

U. CEO Daddy 751

Chapter 751

The little girl immediately fell and sat on the ground, an angry little face raised, not Ji Xiaoxiao and who?

At this moment, the teacher is being pestered by a parent to talk. Ji Xiaoxiao sits on the ground and obviously falls on his knee. Huo Qiang only feels his heart ache. He steps in immediately, kneels on one knee and helps Ji Xiaoxiao up.

"Handsome uncle, it's you!" Ji Xiaoxiao was very happy to see him.

"Does it hurt?" Hocheon asked with concern.

Ji Xiaoxiao red a pair of clear big eyes, flat small mouth nodded, "a little pain."

"Darling, it's OK. Next time, you stand next to me. Don't be hit again." Huo Qiang's hand, can't help but stretch out, gently stroked her little head.

At this time, the teacher turned around to see, she immediately surprised, must be able to enter the school, it must be through strict identity authentication.

Since she had not seen Huo Qiang, she immediately determined that the man who spoke to Ji Xiaoxiao gently was probably her father, who had never appeared. She smiled and asked Ji Xiaoxiao, "Xiaoxiao, is this your father?"

The teacher's words made Huo Qiang's heart filled with joy, while Ji Xiaoxiao shook his head. "Teacher, he is my mommy's friend."

"Oh! It turned out to be Miss Ji's friend! She just called and said that she would come to Xiaoxiao later. She didn't say that her friend would come to pick it up! "

"I'm not here to pick her up. My nephew is in taipan. I'm here to pick up my nephew." Hocheon opened his mouth.

The teacher can see Huo's face clearly. She immediately covers her mouth excitedly, "Mr. vice president, it's you!"

In this school, Huo Qiang's identity cannot be concealed. He must receive his nephew and register detailed information.

Huo Qiang stood up, nodded to the teacher, reached out and couldn't help stroking Ji Xiaoxiao's little head, looking at this kid who looked like Ji Anshan, he had a kind of inexplicable intimacy.

"Handsome uncle, are you my mommy's friend?" Ji Xiaoxiao asked with his head up.

Huo Qiang, who was going to leave, squatted down and faced the little guy. He smiled and nodded softly, "yes, we are friends."

"Do you know my father?" Ji Xiaoxiao asked curiously at once.

Huo Qiang's heart immediately tightened. Did she point to Shen Rui?

"Yes." Hodgson nodded.

"Really?" Ji Xiaoxiao was surprised. "Do you really know my dad? So where is he? Can you call him and let me talk to him? "

"Is your father Shen Rui?" Hocheon asked her back.

After Ji Xiaoxiao heard this, he shook his head, blinked and asked, "my father is not uncle Shen! Uncle Shen is uncle Shen. Do you know where my daddy is? Why does he never come to see me. "

Huo Qiang's eyes were shocked. Listening to the little guy's words, his heart would be pulled into a ball.

"What did you say? Shen Rui is not your father? Have you never met your real father? " Huo Qiang asked excitedly, looking at the little guy, a kind of ecstasy surged up.

Ji Anshan's child, not Shen Rui's? Really? Why did she cheat him?

Ji Xiaoxiao shook his head and once again confirmed, "Uncle Shen is not my daddy, he is like you, a friend of Mommy."

Huo Qiang's heart at the moment really has a kind of excitement that can't be expressed in words, but he can't show it. He just looks at the little guy happily and asks, "Xiaoxiao, are you sure Shen Rui isn't your father? Have you never met your own father? "

"Well! Uncle, don't you know where my daddy is? Can you tell me where he is? " Ji Xiaoxiao's eyes blinked curiously.

"I..." Huo Qiang finds that he has no way to answer this question. Who gave birth to Ji Anxin?

Ji Anxin arrived at school earlier than before. When she was ready to pick up her daughter, she saw a man squatting in front of her daughter and talking to her.

This man is exactly Huo qi'ang. She breathed nervously, stepped over with high shoes, picked up her daughter from the front of the man, and stared at him with warning eyes.

"What are you going to do?" Ji Anxin's fear flashed through his eyes.

Huo Qiang didn't expect to learn some truth from her daughter. He gritted his teeth and asked, "your daughter isn't from you and Shen Ruisheng, is she? Why are you lying to me! "

Ji Anxin was even more angry. "You are so mean that you dare to approach my daughter without my attention. What are your intentions?"

Because of her lack of heart and fear, she showed a stronger emotion.

Huo qi'ang's face turned a little red. He took a light breath of air. "I didn't want to hurt your daughter, not to mention any purpose."

"She's just a child. If you pester me, even if you dare to treat my daughter, I'll never let you go in my life." Ji Anxin said, holding his daughter and left. Ji Xiaoxiao's little friend blinked his big eyes and looked at the uncle who was scolded by mummy. He felt so pitiful!

"Mommy, don't scold this handsome uncle! He didn't bully me. I was knocked down by other students. He came in to help me. " Ji Xiaoxiao, a child, pleads injustice for Huo Qiang.

Ji Anxin listened to his daughter's words and was stunned? Did you get hit? Where is the injury? Does it hurt? "

"I'm ok, but Mommy, the handsome uncle said, he knows my daddy!"

"What?" Ji Anxin's head was blown. What did Huo Qiang say to his daughter?

"What did he say to you?"

"He asked me if Uncle Shen was my daddy. I told him he wasn't, but he said clearly that he knew where my daddy was."

Ji Anxin listens to her daughter's words. Although they are reversed, she still understands them. In addition, Huo Qiang asked Shen Rui about her relationship just now.

"Xiaoxiao, Mommy will always be with you. Shall we not find daddy?"

"Why! Everyone else has a daddy, don't I? "

"You have, but your father is gone. You can't see him."

"Where has he gone?"

"He..." Ji Anxin's heart was aching. Her father had just stood by her side, but she could not let them know each other.

"Honey, will Mommy take you to the playground? We can have an ice cream today. "

"Really? Well then! " The little guy was immediately diverted.

But Ji Anshan's mood has turned to the extreme.

Then Huo Qiang, who came out from his nephew, could only see the back of the red sports car Ji Anxin drove away from. He sighed, at the same time, he also sighed.

It seems that the betrayal did not exist. At least, she was not in love with Shen Rui.

He really can't stand it.

But who is her daughter's biological father? Why didn't this man show up?

A lot of things came up at once, but one thing was firmly rooted in his heart.

He was glad that the man didn't show up again, so he left him a chance. If Ji Anxin will forgive him one day, he can live with their mother and daughter, and he is willing to take care of them all his life.

Huo Qiang returns home with his nephew. He enters the room. Shen Rui's number has been found in his mobile phone. However, he hasn't unplugged the old friend's mobile phone.

At the moment, there are too many questions in his heart, if Shen Rui is only with them in the way of friends.

So, does he know everything about Ji Anshan?

Hocheon doesn't think so much. He just wants to know everything about Ji Anshan.

He dialed Shen Rui's number.

Soon, the end answered, "Hello, hello."

"Hello! Ah Rui, it's me! " Huo qi'ang's voice line is a little hoarse, calling the name of that year.

At that end, Shen Rui was silent for a few seconds, then said with a very strange voice line, "what can I do for vice president?"

"A Rui, I want to know what happened to Ji Anxin! Who did she give birth to the child with? " Huo Qiang mentioned this matter, all felt heartache.

The birth time of this child is definitely not the time they should deal with in the last night. It can only be born by Ji Anxin and other men.

"Oh, what's the point of asking? Be at ease with her own life. Stay away from her! " Shen Rui's voice is full of warning.

"Tell me, what happened after you disappeared?"

"I have nothing to say. Please don't call me again." Shen Rui finished, and hung up at that end.

Chapter 752

In the quiet room at night, Ji Anxin took a bath for her daughter and blew her long soft hair. Looking from her side face, the little guy's side face had a perfect arc, which was almost like Huo Qiang.

Ji Anxin's heart tightly mentioned, thinking of this afternoon, he appeared in his daughter's classroom, talking to her picture.

No, I will never let Huo Qiang get close to her daughter in the future. After she gives birth to her daughter, she can only forge the birth time of three months for her daughter. If Huo Qiang really wants to, if he knows where she gave birth to her daughter.

There must be some clues.

Now, he is the precious vice president of the country. He has a very strong ability to do what he wants.

Ji Anxin looks at her daughter holding the toy, showing her childlike appearance. Her heart is soft and bitter. She didn't mean to prevent her daughter from losing her father.

However, this father's recognition will only bring harm to her, especially the Huo family. How can she bear to let her daughter go back to that merciless home?

She is more and more firm in her heart. She must protect her daughter to the end and not let the Huo family discover her identity.

"Mommy, I like today's handsome uncle very much!" Ji Xiaoxiao said this sentence without a clue.

Ji Anxin combed her hair and froze for a few seconds? What handsome uncle? "

"That's the handsome uncle who talked to me in the classroom today!" The little guy told her seriously.

"Xiaoxiao, listen to Mommy. In the future, don't talk to strangers again, OK? It's dangerous. "

"He is not a bad man." Ji Xiaoxiao stressed.

"How do you know he's not a bad guy? Bad guys don't have ugly faces. Bad guys also have good looks. " Ji anxiously and patiently educates her daughter.

"But But handsome uncle is not a bad guy. " Ji Xiaoxiao looks at her mother with firm eyes as if she is determined.

Ji Anxin's heart is filled with a layer of complexity. Are father and daughter father and daughter? No matter how she vilifies Huo qi'ang, does his daughter think he is a good man in her heart?

"Darling, listen to Mommy. In a word, don't talk to strangers."

"Mommy, don't you know Shuai uncle? You are friends! " The little guy asked with a wink.

"No, I don't know him." Ji Anxin quickly denied this.

"But last time you talked outside the car, I saw it."

"He just lost his way and asked me the way." Ji Anxin should face her daughter. She must make her daughter understand that she can't be too close to Huo CHIONG again.

At night, looking at her sleeping daughter, Ji Anxin lost sleep again. In her mind, some old memories are surging. In her memory, everything about her and this man seems to have happened yesterday, so far away and so clear.

She used to love him so hard, so unreserved with him, now, the past, such as smoke, has blown away.

She still remembered that he had promised to let his family accept her. Even if his family did not accept her, he would accompany her to leave, go to live in a foreign town where no one else could find them, and choose a picturesque town to spend his life.

Ironically, his promise was only a month old, and he had a new woman beside him. She thought that it was just his father forced him, until that day, at his home, he saw that scene.

She was completely dead, originally, thought of the undying love, but also fresh two words.

Ji Anxin closed his eyes, threw away the memories of the past, and gently put his daughter in his arms. Now, she has only one daughter in her life, and no man is needed to step into her life.

What is a man when he is really strong?

Shen Rui has been pursuing her for five years, and she has not promised again. It is not that Shen Rui is not good, but that she has no strength to love again. That is to say, she knows that she will not love him with all her heart. Why waste his feelings and time?

But Shen Rui is also very persistent. He no longer wants her feelings. He only needs an opportunity to accompany her. As long as she doesn't drive him away, he will stay with her and never give up.

Sometimes, Ji Anxin will feel very unfortunate, but sometimes, she feels God has not treated her badly.

Late at night, Huo house.

Huo Qiang is lying on his back in his pajamas. His hair has just been washed. The long flowing sea covers his straight eyebrows. Under his high nose, he has a thin and Sexy Lip and a beautiful chin. Under the dim crystal light, he looks like an ice sculpture.

His eyes were dark and shiny, which made it impossible to guess what he was thinking at the moment.

What is he thinking?

He is recalling the past and the first time he and Ji Anxin met.

Her clear and astringent appearance, smile, the whole world is beautiful, sweet, like a little sister next door, and she now that strong charming different feeling. At that time, she was as soft as if she needed to be protected at any time, and could not bear to let her get a little hurt.

And the first time he confessed to her, she shamefully refused, until the second time she said it with a smile, then she was eighteen years old, and he was one year older than her.

On their 20th birthday, they were in a hotel. They were drunk. Some things happened naturally. From then on, their love became more complete and intense.

Until he found the right opportunity to take her home, be responsible for her, and plan their future life.

However, when he and Ji Anxin came back home, the first sentence that his father saw was to let them break up directly. At that moment, they did not expect it.

Then, half a year later, he was stopped by his father to meet her. Even, his father carried him on his back and went to talk with her. In a word, his father was trying every way to break them up.

At that time, he even tried all kinds of ways to get his father's consent. He even knelt at his father's door all night.

His father also introduced to him a daughter who was deeply in love with him and a senior political official. He refused and urged the girl to leave. However, the girl pestered him like a devil.

Until Ji Anxin suddenly disappeared in his world, he went crazy to find her, but she disappeared again, his heart died, and the girl finally understood that no matter how hard she tried, he would not accept her, and she married the next year.

And his world is quiet, at the same time, his emotional world is also dead.

He was sent into politics by his father. His starting point is very high. He put all his thoughts on his work. In a flash, he has achieved great achievements in five years. A year ago, he realized his father's ambition and what he was planning with a group of people behind him.

He advised his father, but at that time, his father had decided to recommend a person under his control to the stage. At the same time, he also proposed to him that he would be the first to push him up as long as he was willing to take the position of vice president.

He accepted the position willingly. He did not sit here for the benefit of his father and his party. Instead, he did not allow anything threatening the country to happen.

He loves his country and doesn't want his father to be wrong again.

But he didn't expect to meet Ji Anxin again five years later.

Now, when he met him, his heart, which had been silent for five years, was once again disordered and moved.

Early morning.

Huo qi'ang got up early as he went, and saw his sister Huo yuan in the hall. Today is a weekend. Huo yuan, who is rarely busy, is resting at home.

"How are you doing? You look tired. " Huo yuan asked with concern.

"Nothing, nothing." Hodgson smiled. "Aren't you busy, too? Also pay attention to rest. "

Huo yuan nodded, and then, thinking of something, she said, "you are twenty-eight this year, almost twenty-nine! It's time to get married and have children. "

"Elder sister, I have no plans for this." Hocheon didn't want to talk about it.

"Haven't you forgotten your original intention? She's gone, and it's time for you to start over. " Huo yuan sympathizes with her younger brother very much, because her father advocates rights, so as a boy in the family, her father's hope is forced on him. "Sister, let's talk about it later!" Huo Qiang refused, but his eyes were shining.

Chapter 753

Because, his life, has recovered angry, only, he still needs time.

Just after breakfast, Huo yuan received a call from the hospital. She had another emergency operation to do, and her son Xiaohui had to let Huo Qiang, who was resting at home, look after her first.

Huo Ming is a very busy person. Although he is old, he always has busy social activities every day and goes out early.

On the contrary, his vice-president seems to be at leisure at home.

"Uncle, would you like to take me to the amusement park! I haven't been there for a long time. " Xiaohui knows that his uncle is the one who loves him the most.

Hodgson smiled and stroked his head. "Where do you want to play?"

"Go to the place you took me to last time! I really want to go again! "

Hocheon has no way to take his nephew. Last time, he took him to the experience hall, where he could experience air traffic, Navy, firefighters and so on. At least 20 kinds of fun.

It's also a favorite of children.

"All right! I'll get dressed and go out. " Huo Qiang is also very fond of his little nephew. His mother has no time to play with him. He should do his best to be an uncle.

Moreover, as long as he wears more casual clothes, no one can recognize his identity. Although he will appear in some meetings and newspapers, ordinary people will not pay too much attention to him.

In Ji Anxin's apartment, Ji Xiaoxiao's children can't stand it any longer. In addition, Ji Anxin also hopes to take advantage of the weekend time to take her daughter to relax.

She didn't know what was interesting around here. She asked sushi. Sushi told her that she could take the little guy to the experience hall for a while. Besides, there were not many people, and there were staff to watch. The child was very safe and assured.

After Ji Anxin listened, he thought this place was good and could make his daughter brave.

After being begged by her daughter for a long time, she squatted down and said, "OK, I'll take you there, but you have to promise me that you can't make Mommy buy toys."

"Well! I promise I won't have toys. " In order to be able to go out and play, the little guy agreed to all the conditions.

Ji Anxin originally wanted to ask sushi, but sushi is now taking care of her little daughter, who has no time to come out, and Tang Siyu has two children at home, so she doesn't disturb.

Ji Anxin leads his daughter out.

This experience hall is in a toy city in the center of the city. Because it's still early, there are not many tourists. Ji Anxin bought a ticket for her daughter to go in and saw her happy looking left and right.

At this time, the door of the fire brigade that is inviting the children to go in and play is opened, and the child is immediately recruited in. The staff put on the fire suit for her, which is really like a model.

Ji Anxin looks at her daughter's happy appearance inside, and she is relieved. There are many parents nearby who are playing with mobile phones. She sits in front of the glass window and stares at her daughter specially.

At the same time, in the direction of the entrance, Huo Qiang bought tickets for his nephew and brought him in.

"Uncle, I'm going to play Navy." Xiaohui immediately walked to the side of the fire station. Now she was recruiting children. Xiaohui rushed in. A six-year-old like him, he was bold and mischievous. He didn't need to rush in at all.

Huo Qiang watched his nephew go in and his bodyguards come in. They protected him at any time nearby and also noticed the movement around.

Just then, he heard a familiar female voice.

"Come on Xiaoxiao." It's Ji Anxin, who is close to the window. She sees her daughter is about to slide down a pillar bravely, and other children are daring to slide down with their legs clamped.

But Ji Xiaoxiao is afraid to go forward. Ji is at ease outside the window. He wants to add fuel for his daughter. Excited, he shouts out this sentence.

And she didn't notice, because of her words, there was a pair of deep and surprise eyes looking over.

Huo Qiang never thought that a city in Nuo university had met her and her daughter here.

At this moment, Ji Anxin watched her daughter's desire to try, and finally fell down under the guidance of the staff, which was a big challenge for the little guy.

When she got down, she smiled at her mother out of the window. She did some funny actions, cute and witty.

Ji Anxin, standing in front of the window with his arms around, also bent his lips and smiled, proud of his daughter.

At the moment, Huo Qiang doesn't even look at his nephew. Unconsciously, he stands behind Ji Anxin. With the advantage of height, he also looks at Ji Xiaoxiao.

There was a grandmother who wanted to see her grandson, but somehow she got in front of Ji Anxin. Ji Anxin immediately stepped back, and suddenly stepped on someone. However, the person who was stepped on helped her kindly.

"I'm sorry." Ji Anxin instinctively apologized to those who stepped behind him, and wanted to see what kind of people he stepped on.

She turned her head and looked back. In this way, her pupils were gaping for a second. At the same time, she took a breath and stood away from the man. What the hell is that? Ji Anxin's heart was frightened.

Is this man following himself? How could it be here? Ji Anxin has only this idea. She can't help being angry when she thinks about it.

"You follow me?" She asked with a raised eyebrow.

Hodgson shook his head innocently. "I didn't."

"You dare say no!" Ji Anxin doesn't believe him. How could he have been here if he hadn't followed her?

Huo Qiang could not help chuckling. "I really don't have one. I brought my nephew here to play. I didn't meet you by chance."

Ji can't help choking. Is that really a coincidence?

"My nephew is next door." Hocheon points to the experience pavilion next to him.

Ji Anxin, even if she believes him, doesn't want to stay with him at the moment. It's a pity that her daughter's training hasn't been completed, and the door is closed, so she won't let the children go.

She could only wait by her arm.

But Huo Qiang also waits at one side, his vision deep locks her, with a trace of eagerness.

Ji Anxin's arm is encircled, his face is on guard, how eager his eyes are, how cold her expression is.

It's just that there are so many people here that she can't have an attack. Let him look away and let the man see enough.

Ji Anxin is waiting for her daughter to come out, thinking that she will leave when she comes out.

Huo Qiang's eyes seem to be insufficient. Even though she has a cold face, he feels that he can see for a lifetime.

Ji Anxin takes a seat in the corner of a small person, glances coldly at the man who is still looking at her. Has this man seen enough?

Huo Qiang's figure standing here, however, attracted several young mothers to look at him. He said clearly in his eyes, how handsome!

Ji Anxin's heart couldn't help sneering when she saw the women peeping at him. Still attract bees and butterflies!

Huo Qiang did not step by step to her side, he sat next to her, and Ji Anxin immediately planned to get up, but the man's hand clasped her and pulled her down.

"Sit down! I will not disturb you. " Hocheon didn't want her to leave.

Ji Anxin sneers, "you are in front of my eyes, already in the way."

Huo Qiang's handsome face immediately tightened a little, but Ji Anxin would not go back to his heart if he detested him.

"Xiaoxiao's father, why never appeared?" Huo Qiang asked what he wanted to ask most, pretending to be calm.

Ji Anxin has already thought about how to answer this question.

"I don't have to tell you."

"Xiaoxiao said that she had never seen her father since she was born Why didn't he show up? " Huo Qiang doesn't give up.

Ji Anxin chuckles, "Mr. Huo, don't you know there is such a thing as one night stand in the world?"

Huo Qiang's heart was severely boxed, one night stand?

Is it through such a thing that she has a daughter?

"Impossible..." Hodgson gritted his teeth and approached her. "You're not going to do this."

Ji Anxin raised his eyebrows and retorted, "I did it, so what? Who allows what I can't do? Are you?"

Huo Qiang was silenced by this retort.

"Even if I am with any man now, you are not qualified to ask." Ji Anxin added another sentence.

Chapter 754

Ji Xiaoxiao came out and had a good time. As soon as she came out, Ji Anxin crouched down and tried to persuade her to leave.

"No, no, Mommy, I have to play, I have to make cakes!" The little guy is addicted to playing, how can he leave now?

She has to go to the model hall and the nurse hall. When she came here, she wanted to play a lot.

"Shall we come next time? Mummy is in a hurry. " Ji Anxin wants to take her daughter away no matter what.

"No, Mommy let me play for a while! Please. " Ji Xiaoxiao looks at Mommy pleadingly.

Ji Anxin naturally doesn't want to take her away, but how can she rest assured that the man is here?

Just then, a low male voice appeared beside her, "you don't need to take her away, I won't disturb you."

It's Huo Qiang. He can see it from the side. Ji Anxin wants to take his daughter away because he hates him. Ji Xiaoxiao clearly wants to play.

If it's because of his presence, Ji Anxin doesn't have to leave, because even if he is here, he won't disturb their mother and daughter.

"Handsome uncle, why are you here?" The little guy is surprised. When she sees Huo Qiang, she feels like she wants to be close.

Huo Qiang has a kind of inexplicable kindness towards the little guy. He nods, smiles and says, "yes, I'm playing here with a little brother."

Ji Anxin only felt that her daughter and this man talked, her heart would thump a few times, she quickly pulled up her daughter and said, "OK, you have to play, hurry up! Hurry up. "

"OK! Mommy, I'll be obedient. " Ji Xiaoxiao doesn't forget to please his mother.

Immediately into a small nurse experience hall, Ji Anxin stood at the door, looking at her daughter through the glass.

Hodgson is on the other side, and his nephew is still in the room.

His eyes are turning a painful color at the moment. Ji Anshan's words hurt him heavily.

Did she indulge in the two months when she disappeared? Why does she have to be so abusive? A one night stand with a strange man is not something she would do.

But now, he really found that he didn't know her and couldn't see her. Huo Qiang's eyes looked at the woman who was full of defensive breath.

She is exquisite and perfect, as if covered with a layer of hard shell, which can not touch her real inner world.

As a successful strong woman, she has what she should have. It seems that there is nothing in the world that can attract her and bribe her.

She is not the simple girl, not the one. He said he loved her and she would believe in her.

At the moment, he saw the men passing by her, the eyes that showed on her, that was to like her, and that was not good.

But now, she has no right to care about anything about her, even the chance to protect her.

Ji Anxin's heart is also very complex. Although he is not in front of her, she can always feel his eyes looking at her. Just now, she said it deliberately.

It should be very exciting to him. This man once said that she can only be his own woman. Oh, now, she hit him hard in the face.

She can be a woman of any man, but in the future, she will not be alone with him.

Although, she is now a man, five years, no man has stepped into her world, she will never tell him this fact in her life.

Ji Anxin is looking at her daughter helping to take care of the fake baby. At this moment, she suddenly hands over a bottle of water in front of her. She is stunned and turns around. Huo Qiang stands behind her and hands her a bottle of mineral water.

Ji'an's mind was cold, but he didn't answer.

"Drink water!" Hocheon said in a low voice.

"Thank you. I don't need it." Ji Anxin's cold refusal.

Huo qi'ang had no choice but to take back the water. Looking at the way she didn't give any chance, he didn't know what to do.

After a while, his nephew ran to another district, and Huo Qiang could only leave with him. Ji Anxin waited for his daughter to play for a while, and took her to several pavilions. She could see Huo Qiang's figure, but it was a little far away.

She didn't have so many defenses, just looked at her daughter's happy appearance, and thought that the man was her daughter's father, in the heart, she could not help but feel sad and angry.

How could a daughter live such a life without what happened? She was born with a complete family, and that man should do his duty as a father.

Ji Anxin tries to coax her daughter out after her daughter plays what she is interested in.

Ji Anxin came out with her daughter, and she seemed to be relieved. She took her daughter to the shopping mall nearby. She thought that Huo Qiang would never meet her. After playing with his nephew for a while, Huo Qiang didn't meet Ji Anxin. He knew that she must have left.

In the evening, Ji Anxin brings her daughter back from the dinner outside, bathes the little guy and sends her to bed to play with her doll on the bed, while she works nearby. At this time, Qiaozhi, President of her company's national headquarters, called in.

"Hello, George." Ji Anxin answers the phone.

"Take it easy, there's something I need your help with."

"What is it?"

"I have a political party, but I can't be here. Go to it on my behalf! This also represents the honor of our company to be invited, you go to participate in the most appropriate. "

Ji Anxin has just entered the country and has dealt with politicians. This kind of scene cannot be avoided. He has to deal with it. "

"Yes, I will."

"It's very good. I'm sure you can do better and better."

"I will do my best to get the best interests for the company." Ji Anxin is also full of confidence.

Ji Anxin hung up the phone and sent an invitation letter in her email. She looked at the time and place. On this Friday night, it seems that she would ask Shen Rui to look after her children again.

Thinking of such a political banquet, she thought that Huo Qiang would not appear! Better not meet him.

Early morning.

Ji Anxin sent his daughter to school. When he came out, he saw Huo Qiang who had already sent his nephew in advance.

Ji Anxin saw his car parked beside her. She didn't want to see him, and she had to go to him.

"I see your name on the party list on Friday. Will you come?" Hocheon asked.

Ji Anxin is shocked. Unexpectedly, he knows in advance. She squints her eyes and doesn't want to answer her.

Huo Qiang watched her get in the car and leave. He already had the answer. Ji Anxin's company has just entered China. She can't push such a party, so she will definitely go that night.

Huo Qiang called an assistant and asked him to press the line. That night, he would also attend the party. His identity could not be dealt with in the past, but there must be some lower level officials to greet him.

However, if she did, he would never miss it.

Ji Anxin's heart is blocked along the way. Depending on the situation, he will surely pass. Ji Anshan arrives at the company and receives a phone call from the head of a cooperative company. It is a divorced bachelor. He happens to know that Ji Anshan will also attend the dinner party. He wants to have a company with Ji Anshan.

It's impossible to go to such a dinner party alone. If you can go to the right past in pairs, you will have face.

Ji Anxin has years of cooperation with the boss, and the relationship is good, so she agrees.

"Peace of mind, look forward to that night, beautiful and noble you." There was a happy male voice coming from that end.

"Thank you, Mr. Lin. I try not to let you down."

"You will not let me down. I will feel very honored to be with you." Lin Dong laughed.

Ji Anxin hung up the phone and went to the meeting.

In the vice president's office, Huo Qiang's cell phone rings. He picks it up and looks at it. It's his father.

"Hello! Dad. "

"Pray! I just asked your assistant. He said you would attend the exchange dinner on Friday, didn't he? "

Chapter 755

Huo Qiang frowned slightly. "Dad, you can't cross my itinerary like this."

"Well, not next time." That end Huo Ming some unhappy answer.

"Dad, what can I do for you?" Huo Qiang listened to his father's voice, as if he had something to say.

"That's right. If you want to attend the dinner party, you must have a female companion. Miss Zheng, whom I mentioned to you last time, happens to be free. I will arrange her to accompany you."

Huo Qiang listened, and Junyan immediately blinked the color of rejection, "no need, I will not stay for a long time."

"You've just joined in. Why don't you stay a little longer? This time you're all business tycoons. If you can walk around and get close to them, it's very good for your future development." Huo Ming said to his son.

"Dad, I don't have any ideas or plans for this. I'm now in the position of vice president, and I'm satisfied." Hocheon wanted to stop his father's stronger ambitions.

"You, you, forget it. Anyway, on Friday night, Miss Zheng will accompany you to the table." Finish saying, that end, Huo Ming directly hung up the phone.

Hodgson's eyes flashed a deep, no matter what, he would not bring women into the arena.

This time, he just wants to get the good feeling of Ji Anshan, or find a chance to compensate her, and will never bring her any more harm.

Huo Qiang thought that his father would not give up the rest, so he could only start from Miss Zheng and let her take the initiative to quit.

In the afternoon, he had a meeting, so he couldn't pick up his nephew. In the evening, Huo Ming asked him to go home for dinner.

Hodgson's private life has always been very clean, there is no unnecessary entertainment, he will also be very safe home to eat.

When he stepped into the hall, he saw a young girl sitting on the sofa of his home. She looked at the age of twenty-five or six, not like a simple girl. She was Miss Zheng in Huo Ming's mouth.

She is a very centralized family girl. As she grew up rich, Miss Zheng looks very beautiful and has a lot of temperament.

Seeing his son coming back, Huo Ming immediately introduced him with a smile, "Xiaoyu! Introduction, my son prays

Then he said to Huo Qiang, "Qiang, this is Miss Zheng that I often tell you. Her name is Zheng Yu. You can call her Xiaoyu."

Zheng Yu's eyes are on the man walking in. He is tall and handsome with extraordinary temperament. Although he hasn't seen him, he has already heard his name. So, at this moment, his heart of love will naturally surge up.

"Hello, Mr. vice president. Nice to meet you." Zheng Yu's eyes showed expectation and excitement.

"Hello, Miss Zheng." Hocheon remained polite and polite.

"I'm sorry, you young people have a lot of topics. I'll go to my study." Huo Ming just left.

When he left, he gave his son a warning look in his eyes, indicating that he would treat Miss Zheng well.

Huo Qiang looks at Zheng Yu. He needs to ask her about the party.

Zheng Yu was a little nervous, but also very excited, "Mr. vice president, I am honored to accompany you to the dinner party."

Just now Huo Ming has agreed with her that he will definitely let Huo Qiang take her to the table, and she also thinks this is Huo Qiang's invitation, so she is very happy.

Huo Qiang sat on the sofa, his eyes calmly looking at Zheng Yudao, "Miss Zheng, I'm sorry, I may not be able to attend the dinner on Friday, so I'm sorry, I can't take you there."

"Zheng Yu's face slightly startled," don't you attend

"Yes, I took a look at my schedule. I was very nervous. I might have to go on a business trip, so I couldn't go there. Even if I would go there, I would just talk to someone and come out without staying."

"It's OK, I can accompany you in, even if it's just a short stay, I have time." Of course, Zheng Yu didn't want to lose the chance to attend with him.

"Come on, Miss Zheng's time is very busy, plus I don't have a fixed time to go, so I'm sorry, I went upstairs to take a bath." Huo Qiang said, nodded his head, and got up to go upstairs.

As soon as he went upstairs, his nephew Xiao Hui came and followed him into the room.

"Uncle, who is that aunt! Why did he come to you? "

"She's just your grandfather's guest." Hocheon replied.

"Grandpa likes her very much. Will she be my aunt?" Xiaohui asked curiously.

Huo Qiang's eyes turned and told him firmly, "No."

"When will you find me an aunt?" Xiaohui asked again.

Huo Qiang's eyes narrowed. "I hope I can find one for you, but it's not possible yet."

"Oh! Uncle, you like that beautiful aunt last time, don't you? " Xiaohui thought of Ji Anshan she saw last time, and her uncle took her hand!

Huo Qiang also heard, he crouched down and asked, "if my uncle asked her to be your aunt, do you like it?" "I like it! She's beautiful. She's also driving a beautiful sports car. " Xiaohui said admiringly.

Hodgson touched his head. "Can you tell she's good, too?"

"Is she very rich, uncle? Do you have her money?"

Huo Qiang could not help but admit, "no, she has more money than me."

Xiaohui giggled, "come on, uncle! Otherwise, you can't catch her! "

"Get out, son of a bitch." Hocheon chased him.

Xiaohui made a face and went out.

Huo Qiang takes off the suit outside, and his nephew says in his mind, can he recover her if he refuels?

If he can find a way to regain her heart, he will work hard for it.

Zheng Yu sat in the hall, looking a little lost, and Huo Qiang hung her on the sofa in the hall for a while, and he didn't even come down to accompany her.

However, she did not dare to force it. Now Huo Qiang is actually the vice president's office. His identity is nobler than others. Even if her family has rights, but Huo family's efforts to attract the Zheng family are just to strengthen another layer of foundation stone for the foundation industry.

At ji'anxin's home, Shen Rui buys vegetables again. As long as he has time, he will buy vegetables to cook for their mother and daughter. Ji'anxin refused before. Now, she knows that rejection is useless, so she has to accept it.

At the same time, his cooking skill is good, and his daughter likes to be with him. Ji Anxin, who originally wanted to fight, was rejected by Shen Rui.

Ji Anxin looked at his skillful Dao skill, she smiled and said, "I'm beginning to feel happy for your future partner, because you are a very capable man."

Shen Rui raised his head and looked at her with a smile. "Then you don't have to envy. If you like my cooking, I can cook for you for free in my life."

Ji Anxin looks up at him and laughs and refuses, "no, I can't bear you. Shen Rui, it's time for you to find the excellent girl around you."

Shen Rui has also been refused, he smiled and said, "it's OK, I'm not in a hurry. Anyway, I've been put off by you for so long."

Ji Anxin immediately sighed with remorse, "I'm sorry, and I'm sorry."

"Don't have such an idea, it's my own voluntary, and I will never regret it in my life."

Ji Anxin's eyes are serious. "I mean it, you should think about yourself."

"I mean it. Don't worry about me any more." Shen Rui said, looking at her, "I'm willing to do it for you."

"But you know We're not going to get results. " Ji Anxin also told him very clearly.

Shen Rui smiled. "You've said that many times, and I've heard it many times. I didn't expect any result, so I'll live like this."

"You..." Ji Anxin really has no way to deal with him. He can only thank him in the bottom of his heart and have a guilty mind.

Shen Rui has made a good dish. Ji Xiaoxiao's favorite dish, he can make it. Every time, he makes Ji Xiaoxiao's children very satisfied.

After dinner, the three people took a walk in the community again. Shen Rui watched Ji Anxin and felt that she was thoughtful. He asked curiously, "do you often meet him recently?"

"No, I won't forgive him even if I meet him." Ji Anxin squints his eyes and says.

"I think he really didn't give up. Last time he called me and asked about Xiaoxiao, I refused to answer him." Shen Rui didn't lie to her.

Ji Anxin bit his lips. "You must not tell him the truth. He is not qualified to recognize Xiaoxiao now."

"I won't." Shen Rui nodded, "I will keep this secret for you."

Chapter 756

In a private villa in country m, Xing Yinuo and Wen Liangyao have lived here for several days. They are not only on vacation, but also learning how to live.

Xing Yinuo has an irresistible attraction to her because she is a happy eater.

These two days, she is learning how to make desserts. She will go to the teaching class during the day and come back at night to make compensation for Wen Liangyao's desserts.

The production of delicious food is also a very Satin exercise of patience and mind. If you are too impatient, you cannot pursue the ultimate enjoyment of delicious food.

Wen Liangyao finished his work for a while, but when he arrived in the kitchen, Xing Yinuo was holding a plate of delicate cakes and mounting flowers on the surface, watching her gradually presenting a cream flower.

Wen Liangyao raised his eyebrows and smiled approvingly, leaning on the door and enjoying it quietly.

Xing Yinuo's serious appearance, a red lip slightly Xihe, clear eyes blinking, focused, concentrated, but also beautiful to be heart-catching.

Facing the delicate cakes on her plate, she was more delicious to him. After the perfect ending, put two fresh cherries on it, and the work will be perfect.

Xing Yinuo finally smiled contentedly, thought about the pastry and looked around. He asked the man leaning on the door, "come and have a look, how am I doing?"

"It's great. It's comparable to the professional level." Wen Liangyao gave a very high evaluation.

Xing Yinuo can't help laughing, "really? Then I will not lose face if I serve the guests later. "

"Of course not." Wen Liangyao comes over, his eyes are full of love.

Xing Yinuo put down the pastry and snuggled up in his arms, holding him like a lovely and ceramic child.

Xing Yinuo often does this kind of hug. Maybe it's too hard to have a secret love before, so now she is with him. She will make up for her regret that she couldn't hold him before.

Wen Liangyao put his hand around her, bent down, and kissed her face. There was a smell of cream on her body, which made him breathe deeply on her.

Xingyinozha felt that he raised a bright and white face, "what are you smelling?"

"You smell like cream. It smells good." Wen Liangyao finished, reached out and held her up. Xing Yinuo immediately put his arm around his neck and asked with a smile, "what are you doing?"

"What do you say? You've been studying how to eat these days. Is it time to have fun with your husband and wife? "

Xing Yinuo was in a trance. He had left him alone! She was a little ashamed and buried in his arms. "I'm sorry! I didn't mean to. "

"Well! I know. " Wen Liangyao answered, went to the master bedroom, let his little wife accompany him to study the happiness of husband and wife.

The days here are happy and simple, running together in the morning, shopping and lunch together at noon. He works. She studies the kitchen. In the afternoon, she tastes the afternoon tea and tries her dessert together. In the evening, she is tired and relies on each other's shoulders, admires the stars and talks about the future life.

This kind of time, very slow, every day is very full and interesting, Xing Yinuo fell in love with it.

If she likes it, Wen Liangyao will like it with her.

Domestic.

Susie's little daughter has been unconscious for three months. The little guy has become interesting and has a lot of expressions. He often looks funny, which makes her father laugh. There is no big boss in the company.

Tang Siyu's recent life is also very substantial. He accompanies his son and daughter to teach them the piano. At the same time, he takes on the work of music friends to enrich her life. After Xing Lihan took care of the company, all her spare time is at home.

To accompany his wife, his son, his daughter and his family is the most important thing for him every day.

This kind of life is simple and beautiful, and the family always laughs.

Xing liehan knew before that his wife was obsessed with piano. Now, her level has improved a lot. So now, there are more musicians in the music industry who invite her to accompany her. Tang Siyu can also enjoy a lot of income in this area, and make her very successful.

Xing liehan also let her do what she wanted to do. If she can't live as she wanted, it must be a pity.

Time goes by, in this forest built of steel and cement, there is a story of love, hate and sorrow every day.

Ji Anxin sends his daughter to school every day, and often meets Huo Qiang, but for more time, he will not stop her, nor entangle with her. He just silently stares at her, and Ji Anxin will only leave him a natural body figure every time.

It's Friday in a blink of an eye. Ji Anxin takes an assistant to the dress store in the afternoon. Her figure is perfect, and her aura is powerful. It's very easy to control the dress.

However, Ji Faxin didn't plan to do anything carelessly. She chose a wine red evening dress. It was pure, without extra decoration. It was just a belt at the waist and a V-neck opening that made her a little full. Ji Anxin is not a girl who is in love with spring. She has her own ideas about wearing her.

A bright evening dress, put on her body, but can not take her own light.

At six o'clock this evening, she is going to attend the party with her companion Lin Dong.

Ji Anxin gives Shen Rui the task of picking up her daughter. She works in the office until 3 p.m. and goes to the dress shop to make up. Lin Dong drives to pick her up.

Presidential palace.

Huo Qiang finished his official business prematurely. His heart string has been tightening. He looks at his wristwatch from time to time and looks forward to the banquet tonight.

He was thinking, Ji Anxin is coming alone, or who will she be with?

He has also checked that Shen Rui is not on the invitation list, so she will not appear with Shen Rui.

The phone at Hodgson's desk rang. He picked it up and answered, "Hello, hello."

"Cheon, what's the matter with you? Didn't you come with Miss Zheng? How did you refuse?" Huo Ming's voice seemed angry.

He was just about to send a set of jewelry to Zheng Yu. Only when he learned that she would not attend the party tonight, his son refused.

"Dad, I'm just going to stay for a while tonight. There's no need for company." Huo Qi's calm response.

"Even if you don't bring Miss Zheng, you shouldn't embarrass others. After the dinner party, ask her out to relax!"

"Dad, I didn't mean it to her. You don't have to ask anymore." Huo Qiang finished and hung up.

That Huo Ming really got angry. This son really didn't listen to him any more.

Huo Qiang took a look at the time, grabbed the mobile phone on the desk and went out. He came to the president's office and knocked on the door.

"Come in." The voice of xuanyuanchen rings.

"I left in advance." Hocheon stepped forward to speak to him.

Xuanyuanchen nodded, "OK."

Huo Qiang nodded gratefully and turned away.

As soon as Huo Qiang left the presidential palace, he left his bodyguard to follow him. Tonight, he wants to drive alone.

It's also five o'clock. Ji Anxin steps out of the dress shop, and Lin Dong's eyes brighten. He smiles and praises, "Vice President Ji, you are a rare beauty I have ever seen."

"I'm flattered. You're also very handsome." Ji Anxin raised his eyebrows and praised him.

Although Lin Dong wants to pursue Ji Anxin, Ji Anxin has the name of iceberg beauty in the industry, so it's very difficult to pursue her, so many men are timid in front of Ji Anxin.

In this world, who really has the patience to guard a peony that doesn't want to bloom?

The world is also very tempting. All kinds of women around us can take their eyes away. Therefore, Ji Anxin, a woman who gives her energy and doesn't pay back, will be amazing no matter how beautiful she is.

Ji Anxin got into Lin Dong's car and went straight to a place where the banquet was held. This time, the place was set in a very high-end hotel banquet hall. All the people present were people with extraordinary business status.

Therefore, there is another advantage to attend such a banquet, that is, to make friends with business dignitaries and strive for more benefits for the future development of the company.

Ji Anxin is also a very ambitious person. This time, there are several target people she wants to meet.

Chapter 757

Huo qi'ang's car is parked in the underground parking lot of the banquet hotel. He looks at the time and is punctual at six, but he doesn't want to go up for the moment.

In his capacity, it's not appropriate to go up at this time.

He waited in the parking lot.

Ji Anxin accompanies Lin Dong to come in, then saw many familiar faces, she also accompanies to say hello everywhere, at the same time, her eyes are also looking for a person.

Fortunately for her, the man she didn't want to see didn't come.

"Vice President Ji, long time no see, but miss me!" A greasy middle-aged man in his early forties came up to him, looking at Ji Anxin and his eyes shining.

"It's president Wu! Nice to meet you. " Ji Anxin greets with a smile.

"Tut Tut, vice president Ji is really in a million ways! I've seen many women, but none of them have such temperament as you! "

"I'm flattered. You're also very charming!" Ji reassured the tone, but also revealed the color of the scene.

On the surface, these people are kind to people, but they are still a little bit more than vipers.

In the business world, there is no value of interest. On any occasion, it seems meaningless.

Ji Anxin's eyes are on a man in his early sixties. He is the boss of a company. His company has a strong turnover of people all year round. Therefore, as a headhunting company, such a company with high mobility is their source of interest.

However, Ji Anxin is also thinking about how to approach him, because she is too active to move forward, I'm afraid it will cause the other side's antipathy.

Time is between the cups, time has unconsciously arrived at seven o'clock.

Ji Anxin is communicating with Lin Dong. She depends on a pillar. She looks particularly attractive in a red dress.

Many of the men present have noticed her, and some have been secretly inquiring about her identity.

Ji Anxin also received many men's greetings frequently. At the same time, she naturally has political leaders.

A strong woman like her is very conquering to a man.

As the organizer of this event, a man in his early forties who has the status of director, he has a lofty position here. He comes here with a glass of red wine and actively greets Ji Anxin and chats with him.

"Miss Ji, it's rare to see such a young and high-ranking woman as you are. You're young, beautiful and very capable. You're really a heroine!"

"Thank you, Mau Zan." Ji Anxin gets up his mind and responds.

In the director's eyes, it can be seen that he is making some bad ideas at the moment.

"Miss Ji, I've heard that your company has just moved back to China, and there must be many aspects that haven't been expanded. If you need my help, just say that, I will help."

"Thank you Liu Lishi. My company has been taken care of by many old customers. At present, the development situation is stable."

"Hey, don't be polite to me. All the guests here come here in my face. If you want to know someone, I can go with Miss Ji." With that, Liu Lishi said, then reached over and patted her on the shoulder. It was clear that she was not satisfied with that hand. She also wanted to take the opportunity to pull her again.

And at this time, a big hand suddenly clasped the hand that director Liu wanted to take advantage of Ji Anshan.

Liu Li is annoyed. At this time, who dares to mind his business?

He could not help turning his head in a hurry. However, at this sight, he was still in a cold sweat.

Mr vice president?

Why did he show up all of a sudden?

Ji Anxin also hated people who moved like this. He was thinking of ways to get rid of them, and Huo Qiang appeared.

"Mate How are you here, Mr. vice president? " Director Liu immediately laughed and looked respectful.

There was a warning in Huo's eyes, "Li Shi Liu, Miss Ji is my guest. Please respect yourself."

"Yes, I was confused for a while. Maybe I had a few drinks, and it was over." Liu Lishi finished, and immediately left in fear. Where dare he have any more thoughts on Ji Anshan?

Ji Anxin doesn't open his face. He doesn't have a good face for the man who suddenly helps.

Huo Qiang's heart is depressed and painful. Has she experienced a lot of social situations like this all the way? How many grievances has she suffered?

But in such a moment, he can't accompany her and block her away. He feels guilty and remorseful.

"Are you ok?" Hocheon asked with concern.

"I'm fine. I don't care if Mr. vice president cares." Ji Anxin finished and left with the cup.

Huo Qiang sighed a little. As soon as he came in just now, he saw her at a glance. Because of her existence, she was very eye-catching. However, he also saw through director Liu's intention to move her hand and foot.

At that time, he was angry. If it wasn't for his identity, he would hit him.

At this time, Huo Qiang's appearance became the focus of the whole banquet hall. No matter these company leaders or the women on the spot, they all focused on him. In fact, his identity appears here, which is too sensitive. He came here this time just to see Ji anxiously, and he didn't want to chat with these people, not to let them have a chance to climb his relationship.

Ji Anxin stands in the corner position, the vision falls in the crowd, is surrounded by the man.

She now understands that the rights that men pursue can only be realized at this moment.

Even the rich feel inferior in front of the powerful.

Ji Anxin's eyes suddenly think of him five years ago. At that time, he was not so dazzling, but she was the most cherished person at that time. She loved him not because of his family background, but because of him.

Now, five years later, both of them are a little different. She is not her, and he is not him.

Therefore, it is doomed that everything will not go back.

Ji Anxin looks at several guests she wants to make friends with. They are all around Huo Qiang. The identity of these guests is not that she can make friends with.

Ji Anxin at this moment, suddenly there is a feeling that she wants to make use of him. As long as she and Huo Qiang show some intimacy, it will surely make her company develop more smoothly in the future.

As long as she forgets their past grievances and borrows a little power from him, the company she manages won't have to worry too much. In the future, her own customers will come to her.

It's just that she can't let go of her face, let alone her hatred for him, so she can't do it.

Huo Qiang's eyes suddenly looked at her from the crowd, his eyes were on her, his eyes were flashing with a smile.

"Excuse me." Huo Qiang said a low voice to the guests around him, and walked to Ji Anshan.

Ji Anxin's nerves tighten immediately. What is he doing here?

Huo Qiang is also a shrewd person. He sees through everything. He came here tonight just to show her face. He can't bring her anything. Then, bring her some convenience!

As long as he is closer to her, Ji Anxin will be more even on the road of business.

This is the charm of power.

"Peace of mind." Hodgson came so close that he held a glass of champagne and held it up to her. "Have a drink with me."

Ji Anxin bit his lip and looked up at him. "What do you want to do?"

At this time, Huo Qiang suddenly came close to her ears, showing a sense of intimacy.

"Peace of mind, as long as I accompany you to say a few words, the guests here will notice you, and the company behind you."

Ji Anxin's heart beats slightly. Is he planning for her?

But his burning breath really disturbed her heart and made her hard to accept his intimacy.

"No need." Ji Anxin clenched his teeth.

At this time, Huo Qiang suddenly grasped her hand, and the big, broad palm held her very strongly.

"You..." Ji Anxin's eyes shot a touch of annoyance. Is this man now playing hooligan with his identity?

Huo Qiang's eyes looked at her for a few seconds. Then, he released her hand and turned around. He went to Director Liu's direction. He raised some voices. "Yang Lishi, Miss Ji is my good friend. Please take care of her. I have a step ahead of time."

After that, it was also said to other people present. It is known that Ji Anxin had a very close relationship with the vice president!

Ji Anxin also heard it, but at the moment, she really didn't know what it was like.

Looking at the straight back of the man, she has five tastes.

Chapter 758

In the next banquet, Ji Anxin involuntarily becomes the right image that other guests care about.

In private, I'm whispering about the background of this woman who has a close relationship with Mr. vice president.

Ji Anxin can also feel that everyone's eyes have changed when they see her, and they want to approach her, but they don't want to think that way, but they want to, approach her, so as to approach Huo Qiang.

Ji'an got what she wanted, just because Huo Qiang said a few words to her, she easily got the effect she couldn't get even with her efforts.

"Miss Ji, I venture to ask you what is the relationship between you and Mr. vice president!" There was a boss who had a few drinks and came to ask.

"I have nothing to do with him." Ji Anxin instinctively replied that even if he helped her, she didn't want to lead him.

"Don't be modest, Miss Ji. We saw it just now. I didn't expect you to be a good friend of Mr. vice president!"

But this good friend, however, makes people imagine in the ambiguous direction that they must all be mature men and women. How can this relationship be simple except in that respect?

What's more, vice president Huo is still single! Can miss Ji be his wife in the future?

This idea seems very possible, because just now they all saw Huo Qiang holding her hand and whispering something to him.

He didn't come here to make friends with anyone. He clearly came here for peace of mind.

The charm of Ji Anshan is so great that he can condescend here.

"I really have nothing to do with him." Ji Anxin smiled helplessly to explain, but at this time, the more she explained, the more she covered up.

The more the relationship between her and Huo qi'ang, the more confused it became.

Ji Anxin is helpless. Even Lin Dong looks at her in a different way. Before that, there was a thought of pursuing Ji Suixin. At this moment, this thought immediately disappeared. Who dares to touch the vice president's woman?

However, this convenience makes Ji feel at ease to make friends with several guests, who are very friendly to her. In addition, knowing the headhunting company behind her and what work needs in the future, it's the first time to think of her company.

Ji Anxin stayed until 8:30 and came out alone. Instead of leaving with Lin Dong, she took a taxi home.

What she has in mind now is her daughter, and the little guy doesn't know if he eats on time.

Shen Rui dotes on her so much. Even if she doesn't eat, he certainly has no way to deal with it!

Ji Anxin is full of his daughter's business after work.

When she came home, she saw Shen Rui sitting on the sofa with a bowl of noodles in his hand, playing games with the little guy, and feeding noodles when she was not paying attention.

In this scene, Ji was stunned at ease. Shen Rui's patience really moved her.

"Mommy, you're back!" The little guy immediately rushed over and hugged her waist happily.

"What's the matter with you? Would you like Uncle Shen to feed you like this? " Ji Anxin stares at his daughter seriously.

The little guy blinked his big eyes at once, afraid of being scolded.

"It's OK. If she wants to play games, I'll play with her." Shen Rui speaks well for the little guy.

"Don't get used to her. You should let her eat by herself." Ji Anxin opens his mouth.

The little guy immediately sat on the sofa and held the bowl of noodles. The poor kid was eating. Ji Xiaoxiao was still very afraid of Mommy.

Ji Anxin said to Shen Rui, "it's hard for you."

"It's OK. How about the party? Do you know any guests who are useful to you? " Shen Rui asked her.

Ji Anxin doesn't want Huo Qiang to tell her what happened. She nods, "fortunately, there are several guests who have a good time talking."

"That's good. As long as I have the chance, I will introduce your company."

"Thank you." Ji Anxin smiles and thanks.

At the moment, it's over nine o'clock. Shen Rui looks at her coming back and takes a look at the time. "Then I'll go back first and don't disturb you."

Ji Anxin got up and took him to the door. "Tomorrow, please have dinner."

"Good!"

Shen Rui replied with a smile, goodbye to the little guy, and pushed the door out.

Ji Anxin closes the door. Shen Rui's figure hasn't left immediately. He looks back at the door and sighs softly.

In fact, he didn't want to leave just like this. He wanted to stay with his mother and daughter, but he knew that if he wanted to be friends with Ji Anxin all the time, he must not have a bad idea.

Otherwise, even friends did not do it.

So, he was very careful to keep this distance, but he wanted to disturb her life.

Shen Rui sighed and left.

Ji Anxin asked the little guy to eat the noodles. After a rest, she would bathe her and send her to bed. The little guy was lying on the bed, playing with her doll. Suddenly she asked curiously, "Mommy, when will you find daddy for me?"

"What's the matter?" Ji Anxin is holding the iPad to read the document, bending down to look at the lying daughter.

"The teacher said that there will be parent-child activities next week."

"Really? That mommy's with you. "

"But But the teacher said to let daddy take part. " Said the little guy to qubaba.

Ji Anxin was slightly shocked. She picked up her mobile phone and took a look at the Activity Notice of the kindergarten. As expected, there was a parent-child program. The teacher noted that there was a game link and tried to let her father participate in it.

Ji'an thought to himself, "shall we invite uncle Shen to join us?"

"But he's not Daddy..." The little guy insisted on daddy's participation.

Ji Anxin said gently, "it doesn't matter. Uncle Shen is also very good. Let's invite him to dinner tomorrow. Would you please invite him to your program?"

The little guy nodded obediently, but in her little mind, she still thought that Daddy could participate.

After the little guy fell asleep, Ji Anxin sighed, bent down, kissed her gently on her side face, stroked her sweating forehead, and pushed away her wet hair.

The outline of the little guy's face looks like that man.

Ji Anxin's heart is slightly smothering, and the child's appearance will change. When he was a child, he looked like a mother, but with the increase of age, he will become more and more like a father.

Ji Anshan's heart is blocked. She will not let Huo Qiang approach her daughter in the future.

On Saturday, Ji Anxin promised to invite Shen Rui to have lunch. At the dinner table, the little guy asked him. Shen Rui almost immediately agreed to take part in such an activity, which he loved most.

Ji Anxin was relieved to see that he would attend, and he would not let his daughter be too aggrieved.

"I'll ask you to come on Tuesday afternoon." Ji Anxin asks Shen Rui.

"OK, no problem. I'll definitely be there." Shen Rui laughed, "let's go for a short tour around tomorrow! There is a garden villa, which is very suitable for children to play. "

Ji Anxin has just returned to China and has not taken her daughter to play. She is willing to play for her daughter.

Huo Zhai, after dinner, Huo yuan enters her younger brother Huo Qiang's room. Ang Qiang is playing magic cube with Xiao Hui to teach him how to play.

"Mom, look at my uncle." After Xiaohui finished, he handed Huo Qiang his disordered cube.
"Uncle, show it to my mother."

Huo Qiang took over with a smile, only to see that he was skillfully turning the Rubik's cube, just a few blinks, and finished.

Huo yuan came over with a smile and said to her son, "then you should learn from your uncle. Do you know how good he used to learn?"

"Well, I must learn from my uncle." Xiaohui finished, playing with a simple magic cube.

Huo Yuan said to Huo Qiang, "I have something for you."

"What's the matter?" Huo Qiang looks up at her sister.

"On Tuesday, Xiaohui has parent-child activities. I may not have time to go there. Can you spare time to go there for me?" Huo yuan also asked helplessly.

"Don't you really have time?"

"I happened to have an operation. I may not have time to go there. I asked the teacher, just to play games, idioms and so on. You just need to go there once." Huo yuan also knows that she feels guilty about her son, but her job is to help the wounded and save the dead.

"Well, I'll be there." Huo Qiang didn't want his nephew either. He seemed to be too lost at that time.

Chapter 759

"Is this the parent-child activity of all classes in Xiaohui school?" Huo Qiang can't help asking more.

Then Xiaohui replied, "yes! Our school is holding parent-child activities! "

Huo Qiang listened, and a smile came up from the corner of his mouth

Huo yuan couldn't help but hear the joy in his tone. She smiled and asked, "what's the matter? You can't be Xiaohui's teacher! Do you want me to introduce you? "

Huo Qiang hurriedly waved his hand and said, "no, there is no such thing."

"My uncle is interested in the mother of a child." Xiaohui said loudly.

Huo qi'ang's handsome face is slightly taut, while Huo yuan looks at him in amazement, "qi'ang, what's the matter? Is Xiaohui serious? "

"I saw my uncle holding the hand of that beautiful aunt. That aunt is very rich. She drives a sports car!" Xiaohui is six years old, like a little adult.

Huo yuan immediately sat down and looked at her younger brother with a concerned face. "Pray, do you really want to see a married woman?"

Brother, how empty is this relationship?

"Xiaohui, hurry back to your room." Huo Qiang keeps his nephew away.

Xiaohui took his toy and went out.

But Huo yuan's eyes are always showing her expectation, "tell me what's going on."

"Ji Anxin is back." Huo Qiang has nothing to hide from her sister. In those days, she liked Ji Anshan very much.

"What? Come back at ease? " Huo yuan's face sparkled with joy, "how has she been these years? Did she come back for you? "

Huo Qiang's eyes flashed a painful color and shook his head. "She didn't come back to me. Her company opened a branch in China and she came to manage the company."

"She's already the boss of a company?" Huo yuan asked in surprise.

"Vice president of a headhunting company, and she has a daughter."

"Daughter?" Huo yuan was shocked and felt heartache for her brother. "Is she married?"

"No! But she has a four-year-old beside her, who is also in Xiaohui's school, studying in a small class. "

Huo yuan can't help sighing. No wonder her younger brother recently sent her son to school so actively. It turned out that she wanted to meet Ji Anxin!

At that time, she was not at home, she was studying abroad, so she missed everything about her brother and Ji Anshan, and came back to see a lost, very negative and decadent brother.

Now, five years later, Ji Anxin is back. Is there any chance for him? Thinking of her father's interference, she felt that the matter was blocked.

"She hates me. I don't know why she hates me so much." Hodgson sighed.

"It's right that I hate you at ease. Dad took you apart so forcefully and said so many cruel words to her, threatening her to leave. Can she not hate it? She hated her father's ruthlessness and your feelings, which made her suffer so many grievances. What's more, at that time, Li Xiuyuan stepped into your feelings again, ah I don't know. " Huo yuan lamented for him.

Huo Qiang's handsome face also showed a touch of regret, "if I could go back to that year, I would leave with her."

"There's no regret medicine to take. All you can do now is to see if you can recover her heart. You've been in the vice president's position, and dad should be comforted and won't interfere with you any more."

Huo Qiang just wants to tell her that his father's ambition will not be satisfied. He is still actively scheming around. He knows what he wants to do best. "Sister, go to sleep! Xiaohui's parent-child activities, I will come over. "

"Well, you go to bed early, too." With Huo yuan finished, close the door and leave.

Huo Qiang closes his eyes, which is Ji Anshan's face. These days, his mind is full of her.

On Sunday, Ji Anxin took his daughter and Shen Rui for a short self driving tour. The little guy had a good time. He happened to meet her classmate again, so he had company.

When I got home, it was eight o'clock in the evening. When the little guy got home, he went to sleep.

Shen Rui takes the little guy home for her, and Ji Anxin changes a set of pajamas for her daughter and lets her sleep.

In the quiet room, Ji Anxin took a glass of water for Shen Rui. Shen Rui took the glass. Thinking of the couple's words today, he looked up and asked with a smile, "it seems that we have a couple's face very much! Others think we are husband and wife! "

The parents of Ji Xiaoxiao's classmates think they are husband and wife, and Ji Xiaoxiao is their children.

At that time, Ji Anxin just smiled without much explanation, and Shen Rui was also very happy.

At the moment, he mentioned that he also wanted to test Ji Anshan's heart to see if she had forgotten the man and tried to accept him.

Ji Anxin sits beside him, his eyes twinkling with complexity. "Shen Rui, I'm sorry, I have no way at present..."

Shen Rui immediately interrupts her, "I know, you don't have pressure because of my words, I won't force you to accept me."

Ji Anxin's eyes look at him calmly. Shen Rui is very good. He is no better than Huo Qiang. However, Ji Anxin has always regarded him as a friend, and there is no way to treat him as a lover. "It's late. I'll go back first. You go to bed earlier." Shen Rui knows she's tired, too.

"Slow down and give me a message when you get home." Ji Anxin said with concern.

Shen Rui nodded, "OK!"

Half an hour later, Ji Anxin received his message and was ready to rest in bed.

Tomorrow is Monday again. She hopes she won't meet him again.

Early morning.

The little guy is wearing a whole set of small uniforms. Her long hair is very beautiful. She has two small braids and long waist hair, which makes her lovely like a doll.

Ji Anxin tidies up, looks at the time, can't help but lead his daughter to go out, "hurry up, we are going to be late."

All the way to the school, still smooth, Ji Anxin stopped the car and hurried to the school with his daughter.

In a black car next to him, Huo Qiang looked at the mother and daughter who were stepping in quickly. He chuckled at the corner of his mouth.

She was in such a hurry that it hurt him and made him feel a little cute.

Ji Anxin sent her daughter out, and there was a model man standing next to her sports car.

Huo Qiang is standing there, leaning against her car. In the sun, it looks very elegant and charming.

However, at this moment, Ji Anxin rushed to the company, and was not in the mood to enjoy it.

"Get out of the way." Ji Anxin said to him.

"I apologize for the party. I don't mean anything else. I just want to help you." Huo Qiang actively mentioned the party. He held her hand and whispered in her ear.

He was in love.

Ji Anxin grins his teeth and stares at him. "I don't need your help in the future. I can stand on my own ability."

"I want those people to know that I'm behind you, they can't take advantage of you any more. I want to protect you." Said Hodgson in a low voice.

Ji Anxin sneers, "I don't need it. Even if they take advantage of it, I don't need you to meddle."

As soon as Huo qi'ang breathed, he reached out his hand to hold her shoulder

Ji Anxin immediately broke away from his hand and said coldly, "I don't like your touch more than others' touch. Get out of the way."

Huo qi'ang took a step back because of her words. Ji anxiously opened the door and sat in it. She looked up from the window and just touched a pair of injured eyes. Huo Qiang looks at the car she left. He sighs. Sure enough, she will not accept what he is doing now.

Ji Anxin came to the company, and her staff sent the latest orders. In addition, the other company took the initiative to find them. Ji Anxin took these new orders. I knew that it must be Huo Qiang's contribution last time.

She bit her lips. She really didn't want to accept his affection, but she had to.

Xiang Yue brought her a cup of coffee and came in, "Mr. Ji, there is a thing circulating in our company. I want to ask you, is this true?"

"What?" Ji Anxin raised his eyes and asked.

"Do you have a good relationship with Mr. vice president of our country?"

Ji Anxin frowned. "Who said that?"

"The news from the front desk turned out that the handsome guy who came to see you the first two times was our new vice president! We have no eyes. We didn't find out. " Xiang Yue can't help getting excited. He's simply regretting not seeing more.

Ji Anxin also wants to hide Huo's identity. Unexpectedly, the front desk knows his identity.

"Don't worry about the gossip and work at ease."

"But our whole office is spreading it! It's said that Mr. vice president is after you. "

Ji Anxin's Demi picked up again, "nothing, nonsense."

"Oh! Then I went to work. " Xiang Yue is scared and comes out. If there is nothing, why is Ji always so angry? The mood is still so bad.

Chapter 760

In the company, Ji'an's mind is going to be big. When she comes out to do something, she can see a pair of eyes of her subordinates. They all look at her like rare animals.

"What are you looking at?" Ji Anxin holds a document, catches the eyes of two female employees and asks.

The two female employees were immediately shocked. At the same time, they asked with a smile, "Ji Zong, when will you be our vice president's wife?"

Ji Anshan's face sank, where there was any joy, it was the rhythm of the coming gale.

"Nonsense again, hand in your resignation." Ji Anxin is going to be angry. What are these people thinking all day?

What vice president's wife, she is not rare.

The two female staff members covered their mouths in fright. Ji didn't like to listen to such words! I thought it would make her happy!

I didn't know. I plucked the tiger's fur.

Ji Anxin returns to the office and breathes a sigh. The influence of Huo Qiang is really around her all the time. The orders are endless, and the employees are chewing their tongues.

She can't be quiet. Her purpose is to stay away from this man. She doesn't know that other people are not around her, but his topic surrounds her.

Although Ji Anxin doesn't like listening, but the staff like gossip! It's like Ji Anxin is going to be the vice president's wife soon.

Ji Anxin received a phone call from his boss. George was very happy to praise her there. Although he was far away from home, he immediately received good news from home. The branch company led by Ji Anxin managed very well.

"Peace of mind, I seem to hear that you have a very good relationship with your vice president, don't you?" Even George is concerned about this topic.

Ji Anxin can blame those subordinates, but now, when the boss asks this question, she can't let him shut up!

"Er! Nothing. I'm not familiar with him. " Ji Anxin smiled and dealt with it.

"Not familiar? I heard that Mr. Lin, who accompanies you this time, said that he seems to be a good friend with you! "

"Nalin must be wrong." Ji is at ease.

"Peace of mind, it's a good thing. No matter what, you have to work hard to make a good relationship with Mr. vice president. In this way, the development of our company will be more smooth." George didn't forget to tell her.

"OK." Ji Anxin promised.

After hanging up George's phone, Ji Anxin breathed again, reached out to his temples on both sides, and felt like breaking down. Why did she always hear the name vice president in her ears?

Ji Anxin finally arrived at the time of work. She hurried back to pick up her daughter. In order to avoid Huo Qiang, she waited at the school gate. Once she could pick up her daughter, she was the first to rush in.

He took the happy little guy out and missed the time to meet him. Ji relieved. She thought the man would not affect her any more, but now she found out.

His influence on her is everywhere.

"Mommy, I'm looking forward to tomorrow!" The little guy said happily.

"Why?"

"Because tomorrow I can play games with Uncle Shen!"

Ji Anxin immediately remembered that tomorrow is her daughter's parent-child activity. She thought of Huo Qiang in her mind. He should not appear again!

Because it's a parent-child activity held by the whole school. It's his elder sister who came to participate!

Shortly after Ji Anxin left, Huo Qiang came. Before he picked up his nephew, he would walk through Ji Xiaoxiao's class and stand outside to see if she was still in the classroom.

At the moment, Ji Xiaoxiao is no longer there, indicating that he has been accepted.

Huo Qiang guessed that Ji Anxin deliberately came to pick him up in advance. Does she just want to see him?

Huo Qiang sighed and took his nephew home.

In the evening, Ji Anxin makes dinner for her daughter and accompanies her daughter to make a handwork. Unconsciously, it's nine o'clock in the evening. She gets a call from her parents. They are all on-the-job staff. They are retiring soon. She asked her to take her daughter back for dinner this week. She answered.

And then accompanied her daughter to eat fruit, wash her hair and take a bath, and send her to bed.

Now, her life is so simple, in the company, she will give all the time to work, and at home, all her time is daughter's.

Ji Xiaoxiao doesn't have a father, but mommy's love for her is enough. Only when she sees other children have a father, she will feel sad for a while.

Ji Anxin kisses her daughter on the forehead, and the little guy blinks his big eyes, then sleeps in a short time.

Ji Anxin also took the opportunity to work for a while, until 11:30 p.m., she closed the computer wearily, rubbed her eyebrows and relaxed for a while.

She poured a glass of red wine for herself and stood on the balcony. Her eyes fell in one direction involuntarily. She looked at the lights in that direction, and her eyes became complicated. Ji Anxin was drinking wine. The heat of the wine was bright and peaceful, but it seemed to burn her heart.

Those painful memories come up like the tide. She can't remember how many tears she shed before she finally died.

It is easy to fall in love with a person, his smile, his eyes, his voice, are intoxicating, hateful a person but must go through the path of extreme pain, one time of death, to reach the other side of hate.

Now, it's very difficult for her to love another person, because no matter how hard or how tired she has been, she feels that she has the courage to live her life. Ji Anxin squints her eyes. At this moment, she is dressed in wine red suspender pajamas, full of all kinds of customs, showing her elegance and charm everywhere.

Now she has learned to love herself more and more. She bought her famous brand bag, sports car and learned to enjoy her success.

Ji Anxin looked in that direction with a sneer in her eyes. She turned back to the room.

Early morning.

Ji Anxin received Shen Rui's phone call early in the morning, and made an appointment to be present at 1:30 p.m. for preparation.

After sending her daughter to school, Ji Anxin was able to return to the company to deal with some work in the morning.

Huo Qiang asked the driver to send his nephew here in the morning for the parent-child program in the afternoon. He was also dealing with his business. This afternoon, he wanted to attend the parent-child activity of his nephew earlier.

At the same time, he is also looking forward to meeting Ji Anxin on campus, to see how she and her daughter get along.

At half past one, Ji Anxin made an appointment with Shen Rui at the gate of the campus, and both arrived before and after.

There are also a lot of parents who come here. They swipe their cards one by one. In terms of security, they are also very strict.

Shen Rui and Ji Anxin come to the door of Ji Xiaoxiao's classroom and see that the little guy is in a small line, listening to the teacher's words. The young look is really lovely.

In Shen Rui's heart, I really hope that Ji Xiaoxiao is his daughter. Even if she is not born, he will take care of her as if she had been raised in his life.

Ji Anxin's heart also filled with pride. Seeing her daughter's obedience and understanding, she felt a sense of achievement as a mother.

"Well, let's warmly welcome mom and Dad!" With a smile, the teacher opened the door of the classroom, and the parents came to their children's side.

This time, their games were played on the playground, many of which were attended by their father. Today, they are really suitable for father's games, such as shooting, stepping on small feet with big feet. At the same time, there are more delicate games, which let parents accompany children to make their own medals. Today's activities are colorful.

Huo Qiang rushed to the school and entered his nephew's class. When he came out, he saw that all the children in Ji Xiaoxiao's class were not in the classroom.

At the same time, a lot of children's activities are completed on the playground. Xiaohui's is the same. At the moment, he also has some mischievous and a boyfriend playing the game of catching people. The teacher called several times and didn't return to the team.

Huo qi'ang stood out of the window, there was some blame in his eyes, and called him, "Xiaohui."

Xiaohui then found that his uncle had come. He hurriedly stood in his team and made a face towards him.
