

U. CEO Daddy 91

Chapter 91

Xing Lihan picks up his mobile phone and looks at the video. It's only a few seconds. Of course, he knows the car from his own. He remembers it correctly. Today, his car was given to the woman to wash. She drove his car in disorder?

"This one in front seems to be yours, and I happen to know the one in back. It seems to be Murphy's president! Don't you two weymore have always been competitors in the market? How can I become a good friend? " Wen has a good knowledge of the car, and the owner of the car probably knows a few.

Now, Xing liehan's face is directly gloomy to the end. Is this woman driving his car to date mufei? What the hell does this woman mean?

"What? Your car won't be stolen! " Wen lichen asked with concern when he saw his ugly expression.

Xing liehan bit his teeth and said, "I didn't steal it, but I was driven away by a damned woman."

"Damned woman? Have you made a girlfriend? "

"I'll tell you later." Xing liehan first endured the anger and entered the hall of the restaurant.

In the elegant box, Wen lichen's calm face was shocked by Xing liehan's facts for dozens of seconds. He couldn't believe looking at his friend, "do you have a child? Is the child's mother the eldest lady of the Tang clan? "

Tang's group is also ranked in China. It started with metallurgical building materials. In recent years, it has made frequent transformation in China. It has been involved in jewelry industry. Wen lichen is in the business community and naturally pays attention to its trend.

Sometimes, business kings like them pay attention to business circles, only to find better prey to eat, especially big fish in the sea eat small fish, and the strong survive.

"Five years ago I regarded her as a young lady. Who knows that five years later, she gave birth to a son for me."

"How could this good thing happen to you?" Wen lichen snorted, which was very funny.

Xing liehan can't deny that it was a great happy event indeed, but now this woman is completely mad at him.

"So she drove your car today, and you drove her car." Wen lichen said, suddenly thought of a thing, "if I remember correctly, Murphy and she seemed to have had a relationship five years ago."

"You remember right. She and Murphy were a goddamn couple five years ago." Xing lie's gnashing teeth.

Wen lichen looked at the good brother's expression, and felt tired of cats. He raised his lips and smiled, "liehan, Miss Tang looks beautiful!"

"In general, barely in the eye." Xing liehan doesn't admit that Tang Siyu is beautiful.

"In general, you were able to do it?" Wen lichen didn't believe him.

"Five years ago that night, I just wanted to solve my needs, and I didn't want to see the face of the young lady at all, so I didn't know what she looked like until I found my son. I didn't know whether she was round or flat."

What did Wen think of? "Did this girl appear in Ye you's concert? Is that the girl who plays the piano? "

"You noticed her, too?" Xing liehan's eyes suddenly burst out of hostility.

Wen lichen's heartstrings tightened a little at once. Meanwhile, the smile on the corner of his mouth also joked, "my staff mentioned that I should sign this girl to develop in my company. I'm busy recently, and I haven't had time to think about it."

Xing liehan may not know that his eyes were full of hostility just now, but at this moment, he directly refused his friend, "she will not sign any company."

"What? You're ready for her? " Wen lichen asked with a smile that there were several envious meanings. He saw that the girl was really beautiful.

Xing liehan is quite sure, "I can make any decision for her."

Wen lichen understood that his good friend had fallen into a whirlpool of emotion and didn't know himself. He shrugged his shoulders and said, "even if it's your woman, of course I dare not ask for it."

When Xing liehan heard this sentence, it seemed to be very useful. He said to him, "I'll make a phone call."

"Go!" Wen lichen nodded.

Xing Lihan goes to an empty box next door and directly unplugs Tang Siyu's cell phone. At this moment, Tang Siyu is also walking towards the restaurant at home. When she hears the cell phone ring, she takes it out of her pocket and sees that it's Xing Lihan. She is slightly surprised. Is he back?

"Hello!" Tang Siyu picks it up.

"Where did you drive my car?"

"Er! Did you go home? "

"Don Siyu, did you drive my car to date mufei?"

Tang Siyu's head slightly blows, how does he know that she and Murphy are together? "You How do you know? "

"Don't ask me how I know. You are honest. What are you doing with him?" Xing liehan can feel his anger through the microphone.

"What else can I do when I go back to my home for dinner with him?" Tang Siyu replied with a frown.

"You go back to tangzhai for dinner?" Xing liehan's voice is particularly depressed.

"My family and his family have always been friends." Tang Siyu explains.

"When will you come back?" "I'll be back after dinner."

"I want to use my car in the afternoon. I'll wait for you downstairs in the parking lot at two o'clock. Don't be late." Xing liehan orders, still angry at the phone.

Tang Siyu breathed a little and looked at the time on the mobile phone. At 12:20, it seems that she can drive back in time.

In the hall, Tang Xiong sits in the main seat, next to mufei and Tang Yiyi, and opposite to Qiu Lin, Tang Siyu's chair is opposite to Tang Yiyi. She sits down, and Tang Xiong immediately greets with a smile, "mufei, Siyu, eat, eat."

Tang Siyu has no appetite at all. She only eats a plate of vegetables in front of her. Mufei's eyes are always on her, and Tang Yiyi's eyes are always on him. Naturally, mufei's eyes are always on Tang Siyu.

Tang Yiyi's heart broke down and she was jealous. She held a pair of chopsticks and took a piece of chicken into mufei's bowl. She smiled and said, "mufei, eat vegetables."

"Sorry, I don't eat chicken." Murphy's voice sank.

But only smelled on the table wheezes, unexpectedly is Tang Siyu did not resist Mu Fei this sentence, the laughingstock.

No chicken?

Didn't Tang Yiyi send it to mufei like a chicken five years ago? And Murphy doesn't eat it?

The atmosphere on the dining table became extremely stiff for a moment. Tang Siyu raised his head and saw that mu Feijun was embarrassed. Tang Yiyi seemed to understand what she was laughing at for a second, and her face turned red with rage. Qiu Lin also responded and gave Tang Siyu a fierce look.

"Excuse me, I'll go to the bathroom." Tang Siyu put down her chopsticks and left the table. She was really afraid that she would laugh again.

Tang Siyu didn't eat much of the meal at all. She wanted to return the car to Xing liehan. She said to her father, "Dad, I have something to go first."

Chapter 92

"I'll go with you." Murphy got up, too.

Tang Yiyi immediately grabbed his sleeve. "Mufei, would you stay with me! Don't go. "

Tang Siyu didn't wait for mufei either. She picked up her bag and went out. Mufei didn't want to stay. He said to Tang Xiong and Qiu Lin, "uncle and aunt, I'll go first." Finish saying, he pulls open Tang Yiyi's hand, strode to chase Tang Siyu.

Tang Yiyi also followed him relentlessly. Tang Xiong sighed and looked at Qiu Lin, "mufei and Yiyi are really impossible."

"Who says it's impossible? If it wasn't for your eldest daughter foxy to seduce mufei, how could Yiyi have no chance?" Qiu Lin immediately complained about the fire.

"You How can you blame Siyu? She didn't do anything. Besides, mufei and Yiyi were also childhood feelings. Yiyi stepped in halfway. She was the victim. " Tang Xiong fights for his eldest daughter.

As early as Tang Siyu came back, he figured out that his eldest daughter's marriage had something to do with her younger daughter!

Tang Siyu walked very fast, but mufei's figure was not slow, and he caught up with her in a few steps. After that, Tang Yiyi was angry. "Mufei, wait for me. I have something to leave. My car is broken. Can you give it to me?"

Tang Yiyi thinks of excuses to be with mufei.

Murphy didn't wait for her, but came out with Tang Siyu from the small door on the side of the gate, and under the spacious trees beside, two sports cars, white and black, stopped very aggressively.

Tang Yiyi directly sees Tang Siyu walking towards the black sports car. The car makes a loud response. Tang Yiyi's eyes are wide open and she can't believe it. But she knows that this car is not mufei's, whose is it?

This sports car is so domineering that it makes her silly.

Murphy suddenly thought of what Tang Yiyi had just said. He took out his car key from his pocket, turned around and grabbed Tang Yiyi's hand. "My car is for you, and I have left in advance."

With that, he strode to the front passenger seat of Tang Siyu's sports car. After Tang Siyu sat in, he opened the door and sat in.

Tang Siyu immediately opened his eyes, "mufei, what are you doing?"

"I gave the car to your sister. Take me home!" Murphy turned to smile at her.

"I'm not free."

"I'll go wherever you go." Murphy said some scoundrels.

"You..." Tang Siyu looks at him angrily. "Get off."

Murphy buckled up his seat belt, with a sedentary expression.

Tang Yiyi holds the key of mufei sports car, but she watches Tang Siyu driving a more powerful sports car. In the passenger seat, mufei sits beside her like a lover.

Tang Siyu sees Tang Yiyi's expression of wanting to kill her. She says to Mu Fei, "get out of the car quickly."

"Take me home, please." Murphy has only this request. He won't get off anyway.

Tang Siyu bit his lip, so he had to start the car, and made a circle in place and drove to the front.

"Mufei..." Tang Yiyi is chopping her feet in place. She looks at mufei's white sports car and clenches her fist angrily. Without him, no matter how expensive it is, it has no attraction to Tang Yiyi.

Tang Siyu is driving on the road, and Murphy is very interested in looking at the interior of this sports car. Xing liehan, the only sports car in the world, is really extraordinary. Compared with his sports car, it has more than one grade.

Although he has money and can afford it, Xing liehan has bought out the copyright of this car, so it's not a car that he can own with money.

And in the car, the most beautiful is not the interior, but the girl driving around.

Pure and clean, but the powerful sports car, but also contradictory set off her delicate and petite, this contrast ratio, more pull his heartstrings.

"Murphy, can you stop bothering me? You live your life, I live mine, and don't interfere with each other." Tang Siyu looks at the front and looks at him coldly.

Murphy sighed, "I don't want to bother you any more, but I can't. You seem to be the only meaningful person in my life."

Tang Siyu bit his red lips. "Don't say that again. We are in the past."

"I know, so what I try to do is to be quiet with you and not affect your life."

"You've influenced it." Tang Siyu gets angry.

Mufei suddenly chuckled, "Siyu, I'm in your heart, is there still a place?"

Tang Siyu choked. Murphy even misunderstood her meaning. She pointed out that it was he who caused her trouble, not because of his appearance.

"You think more."

"Who is in your heart now? Is Xing liehan cold? " In Murphy's tone, he was obviously jealous and unhappy.

Tang Siyu is blocked again. What does it have to do with Xing liehan? That man is more annoying and domineering.

Murphy saw that she didn't speak, and thought that it was her default. He lost a look at the bottom of his eyes. For a while, the atmosphere in the car was quite dull. Tang Siyu arrived downstairs at 1:50. She looked around and didn't see Xing liehan. She said to mufei, "get off now!"

If the man saw Murphy in her car, he would be mad.

Tang Siyu got off the car, and Murphy naturally got off with him, but Tang Siyu didn't find out. In the oblique parking lot opposite, a new red Porsche was parked there, while in the driver's seat, a gloomy look had already seen the situation clearly.

Originally, he was in a good mood when he saw his car coming back. However, when he saw the figure of mufei on the copilot's seat coming down, Xing liehan almost died of anger. How dare this woman let this man ride in his car? Who gave her such a right?

Tang Siyu is looking forward to Xing's figure all around. It will be two o'clock soon. He won't be back yet!

At this time, there was a sound of the car door in the parking lot nearby. Tang Siyu was scared and looked up.

I saw Xing liehan come down from the red Porsche SUV, which is her own.

When she saw this man's extremely handsome face, she couldn't help but feel frightened. Did this man see Mufei come down from his car?

And Murphy hasn't left yet. He knows that it's Tang Siyu's car. So, Tang Siyu and he have changed cars to drive? He was jealous of this kind of kissing.

Xing lie walked to Tang Siyu's face and threw the key to her, "give it back to you."

In a hurry, Tang Siyu reached for his car key. Then she handed him his car key. "Your car will be returned to you."

Chapter 93

"Wash it again, I don't want my car to smell like a man." Xing lie cold face, very disgusted to leave the words, step toward the direction of the elevator.

Mufei naturally knew that he was referring to him. His eyebrows were tightened. "Mr. Xing, please don't insult people."

Xing liehan's back stopped and turned to snort, "she has no right to let anyone ride in my car. Next time, please ask Mr. Mu to have some fun. No, there is no next time."

The man said in a domineering way and stepped into the corridor of the elevator, leaving Murphy with an ugly face and Tang Siyu with an extremely embarrassed look.

Murphy's big hand was tightly clenched into a fist. Tang Siyu saw it. She knew that Murphy's self-esteem was also strong. She immediately came forward to comfort him. "Murphy, don't be angry, aren't you busy? Where are you going? "

"May I borrow your car?" Murphy asked her.

Tang Siyu is in a dilemma. Mufei wants to borrow her car?

"I'll give it back to you by five." Murphy said to her.

Tang Siyu bit his lip and gave him the key to the car. "OK, go ahead and drive!"

Murphy takes Tang Siyu's car key and walks to her car. Tang Siyu returns to the corridor. As soon as he steps in, he sees a tall figure leaning against the wall.

Xing liehan didn't enter the elevator, but was waiting for her. Obviously, judging from his gloomy face, he knew about mufei's borrowing her car just now.

Tang Siyu also thought that his words just now were too insulting, and she didn't want to talk for a while.

"Why don't you wash my car?" Xing lie asked in a cold and angry voice.

"It's clean." Tang Siyu presses the elevator, looks up at the number and answers.

"I said, wash it again." Xing liehan's tall body approached her.

"If you dislike it, you wash it yourself, and I don't dislike the smell of you in my car!" Tang Siyu looks at him.

"You..."

"Oh! How much is the repair fee? I'll transfer it to you now. " Tang Siyu turns to ask.

"You..." Xing lie was so cold that his head was smoking.

"Two hundred thousand should be enough!" Tang Siyu asked.

"A million." The man made a cold voice.

Tang Siyu was shocked. "You You blackmail! "

"How about blackmail?"

Don Siyu reached out to him and asked, "give me the repair bill."

"You want it. I'll drive it to you tomorrow." Anyway, it's his own repair shop. What kind of documents can't he open?

Tang Siyu also believes that he can make one, but at the moment, she still thinks that he is too hateful. She knew that she had to repair it by herself.

"I'll only pay you two hundred thousand, not more." Tang Siyu bit his lips.

Xing liehan has no intention of arguing with her about this. At the moment, he is more angry or she lets mufei ride in his car. He grits his teeth and says, "who allows you to let other men ride in my car? I don't care if you have an old relationship with him, I won't allow it in the future. "

"Don't worry, I won't drive your car again if you give it to me. There is absolutely no next time." Tang Siyu said more absolutely.

Xing liehan's handsome face was stunned directly. "Are you sure?"

"I'm sure that even if I take a taxi, I don't want your car. Drive by yourself!" Tang Siyu looks at him.

At this time, the elevator jingled, and several people came down. Tang Siyu gave way to him, but Xing liehan didn't back. So, she just hit him on the chest. Tang Siyu was scared. When he wanted to give way, the man put his arm around her.

She turned to stare at him. "Let me go."

"I'm the one who ran into it?" Xing lie said with a cold smile and rogue, then he grabbed her and pushed her into the elevator. Next second, he imprisoned her between the walls of his elevator.

When the elevator door is closed, the narrow elevator immediately makes Tang Siyu feel the incomparable pressure. In fact, the man around her is the real pressure.

"Xing liehan, don't be such a jerk!" Tang Siyu wants to go crazy. I don't know if the space is too small. The male Herman breath on his body penetrates into her nostrils strongly, which makes her not breathe well.

"Yes, I'm an asshole. I'm a real super asshole." With that, Xing liehan holds her chin in one hand, and her thin lips are blazing and domineering to seal her mouth.

"Well..." Tang Siyu's brain was blank for a second. In his mouth, it was the man's wild and aggressive action, and his tall and strong body was fiercely against her.

The elevator jingled and started.

But the man ignored, and continued to kiss for a while, only to let go of the red faced girl. Tang Siyu was so angry that he shook his fist and beat him on the chest, "Xing liehan, I hate you."

With that, she rushed out of the door. Xing liehan's eyes sank. Then she swept to the camera above the elevator and squinted twice, with some kind of warning.

It seems that people at the back of the camera should delete this video, otherwise, the consequences are serious. Fortunately, the security guard on duty is not here at the moment, otherwise, across the screen, we can feel the strong threat of this man.

Tang Siyu came home and ran into the bathroom to wash her face angrily. Then, what did she think of? She immediately bit her teeth angrily. She pushed a table from the side to the door and touched the door that let the man in and out freely. At least when her son was not at home, she didn't want him to enter her home easily. She needed private space.

After making sure that she had closed the door, Tang Siyu was relieved. She was so tired that she sat on the sofa. At this time, her mobile phone rang. She picked it up. It was sushi who called. She quickly laid down and picked it up. "Hello! Xiaoxi. "

"I'll be on the plane at five in the afternoon. Come out for dinner in the evening!" From Susie's sweet voice.

"Good! Where to eat? "

"My treat, you pick the place."

"Well! Good! "

"Take my son with you."

"He's at Xing's now. I don't know if Xing liehan will pick him up tonight." Tang Siyu is not sure.

"All right! I'll take it back. If we don't, we'll get together. I'm on the plane. " With that, Susie hung up.

Tang Siyu is also looking forward to meeting her friends in the evening. She lies on the sofa and closes her eyes. It's the feeling that the man just kissed her. She thinks that she feels a touch of electricity running out of her body, which makes her feel numb.

When we find out that this is the so-called physiological reaction, Tang Siyu has a feeling that he wants to hit the wall. How is it possible? How could she react to Xing liehan's kiss?

Don Siyu didn't forget how the man treated himself that night five years ago. It was enough to make her shadow for a hundred years. Moreover, she could never forgive him so quickly because he had mistaken miss.

Chapter 94

Yes, it's better to draw a clear line with him in the future. Except for her son, she won't have any interaction with this man.

Absolutely not.

Tang Siyu thinks so. She sets an alarm clock and plans to go to sleep, because if her son doesn't come back tonight, she will live with Suxi. At that time, it may be too late. She must have enough spirit to play with her friends.

Around five o'clock, Tang Siyu's alarm clock hasn't sounded yet, but the phone rings first. Tang Siyu picks up it and looks at it. It's mufei.

He must have come to return the car key! It's just that she's going out in a moment.

"Hello!"

"At home? I'll return the car key later. " Murphy's voice sounded.

"Yes! Come up and knock! " Tang Siyu answered.

At this time, Tang Siyu thought of something. She had to ask Xing liehan if she would pick up the little guy tonight.

Tang Siyu thinks that mufei is not so fast. She can't help but open the door and knock on Xing liehan's door. If she decides to be OK later, she won't use that door to enter his house.

You have to knock on his door.

Xing liehan went home to have a rest. He didn't sleep very much last night. Today, he had another morning's meeting. At that time, he was very tired. However, the woman gave him another meal of anger. So, he just fell asleep and didn't have a long time. He heard a knock on the door, but he didn't notice. He thought it was his assistant and continued to sleep on the sofa with his arms on his back.

Tang Siyu knocked and didn't open the door. Maybe he went out. Tang Siyu was speechless. At this moment, she heard the elevator jingle to open the door. Tang Siyu turned around and saw that Murphy's figure stepped down.

And Xing liehan is squinting his eyes on the sofa. Suddenly he thinks of something. Isn't his assistant working for him abroad? How could it be him? So, it could be the woman.

Xing liehan immediately struggled with sleepiness, went to the door and looked through the cat's eyes. However, what did he see?

See a man into Tang Siyu's home, and this man is not someone else, it is mufei.

Xing Lihan didn't expect this woman to invite Murphy into the house. When Xing Lihan opened the door angrily, Tang Siyu's door was also being taken, so Tang Siyu didn't know Xing Lihan opened the door at all.

Looking at the closed door, Xing liehan's eyes were covered with a little bloodshot and tightened for a few seconds.

As a man, he naturally thinks from a man's point of view. Mufei originally liked this woman. At this moment, being alone means that mufei wanted to touch her very much, and this woman still had an old love for him.

Soon, Xing liehan's head was filled with a pair of brain patches. Murphy and she kissed each other on the sofa to the scene of turning clouds and rain.

The image is still very strong.

Xing liehan suddenly thought of the door. He sneered. He wanted to see what the woman and mufei were doing.

He pressed the opening code and prepared to open the door directly. To his surprise, something seemed to be blocked behind the door, which could not be opened for a while.

Damn it, is this woman blocking this door on purpose? Is she ready to cheat on Murphy? This is to prevent him from entering and bumping into their adultery?

The more I think about it, the more I make Xing liehan feel crazy to the extreme. I don't know why. When he meets this woman, all his cool and rational mind has been abandoned. Only one angry nerve dominates his brain.

Tang Siyu didn't intentionally let Murphy in, because Murphy brought her a lot of fruits. Although she refused, Murphy insisted on bringing them in.

"Don't buy me anything later." Tang Siyu looks at a table of precious fruits. She has no words.

Murphy chuckled. "Of course, I have to thank you for borrowing your car. I know you used to like cherries and Mangosteen the most. These cherries are imported, very crisp and sweet, and Mangosteen is also the best."

"Well, I'm going out in a moment. You go!"

"Where are you going?"

"I'll meet Susie."

"The relationship between your sisters is still so good." Murphy felt that Susie had always been her best sister.

Tang Siyu didn't say anything, but just then, the door next to him suddenly smashed open, as if someone had chucked his foot hard from the other end.

And mufei is almost instinctive. He hugs Tang Siyu in his arms and protects her. Tang Siyu is also scared for a few seconds, so he doesn't find out what mufei is holding her in his arms.

The table behind the door was only half opened by a man's foot, and Xing liehan's eyes directly reflected the two men and women embracing each other.

Tang Siyu saw him, and then realized that mufei actually held her, and she quickly earned it from mufei's arms.

She was a little angry and said to Xing lie, "why do you want to take the door?"

"Then why do you want to block the door?" Xing lie asked with cold face.

"Because I don't want to see you when my son is away." Tang Siyu made it clear. However, for Xing liehan, this sentence can be directly understood as that her son is not at home, and she wants to block the door so that she can cheat on her old lover.

Mufei also knew that there was a door between Tang Siyu's wall and Xing liehan's wall, so they usually lived together.

His heart suddenly felt a pain. He looked at Xing liehan and said calmly, "Siyu said he didn't want to see you."

"I can't wait for outsiders to interfere with her." After Xing liehan finished, he pushed away the table and stepped over.

Tang Siyu turned to mufei and said, "mufei, go first!"

"No, I'm afraid he'll hurt you." Mufei feels that Xing liehan is very dangerous.

Tang Siyu can't help feeling the big head. She picked up the bag and said, "I'm going out."

"Good! I'll be with you. " Murphy speaks softly.

Tang Siyu thought of something, turned to Xing liehan, "when will my son pick it up?"

"In a short time, I will not pick him up." Xing lie is cold. He wants to let this woman know that if she meets mufei again, he will take his son away.

However, Tang Siyu's understanding ability is not so strong. She only thought that he wanted his son to get along with Xing family for a few more days. She bit her lips and said, "OK! Let him stay at your house for a few days. "

After that, she pushed the door to leave, and Murphy followed her out and closed the door.

Behind him, Xing liehan stood in Tang Siyu's house as if he were a bottle of angry God. He was so angry that his fist hit the wall around him.

Tang Siyu arrived downstairs, Murphy watched her get in the car and told her to be careful. Then, he also went to another black car, and he was going to leave.

Chapter 95

Tang Siyu called Suxi. She had just left the airport and they had an appointment to meet at her home.

Half an hour later, the two good sisters met at Suzy's house. They had been missing for nearly two weeks and missed each other very much.

Suxi is also a beautiful and lovely girl. She is also known as the pure goddess on the Internet. She is one of the stars with few gossip and the least black recruitment, and her acting is also very online.

Susie took out a glass of milk and gave it to her? Is there anything interesting to share with me? "

"Isn't it interesting? It's a lot of bother."

"Upset? Who's bothering you? "

"Who else?"

"Oh! It must be Xing liehan! Is he a very annoying man? " Some of Sushi's questions were not clear. She had no chance to contact Xing liehan, the top person in the business world.

"I'm fed up. He and I are born to quarrel as soon as we meet." Tang Siyu took a few sips of milk.

Sushi also felt that she was really upset. She sat beside her and looked at her sympathetically. "What do you do? For Xiaoxi, you can't be separated from him for a while! "

"I can only bear it." Tang Siyu feels that she will be unable to bear it one day. She doesn't know what mood will break out at that time.

"How are you and Murphy?"

"What else can I do with him? I want to live my own life, but I don't think he can live in peace when he moves upstairs. "

"Don Yi didn't know he lived upstairs!"

"I don't know, or she won't come to make trouble." When Tang Siyu finished, he had a headache.

Susie smiled and patted her on the shoulder. "Well, don't be bothered. You're asking for trouble. There's no need to care about many things."

"You're right, I don't care about that." Tang Siyu nodded.

"The day after tomorrow, there is an international show. I've got tickets for you. Let's go for a break."

"Well! Good! I sleep here tonight. "

"Yes, you can sleep as long as you like."

"Xixi, to be honest, do you have a boyfriend or not? I think you have an affair with the star Tao Jie on the Internet! He's pretty good-looking, too. "

"Nothing happened. I was in the same series with him, but the paparazzi took a picture of dinner. The director asked me not to deny it. Quan Dang promoted and publicized my new play. My parents also called several times and I denied it."

"Really not! When are you going to find your boyfriend? "

"I haven't had enough! I don't want a boyfriend to run me. " Susie said with a red lip.

Tang Siyu also agreed, "OK! Then you can't find it if you don't! If you want to find a boyfriend, I can't sleep with you. "

"Go to sleep! I have no plans for five years. " Sushi is holding her with a smile. Two beautiful girls are smiling together.

In the evening, after a disguise, sushi and Tang Siyu went out to find a high-end restaurant for dinner. Until about nine o'clock, the two people came back and were going to watch a movie together tonight.

Xing liehan had dinner at home. Although his relationship with Tang Siyu was strained, he still had another story in front of his son.

Tang Yixi's children also have their own ideas. He likes grandparents and uncles and aunts. Let daddy and Mommy cultivate their feelings well! Let them live in their own two people's world, maybe they will soon fall in love and get married.

However, things are the opposite. With him at home, the two may get along better, but without him at home, they are all in a mess.

At 9:30, the little guy made a phone call to Tang Siyu before going to bed. Tang Siyu listened to her son's tender voice, and she was very happy. She was relieved to hear that he was well taken care of at Xing's home.

"Mommy, Grandpa and grandma will send me to school. I may not go home until a few days!"

"Well, well, Mommy happened to be with your mummy recently, so stay at Xing's house."

"I will, but you have to live a good life with Daddy. No quarrels."

"Don't worry! I'm good with him!" Tang Siyu lied to his son about right and wrong, and didn't want his son to worry about it.

"Then I'll rest assured. I'm going to sleep. I love your mommy."

"Well! Darling, it's a good baby for Mommy." Tang Siyu kissed the phone.

When she let go of the phone, she breathed a sigh, and she could have a good sleep tonight.

Xing liehan drives back to his home from Xing's house. He enters the door. He wants to find an excuse to see if Tang Siyu has come back. She will go out with mufei in the afternoon.

He opened the door according to the password, but it was a dark room. However, the man's face seemed darker, and the woman did not come back?

Where did she go?

His heart suddenly filled with complex thoughts. It is undeniable that he was worried about her safety. He went back to the sofa, picked up his cell phone and unplugged Tang Siyu's cell phone directly. Tang Siyu can't sleep with her son until he has finished talking with her son. He soon sat down with a surface and saw a movie on the sofa. Then she heard her mobile phone rang again. She thought she was not sleeping and called her.

I don't know if it's Xing liehan's. she doesn't want to take it, but she is reluctant to take it.

, however, she applied a mask to influence her normal speaking.

"Well..." Tang Siyu tries to make a sound.

However, this only one pronunciation shocked the man at that end. How does this woman's voice feel like being kissed by him?

"Tang Siyu, where are you?" At that end, Xing liehan's voice is extremely serious.

"I'm at a friend's house..."

Tang Siyu's voice is separated from the microphone. It's still strange and powerless.

And her friend, Xing liehan, imagines herself as mufei, and it's hard for him not to think that she has just finished a fierce campaign?

Imagination alone made Xing liehan want to kill people.

"Tang Siyu, are you with mufei and where are you? What's going on? You'd better tell me at once, or you'll never see your son. " Xing liehan threatens directly, and his tone is full of anger.

Tang Siyu also knew that she had not been able to speak with her mask. She immediately folded the mask from her chin to her nose.

She said angrily, "Xing liehan, no matter who I am with, I don't have to report to you!"

"If you dare to sleep with another man, I won't allow you to approach my son. I feel dirty."

"You're dirty! I'm sleeping with someone tonight. What can you do? " Tang Siyu is too angry to fight him.

Chapter 96

"Tang Siyu!" The gnashing voice roared word by word.

At this time, Tang Siyu felt her hands were sticky. She said to sushi who was leaning against the paper, "bring me some paper. It's too sticky."

This sentence, makes the man who listens, breathe a smothering, stick? Take the paper? What did this woman do to Murphy? Xing liehan's imagination is not bad all the time. As a man, he can understand this kind of thing in seconds.

"Don Siyu, you are shameless." Xing liehan roars at the microphone, and Tang Siyu directly steps on his bottom line.

In his heart, the woman was dirty and disgusted.

Tang Siyu is taking the paper from Suxi and wiping her hands. When she hears Xing liehan's roar in the microphone, she is startled. She grabs up her mobile phone and asks angrily, "what's wrong with me? What did I do to you? "

and at that moment, Tang Siyu saw Susie prepare to take off the mask. She asked her to raise her face. "Hi, put my mask down and dry it."

"Good!" Susie replied, and removed the mask for her.

However, these sounds also spread to the opposite Xing liehan's ears. There are quiet places on both sides, and the sound is very clear.

mask, sticky? Heathy?

"Don Siyu, again, who are you with?" Xing lieding asked with his eyes narrowed.

"I'm with my good friend Susie. What's the matter? What's the matter with you? " Tang Siyu asked angrily.

On the sofa, Xing liehan's nerves seemed to relax suddenly. He leaned his head on the sofa with some tiredness, and the anger of the voice line disappeared in half, becoming surprisingly cold. "Nothing, you won't come back to sleep tonight?"

"If my son doesn't go home, I won't go back."

"I'll pick him up tomorrow."

"Come on, I've discussed with my son. I'm going to see the show the day after tomorrow. He lives in your house first." Finish saying, Tang Siyu directly hung up the phone.

Xing liehan looks at the hung mobile phone, and the sword brow is twisted. This woman dare to hang up his phone. However, compared with the elimination of the misunderstanding just now, it doesn't matter. Damn it, at that moment, he really wanted to kill people.

It's like, the prey he was looking for suddenly ran, and, foolishly, ran to other hunters and was slaughtered and eaten clean.

However, fortunately, she was still his and didn't run away.

In Suxi's apartment, Tang Siyu stares at the ceiling in depression. Xing liehan's words just now make her very unhappy. What's her shame? What did she do? Let this man call her that?

"Siyu, what did Xing liehan tell you on the phone just now? It makes you so angry. " Suzy came out with a picture of her delicate face after she put on her moisturizer.

"I don't want to talk about him." Tang Siyu is going to wash his face.

Suxi just felt that she was quarreling with Xing liehan! However, she really has a kind of understanding of Xing liehan, the top son of heaven and arrogant man. In the outside world, they are God like figures, but in fact, they should not be easy to get along with!

Early morning.

The two girls wake up naturally after sleeping, and then go out for lunch dressed up beautifully together. Moreover, in order to watch the show tomorrow, Tang Siyu needs to buy a set of fashionable skirts, while Suxi is sponsored by the businessmen. She has a very good dress tomorrow!

There are not only millions of dresses, but also a set of jewelry worth 50 million, waiting for her to wear.

This is the advantage of being a star. There will always be endless clothes and jewelry. Although you can't have them, it's enough to wear them once.

Tang Siyu is envious, Su Xi is joking to let her join her agency and sign a contract to become a star, but Tang Siyu doesn't want to be too public for his son.

It's been a week since Ye you's concert. It seems that everything has calmed down, but the heat is still there. This morning, a series of rumors about praying for coolness suddenly jumped on the Internet. Only the intimate photos of him and Tang Siyu in the background were circulated.

On the screen, Qi Liang looks at Tang Siyu's eyes, which are full of deep love. He hugs her, sits in front of the piano, and two people play the picture. The pulse of his eyes looks as if he has found a bosom friend, which makes people cry out for love.

And the netizens have seen the clue in the concert. At this moment, seeing the scandal burst out suddenly, some fans are satisfied. They think that at least the idol's three views are right, and Tang Siyu is well matched. Tang Siyu's excellence is worthy of praying for cool.

Tang Siyu didn't know this at first. It was Sushi's agent who sent a link on the Internet. Sushi opened it and saw the news. She pulled Tang Siyu to watch it together.

"My God! Who took these pictures secretly? How can it flow out? Besides, it's not what the media say at all. We're just pure communication! " Tang Siyu covers his lips and feels his brain is a little big.

Sushi has long accepted the media's eye-catching and unscrupulous approach. However, she looked at the photos carefully and said to her, "maybe some employee wanted to earn some extra money

and took your photos secretly." Sushi looked down, and saw that the comments on praying for coolness were directly like frying pans, shouting together, together, together with the gods and goddesses.

"Look, cool fans like you very much! I'm very optimistic about your relationship. "

"Well, you don't have to join in the excitement. I don't want to cause any trouble to pray for cool." Tang Siyu never wanted to be famous.

Sushi smiled and comforted her. "Don't worry, things on the Internet will soon disappear. Maybe something happens to a big star, and you will be forgotten."

Tang Siyu nodded and could only wait for the scandal to disappear.

At noon, Xing liehan's personal assistant, Han Yang, knocked on the door with the iPad. "Boss, you should have a look at this matter."

Xing liehan squints his eyes and waits for him to deliver the iPad to him. He takes a look and sees an open web page. The photos on the web page are the photos of Tang Siyu and Qi Liang.

From the picture, it should be in the background of Ye you's concert, and the picture is praying for cool, holding Tang Siyu and gazing affectionately. There are two people sitting in front of the piano, playing and looking at each other. The picture is warm and full of love.

"Boss, does this matter need to be dealt with?" Han Yang said that this must be the mother of the young master. In this way, it will definitely affect the young master if there is a scandal with other male stars.

Chapter 97

Xing lie's cold steel teeth bit him. This woman really didn't let him worry. Yesterday and mufei changed into another man today.

"Let the media remove the photos."

"Do you need a warning here?"

"It's just a simple warning. I'll find someone to deal with it." A cruel smile flashed on Xing liehan's face. After Han Yang left, Xing picked up his mobile phone and dialed through Wen lichen's number. The whole entertainment market was controlled by him and asked him to deal with an artist, which was the easiest thing.

"Hello! It's very cold. "

"Get rid of one person for me."

"Who?"

"A star called cool."

"Oh! Did you see the news about him and Tang Siyu? Well, I know what to do. " As a brother, for Wen lichen, it's only a matter of losing an artist. Now there are many people who want to be famous as impostors, and there are no lack of talents.

Just, pray for cool this time to be miserable, who let him and his good brother's woman spread the scandal?

Su Xi's side, by 5:00 p.m., Su Xi is going to continue to pay attention to this matter, but she did a search, but she couldn't find the news of Qi Liang and Tang Siyu.

"Eh! It's strange that the scandal of praying for cool has disappeared! " Said sushi in astonishment.

While listening to the song, Tang Siyu immediately took off his earphone, "what do you say?"

"I said, your relationship with Qiliang has disappeared and disappeared on the Internet."

"Maybe someone deleted it from praying for cool!" Tang Siyu also breathed a sigh of relief and prayed for the cool.

"How is it possible? It's no harm to the entertainer to stir fry the gossip, and it seems that Qi Liang is signing a new play recently. This kind of exposure rate is good for him. " Sushi is very clear

about the operation of the entertainment industry, so it's impossible for him to find someone to delete a photo.

Sushi immediately narrowed her eyes and thought, murmuring at various possibilities. "Did someone delete it on purpose, not because of him, but because of protecting you?"

When Tang Siyu heard this, he couldn't help chuckling. "Where can I come from? Even if my father saw it, he wouldn't say anything."

"Your father may not be able to say anything, but I'm sure that man can't see it. Is there any opinion?"

"Who is it!"

"Who else can there be! Of course, Xing liehan! Your son's father! " Susie reminded her immediately.

Tang Siyu slightly stared, then shook his head, "impossible."

"Anyway, you don't have to worry about being famous."

"Well!" Tang Siyu answered, and just then, ye you's phone rang into her cell phone. She was shocked and said to Suxi, "Ye you called me."

"Take it!"

Tang Siyu immediately pressed the answer button, "Hello! Ye Jie. "

"Siyu, I'd like to know if you let the media delete today's event about you and praying for coolness?"

"Sister ye, I haven't!" Tang Siyu replied hurriedly.

"Didn't you? That's strange. I just called Qi Liang and he said he didn't do it either. How could your good photos be deleted by the media? I'm very optimistic about you. " Ye you said regretfully at that end.

"Don't you really let people delete the photos over there?" Tang Siyu catches the key news.

"No! I think it must have been taken secretly by the staff. Did it cause any trouble to you? I'll find out and ask that person to hand in the original film and dispose of it. "

"There's no trouble, even if the photos are deleted, it's OK." Tang Siyu smiled.

"Good! Call Susie out sometime and have a meal together. "

"Well! OK, goodbye. "

"Goodbye."

Tang Siyu hung up the phone and looked at Suxi. "You guessed it right. I didn't find someone to delete the photo over there. Who did that?" "That's obvious. Only one person can do it so easily. That's your son's father Xing liehan. Do you want to ask him?"

Tang Siyu's heart also thumped twice. She looked at sushi and asked, "why do you think he deleted these photos?" "To protect your reputation, of course! A family like him doesn't want people around him to gossip with others, which will affect their reputation. In the future, if your son is known to be his family's! "

"Oh! Then How much does it cost to delete a group of photos like this? "

"A few hundred thousand less! More than a few million, we have to see, anyway, the price will not be low. "

Tang Siyu's heart strings tightened a little again. So, Xing liehan helped her delete these photos and spent millions of money?

"However, Xing liehan's identity is enough to threaten those media to delete photos. Maybe it's just a matter of greeting. I heard that his good friend is the boss of our entertainment circle." It's a pity that Su Xi is in this circle and doesn't know what this big boss looks like."Is it?" Tang Siyu looks at her in surprise.

"Yes! This big boss is full of mystery and never shows up, but he is in charge of domestic and international entertainment companies. He is as rich as Xing liehan. As expected, what kind of people make what kind of friends. "

"Young?"

"I don't know. Maybe the middle-aged uncle may be too." Susie's big eyes twinkled with a narrow smile.

Tang Siyu is a little confused at the moment. Doesn't Xing liehan say hello to her by deleting the photo?

This evening, Tang Siyu made another phone call with her son. At the end of the phone, the happy voice of the little guy made her live in Sushi's house very peaceful.

The next day arrived, two girls lying in the pink bed, are lazy do not get up, let the sun sprinkle a full room.

Such a time is too lazy. They lie down until noon to have lunch. In order to prepare for going to the international fashion show this evening, it's a major event at home and abroad. Every year, all the big stars are invited, and sushi is not easy to win two tickets.

"Siyu, maybe today I'm going to walk on the red carpet, go to the stand, sign a name, and let my assistant Xiaomi take you to the stage!"

"Well! OK, I'll wait for you in the show. "

"Well! Our position is connected. In the second row, tonight will be a wonderful night. " Sushi is also looking forward to enjoying the fashion show with her good sister.

Tang Siyu also chose a set of lace short shirt tonight. Her lower body is equipped with high waist black straight tube trousers. It's sexy and doesn't lose the style of a woman. In Sushi's dressing room, the makeup artist slightly ironed her long hair into a one-off long curly hair, with a light makeup.

Chapter 98

Today, sushi is to publicize and attract eyeballs, so she is dressed more ceremoniously. She is wearing a limited Beige long skirt, and there is a longer skirt under the long skirt, and the back is exposed. Sushi has been used to it for a long time, and only needs to be within her bottom line. She dares to wear the clothes.

The leg of the skirt is split. It's very light and flexible when walking. There's a pair of safety pants under it, and you don't need to worry about it.

Sushi's long hair has become a very sexy and relaxed hair style. Two strands of bangs outline her delicate white oval face, pure and attractive.

At the moment, Annie, her agent, personally put on her sponsorship jewelry for tonight, a whole set of which is worth about 50 million yuan.

Anne told Susie, "you must be careful. These jewels will be returned in the morning."

"Well, I'll be very careful." Sushi promise.

"The lowest diamond is worth 20 million yuan. It's a rare blue diamond in the world." Said Anne.

Sushi unconsciously stroked the huge diamond and looked at it in front of the mirror. She is absolutely eye-catching today.

"Here are the shoes specially prepared for you. I know you can't get used to tall shoes, but tonight you have to wear a skirt with a body set off, so you can bear it."

"All right!" Susie, for the sake of beauty, did the same.

Unconsciously, it was five o'clock in the afternoon. The two of them had a working meal in the studio and started to leave. With the admission time, they walked on the red carpet around six o'clock in the evening.

After Tang Siyu showed up, Xiaomi led him to the VIP channel next to him, while Suxi needed to walk on a 100 meter long red carpet, surrounded by entertainment media, Chinese and western people showed up, carrying long guns and short guns, and preparing to take photos of all the star guests who entered today.

Many stars have been invited to the direction of the red carpet, and Sushi's car is still in line. At this time, Annie sitting next to her received a phone call, and some helplessly said, "Ye Lala is in the car behind. In a moment, you may go with her."

"What? I don't want it. " Sushi immediately resisted, and there were many disputes in the entertainment circle. In recent years, sushi and many female stars also became enemies, not because she deliberately provoked, but because of the interest struggle, she was naturally listed as the enemy of the other party.

But there are so many film and television resources, and the competition is also very fierce. Ye Lala, the most disliked female star of sushi, once competed with her for roles several times, exhausted all kinds of means, and made her ugly on the red carpet two years ago. She already hated her.

"No way, heathy. Hold on. You go. She goes." Anne consoled.

Susie also knew that unless she didn't leave, she couldn't avoid it. She nodded and said, "OK! I try not to be with her. "

When Sushi's door opened, ye Lala, who had not been lined up, suddenly came out of the car. She was wearing a white suit, but then she took off the suit and handed it to her assistant. Under the suit, she was wearing a black transparent Lace Chiffon, a three-point lining directly wearing a funny underwear, The reporter's attention was immediately attracted.

Even sushi was slightly staring. Ye Lala was really brave enough to walk on the red carpet like this. At this moment, ye Lala was a few steps faster and walked to Sushi's side. "Oh, what a coincidence." With that, he purposely held up his chest and robbed sushi of the light.

Today, sushi is also a day of daring to wear. However, under the dress of Ye Lala, she still lost some "bravery"

"It's not a ranch here. How can there be big cows?" Susie dropped a word and walked off the red carpet, waving to the reporters around her with the usual smile on her lips.

"Susie, look here. You are the most beautiful. We love you." Fans outside are calling her.

At this time, ye Lala turned her back and put her style, but she was about to catch up with her. Then, in front of her, she blocked the front row of photographers and grabbed the limelight of her.

Then, ye Lala's mouth was charming with a smile, but in a language that only Susie could hear, "you should be jealous if you are jealous! Who doesn't know you're flat. "

"I'm original, unlike you, I've finished more than ten times." Susie's mouth was raised with a smile, and her tone was disdainful.

"But people love to see me do it." Ye Lala is a little less famous than Suxi, but she is well-known, and she has spent a lot of time on the red carpet. The actual works are few.

Sushi didn't want to stay with her. She stepped forward, stepped forward to the host, took the pen, posed for a few pictures at will, took the pen and signed her name, and walked to the side channel. Behind her, yelala's eyes gave her a resentful look, because the photographers even crossed her and chased Sushi's back, which made her jealous.

As soon as sushi entered the corridor with dim vision, she didn't know where the staff had gone. She was a little lost. She found a corridor at will and went. She thought that every avenue leads to Rome, and she didn't believe that she would get lost. When ye Lala came in, she saw her walking to the corridor. She also followed her. She looked at her long skirt sweeping the floor, and her eyes flashed a vicious color. But ye Xi had no assistant around her. Seeing Su Xi alone, she immediately stepped forward and stepped on Su Xi's skirt. Su Xi was walking to the front. When she found that the skirt was tripped, her body Zi and the skirt she stepped on form a pull. She suddenly looks back and sees Ye Lala's high-heeled shoes standing on the edge of her skirt.

"You..." Susie didn't finish, just heard a stab, her skirt was torn open, and her whole body went forward unbalanced.

"Ah..." Sushi ran two steps ahead, and then, in the corridor three meters away, there was a dark blue handsome charming figure, walking leisurely with one hand in his pocket. He had no idea that as soon as he turned the corridor, a woman out of control rushed forward.

Even if his assistant is right behind him, he instinctively reaches out for something to do. In the end, he can't do anything. He can only watch his boss, who is fiercely rushed into his arms by a woman. Then the boss's body falls behind him because of the huge momentum, and he responds.

The man lay half on his back, and in his arms lay a panicked woman.

"I'm sorry, I'm sorry..." Susie was also scared. She fell even though she didn't have anything to do with it. But she forced a man to be a human flesh pad. I don't know what he fell like.

Chapter 99

When ye Lala saw the trouble, she quickly disappeared from the small corridor beside her.

Sushi was quickly helped up by his assistant. Then, the assistant extended his hand to the man on the ground, "boss, are you ok?"

Susie raised a small face in a panic. When her eyes fell on the man's face, she opened her eyes directly. She was in the entertainment circle. What handsome man did she not see?

However, the appearance of this man in front of her really makes her amazing, handsome, calm, clean, showing the coldness of strangers.

"Are you all right, sir! Where did you fall? " With that, sushi was going to examine him.

The man made a wave. "It's OK." With that, he walked quietly to a lounge at the end of the corridor.

Susie slapped her chest, my God! It's a shame that ye Lala, the damned one, framed her like this. She looked down at her skirt and opened a beautiful fish tail fork, which was not ugly.

She looked back at the direction of the man's disappearance, suddenly curious about his identity, as if everything here tonight was particularly strict, as if his identity was particularly noble.

"Why are you here, miss? This is the lounge only for VIPs. Please leave. " A staff member found her.

When the staff saw that it was her, they quickly changed their expression, "Hello, Miss Su, you have gone to the wrong place."

Sushi asked curiously, "excuse me, who's in the lounge?"

"This is our most precious guest lounge. We don't know who it is. We only know that no one can enter."

Suzi Oh, it seems that the status of that man is really noble and extraordinary!

She wanted to find Tang Siyu and hurried to the direction of the hall under the guidance of the staff.

In the lounge, the man who was trying to wipe his long finger with a towel suddenly twisted his sword eyebrow. Then he put the towel aside and reached out to untie the button in the middle of the white shirt in the suit. The strong chest muscles showed faintly. The assistant on the side was surprised and said, "boss, did you fall somewhere?"

However, the man's long fingers took out a brilliant dark blue gem from his shirt. The gem was so big that it was obviously expensive.

Wen lichen held the sapphire lightly and looked at it. His assistant was a little surprised and said, "this should have fallen from the lady accidentally!"

Wen lichen put the jewel in his suit pocket and said to his assistant, "find me a clean suit. I want to take a bath."

"OK!" The assistant did not dare to neglect.

The boss has a habit of cleanliness. Just now he was lying on the ground. Even if the ground was clean, he would not be comfortable. So, he must find a suit of formal clothes for the boss.

On both sides of the show is the position of the guests. From low to high, the row is very neat. At the moment, the men and women sitting in the show are all people with identity. Such a tall show is often hard to get a vote in the circle.

Tang Siyu has been waiting for Su Xi, and finally sees her coming. Su Xi sits next to Tang Siyu and breathes a sigh. Because ye Lala, Su Xi almost makes a fool of herself. Fortunately, the skirt is only split. If it breaks on her waist, it's really embarrassing.

Tang Siyu turned to look at her. Suddenly, her eyes widened a little. She asked sushi, "Sishi, what about this big gem on your neck? What's the matter? "

"Eh? Gone? " Sushi reached for her neck and touched the necklace. The big blue jewel under the necklace was gone.

Suzy's expression froze, too, and her beautiful eyes flashed a flash of panic, "my God! Did it just fall? "

Finish saying, Su Xi hurriedly turns like she toward Tang Siyu way, "Siyu, you sit here don't walk around, I come back immediately."

Suzy said, and ran away from her position. She ran all the way to the place where she had just knocked down the man. At that time, the staff was not there. She slipped into the corridor again. She carefully searched the ground, and there was no stone that had fallen.

Sushi immediately recalled that when she had just hit a man, her little face was just under his neck. Would it be possible that her jewel had accidentally fallen into the man's shirt?

The man didn't wear a tie, and the solid button was also removed to the second one, so it's not impossible.

Susie's eyes turned, and he fixed on the last door of the corridor, which the man had just seemed to enter.

Sushi thought that it was worth 20 million jewels. It was a big thing to lose them. Annie would not let go of it. She could not even explain to the merchant. So she had to find them as much as she could.

"No matter what, offend once! Anyway, I just bumped into him. I'll apologize later! " Sushi murmured, and then, regardless, walked to the door. She first reached out and knocked.

I thought that when the people inside heard the knock, they knew that she was going to come in. She reached out and pushed the door open. I thought that there would be the man sitting in it, but I didn't. What's more, it's more than a lounge. It's a very luxurious suite.

Eh, isn't he here?

However, she saw a dark blue suit taken off the sofa, which was just worn by the man. Susie stepped forward gently to look for it beside the sofa.

At this time, I heard the direction of the bathroom, hissing to open the door.

Susie took a fright and turned to look.

I saw a male figure just surrounded by a white bath towel step out, the air is emitting the fragrance of bathing on the man, and the strong upper body exposed by the man, the muscles are said to be perfect, full of male wild breath

On the other hand, men's ink hair drips with water, deep face, firm sword eyebrows are tightened, and thin lips with perfect lines are gently pursed.

Susie's head is blankly blank, she is staring at her eyes, just admiring this man's sexy body.

"Have you seen enough?" Men squint, thin lips open, magnetic voice makes people lose their soul.

Next second, Susie quickly turned over. She usually has a strong ability to recite lines, but now she stutters.

"Yes I'm sorry Susie was so embarrassed that she wanted to drill a hole in the ground. My God! I bumped him just now. Now, I appreciate his naked body. What a shame!

"What's the matter with you?" The man lightly inquired, holding a bath towel in his hand, wiping his still dripping ink hair, and then throwing it on the sofa.

"Sir, I want to ask you, have you seen a blue diamond?" Susie squinted her beautiful eyes, and dared not look behind her again.

Chapter 100

"In my suit pocket, take it." Men's unique to the bone of this crisp magnetic voice open mouth.

This sentence, makes Suxi overjoyed, my God! Finally, I found it. If I don't find it, I'll die.

However, sushi didn't know that her long skirt had been torn into a fishtail shape. Just now she turned around in the same place, and her skirt was wrapped around the root of her high-heeled shoes. At this moment, because of the lost and recovered jewels and the presence of this man, her head became hot, she didn't know that her own danger had been planted.

Just as she turned to get the suit on the sofa.

"Ah..." Susie let out another scream of panic and inexplicable. Her whole legs were entwined, and the whole person was twisted like a twist and fell to the ground.

The man, who was standing two meters behind her, saw this. He took a quick step and put out his arms. Sushi screamed twice in fear. Her waist was held by the man's arm.

But sushi instinctively reached for anything he could, such as a man's bath towel around his waist.

"Let go." A man's chagrin heavy drink.

Sushi also knows the consequences of doing so. Her eyes are wide open to the limit

But it's late.

Originally, the bath towel was just put on her waist. She only scratched it gently. Even if a man wanted to save himself with one hand, it was still late.

The towel snapped down and one end was still in Suzy's hand.

The man's mysterious inverted triangle position, directly in the direction of Sushi's horizontal view, presents in an all-round way.

"Ah..." This is definitely the most frightening moment in Suzy's history. She screams and releases the towel to cover her eyes. The next second, the man puts her directly on the ground, and he pulls up the towel and immediately saves his body which has just been exposed in the air for several seconds.

But his face had not been as calm as before, but rather gloomy and ugly. He shouted angrily, "get out."

Susie blushed all the way to her earlobes, hands and feet, untied the skirt around her legs, and really rolled, though she was eager to get the jewel back.

But after she had seen the man's body, it was clear that she could not come back.

Sushi hurriedly walked out and ran into the assistant who was carrying a set of clean clothes. The assistant looked at sushi who fled in a panic. Then, think about the people in the assistant. His mouth raised a warm smile. Does the boss like this little star today?

When the door opened, Wen lichen sat on the sofa with a handsome face as cold as ice, and the eyebrows of his sword were tightly tightened.

"Boss, what's the matter?" The assistant asked uneasily.

"It's OK. Put down your clothes. You can go out." Wen Li opens his thin lips.

The assistant quickly put down his clothes and closed the door to leave.

Ten minutes later, Wen lichen changed a set of black customized suit and came out with perfect and smooth line cutting without any wrinkles, which inexplicably gave people a sacred and inviolable noble atmosphere.

However, just now, a woman violated all his privacy very impolitely.

Wen lichen walked steadily forward, and ordered, "find out the identity of the woman who just entered my room."

"No need to check. I know who she is. Her name is sushi. She's a new flower in the entertainment circle. It's just a squeeze!" The assistant was very clear about Susie's background. She must have a beautiful face.

"Susie." Men squinting eyes, cold chewing the name, as if inexplicably through a chagrin.

"Wenshao, she's here to look for gems!" The assistant asked curiously.

"I don't want to give it back to her." Wen lichen finished, spread out his hands, holding the precious stone that sushi lost.

In the conference hall, the show has already begun. Tang Siyu has been waiting for Susi to arrive. After waiting for 15 minutes, he sees Susi's flustered figure bending back to his position. Tang Siyu can't help asking, "have you found the gem?"

"I found it, but the jeweler may not want to give it back to me." Susie's heart is in a mess. It must be the most humiliating thing she has ever done.

Tear open the man's bath towel, but also to see him, although, just in a hurry, but, to see, not to see, she read all.

My God! She really wants to drill a hole in the ground and never meet anyone.

"Why? Why not give it back to you! " Tang Siyu asked in shock.

"It's hard to talk about it here. Go out and talk about it!" Susie is still flustered.

Ye Lala, who is sitting in the third row opposite, is staring at her with a pair of complacent eyes. Sushi stares at her fiercely, all of which is caused by her.

Tang Siyu is in a good mood to watch the show, because the theme of tonight is very bright and bright, which is very deep in her heart.

Although Sushi's eyes were fixed on the tall models and her ears were also rhythmic music, her eyes did not pay attention to the clothes, her mind was full of the man she had just seen. Who is he?

He is not any powerful young master she has met, nor any rich young man, nor any figure in the entertainment circle, but who is he?

Why can he have a lounge like a hotel suite here, and his momentum also sends out the breath that makes her afraid.

Who is he?

This is a puzzle that cannot be solved in Sushi's mind.

Because of that gem, what she said she would take back, it would be 20 million! Although she can take out the money to compensate the merchant, it's a bit of a loss.

The two-hour fashion show was very wonderful. At the end of the show, the chief designer took several of his subordinates to the stage to thank him, and made a speech on creation. In a burst of excited applause, the show began to end.

Suxi asked Tang Siyu to wait beside the pillar for a few minutes. She had to find out the identity of the man.

When Susie ran to the door of the room, she met an employee who said the guest had left.

"Are you sure he left?"

"Yes, our staff just came in to clean up."

"Do you know who he is?"

"I don't know."

"Then who knows who he is?"

"You have to ask our general manager about this."

Suzy had to ask, "where's your general manager's office?"

Beauty is good. The staff was very happy to tell her that Susie hurried out of the corridor and went straight to the general manager's office. The general manager was receiving the chief designer this time.

"Hello, is that manager Luo? My name is sushi. I have a question for you. "
