

U. CEO Daddy 801

Chapter 801

There was a flash of disappointment in Huo Qiang's eyes. His father's inner world had been distorted because of being immersed in power. Everything was for his own interests.

"Dad, if you want, I can declare early retirement for you." Hocheon said to his father.

Huo Ming immediately stared at him angrily. "Who said I was going to retire? I'm still young. If you don't help me, I won't have your son. "

With that, Huo Ming hummed and left. Huo Qiang looked at his father's back. He twisted his brow. His heart was already riddled with holes. On the one hand, he lost his beloved, on the other hand, he was intimidated by his family. He could only bear it.

Iron man also has a moment when he can't support himself, but he doesn't want to show it.

Li Rui comes to Ji'an's company with the salute arranged by Huo Qiang. After registering at the front desk, he goes to the big office. He asks the person in the front cubicle, "Hello, where is Ji's office?"

"You're looking for president Ji? Ji is not in the company. "

"Oh! Didn't she come to work? "

"She..." The employee immediately covered his mouth and didn't dare to talk. He just said, "ask her assistant!"

Li Rui frowned slightly and walked to Xiangyue's desk with the box in his arms.

"Hello, are you Mr. Ji's assistant?"

Xiang Yue immediately stood up. "Yes, I am. Excuse me, are you?"

"I sent something to Mr. Ji instead of my boss."

"Who's your boss!"

"This can't be said." Li Rui said with a smile.

Although Xiang Yue didn't see him, the smell of his political status made him guess one or two things.

She suddenly came up to Li Rui and whispered, "excuse me, are you from Mr. vice president?"

Li Rui didn't expect the female assistant to guess, so he had to secretly nod his head, "is Ji always there?"

Xiang Yue's eyes immediately turned red. She bit her lips and said, "Ji Zong she..."

"What happened to her?"

Xiang Yue immediately goes to Ji Anxin's office door and opens the door to let him in. "Let's come in and talk."

Li Rui went in, put the things on the ground, and said to the moon, "this is the thing you sent back to Ji Zong. Take care of it instead of Ji Zong!"

Xiang Yue has no news of Ji's peace of mind in these three days, but she is worried. Now, she has finally found someone to help. Can vice president save Ji?

"This gentleman, can you take a word for Ji Zong! Very important. "

"Oh! What do you say? " Li Rui asked curiously.

"Mr. Ji has been caught in the police station and hasn't been released for three days."

Li Rui was shocked for a few seconds. "What? Is Ji always caught? What happened to her? "

"It's our company that has been reported illegal operation. In fact, it has nothing to do with our general manager Ji. Now that the general manager runs away, he will be arrested and interrogated. Can you let the vice president help him?"

Li Rui thought for a moment and said, "OK! I will report this to you. "

As soon as Li Rui left, he was relieved to the moon.

Li Rui came out, got in the car and immediately drove to the direction of the presidential palace.

Huo Qiang is processing the documents. Li Rui steps in and knocks on the door. "Sir, I have something to report to you."

"What is it?" Hocheon did not raise his head.

"It's about Miss Ji Anxin. I heard from her assistant that she was arrested in the police station."

The pen of Huo qi'ang's signature immediately slipped, and he looked up sharply. "What do you say? Make it clear. "

"When I was delivering something today, I heard her assistant say that because miss Ji Anxin's company had illegal operations, she was targeted by the police. One of the general managers ran away and caught Miss Ji Anxin. According to her assistant, it had nothing to do with her, but now she is under investigation."

"When did it happen?"

"Like three days ago."

As soon as Huo Qiang's face changed, three days? She's been in police for three days? Huo qi'ang breathed and said to him, "immediately find out which area of the police station she is in."

"Yes." Li Rui went to check it.

Huo's face changed, and Ji Anxin was locked up in his mind. She was locked up in the police station for three days, which shows how many crimes she suffered.

What is Shen Rui doing? Did he find a way to bail her out? Why leave her in the cold detention room?

At the moment, Ji Anxin sneezes several times in the detention room. She feels dizzy. In the past three days, she has been suffering from anxiety, lack of warmth and lack of food.

However, if the police did not catch Jiang Yishan, she could only continue to be detained as the principal offender, because this matter has involved criminal crimes.

Ji Anxin touched her forehead. She was frightened by the touch. Her forehead was very hot. Ji Anxin asked the guard, "Hello, I'm not feeling well. May I go to the hospital?"

"It's not comfortable."

"I seem to be getting hot."

"Wait a minute! In the absence of our director, we need to sign and wait for him to return to the Bureau. "

Ji Anxin's head was a little dizzy, so she had to sit down and wait.

In the presidential palace, Li Rui's information is still very wide. Ji Anxin's place of detention was immediately found out. Huo Qiang picked up the suit on the back of the chair and walked out quickly. Li Rui hurriedly followed him behind.

Hocheon's motorcade ran straight to the police station.

An hour later, Huo Qiang arrived without greeting. The vice Bureau received him. When he heard that he had come to bail Ji Anshan, he was shocked.

"Take a seat, Mr. vice president. I'll check to see if Ji Anxin can be released on bail."

"I want to see her now." Hodgson can't wait a moment. He wants to see her.

"Yes, this way."

Huo qi'ang followed a police officer to the front of a row of guard rooms. He pushed the door and walked into an office at the bottom of the floor. There was no air conditioning here. A cold feeling rushed in the corridor, which made people feel cold. Huo qi'ang's fist clenched violently.

When we got to the fifth room, the police knocked on the door to enter. Huo Qiang Wei leaned down and stepped in with a tall figure. He saw a door with iron bars beside the simple guard office. Behind the door, there was a figure curled up.

Ji Anxin's high fever came very quickly. In a short time, she was in a daze. However, the guards only thought that she was sleepy and sleeping, and ignored her. Huo qi'ang came to the door quickly, across the iron door, looking at the woman curled up inside. He could hardly believe it. This woman was Ji Anshan with high spirits. Some of her long hair was messy and could not see the expression clearly.

"Peace of mind!" He called out in a hoarse voice.

Ji Anxin heard someone calling her, and the familiar voice made her think it was an illusion.

How could he have come? In her trance, she heard a voice command, "open the door."

"Mr. vice president, we have no right to release prisoners."

"She's not a prisoner. She's not guilty." Huo Qiang's voice was low and firm, and he guaranteed her with his identity.

The police officer immediately went to open the door. When he heard the door, Ji anxiously raised his heavy head. As expected, he saw Huo Qiang standing outside the railing, and his eyes looked worried.

Ji Anxin is suddenly flustered and embarrassed. She didn't want to be seen by him under such circumstances. She doesn't open her face.

After the door opened, Huo immediately rushed in and held Ji'an, who was sitting on the edge of the bed, in his arms

Ji Anxin's body is just like a stove, which makes Huo Qiang's heart beat. He gritted his teeth and said, "she is ill. How can you still shut her down?"

The police officers were startled, and Huo Qiang stepped out with Ji Anxin in his arms and said to Li Rui, "take it to the hospital immediately."

"Mr. vice president."

"If there is anything for your sheriff to come to me, I will take all responsibility."

Huo Qiang dropped his words and took Ji Anxin to stride out of the door.

Just out of the door, the sun glared. Ji Anxin had not seen the sun for several days. Her eyes hurt so much that she could not open them. She hid her face in the man's arms.

Huo Qiang's heart ached so much that he held her tightly and walked into his car.

Huo Qiang hugged her and asked Li Rui, "go to the nearby hospital immediately."

"Sir, you have to consider your identity. Go to the Royal Hospital!"

"Good! Come on, she's hot. " Hocheon said to Li Rui.

He reached out and touched Ji Anshan's forehead. It was really hot.

"Why did you come? "Ji Anxin leaned on his shoulder and said weakly.

Huo Qiang was even more angry. "Why don't you come to me first when something like this happens?"

Chapter 802

Ji Anxin's brain is drowsy, and the warmth in the car, plus the man's broad chest, she didn't sleep much these nights, so in the man's low voice blame, she closed her eyes and fell asleep.

Huo qi'ang just finished scolding. He lowered his head to look at her expression. He saw her close her eyes and breathe a little fast, but she fell asleep.

Huo qi'ang immediately reached out and touched her forehead. He couldn't help but stretch out his hand to open the collar for her. Don't heat her.

"Well!" Ji Anxin reached for his hand and held it in his arms, as if it made her feel safe.

Huo Qiang holds her by the back hand, and his thin lips gently fall into her hair and kiss her. This kind of natural kiss is his habit.

Li Rui arrives at the hospital at the fastest speed. Huo qi'ang reaches for Ji Anxin and strides to the hospital. Someone recognizes his identity. He quickly leads the way ahead and leads Huo qi'ang to an office.

The doctor took Ji Anxin's temperature immediately. It was thirty-nine degrees eight and nearly forty.

"Mr. vice president, I will take immediate measures to cool down. You can wait outside."

Huo Qiang nodded and looked at Ji Anxin, who was lying in bed with red faces. He quit the office door and waited patiently.

The doctor infused Ji Anxin with liquid, and asked the female nurse to cool Ji Anxin physically, so as to reduce her high fever as much as possible.

Huo Qiang sat outside the door and waited for half an hour. He also asked Li Ruili to start to find out how the company broke the law and how serious the situation was.

Ji Anxin was awakened by the action of the nurse. She opened her eyes and saw the nurse patiently rubbing her neck and arm with alcohol again and again. She thanked her gratefully.

The nurse smiled at her. "How are you, miss?"

"I'm much better." With that, Ji Anxin sat up and the whole man was tired.

"And the man who sent me?" Ji Anxin remembers that Huo Qiang sent her here.

"Oh! Do you say Mr. vice president? He's waiting outside. "

Ji Anxin's heart is beating. Is he still there?

"May I have Mr. vice president come in?" The nurse looked for her.

Ji Anxin shakes her head. She is in a state of embarrassment.

However, immediately after the nurse went out with her things, an arm opened outside the curtain, and Hodgson stepped in.

Ji Anxin is infusing liquid. She has no place to hide. She can only look down at her eyes and not look at him.

Huo Qiang sits beside her. At this moment, he has no emotion but heartache in his eyes, and he will not laugh at her present embarrassment.

"You should have told me." Huo Qiang reproved some, she said earlier, she would not have suffered such a crime.

"It's not convenient for me to trouble you." Ji Anxin takes a deep breath, only to find that he is still in trouble every time.

"Your business is mine." Huo Qiang's eyes locked her in a deep and quiet way. "Why didn't Shen Rui bail you out?" This is hocheon's second complaint.

Even if he gave her to Shen Rui, why didn't he take good care of her? Let her suffer such grievances?

Ji Anxin's eyes flashed a fluster. She knew that the misunderstanding last time made him think that she was with Shen Rui.

Huo Qiang looks at her and stops talking. He immediately clenches his fist. "I can do for you what he can't do for you in the future."

Ji Anxin pursed his lips and smiled bitterly, "thank you."

This sentence is extremely polite, Huo qi'ang listens to it, his heart is beating with pain, he reaches out to hold her hand, "I don't care who you choose to be with, in my heart, you are the most important."

Ji Anxin's hand is drawn for a while. I don't know that it's because of her weakness. She has no strength after two strokes, so she has to hold it by him.

"Do you need me to let Shen Rui come here?" Huo Qiang asked her, in fact, he didn't want to, but he worried that she didn't like to see him. If Shen Ruilai would make her happier, he would.

Ji Anxin's face was slightly startled. She shook her head. "No, if you have something to leave, I can do it myself."

Huo Qiang's eyes flashed a smile, some pleasure, "I'm ok, I can accompany you."

Just then, his cell phone rang. He took a look at Li Rui's, and he picked it up. "How about it?"

Li Rui then said what he had learned at that end. Ji anxiously watched him wring his eyebrows and listening to the phone. She had a premonition that it was about her company. After hearing Li Rui's report, Huo Qiang received his mobile phone and looked up to Ji Anxin.

Ji Anxin immediately denied, "I didn't do it."

Inexplicably, I don't want this man to mistakenly think that she is a woman who does everything for money.

"Don't worry, I don't doubt you. I know you are a righteous and kind person. At least you won't do illegal activities." Ji Anxin sighs. She's really fed up with it these days. She also blames herself. In Jiang Yishan's behavior, there is no more interference with her, leading to the company's predicament.

"Don't worry. I'll help you with your company's business. I won't let your company go wrong." Huo Qiang said in a low voice.

Ji Anxin raises her eyes. At this moment, she really feels the most helpless moment in the past five years. However, what she can rely on is him.

"Thank you." Ji Anxin is grateful.

In Huo Qiang's heart, what he wants is not her gratitude, but to let her know that he is willing to help her, and she should take it for granted.

Ji'anxin's business is still at a quiet stage, but if ji'anxin doesn't show up again, the company will also fall into chaos. At that time, if this incident leaks out, the company will really fall into a bad reputation.

Jiang Yishan is still in the process of arrest. She had a look at noon today. It turned out that Jiang Yishan was afraid to hide in a very far National Town, because she found out several passports of her and the name of her travel, which was her trace.

Now, the police are communicating with the local police to catch Jiang Yishan back home as soon as possible.

Jiang Yishan, who is far away from home, did smell some wind. When she was going to get on the plane again and escape to other countries, she was arrested by the local police.

In China, Ji Anxin's liquid infusion is over, and the fever has subsided into a low fever. Huo Qiang is released on bail, and Ji Anxin can go home to rest.

Ji Anxin takes Huo qi'ang's car to the downstairs of the community. When she gets off, Huo qi'ang follows her uneasily.

Ji Anxin was so scared that he said to him, "get in the car and go back!"

Huo Qiang saw her worry in her eyes. His eyes flashed a light. Was she worried about his safety?

"Shall I take you up?"

"No, thank you. I can do it myself." Ji Anxin said, and she went home with her bag.

Huo Qiang sits in the car and watches her. Next, he needs to understand the situation of ji'anxin company and try to help her to the greatest extent.

However, in ji'anxin's company, there have been people who have been unfaithful for a long time. They sold the internal situation of ji'anxin company to an online media and obtained a profit. And the media company is going to burst out immediately, organizing news articles.

Ji Anxin returns home. The kid is still at school. His parents probably went for a walk.

Ji Anxin washes her hair and takes a bath, and cleans up the obscurity of these three days. She changes a clean dress and sits on the sofa beside the balcony, falling into a low tide area that has never been before.

She opened the email, her email was about to explode, and many of them were from some customers, George, and work mail.

Ji Anxin made a phone call to George, who was also worried over there. In addition, Chao asked Ji Anxin why he didn't check it properly and let Jiang Yishan make such a mistake.

Ji Anxin can only bear it. She remembers that she made it clear to George that Jiang Yishan broke the law. However, George said at that time that all interests are the best.

Now that there is such a mistake, George has put all the blame on her. Ji Anshan has nothing to say to her. Now, the most important thing is to see if he can keep the company.

Chapter 803

Ji Anxin also received a phone call from the police. Jiang Yishan was on the plane that was being held back home. He could hear the case soon.

Now, Jiang Yishan's subordinates have talked one by one, and the police have enough evidence. All these behaviors are Jiang Yishan's private criminal behaviors. Ji Anxin only holds a charge of being a superior and improper supervision.

Compared with Jiang Yishan's crime, she is only a joint and several person.

Later, the little guy came back. Ji Anxin disappeared for a few days. It was her happiest to see her parents and daughter not affected.

"Mommy, where have you been?" The little boy's tender voice asked.

"Mommy went on a business trip. I'm sorry. I didn't call Xiaoxiao."

"Mommy, I don't blame you. Grandma said," you work hard. You are all for me. " The little guy said wisely.

Ji Anxin's eyes immediately turned red, hugged the little guy, and kissed her fiercely on her face, "the baby is sensible, and Mommy is so happy."

In the evening, Ji Anxin is also worried about what news his parents will hear. Fortunately, his parents usually live ordinary people's lives and don't pay attention to things on the Internet. They still talk about some life locks peacefully.

In the evening, Ji Anxin sleeps with his daughter. When the story is finished, the little guy sleeps. Ji Anxin is leaning on his side, supporting his elbow, and under the light, he looks at his daughter's young face. Huo Qiang comes to mind.

Huoyuan is keeping a secret for her. She has not told the identity of her daughter to the Huo family.

Now, she feels that her heart is softening little by little, not as firm as before, probably because there are too many things happened recently!

In this period of time, what she felt most was the man's feelings for her. She thought that for five years, the feelings would not be so strong.

However, she can also feel that no matter how close she is to him, no matter how hard she resists him, there are traces of cracking.

Ji Anxin's heart is chaotic and complicated. He doesn't know how to face this man in the future, and how to decide that his daughter and him recognize this matter.

But she was really sleepy. Holding her daughter, she fell asleep safely.

Jiang Yishan was caught in the police station in the middle of the night, because Huo Qiang was following this matter, and the police stepped up the handling of the case. All night long, while Jiang Yishan had not been distracted, they gave her a violent knock.

Jiang Yishan had a weak heart. Facing the police's step-by-step inquiry, she had to make an all-out move.

Moreover, she admits that all these are her own ideas, not on behalf of the company's interests, she just wants to be ahead in performance, and even the money she spent to invite Miss Taitai.

The police turned the matter over to the legal affairs department to make a final judgment, and finally punished ji'anxin company.

Early morning.

Ji Anxin sleeps in a daze. The phone rings. She opens her eyes. Her daughter has been picked up by her parents and sent to school without waking her up.

"Hello, Xiaoyue." Ji Anxin picks it up.

"Mr. Ji, it's not good. Our company's business has been named and criticized in the newspaper."

Ji Anxin immediately sat up in surprise. "What's the matter?"

"Maybe someone told the media about it! Now our company is on the hot search list, all of which are vicious comments. " To the moon a face helpless way.

Ji Anxin has a long hair. Now, she is really in a state of anxiety. Moreover, she is still in the period of low fever.

She got up and took some antipyretics. She got a call from Huo CHIONG.

Standing in front of the floor to ceiling window, a low voice came from the man's ear, "you can let go. Jiang Yishan has already offered. It's all her responsibility. It should only be that she will make some fines to you and the company. Do you accept the result?"

Ji Anxin listened and said, "I accept it."

"Jiang Yishan should be sentenced. I saw your company's report this morning. You don't have to worry about it. You just have to do what you have to do. "

"I know, thank you." Ji Anxin's confused heart just now, inexplicably, became stable because of his words.

She must be strong enough to face up to all this. She will never lose the trust relationship, rebuild it, earn less and do more conscientious things.

"Peace of mind, are you ok? Is the fever gone? " Hocheon asked.

"Thank you. I'm much better. I'll treat you to dinner some other day." Ji Anxin invited, because the man helped her a lot.

That end Huo Qiang cannot help but smile happily way, "good! Any time. "

"Will you wait for me to finish this time?"

"No problem."

"Well, I'll go to the company first." Ji Anshan speaks.

"OK, go! Drive carefully on the road. " Hocheon exhorted.

"Well!" Ji reassured himself and hung up.

Warm sun sprinkled down from the window, kissed her face, Ji Anshan's heart, full of sunshine and warm breath, those beautiful feelings, at this moment, overflowed in her heart. This is the first time in five years that she and Huo Qiang have made such a peaceful phone call. They can't get back to their lovers, at least like friends.

Ji Anxin found that, give up to hate a person, the heart is not so tired, not so bitter.

Sometimes, to let go of others is to let go of yourself.

Ji Anxin drives out to the direction of the company. The company is in a mess. The employees are chatting in groups. They probably didn't expect Ji Anxin to appear suddenly. They are all shocked.

Ji Anxin came in, her eyes swept over the big office, and all the employees immediately returned to their positions. The dignity in Ji Anxin's eyes was still there. She went to the middle position, cleared her voice and said, "the difficulties of the company have passed. I have a great responsibility for such a thing. Through this thing, we should bear in mind the bottom line of the company, No We can set foot on the border again, otherwise, the consequences will be very serious. Jiang Yishan will be punished according to law, and our company will also suffer heavy losses. This is a lesson. I hope everyone will keep it in mind. "

Ji Anxin said this, and as usual into her office, toward the Moon said, "for me a cup of coffee."

Looking at other employees looking at each other inside, she said in a loud voice, "let's work! If you have any questions, you can come to me at any time. "

Ji Anxin returns to the office and receives a call from George. George's tone is very calm this time. Maybe he has also got the information. He only hopes that the company here can maintain its normal operation and the company's fines will be borne by the company's funds.

Ji Anxin hangs up the phone, and she immediately receives Shen Rui's call. At that end, Shen Rui's tone is urgent and concerned, "Anxin, are you ok! I just heard about the accident in your company. Have you been affected? "

Ji Anxin smiled at the moment," Shen Rui, thank you. I'm ok, just a warning and a fine. "

"Really? That's great. I'm scared to death. I thought you were going to be detained. "

"I'm fine. Don't worry." Ji reassures.

"I'm on a business trip, waiting for me to come back."

"Do you mind going on a business trip! There's nothing on my side. " Ji Anxin said to him that she and Shen Rui can be good friends, but they can't be like lovers, they can touch her heart.

Ji Anxin hangs up the phone and arrives at noon. She asks Xiang Yue to get some bread and so on. After eating, she buries herself in the mail again. At this time, her phone rings.

She picked it up and saw that it was Huo Qiang's, her heart was stunned, and she picked it up.

"Hello. I just got the news that the fine of your company is about five million yuan. You should be able to bear it. "

" thank you. The headquarters said that all fines should be borne by the company. "

"Have you taken the medicine?"

"Er! Not yet. " Ji Anxin was too busy to remember.

"I took the medicine as soon as possible. Other companies kept it, but my health collapsed."

"I'm not so vulnerable." Ji Anxin retorts.

"Is it? In my eyes, you are always a woman in need of protection. " Hodgson's voice is full of a kind of favor.

Ji Anxin's heart is slightly smothering. She can't resist the man's love talk.

"I'll hang up and read the mail."

"Well, I'll wait for you to invite me to dinner."

Ji Anshan is funny, "don't worry! I won't forget. "

"Then I'll rest assured."

Finish saying, two people did not hang up, Ji Anxin some embarrassment, just want to hang up, that end but quickly came a sentence, "Anxin, I love you."

Finish saying, that end hang up first, Ji Anxin is holding mobile phone, pretty face climbed up a blush unconsciously, what does this man say?

Chapter 804

In a private villa, Huo Ming sat on the sofa with a gloomy face, and all the people around him were the more powerful members of his party. At the moment, these people were all complaining about the recent events.

"Huo Ge, you said that we helped you so much before, and pushed your son to that position. What are our plans! It's just a little convenience! Now, don't mention the convenience, but also be suppressed, it can't be worse. "

"Right! I don't ask for anything, at least let's take part in this project! How long have we been waiting for this project? We are so tired to find this one and that one every day. At last, we are making wedding clothes for others. We are not convinced! "

"Hogg, you'd better give us a statement today! We all have no bottom in our hearts. We can't afford to waste so much energy! "

Huo Ming looks at one of his subordinates and complains. He is also very upset and depressed in his heart. He bites his teeth and says, "don't worry about it. I'll find a way."

"Huo Ge, do you think the ability of praying for ang is not enough! Do you want to take the opportunity to change up? " This opinion was put forward immediately.

After listening, Huo Ming immediately stared at him, "what do you say? How dare you question my son's ability? "

"I dare not. That's what I said. We all agreed to let your son go. It's just for the convenience of all of us!"

Although Huo Ming is very angry with his son's actions, at the same time, he does not allow others to destroy his son. He will not help them, but his achievements are excellent.

"You all wait for my news! It's not settled yet. I'll talk to my son. Go back! " Huo Ming waved them away.

At this time, in the vice president's office, Huo Qiang has a list in his hand. This is the person under his father. After Huo Qiang has listed this list, he gives it to Li Rui beside him, "follow my plan."

"Are you sure you want to do this, sir? Do you know the consequences of doing so? " Li Rui looks at him worried.

"I know. I'm waiting for the result." "I'm the only one who can do this," he said firmly

"If you do this, your relationship with your father will be completely broken."

"I'm already ready. I can't let him go on wrong again. I can't be soft hearted." Hodgson closed his eyes. "Go! Just check it out and give me the results as soon as you finish. "

Li Rui nodded. "OK."

"I personally selected the team this time, and all of them are my people. You can do it at ease, and I will take any responsibility." Huo Qiang's eyes are like a sword out of its sheath, cutting off all obstacles ahead.

At the moment, Li Rui's eyes flashed with adoration, holding the document in his hand, and he turned away.

A secret war began quietly.

In Ji'anxin's company, she has signed the fine and fee contract. This incident is a complete one. However, because of her company's external reputation, she fell into a low period, so that the company's orders almost fell all the way. Even though she declared that this incident was Jiang Yishan's personal behavior, it caused irreparable reputation for the company Loss.

Because the company's prospects are not so good, many employees want to leave.

And Jiang Yishan's team has been cleared by Ji Anshan. At this moment, the scale of the company has shrunk immediately.

Although Ji Anxin had some big heads, he had to carry them down and decided to start from scratch.

Even though the company's orders are in the doldrums, Ji Anshan's work has also made a rest. On the contrary, she has more time.

In the past, the company had a lot of orders, so she had to work overtime at home. Now, her leisure time is very sufficient. Winter has arrived. The summary report of this year looks decent. At least before Jiang Yishan came, the company was in a very good profit state.

Ji Anxin is wearing a high collar Khaki sweater and a long black buttock skirt under her. Her slim body makes her look like a fashion model in hardcover and become a scenic spot.

In the company, she is still the goddess in the eyes of male staff, she is like the flower of kaolin, which can't be picked.

Ji Anxin's heart has never forgotten an agreement that she owes Huo Qiang a meal.

She wanted to return it.

Ji Anxin picked up his mobile phone, thought about it, and first sent a message, "are you free at night? I want to invite you to dinner. "

Ji Anxin didn't think that he would return immediately. However, the man came back with a phone call.

Ji Anxin was shocked by his phone. She took a deep breath in her hand and answered, "Hello!"

"I'm free in the evening." The man at that end replied in a low voice.

"Oh! OK, I'll book the restaurant! Where do you usually eat? " Ji Anxin thought of his identity, not any restaurant can please.

"Just be quiet.""But don't you need to avoid your identity?" Ji Anxin is concerned about his safety.

"Yes." The man at that end replied.

Ji Anxin's heart was startled, and she wondered, "in that case, how can I invite you to dinner?"

"You don't have to invite me to dinner. You can cook a dinner for me. Go to my house." It seems that men have already got the arrangement.

Ji Anxin's beautiful eyes slightly gaped, "what? To your house? "

"Yes! How about going to my house and cooking for me? "

"I..." Ji Anxin hesitates. If you go to the restaurant, it's OK. But when you go to his house, you're alone with him?

She was worried and afraid, even if she didn't know where to worry and what to be afraid of.

"I've done something recently. I'm in a tight spot. I'd better not go out for dinner! Just line it up! You'll buy some food and cook it in my house tonight. " Hocheon made the decision.

Ji Anxin's heart strings have been tightened a little. His current work, indeed, has a very big goal, and it is also very dangerous.

"All right!" Ji Anxin sighs. She can only do this. She can't let him be in danger!

That end of the man seems to be satisfied with a low smile, "I buy anything, I eat."

"I'll see to it." Ji Anxin replied, "what's missing in your family?"

"Everything seems to be in short supply. It has not been cooked for a long time. Do you want me to ask my assistant to help you?"

"No, I'll buy it myself." Ji Anxin said a word.

"Good! See you in the evening. I'll work first. " Huo Qiang finished and hung up.

Ji Anxin took her mobile phone and left for a while. Suddenly, she thought of one thing to do, which was to make a shopping list quickly. Otherwise, if she missed anything, she would not be able to make a good dinner.

Ji Anxin took half an hour to make a shopping list. After making a long list, she couldn't help laughing at herself. How free is she?

Ji Anxin went to a large supermarket nearby at about 3pm, started to push a cart, compared with the shopping list, and began to buy things.

This kind of time, leisurely and complacent, not anxious but not slow, walking between the colorful shelves, shopping time, really beautiful.

Ji Anxin is seriously preparing for this dinner tonight.

Ji Anxin made a phone call to his mother at five o'clock.

"Mom, I don't go home for dinner at night."

"Good! Who are you eating with! And Shen Rui? " The voice of Duan Jimu is very curious.

"Er! Friends. " Ji 's eyes flashed with the color of heart deficiency.

"It's not Shen Rui! I haven't seen him for several days. When can I invite him home for dinner? "

"Mom, between me and Shen Rui, it's not what you think. We are just pure friends. Don't worry about it." Ji Anxin explained to his mother.

"Peace of mind, Shen Rui is not bad! What do you have to choose from him? Or has your heart not forgotten the man? I won't allow you to have any more dealings with him. What did he do in those years and what did his father do to you? " In Ji Mu's tone, she is very dissatisfied with Huo Qiang.

Ji Anxin's eyes flashed a bitter, "Mom, you take good care of Xiaoxiao, I try to come back early."

"Good! You also make more friends. You are old and old. It's time to hurry up. It doesn't matter if it's not Shen Rui. As long as you like it, mom will accept it. " After that, Ji Mu added, "in addition to Huo Qiang, even if he is now vice president, I am against it."

Chapter 805

"OK, mom, I'll hang up first." Ji Anxin responds in a hurry, pushing the cart and strolling around the supermarket aimlessly, forgetting what he needs to buy. Trance of the extreme.

Mother's objection is not unreasonable. Huo Ming was really too much at that time and hurt his parents' heart, which made them so exclusive.

Ji Anxin sighed. The situation seems more complicated now than it was five years ago.

She thought, after finishing this meal for this man tonight, she'd better live her own life in the future!

Ji Anxin bought everything, went to the front of the car and put it in. She sat in the car and got through the phone of Huo Qiang, which was answered quickly.

"Hello!"

"Are you at home? I'm starting from the mall. "

"Well, at home, come here!" The man at that end also attaches great importance to this meal tonight.

Ji Anxin's car immediately left the mall and went straight to his home.

It took her more than an hour to get to the door of his house when she was in the peak of downhill. Ji Anshan's sports car slowly drove into the iron door opened for her.

Arrived in the yard, only saw under the winter afterglow, this man a suit, slender stood there waiting for her.

Ji Anxin's heart was suddenly shocked, because five years ago, such pictures often happened.

He stood at the door, waiting for her like a handsome statue. When she came back, no matter what she was holding, he took over at the first time. Ji Anxin stops the car, pushes the door out, the man has arrived in front of her, hooks the lip toward her to smile, "all bought what?"

Ji Anxin opens the trunk, and Huo qi'ang reaches into it with both hands. He lifts the two heavy bags

Ji Anxin follows him with the lighter things in the center of his hand and enters the living room. Huo qi'ang puts the things on the counter in the open kitchen. He turns around to pick up what she has. Ji Anxin hides for a moment, "it's not heavy."

Huo qi'ang went to the water fountain, took a cup and brought warm boiled water to her, handed it to her, "drink water."

Ji Anxin is really thirsty. She takes it and drinks it. At the same time, she raises her wrist and looks at the time on the watch. It's six o'clock. She can start to be busy. After Ji Anxin put the cup down, she began to take things out of the bag.

"Don't you have a rest?" Hocheon said to her.

"No, I'm not tired. Cook early!" Ji Anxin finished, and continued to take the food and kitchen supplies in the bag.

Huo Qiang comes to help and stands beside her. He reaches for what she is holding and puts it.

Ji Anxin's heart has a feeling of being collided, because such a picture, five years ago, was repeated here.

So, that's why she's afraid to come here. She's afraid to recall more memories here, because for her, these memories are like poison spreading in her mind. She's afraid that she's poisoned by this man again.

Huo Qiang's heart is also very contented. He cherishes every moment with her, just like at the moment, she is around, and his heart is satisfied.

After Ji Anxin has sorted everything out, Huo Qiang can't help praising, "you really have to buy everything."

"I made a list for fear of missing it." Ji Anxin tells the truth.

Huo Qiang suddenly chuckled, "it seems that you also attach great importance to this meal with me."

Ji Anxin glanced at him. "You have helped me. I should do these things."

Huo qi'ang shrugged his shoulders and said, "I'm willing to do this. I don't need you to repay me anything, as long as you don't refuse me for thousands of miles."

Ji Anxin pretends not to hear. She is putting several packages of materials into the cabinet. Because of the height, she needs to weigh her feet. Her whole waist is thin and charming. Because of her action, her figure is perfectly presented.

The man next to him swallowed his saliva immediately after watching it. He didn't have to measure it. He knew how thin her waist was.

Ji Anxin felt a pair of eyes behind her when she finished putting things. She immediately turned her head and stared at her.

"What are you looking at?" Ji Anxin is a bit defensive.

Hodgson couldn't help laughing at her actions like this. "What are you afraid of?"

Ji Anxin just thought he was bored. She stood in her waist and thought about how to start. Huo Qiang looks at her elite dress, but he is willing to cook for him. He feels more lovely.

Ji Anxin goes to the bag, picks up a rubber band, and pulls up a long curly hair at random from the back of his head. Some of the hair that falls off by his ear, no matter how beautiful it is.

Huo Qiang's heart suddenly moved. He couldn't control himself. He walked behind her. Ji Anxin didn't know what he was going to do. At her waist, the man's hands were tightly encircled. His chin was on her shoulder.

"You Let go. " Ji Anxin was immediately nervous about his marriage.

Huo qi'ang didn't let go, but hugged more tightly. He said in a hoarse voice, "no let go." Ji Anxin was a little annoyed. "Do you want to have dinner or not?"

"Yes! Want to eat you Done. " Huo Qiang said the words, otherwise, the meaning would be ambiguous.

Ji Anxin recognized that he was intentional. She struggled for a while. "Huo CHIONG, don't do this, or I won't do it."

Huo Qiang is also afraid to let her go. He has to let go of his hand and stand beside her, squinting at her.

Ji Anxin looks at him calmly and faces him face to face. She warns, "I'm only grateful to you. Don't think about it. I can repay you or give you some material rewards."

Huo Qiang clenched his lips and shook his head. "For me, the best reward is that you manage me and don't refuse me any more."

Ji Anxin turns around. "Now I don't hate you. We can choose to be friends."

"I don't want to be a friend," he countered in a deep voice

Ji Anxin chuckles, "OK! Then be a stranger! "

Huo Qiang immediately stared at her angrily, "you know who I want to be."

Ji Anxin immediately stopped laughing, turned around, picked up the vegetables and began to be busy, and said to him, "I need a little time, you can go to rest."

Hodgson went to her side. "I don't rest. I'll help you."

"No need." Ji Anxin refuses.

Huo Qiang ignores, and stays beside her. Ji Anxin cleans rice and cooks rice. This man is already picking vegetables skillfully. Ji Anxin looks back. He holds his white shirt and carefully picks vegetables, which makes her lose her mind for a few seconds. When she came back to her senses, her pretty face began to glow.

Ji Anxin came to him, took his dishes and began to cut them.

Huo qi'ang is at her side, enjoying her when she has nothing to do. However, their cooperation seems so skilled. What she wants, Huo qi'ang can see through in the next second and hand her the materials she wants.

This feeling makes Ji'an's heart beat unsteady, and her mind often wanders. When Ji'an is cutting vegetables, she feels a pain in the fingertip of her left middle finger because of this wandering.

"Hiss..." Ji anxiously cried out in pain, lowered his head and cut her finger.

Although it was only a small blood mouth, the blood still came out. Huo Qiang's eyes flashed a touch of heartache, immediately grasped her finger and rushed to the side. Ji Anxin was calm, but the man said to her, "I'll get the gauze for the water."

Ji Anxin nods. Huo Qiang comes over with the medicine box in a short time. Ji Anxin's finger is held by him, and he covers it with hemostatic cotton. After stopping the blood, he wraps it with a soft gauze and wraps it up.

Ji Anxin's eyes suddenly moistened slightly when the man seriously bandaged her small wound, and her eyes drooped to cover her mood.

When she raised her eyes, the moisture of the fundus was hidden by her and became clear and calm again.

Huo Qiang looked at the wrapped fingers, and he looked up and fell on her face painfully, "you go to rest! I'll cook. "

Ji Anxin, shaking his head, said, "I'm ok, I can still."

"What's the best? Sit down for me. " Huo Qiang suddenly swears.

Ji Anxin was stunned for a few seconds and frowned, "then I will help you!"

Huo qi'ang, however, reached for her shoulder and took her to the direction of the sofa. Ji'an was speechless, so he pulled her to the side of the sofa. As soon as he pressed his hands, she sat down, and the handsome face of the man immediately bent down, close to her.

Ji Anxin couldn't help thinking of the last kiss. Her breath was smothering, and she blinked in panic.

Huo qi'ang didn't kiss her lips, but quickly branded her forehead, "wait."

Chapter 806

A meal is clearly Ji Anxin's chef. At last, it falls into Huo Qiang's hands. Ji Anxin sits on the sofa and listens to the sound of men cooking on the stove. She holds her forehead in some depression.

In this case, is it still his meal?

The night outside the window has come quietly. Ji Anxin is sitting on the sofa. Everything around is the same as five years ago. Even the sofa is old, and the man hasn't replaced the new one. The hanging pictures on the wall are all old materials. One of them is the maple leaf she picked up from the trip with him when she graduated from college. They finished together. It's a handmade painting.

The picture frames are all made of materials bought by this man. Ji Anshan is at the moment, and the old things in his mind flow in like a flood, and the voice of the man cooking.

Make her close her eyes, as if it was one night five years ago, she was laughing and making noise, he was doting on it.

Just then, a low magnetic voice came, "you can eat."

Ji Anxin opens her eyes and looks at the dishes on the table. She stands up. The man's cooking skill is not unfamiliar, and the smell of the dishes is appetizing.

Ji Anxin feels hungry. She can eat two bowls. When she sees Huo Qiang cleaning up the kitchen, she is ready to go to get the bowls and chopsticks.

Hocheon, sensing her coming, immediately turned and stopped her. "You sit, I'll come."

Ji Anxin had to stand around his arm and watch him busy. She bit her lip and asked, "does this meal count?"

Huo Qiang asked with a smile, "you decide."

Ji Anxin's conscience is still too strong to pass. She must have cooked this meal. She had to take a breath, "OK! No, I'll keep asking you next time. "

Huo qi'ang naturally was willing to. He untied his apron and brought a bowl of rice. Ji Anshan was like a child being served. This kind of scene often happened in her home.

She did all her daughter's meals properly.

Now, she has become a daughter.

Ji Anxin took the meal and said thank you, which was not polite, because she was really hungry.

Huo Qiang looks at her eating, and there is a look of expectation in her eyes, "is it delicious?"

Ji nodded reassuringly, "Well! Yes. "

Huo Qiang can't help smiling smugly. He starts to eat too. It's cold outside the window in winter night. In the room, the air conditioning and heating are turned on. It's warm.

When eating, the atmosphere is very quiet, Huo qi'ang's eyes sometimes fall on the opposite woman who is serious about eating.

"How is the company now?" He asked with concern.

"reputation is damaged seriously. What orders are there?" Ji Anshan answers truthfully.

"Have you thought about how to revive the company?"

"I can't make plans until I get through this year. Let's go back to this department!" Ji Anxin doesn't care. She hasn't had a good free time in the past few years. Now, the free time is very good.

"So you're leaving?" Hodgson's face changed a little at once.

Ji Anxin felt his tension obviously. She narrowed her eyes. "I don't know yet."

Huo Qiang's eyes locked her in a deep way, pleading, "peace of mind, don't go, stay at home."

Ji anxiously looks at him with a thoughtful look in his eyes. "Do you think we still have a chance?"

Huo Qiang looked at her firmly. "I'll wait for you in place as long as you want."

Ji Anxin couldn't help laughing at himself. "Does your father agree? Do you think he will allow us to be together? "

"It's my business, nothing to do with anyone." Huo Qiang's tone is firm.

Ji Anxin's eyes are down, which makes her mind unclear.

Huo Qiang didn't wait for her answer. He sighed a little, "don't worry, let's take our time."

Ji Anxin was full. She put down her chopsticks and said, "I'll go first."

Huo Qiang immediately got up. When she took the bag, he reached for her wrist and pleaded, "don't go, stay with me."

Ji Anxin put his bag down and looked at his watch. "I'll leave at half past eight."

Now, it's just past seven thirty.

Huo Qiang can't plead any more. He's very happy that she can stay.

Huo Qiang tidies up the dishes on the table. Ji Anxin wants to help. Huo Qiang doesn't allow her to touch them.

Ji Anxin had to sit on the sofa and pick up a book beside him to read.

Just as she opened it, she automatically turned to a page holding the photo. Her breath was slightly smothering. In the photo, there were two of them. Two young faces just left the school. They were young and energetic. She held his neck and looked up at him. Huo Qiang sniffed her hair. This photo was taken by a classmate.

Ji Anxin gathered his long hair and looked at the picture.

On the side of the dishwasher, the man's eyes also looked over several times. He knew that she was looking at the picture. That picture is his most precious. He often takes it out to have a look when he is reading.

In that picture, Ji Anshan's smile is sweet and lovely, and his eyes are full of love.

Ji Anxin put the photos back and stopped reading. She just had too many problems in her heart and fell into meditation for a while.

Huo Qiang finished washing the bowl and sat next to her. He picked up the book, turned out the picture and enjoyed it tenderly.

"What are you keeping these pictures for?" Ji Anxin said to him with a bitter tone.

"This picture can give me strength, give me sustenance, let me face anything firmly, because, I firmly believe, I will find you back then."

"You should write love poems. Maybe you will become a great poet." Ji Anxin did not amuse him.

Huo Qiang couldn't help chuckling. "OK, I'll write you a love poem later."

Ji Anxin couldn't help being teased by him and covering his mouth. Don't laugh, but soon she stopped.

Because she didn't want to be so friendly in front of this man.

Huo Qiang immediately narrowed his eyes and said seriously, "let me start tonight! Try to publish it in a month, pack it and send it to you. "

Ji Anxin thought he was coming. He gave him a nervous look. "I don't want it."

Huo Qiang chuckled, "so afraid that I can write love poems?"

Ji Anxin turned around and said, "I'm afraid."

Huo Qiang had to let her go! Leave you alone. "

Ji Anxin is worried about the atmosphere at the moment. It shouldn't be like this. She should leave.

"I'm going back. Xiaoxiao is going to take a bath." Ji Anxin finds an excuse.

"Aunt should wash her! It's still early. "

Ji Anxin shook his head, got up and said, "I have to go."

Huo qi'ang got up in a hurry. When she reached for her bag, he immediately reached out to buckle her arm. Ji'an's high-rooted shoes did not stand firm because of his pull.

She was so shocked that she opened her eyes, turned around and pressed on the man. Huo qi'ang put out his arm in a hurry.

Suddenly, the two people are folded on the sofa.

Ji is at ease, Huo is at ease.

The two faces were so close that they even breathed together. Ji anxiously swallowed his saliva and tried to push the man away from him. However, her waist, the man's arm had come over.

"It's your initiative." Hodgson opened his mouth in a hoarse voice.

"I didn't mean to." Ji Anxin explains in a hurry.

Huo Qiang's eyes had a happy smile, "but I like it."

"Let go." Ji Anxin whispered, trying to pull his palm.

However, the man's arm could not be moved at all by her strength. She had some helplessness and begged low, "Huo Qiang let go."

Huo Qiang doesn't want to let it go, and he just looks at her in such a confused way.

Although she was wearing clothes, Ji Anxin could still feel something. Her pretty face turned red and she was really angry. "Huo Qiang, let go of it quickly."

Huo Qiang is also helpless. This woman can make him react easily, so he has to let her go.

Ji Anxin stands up from his arms, quickly arranges his clothes, picks up his bag and leaves.

"Drive slowly on the road and call me when you get home." Behind him, the man murmured.

Ji Anxin took the bag and left without a response.

Huo Qiang went to the door and saw her car driving out. He sighed a little.

But tonight has been a wonderful night for him.

Ji Anxin's car is very slow, because her mind is not clear enough now. Tonight, she gets along with this man more than she thinks.

Chapter 807

She thought that she could keep a friend relationship with him, but unexpectedly, she could not keep a pure relationship with this man at all, because the eyes of this man, like a wolf, were full of aggression at all times.

Ji Anxin came back home and watched her daughter in a lovely pink Pajama, bouncing around the room. Don't mention how cute, Ji Anxin held her and kissed her.

"Mommy, do I smell good?" The little guy took the little face and asked for praise.

"Well! It smells good. " Ji is smiling and praising.

The little guy smiled happily and bent his eyes. After taking a bath, she liked to be praised.

Ji Anxin took a bath and came out, wearing pajamas and chatting with her mother. Listening to her mother's new friends in the neighborhood, she could also hear some eight hang news.

"Peace of mind, there is also a divorced girl living in the building next to you. I heard that she is going to marry soon. You are almost the same as her. You should also consider it."

Ji Anxin smiled and said, "Mom, it's not something I don't think about, but I'm not in the mood now."

"What are you saying? Do you still have that hocheon in your heart? People are vice presidents now, and they may not be able to look up to you. " In Ji Mu's tone, she strongly disagreed with her daughter's taking back the grass.

Ji Anxin's eyes flashed a dull, "Mom, can you not talk about this?"

"Well, if you don't want to talk about it, how about talking about Shen Rui?"

"Shen Rui is very good, but I don't mean that. Otherwise, I won't let him wait until now for five years."

Ji's mother is speechless again. Ji anxiously talks about the topic.

Ji Anxin takes her daughter back to the room to sleep. Tomorrow is another new day. Now the company is in a bad condition. Although she is idle, she still has to work hard in her heart.

In the morning, Huo Qiang received a call from his sister, asking him to come home for dinner at night.

Huo Qiang agrees, but he still doesn't want to go back, because he foresees going back and quarrels with his father. He is tired of such a life.

Huo Ming's activities have not stopped. He wants to seek some benefits for himself from other directions. However, he finds that his right to speak is no longer effective.

We all know that he can't rely on any more. Those who have made good friends with him are now cold and far away.

Huo Ming knows that all this is due to his son's recent suppression, which makes his former imposing momentum form a sharp contrast.

For this reason, Huo Ming is also angry and bitter.

In the presidential palace, xuanyuanchen's office, Huo Qiang is sitting opposite, and they are talking peacefully.

"I agree with your plan. Although there will be losses, the power to suppress will never be weak." Xuanyuan Chen opens his mouth with a deep voice.

"I have a request." Hocheon said to him.

"Say it!" Xuanyuanchen looks over.

"When this is over, I want to leave. Please allow me." Hocheon said quietly.

Xuanyuanchen is slightly surprised, "why to leave?"

"I'm a little tired and want to rest."

"Well, I'll take you an annual leave after this, but I don't agree to leave." Xuanyuanchen's voice line is sure.

Hodgson looked up at the noblest man in the country. "Why?"

Xuanyuanchen stretched his eyebrows and smiled, "because you are very suitable to be the vice president of our country."

"But I shouldn't have been in this position." Hodgson shook his head.

Xuanyuanchen stood up, patted him on the shoulder, and answered him like a brother, "I'm lonely in my position. It's hard to have a close friend. I hope you and I will fight together and work together in this country in the future."

At the moment, Hodgson felt a sense of mission, and he nodded gently.

Maybe he will get some swearing after finishing the task in his hand, but as long as he has a clear conscience, he can bear all this.

In this country, some secret investigations have been carried out, but for those investigated, they have not yet found out that they still use the power of power to squander their natural life and enjoy life.

Time, a week later, Ji Anxin is in the office. Shen Rui comes in with a bunch of flowers.

"Peace of mind, I'm really sorry. This business trip has suddenly extended the time. I'm back now." Shen Rui said, put the flowers in front of her, "take them!"

Ji Anxin raised his head and smiled, "don't do that. I didn't blame you. Work is important."

"It's such a big thing in your company, but I can't help you a little. I have a bad conscience." Shen Rui is serious.

Ji Anxin asked Xiang Yue to pour in a cup of tea. She asked curiously, "did you encounter any interesting things when you were on a business trip? Or, meet the girl who makes your heart beat? "

Shen Rui said with a wry smile, "here you are again." Ji Anxin looked at him seriously. "I'm serious. I hope you can meet a better girl."

Shen Rui's eyes fell on her and sighed, "am I putting pressure on you again?"

Ji Anxin shook his head. "I'm worried about you."

Shen Rui looks over. "Have you seen him recently?"

Ji Anxin's face stiffened for a few seconds, and she smiled, "why do you ask?"

"Your company is in the newspaper. He can't be invisible. He must know what happened to you. Did he come to help you?"

Ji Anxin knew that many things could not be concealed from him, so she had to tell the truth, "he helped me a lot."

Shen Rui's eyes are startled and listen to her.

"On the day of the accident, Jiang Yishan heard the news and ran away ahead of time. At last, I was taken away by the police and detained for three days. For those three days, I was waiting for the police to find Jiang Yishan, find out the truth and return my innocence."

Shen Rui's eyes were full of worry. "Did you suffer?"

"I have a cold and a high fever. At last, he took me out and sent me to the hospital." Ji Anxin sighed, "I owe him."

Shen Rui's eyes were a little dim, and at the same time, some bitterness was surging up. He had a premonition that he and Ji Anshan would never be possible again, because Huo Qiang was still around her, in her heart.

As long as Huo Qiang works harder, he can regain her heart, which is something he has not succeeded in five years.

"Peace of mind, is your heart shaking?" Shen Rui asked softly.

Ji Anxin closed her eyes. She couldn't panic Shen Rui. She bit her lips and nodded softly. "Well, it's been shaken."

Shen Rui smiled and blinked in his eyes, "if you really love him, come back to him! If you don't have a protector around you, take care of you, I'm not sure. "

Ji Anxin's eyes suddenly moistened. She turned around and looked at Shen Rui with great gratitude. "Shen Rui, I'm sorry."

Shen Rui opens his arms. "Otherwise, give me a hug!"

Ji Anxin really did not hesitate to hold him, Shen Rui also gently held her, smiled in her ear and said, "he must be Xiaoxiao's own father, it's time for him to know."

Ji Anxin released him, took a step back, shook his head and said, "no Not yet. "

"Why?"

"I have a premonition that he is fighting his father, and at this time, it is not appropriate." Ji'an thought she would tell him, but it's not the time.

He is dealing with his father's Dangyu wholeheartedly. If people know that Xiaoxiao is his daughter, what if those people also transfer the danger to their children? So, at this time, she has to keep herself and her daughter out of the event.

Ji Anxin is right to worry.

Shen Rui nodded and agreed, "OK, you decide! In the future, can I apply to be Xiaoxiao's godfather? "

"Of course."

"What if he has an opinion?"

"He dare not." Ji reassured himself with a smile.

Shen Rui nodded, relieved, "OK, take the flowers! I will do my best to help your company. "

"Thank you."

Ji Anxin sends Shen Rui away. Her heart is relieved. Shen Rui knows how to let go. She is very pleased. In this way, he can find his life.

Ji Anxin looks out of the window at the gray sky. Her heart strings are tight. At this moment, in her heart, she is cheering for a man.

"Don't do anything wrong, Hodgson." Ji Anxin whispers.

Although Huo Qiang didn't say his current situation, he joked when he called last time that he was in a tense time. Maybe this is his current situation!

Chapter 808

Huo Zhai.

Huo Qiang promised that his sister would come back for dinner. When Huo Qiang walked into the hall, he saw Xiaohui, a nephew who had not seen for a long time, pounce into his arms.

"Uncle, why don't you come back to see me for so long? Do I dislike me?" Xiaohui complains on one face that in his little heart, he doesn't know that the relationship between the elders in the family is rigid at all.

"Why? My uncle misses you very much. " Huo qi'ang squatted down, gently stroked his little head, comforted, "the uncle will bring you a gift next time he comes back."

"Really? Good! I want robots. "

"Good! My uncle promised you

Huo yuan has come back. She comes out of the kitchen and hears her son asking for a gift from her brother. She can't help complaining, "Xiaohui, as soon as your uncle comes back, you want a gift. How can you do this?"

"Oh!" Xiaohui blinks, but looks at Huo Qiang with an expectant eye. Huo Qiang blinks at him, promising that he will do it.

Xiaohui immediately went to play happily.

Huo Qiang asked Huo Yuan, "is Dad back?"

"His blood pressure is a little high recently, and he hasn't gone anywhere. He's in his study."

"How is he?" Huo Qiang still cares.

"After all, when you are older, you can easily cause all kinds of old problems when you are excited. Ah! You don't have to stimulate him either. " Huo Yuan said.

Huo Qiang looked at the direction of the study, he got up and stepped over.

Huo Qiang knocks on the door and pushes it in. Huo Ming is practising words in boredom. When he sees his son coming in, he immediately pulls down his face and hums, "I know you're back. I thought you didn't run the family."

Huo Qiang didn't quarrel with him this time. He went to his father and asked calmly, "I heard that you are not in good health."

"I'm not angry with you yet." Huo Ming glared at him.

"Dad, you're old, too. It's time for you to retire." Hocheon exhorted.

Huo Ming's writing hand immediately stopped, and he looked at it warily. "Is something wrong? Are you reminding me? "

Huo Qiang knew that his father had been in this circle for many years, and he could smell out all kinds of disturbance. He also deliberately warned him, "now is the time of the storm, if you can not come out, don't come out."

Huo Ming's eyes twinkled with a few reflections. "Did you decide to start?"

Hodgson knew what he was doing, and his father knew it.

"It will come sooner or later." Huo Qiang said with a frown.

Huo Ming put down his brush and stared at his son angrily. "You want to do it as soon as you can? How could it be so easy? You're not afraid of anything? "

Huo Qiang's eyes flickered with a fearless color, "for me, if I do it, I will not be afraid of any consequences."

What Huo Ming is worried about at the moment is not that the forces behind him will dig up, but that his son's voice is lonely and brave. He is also in a state of semi retirement now. Since Huo Qiang gave his project to others, he knows that his peak time in his life is over.

However, he can stop. The concentrated forces behind him are obviously not so easy to bow down. It can be said that under the interaction of no interests, Huo Ming's right to speak has disappeared. Now he has no power to drive them.

"You don't want to die." Huo Ming angrily threw the brush in his hand and pointed it straight at his son. "What are you doing at this time? Do you know how much they hate you? Now they are all full of opinions about you. How dare you come here

Huo qi'ang felt relieved, at least his father was in the direction of family affection in the right and family affection.

"There will always be people doing this, that is, if you put me in this position, then I will bear the responsibility that cannot be shirked."

At the moment, Huo Ming has an idea in his mind. Is he going to help or harm his son who is so righteous? In power, he was in great danger, and he felt his strength was not strong.

He stirred up a storm, and the whirlpool of the storm became more and more powerful, more and more violent. He did not have the power to eliminate the power, but made it terrible.

But now, instead of him, it is his son who destroys this power.

"You are being shot by xuanyuanchen." Huo Ming said angrily.

Huo Qiang suddenly laughed, "Dad, you are wrong. I am protecting you. I have talked with the president about a condition. If I can accomplish this successfully, you will have no worries for the rest of your life. At least, you don't need to go to jail, you can enjoy your old age."

Huo Ming's face suddenly became shocked. He looked at his son, but he could not speak for a long time.

"He promised you?" Huo Ming knows that he made a lot of mistakes. When he made a mistake, he didn't think about the future. Now, he finds that his previous crimes are all on his son's head." "As long as you retire honestly, he promised not to pursue any more." Huo Qiang replied calmly.

Huo Ming bit his teeth, and his eyes were obviously not willing. He was forced to retire. He absolutely didn't want to.

"Dad, don't mix in any more. There are some things you can't do. In this life, you have to learn to admit your life, otherwise, our family won't have a day of peace." Huo Qiang finished this sentence, he got up and went out.

Huo Ming was educated by his son, which annoyed him a little. However, he thought it was reasonable after a careful review.

These days, he clearly realized that those fattening people were just like a mad dog breaking free of the rope and barking at his master.

"Grandpa, have a meal." Outside, his little grandson poked out a small head and called him naively.

Huo Ming's back was cold. One of the things he longed for at the moment was to protect his family.

If those people are found to have their son behind them, what kind of measures they will take is very clear to Huo Ming.

That is to say, we must take the life of our son.

At the dinner table, Huo Ming was more silent than ever. His prejudice towards his son disappeared in his eyes. Instead, he looked up at his son who was joking with his grandson from time to time.

After dinner, Huo qi'ang is ready to go back. Huo Ming immediately stops him. "Qi'ang, follow me to my study."

Huo Qiang nodded and followed him into the study. Huo Ming closed the door, turned around and asked, "can we stop this plan? Stop it if you can. "

"It's already in action, it won't stop." Hocheon's firm voice.

Huo Ming immediately twisted his brow and scolded in a low voice, "are you really going to die?"

"Of course, I'll die, but you let me sit in this position. Am I just a device? I've had enough of the back talk. " Huo Qiang is biting his teeth. Even if he can sit in this position, he is still criticized. He pushed the position by his father's unscrupulous behavior. Huo Ming was stunned. He didn't expect that his son was still suffering from these pressures. He thought that his son would be very happy when he sat in this position. It seems that he didn't understand his son's pain for the sake of his own privacy.

"So, you're sitting here, you're going to fight me?" Huo Ming hummed.

"Even if you force me to sit in this position, I will do what this position should do." Huo Qiang takes a deep breath.

At the moment, Huo Ming really didn't know what to say. He was in a high position, but he didn't have the unlimited scenery as he imagined.

"You have to be careful. They will find out at any time. If they find out, they will fight back recklessly, even make you disappear in the world, and intimidate them to stop the plan." Huo Ming warns his son heavily.

Huo Qiang looked at his father's concern, he nodded, "I know, I will protect myself, but family, do you have any way?"

"I will ask Xiaoyuan to take a long vacation, and let her take Xiaohui abroad for a vacation, far away from the right and wrong. As for me, I am not afraid of anything, and they dare not take me for anything." Huo Ming has made a decision.

Huo qi'ang nodded softly, "OK, let her leave as soon as possible

After that, Huo Qiang pushes the door and leaves. Huo Ming wants to say something more, but he sighs.

Chapter 809

In the end, in the crisis, family is the most important. He has been running around for power all his life. When he looks back, he is old. He suddenly realizes what is the most valuable thing in life.

But it was a little late. He pushed his son into his fire pit. At the moment, Huo Ming's eyes also lit up the light of battle. He had to do everything to save his son.

He picked up his cell phone, dialed the phone of one of his close friends, and told him to inform him in advance of any disturbance.

Just after he finished dialing up the phone, the tea drinker in a teahouse threw his cell phone on the table and hummed, "what else is Huo Ye jumping on now? It's not good for us, and I think we'll listen to him. "

"Don't you always treat him like a bunch? Why are you complaining now? " Another man was drinking tea and teasing him.

"In this world, I only listen to the order of money. There is no money and no benefit. Who wants to be a grandson? Yes! "

"It's strange. Why should Huo Ming pay attention to our agitation? What else does he want to do? " Asked one of the men, who was usually very shrewd.

His words immediately silenced the people present. They were similar in face and face. What they were communicating in their eyes was their common fear.

"What's going on up there?"

"Huo Ming is not going to help us now. He will not be persuaded by his son. He wants to quit our plan!"

"if so, is he not the eye liner of Huo Qi an?" Watching our every move? "

This sentence silenced several men here. They are all a group of people who are very sensitive to danger.

"It seems that we can't be careless, otherwise, we don't know how to die."

"What do you think we should do if there's anything?"

"When Huo Qiang takes the position of vice president, we have made great efforts. Is he the vice president who will kill us in turn? If that's the case, then we... "

"Then we'll kill him first." There was a man with a fierce voice.

"Yes, he has become xuanyuanchen's right arm now. His ability is so strong. If he deals with us, we will be finished. Therefore, we must do something before he acts."

In the eyes of the four men present, there are identical thoughts.

Huo Ming didn't expect that the close friends he brought together would betray him in a twinkling of an eye.

He forgot that the friendship based on interests was not firm at all.

Ji'anxin's company is getting better with the passing of that event. Those old customers who trust her will come to her. However, this kind of order is not too many, so developing new customers is the first choice.

When Ji Anxin collected that there was a big company that needed to find senior employees through headhunting, she took the initiative to call the door, after talking with several senior managers.

Some of them are polite, but some of them are more mean, but they are not polite to her. They laugh at her, distrust her, and some of them are despicable.

After Ji Anxin hung up the phone, she took a deep breath. She reached out and crossed the list.

This was originally her employee's business, but at this time she had nothing to do, so she took part of the order and called herself.

Ji Anxin is not discouraged. Even in such a difficult situation, only the patient and serious work can have a way out.

She remembers that when she started the company, her tongue was numb every day.

No matter how hard the days are coming, she can't give up in the current crisis.

Ji Anxin's front seat suddenly rings. Ji Anxin continues to look at the list of customers who can develop. He reaches out and picks up, "Hello, I'm Ji Anxin."

"It's me." From the low magnetic male voice.

Ji Anxin immediately slightly gaped at his eyes, and the voice line immediately softened. "What's up?"

"What about the company? Can I help you? " The voice of Hodgson asked.

She really needs help, but she doesn't want him to help herself. Because of the current situation of her company, if he does, he will lose his reputation.

"No, the company is fine." Ji Anxin refuses.

"Are you telling the truth or lying?" Hocheon asked again.

Ji Anxin's face is red with embarrassment. Now, it's the low tide of her company, and her vice president is also very embarrassed. She has just been scolded by a senior female company! Fortunately, that person only thought she was an ordinary employee.

Ji Anxin had to avoid the topic and asked him, "what's the matter?"

"Nothing, just want to hear your voice."

"I'm a little busy. Let's talk about it when I have time!" Ji Anxin has a bunch of customer lists to call. "Rest assured. If you are too tired, I will raise you later." Huo qi'ang urged him.

Ji Anxin's heart immediately thumped twice. Did he raise her?

"I like to live on my own. I don't need your support." Ji reassured himself.

"Are you afraid I can't support you?" Asked Hodgson with a deep smile.

Ji Anxin also wants to laugh, where does this man come from not confident? She didn't want to beat him. "No, I'm just used to being independent and like to be self-sufficient."

Hochon had to believe her, "okay! I will try my best to make money in the future and try to make you live a good life. "

Ji Anxin, with a twist of her eyebrows, said with some chagrin, "what do you mean? Did I say I want you to keep it? Did you say you wanted to live with you? Where do you get confidence? "

Huo Qiang was stunned for a few seconds, but still smiled, "I just have a kind of confidence, we will be together again."

Ji Anxin is a little softer, but she doesn't want to make a choice right now. She wants to be quiet and revive the company.

It must be said that the identity of this man is a little too high. She hopes that he is good, and she is not bad.

"Don't be poor. Hurry up! I'm going to be busy, too. Hang up. " With that, Ji Anxin really has to hang up.

After hanging up the phone, she couldn't help chuckling, shaking her head and looking at the list of customers. She found a good company and reached for the phone. "Hello, I heard that your company is looking for a senior manager. We are Yousheng headhunting company. We can provide you with high-quality talent services."

"Oh! It's Yousheng company! " The man over there said lazily.

"Yes! If you need it, we can serve you at any time. "

"Services? What kind of services do you mean? " The man at that end is in a light tone.

Ji Anxin forced anger, still smiling, "of course, talent service."

"Come on! If you can provide some kind of service, which your company provided a while ago, I can think about meeting your employees, provided that some beautiful and competent ones are sent. "

Ji Anxin tightened his eyebrows and said calmly, "excuse me, sir. Goodbye."

Ji Anxin hung up the phone and took a breath. Jiang Yishan really ruined the reputation of the company.

Ji Anxin didn't give up. She continued to pull through the list one by one. Naturally, there were some bad exchanges. She didn't stop until about 4 p.m., when she was very tired.

Ji Anxin leaves work early to pick up her daughter. At this time, being able to accompany her daughter is her only motivation to relieve the pressure.

Looking at the cute little guy, she has the motivation. She wants to give her a better life, even if her work is in a mess, and she is lucky and miserable, it is worth it.

After the little guy got in the car, she immediately tooted her mouth and asked Ji anxiously, "Mommy, do you know if I have daddy?"

Ji Anxin immediately felt a strain of heart and replied gently, "of course there is!"

"But where is my father? Why does he never come to see me? "

Ji Anxin's heart suddenly fell. Did her daughter get any stimulation in school?

"What's the matter, Xiaoxiao?"

The little guy flattened his mouth. "Yesterday, Xiaojun brought a big truck made by his father. Their handiwork is very good. It's all made by their father. I also want his father to make it for me."

Ji Anxin's heart suddenly hurt. Last night, she and her father worked together to make a handmade truck for her. Maybe she was compared in class!

"Xiaoxiao, will you wait?"

"Will I wait for daddy to show up?" The little guy asked with a big blink.

Ji Anxin's eyes suddenly wet, she nodded, "yes, he will appear."

Chapter 810

The day turns to spend a week, the little guy's birthday is coming, Ji Anxin in order to give her a surprise, she is also thinking of giving her daughter a different gift in advance.

At night, Ji Anxin also asked her daughter what she wanted as a gift. She didn't know that the little guy tooted his mouth and thought, "I want Daddy."

This sentence makes Ji Anxin sleep hard all night. The older her daughter grows, the more she wants her father. Moreover, in school, she will be more stimulated like this. Ji Anxin loves her daughter and is waiting for a suitable opportunity.

Ji Anxin didn't think about it. His heart, which he thought could be tough to the end, has changed its quality.

Today, Ji Anxin came to pick up her daughter, went out with her parents in the evening, and added some clothes to her daughter by the way. The little guy grows faster. Last winter's clothes are a little smaller now.

Ji Anxin stops the car, she can't help but look around. However, she hasn't seen Huo Qiang's motorcade for a long time. She can't help but tensing her heart. Maybe he is really busy now!

"Miss Ji!" Suddenly a woman's voice came from behind.

Ji Anxin can't help looking back. She sees Li Xiuyuan coming. Moreover, she is wearing a sweater, and her abdomen is slightly raised again.

Ji Anxin was a little surprised and asked her, "do you want a second child?"

Li Xiuyuan smiled and nodded, "yes! The eldest brother is almost four years old. My mother-in-law is pressing for him. " After that, she stroked her brain, her eyes still showed happiness.

Ji Anxin used to hate her very much. She hated that she would come in and rob Huo Qiang. She suffered a lot. But now, her mood is very calm.

Even if she didn't step in, the feelings between her and Huo Qiang would tear off several layers of skin, which would not have a result.

Because of Huo Ming's strength, it always makes that feeling miserable.

"Miss Ji, I can't compare with you. You're a strong woman now. I'm just a housewife. I envy you so much." Li Xiuyuan said to her.

Ji Anxin said with a wry smile, "I envy you. I can accompany my children and never miss their time."

Li Xiuyuan was stunned and comforted. She thought and asked, "haven't you forgiven him yet? Miss Ji, all the mistakes of that year were my own. What he loves most is you. Don't miss it. "

Ji Anxin squints his eyes and doesn't answer.

"He is really a good man. I don't think he will fall in love with any woman except you in his life." Now, Li Xiuyuan really wants to bring them together, which also reduces some of her mental burden.

Ji Anxin didn't listen to these words before. Now, she only feels bitter and astringent. She has been wandering for five years. In the end, she still can't forget him. She even has a premonition to be with him.

"Thank you for that. I'll think about it." Ji Anxin said, looking at the time, "I'll pick up my daughter first."

When Ji Anxin led the little guy out, Li Xiuyuan also led her eldest daughter. When her eyes looked at Ji Xiaoxiao, her mind moved and she suddenly understood something.

She thought that Ji Anxin's daughter must be Huo Qiang's child!

However, Li Xiuyuan is not a talkative person either. She thinks that Ji Anxin will tell him sooner or later if he will.

Ji Anxin said hello to her, got on the car with her daughter and drove to the direction of home. Ji and his family were ready and went to the nearby shopping mall.

Ji Anxin is very generous in spending money for her daughter. She never saves money. At the same time, she also wants to buy some clothes for her parents. The family is very happy together.

In the presidential palace, Huo Qiang is gathering materials and preparing to leave. He has been working overtime for a week.

Just then, his personal cell phone rang. He took a look at the strange phone. He twisted his eyebrows and reached for it. "Hello!"

"It's me, Shen Rui." That end is Shen Rui's voice.

Huo Qiang is slightly shocked. Shen Rui will call him in person. This is the first time five years ago.

"Shen Rui, are you relieved?" In Huo Qiang's tone, there was anxiety immediately.

"I ask you, do you really love her?" Shen Rui asked directly.

Huo Qiang is relieved. It seems that it's not Ji Anxin's problem, but Shen Rui's unilateral call to him.

"Yes! I love her and will not change from beginning to end. " Hodgson's voice is determined.

Then Shen Rui was silent for a few seconds and smiled bitterly. "Do you remember? That summer, on the court, we met her together

Shen Rui's words can't help but lead Huo Qiang back to the time when he was a freshman. Every afternoon, he and Shen Rui like to stay late on the court. That evening, Ji Anxin passed by the court with a book in his hand. As she walked, she read it. Huo Qiang and Shen Rui immediately wanted to tease her. Shen Rui pushes Huo Qiang, playfully pushing him in front of her, but Ji anxiously doesn't see it, so he holds the book and bumps it into his arms. She raised her clear eyes, which became a magic spell that Huo Qiang could never forget in his life.

Her expression of coquetry and resentment, as well as her cheeky face, was more beautiful than that of sunset.

At that moment, the hearts of Huo Qiang and Shen Rui are heavily impacted by her.

Shen Rui regrets it very much. He often thinks that if he didn't push Huo Qiang in front of him that day, and he ran up to Ji Anxin and ran into him, would Ji Anxin be the first one he fell in love with, not him? It's him?

"I never forget my first meeting with her." A trace of recollection came to Huo's face.

The voice line of Shen Rui calmed down, "even if you love her, love her well, and love her children."

"I will, of course, see her children as if they were theirs," he said almost without hesitation

Shen Rui at that end almost wanted to tell him the truth, but he held back. Let him prove his love for Ji Anxin again!

At the moment, in Huo's heart, the child and he are not related by blood. Therefore, he can say this without hesitation, which definitely proves that he really loves the child and loves Ji'an.

"Then I'll tell you a good news. Should you show Xiaoxiao's birthday tomorrow?" Shen Rui called this time to tell him about it.

Even if their father and daughter have not yet met, he hopes that Huo can surprise the children in advance and make them like him.

A flash of gratitude flashed in Huo's eyes, "Shen Rui, thank you!"

"You want to thank me, I guard her for five years, and finally, become your woman."

"What do you say?" Hocheon had some surprises that were too sudden.

Shen Rui doesn't say anything. Anyway, he has revealed enough this time. Huo Qiang should understand.

Ji Anxin didn't dare express what he did.

Huo qi'ang understood naturally. At the moment, he was ecstatic and excited to know what to do.

"Goodbye." Shen Rui hangs up at that end.

In the office, Huo Qiang clenched his fists with excitement. "At ease, have you finally forgiven me?"

And he also let go, Shen Rui seems to let go.

"What should I do for my child's birthday?" Huo qi'ang can't help holding his arm and thinking about it happily.

"What will Xiaoxiao like?" Huo Qiang is still muttering.

Li Rui came in. "Do you want to go now, sir? The team is in line. "

"Li Rui, do you have a four-year-old girl around you? Do you know what kind of presents they like? " Huo Qiang grabs the assistant and asks.

Li Rui can't help blinking. He looks at him in a dazed way and guesses, "maybe it's a doll or something!"

"I have to think about it." Huo said, picked up his cell phone and left.

"Sir, do you still read your information tonight?" Li Rui forgot to take the folders he had arranged.

Huo qi'ang immediately smiled helplessly. "I'm so excited that I forget everything." With that, he turned to the folder.

Li Rui can't help but ask, "Sir, have you met any great happiness?"

"Well! It's a great event. " Hocheon replied.

Li Rui asked with a smile, "did miss Ji agree to your proposal?"
