

U. CEO Daddy 781

Chapter 781

Ji Anxin was dizzy. She was standing, but she had to squat down in the street at the entrance of the busy restaurant. She squatted there like this.

The man in the car was so distressed that he immediately pushed the door recklessly towards her.

Ji Anxin holds his forehead and tries to suppress the pain in his stomach. Just then, she sees a pair of leather shoes standing in front of her. She immediately looks up along the shoes.

Under the dim yellow street light, she saw a face bent down and staring at her.

She blinked a few times. Is she really drunk? How can I see Huo Qiang here?

It must not be true. Ji Anshan is a little funny. He will take passers-by as him.

"How much did you drink?" A low male voice fell down, followed by Ji Anshan's waist and arms, and she was all helped up.

Ji Anxin suddenly realizes that this man is not a dream, not a mistake, but a real one.

"How are you? Let go of me. " Ji Anxin immediately instinctively rebelled against him.

However, Huo qi'ang tightly holds her waist and refuses to let her push away. Where can the woman who drinks wine push him away?

Ji Anxin's heart was bitter. She didn't want to let him see her worst appearance. She pushed him and said in a hurry, "you go."

Such she, even feel disgusted, but he still want to see her jokes?

"Peace of mind, stop. I'll take you home." Huo Qiang is biting her teeth. What's the nature of this woman at this time?

At this time, the female staff who took the bag rushed over immediately, "let go of my boss."

She thought that there was a man who wanted to be at ease. However, just then, a face turned around, and the female staff immediately said, "this man is very familiar and handsome, as if

Mr. vice president of the country!

Because Ji Anxin had an affair with him in the office, there was a lot of research on the handsome and low-key vice president's appearance in the office.

"Yes I'm sorry, Mr. vice president. " The female staff were so nervous that they stuttered.

"I'll take your boss home. Let's go first!" Hocheon said to the female clerk.

"Really? That's great. If you send Mr. Ji back, we'll be relieved. This is Mr. Ji's bag. " The female clerk handed it in at once.

Huo Qiang takes Ji Anxin's bag. At this time, Ji Anxin says to the female staff, "Xiaoshan, don't let him send me back. You let Xiaojiang drive the car, you send me." Ji Anxin can only lean on the man with some weakness, but the tone is refused.

Xiaoshan is stunned immediately. Is Ji always drunk? It was the vice president who sent her home! She felt it necessary to give them a chance.

"Mr. Ji, I've also had some wine, and Xiaojiang has. Although I'm not drunk, we dare not send you away. Let the vice president send you back! Goodbye. " With that, Xiaoshan hurriedly went to Xiaojiang's car, opened the door and sat in. The car left immediately.

Ji Anshan is speechless, but it's no wonder they don't know her and the man's past. So it's a great honor to think that she was sent by him.

God knows, she doesn't need him to send at all. Besides, she knows that she's not in a good condition. Alcohol has been interfering with her brain. She's not awake.

"Hocheon, you let me go. I'll take a taxi home." Ji Anxin still doesn't want him to send it.

"How dare you take a taxi alone when you are drunk like this? Where did you come from? " Huo qi'ang felt angry after hearing this. He took her and walked towards his car.

Ji Anxin's stomach was even worse because of his anger. Moreover, she didn't drink alcohol in some days. Now, her stomach is turning over, and she also feels vomiting.

After Ji Anxin had such an idea, she immediately wanted to push him away. "Huo Qiang, you let me go, don't care about me."

She was afraid that she would spit him out. How could Huo CHIONG understand that she was going to spit? Immediately reached for a hand, but also tightly to her own arms. "Oh..." Ji Anxin really vomited, and still can't stop that kind. She spat all over him, and she can't escape.

Huo Qiang's eyes are slightly gaping. What does this woman like to drink herself? After Ji Anxin vomited, don felt relaxed, and at the same time, he felt sleepy.

Poor vice president is now covered in her filth. All the high-grade shirts and suits have been put on.

Huo qi'ang sighed. It seems that she can't be sent home. Can her daughter see such a drunk mother?

That must have cast a shadow on her daughter's heart.

Ji Anxin was still taken back to the car by Huo Qiang. He asked the bodyguards to go to his private villa immediately. He bought it to marry Ji Anxin before. There were some very happy times for them. But after Ji Anxin left, he was empty all the time and didn't dare to go back to touch the scenery.

On weekends, he will take time to clean himself, which is also considered clean. As the car drove in, Huo Qiang asked the bodyguard to wash the car quickly. He helped Ji Anxin, who was already dizzy and sleepy, into the hall.

"Where is this?" Ji Anxin squints her eyes and sees some familiar scenes. She thinks she is dreaming again.

"My home." Said Hodgson in a low voice.

"What did you bring me to your house for?" Ji Anxin is a little annoyed. Didn't he say he would take her home? Is this man talking?

"Can you go home now? Do you want Xiaoxiao to see you like this? " Hocheon asked.

Ji'an thinks she can't, she's so embarrassed that even her parents can't let them worry.

"Take me to the hotel! I can handle it by myself. " Ji Anxin's confused eyes touch some familiar things, which makes her uncomfortable.

"Don't try to be brave. You can't go anywhere except here tonight." Huo qi'ang ordered her to take off her coat and come here with a clean towel to wipe the dirty spot on Ji'an's chest.

Ji Anxin's drunk eyes widened, and immediately pushed him, "where are you touching?"

In order to clean, Huo qi'ang naturally tried hard, which made her uncomfortable. Huo qi'ang took back his hand. Even if he had a feeling, he couldn't do anything to her at this moment.

"I'll clean it for you." Huo Qiang said, then he picked her up. "It's better to take a bath."

Ji Anxin was carried upstairs by him. She was soft and had no strength. Besides, the feeling of leaving the ground made her more dizzy, which was uncontrollable.

Ji Anxin was put on the sofa in his master bedroom, and he went to give her a bath.

Ji Anxin lies on the sofa, with his eyes closed, still very uncomfortable. He not only reaches out to pat his forehead, but also wants to wake himself up.

Otherwise, what is the man going to do next?

When Huo Qiang was waiting for the water to drain, he had taken off his shirt. There was a ferocious scar on his abdomen. In his strong and charming chest, it showed a masculine hardness.

Ji Anxin opened her eyes and looked at the man who was even naked. She immediately rebelled, "what are you going to do? Hocheon, I warn you I I don't want you to do anything. "

Finish saying, she body roll, soft fall from sofa, fortunately have carpet, also fall not hurt.

Huo Qiang saw it and immediately crouched down to reach for her. "Don't worry, I'm not a villain taking advantage of people's danger."

Ji Anxin is not relieved after listening. At this moment, when she smells the male hormone breath on him, her heart is in turmoil.

She is also a normal woman who has kept her body for five years. Is this man intentional?

Huo Qiang went back to see the water, and he said to her, "can't you go in and take a bath yourself?"

Ji Anxin's body is really enough. She can't bear it. She grins her teeth and says, "yes..."

Ji Anxin finishes saying, staggers toward the direction of the bathroom, and Huo qi'ang stretches out his hand several times behind her to help her who nearly falls.

Ji Anxin was so dizzy that she felt everything around her was spinning. She had to hold the wall and walk into the bathroom and close the door.

And here the door in the bathroom is not set inside the lock, so Ji Anxin is not sure to look outside the door, "don't peek."

Huo qi'ang's figure propped up the door frame and answered, "I'm a gentleman."

Chapter 782

In the bathroom, Ji Anxin washed her face, turned her head and looked at the direction of the door. She reached out her shirt and sat in the warm bathtub. She breathed a sigh. In such a late autumn, it's very comfortable to have such a bath.

Ji Anxin closes her eyes, because being drunk makes her tired and sleepy. In such warm water, her sleepiness is more and more rising, her eyelids are heavy, and she has no strength to pick up.

She closed her eyes. At such a moment, she didn't dish her hair up. Her long hair was floating on the water, guarding her white skin, which was extremely charming.

Ji Anxin takes a bath, but Huo Qiang doesn't dare to go far at the door. He wears a clean suit and stands here around her arm waiting for her to come out.

However, ten minutes later, no sound was heard in the bathroom. If she was really taking a bath, at least there would be water! However, Ji Anxin didn't have any voice at all, which made his heart string tighten immediately.

What sense can a drunk woman expect of her?

Did she drown? Together with this idea, Huo Qiang didn't think about anything. He pushed the door and walked in. When he saw the misty bathroom, the woman fell asleep in the bathtub, still sleeping soundly.

Huo Qiang breathed a sigh of relief. At the same time, looking at her sleeping face, he was very angry and funny. If the water was cooled, she would catch a cold if she continued to soak it.

"Peace of mind, get up!" Huo qi'ang squatted beside her and patted her red face.

Ji Anxin is sleeping soundly now. She reaches out and waves something disturbing her. She says in a dreamy way, "well Don't make a noise! "

"You'll catch cold in the water like this. Get up." Huo's eyes fell from her white collarbone, and there was no bubble in the water. Some of the pictures were clearly visible.

He can't help swallowing a mouthful of saliva. Is this woman just soaking in the water? She's not going to wash it again?

Huo Qiang takes a towel from the side and wipes it down her neck with water. Ji Anxin just wrists her eyebrows. She doesn't like to be touched when she sleeps so well.

Of course, she didn't have time to figure out who was touching her.

Huo Qiang made clear the place where she had just touched the dirt, but he also washed out his sweat, and even felt that he was suffering to the limit.

Ji Anxin's water is already in a warm state. If she goes to sleep again and gets a little cold, she will definitely catch a cold.

Hodgson tried again to pat her on the face. "Peace of mind, get up."

"Well! Don't touch Ji Anxin slaps his hand and continues to sleep with a small face on his back.

"Then I can only offend." Huo Qiang finished, he bent down, put his hand into the water, and fished out the women in the water.

Ji Anxin is drunk and tired at the moment. He sleeps to death. I don't know that he was caught by this man.

As soon as Huo qi'ang breathed, he didn't look at the women who couldn't find anything, but quickly pulled a towel to cover her body and held her in the direction of the master bedroom.

Here is Ji Anxin's old pajama. Huo Qiang brought it and put it on for her. Of course, this process, which should be seen, has already been seen.

Once so familiar, he closed his eyes can be familiar with every inch of her skin.

After putting Ji Anxin on his pajamas, he asked her to lean her head against the edge of the bed. He took a hair dryer, dried her wet hair and stroked her soft hair. He was greedy to feel more.

Because after tonight, the woman will turn into a rose with thorns, blow her hair, put her on the pillow and tuck in the quilt corner.

In the warm yellow light, Ji sleeps like a child, unprepared, and her features, in the light, are so gentle and beautiful, so she is the most familiar in Huo's memory.

He sat on the edge of the bed, reached out and gently stroked her forehead, bent down, and gently branded a kiss on her forehead. Then, in his suppression, he gently touched her red lips again. He dared not have more.

Ji Anxin just sleeps here. Huo qi'ang finds his mobile phone and sends a message to her parents in her voice, asking them not to worry.

Ji Anxin occupied his bed, while Huo Qiang slept on the sofa in the master bedroom. He rested on his arm and stared at the sleeping girl.

He was suffering and struggling in his heart. If he could give up his present position and stay with her despite his father's opposition, it would not be impossible.

However, he has a responsibility and a promise to President Xuanyuan Chen. Before he was promoted, Xuanyuan Chen talked to him. That night, he felt Xuanyuan Chen's anger, because his father's right to make friends threatened his position.

If Huo Ming goes too far, he is going to blow all the party feathers of Huo Ming. However, it will hurt the country and the people. It must be said that the place Huo Ming involves is every branch of the tree. Xuanyuanchen is still concerned about the national security and will not do so. He needs a guarantee from Huo Qiang to ensure that he will sit in this position and dig out the power of his father Huo Ming step by step. Finally, Huo Ming's power will be broken, and his tangled network of relationships will be cut one by one.

Huo Qiang is also protecting his father's life. Otherwise, by xuanyuanchen's means, he either goes to jail or loses his life.

Huo Qiang knew that xuanyuanchen only wanted him to sit in this position. If his father elected anyone at that time, he would not agree to set up the position of vice president, but would use his means to solve Huo Ming.

Because no one is more suitable than Huo Qiang to cut off Huo Ming's party feathers.

Hocheon hated his father no longer, and he didn't want to spend the rest of his life in cold prison.

He hoped that when he was old, he would enjoy his old age and the happiness of his family.

Huo qi'ang sighed a little. If you are alive, you must have a dream of your own. But his dream is not big. Keep your family and protect his woman.

Ji Anxin uttered a dreamlike voice, "well Don't Don't... "

Huo Qiang immediately lifted the quilt and stood up from the sofa, and immediately came to the edge of the bed. He took Ji Anxin's hand in the air.

"Peace of mind..." Hocheon knew she had a nightmare.

"Hocheon Don't touch me... " Ji Anxin murmured, as if in great pain.

Huo Qiang's heart, immediately a knife stabbed in, the original let her have a nightmare is he?

He leaned down in a low voice. "OK, I won't touch you. Don't be afraid."

Ji Anxin's eyes suddenly slid down a drop of tears, like struggling in a nightmare. She sobbed in the dream, "asshole..."

Huo Qiang finally realized how deep he had hurt her. He clenched her hand and didn't even have the right to hug her.

"Why haven't you come to me for five years Why let me alone... " Ji Anxin's tears are full of sadness.

Huo Qiang's eyes are tight. In these five years, she hopes to find her by herself? He found it, but she escaped so far that he could not find it.

"Don't go..." Ji Anxin suddenly clenched his hand, held his hand, and put a light miso on her face, "don't leave, don't leave me!"

Huo qi'ang's heart was suddenly ecstatic, and he gently embraced her next second, "OK, don't go, don't leave."

Huo Qiang is sure that the man in her dream is him, not others.

Ji Anxin held his hand so that he could not leave. Huo had to sleep beside her.

He didn't dare to have any action, just wanted to be held by her hand so close to her temperature.

Ji Anxin just went to sleep again. Huo Qiang didn't fall asleep until around 3 a.m. This is the most peaceful sleep he has had in five years.

Early morning.

The sun came in from the window, spread on the floor, and finally kissed the people who were hugging and sleeping on the bed.

Ji Anxin's long eyelashes trembled gently. Then she opened her eyes, and what she saw was a man's face close to her.

Ji Anxin saw clearly, she immediately opened her eyes and found that she was like an octopus around him. She quickly released her hand and moved to the side.

Chapter 783

At this time, the man also woke up, opened a pair of red blood eyes, smiled and looked at her, "good morning."

Ji Anxin immediately sat up, the quilt slipped down, she lowered her head, saw a five-year-old Pajama on her body, her head blank for a few seconds, she quickly reached out and tightened her chest.

Turn your head and stare at the man whose elbow is supporting his side face, "you You What did you do to me? "

Ji Anxin has never been so flustered and stuttered. Her pretty face is as red as a girl.

It's like a girl who has just passed through the world is at a loss about what happened.

"Don't worry, what you think hasn't happened." Hocheon comforted her.

Ji Anxin is biting his lips. He feels a body carefully. There is no discomfort.

She was lifted out of bed, and behind her, Huo Qiang explained, "last night you fell asleep in the bathtub. I called you several times. You didn't wake up. I was afraid you would catch cold, so I had to do it."

Ji Anxin holds the headache after the hangover. She wants to say something, but she knows it's not his fault.

Even if nothing happened, she didn't cross her line. She took a deep breath. "Thank you."

Huo Qiang's body suddenly shakes. This thank you is very polite. It's like the help between friends. After that, she said thank you.

His heart immediately clenched. "I don't need you to thank me."

Ji Anxin is now back. She raises her eyebrows slightly. "Do you want me to give money? I don't know how much the vice president should tip for a night's sleep. "

Huo qi'ang's handsome face is slightly red, and some people are angry and say, "peace of mind."

Ji Anxin said, walked to her bag, took out all the cash from it and put it in front of the bed counter. "This is my only spare money, it's all for you."

Huo Qiang was so angry that he immediately stepped over, reached for her arm and pressed her hard in his arms.

"I don't want your money. I'll sleep with you for free." Said Hodgson in a low voice.

Even though she felt that she could draw a clear line between them, he played with her.

Ji Anxin immediately stayed for a few seconds. In the early morning, the man was extremely sexy. She shook her head in a trance. Was the last night's drinking still gone? How could she be stupefied at him?

"Good! You're willing to do it for free. " Ji Anxin took a word, she went to the direction of the bathroom.

There was a new toothbrush here. She took out a box and used it. She washed her face. Looking at everything here, she suddenly became powerless. In the cupboard next to

, she had her perfume and her cup, which they bought together.

Most of them belong to her, because what she wants, the man will satisfy her.

At the moment, the old thing is still there, but the old love is not.

Ji Anxin washes a face and comes out. She goes to the wardrobe, pulls it open, and the clothes inside can be worn. Although she is a little old-fashioned, she has no other choice.

Huo Qiang saw that she was leaving. He also went to brush his teeth and wash his face. By the time he came out, Ji Anxin was dressed neatly.

"I'll take you to the company." Hodgson said to her, "it's hard to get a car here."

Ji Anxin also knows that it takes five minutes to drive and twenty minutes to walk outside the street.

Ji Anxin nods, willing to let him send.

Huo Qiang dressed up, slender and charming figure, just like the straight forward. Ji Anxin sits on the sofa in the hall. She reaches out and picks up a small ornament on the table. In her mind, she rushes to buy it again. She likes to buy it back when she is traveling.

During that trip, they were all very happy, playing like crazy, two people's world, passionate and romantic.

Even now, Ji Anxin can feel that at that time, he was the only one in his eyes, no one else.

They were with each other at their best.

Huo Qiang looks at her hand holding the ornament, but Ji anxiously throws it away.

"If you like, you can take everything here." Hocheon said to her.

"I don't like it." Ji Anxin said something against his will.

"You liked it five years ago." Hocheon said.

Ji Anxin picks eyebrows. "People will change. Who said I liked it five years ago, and now I will? Like you, don't I hate it? "

Huo Qiang's eyes flashed a little helpless. Last night, she didn't say that in her dream.

How she hurt him, he will not care, because as long as he loves her enough.

Ji Anxin said, and felt that he said what to do? She picked up her bag and said to him, "let's go! Take me to the company. "

Huo Qiang drove out a car from the garage and drove her straight out. Huo Qiang saw her several times in the car.

He cherished the time he could be with her now. He hoped that the road would be longer, so his speed kept very even and slow. Ji Anxin looks back at him several times and doesn't say what he wants to say.

She's not really ruthless enough to hurt him all over. She doesn't know how to face him now.

Ji Anxin arrives at the company, Huo Qiang watches her enter, and he leaves.

Ji Anxin saw a bunch of flowers in the front desk. She came up and reached for the elevator.

The elevator is full of fragrant flowers. Ji takes a deep breath and feels his head more and more clear.

Ji Anxin walked into the office and felt that the normally noisy employees did not immediately calm down, but looked at her with a kind of inexplicable smile.

"Mr. Ji, when can I have a wedding party! Are we lucky enough to drink your wedding wine? "

"Yes, yes! Mr. Ji, can we all go? "

"What are you all talking about?" Ji Anxin asked with a raised eyebrow.

"Mr. Ji, don't hide it! We already know who you were with last night! "

Ji Anxin's eyes immediately swept to Xiaoshan who accompanied her last night. Xiaoshan immediately smiled, "Ji Zong, I can't blame you. We all want you to marry well."

Ji Anxin sighed, "then you can't wait for my wedding wine?"

"Why? We are willing to wait! As long as you like. "

"I won't get married in my life. How can you wait?" Ji Anxin returned a sentence and went to the direction of the office.

"President Ji, do you have flowers from the vice president?"

"It seems that Mr. Ji didn't wear this dress today! Is it from the vice president's family? "

"It must be!"

Ji Anxin's steps are stiff, and she looks at the flowers in her arms. Suddenly, she has a feeling that her guilty face can't hang. She quickly steps into the office.

Ji relieved and breathed a sigh. It seems that this matter will be passed on for some time, and she can only pass on by them.

She just keeps quiet.

Ji Anxin's hangover last night was still there. She had a few cups of coffee and her head was not clear enough.

And soon, she got a call from President Hu last night, and her business was finished. Ji Anxin stood in front of the floor to ceiling window and thought about what happened last night. If he took her out of the bathtub, then she was

Ji Anxin immediately closed her eyes and climbed up her cheek with a blush.

Vice president's office.

Huo Qiang receives the news from Xuanyuan Chen. He pushes open the door of the presidential chamber, and Xuanyuan Chen's mature figure sits inside.

"I'm very satisfied with everything you've done since you took office. But there's something you haven't done yet. You hesitate?" Xuanyuan Chen's eyes looked at him unfathomably.

Huo Qiang naturally knows what he has done. He thinks that he can get a good result in his political achievements in exchange for Xuanyuan Chen to give his father a chance to breathe.

"Your father's behavior has seriously violated discipline. If you refuse to do it, I will do it." Xuanyuan Chen's voice line shows the majesty of the superior.

"Let me do it!" Hocheon took over.

Xuanyuanchen stood up, walked to his side, patted him on the shoulder, sighed, "I believe in you and give you a chance. You should cherish it. You and I know that we must do this."

"I know. I'm sorry for my father."

"Forget it, I just want you to understand that this matter will not be delayed any more."

Hodge nodded. "I know what to do."

When Huo Qiang came out of the office, he received a phone call from his father. "Qiang, where did you go last night? Why didn't you go home with someone? "

"Dad, I asked you, did you meet someone behind your back? I warned you not to do anything more. "

"Hum! If you don't help me, I'll have to find my own way. " In Huo Ming's tone, it is obvious what he has done.

Huo Qiang knew that everything his father did could not escape Xuanyuan Chen's eyes, so he would summon him this morning.

Chapter 784

Huo Ming has a project case in hand, which is a very large fund project. He has been preparing for many years, and will only start when the fund is in place.

Of course, the bigger the project, the more oil and water there will be. Huo Ming needs some money to win over his staff. So he takes a fancy to the project and waits for the money to come down.

The signing project of this project will go through the hands of Huo Qiang. As long as he signs it, the project can be started.

Huo Ming has been very concerned about the trend of this document. Today, it should have been put into Huo's hands. Huo Ming is waiting for his son to sign it.

At the moment, Huo Qiang is sitting in the office, looking through all the project plans in this document. It's really a huge project, and his father is in charge.

Huo Qiang narrowed his eyes, pondered for a few seconds, and called Li Duan, his assistant.
"Please come here."

"Now?"

"Well, now."

Fang Qirong is the same level with Huo Ming, but the relationship is not strong enough. It can be said that he has some hostility with Huo Ming, because Huo Ming puts those who are not friendly to him outside the party feather.

And as long as he made friends with people, will not buy Qi Rong's account, and Fang Qirong because of this, a few years did not show a trick.

But this man is Huo Qiang's young teacher. He respected him in those days. Even now, he still cares about him. He is a person who has responsibility and doesn't engage in relationships.

He was also the one who decided to hand over his father's project.

Half an hour later, a capable man in his early fifties came in, and Fang Qirong was invited to Hodgson's office.

Huo Qiang chatted with him about the recent situation and then said his thoughts.

Fang Qirong was not shocked when he heard that. He just asked lightly, "pray for ang, if you do this, you won't worry about becoming enemies with your father?"

"In front of the company, I don't care about my family." There is no worry in Huo's expression.

"If we talk about the vice president this time, I'll be afraid of who will be elected to sit here, but I'm very relieved that you are sitting here."

"Thanks for uncle Fang's praise, but I can't afford it." Huo Qiang said with a wry smile, "there are too many people who are more competent than me. I just can't help it."

Fang Qirong immediately comforted, "don't say that, you sit in this position, we all take it."

Huo Qiang's eyes firmly looked at him. "Uncle Fang, if this project is given to you, will you take it?"

Fang Qirong also pondered for a while. He happens to be a doctor in the engineering department, so he really wants to show his talent. However, he can't guarantee that he can do his best, but at least, he will make a career of conscience.

"I'll study the plan first. I'm confident, but I can't have no bottom at all. Give me a few days."

"Good! I'll give you all the plans, go back to study them, call me, I'll wait for your call. " Huo Qiang said, let Li Rui see off.

As soon as Huo Qiang's front foot saw Fang Qirong off, his father's phone rang in. He frowned and answered, "Hello! What's up with dad? "

"Don't you know if my document is in your hand, please sign it quickly! Projects are waiting! We have to be in a hurry. " In Huo Ming's tone, there is a hint of urging.

"Dad, I can't worry about it. I need a few days to see the project."

"This is your father's project. What else can you worry about? Hurry up. Don't worry about the time. I'll give you two days. Send it to Mr. President as soon as you sign it and persuade him to sign it as soon as possible. "

"Dad, I'm me. Mr. President is Mr. President. He has his ideas. I can't interfere." In Huo Qiang's tone, he was a little cold.

"You You're not going to help dad? Dad is so old, he's counting on his last contribution to the country's construction. You have to hurry up. " Huo Ming immediately hung up.

Huo Qiang's eyes flickered with firmness, and he would never waver. It was time for him to wake up his father and not allow him to continue to indulge in power. Playing with power would pay a price.

In the evening, Ji Anxin returns home, and Xiaoxiao, her daughter, comes and hugs her.

"Mommy, you're back!"

"Is Xiaoxiao good or not?" Ji Anxin squats down to hug her daughter and kisses her on her lovely little face.

"I'm good." The little guy said with a confident pout.

Ji Anxin kisses her little head again, "Mommy goes to take a bath and play with you."

"Back." Ji Mu came out laughing.

"Mom, I'm so hungry. I'll make delicious food for me later."

"It's all set, waiting for you to come back and start cooking." Ji said, and then asked worried, "where did you sleep last night?"

"Er! Hotel! Both my staff and I had a drink, we couldn't drive, and we had a late date, so we stayed in the hotel together. " Ji anxiously looks at his mother and explains it with a little guilty heart. "Is it? Next time you have a drink, ask your father to drive it back for you. It's not safe to sleep in a hotel at a girl's house! "

"Well, I see. I will." Ji Anxin laughed, but her mother didn't find out that she was flustered.

Ji Anxin thought of last night's events. He was depressed by himself. After her, she could not drink like this again. He let the man see the joke in vain.

"Oh! I forgot to tell you that I just called Shen Rui to have dinner. "

"What?" Ji Anxin turns to look at his mother before closing the door.

"He hasn't come for some time. I miss him a bit." In Ji Mu's eyes, she is clearly looking forward to something.

Ji Anxin immediately sighed, went to the kitchen, leaned against the door, and said to his mother, "Mom, don't worry about our affairs, we have our own ideas."

"You are twenty-eight. If you don't take advantage of your youth to find a good man, you won't get married." Ji's mother said with a worried face that her daughter is still young and beautiful, and her career is good. It's nice to find a man like Shen Rui.

Not everyone will think Xiaoxiao is born, but Shen Rui is the most suitable person.

Ji Anxin wants to say something more. The doorbell rings. Even though she just got home, Shen Rui must have come from the company.

The little guy is already jumping up excitedly, "it's uncle Shen! Will uncle Shen bring me a present?"

"You know the gift. How much trouble have you made? Not enough? " With that, Ji Anxin reaches out and opens the door. Shen Rui enters from the outside with a smile. Isn't that a doll in his hand?

"Wow! Uncle Shen has brought me a present! " The little guy immediately ran to her happily. Shen Rui handed her the present. "Does Xiaoxiao like it?"

"Well! Like it! " Ji Xiaoxiao happily hugs the gift and turns a circle. It's naive, lovely and adorable.

Shen Rui smiled and touched her little head.

"Next time you come, don't buy her any more. You've made her form a habit. As soon as she hears that you come, she knows to ask for gifts. She can't change her bad habit." Ji Anxin said helplessly around his arm.

"Then don't change. I'll give her presents all my life." Shen Rui turns around and looks at it affectionately.

Ji Anxin's eyes can be touched, and he avoids.

Shen Rui looks at her for a while, when Ji Mu comes out of the kitchen, "little Rui! You're here. "

"Auntie, I smell the food." Shen Rui said with a smile.

"It's all your favorite food. Just sit down a little, and it'll be ready soon." Ji said happily.

"And uncle?"

"Let him down for some drinks. It's time to come back."

"I knew I would buy it! Let uncle run again. "

"No, you're a guest. Just sit down and chat with Xiaorui." Ji said, looking at the daughter and Shen Rui in the hall, she felt that they matched very well.

"Take it easy, I heard that your company has been checked by tax recently. Is that true?"

"Well! Now that our company has carried out internal self inspection, there should be no problem. " Ji Anxin said, "don't worry! It's all right. "

"Why check your family alone? Don't you think it's a little strange? " Shen Rui asked in a low voice, "do you think it has something to do with the Huo family?"

Ji Anxin bit his teeth and said, "even if the Huos are checking me, let them check it! Anyway, there is no problem with my company. I am confident. "

Chapter 785

"Then I'll be relieved. I'm afraid they're only looking for your trouble."

"Don't worry about me."

"Mommy You didn't go home last night! Where are you going to sleep! " The little guy asked suddenly.

Ji Anxin's face is slightly stunned, and Shen Rui's eyes beside him are already surprised.

Ji Anxin also didn't know why, hurriedly explained, "last night I met a client very late, drank a lot of wine, and slept in the hotel with my staff."

"Is it?" Shen Rui's eyes are deep.

Ji Anxin, if not guilty, can come straight, but she still dodged.

Shen Rui's eyes flashed a little hurt. Ji Anxin would dodge him like this, which means that she was not in the hotel last night, but with that man!

He knew her so well, and he could see through any of her thoughts at a glance, but he also felt powerless, because Ji Anshan's heart, only Huo Qiang, had no man in all these years.

Their love, hatred and hatred are too deep for others to penetrate even if they want to.

At this time, Ji Fu came back, Ji Anxin immediately said to him, "you accompany my father, I'll take a bath."

"Good." Shen Rui nods.

Ji Anxin returns to the room, feeling big. If she was not with Huo Qiang last night, where would she be so guilty?

Presidential palace.

Huo Qiang has been working here till 8:00 p.m. because he is also studying his father's project. It seems that there is no problem, but he can see some people his father usually makes friends with

from the names of some suppliers. Therefore, the father receives a lot of benefits from this project. If his father can't get benefits from him, he thinks of ways to let his people hope to profit from it.

Huo qi'ang is angry, but he can only suppress it. He can deal with it calmly and rationally. The anger will make him lose his judgment.

Huo Qiang is not that young man five years ago. After so many years, he already knows how to manage his emotions, and the whole person has become a lot deeper.

"Sir, it's time to get off work. It's late." Li Rui accompanies him and persuades him to go home.

Huo Qiang doesn't want to go home very much, because his father will be waiting for him at home. He must not let his father find out about his replacement, otherwise, his father will definitely think of other ways.

He hoped that the moment when this matter was finalized, it would be known to his father and other people's subordinates.

"OK, let's get the team ready." Huo qi'ang frowned. Last night, he only slept for five hours. Today, he doesn't even have time to rest.

Li Rui got the car ready, and captain Huo Qiang stepped out with a trace of tiredness.

He sat in the car, leaving his work behind. All his thoughts were Ji Anshan.

The night we spent with her last night was a real luxury for him.

Huo qi'ang's motorcade is walking in the street. Outside the window are the shops standing in the street. They are full of bright lights, warm and passionate.

Huo Qiang, who lived in ji'anxin's community, looked at the distance and was in the front. He said to the motorcade, "drive slowly and stop at the front gate of the community."

The bodyguard replied, immediately slowed down the speed, the whole three black cars are driving at a low speed, gradually arrived at the main gate of the community.

The door of the community is not a busy street, but a green square opposite the community, which is very suitable for walking.

Huo Qiang looks at the high-rise buildings in this community. He knows that Ji Anxin must be at home at the moment, accompanying her daughter.

Huo Qiang sighed softly. He had an impulse to go out with a cart, so he went to find her.

But this impulse was soon suppressed by him, and he could not disturb her.

Just then, his eyes saw a lovely little girl running out under the gate, and behind the little girl, there was a woman, and beside the woman, there was also a man.

Huo Qiang's eyes immediately fixed on the woman. Even though the light was not clear, he still recognized that it was Ji Anshan.

And her side is Shen Rui.

Huo Qiang's heart stabbed suddenly. He didn't expect to come to see her home, but he came across the picture of her walking with Shen Rui with her daughter.

Ji Anxin didn't know there was a pair of eyes looking at them at the moment.

They just finished their meal, and their mother had to let her take Xiaoxiao out to walk around. Shen Rui naturally had time to accompany them, which was like a family of three.

The little guy is a bit naughty again. When he goes out, he runs hard with his short legs. Like a little dog, he can't catch it.

"Mummy, uncle Shen, hurry up!" Cried the little one in front.

"Xiaoxiao, slow down." Ji Anxin was worried. At this time, she saw a puppy running excitedly towards the little guy without a dog rope. Ji Anxin's heart moved, and Shen Rui rushed to him faster, picked up the little guy, and the dog left quickly.

Shen Rui immediately put the little guy on his shoulder and sat up. The little guy was also very happy and giggled incessantly.

Ji Anxin looks at her daughter happily, but she can only shake her head. Her daughter is too naughty.

Two people passed in front of three black cars and walked to a green park nearby.

Huo Qiang sits in the back seat, the shadow covers his face, not really, but his eyes are full of intense pain.

He doesn't hate Shen Rui, because in these five years, he is taking care of her. If Ji Anxin really accepts Shen Rui, he will also bless her.

However, in the three people's feelings, only Ji Anxin has the right to choose. He also thinks, try to fight again. If he can't see her and a man enter into marriage, he won't give up.

And this scene in front of him makes his heart ache like a knife. He can't blame anyone but himself.

Huo Qiang ordered the team to leave, and he went directly to the direction of his villa. At this time, his mobile phone rang, and he took a look at his sister.

"Hello! Sister. "

"I just passed by Dad's study and overheard him calling the people in the tax department and saying that they must find out something. I'm afraid it's related to the reassuring company."

Huo Qiang holds his cell phone and asks, "sister, are you sure dad and the tax man are on the phone?"

"Sure, so I'm worried! Can you check to see if Dad's at a reassuring company? " Huo yuan is only a daughter in this family. Her father also told her not to ask about his affairs. So, it's better to let my brother check it secretly.

"Good! I'll check. If it's something that's really reassuring, I won't stand by. " Huo Qiang's tone is full of determination.

"Well, you have to keep the reassuring company and let her not suffer any more harm. She needs financial resources to raise her children." There is something in Huo yuan's voice line.

However, Huo Qiang didn't find out. He just said, "OK, elder sister, I live here in the villa these two days. What's the matter with dad? Please pay attention to it for me."

"Yes, you should be careful." Huo yuan finished and hung up.

Huo Qiang immediately dials up a series of phone calls. This is a friend of his in the tax department. He usually doesn't contact, but he has a good relationship.

After contacting this friend, Huo Qiang has determined one thing. The tax authorities are actually checking the accounts of Ji'an Anxin company, and have been secretly checking for several days.

Huo Qiang doesn't have to think about it. It must have been instigated by his father behind his back. What does he want to do? Huo Qiang holds the cell phone tightly. No matter what he wants to do, he will not let his father hurt Ji Anshan.

Huo Qiang also asked this tax friend to pay attention to this matter for him. If there is any news, please let him know at the first time.

And this tax friend also happened to know about the situation internally. Ji'an's company has no problems for the time being, but the query is not over yet, and I can't guarantee it's safe.

Huo Qiang's eyes narrowed, and his father's hand grew longer and longer. Does he want to stop him like he did five years ago? No, his business won't let anyone in. Huo Qiang thinks that his father will not be reconciled this time. Even if he can't find out the problems of Ji'an's company, he can't guarantee that he won't force out any problems. He can only start from her company.

It seems that his father is still monitoring his meeting with Ji Anxin. Recently, he tried to avoid meeting her.

He will bear all the impulse to see her until he finds out.

Chapter 786

In a private mansion, on the sofa at the moment, there is a middle-aged man who rubs his palm and is scared. He is scared.

Looking at the man sitting opposite him, looking at him majestically, smoking a cigar and asking, "director Zhao, what did you think about what I just said to you?"

"Here This is not very good! General manager Ji is also good to me, with a high salary. How can I betray her like this? False accounting is also to be found out! "

"You have the right to check every account of the company. You just need to introduce two to top the account. It has nothing to do with you."

"That's not very good! Although there are two new recruits who are not familiar with the business, and there are mistakes, but this... "

"Oh! It turns out that our price hasn't been settled yet! Well, as long as this is done, how about another one in the price just now? " The man lures one more sentence directly. Director Zhao's eyes are clear. This money may be the sum of his annual salary for ten years. As long as he has this money, he will be able to relax a lot.

"I still know something about director Zhao. You are still paying off your house loan and car loan. These two expenses have already accounted for seven tenths of your salary. Your wife has no repayment ability. You must be very tired to support the whole family alone."

Zhao Quan's eyes drooped. He was under a lot of pressure these years. He didn't dare to lose the job because as soon as he lost it, the financial capital of the whole family would be cut off. He also wanted to set up a family in this city and live a decent life.

But it's really tired to rely on him alone.

"It's a sum of money that makes you feel at ease for more than ten years. As long as you do this for me, it's yours."

Zhao Quan clenched his teeth, as if he was making a final decision. Finally, he looked up, and his eyes flashed with a fierce light. "OK, I'd like to help you, but you also have to do what you say and give me the money."

"Don't worry, I'm not short of money." The middle-aged man nodded with satisfaction.

In this audit, Ji Anxin's company has only a few small accounts, which can't constitute a big problem, so he must let this big problem arise.

When Zhao Quan came out of the villa, his legs were shaking. Once this kind of illegal and criminal matter is found out, he will be destroyed for the rest of his life.

But at present, he can only gamble. Ji Anxin is a girl, and it doesn't matter if the headquarters is here. Even if he did this, Ji Anxin can't do anything under the powerful man's thunderous palm.

This money, do not earn white do not earn, Zhao Quan has such a mind, he will feel no conscience to go.

After Zhao Quan left, Huo Ming stepped down from the second floor. He clapped his hands and said with admiration, "not bad, not bad."

"Mr. Huo, I'm just doing what you say." The man on the sofa immediately stood up respectfully to meet him.

"Very well, as long as this Zhao is done, my heart disease is half gone."

"It's our blessing to play for Hodgson."

Huo Ming's eyes burst with a sneer. Ji Anxin's side is easy to handle.

"Huo ye, has the vice president approved our project? Is it possible to start work soon? "

"Not yet. Two more days."

"But I have a message. It seems that Mr. vice president met your old rival Fang Qirong yesterday afternoon. I wonder why Mr. vice president met this man at this time?"

Huo Ming is an old fox, and there is a worry in his eyes. Does his son want to give his project to others?

Huo Ming is really worried about this matter. Recently, his relationship with his son has become increasingly rigid. He begged him to do something, but nothing has been done. More importantly, considering the interests of the country, it can be said that he recommended his son to sit in this position, which is specially for him.

"I'll find out about it. Do your job well and wait for the good news!" With Huo Ming finished, he pushed open the door and left.

Sitting on the way back, Huo Ming's mind has been thinking about how to make this project fall into his own hands stably. Then, there is only one thing.

Find out Ji Anxin's problem immediately, take this matter to threaten him, and let him sign the project.

Huo Ming now realizes that he really needs to take some measures to his son. He calls the man who just worked on the problem and asks Zhao Quan to return to the company immediately. He has to work out the problem account and get the result tomorrow.

After hearing that, the men at that end immediately followed suit.

In Huo Ming's heart, now dealing with Ji'an is the second thing. What he worries about is that his project will fall into the hands of others.

It's a project he's been looking forward to for a long time. He can't afford his old rival for nothing.

Huo Ming decides to test his son. As long as he finds out that he really intends to transfer the builder of the project, he immediately takes Ji Anshan's business out.

"Where are you going now, master?"

"To the presidential palace." Huo Ming said directly. In the office of the vice president's office, Huo Qiang is studying the documents and receives a call from assistant Li Rui, "your father is here, sir. Do you have time to see him?"

Huo Qiang's eyes slightly sank and answered, "let him in!"

After a while, Huo Ming arrived. He opened the door of the office and looked at the place next to the president's office, where power is concentrated. His eyes were full of satisfaction, while his son was sitting at the desk!

"I'll go home by the way and come to see you." This time, Huo Ming expressed his concern in the form of a loving father.

Huo Qiang arranges the information in his hand and puts it into the folder. Huo Ming looks at it and asks, "how are you thinking about the information of the project? Is it time to sign? "

"I'm busy with other things these two days. The project is not urgent." Huo Qiang calmly looked at his father and replied.

Huo Ming was a little frustrated. "I heard that you have met Fang Qirong. Do you have any plans?"

"No! I just called him over to chat. He must be my teacher. "

Huo Ming's face changed slightly. "Are you closer to him than my father?"

"Dad, if there's nothing wrong, go back first! I'm busy. " Huo Qiang got up to go out.

Huo Ming has come to test now. In his son's words, he obviously feels that he is hesitant in signing the project. In addition, his seeing Fang Qirong confirms his worry.

However, Huo Ming is not worried. He still has a way to go.

Only then did he find that his son's mind was too deep for him to understand.

In Ji Anxin's company, Zhao Quan came back. He immediately asked his staff to take the accounts of nearly half a year, because this is the performance of nearly half a year that has not been handed over to the tax department.

Zhao Quan turned on the computer, and made some of the relatively large income and expenditure into problem accounts. As long as he made them on his side, some people in the tax area naturally deleted the tax evidence, making this account a problem account of tax evasion and tax evasion.

Zhao Quan is very experienced. He knows how to make false accounts, and he brings in two newly recruited employees of the company for half a year, and becomes a back man.

Ji Anxin is in the office. Due to the audit, she is also nervous. As long as there is no problem, it will be OK. If there is a problem, it is very easy for Huo ming to want to cross her company.

And Huo Ming has enough means. Ji Anxin is afraid of him.

After Zhao Quan finished the emergency work in the office, he got in touch with the tax official. Both sides made a fake together. It was finished at 4:00 p.m.

Zhao Quan's face was cold and sweaty. He reached for his hand and felt his heart beating. At this time, he dialed Ji Anxin's phone.

"Hello, Zhao Quan, what's the matter?" Ji Anxin picked up the phone and asked.

"Mr. Ji, I'm sorry. I'd like to take a few days off. My mother is in hospital in her hometown. I have to go back."

"Serious?"

"Very serious, life-threatening."

"Well, then, you can advance your salary this month first! I'm afraid you need money. "

Zhao Quan's face was stunned for a few seconds. His conscience was broken. He said quickly, "it's OK. It's OK. I have money. Don't worry."

Chapter 787

Ji Anxin hangs up the phone. At this time, Zhao Quan, as the director, leaves suddenly. She is unwilling to let people go, but she can't force him to work even when his mother is in critical condition.

Ji Anxin worked until 4:30 p.m. when she saw the time, she was able to pick up her daughter by the way. She asked her father not to come.

Ji Anxin's car is parked in the parking lot of the school. Her eyes scan around. She doesn't see Huo Qiang. Recently, her father picked up the child, and she doesn't know if he will come to pick up his nephew.

Ji Anxin is in a trance and laughs at herself. Why is she looking forward to meeting him here? Funny.

After picking up her daughter, Ji Anxin was still looking for her daughter in the car when she started, but she didn't realize it.

In the morning of the next day, Ji Anxin received a call from the financial team leader at the morning meeting and found a large amount of problem accounts.

Ji Anxin immediately called the whole financial staff to a meeting to explain the matter. Several new people couldn't help saying that they didn't have it. They said that these accounts had been reported to the tax authorities.

But the data shows that this account does miss the tax, and even the invoice of the tax is missing.

"Are you sure you did?" Ji Anxin looks at two white faced female employees.

They all nodded, "sure, I have the influence to pay taxes."

Ji Anxin closed her eyes. There was no clue about this. She said to the tax department, "if you make a mistake here and lose the information, it doesn't matter. Now, go to the tax department to check the account immediately. Do you really have to do it in the system?"

"OK! We'll check it immediately. "

Ji Anxin returns to the office, some heads are big, but some accounts with problems appear.

Just then, the plane in front of her rang, and she reached for it. "Hello."

"It's me." From that low magnetic voice.

Ji Anxin's pupil opened slightly, and immediately said in an unwelcome tone, "what's the matter with you?"

"Is your company checking taxes? Is there any problem?" Hocheon asked at that end.

"Thank you for your concern. Have you ever thought about why my company will be checked?" Ji Anxin asked him back.

Huo Qiang was silent for a few seconds. "Yes, I also suspect my father is checking you, so can you tell me about your company? Maybe I can help. "

"No, thank you."

"Take it easy, don't refuse my help. This is your company. You should cherish it more than anyone else." Hocheon pleaded.

Ji Anxin didn't want to ask for his help, but even when he asked, she also replied, "there is a problem with an account, but we are still checking. I have confidence in my company, and I will never evade taxes. I won't talk to you, and my head hurts."

"Why do you have a headache?" Hocheon asked with concern.

"Because my CFO just went back home from work yesterday, I have to deal with the finance department now." Ji Anxin blurted out and complained to him. Then she was a little embarrassed and said to him why?

However, Huo CHIONG said, "don't worry, your company won't go wrong, and I have confidence in your leadership team."

Ji Anxin was stunned. "Thank you. I'm off."

After that, Ji Anxin hung up first. She held her forehead. She didn't know why. She had no clue just now, but because she answered his phone, she became more conscious.

Maybe his voice and encouragement in his words gave her some motivation!

After Huo Qiang hung up Ji Anxin's phone, he also fell into a deep thought. Why did Ji Anxin's CFO ask for leave at this time?

Huo Qiang knows his father very well. As long as he wants to achieve the goal, he will use some means to achieve it. He thinks Ji Anshan's account must have something to do with the director who left the company and went back home.

I'm afraid this director is also threatened by someone. Let Ji'an's company have problems!

Huo Qiang immediately dialed Li Rui's phone, "send two bodyguards out for me, please see me alone."

He's going to find the director.

It's the end of the day again. It's three days since Huo Ming submitted the report to Huo Qiang for signature. It's a very sensitive time for him.

He asked Huo yuan to call Huo Qiang home for dinner at night.

Huo yuan called Huo Qiang and he promised to go home.

Huo Qiang has been waiting for a phone call in the office, waiting for an answer, and finally, three days later today, he waited, Fang Qirong promised to take over.

Huo Qiang breathed a sigh of relief. He immediately signed the revised plan and asked the assistant to send it to Xuanyuan's office for final approval.

Huo Qiang was relieved, but he also cleaned up the table and went home.

Xuanyuan is still in the office, and he is also paying attention to the trend of the project report. Originally, he was the builder of Huo Ming. At this moment, the name of the report is Fang Qirong. Xuanyuan's mouth gently raised a smile of approval, Huo told him that he had been doing what he should do.

With him, his administration has indeed slackened a lot, which is a very effective left arm.

In the past, he would have opposed the establishment of the vice president. Now, because he is in the forefront, he will take the national position to consider everything, and send it to him again, and he will spend more time with his wife and children.

Huo Qiang's motorcade drove to the direction of his home. On the way, he received a call from Li Rui. Zhao Quan was resting at his home instead of leaving the city.

Now, Zhao Quan has been controlled by his people. Please go to a place for questioning.

Huo Qiang asked his men to open the video. He wanted to ask Zhao Quan himself.

In the car, Zhao Quan at the end of the video trembled with fear. Looking at Huo Qiang in the video, he immediately recognized it. In Ji'an's company, he heard about the relationship between Ji'an and vice president.

He didn't expect to be questioned by the vice president himself.

"Zhao Quan, I ask you, has anyone threatened you to make false accounts for Ji'an's company?" Huo Qiang stared at the man on the sofa.

Beside Zhao Quan are Huo Qiang's two big bodyguards.

Zhao Quan is really scared now. The problem is that he hasn't even received the money now, and he is even more anxious.

"I I didn't! I asked for leave to visit my mother. "

"Is it? Now there is a way for you to go. First, to tell you the truth, this matter will not let you have a lawsuit. Second, I will let you go to jail. " Hocheon's words are full of threats.

Zhao Quan, who was already guilty, was immediately shocked. The man he met today could not have more power than the vice president!

The man also said he would protect him. He didn't expect that he would be found out by the vice president so soon.

"I'm sorry, Mr. vice president. I didn't mean to. If someone didn't threaten me, I wouldn't dare to make a fake account! Yes, in Mr. Ji's company, I made a false account, which I regret very much. "

"That's what her company found out today?"

"Yes, that's it. I was paid to work for that man."

"Who is that man?"

"I don't know. I only know it's a middle-aged man. I didn't ask his name."

"Well, for a moment, you are wronged. My people will look at you and I will save this video. If necessary, you need to stand up and prove the innocence of ji'anxin company."

At this time, Zhao Quan's mobile phone sent a message sound, Zhao Quan immediately looked tight, and zero Qi ang also thought of something, said to the bodyguard, "look at his information."

Zhao Quan's mobile phone was taken out by the bodyguard, and the information showed two million yuan.

"Take a picture and send it to me." Huo Qiang finished, closed the video, and now, his car is almost at the door.

Huo Qiang gets out of the car after finishing his suit. When he enters the hall, Huo Ming sits on the sofa and waits for him, with his eyes on him.

"Please come to my study with me." Huo Ming got up and said.

Huo Qiang follows him to his study. As soon as Huo Ming enters the study, he turns around and angrily asks, "are you going to give my project to Fang Qirong?"

Huo Qiang didn't expect that his father had heard the wind. He didn't avoid his father's angry eyes. "Yes."

"No, this is my project. I can only finish it." Huo Ming slapped the table.

Chapter 788

The atmosphere in the study becomes extremely rigid. Huo Ming's eyes are fixed on his son, and once again he emphasizes, "this is a project I handle. It can't be handed over to others. You are my son. You should fight for it for me."

Huo Qiang squints at his father's unrepentant. He feels heartache and helpless.

"Dad, I have signed this document and sent it to Mr. President. Maybe it will come out soon. It's useless for you to force any more."

"Not filial." Huo Ming suddenly came forward and slapped the fan. Huo qi'ang didn't avoid. He just leaned slightly, and a trace of blood was seeping from the corner of his mouth.

At the door, as soon as Huo yuan came back, she heard that her father and brother were in the study. She wanted to bring two cups of tea to ease their atmosphere. She heard a slap when she arrived at the door.

Huo yuan's body immediately vibrated for a few seconds. She looked at the door and knew who was hit.

She quickly pushed the door in, "Dad, how can you hit your brother? What can I do for you? "

"Xiaoyuan, you go out. It's none of your business here. Close the door." Huo Ming takes this matter to his daughter's body, and forbids her to join in.

Huo yuan immediately went to Huo Qiang, reached out to check his beaten face, and said heartily, "how about you

"Elder sister, I'm ok, you go out first!" Hodgson shook his head.

Huo yuan sighed. She turned to see her father's face was irritated. She advised him, "Dad, what can I do peacefully? Don't be so grand. You are old. Be careful."

"Your brother just wanted to piss me off." Huo Ming snorted coldly and stared at the unfilial son.

"You don't have to say two." Huo Yuan said something to her brother. She got up to go out and shut the door of her study.

In the study, Huo Ming slaps his son. Although he is still angry, he can't do it any more.

"I want you to get the document back immediately and recommend me to the president to lead the project, otherwise..." Huo Ming didn't give up and wanted to take the job back.

Hodgson knew what his father wanted to say, and his eyes sank, "otherwise what?"

Huo Ming knew that his son was a man who didn't see the coffin and didn't cry. He bit his teeth and said, "you still love Ji Anshan! Now I have her company's tens of millions of funds to evade taxes. If you don't help me this time, I will let the woman you like have nothing, and send her to prison for several years. "

Huo Qiang really felt that his father was more and more unscrupulous, but at the moment, Huo Ming's threat had no effect on him.

"Dad, I think the person who should be held criminally responsible for this matter is your subordinate!"

"What do you say?" Huo Ming immediately stares at him.

Huo Qiang bit his teeth and said, "I knew you had moved Ji'an's company for a long time. I secretly checked you. Ji'an's company has no problems, but you asked her company's financial director to make false accounts for you and frame her. I have evidence in hand. I advise you to stop!"

As soon as Huo Ming's face changed, he was shocked by his son's means and angry that his own one had failed. It seems that he really had to cultivate a good son and use his means to deal with him.

"Well, very well, pray, you are worthy of my son." Huo Ming clenched his teeth and praised him, but at the same time his eyes were angry.

Huo Qiang narrowed his eyes and said in pain, "if I had a choice in my life, I would not be your son."

Huo Ming's body trembled with anger. He reached out his hand and said, "you are my son in this life. If I didn't accomplish you, you would not be you now. You don't even have the right to fight me."

Huo Qiang's eyes are red, "Dad, I thank you for cultivating me, but I can't let you go wrong again. You can stop it! In this way, at least you'll be safe for the rest of your life. Otherwise, you'll have to spend the rest of your life in prison. "

"You threaten me, I Huo Ming haven't come this far." Huo Ming didn't listen at all.

However, he knew that his great ambition had been self destructed. He had a son who did not stand on the same front with him. If he could listen to him, he would change his family name in the future.

"You're so thoughtful. I'll deal with Ji'an's fake makeup. I won't let you touch her again. Otherwise, I won't sit back and ignore it." After that, Huo Qiang turns around and pushes the door to leave.

Huo Yuan is worried that the two father and son in the study are fighting, and she has been waiting in the corridor. What's more, the voice in the study is so loud that she doesn't want to hear it.

It seems that my brother took so much for Ji Anshan.

"Pray, stay at home and eat!" Huo Yuan said to him.

Hodgson is really not in the mood for dinner tonight. He shakes his head and says, "I won't eat any more."

"Then where are you going?"

"Back to my villa." What Huo Qiang can go to now is his private house. He has no right to go to the bar to get drunk. "Remember to pack your face with ice." Cried Huo yuan behind her.

Huo Qiang didn't know if he heard it, because his steps were fast, as if he could not escape the family.

Huo yuan sighed. When she went into her study, she saw Huo Ming sitting on the sofa dejectedly. She was also tired of quarreling.

"Dad, are you ok?" Huo yuan came forward, afraid that he would get high blood pressure and other diseases.

Huo Ming yelled, "no filial son, what's the use of my birth?"

"The younger brother also has the principle of being a man. He is honest and righteous in his heart. You have to do this. He won't eat it."

"I was born, why can't you follow me?" Huo Ming is angry. He has a son who works against him.

"Dad, although I'm not involved in your affairs, there is one thing that I can see clearly. President Xuanyuan is not the kind of person you can play with. I think that my brother can sit on it, and he is recognized. If you change someone, maybe there will be no vice president." Huo yuan analyzed.

Huo Ming didn't listen to anything at the moment. He said coldly, "xuanyuanchen has the ability, but their hereditary system is too long. It's time for someone with a different surname to sit down."

"They are noble royalty. How can we shake them?"

"In ancient times, there were successful rebels!" Huo Ming's tone is full of banditry.

"Dad, in which era did this happen, it was not ordinary people who suffered hard? Dad, when you're old, you can live in peace! "

With that, Huo yuan didn't want to talk any more. She got up and went out, closed the door and left him alone.

Huo yuan thought of her younger brother again, but she was still worried about it. When he went out alone, she didn't call a bodyguard. She didn't know if she would call for dinner or go hungry until tomorrow.

Huo yuan suddenly thought of a man. She thought that at this time, she should let Ji feel at ease and look at him. Her brother must be pitiful.

Huo yuan picked up her mobile phone and went to the corner of the garden, which was the only way to dial Ji Anxin's phone.

"Hello, sister yuan." Ji Anxin finished his dinner at the moment and was resting in the room with a mask.

"Peace of mind! Do you have time? " Huo yuan asked.

"Now?"

"Yes, I had a fight with my father, and my father slapped him hard." Huo yuan is to tell her brother's situation and see if Ji Anxin will love him.

"What?" Duanji was shocked for a few seconds. "Why did your father hit him?"

"I was just at the door when I heard that they were quarreling and involved your company's tax issues. It seems that I asked ang to find out the false account of your company and said that I would solve it for you, so my father was furious."

Ji Anxin's figure on the bed immediately sat up and said, "the problem of false accounting of our company? How does he know? "

"I don't know. In a word, I suffered a lot for you. I fell out with my father completely. At this time, he ran out alone and didn't know where to go."

"Doesn't he have a team?" Ji Anxin asked.

"His team has already left. When he left home, he was furious. I don't know what he would do. I'm afraid he won't even eat dinner. Hey, maybe he will go back to his villa! Peace of mind, I have no way to get food for him. Can you pack some food for him? I can't leave. "

"Er?" Ji Anxin didn't expect that Huo yuan would have such an idea.

"Give his address a take out!" Ji Anxin thought of this method.

Chapter 789

"How can this work? He's the vice president. If he's known, isn't he a joke? Peace of mind, when I beg you, you will go to deliver food. By the way, his face is swollen. He will not be enough for a man. He will go to work tomorrow to see others! "

Ji Anxin, "..."

"I'm sure no one wants to see him at the moment. Besides you, I'd like to let his assistant go, but he's in such a mess that he won't see."

Ji Anxin is about to be moved by Huo yuan. She thinks about it and looks at it early. It's only 7:30. She sighs, "OK! I sent him food. "

"If only we could enlighten."

"Sister yuan, what I can do is just that. No matter how much, I can't do it." Ji Anxin knows Huo yuan's mind.

Huo yuan couldn't ask for more, "OK, then I'll give you something to eat! You should know better than me what he likes to eat. "

"Well, I'll hang up first. I'm going out now."

"Well, you're safe, too." Huo yuan finished and hung up at that end.

Ji Anxin came out and watched the little guy accompany her parents to watch and sing. She said to her parents, "Dad, mom, I'll go out. If I haven't come back, you can take Xiaoxiao to sleep first!"

"What's the matter? What happened to your friend? "

"There is a friend who has a little difficulty. I'll come back at a glance." Ji reassured himself.

"Well, go back quickly. Be safe on the way." Jimu road.

Ji Anxin replied that when she went out, she knew there was a good restaurant nearby, where she could go and pack.

Ji Anxin is waiting for the package to be finished. It's already eight o'clock. Her sports car drives into the traffic in the street and towards the villa of Huo Qiang.

Ji Anxin's car is relatively fast. He drove into the high-end residential quarter about half an hour ago. Unexpectedly, the security guard who opened the door still knew her, so he directly opened the door for her to come in.

Ji Anxin's car drove into the door of Huo qi'ang's private villa. When she saw a light in it, she reached out and rang the doorbell.

After a while, the door opened automatically. Ji Anxin pushed the door in and closed the iron door. She walked to the hall.

At this time, a tall and slender figure came to meet her. Huo Qiang didn't expect that Ji Anxin would find him here. He thought it was his sister's credit!

Under the street lamp in the garden, Ji Anxin took the lunch box and handed it to the man in front of him. "No, it's for you. Your sister asked me to deliver it."

Under the light, Huo Qiang's handsome face did see slight swelling. Moreover, the corner of one side of his mouth was still a little broken. It seems that Huo Ming had a lot to do.

"Take it! I'm going back. " Ji Anxin really just came here to deliver food to him.

When Huo Qiang reached for it, he held her wrist instead of the bag. He reached for it.

Ji Anxin felt his strength, so he threw himself into his arms, grabbed an arm from his waist and held her tightly.

"You You let go of me, Hodgson. I'm just here to deliver you food. "

"I don't want to eat. I miss you." Huo Qi's voice was muffled.

Ji Anxin was a little annoyed. "I ran so far and sent it to you. If you don't eat it, you won't eat it!"

Huo qi'ang's body is slightly stiff. He can hear her. Her words are hard to hear, but her heart is good.

He let go of her some, took her lunch box, but buttoned her wrist, "don't go, stay with me for a while."

"No, I'm going back now."

"Who looks after Xiaoxiao?"

"My parents." After Ji Anxin answered, he was a little upset. In this case, he had more reason to leave her?

Huo qi'ang's heart also relaxed a little bit, his hand didn't let go, firmly clasped her wrist, "that is to say, it's OK to accompany me for a while!"

Ji Anxin breathed and raised his eyebrows. "Why should I accompany you?"

"Don't you want to know what's wrong with your company's accounts?" Hocheon thought of keeping her.

Ji Anxin was really on her mind. She twisted her eyebrows and said, "you mean someone in my company has made a fake account?"

"Go in and say." Huo Qiang finished, led her to his hall.

Ji Anxin wants to break away from him, but he buckles him so tightly that his wrist hurts.

"It hurts so much. Let me go." Ji Anshan complains.

"If you don't struggle, you won't hurt." Huo Qiang looked back at her and said with a smile.

Ji Anxin grins his teeth and stares at him, "you are shameless."

Hocheon pulled her into the hall, and he turned and closed the door tightly.

Ji Anxin looks at a bottle of wine on the table. It seems that the man just had two drinks.

Huo qi'ang hid the bottle under the sofa in some confusion, as if she was afraid of being angry.

Ji Anxin sits on the sofa, rings the arm, coldly glances at him, "don't hide, what you do has nothing to do with me.""I've had one, and I'm not drinking now." Huo Qiang is usually alcohol free, but five years ago, when he was young and vigorous, he did not know how to control his emotions, he would drink some wine to relieve his worries, but he realized that alcohol could not solve the problem.

Just now, he could have finished the bottle, but after only one drink, he stopped.

"Is my company's account related to your father?" Ji Anxin asked him.

"Yes, my father's staff found Zhao Quan of your company and asked him to make a false account. They got angry with the people in the tax department and eliminated them on both sides. In this way, you have a fund of ten million yuan in the account, which is ignored. But you can rest assured that this matter will not cause damage to your company."

Ji Anxin clenched his teeth. "Zhao Quan dared to do such a thing."

"He's forced, but at the same time, he's greedy and afraid. You can decide to deal with him yourself." He opened the box and began to eat.

Just now, he had tasteless food. Now, with Ji Anxin, it's her love dinner. How can he not eat it?

He has a good appetite now.

When he opened the three dishes, Huo Qiang's mouth was hooked, "it seems that you still remember what I like to eat."

Ji Anxin's face sank slightly. "Don't be amorous."

Huo Qiang didn't dare to say anything more. He began to eat gracefully.

Ji Anxin looked at his side of the face, it was swollen, the man did not deal with it.

"Do you have any ice here?" Ji Anxin asked with a cold face.

"Yes, under the refrigerator." Hodgson knew what she was going to do, and he looked forward to it.

Ji Anxin went into the bathroom, took out a clean towel, went to the refrigerator, took out the prepared pieces of ice, and put the broken ice into the towel.

Huo Qiang looks at her coming, with a smile in her eyes. However, Ji Anxin hands the ice to him, "apply yourself."

"I'm eating. Can you help me?" Hocheon pleaded.

Ji Anxin is speechless. Is this man pushing forward?

She had to turn a white eye, sit down, stretch out her hand and put it on his slightly swollen face. Her movements were quite gentle.

"Hiss..." Huo Qiang hissed a little, and a pair of smiling eyes fell on her gentle action.

"What are you looking at?" Ji Anxin said that the movements on his hands were heavy and pressed heavily on his face.

"Hiss..." This time, Hodgson really can't stand it.

Ji Anxin felt happy and said, "don't think too much about it. It's what sister yuan asked of me."

In the heart of Huo Qiang, I really appreciate this elder sister who tried to match them.

Huo Qiang stops eating, and after a while, Ji Anxin pours the ice back and says to him, "I'm going. I thank you for accounting."

Huo qiang listened to it and hurriedly looked up and said, "how can I thank you?"

"Oral thanks."

"Treat me to dinner!" Hocheon demanded.

Ji Anxin looked at the rice in his hand. "Isn't this for you?"

Huo Qiang is speechless, Ji anxiously turns around and leaves.

Huo Qiang quickly put down his lunch box and sent it to her. Ji Anxin has left the door. Huo Qiang can only see the tail light of her car and leave.

At the moment, he felt the slap was worth it.

Ji Anxin returns home, but his mood will not calm down for a while, and his mind is full of Huo Qiang's figure. He thinks of intercepting this account for her company. Without him, Huo Ming's means will surely lead her company into a tax crisis. At that time, she may also be involved in the headquarters. In this way, her company will be in great danger.

It may be a good thing that Huo Qiang can stand up and fight with his father. Five years ago, he didn't have enough ability, but now, he has it. I hope he can make his father's old age converge.

The existence of Huo Ming is a disaster for the country and the people.

Chapter 790

In the early morning, Ji Anxin's company made a big stir, because Zhao Quan suddenly returned to the company. Knowing that Ji Anxin had returned, he went directly to his office and asked him to leave immediately.

Zhao Quan also wanted to come back and ask Ji for forgiveness. Unexpectedly, he completely angered the female boss.

"Ji Zong, I have no way. They threaten me, and I have to do it! I have the old and the young I..." Zhao Quan can only plead with her now and pretend to be aggrieved.

"You said your mother was ill, and I was kind enough to ask you to advance your salary. Unexpectedly, that's how you repay me. From now on, don't let me see you again, otherwise, I will immediately send you to the police station." Ji Anxin said, and said to the assistant, "drive out."

After all the people in the company knew what Zhao Quan had done, Zhao Quan immediately left like a street mouse.

Ji Anxin went back to the office and worried about the account. Because the tax authorities pretended, they had to solve the problem.

However, in the presence of Huo Qiang, her problems were solved in the afternoon and her company was cleared.

Ji Anxin can also tell the headquarters.

"Peace of mind, how are you? I heard it's your boyfriend, Mr. vice president, who helped you this time, right?" George asked in less fluent Chinese.

Ji Anxin listened and his brain exploded slightly. "Who said he was my boyfriend?"

"Isn't it? Now everyone in the company knows! "

"Then you must have heard it wrong. There is no such thing." Ji Anxin corrects his superiors.

"No matter if you can make friends like this, you are very good. Come on."

"Thank you George."

"And rest assured that the business summit of your country is coming. Our company has won the admission qualification. You can go on behalf of us!"

Ji Anxin said, "I know, but this summit is in other provinces, and it will take another five days. I'm afraid it will affect my work."

Ji Anxin doesn't want to leave her daughter for too long.

"But five days! I'll ask isan to help you. She's your good friend! "

"Er! No, I can deal with it myself. " Ji Anxin hurriedly said that her feelings with Jiang Yishan were clear and peaceful, but dark, already bad.

The reason is that Jiang Yishan likes Shen Rui, and Shen Rui has always been interested in her, resulting in the triangle relationship, which is very rigid in foreign countries.

"Yishan insists on coming here. She has booked the air ticket. This week when you go on a business trip, she will take your place. So it's settled. Goodbye." George, afraid of her refusal, hung up soon.

"George!" Ji Anxin called at the end of the phone, only the beep.

Ji Anxin sighs. Jiang Yishan is not here to help her! It's Chao Shen ruicai!

In any case, Jiang Yishan became George's first assistant. In the company, she was also very competent and had strong sales ability. However, she was hired by an external party, not a shareholder of the company. Otherwise, Jiang Yishan's ability had already been promoted to her position.

Now, Ji Anxin's company is running successfully, and the company's orders have been stable recently. Jiang Yishan will surely cause a lot of trouble for her.

Once a good sister, but because of a man, the relationship becomes rigid. If Shen Rui likes him, Ji Anshan naturally sends blessings. However, if Shen Rui doesn't like her, Jiang Yishan always counts resentment on her.

I think it's her holding on to Shen Rui and preventing her happiness.

Ji Anxin reaches for Shen Rui's phone.

"Hello!"

"Tell you the news that George sent Jiang Yishan back to help me. She may have come for you." Ji Anxin opens his mouth.

Shen Rui said weakly at the end of the voice line, "I thought she was dead hearted. I've already made it clear to her."

"In fact, she really likes you, if you like her..." Ji Anxin knows that Jiang Yishan is not a bad woman. She is just dazed by love.

Shen Rui said firmly, "I don't like her. I like you."

"Shen Rui We are so tired. " Ji relieved and sighed.

"I'm willing to wait. She will come back! As long as it doesn't cause you trouble. "

Ji Anxin ends the chat with Shen Rui. She checks the itinerary, takes care of the orders as soon as possible, and is ready to go to the summit site for a meeting.

In fact, this kind of meeting, she just want to listen to sleepy.

In the vice president's office, Huo Qiang asked Li ruicha to find out the information.

"Mr. Huo, Ji Anxin's name is in it. She represents her company."

Huo Qiang's eyes flashed a smile and nodded, "OK! I see. "

The next morning, Ji Anxin just walked into the big office, and her assistant rushed to the moon. "Ji Zong, there are guests here. They are from the headquarters."

Ji Anxin's eyebrows slightly twisted. Is Jiang Yishan here so soon? She walked gracefully to the door, with her back to the woman sitting on the chair, wearing a long head of wine red wavy hair. She heard the sound of pushing the door behind her, immediately turned a chair, reached out to take off the sunglasses and played in her hand."Ji Anxin, you are late!" Jiang Yishan is wearing a small suit, showing the same strong female posture as Ji Anshan.

"You came back quite quickly." Ji Anxin opens her mouth, walks to her position and puts the bag beside her.

Jiang Yishan immediately stood up and walked around her office, "I'm back. What's the pressure on you? Or is it causing trouble? "

"You think more."

"Is it? This year's sales volume, it seems that I'm finally in front of you. " Jiang Yishan said with a confident face.

"I know the ability is strong, the company has you such person, I feel happy, must unexpectedly the company makes more, as the shareholder, my dividend will also be more." Ji replied calmly.

Jiang Yishan bit her teeth, turned to look over and propped her hands on her desk. "Tell you the truth! Besides helping you this time, I also want to see Shen Rui and Ji Anxin. When will you give him up to me? "

Ji Anxin twisted his eyebrows. "It's not a question of letting go, it's a question between you and Shen Rui."

"In a word, if you are among us, I can't get his heart."

Jiang Yishan still put the source of her emotional failure on her.

"I'm leaving tomorrow. I'll hand over the matter to you." Ji Anxin doesn't want to talk about things other than work.

"George said that if I do well these days, I may be sitting in the position of general manager under you in the future." Jiang Yishan said proudly.

Ji Anxin looks up and says, "let's see what you can do first."

"I will not be worse than you," said Jiang Yishan, gently humming

Ji Anxin handed over the recent customer information to Jiang Yishan.

After Jiang Yishan took over, he hummed, "when you are not here, the whole company will be handed over to me! I have the right to instruct anyone to do anything. "

Ji reassured to look at her, "you'd better not mess."

Jiang Yishan defiantly came out. She chose an office and had it sorted out. The staff in the whole office were in a bit of a panic. Depending on the situation, the female manager assigned by the headquarters was not easy to get into trouble.

Ji Anxin has been staying in the office until more than seven o'clock. She patiently and patiently puts forward some special matters that need to be noticed by Yishan. Jiang Yishan is playing with her new fingernails and deliberately doesn't listen.

Ji Anxin went home in some languid heart. The little one had fallen asleep. She put on a mask and looked at the information needed for the summit for a while and fell asleep. In a daze, her cell phone rings, she picks up the answer, "hello."

"Have you got up?" There was a deep magnetic male voice from that end.

Ji Anxin thought it was a dream, but then she sat up and her voice became cold immediately. "What's the matter?"

It's Hodgson.

"I'm downstairs of your company. I know you're going to the summit. I'll go too. Let's go!"

Ji Anxin twisted his eyebrows. How could he know?

"I've booked my own ticket, no need." Ji reassured and declined.

"I'm just trying to tell you that your flight ticket has been cancelled. I'll arrange for you to take my flight and go with me."

Ji Anxin was annoyed at once. "Huo Qiang, you can't treat me like this with power and power."

"There's no seat for the flight today. I'll wait for you downstairs." Huo Qiang finished and hung up.
