

U. CEO Daddy 961

Chapter 961

On the way to the airport, LAN chunian and LAN Qianhao sat in the back seat. After a while, the steady speed made LAN chunian's eyes squint, and then he closed up, with his small head against his back, and fell asleep again.

Blue thousand Hao tiny helpless, reach out her small head to his chest, at the same time stretched out a hand around her waist.

Blue early read mouth corner satisfactory bend, know in big brother's bosom, sleep more at ease, a pair of arms around his waist, lean on his bosom.

On the expressway to the airport, the fog was still a little big. The driver in front didn't see a pit clearly. Suddenly, the child suddenly bumped. The girl who had been leaning on blue Qianhao's arms.

The little face suddenly smashed down from his chest, and the whole face happened to be buried in the inviolable place of the man.

Blue early read to sleep too heavy, do not know where to bury oneself completely, but blue Qian Hao's handsome face is stiff for a few seconds.

In a hurry of breath, he immediately reached out his hand and fished her up. Blue Chu Nian murmured and leaned on his arms again.

But she didn't know that the men around her were breathing very fast. Blue Qianhao lowered his head and looked at the red lips of two peach blossom petals just under the eyes.

There was a real desire in his heart, but he touched it and made it up.

However, he was still stopped by the strong self-control in his heart, and he knew that he could not do so.

At least if she didn't know anything, it would only scare her.

If she can't accept it, will she hate him?

The driver drove steadily at the gate of the airport. There were already three black cars waiting there. They were his four bodyguards and three subordinates.

One of the men came to open the door for him in a hurry. At the same time, he respectfully said, "Mr. LAN, you are here."

LAN Chu Nian just woke up, opened a pair of eyes of crazy fan Deng Deng, looked at the man beside him with a kind of unconsciousness, "have you arrived?"

"Here you are, get out of the car!" Blue Qian Hao answered in a low voice.

LAN Chu read to the middle-aged man who opened the door for her and said, "thank you uncle."

This man was immediately used extremely. I didn't expect that Mr. LAN took his sister with him this time!

"Miss LAN, you're welcome."

LAN cunian looses her loins. Her gift box is being transported by bodyguards. She almost bumps into people in a daze. At this time, a strong arm comes in time to hold her away from the people in front of her. LAN cunian's face immediately bumps into the man's arm. She slightly wrists her eyebrows, but he does.

When they arrived at Guibing passage room, they entered the aircraft inspection without waiting, and all of them went to the direction of a private plane.

LAN cunian is led up by LAN Qianhao all the way. The plane is divided into two cabins. There are only two brothers and sisters in the front cabin, while the staff and bodyguards are sitting in the back cabin.

Four beautiful stewardesses came to greet each other cordially. Blue Chu Nian woke up and the whole person was excited. A kind of travel relaxation and sweetness made her a small face always with a sweet smile.

LAN Qianhao looks at her expression, and there is a trace of satisfaction in his heart. As long as she is happy, he seems to feel happy automatically.

At half past seven, the plane rose to the sky.

Blue house, half past seven, blue mother got up and went downstairs. The maid had a big bunch of flowers. Blue mother was going to take these flowers to the flower hall next to her.

Lengbuding saw a piece of paper on the desk. She reached out and picked it up. There was a paragraph written on the paper.

"Mom and Dad, I went abroad with me for the first time. I will take care of her and protect her. Don't worry, Qianhao."

Blue mother immediately opened her eyes, what? Did Chu Nian secretly follow him?

Blue mother also some do not believe to come upstairs, push open the room that blue reads for the first time, as expected is not in, and the clothes also picked up.

Blue mother sighed and went into the room. Blue father was dressing in front of the mirror. "The old man, first read to go with Qian Hao."

Blue father also surprised, "when did you leave?"

"Of course, when Qian Hao got up, she got up with her. At this moment, I'm afraid the plane has already taken off." Mrs. blue said helplessly, and then, with some worry, "he should take Yin Yin with him at this time. How could he take his first thoughts?"

Blue father also some helpless way, "the first read to disperse the mind is good, don't worry, thousand Hao absolutely dare not to her how."

"I'll call my good sister and ask her about the development of Yin Yin and her son."

Finish saying, blue mother picked up the cell phone, found the good sister's phone that met last time, and directly dialed the past.

"Hello! Ah Hui is me. "

"What's the matter? Call me this morning. " The good sister at that end was a little surprised and surprised.

"I just want to ask you how far your Yinyin and my son have developed!"

Ah Hui at that end immediately asked in surprise, "is my Yinyin dating your son?" "What? You don't know? "

"No way! I just introduced Yin Yin to the son of a banker two days ago. Now, they are both together. "

"Ah?" Mrs. blue shook the microphone in shock. "So, has your Yinyin and Qianhao never contacted?"

"I asked Yinyin last time. Yinyin said that after I sent her home that night, I didn't get in touch with her anymore. I should not have been together! Otherwise, I will not get along with this young man now. "

Mrs. blue immediately understood that it was her son who was flustered! She quickly smiled, "OK, nothing else, just ask."

"Will it be your son's requirement! I don't like my Yinyin. "

"Here No, it's probably that young people don't have the right eye. " At the moment, Mrs. blue is really a little guilty.

After hanging up the phone, Mrs. blue scolded angrily, "son, dare to cheat us."

"Who lied to you?" Blue father asked curiously.

"It's your eldest son. Last time, he said he was in contact with Yin Yin. Hum! It turns out that after he sent her home last night, he didn't contact again. I think he didn't want to die for being a thief. " Mrs. blue is really angry.

Blue father sighed, "ah! What is this called. "

"When they arrive, I have to give him a lecture."

"Forget it. He should know the right size when he is so old. Let him deal with it by himself!" Blue father still speaks for his son.

Mrs. blue thought that her son must be old. She couldn't say well. She had to shake her head and say, "I really don't want to say anything more. Let him go!"

"Have you found that the first reading is between their two brothers, and she is still very attached to Qianhao. Will the first reading also like Qianhao?" Blue father said to his wife.

Mrs. blue thought for a moment. "It seems that we have to find a time to talk about her life experience with Chu Nian. She is twenty now, and she has the right to know everything about her."

"Wait for her to come back this time!" Blue father agrees.

On the plane, LAN Chu Nian is holding his chin, enjoying the white clouds like cotton candy outside the window, and feeling like eating sugar.

The blue Qianhao on the opposite side is looking at the document. From time to time, he looks up at the girl on the opposite side, his eyes slightly fixed.

When blue Chu Nian's eyes were about to turn around, he immediately lowered his eyes and pretended that they did not exist.

LAN Chu wants to drink juice and sit or lie down on the comfortable sofa.

"Big brother, is it fun there? The scenery is not beautiful. "

"You'll know when you go." LAN Qianhao returns.

"Big brother, do you think my parents will be angry when they know I'm out! I haven't even called

"Blue thousand Hao head also does not lift a way," I left a note for them

Blue early read squint eyes a smile, "or big brother think thoughtful."

At this time, a stewardess took the initiative to ask LAN Qianhao, "Mr. LAN, do you need anything to drink?"

"Not for now."

"OK." The stewardess left a little lost. She was very beautiful, but blue Qianhao didn't even look at her.

LAN Chu read it for a while and hit another one. She was sleepy again.

"Big brother, I'm so sleepy." Blue Chu Nian holds his face.

"Come to my side and lean on me for a while." Said LAN Qianhao.

LAN Chu read to immediately smile Mimi's to sit over, fasten the seat belt, then lean on his shoulder squinting eyes to sleep.

LAN Qianhao doesn't read the document either. He rubs his eyebrows, and his thin lips fall gently into her hair. He doesn't dare to kiss her too hard.

I'm afraid she'll find out.

Chapter 962

Qiao Zhai, in the morning, Qiao Yueyang received a call from his brother Qiao Huiyang.

"Elder brother, I will go abroad in two days. Maybe I won't come back this year and a half. I want to go to your house for another meal, call muose and get together again." Qiao Huiyang's voice seemed a little pitiful.

For he is fifty years old, and he is still alone, without a decent home, and without children under his knees.

"Are you here for lunch or dinner?"

"Lunch! I'll go home in the afternoon and clean up. "

"Good! I'll get muzer back together. " Said Qiao Yueyang.

"Muze is the only heir of our Qiao family. I used to be young and confused. Now, I know how important the only blood is."

Qiao Yueyang immediately said sternly, "don't mention the previous things, as long as you are willing to be a new man, I can forgive you for these things."

"Thank you, elder brother. I have changed my mind and become a new man." Qiao Huiyang pretends to be a prodigal looking back in front of his elder brother.

"Well, you'll be back." Qiao Yueyang said, hung up the phone, and then said to his wife, asking her to prepare the dishes.

Qiao Yueyang also dialed his son's phone, Qiao Muze did not think much, he promised to come back.

Joe Munzer is in the company at the moment. After receiving the phone call from his father, he also wants to find some opportunities to get close to the uncle and find something out of his mouth.

Qiao Muze calls Zhuang wennuan. If he doesn't come back for lunch, he will ask Yang Li to deliver lunch for her. Zhuang wennuan asks him not to bother. She is at home and can eat any noodles.

Qiao Mu rule does not allow her to solve it at will, or insist on letting Yang Li go to the superior restaurant and pack it for her.

Joe muzer put down the phone and looked up his watch. At about 10 o'clock, he still had an hour's meeting. He started at 11 o'clock, just in time for lunch at home.

Qiao Huiyang is in his villa. He looks proud. He knows that as long as he sells something miserable, big brother will not have the heart to refuse him. Because big brother has been guilty in his heart, and he just grasped his weakness.

"Mr. Qiao, our people have been waiting at the door of Joe's group. They will follow Joe's sports car in a moment. When he gets to the road we have set, our people will rush out, directly hit his car and run over it."

"Very well, in order to make my nephew happy, it's better not to leave him suffering, just let him die directly." In Qiao Huiyang's eyes, there is no kinship, only the desire for interests and ambitions.

"I'll talk to that man again now, so that he won't show mercy." Li Da finished, picked up his cell phone and went out to order.

Qiao Huiyang stood up, picked up his coat and was ready to go out. At least he was going to Qiao's house now.

Qiao Huiyang asked Li Da to finish calling and drive him to Qiao's house.

He arrived at eleven o'clock. Li Da Shou was at the door and didn't go in.

At the moment, at about eleven o'clock, Joe Munzer just stepped out of the conference room. He took a look at the time of the watch and stepped up to his office.

He came out of the office with the car key and went straight to the garage.

Qiao Muze's start-up sports car, cool body in the dark, like a twitching cheetah, the lines are perfect and smooth, in the light, the paint is shining.

Joe muzer's sports car drove out of the garage door. When he joined the group of cars, a black SUV immediately followed behind him. This person's tracking technique was very good. Even if Joe muzer cut in the line several times, he could keep up steadily.

In Joe's carriage, there are soothing songs, which can calm him down.

Some questions come to his mind in advance. When he gets home, he can knock on Qiao Huiyang.

As soon as Qiao Muze's sports car arrived at the road to go home, the speed increased. This is a road specially built to Qiao's house more than ten kilometers away. This area is full of rich people. There are no other residential areas except for greening. Therefore, the population is not large and the traffic flow is small.

The black SUV accelerated to keep up. When chomuze's sports car reached a crossroads, he picked up the walkie talkie and looked at the humanity at that end. "The goal is only one kilometer away from you. You have to be ready."

Qiaomuze's speed is about 70 yards. In this road section, there is a very unreasonable intersection design, surrounded by stone railings. There is a junction, usually there are no vehicles.

However, when Joe munze is at this intersection, he will still decelerate subconsciously, which is probably what the other side didn't expect. As Joe munze's sports car gets closer and closer, a heavy truck suddenly rushes out.

When Joe saw it, he was only 50 meters away from the fast turning car. At his current speed, he had little choice to hit it. However, Joe munze still made a faster response. He pulled the brake hard, and his sports car immediately plummeted forward. In a few seconds, the truck had turned its head completely, and Joe munze avoided a direct collision. However, he couldn't escape the result of his car overturning. His car tail was thrown violently. The whole sports car overturned in place for several times before it stopped. Moreover, it was still buckled on the ground.

Coincidentally, it happened that a neighbor of Joe muzer was driving by. Seeing this scene, he stopped immediately and got off with two friends and ran straight to this side. Seeing this, the truck pretended to get out of the car and rushed.

Joe muzer's whole upper body and head are protected by air bags, but his legs are heavily pressed on his calves because the sports car is overturned by gravity.

Several men immediately reached out and lifted up the car. The kind neighbor dragged CHO muzer out. At the moment, CHO muzer was dizzy, but his left leg was bleeding.

"Get to the hospital." The neighbor immediately picked up Joe muzer with two friends and got into his car.

And the driver, with a gloomy face, took out his mobile phone and dialed Li Da's phone.

"How is it?" Li Da's voice came eagerly.

"Different from what we expected, I thought this man's car would directly hit my side. I didn't expect him to stop the car and make it overturn several times."

"What about the others?"

"I think he's hurt his leg badly. There's blood on his forehead. I'm not sure about him."

"Good! You quickly contact the insurance company and ask them to deal with it. You can do whatever you want, when it's an accident. " Said Li Da.

"Good! Then I will not have less money! "

"No!"

Qiao Muze's neighbor took out his cell phone and called Qiao Yueyang. "Mr. Qiao, your son just had a car accident. We are sending him to the hospital now! Come here quickly. "

"What? Has muzer had a car accident? " Qiao Yueyang's breath smothers. "Is it serious?"

"We don't know yet, but the leg injury is serious."

"Good! Which hospital, I'll be right there. "

"The first people's hospital near our community."

Just then, the car drove into the hospital, Qiao Muze was immediately sent to the cart, to the direction of the emergency room. "

After Qiao Yueyang answered the phone, he and his wife arrived at the first time. Mrs. Qiao was so worried that her tears were falling. This kind of thing made no one calm.

Qiao Huiyang pretends to be worried, too. "Big brother, I'll go too."

With that, he immediately got into Lida's car and asked Lida, "what did that man say?"

"He said that Joe muzer's car didn't directly hit his car, but turned over twice in situ. It seems that Joe muzer can't die."

"Damn it, Mingming designed it to be hit by him, but our people ran over it. How could this happen?"

"There's no way to support and control everything. The safety performance of Joe muzer's sports car is very good. Even within 50 meters, as long as he responds quickly, he can stop the car."

"You are all rubbish. Go to the hospital and see if my nephew is alive or dead." Qiao Huiyang is still very angry because he hopes that Qiao Muze will disappear from the world directly.

At this moment, Qiao Yueyang and his wife rushed to the hospital and met the neighbor for a while, then they knew how their son had an accident.

Chapter 963

The light in the rescue room is still on, and Qiao Yueyang and his wife are already in a state of anxiety. Mrs. Qiao's tears have never stopped since they heard the news.

"Don't worry too much, Mrs. Joe. I'm sure your son won't be in danger."

"Thank you. Thank you so much for saving him." Said Madame Jo gratefully.

"Fortunately, I passed by and got to the hospital in time."

"What kind of car is that and how did the accident happen?" Qiao Yueyang still wants to make sure that his son's car accident is man-made or really unexpected? Qiaohuiyang's heart strings on one side were tightened a little, and his eyes were also fixed on the neighbor.

"I came out of my house. When the car accident happened, I didn't notice the car in front of me. I didn't stop until I saw your son's sports car rolling on the road."

"I saw that there was a big truck parked next to your son. The truck should have rushed out of the intersection there. Your son should have hit it at that time. However, he pulled the handbrake so fast that it lifted the rear of the car and turned the whole car over."

"However, the driver of the truck came down to check. When we left, he still looked flustered."

Qiao Huiyang can't help but breathe a sigh of relief. It seems that elder brother will only think this is an accident.

At the moment, Qiao Yueyang is really not in the mood to pursue others. He just wants to make sure his son's safety.

Just then, after waiting for two hours, the light in the rescue room went out, and a doctor with a knife came out in a suit against bacteria, "who is the family of the wounded?"

"We are. How about my son?" Qiao Yueyang hurried out.

"Your son's life is not in danger, but he has a serious fracture and bleeding in his leg, and a certain amount of brain damage. He hasn't woken up yet, and we can't be sure how serious it is, but concussion will happen."

"My son's leg! Can it still return to normal? "

"As long as you have a good rest, you can get back to normal."

"Thank you, doctor."

The two husband and wife can't help but breathe a sigh of relief. When they hear the doctor's words, they seem to have taken a reassuring pill. As long as the son is OK, everything else doesn't matter. Qiao Huiyang's face was a little gloomy. Unexpectedly, Qiao muzer only hurt his leg. However, the doctor said that he was not awake yet. Could his head be seriously injured?

After a while, Joe muzer was pushed out, his left leg was plastered with plaster and wood, and his head was bound up. A strong face, except for the pale blood loss, was not damaged.

"Muzer." Mrs. Qiao rushed over at once and looked down at her son. Her heart ached.

As a parent, she would rather lie here now than be her child.

Qiao Huiyang also comforts Qiao Yueyang, "brother, thanks to Muze's destiny! I'm scared, too. "

"Muzer is fine." Qiao Yueyang sighed, and finally, he could drop the stone in his heart.

Next, Qiao Muze was sent to the ward, and Qiao's mother was unwilling to leave. Qiao Yueyang was also with her. About ten minutes later, Qiao's phone rang. When Qiao Yueyang saw that he didn't answer the phone, he said, "Muze is OK. If you have something, leave first!"

"Then I will come to see muzer tomorrow. " Qiao Huiyang really doesn't want to stay here. Moreover, the phone call is from Li Da. He can't answer it in front of Qiao Yueyang.

As soon as Qiao Huiyang left the ward, he immediately called Li Da back.

"What's the matter?"

"Manager qiao, what's the matter with Joe Munzer?"

"It's OK. He's still alive. He has nothing but a leg injury. That's what you did? More and more let me down. " Qiao Huiyang took advantage of the microphone end, gnashing his teeth and scolding.

"I'm sorry, Mr. Joe. We didn't figure it out." Lida was afraid of his anger.

"Come on, Joe's legs are enough for him to lie down for a month. This month, you've marked Zhuang Nuan to death. If you have a chance, you can start at her. You can't give her a chance to find the accounts that Zhuang Yanming hid."

"Yes! I'll keep an eye on Zhuang warm. "

When Qiao Huiyang came out of the hospital, Li Da's car was already waiting for him. He sat in the door with a gloomy face. "You can communicate with that person! This incident can only be regarded as an accident. It can't involve us. "

"It has been agreed that the insurance company will pay for all this without any liability. At the most, it will be closed for several months and the driver's license will be revoked."

Qiao's bedside, Qiao Yueyang's husband and wife quietly guarding the dizzy Qiao Muze.

The doctor came to see him several times.

Two hours later, Qiao Muze, who had been in a coma, suddenly opened her eyes. Mrs. Qiao saw it and called out with surprise.

"Muzer, muzer, you wake up."

Qiao Muze twisted his eyebrows. When he woke up, he felt a headache. He turned to his parents and said, "Dad, mom." "It's OK, it's OK. I still recognize us. I don't think I hurt my head." Mrs. Joe was surprised.

Looking at his frightened parents, Qiao Muze was also remorseful. In his mind, he clearly recalled the moments of the accident.

If he doesn't, he will crash into the body of the car at his speed. The truck is turning around, and the whole car is rolled over.

Qiao Muze's eyes shot out a kind of complex cold, which seemed to be an accident, but think carefully, the real consequences will not be so lucky.

Maybe, after his sports car hit, before he could move the car, the truck would run over.

"Muzer, what are you thinking?"

"Mom, what time is it?" Qiao Muze's expression and thoughts are also very clear.

"It's almost seven in the evening." Mrs. Joe replied.

Qiao Muze breathed a little sigh of relief. Fortunately, it was only seven o'clock. He was worried. If he slept until tomorrow, what about the woman at home? She must be worried!

When chomuze woke up, he felt all the injuries in his body. He could feel that there was only a fracture in his left leg and calf, and that there was no other injury beyond the blood hole in his forehead.

"Muzer, you should take good rest for this leg. The doctor said that if you cooperate, you can return to normal in the future."

"Well! I will. " Chomuze nodded, then said to his father, "Dad, did the police car go to the scene?"

"Yes! It's going to work out tomorrow. It's your destiny. " Joe looked at him in fear after crossing the sun.

Qiao Muze's eyes flashed a cold and violent atmosphere. Is it fateful? Or is it a fight for his murder?

As a client, he clearly felt a breath of death passing through him.

"Muzer, what are you worried about?" Mrs. Qiao asked curiously, as soon as her son woke up, he seemed to have a heavy heart.

"Mom, I'm a little hungry. Can you ask the doctor if there's anything to eat?" Joe Muse said to his mother.

"Well, what would you like to eat?"

"I want some porridge!"

"Good! Mom will bring it to you. " As soon as Mrs. Joe said it, she got up and pushed the door and left.

Qiao Yueyang knows his son. He thinks that his son intended to support his wife. "Muzer, what do you want to say to me?"

"Dad, I don't think this accident is just an accident, but someone is killing me." Qiao Muze calmly looks at his father and opens his mouth.

Qiao Yueyang also looked tight and frowned. "I doubted at first whether someone hurt you on purpose, but Mr. Li, the neighbor who saved you, said it was like an accident."

"Dad, if I had been three seconds slow, I would have ended up not lying here, but you came to collect the body for me." Joe knows that he can't let go of this opportunity to ask his father the truth.

Qiao Yueyang's face was shocked for a few seconds. Then, he scolded, "don't scare me."

"The one who killed me should be the same as the one who killed Zhuang Nuan's parents." Joe muzer spoke quietly.

Qiao Yueyang stood up with a start. "What do you say? How is this possible? "

"Dad, you know who that man is. Why don't you tell me?" Joe Munzer twisted his eyebrows, and there was a clear answer in his heart. He will have an accident today, think about it, as if in the calculation of that person.

"You It's impossible. " Joe Yueyang shook his head, still refused to believe all this.

Joe looked at his father. "Dad, why did I have an accident? It's because I came back to eat this meal at noon, but who asked you to call me home? This is clearly a premeditation. "

Chapter 964

Qiao Yueyang looks at his son and breathes.

He didn't make a sound, but Qiao Muze said coldly, "the man who killed Zhuang wennuan's parents was my uncle Qiao Huiyang!"

Qiao Yueyang's body was immediately hit hard by something. He held the edge of the bed unsteadily. He didn't expect that his son would see through all this so quickly. "Moose How do you think it's him? " Qiao Yueyang looks at his son. Is there any evidence in his hand?

"My intuition." Qiao can only say that because he has no evidence, but he believes that Qiao Huiyang has a direct relationship with the case of that year.

Qiao Yueyang looked at his son in dismay, but as he sighed, "I only knew one thing about that year's event, that is, there was a sudden two billion missing in the accounts of that year. Where did the two billion move from and how did they use it? I didn't check it carefully, but I knew that it had something to do with Huiyang, but within half a year, it was spread When the news of Zhuang Yanming's husband and wife's suicide came, I was shocked. After the police's result, all the evidence pointed to their suicide. So, I didn't know how to do this thing. "

"You just choose to accept the facts, don't you?" There is still a trace of disappointment for his father in his eyes.

Qiao Yueyang's face also showed a hint of self mockery. "I know I let you down, and I've always felt guilty about this. So, in the later pension, I asked the financial department to triple the amount to the banker's people, but I didn't expect that they wouldn't accept it."

Qiao Muze suddenly thought of his father's angry and angry expression when he told the dealer's case at home last time. It turned out that he didn't want him to talk too much. He was trying to stop him from talking and hearing. He was protecting him.

"It's true that Zhuang Yanming took advantage of his working relationship to misappropriate those two billions. At that time, I trusted him very much and gave him a lot of financial rights to take care of. I even wanted to take him into shares and become one of the shareholders. But who knows, he would do this. Even if he didn't commit suicide, he would face legal sanctions. So I only thought that he was because Misappropriation of public funds, and the fear of committing suicide, but he

pulled his wife together, let me have been puzzled, until you said at home that day, Zhuang wennuan was drugged in China, and threatened them to commit suicide through the video, I understand that this is Huiyang's work. "

"So, you know that he is the murderer. You don't allow me to go on, and you still excite me to leave angrily?"

"I can only do this. I can't let you get involved. That's why your mother and I are against your association with Zhuang Nuan. When you are with her, you will definitely get involved in the case of that year, and I'm afraid that something will happen to you."

Qiao Muze's eyes flashed a firm and cold meaning, "I don't care who the murderer was, I will find out sooner or later."

After hearing this, Qiao Yueyang didn't have any expression of objection. He just looked at it with worried eyes. "Before there's any actual evidence, it's very remote that you want Zhuang warm to overturn the case."

Qiao Muze also knows that he knows that Qiao Huiyang is the murderer, but without evidence, any accusation is impossible.

"Muzer, I'll show you a clear way. Maybe he should pay for what he did." Joe cross country thought that if his son's car accident today is also related to this matter, then he would rather give up this brotherhood and protect his son.

"What road?"

"At that time, Zhuang Yanming hid his account of misappropriation of funds. Up to now, our company can't find it. He must have known that he didn't have a good result, so he took the evidence away in advance."

Qiaomuze's eyes flashed a flash of light, "as long as you can find this account book, you will be able to turn over the case."

"Don't think too easily. Solemnly knows that your uncle will search for the dealer afterwards, so he will not hide too obvious places. It's hard to find them. Maybe only Zhuang Nuan has clues."

"Then I'll let her think about it." Joe saw his father standing on this side, and his heart was really much better.

At this time, the Qiaofu talent carries a bowl of porridge and small dish to come over, "I go out to buy for you, you eat while hot!"

"Thank you mom." Choumuze nodded, and at the same time, he said to his father, "Dad, lend me your cell phone."

Qiao Yueyang hands his mobile phone to him. After he picks it up, he takes a look at his parents. "Parents, give me some private space."

Both husband and wife know who he is going to call, but they can't help but look at each other, and some of them have to back out.

Of course, Joe muzer is going to call Zhuang Nuan. He won't tell her that he was injured. She won't worry about it. If she guesses it's related to her parents' case, she won't let him interfere.

"Hello!" There was a warm and gentle voice from Zhuang.

"What are you doing?" Qiao Muze asked with a deep smile. At the moment, he was lying on the bed with his calves half hanging and his head wrapped in a circle of gauze. But his voice still gives people a sense of stability.

"In composing, I wrote two songs last time. I plan to try to compose by myself." Zhuang replied with a smile. "I'll stay at home tonight. I'll have an urgent business tomorrow. I'll go on a business trip from home to the company. Maybe it will take some time to go back home. You're at home alone. You're good enough to go nowhere. If you need anything, you can find Yang Li and she will do it for you."

"Eh? How long are you going! " Asked Zhuang, curious and surprised.

"Something serious happened over there. I may need to stay for a month." Joe Munzer pretended to be heavy.

"OK, then you go! I can take care of myself. Don't worry. " Zhuang warm busy answer way, for fear that he will because of remembering her, and affect his work.

"Good! I'll take care of your work first. You can't stay up late. "

"Well! Then you should have a rest earlier. "

"I will." Joe muzer said, headache began again, he reached for his forehead, try to stabilize the voice line, "I hang up."

"Good." The gentle voice of Zhuang warm.

Choumuze found that her voice in the ear, can ease his headache, some bullying said, "say a word I want you to listen."

Zhuang wennuan was obviously shy at that end, but he said softly to the microphone, "I love you."

Not that I miss you, but that I love you.

Qiao Muse wants to laugh happily, but his body aches and pulls his leg. He hisses, "OK, I'll hang up."

With that, he really had to go.

After Qiao Muze put down his mobile phone, he suffered a headache. Then, he got through Yang Li's phone again, and asked him to immediately call six bodyguards under him. Now he drives to his villa, and the wheel is left behind. No one is allowed to approach.

He was worried that Qiao Huiyang would go to hurt Zhuang Nuan. Maybe, he also knew that Zhuang Yanming had left a copy of evidence, so that was the reason why he was eager for Zhuang Nuan's life.

When Qiao cross-country husband and wife came in, they saw him close his eyes and immediately sat down with concern.

"What's the matter? Where does it hurt? "

"Nothing!" Qiao Muze opened his eyes. "Parents, please transfer tomorrow!"

"Good!" Qiao Yueyang promised to come down.

The top private hospital under their company group will send their son there tomorrow, which is safe and has better medical treatment.

Qiao Muse also thinks, spend a month there, when time comes, he appears in front of her again, he pretends to just come back from a business trip abroad! In this way, she won't know all about it.

In order to see her early, he will also actively cooperate with the treatment.

Zhuang wennuan sat on the balcony of the room and looked out of the window at night. She was tired and supported her chin. She thought that he would go abroad for a month.

He had not gone abroad yet, but she began to miss him. Now she did not deny her feelings for him.

Just this like, will there be results? Zhuang Nuan didn't dare to think about it at all.

But one day around him, one more day! She didn't want to leave him as long as he wasn't married and had no other feelings.

Chapter 965

When LAN Chu Nian arrived, she went to bed again. When she got up the next morning, she struggled with her dream and wondered whether to wake up.

Until she suddenly thought of something, a pair of clear big eyes immediately opened, then, she excitedly opened the quilt, wearing pajamas and looked to the balcony of the hotel, a strange country, spectacular scenery reflected in the curtain.

Her eyes immediately filled with ease and happiness, and she immediately thought of the eldest brother who still lived in the master bedroom, and she bent her mouth a little shamefully.

I don't know whether he got up or not, but she has decided to make a good make-up, dress up and go shopping today.

LAN chunian walked into the bathroom, washed her hair, and began to be busy. It was said that it took time for girls to dress up. She was the same. When she went out, she was already wearing a fashionable foreign dress, with long hair naturally wrapped around her head. There was a beige hair hoop on her head, which made her pure as if it was a bunch of sunshine in summer.

Anyone who sees her will be attracted by the direct sunlight and silent.

She thought that the eldest brother didn't get up, but when she pushed the door open, she saw the man sitting on the sofa in the hall, and he was holding a notebook in his hand, and his long fingers were tapping something, with a slightly dignified look.

"Big brother, you're up." LAN chunian immediately smiled and walked towards him.

The dignified look on blue Qianhao's face, when he looked up and saw her, immediately relaxed, as if all the worries and sorrows had disappeared in front of the girl.

He put down his work. "Hungry? Would you like to eat in the room or go down? "

Blue Chu read naturally wanted to go down to eat, "let's go down to eat!"

Two people came to the restaurant in the hotel, at the moment, there are a very complete set of meals.

LAN cunian takes the plate and chooses the variety she likes to eat. At this time, a young man from abroad is attracted by her. With a little bit of ingenuity, he immediately stands in one place with a piece of fruit. LAN cunian is picking up delicious food with all his heart, so he bumps into him.

"I'm sorry, I'm sorry." LAN Chu read and apologized, but the man said, "it doesn't matter, which country is Miss? May I know you? "

"I..." LAN Chu Nian is not very good at this kind of direct chat up.

At this time, an arm was tied around her waist, and the young man, also received a warning look, blue Qianhao cold eyes swept, "don't provoke my woman."

He spoke English, but LAN Chu didn't respond. When she sat by the window with her plate, her brain went blank. Wait, did you mean that she was his woman?

She blushed and looked at the man opposite, and found that blue Qianhao was also looking at her.

Two pairs of eyes touch each other, and blue Chu Nian immediately drops his eyes with shame and embarrassment, avoiding his dazzling and charming eyes.

Blue thousand Hao narrowed Mou, he some surprised solution, this little guy how can avoid his vision now? In the past, isn't she getting more and more energetic?

Do you really have to grow up? Know what shyness is?

Blue early read to bite red lips, left think right think just big brother that sentence, must be this meaning, pretty face more and more can't stop diffuse a layer of red.

Blue thousand Hao is cutting bread, low look for a way to ask, "what hair is stupid, not fast to eat."

LAN Chu read immediately, and then she couldn't stop looking up and asked, "brother, what did you say to that man just now! I don't seem to understand. "

Blue thousand Hao's movement a stiff, facial expression some stern rise, "nothing, next time remembers the eye to see the road."

Blue Chu Nian was so scared by his seriousness that his heart shrank. He quickly stopped all the curiosity and, oh, lowered his head to eat.

Although LAN Qianhao thought he was a little stern, it was also to cover up his words just now.

Because what he said to that man just now is exactly what his woman meant. I'm afraid that her misunderstanding will prevent her from asking.

Two people eat upstairs, blue read a pretty face or depressed, they don't want to talk to him, with some small emotions.

When entering the door, LAN Qianhao gave birth to the idea of amusing her, immediately pushed her forward, and LAN chunian immediately looked back at him angrily, "what are you doing?"

LAN Qianhao can't help but reach out and push her, trying to make her laugh.

As expected, LAN Chu Nian was teased, angry and angry, and wanted to laugh. "What are you pushing me for?"

Blue Qian Hao closes the door, pretends that something has not walked towards the sofa.

"Hello! If I push, I want to go. " Blue early read immediately gave birth to stubborn son, stretch out his hand to push to his body, blue thousand Hao by her push.

But she couldn't push her at all. LAN Chu thought more and more angry, and then he decided to push him.

But LAN Qianhao thought that she was relieved of her anger, and turned to go to the room. LAN cunian reached out his hand and pushed hard towards him. LAN Qianhao saw that some people were worried that her little hand would be broken. He held her two little hands respectively and immediately dissolved her push into a hug. She clasped her two little hands behind his waist, but LAN Chu Nian had no choice. A pretty pink face thumped against the man's strong and hard chest.

"Ouch!" Blue early read painful cry.

LAN Qianhao immediately lowered his head, reached out and stroked her head. "It hurt."

Blue early read is not to hit the pain! She raised her big flaming eyes and stared at him

Blue Qianhao touched her big eyes, and her heart was in a hurry. The silence around him made him have some evil thoughts. Moreover, it was spreading and growing.

Blue Chu Nian blinked, and suddenly felt that the atmosphere seemed to change. She became quiet and dormant with some danger. She breathed a little fast and wanted to take out the hand he held.

LAN Qianhao just jabbed his heart and released his hand. He said in a low voice, "clean up and get ready to start."

LAN Chu Nian is also a little nervous. What happened just now? Why is her heart beating so fast and so disorderly?

Big brother's eyes seem to have a kind of light that she looks forward to and fears, just like It's like he's going to eat her.

Blue early read also hurriedly returns to the room, covers a heart which jumps, is at a loss.

The two men went back to their rooms and cleaned up. An hour later, LAN Qianhao's motorcade arrived. LAN chunian cleaned up and opened the door. LAN Qianhao was waiting for her, and his assistant Li Hua was also there.

"Miss blue, you're out. It's time we left."

"OK! let's go! I'm ready. " Blue early read a smile.

Li Hua comes to take the salute for her. LAN Qianhao's eyes are calm and natural.

"Let's go!"

After they got down, there were a line of eight mountaineering armored cross-country vehicles, which were very well equipped, because what they were going to do this time was a very long journey, and half of the whole journey was mountain road.

LAN Qianhao asks LAN cunian to sit in his car and watch her fasten her seat belt. He immediately leans over uneasily and tightens her up very carefully. Check the buckle.

When the car was on the road, it was full of beautiful scenery and exotic street style, which also made blue chunian like it very much. This is only a mine of blue family. There are diamond

purchase areas and excavation areas in many places around the world. This time, I came here to patrol, because the production has declined.

After walking on the level road for three hours, the motorcade drove into a huge mountain road of primitive forest, which was suddenly not peaceful and stable, making people feel full of jolts.

Blue Chu Nian's thin body leans to this side and then to that side. Blue Qian Hao looks in his eyes and immediately holds him in his arms. Blue Chu Nian also doesn't mind reaching for his arm.

The scenery is still beautiful all the way, and LAN chunian is also very excited. After walking for nearly two hours, he has turned into a plain, an oasis without trace, and a lot of wild animals running on it. LAN chunian makes a Whoa, and it's right.

How beautiful! She reached for her mobile phone and took a few photos to record the scenery here.

The plain on the grassland is also more stable. Blue Chu read a pair of excited big eyes looking at the scenery, but did not know her side. A pair of deep eyes are also looking at her. In the eyes of men, she is the most beautiful scenery.

Chapter 966

Look at her beautiful starlike eyes, for a moment excited, for a moment curious, and then, see what rare scenery, and hurriedly look at him, looking for recognition in general.

Blue Qian Hao's mood is also surprisingly good, because here, he feels that he is needed by her.

Finally, after more than an hour's walk, I came to the periphery of the diamond mining area. There is no elegant environment in the city. There are only accommodation rooms here. Even the best ones are still very simple.

And LAN chunian has the best. LAN Qianhao lives next to her room. Two people are next to each other. Other people are scattered around to protect her.

LAN Chu Nian is very new to everything. Moreover, she is not a delicate person and has no sense of where to live.

After sorting out the luggage, it was evening. The sunset was so beautiful that people could hold their breath. LAN Chu Nian stood on the balcony, reached out and photographed again.

LAN Qianhao came up to her and said, "don't run around. I'll go down and deal with some things first."

"Well! I'll be here waiting for you. " Blue Chu read very clever smile, like a cute little pet.

Blue Qian Hao can't help reaching over and stroking her head. Then she turns around and leaves.

LAN Qianhao is the manager here. Two of them are sent from China, and three of them are from China.

In a small conference room, LAN Qianhao listened to their opinions and diamond production in the past six months.

"Mr. LAN, we have detected that the diamond resources in the next mountain range are also very rich. If we can take it down, it will certainly fill the supply of diamonds."

Blue thousand Hao wriggled to wring eyebrow, "this matter I will go to communicate, see whether can buy with reasonable price."

After the other three managers left, two of LAN Qianhao's subordinates began to talk with him in Chinese.

"Mr. LAN, there are some things we should report to you personally."

"What is it?"

"We have had some theft here. Although it is not very blatant, there are still some workers who take some secretly, which makes us defenseless."

"Blue thousand Hao facial expression is gloomy come down," once discover, drive out immediately, do not connive

"Some of them are local. We really can't help them."

"That's because your control is not strict enough. No matter who has theft in the future, you have to leave. You can also record the evidence. I will contact the police to deal with it." LAN Qianhao is also very angry about this.

"Good! Then we should pay attention to it and we will manage it well. "

Blue Chu Nian has been waiting for blue Qian Hao. It's dark unconsciously. Just now it's a beautiful sunset scene. But when it's dark, the night here is not the same as that in the city, but it's totally out of reach. The mountains and woods in the distance have become a little gloomy and terrifying.

It's like a monster staring at her in the distance. Blue Chu can't help shivering. She hurried back to the room, opened the lights, and there was no voice outside the window. She sat quietly in front of the bed, looking forward to blue Qianhao's return.

After the meeting, LAN Qianhao went out and saw the dark sky. His heart string tightened immediately and he stepped up to the direction where they lived.

When blue Qian Hao opened the door, he saw a figure rush to come and hold him tightly. "Big brother, I'm afraid."

Blue thousand Hao also tightly embrace her, gentle comfort way, "don't be afraid, nothing, I am here."

Blue early read buried in his arms, the fear of the bottom of my heart also gradually retreated, and when she looked from his arms, a small face could not help but warm.

LAN Qianhao reached out and stroked her long hair to calm her fear.

Blue Chu wants to stay by his side, as expected, he is not afraid of anything.

"I'll have dinner delivered. You stay in your room and don't go anywhere."

"Well! What about you? "

"I'm next door. If you want to be afraid, come to me."

Blue Chu read to nod, she also can't be too timid, can't always stay in his arms!

Blue Chu read to see him leave, she picked up the camera, began to look at the scenery along the road.

After a while, her dinner was delivered. It was not as fastidious as in the hotel. It was the wives of several domestic engineers who cooked Chinese dishes, which were also very delicious.

Send it to LAN Qianhao's room. He called her over. LAN Chu Nian picked up the food box and ate it very happily.

"Would you like to come next time? It's not as beautiful as you think. Everything here is simple. " LAN Qianhao said to her.

"Of course I'd like to come back if I have a chance." Said LAN Chu Nian, not afraid of her face.

LAN Qianhao looks at her silently. After dinner, the conditions here are all available. LAN chunian takes a bath and washes away all the dust. He changes into a pure cotton pajama. Out of the window, he can't see the darkness. Only some lights come from the distant woods. That's the working excavator still working. Blue Chu Nian lies on the bed, excited and unable to sleep. Even if he is tired, he looks at the ceiling with his eyes wide open.

"Ow..." Suddenly, a cold howl of wolves began to ring in the woods not far away.

Blue Chu Nian immediately sat up in terror. This is Is this a wolf call?

Is there a wolf here? Blue Chu thought to swallow saliva, looked at the window nearby, for fear that a wolf would come in.

"Ow..." As soon as the wolf called, all the wolves around immediately responded and roared to the sky.

LAN Chu Nian's breathing is very fast. He holds the quilt and feels a little shivering all over his body.

How can I sleep now? And there was some panic. No, she was scared.

LAN Qianhao is lying on the bed at the moment, reading the documents and hearing the wolf's cry. These are common to him. Moreover, he used to explore the mountains and mines in this area, so his field survival experience is very rich.

At the end of the second howling sound, LAN Qianhao was ready to get out of bed. At this time, his door rang again, a little anxious and a little quiet.

LAN Qianhao hurriedly came to open the door. As soon as he opened it, there was a figure drilling into his arms. While drilling, he exclaimed, "big brother There are wolves around... "

LAN Qianhao held back a smile, closed the door, and said to her, "yes, there are not only wolves, but also cheetahs, all kinds of dangerous animals, snakes, ants, mice and insects. Do you dare to come next time?"

"I dare not..." LAN Chu is honest now. I dare not.

Blue Qian Hao looks to frighten her, he can't help but be a little annoyed from oneself, at this time still want to frighten her.

"Well, lie to you, there are no such things, only wolves." He corrected.

But LAN Chu Nian knew that all wolves have them, and they must have them.

"Big brother May I have a room with you? I want to sleep with you. " LAN chunian looks up and pleads to see him.

Blue thousand bright pupil Mou to shrink suddenly, this wench unexpectedly is afraid to want to sleep with him? Is he less dangerous than those foreign things?

"No way! How can you sleep with me when you are not a child? "

"But I can't sleep alone. I'm afraid. " LAN Chu Nian thought to himself, isn't it just a few nights? She is not afraid.

LAN Qianhao was just about to say no, when he saw the girl holding him, he immediately climbed onto his bed and occupied the half of the bed. He was very domineering. "I'll sleep here."

Blue Qianhao's bed is a double bed, with a clean blue bed quilt. If you sleep with two people, the bed is not crowded at all.

"You..." LAN Qianhao looks at her, very speechless.

"Don't worry, elder brother. I won't disturb your sleep. I won't disturb you if I don't quarrel." LAN Chu Nian was very conscious, so he was afraid of being driven out.

For a man, this is not the point at all. The point is that with her, he doesn't want to sleep at all. Can he still sleep?

"Girl, you have a clear idea." Blue thousand Hao's voice line is hoarse.

"I think it's clear. I'm going to sleep in your bed tonight." LAN Chu said, as soon as he lifted the quilt, he lay in it, and he took the initiative to tuck the quilt over his neck, revealing a small head, and blinked at him.

Blue thousand Hao swallowed saliva, this woman does not need to show anything at all, as long as her eyes, enough to seduce him.

LAN Qianhao knew that it was impossible to drive her away. Moreover, his heart didn't mean to drive her away, but his heart struggled and contradicted at the moment.

Chapter 967

The girl lying on the bed did not feel the embarrassment of the atmosphere at all. She was afraid that LAN Qianhao would not let her sleep here. She tucked in the quilt tightly and looked at him pitifully and pleadingly with big eyes.

LAN Qianhao knows that it's impossible to drive her away. He doesn't want her to live alone in fear and fear.

"All right! Then go to sleep! " LAN Qianhao sits on the sofa beside him, picks up the document just now and continues to read.

"Thank you, brother." Blue Chu read to smile to look at him, but at this time, the wolves scattered around, came out at night to look for food, from time to time howling sound spread.

Blue Chu Nian opened a pair of big eyes, listened to these cries in fear, and curled up in a group.

"Elder brother, can you sit on the bed and watch?" Blue Chu Nian asked again.

LAN Qianhao still wants to be far away from her, and he will not be affected. How could he know that this girl asked to be close to him again and again.

"Sleep on your own! Be good. " Blue thousand Hao comforts a way.

"But But I'm still afraid. " LAN Chu is timid, and she is not old. This room is not safe enough for her.

Blue Qian Hao's slender body stood up, went to the edge of the bed and sat down. His long legs stretched into the quilt. The autumn night here was very cold at night.

Blue Chu Nian was happy immediately. He approached him with a smile and carefully grabbed a pillow beside him to lean on.

LAN Qianhao half lies down, the document in his hand hasn't been picked up yet, and a small head has been drilled into his bosom, occupying his chest, and a small hand is naturally tied to his waist.

It can be said that this woman stuck to him like an octopus.

Under the blessing of fear, LAN Chu Nian was really afraid.

LAN Qianhao reached out and rubbed her little head. It seems that her parents are right to leave her in China, so they shouldn't take her to such a place.

"Sleep! I'm here to protect you. " Blue thousand Hao low comfort way.

Blue Chu Nian held him tightly and blinked. Then, something suddenly occurred to her mind. All of a sudden, she felt a heat on her face, and her tight arm didn't dare to work too hard.

At this time, a wolf call came clearly. In an instant, all thoughts were thrown away. No matter what, we must hold this man tightly.

LAN Qianhao feels her body temperature, where is the mind to read the document, but he still pretends to be reading the document, turning the page, it seems that he is really serious.

But his mind was no longer on the papers.

LAN Chu Nian is a girl with good work and rest. After a day's work, her physical strength has been lost. Now she is confused. She closes her eyes, sticks to the man's chest, and sleeps in peace.

LAN Qianhao listens to the even breath sound in his arms. Finally, he doesn't need to look at the document in a pretentious way. He puts the document aside, lowers his head and looks down at the sleeping girl.

She has a delicate face, no powder, and bright light on her head. Even her small face is very beautiful. However, every place is flawless and fantastic.

If he changes a woman and a new identity, he doesn't have to worry about anything. But this woman can't do it. Her identity makes him only think about it and can't touch it.

Blue Qian Hao waited for her to fall asleep some, he then lightly put her on the pillow of one side, because such lie prone to sleep, bad to her heart.

LAN Qianhao just put her on the pillow. The sleeping girl immediately put out her arms and put them around his neck. Moreover, she still pressed against her unconsciously.

Blue Qianhao in order not to let her wake up, can not help bending down some of the head, the moment, the distance between the two faces pulled to half a palm.

Under the blue Qianhao's eyes, there is this faint and fragrant face, and her red lips are under his thin lips. If he wants to, he only needs to get closer, and then he can kiss.

Blue Qian Hao's heart is struggling intensely, and his contradictory and complicated mind is turning. He didn't know what the consequences would be.

However, he really wanted to. He stared at her pink lips tightly, satisfied himself and touched her gently.

Blue early read as if can feel what, micro Du red lips, unexpectedly in cooperation.

Blue Qian Hao's head was blank for a few seconds, and her heart was filled with some chagrin. Did she dream of intimacy with any man in her dream?

Think he's another man? As the man in her dream?

Who is it? LAN Qianhao is jealous for a while.

There is a man in LAN Chu's dream at the moment, but this man is not who, it is LAN Qianhao, and his kiss makes her dream sweet. She thinks that this is the kiss in the dream, which will cater to.

Blue Qian Hao's mind flew several circles, then, he breathed heavily, kissed heavily again, as if he wanted to drive away the man in her dream.

LAN Chu read and said, greeting in the dream

For two minutes, LAN Qianhao stretched a nerve, but he let her go. His breath was very fast. He was afraid that he would wake her up. Like a man who steals incense, his heart is full of guilt and complexity.

If she knew, would she hate him?

Probably in this life, the last person he wants to hate is her!

LAN Chu Nian didn't wake up. She turned over and held a man's hand on the beach in her dream. She was as happy as a bird.

This dream is so good.

LAN Qianhao couldn't sleep as expected. However, he didn't get out of bed, just sat like a sculpture, thinking about some things he repeatedly wanted to figure out.

For example, how can he give up the transfer of his feelings for her? Just now, he felt that those feelings in his body were like breaking away from his shackles and being out of his control at any time.

He was afraid that he would hurt her if he went mad.

Early in the morning, unconsciously came, when blue Chu Nian opened his eyes, the man around her was no longer around, she was scared, and quickly sat up.

Four weeks of bright light, not the same fear as last night, she felt very safe.

When LAN cunian found out that one of her clothes had been sent to the bed, her underclothes were also there. She blushed, and he must have made it.

Blue early read immediately held the face, subconsciously stroked a lower lip, blushed to the ear root, God! What was her dream last night? Unexpectedly, I dreamed that with my eldest brother

I have no face to see him. Blue Chu Nian is buried in his head and feels ashamed. This must be the most real and shameful dream she has ever had.

But thinking of big brother, LAN Chu Nian hurriedly put on his clothes, went to the next room and washed it. Standing on the balcony, he saw LAN Qian Hao standing downstairs, chatting with a group of people. "Miss blue, I have breakfast for you." Next to him came a middle-aged woman who was a little tanned with breakfast.

"Thank you." LAN chunian hurriedly came to take it. It was a cup of milk and a bowl of hot noodles.

"You're welcome." The woman looked at her in amazement. She had never seen such a beautiful girl.

LAN Chu Nian sat down on the broad balcony for breakfast. After eating, she took the initiative to send the bowl back. The aunt immediately took it over and laughed, "Miss LAN, you can put it there. I'll clean it up."

LAN Chu Nian is walking in the sand paved area. The girls who grow up in the metropolis are so fresh in this kind of place.

At this time, there was footsteps behind her. She looked back quickly. Blue Qianhao came to her. "Don't run around."

LAN chunian jumps to him immediately, but because the ground is not smooth, she is shaking, and LAN Qianhao reaches out to hug her into her arms.

Blue Chu Nian immediately raised his small face and showed a bright smile.

LAN Qianhao helped her and said, "I'll go to the mine later. Don't run around in the room. I'll let the bodyguard protect you."

"Blue Chu read a mine hole, immediately excited," I also want to go

"No, you can't." LAN Qianhao wants to refuse. Although he knows that the safety measures of the mine are well done, he dare not take risks with her as long as there is any dangerous thing.

But I really want to go. I promise I will follow you firmly. I will not go anywhere

Chapter 968

Blue Qianhao's heart is hard and tight. As long as he touches her poor big eyes, he will suddenly soften. He really has a helpless feeling that he can't take her.

"Good! Then you promise to stay with me and not go anywhere. "

"Well! I promise. " Blue early read to see big brother promised, she exposed a row of white teeth, innocent.

LAN Qianhao couldn't help thinking of the dream last night, which made him lose control of his whole life and almost lost his rational kiss. Did she really feel nothing? LAN Qianhao takes LAN chunian to a group of prepared hands. His assistant immediately hands over a clean helmet, and LAN Qianhao puts it on for her.

LAN chunian was very obedient and asked him to wear it. The people beside him all looked straight, because miss Lan was so beautiful. Her delicate features were like real dolls, and her face had no flaws.

Blue Qianhao finds out the eyes of the people of the four weeks. The bottom of his eyes is cold and shining. He looks at the warning. Suddenly, all his subordinates hang down their heads, either tidy their clothes or hold their helmets.

Blue Chu Nian followed him closely. She was full of curiosity, because she also wanted to know what the cave looked like. Could you see diamonds in it? If only she could pick one up by herself.

LAN Chu read and looked forward to the huge entrance. It was really scary. She stretched out her hand to hold the blue Qianhao in front of her, which naturally led her.

Led by him to go in, blue read the fear also disappeared, no matter what happened, as long as you can be with him not afraid.

LAN Qianhao will come here every year to have a look, so he is quite familiar with the cave structure here.

The engineer next to me began to explain the past all the way. All the lights were used in it. It was like a completely dark space. The person who adapts to it had nothing to do with it. But LAN Chu Nian still felt that there was not enough oxygen. She was a little stuffy. She tried not to make any noise and didn't bother the elder brother.

What LAN Qianhao is going to visit this time is a new place. The road section is a little deep, and there are tracks along the road conveying the excavated raw stones. The voice is harsh. LAN chunian is close to LAN Qianhao. LAN Qianhao feels her uneasiness, reaches out his hand and holds her half, eliminates her tension, and soothes her with a low voice. "Don't worry, it's very safe here."

"Mr. LAN, please come here. This is a new tunnel. The ore in it is very rich. Moreover, the original stone of the powder drill was unearthed from here last time. Moreover, we have excavated the bottom layer at that time. The powder drill is rare in the world."

Blue Qianhao's mouth is slightly crooked, which is what he decided to give her. It must be the rarest thing in the world.

Blue Chu read also listen to very interesting, thought, that pink diamond, must be very beautiful!

Blue Qian Hao read to blue Chu, "don't run around here. I'll check the condition of the original stone over there."

Although LAN Chu Nian was afraid, he nodded and waited for him.

Blue Qian Hao led several engineers to go by. Suddenly, there was no one around blue Chu Nian.

She can't help but circle her arms. At this time, several workers push the door up, and LAN chunian immediately retreats behind her. Just a few steps back, LAN chunian feels that her feet are slipping, and she falls into a hole without any precaution.

"Ah..." She made a scream, but due to the loud sound of the cart, she didn't let the other side check the blue Qianhao of the original stone.

Although LAN chunian's body fell heavily, there was a layer of soft soil underneath. She didn't fall, but the whole hole was black, and she was about to cry.

The deep pit is at least three meters long. It was a mound pit left by the original excavation. As the soil is relatively wet and soft, it has not been dug any more. People working here all know that just now LAN Chu didn't pay attention.

"Big brother..." Blue early read to shout up, only see above a glimmer of light.

After listening to the engineer's explanation, LAN Qianhao looks up at the place where LAN chunian just stood. His heart immediately jumps.

What about first reading? Why isn't she where she is?

Blue Qianhao immediately handed the stone to the engineer, strode over, looked around, and saw the six directions of the hole in front of him. There was no figure of blue chunian at all.

"First reading Where are you? " Blue thousand Hao shouted a word around.

The engineer next to him also came immediately. He was asking all kinds of questions, covering the cry for help of LAN Chu Nian in the deep pit.

LAN Qianhao's heart was about to stop. He immediately grabbed a worker and asked his interpreter, "ask him if you see a girl?"

The translator was also eager to ask. The worker immediately shook his head, and LAN Qianhao took a look around. He called out the name of LAN Chu and walked into a cave to look for it.

"Chu Nian, LAN Chu Nian, where are you?" Blue thousand Hao calls loudly.

Blue Chu Nian is now in the deep pit, and she has already shouted hoarse. She heard the voice of big brother looking for her just now, but before long, she heard the voice of big brother shouting farther and farther away. As soon as LAN Chu read her teeth, she immediately reached out to climb with her bare hands. At this time, she heard LAN Qianhao's anxious voice. Instead, she became calm and strong.

LAN Qianhao looks around with people. He's almost mad. Most of the workers here are local. They can't get away from a kind of wild nature. In case someone takes LAN chunian away, he can't imagine the consequences.

He immediately dispersed all people around him to search, and his figure returned to the original place again, looking at the darkness under the shadow of the surrounding lights, and his heart was covered with a strong sense of fear.

"First reading where are you? Answer me quickly. "

LAN cunian heard the voice of her elder brother, and she immediately shouted, "elder brother, I'm here..."

LAN Qianhao was sweating all over. At this moment, the engineers were all scattered away. He seemed to hear the voice of LAN chunian. The weak was around him.

"First reading, first reading Where are you? "

"I'm in the pit!" cried LAN Chu Nian

LAN Qianhao looks back at him. He turns on the light on his helmet, picks it up and lights it up. He finds a huge pit behind him.

"First read, are you down there?" LAN Qianhao asked in a hurry.

"I'm here, big brother. I'm here I fell down. " The figure of LAN Chu Nian is just under the pit. In the dark, he looks extremely pitiful.

LAN Qianhao immediately grabbed an engineer who came, "find someone to come here. My sister fell down. I'm going down now."

"Mr. LAN, the pit is very deep."

Where can blue Qianhao take care of these things? He immediately finds a direction to trample on from the side, and the slender figure disappears into the darkness.

When LAN Chu Nian heard someone jump down, she immediately asked, "brother, is that you?"

In the dark, her groping figure was immediately pulled into a warm and familiar embrace, and the man tightly hugged her, "it's me! How did you fall? Did you hurt yourself? "

In addition to some dirty mud, LAN Chu Nian didn't get hurt. Fortunately, there is a piece of soft soil here, which makes her fall down from three meters. It's totally nothing, just like falling on soft cotton flowers.

"Nothing! I'm not hurt at all. " LAN Chu said hurriedly for fear that he would be worried.

Blue thousand Hao tightly hugs her, ghost knows how many kinds of consequences he just thought in his head, how scared his heart is, he even thought of losing her.. Think of her being taken away as a native He thought about all the most terrible consequences.

At this moment, holding her, he has a fear of regaining the treasure. He thought that he would never feel like losing her again in his life.

"Big brother Are you scared? " Blue Chu Nian felt that he was held tightly, and also felt his tension.

"It's OK, as long as you're ok..." Blue Qian Hao lowers his head, and his thin lips are against her forehead.

"Don't kiss, my face must be dirty." Blue Chu said softly.

Blue Chu Nian lowers her head, not only on her forehead, but also on her face. In the dark, blue Chu Nian's face is also slightly shaken. In an instant, four soft lips are pasted together.

In the dark, Blue first read a pair of big eyes directly gaped round, head blank.

And blue thousand Hao's breath also smothers, but he didn't move away, Blue first read pharynx saliva, my God! Are they kissing?

Chapter 969

The voice of rescuers came from the outside of the pit, and a group of people seemed to be discussing what to do.

But in the dark under the pit, a pair of men and women hold each other tightly, while their lips touch each other, and they are breathless and still motionless.

The heart beat of blue Chu Nian is about to jump out of his chest, my God! My God? What should I do? It's going to be crazy.

However, she had a lot of ideas in her mind, but her whole body was like a point, she did not dare to move at all, and the man who kissed her tightened to the extreme, and did not move away.

Just then, an unintelligible flashlight flashed, as if it was about to come in from above.

In an instant, LAN Qianhao pushes away the girl in her arms, and the figure of LAN chunian steps back. With the light just shot in, she just sees LAN Qianhao's expressionless face.

Does this kiss make him so unhappy? Or is he hating her for kissing him like this?

At the moment, the brow of the sword is tight. He doesn't know what mood and expression to use to accept it.

So, he coagulated his face and let LAN chunian think that he seemed to dislike the kiss.

LAN Chu Nian's heart was filled with loss. She gently touched the red lips, which were slightly cool. But she remembered that his lips were warm.

"President Joe, we can't find another better way for the time being. Let's drop the rope. Can you climb up the rope?"

"Can you do that?" blue Qianhao asked the blue novice in the dark

"I can." LAN chunian replied very seriously.

"Good! Then you go first. Be careful. " LAN Qianhao said to her.

In fact, if there is a rope, you can step on it step by step at the pit wall.

The rope was soon thrown down. LAN Qianhao took LAN chunian's hand and reached the pit to avoid it. He reached out and pulled the rope. He shouted to the people above, asking them to hold on.

The above also responded. He felt the strength of the rope, and read to the beginning of blue, "you climb up, slow down. If you can't hold on, you just say, we'll find another way."

"No, I can do it." LAN Chu Nian didn't want to be an incompetent person, let alone because she fell down and had already troubled so many people.

She clenched the rope. It was some thick hemp rope. She didn't hold her hand. Someone was pulling it up.

However, in the dark, she just stepped on the second foot, and her body slipped down a little. At this time, a pair of big palms held her waist very powerfully, and even the next second, the man slightly bent down and held her hip with his shoulders.

LAN Chu Nian's pretty face is red for a second. She is sitting on the elder brother's shoulder now. How shy she is!

"Come on, step up bit by bit." LAN Qianhao's voice was very calm, as if he didn't take this kind of behavior to heart. In fact, in his heart, the most important thing is her safety.

Everything else is secondary.

However, for LAN chunian, this kind of behavior is very shy. At the beginning of the blue read steady body up, from his shoulder, and the man then raised his hand, big palm hold her thigh, push her up.

Blue early read to bite red lip, feeling the firm and powerful of his palm, she was ashamed to blush, while trying to climb up.

Finally, LAN Chu Nian is pulled up. As soon as he comes up, he looks down in a hurry.

But soon, the figure of blue thousand Hao climbs up cleanly, for him, this height is nothing.

LAN Qianhao looked at the dusty girl with a little flower cat on his face. He said to the engineer beside him, "I'll take her back first. You can continue to check and write a nice report to me in the evening."

"Yes, Mr. blue." The engineer nodded.

LAN Chu feels guilty because she and her eldest brother are even in charge of their work.

"I'm sorry!" Blue Chu read an apology.

Blue thousand Hao raises Mou to see her one eye, "what do you say to apologize?"

"Because I'm in the way of your work!" LAN Chu said with a wink.

LAN Qianhao can't help being angry. He reaches out and touches her head. If he loses her, his life will be over.

Fortunately, the girl just fell down and didn't lose it. It's better than anything.

"It's OK. I'll leave the work to them. Now, you go back with me and keep up with me." Finish saying, blue thousand Hao is still very not at ease, reached out to take her, step by step toward the outside of the hole.

LAN Chu Nian is like a child, leaning on him, and his inner self reproach still hasn't disappeared.

After she came out of the hole, her little face was even more dirty, as if it had come out of the charcoal, and the whole dress was gray.

Of course, the blue Qianhao in the pit is also dirty, but a handsome face is still clean and white. Blue Qianhao finds a cool place and says to her, "close your eyes."

Blue Chu read immediately obediently closed his eyes, slightly bent, let him slap the dust on her hair, and after that, her chin was pinched by the man's big palm, which made her lift up. Blue early read and obediently lift up, the fat belly of the man gently in her delicate face touch, blue early read at the moment, can not help but open a pair of long eyelashes, water color eyes look at the man in front of us.

She really wanted to ask him what that kiss in the pit meant to him. Did he really dislike it?

"Big brother..." LAN chunian called him.

LAN Qianhao is caressing the dust off her face. Seeing her cry, he says, "what's the matter?"

"That Are you very unhappy! " LAN Chu read out boldly.

LAN Qianhao patted her hand on the face, and immediately froze. His eyes were staring into her eyes from her face. His pupils shrank for a few seconds. He said calmly, "don't think about it, just forget it."

Blue early read blinked, he let her forget? Sure enough, he still dislikes it!

"Oh! Good. " LAN Chu reads and obediently obeys. She doesn't think much.

However, she clearly agreed, blue Qian Hao's heart is not the taste of a hundred, she really did not think about it! He thought that she would want to go somewhere else!

"Go back to the bath." LAN Qianhao finished, turned around and didn't lead her, so he went forward alone.

Blue Chu read Zheng for a while, and quickly followed him, "big brother, you wait for me."

Eh, why does big brother seem to be unhappy all of a sudden?

As LAN Chu Nian was in a hurry to catch up with him, he immediately stepped on a round stone and slipped.

"Ah!" Blue early read a exclamation, suddenly, the whole body to the front of the blue early read jump.

When blue Chu Nian heard her exclamation, he turned back quickly and met him with a real hug.

Blue early read entire slender body to rush into his bosom, firmly hugged him. Blue Qian Hao's breath was short for a few minutes. This hug made him feel her Softness very clearly.

"Big brother I'm sorry. " LAN Chu Nian quickly let go, for fear that he would not be happy that she would attack him like this.

"Why can't you even walk? Look at the road. Where are you looking? " Blue thousand Hao inexplicably want to scold her, probably also angry with her just now!

LAN Chu Nian has a strange sense of grievance. She is clearly stepping on a stone! And he walked so fast and left her behind. Can she not be in a hurry?

"Oh!" The next eyes of blue Chu read looked at the road. Looking at it, some people thought that she was walking slowly. They went forward to hold her hand and led her forward.

Blue early read the corner of the mouth immediately can't help bending up, sure enough, big brother is a face cold heart hot person.

Back in the room, LAN Chu Nian had to wash it from head to toe.

LAN Chu Nian walked into the bathroom with his clothes. LAN Qian Hao didn't take a bath. He just changed his clothes and came out. Standing on the balcony, he looked at the distance. His deep eyes were obviously absent-minded.

In his mind, he also thought about the kiss just now. What does this kiss mean for blue junior?

Maybe it's nothing at all for her. She doesn't even feel it! Even if she kissed her last night, it was in her dream that she kissed other men and regarded him as the man from whom she came.

"Ah..." At this time, behind the door nearby, there was a cry of surprise. It was LAN chunian's cry of panic.

LAN Qianhao immediately opened the door of her room without hesitation. She was not in the room, and he pushed the door into the bathroom without hesitation.

Chapter 970

Only see the water vapor Teng, a wipe of nothing to wear figure, tightly shrink in the corner, blue Qianhao's vision immediately suffered some impact.

"What's the matter?" He asked in a low voice.

Blue Chu read the ring arm, tight in a corner, pointing to a small snake spitting letters on the ground, "snake There is a snake. "

The snake was also stunned by the heat of the fog and scurrying on the ground. At last, it found a water outlet and immediately went in and disappeared.

It was only a few seconds. The snake was gone, but there were two people standing in the bathroom, one in clothes and the other not.

"Ah..." A louder exclamation, LAN Chu Nian just found that big brother came in.

LAN Qianhao's eyes looked at her immediately because of her cry. Only when he saw this did he realize that the reason for her fright was him.

He quickly pulled a clean towel from the side and handed it to her, "wrap it up."

And he turned his back.

Blue early read immediately picked up bath towel, tightly wrap oneself, every cell on the body is in red.

She didn't dare to think about a question. How many do you see!

Blue Qian Hao pushes the door out, he is already in a cold sweat.

LAN Chu Nian just finished washing. She didn't dare to wash again, for fear that the little snake that left would come out and bite. She held the clothes and came out around the bath towel.

Blue thousand Hao is still in the room, the body a tight, also did not turn around then came out on the balcony, shut the door tightly.

Now, in his mind, it's not just the picture of the kiss.

Blue early read hurriedly put on clothes, a wet long hair draped in the shoulder, the whole face like steamed shrimp, hot.

Even if she is dressed, she dare not come out to see LAN Qianhao. She is in the room, wringing her hands and turning around. There is a bold idea in her mind.

Maybe there is only one way to solve the embarrassment of two people, that is her identity.

She and he are not brothers and sisters at all, so if such a thing happens, if it is not brother and sister's identity, will it be better to accept it?

LAN Chu Nian has been eager to let them know. In fact, she already knows her real identity.

LAN Chu Nian bit his lips. Yes, she had to tell him. She pushed open the door and walked out. Just blue thousand Hao is still on the wide balcony, this one is a protruding big balcony, two rooms are adjacent, so the balcony is common.

"Big brother..." LAN Chu called him ashamed.

LAN Qianhao's expression at the moment was very calm, because he thought of another way to appease her.

"You don't have to worry about what happened just now. I didn't see anything." LAN Qianhao comforts her very peacefully. Her eyes are calm, as if she didn't see anything.

Blue Chu read a startle, he did not see? Really?

"You really don't see anything?" LAN Chu said that he could not help being curious.

"Even if you see it, it's nothing." LAN Qianhao explains again, can't help but use a kind of elder brother's mouth airway, "mother bathed you when she was little, I often watched!"

The blush on blue Chu Nian's face was getting worse and worse. She said angrily, "that was when she was a child! I'm growing up now. "

"In my eyes, you are no different when you are young and when you grow up." LAN Qianhao's expression of self deception.

No difference.

Blue Chu Nian immediately stamped his feet, "it's just different."

LAN Qianhao wanted to laugh, but he held back, because he had to deal with this matter seriously. "OK, when I meet these things in the future, I don't need to panic, just pick up my clothes and come out."

With that, LAN Qianhao is going back to his room.

LAN Chu read to take off a mouth to stop him, "elder brother, wait a moment."

Blue Qian Hao does not look back, "what's the matter?"

LAN Chu Nian's breath was a little anxious. She clenched her fist as if she was struggling with courage. At last, she said in a loud voice, "I know my life experience. Don't hide it from me anymore. I know I'm not from my parents. I'm raised by them."

Blue Qian Hao's pupil eyes suddenly gaped a few points, he couldn't believe listening to this sentence, looking at the girl in front of him.

"Who told you?" LAN Qianhao is shocked no longer, and he doesn't want to show it too much. Even there is a surprise mood in his heart.

"My parents are talking in the room. I heard it secretly outside the door. For two months, you kept it from me. Why didn't you tell me?" Blue early read some sad to ask.

LAN Qianhao steps over, he reaches out his hand and gently falls on her shoulder. He must take this matter seriously.

"For the first time, we won't tell you, because we have already regarded you as a family. No matter whether you are adopted or not, you are all from our blue family." Blue thousand Hao comforts way, for fear that she knows this news, can lose, disappointed.

Blue Chu read suddenly raised his head and looked at his eyes. "Big brother, do you only treat me as your own sister?" Blue thousand Hao a Zheng, don't understand why she has such a question, he at the moment, nature can't show his mind at will, he nodded, "of course you are my sister."

LAN Chu Nian's heart fell sharply. Inexplicably, hearing the answer, she was a little flustered and lost.

LAN Qianhao reached for her hand and gently hugged her into her arms. "First time, don't blame your parents for this. They just want to protect you."

"I know I don't blame them, I don't blame anyone. " The tears of blue Chu Nian are rolling in her eyes, because there is still a kind of sadness in her heart. Why should she be lost?

Blue Qian Hao checks to feel sad mood, he bends down and wipes tears for her, "don't cry, you are blue first read, you are a member of our blue family."

Blue Chu Nian sniffed and nodded, "Hmm! I know. "

LAN Qianhao thought, when I go back this time, I can tell my parents about it.

LAN Chu thought of biting her lips and thinking of the matter just now, she looked up and said, "big brother, I won't put the matter just now in my heart."

"Why?"

"You You don't have to think of me as your sister We Don't we have no kinship? " LAN Chu recited his body and was a little shy to express. Blue thousand Hao's head slightly blew, this wench wants to hint what?

LAN Chu read some words, and his mind turned hard, but he didn't know what to say next.

I can't say boldly, let him treat her as a woman!

"Yes, we really don't have a blood relationship, so Who do you want me to think of you as? " LAN Qianhao inexplicably wants to guide her words, let her explain her meaning.

Blue Chu thought to swallow saliva and said nervously, "I I don't know. "

I have bound my brother and sister's feelings for so many years, but I still can't get out of this relationship. I can't think of it at the beginning of blue, and I dare not say it casually.

"Forget that for the moment, and stop thinking about it." Blue thousand Hao command a sentence.

LAN Chu read and nodded. It's not easy to talk about this kind of thing, but he still didn't mention it.

However, there is one thing that Lan Chu Nian is still a little unconvinced.

She looked up and asked directly, "do you really think I'm the same now as when I was a child?"

Blue Qian Hao choked, he coughed a sentence, "some are different."

"Blue early read to whet a laugh," where is different She flirted with him.

Blue thousand Hao handsome face is suffused with a blush, this wench is really shameless and impetuous again.

"It's not the same anywhere. Are you satisfied?" LAN Qianhao doesn't get angry with her.

LAN Chu said, "when I was a kid, I always peeped at me!"

LAN Qianhao's expression froze, denying, "no!"

Blue Chu read also blushed with shame, turned around and went back to the room. Blue Qian Hao breathed a sigh, but was forced to this by a little girl. It was a bit shameful.

But, in his heart, as if saw a kind of sign light, finally, her identity to say, parents really so insist?

If they will like each other in the future, will their parents not allow it? LAN Qianhao finished, looked at the direction of the room, the girl's mind is clear and simple, only for his feelings, she always has no serious appearance.

Does this girl like him or not? Sooner or later, he will try to find out.

In short, he had a strong idea that he would not let her go.

Especially when she disappeared just now, he really had a taste of losing her. However, he would go mad.
