

U. CEO Daddy 791

Chapter 791

"You..." Ji Anxin was speechless, and soon George called again, asking her to attend on behalf of the company and maintain a good and positive image of the company.

If the meeting on the first day is late and missed, it will certainly have a bad impact.

"OK! I will. " Ji Anxin hangs up the phone and breathes heavily.

When she went out, her daughter had gone to school, so she had to ask her parents to take good care of her for a few days and wait for her to come back.

Ji Mu assured her that she and her wife had spent the rest of their lives with her grandson.

Ji Anxin carrying the suitcase downstairs, dragged out of the community gate, she just checked, today 's flights are full, tomorrow' s also can 't catch up.

So, Hodgson, it's settled that she'll be on his plane.

Ji Anxin arrived in front of the low-key but still eye-catching team.

A bodyguard immediately got out of the car, opened the back door of the middle car for her, and lifted her suitcase and put it in the trunk.

"Thank you." Ji Anxin smiled at the bodyguard.

"You're welcome." The bodyguard replied.

Ji Anxin sits in the car, looking at the man in the gray suit beside him, and the smile on the corner of his mouth is wiped out immediately.

She can be friendly to strangers, but stingy to this man a good face.

Ji Anxin sat down, and Huo Qiang handed over a loaf of bread. "No breakfast! It's specially prepared for you. There may be no time to eat on the way. "

Ji Anxin didn't eat it. She took it and tore the bread and ate it.

At this time, a bottle of water with the cap unscrewed is handed over again. Ji anxiously looks at him and takes a sip.

The motorcade set out, went straight to the airport, and Hodgson's plane was waiting.

Sitting on the vice president's plane, the treatment is much better than having civil aviation, but Ji Anshan would rather be a flight.

Sitting at the window, Huo Qiang sits opposite her. Li Rui, Huo Qiang's assistant, is also there. The bodyguards are resting in the back cabin. After Li Rui delivers the information, he leaves quickly and wisely.

So soon, they were the only two people in the cabin facing each other.

Huo Qiang looked at the document with a very pleasant expression. From time to time, he raised his eyes and looked at the contemplative girl on the opposite side.

Ji Anxin holds his chin and looks out of the window at the clouds. He doesn't want to look directly at the man opposite.

Huo Qiang saw that she didn't want to chat, and he didn't disturb her. He read the documents quietly.

The atmosphere in the air also seems natural. Ji Anxin takes back his sour eyes and looks up at the man opposite. His long legs are naturally cocked up. The West lining is long and has a degree. That is to say, it has a kind of dignity and a kind of pleasant atmosphere.

Ji Anxin looks away and takes out her mobile phone to play the little game of her daughter's cutting. When it is turned on, the sound of the game is not off, showing the sound of some childish songs. She quickly turns off the sound.

Some embarrassed look up to the opposite side, Huo Qiang has guessed what she is playing, can't help but hook lips a smile, "is it boring?"

Ji Anxin hands him a clear question.

Ji Anxin is playing a small game. He is so serious that he can't help but make the opposite man chuckle.

Ji Anxin immediately looked up at him. However, in the bright sunlight, the man's white teeth were like ice, and his smile was bewitching and dazzling, as if he could flash more than the sun in the distance.

Ji Anxin has no good airway. "What's the laugh?"

"Nothing." Huo Qiang is inexplicably funny. Seeing her face playing children's games seriously is a kind of laughing point.

Ji Anxin immediately turned to her side and continued to play the little game of shopping for her daughter. She was still playing an interesting game.

Huo Qiang's work has also been completed. His slender fingers are touching his chin and his deep eyes are staring at Ji Anxin. Ji Anxin really wants to ignore these penetrating eyes. Under these eyes, she seems to have a feeling that she has no place to hide.

"Have you seen enough?" Ji Anxin passes the game and stares hard at it.

Huo Qiang looked at her like this without blinking, and there was a smile on her eyes.

Ji Anxin is angry. He picks up the pillow behind him and throws it at him.

Huo qi'ang catches her easily and stares at her angrily. He has to advise, "don't be angry, just haven't looked at you for a long time and want to see more."

"Don't look." Ji Anshan orders.

Huo qi'ang pursed his lips and squinted his eyes. At this moment, he just wanted to use his whole body charm to wake up the woman's feeling for him.

Ji Anxin asked for a blanket from the stewardess. She unfolded it and hid the whole person to sleep.

Ji Anxin, the man opposite, could only sigh.

Ji Anxin covers her face, and the light immediately darkens. She didn't sleep well last night, and now she wants to sleep back.

Getting along with this man made her tired. She couldn't help being sleepy. She closed her eyes and fell asleep.

Huo qi'ang saw her lying on the sofa for a long time. He could not help coming over with some worries. He reached out and gently opened a little blanket. He didn't want her to be bored. Just after sliding down some gray blankets, a beautiful sleeping face appeared. Huo qi'ang's eyes were slightly smothering. He gently sat beside her, reached out his hand and took a gentle grip. Ji Anxin's sleeping body was held in his arms.

This flight took about two hours. Ji Anxin slept for more than an hour. When she was about to land, she woke up first.

When she opened her eyes and felt an arm around her waist, she suddenly looked up and found that she didn't know when she was sleeping in the man's arms.

She hurriedly gathered her long hair, sat up straight and pushed him away.

"Wake up? It's just around the corner. " Hocheon finished and checked her seat belt.

Ji Anxin sleeps a little dizzy, continues to squint the MOU, only did not lean on his body.

When the plane landed, Huo qi'ang's motorcade had arrived. Ji Anxin thought that he would not take his car, but she had already entered the airport motorcade, so she could not help but not take it.

Ji Anxin sits in Huo qi'ang's car and travels all the way to the summit route. Ji Anxin looks out of the window at the charming scenery and feels relaxed. This business summit is held in a city with beautiful mountains and rivers. The mountains in the distance are like a beautiful picture.

Everything in her eyes is like a picture. She thought that if she had a rest, she could go out here to see the mountains and rivers. She could see many steel and cement buildings in big cities. It's hard to walk in such a green place.

After Ji Anxin arrived, she got out of the car and planned to separate herself from this man. He must be a noble vice president. Naturally, the hotel he stayed in was different from her. "Where are you going?" Hocheon stopped her suddenly.

"I'll go to my hotel!" Ji Anxin raised his eyebrows.

"Your room is next to me." Hocheon opened his mouth.

Ji Anxin immediately turned around and said, "who is this in line?"

"Me!" Hocheon doesn't mind telling her.

"You Who said I wanted to live next door to you? " Ji Anxin doesn't like the feeling of being controlled by him.

Over the years, she was used to freedom.

"The hotels near here are full. You need to know how many people will come this time. Many people will stay in the County hotels. Do you want to stay there?"

Ji Anxin can't help being silent. According to this, does she really have no choice?

Ji Anxin had to catch up with him again and checked in at the front desk. This is a hotel for senior officials and business tycoons. The boss of a company like her is not qualified to stay here.

If this is the blessing of this man, she will really live in the county this time.

Ji Anxin enters the room, she breathes a sigh of relief, looking out of the window, the distant scenery is really beautiful, is a very enjoyable place.

Her assistant called moon.

"Hello, Xiang Yue, what's the matter?"

"General manager Ji, that general manager Jiang will work in your office!"

"Follow her!" Ji'an's mind and body are here, and he can't care so much.

"Mr. Ji, you have a good journey!"

Ji reassured himself by saying, "it's very smooth."

"That's good. I forgot to book a hotel for you. Unexpectedly, you can still find a hotel."

Ji'an said reassuringly, "don't worry about me, you should work hard now!"

Ji Anxin hangs up the phone. At this time, her door knocks. She goes to the door and reaches for it. Huo Qiang's figure stands at the door. "Let's go to lunch!"

"I have no appetite." Ji Anxin refuses.

"Do you want to eat in your room?"

"That's not enough."

As soon as Ji Anxin spoke, the man opened her half closed door and strode in, "just in time, I'll accompany you."

Chapter 792

Ji Anxin looks at the man with some chagrin. She closes the door. The man is already sitting on the sofa in her room, legs up.

"Hocheon, can you be more mature? What do you think you mean by doing this?" Ji Anxin can't help accusing him.

Huo Qiang blinked and looked at her innocently. "I just do what I want to do. It has nothing to do with maturity and childishness."

"If you think you do something for me like this, I will thank you and forgive you. You think more." Ji Anxin needs to make it clear to him.

Huo Qiang suddenly burst into a smile, "so, you still have me in your heart, at least, you haven't become a stranger."

Ji feels more and more powerless when she chokes and confronts this man.

"Whatever you like!" Ji Anxin went to the balcony with some chagrin, and didn't plan to leave the man.

Huo Qiang takes out his cell phone, gets through his assistant and asks him to deliver lunch to Ji Anxin's room.

Ji Anxin stands on the balcony. The distant scenery eases her restless mood. She takes a deep breath and suddenly feels footsteps coming behind her.

At the same time, she felt a familiar breath circle coming. This is the prelude of Huo Qiang's previous love to embrace her from the back. Ji anxiously turned around. Huo Qiang had already approached, and Ji anxiously turned around, which scared the man.

At the same time, the long arms of the man pass through her waist and buckle at the railing, trapping her between him and the railing.

Ji Anshan's breath smothers, looks up, and her eyes are alive. But deep in her eyes, she seems to be twitching a force to refuse this man. Otherwise, she will fall into the charm of this man.

"You..." Ji Anxin frowns, trying to make a sound.

At this time, Huo Qiang suddenly bent down and gently branded a kiss on her forehead.

What does Ji Anxin want to say? He is stunned by the kiss.

Who gave the man the courage to kiss himself like this?

Huo Qiang did not dare to push forward. He took a step back and let go of her confinement. He did not want to cause her boredom.

Watching him turn around and enter, Ji Anxin gathers a long hair, and the whole mood is disturbed by this man.

On the forehead, there is still the man's warm and cool lips. Ji Anxin is biting his red lips, and he has to bear the throbbing.

In fact, last time, Li Xiuyuan explained to her the misunderstanding five years ago. Her hatred for him was the one he held her. In her mind, she had imagined that after she turned around and left, Huo Qiang would definitely have the closest relationship with Li Xiuyuan.

However, in the past five years, it has been her imagination. She has been trapped in her own imagination.

If it doesn't exist, Ji Anxin really doesn't know what to hate this man.

Hate that he didn't fight for her in front of his father? He also did it that year. She left his world first before the end of his efforts.

This tax incident, if it wasn't for him to go around in the middle, with Huo Ming's plan, her company would have become an illegal company with tax evasion and tax evasion, with unimaginable consequences.

Ji Anxin takes a deep breath. When the hatred for this man in her heart is taken away, she really doesn't know how to face him, but she is still a little reluctant. She has hated him for five years, is that how to forgive him?

Huo Qiang is sitting on the sofa. His eyes look at the dazed woman on the balcony through the floor to ceiling window. It's very satisfying to be able to look at her so quietly.

After a while, the waiter of the restaurant pushed in the lunch, which was very rich. He put it on the dining table near the window of the restaurant and left.

Ji Anxin came in from the balcony. Huo Qiang poured a cup of tea for her and said to her, "come and have dinner."

Ji Anxin sits in front of him, and her eyes are calm. Now, she can not hate him, but she doesn't want him close to her life.

Before she was alone, she could carry any wind and rain. Even if she was covered with scars, she didn't feel anything, but now she can't. now she just wants a stable life.

No one came to disturb her and her daughter, but with this man, with his father, it was bound to be accompanied by a bloody atmosphere, just like the company's tax, he was ruthless.

If one day he wants to force himself to leave his son and start his own daughter, or his parents, Ji Anxin can't imagine. Even if Huo Ming knows that his daughter is his granddaughter, with his desire for rights, he will only want to take back his Huo family's seed, and won't accept her at all.

All this has become a powerful excuse for Ji to stay away from this man.

Ji Anxin picked up the chopsticks and began to eat. Just a few mouthfuls, in her bowl, the man brought in the dishes for her. Ji Anxin looked up at him and continued to lower his head to eat.

After lunch, the afternoon is a personal break, Ji Anxin is ready to go out.

She made a strategy nearby, driving for 15 minutes, there was a very leisurely Town, she wanted to go there. Ji Anxin went out to take a taxi. Huo's assistant immediately informed Huo, "Sir, Miss Ji went out alone."

"Where is she going?" Hocheon asked.

"I asked the security guard just now. He said Miss Ji called a car to visit the nearby town."

"Get me a car." Hocheon's voice commanded.

Li Ruiying said that Huo Qiang changed into a set of casual grey clothes, a sun hat, sunglasses and a mask to make him look like a star's travel outfit.

Li Rui drove by himself and didn't let the bodyguard accompany him. He took Huo Qiang to the nearby town.

Ji Anxin seldom has such a mood of playing alone. Since she gave birth to her daughter five years ago, her life has been inseparable from her daughter. At this moment, she is leisurely and contented.

I got off at the entrance, bought a bottle of water and walked into the Huahai town.

Although it is autumn and winter time, the scenery here is beautiful outside. The cool autumn wind comes from all sides, walking in the flower sea of the bluestone Road, Ji's heart is very relaxed.

After a while, the tall figure quickly stepped in, his eyes were not on the scenery, but looking around, looking for the woman he wanted to find. Ji Anxin's beautiful figure is integrated into the sea of flowers. She holds her mobile phone and takes photos.

Huo Qiang soon found her in the crowd. She stood there with a unique aesthetic feeling. She wore a khaki tight sweater, matched with black trousers, and her long hair was scattered behind her head.

There are already a lot of eyes on her, showing the color of appreciation.

Ji Anxin is taking a selfie, feeling the light is not good, and is going to take another selfie, bending her lips up, showing her beautiful face in the camera.

Ji Anxin is not satisfied with her shot. At this time, a low male voice comes from behind her, "do you need help?"

Ji Anxin suddenly heard that she was busy turning around and came back. She recognized the man behind her as soon as she saw how to dress up as an overseas Chinese.

"You..." Ji Anxin couldn't believe he would come here.

"Just take advantage of this time to come out for a walk, and then there will be no such leisure time." Huo Qiang's deep smile.

Ji Anxin put his cell phone back in his bag, breathed a sigh, and walked forward alone. Behind him, the man stepped forward to follow her, and walked with her side by side.

Ji Anxin did not refuse his follow, Huo Qiang suddenly reached for the water in her hand, Ji Anxin raised his eyes, and the man had drunk it.

Ji Anxin was a little annoyed. "Is vice president a robber?"

"If I'm a robber, I want to steal your heart." Huo qi'ang holds the water, takes off the mask the man, a face under the afternoon sun, obviously each is particularly charming.

A pair of deep eyes reflected in the sun, little by little, intoxicating.

Ji Anxin opens her eyes. At this time, a little girl is selling flowers with a flower basket. She comes to them and says, "uncle and aunt, do you need to buy flowers?"

The child dressed like a child of a poor family in the neighborhood and came out to sell flowers for money.

Ji Anxin also has a child. Her pity for the child is very strong. She is just about to say she wants to. At this time, there is a low male voice beside her: "OK, uncle has all the money. How much is it?"

Chapter 793

The little girl leaned down and counted, "here are ten more. Take 40 yuan from my uncle!"

Ji Anxin looks at the rose, which is also fast Yan. It must be hard to sell. The man around him takes out two hundred yuan pieces of money from his wallet and hands them to her, "here you are, little friend, don't need to find them."

With that, Huo Qiang took out the flowers and handed them to the woman beside him, "here you are."

In the happy eyes of the little girl, Ji Anxin had to smile and hold the flowers in her arms.

Huo Qiang looked at the little girl and said with a smile, "go home, little friend!"

"Thank you, uncle and aunt."

Ji Anxin takes the flower, walks forward, behind him, Huo Qiang steps up, looks at Ji Anxin holding the flower, he bends his lips and smiles.

Before I knew it, I walked into a bamboo forest. Ji anxiously stepped in. In the quiet forest, no one came, because this is an ancient road leading to the mountain. Now it's more than three o'clock, and most of the tourists have left. Ji Anxin doesn't care about time. She likes the mood in the forest and feels a return to the original atmosphere.

The nearby bamboo forest also maintains the original atmosphere, without any traces of artificial repair. Even the road is built with antique wood.

Ji Anxin unconsciously climbed a long way. She was a little breathless. This is also because she had less practice in recent years.

The man behind him was very relaxed. When he heard her breathing, his eyes immediately gathered a deep luster. Her breathing made his heart ripple.

Ji Anxin walked along, and suddenly a green bamboo leaf sprang out at her feet. The little snake seemed to be frightened and lost its way. It crawled around her feet and couldn't find the way to leave.

"Ah..." Ji Anxin uttered a cry of surprise, feeling that the little snake was about to climb up from her feet.

At such a time, Ji Anxin didn't care about anything. He turned around in fright, and immediately instinctively hooked up to the man's neck, like an octopus wrapped around him.

Huo Qiang also felt her fright. He put out his hand and held her pretty buttocks. At this time, the little snake disappeared as soon as it rushed to the grass nearby.

Ji Anxin had been breathing for a while. Because of this, she was even more breathless. Her face turned white. When she found out that she was in a mess at the moment, her face was red again.

Huo qi'ang held her tightly, and she tightly tied his neck, two thin legs wrapped around his waist.

This posture should be more ambiguous.

Ji'an thought that she was crazy. She wanted to get down from him quickly. At this time, the man held her and leaned on a bamboo pole beside him. He said in a low voice, "even if it was you who took the initiative, I'm not polite."

With this sentence finished, Ji Anxin panted between the red lips Xihe, the man had bent down to directly suck her red lips.

Boom!

Ji Anxin's head sank into a blank. She wanted to release her hand, but she would fall more awkwardly if she let it go. This man clearly intended to make her so invincible that he could only hold his neck to keep balance and let him bully her.

Familiar kisses, lingering with heat, Ji's body does not listen to orders, but trembles for them.

Huo Qiang kisses her like this for a while, then she puts her down with a low smile, but Ji An feels resentful. She turns around and wants to go back to stay with this man. She doesn't know what accident will happen.

This kiss, make her breath for a long time also can't calm down, moreover, the body just past the crisp hemp color, is reminding her, she really has no man for too long? I was shocked by this man's kiss.

Huo qi'ang's car is waiting at the door. Ji Anshan comes out and Huo qi'ang comes to her.

"Take my car back."

"No." Ji Anxin refused, opened the door of a taxi and sat in.

Huo Qiang had no choice but to watch her car leave. He got into his car and went straight back to the hotel.

During Ji Anxin's dinner, she deliberately went down the restaurant around the hotel by herself, so as not to let Huo Qiang come to her again.

However, Hodgson has a working meal in the evening, and he can't rest with Ji. When Huo Qiang returned to the hotel, it was more than 10 o'clock. He passed Ji Anxin's room door and paused for a while without disturbing her.

Ji Anxin lies on the bed, but he hasn't fallen asleep yet. Closing his eyes is the picture of the man kissing him between the bamboo groves.

Directly disturbed her heart, even if five years, she did not expect that her body would have such a strong response to him.

She hated him, hated him, and put him in her heart. That's why she hasn't been able to accept Shen Rui.

Because this man in her heart, has become an irreplaceable existence, no matter hate, or love, her heart can no longer enter another man.

Ji Anxin really hates this feeling, as if her heart was bound. Confused, the alarm clock rings. Ji Anxin takes a look at the mobile phone. It's more than seven o'clock. She rubs some sore eyes. She gets up. After washing, she turned an elegant makeup and covered her pale face with a thin foundation, creating a vivid image.

Ji Anxin got into a bus to the summit at the door, and the bus drove towards the meeting place.

Ji Anxin met a customer in the car. This man is 356. He has two listed companies in his family. He is young and capable.

"Mr. Ji, it's a coincidence. I didn't expect to meet you here."

"Mr. Chen, it's quite a coincidence." Ji Anxin said hello, this is a guest that her company has been maintaining. Because the senior management of his company has a strong flow all the year round, almost every year, he will invest a lot of money to dig people. Moreover, he is Ji Anxin's headhunting company.

"Come here, sit here." Mr. Chen hurriedly took a picture of the position beside him.

Ji Anxin had to smile and sit down. They chatted all the way to the summit. Ji Anxin signs in and receives the admission card. It's just that Mr. Chen invited her to go with him. Ji Anxin doesn't like his kindness.

Two people entered the hall of the summit. Before Chen's general position was compared, he warmly arranged Ji Anxin beside him.

Ji Anxin had to sit beside him, because she just heard that Mr. Chen's company was short of people again, so she needed to make her company pay attention to the right candidates for his company's position.

This is business.

Ji Anxin can't offend this big client any more.

Ji Anxin and he talked about the theme of the summit. At this time, almost all the guests in the hall came, but there was a row of seats in the front, but they were still vacant. In the front, there were more honored guest seats, and there were also tea tables and fruit plates, which were more expensive than those in the back.

Ji Anxin didn't see Huo Qiang. I think he hasn't arrived yet.

Just ten minutes before leaving the meeting, the doors on both sides were opened, and a dozen men in good suits came in with a kind of noble and extraordinary figure.

Huo Qiang is talking to an old man in a low voice. In order to respect each other's height, he leans down and looks very modest.

Ji Anxin's eyes can't help but look at the past. There are several young businesswomen nearby. Naturally, they all notice the new vice president. Huo Qiang's eyes looked around the people, and he found Ji Anxin at one glance, and Ji Anxin's position was two rows behind his position.

Ji Anxin can't help being embarrassed. Just when Huo Qiang looked over, Ji Anxin hurriedly opened his eyes.

Huo Qiang's eyes flashed a smile. Originally, he sat in the first row, but he gave way to an elder. He sat in the second row, just in front of Ji Anxin.

Ji Anxin murmured a breath. Huo Qiang looked sideways and didn't say hello to her.

However, Chen, the general manager beside her, saw the rare opportunity and immediately stood up and respectfully said to the man in front of her, "Mr. vice president, it's a pleasure to meet you."

Huo Qiang turned back and held out his hand with him. Then he extended his hand to Ji Anshan.

It's a great honor to have Hodgson's handshake at the moment.

Ji Anxin did not dare to look arrogant. She reached out and shook his hand. When he wanted to pull it away, the man held her hand tightly for a few seconds before he let it go.

Ji Anxin had to pretend to be honored, because she was envied to shake hands with the vice president!

Chapter 794

In the first few minutes of the speech, there was a constant communication in the conference hall. However, everyone kept their voices down politely. At this time, they could also communicate and discuss.

Ji Anxin didn't expect to sit behind this man so skillfully, which made her want to relax for a while.

"Mr. Ji, next time we have several close friends in our company who say they want to meet you, they are in urgent need of some senior talents. They will come out to get together some other day?" Chen always lowered his voice and asked Ji for peace of mind.

Ji Anxin also lowered his voice and nodded, "OK, thank you, Mr. Chen, for taking care of the business."

"Yes, yes, we are very happy to talk business with such a beautiful woman as president Ji!" In Mr. Chen's tone, he naturally expressed his desire to be close to Ji Anxin.

Surely, there is no courage to steal, who has no idea of stealing? If there is a crack in an egg, there will always be a chance.

Ji Anxin and Mr. Chen directly listened to the man in front of him. Although he was talking to others in a low voice at the moment, his attention was all behind him. As a man, Huo Qiang naturally understands the idea of a man. The man behind him has an uneasy idea about Ji'an.

Of course, I can only blame Ji Anxin for being so charming that I have the chance to meet her man, and I think it's not simple.

"Mr. Ji, let's have dinner together in the evening!" Mr. Chen's invitation said that at such a time, he was also a person far away from his family. He was a bit brave, and Ji Anxin came alone, maybe he could create any opportunities.

Ji Anxin is also running for business, she said with a smile, "OK!"

Ji Anxin said, and saw the vice president turned to look at her. "Miss Ji, you won't forget your date with me!"

Huo Qiang's eyes, with a trace of unhappiness, seemed to question her.

And President Chen on the other side immediately widened his eyes and soon realized the relationship between Ji Anxin and the vice president. It's hard not to be Ji Anxin's beauty. Did even the vice president take a fancy to it?

Ji Anxin immediately picked his eyebrows and pretended to forget, "I don't seem to have made an appointment with the vice president! Are you mistaken? Your assistant says you are not available. "

Huo Qiang didn't expect that she had a way to refuse. He hooked up his lips and smiled, "I just confirmed the itinerary with him. I'm free in the evening, so let's go on the date!" With that, Huo Qiang looked at President Chen, "excuse me, Miss Ji and I have an appointment."

"Don't worry, don't worry. I'll have another day, another day!" How dare Chen and vice president rob women! Besides, I'm afraid he has no guts to change the date.

Ji Anxin can't help being upset. She's having a dinner while maintaining the company's interests. What does this man do half the way?

Is he responsible for the loss of her company's order?

Huo Qiang also saw her worry and said, "Miss Ji's business ability is first-class. Please take care of her in the future."

What he said was that Ji Anshan's company was covered by him and asked President Chen to take care of it in the future. In this way, he was also given the vice president's face.

"That's for sure. I'm very optimistic about Mr. Ji's company. In the future, all the recruitment will go to Mr. Ji's company."

"Thank you for your trust." Ji Anxin's thank you for being busy.

At this time, the host on the stage went up, and everyone in the venue was very conscious and quiet down, and the host began to talk about the theme of the summit. Ji anxiously stares at the back of the man's head in front of her. Everyone else is listening carefully, but she is not bad at driving.

I haven't been so careful for a long time, and I went to look at the details of this man openly.

Although his short hair on the back of his head is longer, covering the scar left last time, but, look carefully, you can see some.

Ji Anxin's eyes fell from his hair to his very clean lapel, especially the high-grade fabric, and his suit fit perfectly.

Ji Anxin's eyes also stared at him for a while. What the host said on the stage, she didn't listen at all. Instead, her mind was full of the past with this man.

Mingming across such a close distance, but it seems that there is an invisible force to push them away.

Ji Anxin was staring at her. At this time, the man in front of her slightly turned his head. Although he didn't look at her completely, she felt that he was feeling her.

Ji Anxin immediately stopped his mind. Did she look at him and let him know?

She immediately relaxed back in her chair and focused on the host on the stage.

The luncheon was soon over, and the restaurant here was served with a delicious buffet. Ji Anxin got up with his bag, and Huo Qiang had already sent some elders out.

Mr. Chen dare not ask her to have lunch either. Now he thinks Ji Anxin is a untouchable woman.

Ji Anxin also said goodbye to him and walked out of the gate. At this time, many people rushed to the direction of the cafeteria. Ji Anxin saw many people, but she was also a little lazy. Anyway, she was not hungry. At this moment, a young voice line sounded from behind her, "Miss Ji, please join us for lunch."

It was Li Rui, Huo's assistant, who appeared with a smile.

Ji Anxin is stunned. She shakes her head and says, "you tell him I won't go."

"Our Lord is a person to eat, you accompany him!" Li Rui pleads.

Ji Anxin thought that he had sent someone out just now. He must have had dinner with a group of people with status. Unexpectedly, he was alone?

"Forget it." Ji Anxin doesn't want to go.

"Xiaorui, go to dinner!" At this time, a low magnetic male voice mixed in.

Ji Anxin can't help but turn his head and look behind him. Huo qi'ang puts his hand in his pants pocket and looks at her deeply.

Li Ruili left with a smile. "Then I'll go to dinner first."

Huo Qiang nodded and looked at Ji Anxin. "You don't have to refuse me like this."

"Necessary." Ji Anxin said definitely.

"Don't worry, I just want to have dinner with you without any purpose. If you don't want to talk, we can not communicate in the whole process." Huo Qiang said helplessly.

Ji Anxin takes a look at the direction of the cafeteria. There are indeed many people. Moreover, she didn't like the people who gathered in such occasions.

Even if the man wants to invite her, she shouldn't be too polite.

"All right! Let's go! " Ji Anxin said to him.

Huo Qiang leads her to his private dining space.

After Ji Anxin sat down, a waiter came in with very well prepared food.

Huo Qiang holds a bowl of soup for her. Ji'an refuses. He has put it in front of her.

"I'll do it myself!" Ji Anxin didn't want him to do these things for her.

Huo qiang is full of a sense of tranquility. Mingming's food is already on the table, but he doesn't seem to be on the food at all. His hands are crossed at the chin and he looks at her quietly.

Ji Anxin was eating and felt the light of her eyes disturbing her. She immediately looked up politely and said, "do you want to eat?"

This sentence is obviously nothing, but Ji anshin's saying has a touch of coquetry.

When the man opposite heard this, his mouth was slightly drawn up, with a charming arc. He loved her so much.

"Are you concerned about my stomach?" Hocheon could not help misinterpreting her words.

Ji Anxin only felt that five years had passed, and the man became more uncontrollable and evil.

"You know that." Ji Anxin answers in a cold voice.

"I think you care about me." Huo Qiang confidently said that his eyes were shining softly.

"Whatever you think." Ji is at ease and speechless. If this man likes to be amorous, she can't control it.

Huo Qiang no longer spoke, but also accompanied her to eat together. The landing window in the box sprinkled the warm sun in the early winter, warm and beautiful.

It makes the box warm.

Ji Anxin finishes eating. It's not early at this time. There must be many people outside. In addition, when she meets a familiar face, she has to make a scene. She's vain about a snake. If it's not for work, she doesn't like this kind of occasion very much.

So, she can avoid it! I just hid in this small box and waited for the second half meeting after 2:30.

Chapter 795

Ji Anxin sits on the sofa and feels bored. She thinks that her daughter's game can pass the time.

She couldn't help but play on the sofa. How could she know that when she opened the interface of the game, the very cartoon and lovely voice would ring.

She took a quick look at the man on the table, and found that his eyes were looking at him, and his mouth was wheezing, and he began to smile again.

Ji Anxin is a little upset. What does he laugh at?

Ji Anxin ignores him. She just wants to have a good time.

Huo Qiang suddenly felt that although the woman was mature, the innocence remained in her heart did not disappear. As five years ago, her heart was full of the little girl's thoughts and expectations.

She once said that she wanted to be a little child, and he promised that he would always treat her as a child until he was old.

Now, all the promises in the past are powerless at this moment, but his promise will not expire. As long as she gives him such an opportunity, he will still spoil her till she is old.

In this quiet time, Huo Qiang is handling documents with a computer, while she is playing games quietly.

At 2:10, Li Rui came in and reminded Huo Qiang to put the computer together. He said to the woman beside him, "let's enter!"

"Go ahead! I'm not going in with you. " Ji Anxin's eyes are in the game, but they are not raised.

"What's the matter with me?" Huo Qiang suddenly held the back of the sofa with one hand, and his deep eyes came to him.

Ji Anxin was frightened, and looked at him warily. "What's wrong with being too ostentatious?"

Huo Qiang couldn't help but smile, "isn't that good? Let people know the relationship between you and me, and your future company will be noticed by others. "

"Thank you. I don't want to rely on any of your relationships." Ji Anxin picks her eyebrows slightly to show her backbone.

Huo qi'ang sighed a little, "OK!"

With that, he went out first, Ji Anxin played again, looked at the time, and was about to be late, so she hurriedly went out.

Sure enough, she was one of those people who came in late. She leaned down and passed through the corridor. When she squeezed into her position, she had to whisper and apologize for letting people let her feet. Finally, she sat in the position and breathed.

At this time, she saw Huo Qiang turn his head and look at her with deep eyes.

Ji Anxin is in touch with his eyes. He can clearly see that he is laughing at her. Ji Anxin is annoyed. She had no interest in such a meeting.

At the end of the afternoon, Ji Anxin came out at 5:30 and wanted to find a bus to go back to the hotel.

Finally, she found the last seat and breathed a sigh. Now she just wants to go back to the hotel and open a video with her daughter, see her lovely face, listen to her baby voice, take a bath and lie in bed and watch the movie for a while and go to sleep.

Ji Anxin just returned to the hotel. She changed into a comfortable long sleeved T-shirt and slacks. She ordered dinner to come in and enjoy it.

Just then, her door was knocked. She didn't expect the delivery service to be so fast. She went to open the door.

However, there was a man in a suit outside the door. Huo Qiang watched her change clothes and asked, "don't you go out for dinner?"

"I ordered a meal. I won't go out." Ji Anxin said that he wanted to close the door.

At this time, the man reached out and pushed her door, "let's eat together!"

"I only called myself."

"I can have another one."

"You go back to your own room." Ji Anxin doesn't want to be with him.

Hocheon had come in. He went to the phone and ordered another dinner to be delivered to this room.

Ji Anxin, with his waist in his back, said ruefully, "what do you want?"

"I don't want to do anything." Hodgson turned and looked at her calmly. "I just don't want to eat dinner alone."

At the end of the day, he added, "I've had enough of five years alone."

The heart of Ji An's heart can't help smothering. In these five years, he really has to live alone? "

"That's the way you choose to live." Ji Anxin pretends to be cold.

"I just want you to be accompanied by a woman. I don't need any other woman." Hodgson went on.

Ji Anxin made a sign of pause, "you can eat here. Please don't talk about your business. I'm not interested to know."

Huo Qiang is not sad, because he knows that she will care.

Dinner was delivered, just like a quiet dinner, Ji Anxin was eating, and a video call invitation came from her mobile phone. She looked at her father's mobile phone.

I'm sure that's the daughter. Although the man opposite is still there, do you want to refuse her?

In this way, my daughter will be sad. Ji Anxin wants to pretend not to take it.

The man looked, "take it! I won't disturb you or make a noise. "Ji Anxin picked up his mobile phone and went to the sofa on the balcony, and said to him, "you can leave after eating."

"Ji Anxin sat on the sofa on the balcony and clicked on the video, which immediately sent a voice of excitement and missing.

"Mommy! Mommy

"Xiaoxiao, have you finished your dinner?" Ji Anxin looks at the camera and her daughter's delicate face. She really wants to kiss her across the screen.

"Mommy, I had a lot of food. I had Liangwan food!"

"Really? That Xiaoxiao is wonderful. "

"Mommy, when are you coming back! You know what? Today, uncle Shen gave me another gift. It's a big Princess Doll. I like it very much. "

Ji Anxin is stunned. Shen Rui buys a gift for her daughter again?

"Is it? Then did you say thank you! "

"I said it!"

"Well, next time you can't make any more presents, you know?"

"Uncle Shen gave it to me specially. Grandma said uncle Shen liked me." The little guy said happily.

Ji Anxin looks at her daughter's little face. She sighs secretly. What's the implication of her mother's words!

At this time, Ji Anxin felt a pair of hot eyes behind her. She turned her head and Huo Qiang leaned against the door frame to look at her. He must have heard his daughter's words just now.

"Xiaoxiao, will mummy chat with you tomorrow? Mommy works for a while. "

"Mommy, don't work too late!"

"OK, Mommy knows. Give it a kiss."

The little guy gave a big bang. Ji anxiously smiled before hanging up. After hanging up, the smile on the corner of her mouth disappeared immediately and looked up at the man who had not left.

"Why don't you leave?"

"Is Shen Rui still pursuing you? Why haven't you promised him? " In Huo qi'ang's voice line, there is a faint breath.

Ji'an thought the light fell on the starry sky outside the window. "It's my business. There's no need to tell you."

"Peace of mind, if you don't like him, you can refuse him. If you go on like this, it will have an impact on his life." Hocheon advised her.

"Take care of yourself!"

Ji Anxin closed his eyes and answered coldly, thinking that she didn't want to? She has said it countless times, but Shen Rui didn't leave, he didn't disturb, he just lingered around her.

She thought, maybe one day, when she got married, he would really have to find his life!

Shen Rui is a good man. He is just too persistent.

Huo Qiang bit his lower lip and turned away.

Ji Anxin hears the sound of closing the door. Inexplicably, she finds out that he feels angry.

Is it her illusion? What is his right to be angry?

Ji Anxin is more and more upset. What she doesn't like most is to deal with emotional matters. If she can't finish the work, she is more welcome.

Ji Anxin lies in bed and thinks deeply about the things with Shen Rui. It seems that she should have a good talk with him again.

Ji Anxin repeated the meeting for two consecutive days, and Huo Qiang was in front of her. He didn't communicate with her more. His eyes touched her. He just stared at her for a moment and didn't speak.

Ji Anxin also decided not to be influenced by him. Whether he was angry or not, even if he left her completely in the future, she would not stop him.

The three-day meeting is over. Looking back, Ji Anxin has finished the last day's meeting. She feels relieved and relieved.

When she was cleaning up in the room, the door was knocked. Ji anxiously looked at the cat's eye. It was him.

She opened the door. "What's up?"

"Take my plane!"

"No, I bought the ticket."

"I canceled it for you."

"What are you?" Ji Anxin is angry. This man is really disgusting.

"Take my plane. It's safer." Hodgson just said, "we'll start in 15 minutes."

Chapter 796

Even if Ji Anxin didn't want to take this man's plane any more, but her ticket was cancelled by him. Now she is eager to visit her daughter at home. At present, she can only take his plane back.

Before Ji Anxin got on the plane, the plane was still waiting for take-off. Ji Anxin's mobile phone had not been turned off. In the quiet cabin, her mobile phone sang a song.

Ji Anxin takes a look, slightly Zheng Zheng, is Shen Rui's.

"Hello! Shen Rui. " Ji Anxin answers.

Opposite suddenly a pair of sharp and nervous eyes cast over, Ji anxiously looked out of the window and answered her phone naturally.

"Peace of mind, you should be back today! What time is the flight? I'll pick you up. " Shen Rui asks at that end.

"Oh! No, I'll take a taxi home myself. " Ji Anxin smiled.

"How can I do that? I have time. What time is the flight?" Shen Rui insists on coming to pick her up.

"It's really unnecessary, Shen Rui. When I arrive, I may have to go back to the company. I'll ask the assistant to pick it up." Ji Anxin also insisted.

"Don't do that. I haven't seen you for days. Let me see you!" Shen Rui pleads at that end.

Because the plane is very quiet, so Shen Rui's voice makes Huo Qiang listen to something.

"Shen Rui, no need. Thank you." Ji Anxin smiles and refuses.

At this time, a hand suddenly leaned over and snatched the phone Ji Anxin was answering. Ji Anxin glared at it. He saw the man sitting lazily in his position and said to the other end of the phone, "you don't need to pick her up, I will send her home."

Ji Anxin's head slightly explodes. Does this man have to do this?

However, Shen Rui at that end was also suddenly silent. Half a sound, he said coldly, "how can you still worry about peace?"

Hodgson frowned. "It's about me and her. You don't need to ask."

Finish saying, hang up mobile phone, returned Ji Anxin.

Ji Anxin holds the mobile phone and stares at him with a very ugly face. "Why do you want to do this?"

"I think it's too hard for you to refuse. Give me a hand." Huo qi'ang's eyes locked her in a deep way. "Peace of mind, you should know how to refuse him."

"This is my business. Can you take care of yourself?" Ji Anxin grits his teeth and looks out of the window. At this time, a message comes from her mobile phone, which is Shen Rui's, "if he takes you home, I won't come."

This message, but to Ji Anxin see his tone hurt, Ji Anxin bit his lips, back to a sentence, "Shen Rui, I'm sorry."

"It doesn't matter." Shen Rui also returned a sentence, just like the tenderness that goes immediately.

Ji Anxin holds the mobile phone and can't help staring at the man opposite. She turns it off and stares out of the window with her chin on.

The plane went straight to cloud night.

Ji Anxin is a little tired these days. She curls up and sleeps on one side. She falls asleep after a while.

Hodgson asked the stewardess to bring a thin blanket. He got up and covered her.

Two hours later, Ji Anxin arrived in the city. Before she went down, she woke up in a daze and looked at the thin blanket on her body. She looked at the man in the opposite direction and then at the time.

Hold the forehead, the head is a little dizzy.

The plane stopped steadily on the ground. Huo's team was waiting for him. Ji got off the plane and was ready to leave. He didn't want to take his car.

Hocheon immediately stopped her. "Get in the car!"

"I can't." Ji Anxin looks at him firmly.

"Stop it!" Huo qi'ang said in a low voice, as if he was coaxing a child.

Ji Anxin immediately turned his face away, and then walked firmly past him. Her shoulder was still firmly against the corner of his shoulder. Facing the breeze of the airport, she walked towards the direction of the passage.

Huo Qiang looks back at her stubborn figure and sighs helplessly.

Ji Anxin standing in this city, her heart will not be so confused, not as relaxed as in that city at the summit.

Here, she felt a lot of pressure attacking her, especially from the Huo family.

If she wants to protect her daughter, she must be cruel, even if she doesn't hate this man so much

Ji Anshan takes a taxi and returns home. On weekends, the little guy is also at home. She doesn't see him for a week. The little guy is raised by his mother white and fat, and his little face is more fleshy. A small hair on his head and waist is pierced with lovely arguments What doesn't come out is pleasing.

As soon as Ji Anxin came back, he kissed the little guy fiercely on his face to relieve his lovesickness this week.

Ji Anxin went back to the room for a bath and changed into a casual suit. He planned to take the little guy to the nearby supermarket and buy her some presents.

When I was with my daughter, I felt very meaningful. The little guy was like a lovely fairy, washing all her troubles.

Tomorrow is Monday again. Ji Anxin came to the company early in the morning. She walked into her office and immediately tightened her eyebrows. There were some ornaments, cups and mirrors on her desk that she didn't like. Besides, there was a very occupied couch beside her. She breathed a sigh. It seemed that when she was not here, Jiang Yishan really took this office as her.

"Mr. Ji, here you are." Xiang Yue came over to eat a piece of bread and walked into her office as soon as he put it.

"What's the matter?" Ji Anxin asked her.

Xiang Yue also said with a helpless face, "I also told President Jiang, but she didn't listen at all. She would do whatever she wanted."

"And you? Have you been abused by her? " Ji Anxin raised his eyebrows and asked.

To the moon's eyes slightly red, shaking his head.

But Ji Anxin knew her, and she said directly, "you can tell me! What did she do to you? "

"President Jiang always asks me to run errands with things irrelevant to her work. When I buy her coffee and bread, I can't finish the work on time. She often scolds me." Xiang Yue is really wronged.

Ji Anxin comforted her and said, "I wronged you, Xiao Yue. From now on, she can't bully you any more."

"Thank you, Mr. Ji." Xiang Yue immediately laughs. With Ji always there, she is at ease.

"Ask some male employees to come over and move all these things to Jiang Yishan's office." Ji Anshan faces the moon.

Xiang Yue hurriedly answers the call. After a while, several male colleagues come over and move all the things that don't belong to Ji Anxin's office back to Jiang Yishan's office and her sofa.

Ji Anxin watched the order volume of this week, and she slightly twisted her eyebrows. Several customers she had not settled before were all settled by Jiang Yishan.

It seems that she has made rapid progress in the last year.

At about 10 o'clock, outside Ji Anxin's office, Jiang Yishan stepped on high-heeled shoes and walked in with a swing at the door.

"Oh! Come back! Have a good time? " Jiang Yishan sat in front of her, a proud expression, "see my achievements! I've got all the customers you didn't get before. "

Ji Anxin squints at her, "can you tell me, what kind of means did you use?"

Jiang Yishan's face changed coldly. "I don't need to tell you by any means."

"I want you to use formal means, not illegal ones." Ji Anxin is to understand Jiang Yishan's past. She likes to use some illegal skills to let those customers sign contracts and achieve cooperation.

For example, let female staff go to accompany wine.

Jiang Yishan's face was taut. "As long as George, our boss, gets the result, which means should I use? As long as performance comes up, it's skill, isn't it? "

Ji Anxin didn't want to argue with her about these things, she said, "I'll tell George to transfer you back."

"No, George has promised me to stay and help you. In addition, my current position is general manager. According to George, you can't care about me. In the future, we will compete in performance. At that time, your position as vice president may give way."

After that, Jiang Yishan wriggles away. Now Jiang Yishan is half dead to Shen Rui, but she is choking her breath. She must report that she has stepped on discipline.

Jiang Yishan just walked to the door. What happened to her? She closed the door again and said around her arm, "I heard that Huo Qiang, your former prime minister, has become a vice president. Ji Anxin, don't you kneel and lick the past to make up for it?"

Chapter 797

"Get out." Ji Anshan's face sank, pointing to the door and shouting.

Jiang Yishan looked at her expression, she immediately left in a good mood, out of the door, Jiang Yishan's eyes flashed a malicious intention.

When she returned home this time, she was interested in Ji Anxin, the vice president. She wanted to come over and sit down. But now, Ji Anxin has a vice president beside her. She feels threatened, no matter what.

She won't let Ji Anxin and the Vice President be together again, otherwise, she won her position, and feel no sense of achievement.

Unless she and Huo can't be together.

Ji takes a deep breath and keeps working again.

Jiang Yishan's existence, on the contrary, made her recently slack working state, and began to fight high.

A week passed in a flash.

Jiang Yishan is still exercising her rights in the company. She has directly promoted a female assistant to do everything for her. Moreover, there are several public relations ladies in the company, who usually entertain guests.

Jiang Yishan asked the personnel department to recruit three more, and all of them were high-ranking beauties, and the salary was twice that of the current employees.

She is eager to take over the orders in the company, and her performance is indeed high when she takes over, but the means she uses is that Ji Anxin can't do it.

That is to say, the beautiful women she recruited used beauty to do things. Except that some of the senior female managers were from Ji Anshan, other male guests, Jiang Yishan, were able to steal them all.

There is a sense that the company's performance has been improved, but it has directly lowered the company's principles and bottom line. Moreover, it is explored at the edge of the law, and it may happen one day, which Ji Anxin does not want to see.

She responded to George, but what George wanted more was performance and benefits. He let Ji Anshan open his eyes, close his eyes, don't take care of Jiang Yishan, let her act on her own.

Ji Anxin is also depressed.

Shen Rui seldom came here, especially this week, Ji Anxin only received a few greetings from him.

Maybe it was the last time Hodgson answered her phone! Ji Anshan really doesn't want to hurt him.

She took a deep breath and felt that she should invite Shen Rui to have a meal. At the same time, she also wanted to talk with him. It's not the way to let him go. He must go out of his current situation and find his life.

Ji Anxin stands on an unmanned balcony of the company and dials up Shen Rui's phone.

"Hello, peace of mind?" Shen Rui looks very happy.

"Shen Rui, do you have time at noon? I want to invite you to dinner. " Ji Anxin asked him.

"Yes! Which restaurant? You book a seat and I'll be there on time. "

"Good! I'll send you the restaurant address later. " Ji reassured himself with a smile.

At a corner nearby, Jiang Yishan is holding a cup of coffee and clenching her teeth. Unexpectedly, Ji Anxin and Shen Rui are so intimate.

So, hocheon knows?

Ji Anxin goes to Xiangyue and asks her to reserve a place in a nearby restaurant. An assistant of Jiang Yishan comes up and hears the name of the restaurant. She quickly reports it to Jiang Yishan.

Ji Anxin set out to have lunch with Shen Rui, and Jiang Yishan immediately disguised herself and went to the restaurant. She went out with a female employee, and prepared a camera for taking photos.

She wants to record the pictures of Ji Anxin and Shen Rui. If she has a chance, she must give them to Huo Qiang.

In the restaurant, Ji Anxin arrived first, and Shen Rui soon appeared. He looked thin.

"What's the matter with you recently?" Ji Anxin asked with some concern.

"It's nothing. Maybe I'm working overtime. I have some difficult projects." Shen Rui's eyes flickered, obviously speaking flustered.

Ji Anxin can't help loving him. Is it because of her?

After ordering, Ji Anxin said to Shen Rui, "Shen Rui, I want to talk with you about our affairs. I think you really need to find a girl suitable for you. Don't wait for me anymore."

"What? Can't I wait? " Shen Rui asked with a bitter smile.

Ji Anxin sighed, "I'm not worth it. I don't even know what kind of life I will choose in the future. In short, don't wait."

Shen Rui's eyes are very affectionate at the moment. He is looking at the woman in front of him. All the charm of her body is attracting him, like a demon.

"Peace of mind, I don't want to trouble you, but I really can't like others." Shen Rui bowed his head, and it was painful.

Not far away, Jiang Yishan looks at this side with resentful eyes. Although she can't hear what they are talking about, she can see that Shen Rui is very painful. He likes Ji Anxin and loves her as deeply as she is abused.

But Ji Anxin doesn't love him, but always dominates his heart. Jiang Yishan used to love Shen Rui very much. Now, she is dead hearted and unwilling at the same time.

Turn love into hate, which is not vented on Shen Rui, but on Ji Anshan."Shen Rui, don't do that. I really don't want to see you wait like this." Ji reassured.

Shen Rui suddenly reaches for her hand and holds it. "Peace of mind, that is, you don't want me to wait. Shall we be together?"

Ji Anxin stared at Shen Rui's affectionate look. She knew that she was only a friendship between friends, a good friend's affection, but she could not reach the lover's affection.

This kind of friendship can be said to be sincere, not love.

Ji Anxin is now rational and mature. She knows what kind of feelings she wants. She also foresees that a marriage without love will not be happy.

"Shen Rui, don't do that." Ji Anxin gently advised.

Shen Rui immediately let go of her hand and said with a wry smile, "I'm sorry, I'm out of control."

"Eat first!" Ji relieved and sighed.

Both of them have no appetite. After eating, they arrive at the parking lot. Their cars are together. Not far away, Jiang Yishan is wearing a hat, sunglasses and masks. She looks at the men and women walking together in front of her. She can't help being jealous. This is the underground parking lot. The light is dim.

Shen Rui's mood is really fierce today. This week, his mood is very bad. He has insomnia, anxiety and panic, because he has a fear that he will lose his peace of mind forever. He knows that after guarding her for so many years, he will always return to Huo Qiang.

This kind of feeling makes his nerves a little tense. At this moment, under the light of the parking lot, some of his feelings are a little strong. He suddenly takes Ji Anxin and presses her on the pillar beside him. He says in a hoarse voice, "Anxin, I really like you. Will you marry me?"

Ji Anxin was shocked. She didn't expect Shen Rui to use this way. She urged her, "Shen Rui, don't do this, let go."

"Peace of mind, I like you I really like it. " Finish saying, Shen Rui hugged Ji Anxin tightly.

Not far behind Jiang Yishan's watch, the camera immediately turned on, and he was recording towards the dim post in the dim light.

Ji Anxin's struggle is blocked by Shen Rui's back. The two people seem to be kissing.

Ji Anxin was so caught that she couldn't breathe. At last, she pushed away Shen Rui, who had lost her sense, and called him, "Shen Rui, don't do this, calm down."

Shen Rui wakes up as soon as she shouts. Suddenly, he slaps himself, "peace of mind, I'm sorry, I'll die."

"Go back! Drive carefully. " Ji Anxin finished, opened her door and sat in, her mood was also disordered.

Shen Rui's appearance just now scared her.

Shen Rui sits in the car and watches Ji Anxin's car leave. He is upset and blames himself. How could he hurt her just now?

In the other car, Jiang Yishan's chest heaved with anger. Unexpectedly, she was stimulated again, and Shen Rui was turned down. But what about her? She confessed to Shen Rui several times that she liked him, and he refused her rudely.

The most painful feeling is that I love you, you love her, she loves him.

Go around, but no one can easily get happiness.

Jiang Yishan goes back to the company and arranges the photos. Now, she thinks about how to get Huo's phone number and send the videos to him.

Let him know that Ji Anxin and Shen Rui have already had an affair. Will he still insist on loving a woman who betrayed him?

Jiang Yishan knows that to get Huo's personal phone number, you should only find it from Ji Anxin's mobile phone.

Maybe she still has his phone number. Jiang Yishan is thinking about how to get her mobile phone at the moment.

However, it's not too hard, as long as Ji Anxin leaves the office without her mobile phone, she can get it.

Chapter 798

Jiang Yishan has no idea about her work. Now she just wants to get Huo's mobile number and send the video to him, even if Huo finally finds out that she sent it to him.

Then she did a good thing. Huo Qiang shouldn't do anything to her.

Jiang Yishan asked one of her female subordinates to find an important thing and report it to Ji Anxin. Ji Anxin heard that a customer had a problem and immediately followed the employee out to check the information in her position.

Jiang Yishan immediately took the opportunity to appear at the door of Ji Anxin's office. Xiang Yue immediately stopped her. "President Jiang, Ji is not here."

"I'll send you a copy." Jiang Yishan glanced at the moon and pushed the door in.

Xiang Yue has no right to stop her, so she silently prays for Ji Anxin to come back.

Jiang Yishan sees Ji Anxin's mobile phone charging nearby. She immediately grabs the phone and prepares to crack Ji Anxin's password.

Jiang Yishan thought of ways, she thought, will Ji Anshan's password be her daughter's birthday number?

Just as Jiang Yishan remembered Ji Anxin's birthday time for her daughter, she input it several times in a row. When the fourth time, the screen of her mobile phone was unlocked. Sure enough, Ji anshin's heart is her baby daughter.

Jiang Yishan quickly flipped Ji Anxin's call record. She did it again. She didn't write the number of Huo Qiang's name. Didn't she save it at all?

Jiang Yishan is a very keen person. When she turns to a name that holds the name of a jerk, she immediately feels that this is hocheon's.

Because other names are people's names, only this one seems very special. She quickly copied it down, put Ji Anxin's mobile phone back in place, and she quickly went out.

Xiangyue saw her stay for a while, and when he saw her go, he didn't take anything away, so he didn't think much about it.

Jiang Yishan sat in the office nervously, unfolding the serial numbers. She picked up the company's landline and unplugged it.

Hello There was a low, addicted male voice.

"Er! Are you Xiaojin, please? " Jiang Yishan's clever question.

"I'm sorry, you've got the wrong person." The voice line at that end is cold.

Jiang Yishan can feel that this man's voice is full of magnetism in just two sentences of communication. It must be Huo Qiang.

Jiang Yishan bit her lips. Anyway, it's wrong! Send it to this number! She sent the edited two short videos directly to the information of this number.

Jiang Yishan has sent in the past. She has a sneer on her lips, waiting for Ji Anshan to be completely abandoned by Huo Qiang! Because she heard that Huo Qiang had asked for her before, indicating that she was still in love. Now, as vice president, Huo Qiang can still accept a woman who has a child and is cheating on another man?

Ji Anxin returns to the office, and Xiang Yue comes in immediately to tell her that Jiang Yishan came in just now. Ji Anxin immediately checks the data, the computer is locked, and the mobile phone is locked. She is relieved.

Huo Qiang is sitting in the office. He is signing the document. He hears the message jingle twice. Instead of picking up the document immediately, he carefully signs the document in his hand, and then he picks up his mobile phone to check it.

However, the information sent in, there is no language, only two short videos.

He points to open the first paragraph, and his eyes tighten sharply. In the 10 second video, Shen Rui and Ji Anxin are sitting in the dining room, while Shen Rui holds Ji Anxin's hand affectionately.

It's just this picture, which has made him short of breath. He quickly opened the second short video, and saw Shen Rui's figure tightly against Ji Anxin on a pillar in the dim light. Huo Qiang rose abruptly from his position.

It's like a knife stabbed him in the heart quickly, making it hard for him to breathe.

The last ten seconds of shooting makes Huo Qiang's heart tighten. Is Ji Anxin kissing Shen Rui in the garage?

Huo Qiang squints his eyes and bites his teeth, knowing that he has no right to be jealous.

But why is his heart so painful?

Huo Qiang holds the mobile phone and looks at the time. He immediately grabs his coat and prepares to go out.

"Where are you going, sir?"

"I'll go out." Huo Qiang doesn't know why. He wants to see Ji Anxin immediately. He wants to make sure whether she really decides to be with Shen Rui.

He went to the door and said to Li Rui behind him, "I'll give you a string of numbers now. You can check all the information of the number holders for me immediately and send it to my mobile phone at the first time."

Huo Qiang's motorcade went downstairs to Ji Anxin's company. Ji Anxin was calling several key employees to come in and chat, and her mobile phone rang.

She took a look and saw the name on it. Her face was a little startled. It was Huo Qiang's.

"Well, you go out first!" Ji Anxin said to his subordinates.

At the moment when they all left and closed the door, she picked up her cell phone and answered, "Hello, what's up?" "I'm downstairs." The voice line of Huo qi'ang was a little hasty.

"What?" Ji Anxin stood in front of the French window, a little surprised. "What are you doing downstairs?"

"I want to see you now."

"I don't have time. Can you not pick me when I am in the company?" Ji Anxin asked, not very angry.

"Then I'll come up." Hocheon knew that only in this way could she be forced down.

"You Don't come up. " Ji'an was shocked and stopped him.

"Well, then I won't go up, you come down."

"What can't you say on the phone?" Ji Anxin doesn't want to go on.

"No way." Hocheon insisted that she go down.

"What a trouble." Ji Anxin bites her teeth and hangs up the phone. She cleans up and prepares to go downstairs to see him.

At the moment, Huo Qiang, who is sitting in the back seat of the low-key black car, has sent a message to the owner of his mobile phone. The holder is Jiang Yishan, and the company Jiang Yishan works for is Ji Anxin's company, and is also the general manager.

Therefore, it can be seen that this woman has the purpose and means in mind. She probably stole Ji Anxin's number from Ji Anxin's mobile phone, and gave him the video to attract him to have a bad relationship with Ji Anxin.

But anyway, he should remind Ji Anxin to be careful of this woman.

Ji Anxin came out of the hall and saw three black cars parked under a shadow nearby. When she came, a bodyguard opened the door for her quickly.

Ji Anxin sits in and feels that a low pressure in the car makes her breathe a little. Where is this man offended?

"If you have anything to say! I'm not free. " Ji Anxin is really busy.

Huo Qiang looks at her. In the video, she is dressed today. His heart is choking and he doesn't say anything. He turns on his mobile phone and hands her the video at the back.

Ji Anxin twists Dai Mei, opens the video, and her head explodes. At a glance, she recognizes that the video is the one in which Shen Ruiqiang hugs her at noon.

"You How could you have it? You're taking pictures of me? " Ji Anxin is inexplicably angry.

"It's not me, it's someone who sent these two videos to my mobile phone on purpose. The woman who sent them to me is Jiang Yishan. She's from your company." Huo Qiang's eyes were a little scarlet and full of pain. He asked in a hoarse voice, "have you accepted Shen Rui?"

Ji'an's heart also hit hard. Although she was angry that Jiang Yishan had done such a thing, at the moment, what made her chest tighten was the expression of the man at the moment.

It's like loss and despair, and it's like pity and helplessness.

Although she knows that Shen Rui just hugged her out of control at that time, the shooting angle in the video is like they are hugging and kissing, which is very ambiguous.

At this moment, Ji Anxin's heart has been struggling. Should he admit this matter? If he does, he will not disturb her or interfere in her life.

She is quiet enough. This video can beat this man back better than any cruel refusal.

Huo qi'ang's heart has never had a sharp pain, just like the moment when she lost her five years ago, the feeling of heartbreak.

At this moment, he once again helplessly lost her. Such pain, once enough, once again, is a great torture.

Chapter 799

Ji Anxin didn't speak, but for men, it's no different from default.

His eyes were suddenly scarlet and locked in her eyes, full of pain. Finally, he closed his eyes, hoarse voice, "I wish you all the best."

Ji Anxin bites her red lips and tries to resist the urge to explain. She quickly says to the man, "thank you."

With that, she immediately pushed the door to get out of the car. Just as her foot stepped down, her eyes had been blinded by tears. She opened her eyes, straightened her shoulders and back, walked out of a relaxed and natural pace, and walked all the way into the hall.

She bumped into someone, because her eyes were full of tears, and she couldn't see the way at all.

The girl who was hit was angry and suddenly hit. As soon as she turned around, she found it was Ji Anxin. She was very busy and startled. "General manager Ji, are you ok?"

Ji Anxin droops her eyes and quickly puts her hand. She enters the elevator. There are two employees in the elevator. Ji Anxin can't help but close her eyes and say, "can I have the elevator?"

"OK, Mr. Ji." The employees were shocked. Ji Anshan had never been so sad.

Ji Anxin is biting his lips and holding back his tears. At this moment, he slipped into the corner of his eyes and finally let this man leave her world.

But why does her heart ache like this? No way! Ji Anxin thought he was ridiculous.

She pressed the floor of a conference hall. At this time, there was no one here. She could just be quiet.

Ji Anxin walks into the bathroom and looks at herself in the mirror. Her eyes are red and speechless. She suddenly smiles at herself and laughs at herself. Her tears fall on the corner of her eyes.

She took a few deep breaths, pulled a paper towel, and wiped away the tears in the corner of her eyes.

Finally, she returned to her original appearance, calm appearance, showing a strong momentum.

She lifted her long hair and stepped out gracefully. She walked into the elevator and went back to her office floor.

She went straight into Jiang Yishan's office and shook the door.

Jiang Yishan was shocked at once. She turned to look at Ji Anxin, who was staring at her coldly. She immediately smiled, "yo! How can I be so angry! "

"You stole the vice president's phone from my cell phone and dared to harass him. Jiang Yishan, you don't live impatiently, do you? He can sue you for disturbing his private life. "

Jiang Yishan's eyes really flashed a flash of fear. She did not dare to offend the powerful. "You You know, yes, Mr. vice president must be very disappointed with you! " Jiang Yishan said calmly.

"What's his disappointment? I have nothing to do with him for a long time. It's you. He didn't sue you. Fortunately, you dare to harass him next time. He shouldn't be so polite. Besides, we are a regular operating company. If you dare to violate the law again, I won't let you go." Ji Anxin finished, turned and left.

But Jiang Yishan was frightened by her words and clapped her chest. She felt that this was not the result she expected!

Isn't Hodgson angry? Shouldn't Ji Anxin be like a resentful wife? How could she not react at all?

Jiang Yishan bit his teeth, but he was not willing.

Ji Anxin returns to the office. When she closes the door, she leans her back against the door and feels a trace of strength pulling away from her.

Some have been hidden by her feelings, at this moment, wantonly rushed out, there is a most real, the most sad facts told her.

She still loves him, always.

At the moment, she still has a kind of pain of losing her beloved, but this pain, she must swallow.

Good, isn't it? Huo Qiang will not pester her any more, will not overbearing cancel her ticket, force her to live next door to him, will not go downstairs to her company and threaten her to go down.

Ji Anxin closed his eyes. He couldn't even shed tears. Only his heart hurt badly.

On the way back to the presidential palace, Huo Qiang watched the video again and again. The scene of kissing in the video was like the most miserable criminal law in hell, tormenting him.

Ji Anxin doesn't love him anymore. What could be more painful than knowing this?

Just then, his cell phone rang. He looked at Li Rui and answered in a hoarse voice, "hello."

"Sir, there's an emergency meeting for your abbot. Where are you?"

"On the way back, prepare information for people!" Hocheon's quiet order.

"OK!"

Hung up the phone, he rubbed his brow, his work, he dare not neglect, no matter how painful emotions, can not be brought to work.

In the evening, Ji Anxin came back home and saw her daughter. Suddenly, she felt a burst of tears. She crouched down, hugged her daughter and apologized to her in her heart, because she would never have a father again.

Ji Anxin knows that as long as she explains, he will believe her, but it seems unnecessary.

Isn't it what she expects him to leave her and her daughter's life?" Mommy, your eyes are so red! What's up? Did you cry? " The little guy asked with concern.

"No, Mommy just came back with sand in her eyes. Mommy went to wash her face. You play for a while."

"Well!" Little guy, please.

Ji Anxin went back to the room, walked into the bathroom, bent down, and held a handful of cold water on her face. In an instant, from the water drops on her face, she could not tell whether it was the water drops or her tears.

On the first day, Ji'an went to work peacefully. On the second day, Ji'an went to work peacefully. She was like a person with a mask. In the company, she was still Gao Leng's vice president.

Jiang Yishan thought she could break Ji'an's mind. Unexpectedly, she just did something in vain and almost had a lawsuit.

Shen Rui had a meeting this morning. He sat in his office and his phone rang.

He thought it was work, so he took it directly. "Hello, what's up?"

"It's me!" The voice of Huo qi'ang was very tired.

"What's the matter?" Shen Rui's tone immediately cooled down.

"Be nice to her."

Shen Rui is slightly stunned. Even if he hasn't figured out why he said that, he should naturally say, "of course, I will love her for a lifetime, not worse than you."

"Good." Hocheon answered this sentence and hung up at that end.

Shen Rui ponders for a few seconds. Why did Huo Qiang suddenly call to say these words? Did he completely decide to give up Ji Anshan? Although he deserves to be happy. But she feels unworthy for Ji Anshan. She has loved him for five years and never forgot him. Now, this man has given up her.

Shen Rui thinks more firmly in his heart that he will eventually accompany her, protect her and love her.

In ji'anxin's company, Jiang Yishan recently got another big order. She is very proud and can show off in front of ji'anxin.

However, before she went out, she received a phone call from a young executive who had just hooked up with another company. The man said to her on the other end of the phone, "Miss Jiang, I'm kind enough to tell you that your company has been stared at by people from the judiciary."

"What? What's the matter? " Jiang Yishan was shocked at once.

"It seems that you have organized illegal prostitution for the benefit of the company to attract customers. Your company has been reported."

Jiang Yishan's face turned white for a moment. Isn't that what she did?

"What will happen?"

"Criminal responsibility, of course! Miss Jiang, you can avoid it as soon as you can. I'm kind enough to remind you! Don't forget to invite me to dinner next time. "

"OK, thank you." Jiang Yishan finished, hung up the phone, she was in a panic, her mind was full of jail, no way, she can't go to jail, right, this thing to Ji Anxin.

Jiang Yishan immediately called George and said that she wanted to transfer back to the Department immediately, but George didn't agree. Jiang Yishan said firmly, "I'll come back right away and give it to Ji Anxin. This is the company she is in charge of."

After that, Jiang Yishan clenched her fist in fear. In order to attract customers, she called a stage girl. Unexpectedly, it would be so serious that someone would report it?

Jiang Yishan's mind is in a mess at the moment, and she can't care about anything. She has to run away quickly. Any aftermath will be left to Ji Anxin to solve!

The company has her shares, she will definitely find a way to deal with it. Jiang Yishan wants to flee to foreign countries immediately. She booked the fastest flight, hurriedly went home to get her passport and went to the airport. She boarded successfully.

Chapter 800

Jiang Yishan left China. No one in the whole company knew. The next morning, Ji Anxin came into the company. The team leader led by Jiang Yishan came to knock on her office door.

"Mr. Ji, have you seen Mr. Jiang? We have been in touch with her since last night. "

Ji Anxin looks up at Jiang Yishan's subordinates, because Jiang Yishan's usual training and no respect for her as a vice president. At the moment, Ji Anxin's face is not very good.

"She's your boss. Don't you know where she is better?" Ji Anxin asked.

This group leader can't help but smile, "she is the general manager, her whereabouts, we can't all hold, Mr. Ji, please contact her for us!"

Ji Anxin, with patience, said, "OK, let's do something first! I will come to her. "

After that, Ji Anxin picks up her mobile phone and dials up Jiang Yishan's phone number, indicating that it is not in the service area. Ji Anxin contacts her with other communication methods, and Jiang Yishan still hasn't responded for a long time.

Ji'an could not help frowning, but even worried about whether Jiang Yishan had an accident. Ji'an thought to himself and contacted George.

"Why doesn't isan have your company? She called me suddenly yesterday afternoon and said, "if you want to transfer back to the headquarters, I'll ask her not to come back first. Are you upset?"

"No, we worked well together, but we can't find her now." Ji Anxin and Jiang Yishan did their own work, but they didn't get to the point of being rigid.

"Let's find her family then! Will she get drunk and not wake up? "

"OK, I'll find her." Ji Anxin answered, hung up the phone, and thought that Jiang Yishan was really working hard to surpass her in performance recently, but the way she worked was not recognized by her.

However, Jiang Yishan is too proud of herself. She only hears about it.

Ji Anxin is thinking about how to contact Jiang Yishan again. Suddenly the internal line at her desk rings. Ji Anxin immediately picks up, "Hello!"

"Mr. Ji, no, there are police coming. They are looking for you upstairs." The front desk lady was very anxious.

Ji Anxin immediately stood up. "What? Did they say anything? "

"No, just that they are routine work, we can't stop them!"

"Well, I see." Ji An's eyes flashed a little uneasy. She put down the phone and took a deep breath.

Two men in police uniforms walked into the big office and asked people about her office. The employee was surprised.

Ji Anxin also met him face to face. "What's the matter, two police officers?"

"You are Ji Anshan?"

"I am." Ji nodded at ease.

"Your company is involved in illegal and criminal activities. Please come with us." The police were very stern.

Ji Anxin's face changed a little. Suddenly, he realized that Jiang Yishan was gone. It seemed that she had already smelled the wind and chose to escape.

"OK, I'll take the bag." Ji Anxin said, went to Xiangyue, "find director Yang to stabilize the company, I'll go."

"Yes! General manager Ji. " Xiang Yue's face changed a little. "Mr. Ji, you can't do anything!"

Ji'an thought to herself. She wanted to contact Shen Rui, because she had a caregiver, but she felt that she shouldn't bother him any more. She could only recite any troubles by herself.

"Xiaoyue, if I can't come out for the time being, tell my parents that I'm on a business trip and don't let them know about it."

Ji Anxin tells Xiang Yue in a low voice.

Nod to the moon immediately, "OK!"

Ji Anxin, accompanied by two policemen, walked to the gate and got into the police car.

Ji Anxin from small to large, the first time to take a police car, this taste really can not say.

Jiang Yishan ran away cleverly, leaving her to collect her mess. Ji Anxin also knew that this matter must be solved, otherwise, the company would be finished.

Even if Jiang Yishan is here, she still has the responsibility that cannot be pushed away.

Ji Anxin was called to the police station to inquire about this matter, and the police also have a lot of information, all of which are recent incidents in which their company used improper means to seek interests.

Ji Anxin only thinks that Jiang Yishan just let his subordinates accompany customers to drink. Unexpectedly, it has involved Huo servant's sitting on the stage. Seeing the consequences of Jiang Yishan's unscrupulous measures for performance, even if she is extremely angry, she can only deal with it with her temper.

Moreover, Ji Anxin even confessed all these facts. In this matter, she didn't try hard to get rid of her own relationship. What she wanted was only the final result of this matter.

Jiang Yishan represents the image of the company, and as the superior of Jiang Yishan, she has the responsibility that cannot be pushed.

Police have also identified her as one of the main players in the incident.

Now, even if Ji Anshan is willing to defend herself, there is no way to help her. She is involved and cannot be avoided. Ji Anxin stopped at the police station that night, and Xiang Yue also found a reason to tell Ji's parents that Ji Anxin was on an urgent business trip, so that they would not worry about not sleeping.

Ji Anxin stayed in the detention house all night, waiting for the police to find Jiang Yishan and explain the whole thing clearly.

At this moment, it's winter time. In the cold prison, Ji Anxin is surrounded by her arms, trying to bear the cold. In her mind, at this moment, what can give her warmth is her daughter and her family. For them, she must face all these bravely.

This night, Ji Anxin was forced to close by. She didn't know how long it would take the police to catch Jiang Yishan back. At the moment, Jiang Yishan certainly didn't know which country to take refuge in.

As soon as Ji Anxin stayed here, two days passed. The police gave her cold proof clothes and night quilts. Ji anxiously felt worried. Her mood was not good, and her mental condition was not good.

On the part of the company, it made people panic, but because Ji Anxin has not come back, someone from the headquarters has come to deal with it, which is quite calm.

In the presidential palace and vice president's office in the early morning, Huo Qiang was suffering from severe insomnia recently, which caused his eyes to be bloodshot, but he didn't care a bit about

his work. Today, he is going to live by coffee again. He said to a female assistant, "give me a cup of coffee."

"Sir, you drink three cups of coffee every day. It's bad for your stomach. Would you like to have tea?"

"Coffee for me." Hocheon said.

"OK." The female assistant nodded her head and felt sorry for him.

These days, he lived in his villa. In the evening, he packed a lot of things before Ji Anshan and planned to return them to her.

The bottom line of Huo Qiang is that as long as she chooses her life, he will not disturb her any more, and when she chooses to be with Shen Rui, he can only endure suffering and bless her.

"Little Rui, take my things from the trunk to a place and hand them to someone."

"Your Excellency."

"Go to Ji'an's company, find her, and send my suitcase to her. "Huo Qiang would like to go by himself, but his identity will cause trouble to her.

"OK! I'll go at once. " Li Rui also knows that the reason why vice president has insomnia these days is Miss Ji Anxin.

Just after Li Rui left, Huo Ming came to Huo's office. He was a little old recently, but the eyes that showed ambition didn't fade.

He sat down and looked at his son in the opposite office chair. He seemed to be backing away. "OK, pray for your son. If dad doesn't take this project, we will not embarrass each other any more. But I want you to promise me one thing." Huo Ming's eyes are absolute.

"What is it?" Hodgson looked at his father calmly.

Huo Ming immediately asked him, "use my team, don't change people."

After hearing this, Huo Qiang almost had no room to think, so he refused, "I have given Fang Qirong full power to take over this matter, and I will not participate in any decision."

"You Your rights are entirely within reach. " Huo Ming looks at him angrily. He has made a concession in this matter. He also hopes his son can let him take a step.

Huo Qiang looked at his angry father calmly, "my right is not to do illegal things for you, that is, if you push me to this position, I will only do what I should do."

"You It's good. I've taught a good son. Am I proud of him? " Huo Ming was ridiculed by anger.
