xing YINUO never forgets to charge.

Xing YIFAN waved her hand. "What image did you sacrifice? Let you play my girlfriend, it's just that I have no vision! "

"Hello! What's wrong with me? " Xing YINUO immediately followed him angrily.

Seeing the fairy tale merry go round not far away, she immediately grabbed Xing YIFAN's arm, "I'm going to make a merry go round. Take a picture of me."

Xing YIFAN was pulled by her. After sitting on it, Xing YINUO put some lovely gestures on it, and Xing YIFAN took some photos for her.

After Xing YINUO came down, she was satisfied with the photos after reading them. Then, she immediately sent today's photos to Wen Liangyao in the form of email. Although she didn't know whether he could see them now, he could receive them as long as he had the Internet.

Now, she will send him some information when she has nothing to do. She will receive his reply almost every other week, and some of his photos will be sent.

Xing Yifan, who is taller than her, saw her sending an email and asked curiously, "who do you send photos to?"

"Brother Wen Liangyao." Xing Yinuo replied truthfully.

Xing Yifan's eyes flickered with a clear meaning. His thoughts on his sister were still clear. Moreover, she would be happy if she could marry Wen Liangyao in the future.

Xing Yinuo then goes to find his nephew Xing Yixi. He is in the children's Park. Here, Xing liehan and Tang Siyu are looking at the little guy. The little guy is surrounded by some beautiful little girls, which is very popular!

Xing Yinuo came and played with him. Xing Yifan came with water and sent it to them.

Little guy played a lot of projects, very happy, at the moment, he is ready to go, in line to do a slide, safety with a little bit of excitement.

"Daddy, Mommy." After the little guy sat on it, he was so happy that his mouth went up and showed two rows of baby teeth.

The long slide rope, Xing Yinuo and Xing Yifan go to meet, Tang Siyu and Xing liehan go for a walk.

After playing in the amusement park for three hours, Xing Lihan booked the restaurant, and the family went to have a big meal. They were tired of playing. In the afternoon, they went home to have a rest.

Tang Siyu also wants Xing liehan to have a rest. He must be tired after his business trip these days.

But Tang Siyu still wondered why he would give up the project he was so interested in!

Moreover, he said in his previous phone call that he might win the contract. It was only one day, and he changed a decision.

Such things would not happen in such a mature and rational way. Except when he was in K country, something important happened and changed his decision.

But Tang Siyu seldom asks about the company's affairs. He just hides this question in his heart and understands it later.

Next, Tang Siyu began to prepare to return to visit Su Xi with Xing liehan.

Country K.

The Morita family, who have been preparing for this project for a long time, has been waiting for Xing liehan to invest and start the latest research results.

But now, Xing liehan quit halfway, which really terrified the Morita family, because this research, looking at the world, is also difficult to find a rich investor.

The old man of Morita is so angry that his beard is white. Since Xing liehan left, there has been some confusion in the whole Morita group.

It's just that we all don't know why there is no good investment?

What happened?

For this point, the most clear thing is that Morita father and daughter, but such humiliating things, naturally can not be spread out.

Morita has been locked in her room for two days.

This is the most devastating time in her life. Since she was a child, she has been playing a joke on such things as feelings. Even if she is herself, she has not taken feelings seriously.

But Xing liehan gave her a lesson this time, so that she knew that, it turns out, not everyone in the world is like her, as long as the woman who delivers the door for free, they will.

Morita Meisha is sitting on her dressing table now. She has been quietly looking at her face in the mirror for a long time.

This face, perfect, even has a charming style, eyebrow tip and corner of eye, are all the charm of men, but why?

Chapter 667

Why does Xing liehan hate her so much? Although she lost the opportunity of cooperation, what she was more hit by was her heart, self-esteem and pride.

What kind of man is Xing liehan?

At this time, her door was knocked, and she walked to open it without expression.

Outside the door stood her father.

"Dad, why are you here?"

"The company is in a mess. What's the use of self pity here?" Morita stares at his daughter and looks angry.

Morita said with a wry smile, "what else can I do?"

"Don't let you lose confidence in yourself just because of a Xing liehan. You are not so bad." Morita still comforts her.

"Dad, you've been married three times. Do you really love your wife so much? Love to refuse all women for them? " Asked Morita's father.

Morita was stunned, and he thought, "I loved your mother, but after her death, I'll find other women, but I just want to have a company, emotion is secondary."

Morita Meisha knew that even if his father loved his mother, he would still be close to other women when he was on the scene. Besides, there were other women when he married again.

Therefore, she is facing her father's life, but also makes her own feelings, there is a playful mentality.

"Dad, what about the company now?"

"What else can I do? All research is suspended until new investors are found. We don't have so much money to support this research. "

"Shall we try again? I'll go to Xing liehan and ask him to consider cooperating with us again." Morita said not willingly.

"Are you sure you want to find him?" Morita eyes a bright, as long as the daughter is willing to ask him, this is a way to save the company.

"I would like to ask him." Morita Misha nodded, unwilling to be treated like this.

"Well, you go!" Morita opens the road.

M country, Tang Siyu received a phone call from Suxi. The doctor said that she may have a baby in these days. Tang Siyu wants to be with her at this time. Her plane and Xing liehan will leave for home tonight.

I heard that I have a younger brother. I'm very happy. I'm looking forward to visiting my parents next time.

Xing liehan has told his family about things at home. In terms of the company, he can deal with them at any time. The protection of his family is the most important thing for him. He will never allow his family to have an accident.

Sitting on a private plane, Tang Siyu feels relaxed. She stays at the moment and worries about how painful it is to have a baby. She has experienced it.

Xing liehan reaches for her shoulder, and Tang Siyu nestles in her arms. Such a close time for the two is rare.

Domestic.

At the Royal Hospital, sushi is already in hospital, the best hospital in the country. At the moment, sushi, accompanied by Wen lichen, is walking by an artificial lake beside the hospital. She is going to have a baby soon. Her mood is calm, but the people around her are holding their nerves secretly and dare not relax.

"Tired or not, do you want to sit down and rest?" Wen lichen was afraid that she was tired. Her stomach was not big, but in his eyes, she was very lucky.

"No, I can walk. It's good for production. I'll walk with you." Susie took his hand and walked on.

Wen lichen sighed and watched the road ahead all the time. He reminded him of the uneven ground.

The old people on both sides of Wen's family also come to the hospital on time every day to visit and send delicious and various comforts.

Suqin is now a pregnant mother of four months. Because she is inconvenient to come here every day, she can only call for questions every day.

Susie felt very happy. At this time, all the people she loved and cared about were there.

Tang Siyu also came back specially to accompany her, she was more happy.

"Ouch! I have a tight stomach. I'll stand. " Sushi covered her stomach and felt a contraction before delivery. At this time, as long as the tightness passed, she would be OK.

Wen lichen took her hand nervously, "I will accompany you back."

"Don't worry, the doctor said. It's normal." Sushi comforted him.

Wen lichen has been walking all the way these days. As long as something happens to her, her nervous heart is hanging. I'm afraid it's the most tense time since he was born.

He has both the joy of being a father right away and the strong worry.

No matter what, this time sushi will experience a physical pain. At this time, sushi just wants to eat and sleep well. Fortunately, her body has not changed much, but she has a big stomach. Now, she is also worried about losing weight in the future.

As an actress, she has a very good control over her body.

At about five o'clock in the morning, Tang Siyu and Xing liehan's plane landed. Wen lichen sent a special car to pick them up and return to the hotel. Because their villa had not been cleaned in advance, they could not live in it for the time being. At eight o'clock in the morning, Tang Siyu can't wait to come to the hospital to accompany sushi.

Two girls were chatting in the room, and two men came out first.

It's not convenient for men to be present when girls are talking.

"Siyu, then, you have to tell me how to get back in shape. I'm nervous about that." Tang Siyu road in Suxi Dynasty.

"Don't worry, I was a little fatter than you at that time. When you have a baby, you will find that you have lost weight unconsciously."

"Really? It's more amazing than going to the gym? "

"Yes! My own experience. " Tang Siyu comforted.

When sushi heard of such benefits, she was more relieved. She took a deep breath and a face. Because she was pregnant, she also had a little baby fat, which made her look more girly.

Sushi has been talking with her for a few days, and may be red at any time. But Tang Siyu accompanied her for a while, and then sushi felt it.

As soon as she was happy, she got out of bed, went into the bathroom, and saw that it was red, which meant that she was about to give birth.

"Siyu, it's red. Will you accompany me in a moment? As long as you accompany me in. " Suzy said to her.

"Really? Then you are going to have a baby! Take it easy. "

Suzy took a deep breath and smiled. "I'm not nervous. I'm looking forward to it! In this way, I can meet the little guy in my stomach. "

"Don't you want your mother with you?" Asked Tang Siyu.

"Don't let her in. She's old. I'm afraid I'll be hurt. She'll worry too. Let them wait outside! You accompany me to go in, have you in, I am not afraid of

"Well, I'll be with you." Tang Siyu nodded, got up, opened the door, and said to Wen lichen, "Suxi is red. She should have a baby soon. Please let the doctor come."

Wen lichen walked quickly to the doctor's office.

## Chapter 668

Soon the midwife's doctors and nurses arrived. They gave Susie some precautions before giving birth, and said some topics that made her relaxed and comforted her.

They told Suzy to lie in bed and wait for the chance to enter the delivery room.

Sushi's parents and parents-in-law are here. They are very excited and looking forward to hearing the news.

Wen lichen's heart string was tight. Xing liehan looked at him and patted him on the shoulder to comfort him. At the same time, he could not help thinking of Tang Siyu's birth of a son in a foreign country alone, and his heart filled with a strong layer of guilt.

At that time, how frightened was she when she gave birth to her children alone? I hate that he didn't accompany her.

Tang Siyu came to him and said softly, "I will accompany Xi Xi into the delivery room in a moment, and you will wait outside the door."

"Can you?" Xing liehan holds her hand and worries about her.

"I'm ok. I've come here. What else am I afraid of?" Tang Siyu laughed.

Wen lichen accompanies Su Xi. Now Su Xi begins to suffer from antenatal pain. Su Xi is afraid of pain since she was a child. At this moment, she has a cold sweat on her forehead, but she doesn't hum a word.

Strong oneself is standing, Wen Li Chen reaches out to wipe sweat for her, gentle way, "ache cries out."

Sushi shook her head. "It's OK. It's just a pain. I didn't expect it to hurt so much..." Suzy's eyes were red and probably hurt again.

Wen lichen's eyes were also astringent. He held her hand tightly. He felt that she held it tightly. From the shaking in her hand, he could feel her pain at the moment.

In the presidential palace, Suqin received a call from her mother. Hearing that her sister was about to give birth, she naturally wanted to go there. She called xuanyuanchen and asked him to send a driver to take her there.

Xuanyuanchen hears a trace of anxiety in her voice line, he immediately comforts a way, "don't worry, I come to accompany you to go immediately."

"Are you going?" Su Qin was slightly surprised.

"Well, I'll go with you." Xuanyuanchen doesn't trust her either. Naturally, this time, it's a family event. As a member of this family, how can he be absent!

"Good." Suqin replied.

After a while, xuanyuanchen's special car arrived. Suqin sat next to him, and his motorcade headed for the Royal Hospital.

When Suqin arrived, Suxi was still in agony. People around her turned in to comfort her and take care of her. Now, when Suqin arrived, she and Tang Siyu were by her side.

In the corridor outside the window, three men gathered and waited anxiously.

This tension makes xuanyuanchen nervous, because his wife is the next one to experience this moment.

Su Qin was in pain until about 5 p.m. and was finally pushed into the delivery room, accompanied by Tang Siyu. Outside the delivery room, everyone was waiting.

Suqin is sitting in the waiting room next to her. She is also pregnant now, so try to be calm.

Xuanyuanchen sits beside her, holding her hand from time to time, because Suqin is really nervous at the moment.

"Don't worry. There are the best midwives here. They are very professional." Xuanyuanchen comforts.

Suqin nodded. At this time, she could only wait for the news from the delivery room.

Although there is sound insulation in the delivery room, the sound of Sushi's pain still comes out. Outside the door, Wen lichen's handsome face is tight, his fist is clenched tightly, as if he would rush in at any time.

At this time, Susie experienced what kind of pain, his heart has more pain.

At the door, everyone is silent. At this time, everyone's heart is in the delivery room.

Su Boyan's father and Wen's family are both old.

After an hour of pain, sushi finally succeeded in giving birth, and the baby was born very clean. A little face that cried red could be seen, with beautiful features.

After cleaning the children, the nurses wrapped them in white towels and carried them out.

When Wen lichen pushed the door open, he rushed to the first place. The nurse handed the child to him. "Mr. Wen, the child is very healthy and beautiful."

Wen lichen lowered his head and looked at his son deeply. He held the child to Li Qian behind him. "Mom, you hold the child. I'll go in to see sushi."

"Mr. Wen, wait a moment. You can't go in at this time. Miss Su needs a little more time to come out. She's OK." The nurse stopped him.

Wen lichen's heart is crazy. At this moment, he will be stopped. He can only wait through the door.

Li Qian is holding her grandson behind her. She is overjoyed. Of course, she also loves her daughter.

The two old Wens are on the side. They are also excited and crying. The first child of Wens!

Suqin heard the voice, and xuanyuanchen came out of the rest room, looking at the little guy in her mother's arms, her heart would soften.

The little guy doesn't cry anymore. He is looking at the world with his big eyes!

There are people around the gentle laughter, blinking eyes, feeling the breath of family. Su Qinhong's eyes turn to look at Xuanyuan Chen. Xuanyuan Chen chuckles at her. Soon, their children will be born.

Xuanyuanchen looks at this lovely little guy, showing the color of envy.

At this time, Susie was pushed out. She was tired, pale and tired.

Wen lichen leaned down and kissed on her sweaty forehead. Her eyes were full of heartache.

Sushi had just gone through a pain, at the moment, looking at his eyes, she felt that everything was worth it.

Li Qian comes over with the little guy in her arms and gives her a look. Su Xixin smiles and finally meets the little guy.

Susie sent him to have a rest. The little guy was taken care of by the nurses. Wen lichen was at the bedside now.

Tang Siyu and Xing liehan are in the rest room. Tang Siyu sees the birth of the baby. She goes to Xing liehan and says, "I really want to have another baby."

"Are you not afraid of pain?" Xing lie asked in pain.

"I'm not afraid. As long as the baby is born safely and healthily, I'm not afraid of any pain." Tang Siyu said firmly.

Xing liehan hugged her, "we can also go surrogate to avoid your pain."

"No, our own children. I want to have my own." Don Siyu didn't want to do this.

Xing liehan looks at her helplessly, "OK, according to you."

In the lounge, the child came out again. The little guy just came to the world, but he was very energetic!

Suqin finally hugs her little nephew, and xuanyuanchen smiles to tease him.

"It's lovely. It looks like Li Chen." Suqin said with a smile.

"The eyes are like Heath." Mrs. Wen laughed, too.

"It's beautiful." Suqinzan said.

"When your child is born, it will be so beautiful. The child is a collection of parents' advantages." Mrs. Wen replied.

Chapter 669

Country K, the news of Xing liehan and Tang Siyu's return to China, also passed to the ears of Morita Meisha, so she came directly to their country.

In the first-class cabin, she took her assistant and several bodyguards with her. She came here to find Xing liehan. The main thing was to talk about cooperation again.

Xing Lihan's sudden exit made her family company lose a lot. She tried to save the situation.

The plane arrived at city a in China in five hours. Morita Meisha came out of the airport and looked at this prosperous country. She knew that this was the place where their country could not be compared. She was more determined to reach cooperation with Xing liehan.

"Get in touch with Mr. Xing liehan as soon as possible. Let's go back to the hotel for the time being." Morita said to her assistant.

"Yes, we are contacting his assistant."

"It has to be fast." Morita Meisha urges again, at this time, there are two suit men passing by, their eyes show amazing color on her.

Morita Meisha's heart immediately filled with a layer of pleasure, and she knew that she was just pouring cold water on Xing liehan. She was still a charming woman in other men's eyes.

Susie lives in the hospital for the time being. She is very tired after giving birth. She knows that the child is taken care of and can rest at ease.

The next morning.

The child was handed over to a professional nurse to take care of. Wen lichen was almost always at Sushi's side, taking care of her. But there were some things that he was not easy to deal with as a man. So, Tang Siyu accompanied her and took better care of her.

It's been more than ten hours since she came out of the delivery room. Wen lichen is all in his wife's body. At this time, in the quiet early morning, sushi is still sleeping, and Tang Siyu is guarding her.

Wen lichen went to the nurse station and looked at the little guy lying on the soft bed. His heart was immediately soft. His eyes were filled with the excitement and excitement of being a father, as well as the pride and responsibility of being a father.

Accompanied by the old man Wen said, "I gave the child a few names and wrote them down. In a moment, you let Suxi choose one and see what it's called."

"Good." Wen lichen nodded and answered. He reached out his hand and gently put it on the little guy's little hand. That little hand immediately and forcefully grasped one of his fingers. The little guy waved his little arm and seemed very happy.

"It's very exciting. In your mommy's stomach, are you so energetic?" Wen lichen asked with a low smile at his son.

The little guy blinked his eyes and fluttered twice. When the nurse came here, she was going to take her to feed milk powder. Because Suxi had just produced milk and had no milk water, so the little guy had to drink milk powder first.

Sushi opened her eyes and felt refreshed. Looking at Tang Siyu, who was with her, she was in a better mood immediately.

"The little one didn't cry!"

"Fortunately, I didn't cry much. Besides, I just went to see it. I'm full of spirit!" Tang Siyu replied with a smile.

Sushi's eyes flashed with the light of maternal love. At this time, the nurse and Wen lichen came in together. In Wen lichen's arms, she held the little guy carefully. In the white towel, the little guy just fell asleep.

At such times, it's best for a child to stay with his mother, because it's a sense of peace from his mother's birth.

The little guy fell asleep on Sushi's side, and sushi looked down at his son. "It's not like me at all."

Wen lichen smiled and comforted, "eyes like."

"Children are more like fathers. You can see my son." Tang Siyu said with a smile.

This point, Suzy really can't refute, but she would like to have a son like Wen lichen, because he is the most handsome in her heart.

"Siyu, go back to have a rest first! You came back to the hotel late last night. Now the car is waiting for you at the door. You can come back after a rest. "

Don Siyu nodded and said to sushi, "then I'll come this afternoon."

"Well." Susie nodded. It was hard for her.

Next to the hospital downstairs, on the back seat of a black Rolls Royce, Xing liehan is working. His assistant Han Yang is sitting next to him. His mobile phone rings.

He took a look and reached for it. "Hello."

"Hello, assistant Han. I'm miss Morita's assistant. May I ask if Mr. Xing has time? Our young lady wants to talk with him about cooperation again. "

Han Yang is slightly shocked. Unexpectedly, the Morita family didn't give up. He politely replies, "I need to report this to my boss."

"Yes, please. I'll wait for your reply."

Han Yang Hung up and turned to Xing liehan road in the back seat. "Mr. Xing, I just got a call from the Morita family saying that I want to talk about the project with you again."

Xing lie did not look up. "Tell them, I have no interest in it."

"OK." Han Yang did not dare to ask again, so he got out of the car and answered the phone. In the hotel, Morita Meisha is standing beside the assistant. Listening to the assistant's tone, her heart is sinking. Is Xing liehan so desperate? No chance?

After the assistant answered the phone, he was helpless and said, "Miss, Xing liehan replied, saying that he was not interested."

"No way. When he talked with us at the beginning, he was clearly interested. He could not be uninterested. He was very interested in new energy. I am sure he would not give up like this." Morita Misha is biting her lips.

As a businessman, it is impossible for him not to value the profit. Moreover, it is a business that he can make without loss.

"Check for me to see where he is. I can go to him myself."

"This will take some time."

"I can wait, wait for the chance to meet him." Morita mesa will never give up.

Just then, her cell phone rang. She picked it up and looked, "Dad, what's the matter?"

"I was invited to a banquet in a city. I believe Xing liehan will definitely attend."

"Dad, you're so sure he's going to dinner?"

"It was held by his father's close friend. I happened to have cooperation with this banquet host. I have asked you to take my place. You can meet Xing liehan and Meisha at the banquet, depending on your performance."

"Don't worry! Father, I will not let you down. " Morita's confident answer.

At the door of the hospital, Tang Siyu just sat in, Xing liehan's eyes left the information, put the information aside, and looked at her tenderly, "not tired! Is Susie OK? "

"She's fine. Li Chen is taking care of her. I'll come to see her this afternoon."

"I decided to stay in China for a few more days. There are some things to deal with. Oh! I also have an invitation to the party. You will accompany me. "

Tang Siyu smiled, "OK! I can also adjust my mood when my son is away. "

#### Chapter 670

In the afternoon, Tang Siyu came to visit Suxi. Suqin was also there. The three young girls began to talk. The atmosphere was very pleasant. Suxi had just finished the production, and what she needed most was family and friends around. Now, she was in a very good mood.

At the moment, Wen lichen is with his son again. He looks like he's had a good sleep and is kicking his legs and waving his small hands. With a smile on his lips, he reaches out and touches his small face. His tender skin makes him dare not use even a little strength.

And the little guy began to turn red. He must be a fat boy. He would be very cute.

In the past three days, sushi continued to take care of her body in the monthly center of the hospital. Moreover, now that the baby has started breastfeeding, sushi looks at the baby in her arms as if the whole world is gentle.

This evening, when Tang Siyu accompanies Xing liehan to the party, she has already selected the evening dress or something, and only needs to change to attend.

As she had to stay for a few more days, she had the villa cleaned. Now both of them lived in the villa.

I still feel the most comfortable in my home. It's like the weather in May, the climate is warm, and the sunset in the evening is colorful. It's about five o'clock at the moment.

Tang Siyu has changed his evening dress and stood in front of the balustrade on the balcony, enjoying the beautiful sunset.

Behind her, Xing liehan is still waiting for him because of her work.

Tang Siyu was so fascinated by the sunset that the old man behind him came and didn't find out.

Until a pair of strong arms around her waist, her neck, is a man with a sense of confusion and love of low breath.

Tang Siyu's long hair was lifted by him, and his fiery kiss burned several pieces on her neck.

"Well! What are you doing! Get dressed. " Tang Siyu is laughing and hiding.

"You are too beautiful for me to hold." Xing liehan panted and said that he had just entered the door.

I can see that with sunset as the background, her slim figure is in the perfect evening dress with waist tied, and all his desires are stimulated in one second.

If time is still available, he really wants to let her go.

"Well, the party starts at half past six. It's five now. Come on. At night Yeah! Say it at night. " Tang Siyu's breath was a little delicate because he took a deep sip on his neck.

This sucking, Tang Siyu's neck, left a visible red mark.

However, Tang Siyu didn't find out, but Xing lie's cold eyes flashed a bad smile, and she didn't dare to let her find out, otherwise, she would definitely annoy him.

"OK, I'll change." Xing liehan goes to pick out a formal suit.

Tang Siyu soon heard footsteps behind her. She looked back. The handsome and dignified man behind her was so handsome that her heart beat faster.

Dark suit, wrapped in his perfect body, a handsome face than when she first met him, more a mature and stable charm, this man seems to be in time, more mellow and charming.

Tang Siyu swallowed his saliva, facing his own man, she tried to resist the idea of narcissism.

He had an idea just now, so she didn't dare to show it. Otherwise, he found that the door could not be opened.

Xing lie comes forward and reaches for her hand. "Let's go!"

Tang Siyu goes out with his arm in his hand and arrives at the garage. Xing Lihan picks up a black sports car. After two people sit in it, they go straight to the party.

In a five-star hotel not far from the banquet, Morita Meisha has made up for the mirror. Now she has turned into a delicate makeup. She is looking at herself in the mirror vaguely, wearing a diamond necklace and bright red lips, which makes her whole human beauty very aggressive.

It belongs to the kind of woman who makes a man have the desire to conquer. She knows Xing liehan has returned home with his wife, so she is likely to see this woman tonight.

Before, in order to cater to Xing liehan's likes, she turned herself into a pure look. However, she knew that only by keeping her own style could she be more charming.

So tonight, she dresses up as she wants.

At the moment, she is in a red dress, warm, wild and hot.

She looked at herself with satisfaction, lowered her head, and looked at the time on her watch. It was time for her to start.

She picked up a black sequined bag on the table and said to the assistant, "let's go!"

"Miss, how beautiful you are tonight! I'm afraid all the men in the audience will be fascinated by you! "

Morita Meisha chuckled, "what I want, as long as a man can look me in the eye, others, don't need."

"Miss, are you still thinking about Mr. Xing?"

"This man can't be ignored." Morita Meisha sighed. Even though she was humiliated by him, she still couldn't hate him, and even thought he was charming.

His affection and firmness for his wife attracted her, which made her envy and envy his wife. In this world, the most rare thing is a man's heart, or the heart of such an excellent man. She also wants to know this woman well tonight. She needs to know what charm she has, which fascinates Xing liehan. Outside the banquet hall, there are lots of luxury cars. Those who attend the banquet tonight are either rich or expensive.

Tang Siyu takes Xing liehan's figure and steps in gracefully. As soon as he enters, several familiar business faces greet them.

Tang Siyu also knew her, nodded and smiled, and Xing liehan led her to the direction of the organizer, who was an elder with a very good relationship with his father.

"Uncle Yang, long time no see." Xing liehan smiles.

"Liehan, it's hard to meet you back home. I'd like to welcome you."

"It's a great honor."

"Your wife is still so beautiful, beautiful and moving. You have to drink your wedding wine last time. The young people around me are envious!"

"Thank you uncle Yang for your praise." Tang Siyu chuckles.

"OK, you are free. First, I'll take care of the guests."

"Uncle Yang, go to work! We will greet ourselves." Xing liehan answered, two people brought a glass of red wine, and soon some business people who knew him gathered around, but Xing liehan

didn't return home for a long time. It's rare for him to have such an opportunity. He is willing to flatter his people, so he won't let it go.

At this time, at the door of the hall, Morita Misha submitted the invitation card, and she and her assistant entered the hall successfully.

Sure enough, there are many young beauties here, but when Morita Misha entered the door, he attracted many men's attention.

Her eyes are searching for Xing liehan's figure in the crowd. Her eyes are sharp, and she finds the most outstanding figure in the group of men and women.
