

U. CEO Daddy 971

Chapter 971

In the next two days, LAN Qianhao took her to a very spectacular landscape around, and took a lot of photos and enjoyed different sceneries in China.

Soon, they will return to the city, and the trip will soon be over. Domestic.

In a private hospital, Qiao Muze was sitting on the bed with his laptop in front of him. He was still wearing a sick suit, and his hair was not treated. He seemed to be covered in a mess on his forehead.

But the way he wrote the e-mail still showed the domineering momentum of the president everywhere. Under the tight brow, the two Hong eyes twinkled with wisdom.

These days, he calls Zhuang Nuan every day. In the video, he will dress up to show that he is on a business trip abroad.

So, for a week, Zhuang wennuan really thought that she was on a business trip, and the two were connected by phone and video.

Qiao Yueyang attaches great importance to his son's accident. Although he has a mild personality all his life, he is absolutely not allowed to hurt his family.

Although the driver was present at that time, the driver absconded. The police are now trying to track down his whereabouts and catch him back to the police station as soon as possible to ask about the follow-up of the accident.

Qiao Yueyang must see the person who caused the accident in person this time. He will force him to tell the person behind the accident. No matter who that person is, he will not be merciful.

In addition to lying in bed to recover his injuries, Joe muzer is not allowed to run around. Now, it's better not to touch the injured foot even when walking.

Mrs. Joe has been with him for a long time, for fear that her son will not listen at the moment and make his injured foot worse.

In the evening, Joe Yueyang came to the hospital and asked about his son in the doctor's office. His mood improved a lot. The doctor was very optimistic about his recovery.

"Great, thank you, Dr. Zhang."

"You're welcome. It's also young master Qiao's good physique. He recovers quickly. If you are ordinary, you don't have that speed!" Doctor Zhang said with a smile.

Qiao Yueyang came out of the doctor's office and his mobile phone rang. He picked it up and took a look. It was the police chief's phone.

"Hello! Sheriff Chen. "

"Mr. Qiao, I'm sorry to tell you something. Li Houliang, the person responsible for your son's accident, has died in the river because he drove a car with alcohol."

"What?" Qiao Yueyang stops in shock, but the news is unexpected.

"The body was found in the morning. The dead man has been dead for three days. Our monitoring found that he did slide out of the road fence because of drunk driving and improper driving. Even people and cars fell into the river in the early morning."

After hearing this, Qiao Yueyang thought it was too coincidental, but he still believed in the ability of the police.

"Thank you for the sheriff's advice. In this case, my son's business will be handled by the insurance company of the other side."

"Mr. Joe, I'll let you know later if there's anything."

Qiao Yueyang thanked him and went to Qiao Muze's ward.

Qiao Muze just finished his email and took medicine with his computer. He saw his father come in with a lot of worries. He took medicine and waited for his father to come.

"Dad, what's the matter? Is something wrong? "

"That Li Houliang had an accident. He rushed into the river three days ago and died." Joe Yueyang sighed, "the police have investigated that his death was an accident, and there was no murder involved."

Qiao Muze's eyes flashed cold. They could have found Li Houliang and pried out some behind the scenes truth about the accident from his mouth. However, now it seems that the clue is broken.

"Did the police check his account? Is there any money in it? "

"No! I don't know how much their transaction is, and how much they have given in advance. In short, his bank account is very normal. "

Choumuze clenched his fist. "Even if I lose this clue, I will not let him go. Sooner or later, I will find him out."

Qiao Yueyang had to advise, "the most important thing for you at present is to take care of the injury, investigate the case, and talk about it later."

Qiao Muze lowered his head and looked at the leg that had just been removed from the plaster. Now he can only take care of the injury first. Now, in the warm area of Zhuang, his bodyguard will protect her, while assistant Yang Li is in charge of her three meals a day and what she needs.

Zhuang Nuan is also a very patient person. In the past three years, she has rarely had such a rest time. She can write and compose songs. Now, she has finished the first draft of her two songs. In a quiet villa, the most suitable thing is to let her play her imagination and find inspiration.

We can make a phone call with Joe muzer in three time periods on time every day, but she is usually called by him, because she is worried about calling by herself, in case that he has a rest or a meeting.

Zhuang wennuan often calls her grandmother and tells her about her current situation. Grandma also asks about her emotional situation, especially about her and Xiaomu. The old lady doesn't know that Xiaomu is Qiao muzer!Zhuang warm warm in the phone, also admitted that like him, he

is very good to himself, very care, the old lady after listening to the joy, she seems to them this pair. Zhuang wennuan made a cup of tea and sat on the balcony, chin up, enjoying the spectacular sunset in the distance, while waiting for Qiao Muze's phone call, because she would be afraid at night, so he would always call her at this time.

On time at 5:30, her cell phone rang, Zhuang wennuan immediately happily picked up, "Hello! Are you finished? "

"Well! What are you doing now that you're done? "

"Looking at the sunset, today's sunset is very beautiful." Zhuang wennuan said with a smile.

At the moment, in a high-rise private hospital in the center of the city, the figure of long Qiao Muze sat on the sofa in front of the floor window and looked at the same sunset. He chuckled, "is that right? Is it beautiful? "

"Well, it's very beautiful. It's burning clouds."

Qiao Muze suddenly missed her very much, wanted to hold her in his arms, sat on his balcony with her, looked at the scenery in front of him, wanted to lower his head and kiss her, touch her soft hair, and miss everything about her.

For more than a week, he thought he could suppress his yearning, but every time he heard her voice, his heart turned.

"Can I be the first to listen to your songs?" Joe Munzer knew that she was busy composing for her two new songs recently, and wanted to know her achievements.

After hearing this, Zhuang wennuan could not help smiling at that end. "It's not good! However, I can hum twice for you. Do you want to listen? "

"I want to hear it." Qiao Muze said in expectant language.

Zhuang wennuan hesitated for a long time at that end, and then gently hummed a small tune. Her sweet and clear voice line made the man directly enter his heart, as if he could imagine her, and hummed to him while blushing over there.

"Well, what do you think? Do you like it? " Zhuang wennuan asked him.

"Well! It's very nice. I'm looking forward to your finished product. "

"It will take a while! I'm still trying. "

"Come on! I believe you. " Chamuzer gave her motivation.

Chatting and chatting, Joe saw the time, the nurse will send medicine in, he said in a low voice, "OK, I'll go to work first, and call you later."

"Well, you go!" Zhuang warm and obediently replied.

Qiaomuze hangs up his cell phone and looks at the direction of his villa. He is so close, but he can't see her.

At the moment, Qiao Huiyang has gone abroad, but he left Li Da here. Today, Li Da brings him good news. The last driver died.

"Dead? Are you sure? You didn't do it! " Qiao Huiyang doesn't allow Li Da to spoil his affairs.

"Mr. Joe, I really didn't do it. He fell into the river and drowned."

"That's really God's help. I'm worried that my eldest brother will follow this line to check me. Now it seems that they can't find anything."

"Yes! We pay in cash this time. If we don't take his bank account number, the police won't find out.
"

"Well, you should take good care of Zhuang's warm actions, and decide where she has gone. Solemnly, the account must be hidden in a place that she has not yet found, so we are not in a hurry."

"OK, but now Joe muzer's bodyguard is there. Our people can only take a long look at it."

Chapter 972

"Be careful not to let people find out. If you have any information, please report it to me immediately." Qiao Huiyang said and hung up.

Li Da answers his son's phone in a flash. Now, his son is asking him for rent. Li Da has been very fond of his son since he was a child. Up to now, he can only continue to work for Qiao Huiyang to provide his son with food, clothing, shelter and transportation.

Abroad.

Back to the center of the city, everything in LAN Chu's mind is more convenient. Although she went to the mine this time, she was frightened and dangerous, and she was afraid that she couldn't sleep at night, but for her, all these became precious memories.

There are still two days to go back to China, and LAN chunian didn't take the opportunity to make a good tour. Just in these two days, LAN Qianhao is specially with her, and doesn't have to worry about her work.

Early in the morning, LAN Chu read to get up early to wash her face and dress up. She wanted to wear beautiful clothes and go shopping with her big brother for dinner.

LAN Qianhao is waiting patiently for her to go downstairs to have breakfast together. LAN chunian looks at the big brother wearing very handsome clothes. He has a style and a style of ink hair, which is very fashionable, like a handsome male model on the stage.

"Elder brother, has anyone told you that you are very handsome?" LAN Chu said with a smile and Mimi's approval.

Although LAN Qianhao is speechless, he is very useful in his heart.

"Yes, many people have said that." He replied.

"Aren't there many girls chasing you?" LAN Chu read and asked again, avoiding his eyes, a pair of big eyes flashing, with her careful thinking.

LAN Qianhao looks at her and says, "no matter how many people you chase, you haven't met the one you like."

He is also telling her that he has no girlfriend in mind.

LAN Chu is also very happy after listening.

Two people go out at the same time, blue early read not from ask again, "big brother, that you like what kind of girl!""! It's not that sexy. "

In her heart, it seems that men will like this one!

Blue Qian Hao's eyes, can't help sweeping her chest, "I don't like sexy."

"Which one do you like?" LAN Chu is addicted to asking.

Blue Qian Hao's eyes fell on her face, "you are a good one."

LAN Chu read to be startled by this sentence, she slightly stared, "do you like me?"

LAN Qianhao followed her words and said, "can I still hate you?"

LAN Chu read some didn't understand what he said. What kind of love does big brother mean! It's the one who likes her! Or just like a girl like her!

At this time, the elevator arrived.

LAN Chu read to go in, there are people in the elevator, she simply dare not ask again.

But the eyes several times fell on the man around, showing a trace of expectation. LAN Qianhao drives out a car and takes her to the most prosperous business district in the center of the city. It's a paradise for shopping. There are various famous brand stores in it. It's dazzling.

LAN Chu is also very happy. Maybe the fun of shopping is women's nature!

LAN Qianhao took out his wallet, took out a gold card from it and handed it to her, "buy what you want today, and brush it casually."

LAN Chu read and looked at the card in front of her. She was sweet inside, but she didn't go to get it. Instead, she asked, "brother, if I like it, swipe it for me! I'm afraid I'll lose your card. "

Blue thousand Hao can't help rubbing her hair, "when can you change your habit of losing everything?"

"Oh! Then I'll try to change it! " LAN Chu said, reaching for him, as if he was afraid to lose him.

Blue thousand Hao looks at her a pair of small hands tightly holding him, the corner of his mouth is satisfied to hook up, this wench is really more and more sticky.

After a while, LAN Chu Nian took a fancy to a bag. She liked it very much when she held it, but she didn't look at the price. When she looked at the price, she immediately put it down. It was too expensive.

"Buy it if you like. Don't save me money." LAN Qianhao sees through her mind.

"No, the money is not from gale. It can't be used indiscriminately." LAN Chu Nian still has the idea of saving. Moreover, she is tired of making money herself.

Elder brother must be very tired to deal with the accumulated data every day.

When she was looking at other items, LAN Qianhao quietly waved a waiter to come over, pointed to the bag directly, handed the card to the waiter and asked her to pay the bill.

After a circle of reading, LAN Chu didn't find the right one. In a second, she went to look at the beautiful and charming bag. She was surprised and said, "have you been bought so fast?"

"It seems you really like it." Said LAN Qianhao.

Blue Chu read to have to nod, namely already bought, and it is limited edition again, "like is like, but spend so much money is not worth, forget, let's go!"

At this time, a waiter with a packed bag and a card came to LAN Qianhao's side, "Sir, your bag and your card, please keep it." Blue Qian Hao reached out to take the bag and the card, and saw blue Chu Nian looking at him with a gaping eyes, "did you buy the bag?"

LAN Qianhao hands the bag to her, "no, I gave it to you."

LAN Chu read the surprise to come over, the heart moved extremely, she still murmured, "but really very expensive, thank you elder brother, I will take good care of."

Blue Qian Hao reached out and rubbed her small head, looking at her happy appearance, it's worth paying anything.

He held out his hand and was ready to leave. At this time, a waiter came over in a hurry with a small gift. "Please wait a moment, sir. This is our small gift."

said, "a famous brand love is handed to LAN Qian Hao". "This is a small gift from our shop. I hope your girlfriend likes it."

Blue early read not from pretty face slightly red, however, she did not explain, she reached out to take over, smelled the fragrance, "I like it very much, thank you."

Taking the gift out, LAN Chu said with shame, "they think I'm your girlfriend, am I like you?"

Blue thousand Hao not from micro Yang eyebrow, "how not? What's not like? "

"Elder brother, you are six years older than me! It shouldn't be like that! I look like your sister! " LAN Chu wants to tease him.

As soon as LAN Qianhao heard this, he immediately reached out his hand and pinched her face. "Are you saying that I am old?"

LAN Chu read some pain, quickly correct, "no, no, no, I didn't say you are old."

"You have it." LAN Qianhao doesn't plan to forgive her so easily.

LAN chunian immediately smiled and held his hand. "Big brother, you are angry!"

"I don't want to talk to you." Blue thousand Hao is putting one hand in the pocket, cool go first.

Behind him, LAN chunian immediately smiled and Mimi followed. He reached into his arm and held his arm tightly. "Big brother, you're not old. You're really young, handsome and magnificent. You look good."

LAN Qianhao looks at the little woman trying to please him. He reaches for her shoulder and kisses her hair.

A famous actress, the most important thing is her fans. Naturally, LAN cunian didn't expect that when she and LAN Qianhao were talking and laughing, several fans recognized her, took photos of them, followed them, and also took photos of LAN Qianhao kissing her hair.

Just after the shooting, the fans immediately sent such hot news to her micro blog last time and attached a line of text.

"I didn't expect to see LAN Chunnian shopping with her boyfriend abroad. Her boyfriend is so handsome."

A dozen photos are attached, and a few are very high-definition.

These photos, once transmitted to the Internet, naturally attracted a lot of fans who paid attention to blue chunian. At the same time, they also attracted people from the media. They quickly reproduced the photos of this fan and sent them crazy on the domestic network.

As if less than an hour, let everyone know that Lan Chu wants to make a boyfriend and take a vacation abroad!

When LAN Chu was tired of shopping, he and LAN Qianhao were going to a nearby restaurant. They had just parked their car. When they entered the elevator, a group of guests followed, and all the men and women crowded in.

At last, an arm came across, and she was protected between the wall and him by a strong body.

LAN chunian looks up at the elder brother's actions. She is moved. She also puts her face on his chest and holds her forehead in his arms!

Like a very restless little wild cat, but don't know such action, tickle a man's heart.

Chapter 973

In the restaurant, blue Qianhao's eyes fell on the little woman opposite.

Blue Chu Nian is very fond of the food here. He cut a small piece with a knife and fork and put it into his mouth. His red lips are very cute.

Blue thousand Hao inexplicably saw a few more eyes, felt a kind of dry mouth up.

He quickly picked up the ice water beside him and took a few swigs. Just now, in the computer, the little guy was still hot and dry.

He found that after knowing the identity of the two people, the girl's behavior was more and more daring.

But now, he can't tell. What kind of identity does she live in when she does this? She still puts herself on his sister's identity? Or something else?

When the two of them were using lunch, in China, the photos of LAN chunian and LAN Qianhao had already become the first in hot search. Although the news that the women's League had just been disbanded broke the hearts of all fans, it was very exciting to see the news of idols. They reproduced and discussed the news one after another, and pushed it to the first in hot search.

Such news, self will also let the intentional people see.

Now, the other two women's League members, whose fame has declined seriously, are also temporarily resting and dare not come out to take part in activities. At least they have to wait until some troubles have passed before they dare to come out to earn money.

However, neither of them is a money saver, so now, their money is almost spent.

"What to do? We can't even afford to eat without going out to work. " Lindsey has moved to live with Yemeni now. She has retired her apartment. It will be cheaper for two people to share the rent.

At the moment, ye Manni is wandering on the Internet with her mobile phone. She immediately sits up and looks at the mobile phone in her hand. She sneers, "come here and have a look. LAN Chu wants to have a boyfriend! Guess who her boyfriend is? "

Lindsey got excited immediately. She sat down on the other hairdresser and asked, "who is it?"

Yemeni first put the mobile phone on the cover and said to her, "you can guess again, make sure you can guess."

"I can't guess. Please let me have a look." Linxi is very interested in the blue family. She hasn't forgotten LAN Qianhao in her heart!

Yemeni immediately laughed and said, "tut Tut, blue's first boyfriend is her eldest brother. It's shameful for two people to go shopping in foreign countries together."

Linxi picked up her mobile phone and went to her face. It was the photo of LAN cunian and LAN Qianhao. In the photo, LAN Qianhao's thin lips kissed her hair. The love in her eyes was enviable.

"How could it be? How can lanchunian be so close to her eldest brother? It's so outrageous

"What is outrageous! This is incest at all! What's more, they have been pushed to hot search by fans. They don't know who the man around LAN cunian is! " Ye Manni now has a grudge against blue chunian.

Who calls her a rich lady? Don't worry about this and that like them. Her heart is jealous of her.

Linxi looked at it, and her eyes were red. She murmured, "I always thought that the relationship between LAN chunian and LAN Qianhao was too intimate. It was almost like a brother and sister, like a couple."

"I don't think they are..." Yemeni immediately covered her mouth and smiled, making a mockery of it.

"No way. In my opinion, LAN chunian is not from the blue family at all. She should pick it up."

"Is blue read at the beginning of the blue family since the adoption of the identity of the child daughter-in-law?" Yemeni can't help guessing.

Linxi's eyes immediately showed recognition. "Maybe it is, otherwise, they don't look like normal brothers and sisters. Damn it, I said why didn't LAN Chu Nian introduce me to her eldest brother? She kept it for herself!"

"It's going to be a good show. If her fans know the truth, it's going to be worse than us. I'm afraid it's going to be salivated!" With that, Yemeni's eyes showed her ingenuity again.

"Do you want us to work harder, light the fire, and let LAN chunian's reputation be ruined?"

Lindsey didn't have a chance now. Looking at the love between LAN Chu Nian and LAN Qian Hao, she also had a bad feeling in her heart. She said with a smile, "OK! You say how to do it! "

"I don't know how to write, but I'll tell people who are crazy about digging for news to let them out. It's better than anything."

Finish saying, ye Manni picks up mobile phone, find once left a number to pull out past.

"I want to provide you with a message about LAN chunian. The man who is spreading her boyfriend on the Internet is actually her eldest brother. However, LAN chunian is their child's daughter-in-law, so you know how to write it!"

"Is the news true?" The people there were shocked and their voices were obviously excited.

"It's not true. See for yourself! They all went abroad together. Do you think they are really brothers and sisters? I think I've got a bed! " Yemeni said, hung up the phone, she thought, tomorrow must be able to see a good play. Blue house.LAN Qianchen is at home with his parents these days. Occasionally, when he is OK, he will watch the news on the Internet. He turns it over today and suddenly sees the title of the mysterious boyfriend that Lan Chu read in the push box on the screen.

He was immediately surprised.

Quickly reached for a point to open, only to see the inside, is a report, the content of the report, it is written that blue Chu Nian's boyfriend shopping.

After seeing the photos, LAN Qianchen can't help crying and laughing. Isn't the man who goes shopping with his sister the big brother? How to be misunderstood as a new boyfriend?

Blue thousand Chen some good gas and funny to see, found that the fermentation of this matter is very fast, now, the whole network is in the misinformation of this matter.

LAN Qianchen is very lucky. Fortunately, his parents like watching TV, but they don't like things on the Internet. Otherwise, they must be angry to see this report.

LAN Qianchen immediately found brother's phone to get through.

At this moment, LAN Qianhao just returned to the hotel, and LAN Chu read to go back to her room, and he also went back to the balcony of the room.

"Hello! What's the matter? " LAN Qianhao picks up his brother's phone.

"Big brother, did you watch the news on the Internet? The whole network is full of rumors about you and your first thoughts! "

"What scandal!"

"Some fans take pictures of you and Xinnian shopping abroad, mistaking you as their first boyfriend. Now the media is pushing your news everywhere."

Blue thousand bright sword eyebrows tighten, "let them pass it!"

"I think so, anyway, sooner or later they all have your relationship, and I decided to come out and explain for you myself."

LAN Qianhao's heart is a little complicated. In fact, it's nothing for him to let the news spread. It's just to let them know in advance, because in the future, he will let them know that he is the boyfriend of LAN chunian.

"Whatever you like!"

"Brother, when are you going back to China! I miss you all. "

"Tomorrow's plane." LAN Qianhao replied.

"Good! Then I'll wait for you to come back tomorrow. " LAN Qianchen said, and hung up at that end.

LAN Qianhao put away his mobile phone and held it in his hand. This time, he would like to talk about it with his parents.

LAN cunian sits in the room. She opens the new bag that LAN Qianhao bought for her. The feeling of opening the gift is really good. LAN cunian is also very moved.

Unexpectedly, big brother bought it for her quietly.

LAN chunian also likes such a day very much. When she is abroad with her eldest brother, she seems to have no obstacles and no worries. However, she can't help but go back home.

In the evening, they had dinner in the hotel. After eating, it was still early. There was a riverside beside the hotel. It was a very good place to walk.

LAN Chu Nian and LAN Qian Hao stroll leisurely in the evening by the river.

Walking along, LAN chunian saw a pair of devoted lovers on the seat beside him. They kissed each other as if they were nobody else. In addition, there were some body movements.

Chapter 974

LAN Chu Nian instinctively hides beside LAN Qian Hao. LAN Qian Hao wrists his eyebrows, reaches for her small waist, and puts his hands on her eyes, as if she is not allowed to see such an inappropriate picture for children.

Blue Chu Nian was so covered by big brother's eyes, and walked all the way to the front part of the road. She reached out to open his big palm, and a pretty face was still looking at the front.

"How can they do that!" LAN chunian thought it was too open.

Blue Qian Hao's eyes fell down on her pretty face. "As long as they like it, we can't control it. If you don't want to see it, close your eyes."

Blue Chu read a sentence, looked up and asked, "what about you, big brother? Do you want to see it? "

"Blue thousand Hao hook up the corner of the mouth," I am a man, what dare not see

LAN Chu read immediately looked at his toes with shame. So, is elder brother very experienced in this field?

"Let's go back!" Blue Qian Hao feels that the wind is a little strong, afraid to blow her cold.

Blue Chu read to nod, at this time, a big palm was very close to the hand, she was stunned, looking at the big palm, her heart inexplicably jumped a little faster.

It seems that her relationship with her elder brother is getting closer and closer.

Does big brother really like her? LAN Chu thought.

Two people all the way back to the hotel room, they live in a suite, with a master bedroom and a guest bedroom, this time, blue Qianhao gave her the master bedroom, and he slept in the guest bedroom.

LAN Qianhao saw her into the main bedroom, and he said in a low voice, "go to bed early, and we'll go to the airport early tomorrow."

"Well! You go to bed earlier, brother. " Blue early read a nod, eyes, but there is a trace of reluctant.

It's still early. She doesn't want to be separated from him so early.

"Big brother, I can't sleep..." LAN Chu had no choice but to say.

LAN Qianhao said to her, "then watch TV on the sofa for a while! I'll be with you. "

"Well! Good! "

LAN Qianhao calls the front desk to send in a fruit plate, and because of this fruit plate, the waiter also brings up two glasses of red wine.

At this moment, in front of us is a big fruit plate, and two glasses of wine filled with fragrance.
"What movie do you want to see?" Asked LAN Qianhao.

"I want to see anime." Said LAN Chu Nian, this is her favorite.

LAN Qianhao searched an English version for her to see. It seemed that Lan Chu Nian didn't dislike it. She was eating fruit while watching, and occasionally inserted a piece of fruit for the man around her.

Although blue Qianhao's eyes are on TV, his heart is not there, but on the women around him.

With her, no matter what he does, he will not feel tired, as long as she is around.

LAN Chu Nian picked up a Hami melon. After she took a bite, suddenly the man around her bent down and took her other half away.

Blue read at the beginning of crystal fork, not from micro eye, "you steal my."

LAN Qianhao chewed and laughed, "who told you not to feed me, but to feed yourself?"

"Blue early read blinked an eye, take off a mouth and come out," you can't eat what I ate, this belongs to indirect kissing

As soon as this sentence was uttered, she blushed first, and blue Qianhao's eyes immediately became dim. He narrowed his eyes and said, "you mean, we kissed indirectly just now?"

Blue Chu read immediately blushed, and she shook her head No! "

LAN Qianhao suddenly wants to ask her what is her feelings for him.

Because he really wanted to know that.

"First read, in your heart, who do you think I am?" Blue Qian Hao asked in a low voice.

Blue Chu read is looking at, cold not Ding hear this sentence, her face a red, "you are my big brother!"

Blue thousand Hao's eye ground delimits a thick loss, he is biting the lip, again force to ask, "if I don't want to be your eldest brother?"

The meaning of this sentence can be heard no matter how stupid LAN Chu read. She bit her lips nervously and said, "then you Who do you want to be! "

She is really ashamed to face such a problem.

LAN Qianhao's heart string is also tense. He feels like a tempting criminal. He doesn't know if he will be disgusted by her if he says this next sentence. But if he doesn't say it, he will feel very sorry.

"What if I want to be your boyfriend?" Blue thousand Hao or suppressed in the bottom of the heart for many years, said in front of her.

Blue early read a pair of clear big eyes immediately gaped a few minutes, in her clean pupil, see, is not frightened, but have a bit at a loss of surprise

"But But Is this OK? " LAN Chu thought after several but she thought, can't you ask this question.

Blue Qian Hao's breath is very fast, and his eyes are full of ecstasy. As long as the girl doesn't reject this, he is very happy. LAN Chu thought of the last time she overheard. She lowered her face and bit her red lips. "Big brother, my parents will not agree with us."

Blue Qian Hao sighed a little, "Mom and Dad, I will deal with it. Now, I just want to know your mind, if If you refuse me, I will move out and never disturb your life again. "

After hearing this, LAN Chu immediately reached for his sleeve and said, "don't Don't you move out. "

LAN Qianhao tries to find out the answer he wants step by step. His heart is surprised and excited, but his face is more profound.

Because this feeling, destined to need courage, need to go through a lot of things, parents, the outside world, there are a lot of influence, he can bear, and she, can accompany him to bear these rumors of harm?

He was too selfish. In the past, he thought that if he got her response, he would be satisfied. But now, if he got her response, he was afraid.

"First time, do you want to be with me?" Blue Qianhao asked in a low voice, which was the most urgent answer he wanted to know.

Although LAN Chu Nian didn't have any mental preparation, she accepted his inquiry, but she followed her inner thoughts and her inner answers were very clear.

"I think I want to be with you. " Blue Chu Nian's eyes were slightly wet. She didn't know when she had changed her feelings for her eldest brother, but she knew that she really didn't want to leave him. She didn't want to leave him for the rest of her life.

Last time, he was so kind to Nie Yinyin. She felt very sad, as if As if she had been abandoned.

Before, I was not sure about her feelings for big brother. Now, she is sure that her feelings for him are really not brother and sister's feelings, but the love she wants to be with him.

Blue Qian Hao's breath smothers, almost without hesitation, takes her into his arms and presses her tightly into his arms. He asks in a hoarse voice, "first thought, you can think about it!"

Blue Chu read nestles in his arms and smiles bravely. "I think so. I want to be with you. I don't want to be separated from you. I don't want to see you treat other girls well."

Blue early read like a jealous little daughter-in-law said.

Blue Qian Hao immediately a consternation, "besides you, who can I still be good to?"

"Last time that Miss Yin, didn't you treat her very well?" LAN Chu Nian did not forget that night, his whole eyes were on her!

Blue thousand Hao can't help but smile, "that's because I'm playing for my parents."

"Because my parents know that you like me, so they drive you out of the house and introduce you to dating and portrait?" Blue early read some quiet asked.

Blue thousand Hao not from a Zheng, did not expect this wench to see anything in the eyes, still thought that she was stupid what do not know!

"On my parents' side, I will explain that no matter what the consequences are, I will bear them alone. At the beginning, I didn't want you to be hurt." Blue Qian Hao said in a low voice, thin lips kissing in her hair.

LAN Chu can't help thinking about the kiss she had in her dream last time. It's so real, just like how she really felt with him.

What does it feel like to kiss? LAN Chu Nian has a bold idea in her heart. She wants to try

She raised her head from his arms, and looked at him with big, watery eyes. There was something astringent in her eyes. Blue Qianhao lowered her head and coagulated into her eyes. She could not help but read the longing in her eyes.

"What do you want to do?" He asked knowingly.

"I think I don't want to do anything! I just want to What's LAN Chu's idea? She wants to kiss?"

However, just when she decided to get up and go back to the room, her arm was pulled by the man, she fell into his arms again, and the kiss was covered.

Chapter 975

This night, almost two people can not sleep, a kiss, let two hearts closely linked.

However, LAN Qianhao will not rush to do anything to her. He will not want to hurt her when he is not really recognized.

A kiss, has let blue Chu read a heart, crazy to jump out of the sky, this is the limit that she just began to accept this feeling.

Early in the morning, the two people rushed to the airport. In the car, the morning sun kissed the clean glass window, kissed their sweet figure, and their hands were tightly held together.

LAN Chu Nian is really nostalgic for everything here. She thinks that everything that happens in this country will become a cherished memory in her life.

On the plane, LAN Qianhao also took care of her. She lost sleep all night last night. LAN Chu was on the plane and slept through it.

When she woke up, the plane had hovered over the city of A. through the thin clouds, the figure of a prosperous metropolis was in sight.

LAN Chu Nian looks at the scenery out of the window vaguely. A heart is wrapped in a layer of chains. When she comes home, she can't have a public relationship with her eldest brother. In this matter, LAN Qianhao will not let her appear, for fear that she will be hurt.

His parents or the outside world, he will deal with it by himself.

Blue house, after several days of separation, blue parents and blue thousand Chen have come to pick up the plane.

LAN Chu Nian was originally led by LAN Qianhao. When she was about to reach the exit passage, she was still a little nervous, because her parents came to pick up the plane.

LAN Chu Nian wears a mask to cover her shy face. She only has clear water eyes and long hair like a shawl.

It looks very lovely and charming.

"Dad, mom." LAN Chu ran over with a small step, and Mrs. LAN reached out and hugged her. "Look at you, run out secretly. Do you want to scare me to death?"

"Mom, I'm fine. Big brother will take care of me." LAN Chu said, turning to look at the man around him, full of trust.

Mrs. Blue's eyes, also some keen in the two people's body, did not let her see what clues.

A group of people went home, and LAN Qianhao needed to go to the company. When he got on the bus, his eyes still fell on LAN chunian. LAN chunian also sat in the car. Through the window, he found that big brother was looking at her, and her heart was filled with sweetness.

This time LAN Qianchen sat beside her. He purposely wanted to separate his parents because he had something to say.

When the car drove away, the figure of LAN Qianchen gathered together some of them. "First time, I explained things on the Internet for you. Don't worry about it."

LAN Chu can't help looking at him in a fog. "What's the matter?"

Blue thousand lips a Zheng, "don't you know you and eldest brother are misunderstood on the network about the relationship between men and women? Big brother didn't tell you! "

After hearing this, LAN Chu blushed with a smile, "what? What's on the Internet? "

With that, LAN Chu Nian quickly picked up his mobile phone and went to brush the news on the Internet. This brush, just a message, made her pretty face change, and the whole person was shocked.

"What's the matter?" Blue thousand Chen looks at her complexion to turn white, he reaches out to pick up her mobile phone to look.

LAN Qianchen is very angry after reading the news. Who talks nonsense and points out that LAN chunian is the baby he raised and the child's daughter-in-law that Lan family raised for LAN Qianhao.

Blue thousand Chen is so angry that a white jade's handsome face is extremely ugly. This matter, even parents let them hide it. Now, it's even seen on the Internet by Chu Nian?

"First read, don't believe these things, you are not picked up, you are the children of parents." Blue thousand Chen some flustered comfort way, for fear that she will really believe the things on the network.

What LAN Chu Nian worries about and fears is not about her identity, but about her and her eldest brother, which quickly spread to the Internet. She also doesn't want to hide so many curses because her eldest brother is with her.

"First read, you believe me, you really are not foster, you do not go to heart." LAN Qianchen said eagerly that he promised his parents that he would never disclose half a sentence of this matter. Now, he is also obliged to maintain the authenticity of this matter.

LAN Chu said with a smile and shook his head, "thank you, elder brother, but I know my life experience. Am I really the one I picked up?"

Now, blue Qianchen's face is a little wonderful. He swallows his saliva. I can't believe that blue chunian has already known his life experience.

"Who Who told you that? " Blue thousand Chen blinks an eye, still worry.

"I didn't know it until I overheard my parents. I didn't get angry and didn't blame any of you. I accepted this matter frankly, so don't worry about it! I'm really not angry. " LAN Chu read a face to explain seriously.

This makes LAN Qianchen cry and laugh. Unexpectedly, he has been lying in front of her for so long.

Well, it's my sister. Otherwise, how could he step down."We're not telling you. We're worried that you won't accept the reality." Blue thousand Chen helpless way.

Blue Chu Nian patted him on the shoulder. "Second brother, don't worry. I'm really OK."

"Let's talk to our parents when we get home." Blue thousand Chen says with a smile.

LAN chunian looks at the rumors on the Internet, and her heart is really not well. Who in the world has let out such vicious rumors to hurt them?

Although she told Zhuang Nuan about her life experience, she believed that Nuan would not do so, so it must be someone with ulterior motives who deliberately disclosed this matter to the media.

LAN chunian is usually good to everyone. Such a vicious back stabbing incident really chills her heart.

When the blue house arrived, blue Qianchen immediately pushed the door to get out of the car first, because he had to tell his parents about it first, so that they would not have to lie again. LAN Chu thought that she knew what elder brother 2 was in a hurry to do, so she carried the box and the driver sent her to the hall.

Blue parents stood by the car, listening to their second son's words, they all looked at each other in shock. Unexpectedly, they had concealed something for 20 years. To this day, they still can't hide it.

"Who told beginner?" Blue mother heart thought, can be the eldest son inadvertently told her?

"Mom and Dad, it's you who are talking about it in the room, so that you can overhear it for the first time." LAN Qianchen explains.

When the blue parents thought of avoiding their daughter, they often talked about this recently, and sighed secretly.

In the hall, Mrs. Blue's eyes are a little red. Let her know the truth of her life experience, she will be a little sad.

Mrs. blue reached out her hand to hold blue Chu Nian's hand and said with red eyes, "Chu Nian, it's mom's fault. Mom should have told you earlier."

LAN Chu Nian's mood is also fragile, and her eyes are filled with tears. "Mom, I don't blame you. I really love you. No matter what you do, it's for me."

"For the first time, no matter who you are, we will treat you as if you have already come out, and treat you equally. You are the child of the blue family." Blue father also gently advised.

LAN Qianchen silently carries her suitcase back to her room. He still wants to avoid this touching scene.

"Dad, mom, can I ask you a question? Where did you pick me up? Why don't my parents want me?" LAN Chu Nian asks what is trapped in her heart.

Blue lady a Zheng, and husband look at each other, blue father nodded, "tell first read it!"

"We raised you in the orphanage. Because I had two sons, my body didn't allow me to have another child. Your father and I wanted a daughter, so we raised you in the orphanage. As for your biological parents, we didn't investigate."

LAN Chu Nian's heart is sad. She was left in the orphanage when she was born. Where are her parents?

"Don't worry, son, you're our daughter. You've been for the rest of your life." Mrs. blue looked at her in tears and reached out to wipe it for her.

Blue Chu Nian bit his lips and nodded, "Hmm! Thank you, mom and dad. I'll be with you all my life. "

LAN's group, LAN Qianhao's assistant took the iPad and knocked on LAN Qianhao's office door.

LAN Qianhao hasn't let him in yet. He has already pushed the door in. "Mr. LAN, take a look at this."

Chapter 976

When LAN Qianhao reached for the iPad, he saw the news, which revealed LAN chunian's life experience and identified her as the child's daughter-in-law raised by LAN Jiajing, which made him extremely angry.

"Who sent it?" Blue Qian Hao's handsome face is gloomy and ugly. The person he wants to protect most is published on the Internet in this way.

"I'll check now and let those people drop the news."

"Find out for me immediately. I have to ask the other party to give me an account of such false news." LAN Qianhao clenched his fist, hoping to beat the person who revealed it.

LAN Qianhao picks up his mobile phone and gets through the number of LAN chunian. Now, LAN chunian has returned to the room.

"Hello! Big brother! " The voice of blue Chu Nian came.

"First time, have a good rest at home, don't surf the Internet." Blue thousand Hao's voice had several anxious.

LAN Chu read it out. She thought, did big brother see the news?

"Big brother, you don't want me to see that news on the Internet! I've seen it. "

LAN Qianhao is upset. How can this matter be stopped.

"If you see it, don't take it to heart. You can't see it." Blue thousand Hao low comforts a way.

"Big brother, I don't think it's possible for the media to find out about this. I think it must be someone who deliberately discredits us." LAN Chu Nian is also very sad. She has no resentment with others. Who wants to hurt her?

"Don't worry, I'll find out." Blue thousand Hao gentle comfort way.

"Big brother, I told my parents that I knew about my life experience. They said that they had taken care of me from the orphanage. I I'm really sad. Why don't they want me? " Blue Chu Nian's mood is fragile today. She loves the world so much. Why don't she be the one who gave birth to her!

Listening to the low sobbing voice from the opposite side, blue Qianhao's heart was pulled into a ball. He thought more about this moment and rushed home to hold her and comfort her.

"First read, don't cry. I will be by your side all my life. I will never leave you behind." Blue Qian Hao's deep and firm falling sound.

At that end, LAN Chu Nian sobbed a little, and then she turned her sadness into a smile! I don't cry. You love me! "

"Wait for me in the evening."

"No Brother, shall we talk first? We are at home. Don't let our parents know that we are together for the moment. I'm afraid that they can't stand it. They are old and can't stand to be scared. " LAN Chu Nian is worried about this.

Blue thousand Hao low smile, "good, I promise you."

LAN Qianhao comforted him again. His assistant came and found out. The first person to send this message was the speech number of a media company. He had already got the number of the company's director.

Blue Qian Hao bit his teeth, reached out and pulled through the number.

"Hello! Hello. " The voice of a middle-aged man answered.

"I'm LAN Qianhao. I'll give you an hour to clarify the rumors about my sister. If I don't do it, I'll show you." Blue Qianhao's voice is full of threats.

The man at that end was stunned. Unexpectedly, he would let LAN Qianhao call in person.

"Er! We can't help it! " After the news goes up, the load transfer is very amazing, and the traffic of their network has also exploded several times.

"Well, tomorrow my law firm will come to you. If I don't tell you that your company is closed, I don't have the surname LAN." Blue thousand Hao's voice is full of his anger.

"Don't, don't, don't Mr. LAN, if you have something to say, I'll do it immediately. Now, I'll send you a message to clarify. It's our fault. It's our fault. Your adult has a large number. "

"Who gave you this false information? Say. " Blue thousand Hao do not let go of the final malicious.

"This I don't know. I got a call from a girl saying that she knew the news of LAN Chu Nian. That's what she told me. Otherwise, how dare I scribble! "

"You must have the number that the girl called in. Send it to my mobile phone within ten minutes. If you dare to send it wrong, I will let you die as well." LAN Qianhao finished and hung up.

How dare this media man offend LAN Qianhao? Ten companies are not enough for him to sue! Moreover, as long as the person who provides the final information does not have to bear any responsibility, he immediately went to look up the number he called last night.

After finding it, he quickly sent it to LAN Qianhao.

LAN Qianhao forwarded the numbers to his assistant and asked him to check the owner of the numbers immediately. He would like to see who framed his favorite people so maliciously.

At the moment, ye Manni is also brushing the disappointment of fans for the first reading of blue with relish! Although some say it's pitiful, but the position of blue chunian in the hearts of fans has slipped in a flash.

Looking at her being scolded, she was cool, because blue Chu Nian also had such a fate!

"If I have Zhuang warm material in my hand, I must disclose it and pull her down so that she can repay what it's like to be scolded by fans." "Isn't Chuang warm also supported by Qiao Muze?" Lindsey said without raising her head as she played the game.

"But at least Zhuang wennuan doesn't have a boyfriend, and Qiao Muze is single, so this news is useless unless there is other news."

Yemeni didn't know her cell phone number either. She was being checked. She also called out last time because of her cell phone number.

So, we found it in one look.

At this moment, LAN Qianhao has obtained all the information of the owner. He didn't expect that ye Manni, a member of the former women's League, would be the one who stabbed LAN chunian behind his back.

Blue Qian Hao clenched his teeth, and he reached out and pulled through Ye Manni's mobile phone.

Yemeni looked at the strange number. She was stunned, but she thought it might be good news and immediately reached for it. "Hello, hello."

"Yemeni, I'm blue Qianhao." LAN Qianhao reports his identity.

"Blue thousand hao?" Ye Manni's face suddenly changed. She was so nervous that she was at a loss. How could it be him?

Linxi is also a face envious of come together, how does blue thousand Hao call ye Manni? "I know it's you who disclosed it to the media in private to damage my sister's reputation. I'm just warning you that if you dare to do it again, I will not let you go. I will reserve the right to sue you this time. Once you dare to hurt my sister again, I will let you go to jail."

Ye Manni even dare not breathe a word more in the atmosphere, listening to LAN Qianhao's words in panic and fear, the other side has hung up.

"What did he say?" Lindsey did not hear, immediately asked curiously.

Ye Manni patted her chest, and her face was colorless with fear. "Damn it, that bastard told LAN Qianhao my phone number. Now, he knows that it's the information I disclosed in secret this time. He also said that he would sue me. If I dare to harm his sister again, I will do it."

Lindsey was also frightened immediately. LAN Qianhao was such a cruel man!

"Now, we've offended even the blue beginner." Ye Manni breathed a breath, really frightened.

When she wanted to hurt someone, she was totally reckless, but when she was really found, she knew she was afraid.

In the afternoon, LAN Qianhao brushed the Internet, and the information has been deleted in all aspects. However, because of the exposure for most of the day, fans are still questioning this matter. In a word, the reputation of LAN chunian has been lost.

Although it's such a verbal warning that it's too cheap for this woman, it's not appropriate to make too much trouble in this matter. Otherwise, in the future, when he and LAN chunian are together, they will be countered.

Blue Qianhao just wants to reduce the damage to blue primary thought to the bottom.

LAN Chu read in the room, also received a phone call from Zhuang Nuan, because she also brushed this message in the afternoon.

LAN cunian believes that it's not her, but that neither of them knows who is so vicious.

"Warm, what are you doing recently?"

"I'm in Puqu. Muzer is on a business trip. It will take me a month to come back. I'm free, so I'm going to make songs by myself."

"You are the best. I believe you will produce the best works. I can't be lazy."

"Well! If we all fall in love with music, don't give up. We will stand on the stage again. " Zhuang warm warm has confidence in this.

"Well! We have time to meet and talk. "

"Good!" Zhuang is also happy.

LAN Chu read and hung up the phone. She looked at the news on the Internet and deleted it. She knew that it was elder brother who made the rumor. Surely he found out the identity of the person who made the rumor?

Chapter 977

When LAN Qianhao returned to the blue house, he was thinking about one thing, whether to Tell ye Manni about her frame up or not. Even if he told her, it would only make her more sad, and she would be stabbed by the so-called good sisters. Everyone would be cold hearted.

LAN Qianhao decides not to tell her about it out of the idea of protecting her. If ye Manni and she dare to do so, he will not let them go.

Blue house, the atmosphere of dinner is a little weird, blue Chu Nian is not as cheerful as before, she ate the meal silently, a small face full of thoughts. "First time, come and eat." Mrs. blue brought her vegetables.

"Thank you mom."

"At first, after a while, I will take you to the playground. We haven't been there for a long time." LAN Qianchen suggested that LAN chunian used to like to go to a place with bright lights and a lot of fun.

Blue Qian Hao holds the chopsticks hand, slightly tight.

Mrs. blue also agreed, "OK, after dinner, let Qianchen take you! It's better to let go. "

LAN Chu wants to see everyone want to make her happy, and she naturally nods with great cooperation, "OK!" Then she looked up at a man across the street. "Brother, are you going too?"

"Then let's go together!" Blue thousand Hao nature wants to go.

Blue parents' eyes can't help sweeping over the faces of their children. At this moment, they are also extremely sensitive not to touch their affairs.

After dinner, three young people drove to a very large amusement park in the center of the city.

Blue Chu Nian wears a mask, a white T with jeans, a pair of canvas shoes, long hair, a plain face, pure and lovely, slim and charming.

Blue Qianchen runs to buy tickets. Blue Qianhao and blue chunian are waiting for him at the entrance. Blue Qianhao's eyes fall on her small face gently and fondly. Some can't help but reach out and touch her head. They rub her long thin hair. Blue chunian bends her red lips, big clear eyes and lovely curls, just like his pet.

Blue Qian Hao's heart was immediately scratched. When he reached out to take her into his arms, he saw his brother coming here with three tickets and three bottles of water. He immediately suppressed this idea, and LAN Chu Nian also looked back, blushed and moved quietly from his side.

LAN Qianhao looks at her carefully keeping a distance from him. He is inexplicably angry and wants to laugh.

"First time, brother, here you are." Blue thousand Chen hand water, but don't know from unconsciously, made a big light bulb.

Blue first read to take over, twist once, found that can not open, soon, a bottle of water twist open to give her, is blue thousand Chen delivered.

"At first, I knew you couldn't turn it off." Blue lips smile brightly.

LAN Chu read, "thank you, second brother."

LAN Qianchen looks at her lovely, reaches out his hand and rubs her head. "My family is really more and more lovely and beautiful at the beginning of my study. I don't know which kid is cheaper in the future. Would you like to introduce one to you by my second brother?"

Blue thousand Chen is playing this kind of joke, that is just as a brother, normal meeting, but, at this moment, standing beside him some man, face a heavy, toward younger brother way, "she will choose by herself."

LAN Chu Nian is also a little nervous. She goes to see the elder brother with a bad face and smiles, "elder brother, I'm still young. I'm not in a hurry to find my boyfriend."

LAN Qianchen thought about it, and pointed to the blue Qianhao beside him. "Big brother hasn't found it yet. We're not in a hurry. Parents urge him first."

Blue Qian Hao patted him, "hurry in."

Blue qianliu hands the ticket in front of her. There are still many people behind her. They are all in line. Blue Qianhao reaches out to hold blue chunian in her arms to protect her from being hit by others.

LAN Qianchen hands over the ticket. Looking back, he sees that Lan Chu is reading by his brother's side. He goes to the front at ease.

Behind him, the corner of the mouth under the mask of blue Chu Nian is bent up, and a pair of beautiful big eyes are bent like last string moon, which looks very happy.

Entering the charming playground, it is still very lively in the night. Under the light, the girls who perform, and the neon color, give people a very shocking fruit.

Blue Chu Nian's mood is really very good. Blue Qianchen knows that blue Chu Nian loves to be a merry go round. He leads the way in front of him, and blue Qianhao leads her all the time behind him.

"First read, look, your favorite merry go round."

Blue early read to see more people, to line up, she is hesitating, blue Qian Hao led her way, "I accompany you to."

Blue thousand Chen also thinks together, blue thousand Hao turns head way, "you are in charge of taking pictures."

LAN Qianchen immediately promised, "OK, give it to me."

Blue junior stands in front of her, and blue Qianhao stands behind her to protect her. At this time, a girl in front doesn't want to line up. There is a rude squeeze. The girl in front of blue junior also bumps into her. Blue junior also backs away, and the slim body is tightly attached to the strong chest of the man.

LAN Chu Nian looks at him with a small head askew. LAN Qianhao protects her with one hand and leans down. Suddenly, under the light, the two faces are close together. They can see each other's faces reflected in their eyes. Blue initial read shy smile, this kind of feeling, good ambiguous, but also a subtle feeling, this is probably the sweetest taste of first love!

Finally, two people on the adult carousel, two people in parallel, Blue first read sitting in front, and blue Qianhao beside her, a casual suit of him, slender and handsome, also accompanied her, playing this naive game.

On the merry go round, although blue Chu Nian was wearing a mask, her long hair was flowing, and her eyes were full of star luster. Under the light, she was very beautiful. LAN Qianchen didn't know anything. He took the most beautiful pictures for them.

After playing for a while, LAN Chu Nian took the second brother's mobile phone and looked at the photos just now. Several of them were very beautiful. The more she looked at them, her pretty face turned red quietly, because in the photos, her and LAN Qian Hao's eyes almost all stared at each other. Even though she looked at each other twice more, she felt that the passion between the two people was full, so she didn't know what the second brother thought.

"Qianchen, you can play whatever you want! I'll be with you for the first time. " LAN Qianhao said to his younger brother.

"Then I'll take a roller coaster to see you." Blue thousand Chen also wants to come to stimulate.

After blue Qianchen left, blue chunian was still watching his figure. Suddenly, an aggressive arm grabbed her and pressed her tightly to his chest. Blue chunian's little face was so buried in his arms.

I feel the hand strength tied around my waist, as if it's inexplicable, which makes him unhappy.

"Big brother, where are we going?" LAN Chu read and asked.

LAN Qianhao does not know how, but there is a kind of inexplicable desire to announce her possessiveness.

"Where do you want to go?"

"Let's go for a walk." LAN Chu said with a smile, she saw a lot of small toy houses just now. She wanted to take some of them home and put them in the room.

LAN Qianhao went with her to pick up a small toy. LAN Chu Nian is still childlike. The whole person is like a little girl. She likes those delicate and lovely little toys. She picked up a pair of earless hair bands and put them on her head. She tilted her head towards the man in front of her, smiled and bent her eyes. "Is it nice?"

Pink and tender rabbit's ears, coupled with her big sparkling eyes, are simply the seduction of red fruits. Blue Qianhao immediately bent down and kissed her on the forehead, "look good, buy it!"

"Well!" Blue first read then decided to buy to wear, but also can send light, a lot of girls, will play.

Blue Chu Nian bought a rabbit ear and held a lovely doll. She was full of girl's heart.

Continue to go to the front, blue Qianhao accompanied her to go, completely ignored the blue Qianchen who went to play roller coaster.

Because of their sweet world, LAN Qianhao wants more possession.

At this time, a carriage drove by, and two very handsome white horses were shaking their sideburns. This was also the charge item, and there were curtains hanging inside, as if the prince and the princess were riding.

The price is still very expensive, blue thousand Hao see she walked some tired, then stopped a car, two people get on the car together.

Blue Chu Nian is also very happy. The curtain around him is enough to make the outside world unable to see the inside picture. Even the coachman leading the horse in front did not notice.

At this moment, through the bustling pedestrians, blue Qianhao's mind became stronger. He reached over the girl around him and lifted her mask.

Blue early read tiny eye, overbearing kiss, fell down.

Her pretty face was reddened, but when the carriage was high, it was covered by a dense curtain. However, she felt extremely ashamed. This exciting feeling made her heart almost jump out.

Chapter 978

However, the enthusiasm of the man made her refuse. She could only accompany him to perform a kiss in the carriage.

The ten minute journey is over in a flash. When LAN Chu Nian got off the bus, his legs were inexplicably soft. LAN Qianhao reached out to a princess and held her down.

LAN cunian feels that elder brother is good or bad, which makes her ashamed to death.

LAN Qianhao's mood tonight is very good. He looks at the little woman who has been hiding from his eyes and walking in front of him. He says in a low voice, "OK, I apologize. I shouldn't kiss you."

After listening, LAN Chu shook his head. "I'm not angry!"

"That's like I kissed you?" Blue thousand Hao evil smile.

Blue early read to bite red lips, small head point, is to admit it!

LAN Qianhao reached out and grabbed her. "Let's go. Let's go home first."

"That second brother..."

"He's such a big man that he can't be lost." LAN Qianhao thinks it's better to cross the two people's world on the way home.

"But Second brother Blue Chu Nian thinks that this is not good!"

LAN Qianhao leads her and has already walked towards the parking lot. So LAN chunian is led to the car by LAN Qianhao. LAN Qianhao takes out his mobile phone and sends a message to LAN Qianchen to take a taxi home. They go first.

On the way back, LAN Qianhao didn't drive very fast either. He listened to the song, blew the evening wind, and took LAN chunian to the river.

Around 9:30, two people came home. LAN Qianchen had already come back. He was nothing. As soon as he got home, he began to sort out the photos he took tonight and send them to LAN chunian.

He took all the pictures on the merry go round. Under the bright light, he was curious to see some of them. Suddenly he had a strange feeling.

Why do big brother and beginner's eyes stare at each other all the time? He turned it down one after another. Eight out of ten were sweet to each other.

LAN Qianchen immediately felt that he had discovered big brother's big secret. He was shocked. Then he thought that tonight he was left by big brother and had not come back with his first thoughts.

Is it true that It can't be true!

Blue thousand Chen feels from this discovery, some surprised him, eldest brother and first read in association?

First reading is not born by parents, and there is no blood barrier with eldest brother. Is eldest brother really pursuing first reading?

LAN Qianchen instantly recalled the pictures of getting along with each other in these tens of days, as if he thought about it carefully. In brother's eyes, he really had a kind of gentle love for the first time.

Do you know that? Does she know that elder brother has an idea about her?

LAN Qianchen suddenly felt that this was a big event in his family. No way. When elder brother comes back, he must ask clearly.

At about ten o'clock, LAN Qianhao took LAN chunian home. When he was traveling in the river, LAN chunian was hungry. They went to have a snack again. The time was late unconsciously.

When LAN Chu read in, she saw her second brother waiting for them on the sofa. She could not help feeling guilty because she left him alone.

"Second brother, I packed the night for you." LAN Chu came in with a smile.

Blue thousand Chen smiled, "good, I am just hungry!"

"Go upstairs and have a rest. Don't stay up late."

"Well, I know." LAN Chu said yes.

LAN Chu read to go upstairs, then, LAN Qianhao also went up, and LAN Qianchen ate the night snack. He ate quickly, and he went upstairs. Instead of going back to his room, he quietly knocked on LAN Qianhao's door.

"Come in." The voice of blue thousand Hao came.

LAN Qianhao also knew that it would not be LAN Chu Nian, because at home, she did not dare to knock on his door so late, it was only his brother.

"Big brother, I haven't slept yet!" Blue thousand Chen asks with a smile.

LAN Qianhao just took a bath and sat on the sofa with a casual T-shirt. Looking at his brother, he picked up his eyebrow and said, "what can I do for you?"

LAN Qianchen is really embarrassed. However, he must make it clear. Of course, he won't blame big brother or stop it. He just wants to make sure that big brother really likes reading for the first time.

If they are together in the future, he is still very happy. He must be a family! "Brother, there's something you can tell me." Blue thousand Chen sits down, a pair of eyes tightly stare at blue thousand Hao.

LAN Qianhao seems to have checked, but he is still calm and right, "ask! What's up? "

"You Do you like our first reading? " Blue thousand Chen lowered his voice to ask, after asking, he felt that it was not enough, and hurriedly added, "I mean not only the love between brothers, but between men and women."

Blue Qian Hao's pupil slightly tightens for a while, along with, he then humorously dissolves this awkwardness, "do I behave so obviously? Why did you find out? "

LAN Qianchen immediately opened the topic and said, "what do you say? Tonight, I'll take photos for you. Ten photos and nine of your eyes are all looking at the first reading. I don't think I can find it. In other words, you really like the first reading! ""Yes, what's the matter? You want to fight me. " Blue thousand Hao raises eyebrow to ask.

LAN Qianchen immediately waved, "what do you want, brother! I think it's true brotherhood. "

LAN Qianhao was relieved, "very well, she may become your sister-in-law in the future."

LAN Qianchen still wants to save face for big brother, but now, it seems that big brother is not shy, he simply said, "big brother, can you not show so clearly, consider the feelings of your parents, and the first time, she knows you like her?"

"She likes me, too." LAN Qianhao said confidently.

Blue thousand Chen suddenly had a feeling of being kept in the dark, he couldn't cry and smile, "good! You're all lying to me. "

"My parents don't know that I like it for the first time, but they know that I like it for the first time." LAN Qianhao looks at his younger brother and looks for help. "Later, you will do more ideological work for my parents."

Blue thousand Chen immediately clapped chest, "this matter, I certainly support you, I will help you unconditionally."

Finish saying, he murmured, "all say rabbit does not eat nest edge grass, big brother, how do you prefer to eat!"

"Blue thousand Hao gas scolds a," know what to call fat water does not flow outside the field? "

Blue thousand Chen helpless way, "good, you are old, say what all right, I went back to the room first."

"Keep it safe for us first. Don't let my parents find out."

"OK, listen to you, it's just that parents need to know sooner or later. At that time, I will be on your side." LAN Qianchen said, thinking that he must keep a distance and relationship with Chu Nian in the future, otherwise, he will be jealous.

It's like touching your head! Take a bite! These intimate things should be corrected as much as possible.

Because now, this sister of his belongs to elder brother's private property.

LAN Qianchen's wise decision not to provoke big brother.

LAN Qianhao also breathed a sigh. Now, the whole family knows about it. Fortunately, my brother is on his side. As long as my parents agree, he can think about his future marriage.

Blue thousand white thin lips curved a smile, he used to, did not dare to expect to go to this step, now, his dream is step by step.

As soon as LAN Chu Nian returned to the room and turned on the computer, the second brother sent all the photos. She chose the best one to look at, made a computer desktop, and changed the screen of her mobile phone. All the photos were of her and the eldest brother. Looking at them, she was very loving.

LAN Chu Nian imagined the kiss on the carriage tonight. After a careful aftertaste, she went into the quilt shamefully.

If only it could be so sweet all the time! But will mom and dad really agree with them?

They are not related by blood, but they grow up with brother and sister. Can they not accept it?

LAN Chu Nian thought to herself, does she want to find her real identity? If she has another identity, is it more reasonable to be with her eldest brother?

In the end, where are her biological parents? Are they still in the world?

Chapter 979

In the private hospital in the early morning, Qiao muzer's legs can be completely landed. He looks as if he has nothing to do with his long clothes.

Behind him, the director of the private hospital stood, and he was urging him, "Mr. Qiao, your legs still need to rest in the hospital, and you can't go out. Are you sure you want to leave the hospital now?"

Qiao Muze has only 20 days to rest and 10 days to leave hospital. However, he finds he can't wait. He can't wait to see Zhuang Nuan, so he decides to leave hospital.

"Get out of the hospital! I'll take all the responsibilities myself, and I won't trouble you! " Joe Munzer said calmly.

The Dean couldn't persuade him, so he said, "OK! This matter is up to you, but after you leave the hospital, you should come here every two days to have a check and stabilize the injury. "

"I understand." Joe Muse nodded.

He took a look at the time of the watch, dialed the bodyguard's phone, "is the car here?"

"Here you are, Mr. Qiao. We'll wait for you downstairs."

"Good! I'll be right down. " Joe muzer stepped out of the door. Under the straight suit pants, he could not see that something had happened to his leg.

He didn't inform Zhuang Nuan in advance. He wanted to surprise her.

At the moment, Zhuang Nuan is sitting in the garden of the villa. She really enjoys such a time. It's quiet, surrounded by birds and flowers, without anyone's interference, making her feel at ease. Now, those two songs have been composed, which is her painstaking work.

In the morning light, on the road, a line of three black cars sped towards this side.

Zhuang wennuan is sitting in the garden. When she hears the sound of a car coming here, her heart beats fast. Now she is most afraid to meet Joe muzer's visitors.

Just like last time, his mother suddenly arrived, she would be at a loss.

Zhuang wennuan stood at one end of the garden nervously and looked at the iron door opening slowly. She couldn't help being surprised, as if it was Qiao muzer's motorcade.

Is he really back? But when he called last night, he said that he was busy there. Why did he come back now?

Zhuang's warm breath was so excited that she hurried from the garden towards the garage. By this time, three black cars had stopped.

The bodyguard got out of the car and opened the back seat of the middle car himself.

Qiao Muze's charming figure steps down. Who is he?

Zhuang wennuan is not sure yet. At this moment, she is finally sure. Her heart is about to burst with surprise.

She ran from the direction of the garden, with long hair swinging. Although she was ashamed to call him in front of outsiders, she still called him clearly.

"Muzer."

Qiaomuze looked at one side of the garden and the girl running towards him. He smiled and finally saw her.

Chuang Nuan came panting, the bodyguards around her were still standing, and she was excited to put her arms around his neck. "You're back, you're back at last."

For more than 20 days, she really miss him and miss him.

Every day I look forward to counting the days when he comes back. Now, he comes back, just like a dream.

"Well! I'm back. " Choumuze reached out and stroked her long hair, answering with a low smile.

The bodyguards also drove out very wisely, leaving them a private space.

Zhuang warm can't help but back down, she looked at the man in front of her eyes, inexplicably think he where good thin some.

"Are you too busy to even have time to eat! You're thin. " Zhuang said directly.

As soon as Qiao Muze's heart warmed, only those who cared about him very much could find such a subtle change. Indeed, this injury made him lose a few Jin of weight.

"Can you see that?" Choumuze gently wrapped her face, "maybe!"

"You can't do that later. Last time your assistant said that your stomach was bad. You had stomach disease. You dare to have three irregular meals like this!" Zhuang warm can't help talking about teaching.

Joe muzer listened and was really moved. Except for his mother, he was the first one to blame him for not eating on time.

He put his hand around her shoulder and took her into his arms. He put his chin against her slender shoulder. "OK, I'll listen to you. I'll eat on time in the future."

Zhuang wennuan listened, and then he chuckled, "OK, then you must remember."

Qiao Muze found that she had recently raised a little more round and fleshy, and had a very good feeling of holding up. It seems that Yang Li really had to take good care of her.

"You must be tired after a long flight. Go in and have a rest." Zhuang Nuan takes his hand.

Jomunze nodded and followed her footsteps into the hall.

Zhuang wennuan doesn't know that he has had an accident this time. She must be very distressed.

Of course, what chomuze didn't plan to let her know, he would keep it from her."Have you had breakfast? Would you like to make something more for you? " Zhuang is worried that he didn't even have breakfast.

"I have. Let's think about lunch!" Said Joe Munzer.

"Good! I asked sister Yang Li to buy some dishes. How about we do it ourselves? My cooking has improved. " Zhuang said confidently.

"Good! I'm looking forward to your lunch. " Qiao Muze hooked his lips and smiled. As long as he was by her side, he seemed to be in a good mood.

During this period, he was in the hospital to recover from his injuries. In addition to the company's affairs, he had no time to check Qiao Huiyang. Next, he would still keep an eye on him.

The accounts of that year were completely made by Zhuang Yanming himself, but nothing can be found out by checking the old accounts. Only by finding the account book of Zhuang Yanming can we know the details of his appropriation.

Now, all the key lies in the account book that has not come to the surface.

Zhuang wennuan brought him a glass of water and washed the fruit. The whole villa was clean and tidy, as if it had been cleaned.

Qiao Muze remembers that he didn't let the servant come in to clean, and the villa is still so clean. She must have done it!

"You cleaned this place?" Qiao Muze looks at her with some heartache. His villa is very big. If she does it, she must be very tired.

Zhuang warm lips a smile, "anyway, I have nothing to do, I clean a little every day, not tired."

Choumuze knew that she was very special. Unlike the women he met, she was not vain and did not worship money. Even when she was on the stage, she was full of energy, but in ordinary life, she was very quiet, gentle and shy.

She is a contradiction, and he loves her all.

"Don't do this next time. If it's dirty, let Yang Li send someone from the housekeeping company." Choumuze's low command.

Zhuang Nuan nodded obediently, "OK, I see."

At this time, Joe muzer's phone rang. He picked it up. It was his mother who called. He got up and said, "I'll take the phone."

Zhuang wennuan said, even if some of his calls are answered behind her back, she also believes him very much, and believes that he is not answering other women's calls.

When he came out of the garden, he answered his mother's phone.

"Hello! Mom. "

"How did you get out of the hospital without permission? Your legs are just getting better. Why are you so naughty? " Mrs. Joe at that end is very angry.

"I'm fine. My legs can walk normally."

That end of Mrs. Joe will not know why he is anxious to leave hospital? Isn't it because there's a villa waiting for him? She really has a feeling that she doesn't know her son.

Why does he care so much about Zhuang Nuan? Moreover, she also knew that the accident of her son was not an accident, but someone was fighting for his life. She thought, it must have something to do with Zhuang Nuan!

Because she was checking his father's death and her son was helping her, Mrs. Qiao didn't agree with them before. Now, she was worried that her son would be involved.

However, her son just got hurt a little bit. She won't drive Zhuang wennuan away for the time being. However, if she agrees to let Zhuang wennuan come to Qiao's house as a daughter-in-law, she will not.

At least for now, she is a person who accompanies her son and makes his life less lonely.

"You have to be careful. Don't take your leg for granted. You have to know that nothing can happen to your leg."

"Well, I know, mom, don't worry, I'll pay attention to it myself." Qiao Muze said with a smile.

Chapter 980

He didn't want his parents to worry too much. He knew his legs.

After hanging up his mother's phone, Qiao Muze sighed a little. He called Yang Li and asked her to go to the supermarket to buy some vegetables.

He really doesn't want to go out now. He just wants to spend time with Zhuang Nuan in the villa and live their two person world.

When Yang Li arrived at eleven o'clock, Zhuang wennuan went into the kitchen and was busy. He was all thin. She wanted to make up for him.

Besides, she has confidence in her cooking now, so she doesn't need him to do it.

Joe muzer can rest on the sofa, but he doesn't want to. He wants to be with her all the time. He'd better hold her all the time. What she does, he'll ring her waist behind him and watch her do it.

Zhuang warm behind, this is close to a man, very tight. "Well, will you go out first? There's lampblack. " Zhuang wennuan looks back and pushes him with a smile.

"Don't go out, I want to be with you. Do you know how much I miss you these days?" Chomuze is unreasonable.

Of course, Zhuang wennuan knows, because she also miss him very much. The two people's thoughts are mutual.

Zhuang warm had to let him so sticky, and, the man was fascinated, but also from time to time to sneak a kiss, let her pretty face red.

"Do you miss me?" Chamuzer began to explore her mind.

"Yes!" Zhuang Nuan is telling the truth.

"How much do you think."

"I really want to." Said Zhuang warmly.

"What do you think of me?" Joe Munzer can not help but greedy want more.

"Well! Just miss you! " Zhuang wennuan smiled back.

"Just miss me? Don't you want my kiss? My people? My body! " Some men are not happy to ask.

Zhuang's thought is not so complicated! Hearing this, she immediately turned around with shame. "I didn't think so much."

After hearing this, Qiao Muze could not help but feel a little annoyed. In fact, her thought was different from his.

He was thinking about how to hold her, kiss her, and even think about many things in the middle of the night.

And she, just want him so simple!

Qiao Muze suddenly stroked her long hair and gave her a punitive kiss on the neck.

Zhuang wennuan immediately dodged sensitively and pushed him again, "you hurry to get out! Otherwise, there won't be a meal at two o'clock. "

Qiao Muze was pushed out by her, so he had to come out, but his slender body was leaning on the door, and a pair of deep eyes were also turning on her.

In the past, he thought it was so simple to want a woman. Now, he has a woman he likes, only to find that desire can be restrained.

For her, he is willing to endure and wait, and he will not force her to do anything she does not want.

Zhuang wennuan fried three dishes and one soup on the table, which is also the taste of home-made dishes. Qiao Muze is much better than the nutritious meal in the hospital.

"Sure enough, cooking has improved a lot!" Joe Muse praised.

"That's right. I've been watching food making videos every day recently, and I've learned a lot."
Zhuang warm smile.

Qiao Muze flashed a smile at the bottom of his eyes. If he loves a person, he is willing to make changes for him and try to make compensation.

All these prove that this woman loves him.

After dinner, Qiao is not tired. Two people are sitting on the sofa. Zhuang warms up and holds two cups of tea.

It's time for Joe to ask her about her father's books.

"Warm, is there a secret place between you and your father that no one else knows?" Asked Joe muzer.

"What secret place?" Zhuang wennuan is confused instead.

"I'm thinking that your father was threatened by that man to make false accounts. After that, your father regretted it again. I'm sure that he would only make that man so afraid if he kept one hand. I believe that your father must have evidence to find out the murderer."

Zhuang warms a pair of eyes, also flustered blinks, father's evidence, if at home, she must have looked for, but also did not find.

"Warm, don't worry, you can slowly recall some things with your father, we are not in a hurry."
Jomunze didn't want her to have a headache.

Zhuang warm warm at the moment, really can not find any clear direction for a while, she and her father get along with a lot of time, her father's every word, she has in mind.

Now, she really can't catch the point.

Qiao Muze looked at her holding her fist and tapping her head. He comforted her immediately.
"Well, if you can't think about it, don't think about it. I just want you to remember it slowly."

Zhuang wennuan is also very frustrated. "I'm sorry, I really can't think of it for the moment, but I will try my best to think about it."

"It doesn't matter. We still have time." Qiao Muze reached over and gently took her into his arms.

Joe muzer has determined that the murderer is Uncle Joe Huiyang. Now, as long as the evidence can make him pay the price, restore the truth of that year. Zhuang Nuan nodded. She wanted to find out the murderer more than anyone else. However, her father had too many memories. She needed time to deal with them.

"When I have two days off, I will accompany you to some places you and your father will often go for a walk. We will slowly remember." Qiao Muze consoled.

"Well, good." Zhuang warm nodded.

Choumuze sighed and kissed her hair.

LAN Zhai and LAN chunian are also worried about something recently, because there is something pressing on her mind.

Although everyone in the blue family loves her, there is a regret in her heart. She really wants to know that her parents are still alive.

She wanted to know the mystery of her life experience, but she didn't know how to tell her parents about it.

Because she was worried that it would hurt them.

But the more blue Chu Nian is like this, her mood has been very low. In these two days, blue Qianhao looks at her at home, which is also very painful.

He understood what she wanted to do.

Dinner table.

In the face of her favorite dishes, LAN Chu Nian seems to have lost her appetite. She can't even eat the rice after several times.

"Mom and Dad, I've decided to check my first experience." Blue thousand Hao's voice suddenly firm sounded.

LAN Chu read immediately raised his head in surprise and looked at the big brother opposite. He wanted to check her life experience?

The parents of the blue family knew what kind of attention he was paying. It seems that the mind of the eldest son can't be eliminated.

"First reading, do you want to know your true identity?" Mrs. Blue's eyes turned to her.

Blue Chu read to bite red lip, she lightly nodded, "I quite think."

The blue couple looked at each other and smiled, "OK, let your elder brother check it! I think you are in a bad mood recently. You are depressed. Maybe you are thinking about it! Don't worry, we support you to find your own parents. "

After listening, LAN Chu looked at them excitedly. "Thank you, mom and dad. I love you."

"At the beginning, no matter what, we are always one family. You have to believe that." Said the blue father.

LAN chunian nodded with emotion! Thank you, Dad. I know

LAN Qianhao looked at her happy appearance, and he also relaxed for a while. Even he heard his parents' tolerance for him, as if his parents had not interfered with his ideas.

His life experience of checking LAN Chu Nian is to have a more honest reason to marry her in the future?

"Elder brother, where I can help you, I will help you." Blue thousand Chen also says.

"Good!" Blue Qian Hao nodded, reached for the dish to the bowl that blue read at the beginning, "the mood is not depressed, eat more."

LAN Chu nodded shyly with a pretty face

Now, the parents of the blue family have seen a little sign. The feeling of the first reading and the eldest son seems to be really a pair of children. Even the intimacy of the youngest son, Blue first reading, has been restrained.

This time, they were really surprised and happy. Unexpectedly, Chu Nian didn't care about this level of identity, and even liked his eldest son.

This really makes them not know whether to be happy or worried. How to explain this to the outside world in the future?

But at present, they don't want to stop it. Let's find the new parents first!

In blue Chu Nian's heart, he was naturally grateful to elder brother, because she was embarrassed to open her mouth, so he did it.

With such a heart, how can she not be moved?

Blue thousand Hao's eyes, pass over, in the eyes there is a kind of let her stable breath, her heart is more warm.
