

U. CEO Daddy 771

Chapter 771

"Yes, your Excellency President, please go back! Pray for us to take care of this side. "

Xuanyuanchen nodded, "OK, if you have any information, please report to me at any time."

Xuanyuanchen Dynasty two comforted a voice, "put flat the state of mind, we all look forward to praying for ang to be safe."

"Your Excellency, I ask that this matter be kept secret, and that the matter of prayer needs to be verified." Huo Mingchao asked xuanyuanchen.

Xuanyuanchen pondered for a few seconds, and answered him, "well, I'll keep the secrets of the people around me, and I'll give it to you."

Xuanyuanchen left, and Huo Mingqiang's body was crumbling. Huoyuan and his assistant immediately helped him to the rest room next to him.

Huo Qiang was sent to the intensive care unit, accompanied by Huo yuan.

At 4:30 p.m., Ji Anxin picked up her daughter, just in time to see Huo's driver picking up Xiaohui. She twisted her eyebrows and felt something unexpected.

Since breaking the teacup, her heart has been a little uneasy, and she doesn't know whether it's a mental problem or whether she's tired recently.

She led her daughter out and took her home.

In the hospital, Hodgson's postoperative symptoms occurred. He had a high fever and was in a critical condition.

At this time, Huo qi'ang is half dizzy, and he has been murmuring Ji Anxin's name.

"Peace of mind Peace of mind... " As if what he felt most uneasy about at the moment was Ji Anshan.

Huo Ming stood by and heard it. He immediately sighed. Is his son confused? Why call Ji Anxin's name?

"Dad, I have a request." Huo yuan looked at her brother in the heat, and repeatedly called Ji Anxin's name. She was really distressed.

"I know what you want to say. I don't agree. It's our Huo family's business." Huo Ming coldly refused.

"Dad, is younger brother's life more important now, or is your prejudice on Ji Anshan more important? When are you going to be stubborn? Don't you want your brother's life? " Huo yuan urged in a low voice.

Huo Ming's face immediately changed, looking at Ji Anxin's son, who was still in a dream.

He gritted his teeth and said, "if you call, will she come?"

"She will certainly come." Huo yuan is confident. Last time she talked with Ji Anxin, she could feel that Ji Anxin just hated her brother. The deeper the hatred, the deeper the love.

She will never leave her brother at this time.

Ji Anxin invited Xiang Yue to dinner in the evening. The family was more lively and the little guy was also happy.

At the moment, she has made a good table and is ready to eat.

At this time, her cell phone rang, she was stunned, who called at this time? "Mr. Ji, you still answer the work phone after work!" Smile to the moon. Ji Anxin takes a look and replies, "it's not a work phone."

It's the number of Huo yuan left last time. She thought that after that time, they would contact again in a period of time.

But I didn't expect her to call now. Ji Anxin felt a kind of worry. It's not appropriate to call her at this time.

"Hello, sister yuan." Ji Anxin is still cordial.

Huo yuan at that end immediately took a breath and said, "peace of mind, I pray for an accident."

Ji Anxin's heart pulled hard. From breaking the cup to now, she felt a faint uneasiness, which was strong at the moment.

"He What happened to him? " Ji Anxin asked anxiously.

"His car overturned on the highway and rolled down a hundred meter slope." Huo yuan's voice line is full of suffering.

Ji Anxin's eyes were gaping, and panic and intense worry surged up. She couldn't help shaking her voice. "How is he?"

"It's been five hours since he was rescued. His life is still in crisis. Now, he has a high fever after operation. He's been calling your name. Be assured. I beg you. When I beg you, come and see him!" Huo yuan's voice was full of entreaties.

Ji Anxin's eyes got wet immediately. She didn't hesitate to say, "OK, I'll be right here."

Huo yuan reported the address of the hospital, Ji Anxin wrote it down. At the moment when she put down her mobile phone, tears rolled out of her eyes, and she quickly reached for a wipe. Turning to the moon on the table, he said, "something happened to my friend. Xiaoyue, will you accompany Xiaoxiao here and wait for me to come back?"

Xiang Yue finds out that although she is calm, her hand holding her mobile phone is shaking. She hurries, "Mr. Ji, go! I will take care of Xiaoxiao. "

"Mommy, where are you going?"

"Mommy's friend has an accident. Mommy goes to see him." Ji Anxin looks at her daughter, and her bitterness is stronger.

No, Hodgson can't die. He can't leave the world. In this way, his daughter really has no father.

When Ji Anxin pushed the door out, she ran to the elevator.

Her car went to the hospital without hesitation for a second.

In the guardianship room, Huo Qiang has given some medicine. According to the high fever, he hasn't got rid of it. In this case, there is no other way but to wait patiently for him to get rid of the fever. He has undergone an operation and can't push it in any more. In the open corridor, there is the sound of high-heeled shoes running fast. Ji Anxin is at the moment when the elevator is closed. She is still firmly squeezed in spite of being caught.

And a kind-hearted person blocked her for a while, Ji Anxin said to him, "thank you."

Huo qi'ang is on the third floor. The elevator jingles. She steps out in a hurry and asks for a nurse. The nurse points in a hurry. She continues to run.

After turning a corridor, she met Huo Ming, who was sitting in the corridor smoking in a muffled voice.

Huo Ming looks at her. Ji Anxin doesn't say hello to him. She just stands at the glass window of the ward.

Looking at the man with the respirator, how could her heart be so fierce?

He stood in front of her alive two days ago.

Now, how could he?

Huo yuan came out and said to her, "peace of mind, come in!"

Ji anxiously takes a look at Huo Ming, who just frowns and doesn't stop her. Ji Anxin steps forward gently. Huoyuan asks her to sit on the chair in front of the bed. She leans gently to Huo's ear and says, "I'm relieved. Wake up and have a look at her."

Ji Anxin's eyes fell on the man's face. His head was wrapped with a bandage. There were bruises on his body and hands. Some were serious and some were slight. He didn't seem to be angry in his sick clothes.

Ji Anxin's heart was throbbing, and at this time, she felt as if Huo Qiang had heard.

Although he fell asleep, he moved his hand as if looking for her.

Ji Anxin lowers his head and looks at the long white hands. After five years, she gently holds them.

Her heart throbbed violently, as it had in those days.

Huo yuan sat down next to her. She watched Ji Anxin's feelings for her brother at the moment.

She gently curved the corner of her mouth, nothing bigger than life and death?

In the face of life and death, everything is small.

So, brother, is this a blessing in disguise? It's just that he paid too much.

Huo Ming is out of the window. His people have found out everything. Moreover, through the camera of the car, it can be seen that this is indeed an accident.

Because Huo Qiang is in a hurry for a meeting, the bodyguard's speed has increased a little. On the high speed, he has not yet reached the state of speeding, and he has kept a uniform speed of 120 yards.

The bodyguard, unfortunately, has passed away.

Hocheon was luckier.

Huo qi'ang is in the middle of dizziness, suddenly wakes up some, and gently calls Ji Anxin's name, "Anxin Peace of mind... "

He just shouted hoarsely, like a nightmare, full of pain.

Ji Anxin's hand was shaking gently. She bent down and answered him gently, "I'm here, I'm here."

Like her voice, into his consciousness, Huo qi'ang's mouth flicked, like a nightmare into a dream.

"I'm here..." Ji Anxin holds his hand, softly murmurs, looks at him to feel, she continues to make a sound, "you wake up quickly Look at me. "

Huo yuan can't help but be happy. I hope my brother will wake up when he hears it. Ji Anxin looked at his closed eyes, full of expectation. At this moment, she didn't even find out herself. She went back to her five years ago, without any hatred.

Suddenly, Huo qi'ang's thick long eyelashes trembled and opened, but his eyes were bloodshot, except for a pair of dark eyes.

Ji Anxin's eyes burst into tears, but he saw her.

There was a flash of ecstasy in his eyes. When he was weak, seeing her could cheer him up.

"Peace of mind, you are here." He opened his mouth in a hoarse voice.

Chapter 772

Huo Qiang wakes up and is immediately asked several times by Huoyuan. He doesn't seem to care. His eyes have been around her sister and looking at the woman behind her.

"Don't be absent-minded at this time, I pray you. She won't leave for the time being. You can answer my questions." Huo yuan is angry to see that her brother is not serious at this time.

Huo Qiang was so weak that he could not move. He had to bear it and patiently told her the physical condition under the inquiry of his sister.

Huo yuan asked, then explored his forehead, whether he was in a good mood, which made the high fever go down. Sure enough, Ji was at ease, worth a lot of drugs.

Ji Anxin is a good medicine in his heart.

"Peace of mind, you accompany him. I'll go out for a while." Huo yuan left time for Ji Anshan.

Ji Anxin sees that he wakes up and can laugh. The tense heart strings quietly relax as long as he doesn't die.

"Sister yuan, he woke up. I think I should go back." Ji Anxin suddenly makes a sound.

Huo yuan was stunned. "Didn't you say that your assistant would accompany the children? Are you in such a hurry? "

Ji Anxin didn't answer. He only heard a cold breath. It was Huo Qiang's on the bed.

Immediately, the hearts of the two women in front of the bed were led in the past. Huo yuan asked quickly, "pray for ang, what's wrong with you?"

Hodgson looked at her sister. "I'm not comfortable anywhere."

Huo yuan is his elder sister. She can see through her younger brother's thoughts at a glance.

She can't help turning back to Ji'an and saying, "peace of mind, you stay with him! He just woke up, until tomorrow morning, still in a serious period of danger, this time, he needs you. "

Ji Anxin pondered a little, looked at the bed and closed his eyes, as if it was a very painful man, she nodded, "OK! I'll stay, but I need to make a phone call. "

"Go! Let your assistant pacify the child. " Huo Yuan said to her.

Ji Anxin goes out to make a phone call. He happens to see Huo Ming, who is still smoking in the corridor. Huo Ming gives her a deep look. At this time, he can see that his son needs her.

Therefore, Ji Anxin's existence, other rights should be silent.

Ji Anxin makes a phone call to Xiang Yue, who reassures her that she will stay up until the little guy sleeps even if she plays with her.

After the phone call, Ji Anxin was relieved. When she returned to the ward, Huo Yuan immediately got up and said, "I've forgotten. I'm going to talk to the doctor. Be relieved. You stay here."

Ji Anxin nods. After Huo Yuan closes the door and leaves, she stands in front of the bed and doesn't sit down.

Just staring at the man who was hurt all over, she didn't have time to understand the cause of his car accident. She guessed, is it because of his current identity?

"Sit down!" Hodgson said to her in a hoarse voice.

Ji Anxin sat down and looked at his wounds. Just now, Huo Yuan said that his internal organs were fatal.

"What's the matter? Can't you even protect your own life?" Ji Anxin looks up her eyebrows and asks. Actually, she is not stupid. Just now Huo Qiang heard that she was leaving on purpose.

And she, also plan to accompany him through the most difficult period, as a gift to her daughter!

"It was an accident." Huo Qiang replied helplessly.

"Well, stop talking and have a good rest! I will not leave." Ji Anxin doesn't want to attract him to talk more, which makes him work hard.

Huo Qiang wanted to tell her, because such an opportunity is too rare.

"Why did you come? You still have me in you, don't you?" Hodgson asked hoarsely.

Ji Anxin's eyes glared at him. "You think so much. Sister Yuan asked me to come to see you. Do you think I want to come?"

Huo Qiang didn't believe it. Just now, when he was asleep, he heard her gentle voice clearly. He knew that it was not a dream, it was her care and love for him.

Huo Qi held up the corner of his mouth. "I know it's not your truth."

Ji Anxin immediately did not open his face, showing the expression that he did not want to chat.

"Don't worry, I won't die. There are you in the world. How can I die?" Huo Qiang continues to make a sound.

Ji Anshan's expression is indifferent, but her heart is fluctuating because of his words.

"Can you stop talking?" Ji Anxin turns to stare at him.

"Cough..." Huo qi'ang was really hurt and coughed because of his speech.

Ji Anxin's face is cold, but her hand is still the first time to caress his chest and follow his Qi.

Huo qi'ang coughs two sentences, and his mouth bends up with a smile. His eyes are red and bloodshot, which can't stop his happy smile.

Ji Anxin looks at it. He feels hurt. When will this man be brave? "Tell you to stop talking, you won't listen." Ji Anshan is like teaching his daughter a lesson.

Hodgson continued to laugh.

"You're still smiling. Take a rest and close your eyes." Ji Anxin ordered. She really can't be nice to him, because the hatred in her heart is still there, and she can't be gentle to him for a while.

Huo qi'ang's hand suddenly touched and grasped Ji Anxin. Ji Anxin wanted to pull it away, but considering the injury on his hand, he immediately held it like this. Holding her hand, Huo qi'ang can sleep peacefully. After an operation, he was really tired. With too much blood loss, he actually wanted to rest for a long time, just because she was here, he was reluctant to sleep.

Ji Anxin was so held by him, watching him close his eyes and go to sleep. She tried to relax her breath without disturbing him.

However, the temperature of palms is a little bit passed into her palms, and the temperature is burned and dyed in her heart.

This is a familiar big palm. Once, they held hands and would be held by him wherever they went. She could not be more familiar with the palmprint of this hand.

Hodgson really had to go to sleep. Ji'an thought to draw his hand while he was asleep.

However, when he did, he found that he was holding it tightly and could not move it.

She had to give up. If she tried harder, she would wake him up. He finally fell asleep.

Ji Anxin is also holding her chin, and her eyes are on his face. This face, which she has not forgotten for five years, will always remember that even if she hates him, this face is still imprinted on the bottom of her heart and will not be forgotten.

Otherwise, why has she spent the past five years alone? Shen Rui has been waiting for her for five years. They have been married as long as she wants.

However, Ji Anxin knows that she can't accept Shen Rui's pursuit and love him wholeheartedly when she has a man in her heart. Even when she is together, it's unfair to him.

Ji Anxin once refused Shen Rui mercilessly, but Shen Rui tried his best to get close to her, even his whole person was decadent and depressed, very painful.

His company called her cell phone and asked why Shen Rui didn't go to work for a week. She ran there worried.

Shen Rui is sitting in a wine bottle all over the room. He nearly lost his life because he didn't finish eating for several days. He also drank out a serious stomach disease.

Ji Anxin was also afraid. He said to Shen Rui that he would be a friend, a kind of friend who could eat and chat with each other at any time. Ji Anxin also said that he would only be a friend.

Shen Rui is very pleased to agree, so all the way.

Ji Anxin's mind, do not know what to think, think a lot, time unconsciously in the walk, she received the message to the moon, the little guy played tired, from lying in bed to sleep.

She asked Xiang Yue to stay with her for one night and drive her to school tomorrow morning, because she may not have the energy to accompany her tomorrow.

She's going to spend the night here tonight.

Huo yuan stood at the window and looked back at her father, but Huo Ming still couldn't see any emotion.

Even if his son loves Ji reassurance, as long as his son is alive, he is still the vice president of the country, he cannot marry her.

Huo yuan's heart is the most tormented. Mingming Ji Anxin gave birth to the Huo family's children, but she has to hide her father and brother. Only Ji Anxin has the right to say this.

Ji Anxin experienced a day's work and was also tired. When she stayed up until three o'clock in the morning, Huoyuan asked her to go to the rest room next door to sleep. Ji Anxin shook her head and refused. She promised him not to leave, so she would do it.

Ji lies on the edge of Hodgson's bed and falls asleep.

At about six o'clock in the morning, Huo Qiang opened his eyes. In his eyes, the red blood receded and his eyes were clear. When he looked at the sleeping woman lying beside him, his heart immediately pulled.

Chapter 773

Self reproach unceasingly, because he is injured, causes her to stay up late to guard here, even rests also can lie on the bedside.

Huo Qiang raised his head gently, just in front of Ji Anshan's eyes.

She wore makeup at home last night. At this moment, she is her most pure face.

As before, it is clean and beautiful, with white skin, red lips and beautiful eyes.

Huo qi'ang's heart throb is very strong. If he doesn't lie on the bed and can't move, he really wants to kiss her in the face.

Ji Anxin's sleep is a little sour and uncomfortable. She immediately opens her eyes, prepares to change her posture, opens her eyes and touches a pair of deep ink eyes.

She immediately sat up and covered her face. How long has this man looked at her?

It's probably a long time since she showed her plain face in front of people, so plain face makes her feel very insecure.

Last night she didn't think about it because she was worried too much, but now she thinks it's very important.

"How long have you been watching it?" Asked Ji anxiously.

"I won't be tired of it for long." Huo Qiang smiled.

"I see your spirit is very good, should also not need me to accompany, I went back." Ji Anxin raised his eyebrows.

Huo Qiang immediately changed his face slightly. "Are you leaving?"

"You have passed the most dangerous time. How are you doing?" Ji Anxin as long as he knows that he is OK, he will gradually get better.

"Well, then go back to rest! Xiaoxiao? Did you send it to school? " Hocheon asked.

Ji Anxin saw that he even called his daughter's name directly. Her heartstrings hit him hard. She looked at him with some warning, "my daughter's business has nothing to do with you. You don't need to care."

Huo Qiang's eyes are dim, as if they are lost.

Ji Anxin is also worried about whether this sentence is too heavy. She can't help but slow down her breath. "You don't want anything now. Take good care of your health. Our country needs you."

"And you?" Huo Qiang asked in a low voice.

"I'm also a citizen of this country, and I need you, of course." Ji Anxin can't help but compensate him for the heavy words just now.

Although it is such an answer, it still makes the wounded in bed feel better.

"Well, if you need me, I will get better as soon as possible." Hocheon replied.

Ji Anxin takes a look at him, picks up the bag behind him and is ready to leave.

"Slow down on the road! Go back and have a good rest. " Hocheon cares.

She must have been tired after spending so much time with him last night.

Ji Anxin really wants to find a bed to lie down at this time, because she is so sleepy that she can't help but get down to the car, look at the time, and go back to take a bath and change clothes to go out.

Where does she have time to sleep? She also has to go to the company for an early morning meeting. Recently, the company has a steady stream of orders. She is in a very busy state.

Huo yuan came in to check for her brother, and after 24 hours of danger, she could recover as long as he cooperated with him well.

Huo Ming was relieved to hear the news. He only hoped that his son would get better soon, but he must not leave the vice president's position vacant for too long.

He believed that xuanyuanchen would find a reason to let outsiders know what he had done and could not return to work.

Ji Anxin took a bath at home, changed into clean clothes and went to work. After the morning meeting, she was all sleepy and fell asleep on the table.

At this time, a man came here, Shen Rui. He was just around with the client, so he wanted to come and talk to her.

Xiang Yue knows their relationship. When Shen Rui comes over, she points to it with a smile, "Ji is always in it."

Shen Rui nods and taps. There is no response. He pushes the door directly.

What do you know? He saw Ji Anshan, who used to be a strong woman, lying on the table and sleeping.

Even he didn't hear the knock just now. Shen Rui closed the door and wondered what she had done last night.

How can I sleep here in the morning? Shen Rui didn't wake her up, just came to her desk gently, with her hands on the desk, and looked at the woman who slept soundly.

Ji Anxin's eyebrows are full of sleepiness, and his face is pale. Shen Rui didn't wake her up, but came out to the moon and asked, "did you Ji not sleep well last night?"

"Oh! You say Ji Zong! She probably didn't sleep well. She said last night that there was something wrong with her friend. She went to the hospital for a night. "

"What? Hospital? " Shen Rui is surprised. What is Ji Anxin's good friend who can leave home regardless of his daughter Xiaoxiao?

"Yes! I took Xiaoxiao to bed last night, and Ji didn't come back all night. " Xiang Yue is also very concerned.

Shen Rui is Ji Anxin's best friend. He knows almost all the people she knows. However, he believes that there is no one around Ji Anxin who can make her lose her daughter. Even if she is a good friend, she will not stay up all night. She can't do it unless someone has an accident.

This man is hocheon.

Shen Rui takes out his mobile phone and searches for the latest news. He doesn't write about Huo Qiang's accident.

However, I can't imagine that a position like him will only be blocked in advance if it really leads to anything.

Ji Anxin woke up. She was thirsty, pulled out the inner line and said, "bring me a glass of water."

After answering the phone to the moon, he said to Shen Rui, "Ji always wakes up."

As soon as Shen Rui heard this, he immediately pushed the door in.

Ji Anxin is holding some big heads, waiting to drink water. When she sees Shen Rui who pushes the door in, she is shocked. "Why are you here?"

"I've been here for a few minutes. I just saw you sleeping, but I didn't disturb you." Shen Rui looks at her tenderly.

Ji Anxin immediately smiled, "right? Xiaoxiao was too noisy last night. I didn't sleep well. "

When Shen Rui saw her, he also said to cover up her whereabouts last night. He was sure that Huo Qiang was her companion last night.

"What happened to him?" Shen Rui does not come here to ask.

Ji Anxin hasn't responded, "what? Who are you talking about? "

"Who did you go with last night?" Shen Rui asked again.

Ji Anxin's face is embarrassed. At the same time, she has no choice but to conceal Shen Rui's mind.

"Said to the moon?" Ji reassures himself with a wry smile.

"She only said you didn't come back all night last night. She didn't say where you went or who you met." Shen Rui said, and asked again, "is it to see him?"

Ji Anxin bites his lips and hesitates to say whether to say it or not, because Huo Qiang's identity has changed, and his injury should still be kept secret.

Shen Rui understood, but just looked at her expression and knew, "OK, you don't have to say, I know." Shen Rui sighs.

"I'm sorry!" Ji Anxin apologizes.

"You don't have to say sorry. You have the right to make any decision. I can't interfere with you." Shen Rui said, and sat down opposite her. "Is he OK?"

"Nothing!" Ji reassured himself.

"His father didn't stop you from seeing him?"

"It was his sister who called and asked me to come over."

Shen Rui thought to himself, maybe Huo Qiang has done something important. It's not surprising what happened in his identity, because there are so many dangers around him.

Thinking of this, Shen Rui suddenly took Ji Anxin's hand and said, "peace of mind, I have only one request. I want you and Xiaoxiao to be safe."

Ji Anxin is stunned. When she finds out his concern, she smiles, "don't worry, we will be OK."

"I'm not stopping you from going to see him, but you're entangled with him. Your life will not be peaceful, just like it was five years ago. Now, you will have dawn."

Ji Anxin's face turned white for a few seconds. Did Shen Rui think she had forgiven Huo Qiang and would return to him?

"I didn't want to come back to him. Last night was a special occasion." Ji Anxin took back his hand. "I know what I'm doing."

"As long as you understand, I will not interfere with you." Shen Rui said and got up. "I won't disturb you. Please do your work first."

Ji Anxin looks at Shen Rui's back. She can feel his loss.

Ji Anxin holds her head and feels that it hurts even more. It seems that many things come up, making her very tired.

Chapter 774

One day at work today, Ji Anxin's mind is not in a state. Even if she signed the wrong word, she sent it back to Yue carefully.

After Ji Anxin finished her work in the company, she received a phone call from her parents. They are all honest civil servants who are still in the unit. At the end of the year, they both retired, because she didn't come to accompany their mother and daughter during the period when she came back.

Now, the two old people also asked for a vacation and decided to come and live with her for a while.

Although their daughter is rich, they stay in the company all their lives. They are still living a very simple life until they retire.

Ji Anxin hears that her parents will arrive in the afternoon. She can't help but feel relieved. With her parents, she feels relaxed.

"Mom and Dad, you go to my house first. I'll come back when I pick up Xiaoxiao."

Ji Anxin receives Ji's daughter and rushes home. Pushing open the door, he sees the fruit on the table. In the kitchen, his mother has boiled the soup, and the fragrance comes.

Ji Anxin takes a breath and feels very happy. Having parents in the place is the most warm home.

"Mom and Dad, I'm back." Ji Anxin leads his daughter in.

"Xiaoxiao, you are back! Come on, let Grandma hug you. " Jimu quartz, he xiaomimi, greets her grandson who has been missing for some time.

"Grandma." The little guy immediately jumped into Grandma's arms and cried sweetly.

Ji Qiucheng, Ji's father, is also smiling. Looking at his granddaughter in his eyes is the color of love.

Ji Anxin sits on the sofa and eats a few cherries in his hand.

"Xiaoxiao, stay with grandma and grandpa."

Ji'an was still dizzy. After eating some cherries, he said to his parents, "Mom and Dad, Xiaoxiao has given it to you. I'll squint for a while and call me when I eat."

"Go! Let's watch Xiaoxiao! " Quartz lotus Dynasty daughter way, also sympathizes her hard work, as a woman to fight to this extent, they are proud and heartache.

Ji Anxin can finally lie on the bed. She closes her eyes, but her mind is full of Huo Qiang's injured appearance.

She endured a day without calling Huo yuan, thinking that he should be stable.

It's not going to happen! Ji'an thought to herself, she picked up her mobile phone, went to the window, hesitated and dialed Huo yuan's phone.

"Hello! Peace of mind, is that you? " Huo yuan was very happy to receive her call.

"Sister yuan, are you busy? I want to ask... " Ji Anxin hasn't called Huo's name for a long time, so she didn't say it.

However, Huo yuan understood. She laughed, "do you say pray for Ang? He's better, but he's still in the observation period. "

Ji Anxin is relieved after listening. Even Huo yuan is so optimistic about her tone. I think he has nothing to do with it.

"Well, I'll ask." Ji Anxin is going to hang up.

"Qi'ang is around. Do you want to talk to him?" Huo yuan asked in a hurry.

Ji Anxin's nerves are pulling. She's in the ward!

"Well, no, I..." Ji Anxin wants to hang up.

There was silence for a few seconds, but there was a deep and hoarse voice, "I thought you would not care about me anymore."

So is Ji Anxin's refusal in this man's ear?

Ji Anxin doesn't want to face him directly at all. Now, he answers the phone, and Ji Anxin has to breathe a little, "I just care about you as a public position, don't think about it much."

That end smiled a bit, "is it me who thinks more, or you dare not face your heart? You worry about me, but you don't want to show it. "

"You..." Ji Anxin hates people to break her mind, which is very impolite and embarrassing.

However, it was impossible for her to admit that.

"You think a lot. " Ji Anxin said coldly.

"Don't worry about me, I will be OK, I have to chase you again! So, I will try my best to cooperate with all the treatments and never give up. " The man on the other end murmured.

Ji Anxin listens to it and doesn't have to worry anymore. She says directly, "I'll hang up first."

"No!" That end refused at once.

Ji Anxin wants to hang up because he hesitates again.

"What else do you have?" Ji Anxin asked with a frown.

"Nothing important, just want to..."

"Then there's no need to talk." Ji Anxin didn't give him another chance, so he hung up.

She thought, that end of the man must be very depressed! However, she is generous enough to do this for him.

Ji Anxin can relax and sleep for a while. She is called to wake up at seven o'clock.

After a sleep, she was in good spirits. Her mother made her favorite dish again. She had a big appetite.

"Mom and Dad, I'm just busy these days. It's so nice of you to come." Ji was content to drink the thick soup that his mother had cooked for two hours. "If it's not because you're too tired at work, we won't be able to ask for all the leave with your company." Quartz lotus side to the granddaughter dish, said.

"Thank you, mom and dad." Ji Anxin's eyes showed gratitude. When she was pregnant and gave birth abroad, she thought her parents would scold her.

Did not expect that the two of them language barrier, the route barrier out of the country, if not she sent to pick them up, they must be lost abroad.

But the first time I saw her, I didn't scold her, but I was very busy for her. I also took good care of my new granddaughter.

In this world, it's the parents who really don't care and love her the most.

"How is the job?" Asked Ji Fu.

"Fortunately, orders have been pouring in recently. I need to be busy for a while."

"You're busy! Your father and I decided to retire in advance, and we can come and stay with you soon. "

"That's great." Ji Anxin also hopes that in the future, he will live with his parents and his daughter.

"Has Shen Rui come much recently? I haven't seen him for some time. I miss him The smile in his eyes was clearly about her prospective son-in-law.

"He will come when he has time. When he is free, invite him home for dinner." Ji Anxin said.

"That's brave. You've been helped a lot by others. You're competent and handsome. You're also kind to Xiaoxiao. It's really hard to find someone with a lantern on." The tone of quartz lotus is full of implication.

Ji Fu didn't answer because he knew the relationship between his daughter and Shen Rui, and he hasn't reached that point yet.

"Xiaoxiao, can we go for a walk after dinner?"

"Good!"

After a while, the little guy was taken out by his parents. Ji Anxin was at home to deal with the mail and deal with the pressing work today.

Time, three days later, in the hospital, Huo Qiang went through the transfer procedures, and was about to enter the royal doctor's follow-up treatment, so as to keep his identity secret.

Huo Qiang got the best treatment in the hospital. He left a wound on his back brain. Therefore, his short hair turned into a flat head, which made him younger and showed a kind of heroic spirit of the head of the Royal Army.

It's just a stitching wound on the back of the brain, which seems a little shocking.

Huo Qiang is in the hospital to recuperate. This is probably the most relaxed time he has been working. Xuanyuanchen has taken over all his work, so he is still relaxed for the time being.

In the hospital time, what Huo Qiang misses most is the past and Ji Anshan time, but the time can't go back, and the feeling is firmly there.

Ji Anxin is also busy with her work. With her parents at home to take care of her daughter, she can sleep in some mornings because her father will send the little one to school.

Time, a month later, Ji Anxin didn't call Huo yuan again, but Huo yuan called her several times, and she would take the initiative to tell her about Huo's recovery.

Ji Anxin is just listening here. Huo yuan will talk with her about Xiaoxiao.

This morning, the nurse came into Huo's ward with the medicine, opened the door, and the man who used to rest in bed suddenly disappeared.

The nurse ran to the doctor immediately, and the doctor immediately informed the dean. After checking, the Dean found that Huo Qiang was accompanied by his assistant at 8:30 in the morning.

Chapter 775

The president thinks this matter is of great importance. It's not safe for a wounded vice president to run around. They dare not take such responsibility!

It's half past nine now. The nurse went to change his dressing at about nine every day in order not to disturb him.

The first one to receive the call was Huo Ming. He was shocked when he heard that his son left the hospital suddenly.

He immediately hung up the dean's phone and dialed his assistant.

"Where is my son now?" As soon as that end answered, he received a question from him.

"Mr. Huo, you are relaxing." The assistant replied nervously.

"Give him the phone." Huo Ming thinks this assistant is clearly an accomplice, helping his son leave the hospital.

Hocheon took over. "Dad, I'm going to come out for a break."

"You don't want to say hello to the hospital. Do you know how serious the consequences are? The Dean called me in person. "

"Well, I'll be back soon." Hocheon didn't say where to go.

"Where did you go to relax?" Huo Ming forgot to ask him that.

"I promise to go back to the hospital in two hours, that's all." With that, Hodgson hung up.

Huo Ming was so angry that his son didn't let him worry.

At the moment, a black SUV is parked downstairs. The young driver is very nervous. In the back seat is a man, wearing a gray coat, hat and mask.

Just a pair of sunglasses, you can play the kidnapper directly.

And this man, no one else, is Hodgson.

He couldn't stand the pain and thought. He wanted to meet her in Ji'an's company.

In the past month, Ji Anxin didn't take the initiative to call him any more. Even if he borrowed his sister's phone, she was busy. Generally, she didn't have time to come to see him.

"Sir, let's go back!" Assistant is so worried, so scared.

"No one knows me now, you're in town." Huo Qiang has no sense of tension.

"But you are Mr. vice president!"

"Relax and wait for me in the car."

With that, Huo Qiang's eyes met a clear and charming figure of a woman, and his eyes were full of joy.

Ji Anxin is here. She is very serious about her work, so she arrives at the company gate at about 9 o'clock on time almost every day.

As long as you stop her here, you will see her.

As soon as the assistant heard that he was waiting for him in the car, he was in a hurry. Turning around, he found that the man in the back seat pushed the door and got off.

The assistant was scared to get out of the car. Didn't the vice president know that without the protection of bodyguards, he was a living target? It's too dangerous for anyone to know.

"Your Excellency Your excellency The assistant called him carefully.

And his figure, has followed the woman in front into the hall.

Ji Anxin didn't realize that she was following someone at all. Only when she walked in front of the smooth floor, did she have a feeling that someone was following her closely behind her.

She glanced at the smooth mirror wall with her spare light on her side. As expected, she was followed by a tall man. Moreover, the man seemed to be wearing a hat, a mask, and a bad man's costume.

At this time, there are two employees at the door of the elevator. They are waiting for the elevator. Just after the elevator arrived, they saw Ji Anxin coming back and asked her to go ahead.

Ji'an thought to herself that she had to get on the elevator immediately to be safe. When she entered the elevator, she pressed the floor in a hurry, and then pressed the key to close the door twice.

Feeling that the door is half closed, Ji relieved. Suddenly, a palm appeared, blocking the merging door.

And the high-level elevator sensed, immediately opened to both sides, at this time, a man with his head down came in.

Ji Anxin's heart beat nervously. The two men who were at the door just now disappeared. She was thinking about whether to come out. The elevator door closed directly.

Ji Anxin braves cold sweat nervously. Is the man behind him a criminal? What does he want to do? Kidnap her? Or do you hurt her? At this time, she felt that the man behind her was closer to her.

When Ji Anxin was abroad, she learned self-defense for a period of time. She suddenly turned around, reached for a fist and hit him on the side face, then she put her foot to his lower body in the next second. After the man received a fist, she immediately blocked her foot to the key point, and the voice line was hurried and low, "peace, it's me!"

Ji Anxin's leg is only half a palm away from his pants. If the man doesn't block it, it must be dangerous.

Ji Anxin was shocked. He quickly took it back and looked up to find a pair of familiar and painful ink eyes.

"You..." Ji Anxin is going to be surprised. How does this man appear here? And still dressed like this? At the same time, Ji Anxin's face was hot and angry, "how are you?"

Huo Qiang breathed a sigh of relief and enjoyed her fist on his side face. Although it was not painful, his heart ached! Did he come to see her hard and get such treatment from her?

"I'll come and see you." Huo Qiang said, took off the mask, and then, the elevator is about to arrive, Ji Anxin hurriedly said, "put on the mask."

His face can't be seen by the staff. Otherwise, her company will not open the frying pan?

The man didn't care about his identity.

Huo Qiang, with his eyes narrowed and smiling, only showed a pair of deep eyes. His eyebrows were pretty, and he was charming and sexy.

Ji Anxin thought that he had slapped him just now, and he was worried about it. Last time he saw him, he was still lying on his back and couldn't move. It was only a month. Did this punch hurt him?

Ji Anxin saw that he had arrived, and he would not leave immediately, so she said, "look down, don't let people recognize you." Ji Anxin said to him.

Huo Qiang immediately bowed his head obediently and covered his face with the brim of his hat, but his figure was really eye-catching.

"Mr. Ji, this is it?" Some employees asked curiously.

"Flowers." Ji Anxin answers casually.

"Oh!" The eyes of the female employees couldn't help but stare, thinking, the little brother who sent flowers has a good figure! Look, it looks like a handsome guy!

Ji Anxin took him into the office. She immediately closed the door tightly, and then locked it inside. At the same time, she covered the shutters.

He looks like a great enemy.

Ji Anxin put in her waist after finishing the protection work, and said angrily, "what are you doing here?"

Huo Qiang took off the mask and showed a pretty face that was pale after the operation. It was a little white and a kind of jade like feeling.

Ji Anxin looked at his face, and her heart was finally in disorder. She twisted her head and said, "hurry back! I don't welcome you here. "

"Hiss..." Huo Qiang immediately twisted his eyebrows and covered his abdomen lightly.

Ji Anxin's coldness turned into worry for a second, and she immediately helped her, "what's wrong with you? What's wrong with you? "

Huo qi'ang immediately leaned over her arms, almost half of his body resting on her.

Ji Anxin immediately supports him with all his strength, hugs him, but his face is full of concern.

"You're so hurt. What are you running about?"

Huo qi'ang felt the first close contact with her five years later, his chin gently pressed against her shoulder, "for you, I will come if I hurt too much."

Ji Anxin was so angry that she couldn't speak at once, and she immediately realized that her whole body had been held by this man. She stretched out her hand and pushed him, "OK, I'll take you back to the hospital."

Huo qi'ang immediately opened his arms and hugged her so tightly. Ji Anxin was a little out of breath when he hugged her, but her hands pushed him away, but they were not as powerful as him.

"Hocheon, you have enough." Ji Anxin whispered a warning.

Does this man come to her to pretend to be pathetic because of his injury?

She doesn't have that compassion.

"Not enough." Huo qi'ang hugged her and replied, "you haven't seen me for a month."

"Why should I see you? We are not even friends now, but strangers. " Ji anxiously replied.

"Strangers? But I am the one who knows you the most, and you, the one who knows me the most. " Hocheon disagreed with the inclusion of him as a stranger.

Ji Anxin was held so tightly by him that her face turned red and her body collided with each other for a long time, which also made her body and mind pass the current of crispness and numbness.

Chapter 776

In the office, Ji Anshan's body is tightly held by the man, just like the strength to rub her into his body.

"Hocheon, you let me go." Ji Anxin can only press the voice to warn.

I'm afraid that if I speak too loudly, I will let Xiang Yue worry about rushing in.

However, a smile came out of the man's throat, "no, I haven't held you like this for a long time."

Ji Anxin's heart is in disorder, and his breath is also in a hurry. In this world, he is the only man who can be upset by a hug.

If other people, no matter what kind of hug, will not make her whole body weak, and the strength and breath revealed by this man, make her brain lack of oxygen seriously.

"If you do that again, I won't be polite." Ji Anxin whispered a warning.

"Why not?" Huo Qiang asked, laughing a little.

At the moment, Ji Anxin's mind was in a mess. Hearing his smile of being proud and choosing a shirt, she had no sense. Now her chin was on his shoulder. She immediately opened her mouth and bit his neck.

When her red lips suddenly bite, Huo's handsome body immediately tightens.

It was not because of her biting power that she felt pain, but because of the touch of her soft lip, which made him have a strong sense that had not been seen for a long time.

Ji Anxin just wanted him to let go, but she didn't think she would be stupid enough to bite his neck.

She took a bite of him, his neck, left her lipstick mark, and a row of teeth marks, watching, very annoying.

Huo Qiang can feel that she is really angry from her bite. He doesn't want to break her down. He can't help but release her, step back, reach out and touch the place she bit.

"You are still merciful." He chuckled.

Ji Anxin said, "leave me now and go back to your house."

Huo Qiang also knows that if he stays, he will not get anything. What he can get today has satisfied him.

At least I hugged her and got a kiss from her, even though it was a bite.

"Well, then I won't disturb you. You work hard." With that, Huo Qiang lowered the brim of his hat, tightened his mask again, and went out with his eyes down.

The staff didn't realize that this low-key passing man would be Mr. vice president.

When Huo Qiang returned to the car, his assistant was almost mad. Seeing him back safely, he was relieved. If he didn't come back, he would have a heart attack.

"Sir, can you stop scaring me next time? I can't stand it!"

"Go back to the hospital!"

In the hospital, Huo Ming was already standing here. He watched his son's car come back. His face sank immediately and passed away in a gloomy way.

Huo Qiang just got out of the car and looked at his father. He opened his mouth and said, "don't worry about me. I have my own discretion."

"You still have the measure? If you know how to measure, you shouldn't run around at this time. " With that, Huo Ming's eyes were shocked by the kiss mark on his son's neck.

There was a flash of annoyance in his eyes. Did his son go to find Ji Anshan? Their feelings are about to recover?

Huo Ming looked at his son's tired expression. He didn't say anything more, but said to his assistant, "hurry up and send him back to rest. Don't let him run around. Watch him for 24 hours. He will call me as soon as he leaves the hospital."

Assistant is embarrassed to see Huo Ming and Huo Qiang. It's hard for him to be an assistant in the middle!

"Don't embarrass Xiaoqian, I won't go out again." Hodgson helped understand the dilemma and took him to the hospital.

Ji Anxin's office, since Huo Qiang left, she took a sip of cold water to find her reason. Her mind was so confused that she couldn't clean it up.

She felt that if she went on like this, it would be very dangerous. She must know how to restrain and control her feelings. She could not let this man feel that he still had a chance. She must restrain his idea.

Ji Anxin comforted herself in her heart, and her reason gradually returned. At this time, she received a phone call from her boss, asking her to take some key elements with her and go abroad for training in this period.

Ji Anxin thought of the parents in, the daughter was taken care of, she also agreed to come down, held a meeting in the afternoon, two days later to go abroad.

Ji Anxin said goodbye to her daughter and promised to give her a gift when she came back, so the little guy would let her go abroad.

Ji Anxin's seat is first class. When she got on the plane, she closed her eyes and rested.

She is full of mature woman's breath. Even if she doesn't need to do anything, she is the focus of her eyes. The charm from her own is like a magnet, disordering the magnetic field around her.

When she closed her eyes to rest, a few men stared at her, but Ji was so tired that he didn't want to pay attention.

Ji Anxin went abroad for a week, while in the hospital, Huo Qiang's body was recovering.

A week later, Ji Anxin led the team back to China and went home as soon as possible, because she missed her daughter so much. When the door was opened, she saw behind the door lively and disorderly jump like a puppy like little guy, she immediately hugged kiss several mouth, hugged a circle.

"Mommy, what about my present?" The little guy immediately asked curiously.

Ji Anxin gave her a gift. The little guy picked it up happily. It was a Mickey who could sing.

"Wow! I love it. Thank you, Mommy Ji Xiaoxiao is holding on.

Ji Anxin doesn't want to go anywhere now. He just wants to stay at home with his daughter.

In the hospital, Huo Qiang is discharged from the hospital. His abdominal injury has recovered, which will not affect his behavior except that he cannot run or lift heavy objects.

In his suit, the vice president's momentum returned, and he didn't care about the visible scar on the back of his head.

However, as his hair grows again, it doesn't matter. It will soon be hidden.

Xuanyuanchen also suppressed Huo Qiang's injury this time. Even if someone suspected that Huo Qiang had disappeared for a long time, but now he reappeared, he would not be doubted again.

Huo qi'ang was walking in the garden when he saw a little boy in a plaid shirt, trousers and dark green vest sitting on the chair. He was Xuanyuan Lingxi, the son of Xuanyuan Chen.

"Xiao Lingxi, what are you doing?"

"I'm waiting for my dad to come home, uncle Huo. How about you?" The little guy is looking up at his head. At a young age, he has a sense of composure. He is not like a boy of his age, but just plays.

"I'm walking." Huo Qiang sat beside him, and the two could talk.

"Uncle Huo, I haven't seen you for a long time! Where have you been? " The little guy asked curiously.

"Uncle Huo has something to deal with."

"Uncle Huo, Mommy said you were very good. You shared the work for my father!"

Huo Qiang looked at his innocent eyes, which were clean and sincere without any impurities. His heart warmed, but he would get such a high praise in the president's wife's heart.

He was able to take office because the family background behind the president's wife was too thin, but his father strongly recommended him to the top.

Huo Qiang didn't think about how the president and his wife treat him. As long as he sticks to the principle of serving the country, he will never be associated with his father and his party members.

His father always thought of this world as Huo's, but when his father recommended him to the top, his calculation failed.

It's a father's ambition, not his.

He reached out his hand and gently stroked the little guy's head, laughing, "yes! You can rest assured that I will help your father well. "

Finish saying, looking at the little guy, he suddenly thought of Ji Anxin's daughter, at the same age, naive and lovely, with a corner of his mouth.

Two people, one big and one small, finished talking. Huo Qiang got up and went back to the office. The little guy was led in by him. After waving goodbye to him, the little guy went to his father's office.

Xuanyuanchen is signing some documents in the office. Seeing his son coming, he immediately puts down his pen and bends down to pick him up. "Son, how are you coming?"

"Daddy, can you play with me for a while?" Asked the little fellow.

"Of course." Xuanyuanchen's eyes sparkled with love and smile.

Huo Ming's recent life is not easy. He originally thought that his son could stabilize his network, but he didn't think that his son not only didn't stabilize, but also suppressed some times.

Chapter 777

Therefore, Huo Ming has been walking around frequently recently, and in such a situation, he thought of borrowing another force, that is, the girl with military background he mentioned last time.

At present, she has a good career, a senior jewelry designer, even famous overseas, enough to match his son.

The girl's name is Dong Shiyang. Huo Ming has made plans. He must let the girl enter his son's world.

The lipstick on his son's neck last time, he thought it must be Ji Anshan. It seems that if he doesn't do anything more, it will happen again five years ago.

It's not that he now despises Ji Anxin, even if she has outstanding ability, but her marriage to her son does not help his career at all. Only girls with political background can support him and praise him in his position in the future.

Huo Ming also let people probe into the girl's voice. The girl would like to meet Huo Qiang and develop a relationship with him.

If the other half of his marriage is peace of mind, all that he has worked hard for will be destroyed.

The future daughter-in-law of the Huo family must not be Ji Anxin.

At noon, Huo Qiang received a phone call from his father. There was a national treasure exhibition, which he had to attend. All the important political figures would come to visit. Huo Qiang agreed to come down, just this kind of occasion, xuanyuanchen has no time, he goes most suitable.

At noon, the venue was very grand and strict with identity requirements.

Huo Qiang's figure is surrounded by bodyguards. He strides forward calmly. Huo Ming is not here, but Dong Shiyang, the girl in line, has come.

Dong Shiyong's figure was not far from the door. She held up her glass and talked with people around her, but her eyes fell on the man who came in.

A gray suit, perfect hot paste in his tall and straight body, that pair of firm eyes, with a precious smile, came forward, and ushered in an old man shake hands.

Such politeness, with gentle elegance, is definitely the ultimate killer of women. Dong Shiyong's eyes have been fascinated by this man, and her delicate eye makeup exudes a desire for the pursuit of prey.

She is not young, and her family is urging her. However, her previous idea is that she would rather not abuse.

Now, she has a clear goal.

Huo Ming met her in private, and told her of Ji Anxin's existence, so that she could take her son's heart away from Ji Anxin.

This makes Dong Shiyong have a kind of challenge. Since she became famous, she has no lack of male pursuers around her, and Ji Anxin's photos she has seen. It's a mature and charming woman, but she's not bad. She even covers her identity.

Therefore, she will feel a sense of achievement when she gets Huo Qiang.

Dong Shiyong looked at the glass in her hand and went to Huo Qiang's direction.

Pretending to trip over the carpet, Dong Shiyong's figure bumps into Huo Qiang, who is enjoying the jewelry.

Huo Qiang immediately reached out his hand and politely held her. "Are you OK, miss?"

"Thank you, Mr. vice president. I'm fine, but I spilled a few drops of my wine on your suit." With that, Dong Shiyong immediately removed a thin silk scarf from her neck and wiped it for him.

Huo Qiang immediately stepped back and waved his hand. "No, just go back and wash it."

Dong Shiyong finds out his refusal, and her eyes flash a dark shock, but her mouth smiles very sorry, "I'm sorry! My name is Dong Shiyong. Nice to meet you. "

"Hello." Huo Qiang smiles and turns away.

Just like anyone he met here, Dong Shiyong left no trace in his heart.

Dong Shiyong is holding the glass. She is stunned. She immediately begins to have a kind of self doubt. With her dress and temperament today, she doesn't even have the idea to let him have a look and say a word more?

Huo Qiang focuses on communicating with the older generation and listening to their ideas. Many of them are retired cadres this time. Huo Qiang treats them sincerely, which makes them very happy and satisfied.

At least the young vice president is a steady and attentive person.

Dong Shiyong bit her red lips. When Huo Qiang talked with her grandfather, she grabbed the chance and came over with a smile. "Grandpa, I've been looking for you for a while. You're here!"

With that, she immediately pretended to be surprised and looked at Huo Qiang, "Mr. vice president, I see you again."

"Oh! Pray! Introduce, my granddaughter Shiyong. " Dong Laozi immediately took the opportunity to introduce his granddaughter.

Huo Qiang nodded to her, and Dong Shiyong immediately laughed, "Grandpa, you don't know, I just met the vice president."

"That's it, so don't talk to grandpa! You young people communicate and flow more. " With that, Dong left very consciously.

"Are you Mr. Dong's granddaughter?" Hocheon asked.

Dong Shiyong nodded, "yes! Granddaughter. "Huo Qiang's eyes flashed a little complexity and smiled, "Miss Dong, please accompany the old man! I'll excuse you first. "

"Mr. vice president, I'm a jewelry designer. I can give you a tour guide." Dong Shiyong immediately showed her skill.

"Next time! I'm leaving soon. " Huo Qiang finished, looked at his watch and left politely.

Behind him, Dong Shiyong's eyes are full of strong interest. Where can those men who are so coquettish reach one in ten thousand of this man?

He not only has outstanding taste, but also is very modest and polite. He exudes a kind of atmosphere that makes her obsessed.

This man, she's on her way.

Besides, with Huo Ming's guarantee, she thought, it shouldn't be difficult!

After Huo Qiang came out, he looked at the time. It was lunchtime. He said to the bodyguard, "go downtown."

"Are you going to see Miss Ji Anxin?" The bodyguard can't help asking.

"Well!"

"But your identity is not suitable to go there." The bodyguard was also ordered by Huo Ming.

Huo Qiang narrowed his eyes, and there was a chill in his eyes. "You work for me, not for my father."

The bodyguard gave an immediate look, "yes, sir."

Huo Qiang thought of a restaurant in the center of the city, which was very strict and confidential. He had only been there a few times, but he was afraid that he would not be able to make an appointment with Ji Anshan.

Is there any way to get her through? Huo Qiang thought about it with thin lips, but he couldn't even think of a bad excuse.

However, he came up with an excuse, which was somewhat despicable.

He reached for Ji Anxin's number.

Ji Anxin didn't have his number, so the woman at that end picked up unprepared, "hello."

"It's me!" Huo Qiang murmured.

"What's the matter?" Ji Anxin's tone immediately cooled a little.

"I'll be downstairs in a minute, having lunch together."

Ji Anxin replied directly, "no time."

"Just one meal, I don't ask for much."

"I said no time, you can invite others to eat."

"All right! I'll come up to the company to see you. "

"What? Don't come up. " Ji Anxin immediately ordered.

"Two choices, one is that I come to your company to expose my identity, and the other is to accompany me to dinner." Hocheon threatened her.

"Is it any harm to me to expose your identity?" Ji Anxin doesn't think so.

"Is it? What if I said you were my girlfriend? "

"You You'd better not talk nonsense. I'm not anymore. "

"Is it? I'm sure your employees like to listen to these old gossip. " Hocheon said again.

"You Are you not afraid that I hate you more? "

"It's already like this. It's nothing to hate me more. I just want to invite you to dinner." Huo Qiang said a little stuffy.

"Good! Eat it. " At that end, Ji anxiously clenched his teeth and blocked the air.

If this man dare to threaten, she will be afraid of him? She also planned to eat around at noon. He would invite her. She also saved money for a meal.

"It'll be five minutes. Come down!" In the voice line of Huo Qiang, there is a touch of pleasure.

Ji Anxin hangs up at that end.

Huo Qiang breathed a sigh and blamed himself. He shouldn't have forced her so hard.

Ji Anxin is also holding her face in the office. She wants to shake herself up. What's wrong with her? Did he succeed in this way?

Chapter 778

Ji Anxin knows that if he can't go on, this man will come up, because he has done a lot of willful things now.

Although Huo Yuan said he was injured in a car accident, who knows if he was injured because of other dangers? How dare this man run?

Ji Anxin doesn't know why. She still cares about him in her mind. It seems that she is really getting more and more ridiculous.

Ji Anxin steps out. At the gate of her company, a black car just stops at the door, which looks arrogant.

Ji Anxin gets down, a bodyguard opens the door for her, Ji Anxin sits in, and the man around her leans over to look at her.

Ji Anxin is surrounded by his arms, which is clearly a face of rejection.

"Drive." When hocheon finished, he pulled down the baffle and turned the back seat into a very private space.

Ji Anxin keeps his head out of the window and doesn't want to see him.

"Are you angry?" Asked Hodgson.

"You know what you're asking." Ji Anxin replied coldly.

"I'm sorry." The man apologized in a low voice.

Ji Anxin doesn't want to accept such an apology at all. What's his sincerity? It was him who forced her down. He apologized after finishing it. It was just ridiculous.

Huo qi'ang sighed, "I can pick up a life this time. Do you know what my most feeling is?"

Ji Anxin doesn't face and doesn't speak.

"My feeling is that in my limited life, I must be with my favorite woman." Hodgson's voice line is firm and powerful.

Ji An's face is expressionless, but her heart is still shaken by this sentence.

"Do you think you can do it? You don't ask if they want to. " Ji Anxin poured cold water on him.

Huo Qiang's eyes flashed a smile, "I will ask."

Ji Anxin is a little upset. Where did he come from? Before him, it wasn't like that.

"Then I'll ask you, do you want to?" Hocheon asked directly.

Ji Anxin was so angry that he wanted to laugh, but he could only bear it. He continued to have a small face and said, "No." She replied very clearly.

Huo Qiang said, "I'll ask again in a year. I can wait my whole life."

Ji Anxin gnaws his teeth. Does this man want to work hard? She didn't eat the set for a long time.

"Whatever you want, it's your business how you plan your life. I don't need your participation in my life."

"And who do you need to be involved?" There was a flash of jealousy in Huo's eyes.

Ji Anxin likes to make him nervous. She turns her head and hooks her lips. "Whoever I want to let in, let him participate. It has nothing to do with you."

Just as she said this, her arm was tightly clasped by a man's big palm.

Ji Anxin immediately struggled. "I'll get off if you move."

Huo qi'ang stopped his hand, and some of the wounded said, "OK, I won't interfere with you, but I hope you can choose carefully."

Ji Anxin thought of stabbing his words and hesitated to swallow them. She continued to look out of the window.

When other people are with this man, there will be pressure because of his identity, but she has no pressure at all.

When the restaurant arrived, it was very secretive. Only some important VIP came to the restaurant, and only those with important identity were invited to eat out.

Huo Qiang asked for a box, Ji Anxin sat down, Huo Qiang ordered, in fact, he didn't need to look at any menu, directly asked the waiter.

And all the tea he ordered was Jing'an's favorite. It was clear that he was ordering for her.

Ji Anxin is drinking tea with her chin on, listening to the man ordering all the things she likes, her heart is inexplicably flustered.

She was really afraid of this man, because everything he did was affecting her.

she was as like as two peas, and she was going to go back to the same road as she did five years ago. She didn't want to hurt her again. Besides, there was a child who wanted to protect her daughter.

And away from this man, she will live a more quiet life.

In this meal, Huo qi'ang will talk about some past things. Ji Anxin just eats her, and Huo qi'ang is not angry or bored. He likes to see her slightly changed expression and the expression of her eyebrows.

"I remember one time when we went to the seaside to play, your feet were cut, I walked the whole beach with you on my back, you played with the sea water, regardless of the foot injury, and also went to play in the sea, the wound was stimulated by the sea water, so you ran straight to my arms, hugged my neck and couldn't breathe." Hocheon recalled.

Where did he say that those things Ji Anxin thought he had forgotten were clear as if they were just yesterday. Their figures were clear in the eyes. She remembered that they really hurt. It was like the wound was soaked in heavy salt water. It hurt and hot. At last, her wound was cured for a week before scarring. Now there is a clear scar on her foot. Ji Anxin's heart is really going to be disturbed by this man. She looks up and interrupts coldly, "there's nothing to talk about in the past, I've forgotten." Huo Qiang looked at her deeply and stopped. He picked up the teapot and poured water into her cup.

"I will never forget everything about you." Huo Qiang opens his mouth in a low voice.

"Remember when you love it! But don't mention it to me again. I don't want to hear it." Ji Anxin looks up, pretending to be cold.

Huo Qiang smiled. "OK, forget it. The past is the past. We can imagine the future."

"We have no future." Ji Anxin refutes him directly.

Huo Qiang chuckled again, "OK, let's talk now! If your company needs any help, I will help you

"Thank you. No more." Ji calmly replied.

Huo Qiang had to stop disturbing her to eat. He reached for a piece of beef and put it in her bowl. The beef was very tender and delicious, which she loved.

Ji Anxin looked at the extra piece of meat in the bowl, and she was stunned. She struggled to eat it or to open it.

Ji Anxin raised his head and said, "I can get the dishes myself. Don't worry about it."

Huo Qiang's heart hit him hard. What he was afraid of most was not Ji Anxin's anger at him. Even if he scolded him to hit him, he could. What he was afraid of was that the woman was polite to him and treated him as if he were a stranger, with no emotional color.

There was a flash of hurt in his eyes.

Because of his eyes, Ji Anxin's mind to open, what's wrong with her? Do you want to take care of his mood?

When Ji Anxin was in a trance, she ate the vegetables and ate the one he brought.

Huo Qiang's injured eyes flashed a bright color, as if he was in a good mood again. At the moment, Huo Zhai.

Huo Ming is chatting with one of his tax agents, and he is trying to let this person check Ji'an's company. Don't let go of any accounts of tax evasion. "After checking, report to me any abnormalities. It's better to find out what's wrong with this company."

"Don't worry! Mr. Huo, I will try my best to find out the tax aspect of this company and give you an explanation. "

"Very well, don't let her check it first, secretly." Huo Ming's eyes flashed a touch of ruthlessness. He knew that it was not so easy for Ji Anxin to leave his son.

Even if he let Dong Shiyong get close to his son, he should keep Ji at ease. And chaji Anxin company is the best way. She is also one of the shareholders of the company. She will definitely not allow anything to happen to the company.

On the way to send Ji Anxin back to the company, Ji Anxin takes a nap at noon. At this moment, she feels sleepy when she gets in the car. In order to avoid chatting with Huo Qiang, she closes her eyes and takes a rest.

Huo Qiang didn't disturb her either. Knowing that she was supporting the domestic company business alone, she must be very tired. He couldn't help her. He just hoped that she could take good care of herself.

Ji Anxin's squint really made her go to sleep. She had already entered into a dream, dreaming of the past, the past that Huo Qiang had brought out and mentioned.

At the moment, she is clearly appearing in the dream, as if she had returned to the white beach, felt the pain in her feet, and lay on the broad back of the man.

From his back to turn around, the air is full of their laughter, noise.

Ji Anxin's sleeping red lips bend like a smile.

Huo qiang's car is parked at the door at the moment, but he didn't wake her up when he saw that she was still sleeping. He asked the bodyguard to get off and have a rest. He accompanied her in the car.

When he saw the smile on the corner of her mouth, his heart immediately became nervous. What did she dream about? Who made her laugh in her dream?

If that man is not him, he will be extremely jealous and jealous. As long as in front of her, all his emotions have become childish, like a person who can't control his own happiness and anger.

Ji Anxin is in such a dream that she doesn't want to wake up when she sleeps. She can touch this man's body really, and all the touch becomes real.

Ji Anxin's heart can't help but immerse in this past, until, suddenly, she touched a cruel fact, she and he can't.

Her whole body also woke up, thinking that she was on the road, but when she opened her eyes, she found the car stopped.

Before she asked where it was, she looked up and saw the familiar company door. She gathered her long hair and asked him, "why don't you wake me up?"

"I don't have the heart to wake you up if you sleep well."

Ji Anxin pushes the door to get out of the car. Huo Qiang immediately reaches for her wrist and asks jealously, "which man did you dream of just now?"

Ji Anxin's pretty face suddenly tensed, and a little blushed, "why do you ask?"

"I want to know who can make you laugh out of your dreams." Huo Qiang asked.

Ji Anxin pulled his arm and broke free of his palm. She was like a flustered person. She replied casually, "I dreamed it was my daughter."

Huo qi'ang listened, and his heart was relieved. He smiled and got out of the car. "Is that right?"

Ji Anxin didn't want to look back at all, because she was afraid that he would see through her inner panic. Seeing her figure into the company, Huo Qiang asked the bodyguard to drive away.

Ji Anxin is alone in the elevator. She takes a breath. It's like a battle. She feels tired just after waking up.

In the evening, Huo Qiang didn't pick up his nephew. Because time didn't allow, Huo yuan asked him to go home for dinner at night, and he agreed.

However, he didn't expect that Dong Shiyong had come.

Huo yuan didn't expect that her father called Huo Qiang back through her words, but she arranged a blind date for her younger brother for no reason.

Dong Shiyong is especially dressed today. She is very beautiful. Huo Yuan thinks it's very good. It depends on her brother.

Huo Qiang saw Dong Shiyong and his eyes flashed slightly. He knew his father's mind without guessing.

Dong Shiyong's family has a very good military and political background, and is a family that can be used in the eyes of her father.

"Mr. vice president, you are back." Dong Shiyong came over with a smile.

Huo Qiang nodded and looked at her sister. "Elder sister, I'll go back to my study first, and I'll work. Please call Miss Dong."

"OK! You go! Don't put off the work. " Huo yuan can only pick up work for her brother.

She knows her brother well. Except for Ji Anshan, he will not have another woman in his heart. It's really rare to meet such an infatuated man.

Like her, she is in the operating room every day. She doesn't care about her family, her husband has an affair, and her marriage fails. If her ex husband is as attentive as her brother, she won't go to this step.

This world, too frivolous restless, everywhere is passion, as long as a little can not control the lower body of men, will go on the road of betrayal.

"Miss Dong, let's talk! May I come down when I have a meal. "

"OK! Sister yuan. " Although Dong Shiying is a little lost, she shows affection with Huo yuan.

Huo yuan and her are very talkative. Huo Ming just came back from the outside. He saw that only his daughter was with him. He immediately asked, "how about pray for Ang? He hasn't come back yet? "

"Qi'ang is back. He has business to deal with. He's in his study." Huo Yuan said a word.

Huo Ming immediately smiled at Dong Shiying and said, "Shiying, don't be polite. Treat this place as your own home. Feel free."

"Yes, uncle Huo." Dong Shiying is also very happy in her heart. She can feel Huo Ming's love for her.

Huo Ming went directly to the study on the second floor. He knocked on his son's door and pushed it in.

Huo Qiang immediately stopped the pen in his hand and took a document to cover what he had just done.

In his hand is a pencil, which is clearly used for painting.

Huo Ming didn't say anything, but he knew that his son would rather paint here than accompany Dong Shiying, which made him angry.

"You should already know Dong Shiying's background. She is absolutely the best in her family, appearance and character. I hope you can seize the opportunity." Huo Ming ordered his son.

"My marriage is not to pay for your ambition. I want to make my own decision." Hocheon refused directly.

Huo Ming was angry immediately. "You What is my ambition? Isn't it all for you? You have a good record now. If you are not in this position, do you think you can show your ability? " In this world, how many people are the life of Qu CAI. ""I would rather prove it through my own efforts than take a shortcut." Hocheon said quietly.

Huo Ming sighs and stares at him closely. "I tell you clearly, Ji Anxin, I won't agree to enter the door of Huo's house. You will die!"

Huo qi'ang's eyes flashed a flash of anger. He clenched his fist. He knew that his father was already determined. No matter how angry he was, it was useless.

Huo Ming did not dare to threaten his son with Ji Anshan's safety. He did not want his father son relationship to become rigid and even worse.

"Think about it, think about Dong Shiyong, and go down to accompany others." With that, Huo Ming leaves.

Huo Qiang takes the document, and on the white paper below, his sketch shows Ji anxiously sleeping today, but it's not finished yet.

Dong Shiyong and Huo yuan chat, eyes constantly looking at the direction of the stairs, she hopes Huo Qiang can also go downstairs to chat with her.

She was invited to visit by Huo Ming today. She knew that Huo Ming was helping them.

As long as Huo Qiang agrees, she will not refuse to be with him, because he is also one of her best goals in these years.

Huo Qiang didn't go downstairs immediately. He didn't even have any interest in Dong Shiyong. He just wanted to be polite and polite.

Ten minutes before dinner, Huo Qiang led him downstairs under Xiaohui's cries.

He took off his formal clothes and wore a home coat, which was even more warm and jade like.

Dong Shiyong's heart throbbed and throbbed. Her eyes looked at him with a yearning light. Between the shame and the glory, she did not forget to convey her feelings.

On the dining table, Huo Qiang seldom spoke. Generally, Huo Yuan would take her words and not let her go cold.

Dong Shiyong also chats with Huo Qiang several times, he also deals with a few sentences, not to lose etiquette, but also can't see any enthusiasm.

After dinner, Huo Qiang took his nephew for a walk.

Dong Shiyong left very frustrated. Huo Yuan watched her younger brother and her son come back at nine o'clock. She couldn't help saying to him, "Miss Dong's heart is clear. She likes you."

Huo Qiang squinted and said clearly, "but I don't like her."

"I know, so I'm worried about you, too." Huo Yuan knew that her father had high hopes for her brother.

As a sister, she is a father and a brother at the same time. It's not easy to help her.

Huo Yuan knows Ji Anxin really wants to live her own life. That child, beside her, is also very happy. If she is really recognized back to the Huo family. Does it make her look at her father and her father every day?

Such a family environment is not suitable for her growth.

So, even if she wanted to tell her brother the truth, she didn't dare to speak at will.

"Elder sister, have a talk with you when you are free."

"I will."

Huo yuan finished and led her son away.

Huo qi'ang went back to his room and finished the unfinished painting, because her smile really moved him and wanted to save it.

Ji Anxin accompanies her daughter and her parents. The family is also a group of people. Five years ago, Ji's parents were wronged. Huo Ming did not forget to find them. He used his authority at that time to persuade her. At that time, Ji Anxin didn't listen to his parents' words and thought he could be with Huo Qiang.

Now think about it. It's really unfilial for parents to be wronged together. Now, how good is the atmosphere?

Chapter 780

This morning, Ji Anxin was going to have lunch at home. It was only about 10 o'clock. She received a call from the finance department. Just now, someone from the tax bureau came to check the accounts and took all the financial statements of this year.

"How can you let them take it?" Ji Anxin asked.

"Mr. Ji, there is no way. They are very strong to check our company's accounts, and we have no right to stop them." The financial director at that end is helpless.

"There's no problem with the accounts!" Ji Anxin calmed down and asked, well, why did the tax check her company?

"There should be no problem."

"What is" should " Ji Anshan's heart strings tighten immediately.

"Because there are several old accounts, I've been going through the program, I don't know if it's finished."

"A large amount?"

"About two million!"

Ji Anxin breathed a sigh. Fortunately, it's not too big. If it's really hard for the tax department, she can also make a thorough discussion. However, she really has some doubts about the action of the tax department this time.

Ji Anxin's mind immediately associated with a person, Huo Ming, is he behind the ghost?

Ji Anxin didn't even have lunch, so he went back to the company immediately. He called the people from the finance department to have a meeting. First, his company checked the accounts to see if there were any large number of omissions.

Since I just left a senior member of the finance department a few days ago, I haven't been employed for two months this time. It's not good if there's any missing items. Ji Anxin has a headache. She doesn't like the people from the tax department to check the accounts, because this will also affect the reputation of the company.

If it's passed on, others think her company is tax evasive!

"Mr. Ji, do we need to do anything now, for example, ask someone from the tax bureau to have a meal and ask about the situation?"

"No, we don't need to if our account is OK." Ji Anxin doesn't like this kind of routine either.

As a result of the audit, the whole company's employees were also panicked and didn't want to work.

When Ji Anxin passed by, she heard two female colleagues talking about it in a low voice. She immediately glanced at it coldly, "what are you talking about during working hours? Work hard is your business. "

The employees immediately returned to their positions and went to work well.

Ji Anxin returns to the room and lets Xiang Yue make a cup of coffee. She also takes the opportunity to report the matter to George. George over there is also very shocked and is busy asking about Ji Anxin's company accounts.

Ji Anxin reassures him that the company is checking itself and there should be no problem.

It's not easy for them to enter the domestic market from abroad, and the company's performance in China is also steadily rising, especially recently, her company's orders are continuously flowing, and the performance is more impressive. At this time, nothing can go wrong. Ji Anxin has been dealing with clients for a while, and it's afternoon unconsciously. She asks her father to pick up her daughter. She may go to meet some difficult guests in the evening.

Ji Anxin has several such social activities in a month. Unless it's very difficult, she usually sends her subordinates out. Besides, there are also female employees who are very good at social activities to replace her.

This kind of things, there is no coercion, you love me, she also paid high salary compensation.

But tonight's guest is a big client. It's her client company that pays a high price to let her company dig up a man at the level of president. The president's education and work experience are both excellent people, but the average person can't move. But the headhunter company is a middleman, and the president is really moved. After this transaction, Ji Anxin's company also earns money Good commission.

There will be senior executives of the two companies at the reception tonight. Ji Anxin will go down with a man and a woman.

Ji Anxin's company door, her guest's car came to pick her up, because in the car, she also had to discuss tonight's plan with the other party, and strive to dig up the president.

Just as Ji Anxin got on the bus, a black car also appeared at the door. The people in the car saw her get on the bus directly.

Huo Qiang wants to come and accompany her to school when she is off duty. Unexpectedly, he sees her in a black car. In the back compartment of the car, a man can be seen sitting in the window.

Huo Qiang's eyes narrowed and said to the bodyguard, "keep up."

The bodyguard immediately stepped on the accelerator to catch up with the car and followed it to the front of a restaurant. This restaurant is a hot one, which is very suitable for some wine and meat friends and people in the business field to come to eat and drink.

Huo Qiang squints her eyes and watches Ji Anxin come down from the car. She is talking and laughing with the man beside her. The man claps her on the shoulder when he enters the door.

Huo qi'ang's eyes sank suddenly, and his anger surged up. How dare this man's dirty hands touch her?

Of course, Ji Anxin didn't care, because the man just patted her on the shoulder and pleaded with her, "Ji Zong, it's up to you whether you can make it tonight. You have to worry more."

Ji Anxin nodded and smiled, "I'll try my best, but I'll talk to you about the plan on the way. Please cooperate with me." "Of course, we can discuss those conditions without any problem."

Later, Ji Anxin's two subordinates arrived, walked into a box with them, waited for the general manager Hu to come and ordered a table of vegetables.

Soon, general manager Hu came here. In his early forties, he exuded a kind of leader's momentum. In addition, he had been in a high position all year round, so he was very arrogant.

However, it's amazing that President Hu is very enthusiastic about Ji Anxin. Ji Anxin's words make him listen very well.

At the end of a meal, Ji Anxin used the skill of business circles, during which, she was also canned with several glasses of wine. The general manager Hu was willing to come over and talk, indicating that as long as the conditions met his requirements, he was likely to agree to change his job.

Ji Anxin is to achieve the conditions he wants step by step, and complete this meeting without any opinions from both parties.

When President Hu's requirements are met, he naturally agrees.

"Mr. Ji, I have earned a large commission for your company. Can you give me a toast?"

"Of course, Mr. Hu, I'm respectful to you." Ji Anxin made money, of course, happy.

Hu is always a very drinkable person on the wine table. Ji Anxin's wine was blocked by two employees. However, he accompanied him to drink four beers and a glass of red wine.

It's a very uncomfortable thing to drink two kinds of wine together. Ji Anxin's alcohol consumption is not good. However, even if his head is a little dizzy, he must work hard to cope with it.

At the moment, President Hu just likes to let Ji Anxin stay with him for a long time, so he never said to leave. He entered from 6:30 and drank until 9:30. Because the time is too late, Ji Anxin asked to leave, and the President Hu also drank it well, so he agreed to close the table.

As soon as Ji Anxin got up, she felt dizzy and dizzy. She quickly helped the female staff around her. The female staff immediately helped her. "Mr. Ji, are you ok?"

"It's OK. Maybe I'm a little drunk." Ji Anxin said, forced to bear the dizziness and went out together.

However, right at the door, a black car stopped here for three hours. The man in the back of the car also waited for three hours.

He has been waiting for Ji Anshan to come out, because on such occasions, he is worried about her. But it was also inconvenient for him to intervene in her social activities. The more so, the more painful he felt.

His identity restricts him to do a lot of things, just like a shackle, trapping him.

If he doesn't have this identity, he can go to see what kind of guests she accompanies, is she bullied?

After waiting for three hours, Huo Qiang finally saw a group of guests coming out just to reassure them.

Ji Anxin asked the male staff to send Mr. Hu to get on the bus, and Mr. Hu immediately held her hand. "Ji Zong, I'm very happy tonight, and I'm very happy. Wish us all a happy cooperation."

"Thank you." Ji Anxin smiles and takes back his hand without trace.

President Hu got on the bus, and another company left. At the door of the hotel, Ji Anxin forgot her bag. She asked the female staff to get her bag, and the male staff to drive over.
