

U. CEO Daddy 71

Chapter 71

The little guy sensed some strange aura. He looked up at mummy and the silent daddy. Eh! The atmosphere is not right!

"Mommy, you didn't say hello to Daddy!" Said the little guy to Tang Siyu.

"We are so familiar that we don't need to say hello." Of course, Tang Siyu knows the reason for the man's face, but she doesn't want her son to know.

"Who knows you well." The man in front dislikes the voice, looks back heavily to fall on her body, the vision is particularly cold.

Tang Siyu is sure. He is really angry. She is speechless. She didn't ask Murphy to go shopping with her on purpose. She just ran into it. Is it her fault?

Besides, she really didn't like that he interfered in his interpersonal communication excessively. Murphy is not the kind of person who can't be forgiven, even if he can't be a lover, can't he still be a friend?

At this time, the elevator jingled to open. Tang Siyu bit his lip and led his son out. When he entered the door, Xing liehan said to the little guy, "I'll put the battery on you."

"Well!" The little guy followed him in.

Tang Siyu went home to make dinner. The robot of the little guy was finished immediately, and he also had a good time. He just played, and his father disappeared. Just now, he seemed to hear that his father went to find Mommy.

The little guy giggles. At this time, of course, he can't disturb.

Tang Siyu is standing in front of the basin to pick vegetables. It's cold. She feels a strong sense of oppression coming from behind. She turns her head and Xing liehan's figure appears at the door.

"You seem to have turned a deaf ear to my warning last night." He snorted coldly.

Tang Siyu hasn't responded yet. A man's long legs approach her in an instant. His height is higher than her head, making the narrow kitchen more crowded and breathless.

And the height of the man covered the light, a layer of shadow, tangsiyu to knot solid shrouded.

"You..." Tang Siyu leaned back against the washing table, and in front of her, the man pressed his body almost against her, making her quickly raise her head to warn, "you go away."

The next second, Tang Siyu's delicate chin was pinched by the man, and her eyes had to be on his thick and dangerous eyes.

"You're so hungry that even your sister's men want to rob you?" The man's deep voice is full of mockery.

Tang Siyu's pretty face was flushed. This sentence seemed to pierce her heart. It must be the last thing she likes to hear.

"What are you talking about?" Tang Siyu is very angry. If you say rob, it's Tang Yiyi who robbed her.

"What am I talking about? Do you know? I don't allow you to be close to him at home, so you can hide in the supermarket and flirt with him. That's where my son and I often go. You'd better not show me shame. " Xing liehan puts her chin down and leans over her. The powerful warning sprinkles in her ear.

Tang Siyu's brain was blank for a few seconds. This man just insulted her. Which eye of him saw her collusion? Besides, what does she have to do with this man, even if she and Murphy mend old ways?

Why does he care about this and that?

"Good! According to your idea, I can't be nice to him near my home. Is that where I'm away from home, I can get back to my old relationship with him? " Tang Siyu deliberately raises his head to provoke him.

This sentence adds another layer of coldness to the man's eyes, as if it were full of haze.

"You dare." Xing liehan squeezed two words out of his thin lips.

Tang Siyu looked up at him fearlessly, "you see, I dare not."

The man's narrow eyes were blind, and the whole handsome face approached her. Tang Siyu's breath was tight and smothering, and the aggressive tone sprinkled on her cheek.

"Tang Siyu, you should dare to be with mufei. I can't spare you. Do you think I can't help you? Think about your father's company, think about the custody of your son. If you dare to disobey me, I will take the most important thing from your life. "

Finish saying, the man then does not look at her one eye, turn round stride to leave, but the figure is absolute anger.

Tang Siyu swallowed his saliva and could not say anything. The man was sick.

Psychosis.

Tang Siyu decided not to worry about him. What's the relationship between her and Murphy? She knew it in her mind. She didn't need this man to warn her every time.

Even if Murphy pursues her again now, she will never agree. Let alone her previous betrayal, and Tang Yiyi is still entangled. She doesn't want the whole Tang family to be in a mess. At least in this way, her father will be better at home.

Tang Siyu makes a meal and knocks at the door. The little guy pushes the door first, followed by Xing lie with a cold face. At the dinner table, the little guy feels the depression between his parents and mummy, so he has to solve a big bowl of rice by himself.

"Daddy, Mommy, don't fight! You are all adults. You should solve problems rationally and calmly. " The little guy said, blinked, he left the table first, leaving time for the two adults to solve rationally. However, the men and women at the dinner table don't want to talk to anyone.

Xing liehan gets up and leaves the table after eating. Tang Siyu is eager to let him go. She doesn't want to live in depression every day, so her life expectancy will be ten years less.

She still wants to live long!

She was so angry that she ran to the balcony and called Suxi. She just finished filming and went back to the hotel in the car. Tang Siyu complained directly to her, "Xi Xi, I'm going crazy. I'm not suffering from Xing liehan. He's mentally ill."

Then Sue chuckled, "what's the matter? How did he force you to swear? "

"Curse? If I'm bigger than him, I want to hit people! It's a pity I can't beat him. " Tang Siyu thought it polite to scold him.

"What's the matter? Is Xing liehan difficult to get along with? " Then sushi asked like a fan.

"He is just a piece of ice. Who can live with him? I'm going crazy living in a depressing atmosphere every day. "

"But he is your son's father! You must live with him! "

"Who said I had to live with him? Now I want to move and take my son away."

"Where do you take Xiaoxi, he will not find it? With his financial resources, there is no place where he can't afford a house, so you'd better learn to adjust your mood! Don't be angry. I'll treat you to a big meal when I come back. " Su Xi also loves her very much. It's hard to see Tang Siyu's good temper scolded.

Tang Siyu took a deep breath. "I want to, too! But who knows that he's a jerk plus three, narrow-minded and inexplicable. I've never seen a man who is smaller than him. I can't stand to be in charge of this and that. "

"I can't stand it." Cold not ding a word man's voice after their own cold swish come over.

Chapter 72

Tang Siyu almost left his cell phone on the balcony. Fortunately, she hugged her. Looking back, Xing liehan didn't know when to stand behind her.

Tang Siyu's head exploded. Did he hear it all?

Yes, he is still a eavesdropper.

"I'm on the phone with my friend. Can you give me some private space?"

"You are not allowed to teach my son this kind of villain behavior of swearing behind his back." Xing lie snorted in the cold.

"You are a villain! Yes, I'll scold you. I'll scold you. You can't stand it. You can move back to your villa. Don't live here! " Don Siyu wanted to storm him away.

Xing lie glanced at her coldly and walked to his son's room, found him a set of clean clothes and left with the sliding door.

Tang Siyu eyes slightly, this man is not angry?

"Hello..." Susie hasn't hung up yet.

Tang Siyu quickly picked up his cell phone to answer, and cried, "he heard it. He just stood behind me. I scolded him, and he heard it all."

"Ah! If he is so miserable, is he angry? " Su Xi worries about her. Who dares to scold Xing liehan? Isn't that too long?

He will teach you a lesson!

"Without seeing how he was, he took Xiaoxi's clothes and left." Tang Siyu mumbled.

"That's good! I was scared to death. I thought he was going to teach you a lesson! "

"He dares, he dares to teach me, I will definitely move away." Tang Siyu snorted.

"Siyu, how are you getting ready for the concert?" Susie shifted the subject and didn't want her to be so angry all the time.

Tang Siyu was in a good mood and laughed, "well, I'm ready."

"I knew it would be right to recommend you, but unfortunately I couldn't get to the scene."

"It's OK. It's the same with the live broadcast."

"Well! I will watch the live broadcast on time and call for you. "

"Well, I'll come on, too. I'm not going to mess up."

Su Xi is playing haha. She is obviously very sleepy. Tang Siyu doesn't want to take up her rest time. She cares, "Xiao Xi, hurry to have a rest and pay attention to your health!"

"Well! Well, I went to sleep. I stayed up late last night and photographed the early morning. I'm so sleepy now. I'll get together when I come back. "

"Good! Go to rest. " Tang Siyu answered and hung up.

After a phone call with Suxi, Tang Siyu is finally in a good mood. However, he thinks that Xing liehan overheard her swearing just now. How can he not be as angry as before?

In short, she couldn't figure out what the man was thinking more and more.

Xingzhai.

Xing YINUO looks at Xing YIFAN, whose eyebrows are tight. She asks carefully, "how many questions am I right?"

"Ten questions, five are wrong, three are covered, and only two are right." Xing YIFAN pointed out without hesitation.

"I don't have a mask! I'll do it right, will you? "

"Good! In front of me, work out the formula, and I'll see if you can work it out. " Xing YIFAN looks at her.

Now, Xing YINUO is puffing up his cheeks. Looking at the problem, his heart is empty. He can't even count it! ok She was blindfolded.

"It's not Meng. How many Jin and how much do you weigh? I don't know?"

"Ah! I ask you, are you really going to study in country m? You're not going to high school with me? "

"Dad told me to go. I want to go too." Xing YIFAN nodded and felt heavy about leaving home.

"No, you're gone. Who taught me homework?" Xing YINUO immediately reaches for his arm and forbids him to leave.

Xing YIFAN chuckled, "don't worry. After I left, my parents have found a tutor for you. He's not bad either."

"I don't want any tutor, I want you to teach me." Xing YINUO still doesn't let go. In her eyes, no one can speak better without her brother. She is allowed to let go of her Jiao and fight, and he has no temper.

"It's said that Wen Liangyao, the younger brother of his good friend Wen Lichen and the second young master, has just returned home with a double degree and has more than enough to teach you as a junior high school student." Xing YIFAN blinked at her and smiled, "but it's not as good as me."

As soon as Xing YINUO heard this, he immediately stared at his big clear eyes, "I don't want him to teach, I want you to teach, Xing YIFAN, you are not allowed to leave me."

With that, she blinked at once, "wait, is his eldest brother Wen LICHEN the president of Tianmu entertainment company?"

"What? Do you want his eldest brother to teach you? " Xing YIFAN looks at her with some pondering.

"Go rough, I'm going to mix with people in the entertainment circle. If I can get to know the leader of the entertainment circle, my star path will be naturally brilliant. No way, I want you to teach me, Xing YIFAN, please!"

"No way. I'm a man who wants to do a big business. I can't go with such a nobody as you." Xing YIFAN looks haughty around his arm. Then he gives her a squint. "I heard that you got a lot of benefits when you bought me. There are snacks, comic books and movie tickets. You can't do that anymore." Now, Xing YINUO smiled and shrunk his neck, "I can't have it!"

"Do you have a clear mind? In short, don't make trouble for me." With that, he gave her a rude knock on the head. "Next time."

Xing YINUO puffed his cheeks. "Do you want to teach me or not?"

"Look at it. I'll explain it only once."

"You know my brain doesn't work! Explain it a few more times! "

Xing YIFAN really can't leave this poor academic sister behind. However, when his father said that Wen LIANGYAO would come, he was relieved that he was a bully who he had heard of for a long time!

At 9:30, after finishing their homework, Mrs. Xing came to let them sleep.

Xing YINUO was too excited to sleep when she thought of the concert on Friday night. How she wanted to see it! Then, after the concert, she plans to go to Tang SIYU, the mother of her little

nephew, and ask her to teach piano. Then, she enters the interior to inquire about the emotional life of her eldest brother and Miss Tang for her mother.

She hoped that elder brother would marry Miss Tang as her elder sister-in-law! Because she doesn't want her little nephew to have a stepfather and stepmother!

Miss Tang must be very talented to educate such a good kid.

The next day, Tang Siyu had a rest at home. After she had enough energy, she woke up early the next morning.

It's 10 hours before the concert starts. It starts at 7 p.m. and ends at 10 p.m.

At nine o'clock in the morning, Tang Siyu received a call from ye you. One of her invited guests and friends rehearsed for the first time today. If it's convenient for her, she used to walk together. Now, Tang Siyu's all thoughts are focused on the concert. Of course, she attaches great importance to it. She promised to be there around 10 o'clock.

Chapter 73

Tang Siyu came downstairs and saw the cool red Ferrari sports car. She had no choice but to drive it first. She hoped that her car would be repaired soon, so that she would not need to use Xing liehan's car.

Last night, it was an unpleasant ending. Think about it carefully. In fact, if Xing liehan doesn't interfere with her life, she can get along well with him peacefully, but he has too much control over it. Besides, she and mufei have known each other since childhood. Now they meet again, and they don't meet each other. They are very jealous.

Therefore, it is only normal to see and say hello on the way.

Thinking about it, I can only say that this man is too domineering.

Tang Siyu drives to the concert site. At this time, all the staff are preparing for three hours of concert preparation tonight.

Tang Siyu also chose a more fashionable floral skirt when she went out today. When she came here, she saw Ye Youzheng talking with a man with a long back.

When ye you saw her, he immediately called out, "Siyu, here comes."

The man who has finished talking with Ye you suddenly turns around. A suit suit suits him. He wears a different style, which is between fashion and maturity. It is particularly charming.

Tang Siyu looked at him, slightly gaping eyes, my God! Ye you didn't tell her that she would invite him to pray for coolness. As for the background of this man, it's a movie and music double star. Just in time, Tang Siyu had been fascinated by him before, so at this moment, when she saw him, her eyes would fall out in surprise.

Although she is not the same as Huachi powder, she can not cover the excitement and excitement in her eyes.

Qi Liang looks back at her, then chuckles, "your name is Tang Siyu? A good friend of Jesse? "

"Do you know Jesse?" Asked Tang Siyu, slightly surprised.

"There was a collaboration two years ago." Pray for cool finish saying, reach over, "I call pray for cool."

Tang Siyu quickly reached out and shook hands with him, "Tang Siyu."

"I was standing here just now and I've been listening to Ye you boast."

Tang Siyu's face was a little red and he smiled, "is that right?"

"I can't see that you have another child. In my eyes, you seem to have just graduated from college." There is a kind of inexplicable light in the eyes.

Ye you's eyesight is very strong. Just now, she felt that Qi Liang was interested in Tang Siyu. Now, she really has the heart of becoming a man. She likes Tang Siyu and hopes that Qi Liang can find happiness. She even thinks highly of this pair.

"You talk. I'm busy there first. I'll come to you if I have something." After ye you finished, he would not make a lamp bubble.

Tang Siyu's heart thumped a few times. She and Qi Liang felt the purpose of Ye you's leaving at the same time. The moment atmosphere was a little awkward and delicate.

Qi Liang did not hide his interest in her. He said to her, "let's go there and sit down and talk."

Of course, Tang Siyu can't brush the good intentions of her idol. She nodded, chatted with him and walked to the side of the chair.

After sitting down, Tang Siyu asked with a smile, "you are the mysterious guest tonight!"

I'm here to help you

"I used to like one of your songs very much. There was also a piano piece in the song. It's said that you made it by yourself. It's very nice. You're really talented." Tang Siyu also unabashedly adores him.

"I also know that there was a little boy who was very popular some time ago. He is your son. It seems that you are also a talented woman who teaches children well."

Tang Siyu immediately grinned. Originally, the lighting engineer adjusted a kind of hazy light at this time. Tang Siyu's neat white teeth, coupled with her bright smile, can't help looking at the cool for a few seconds. The clean breath between her eyebrows and eyes seems to be hard to find in the whole entertainment circle.

Her body exudes a clean, beautiful atmosphere, which makes his heart beat out of rhythm for her.

At this time, ye you had to let the staff come over to prepare Tang Siyu for the rehearsal. Tang Siyu was about to enter the last rehearsal. Tang Siyu said, "I'll go to the rehearsal first."

"Good! See you later. " Qi Liang nodded with a smile. His long fingers held his chin. His face was also very handsome. He watched her.

When the whole quiet hall, there was an ethereal string of piano sounds, just like a jewel falling on a plate. The sound went into the ear, the rhythm was coherent, and all of them were stunned for a few seconds.

There was a dazzling light in the eyes of coolness praying. The girl's attainments in piano were really good. Moreover, a light hit her. Although she was only wearing a normal skirt, she seemed to be an elf in the forest. The light was dazzling and fascinating.

Ye you's strong emotional love songs in piano music make you feel the same depth, let go of yourself, and cooperate perfectly.

Today, the whole a city is also very busy, because fans from all over the country are already looking forward to the concert.

In the general office of Xing's group, when Xing liehan finished signing, his female assistant sent him ten tickets for tonight, on which a smaller image of Tang Siyu was printed. Xing liehan squinted his eyes, picked up the ticket and looked at it. His deep eyes locked the charming girl with a shallow smile. Mu Fei also bought tickets for her to enter tonight. It seems that this woman was attracted by bees The charm of butterfly is not small."Boss, come in at six in the evening. Don't be late!" The assistant reminded him to go out with the information.

Xing liehan's mobile phone rang at this time. He picked it up and saw that it was called from home. He didn't need to think about it, but also knew it was his sister.

"Hello!" He picked it up in a low voice.

"Brother, I'll go to the entrance first after class and the second brother! You can't be late for work. " The voice of Xing Yinuo came from that end.

"Well! I see. " Xing liehan answered in a low voice, "I picked up Xiao Xi and you at the meeting."

"Good!" Xing Yinuo hangs up at that end.

Xing liehan hangs up the phone and squints. If he doesn't go to see it with his son and younger sister, he is not interested in this kind of thing.

In order to avoid Tang Yiyi's entanglement, mufei has chosen to work at home, and his tickets have also been sent here. He is very interested in tonight's concert.

Similarly, Tang Yiyi found a friend to get a ticket in front of her. Her interest in the concert is only to find Murphy. She cursed Tang Siyu for making a fool of himself.

At the concert site, everything is still in the process of arrangement. Tang Siyu is preparing for the backstage work. She is checking the piano and tuning it to the perfect sound quality. Suddenly, a bottle of mineral water is handed over to her head. She is stunned, looks up, and sees that Qi Liang is smiling at her. "Fortunately, it's hard. Drink water first and then do it! It's still early. "

Chapter 74

"Well! Thank you! " Tang Siyu reached out to take it, and the nearby Qi Liang saw her drink a few mouthfuls and covered the piano. He was suddenly interested in saying, "can you play a piece with me?"

Tang Siyu's face to the idol's request, she where good refuse, moreover, she also has the interest, she nods, "good!"

Qi Liang sat by her side, chose a piece of music, and two people played it perfectly. From a nearby staff who was fiddling with the equipment, he immediately took out his mobile phone and secretly recorded the pictures of their double playing. The two people were very close, playing the piano, eyes met, full of affection.

People who don't know why will feel that they are a couple, and this staff member intends to buy the news to the media after the concert, when it comes time, he can definitely make a fortune, such as the fame of Qiliang, any gossip and fringes news, is money.

After a piece of music, prays for cool to appreciate Tang Siyu more, he originally had nothing to do, he sat beside her, and talked with her about some piano matters, Tang Siyu also has questions to answer, two people chat very happily.

And this staff member, also did not let them go of this scene, it seems that the relationship of praying for cool will come into being.

At about four o'clock, ye you invited the staff to have a meal. She drove her friends to have dinner next to her. Tang Siyu was also there. In fact, she prayed for the cool and took good care of her. At the dinner table, everyone could feel the different atmosphere between them.

Ye you is glad to see them as a couple, because she doesn't know that Tang Siyu has found a father for her son, let alone that she lives with Xing liehan. She just wants to be a friend.

Tang Siyu takes the initiative of praying for cool. She exchanges her phone number. Praying for cool says that he will find her when he needs piano accompaniment for new songs. Tang Siyu is also happy to take such a job. This is one of her jobs. She has always believed that independent women are the most beautiful. Therefore, she has figured out that life will be better if she earns everything by herself.

She won't waste good opportunities to make money.

Qi Liang is also very happy to get her contact information. Moreover, he can see that Tang Siyu's worship of him is only his talent in music. In front of this girl, Qi Liang is not confident in her pursuit, and she will definitely agree.

But he has already planned to take action. He also knows a news from ye you. Tang Siyu's family background is not an ordinary person. Her father is a famous businessman, so it takes courage to chase such a girl.

In the big square outside the entrance, many fans have already gathered, waiting for the entrance time of six o'clock, an hour's entrance, so that they don't want to miss it.

Next to the square came a black luxury Bentley car. From the car, I stepped down a pair of young girls. They were not so beautiful as words, and their facial features had many similarities. At first sight, they were brothers and sisters.

Xing Yinuo looks at the lively scene, and her whole heart is boiling. She laughs and dances like a child. Xing Yifan's hands are in his pockets, cool and handsome, with a figure of one meter and eight meters. All the young girls around are amazed and exclaim, staring at his figure without blinking, and the color of adoration overflows.

However, Xing Yifan's expression is so cold that these girls can only look far away and can't chat up.

"When will you arrive! I can't wait. " Xing Yinuo is very anxious with red lips. She wants to enter the stadium at the first time!

"What are you in a hurry! It's still early! " Xing Yifan is calm and calm.

Xing YINUO pulled him up and said, "let's go and buy something there! There are many glittering sticks there! I want to buy it. "

Xing Yifan can only be dragged by her to walk by. Xing YINUO buys small snacks and Yingguang sticks again. He is very happy.

At last, Xing Yifan also held two glittering sticks in his hand, which seemed very naive to him.

"Enough!" Xing Yifan looks at his sister and looks here. He frowns.

"Look! Boss, give me a pair of bracelets. "

"I don't want it!" Xing Yifan doesn't want to wear it.

"Who said it was for you? I bought it for me and my nephew." Xing YINUO bought it.

At six o'clock on time, I saw the fans in the queue. Xing YINUO was envious of them. Then he complained secretly. Why hasn't elder brother come? If we don't catch up, we will be miserable.

In Xing YINUO's hurry, she kept looking at the time. In her eyes, she didn't see her eldest brother as a god of omnipotence, because she didn't see her family as a super rich except that she knew there was no lack of money in her family when she was young, and her parents didn't pet her as a naughty princess, so she didn't realize how strong his eldest brother was.

The fans were all on time. After 6:30, except for the people in the square, those who didn't have tickets and who should go in basically went in.

At 6:40, Tang Yiyi's driver took her to the square. She entered the square with two female friends. There were many people, and her eyes were constantly searching for mufei's figure. Unfortunately, she did not find it.

Murphy has come. His car is parked in a corner of the square. He doesn't like to gather too much fun, so he is reading documents in the car at the moment, waiting for the last few minutes to enter. At the same time, Xing Lihan picked up the little guy at 4:30 and took him to the restaurant to have dinner before he rushed here. Because the concert lasted for three hours, he was afraid that the little guy would not come out and would be hungry.

When Xing YINUO called, it was 6:50. She saw that the elder brother appeared with the little guy in a suit and clothes, surrounded by six bodyguards. Xing liehan Mo sent it to the back of his head and combed it into a very large back. It seemed that he had just come out of the company's conference room, and had no time to change his casual clothes.

"Brother, how do you dress like this? You're so serious. It's a very relaxing thing to watch the concert. It's not interesting to dress like this." Xing YINUO scolded him as soon as he went up, and then, the next second, he picked up the little guy and turned around in situ, "I want to die my aunt."

Xing liehan's criticism of his younger sister is just a touch of lip hooking. It's hard for him to accompany his younger sister out to relax in his spare time. His mood is also very good.

"Hurry up. It's closing." Xing YINUO looked at the time and was scared to death.

Xing liehan holds up the little guy around him and moves forward with long, long, slender legs. Surrounded by bodyguards, Xing liehan walks calmly to the entrance. At the entrance, Xing liehan's handsome face suddenly sinks. He sees the check-in office next to him. Mufei is checking in with gold glasses. Mufei also looks back at him. He has no expression, Instead, he took a gentle look at the little guy in his arms, and then entered first.

But no one found that Xing liehan's face was gloomy and ugly.

Chapter 75

"Wow! I'm in. Hurry up. Let's find our seats. It's about to start. "

Xing Yifan shakes his head. He has no way to deal with this angry sister. Xing liehan thinks her sister is naive and lovely, very interesting. Since he was a child, he loves her most, but this brother doesn't need him to worry about it at all.

Fans have packed the hall, almost full.

And backstage, the staff is also taut in a variety of work, Tang Siyu first has a music accompaniment, at this moment, she has changed the stage makeup, a white mop skirt, long hair naturally spread in the back of her head, a fresh and elegant face, her fingers covered with white light gloves, like a goddess who does not eat fireworks between people.

Because ye you will interact with her on the stage this time, Tang Siyu's piano is not in the corner, but in the middle, so she needs to be exposed in the camera. Tang Siyu has been practicing piano since childhood, so her stage experience is very good and calm.

Ye you is dressed in exaggerated clothes, but full of personality. He has a very striking feather hat on his head, which looks like a white peacock.

She took a deep breath, walked to Tang Siyu's side, patted her shoulder gently, "Siyu, it's time for us to go to the stage."

"Well!" Tang Siyu chuckled, and beside, always accompanied her to pray for cool, but also gave her a look of encouragement, "come on."

Tang Siyu smiles and nods. At the moment, the stage is still covered with a layer of black velvet, full of mystery. Only the fans who are constantly agitating in the venue are shouting and anxiously calling for the appearance of idols.

Xing liehan and his party have already sat down. The little guy thinks that he will see Mommy. His excited mood is also reflected in his little face.

The big eyes of stars are flashing, with bright colors and expectations. Around Xing liehan's side, his bodyguards are sitting, like a human wall, separating the enthusiasm of some fans.

Mu Fei's figure was sitting not far away from them, and Tang Yiyi sent her Eyeliner everywhere. So, in the front row, her people immediately reported the location of Mu Fei, and Tang Yi Yi directly found it.

Mufei is not surprised to see Tang Yiyi. He has been avoiding her for many days. Tang Yiyi will find various ways to find him. He is not surprised.

Tang Yiyi and the fans around him exchanged positions. That's a male fan. Seeing her beautiful smile, he couldn't bear to refuse and directly changed with her.

Tang Yiyi sits beside mufei. She looks at him excitedly and happily. "I found you."

Murphy looked at her and said, "let's enjoy the concert together."

"Do you think I came here to enjoy the concert? I just came to you. " Tang Yiyi immediately bit her lips and looked resentful. Of course, she knew that Mu Fei came here for Tang Siyu's sake?

Murphy stopped talking. He just wanted to enjoy the concert quietly. Tang Yiyi immediately took out a drink from his bag and handed it to him, "no, here you are."

"I don't need it." Murphy refused lightly.

Tang Yiyi's eyes flashed a strong sense of loss. Now, Murphy is much colder to her. Although he hasn't been more enthusiastic to her in the past five years, now she is even more upset.

Does Murphy really want to stop being responsible for her? Just because of the return and appearance of Tang Siyu? What did Tang Siyu say to him? What bad things have you said about yourself in front of him?

Tang Yiyi's resentment grew stronger. However, she didn't notice that Tang Yixi's children were nearby. Besides, he was sitting next to the richest man in city A.

Backstage, Tang Siyu is also thinking that their son should be here! She hoped her son would not miss his performance.

Seven o'clock on time.

Only heard behind the huge black velvet curtain, came a string of light, amazing, piano sound, and the curtain slowly opened to both sides.

Under the bright focus light, a girl like an angel is sitting on the stage. On the huge screen, she has a light smile on her face, and the picture of her slim, long, flexible and healthy. It is like a pair of hands kissed by God, hitting a string of notes directly hitting the heart.

I heard that in the lobby of the whole performance hall, after the silence, there was a very neat and uniform sound of air extraction, as well as a loud sound, which was fascinated by the girl on the stage who was as beautiful as the fairy.

"Mommy..." Tang Yixi exclaimed with surprise, and Xing Yinuo beside him was also amazed and adored.

Under the dim light, Xing liehan's eyes looked unpredictable and deep, but his eyes did not leave the face of the woman on the stage for a moment, and no one could guess what he was thinking at the moment.

However, not far away, Murphy's handsome face has been in a daze. He looks at the girls on the stage as if he has returned to the old days when he was with her. All her beauty, her figure, her expression, her smile, he is all clearly emerging.

Compared with the calm and elegant girl on the stage at the moment, he has seen her more clear side. Tang Yiyi throws popcorn into his mouth and cackles, as if she is biting the skin and bones of the girl on the stage. Of course, she sees Murphy's expression at the moment. His whole body is taken away by Tang Siyu on the stage. His soul seems to be able to hold her alone.

In the melodious prelude, in the middle of the stage, ye you holding the microphone rises slowly, and her singing is also as affectionate as ever. The fans under the stage are just attracted by the piano girls, and at the moment, they are also shouting for idols.

But the very shocking and clear singing surrounded the fans from all sides, so that they listened quietly and carefully after a burst of shouting.

Ye you sang and waved to the stage. In the middle of the singing, she walked from the front of the stage to the middle. She stood beside Tang Siyu, opposite to her smile and eyes, perfectly matched with the sky. On the huge screen, Tang Siyu's face was also dazzling. Her smile was like her piano sound, especially the warm sun in winter. It was full of moving, and showed a kind of warm air with quiet years Rest.

Under the stage, in the fourth row of black seats, Xing liehan's eyes narrowed slightly. Even his sister nearby nearly knocked over the drink cup, but he didn't look away. Instead, the little guy and Xing Yifan were shocked. Fortunately, Xing Yinuo held the cup again, and he smiled. Then he said to the little guy, "your mommy is so wonderful."

"Of course." The little guy said proudly.

Xing Yinuo turned to Xing Yifan and whispered, "do you think Miss Tang will be our sister-in-law?"

Chapter 76

Xing Yifan's eyes looked directly at the elder brother. He looked at the past with a man's eyes, and chuckled, "maybe it's possible."

Xing Yinuo nodded happily at once.

At the end of the first song, in the interaction between Ye you and fans, Tang Siyu's piano was in the place of rotation, and Tang Siyu also bowed down towards fans politely, made a thank you ceremony, and then disappeared on the stage.

Tang Siyu, who just got off the elevator, was immediately offered a bunch of flowers by Qi Liang, who didn't know where to get them. Before she could react, he reached out and hugged her. Tang Siyu was stunned and laughed, "thank you."

"Great." I'm not willing to let go of her.

At the same time, the purposeful staff nearby is taking selfies and recording the scene.

Tang Siyu hurried back to the dresser with flowers in her arms. Next, she needs to put on a hot red evening dress, which is a slightly sexy style. A performer like her really doesn't need to care much, as long as it's not too explicit, she can control it.

This red evening dress has a V-neck at the front and a thin belt at the back. Therefore, Tang Siyu will show half of his waist and have a bit of scenery at the front. In order to match Ye you's hot and unrestrained tune, Tang Siyu doesn't care about this.

And her long hair is also dish up, made sexy messy style, the forehead is long curly hair bangs on both sides, straight down to the chest, even her eyebrows are also with the charm of pick up.

One side of the cool in looking at her make-up, his heart bit by bit again by this girl, he really has never been so interested in a girl, and this girl seems to appear perfectly in front of him, although only know her for a day, but he fell in love at first sight.

"Siyu, you're ready. It's about ten minutes before you go on stage." The staff came forward to remind her.

"OK! I'm ready. " At the moment, Tang Siyu is stepping on a pair of exquisite crystal high root shoes, which makes her whole temperament sublimate a lot, as if she were a princess.

On the stage, ye you's singing voice is fully displayed, and fans under the stage take photos and shout for help. However, Xing liehan, who sits in the fourth row, seems not to be listening to the song. He slightly frowns on his sword eyebrows and doesn't know what he's thinking.

Next to him, the little guy immediately pulled his sleeve. Xing liehan quickly lowered his head to listen to what the little guy said.

"Daddy, is my mommy beautiful tonight?" The little guy asked excitedly in his ear.

Xing liehan in front of his son, he did not want to say panic, he hook lips a smile, "very beautiful."

"Do you fall in love with her?" The little guy asked immediately.

Xing liehan didn't answer, just smiled and stroked his little head. Then, his eyes swept coldly to mufei's direction. Mufei was not in the stand, but his eyes fell on the front part, as if recalling something.

Xing liehan seems to have guessed that Murphy and Tang Siyu are people who grew up from childhood. Therefore, Murphy has seen what this girl looked like before. If it wasn't for the first time that this woman gave it to him, he would also doubt whether Murphy and Tang Siyu had done the closest thing before.

However, even if we haven't done the most intimate things, such as hand in hand kissing, which ordinary couples will do, we must not do less!

Thinking of this, Xing liehan's eyes were filled with a layer of cold frost, as if the ice dregs were coagulating.

Little guy doesn't ask. He knows that mommy is so beautiful tonight. Many people want to fall in love with her. He hopes daddy is one of them.

After ye you finished singing this song, she interacted with each other again. Next, she needed a guest to help her, and the music was also a very fast-paced and joyful track.

When all the music of the songs she sang was quiet, all she heard was the sound of the piano, like a pearl falling on a plate, which was fiercely uploaded from the rising ladder rotating in the middle. In everyone's expectation, only a dazzling fire rose appeared. Just now, the ethereal girl, the rose with sexy thorns, appeared.

Moreover, the piano sound is totally different from the melody, and the cadence of the rhythm is very obvious, which is enough to see how Tang Siyu achieved on the piano, which is not obvious.

However, there were two men's eyes suddenly shrunk under the stage. For the girl's dress at the moment, they all showed a kind of surprised and surprised expression.

She's wearing too little for both of them!

Xing lie's eyebrows are twisted like a rope. Damn it, doesn't she know she has children? Who do you want to wear it to?

Thinking of this, Xing liehan's eyes can't help but fall on Murphy's body. Is this woman on the stage thinking of seducing this man?

At the moment, Murphy was surprised and worried, so he kept his eyes on Tang Siyu for a moment, as if he was afraid that she would go away.

In Xing liehan's eyes, mufei is undoubtedly attracted and seduced by the women on the stage.

Xing liehan bit his thin lips. What is the color of appreciation in his eyes? He could not wait to take off his suit and put it on the woman. He should give her a good warning after she stepped down, and never wear such explicit clothes.

However, in the eyes of others, Tang Siyu's dress is not explicit, but a kind of artistic beauty. Even Feng Yinuo thinks it's beautiful. She wants to be a star in the future, and there will be endless good-looking clothes!

Others are looking at her with an artistic eye, but Xing liehan is looking at her with another complicated eye. However, he didn't expect that the girl usually wore such conservative clothes that her skin was white and shining. He knew that her body didn't need to be polished with any cosmetics, and it was absolutely delicate and white.

Moreover, on the big screen, it seems that even the photographer wants to give her a few more shots, especially the slight spring light on her chest, which makes people vaguely know that this girl has a perfect figure.

Xing liehan really wants to give the photographer a fist at once. These bastards don't pat Ye you well. Why do they always pat this woman on the chest?

Of course, these thoughts, only in his heart, repeatedly appear, and the face, just in a gloomy way.

He hopes that this is the woman's last song, so that she doesn't need to wear it to please Murphy. At the same time, let the men in the whole venue appreciate her body.

If Tang Siyu knew what he thought, she would only snort. She dressed like this and didn't please anyone. She only pleased herself. She could dress as she liked. Who cares?

Chapter 77

And Tang Yiyi is mad. She also feels that Tang Siyu is dressed like this to attract Murphy's attention. Sure enough, her half sister is trying to take Murphy away from her! But on the surface, he pretended to be so innocent. At the bottom of his heart, he didn't know how much he wanted to steal Murphy.

After a very hot love song, when Tang Siyu thanked the stage, he still covered his chest with his hands and stepped back gracefully.

After Tang Siyu arrives backstage, she can have a good rest. In order to make her less tired, ye you put all the songs she needs to play before comparison. Now she can have a good rest for 20 minutes, and make up for her last accompaniment tonight.

It's a coincidence that her last accompaniment is the song that ye you and Qi Liang sing together. Qi Liang accompanies her in the dressing room, and the makeup artist doesn't have to rush to make up for her. Her last set of clothes is black, black evening dress, which makes her temperament seem to have changed again. It's mysterious, cool and full of a kind of atmosphere that people dare not approach.

She was fascinated by her tonight, and her love in his heart was almost overflowing. However, he dared not, because it was too fast, he was afraid to scare her away. He wanted to approach her with the most sincere heart and move her. Even if she had children, he would not care. Just in time, he liked that child very much, and he did not want to have his own children, if she was willing to marry him He will take that child as his own son to support and love.

It's a pity that the little guy's own father has appeared! At this moment, he is with him, like an inviolable God.

The last set of evening dress has a long tail, and it is slanted shoulder. The black yarn wraps her exquisite body, making her other shoulder exposed, slender and charming. Her skin is more white and clear, and the beautiful clavicle is clear and visible.

Tang Siyu thought, after playing the last song, she must go to find her son under the stage, and then accompany him to watch ye you's concert until the end.

Just as she was waiting, suddenly her cell phone beside her rang. She picked up the phone. It was Xing liehan who called. She thought to herself, it must be her son who wanted to call her. She chuckled and said, "Hello, Xiaoxi..."

However, that end is not the voice of the little guy, but a low and cold voice line, "it's me!"

There was some quiet on the other end of the phone, apparently not in the meeting place. Tang Siyu was stunned. How was Xing liehan? She was worried. "Where are you? What about Xiaoxi? "

"I'm in the bathroom. Xiaoxi is taken care of by my bodyguards." Xing liehan answers her faintly.

"Oh! You call me. What can I do for you? " Tang Siyu asked in some confusion.

"How many songs do you have to play?"

"And the last one. I'll go to you in about twenty minutes." Said Tang Siyu.

"You'd better dress me conservatively. Don't you think it's disgraceful to look at your previous suit?" The man's voice line seemed very angry.

Tang Siyu slightly gapes at her eyes. How could this man teach her about clothes?

"It's a stage suit. I think it's very beautiful. What's the shame?" Tang Siyu asked.

"In a word, you'd better wear more clothes when you come out next, otherwise, go back and see how I clean you up." The man gave a stern warning, but hung up first.

Tang Siyu faces the phone, a small face full of frustration and speechless, is this man the steward? Even if she's wearing anything.

And in the corridor, Xing lie was so upset that he didn't know where he felt a cigarette. After the lighter was lit, he leaned on a place with few people in the corridor and swallowed the smoke and puffed out the fog.

His mysterious and sexy face became more and more charming. Two female fans saw him inadvertently and immediately screamed, thinking that they had seen an idol. However, Xing's cold sweep made them feel cold immediately and left.

However, the man took a few bites and then died. He knew that the woman was going to go on stage soon, and he didn't want to miss her last song. He wanted to see what she was going to wear this time.

In the background, when Tang Siyu was looking at his last clothes in the mirror, Xing liehan's cold face came out of his mind. She was a little depressed. Her long hair at the moment was made into a big wave, as if she had suddenly become the model of the imperial sister.

She didn't want to listen to his warning! She only went according to her own performance.

Qi Liang has also changed his performance clothes, a very fit Beige suit, very warm and charming, he stands beside Tang Siyu, and smiles at her.

The time in the background seems to pass very fast, and there will always be many things to deal with. So, even the people standing here feel that time is racing for seconds. Finally, the staff informed us and came to the stage in five minutes.

Tang Siyu's piano came to the stage from another elevator. This time, she was on the side, because the key figure at the moment is to pray for cool. His appearance will definitely cause another big upsurge of fans.

Five minutes later, it started. It is still Tang Siyu's piano sound that cuts through the silence. The piano sound is like a voice. Every note is implicitly full of soul, a moving charm, which is memorable.

A male song is the first one to sing. It's as low as a big chord. Every word is clear and charming. It's unbearable to be immersed in the song.

Sure enough, the fans are crazy. They shout the voice of praying for cool. The sound of praying for cool is constantly fluctuating. The perfect voice of praying for cool conquers them. The female voice of Ye you is not inferior. The perfect female baritone sings the feelings into people's soul.

It seemed like the best time.

A touch of the lamplighter sprinkles the moonlight like white light on Tang Siyu's body. It is light, but it doesn't take away the light of the main character, but it is absolutely noticeable.

When Xing liehan saw her last suit, the sword eyebrow was still very unhappy and tightened, revealing half of her shoulder.

Of course, the girl in the black evening dress has an inviolable beauty, and often for men, the more inviolable, the more conquering the sense of achievement.

Murphy has been completely fascinated by everything of Tang Siyu tonight. He is glad that he has left his marriage. Otherwise, he is even more irresponsible to Tang Yiyi, because sooner or later, he will fall in love with this girl again. He can't help but love himself and lose himself.

Tang Yiyi is totally angry tonight. She looks at Tang Siyu once and again as a more beautiful woman. In front of mufei, she hooks the man's heart away again and again.

She was so angry that she wanted to tear Tang Siyu to the stage.

Chapter 78

A long time ago, two fans arranged to present flowers. Ye you and Qi Liang both received flowers. After the two people sang affectionately to each other, Qi Liang walked to Tang Siyu who played the piano while singing in a low addicted voice. Ye you also looked at him with a blessing smile, and Qi Liang put the flowers on the shelf next to Tang Siyu's piano and sent the flowers to her.

And the photographer will not miss such a good play. He captures the vision of praying for cool and gazing at Tang Siyu affectionately. At the same time, when he receives the flowers, Tang Siyu also captures the smile of gentle looking back in his eyes.

In an instant, all the people under the stage saw a thing clearly, praying for coolness and offering affection to the goddess who played the piano.

However, although the fans are heartbroken, who said that tonight's Tang Siyu is so beautiful, so immortal and so charming?

Fans also hope that the idol can get a happy love. It seems that this girl really deserves him.

However, there are two men can be angry, Murphy slightly gaped at the eyes, can't believe that this praying for cool even flattered Tang Siyu on the stage, what does he want to do? His fist clenched in a flash.

However, the other man is Xing liehan. He can see clearly. As a man, how can he miss his love for Tang Siyu?

Damn it, this woman is really happy to play the man in her hand, playing one after another, no doubt, praying for cool is a big star, and she looks handsome and stylish, of course, she can see it.

At this moment, Xing lie shoots a string of ice pillars from the bottom of his eyes, hoping to assassinate the man on the stage who stares at Tang Siyu.

However, praying for coolness is just after sending flowers, I went back to the main stage and sang this song with Ye you!

Tang Siyu's last curtain call, she went down with the piano to do the lift.

Finally finished tonight 's performance, Tang Siyu relaxed a atmosphere, and the staff immediately sent a bunch of flowers to her, said a congratulation, Tang Siyu took over the flowers, went to the Royal dressing room, she would like to accompany her son quickly, and she did not want to be recognized by fans, so she had prepared a set of equipment for a long time.

A very low-key long grey sweater skirt, a pair of slender legs exposed, with a pair of black frame glasses, a small face is clean, clear and transparent, long hair is also tied up a half ball head, completely a fan dress, who would have thought that she was the goddess on the stage just now?

After Tang Siyu dressed up, she said hello to the staff. Carrying her bag, she sneaked from a backstage door to the conference hall. At this moment, everyone's eyes were on the stage. Naturally, she didn't find her. Tang Siyu knew that this man must be in the front row, so she went to look under her glasses.

It's really fast to find out. It's mainly the man's aura. It seems that there is no fan's warm breath at all. It can be found at a glance, especially the six bodyguards sitting beside him, which is more obvious.

Tang Siyu leaned close, and the bodyguard found her. He looked at her immediately, but Xing liehan's voice just sounded, "let her come here."

When Tang Siyu bent over there just now, he had seen her. Even if the woman turned grey, he could recognize her at a glance. What's more, she was just dressed.

As soon as the little guy heard his father's voice, he turned around and saw that he was immediately surprised. When he wanted to call Mommy, Tang Siyu covered his little mouth and didn't allow him to call it out. Xing Yinuo was too excited. Miss Tang came.

Because of the limited position, Xing Yinuo, who was sitting beside Xing liehan, said to her very cleverly, "Miss Tang, come here to sit."

Tang Siyu is stunned. Looking at these beautiful teenagers, he thinks that they are Xing liehan's younger brothers and sisters! She smiled politely. As soon as Xing Yinuo got out of the way, the front bodyguard got out of the way and gave Xing Yinuo a seat. However, the bodyguard left the position and stood by the side of the stage.

Seeing that Tang Siyu has given her a place, she has to sit down. But there is a Xing liehan between her and her son! This made her a little depressed. He wondered whether the man would change his position with his son and let her get close to his son, but the man didn't want to do it at all.

Xing Yinuo and Xing Yifan are sitting in the front row, and the back row is the three of them.

"Mommy, you're great!" The little guy lies on daddy's lap and praises her.

Tang Siyu is wearing a big black frame eyes that are very hidden. No one recognized her. She smiled at her son and tried to get closer. She smelled the masculine smell of the man in her nose. The little guy suddenly came back. Tang Siyu knew that he wanted to kiss her. She quickly turned away her side face. The little guy kissed her directly and then lay on his father's leg Go on, have fun.

On the stage, ye you continues to sing, and the following music is also very wonderful. There is also a strong dance performance, and Tang Siyu also enjoys it.

However, she looked at her, but felt that there was a very strong and annoying line of sight looking at her coldly. Her scalp was slightly numb, and she turned around and saw Xing liehan's cold eyes staring at her.

Tang Siyu swallowed saliva, what happened to this man? Where did she offend him?At this time, the little guy handed her a drink glass, "Mommy, drink water."

Tang Siyu took over and took a sip without thinking. Because she was so thirsty, she just finished drinking. The little guy proudly said, "Mommy, this is daddy's cup!"

In an instant, Tang Siyu drinks the water in her mouth. She doesn't know whether to vomit or swallow it. In a word, her expression is so disgusting!

Xing liehan saw it and narrowed a dangerous light.

Tang Siyu did not know where to spit, so she had to swallow it, but she would not drink it again at the next sip, and put the cup aside.

The palm of her hand was suddenly firmly held by a big one, which was not so simple as shaking hands, but rolling up her palm, clearly trying to pinch her.

She looked up with some pain, and saw that the man came closer to her. "What? Disrelish my saliva? "

This sentence is so low that only she can hear it. Tang Siyu is going to faint. What's wrong with her? Can't we just abandon it!

"I didn't!" Don Siyu doesn't know where this man comes from. She didn't swallow it just now?

"No, let me have another drink." Xing liehan hands his cup and straw to her mouth.

Tang Siyu was almost threatened, and his hand was curled up. If she screamed, she would surely be seen by people around her. If she attracted the attention of fans, it would be a bad thing and a shame. She had to be forced to bite the straw he had sucked and take two more breaths, while taking it, she stared at him angrily and resentfully.

Chapter 79

Xing liehan saw that she was really sucking. He didn't let go of her palm either. He put the cup on it. He continued to bite her ear and said, "that man on the stage just now is interesting to you?"

As soon as Tang Siyu heard this, he knew that he was referring to praying for coolness. She frowned and murmured angrily, "has it anything to do with you?"

When Xing liehan saw her answer, he snorted, "all my sons have them. Do you think it matters?"

Tang Siyu wants to faint. She bites her lips and says, "I have a son, but I'm not your wife. What are you doing with all this?"

Xing lie's hot and cold breath was sprayed on her ear. "I'll take care of it. How about it?"

After that, he still gave her a forceful squeeze. Tang Siyu's eyebrows were so sore that he pinched her tightly. He bit his lips and tried to draw his hand out of his palm. However, the man held it too hard. She couldn't help but bear the pain.

However, Xing liehan did not continue to pinch her. Tang Siyu ignored him. She wanted to watch the concert well.

It's already nine o'clock unconsciously. In order to avoid the crowd being too crowded behind, Xing liehan decides to take them away first. Xing Yinuo certainly doesn't give up, but she still needs to listen to elder brother's words, and Xing Yifan wants to go back.

Of course, Tang Siyu didn't want to, but her son couldn't stay up late, so she had to agree to leave.

Only when she left, she found mufei and Tang Yiyi beside him. Mufei looked at the stage and didn't know what he was thinking, but Tang Yiyi was not bothered.

Tang Siyu immediately followed Xing liehan and his son to take the lead in leaving from the side aisle, and came out of the square. At this time, the square was very open, and he could clearly hear the Nawai on the venue behind him.

Before Tang Siyu got on the bus, Xing Yinuo immediately said a few adoring words to her, "Miss Tang, I love you so much! You play the piano very well. "

"Thank you." Tang Siyu also thinks this miss Xing is cute. She knows that they all like their son very much.

Xing Yinuo and Xing Yifan got into their cars, and Tang Siyu's sports car also made Xing liehan decide to throw it here. Tomorrow, he asked someone to drive it. Tonight, Tang Siyu had to go home in his car. The little guy was sitting in the middle. He was sleepy. Maybe he could sleep on the road.

And the little guy asked her some things on the stage, and hit several haha in a row. Tang Siyu held him in his arms, patted his shoulder and said, "sleep!"

"Well! Mommy, I love you so much. " Don't forget to say it before you close your eyes.

Tang Siyu kissed his little white face with a smile. "Mommy loves you too."

The little guy closed his eyes and suddenly opened them again. He asked quietly, "can you also love daddy?"

Tang Siyu is slightly stunned. Where is the idea of his son coming out? She had to chuckle. "I don't hate him!"

The little guy also closed his eyes to sleep with satisfaction, and the eyes of the man next to him also fell on his son with concern. When he heard that the girl just said it was not annoying, his deep eyes just looked at her, which was meaningful.

Does this woman mean it? He doubted.

The little guy is asleep. Tang Siyu seems to have infected the little guy's sleepiness. Her eyelids are so heavy. Maybe today's performance made her nerves tense! So, after relaxing now, she will be very tired.

The street lights outside the window flickered from her in front of her, as if they were hypnotizing her. Of course, the men around her found her sleepy expression.

His long hands passed through her chest, and his strong muscles hit her chest invisibly. Tang Siyu immediately looked up at him in fear.

"Give me your son, and you'll sleep!" After Xing liehan finished, he took the little guy from her arms.

Tang Siyu sees that he just wants to hold her son. She is trapped like this, and she is afraid of falling her sleeping son. So, let him alone! Anyway, she's half an hour away from home. She can squint for a while.

Squinting and squinting, Tang Siyu sleeps deeply. Moreover, her small head, which has been buried in her chest, leans directly on Xing liehan's shoulder. For her, having a strong pillow is the best thing.

And she didn't think about who the pillow was.

Xing lie's cold eyes were slightly sideways. He felt that the soft face on his left shoulder bumped his shoulder blades from time to time. The sweet fragrance of women came into his nose, making his body gradually tense.

A couple of mothers and children fell asleep. The car drove all the way to a high-end community. Half an hour later, it stopped downstairs.

The bodyguard in front turned to him and whispered, "boss, do you need to wake up Miss Tang?"

"No, come here and pick up my son for me." Xing liehan felt that the women around him were sleeping heavily and could not wake up for a while.

The bodyguard immediately guessed the meaning of the boss, stopped the car, opened the door and held the young master. The little guy also slept well, and he continued to sleep when he was replaced.

The bodyguard retreated a few steps with the little guy in his arms. Then he saw Xing liehan holding out the delicate woman beside him.

Tang Siyu only felt a light body, but in the sleepy she did not think much, a small face buried in the man's strong and broad chest, sleeping more fragrant. All the way up the elevator, Xing liehan opened his door and asked the bodyguard to carry the little guy to the bed first. After the bodyguard put down the little boy, he dared not stay for another second. He said it and left.

Xing liehan still holds Tang Siyu in his arms. He wants to send the woman back to her room, but then he thinks again. It's unnecessary.

His bed is big enough for three people to sleep in! Why don't you just let her sleep here?

With his thoughts in mind, Xing Lihan didn't contradict again. He gently put the sleeping girl on the bed. Tang Siyu and the little guy sleep on one side respectively. Xing Lihan takes off their shoes for their mother and son, and looks at a pair of mother and son occupying his bed. He squints.

Xing Lihan put the little guy in some places, and then he went into the bathroom to take a bath. He slept with his son. He had no habit of sleeping naked all the time. He came here wearing a set of silk pajamas. The position between the two mothers and the son was enough for him to lie in, and he also lay down.

Tang Siyu, who was sleeping in a daze, felt the vibration of the bed. She reached out to the first floor next to her subconsciously. She was not an honest person either. She always liked to put one foot on the quilt.

So, at this moment, one of her slender long legs was standing on Xing liehan's waist and abdomen. Xing liehan was stunned.

However, even though the woman had been brought up, she still wanted to give up.

Xing Lihan seldom has a blank time in his brain, and at the moment, he feels a little blank.

Chapter 80

He snorted and his body stiffened. Tang Siyu regarded him as a quilt. His soft body was tightly attached to the man's arms, as if he had actively let him feel her temperature.

The man lowered his head and looked at the girl in his arms. The small half of his clean face was a little red.

Xing liehan can't help bending his eyebrows and eyes. He has a bad smile on the corner of his mouth and feels the enthusiasm of this woman.

Next to him, the little guy has been sleeping very well, and his face is red because of some hot sweat.

Maybe there's a little guy around! Although she was so close to this woman, Xing liehan also tried his best to restrain his thoughts on this woman.

Just, if he wants to sleep, don't think about it. He doesn't know how to extinguish the fire in his body.

If this woman holds him like this all the time, he can lose sleep until dawn.

Early morning.

The sunshine outside the window sprinkles on the elegant curtains like Emperor Yan, and it extends to the people's eyes on the bed bit by bit, and some dazzling light starts to kiss on the beautiful eyelids of the girl, which makes her long eyelashes tremble and starts to wake up.

Tang Siyu opened a pair of sleepy eyes, thought it was in her room, she looked at it vaguely, ready to continue sleeping, but, and so on.

She seemed to see a different view at that moment. Tang Siyu's eyes were suddenly opened, rather than the decoration of her room, which made her brain buzzing for a few seconds. She sat up and looked up.

God, it's not her room. It's like Xing liehan's room. Besides, she was still lying on his bed in her clothes last night.

Tang Siyu turns around and sees her sleeping son. She immediately taps her head gently. Her last memory is that she fell asleep when she was trapped in the car.

And what happened?

How did she and her son get back here? She has no memory at all.

If she didn't walk up, she must have been picked up. Who? Xing liehan or his bodyguard? Tang Siyu's pretty face was a little red.

No matter who she is, she can't be calm when she is carried upstairs by a man.

"Up?" It's not too cold. A long and charming figure steps out from behind the screen of the study. Xing liehan is dressed in a beige household suit. However, warm clothes can't cover his own cold breath.

Tang Siyu hurriedly got off the bed, blushing and whispering, "how did I sleep in your bed last night? And who brought me up? "

"Who do you want to be?" Xing liehan squints his ink eyes and asks.

"..... Is it your bodyguard? " Tang Siyu asked curiously that the man seemed to dislike her all the time and would not hold her for sure.

"It's me." The man answered her directly.

Tang Siyu immediately covered her red lips lightly. When she fell asleep, her face was white and red, pink and clear. Although her hair was messy, it was very attractive.

"Then why don't you send me back to my room?" Tang Siyu just wants to ask again. It's clear that it's separated from her room by one door, and this man didn't send her back?

"What? Even my bed The man snorts coldly. Is this woman blaming him?

Tang Siyu blinked immediately. "I slept in your bed, didn't you have no bed?"

"My bed is big enough for four or five people. Do you think I have nowhere to sleep?" Xing liehan chuckles inexplicably.

Don Siyu opened his eyes and exclaimed in a low voice, "did you sleep in bed last night?"

"This is my home and my bed. I don't sleep in the bed. Can I sleep on the sofa?" The man gave her a look.

Tang Siyu immediately thought of last night's dream. She seemed to remember that she was sleeping with the quilt as before. However, there was only a thin quilt on his bed, or it was covered on the little guy. Where did the quilt come from let her hold it? My God? Is she holding this man?

"Last night I have no place to offend you! " Tang Siyu had to bite her lip, expecting that it was not true, and her heart was broken. She wore a long straight T-shirt. If she didn't sleep honestly, it would be easy to walk away.

"You slept dishonestly." Xing liehan gave a faint hum and turned to the sofa in the study and sat down.

In order not to wake up his sleeping son, Tang Siyu followed him, then lowered his voice and said, "I What did I do? "

"You offended me."

"I How did I offend you? " Tang Siyu's pretty face turned red. The amount of information in this sentence is so big!

Xing liehan holds up the coffee on the table gracefully. The strong coffee has been half drunk by him. His coffee stays beside his thin lips. He raises his mouth, "you kicked me."

"Eh? Where did I kick you? " Tang Siyu is biting her lips. She is asleep. Can she kick and pedal at random? Moreover, she believed that even if she kicked him, he was so strong, it would not hurt!

Xing lie's cold eyes showed a warm color, "you said you put up a leg on me, where did you kick?"Tang Siyu's brain exploded again. As expected, the comfortable pillow in her dream last night was him. She usually likes to sleep with one leg on the quilt. If she sleeps with her leg up, she will kick

Tang Siyu stared at the lazy and charming man, and then her eyes couldn't help staring at his long legs.

"I Did I kick you? " Don Siyu wants to cry. What's wrong with kicking?

Xing liehan snorted, "write down this account first, and I'll work it out with you later."

Tang Siyu asked weakly, "do you want to go to the hospital? I pay for the medicine. "

When the man heard it, the sword eyebrow picked it up and said coldly, "it's stronger than you think."

“.....”

Don Siyu has some Sparta.

My God! It's a shame to chat around this topic early in the morning.

"Forget it. I owe you. I will repay you later. I'll go back to my room first. You look at my son." With that, Tang Siyu went to the door and turned to the man and said, "what's the password?"

"123456。 ” The man told her generously.

Tang Siyu is slightly stunned for a few seconds, so simple? However, she tried, and as expected, she opened it with a clang. She hurriedly pushed the door back to her home. Then, embarrassed, she chopped her feet in place.

My God! It's a shame.

Tang Siyu can almost make up for last night's picture. So, where does she hold him all night and kick him?

I'm going to die.

Tang Siyu walked into the bathroom, took a bath and had her hair washed. She came out and looked at the time. It was eight o'clock in the morning. Her son woke up now. She didn't want to cook breakfast. She wanted to take him out for a meal.
