

U. CEO Daddy 831

Chapter 831

After ordering the order to the moon, I saw three members of the women's group sitting by the window. The waiter was ordering the order for them.

Xiang Yue looks at them excitedly from time to time. The women under the camera are also several levels more beautiful than the beauties on the road.

Among them, Xiang Yue likes two members of the love women's group most, one is the versatile and sweet-looking Zhuang Nuan, the other is Xiaolan, who is known as the good girl. At the beginning of the blue Festival, everyone affectionately calls her first love girl.

The other two members are famous for their sexy labels, Yemeni and Lindsey.

Xiang Yue is peeping, but she feels that the three women members seem to be arguing about something.

Ji Anxin devoted herself to her work and didn't pay much attention to the things around her. She took a sip of rose tea and was in a good mood.

Next to the window, three young girls, LAN Chu Nian, holding a mobile phone, said to the two members around him, "is it really not about to warm up? Don't we discuss the concert together? This is our first concert! "

"At the beginning, people thought of going solo! Now her elder martial sister Xing Yinuo is red and purple. She is not at the same level as us now. She doesn't know how much red she is! "

"We were all together because of the love of music. It's been three years. We are good sisters and League members. We should be tolerant and considerate to each other, Mani." Blue early read exhortation, a sweet face, full of anxiety.

"What are you afraid of? You have money in your family and a big brother who dotes on you as a baby. We are different. If our group is really finished, we will be nothing." Ye Manni sneers.

Lindsey inhaled the juice, and a sneer came out of her eyes. "You and Zhuang are warm, but they take care of themselves. Why didn't they call you! If she really takes us as sisters, we should all take part in this job! "

LAN Chu read to explain a way, "you all misunderstood, warm is the participation of friendship, besides, that song is her original, not our company's, is her own credit."

"As far as you are simple, in a word, if Zhuang Nuan doesn't give us an explanation, there will be no way to carry out the performance." Ye Manni snorted.

At the corner, Ji Anxin raised her hand and looked at the wristwatch. It was five o'clock. She closed the computer, left her work, and began to enjoy the taste of flower tea. Facing the opposite moon, she said, "it's time for us to go."

Xiang Yue wants to see more beautiful girls in the women's League! Hearing Ji Anxin's words, she said with a smile, "Ji Zong, it's still early! Let's sit a little longer! "

Ji Anxin raised his eyes and asked, "I think you always look over there. Do you know those girls?"

"Mr. Ji, you don't know him!" Surprised to the moon.

Ji Anxin frowned slightly. "Should I know you?"

"They are very famous members of the women's troupe. You haven't heard their songs since the fire recently?"

Ji Anxin looks at the girls who just left the flower season and rainy season. She really envies them. However, she is over the age of star chasing. She smiles, "I haven't heard of it yet. However, I can introduce you to a movie. It's a great pity."

"You mean Xing Yinuo did that one! I've done it twice! " She is my favorite actress

Ji Anxin found that she was really old recently and could not keep up with these girls. However, she was only twenty-eight.

Ji Anxin and Xiang Yue stepped out of the coffee shop, and the car drove to the direction of the office. In the office, Ji Anxin changed into an evening dress, got out of the garage, drove from Xiang Yue to the direction of the villa hotel for this private banquet.

Ji Anxin made a phone call to Huo Qiang in the car. Huo Qiang also said that he would work late, and then make a phone call.

Ji Anxin took out his mobile phone in the car and memorized the profile of some company leaders who were present tonight, so as to win more customers' trust.

When Xiangyue drives into the parking lot, he can see a single Garden Villa with dazzling lights. This is a private banquet. All the people who can come here tonight are famous in the business world.

Ji Anxin's presence immediately brightened the eyes of the men in the whole banquet. Although tonight they invited some female models to attend and increase their bright colors, in front of Ji Anxin, these female models lost a charm. The confident demeanor, without a certain reading power and identity, could not be revealed.

Everyone likes beautiful things, even if they can't have them, they can't help but want to get closer.

Ji Anxin took a glass of red wine and gracefully went to the host, Mr. Yang, to say hello to him. Some of her old customers also said hello to Ji Anxin and asked about the latest situation.

Among them, there is a man named Feng Yan. He is a very successful business boss in his early forties. At present, he is divorced and belongs to a single aristocrat. His vision for women has reached a very critical stage.

Ordinary young and beautiful girls can't attract him, so he came here single tonight. However, Ji Anxin's appearance attracted her directly. However, the marriage relationship between Ji Anxin and Huo Qiang has not been made public, so we do not know that Ji Anxin is married.

We all think that she is a successful woman, who can become the head of a large and medium-sized headhunting company, and her identity as a vice president, is enough to make people think that she is competent and capable.

"Hello, Miss Ji. Nice to meet you." Feng Yan raised his glass to Ji Anshan.

"Hello, I don't know your name."

"My name is Feng."

Ji Anxin knows the list tonight. As soon as she hears of Feng, she immediately knows his identity. He is a big power business in the limelight recently. There are two listed companies in his name, with a long history.

"Hello, Mr. Feng. Nice to meet you." Ji Anxin immediately smiled and held his cup to him.

"Miss Ji is so young! You are so young, beautiful and capable. Not many people can see you! "

"I'm flattered. Mr. Feng is a real success!" Ji Anxin said scene words.

Feng Yan's heart is very happy. It seems that his current skill is also a very good advantage for him. His eyes look at Ji Anshan, and there is a strong interest in his eyes.

Ji Anxin's eyes, smile just right, that is, not to give people a sense of disrespect, nor to give men a chance.

At the banquet, Feng Yan's eyes were always on Ji Anxin. He thought that he could ask Ji Anxin to come out for dinner later. At this age, the goal of a man is very clear and direct. If he can, Ji Anxin is absolutely suitable for being a wife.

Of course, under this premise, if we can have some romantic affairs with her, it would be great.

Ji Anxin successfully introduced the strength of the company with several other customers under the introduction of old customers, and issued business cards. These customers also had a very profound and comfortable impact on Ji Anxin.

Naturally, there are flattering women around Feng Yan who want to chat with him, but his eyes are more on Ji Anshan.

Ji Anxin felt the look around her, but she was used to the feeling of being stared at. She could only do well herself.

Moreover, this is the company with 30% of her own shares. All her efforts are also for her own company's profit. Naturally, she is very dedicated to running the company.

At 7:50 p.m., at the entrance of the villa, three black cars came in orderly.

In the middle of the rear compartment, Huo Qiang is dressed in a proper formal suit, which is different from the temperament of business people, and carries the prestige invisibly.

A line of three black cars stopped in the parking lot next to the banquet villa. The bodyguard got off immediately and opened the back door of the middle car.

A long and tall body stepped down, Huo Qiang looked at the direction of the bright banquet hall, he reached for the whole suit, and walked gracefully.

The bodyguard immediately opened the road in front of him to be responsible for Huo's safety. At the door, a security guard stopped him.

"Do you have an invitation from this gentleman?" Security asked.

"No, but this is Mr. vice president of our country." The bodyguard calmly introduced.

The security guard took a look and was surprised. It was the vice president! He couldn't help but feel soft in his legs. Why is vice president here tonight?

Chapter 832

Huo Qiang's eyes looked at the brightly lit hall. There was a look in his eyes. He didn't rush to enter the hall immediately. He walked leisurely to the door. Several waiters who were serving at the door saw him enter. They thought he was a guest and immediately opened the door for him.

Huo Qiang nodded politely. Standing under the light of the door, he saw the women who had swept the clothes here. He also felt the bustle of pushing cups and changing lamps here. The men talked and laughed, and the women laughed and chanted.

Huo qi'ang's eyes are naturally attracted by the figure he saw at a glance.

That's his wife, Ji Anxin's back to him. She is raising her glass and talking with two men, including Feng Yan. His eyes, like a hunter, are staring at Ji Anxin's face. The ideas twinkling in his eyes, as Huo Qiang, a man, are seen through at a glance.

His heart jerked. At the moment, Ji Anxin was talking to another man. As she listened to the other man, Huo Qiang saw her smiling face.

He gently folded his suit, took a glass of red wine from the waiter beside him, and walked towards Ji Anshan.

At the moment, his bodyguard is standing not far away from him. His eyes are like electricity sweeping everyone present to ensure his safety.

At the moment, some of the people present noticed Huo Qiang and some recognized him, but they were too shocked to respond.

I watched sister Huo qi'ang's charming figure go straight in one direction, and the man was Ji Anshan.

Ji Anxin was chatting. Suddenly, an arm came over her shoulder. She looked up in shock to see who was so bold, but looked up.

She's scared. Why is he here?

"It's a pleasure, Mr. vice president. How are you coming?" The organizer, general manager Chen, immediately came to welcome us.

Huo Qiang's smile reached out and shook his hand, and answered naturally, "Oh! I'll come and get someone. "

Words fall, he took the hand of the woman around him, affectionately asked, "wife, can you go?"

This sentence "wife" shocked everyone present. Even Feng Yan burst out in a moment of cold sweat. Is Ji Anxin the wife of the vice president?

Ji Anxin's body immediately focused on the envy and jealousy of all the women present. Although she was overwhelmed by the man who suddenly appeared, she still forced a calm smile, "how did you suddenly come here? Don't you want to go home first? "

Huo Qiang's eyes intentionally or unintentionally shot at Feng Yan. The warning in his eyes means invisible sword.

"When I miss you, I come here." Huo Qiang, with a smile on his lips, shows his love.

Ji Anxin's pretty face is a little red. She doesn't want to let a group of people listen to him!

Feng Yan received Huo Qiang's eyes. The young vice president's lethality was very strong. He immediately felt a cold sweat in his heart.

"Vice president, don't go without a drink?" Mr. Chen always hoped that Huo Qiang would give a face. If he could stay at his banquet for a while and have a drink, he would be very honored.

What's more, everyone here has understood that there is a vice president's husband behind Ji Anshan!

It's not just Feng Yan who has thoughts on her tonight? All the men here are more or less interested in Ji'an!

Now, they just feel the cool, vice president's woman on their back, and they can only say that they can't afford it.

Ji Anxin also wanted to keep a low profile in the business world, and she didn't want to rely on men.

Now, it seems impossible for her to keep a low profile.

"Mr. Chen, thank you for your hospitality tonight. I'm very happy. See you later." Ji Anxin politely thanked Mr. Chen and said hello to several old customers, "I'm going first."

With that, Ji Anxin's shoulder took a strong arm and took her to the door.

Ji Anxin only felt bathed in a complex vision, the pressure was not small, when she walked out of the door, she just breathed.

"Why did you come all of a sudden? Why don't you say hello to me in advance? " Ji Anxin immediately asked the man around him.

Huo Qiang was just the majestic vice president. At this moment, the smile on the corner of his mouth was flattering. "Don't you think so?"

"I don't think you are at ease with me. Come and check the post!" Ji Anxin can see through his ideas at a glance.

Huo Qiang sees her own careful thinking, he laughs and cuddles over and coaxes, "wife, don't be angry, I believe you."

Ji Anxin is not angry. At the same time, he still has some sweet feelings. Only when he cares, can he check his post!

"Don't be angry, if you come, I just can't find a reason to leave!" Ji Anxin said, holding his forehead and saying, "I've had two drinks just now. I think it's a little high." "Refuse if you can't drink." Huo CHIONG said a low reproof, and stretched out his hand and held it tight for a few minutes.

"I can drink it! I'm just happy tonight. I've had one more drink. " Ji Anxin looks up and smiles at him, "you are there!"

"What if I don't come today? Who are you going to send you home? " Huo qi'ang's Vinegar jar has been knocked over again.

"Xiaoyue is still there!" Ji Anxin laughs, then picks up her mobile phone and calls Xiang Yue to let her go home first.

Xiang Yue said at that end, "President Ji, I know that vice president has come to pick you up. How happy you are!"

Ji Anxin was very useful. Huo Qiang opened the door and sent her in. He got on the other end of the car.

Ji Anshan's drinking capacity is not as drunk as she knows her own. "Go to pick up Xiaoxiao!" Ji Anxin said, "I'll squint."

Huo Qiang immediately sat beside her and pressed her head on his shoulder. "Next time you can refuse this kind of party, you can refuse it."

"Well, well, listen to you." Ji Anxin promises that he will be famous in the industry even if she doesn't show up today.

Huo Qiang can't bear to talk about her any more. It's her job responsibility. He just loves her and worries about her.

He leaned down, kissed her on the forehead, and Ji reassured himself by bending his mouth.

When he arrived at Huo yuan's house, Ji Xiaoxiao immediately sat happily in the middle of them. The little guy was still in a very good spirit!

She took out a gift from her schoolbag, which is today's painting textbook. She drew a picture of a family of three in the book, and made a love sticker for Ji Anxin.

Ji Anxin looks at the paintings of his daughter's family of three. The paintings are very tender and lovely, but they are full of love.

Her eyes were slightly moist. She was too stubborn. She should go back to China earlier and investigate the misunderstanding. In this way, her daughter and him can meet earlier.

However, now, it seems that it's not too late, as if heaven at the most appropriate time, let her return to his side.

Huo Qiang looked at the picture, and his heart was also touched. He reached over and silently held the mother and daughter in his arms.

The little guy also felt full of love, stretched out his little hand to hold their arms, "in the future, I will draw daddy and Mommy."

Back home, Ji was drunk. Huo Qiang asked her to sit and rest. He took the little guy to bed, bathed him, washed his hair, blew his hair, and sent him to bed.

"Daddy, can you tell me a story?" The little guy looked forward and asked, "please!"

Where can Huo Qiang refuse his daughter's request? He immediately sat on the edge of the bed and asked her to lean on his arm and take the story book to tell her a story.

Ji Anxin is sleeping on the sofa, squinting his eyes. Huo Qiang has been telling the story. The little guy in his arms is sleepy and blinking.

"Well, Xiaoxiao is asleep, and daddy is going to take a bath." Huo CHIONG coaxes his daughter.

The little guy nodded, wiped his eyes and went to sleep. Huo Qiang sat on the edge of the bed, accompanied his daughter to sleep all the time, and he got up and went downstairs.

When he saw the woman curled up on the sofa, he couldn't help but smile. He really waited on the little one, and had to wait on the woman again.

However, there is no complaint in his heart. On the contrary, he feels very happy. Such a day will never be boring in his life.

Chapter 833

He sits beside Ji Anxin. Ji Anxin has some feelings. She opens a pair of blurred eyes and blames herself for falling asleep.

"What time is it? Is Xiaoxiao asleep?" Ji Anxin wants to sit up.

Hodgson gave her a hand. "Asleep."

Ji Anxin chuckles, "it's good to have you." Because of his presence, she can confidently hand over her daughter to him.

Huo Qiang holds her forehead and looks at her blurred eyes. To be honest, her evening dress tonight is really conservative, but in the conservative, it still feels another kind of sexy.

Huo qi'ang leaned down, kissed her on the forehead and held her up.

Ji Anxin immediately put his arms around his neck and smiled, "I'm not too drunk to walk!"! Let me down. "

"Shh!" Hodgson whispered to her, don't wake up her daughter.

Ji Anxin immediately stopped talking. Huo qi'ang held her all the way up the stairs, but he didn't walk towards the main bedroom. Ji Anxin immediately understood. Looking at the man, Huo qi'ang had a deep smile. "You are beautiful tonight."

Ji Anxin is not able to resist the charm of this man's smile when he is slightly drunk, that is, his wife, who will fulfill her duties.

Early morning.

Ji Anxin goes back to the main bedroom to sleep with his daughter, while the man is resting in the guest room. When Ji Anxin wakes up, she thinks that it's a weekend. She gets up with a coat lazily. After washing it, she goes downstairs and hears a voice downstairs.

It's the voice of someone moving in the kitchen. Ji anxiously looks at it. The man is already preparing breakfast. He is wearing the gray sweater she selected for him. It's warm and jade like. It's very suitable for him.

"Why did you get up so early? No more sleep. " Hocheon asked her.

Ji Anxin came to him and put his hand around his waist. "I can't sleep."

"Did Xiaoxiao wake up?"

"Not yet."

Huo qi'ang turned around and hugged her. "How do you plan to spend your weekends?"

"Well, I don't know."

"How about spring outing?"

"Good! Do you have a good place to go? " Ji Anxin asked with a smile.

"There's a place that belongs to us, remember?"

Ji Anxin immediately thought of the hillside. There was a very large meadow on the top of the mountain. Now, it was a good time for spring.

"Good! There's no problem with your identity! "

"I'll take my bodyguard with me. There's no problem." Hodgson promise.

Ji Anxin said, "I'm going to call Xiaoxiao up now."

Ji Anxin coaxes his daughter to get up. As soon as the little guy can go out to play, his eyes are shining and he is looking forward to it.

After breakfast, two hours' drive to a valley that has not yet been developed. From the valley up the mountain, you can reach the top of the mountain. The little guy seldom comes out of this kind of field. He is happy to see a flower and an ant, which is enough to make her squat down and enjoy for a while.

Huo Qiang and Ji Anxin look at their daughter's happy appearance behind them. They look at each other and smile. It seems that they have to take the little guy out for a walk.

Ji Anxin and his daughter are walking in front of him. Huo Qiang is in charge of taking photos behind him. Further away, the bodyguard follows them and doesn't disturb the time of the three members of their family.

The little guy's physical strength can't climb up, Huo Qiang holds it all the way up. The little guy holds a bunch of wild chrysanthemums in his hand. When she sees the wild chrysanthemums on the grass ground, she runs happily all over the grass, like a free and happy bird.

Ji Anshan and Huoqiang sit on the stone to rest, here, but where they have come before.

Ji Anxin still remembered that they were lying in the green grass together, watching the clouds and talking about the future. Now, the children are running around on the grass, which is really sweet.

"Peace of mind, you know? In this life, I can miss everything, but I can't miss you. " Huo Qiang's affectionate eyes fell.

Ji Anxin chuckled, "here comes again. When will you give me a love poem?"

Huo qi'ang chuckled, "I'll start writing when I go back tonight, and I'll send it to you after I finish writing and publishing."

"Good meat." Ji Anxin can't stand to push him.

Huo Qiang smiled and grabbed her. "As long as you like to listen to me, I can say anything else."

Ji Anxin felt numb and liked listening. She also had no words to herself. She took his hand and said, "I love listening. I'll listen later! Don't publish. "

Huo qi'ang put her face lightly, "OK!"

"Daddy, Mommy, I'll give you a bunch of flowers." The little guy picked some wild flowers for them.

Huo Qiang reached out and took it. "Thank you Xiaoxiao."

Ji Anxin also took over and watched her daughter go to play again. She thought of one thing and turned to the man beside her and asked, "does Huo Xiaoxiao like it?"

Huo Qiang was stunned, and then he understood her meaning. He laughed low and said, "Ji Xiaoxiao is very pleasant. I have no opinion." Ji Anxin smiled, "let's change it! It's a tradition to have her surname Huo and follow her father's! "

Hodgson was so excited, "you decide."

"Well! You have to let someone do it. " Ji Anxin decides to give his daughter his surname.

The little guy ran around happily like a little dog. He didn't stop for a moment. Huo Qiang accompanied the little guy to play on the grass for a long time. The little guy giggled together.

Innocent and lovely.

Ji Anxin holds his mobile phone and pats the father and son from time to time, leaving the most beautiful moment.

In the afternoon, the little guy was tired of playing, sleeping very sweet in Huo's arms, Ji Anshan was also tired, relying on him to have a rest with his eyes narrowed.

Huo Qiang's eyes are firm and full of spirit.

In a luxurious building in the center of the city, it's a very distinctive building, like a half moon. However, this building, at the same time, is also very famous.

Because now all the venues here belong to a music company, and they are also training bases for women's groups.

At present, there is only one combination built by this company. They have successfully entered this combination into the domestic market and become a popular combination. At the moment, in a lounge, sitting a girl in a simple Hoodie, her dress is very ordinary, but she has a very slim body, and beautiful pure face.

She is one of the members of the women's group, Zhuang Nuan.

She is now confronted with a problem that makes her and her members quarrel and discord. She doesn't know what to do.

She came here today. The boss of the company will have a reconciliation. She hopes that before the concert, the relationship between them can be restored.

The boss of their company is a 36 year old man. He is a very successful person in the industry. He makes music in his hand, trains women's troupe, and makes great achievements in music every year.

"Warm, you're here." He pushed the door in and said to the girl on the sofa.

"President Zhou." Zhuang warm immediately stood up to meet him.

"Warm, don't worry. I'll talk to them about it." In Zhou Tao's tone, there is no blame for her.

Zhuang Nuan nodded and sat down again. Just then, outside the door, the door was pushed a little harder from the outside, and three girls walked in.

Led by Ye Manni and Linxi, the last blue beginner who came in was worried.

"Come here, all of you." Cried Zhou Tao.

Ye Manni sits down with her arms around her, and Linxi is also a playful face. LAN chennian sits next to Zhuang Nuan and looks at her with concern.

"You are a group. Outside, you have a very strong popularity. The concert is coming soon. I hope you will unite and push your fame to a higher level." Zhou Tao said with a voice.

"President Zhou, how should our company punish us for this kind of thing in private?" Yemeni looked up and asked, "you can't do nothing! In this case, what else can we do together? We can do it alone! "

"Mani, the order has been given on the matter of warmth. Don't pursue it. Don't mention it." Zhou Tao gave her a warning look.

Ye Manni is shocked, and Zhuang Nuan is also slightly surprised. Did the people above give orders?

Their group has been training abroad for a year and a half since they chose their roles. At first, they made their debut a year ago. In a competition, they stood out and won the championship. Then, in the era of women's group flooding, other women's groups were eliminated due to lack of funds or other reasons. Only their women's group got the best treatment, and all the way strong and fiery, has become the popular idol group.

Zhou Tao is not their real nominal boss. Behind President Zhou, there is a person who has never disclosed his identity information, even his appearance, name and age, who is supporting Zhou Tao's company and building their team.

But the only thing we can know is that the person behind this has powerful wealth and extremely noble identity.

Because a lot of Zhou Tao's identity and ability are not enough to do things, because of the existence of the boss behind it, and easy to do.

Chapter 834

"The man above? Mr. Zhou, can you tell us the identity of the big boss in detail! We are very curious. " Linxi asked Zhou Tao curiously.

Zhou Tao's face immediately turned cold. At the same time, at this moment, his eyes did not trace across Zhuang's warm little face, and he immediately coughed lightly.

"Now I'm your boss. You all have to listen to my arrangement and warm things. Don't have any more opinions. It's important to rehearse the concert."

"President Zhou, you can tell us! We really want to know who is the big boss behind us. In this way, we can thank him if we see him in the future! " Yemeni also wanted to know.

Zhou Tao's face immediately became stern. "You can't ask about this matter any more. Anyway, you should do your own thing now. As long as you try your best, fame will come with you. You don't have to worry about other things."

Ye Manni bit her lip, and reluctantly said, "Oh!" After that, she couldn't get out of the way again. "Is it really necessary to stop investigating about the village's warmth? Is it possible for me to take on private work in the future? "

"No, warmth is just an exception. You can focus on the team's work in the future. Don't think about taking on any private work. It's serious to do your own music well." Zhou Tao's eyes warned.

"What's the matter! President Zhou, why she can! It's not fair. " Lindsey hummed, arm around.

Blue early read advised a sentence, "warm this time is not intentional, you don't blame her."

Zhou Tao's eyes flashed a little helplessness, and he straightened his face and said, "even if all the above choose not to pursue the warm things, you don't have any opinions. However, this performance cost will give you more share, which is satisfactory!"

"Unless we deduct the warm money from Zhuang, we will be satisfied." Yemeni said immediately.

Zhou Tao's eyes flashed the color of embarrassment. At this time, Zhuang Nuan, who had not spoken, said, "I'd like to, I'm willing not to take the share of this time, but the share that belongs to me."

"Your share will be used to pay for our performance!"

"Don't go too far. The warmth has been promised. It's time for you to rehearse and stop fighting." After Zhou Tao finished, he looked at Zhuang Nuan again. "Nuan, come on, too."

"Thank you, Mr. Zhou. I will try my best." Zhuang warm nodded.

After Zhou Tao left, Zhuang looked at the two members in the opposite direction with warm eyes. She sincerely apologized, "Minnie, Xiaoxi, first read, I'm sorry, it's my fault. I will never do it again."

"I don't blame you for the warmth."

"Good! Even if you apologize, we will accept it. However, there is a condition that you can't take the C position in the whole performance. " Ye Manni has some ruthless voice.

Blue Chu read immediately surprised, "how can this be! At least six songs are in the C position! "

"Do you agree or not?" Asked Lindsey.

Zhuang wennuan bit her lip and nodded, "OK, I promise, I won't take the C position."

This condition is what makes yemanni and Linxi most happy, because the fame of Zhuang nuanjiao in position C is better than them. In the whole women's group, the fame of her and LAN chunian is higher than them.

Obviously, they are also very hard working. Why is the village warmer than them? This kind of luck can only blame Zhuang Nuan himself.

In this team, Zhuang is warm and pure, blue is cute for the first time, and ye Manniu and Linxi are both sexy. They think they have paid more than Zhuang.

LAN chunian's family is surprisingly good. She just loves dancing and music. She joined the group. Her family is famous for jewelry. Her eldest brother is now the CEO of the whole family.

Therefore, LAN Chu thought that she was well-known and deserved it. However, Zhuang warm and Mingming was not as good as the two of them in everything, but she was better than the two of them, which made them feel bad.

"Well, go to the rehearsal!" Yemeni can't wait to practice jumping in position C.

In the dance hall, Zhuang wennuan takes off the outer sweater, revealing a tight black thin sweater with jeans, which is full of youthful beauty.

Blue first read also a pink long sleeve, with tight casual black pants, while standing in front of the two girls, they are only wearing shorts and navel top.

When the music started, they became elves. They danced nimbly and gracefully, and were full of movement. They had a year and a half of training base, and they had reached a very excellent level.

In this afternoon's rehearsal, Zhuang warm's original c-position songs were all replaced by yemani and Linxi, while LAN chunian was a man who did not strive for fame and wealth, and she accompanied Zhuang warm in the position behind her.

Half a day's rehearsal has come out. It's half past five. They all need to go back to have a rest. Yemani and Lindsey live in the company now. Zhuang wennuan needs to go back because she has grandma to take care of her. When he came out, LAN Chu Nian took her arm and said, "warm, I'll let the driver see you."

"Thank you for the first time."

"Don't mention it. This time it's Mannie and they are going too far. Don't worry about them."

"I'm fine." Zhuang wennuan shakes her head and smiles. For her, it's really an honor to be able to jump in position C. at the beginning of every music, the company would choose position C as the leader. She is lucky to be valued.

Now, she just wants to finish the concert and get better fame, which is also the fun she pursues in music.

At the door, a Bentley car worth tens of millions of dollars was parked there. Blue Chu Nian walked over and said hello to the driver who had left the window, "Uncle Li."

"Miss." Uncle Li respectfully called her.

Sitting in the car, LAN Chu read, "Uncle Li, let's warm up first!"

"OK!"

The feelings of Zhuang Nuan and LAN chunian are better than those of Ye Manni, because they belong to the people who want to cast their personalities. They are all pursuing music rather than fame and wealth.

Zhuang wennuan arrived at the gate of the community. She immediately put on her hood and mask, waved to LAN chunian, "chunian, see you tomorrow."

"See you tomorrow." LAN chunian waved and watched her.

Zhuang wennuan bowed his head and walked to the community, which is a half old community. But once, it was also one of the luxury communities 15 years ago. Because of too long, it has gradually become dilapidated.

As early as ten years ago, the whole city developed towards the new city. Here, it is the old city! The goal of the government is not here. It has become one of the places for health preservation and living.

Zhuang wennuan walked into the elevator and met several familiar neighbors.

"Warm, back." An old aunt looked at her and saw that she was wearing a mask, but her eyebrows and eyes were really beautiful, so she praised, "it's really the 18th National University of women! More and more beautiful. "

Zhuang wennuan smiled. When the aunt got off the elevator, she also helped to pick up the vegetable cart for her.

"Thank you for the warmth."

Zhuang warm alone in the elevator, some trance trance, just over the age of 22, she has experienced a lot.

Take the key and open the door. Zhuang wennuan sees grandma sweeping the floor. She hurriedly comes to take over her broom. "Grandma, I'll do it!"

"It's OK. Grandma is not old. She can still work." The old lady said with a smile.

The old lady asked, "warm, how is the concert?"

"Rehearsing! It's going to be a victory. "

"Well, grandma is very happy that you can achieve this, but grandma still says that dancing is OK, but pay attention, don't wear too exposed clothes."

The old lady doesn't appreciate the programs of these young people, but she has only such a demand for her granddaughter. She can't stand not to wear those belly buttons or super shorts on the stage.

"I see, grandma, the company promised to make me some conservative dance clothes," Zhuang said with a smile

This is what Zhuang Nuan promised grandma. She hasn't worn too exposed dresses for a year and a half since she started her career. The company also respects her very much. Every time she is given this, it's a conservative dance dress that doesn't affect her figure.

Chapter 835

At this point, Zhuang wennuan is also strange, because she feels that the company takes too much care of her, so she generally will not cause any trouble to the company, and does her music work conscientiously.

"Ah! If your parents are still there, they will be happy for you. What a pity! My old bone is still there, but they left first. " The old lady sighed again.

Zhuang wennuan's sweeping figure was stunned. She turned to look at grandma. "Grandma, can you tell me more about my parents! I want to know. "

"How about knowing? You can't help it. "

"Did their death have anything to do with Joe's group? Grandma, when I get the money this time, I can ask a lawyer to turn over their case and Sue the Qiao group again. " Zhuang warm eyes with angry tears.

The old lady's tears were immediately forced out. She wiped them and said, "you child, forget this! You have a good life, so you can afford your parents. "

"I don't want to. I can't let them die in an ambiguous way. Joe's group hasn't given me a saying. Isn't their life life life life life?"

"Silly child, how can you defeat the people of the Qiao group with your own strength? They are all powerful people. " The old lady looked worried and said that she knew that in her granddaughter's heart, this matter could not be put down.

In Zhuang's eyes, there was a flicker of firmness and anger, "wait a minute, when I get the money, I will ask the most powerful lawyer to send lawyer's letter to the people of Joe's group. I want them to give me a fair return."

"Do you know who is in charge of Joyce group now? Have already changed a group of people! " The old lady can only remember Qiao Dongsheng, the former director of the Qiao group, but now she doesn't know who is in charge.

Zhuang wennuan immediately gnashed his teeth and said, "I know who it is, Qiao Muze."

The old lady on one side frowned. "Is this Qiao Dongsheng's son?"

"It's his eldest son." Zhuang's eyes are full of hatred.

The old lady immediately advised, "warm, don't think about it. You can't do anything else. They have the right to be powerful and ruthless. I'm afraid you will do something again!"

"I'm not afraid of them." Zhuang's current efforts are to one day earn enough money to avenge her parents and get back justice.

Qiaoshi Group operates the global hotel industry. Half of the world's top chain hotels are controlled by Qiaojia. Qiaoshi group's current leader, Qiao muzer, is more capable than his father, which makes qiaoshi group's annual profit rise in a straight line. His figure is a regular guest on top business magazines and one of the young and promising leaders.

Zhuang wennuan put down her broom and went back to the room. She took out some pictures cut from magazines she had saved. Only the man in the picture sat on the golden leather sofa with the background wall full of texture. His slender body overlapped gracefully. It must be said that this is a man who shakes people's heart.

His features are different. His nose is high, his lips are thin, and his eyebrows are like swords. They fly into the dark hair under the sideburns.

The brow is full of mature breath, calm and arrogant. Even if it's just a picture, his eyes seem to give people a sense of oppression. Some men are born with a king's momentum.

This man is no exception.

However, in Zhuang's heart, this man is a murderer. The death of his parents has something to do with his company and his Qiao family.

In any case, no matter how difficult the road ahead is, she will try her best to make the family pay the price.

"Wait for me, chamuzer. I'll send you a lawyer's letter." Zhuang wennuan speaks firmly to this picture.

In the evening, after finishing dinner for grandma, Zhuang wennuan accompanies her to enjoy. She rehearses in the room. Today, her position has changed. She needs to change her position.

It's really not particularly important for her to be able to jump in position C. what she wants is that after this concert, she will have a sum of money. Although today she has deducted the increased share due to her external music, she didn't ask for it.

For her, it's the best luck to finish the performance.

In the evening, Zhuang wennuan was so tired that she went to bed at eleven o'clock and fell asleep.

In the morning, Zhuang wennuan was woken up by the alarm clock. She got up quickly and went downstairs to buy breakfast for grandma. Then she went to the company.

When she came, she was alone. She practiced in the practice hall by herself. After a while, LAN Chu came over and rehearsed together.

Yemeni and Lindsey are late. In rehearsal, both of them are often procrastinators. However, even if Zhuang wennuan has any opinions, they can't say it. According to Yemeni's character, they must quarrel.

Through the glass window, Zhou Tao looks at Zhuang wennuan who has been practicing for some time. Zhuang wennuan dances very well. He also knows that she has abdicated out of position C. Although he also feels sorry for her, this is their internal affair. Zhou Tao is watching. His assistant gives him his cell phone. "President Zhou, your cell phone rings."

As soon as Zhou Tao saw it, he knew that he had just forgotten his mobile phone in the office. He reached out and took a look. He did not dare to neglect it immediately. He took a look at Zhuang Nuan inside. Among the four members, his eyes only looked at Zhuang Nuan. He hurried to the next lounge and answered in a very respectful tone.

"Hello! President Qiao! "

"How is she rehearsing?" At that end, the deep male voice is asking questions, listening to the tone, as if they are always paying attention.

"Zhuang Nuan dances very well. There is absolutely no problem with this performance." Zhou Tao also responded truthfully.

"Well, you take care of it. I hope she can grow faster this time."

"Sure, Zhuang Nuan's reputation has been made very well. Even if she leaves the group later, she will be able to stand alone."

"Well!"

"Mr. Qiao, will you come at the concert? You have created this combination. Please come and watch it! "

"Say it again!" The man at that end obviously didn't want to come.

"OK! I will take care of Zhuang warm here. "

"Well, you're busy." The man at that end said that and then he hung up.

Zhou Tao breathed a little sigh. To be honest, he still doesn't know what the relationship between Qiao Muze and Zhuang Nuan is. Three years later, he still remembers that he first met the Qiao's eldest young master. He only asked for one, holding the red villa Nuan.

He had a plan to recruit Mu women's group. At that time, Zhuang wennuan took the initiative to come to the examination and ask to join. At that time, he discussed with master Qiao whether to establish the group in the way of women's group, and master Qiao agreed.

It's Zhou Tao's plan to build a women's League. It's just the time that Zhuang wennuan joined in and let him get the money. Why not?

Qiao Muze invests a lot of money every year, while Zhou Tao is in charge of management and training. As expected, he succeeded. He has built the hottest female League member. However, every time he comes to Qiao Muze, he only pays attention to Zhuang Nuan.

For other members of the league, he only mentioned blue chunian and asked him to pay more attention.

But after all, it's just Zhuang Nuan who makes Joe care.

In the practice hall, yeoman Ni stood at position C, she jumped very hard, and her movements were too fierce, which led to the slow down of Zhuang Nuan behind her. She immediately stopped and turned to Zhuang Nuan and said, "what's the matter with you? How can I jump when I'm so slow? "

"It's clear that you jumped too fast and the music didn't keep up." Zhuang warm frowned.

Yemeni bit her teeth and said, "don't think you can forgive me if you give me position C. you'd better not provoke me."

Zhou Tao came in and said to Ye Manni, "Manni, you are right about the warmth. You are too hard and follow the rhythm."

Ye Manni immediately stared at Zhuang Nuan and said something dirty, but she didn't say it.

Zhuang wennuan is biting his teeth, but he doesn't speak. Zhou Tao continues to watch them and watch them dance. He says to Zhuang wennuan, "warm, come with me."

Zhuang wennuan followed Zhou Tao into his office, and Zhou Tao said directly, "warm, if you want to jump to position C, I can make up my mind."

"No, President Zhou, I don't care about that." Zhuang warm warm care is, this concert's victory carries on.

"All right! Warm, I have something to tell you. You are the most important artist we value and I focus on training. If you have any needs, please tell me directly. "

Zhuang warm warm heart grateful, at the same time, some do not understand, she did not know how to become the most important one.

Chapter 836

Zhuang wennuan's daily work is to stay in the company, either to practice dancing or to practice singing in the studio. She is a very hard-working person.

She was practicing. Suddenly, LAN Chu Nian knocked at the door and walked in. He said happily to her, "warm, come and have a look. Our clothes are back. Let's go and have a look! It must be beautiful. "

Zhuang warm smile, "really? Let's go! "

Holding hands, the two girls went to a large conference hall. They saw only the clothes they had ordered on the table. Moreover, each one was specially designed, and the price was very expensive, not of general quality.

Zhuang wennuan goes to her share, she takes it up, and all the design styles are based on her needs.

Of course, yeoman Ni is also satisfied with her, because of all the costumes, only her design is personalized and sexy, and Lindsey's is similar to her.

"What's wrong with you, Zhuang Nuan? We've been dancing for more than a year. You don't even show your thighs. Isn't that our quality? Is there anything you can't see? " Ye Manni taunts Zhuang wennuan not for two days.

In the past, her tone used to be full of slander. Now, Zhuang wennuan is even more disgusted with her because she is so popular in film and TV music.

"It's just my personal need." Zhuang wennuan looks up and answers.

"Pretending to be pure, I think you want to buy your pure human settings!" Yemeni doesn't have a good airway.

Outside, every time the photos of Zhuang warm are very pure and clean, so in the hearts of many fans, the support for her is higher.

"Honey, it's all a group. We're good sisters. Come on." LAN Chu said.

At this time, she picked up a suspender with a bare navel. "How can I have this?"

"Oh! Last time the designer called and said that there was something wrong with your design, I asked her to change it for you. " Ye Manni smiled at her and said that there was something funny about it.

"Ah! Why don't you tell me! " Blue early read immediately bitter face, "if I wear this, my eldest brother must kill me."

"At first, are you so afraid of your big brother?" Linxi's eyes swept over. "Your elder brother is so handsome. I'll introduce you to us some other day."

LAN Chu read some embarrassed way, "this, I may not be able to help, he does not like to mix my things."

"Just wear it! It's not dew point clothes. I'm sorry to wear them. Our logo is printed on them! You can't do without it. "

"Oh! ok I'll add a small shirt on it, don't you have a problem! " Blue Chu Nian asked them.

"I'll practice dancing first." Zhuang looked at the time and said.

"Warm me with you." LAN chunian immediately follows.

As soon as they were gone, Yemeni said to Lindsey, "look at her height."

"You think you're really clean? See how good Zhou is to her. Do you think there is any relationship between them that can't be told? "

"Who said no? No one knows how messy the relationship is in private. " Finish saying, ye Manni's eyes flashed a touch of bad intention way.

"I'll make her tall and give her some color."

"What do you want to do, Mani?"

"Don't worry. What you don't do is make her a little ugly and add a little laughingstock to our concert!" Finish saying, ye Manni did not know where to find a pair of scissors, she picked a Yanluo Yi suspender top, Linxi immediately approached.

Yemeni was very skilled. She took the scissors and cut the connection of the sling very thin. As long as she had a little more power, it would break. Originally, this was a flash elastic cloth with a silver thread in the middle. As long as the sling broke, it would immediately slide down.

Linxi was also very looking forward to it. "When she was on the stage, Zhuang wennuan would break if she used a little power. Then, she would pretend to be pure."

In addition to this, they cut a small hole in the hip side of a pair of jeans of Yanluo Yi, and then the whole camera will shine on them in all directions. So, this kind of small mistake will be reflected on the whole performance lens.

The two women were in deep joy.

In the training hall, Zhuang wennuan and LAN chunian have finished dancing for a while. Ye Manni and her two people came in and began to practice again. It's only half a month since their concert.

The ticket price of their concert is also very considerable, and they have been sold out. It can be seen how popular they are. In addition to Zhuang Nuan and LAN chunian, they are very low-key. Ye and Manni often treat themselves as superstars, very high-key.

Often warned by Zhou Tao, however, this is also a normal situation for their company, and their fame has changed.

In the evening, at the presidential palace, Hodgson was ready to leave the office. It's only about four o'clock at the moment. He's going to pick up his daughter now. At the same time, he'll go to the supermarket with his assistant and buy him fresh vegetables for dinner.

When he arrived at the school at 4:30, Huo Qiang led his little nephew with his left hand and his daughter with his right hand. This scene, however, made a lot of female parents on the side of her heart.

It's a blessing for them to have such an approachable, handsome and caring vice president!

Huo Qiang returns home and asks the two kids to play first. He picks up his mobile phone, goes to the floor window and dials up his wife's phone.

"Hello!" That end Ji is relieved to smile to pick up.

"Wife, come back early. I'll start cooking dinner."

"Good! I'll be home in a minute. " Ji Anshan answers sweetly.

Hodgson smiled. "I'll make your favorite dish."

"As long as you make it, I love it." Ji Anxin also expressed his love to him.

Huo Qiang's smile was strong, "Well! Wait for you to come back. "

After hanging up the phone, two little guys play ball outside the window. Huo qi'ang pulls up the sleeves of his white shirt, takes off his wristwatch and puts on his apron. He looks like a cook in his family. He is also very handsome.

Who says the men at work are the most handsome? The man in the kitchen is equally handsome and charming.

Half an hour later, Ji Anxin arrived home. Listening to the happy laughter of the children in the garden, she stepped into the hall, put down her bag, took off her coat, and walked towards the kitchen. Looking at the man who washed the dishes carefully, she directly hugged her waist. "You've worked hard." Ji Anshan sticks to his back and speaks softly.

Huo Qiang turned around and kissed her face, "this is the happiest time of my day."

Ji Anxin put his arms around his neck. "Take turns later. I'll cook you a meal. Don't be too tired."

"It doesn't matter, as long as I have time, I'll come home and cook," Hodgson said with a smile

"No, I want to cook too!" Ji Anxin competes with him.

Hodgson immediately thought, "OK, one week, four days for me, three days for you."

"Well! OK, but I'm not good at cooking. You can't get rid of it. " Ji Anxin said in advance.

Huo qi'ang immediately pulled her into his arms, lowered his head and kissed her on the corner of the mouth. "If I don't have enough, I will eat you at night."

Ji Anxin immediately chuckled and pushed him. "You're not serious. I went with the children."

Finish saying, Ji Anxin came out, at this moment, near the summer time, the evening glow dazzled in the yard, as if covered with a layer of light.

Ji Anxin stands beside and listens to the children's laughter. Behind her is the smell of dinner coming from the kitchen. Such a life is her most yearning destination.

On the street.

Zhuang wennuan got off the car from LAN chunian's car. She passed the fruit beach and bought a piece of fruit. Just then, she looked at a law firm nearby. She bit her lip and stepped in.

There was a middle-aged man in his early forties. When he saw the business coming, he immediately greeted him with a smile. "Miss, what can I do for you?"

Zhuang wennuan wears a mask, covering most of her face, and is not afraid to be recognized.

"Hello, I'd like to ask if you can take any cases here!"

"Of course, as long as it's within our capabilities, we'll take care of it. Miss, do you have any cases that need our help?"

After thinking about it, Zhuang asked, "excuse me, if I want to send a lawyer's letter to a large company, can you do it?"

Chapter 837

"Big companies? What's the size of the company?" The lawyer immediately took it seriously.

"I don't know if you've ever heard of Joe's international hotel group." Zhuang asked.

The lawyer was immediately surprised. "Are you going to sue anyone in the Joe group?"

"Joe muzer, the current president of their company." Zhuang wennuan said directly that his father retired, so the case of his parents fell on him. Because his father used to be an employee of the Qiao group, his death had something to do with the interests of the Qiao group company, so what she wanted to Sue was the executor of the company.

The lawyer's face changed and became very dignified. Then he got up and said, "Miss, I'm afraid it's a little difficult. Our company doesn't have such a force to send a lawyer's letter to the president of Johnson group. You can only go to a larger legal company for consultation. Best of all, if you have enough funds, you can hire a lawyer's group."

"The corporation?"

"Yes, because the lawyers of big companies like Joe's group are very top-level teams. It can be said that there is no lawsuit they can't win."

When Zhuang wennuan came out of the office, she didn't have the strength. The lawyer's words made her feel desperate. At the same time, they made her more discouraged. The more it was like this, the more she wanted to make money, and finally found a lawyer who could sue Joe muzer.

When Zhuang wennuan came home, Grandma had made dinner. After she finished eating, she chatted with grandma and watched TV. After sending grandma back to her room for rest, she listened to songs and wrote some lyrics in the room with her computer.

Although she joined the group, she didn't give up her music dream. She not only could sing, but also wanted to write and compose songs by herself.

After she finished writing for a while, she opened the news about them and found that Zhuang Nuan was very grateful to those pink thread groups who supported her and loved her. Because of her newsletter, all her works were organized by the company in line, she would not be close to her fans.

Zhuang warm warm is looking at, suddenly a headline above, noticed a name.

Qiao Muze, her eyes narrowed and opened. It turned out that this man had a ribbon cutting activity in a five-star hotel newly opened in foreign countries. Some media made an exclusive interview with him. Although there were only photos, he briefly said a few words in front of the camera, but the media could find a lot of words to praise him and praise him.

Of course, these praise, for this man, is worthy of the name.

Here's a description of his strong academic background, his proud achievements in taking over the company, and his appearance. He is called a diamond level single aristocrat, and he is the dream lover of young women now.

"Bah!" Zhuang warm after listening to this sentence, only feel cold, however, she turned the following cheap nearly 80000 comments.

From the beginning to the end, there are all female fans who express their love for this man. There is no message saying they don't like him. It's all a message calling for his husband, wanting to marry him, wanting to marry him.

Zhuang wennuan can't help getting a bellyful of gas. What's good about this man? Their company is not fair at all, for the sake of profit, but for the sake of human life.

This man is a devil.

Zhuang wennuan must sue him.

In the morning, Zhuang wennuan was still sleeping, her mobile phone rang, she picked up, "Hello!"

"Warm, there's something urgent to announce. You're going to have a program tonight. Come to the company immediately to prepare." The voice of Zhou Tao came from that end.

Zhuang warm can't help but be frightened, "what? Today? "

"Yes, you didn't hear me wrong. This evening, I received an artist who was going on the program. Later, he was admitted to the hospital because of illness. Now the program is on schedule, but the guests are changed. I won it for you."

Zhuang wennuan immediately put on his clothes and came out. When he arrived at the company, the other three were there.

When Zhou Tao came in, he told them the importance of tonight's program.

"Before your concert, I didn't plan to let you go on the program, but it's very difficult to go on this program. If you go on, it means your fame. So, you are ready to do this program well."

"To be on this program means that we are really angry. Don't worry! President Zhou, we will not let you down. " Yemeni can't wait to think about it.

Linxi is also looking forward to it. LAN Chu Nian is just a little nervous. Zhuang Nuan nods, "OK!"

"Let's talk about it now. I have their internal information now. For tonight's interview, I'll warm up for you first. Some words can be said, some words should be kept mysterious."

On this kind of program, they have had it before. They just have a good line in advance. After coming to the stage, they follow the line and play it freely.

"Your clothes are ready for the evening. After changing at three o'clock, our team will go out." Said Zhou Tao.

At 7:00 p.m., their group appeared on the screen on time. For the mysterious guest who changed suddenly, it attracted unprecedented praise and response from fans. In a luxurious private villa by the sea, this interesting interview is playing on a huge TV screen. Four beautiful girls with different personalities sitting on the sofa occupy the whole screen.

Each has its own characteristics.

At the moment, on the dark gray sofa, the man sticks to a glass of red wine in his hand, and his eyes fall on the screen. Among the four girls, his eyes are particularly deep to the third girl. She has long straight hair, long bangs in the middle, showing her pure oval face. Her features are on the screen, beautiful and charming. The smiling eyes are smart and charming. The host teases her. At that time, she reached out to cover her lips, which was even more charming.

The man outside the screen, looking at the girl, squinted, and felt guilty.

Zhuang's father, who used to be the general manager of his company, died in an accident.

For him, Zhuang Fu was also an old generation. He remembered that he often spoke proudly of his daughter, saying that her daughter was very talented in music. He hoped to send her into the music circle and play her musical talent in the future.

However, the promise of Zhuangfu did not come true before his death. Because of his sudden death and his accidental death, he gave his compensation to his daughter.

Invest in music, let her stand on the stage she loves. After three years, he has completed his compensation. Now, she has a reputation, and will have a place in the music circle in the future, which is also the spirit of heaven to comfort the Zhuang couple.

The man's eyes looked at the screen. The girl with smiling eyes was like an elf. He hoped that she would not become melancholy because of the departure of her parents. He hoped that she would continue to be so happy.

After finishing the program, Zhuang warm and his party are very tired. However, there is also a signature link. There are more than 20 lucky viewers who can enter the backstage to ask for their signatures.

"Warm, sign for me! I love you so much! You are beautiful. "

Half of the 20 male and female fans who poured in were warm around the villa, while the rest were around LAN chunian. There were only a few who couldn't squeeze into the warm side of the villa, so they turned to Yemeni for signature.

At the moment, ye Manni's signature is warm, while the light of resentment in her eyes sweeps towards Zhuang Nuan.

So is Lindsey.

As soon as LAN Chu Nian finished signing, her phone rang. She apologized to her fans and said, "I'll take a call first. I'm sorry."

LAN Chu Nian picked up her mobile phone and went into the next room. She took a look and quickly picked it up. "Hello! Big brother. "

"What time is it?" The male voice on that end is very unhappy.

"I'll be finished soon, and I'll be home soon." LAN Chu read some flattering smile.

"Go home now."

"Oh! OK, big brother, do you want to have a snack? I'll take it for you! "

"No." The man at that end doesn't give face.

"Oh! All right! " At the beginning of blue's thought, he turned the corner of his mouth, but the elder brother was just as stern and disrespectful.

When she came out, the luxury car of LAN chunian was waiting for her. Zhuang Nuan took the company's car back and waved goodbye to her.

LAN Chu reads to stretch his heart strings and goes to bed quickly, for fear that he will get a board if he goes back late.

"I'm afraid of her eldest brother for the first time." Said Lindsey, but she watched with envy as she left in a multimillion car.

If she can, she really wants to let LAN chunian introduce her to his elder brother. Maybe she can be her elder sister-in-law! Who makes her big brother handsome and rich?

Chapter 838

When Zhuang wennuan returned home, she was very tired. For her, dealing with the program was like fighting, because all the nerves were tense.

Fortunately, tonight's program was recorded very successfully, and the response was also very good.

However, on the program, we can still see that Yemeni always stops her from answering, which makes her pay more attention. Every time Yemeni and Lindsey answer questions, the camera is close to them.

Zhuang wennuan also knows that yemanni and Linxi always like to fight for victory, and she has always let them down, not to worry about them.

Because what Zhuang wennuan needs most now is money, and after this concert, she can get nearly three million shares, which is really an urgent need for her.

Grandma has gone to bed first. Zhuang wennuan doesn't want to stay up late. She must be an artist. It's very important to keep a good working and rest time.

The next day, Zhuang wennuan went downstairs to buy breakfast and came back to grandma. She also bought fruits and vegetables nearby. When she went out, she wore masks and bought a black framed glasses to cover it. This made her walk on the street, and almost no one recognized her.

But her figure is really visible to passers-by. She should be followed for a while, because her figure is really perfect.

After Zhuang wennuan bought vegetables and breakfast for grandma, she came out. Grandma has lived in this area for a long time and made some old friends. Her old life is also very rich.

When Zhuang wennuan arrived at the practice hall, she was stopped by Yemeni and Linxi. "Wennuan, let's discuss something with you."

"What is it?"

"We decided to change a song." Yemeni suggested, circling her arms.

"What song?"

"We've decided to change your main song, but you won't be in position C! Don't move your main song onto the stage. "

Zhuang Nuan looked at the two men in surprise. "Why do you want to change?"

"We decided to release our new song and promote our fame. We can only change your main song if we want to go back and forth." Lindsey had a look of helplessness.

"No way!" Zhuang wennuan immediately gritted her teeth and refused. It was her famous song. She was the lead singer. She didn't want to change it.

"You can't do it! Anyway, we decided. "

"You..." Zhuang Nuan's eyes turn red.

"If you don't want to change, let's stop singing in this concert. Let's play the two songs. Then you will be responsible for everything." Ye Manni's eyes are threatening, staring at Zhuang Nuan.

Zhuang warm red eyes, but under their threat, close your eyes, don't open your face, she can't let this concert happen, she bit her lips and said, "OK! You change it! You can change it. "

Yemeni and Linxi saw the threat of success, and immediately smiled, "OK! That's what you promised. We'll find President Zhou to adjust later. "

After they left, Zhuang warm warm still felt the grievance, she squatted in the practice hall, the mirror all around reflected her sad and grievance.

However, when her parents are gone, she will bite her teeth and stick to it no longer. Because she has to be strong, she misses the time when she was wronged before. She can pamper her parents and tell them that they will comfort her and forgive her.

Now, what grievance, she can only swallow, and whenever this time, she think of her parents, but hate some people more deeply.

Joe's group.

Zhou Tao is sitting in his office. At the moment, he has just received a call from the host of a senior charity banquet.

There was a surprise in his eyes. Next, he was going to share the surprise with his female members.

He called one of the staff, "Xiao Lu, tell them to come to my office for a meeting."

"Now?" Ask Xiaolu's female employee.

"Yes, right now, hurry up." Zhou Tao waved.

Xiaolu immediately went to find Ye Manni and LAN chunian in the studio, and finally came to the practice hall to find Zhuang Nuan.

She saw Zhuang Nuan sitting in the training hall around her arms, with a sad smell all over her body. She immediately asked, "are you ok?"

"I'm fine." Zhuang warm smile, in front of outsiders, she did not want to show more mood.

"OK, go to Mr. Zhou's office now! He said he'd like to have a meeting with you! "

Zhuang Nuan thought, it must be about changing songs! Zhuang wennuan looks at herself in the mirror and wipes the moist corner of her eyes. She walks quickly to Zhou Tao's office.

Zhou Tao is in the office at the moment, waiting for her, and ye Manni immediately asks curiously and expectantly, "President Zhou, please hurry up! Don't buy the gate. Is it a happy event? "

"Say it when it's warm." Said Zhou Tao.

At this time, Zhuang warm walked in, ye Manni and her two people looked at her nervously for fear that she would come to sue, but Zhuang warm found a place to sit down, and LAN Chu read and felt her melancholy look, and asked in a low voice, "what's wrong with you warm?" "I'm fine." Zhuang Nuan smiled and shook his head.

Standing at his desk, Zhou Tao said to the four young and beautiful girls in front of him, "I'd like to tell you a good news. I just got a call and there will be a very grand charity dinner ceremony in this city. You have made contributions to charity because of public performance and fund-raising. This time, all four of you have been invited to the party to attend this ceremony Courtesy. "

"What? Really? We can go. " Lin Xi is surprised, and ye Manni beside her is also very excited. "So, we can dress up in the past to participate?"

"Most importantly, this dinner is attended by the big people, celebrities and business tycoons in our country."

"President Zhou, that, let me ask you! Will Xing liehan come? Will Wen lichen come? Will chamuzer come? " Yemeni quickly called out the names of the three men she was most interested in.

Zhuang wennuan's lack of interest eyes immediately gaped. Will Joe muzer come?

Zhou Tao immediately looked at Ye Manni with a warning in his eyes. "I'm not letting you get rich. Besides, Xing liehan and Wen lichen are both married. They're nothing scandal in the industry. Don't mess with these two men. Be careful. I can't save you."

"What about Joe Munzer? He's not married! " There was interest in Lindsey's eyes.

At this time, one side of the blue read bite lips, "miserable, my eldest brother seems to participate."

Lindsey's eyes brightened strangely, and she grasped her hand. "First time, really? Is your eldest brother here? "

Yemeni's eyes flashed a deep color of opportunity. Anyway, this party is a great opportunity for her to meet top men. She must not let it go.

"Do you have anyone who doesn't want to go?" Zhou Tao asked them, "if you don't want to go, you can ask for leave."

"I'll go." Ye Manni quickly raised her hand.

"Me too." Lindsey won't show weakness.

"I May I not go? " Blue Chu read and asked in a low voice.

"For the first time, we are a team. How can you not go? You have to go. " Lindsey quickly grabbed her.

Zhuang warm eyes, flashed a hint of resentment, she looked up and said, "I will go."

Yeoman Ni immediately looked at her in surprise. She could feel that the purpose of Zhuang warm was the same as her. She wanted to take this opportunity to meet the top man in the food chain!

Although LAN Chu Nian didn't want to go, but they were a team. Her absence was not good, so she agreed to go together.

"The party is to be held tomorrow evening. You need the company to rent you tuxedos! Or go out to pick it up and get it reimbursed in the company? "

"We choose ourselves." Lindsey said quickly.

"It's better to control the price between 100000 and 200000, otherwise, it can't be reimbursed."
Zhou Tao said to them, "well, today we can choose the dress without rehearsal! Tomorrow you are also on behalf of your whole team, on behalf of our company's face to attend, give me a little bit of morale

"I see, President Zhou." Ye Manni said with a charming smile.Chapter 839

Yemeni and Linxi immediately went together to choose the evening dress. Zhuang wennuan and LAN chunian are still in the company.

"It's warm, let's choose it too! Otherwise, we will be late tomorrow. "

"First time, do you know a better dress shop nearby?"

"Yes! I know one. Come with me. " The eyes of LAN Chu read with a smile.

Zhuang wennuan follows LAN chunian. LAN chunian's car stops at the door of a private tailor-made evening dress shop. Zhuang wennuan gets off the car and looks at the shop. She looks at LAN chunian suspiciously.

"At first, are you sure that the evening dress in it is the price we can afford?" Zhuang wennuan asked, not sure.

Blue at the beginning of read the eye ground flashed a smile, "at ease! Absolutely not expensive, believe me, let's go in and choose! "

Zhuang wennuan followed her into the room. As soon as she came in, a waiter greeted her warmly and said to LAN Chu, "Miss LAN, can I help you?"

"My friend and I are here to choose the evening dress. Please take us to choose it." LAN Chu said, "warm, let me go to the bathroom. You go to the second floor first."

Zhuang Nuan nodded, and LAN Chu read came to the manager and said, "manager, I want to tell you something."

"Miss LAN, what can I do for you?"

"I'll bring my friend here to choose the evening dress. In a moment, no matter which one she chooses, will you say the price is 150000? You can transfer the rest of the money to my account. "

The manager immediately understood, "OK, Miss blue, don't worry, I'll do it."

Standing on the second floor, Zhuang looked at the rows of evening gowns and the top luxurious evening gowns in the window cabinet, and she was amazed.

This is the world of the rich. Although she has entered the music circle, she is just living a normal life.

After a while, LAN Chu Nian came up. With her own eyes, she chose a set of pink sequined evening dress skirt for Zhuang Nuan, with a fish tail design at the bottom and a layer of beige soft yarn. It is very suitable for her age, pure and without losing the style of a woman.

"Warm, try this one. It's very suitable for you." Blue Chu read to her.

Zhuang wennuan went to try it on and came out. It was really very beautiful, very suitable for her temperament.

Zhuang warm light cover chest, slightly lower, "this is no problem? Will it be too low. "

"It's OK, miss. It's a normal V-neck design for evening dresses." The waiter explained to her.

LAN Chu Nian also thought it would not be too revealing, she comforted, "warm, don't worry, everyone is wearing this at the dinner party, you don't have to be embarrassed."

Zhuang wennuan looks at herself in the mirror. Against the evening dress, her temperament has changed. Her charming figure seems to have room to show at last. This evening dress makes her a beautiful princess.

"Warm, beautiful! That's it. " Said LAN Chu Nian.

"Well, how much is this evening dress?" Zhuang asked the waiter.

After the waiter had ordered it, she immediately said with a smile, "the price of this evening dress is 150000."

Zhuang warm thought of just in line with the cost of reimbursement, she nodded, "OK, take this!"

Blue first read most like the white skirt, she chose a set of white short skirt, bra, but outside will put on a small suit, very lining her lovely temperament.

"Wrap the dress up for us and we'll take it away." Said LAN Chu Nian to the waiter.

When he came out of the store, Zhuang wennuan was still a little surprised. "This store looks so high-end and atmospheric. I didn't expect that the evening dress in it was not too expensive!"

LAN Chu read and nodded with a smile, and sighed, "yes! Their prices here are very cheap and beautiful. "

Zhuang wennuan doesn't have much doubt either, and LAN Chu Nian will do this because she really loves Zhuang wennuan. She has been bullied by Ye Manni and her two friends, and she has suffered every time.

Blue Chu Nian only thought that when she could help her, she would try to help her. On this dinner party, she hoped that Zhuang Nuan would be more brilliant.

"It's warm. After we go back, don't you give the evening dress to Minnie and Xiaoxi?" Said LAN chunian to Chuang Nuan.

Zhuang warm nodded, "OK."

Among the four league members, it seems that they are unconsciously divided into two teams.

Yemeni and Lindsey are now choosing from left to right in several evening dress shops. There are not many choices for more than 100000 evening dresses. Moreover, Yemeni and Lindsey are also very discerning. They think that this dinner party will meet so many big people, and they must be the most beautiful to attend.

And Zhuang Nuan and LAN chunian have started to practice singing in the studio.

In the evening, when Zhuang wennuan came home, her grandmother asked, "wennuan, how is your concert?" "It's under preparation. It's almost ready. Grandma, when I get the performance fee, I'll treat you to a big meal."

"What can I eat! It's OK to have a meal at home. You keep the money for your own use. You young girls need more money. "

"I don't have to. I'll keep it for a lawyer." Zhuang said firmly with a warm face.

"Warm, how can you still think about it?"

"I'm not going to give up. I'm going to get justice back for my parents. They died in an ambiguous way. There's no explanation from the Qiao group. I believe there must be something untouchable in this. I'm going to expose this company." Zhuang warm in hate, full of courage, her greatest wish in this life is to get justice back to her parents.

Blue house, about 10 p.m.

When LAN Chu read that she couldn't sleep on the bed, she planned to go to the cinema to see a movie. When she passed a study, she pinched her feet lightly for fear of quarreling with the man working in it.

Just like a kitten, her hands are still curled up on her chest, with a lovely face, like a very good kitten.

However, as she walked by, the door was opened, and the tall man came out, with a long arm, and immediately grasped the back of her pajamas, "what are you doing secretly?"

Blue Chu Nian immediately made a balsam pear face, and then looked back at the man behind her, she smiled Mimi, "big brother, I I'll go for a drink. "

The man behind narrowed his eyes and looked at her suspiciously. "Are you sure you want to drink water? Not staying up late to see a movie? "

"I can't sleep. I want to see a movie to relax. I promise to go to bed before 11:30."

The man behind her was still wearing a dark blue shirt, and his wrists were loosely pulled up. In the simplicity, he was gorgeous and charming.

Of course, a man with such temperament will not look worse. It can be said that he is very fashionable and handsome. He has a delicate face, a strong nose and rosy lips. The arc of his lips is perfect, with a smile on his lips, making him seem to smile at all times.

However, don't be deceived by this face. For LAN chunian, the eldest brother was very strict with her from childhood.

Even though he has a smile on his mouth, his eyes are absolutely sharp, and even his whole temperament is the one with just right masculinity.

He is LAN chunian's elder brother who looks like a ghost every time he goes home. He is LAN Qianhao, the 27 year old successor of the blue family.

"Elder brother, please! Let me have a look, just a moment. " Blue early read to bite red lip, do pitiful shape.

"No, go back to my room and go to bed. I don't want to get up in the middle of the night and carry you back to bed." Blue Qian Hao's eyes are full of majesty.

"All right!" LAN Chu Nian had to bite her lips and walked towards her room.

"I've said several times. Don't wiggle in your pajamas at home." Behind him, the man dropped another word.

"It's not a sling." LAN Chu read back and made a face, "this is my cartoon pajamas."

Blue early read finish, can't help but feel chest cool swish, she hurriedly around the chest, face immediately red, my God! She forgot to wear her underwear. What a shame!

She hurriedly fled back to the room, and the man behind shook his head, a little upset.

Yes, he saw it just now, so he didn't allow her to wear it at home.

LAN Chu read back to the room, holding her face, embarrassed. Every time she changed into pajamas, she didn't like to sleep in a bra. How could she know that she was caught by big brother?

Still want to enjoy a love movie! It's time to read in the room.

Because she has myopia, in order to prevent her aggravation, she is not allowed to watch her mobile phone at night.

Chapter 840

In the morning, Zhuang wennuan opened her eyes and saw the time. She got up immediately.

She has not been in the habit of staying in bed for a long time. Her life, like a child without an umbrella, needs to run hard to avoid getting wet.

Without her parents, she needs to take care of her old grandmother and support herself. Fortunately, she has such good luck to join the women's League and achieve her present self.

Zhuang Nuan has always thanked God for giving her such a chance. Sometimes, when she dreams back in the middle of the night, she wakes up to make sure whether she is dreaming or not.

However, she really has everything, fame, and a lot of income. Now her card has nearly two million cash. She just keeps it in silence.

Because what she will do in the future needs huge funds. Otherwise, how can she sue the Qiao group?

Zhuang wennuan receives a call from LAN chunian. She happens to pass by here and come to pick her up and go to the company together.

Zhuang warm warm for this warm good sister, grateful, she and blue first read interest in the same, all the way to support encouragement, more close than yemanni two people.

When they arrived at the company, they practiced for a while and saw Yemeni and Lindsey coming in together. What they were most interested in was, of course, the discussion of tonight's dinner party.

"At first, your evening dress must be very beautiful! Your family is so rich, you won't rent it with the company's money Asked Lindsey with envy on her face.

Blue Chu read mysterious smile, "tonight you know."

"First read, can you introduce your eldest brother to us tonight?" Asked Lindsey, looking forward.

"Good!" The mind of LAN Chu Nian is simple.

"Warm, how about yours? Did you buy or rent your evening dress? " Yemeni asked the village.

"Buy it, about 150000!" Zhuang warm replied.

Yemeni and Lindsey look at each other, but they have seen that 150000 evening gowns are not up to grade at all. It's a joke to wear such grade evening gowns on occasions like tonight.

They were more intelligent. They went to a tuxedo shop and spent 100000 yuan to rent one night. Moreover, they could make a false invoice and get a reimbursement of 200000 yuan.

On one side, blue chunian bit her lips nervously. Fortunately, she didn't find the warmth. She didn't dare to tell her that the price of her evening dress was about one million yuan.

However, she is a distinguished gold diamond member of this evening dress shop. The annual purchase expenses can be reimbursed to big brother's company. Although big brother is strict with her, he is very willing to spend her money and never investigate.

"Let's practice first!" Said LAN Chu Nian.

Four people continue to practice. The action of blue Chu Nian is exactly the same as theirs, but the action she does is sexy. From her, she can see that she is lovely, like a cute little wild cat, which is very popular. Zhuang warm body has two temperament, a pure to dare not give birth to leisure, a little sexy atmosphere, but can make men crazy.

Yemeni and Lindsey are very clear walking a temperament, sexy, from the eyes to the action, from her body revealed every cell, are extremely sexy.

As a women's group, the diversity of songs makes them perform in different styles, that is, they have the youthful vitality like high school students, and the sexy style of mature women. That is to say, they can quickly become famous and grow up on their own strength.

Zhuang warm people sweet song sweet, Blue first read voice reminiscent of the beauty of first love, yemanni and Linxi also have a natural good voice, in the eyes of the outside world, they are a perfect combination.

The private relationship will not be seen by outsiders, but their success on the stage shows that they have no room for cooperation.

The songs performed on the stage this time are all famous songs of them. They are already very skilled. Now, they just want to be more refined.

Among them, there is a song that is recognized as sexy. Even the dance shows all kinds of glamour and flirtatious. LAN cunian thought that he almost went back to be scolded last time.

In practice, she toward Ye Manni three people, "this dance can be changed."

"How to change it?"

Blue first read to do a waist squat, when getting up, the fingers from the left thigh, do a move to lift the skirt angle, this is absolutely the action of red fruit to seduce men!

"It seems to be a little too tempting." Blue Chu Nian suggested.

"Well, if not, you two should do another move at the back. I'll do it at the front!" Yemeni likes it!

Zhuang warm warm and blue early read the same idea, two people discuss how to change action to cooperate, the time unconsciously arrived at 3pm.

Ye Manni and Linxi are all not interested in practicing dancing. They left first in group.

Zhou Tao asked them to arrive before 5:30 p.m. and they already have the invitation letter for tonight's entrance. Because this invitation is only for four of them, Zhou Tao is not qualified to get it. "You remember! It's better not to be late for such an occasion, or we won't give it to the host. "

"We know! It must not be late. " Yemeni said confidently, "I'll go with Lindsey.

"I'm with beginner." Zhuang wennuan is also interested in tonight's dinner party.

Her interest was not in the dinner itself, but in the opportunity to get close to Joe Munzer. She knew him only in magazines and on TV. She wanted to get close to him and see what kind of person he was.

In her heart, this man is a cold-blooded ruthless capitalist vampire. He ignores the lives of others for the benefit of the company. He is no different from the murderer.

"Warm, let's go!" LAN Chu wants to hold her.

Zhuang wennuan is back to her senses. Ye Manni and she have left. She and LAN chunian have also come out. LAN chunian and her evening dress are both in the company. So, at this moment, they can completely change the evening gift and make up in the company.

Both of them can make up. Sitting in the dressing room, they help each other. Yemeni and Yemeni went to the store where the evening dress was rented to make up.

Unconsciously, it's five o'clock. Zhuang wennuan and LAN chunian come out of the company.

They put on evening dresses, dressed in fine makeup, and quickly sat in the car of LAN chunian and headed for the dinner party.

The holding of the dinner party, so that the streets around the hotel have been closed, two kilometers away, all the way to start strict inspection, vehicles are no exception, tonight's dinner, grand, luxurious, also picky.

Zhuang warm heart, only firmly towards a goal, she wants to see Qiao Muze, even, she tonight would like to tell this man, let him wait, she will get justice for her parents.

LAN Chu read's cell phone rang. She picked it up. It's brother's. she picked it up with a smile. "Hello, brother, are you here?"

"I haven't started yet, maybe I'll be late. Play first! Don't make trouble for me. " The male voice at that end was full of the tone of elders, telling her.

"I'm not a three-year-old again. What can I do?" Blue Chu read a whisper.

"Wait for me." The end dropped its voice and then hung up.

Immediately, LAN Chu Nian's cell phone rang again. It was Ye Manni who called in.

"Hello, Mani."

"Are you here?" Asked Yemeni.

"We have come in, and you?"

"Our car has been stopped outside. Don't let it in. For the first time, can you ask your driver to come back and pick us up? We'll wait in the car. "

"OK!" Blue Chu said a sentence.

When LAN cunian and Zhuang wennuan get off the bus, she will send a driver to pick them up. LAN cunian holds Zhuang's arm and says, "warm, let's go first! This kind of Party must be delicious. We can fill our stomachs first. "

"Good!" It's still early for Zhuang wennuan to see him. Qiao Muze must not have arrived.

In succession, tonight's distinguished guests all entered the venue. The whole banquet hall has a great style. The columns of the Diaolianghuadong are equipped with a huge round crystal lamp that falls from the ceiling to the ground. There are famous paintings hanging around. There is also a circular ivory white rotating staircase leading to the small banquet hall and rest room on the second floor.

Chuang warm and blue first read about the cafeteria, the atmosphere is elegant, exquisite Chinese and Western food, is usually only available in high-end restaurants.
