Chapter 671

By his side, as expected, he nestled up to a thin and charming figure of a woman. At this time, Tang Siyu fell into her eyes with a side face.

Tang Siyu is chatting with a lady. Her delicate and sweet side face exudes a charming style.

Morita Meisha's eyes flashed a flash of consternation. The woman's whole body exuded an air that made women feel comfortable. Her smile was sincere and serious.

Just looking at her from afar will be attracted by her warm feeling.

She is Xing liehan's wife, a woman named Tang Siyu.

"Miss, Mr. Xing is over there. Would you like to go and say hello?"

Morita Meisha came here this evening to see Xing liehan. She naturally wanted to go there.

However, it's not when he chats with others that he interferes in impolitely.

So she took a glass of red wine and waited for Xing liehan to finish talking with his friends.

A lady who was chatting with Tang Siyu was a woman in her early thirties who liked to watch during the party. Her eyes soon noticed Morita Meisha in a red dress.

Because of Morita's dress, she asked Tang Siyu, "look at that girl. Who is she going to seduce here?"

Looking for her eyes, Tang Siyu saw the very eye-catching woman standing in the crowd. As a woman's eyes, she really dares to wear some, and she exudes a kind of confidence.

Tang Siyu has seen this kind of thing now, and it's nothing. She smiles and doesn't talk.

"Siyu, let's go to eat something." Xing liehan took her hand and leaned over her ear.

Tang Siyu nodded, "OK!"

Two people then came out from the conversation crowd, not far away Morita mesa found out naturally, she immediately turned her back and put the money to walk.

Xing liehan raised his eyes and noticed her. He narrowed his eyes.

"Nice to see you again, Mr. Xing." Morita mesa blocked his way and looked at him happily.

Tang Siyu is slightly stunned, looking at the woman standing in the way.

"Mr. Xing, our miss is very sincere to come to you. I hope you can talk with her."

"I'm not free." Xing lie coldly refused, holding Tang Siyu's hand, and changed it to take care of it.

He took Tang Siyu and left.

After that, Morita Meisha immediately followed up, communicating in English behind him, "Mr. Xing, would you please listen to my explanation? I really want to talk to you seriously. We didn't give up our intention to cooperate with you. "

Xing liehan holds Tang Siyu's hands. He feels that Tang Siyu's steps are a little weak. He says in a low voice, "don't care."

Xing Lihan and Tang Siyu enter the dining area, and Morita Meisha follows behind them. Tang Siyu picks the food in the self-help area with a plate, and Xing Lihan is with her.

"Would you like to talk to her? Does she have anything to do with you? " Asked Tang Siyu, looking up.

"I have nothing to talk to her." Xing liehan replied, squinting her eyes.

Tang Siyu turns to look at the woman who follows her. She can't help wondering about her identity. She sits next to the window with a plate on her hand. Xing liehan also sits down on the opposite side. Morita and her assistant are still in the dining area.

"Who is she?" Tang Siyu asked Xing liehan in the opposite direction.

"Her name is Morita mesa, the daughter of the boss of the project company I went to K country to discuss this time. Because I refused to cooperate with their company this time, she was unwilling to find here."

"Then why do you refuse to cooperate with their company?" Tang Siyu finally asked curiously, because this matter has been in her heart, she also wants to know the reason.

"Because I'm not satisfied with their company's research." Xing liehan answers in a low voice.

At this time, Morita Misha was sitting at the table next to them with the dinner plate.

Morita Meisha looks at Tang Siyu and smiles at him. "Hello, Mrs. Xing. Nice to meet you."

"Hello." Tang Siyu responded politely.

"Mr. Xing, can you give me another chance? Last time it was my fault, I apologize to you. " Morita Misha apologizes seriously.

Xing lie stared at her with cold eyes. "Miss Morita, I've made it very clear about the cooperation. If you keep pestering, there won't be any result."

Morita Meisha's face changed slightly. Xing liehan was really cold. He didn't even give a chance.

"I sincerely cooperate with you. Please give us a chance. I promise nothing will happen again." Morita Meisha doesn't give up.

Xing liehan really gave up this cooperation now, even if it is no use to ask again.

"I can tell you clearly that I will not cooperate with you. Please let Miss Morita tell your father and ask him to find another investor." Xing liehan's firm opening.

Morita Meisha thought she had a chance, but unexpectedly, she still came here for nothing, and she still felt a kind of shame, because this cooperation broke down, or her reason. "Mr. Xing, you can't be too ruthless, but you will get into trouble." Morita Meisha's eyes also flashed a hint of hatred. She could not seek his cooperation, and naturally wanted to vent her resentment of being humiliated by him.

Xing liehan's eyes sank and a warning look came.

Tang Siyu feels that Xing liehan is angry. She looks to Morita Misha beside her. "Miss Morita, my husband's meaning is too simple to understand. Please go back!"

Morita Meisha's eyes looked at Xing liehan, and she turned to Tang Siyu again. She laughed, "Mrs. Xing, you don't want to know why we failed to cooperate?"

Xing liehan has a bad premonition. He feels that Morita Meisha will report defeat at this moment. No matter what she wants to say, his wife is directly injured.

He got up and said, "Siyu, let's go."

Tang Siyu was stunned for a moment, and Morita Misha said, "Mrs. Xing, did Mr. Xing tell you that he was received by me all the way in country K? You don't want to know what happened between me and him? "

Morita's voice, with a kind of enchantment, is very uncomfortable.

As if she was hinting what happened to her and Xing liehan.

Tang Siyu's heart was really tense. Her eyes looked at the woman in front of her. Morita Meisha was wearing sexy clothes today. Now, she held her chest slightly, showing her more proud place. "Mrs. Xing, if you are interested, I can tell you!"

"Morita mesa, I warn you, dare to talk nonsense again, I will let you pay the price." Xing liehan clenches his teeth warning.

"Mr. Xing, are you afraid? Afraid to let your wife know about us? " Morita Misha is a little out of his mind at the moment.

Chapter 672

Tang Siyu frowned and looked at the woman who gave her a provocative breath. Her husband's tense face was also full of anger.

What happened to them in country K?

Morita Meisha was eager to talk about this cooperation. Now, Xing liehan's resolute attitude angered her. She used to be a person with strong self-esteem. In addition, Xing liehan suddenly humiliated her that night, which made her unbearable.

Her mind is out of control and she can't be expected to calm down.

"Liehan, don't you want me to tell you Mrs. Xing about the wonderful night we spent in K country?" Morita's red lips nibble, eyes like silk, it makes people think about it.

Tang Siyu's heart was immediately tightened by the wire. She held Xing liehan's hand and inexplicably tightened it. Liehan? How dare this woman call her man that?

"Morita Misha, you're enough. If you dare to talk nonsense again, I'll make your whole family pay the price." Xing liehan's face is sinister, and his tone is full of strong warnings.

Although Morita Meisha was afraid in the bottom of her heart, she wanted to let her clear eyes dye with hatred for Xing liehan when she saw the shock in Tang Siyu's eyes.

Xing liehan refuses her for this woman. She has a kind of malice. She wants to make Tang Siyu feel resentful for him.

"Liehan, I'm really sad that you said that. We had a good time that night, didn't we? Did you forget what you said you liked about me? "

Morita Meisha reached out and stroked the couple in front of her chest, and her eyes were just as deep as bones.

Tang Siyu's breath smothers, Xing liehan's arms hold her shoulders. "Let's go."

Tang Siyu's thoughts are blank. In his mind, there are all the charming faces of the woman just now and the provocative smile in her eyes.

Xing lie takes Tang Siyu with him to a lounge on the first floor, pushes him away, and helps him to the sofa to sit down.

"Siyu, listen to me." Xing liehan squats in front of her, holding her hand tightly, looking at her trance eyes. He knows that Morita's words still stimulate her.

Tang Siyu reached for his hair and stared at his anxious face. She nodded softly, her voice was hoarse. "OK, I'll listen."

Xing liehan looked at her in such a state, his heart was aching.

"Don Siyu stretched out his hand and pulled him," he said sitting

Xing liehan sits next to her, holding her shoulder in both hands and letting her face him.

"Her name is Morita mesa. I didn't have any relationship with her during my business trip to K country. I refused to cooperate with her company. Her words just now deliberately caused your misunderstanding. She intended to revenge me." Xing liehan looks at her face nervously and says this.

Tang Siyu is biting her lips. She believes him. She just hasn't figured out one thing.

"Do you refuse to cooperate with her company just because you are not satisfied with the research of her company? Just now I heard her say that she apologized to you. What do you mean? " Tang Siyu looked at him seriously and asked for the answer.

Xing liehan didn't expect that Morita Meisha would catch up with her, not to mention that she was vicious and would retaliate in this way.

"The reason why I refuse to cooperate with his company is not that I am not satisfied with the research, but that I am disgusted by Morita's behavior." "I don't want to cooperate with such people very much," said Xing liehan, twisting his brow

Don Siyu blinked. "What did she do that you hate?"

Xing liehan didn't want to talk about it again. At this moment, facing Tang Siyu's inquiry, he tightened his eyebrows and said coldly, "when I was in country K, she was trying to seduce me. After I refused, she was drunk at a banquet and wanted to enter my room. That night, I told her directly to cancel the cooperation. That night, I would go back to country M Yes. "

Tang Siyu slightly gaped, "that day you suddenly returned home, is it because of this matter?"

"Siyu, do you believe what I said?" At the moment, Xing liehan is most worried about her mind. Did she misunderstand what Morita Meisha said just now?

Tang Siyu nodded and said without hesitation, "I believe you."

Tang Siyu believes in him and that his man will not betray him.

At the moment, Xing liehan's heart is still tense. He really hopes that this matter can make Tang Siyu have no doubt from the beginning to the end.

"I can let Han Yang come here. He knows everything. That night, Han Yang was there."

Tang Siyu squinted and smiled, "no, I believe you."

Xing liehan clenched his fist tightly and said angrily, "I will let her pay the price."

"I want to talk to her," thought don Siyu

"You want to see her?" Xing liehan's heart is tense again. Morita Meisha is talking nonsense now. He can say anything.

Tang Siyu chuckled, "don't worry! I'm just talking to her. " After that, Tang Siyu stood up to go out. Xing liehan immediately followed her anxiously and clenched her hand as soon as she went out. Morita Meisha hasn't left yet. She finally came into the upper class circle here and naturally wants to attract some more powerful investors to join her family company.

At the moment, she is chatting with a man, and the wife beside the man is also there. Her face is gloomy, but his husband obviously doesn't find out.

Morita Meisha's eyes naturally want to conquer this man with personal charm.

She was flirting with all sorts of little movements.

Tang Siyu stands not far away and looks at it. She has experienced so many things. She is good at seeing people. At this moment, it is the most common way for Morita to face men.

She fully believed how she wanted to seduce her men in K country. What she was touched by was Xing liehan's strong love for her, which made these scheming women have no chance to take advantage of it.

"Siyu, don't go." Xing liehan advised in a low voice.

"It's OK. I'll talk to her and wait for me here." Tang Siyu is not a woman who hides beside him.

It's the best thing for her to solve this problem herself.

Tang Siyu with a glass of red wine, she walked to the side of Morita mesa.

Although Morita Meisha has a kind of aggressive beauty, Tang Siyu's artistic beauty is not inferior.

"Miss Morita, is it convenient to talk?" Tang Siyu asks questions in fluent and pure English.

Morita Misha turns around and sees that Tang Siyu is looking for her. She is shocked at once. Looking into Tang Siyu's smile, she can't guess her intention.

Chapter 673

"What can I do for Mrs. Xing?" Morita Misha looks at her with a little precaution.

Tang Siyu's eyes are full of sharp breath. "You just say what happened with my husband. As his wife, I think it's necessary to talk with you."

Morita Misha is shocked. Shouldn't Tang Siyu find a place to hate, wipe his tears and cry?

How could she talk to her so rationally and calmly? Morita Meisha looked up and saw that in the crowd not far away, Xing liehan's eyes looked at this side like a wild animal.

Looking at his beautiful appearance, she suddenly had an interest. She raised her eyebrows and said, "OK! Then talk! "

"There are few people on the balcony. Go there." Tang Siyu finished, took the lead to the direction of the balcony.

Behind her, Morita Mei Sha squints her eyes, interwoven with her still some vicious thoughts.

Tang Siyu stood by the column beside the balcony and looked at Morita Meisha who had come here.

"Miss Morita, as a businessman, I don't think your means are very bright."

"What do you want to say?" Morita mesa stares at her.

Tang Siyu looked at her with clear eyes. "It's like just now you were just talking and laughing with that gentleman. Did you notice his wife?"

"What?" Morita frowned. "I only talk to that gentleman. It has nothing to do with his wife."

Tang Siyu sneered, "that is to say, the wife can become his wife. I believe she definitely has a certain position in the family. You just ignored her and still showed off your amorous feelings to her husband in front of her. I think, as long as she said a few words to her husband, you have lost one third of your chance."

Morita immediately disagreed. "How do you know she has the right to speak?"

Tang Siyu really knows that this is some of the benefits she usually gets from her participation in the upper class society. She said calmly, "because as far as I know, this lady's family background is stronger than her husband's. in today's big family, most of the marriage relationships, you can't ignore the wife of any man who has a family."

"What do you want to say?" Morita's face turned red. Although Tang Siyu's words didn't fight against her, they were just teaching her a lesson and mocking her means.

"Then talk about you and my husband! Can you elaborate on what happened between your births? " Tang Siyu's eyes twinkled sharply.

Morita immediately hooked his lips and smiled, as if he found something to be proud of. "Don't you know that men like freshness? To you, I'm a fresh woman. Mr. Xing naturally wants to have something with me. "

"And what happened between you?" Tang Siyu asked.

"What we should have happened, it happened." Morita Misha doesn't mind saying the panic to the end.

Tang Siyu immediately pretended to be angry and asked, "does my husband have a red mole on his chest? On the third rib on his left? Very clear. "

Morita immediately smugly squints, "yes, there is one. What's the matter? I think men have a red mole. It's very sexy! "

Tang Siyu is suddenly in a very good mood, so good that she wants to laugh. This is the contest between women.

"Nothing, Miss Morita. That's the end of our conversation." Tang Siyu said, and turned to go.

But Morita Misha was puzzled by her words. She bit her teeth and called to her, "Mrs. Xing, aren't you angry at all? Not jealous? Or do you not love your husband at all? "

Tang Siyu looked back and replied earnestly, "no, I love my husband very much. I believe that my husband also loves me very much."

"Even if he loves you, why is he still with me? You can tell how much we lost that night. " Morita continued to stimulate her.

"Miss Morita, I think it's time for you to take medicine. If you have a serious delusion, it's better to treat it very early." Tang Siyu sneered.

Morita's face changed slightly. "I'm not sick. I'm telling the truth."

Tang Siyu doesn't want to talk about this topic with her anymore. She continues to sneer, "I'll give you a piece of advice. You'd better not mess with a man with a family and children, otherwise, a woman who is also a woman and loses her family happiness will be more ruthless than you."

Morita Meisha bit his lips, but still don't understand why don Siyu is not jealous? Why doesn't she get angry?

"Don't you hate me when you sleep with your husband?" Morita Misha clings to the glass and looks at her with a winner's expression.

Tang Siyu smiled better. "Hate you? I just said you have delusions. Now, you should have delusions. "

"What do you mean?"

"My husband doesn't have a mole on his chest, not a single one." Tang Siyu announces the answer.

Morita Mei Sha's face immediately rose red, some angry, but not attack, she was so easily seen through by Tang Siyu.

"You..."

"My husband said that he wants you to pay the price, your family to pay the price, as his wife, I just want to persuade him, this matter will be overturned, but now, I don't want to persuade." The last sentence of Tang Siyu is equivalent to a knife to Morita. She gave her a hope and broke it.

"Mrs. Xing, I am wrong. Please forgive me. Would you please ask Mr. Xing for help? Mr. Xing and I are innocent. I know he loves you very much. Would you please say something for me?" Morita Misha's face has become very ugly and frightened.

Tang Siyu's eyes looked at her. "If you come to the party and ask me, I may think about it, because I don't want my husband to lose the company's benefits, but now it's too late."

Tang Siyu said, and went to the direction of Xing liehan. Behind her, Morita Meisha's eyes twinkled with panic and confusion. At the moment, she could not hate even if she had hatred.

Tang Siyu gives her the feeling that she is like a soft and harmless person, but just now, her words and deeds give her a kind of intelligent atmosphere. It turns out that Xing liehan loves her so much for a reason.

Morita Meisha is going back to look for the man who is interested in her company's investment, only to find that the man is accompanying his wife, bending down to listen to what her wife said, and he can't help nodding.

Morita Misha straightened out his mind and went straight to it again.

"Mr. Liu, I'm sorry just now. What else do you know about our company? I can explain it to you! "

"I'm sorry, I'm not going to invest for the time being." The man responded with a stiff smile.

At this time, the lady beside him gave her a cold horizontal look and left holding her husband.

Morita Misha bit red lips, she suddenly felt like a joke.

When Tang Siyu arrived at Xing liehan, Xing liehan could feel the pleasure that emanated from her, so all the intermediary hoofs in her heart had been eliminated. "What did you talk to her about?" Xing liehan cradles her shoulder nervously.

Tang Siyu chuckles, leaving a mystery first.

Xing liehan was so worried that he took her hand and went to the back of a quiet pillar beside him. He put her on the edge of the pillar and pleaded, "tell me quickly, she didn't say anything to stimulate you!"

Tang Siyu raised his eyebrows and said, "I told her that you have a red mole on your chest. That woman said yes, your mole is very sexy."

Xing liehan's tense heart string was almost relieved in a second. He was a little upset, and had to say that she was smart. He believed him while still proving himself.

"Or don't believe me enough, do you?" Xing liehan was a little annoyed. He bent down and kissed her on her red lips.

Tang Siyu blushed and pushed him, "I believe you! Just want this woman to tell me the truth again!"

Xing liehan didn't blame her at all. He didn't do enough to make her feel safe enough.

From now on, he will refrain from doing anything, and will never let such harm happen again.

"Not angry now?" Xing lie asked with a smile.

"How can I have time to be angry? I just didn't have enough to eat. I'll go to eat something with me. I want to eat crabs. Will you shell me? "

"Yes." Xing liehan smiled and took her shoulder out.

"What are you going to do with the Morita family?" Tang Siyu asked curiously.

"I will find a third party to fund the research and development team of Morita. I will not give up this project, but I will not cooperate with Morita." Xing lie said with cold face.

"Well." Tang Siyu also thinks that this method is good, that is to say, it can make the Morita family lose something, but it has not done too much.

Morita meishawisi was hit. She was coming out of the party with her assistant at the moment. She had come with her father's mission. Now, she screwed up again, and offended Xing liehan. Everything became more complicated.

Good dinner party, also because of this incident, Tang Siyu has no idea at all, at 8:30 and Xing liehan came out.

When his car passed the community where Tang Siyu lived before, she couldn't help but let Xing liehan pull over and get off.

It was the apartment that her father bought for her when he was alive. It was also here. She and he were separated by a wall. Every day, she met, and some collisions happened.

Now, think about it. At that time, it was silly.

Xing liehan's mouth also raised a smile, "remember before?"

"Well, I won't sell the house here. I'll keep it."

"Well, keep it. This is our common memory." Xing liehan smiles.

At that time, Tang Siyu was like a rose with thorns. He would prick his hand as soon as he touched it. However, the more she pricked people, the more courageous he was. Every day, he was at home thinking about how to conquer her.

"Let's go! Go back. " Tang Siyu presses the car window. These memories are wonderful. When he is with him, there are beautiful memories everywhere.

Xing liehan drove straight to the direction of the villa.

In wenlichen's villa, he hired three senior nannies, who were specially responsible for looking after the newly born baby. They had very rich experience and took good care of the baby.

But most of the time, they are idle, because such a little guy, every day, either the father or the mother, are reluctant to let go.

The little guy has been half a month. He has turned red, white, tender and tender. Like a pair of big eyes and black gems, he is big and has spirit. When he is wearing white small clothes, when he is put on the bed, his legs are kicking forcefully, his hands are waving, and he can communicate with others, and he sends out some baby words.

Sushi never knew that she would have such fun after giving birth to a little guy. She just looked at her son like this and would not be tired for a day.

At the moment, it's more than nine o'clock. The little guy is full and asleep. He sleeps in Wen lichen's arms. Like a little angel, the little mouth sucks twice from time to time. The long eyelashes cover the eyelids like a small fan. It's very beautiful.

In the daytime, the two old Wens will come here, and in the evening they will go back. It must be that there are enough people here.

Susie was sitting on the bed in a pajama, and her strength was restored. Now she was a little distressed, but she was still slightly fat.

"I want to hug." Suxi asked her husband.

Wen lichen narrowed his eyes and smiled, holding the little guy in her arms. Sushi gently and carefully held her in her arms. She smiled at the corner of her mouth, "how can it be so beautiful!"

"Our children, of course, are beautiful." Wen lichen confidently opened his mouth, sat at the edge of the bed, watching the woman who looked down at the child. Her long hair was untied behind her head, her facial features were delicate, and her skin was white and red.

Can't it be beautiful? There is such a beautiful mother!

"Have you decided on a name for him?" "Just use the one you chose last time. It's called Wimmer."

Sushi smiled and said, "I also like this name very much. After that, his nickname will be silent."

"well, you has the final say." Wen lichen finished, leaned down and kissed her on the face. "Well, you smell good with milk."

Su Xi's face was slightly broad, and she gave him a coquettish look. Wen lichen smiled and reached for her with her forehead.

After a while, I received a video call from Suqin.

In the presidential palace, Suqin wants to visit Suxi these two days, but because of her big stomach, she is not always as convenient to travel as before. Besides, her identity must be escorted by a motorcade every time she travels.

Even so, xuanyuanchen doesn't trust to let her go out alone, but his government affairs are more these two days, and he can't spare time to send her for a while.

Now, Suqin can only watch her little nephew through video. She can't help caressing her belly. Her naughty son is turning over and kicking.

It's very picturesque.

"Elder sister, you have a good rest at home for the time being. When I have two days off, I will go to see you with my parents in silence."

"Well, that's all I can do. I'll wait for you." Suqin answered with a smile.

In another villa, Tang Siyu and Xing liehan come back. Tang Siyu's evening dress makes her walk in the garden with flashing lights, like a mermaid from the deep sea. The broken diamonds on her evening dress reflect the light, and the starlight covers her little by little.

Xing liehan's heart was warm behind him. He put his arms around her waist. "Tonight, we need a baby!"

"Well?" Before Tang Siyu could react, he was held horizontally by a man. Tang Siyu thumped his chest twice, flirting and quarreling. After a while, he fell quietly on his chest and accepted.

Chapter 675

In the early morning, Tang Siyu woke up with a back ache. There was a strong arm around her waist. Her eyes were twinkling with confusion, and then there was a smile of satisfaction and chagrin.

She gently grabs the hand on her waist, which is just released. Unexpectedly, the man behind her sticks to her again and hugs her. The sexy voice line of the man behind her, with the hoarse voice that just woke up, "what's the matter?"

"I'm going to get up."

Xing liehan immediately tightens her some, buries a handsome face in the hair behind her, "do not get up."

"What else do you want?" Tang Siyu asked in a coquettish way.

"And want to have babies." Men's low voice line, with a touch of provocative smile.

Tang Siyu's face turned red. It was so fierce last night. Now, how can he stand it?

"No, no more." Tang Siyu warned.

"What's the matter?" Xing liehan immediately props up his body with his elbow and looks at her with concern.

Tang Siyu took the opportunity to get out of bed, "in a word, it's not good."

Anyway, she has no energy. If she has to struggle in the morning, she will be tired today.

She's going to visit Susie! She will go back to country m tomorrow.

Tang Siyu went to Yuding and looked up in front of the mirror. She couldn't help being speechless. Where can she see people around her neck!

Tang Siyu had to take a bath. The man behind him got up with him and listened to the sound of the water in the bathroom. He went in immediately.

In short, this morning, the man has been reluctant to give up, where can Tang Siyu hide his means? She is thinking that it is not urgent to have a baby!

At noon, Xing liehan received a call from Wen lichen, asking them to go to his home for dinner in the evening. Xing liehan was very happy.

Therefore, Tang Siyu can take a rest at home and visit sushi in the evening.

In the evening, wenlichen's family prepared a sumptuous dinner. Sushi is also in the moon now. He ate a light meal. Tang Siyu and her finished eating and went upstairs.

With the little guy, talking about the kids.

"I still remember when you just gave birth to Xiaoxi, I stood in front of the delivery room and was at a loss. The nurse asked me to hold him. I was so nervous at that time. He was almost six years old in a flash." Suzy laughed.

"No! You've always stressed to me that you didn't consider marriage until you were thirty-five. Now! The little ones are all born. " Tang Siyu teases her.

Suzy smiled sweetly. "When I met him, I knew what I had said before was too absolute."

"When happiness comes, it can't be stopped." Tang Siyu said with a smile.

Susie looked at her. "When are you going to have a second child! You should be ready, too! Xiaoxi is so big. "

"To be honest, I want it now, but I'm still nervous." Tang Siyu finished, and then glanced at the big bed, the beautiful sleeping baby, I wish I could have another baby.

"I was nervous, too! But when you think about the child's loveliness, you are not afraid of anything."
"

"I also hope to hear as soon as possible that both of us have decided to have a baby. I hope to have a daughter and put together a good word."

"Then you will have a wish. I want a daughter in the future!" Suzy looked forward.

"If you take good care of yourself now, you will surely achieve your children's integrity."

Two good sisters are chatting, downstairs, two men are drinking tea, talking about work, talking about children and life.

It's 9:30 p.m. unconsciously, and don Siyu doesn't disturb Sushi's rest.

She left with Xing liehan and flew back to m country tomorrow afternoon. Su Xi and they will visit Su Qin in the presidential palace in the morning, so they can only look forward to the next meeting.

Tang Siyu will come back to play with his children during the summer vacation.

Sushi coaxes the little guy to sleep. Now the little guy wakes up less and sleeps longer. The quieter the environment is, the longer he sleeps.

Sushi was lying on her side in a long sleeved Pajama, her eyes were in the soft light, depicting her son's little face, small outline lines, and combining them into a beautiful and fleshy little face.

Especially his eyelashes are long, thick, with a small nose and a mouth moistened with powder. Her skin is tender, white and delicate, which makes her really want to kiss or pinch.

But she restrained. Her son was asleep. If she touched him, she would wake up.

After that, Wen lichen put on his pajamas and came over. He pasted them gently behind her. He circled her waist and watched the little guy sleeping in the middle with her.

This moment, a family of three, it seems very warm.

When Tang Siyu came back to the villa, he was a little scared, because the man was a little fierce recently, which made her a little overwhelmed.

"I went back to my room to sleep! If you want to work, go to work! " Said don Siyu to a man. Usually at this time, he would go into the study to do his work.

"No work today." Xing liehan raised his eyebrows and smiled, "I'll go upstairs with you to sleep."

As soon as Tang Siyu heard this, he immediately ran upstairs. Behind him, the man immediately caught up with him.

Just like children playing at home, Tang Siyu's heart beat faster and hid behind the balcony curtain in the room.

She couldn't help being funny and playing such a childish game with him.

"Wife, where are you?" In the room, the man's voice line is smiling, but also exudes a strong magnetic sexy.

Tang Siyu immediately thought that he had not been found. He immediately covered his mouth and smiled secretly.

Xing liehan's eyes looked at the woman hiding behind the curtain, and he had a helpless smile on his lips.

He stepped towards the balcony, Tang Siyu's heart string tightened and his heart beat faster.

When the man's step is close to her, the next second, she is hugged by the man with the curtain. The man opens the curtain with one hand, revealing a smiling face.

He flicked her nose. "It's naughty."

Tang Siyu begged him weakly, "let me sleep! I'm dead tired. "

"I'm so tired that you can enjoy it." Xing liehan laughs at her.

Tang Siyu's face is bright and red. She misses the time when she has a son. When she has a son, he knows to pay attention to discretion.

Early morning.

A luxurious business car stopped in front of wenlichen's villa.

Sushi is sitting in the car with her son in her arms, and she is following a nurse. Wen lichen is sitting in front of her. She looks at the mother and the son tenderly.

Now, they set off for a dinner at the presidential palace, and the two elders of the Soviet family will pass.

The two sisters and their families got together.

In the presidential palace, xuanyuanchen also stays at home to work. Today, it's a day for family reunion, and he doesn't go anywhere.

Chapter 676

Suqin's stomach is very big. It has been seven months now. Many things are inconvenient for her.

Fortunately, there is a man who takes care of her mood at any time. He doesn't need her to make a sound. He immediately thinks of what she wants.

"Let Yedong cook some light dishes. Susie may need to stop eating now." Suqin asked.

"I'm attached. He will prepare the nutritious meal for the moon."

Ye Dong is not alone in the kitchen now. He has recruited a new female assistant. She is about the same age as him. She is very capable. She came out of the army. She shares his interest. They are very considerate and take care of Suqin's food.

Suqin thought all the time, just bring the two of them together.

Ye Dong is not young, and needs a companion. Xuanyuanchen agrees with this, but it depends on the two of them.

Seeing the way they get along with each other, both of them should like each other and share the same mind. It seems that there is hope.

Su Qin lightly shout a, immediately cover the stomach, xuanyuanchen immediately lean over, "what's the matter?"

"Again." Suqin complained a little to him.

Xuanyuanchen's big palm gently patted on her stomach, and he felt that the little guy inside was playing with skin very much, and he kept moving in Sushi's neck.

"When he comes out, I will teach him a lesson and make you suffer." Xuanyuan Chen lightly rebuked.

Su Qin saw that he said it in his mouth, but, she thought, when the child was coming out, he would not give up.

But, her heart listens to this words, still sweet Zizi, however, the child in the belly so loves to move, is also a good thing, so that he is more healthy bed.

After a while, Suxi and her family arrived. Suqin watched and carried in. Her little white and tender nephew was really envied, but now she was too big to hold.

I can only look at my little nephew gently on the cart and imagine what this naughty son in her belly will look like after she is born.

Li Qian is really happy. Her two daughters have been married, and they are still married so well. Now, she is happy with her two grandsons. There is nothing more satisfying than this.

At 3 p.m., Tang Siyu and Xing liehan flew directly to country M. after leaving these days, she really missed her son.

This time, when she came back home, she was depressed by the incident of Morita Meisha. However, through this incident, she understood her husband's heart better.

This also makes her cherish everything in front of her more and more, thinking that Tang Siyu would hold the arm of the man around her and stick his face on his arm.

"I'm so happy." Tang Siyu blinks the white clouds outside the window and chuckles.

Xing liehan feels her mood at the moment. He lowers his head and kisses her hair with silent love.

In city A.

Morita Misha hasn't left yet. She is trying to find another investor here. However, several of the investors she met rejected her. She must have her family's investment industry. Although there is a new industry in the future, there is not so much capital injection. Even if they want to talk about it, they feel inadequate.

Morita Misha in the hotel, once again received a rejected phone call, she lost a sigh, toward the assistant behind, "book a ticket! Let's go back. "

"OK."

Morita Meisha sat on the sofa and suddenly thought of Tang Siyu. Although she played a trick on her, she woke her up. Indeed, she shouldn't look down on the wives beside the successful men.

In the future, she will remember that.

Morita Meisha returns without success, and she doesn't know that his family will soon face a crisis. Without capital injection, all the research can't continue. However, her family's R & D team will

enter another R & D company, which has a strong fund, more powerful financial support behind it, and is absolutely suitable for their new research.

In the presidential palace, the happy reunion is over. In the evening, sushi and Wen lichen take their son home. In the following days, all their focus is on the little guy.

On the side of the presidential palace, Suqin is about to enter the last two months of pregnancy. Xuanyuanchen works almost at home. He only goes to the office area unless there is an important meeting, but as long as he finishes the work, he comes back at the first time.

Time passed unconsciously, and Suqin entered the final waiting period. Suqin was originally a woman with firm mind and strong character. She was calm and composed in the face of the arrival of the production period.

Looking forward to the arrival of his son, in a blink of an eye, entered the countdown time.

Cheng Xuelan and his wife also began to be nervous. She came to the presidential palace to accompany Suqin when she was free. To her relief, Suqin did not hate her for the past. Suqin was considerate and meticulous, and often took care of her emotions, which moved her so much that she loved her daughter-in-law more and more.

It seems that my son's original choice is right. Suqin is really good.

A week before entering the hospital, Suqin entered the Royal Hospital and began to wait patiently for the birth. Xuanyuanchen has also moved in and is ready to stand by Suqin at any time, which makes the nurses waiting for Suqin feel the pressure.

The dignified and handsome president is around, they really can't calm down! However, it was because of Suqin's presence that they saw a careful and considerate president.

Instead of seeing him on TV every day, his majesty is inviolable. Now looking at him in front of the bed, accompanying his wife, he is a typical good husband among all men.

Suqin has passed her due date, but her stomach hasn't moved yet.

It seems to be a baby who is not in a hurry, but also very calm to stay in the mother's stomach!

However, at this time, no one can say for sure. After three days beyond the expected delivery date, Suqin felt the pain, which also meant that she would have to give birth.

The two elders of the Su family are facing the production of their daughter again, and they are all nervous.

Cheng Xuelan and his wife are the same. Their grandson is about to be born. They are all nervous and excited.

Sushi also came here with her son, who had just been three months old. She sat in the lounge waiting for her sister's good news. Wen lichen accompanied her.

When xuanyuanchen was pushed into the delivery room in Suqin, his face was full of anxiety. When the nurse closed, they saw such a president, they really wanted to comfort him.

"Don't worry, Mr. President. Madam will be fine. She will be very successful."

"Hard work for you." Xuanyuanchen panted a little.

Suqin was faster than Suxi, and heard the loud cry of the child. As the successor of the future president of the country, the child probably didn't know that he was born in a noble royal family, and he had responsibilities and missions.

Chapter 677

The child held by the nurse, clenched her fist, was shouting loudly. Xuanyuanchen looked at her son excitedly and said to the nurse, "what about my wife? How is she? "

"She needs to rest in the delivery room for half an hour. She's OK, but she's tired." The head nurse replied softly.

Xuanyuanchen nodded, but looked at the door that blocked him from seeing Suqin. It was urgent.

Cheng Xuelan is holding her grandson, tears are excited, Su Xi also came, she asked worried, "how is sister?"

"She's going to have a rest and push it out in half an hour." Li Qian answers her.

"Let me see my little nephew." Su Xi goes to Cheng Xuelan and looks at her. Cheng Xuelan says with a smile, "it's two times heavier than your baby. It's hard for Xiaoqin."

"He looks like a brother-in-law." "It's beautiful," she said, laughing

This point, the eye can see at a glance, looks like a father.

Half an hour later, Suqin was pushed out, xuanyuanchen's hand immediately shook the past, Suqin looked at him and smiled wearily, "how about the child?"

"Very healthy, hard work, Xiaoqin." Xuanyuanchen clenched her hand and escorted her to the rest room with the nurse.

Behind them, Li Qian and Cheng Xuelan come in with their children. At this time, only two of them are suitable to come in.

"Xiaoqin, is it still painful?" Cheng Xuelan gives the child to Li Qian, who leans down and asks gently.

"I'm not used to it, mom. I'm fine." Suqin smiled strongly.

Cheng Xuelan looked at her painfully. "It's hard for you."

"If you don't work hard and your child is born healthy, it's worth it." Suqin replied.

"Mom, you take the baby to the nurse. Maybe the baby will be hungry. Susie can't breast milk for the time being." Xuanyuanchen said to the two mothers, "give it to me here."

Su Qin just gave birth to a child, tired, but also fragile mood, with xuanyuanchen accompany the most appropriate.

The two old men went out with their children in their arms.

"Why don't you go and see the children? I'm fine. " Suqin said to him.

"Now you are the most important thing. I have my parents and your parents around my child! Xuanyuanchen reached out and stroked her sweaty forehead hair. Her heart was aching.

"At last I was born, and I was relieved." Suqin laughed.

"I'm wondering if it's enough for us to have this child. Don't give birth." Xuanyuanchen said in a low voice.

They have discussed about the second child. Suqin decided to have a second child.

Now Suqin laughed, "let's talk about it later! Maybe I'll have a baby. "

Xuanyuanchen holds her hand, "I feel sad."

After staying in the hospital for a week, Suqin moved back to the presidential palace, where he had asked a very professional nurse to take care of their mother and son.

Suqin's moon is also taken care of very attentively. The time, unconsciously, is in July. Suqin's child is full. Suxi's child is five months old. The two sisters will take care of the child together if they are OK.

Country M.

It has entered the summer vacation. This is Xing Yinuo's second year here. Every time she has a holiday, she wants to go back home most.

And the family also decided to return home for a month's vacation. Xing Yinuo and Xing Yifan will soon have their twentieth birthday.

It happens that this birthday can be spent in China.

Xing YINUO is a performance major. She has made great progress here, which is also preparing for her to enter the performing arts circle. The Xing family has decided that if Xing YINUO plans to go back to China and enter the domestic performing arts circle, their family will move back.

Because Xing YIFAN's study is almost over, the next study time will be arranged by himself.

He is also an adult. It's time for them to let go and let him achieve his life.

At present, Xing YIFAN hasn't determined which field he wants to enter for development, but he is very interested in the lawyer industry, and Xing's two elders haven't interfered with him. If he wants to return to the company for development, Xing LIEHAN will give half of the company's industry to him, and let him start to practice.

However, Xing YIFAN refused. He was not interested in doing business. All the industries in his family were left to elder brother for management.

Xing YINUO is going to interview a heroine when she comes back from this summer vacation. Because she is a new comer, she needs to work harder.

Xing YINUO is really obsessed with acting. The Xing family is willing to let her enter the industry. First of all, because the Wen family is the leader of the industry, she can be fully protected and will never be hurt in this circle.

Xing YIXI is about to return home to study in the first grade. Tang SIYU's stomach hasn't moved yet. However, they are fully pregnant. It may take time, but they won't give up.

It takes patience to have a baby.

The Xing family's plane is about to take off this afternoon. Tang SIYU leads her son out of the family. She is wearing a simple skirt, which makes her smell like a girl. It's hard to see that she will be a mother of a six-year-old. On the plane, the family journey is always very happy, Xing YIFAN and Xing YINUO also see more mature, especially Xing YIFAN, the standard figure of 1.85 meter, still need some experience, in the future will definitely become a completely Charming handsome man.

After accompanying his family back this time, Xing YIFAN decided to take part in an international training. It was a training mode of going in at his own expense, militarized management and special

forces, which needed strong willpower. It was also a life baptism as a man who wanted to experience.

Growing up from a boy to a man, a two-year intensive training, will be a hard struggle.

As a man, first of all, he needs to practice the ability of self-protection. In the future, he will not be afraid of his head and feet if he does anything.

As soon as Tang Siyu got on the plane, she just greeted the crew with a smile, and felt a fit of acid in her stomach. She immediately turned around, put out her hand and covered her mouth, and made several retching noises.

"How are you, Mrs. Xing? Is it uncomfortable? "

"OK, can I have a glass of hot water, please?" Tang Siyu said with a smile.

"Well, take a seat first, and I'll turn it over for you right away." The stewardess was very attentive.

Xing liehan, who was leading his son in front of him, felt that he was coming back to help her. "What's wrong with you? What's wrong with you? "

" it's nothing, but I just thought "Tang Siyu said, and immediately buried himself in his arms, covering his mouth and retching.

Xing liehan hugged her and patted her back. "Is it a cold? Or did you eat something bad? "

After Tang Siyu retched, she suddenly thought of something, looked up and stared at him, "maybe there is a baby."

"Really?" Xing liehan is extremely happy in an instant.

Chapter 678

As the plane is about to take off, Tang Siyu plans to take another test after returning home. However, she usually has no problems in making the plane. Today, she always feels upset in her stomach and wants to vomit, but she can't vomit. She just feels uncomfortable.

Xing's two elders also care about her, but at this time, what makes Tang Siyu feel better is to drink more hot water, and then lean on Xing liehan's side.

The little guy is sitting next to his uncle. At this time, he can't quarrel with Mommy, but his eyes are looking at mommy from time to time, with expectation in his eyes.

Is mummy really going to give him a brother and sister? That would be great. Tang Siyu had a good time after drinking some hot water. The stewardess brought some appetizers and Tang Siyu ate some.

Xing liehan's heart is excited and joyful, taking care of all her emotions.

It took nine hours for the plane to return to China. When the plane landed, the car arrived. Tang Siyu and Xing liehan had a car. The car went straight to the villa.

On the way to a drugstore, Xing Lihan gets out of the car to buy a pregnancy test stick for her, and plans to go home to make sure.

Tang Siyu and he went back to Xing liehan's villa. Tang Siyu put down his bag and went to the bathroom. Xing liehan was waiting at the door. Jun Yan was tight and a little nervous.

Tang Siyu's heart is quite deep. Moreover, she had a pregnancy once, and her intuition was that she was really pregnant. So, when she looked at the two red bars on the pregnancy test stick, she chuckled and finally achieved what she wanted.

She's going to have a second child.

"How about Siyu?" Xing liehan is not eager to know the answer.

Tang Siyu opened the door and looked up and smiled at him

Xing liehan just looks at her smile and guesses the answer. He immediately holds her and bends down, which is a hot kiss. Tang Siyu immediately pushes him with a pretty red face.

"I'm pregnant. You can't always do that."

Xing liehan immediately realized this and hurriedly gathered her long hair gently. "OK, I dare not. Do you think it's a boy or a girl?"

"Do you want a son or a daughter?" Tang Siyu asked.

"Daughter, I want to have another daughter with you." Xing liehan said without hesitation.

Tang Siyu thought the same as him, and she hoped that the second child would be a daughter.

"After three months, we will know the answer." Said Tang Siyu.

"Siyu, it's hard for you."

Tang Siyu shook his head and chuckled, "I heard that sister Xi Xi and Qin have given birth to babies, and now I hope I have another one, and I will give birth to them even if I work hard."

They were also very happy to tell the second elder of Xing's family about this happy cancellation, which means that there will be another child in the family, which will be even more lively.

Wenzhai.

Sushi and her seven-month-old son are very good at climbing. He has built a children's room for him and covered it with a very soft sponge carpet. Then he sees that the little guy is picking up a ball back and forth. He laughs loudly. He is very well raised.

"Silence, come to Mommy. Mommy is here." Sushi plays with her son. She can do such a thing without being tired for a day. As long as she looks at the little guy crawling towards her, her big black and bright eyes are eager to get close to her, and her heart is full of maternal love.

At this time, outside the yard, there was a sound of cars. Sushi stood at the window and looked at it. He couldn't help laughing and said, "in silence, guess who's back?"

The little guy is now crawling to her feet, sitting and looking at her with big innocent eyes.

Soon there was the steady footsteps of men coming from the stairs. Soon, Wen lichen appeared in a suit.

The figure of the little guy who was sitting at first, when he saw him, he immediately crawled towards the door like a strong little loach, giggling at the same time.

Wen lichen's eyes flickered with a smile. He crouched down and looked at his son's small body, which was trying to climb towards him. He held out his hand.

The little guy climbs over, grabs his hand, and starts to stand. Before he can stand straight, he is unstable. After shaking, he pours into Wen lichen's arms.

Wen lichen's palm immediately picked up his son, held him in his arms, and kissed him on his fleshy face. Now, he has no mind to work at all.

Every time I go out, I want to come back immediately. This little guy really catches his heart.

Wen lichen holds her son. Sushi steps from the floor to floor window with a smile. Wearing a pair of socks, she stands in front of the man, becoming more and more petite and charming. Only on his shoulders!

Wen lichen put his other hand around her, bent down, and wanted to kiss her red lips. Susie got up and kissed him. The two of them looked at the little guy in his arms.

The little guy blinked his big eyes and looked at his father and mother with a trace of infant's ignorance and curiosity.

"Is he good?"

"Well, I've been playing all morning. I think he's still very energetic. Let him climb here for a day!" Suzy laughed. Mrs. Wen stepped up and said to them, "come down! I made some snacks and fed them to silence. "

Little guy is sitting in his exclusive children's chair, playing with a small toy in his hand. Mrs. Wen feeds him with a small bite. Little guy is not picky about food and likes to eat everything.

Now, the focus of the family is on this little guy.

"Dad, mom, have you heard from Liang Yao? Did he say when he would finish his work? " Sushi asked curiously.

"Yes! I also hope that he will come back quickly and look at silence. He is an uncle, but he hasn't seen silence yet! "

"I sent him a picture. Last week, I received his email. He was very happy and wanted to come back to have a look. He said that the work was coming to an end, so it should be finished."

"Ah! Before he was going to take part in the shooting, I was worried that it would be a dangerous job, but nothing would happen. In the past two years, I have this feeling! It's just hanging. " Mrs. Wen sighed.

"Mom, don't worry! Their team is very experienced, no matter how bad the situation is, it can also be dealt with. " Wen lichen comforted.

"Well! I also hope that he will come back soon. He is 27 this year, and it's time for him to come back and get married. " Mrs. Wen began to worry about the marriage of her second son.

"Mom, let's wait, don't we say Liang Yao is coming back?" Susie made a suggestion.

"I'll eat here in the evening and go back."

"Good! Just as Siyu is coming back, I want to take them to Siyu 's house tomorrow. " Suzy replied.

Chapter 679

"Yes! The Xing family has lived in China since now, and it will be convenient for them to move around in the future. " Mrs. Wen also likes it very much. She and Jiang LAN have been good sisters for many years. They are also very happy to be together.

Three people chatted, but they didn't know that the little guy was eating beside them, so they fell asleep on the table.

The child really can sleep everywhere. Suxi can't help but cover her mouth and smile. Mrs. Wen gently calls the name of the little guy, picks him up and coaxes him to sleep again.

"Mom, I asked Li Chen to accompany me out to buy some autumn clothes for me."

"OK, go! I'll take care of him. He's probably very tired. He can sleep for hours! "

When Wen lichen and sushi came out, they went to a large shopping mall near their home. As a mother, it was also a very happy thing to choose clothes for their children.

Su Xi selects on the side, Wen lichen pays on the side, Su Xi selects his son's clothes carefully, Wen lichen also exchanges opinions on the side.

There are also a few fashionable women picking up clothes, looking at this couple, are not secretly envied.

In the presidential palace.

Taking care of the child made Suqin take a nap in the afternoon. She gave the child to her mother protector and let her sleep for an hour. Because the child was too clingy to her, she had to hold her son every night to sleep. Only when she had enough spirit can she take care of it till 10 p.m.

Suqin's first thing to wake up was to see where her son was. As soon as she got down, she saw her mother-in-law in the hall. She was surprised and said, "what about the children? "

" don't worry, madam. Just now, Mr. President came back, and he carried the child to his study. " Comforted the mother.

Suqin's heart relaxed and he said with a smile, "OK, I'll go and have a look."

Suqin steps to the door of the study. She gently pushes the door open. In the quiet study, xuanyuanchen sits on the sofa, half leaning on the back of the sofa. In one of his arms, the little guy

is curling up and sleeping. His little body is covered with a thin blanket. The picture of two fathers and sons makes Suqin feel soft. Xuanyuanchen is looking down at his son. When he hears the sound of pushing the door, he looks up and touches Suqin's eyes. He reaches out to hiss and reaches for her.

Suqin gently stepped to his side, sat down next to him, her chin against his shoulder, together with him watching his son dazed.

The little guy's fist size face is clear, and more and more like his father. Suqin has seen the appearance of xuanyuanchen when he was born, which is really like his son.

Xuanyuanchen turned to her side, kissed her hair, and began to rub her ears and temples.

Su Qin's eyes narrowed, with a happy smile on the bottom of his eyes.

She really hoped that her son would grow up quickly, but she also wanted to spend every day and every moment with her son.

Tang Siyu's news of pregnancy, known by sushi, immediately cheered for her. So they will have another child around them.

They all think about a few years later, surrounded by a group of little guys. When it comes time, they will take them out on a trip together and watch the children chase after each other. This should be the happiest thing in life!

In the morning a week later, shortly after Wen lichen got up, his mobile phone rang. He took a look at it. The number was strange. He reached for it and said, "hello."

"Hello, are you wen Liangyao's brother?" It's a hurried female voice.

"I am." Wen lichen immediately replied in a deep voice.

"Mr. Wen, something happened to Liang Yao. He met an avalanche. We rescued him. He He has been in a coma for three days. "

Wen lichen's voice immediately shocked and worried, "where is he now?"

"We took him out of the Arctic ice area, in the national defense station hospital, now the snow is blocked, we have no way to send him out, Mr. Wen, can you help us? We don't want Liang Yao to have an accident. "

"Well, I'll go right away and tell me the specific address. I'll find a way to send him out for treatment." Wen heard his voice trembling, for he realized that it was too serious.

The girl immediately told him the address of the shelter where they are now. At the same time, she told him the whole route. As long as she found this route, she could find them. However, it was a very long way.

However, Wen lichen hardly hesitated. The first thing he did was to call the pilot in charge of his private plane and immediately find him the fastest route to country n. he wanted to start.

After giving the order, Wen lichen went back to the room. In bed, Suzy woke up. She looked at her husband who was in a hurry and asked anxiously, "what's the matter? Is something wrong? "

Wen lichen bent down and whispered to her, "Liang Yao has an accident. I will go to n country immediately. Take care of our son at home and wait for me to come back."

Susie's eyes filled with worry, and she nodded, "OK, I will, you go! Bring back Liang Yao's safety. "

"Good." Wen lichen immediately kissed her on the forehead, and then went to the cloakroom the next second. He quickly grabbed a box and went out. Wen lichen was thinking about whether to tell his parents about it, but when he hurried to the airport, he was fighting in his heart. His parents were old, and he really didn't want to stimulate them.

Finally, when he stood at the gate of the airport and joined his bodyguard assistant on the plane, he picked up his mobile phone, dialed his father's phone and told them about it before the plane took off.

And comfort them, don't worry, he will bring his brother back.

The parents of Wen's family are really in a hurry. When Mrs. Wen heard the news, she almost fainted and could not stand stably.

The servant supported her and comforted her. Wen's father carefully told Wen lichen to bring Wen Liangyao back anyway.

Wen lichen's plane took off and flew in the direction where Wen Liangyao was.

The Wens are in a state of anxiety.

Xingzhai.

Xing YINUO is ready. She is going to interview an important role tomorrow, which is a very important thing for her. This role can let the audience know her. She hopes to make some achievements in her performance.

Just like Susie, she became famous and became a popular actress. In the evening, Tang Siyu accompanied her son to practice piano for a while. She, who was not suitable for sitting for a long time, picked up her mobile phone and dialed Sushi's phone to have a chat with her. Tang Siyu is standing on the balcony on the second floor, waiting for sushi to connect.

"Hello! Rain thought. " Sushi answered, but her voice seemed heavy, not as happy as usual.

"What's the matter?" Tang Siyu asked immediately.

Chapter 680

"Siyu, Li Chen has gone abroad." Susie sighed.

"How did he go abroad? Is something wrong? "

"It's Liangyao."

Tang Siyu's heart was shocked to rise and fall. "What happened to Liangyao?"

She did not find that Xing Yinuo, who was walking towards the piano sound behind her, heard her voice on the balcony, and she stopped in surprise.

"Liang Yao has been in a coma since he was rescued from the avalanche. The situation is very dangerous. Where he is, the snow is blocking the road. Li Chen has taken someone to pick him up." The sushi voice line is full of worries.

Tang Siyu's breath was smothering, and his heart was filled with anxiety? I wish he didn't have an accident. "

"Now, the signal over there is not good. We can't get in touch with each other. This is the only news we can hold at present."

"Don't worry, Li Chen will bring Liang Yao back." Tang Siyu comforted.

"I also hope they are safe. Siyu, I look at the children first. My mother-in-law is ill with gas."

"Well, you let my aunt pay attention to her health. I'll let my mother come to see her."

"Good." Susie answered and hung up.

Tang Siyu holds the mobile phone and sighs anxiously. How could such a thing happen!

At this time, Xing Yinuo came to Tang Siyu and said, "sister in law, what's wrong with Wen Liangyao? What happened to him? "

Tang Siyu looks back and sees Xing Yinuo's face is urgent, and her eyes are even more flustered. She knows that Xing Yinuo and Wen Liangyao have always been close to each other.

"I just heard from sushi that Liang Yao was in an avalanche when he was working. He is still in a coma. Now his elder brother has set out to save him." Tang Siyu told her the truth.

Xing Yinuo's head went blankly, her body was trembling. She bit her lips, and tears came out. "No, he can't have an accident, he can't have an accident."

"Yinuo, don't worry, Li Chen is going to save him." Tang Siyu comforted.

Xing Yinuo's tears couldn't stop. Her heart was like a knife cut. It hurt so much that she couldn't imagine what Wen Liangyao had experienced.

At the moment, she would love to fly to him.

"Sister in law, what else does sister sushi say? Will he be ok?" Xing Yinuo pulls Tang Siyu's arm, a pair of tearful eyes are full of desire, and asks again carefully.

"Sushi didn't say anything. Yinuo, don't worry. We will wait patiently for the news. Liang Yao will be OK." Tang Siyu looks at Xing Yinuo painfully. She is always lovely. At this moment, she is crying like this. She is really distressed.

Xing Yinuo quickly went upstairs while wiping her tears. She ran back to her room. Her tears were falling. At the same time, she was doing something. She was going to find Wen Liangyao. No matter where he was, she was going to see him immediately.

Xing Yinuo has Susi's phone. She dials it up.

"Hello, a promise?" The voice of sushi came.

"Sister sushi, can you tell me where brother lichen is going to pick up brother Liangyao?" Xing Yinuo asked in a calm voice as much as possible.

"Yinuo, do you know? Don't worry, he will be OK. "

"Sister sushi, would you please tell me? I want to check on the Internet. How far is he from us. "

"I seem to hear that Liang Yao is now in a hospital in n country. The specific address of Li Chen is not detailed. However, he has already gone there."

"N country?" Xing Yinuo asked.

"Yes, it's snowing all the time. The weather is very bad now. I know you are worried about Liang Yao. Don't worry. He won't have an accident." Susie appeased her.

Xing Yinuo said it, but at this time, if she didn't go to see Wen Liangyao in person, no one could pacify her panic and fear. Xing Yinuo immediately checks the address and flight of country n on the Internet, and the fastest continuous connecting flight even takes a week to arrive.

However, Xing Yinuo can't care about it now. She just wants to go there immediately and find Wen Liangyao.

At this time, nothing scared her more than Wen Liangyao's accident.

However, she knew that if her parents knew that she was leaving, they would not let her go.

Wen Liangyao takes an important thing and carries a big backpack on her back. Then she goes out.

"Yinuo, where are you going?" Jiang LAN just saw her and asked curiously.

"Mom, I'm going to find friends." Xing Yinuo didn't dare to look at her mother because her eyes were swollen with tears just now.

"Come back early. Do you want your brother to take you there?"

"No, my friend will pick me up." Xing Yinuo replied, the man has already walked out of the door quickly.

However, Xing Yinuo didn't come back in the evening, not to mention any news, which made the whole family worried badly and couldn't get through to her phone.

Fortunately, Xing Yinuo is also smart. She can't let her family worry. She set a time message to send to Xing Yifan's mobile phone. At nine o'clock in the evening, everyone knew that she was now on the flight to country n.

The whole family was terrified.

"Yifan, find out the route of Yinuo immediately." Said Xing lie's younger brother in the cold Dynasty.

Xing Yifan has quickly found out some flight information, and his intuition is that Xing Yinuo must be on the fastest flight route.

"This girl, but I'm going to die of anger. Even if what happens to Liang Yao, what does it look like if she runs like this? She can't even take care of herself now. " Jiang Lan's eyes were red with anxiety.

"It's all my fault. I shouldn't have told her about Liang Yao. I didn't expect that she would worry about running by herself." Tang Siyu reproached himself.

"Siyu, it's not your fault. Sooner or later, she will know about it. Now, it's a promise that's too irrational." Xing Zhengting appeased.

"Don't worry, mom and dad. I'll send my men to intercept her on my special plane."

"Brother, come on! I'll stop her. " Xing Yifan is also very uneasy.

"Can't stop her, her heart is all on Leng Yao's body, where can she go back to China with you?"

"Then let me accompany her to see brother Liang Yao!" "I will take good care of her," Xing Yifan said

"Well, I'll go with you in line with a few competent people. You should report everything to us as soon as possible." Xing liehan said to him.

"Don't worry, I will. Our special plane can stop her flight in country L. then, use our special plane to go to country n!" Said Xing Yifan.

He is now a mature man, and they trust him to do it.

"Bring more people. If Li Chen wants someone over there, you can help him." Xing liehan said he picked up his mobile phone and made a phone call.
